

**NEW GENERAL MANAGER** of Seminole County Motors is Ben Howland, a veteran of auto sales management in the southeast United States. The Decatur, Ala. native was district manager of South Florida for the Dodge Division for the past two years prior to which he was regional truck manager for Chrysler for a year. Howland was Dodge district manager for southern Alabama for two years and truck sales manager of Jacksonville's Massey Motors for five years. Howland plans to move with his family to Pinecrest's 123 Coleman Circle tomorrow. He graduated from the University of Alabama in 1948 with a degree in business administration. The new manager was in the Army Engineers in Alaska from 1942-45.

**Kel's Manager Attends Banquet**

Harold Scott, manager of the Kel's 5-10-25c Store here, attended a five-year anniversary banquet in Daytona Beach last week. Along with other Kel's managers and the directors, Scott toured the new 17,000 sq. ft. Kel's store which opened in Holly Hill this month. Following the new store inspection, the officers of Kel's were hosts to their managers and directors at a dinner that evening. Kyle E. Lockeby Jr., president of Kel's, spoke to the management on the rapid growth of their company in the five years of operation. "Twelve variety stores and a chain of toy and hobby stores, Toy King, was just the physical growth of the company," Lockeby said. "A successful stock issue this year has added nearly 1000 investors to the Kel's family; this, too, is a sign of expansion."

**Instruction Classes Set By Episcopal Church**

The Rev. John W. Thomas, rector at Holy Cross Episcopal Church has announced instruction classes in the teachings and practices of the Church to start Thursday evening, November 19 at 8 p. m. These classes will be conducted by Father Thomas and will continue each Thursday evening until Easter. The public is invited to attend and no obligation is required. Those desiring to be confirmed and enter into membership in the Church should attend these classes, in addition to those already confirmed who desire a refresher course. Designed to answer basic questions about the Christian Faith the evening will be informal, and freedom of expression will be welcomed. Classes will last a minimum of an hour and a half. A Coffee Hour will also be held in conjunction with the instruction period. For children desiring confirmation, instruction classes will be conducted by Father Thomas on Friday afternoons at 4:15. Any baptized child in the fifth grade or above is invited to attend. These classes will be held in the Parish House. Adult leaders of the parish under the direction of the rector will instruct the classes in certain phases of parish life and responsibility.

**Girl Scout Troop Is Re-Activated**

Pinecrest's Girl Scout Troop 296 has been re-activated under the leadership of Mrs. Irene Smith and Mrs. Oma Lee McAdell.

The troop of 16 girls took a bicycle trip Saturday as part of their "fun in the out of doors" theme being used to gain proficiency badges. The 11 and 12-year olds meet at Mrs. Smith's 2639 S. Laurel Ave. home.

# Police Confiscate Million Dollar Weapons Shipment

CLEVELAND, Ohio (UPI) — Treasury Department agents today investigated a million-dollar shipment of arms and ammunition which police intercepted during a truck weight check Monday.

The load contained U. S. and foreign made machine guns, rifles, bayonets, pistols, ammunition, cartridge belts and rifle slings, telescope sights for rifles and other miscellaneous arms.

The driver of the truck, Donald E. Maboe, 45, Sparks, N. J., was held for further questioning. He carried no bill of lading and the truck was lone overweight.

## Casselberry City Election Dec. 7 For Mayor, Council

Casselberry city elections will be held Dec. 7 when Mayor William M. Benson, Councilman Ray McCord, Town Clerk Mrs. Lillian Velez and Marshal Gus Sawyer will vote for re-election. Lydia E. Swope, 230 S. Triplet Dr., will run for the council post being vacated by Edward C. Heinsohn, whose term is about to expire.

Mayor Benson was appointed mayor Oct. 31 when former mayor Donald Wilson became active postmaster of the town postoffice. McCord is manager of Laag Hardware Store. Swope has been sales manager for a paper board firm. Sawyer was recently appointed town marshal, to succeed Nash Kennedy who died in office. These candidates are supported by the Casselberry Non-Partisan Republican Club for their experience, ability, and unquestioned loyalty to the program of making Casselberry a better place in which to live," club president Roy V. Potteiger said yesterday.

The Non-Partisan Republican Club will meet at the Casselberry Women's Club Dec. 3 "where a full discussion will be had of what has been accomplished the past year as well as what can be accomplished this coming year," Potteiger said.

## Castro Rounding Up Conspirators

HAVANA (UPI) — The government has arrested more than 300 anti-Castro conspirators in five of Cuba's six provinces. Informed sources said today further arrests are expected.

Most of the counter-revolutionaries were rounded up in Las Villas and Pinar del Rio but arrests also were reported in Camaguey, Havana and Oriente. A number of clandestine radio transmitters were seized.

Officials said many of the plotters were followers of deposed Dictator Fulgencio Batista and members of a vast underground masterminded by Cuban exiles in Miami, but operating as individuals rather than as one organized force.

## Gatchel Plans No Change In Office

David Gatchel, new clerk of the Circuit Court reported today that he plans no change in personnel in the clerk's office and plans to name a deputy clerk as "soon as I get my feet on the ground."

Gatchel was appointed Saturday by Gov. LeRoy Collins to complete the term of retiring Clerk O. P. Herndon.

## Drainage Group, Board Plan Meet

A new five-man drainage committee will meet with the county commission next Tuesday in the first step toward eliminating drainage problems in the county.

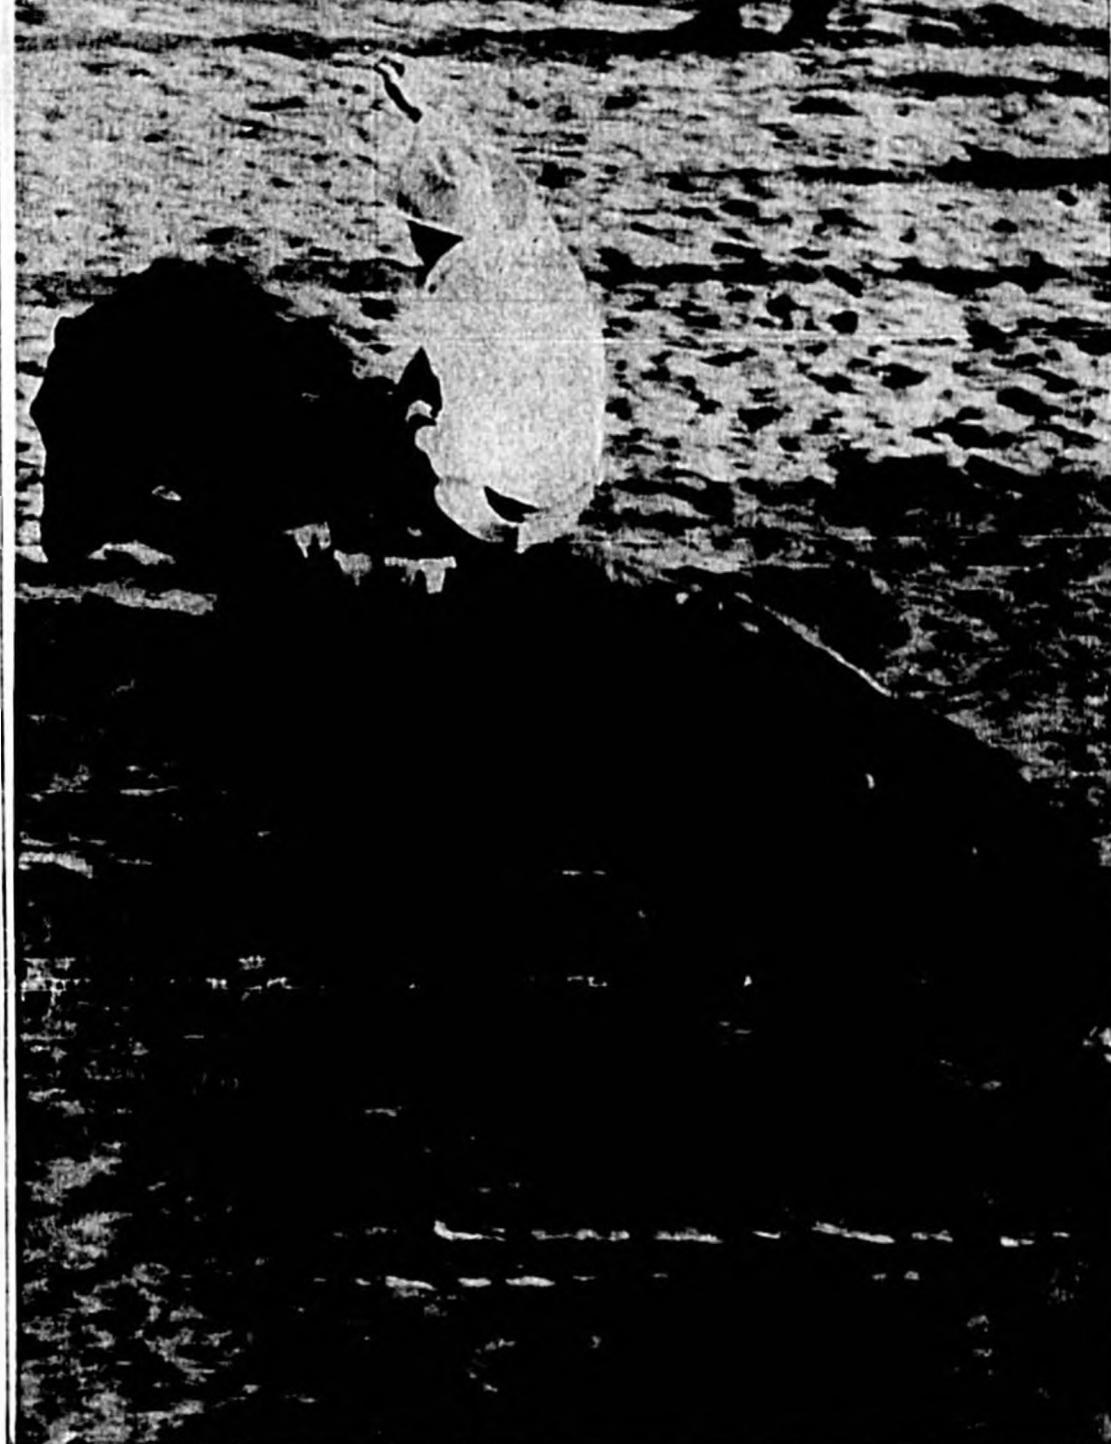

## Altamonte Springs Tax Bills Mailed

Altamonte Springs has 800 citizens being taxed for the \$12,309.42 which makes up the 1959-60 tax revenue from real property, Town Clerk Henry Hansen said today. Citizens have until April 1 to pay the bills which were recently put in the mail. After April 1, town taxpayers must pay a penalty of 2 per cent of their taxes.

