MARSHALL BUYS HANDSOME HOME ON UNION AVENUE

Russel Property Purchased
By City Commissioner For
Approximately \$50,000;
Deal Consummated Tuesday

Purchase of the Russell home and property on Union Avenue by Dr. C. J. Marshall was announced Wednesday following the completion of negotiations which have been under way for the past 10 days. Final papers, it is understood, have passed and the new owner comes into possession of what is declared to be the finest residence in Sanford.

While Dr. Marshall did not divulge the consideration paid for the property, it is said to be between \$45,000 and \$50,000. The transfer included in addition to the home, approximately five acres of land and a two story stucco boat house on Lake Monroe.

The purchase of this valuable property by Dr. Marshall is regarded in local real estate circles as one of the most important realty deals which has been consummated in this city for some time and its transfer, it is said, is expected to mark the beginning of a new development of this section of Sanford.

While there have been rumors current for several days that the property had been sold, the final consummation did not take place until Tuesday, it was learned from Dr. Marshall, who, in commenting upon the transaction, did not give out his plans for the property but said the occasion to register his faith in the future of this city and to boost the construction of the new bulkhead on Lake Monroe.

"I am especially anxious to see the bulkhead work proceed without any further delay, because I believe it will have more to do with future growth of Sanford than any other project which the citizens of Sanford can do at this time," he declared.

Even though his new property has considerable fringe on the lake which will mean that a considerable sum will have to be spent in paying for the bulkheading of the land, Dr. Marshall feels that the increased value of the property following completion of that work will warrant the expenditure of this money.

An urgent appeal for the hearty co-operation of Sanford citizens for the speedy prosecution of this work was made by Dr. Marshall who declared that no obstacles should be placed in the way by the owners of lakefront property. He pointed out that the bulkheading of property had meant to St. Petersburg, Tampa and other cities of the state and declared that it is now time that Sanford should take the same progressive step.

Belief that there will be considerable development in the eastern part of the city within the next few months was expressed by Dr. Marshall and he pointed out that his belief had been expressed very strongly in his purchase of the Russell property.

Representative Wefald, former labor member from Minnesota, and assistant secretary Henning of the Labor Department, likewise paid their respects at the bier.

Bingham, Lieut.-Governor And Also Governor-Elect of Connecticut, Chosen Senator

RAILROAD TICKET AGENT ABSCONDS; ACCOUNTS SHORT

J. G. Burrows, Local Agent,
Departs Without Giving
Notice; Was to Have Been
Relieved Monday Morning

NEW HAVEN, Dec. 17.—Hiram Bingham, long professor of Yale, now Lieutenant Governor, Governor-elect and United States Senator elect. He was chosen Tuesday to succeed the late Senator Frank B. Brandegee by more than 40,000 over Hamilton Holt, Democrat. After being inaugurated on Jan. 7, Bingham will resign as Governor and go to Washington to take the oath as Senator.

HARTFORD, Conn., Dec. 16.—When the Republican and Democratic state conventions nominated Col. Hiram Bingham and Hamilton Holt on Nov. 25 as candidates for the United States senate to fill the vacancy caused by the death of Senator Frank B. Brandegee, an unprecedented situation was created in Connecticut. Col. Bingham, recently resigned as a professor of history in Yale University, is lieutenant governor and governor elect and, in event of election Dec. 16 will be in addition senator-elect. The problem then will be: Would he resign as lieutenant governor and not appear Jan. 7 to take the oath of office as governor and immediately resign to go to Washington to be sworn in as senator? Col. Bingham has said only that he is preparing for his inauguration as governor.

The succession in office should Col. Bingham resign after becoming governor, the general assembly be organized for the 1925 session and the lieutenant governor, the lieutenant governor, and the president pro-tempore of the senate will be acting lieutenant-governor.

