

Only One Catch

Here's A Fast And Easy Way To Make A Large Bundle Of Money

By JOHN VAN GILSON
 Associated Press Staff
 TALLAHASSEE, Fla. (AP)—There's an easy way to make a large bundle of money. The only catch is that you've got to wait a few years.
 Next time there is a state election, announce to the world that you are a candidate. Fly to Tallahassee and pay your qualification fee—\$1,000 for governor, \$500 for other offices, and you're on the legislative ballot. Strict conditions but don't spend any money. Make sure you're on the legislative ballot. Take your couple of thousand votes on Election Day. Concede defeat to your chief opponent. Pocket your contributions and go home.
 Say you've won. You've made it into the state legislature. You've made \$10,000 profit minus the \$1,000 you invested in your qualification fee. You're a legislator. Of course. But perfectly legal.
 And it will probably take a noncontingent year or two before anyone else does anything about it.
 "My personal feeling is that these private contributions," said House elections committee chairman Bill Andrews, D-Tallahassee, "I don't think they should be allowed to the state."
 "We did consider it in the last session," Andrews recalled, "and at that time it was the feeling of the majority that contributions of this kind are not going to be made."
 He said the question is not just whether or not candidates can keep surplus contributions after an election.
 "This issue is not that simple," Andrews said. "If the candidate can't keep it, what do you do with it?"
 Anyway, he said, a candidate is not going to get contributions unless he can prove to the voters that he is seriously running for office.
 "I don't get contributions just because I become a candidate," Andrews said. "I have to work hard for them. A lot of times candidates don't get money even when they demonstrate they're serious."
 Financial reports filed by the 16 defeated candidates in the Sept. 6 primary show all had surpluses as of the election week—but only two have submitted final reports.
 A number of the candidates actually still have deficits when they submit the final reports required within 45 days after the election.
 Stan Tall, loser in the Democratic Secretary of State primary, showed a surplus of \$1,660.01, but he said he will have a deficit of \$2,000 to \$1,000 in his final report.
 "There were expenditures that will still be coming in for a while, telephone bills, salaries, travel," he said.
 An advocate of election reform in his campaign, Tall said he's not sure what committee should do with their campaign surpluses.
 "In the past people like (former Sen. George) Donnelly," he turned the subject on a private basis," he said. "Several candidates have pocketed it. I know (Gov. Harris) Bryant did in 1960, of course Bryant spent a good deal of his own money in the preceding one, two, three years."
 One of the two defeated candidates who has submitted final reports did pocket the skimpy surplus from his tally. Public Service Commissioner Fred Alister closed his campaign account by writing a \$70 check to himself.
 Defeated Republican candidate for state Treasurer-Insurance Commissioner Tom Johnson closed his books with a \$1,111.41 surplus. He did not do

Blackburn Draws 8 Years In Jail

Longtime central Florida gambling figure Harlan Blackburn drew a total of eight years in prison and \$8,000 in fines Monday for using interstate telephone facilities in gambling operations.
 Federal Judge George C. Young handed down the sentences on two counts of interstate gambling. Blackburn was convicted by a federal jury in Jacksonville last month.
 Blackburn's attorney filed notice of appeal and Blackburn remained free on bond.

In Seminole County Circuit Court James B. Cain pleaded guilty as charged to buying and receiving stolen property.
 Cain, 40, of 221 Street Avenue, Sanford, was arrested at the Coachman Motel on Feb. 27 when a large cache of guns was confiscated by law enforcement officials. Cain was owner of the Coachman.
 The charge of plea from not guilty to guilty as charged came after the state rested its case.
 In direct testimony, Assistant State Attorney Fred Leone elicited the statement from Special Agent Frank Troy, of the Florida Bureau of Enforcement, that acting as an undercover agent, he met with Cain on Feb. 25 and the purchase of the guns was discussed. At a later date a sale price of \$2,000 was agreed upon.
 The guns were cached in a closet in room 24 of the motel.
 Earlier a motion to quash by defense attorney Roger Berry was denied by Circuit Judge Roger Tyson, who has ordered a pre-sentence investigation for possible probation or prison sentence.

 Vera Brewster at Sanford Police Department found a 14 foot glass boat with an imperforate outboard motor three weeks ago on Lake Monroe, was below the bridge near the Florida Power and Light Company plant.
 Brewster says the boat is practically new, but the motor needs some work.
 Owner of the craft may claim it by talking with Brewster at the police department, but after a set period of time the motor and boat become the property of the finder, according to salvage rights.
 No reason for the move was discussed at last night's meeting.