## Blood Needed

An urgent call was placed today for donation of 20 pints of blood needed by Mrs. Pauline Tosten, who is ill at the hospital.

Arrangements for donors to give blood can be made by contacting the blood bank at the hospital.

Greased Lightning

It is hard to handle, as every good cowpoke knows, and this one at the Dusty Boots Riding Club rodeo was no exception. This entry in the bronc busting event is shown catapulting from the entry chute and heading for someplace besides under the rider. The bronc succeeded after a short haul. (Staff Photo)

## Monitors Speed Hoffa Ouster Efforts

WASHINGTON (UPI) — Court-appointed monitors voted today to speed efforts to force the ouster of Teamsters' President James R. Hoffa and his cronies from union office.

Monitor Chairman Martin F. O'Donoghue made the pledge following a Supreme Court ruling which permits enforcement of his anti-corruption drive within the giant truck union.

Hoffa also faced possible trouble on another front. Labor Secretary James P. Mitchell said Monday night he had asked the Justice Department to check whether the Teamsters were fully obeying the labor reform law's ban on executives holding union office.

Mitchell said Hoffa had advised him that only "a few Teamster officers" were forced to resign because of the ban. The secretary added, "The Justice Department has been asked to look into the accuracy of this report."

## Judge Complains Of Jury Chairs

Circuit Court Judge Volie Williams today urged the board of county commissioners to do something about the uncomfortable chairs in the courtroom.

Monday to interfere with lower court decisions upholding the cleanup directives issued by the Teamster monitors. It was a major setback for Hoffa and some of his top lieutenants who have been tagged for removal by the watchdog group.

## Longwood Paving Loan Is Sought

The paving of Longwood's Wildmere Ave. is just about finished from E. Lake Ave. to the town limits, the town clerk, Mrs. Onnie R. Rockett, said today.

Longwood's council is negotiating a \$70,000 loan to extend other community streets and to extend the town water lines, Mrs. Rockett said. The loan being negotiated will pave three miles of road. Tentatively scheduled for hard surfacing are Wilma Ave. from Molnar to Church St., Grant St. and Palmetto Ave.

## Fire Prevention Movie To Be Shown

A special movie on fire prevention will be shown at 8 p. m. Thursday at the Lake Mary Volunteer fire house.

# The Sanford Herald

WEATHER: Partly cloudy with chance of scattered showers tonight and tomorrow. Turning colder tonight. High today, 76-80. Low tonight 60-68. VOL. XLIX United Press Lensed Wire Established 1908 TUESDAY, NOVEMBER 17, 1959 SANFORD FLORIDA NO. 565

## Sub-Zero Weather Heading East

By United Press International A sub-zero cold wave, worst of the season, headed toward the Gulf states and the East today, shattering Weather Bureau records that had stood since the turn of the century.

The frigid arctic blasts drove the temperature down to zero or below in the storm-ridden northern Rockies and across the country's midsection.

The searing cold was felt as far south as Texas, Louisiana and Mississippi. The sub-zero readings left a trail of death in the northern tier of states.

A 70-year-old man was found frozen to death on the sidewalk in front of his Butte, Mont., home. At Hazen, N. D., an 80-year-old man was found frozen in a kneeling position outside his home.

A Montana State College student was reported missing three days in the snow-covered Rockies. Rescuers also sought to reach 30 hunters stranded at a ranger station near Augusta, Mont. However, the hunters were not reported in any immediate danger.

Montana, battered by two blizzards within a week, was given some respite today with early morning temperature readings as much as 45 degrees warmer than Monday.

Montana was still the coldest spot in the nation. The mercury dipped to 14 below at Drummond and seven below at Helena.

The bitter cold wave caused a state of emergency in Worthington, Minn., when an explosion at the city power plant cut all electricity to the community of 10,000.

At least 2,500 homes were left without heat when the power failure knocked out electrically-operated gas and oil furnaces. Public buildings using steam heat were opened to the residents.

Temperatures are expected to dip to below 50 degrees in Minnesota County tonight and remain cold through Wednesday. No frost dangers are forecast.

A cold front crept into Florida today behind a blanket of low clouds and drizzling rains.

In advance of the front, winds of 20 to 35 miles an hour whipped both coasts. Small craft warnings were posted on the Gulf coast north of Punta Gorda and north of Ponce De Leon inlet, near St. Augustine, to Cape Hatteras on the Atlantic coast.

The cold front was expected to cover north and central Florida this afternoon and most of the remainder of the state by Wednesday morning.

The federal-state frost warning service here forecast low temperatures of 31-34 degrees in the north portion of the Suwannee district Wednesday morning and 34-40 degrees in the remainder of northern districts.

## News Briefs

**Ike, Space Boss Talk**  
AUGUSTA, Ga. (UPI)—President Eisenhower conferred for an hour today with the government's space boss, Dr. T. Keith Glennan, on the federal space program and how much to spend next year in reaching for the moon.

**FSU To Hear Atlee**  
TALLAHASSEE (UPI)—Former British Prime Minister Clement Attlee will lecture at Florida State University Nov. 23. Attlee, prime minister from 1945 to 1951, will deliver the third lecture in the university lecture series this year.

**Rockefeller Stalls**  
NEW YORK (UPI)—Gov. Nelson A. Rockefeller said Monday night he plans another speaking tour before he decides whether to officially throw his hat in the ring for the Republican presidential nomination. Rockefeller, fresh from a swing through the West, reiterated that it would be January before he would answer his decision.

**Panama Watched**  
WASHINGTON (UPI)—The United States moved today to head off a new outbreak of anti-American violence in Panama by offering to send a top diplomat there to solve "misunderstanding." Secretary of State Herter called Panamanian Ambassador Ricardo M. Arias to his office late Monday for a 40-minute discussion of threats of new violence in the Central American country.

**Tariff Cuts Urged**  
PARIS (UPI)—President Charles DeGaulle's Fifth Republic took the lead Monday in a plan to pull down all tariff walls within a vast new European trading area in 1965. France took the lead in a series of moves designed to speed up the economic integration of the six members of the European Common Market—France, West Germany, Italy, Belgium, Holland and Luxembourg.

**Assessment Rolls Open For Questions**  
Property owners turned out in "light" numbers yesterday as the tax assessor's office opened up the assessment rolls for the current fiscal year.

Assessor Richard "McCanna said only a few owners turned out Monday and "hardly any complaints were received."

The assessment rolls will be open to the public until Nov. 30 when the board of equalization meets.

McCanna today urged all residents who are unable to visit the assessor's office to call or write in their queries.

McCanna reported two additional workers have been employed for the two week period.

## Altamonte Caucus Slated Monday

An Altamonte Springs nominating caucus will be held Monday to nominate candidates for the town's Dec. 8 elections. Nominations will be for a mayor and two councilmen. Terms of office are expiring for Mayor Lawrence Swoford and councilmen Bill York and Homer Sewell. Newcomers to Altamonte Springs must register by Dec. 2 to vote in the elections, said Town Clerk Henry Hansen.

## Bids Are Awarded

The Board of county commissioners today awarded low bids to two companies to supply them with asphalt and limerock for the coming year.

The Quality Lime Co. of Ocala was awarded the bid for 25,000 tons of limerock and the Maryann Co. of Tampa was awarded the low bid to supply the county with 100,000 gallons of asphalt. Cost of the limerock is estimated at \$1.10 per ton. Cost of the asphalt is .1202 per gallon.

## Federal Inquiry Is Opened In Crash That Killed 42

NEW ORLEANS (UPI) — A four-day federal investigation opened today into the mysterious crash of a National Air Lines plane in the Gulf of Mexico.

The bodies of nine of the 42 victims of the tragedy were brought ashore along with pieces of wreckage from the four-engine DC7B airliner.

Investigators hoped to find the reason why the giant plane, in apparently perfect flying condition, plunged out of the sky early Monday into the gulf.

Bad weather continued to plague the search for additional bodies and other portions of the stricken plane. The Coast Guard reported a "considerable concentration" of debris south and east of the crash site, about 120 miles south-south-east of New Orleans.

Winds of 35 miles an hour lashed the Gulf and made further search operations impossible early today. A Coast Guard amphibian plane went to the area but was forced back by the high winds and heavy seas. The boat that brought in the bodies returned to join the two cutters at the scene. They reported no more bodies had drifted to the surface.

The sighting of the telltale oil slick and tiny bits of wreckage floating in the sea Monday cancelled all hope that anyone had survived.

"We saw no sign of life," said T. L. Boyd, director of NAL flight operations, who flew aboard the search plane which first sighted the spot where the airliner went down.

"We saw small pieces of debris. We couldn't determine what they were," Capt. Robert Knox was the first to sight the mile-long oil slick.

"The wreckage was in small pieces," Knox said. "There was no fuselage—nothing even looked like an airplane."

"We couldn't see any survivors or bodies," he added.

## Extra Shopping

Downtown Sanford merchants have agreed to keep their stores open until 8 p.m. every Friday night throughout the Christmas shopping season.

E. C. Harper Jr., a leader in the move to keep the stores open, said today that all the merchants agreed to the proposal "for the convenience of Sanford shoppers."