Hamilton Holt, who was given the Democratic nomination because no other Democrat cared to contest for the place, was formerly editor of The Independent, and had been a summer resident of Woodstock, Connecticut. Last summer he qualified as an elector in that town. He sought the nomination despite unequalled pluralities of Republican candidates for national and state offices at the election earlier in the month, figures which made party leaders unsuccessful in their search for a viable campaigner to make the run against the republican candidate. Mr. Holt has been an advocate of the League of Nations, and the principles and policies of the late President Wilson. In his address accepting the nomination, Mr. Holt said he entered the campaign without a pledge to any man and he was ready "to unite with good men and women of whatever creed or party to bring about the greatest good of the greatest number."

The nomination of Mr. Bingham was preceded by a contest between the Republican organization under State Chairman J. Henry Roraback, and factions which advocated promotion of either Congressman John G. Tilson of the Connecticut third district, who has served 16 years, and Congressman Schuyler Merritt of the fourth district, who went to the House in 1917.

In the September convention which nominated Mr. Bingham for governor many of those who later opposed him for the senatorial nomination were then opposed to him, and centered on another candidate. This contest, however, did not go upon the floor as, rather than jeopardize the state in its endorsement of the national party ticket, objection to Col. Bingham was not expressed in a ballot and he was nominated for governor and subsequently elected.

Considerable Damage Done By Forest Fires West Of Sanford In Past Week

That there has been considerable damage done during the past few days in this county by forest fires, started presumably by hunters, is the assertion of L. P. Hagan of this city, who telephoned The Sanford Herald Wednesday that the most damage has been done west of this city in the vicinity of Paola.

Mr. Hagan declared that the fires have gained such headway because of the dry condition of the woods and the damage has been so great that there have been many complaints made by residents of this part of the county. A warning to hunters to be more careful in throwing away matches and leaving campfires, was made by Mr. Hagan who said that the situation might become alarming if the fires are not checked at once.

"There are many people in the woods at this time of the year since the hunting season opened and some have thoughtlessly thrown away matches that were still burning and have failed to put out camp fires and in other ways have been careless with the use of matches," said Mr. Hagan, but he expressed the hope that in the future, parties going on camping and hunting expeditions, would be more careful in order to avert the spread of fires.

EFFORT FAILS TO GET VOTE ON POSTAL BILL

Those Seeking to Override

Ashurst Asks For
Immediate Decision

Result of Skirmish Is That
Postal Pay Situation Is
Practically at Standstill

WASHINGTON, Dec. 17.—Another unsuccessful attempt was made in the senate Tuesday to bring a vote upon president Coolidge's veto of the postal salary increase bill. Those desiring to override the veto succeeded by a vote of 51 to 43 in getting the issue before the senate, but the parliamentary situation prevented a decision and the bill went back to its place on the calendar.

The move for immediate consideration of the veto was made by Senator Ashurst, Democrat, Arizona, during the opening hour after Chairman Sterling of the postoffice committee had introduced a bill proposing increased postal rates in railroad and express mail.

The Arizona senator objected to the second reading of the Sterling bill, thus preventing the measure being referred to a committee.

As a result of Tuesday's skirmish the postal pay situation is practically at a standstill. Senator Ashurst said that the bill cannot be referred to a committee for action until routine legislative business again is in order. Likewise, the vetoed measure cannot be called up in the face of unanimous consent agreements giving right of way to the Muscle Shoals bill and then to the Isle of Pines treaty, until the same opportunity is afforded.

Representative Stevenson, Democrat, South Carolina, took up discussion of the postal salaries bill in the house and declared the measure was "being chloroformed by load-increased rates." He said it had been estimated that a \$67,000,000 surplus would occur in the treasury this year, and that the proposed increase in salaries would amount to only \$60,000,000.

Thirteen Republican senators voted Tuesday with 21 Democrats and 10 from Mason City to 20 above in Davenport and Keokuk. There is a light fall of snow and sleet in general over the state.