Port Firm Will Hire Local Aides \$5 Million Yearly Steel Sales Seen

By BILL SCOTT
 Port Development Steel Company (PESCO) will open an office and warehouse facility at the Port of Sanford, it was announced by George Harder, Seminole County Port Authority (SCOPA) vice chairman, at a directors meeting last night.
 The steel firm, first port occupant, anticipates \$5 million in sales for steel in the Central Florida market during the first year of operation here, according to Allen Gordon, PESCO president.
 Gordon, quoted at Port Lauderdale, stated that "All but two or three key executives" at the \$200,000 complex "would be hired locally."
 Steel for use in construction and light manufacturing will be brought by barge from European and other overseas mills, with the first shipments to Sanford starting in about 60 days.
 Distribution from Sanford will be by truck, rail, barge or whatever means is best, according to the individual needs of a client.
 Part of Sanford is PESCO's first inland location. It has two other Florida facilities at Port Lauderdale and Tampa, both sea ports.
 James Ryan, administrator, disclosed during last night's meeting that Gulfstream Shipping Corporation, a terminal and dock-working firm, expects to contact the authority next week to negotiate for stevedores (loading and unloading barge) rights at the port.
 Ryan stated the barge facility is 88 per cent completed with only the access road and parking lots to be finished.
 Revealing that because of the penalty clause, the port contractor, Weiss and Company, had accumulated in excess of \$20,000 in liquidated damage claims due to the delay in not having the facility completed in time, Ryan asked three directors consider occupancy of the facility within the next two or three weeks to stop the penalties.
 On a motion by Henry Schumacher, member, the authority voted to accept after parking is completed and with the approval of U.S. Economic Development Authority (EDA) and port engineers.

Port Authority Approves Move To Paulucci Bldg.

Seminole County Port Authority (SCOPA) at last night's meeting moved to vacate the present port offices at the Rounellat Building in favor of a suite in the Paulucci Building.
 The move, which is expected within the next two months, will mean an increase in rental costs to \$200 monthly from the present \$125 now paid for three weeks ago on Lake Monroe, was below the bridge near the Florida Power and Light Company plant.
 Bernard Yacerman, authority member moved to direct James Ryan, port administrator, to negotiate a lease to the new office.
 No reason for the move was discussed at last night's meeting.

Another Candidate
 The second candidate filing for Sanford City Commission seat in the December election is Dennis H. Brumathan of 209 Laurel Drive, a resident of this city for the past nine years.
 Brumathan is presently an employee at the Naval Training Center in Orlando.
 Earlier, Earl Higginbottom had filed for this seat. According to Henry Tamm, city finance officer and clerk, reminded that the deadline for filing is Nov. 18.

TRAFFIC SIGNALS
 Report also was given on a request from Altamonte Springs for traffic signals at the intersection of Douglas Avenue, Palm Springs Drive and SR 436, and Lake Howell Road and 436. Engineer William Bush told the board that Wynore Road and Douglas Avenue already were being actively studied by the State Department of Transportation, who advised that modifications and re-signaling would be affected as soon as possible, no later than the long-delayed contract.
 Related to Palm Springs Drive, Bush stated that a shopping center had promised to install signals at its expense, and that this road had not met the warrants of the DOT. He went on to say, however, that there are traffic problems which related to the storage lanes rather than to the volume of traffic.
 Bush said that there is no need for signals at the Lake Howell Road intersection. Commissioner Greg Drummond moved the board adopt a resolution requesting that the DOT make a study of the storage lanes or a median strip at the intersection of Palm Springs Drive and SR 436. This was unanimously approved.
 His report confirmed a statement by Robert Parker at the County Commission meeting this morning that bids were to be opened for improvements to East SR 46 and SR 426 between Geneva and Oviedo.
 Parker said he was informed of the bid opening while attending meetings at Prairie Lake. Benedict said that \$297,000 has been budgeted for widening and resurfacing 6.6 miles of SR 426, extending between Geneva and Oviedo. He said further that \$300,000 has been budgeted for resurfacing SR 46 east from Mollerville Avenue in Sanford for 14.5 miles east to Lake Harney bridge.