## Better South Seminole Phone Service Delayed

An official of the Winter Park Telephone Company reported today that improved telephone service for South Seminole County telephone users will be delayed and may be "thrown out the window" because of a recent zoning board ruling.

M. L. Barre, assistant to the president of the telephone company, told the county commissioners that the zoning board turned down a proposal to build a new equipment building at Altamonte Springs to add in the service of 3,000 telephone company customers.

The zoning board turned down the request after a petition by a group of Negro citizens in the area claimed that the proposed building would hurt their residential property by adding a commercial structure there, Barre said.

"We need a building very badly in that area," Barre said, and "telephone users will suffer if we don't get it."

Barre said work on the proposed building was to have started in March and be completed by late fall. "Now that is all out the window," Barre said.

FINGERPRINTING TECHNIQUE was demonstrated by FBI Special Agent Dulany Dupuy yesterday to Sanford police Chief Roy Williams, left, and Sheriff J. L. Hobby. Defensive tactics, preserving evidence and lessons in revolver shooting are among the subjects being taught Sanford police and sheriff's deputies in the FBI school in session here this week. (Staff Photo)

# Government Undecided About New Sales Tax

WASHINGTON (UPI) — Congress got conflicting advice today as to whether the federal government should rely more heavily on excise taxes to meet its money needs.

The House Ways & Means Committee, in the second day of a five-week inquiry into ways of making income taxes more fair, called for testimony on the relative role of the excise levy from a panel of experts.

The question of broadening personal excise taxes — even to the sales tax — popped up in advance papers submitted to the tax-writing committee by several of today's scheduled witnesses.

William Fellner of Yale University suggested that income tax be revised with a 15 per cent, across-the-board cut in rates, coupled with a \$100 increase in personal exemptions. Together, these would reduce federal revenue nine billion dollars a year.

Fellner proposed offsetting this with a retail excise tax of 5 per cent, applied to about 40 per cent of national consumption.

He concluded his suggestions with "reasonable compromise."

John F. Due, a University of Illinois economics professor, said in his paper, however, that a federal sales tax would hit hardest at lowest income levels — elderly widowed couples — as well as

cause businesses "considerable nuisance and expense."

Gerhard Colm, chief economist of the National Planning Association, said a federal sales tax not only would boost costs of tax administration but invade a field that has largely become that of the states.

More reliance on excise taxes instead of on income taxes was advocated by Ralph Robey, economic adviser of the National Association of Manufacturers, which

has called for "compression" of the spread between percentage tax rates between low and high income brackets.

Robey said present excise taxes are "discriminatory and inequitable" because they apply to some products and services but not others. He pushed for a "uniform" excise tax, denying that this — amounting to a federal sales tax — would place a burden on any particular economic group as opposed to another.

## How Humiliating

LONDON (UPI) — Sir Thomas Moore is leading a campaign in Parliament to restore flogging as a punishment in crimes of violence. He thinks young thugs can stand anything but humiliation.

"Forcing them to lose face among their fellows is the worst fate they can suffer," he said today. "And the cane or the birch is the most humiliating of punishment."

Ever since flogging was abandoned a decade ago Sir Thomas has been arguing for its return. For years his was a lonely voice but as juvenile delinquency and crimes of violence increased he found many supporters.

And today his mail, he said, is heavily in favor of his suggestion that the cane and birch be restored, but not the cat o' nine tails.

## Actors Prove First Rate In Adoption Of Classic

BY FRED DANES

NEW YORK (UPI) — "A Doll's House," Henrik Ibsen's classic, came out as a split level model Saturday night in NBC-TV's 90-minute Hallmark Hall of Fame production. The 81-year-old play, regarded as the grand-daddy of all modern soap opera, examines the role of women in society and illuminates the problem through a series of quick-opening, quick-shutting decisions and deeds. The TV production couldn't avoid using up about half of its allotted TV time setting the stage or getting the set into the "Yuletide fire."

But on the acting level, it was more interesting. Christopher Plummer, as Torvald Helmer, a self-centered, stern unfeeling husband; Hume Cronyn as a pitiful, desperate would-be blackmailer; Eileen Heckart as a perceptive widow; and Jason Robards Jr., as Helmer's old friend, unraveled their characterizations impressively although Robards had the least work to do. Now we come to Julie Harris and her portrayal of Nora Helmer, ebullient and bird-brained at the start of the play; decisive, determined, awakened — all without psychiatric aid — at the final curtain.

She bubbled and babbled about too compulsively at first and when trouble in the form of Hume Cronyn — came along, she resorted to hackneyed hand-writing exercises to demonstrate her torment but after dealing with Cronyn, Miss Harris finally assumed command, roared into a magnificent final scene of farewell to hubby and her three children. She made the flash of insight completely believable. I also want to single out Miss Heckart for — especially brilliant scene with Cronyn.

George Schaller's direction was excellent. Jan Scott's set registered beautifully in color, along with Noel Taylor's costumes. The TV adaptation by James Costigan remained faithful to the spirit of

the old master and the "little sparrow," Nora Helmer.

**DIALING AND FILING:** The Jack Benny show had good reason to pull out a repeat of an old James Stewart anniversary dinner sketch on CBS-TV Sunday night: It's still a very funny piece.

Julie London, who recently announced she was giving up pre-recorded singing on TV, was still at it on Dinah Shore's NBC-TV show.

Art Carney did a fair job as the stage manager in NBC-TV's "Our Town" special Friday, although he was over-studied at times. The real-good acting job was turned in by Kathleen Widows as Emily Webb.

The Channel Swim: A new format is being worked out for Cliff Arquette's Wednesday night half-hour on ABC-TV, currently based on the "Hobby Lobby" feature. Starting Nov. 25, when the new format debuts, the program will be called "The Charley Weaver Show."

Robert Preston is being sought to star next year with the Bill and Core Baird puppets in a 30-minute NBC-TV special based on "Gulliver's Travels." Gore Vidal's new play, "The Indestructible Mr. Gore," is set for NBC-TV's Sunday Showcase on Dec. 13, with Nancy Marchand, Henderson Forsythe and Tim O'Connor in the cast. The play is based on the career of Vidal's grandfather, the late U. S. Senator Thomas Gore of Oklahoma. Jerome Robbins' "Ballets U. S. A." presents its highly-acclaimed production of "N. Y. Export: Opus Jazz" on CBS-TV's Ed Sullivan Show Sunday, Nov. 29.

"The Future Lies Ahead," a Mort Sahl special that was once rumored to have been pigeon-holed, has won a new lease on life. It's now set for Friday, Jan. 22 on NBC-TV, with Eddie Adler and Frankie Vaughan added to the cast.

# Government Takes Over Casselberry Post Office

The Casselberry Post Office, previously operated by Elbard Casselberry has recently become government property because of the large increase in mail volume and is now looking for a full-time postmaster.

Applicants for the postmaster's job must file applications by Dec. 8 to be eligible for the job, temporary postmaster Donald Willson said yesterday.

Applicants must show that their experience and training have enabled them to maintain simple accounts and have taught them postal procedures, that they "are recognized by the community as persons who can meet and deal with the public agreeably and effectively, and that they are accepted by the community as reliable citizens of good standing."

A written exam will test applicants "on general abilities, such as reading comprehension and vocabulary." The second part includes questions "on post office business management and arithmetic." Application statements and Civil Service commission evidence help rate competitors who pass the exam.

Applicants must have lived for one year within Casselberry or

within the area served by the postoffice.

Honorable discharge from the Armed Forces will give preference benefits on the exam. Application forms may be obtained at the post office.

## Scouts Planning Clothing Drive

Members of Boy Scout Troop 242 will be collecting used clothing and toys within the week which they will present to Seminole Indian children when they visit the Brighton Reservation, December 19-20.

Articles in good repair will be requested and donors may take credit to the scout list in Lake Mary or contact any member for pick-ups. The collection must be completed by Monday, December 14.

The boys will pitch tents for an overnight camp on the Reservation Church Assembly grounds adjoining the Big Cypress Reservation in the heart of Big Cypress Swamp in the Everglades.

The Rev. Leader is minister of Brighton and Rev. Henry Cypress, minister of Big Cypress.

Scouts will cook their meals in the "Chickadee" tents of the reservation park and will take part in a guided tour and explanation of Indian folklore, living customs and historical relics.

## Boy Scout Night

Boy Scout Night will be held at the Methodist Men's Club at 7 p. m. Thursday. A special scout program conducted by W. W. Tyne, scoutmaster, will highlight the meeting.

PINECREST BAPTIST CHURCH dedicated a new 13,000 square foot educational building Sunday with a special program. Taking part were the pastor, the Rev. Donald Gravenmier, shown speaking, and seated from left, Coleman Barnwell, special music chairman; Art Harris, representing the contractor for the building, Odham & Tudor; Harold Sherwood, chairman of the building committee, and John Kader, chairman of the deacons. (Staff Photo)

### Legal Notice

**ADVERTISEMENT FOR BIDS**  
The Board of Public Instruction for Seminole County, Florida, will receive bids for the furnishing of all labor, materials, equipment and services required for the construction of 1959 Additions to the Orange White School, Seminole County, Florida and 1959 Additions to the Orange Negro Elementary School, Seminole County, Florida; consisting of two (2) classrooms, two (2) administrative suites, ten (10) classrooms, one (1) library, twelve (12) restrooms, and some renovation work to existing buildings, until 8:00 p. m., December 17, 1959, at the School Administration Building, Commercial Avenue, Sanford, Florida, at which time and place the bids will be publicly opened and read aloud.

The contract documents are in two separate sets, one for each of the above referenced projects. Drawings and specifications may be obtained for BOTH PROJECTS by depositing \$100.00 with the Architect, John A. Burton VI, Corner First Street and Melbourne Avenue, Sanford, Florida, for the first set of documents obtained. Each deposit will be refunded in full to each person who returns the documents in good condition in ten days after the bid opening; with exception as noted below. Additional sets may be obtained at the cost of \$10.00 for the two projects, which is half refundable. General Contractors securing documents and not submitting proposals shall be refunded one-half the deposit upon return of documents in good condition.