Norris Calls Shoals Bill Of Underwood 'Rape Of Treasury'

Says Bill Would Make
Teapot Dome Look as
Pinhead and Doheny
and Sinclair Pickers

Smith Amendment
Is Given Defeat

Bill Weathers Deter-
mined Effort to Cut
Private Operations

WASHINGTON, Dec. 17.—Asserting the Underwood Muscle Shoals bill would make a teapot dome look like a pinhead and Doheny and Sinclair look like pickers, Chairman Norris of the Senate Agricultural Committee told the senate today enactment of the legislation would later become known as "the rape of treasury."

Underwood Muscle Shoals bill Tuesday hurled the most formidable obstacle that yet has been placed in its path when it weathered a determined attempt to eliminate its private operation feature and limit it to government operation.

The amendment of Senator Smith, democrat, South Carolina, which would have struck out all leasing provisions of the bill was defeated by vote of 49 to 32. Senator Underwood said he regarded the vote as assuring final passage of his bill, which he predicted would be disposed of before Christmas.

The vote was split widely, more Republicans than Democrats voting to sustain the Alabama senator's bill, 34 Republicans and 15 Democrats voted against the amendment and eight Republicans, 21 Democrats, one Farmer-Labor member and two insurgents voted for it.

Again Answers Attack
Senator Underwood today again took notice of the Washington Herald editorial attacking his bill by charging on the senate floor that the editorial had been influenced by the fertilizer interests.

Declaring he had found proof of his statement that a lobby had influenced the editorial, he read a bulletin, which he said had been issued by the National Fertilizer Association with offices in Washington. The organization he asserted, was referred to by farmers as the "fertilizer trust."

The bulletin said the Underwood bill was as objectionable as the Ford proposal, and as quoted by Senator Underwood, added that the writer has interviewed many senators during the last week and had been assured that they would carry the opposition to the last ditch.

The bulletin, the senator continued suggested that people in the South wire their senators to vote against the bill. He asserted the bulletin referred to the Underwood bill, as the "power companies' bill."

"You will see," he remarked, "where the motive for the editorial came from."

The sub-committee of the senate judiciary committee appointed to investigate the editorial will hold its first meeting Thursday. The sub-committee is composed of Senators Spencer, Missouri, chairman; Sterling, South Dakota; Butler, Massachusetts, Republican; Overman, North Carolina; Caraway, Arkansas, Democrat.

Opponents Haven't Let Up
Opponents of the Underwood bill demonstrated Tuesday that they had not let up in their fight against the measure. Immediately after the vote on the amendment, a vote on the bill was called but Senator Norris, Republican, Nebraska, author of the government ownership bill, for which the Underwood measure is a substitute was on his feet at once with an objection. Discussion then turned to an amendment of Senator Walsh, Democrat, Montana, to incorporate parts of the federal water power act in the bill for regulation of power rates.

Senate leaders plan to make up effort to bring a final vote on the Underwood bill tomorrow. If they fail they expect to hold night sessions and use every force at their command to check what they have described as filibustering tactics.

SETTLEMENT OF DIFFERENCES BETWEEN JOHNSON AND LANDIS MAY BE REACHED AT MEETING

Gathering of Sixteen Owners Expected to Bring Out Settlement of Quarrel Between Two Club Officials

No Appearance Of Approaching Storm

Both Men Decline to Make Statements on Eve Meeting To Be Held in Chicago

CHICAGO, Dec. 17.—Settlement of all grievances existing between Kenesaw M. Landis, baseball commissioner and President of the American League, is expected to be reached when the 16 club owners of the American and National League reconvene here Wednesday in a joint session postponed in New York a week ago.

Prior to the opening of this meeting, Col. Jacobs Ruppert of the New York Americans, E. S. Barnard, president of the Cleveland club, and President Thomas Shippe of the Philadelphia Athletics constituting the American League race committee, will extend the five branch to Commissioner Landis at his office in an attempt to reach a reconciliation between him and the American League executive. After this meeting the club owners will go into session probably by afternoon to transact the business confronting them at their biennial New York session.

If there is a baseball storm brewing there was no indication at headquarters of the American League, at Commissioner Landis' office. Commissioner Landis is not expected to say as to what may happen at Wednesday's meeting. He said the session had been called for 11 o'clock and apparently seemed desirous to let it start.