STUDY REQUESTED
 Drummond also requested a study of the northeast corner of Lake Howell Road and 436, which he said is a blind corner necessitating cars having to pull out on to 436 in order to see oncoming traffic.
 Commissioner Sidney Viblen Jr. told the board that he had been approached by residents of Grapeville Avenue relative to the reducing the speed limit from the present 40 mph to 25 mph. He said two children had been killed on this road in which many school children travel.
 Chairman John Alexander reported that the matter had been reviewed by the board five or six months ago and the report did not reflect any basis for reducing the speed limit.
 Viblen also questioned action taken on a requested center line survey on SR 35A from SR 46 to Highway 17-92. He said that this is the "poorest secondary road in the county and badly in need of emergency maintenance." Each was requested to give a status report on the center line survey.

State Already Planning Project New Osteen Bridge Gains Support

By FRED VAN PELT
 The Matland-South Seminole Chamber of Commerce has thrown its support behind the county-wide effort to replace the ancient Osteen Bridge on State Road 415 over the St. Johns River.
 G. Fritz Gale, Chamber president, has received assurances of action from Gov. Claude Kirk, Edward A. Mueller, secretary of the State Department of Transportation, and C. A. Benedict, district engineer at Deland.
 The Chamber forwarded a resolution citing the antiquated nature of the bridge and requesting construction of a new high level bridge and access. The resolution also requested the project be included in the 1971-72 budget.
 Mueller's response to Gale reads, in part:
 "We are now in the planning stage for the project, to establish design criteria for the proposed new structure. Preparation of plans for the roadway approaches is underway."
 Resolutions requesting a new bridge on State Road 415 over the St. Johns River was forwarded by the Matland-South Seminole Chamber of Commerce to Gov. Claude Kirk and the State Department of Transportation, George Touhy (left) receives a copy of the resolution from Al Davis.

**1940 Prices In 1970
 At Wes Kay Washeteria**

*** VISIT the Wes Kay Washeteria. It's an unusual combination of old-fashioned prices with the most modern facilities available. Wes Kay Washeterias are located on French Avenue and on 27th Street in Sanford.