A certified check or bank draft payable to the Board of Public Instruction for Seminole County, Florida, U. S. Government Bonds, or a satisfactory bid bond executed by the bidder and acceptable sureties in an amount equal to five per cent of the bid shall be submitted with each bid.

The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Specifications must be paid on these projects.

The Board of Public Instruction for Seminole County, Florida, reserves the right to reject any and all bids or to waive any informality in the bidding. No bid shall be withdrawn for a period of fifteen (15) days subsequent to the opening of bids without the consent of the Board.

**JOHN L. BRUMLEY**  
Chairman, Board of Public Instruction for Seminole County, Florida

**E. W. MILWAU**  
Seminole County Superintendent of Public Instruction and Ex-Officio Secretary to the Board of Public Instruction.  
Publish Nov. 17, 1959.

# As Southern as Grits

No institution is more deeply rooted in the South than our Company. Since our founding 73 years ago, we have concentrated on serving the South, and only the South, with dependable petroleum and allied products.

Our officers, directors and all members of our organization are Southerners. Two-thirds of the Company's dividends are paid to more than 14,000 of its stockholders living in the five Southern states we serve. Our profits are reinvested where we make them—in the South.

We like to believe that the continued sales leadership of our products is due to two things: 1) their dependable quality; and 2) the fact that we are Southerners who think Southern, act Southern and inherently observe the customs and courtesies which Southerners appreciate. We're proud to be "As Southern as grits."

# CPO Club Presents Fashions

Final preparations are being made for the fashion extravaganza sponsored by the C. P. O. Club, Thursday at 8 p. m. in the N. A. S. ballroom.

All navy personnel and their guests are invited to attend. Price of admission is 50 cts. and tickets may be purchased at the door or in advance from any C. P. O. member.

Twelve door prizes will be awarded and refreshments and entertainment will be provided. Costas will present all types of women's fashions, plus some male.

MRS. CHARLES STONE will model this three piece forest green Cupouni suit. It features a box jacket and blouse with a printed scarf effect neckline.

THIS BROWN CHECK suit by Ronald Roberts will be modeled by Mrs. Charles Golloher. This casual suit has a fitted jacket and slim skirt that will go anywhere.

## Clothes To Be Sent To Korea By Circle

Mrs. A. B. Lovejoy was hostess to the Elsie Knight circle at her home 905 S. Park Ave. Seventeen members attended the regular monthly meeting.

Mrs. F. L. Dampier presented an interesting program about Korea with members assisting. Mrs. Henry Hutchinson, chairman, reported on clothing to be sent to Korea. Each member contributed to this project.

Mrs. V. C. Messenger announced that the mission study would be held at her home this week. Mrs. Videll Jones will be hostess to the next meeting on Dec. 14. Refreshments of fruit cake and coffee were served by the hostess, assisted by Mrs. Dampier and Mrs. Moreland.

## Kindergarten, Nursery Children Tour Dairy And Sanford Zoo

The roar of the lions at the Sanford Zoo had plenty of competition Friday, when the youngsters of the Sanford Nursery School three and four year old classes visited the zoo.

A month's study about animals at the school was completed by the trip and the children were given an opportunity to shout the names of the animals and birds they recognized.

Accompanying them were Mrs. Joe Leeds and Mrs. J. P. Wilson, teachers and Mrs. J. J. Siczkowski, school director.

Children of the kindergarten department, also had a nice outing recently, when they were entertained with a tour of the T. G. Lee Dairy in Orlando.

They were shown how the milk cartons are made and the process of pasteurization and placing the milk in cartons to be sent to stores and homes.

Refreshments and chocolate milk were served to the group, followed by a film showing, entitled, "The New Story of Milk". Accompanying this group were Mrs. William Rogers, Mrs. Byron Fox, Mrs. Charles Jenkins, Mrs. Michael Tolle, Mrs. Cecil Jones, Mrs. Barbara Drayton, Mrs. F. Dampier, Asst. teacher and Mrs. Siczkowski.

## Linen Shower Honors Bride

Mrs. R. W. Williams and her four young daughters entertained with a linen shower for Miss Deanna McManus, bride-elect at their home 1920 Park Ave.

## Golf Assn. To Meet

The Sanford Women's Golf Assn. will meet tomorrow at 11:30 a. m. for the monthly business meeting, followed by a luncheon at noon. A tournament will also be held during the day.

## VAH-11 Wives Approve Bylaws

By-laws were read and approved for the VAH-11 Navy Wives Club at the November meeting of the group.

Members voted to hold a Christmas social hour at the next meeting, scheduled for Dec. 3. Each one attending is requested to bring a wrapped gift, not to exceed \$1. for a gift drawing. Hostesses for the day will be Janice Lewis, Ruth Dillahunty, Fay Ford and Sam French.

New officers for the next month will also be elected at the December meeting. A Christmas party for the children is planned for early December. Mrs. Dorothy Holbrook was welcomed as a new member and Mrs. Gordon Robertson was a guest.

Others attending were: Misses Helen Gerbis, Polly Snelde, Verna Bolton, Julia Girtler, Ann Siczkowski, Sue French, Janice Lewis, Doris Miller, Camille Rogers, Viola Rye, Mary Shanks, Ruth Dillahunty, Fay Ford and Daphne Beauchamp.

## Castle Class Plans Party

The Castle Bible Class of First Methodist Church met at the home of Mr. and Mrs. Ted Williams, Saturday night for the monthly get-together.

The president, R. L. McKnight, presided at the business session, when tentative plans were made for the annual Christmas party in December.

Refreshments were served by the host and hostess, followed by a fellowship hour.

## Garden Circles

**MAGNOLIA CIRCLE**  
The Magnolia Circle of the garden club decided at the November meeting to sell caladiums as a project. The group met at the home of Mrs. H. H. Sherwood, with Mrs. C. R. Schell serving as co-hostess.

Mrs. James Messler, chairman, announced that a card party would be held in January. A gift was given to the Sanford therapy project and it was decided to exchange gifts at the December meeting.

Mrs. Helen Winkvist, spoke to the members about begonias, and gave some interesting information. She said begonias should never be wet, never dry, but constantly moist and that they like filtered light.

She showed specimens of several kinds of begonia leaves, including the Rex, some cane and fibrous varieties and the well known "Limp" Florens.

**ROSE CIRCLE**  
Thirteen members of the Rose Circle met Friday the 13th at Ferrell's Shack in Winter Park for a tour of the begonia houses. A short business meeting was held and the group adjourned to Morrison's for lunch.

It was announced that a meeting on Junior gardening would be held at the Home Demonstration Center on 25th St., Nov. 19, from 9:30 to 11:30 a. m.

**HIBISCUS CIRCLE**  
Mrs. J. V. Jones, Mrs. R. L. Dann and Mrs. R. G. Brisson were hostess to the Hibiscus Circle at the Jones home, 327 W. 9th St.

Mrs. H. C. Moreland, presented a program on fall planting. She stressed the use of slow acting fertilizers. Mrs. Byron Fo gave a talk on Christmas decorations and how to make them.

Mrs. V. E. Brewster was introduced as a new member.

**DIRT GARDENERS CIRCLE**  
The Dirt Gardeners Circle met at the home of Mrs. Fred Ganas on Golden Lake for the November business and program. Mrs. Ganas gave a talk and demonstration on flower arrangements. She suggested that you take the

leaves of poinsettias before cutting the blooms and sealing the stems. She also suggested that to prevent darkening of magnolia leaves, they should be placed in anti-freeze for two or even three weeks.

The formula for making grapes is: mix 1 cup of powdered starch with 1/2 cup of salt and a scant 1/2 cup of water. Roll into balls and place them somewhere to dry. Use melted crayons to dip the balls in for coloring.

Co-hostesses with Mrs. Ganas were Mrs. Irving Fleischer, Mrs. Charles Weaver, Mrs. Myron Smith and Mrs. E. D. Rinehart.

**Insecticide Danger**  
ST. PAUL (UPI)—There is no such thing as a non-poisonous insecticide, says the Minnesota State Medical Association.

All insecticides contain poison or else they would not kill bugs. Not all insecticides are fatal to humans, but they can cause discomfort if eaten or if they get into the eyes, nose or throat.

The Association suggests treating all insecticides as if they are deadly poisons; taking care not to use kitchen utensils to mix or store them, keeping them from children and washing fruits and vegetables which have been sprayed.

An idea for an appetizer, salad, or dessert is Melon Fruit Basket. Choose a watermelon to fit a round or oval basket or tray. Halve the melon and cut the edges in notched fashion. Then fill the shell with a rainbow of summer fruits — watermelon balls, honeydew and cantaloupe balls. Garnish with a handful of red raspberries and a bit of leafy grapevine.

## Mimosa Circle Hears Camellia Program

Gen. Harry P. Newton of DeBary was guest speaker at the meeting of the Mimosa Circle at the home of Mrs. W. S. Willis Friday at 11:30 a. m. Mrs. W. R. Moye co-hosted.

"Camellias" was the subject of Gen. Newton's talk followed by the showing of colored slides of different classes and varieties. The three classes are Japonica, Sasanqua and Reticulata. Camellias like acid soil 4.5-6 pH and cool nights during the blooming season, the speaker said. Spray twice a year.

The Sasanqua produce more seeds than the other two classes. It is best to transplant during December and January. Mulching is very important. Gen. Newton has found that mulching with wood shavings is most satisfactory. A question and answer period followed the showing of the colored slides.

Sixteen ribbons were won by Mrs. Peck, Mrs. Lederhaus, Mrs. Rice and Miss Henninger at the Flower Show.

Chairman of Garden Therapy and Junior Garden Clubs will meet Nov. 19 at 9:30 a. m. at the Home Demonstration Center.

Members voted to donate money for the Slat House at the Ralston Prison. Mrs. H. Thurston and Mrs. Roy Partin were welcomed as new members and Mrs. Margaret Herr, of Ohio, was a visitor.