President Johnson, returning on a visit to St. Louis, said he had no statement to make. He assured interviewers, however, that he would be present at the meeting, the first over which Commissioner Landis had presided since their break in relations. Intimations that Commissioner Landis might resign if Johnson remains as president of the American League was discounted in baseball circles Tuesday night. Every word of the statement was made that the principal business before the meeting will be to bring Johnson and Landis together and urge more cooperation between Johnson, Landis and President John Heydler of the National League, composing a baseball advisory council.

The claim was made in some quarters that Commissioner Landis had not taken Presidents Johnson and Heydler into his confidence as much as certain club owners had wished. These owners led to cynicism. Commissioner Landis said that he should consult with other members of the advisory council before deciding important matters, particularly those affecting major leagues.

The resolution adopted at the meeting at New York upholding Landis' administration and giving him a vote of confidence will be sent at tomorrow's session. Whatever action the Commissioner takes on these resolutions is up only to himself, but the records he is expected to make to sixteen club owners probably will be worth hearing, his admirers say.

Whenever Major League club owners gather, trade talk prevails, so far the only deal on the tapis is the one involving Urban Shocker, veteran St. Louis American League pitcher, whose services are sought by the Yankees. The White Sox are understood to be bidding for Shocker.

Plans Made Form State Athletic Body At Orlando Friday

The Orange County Athletic Association, with headquarters at Orlando, will be hosts to representatives of the A. A. U. clubs when they gather on Friday Dec. 19, 4:30 o'clock at the Anselmi Hotel, for the organization of the Florida Association of the Amateur Athletic Union of the United States.

Invitations have been extended to all amateur athletic clubs of the state, provided they are interested in affiliating with the Florida Association of the A. A. U. L. De Benedetto, chairman of the reorganizing committee of the national body, will arrive on Friday afternoon from New Orleans and will preside at the meeting. W. E. Flowers, vice-president of the Southeastern Association, A. A. U. will also play a prominent part in the forming of the new organization.

One of the interesting features in connection with the forming of the new state amateur athletic body is that Florida will be honored by being permitted to conduct the National Indoor Swimming Championship for Women. These will take place at St. Augustine under the auspices of the World's Women Swimming Championships, about 15 strong, will come to St. Augustine in February and after taking part in the Championships will journey to Winter Park, Tampa, Ormond and Miami and take part in meets.

OLYMPIC WINNERS RETIRE

LONDON, Dec. 17.—H. M. Abrahams and Eric Liddell, the winners of the 100 metres and 400 metres races at the Olympic Games in Paris this year, have definitely retired from the track, according to authoritative sporting sources.

Abrahams' work at the bar prevents him from doing the necessary training for sprint work and Liddell has decided to go out to China next spring to teach in a missionary school, it is said.

New Cross State Highway Will Be Opened Thursday

HOLLYWOOD-BY-THE-SEA, Fla., Dec. 17.—Opening of the new highway west of Okeechobee, connecting northern and western Florida with southern Florida and saving much mileage in motor transportation, will formally take place Thursday, with an automobile caravan which runs from West Palm Beach over the Connors Highway to Okeechobee. From this place, it will go west over a new road of 17 miles, which was built by J. W. Young of Hollywood, and W. J. Connors, thence north to Haines City which is the connecting point from all cities west and north. The caravan will go westward to Tampa, thence over the Gandy bridge to St. Petersburg.

The formal opening will see many of Florida's leaders participating in the celebration, including representatives of the state road department, and county officials from territory affected by the new roads.

Because of washouts west of Okeechobee and the Kissimmee river a stretch of 17 miles of road needed to be built to connect the highways of the north and the west with those of the south, Mr. Young with the consent of the state officials, advanced the necessary money, upwards of \$30,000 to build this highway. He also furnished 20 trucks and 60 men with a chief engineer to construct the highway.

The automobile track will be of the bowl type, similar to those at Indianapolis and Charlotte.