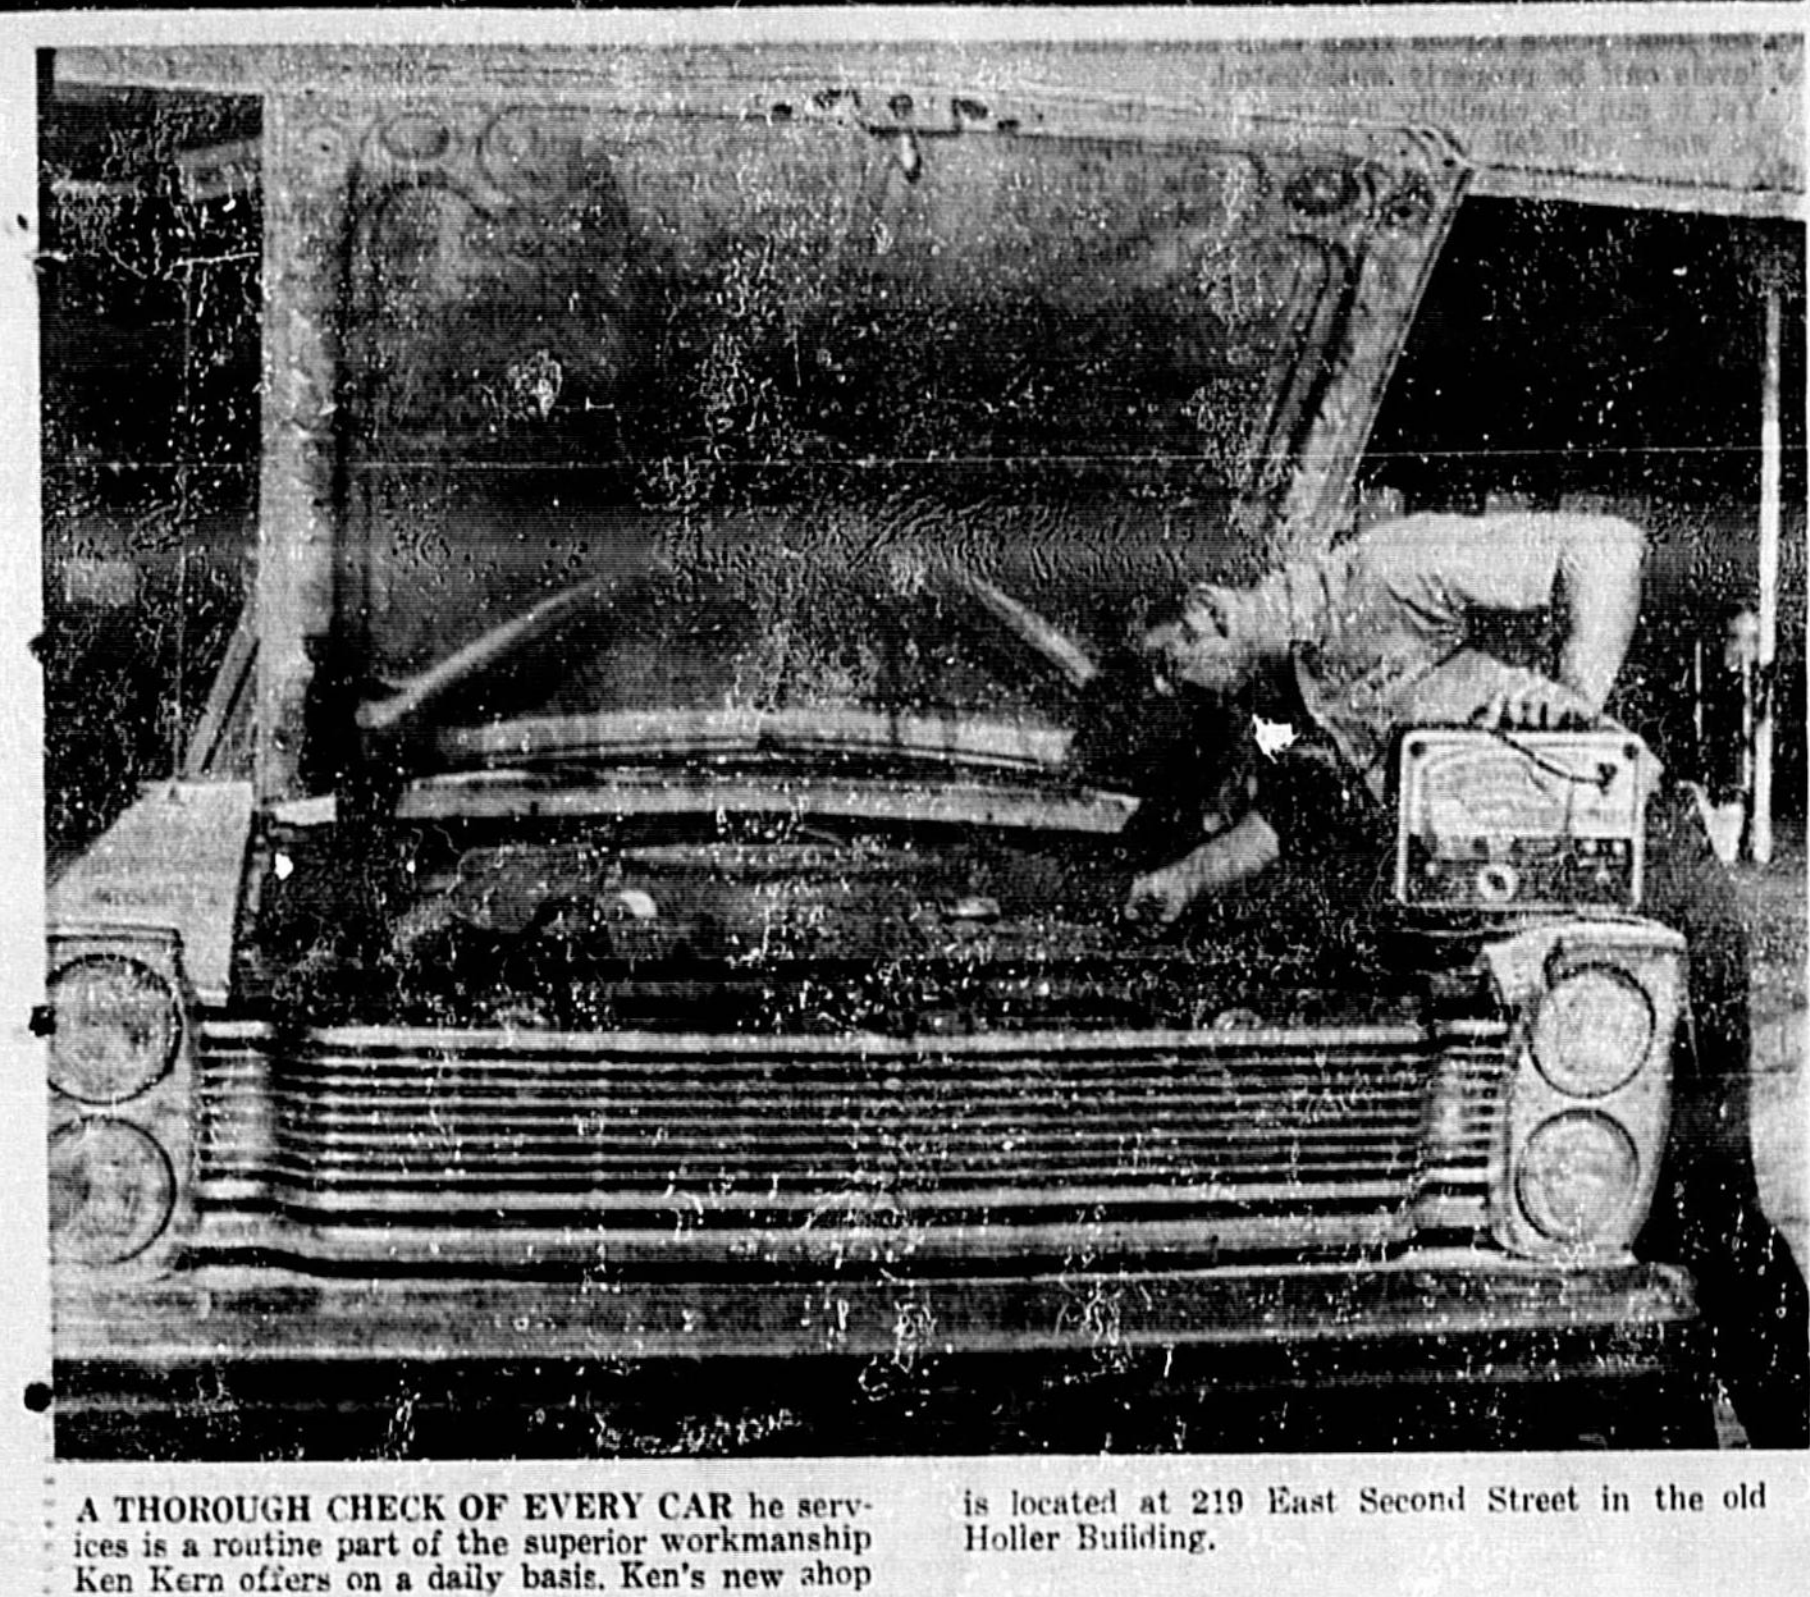

Would you believe 1940 prices in 1970? Strange, but true! It's to be found at the Wes-Kay Washeteria, that very modern laundromat with the old-fashioned prices.

R. D. Wesley, "Wes" owns two such washeterias in Sanford; at 2020 French Avenue and at 211 West 27th Street. A bit of research in the yellowed 1940 Sanford Herald files turned up some "ve-r-y in-ter-est-ing" information:

A THOROUGH CHECK OF EVERY CAR he services is a routine part of the superior workmanship Ken Kern offers on a daily basis. Ken's new shop is located at 210 East Second Street in the old Holler Building.

Ken Kern's Garage Moves To Second Street Location

Does your car go chug chug instead of purring softly? Does the engine go ping when you shouldn't be hearing anything at the car radio? Is your gas mileage far below what the car salesman told you it would be? It's time to see Ken Kern.

He's just moved to a new location so that he may serve you better. Ken Kern's garage is now located in the old Holler Building, 210 East Second Street.

"We've got more space here," said Ken, proud of his new shop, "and we can give even more complete service."

Ken can work magic with your car. It'll purr when it's supposed to, you can listen to the car radio, and the Rolling Stones and your gas mileage will make even that salesman happy!

Eight years of experience as a specialist in the repair of automatic transmissions prepared Ken well for his present work.

He runs a complete auto repair service. The quality of service, the honest appraisal of the work to be done, and his prompt, skillful service make Ken Kern's name to mark in your telephone book for excellent service. When you call him 322-2492, or 322-2955 for emergencies you know you're getting the best.