## Church Calendar

**TUESDAY**  
Ware Bible Class meets in McKinley Hall 7 p. m.

**WEDNESDAY**  
First Methodist Church prayer group meets in Daughters of Wesley S. S. room, 9:30 a. m. Choir rehearsals 3:30 to 7:45 p. m. Final session of Church-wide school of missions 7:30 p. m. Mrs. Roy Tillis, chairman, film showing entitled, "Medical Missions".

Young Adult S. S. Class of First Christian Church will hold a social at the home of Mr. and Mrs. P. P. Drophuck, 2004 Holly Ave., 7 p. m.

Pinecrest Baptist Church S. S. officers and teachers supper meeting 6:30 p. m. R. A.'s meeting, 7 p. m. Prayer Meeting 8 p. m. Church executive meeting 9 p. m.

BOARD OF EQUALIZATION,  
SEMINOLE COUNTY, FLORIDA

NOTICE IS HEREBY GIVEN that the Board of County Commissioners in Seminole County, Florida will meet as a Board of Equalization with the tax assessor in compliance with Section 193.25 and 200.10 of the Florida Statutes at 10:00 A. M., November 30, 1959, in the regular meeting room of the County Commission, Court House, Sanford, Florida, for the purpose of hearing complaints and receiving testimony as to the value of any property, real or personal, as fixed by the County Tax Assessor, of perfecting, reviewing and equalizing the assessment, and may continue in session for that purpose from day to day for one week, or as long as shall be necessary.

FURTHER, the assessment records will be available for inspection by property owners beginning November 16, 1959, and continuing until the Board of County Commissioners meet for the purpose of equalization on November 30, 1959.

John Krider, Chairman  
Board of County Commissioners  
of Seminole County, Florida

## Saturday Night Parties

The cocktail hour was shown by Cdr. Dick Mann, Cdr. Jack Cousins and Lt. Dr. W. Chevalier, Saturday for entertaining their friends at the BOQ at the Naval Air Station.

The party was given in celebration of their recent promotions. More than 100 persons called during the evening.

Refreshments of punch, cold cuts and an assortment of party foods were served.

Mrs. Stephen Gerber and son, Don Gerber were host and hostess at a cocktail-buffet party at their home on Magnolia Ave. Saturday night also. Guests enjoyed a smorgasbord, including Caviar filled canapes, ham, turkey and a large array of other tasty party food.

## Personals

By IDA MAY BRADSHAW

Houseguests of Mr. and Mrs. E. O. Fawcett at their home on Lake Emma are Mr. and Mrs. Clyde K. Fluke of Harrisburg, Pa. They are former residents of Lake Mary.

Circle 2, United Presbyterian Women, of the Lake Mary Community Presbyterian Church will meet at the home of Mrs. Joe Smathers tonight at 8:00 p. m., with Mrs. R. E. Beabe serving as hostess.

Visitors in town Friday, were Mr. and Mrs. N. W. Benson who formerly operated the Lake Mary Amoco Station. Mr. and Mrs. Bennett are now living near Orange City.

Mr. and Mrs. Lewis Humphrey honored their 40th wedding anniversary on her eleventh birthday Saturday afternoon, with a party. Several of their friends spent a very enjoyable afternoon of fun and filled themselves with refreshments.

Weekend guests of the D. C. Scott family were Mr. and Mrs. Scott's sister and family Mr. and Mrs. E. Lika and children of Melbourne. While here they helped Mr. Joseph Bamberger, who is the father of Mrs. Scott and Mrs. Lika celebrate his 71st birthday.

It was erroneously stated in this column last week that Mr. and Mrs. J. B. Chapman purchased the Clarence Collins home on Crystal Lake. The Chapmans are renting the home.

## Hard Work Pays Off At Rodeo

Renewed activity by the Dusty Boots Riding Club is giving Seminole County an attraction that promises to grow into a block buster.

The energetic club members staged a rodeo Sunday which drew contestants from all over the country. It also attracted a large number of spectators.

Just as important is the fact that the event was planned right here at home by the Dusty Boots members and staged in a professional manner.

The club has had its operations interrupted and has had other difficulties, but it just keeps on being determined to revive interest in fine horses and good sport. The fact that, for the second time this year, the Dusty Booters and their guests performed before large, enthusiastic crowds indicates that the county might wind up on the rodeo circuit one of these days.

Whether this happens or not, these hard-working people must be cheered for providing another worthwhile activity here.

## 'EIGHTY DAYS'

## Assignment Washington

By ED KOTERBA

ANTARCTICA — The Russian scientists on the other side of the South Pole from us said they've recorded a new world's record for cold weather — 130 degrees below zero.

It may be a coincidence, but the announcement was made here not long after our 17 men wintering over at the Pole came up with a new record themselves—114.1 below zero.

The weather, however, is warming up in these parts now. At McMurdo Sound, 649 miles from the Pole in the direction of New Zealand, the mercury got up to zero the other day. If a heat wave comes, as is likely within the next two months, the temperature at McMurdo may get up to freezing.

Our scientists don't question the validity of the Soviet's claim inasmuch as the Reds, who have four stations here (the nearest to one of ours is 1,000 miles), recorded the temperatures at their Vostok station where the elevation is 6,000 feet higher than it is at the Pole.

Vostok is also one of the farthest points from Antarctica's coast lines, where temperatures are influenced by the oceans.

The Russians, who have about as many people on the ice as does the United States—roughly 200—have been exchanging information freely with our scientists. Last year a plane load of them dropped by McMurdo Sound to look over our Navy installation. They have an open invitation to return this year, but there is no indication they'll come.

If the Reds are secretly preparing missile bases here, as was rumored back in Washington, no one here has any inside information.

Launching of satellites or space rockets from the bottom of the world has its advantages. For one thing, there is virtually no "spin" of the earth here, which reduces the number of mathematical calculations required for a successful launching.

Too, the South Pole would be ideal, technically, for studying satellites in flight, since from this vantage point they may be kept constantly in view.

One of the long-range plans, which in the past had been too remote to consider, is the setting up of navigational aids for commercial air travel. Already, our weathermen are learning much about the frigid upper atmosphere and are confident that someday they will be able to predict weather accurately enough to assure reasonably safe trans-polar flights, as is now the case over the North Pole.

Thousands of miles would be cut on flights from Africa to Australia, for example. Now these flights are routed through the United States.

The question has come up whether there is a possible passage under Antarctica for submarines as there is under the Arctic. The answer is no, but scientists recently found that the continent, largely a land mass, may be cut in two by a passage in the frozen waters leading from the Ross Sea.

If true, this would mean that, in effect, Antarctica is actually two continents. This passage, what portions of it have been surveyed, has been found to be solid ice reaching all the way to the ocean floor, 5,000 feet below sea level!

Antarctica is a fascinating frontier, but the more the scientists learn about it, the more they realize they don't know about it. As one of them said to me: "We're down here looking, and some of the time we don't know what we're looking for."

## Pope Names 8 New Cardinals

VATICAN CITY (UPI) — Pope John XXIII today named eight new cardinals, including two Americans, to bring the college of cardinals to its highest strength in history.

The Americans are Msgr. Albert Gregory Meyer, archbishop of Chicago and a native of Milwaukee, and Msgr. Aloisius Muech of Fargo, N. D., apostolic nuncio to Germany.

## Letters To The Editor

Editor:

Our fifth annual Peanut Bowl was a tremendous success this year. The coaches, teachers and administration of the Sanford Junior High School wish to thank you and your news staff for the excellent publicity you gave us on this event. We feel that your cooperation was a great factor in helping us reach our goal.

Sincerely,  
 Hugh Carlton  
 Principal

## Plenty Of Special Days Set For 1960

By FRANK KLEAKER

WASHINGTON (UPI) — New Year's Eve, as you may recall, comes Dec. 31. I don't believe anyone has yet designated Jan. 1 as national aspirin day. However, that record week arrives with the new year, and its sponsors expect us to dedicate the period to a stereophonic quiet.

With this helpful start we open what looks like the longest year in history. In 1960 we've got 61 special occasions to celebrate, plus 120 weeks and no talking how many days.

Six months will be devoted to bread eating alone. We are asked to spend 30 days downing wheat, wheat, rye, rye, protein and butter-milk leaves, respectively. Somebody we are expected also to observe weight watchers' week Feb. 15-21.

National Mute - Your - Muffler Month comes twice next year, in June and September. Mufflers just don't last like they used to, I guess. National Noise Abatement Week is April 3-9.

Jan. 3-9 is Save-The-Fun Week. By gosh, I assume they mean just it away for a while. The professional tag writers who seem to be sponsoring this one also are backing National Laugh Week, April 1-9; National Humor Week, June 21-29; and National Pass-The-Laugh Week, Oct. 15-22. There is some feeling that these boys need all the help we can give them.

May, which is National Tavern Month, we will devote to the proposition that "the tavern is the friendliest place in town." Wine Week is Oct. 8-15. Temperance Days for the year will fall on Feb. 14, June 12, Aug. 21 and Nov. 27.

Chase's Calendar, which keeps track of such things as just published its 1960 listing of special days, weeks and months, and it's pretty near twice as thick as the 1959 version.

January has been designated Break-A-Cold Month. This no doubt is in tribute to some of the amazing new drugs, with which the old seven-day respiratory ailment can sometimes be cured in a month, if there aren't any complications like boils.

Large Economy Size Week starts Jan. 4, and as might have been expected runs through Jan. 16.

November is a big month next year with 14 special weeks we've got to observe. National Indignation Week for instance follows Jan. 16.

Man Supports Family With Books

DENNIS, Mass. (UPI) — Ben Muse supports a wife and five children by offering to locate almost any book you might be looking for.

Using a little bookshop in near-by Hyannis as his headquarters, Muse searches attics, cellars, old bookshops and antique shops; all over the country in his business of filling orders for rare or out-of-print volumes.

Thanksgiving Day, which comes on Nov. 24.

In addition to old favorites like Mother's and Father's Day, we will be expected to observe Mother-In-Law Day (April 26); Father-In-Law Day (Oct. 10); Old Maid's Day (June 4); Teen-Agers' Day (March 21); Lady Day (March 25); Old Lady Day (April 6); and Grandmother's Day (Oct. 9). Forefathers' Day is (Dec. 21).

Baby Week begins April 30. By 1961 no doubt some appropriate period will have been set aside for the baby-sitter.

Oct. 15 is Harvest Day. Its sponsors called this "a reminder that a thoughtful word or deed enriches life and gives it meaning; an occasion for the opening of the fall merchandising season." I say it's a stinky day, and they're stuck with it.

Congress this year did its best to block the trend toward longer years. There are 90 weeks in 1960, and this was enough. It pigheadedly every bill to set aside additional weeks, days or months in honor of somebody or something.

But private enterprise isn't let.

## Ambassador's Son Wants To Remain

WASHINGTON (UPI) — Irish Ambassador John J. Hearne's son, who pleaded diplomatic immunity after his car struck and killed a Negro maid last week, hoped today to remain in the United States.

David P. Hearne, 21, said there was no foundation for reports his father planned to send him back to Ireland. He said he expected to continue his studies at American University where he is a freshman.

Young Hearne and his father attended funeral services for the accident victim, 48-year-old Joseph Hamlin, in a country church near Courland, Va.

The ambassador climbed to the altar of the A.M.E. Zion Methodist Church to offer his sympathy to the family and friends of the dead woman. David sat alone with his head bowed among some 450 Negroes who attended the services.

The elder Hearne, a short, slight man, obviously was unprepared when the Rev. C. B. Nathan beckoned him to the altar at the end of the 30-minute funeral service.

He hesitated, then climbed the four steps to the altar.

"I have come this afternoon to express to the family and friends of Mrs. Jessie Hamlin our profound deepest sympathy and to tell you how sorry I am," he said. "We will do everything we possibly can to take care of damages."

The congregation stamped its feet on the wooden floor in appreciation as the ambassador joined his son on the side pew they occupied within reach of the casket.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe

## PEOPLE SAY THESE ARE THE THINGS THEY WANT

### IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars... and what they want most in their 1960 cars. Here's what the people tell us they want... and here's how Chevrolet meets their needs.

"Price, that's what's important in my mind." All Impalas and Bel Airs with V6 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid *thunk* of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"We for a sweet-handling car." Handling's always been Chevy's forte, and 1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be proud about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: *value*.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came... CHEVROLET

Ride test '60's best—at your local authorized Chevrolet dealer's

Corner 2nd & Palmetto Sanford, Florida

# Syracuse Paces Grid Poll

NEW YORK (UPI) — Syracuse remained first today in United Press International's college football ratings and Southern California, the only other undefeated team, moved into the No. 2 spot.

Mississippi advanced from seventh to third in the wake of upset defeats suffered by such highly-ranked teams as Texas,

Wisconsin, Northwestern and Auburn.

Louisiana State, which lost the No. 1 berth to Syracuse last week after bowing to Tennessee, remained fourth in the latest voting by the 33 leading coaches who rate the major schools for UPI.

Penn State moved from ninth to fifth after crushing Holy Cross, 66-0. Texas slipped its first 1959

defeat, a 14-9 loss to Texas Christian.

Georgia, which upset Auburn, was seventh and Washington eighth. They were the newcomers in the top 10, replacing Auburn and Tennessee. Northwestern and Wisconsin of the Big 10 tied for ninth.

Texas Christian, moving up from 19th, headed the second 10

group. Michigan State, upset winner over Northwestern, was 12th. Arkansas, Iowa, Auburn, Oregon, Illinois, Wyoming, Iowa State and Alabama rounded out the first 20 in that order. Illinois, which received no votes last week, was placed 17th following its upset victory over Wisconsin. Clemson and Tennessee were the only other schools mentioned on this week's ballots.

## Frick Denies Organized Ball Hurting New Loop

NEW YORK (UPI) — Commissioner Ford Frick said today that organized baseball will recognize the Continental League as a third major circuit "as soon as it complies with the standards agreed upon."

Replying to an implied threat by the Continental League to organize the circuit as an outlaw group, Frick said he "is as strong for expansion as I ever was" and denied that organized baseball is hampering the league's attempts to organize.

Continental League officials had blamed Frick for part of their troubles in a 200-word statement that also hinted they would start operations even without the blessing of organized ball. This, in effect, was a threat to organize as an "outlaw league."

"We will be happy to give the Continental League our blessings as soon as it is prepared to organize in a manner that conforms to standards we and the Continental League have agreed upon," said Frick. "Do I think they are threatening an outlaw league? I don't want to interpret their statements only to discover we've made a mistake."

William A. Shea, the New York attorney who was the driving force behind the formation of the Continental League, issued the statement Monday. He claimed that "vague promises of American League franchisees" to cities interested in his group "had proved a surprisingly effective means of forestalling the early completion of the league membership."

The statement wound up with a "kicker" aimed directly at Frick.

"Before adjourning," Shea said, "the third league members resolved that the commissioner of baseball, with the help of these and other delaying tactics, may succeed in preventing the Continental League from becoming a part of the existing baseball organization."

## Gators Plan 'Heavy' Home State Schedule

GAINESVILLE (UPI) — The University of Florida will play nine games of its 10-game 1960 football schedule in its home state.

Gator fans in Gainesville, Jacksonville and Miami will be able to watch their team at least twice. The only out-of-state game is with Louisiana State at Baton Rouge, Oct. 22.

Florida will play five games in Gainesville, including the homecoming contest against Tulane Nov. 12. It will see action against Georgia Tech and Georgia at the Gator Bowl in Jacksonville and will take on Rice and Miami in the Orange Bowl at Miami.

The Rice game was scheduled at Miami because of the number of Florida alumni living there.

Georgia Tech will replace Mississippi State on the schedule and Georgia Tech will replace Virginia. The remainder of the schedule remains the same as this year.

## Giants' McCovey Named By Writers Top NL Rookie

BOSTON (UPI) — The San Francisco Giant's first baseman Willie McCovey today was named the 1959 National League Rookie of the Year by unanimous vote of the Baseball Writers Association of America.

McCovey needed only part of the season to bring the top rookie honors to the Giants for the second consecutive year. Ironically it was the man he bumped from the first base position, Orlando Cepeda, who won the 1958 laurels.

The 21-year-old McCovey hit .356 after joining the Giants last July 30. In 52 games he was at bat 191 times, racking up 68 hits including 13 home runs, five triples and nine doubles.

The baseball writers, three from each National League city, gave all 24 votes to McCovey, according to the announcements here by the association secretary Ily Hurwitz, a Boston Globe Sports writer. Balloting was conducted by mail.

The writers will name the American League Rookie of the Year Thursday.

## FSU Coach Issues Warning To Team

TALLAHASSEE (UPI) — Florida State Coach Perry Moss has issued a warning to his team in a letter for a rough afternoon when the Seminoles play Florida Saturday at Tallahassee.

"They have a good team that has had two weeks to get ready for us," Moss said. "We are going to need breaks to stay with Florida."

The Seminoles have added center Raymon Rogers to their big injury list. Rogers twisted a knee last Saturday in the loss to William and Mary.

## Youngsters Take Tennis Lessons

Nineteen youngsters turned out for free tennis lessons at the Fort Mellon courts Saturday. Twenty-one are now registered for the Saturday morning lessons, Mayfair tennis pro Frank Deames said today.

Deames, who gives the lessons, has divided the racketeers into a beginners group of children from seven to 10 years old, and an advanced group of children 11 and older. Deames said he would like to have participants as old as 18 and later may instruct adults.

The beginners group lessons will start at 9 a. m. each Saturday and the advanced teaching will begin at 10 a. m. The majority in the class are now in the younger group. The program is sponsored by the Sanford Recreation Dept.

## Miami To Stress Defensive Drills

CORAL GABLES (UPI) — Defense will take the spotlight for the remainder of the week as the University of Miami Hurricanes prep for their Friday night contest against powerful Michigan State.

Coach Andy Gustafson said Michigan State quarter Dean Look is a much better passer than the Hurricanes have faced all season. Miami scouts say there is small hope of moving the ball through the middle of the Spartan line, which held both Notre Dame and Indiana for four downs when each had a first down at the two-yard line.

## Sun Bowl Hosts

EL PASO, Tex. (UPI) — New Mexico State's Aggies, who played in the first Sun Bowl game 24 years ago and haven't been back since, have been named the host team for the Dec. 31 football classic.

## Tangerine Bowl Bid Announced

ORLANDO (UPI) — The first of the 15 NCAA approved bowls has lined up its New Year's Day pairing with the Tangerine Bowl's announcement that its game will pit Middle Tennessee against Presbyterian of Clinton, S. C.

Middle Tennessee has scored nine straight victories this year while Presbyterian has an 8-1 record. The game will be played at Orlando, with kickoff at 8:30 p. m.

## Estate To Charity

GREENVILLE, S. C. (UPI) — Mrs. Katherine Wynn Jackson, the widow of "Sholess Joe" Jackson, has given the bulk of her estate to the American Cancer Society and the American Heart Fund.

## SEC Grid Teams Return To Pads For Weekend Tilts

United Press International Southeastern Conference football teams return to pads and scrimmaging today to tune up for weekend games.

Most SEC squads had the day off Monday, although Auburn, Tennessee, and Kentucky worked out in sweat clothes. Georgia's Bulldogs, upset victors over Auburn, was given two days off and is probably the only idle club today.

Bad weather forced Tennessee indoors Monday as they worked for their Saturday game with Kentucky at Lexington. The Vols heard a scouting report, while the Wildcats went through a conditioning workout.

Auburn is host to Mississippi Southern Saturday and has reason to expect a rough time against the famous No. 1 small college.

Florida stressed pass defense in a "very light" workout. Coach Bob Woodruff warned Florida State "passes a lot." Woodruff was referring to quarterback Joe Majors, one of the best passers in the South.