Ken has owned the garage for about a year now. Before that he owned the Pinesrest Shell Oil station on 17-92. Ken and his three employees are experts in all phases of car repair — brakes, front and rear, wheel balancing, tire ups, generator starter repairs, electric welding, radiator repairing, carburetor tune ups, and of course, transmissions.

"We're open from 9 a.m. to 5:30 p.m. on Monday through Saturday," said Ken. "But we prefer to have appointments." This long waiting period has been eliminated, and Ken can assure you that your car will be ready at the appointed time.

For your convenience Ken is happy to stay open for after-hours appointments.

Ken knows Sanford well and knows what the people in the area expect of those they trust their automobiles to. He's been here since 1957 and attended Seminole High School.

And about eight months ago Ken and his wife did their share to make their community grow. Scott Allen Kern, the first born, entered this world!

You can't know how good Ken Kern is at his trade until you stop in and meet him. You can't help but be impressed at his sincerity and obviously expert knowledge of cars. He runs a business that Sanford and Seminole County can be proud of.

And for your convenience you may Master Charge your purchases.

Why Is Prime Rate Coming Down?

Business Mirror

NEW YORK (AP) — The prime rate is coming down, but there still remains considerable dispute over who is pushing or pulling it in that direction, or the good guys and the bad guys are in the scenario.

In other words, what makes interest rates rise in the first place and what causes them to keep down again?

Rep. Wright Patman, D-Tex., claims it's all the doing of the big commercial banks. Some of the banks are inclined to blame it on the Federal Reserve's management of the money supply. And the Fed sometimes has been known to be disturbed over administration policies.

"The buck doesn't stop there, of all places, of course. Certainly, the administration men admit, their policies might put burdens on the productive ability of the nation and tend to raise money rates, but they put it all on international events, domestic problems, and the previous administration.

The most recent dispute over interest rates involves Patman, chairman of the House Committee on Banking and Currency, and David Rockefeller, chairman of the Chase Manhattan Bank.

In a letter to Rockefeller earlier this month, Patman stated that large banks won't stand an unnecessary and highly unfortunate interest rate binge after the election of President Nixon in 1968.

He called for a prime interest rate of 6 per cent from the existing 8 per cent, even though prime rates—the lowest rates to the best corporate customers—historically have fallen by the quarter or half point.

If the Fed feels economic activity has fallen too far behind economic potential, it might increase the money supply, as it is now doing. This makes credit rates tend to drop.

"Candid Chatter"

Every woman in Seminole County will be interested to learn that a one-day seminar on SELF-DEFENSE, designed just for women, is currently in the planning stage. The seminar will include instructions with arms . . . like put that pistol down, babe . . . karate and other defense means.

The proposed seminar is being planned by Seminole County Extension HOMEEMAKERS COUNCIL AN-J CLUBS, who will meet Thursday, Sept. 24, at 10 a.m. at the Ag Center, to finalize plans for this project and other programs for Fall and Winter.

All you HOMEEMAKERS members please go to the planning meeting Thursday on the rest of us girls can get in on this defense program which the community needs badly.

So until tonight at the concert . . . ta-ta!

Sewell-Stogner Wedding Announcement

The wedding of Deborah Jane Sewell and Steven Carlton Stogner was solemnized in the First Presbyterian Church of Eustis, Aug. 24, 1970. Officiating minister was Rev. George Kress.

The bride is the daughter of Rev. and Mrs. G. C. Sewell, Jr., formerly of Sanford and the groom is the son of Mr. and Mrs. Horace A. Stogner, Sr., Raeford, N. C.

The worship center of the church sanctuary was banked with potted palms. A large acrobatic band with a smaller acrobatic band on either side was flanked by large baskets of Chrysanthemums and gladioli.

The bride was radiant in a formal length gown of candle-glow silk organza, over pale blue silk, trimmed with Alconora lace. The Empress bodice featured, elbow length sleeves and a scooped neckline. The A-line skirt and full Empress train were both adorned with lace motifs.

Her full French bouffant veil of silk illusion was attached to a capulet of crushed lace accented with pearls. She carried two orchids with a French cascade of carnations atop a white Bible which was a gift from her late grandfather.