Vanderbilt stayed indoors and watched game movies of Florence State's single wing during bad weather Monday. The small Alabama school plays the Commodores at Nashville in Vandy's last home appearance of the season.

Tulane and LSU worked out briefly for their traditional game Saturday in the Sugar Bowl.

JUNIOR WIDDEN of Osteen roped a calf in 34.3 seconds in the Dusty Boots Riding Club Rodeo, but couldn't win in the field of top cowhands who competed in the rodeo here. Herbert Covart of Seville won this roping event with a 22.5 time. Calf roping was one of the eight events on the Dusty Boots program. (Staff Photo)

## Covington Covers Sports

By JERRY COVINGTON

How much difference can five points make? That is the sum total that the Seminoles have lost three games by this season. Their 3-5 record could easily be reversed with just a bit of luck. Although the record indicates only a fair season thus far it doesn't tell the true story. The local gridders have displayed the scoring punch all season and have piled up enough points to beat just about anybody.

If Lakeview of Winter Garden could have slapped Apopka with a loss last Friday night the Seminoles game against the Red Devils Friday could really be a big game in the conference. However, the Darters have the inside track to take the OHC if they can get by the improving Winter Park Wildcats. There are a lot of ifs tied in but there could still be a three way tie among Winter Park, Sanford, and Apopka for the crown that the Seminoles hold from last year.

Since Sanford lost to Apopka by only one point earlier this season and the Darters disposed of Lakeview without much trouble there is a lot of talk around town

that the Seminoles should take the contest this Friday with a great deal of ease. But I think this is not the case at all. The Devils have a fine offensive attack in Bob Hazen at fullback and Frank Brauder at quarterback and their defensive line averages 212 pounds from end to end. Hazen, who is only a junior, plays outside linebacker on defense and his 215 pound frame makes it pretty hard for anyone to run by him. This will be a real test for the great offense of the Seminoles.

The Brahman bowl officials have not named anyone to their post season tilt yet but there is a lot of speculating as to who will be represented in the states outstanding prep bowl. One of the Jacksonville newspapers threw a suggestion in the hat that sounds like a good idea. It suggested that the top team from the Miami area be pitted against powerful Pensacola who hasn't lost a game in over two years. This would give the folks in Central Florida a look at two of the real football powers in the state which otherwise they wouldn't get to see.

## Miami May Be Host Team In Gator Bowl

JACKSONVILLE (UPI) — There is a slight possibility that the University of Miami may be the host team for the Gator Bowl here Jan. 2.

The Hurricanes, who own a 5-3 season's mark, were added to the list of possible contenders Monday by the 24-man Gator Bowl selection committee.

Miami rolled over South Carolina 26-6 last Friday, but faces powerful Michigan State and arch-rival Florida in its last two games. It is virtually certain the Hurricanes will have to beat both teams to earn a Gator Bowl bid.

Alabama, by virtue of its 9-6 upset victory over Georgia Tech last Saturday, was also added to

the selection committee's list Monday.

Other teams under consideration are Georgia, Mississippi, Louisiana State, Penn State, Texas Christian, Arkansas, Clemson, Southern Methodist, Tennessee and Georgia Tech.

## 'Share Players,' Kefauver Says

WASHINGTON (UPI) — Sen. Estes Kefauver, chairman of the Senate anti-monopoly subcommittee, declared Monday night the present major baseball leagues should share their players with the proposed Continental League.

Kefauver said "I'm all in favor of the new league. I think the existing major leagues should share their players."

"And if they don't," he added, "I will press for legislation to limit the number of players the present major leagues can control."

## Boots Home Three

PAWTUCKET, R. I. (UPI) — Bob Campbell had one of his most successful days in the saddle at Narragansett Park Monday. Campbell booted home three winners, including the front half of a \$784.40 daily double, and finished second on two other mounts. His victories came on Flying Lyric (\$16.20), Bert Rock (\$8.40) and Bound Baby (\$8.40).

Spread canned apple sauce on cinnamon toast, dust with more cinnamon, and broil until hot.

Paper Says Irish Plan To Kidnap Prince Charles

LONDON (UPI) — The London Daily Herald said today that Irish Republican gunmen plan to kidnap Prince Charles and use him as a hostage to force Britain to return Northern Ireland to the Dublin government.

The Herald, quoting "Irish sources" identified the group as the Fianna Uadh (Warriors of Ulster) and said it was so fanatical that even the outlawed Irish Republican Army looked on it with disfavor and had fought with it.

New Undersea Mark

SAN DIEGO, Calif. (UPI) — The bathyscaphe Trieste plunged to a record undersea depth of 18,000 feet off Guam, the Naval Electronic Laboratory reported today.

Dogs Can Be Big Aid To Space Men

WASHINGTON (UPI) — A scientist said today that every space man should have a space dog as companion and life-saver.

This proposal was made at the annual meeting of the American Rocket Society by Dr. Leslie Kaeburn of Spacelabs, Inc., Van Nuys, Calif.

The dog, Kaeburn said, would serve as a "space canary" to warn of danger if it should develop aboard the spacecraft.

He added that a dog would be an astronaut's best friend in other ways, too, providing him with companionship and comfort in the lonely reaches of space.

## Space Men Set Lunar Landing Timetable

WASHINGTON (UPI) — Space engineers disclosed today that they are working against a 1970 deadline to design "support stations" on the moon for the first lunar landing party.

These stations, automatically operated, would be the primitive precursors of inhabitable lunar space laboratories of the future. They would provide the pioneer moon visitors with such things as power and information about the lunar environment.

They also would supply radio guidance and navigational information for the return to earth. They would be rocketed to "soft landings" on the moon in advance of the first manned expedition.

The kind of "ground support equipment" that will be required on the moon was discussed at the American Rocket Society's 14th meeting by M. J. Nader and T. E. Walsh of Aerojet-General Corp.

They gave this timetable for lunar exploration:

Mid-1960-First soft landing of an instrumented payload on the moon, followed by unmanned soft landings with return flights to earth.

1970-Target year "for the first manned lunar landing."

After that, they said, man will "go beyond the moon to land on distant planets of our solar system." But "for some time to come," Nader and Walsh said, the moon "will no doubt serve as man's primary space laboratory."

They said design of moon stations must keep pace with plans for getting man to the moon. They exhorted space engineers "to make sure that this man is an American with a valid roundtrip ticket."

The first men on the moon, they said, may find the surface coated with a layer of dust several hundred feet deep. That is a matter of conjecture.

But it is fairly certain that they will encounter conditions of high vacuum, intense solar and cosmic radiation, meteor storms, and extremes of hot and cold. They must be preceded to the moon with equipment capable of monitoring and reporting such conditions.

## Power Failure Hits Sanford

The Sanford area was without power for seven minutes this morning.

Florida Power and Light Co. official Scott Burns reported the failure was caused by highline difficulties in the Sanford plant.

According to Burns, if it weren't for a new 240,000 volt highline that was built between here and Cape Canaveral, the power failure might have lasted as long as 30 minutes.

Power Co. crews switched the feedline within seven minutes and cut off the power at the Sanford plant. The failure hit at 9:02 a.m. and power was restored at 9:09.

SEMINOLE HIGH basketball coach Dick Silvers today announced he was retiring at the end of the current school term to enter the insurance business. For the complete story see Jerry Covington's sports column today.

## Record Cold Wave Racks Shipping

CHICAGO (UPI) — A record breaking November cold snap from the East and South today and threatened Great Lakes shippers with an early freeze-up.

Great Lakes freighters, trying to make up for time lost by the steel strike, battled gale force winds and heavy ice to get vital ore shipments to the recently-opened mills.

## Florida Shivers

MIAMI (UPI) — Extreme Northwest Florida shivered under below freezing temperatures early today, but the cold wave predicted by the U. S. Weather Bureau failed to push the mercury as low as expected.

Crestview's 29 degrees and Pensacola's 31 were the lowest temperatures recorded in the state late Tuesday night and early Wednesday. A low of 26 to 35 had been predicted.

Weather Bureau spokesmen here said that a warming trend was expected by tonight due to winds shifting to the northwest. The Weather Bureau said that although mild weather would remain in North Florida today, it would not reach far into the southern portion of the state.

## Citrus Standards Ordered To Halt

LAKELAND (UPI) — The Florida Citrus Commission has been ordered to stop enforcing a new regulation setting minimum grade standards on citrus sold in South Florida.

Circuit Judge D. O. Rogers of Bartow signed the temporary injunction Tuesday on the Commission and the Agriculture Department.

William P. Floyd, president of Lake County Citrus Sales Inc. of Leesburg filed the suit charging the regulation was discriminatory. He said it prevented packing houses from selling low grade fruit but did not prohibit a grove owner from selling the same type of fruit directly to consumers.

## Area Farmers Told Way To Control Ant Spread

The southwest Seminole County fire ant infestation can be kept under control as long as agricultural experts know where the ant mounds are, a Central Florida Pest Control district supervisor told county farmers last night.

More than 2,300 acres in the Sandhollow Springs area have been treated with ant-killing heptachlor U.S.D.A. official Carl Smith said.

The venomous insects appeared between Longwood and Forest City about three weeks ago. A small chemical treatment given by the United States Dept. of Agriculture and the State Plant Board is absolutely effective, Smith emphasized. It's just a matter of finding the red fire ants.

est along the open highway and slowest through wooded areas Smith told county Farm Bureau members.

A fire ant sting causes swelling like a mosquito bite, but it may sting several times. The next day a puss festule appears, which is followed by a small scar that disappears in a few weeks.

The red fire ant major worker has a head in proportion to its body, while the domestic worker's head seems too large for its body. Minor workers of the fire and domestic species look the same. Nine southeastern states have fire ants, Smith said.

## India Demands Halt To Nuclear Weapons Testing

UNITED NATIONS, N. Y. (UPI) — India led a bloc of 20 nations today in demanding a halt to the nuclear weapons tests those countries fear are poisoning the world with radioactive fallout.

The General Assembly's 22 nations main political committee began debate on a resolution submitted by India, 18 other Afro-Asian nations, and Yugoslavia demanding that all world powers stop the tests.

It was believed the measure was aimed primarily at France, which insists it will go ahead with a planned atomic test next spring in the Sahara, and Sweden, whose administration strongly it may also join the "nuclear club."

## News Briefs

**ILA Back**  
NEW YORK (UPI) — The AFL-CIO today officially takes back the International Longshoremen's Assn., which it ousted six years ago as racket-dominated. AFL-CIO President George Meany was to present the ILA with a charter of affiliation in a ceremony at the Commodore Hotel.

## Citrus Time Ripe

WAVERLY (UPI) — A short fruit supply in Europe makes the time ripe to crack the European market with American citrus products, a Florida citrus industry leader said Tuesday. President W. C. Peterson of the Waverly Growers Cooperative said a drought has hurt the European crop.

## Teachers Penalized

TALLAHASSEE (UPI) — The Cabinet School Board revoked the certificates of five Florida teachers Thursday. They were Mrs. Vera Lee Smith of Escambia County; Frank L. Grinstead, Broad County; Earl L. McElveen and Walter L. Myers, both Polk County; and Wendell C. Tenney, Palm Beach County.

## Small Arms Probe

CLEVELAND, Ohio (UPI) — Treasury agents expected to complete an inventory today of an estimated million dollar "coastal" shipment of small arms and ammunition intercepted here by George Mulvaney, agent in charge of the Cleveland office, said serial numbers of all items will be sent to Washington for a check.

## Progress Report

LONDON (UPI) — West German Chancellor Konrad Adenauer and Prime Minister Harold Macmillan made so much progress in their cold war talks they called off today's formal working session. They left their two foreign ministers and other experts to meet at No. 10 Downing Street and work out final details of their agreement on an agenda to be presented to the Soviets at a future summit conference.

## Truman May Go With Ike On Trip

AUGUSTA, Ga. (UPI) — President Eisenhower "very shortly" will let Sen. Thomas J. Dodd (D-Conn.) know what he thinks of the senator's suggestion that he add former President Truman or another big Democrat to his tour through Europe, the Middle East and Asia next month.

This was the expectation of setting White House press secretary Wayne Hawks at Eisenhower set up another high level conference today at his Augusta National Golf Club offices.

The President confers this morning with the Joint Chiefs of Staff on what the White House called "military plans and programs."

The Dodd proposal has been before the President since last Saturday. Hawks said the Democratic suggestion is "under consideration."

"Under" consideration," however, was far from any indication that Eisenhower will follow Dodd's suggestion.

In past international ventures, Eisenhower has welcomed bipartisan support but not participation in the sense of having his political opponents at his side. Rank ranking Democrats as Truman and Adlai E. Stevenson, Eisenhower's opponent in 1952 and 1956, would shy away from any role that might circumscribe their freedom to criticize the Eisenhower administration on foreign policy at a later date.

## Garden Workshop

The Sanford Garden Club will hold a workshop Thurs. from 9:30 to 11:30 a. m. at the Home Demonstration Center on Junior gardening and garden therapy.

Mrs. Gordon Stanley is general chairman, assisted by Mrs. Irving Pryor, Mrs. Blanton Owens and Mrs. L. E. Leeper. Those attending are requested to bring scissors. All other materials will be furnished.

## Castro's Right Hand Man Believed Hiding In Tampa

CAUGHT IN THE ACT and collared by Seminole High Principal Andrew Bracken and clean-up campaign chairman Steve Powell is SIS student Buddy Long. Buddy portrayed a "litterbug" yesterday to show how the long arm of the trash patrol is clamping down on students who litter the high school's campus with lunch refuse. The school clean-up campaign which started last week has already made a great improvement in the campus's appearance Steve Powell said. Trash dumpers must wear "litterbug" signs during the school day.

## Cienfuegos May Consider Asking Political Asylum

TAMPA, Fla. (UPI) — A prominent American historian and former political leader here claimed today that missing Cuban army commander Camilo Cienfuegos is hiding out in Tampa.

The informant, who asked that his identity be withheld, said he has talked with Cienfuegos recently. He said the officer, a right hand man of Cuban Premier Fidel Castro, has shaved his beard and is living in Ybor City, Tampa's Latin Quarter.

Edward P. Ahrens, district immigration supervisor in Miami, said "I've heard nothing about this up to now." But Ahrens said he would start an immediate check on the United Press International source to determine authenticity of the report.

The historian said Cienfuegos was considering filing papers with the Immigration Department for political asylum in the United States. He might go to Miami to make the request.

The first word that Cienfuegos was living in Tampa came Tuesday from W. W. Chaplin, former NBC news commentator who now works for a small Bradenton radio station. Chaplin insisted his sources were authentic.

The historian, an American of Cuban descent, said Cienfuegos was "very unhappy" about reports of his arrival in Tampa. He said the officer "wanted people to think he was killed in a plane crash."

Cienfuegos disappeared after a flight across Cuba last month. A large search has been under way since.

The informant said Cienfuegos decided to flee Cuba after an argument with Castro over his brother, Raul Castro. Cienfuegos is alleged to have charged that Raul sold out to the Communists.

The historian said Cienfuegos decided to make his break on the 300-mile flight to Havana from southern Cuba. Since he had only enough fuel to make it to Havana, the source said he landed at an abandoned airstrip at Cayo Largo, east of Havana.

## Moss Signs Pact With Canada Team

MONTREAL (UPI) — The Montreal Alouettes today signed 37-year-old Perry Moss as coach and general manager to a contract "for more than one year."

Moss, head coach and athletic director of Florida State University, confirmed the signing by telephone from Tallahassee this morning, shortly before he was scheduled to step down as athletic director.

The much-traveled, former University of Illinois quarterback will continue to coach the FSU Seminoles through the team's final two games against Florida and Tampa.

## Man Is Freed On Assault Court

Lake Mary resident Jean Hauser was found innocent of assaulting a 13-year-old girl in a circuit court trial here yesterday. Hauser gave his age as 24 and his address as P. O. Box 135, Lake Mary.

The assault was alleged to have happened May 3 near a small Lake Mary pond called "Biscuit Lake". Four 16 year old boys said they had had previous relations with the girl after picking her up at the Sanford Civic Center.

## Jaycees Set Plans For Annual Yule Lighting Display Contest

Sanford's best Christmas lighting displays again will win prizes this year as the Jaycees put on their annual Christmas lighting contest.

The best religious, traditional, and artistic settings and the best overall display each will win a \$25 savings bond for their producers in the residential class. The Jaycees will give \$10 second place prizes in each of these divisions.

The Florida Power and Light "traveling trophy" will be awarded for a year to the company producing the best commercial display. Decorations for doorways, show windows, and buildings are included in this type exhibit.

All entries must be mailed brought or phoned to the Jaycee Information booth by Dec. 22. Contestants are requested to keep their displays lit every night between 7:30 a. d 9:30 p. m. until winners are announced. This will give judges ample time to check all entries. Lighting chairman Dave Laude said yesterday. Contestants may enter both residential and commercial displays but separate entry blanks are required for each entry. The blanks are soon to appear in the Sanford Herald. Displays must be seen from the road and should be finished before submission of entries, Laude said.

## City Secretaries To Be Honored

Sanford secretaries will be honored at the Chamber of Commerce Coffee Club Thursday. Fifty secretaries from major business offices are invited to the 10 a. m. meeting at Mrs. Appleby's Restaurant in the Valdez Hotel. Door prizes and refreshments will be featured.

The girls are invited to bring along their employer, "but we're not going to ask any of them to say anything about their bosses since we want to keep this the city of gracious living." Coffee Club Emcee Charlie Morrison said yesterday.

## Chamber Agrees On Brochures

The Southeastern Seminole County Chamber of Commerce at its Monday meeting agreed to secure pictures for the proposed chamber brochures.

Ben H. Jones presided at the meeting in the absence of chamber president Ben F. Ward Jr.

## Bad Weather Hampers Crash Victim Search

GULFPORT, Miss. (UPI) — Bad weather which engulfed a downed National Air Lines plane with 48 persons aboard continued today to hamper the search for bodies and wreckage.

Eighteen-foot waves and winds up to 50 miles an hour at the crash scene, 27 miles east of the mouth of the Mississippi River, slowed Coast Guard ships and prevented amphibious planes from taking part in the search.

Five of the nine bodies recovered so far were identified today by FBI fingerprint experts. They were: H. W. Bumpas, Dallas, Tex.; Arthur Hiram Frater, Tampa, Fla.; Leon Renfro, Orlando, Fla.; Joel Hurt Bickertoff, Orlando, and Donna Osborn, Miami, junior stewardess on the craft.

The bodies and several hundred pounds of debris from the DC7B which plunged into the Gulf early Monday had been brought here Tuesday.

Civil Aeronautics Board investigator Charles M. Collar said examination of the wreckage was turned up any idea yet as to why the plane crashed. Pathological examination has not yet discovered whether the victims were dead when the plane hit the water—perhaps from fire or explosion—or whether they were killed by the crash or drowned.

None of the bodies were wearing life preservers, rescue workers said, although a number of preservers were found floating loose at the scene. Some were inflated and some were still in their original packages.

Collar said, "There is such a small amount of wreckage we can't pin anything down. There are no indications as yet of sabotage, but we don't have enough to go on to establish a cause. We haven't learned anything of significance yet and don't expect to until we find the wreckage."

Collar said the Navy was being called in to furnish magnetic equipment in an attempt to find the main piece of wreckage.

## Court Throws Out Citrus Damage Suit

TALLAHASSEE (UPI) — The Florida Supreme Court today threw out a \$40,000 damage case brought against the State Plant Board by a grove owner whose citrus trees were destroyed in the push and treat program to get rid of spreading decline.

Mr. and Mrs. James L. Cunningham of Polk County said they refused the Plant Board permission to destroy trees in their grove, but on Sept. 14, 1958, agents of the board destroyed trees on about 10 acres of their land.