Mrs. Steve Stogner, sister-in-law of the bride, was mistress of honor, Mrs. Steven Marlowe of Sanford and Kings Mountain and Miss Anna Sewell, cousin of the bride were bridesmaids and matrons. Gail Gould, De Land, served as flower girl.

The four attendants wore identical gowns, two in avocado green and two in orange chiffon, featuring Empire waistlines, accented with orange and yellow beaded, scooped necklines and long sleeves. Their bouquets were Colonial nosegays of champagne carnations.

The honor attendant's bouquet was accented with tropical roses.

Horace A. Stogner, Sr., served his son as best man and usher were Horace A. Stogner, Jr., Stephen Sewell, Eddie McGinnis and Vincent Gould, Master John Sewell, cousin of the bride, was ring bearer. He wore a blue denim suit.

Mrs. Sewell chose for her daughter's wedding an ensemble of yellow antique satin with short matching jacket. The groom's mother wore a "pale pink" crepe dress with pink lace redingote and each wore corsages of matching cymbidium orchids to complement their ensembles.

Following the ceremony, a reception was given by the bride's parents in Fellowship Hall of the Church. Mrs. Jennings Row, II and Mrs. Don Alexander presided at the two silver punch bowls and Mrs. Nat McGarvey and Mrs. Nellie Huesch cut and served the cake. Floating hostesses were Mrs. Beth Anderson, Nancy Tal maden, Jo Ann McGarvey and Ruth Palmer. Other hostesses assisting with the serving and entertaining were Mrs. Francis Reed, Mrs. Robert McGinnis and Mrs. William Scott, Mrs. L. L. Smith, Atlanta, Ga., an aunt of the bride, kept the guest book.

Green Thumb Set

Central Circle of Sanford Garden Club met Sept. 10, at the Villen Road home of Mrs. H. H. Ozer with Mrs. E. J. Trepko as co-hostess.

Mrs. Myron Smith, president, conducted the business session appropriately entitled, "Catching up to Get Ahead."

Committee reports were heard as were items from the general club.

Mrs. R. E. True is in charge of a beautiful golden harvest tablecloth to be awarded some lucky winner, Nov. 12.

The luncheon menu included a tempting salad plate, assorted crackers, iced tea and Macaroni Pie.

Others attending were Mmes. Joe Daniels, Frank Evans, Brodie Garris, R. T. Hunt, Clarence Jessup, George McCall, B. C. Moore and Beatrice Newman.

Also Mmes. Earl Niblack, Norris Plank, John Pugh, R. T. Thomas, James Thompson, R. D. Wesley, Cecil Davis and E. R. Wood.

Home Hints

To avoid injuries from points of scissors when not in use, cover them with a piece of rubber hose or tubing.

There is no need to put "cups" in the dryer. Instead, take it directly from the washer and fold lengthwise, laying them across the top of the dryer or some other flat surface. They'll dry quickly and look smooth, crisp and new.

Since you must rely on instructions from the manufacturer, then why not follow the rules throughout the life of the garments. Tags and labels, carefully preserved and referred to when the garment needs washing or dry cleaning, are worth their weight in gold, say the experts.

For brown pie crusts, use bestroop glass, dull aluminum or enamel pans. They absorb heat; shiny metal ones reflect heat. To bake frozen pie in a foil pan, place it on cookie sheet.

Color is here to stay in housewares — as it easy washability by use of plastics and laminates, stainless steel and chrome. For future planning, keep an eye on the rainbow of reds and blues that is beginning to noddy the golds and greens, fashion favorites for the past several seasons.

DON STRACHAN

body to the grand opening of his sparkling new facility, STRACHAN'S HOUSE OF FURNITURE, 2590 South Virginia Ave., Breeswood Plaza, South of Orange City on Highway 17-92.

The date for the opening is Monday, Oct. 12, during regular business hours.

Don is a graduate of Zvatt Institute of Fine Arts where he studied Interior Design and after graduation worked for a New York firm for two years. He returned to his home in Pittsburgh, Pa., where he was associated with two stores, Don got Florida sand in his shoes. While vacationing with his family in Deltona, he decided to plant roots here.

He opened a business in May, 1969 in Breeswood Plaza and in order to better serve his clientele, recently moved into a luxurious new building where he can display a more complete line of distinctive home furnishings.

Don will be happy to advise patrons on home, church, office or commercial decor at no obligation.

So everybody plan to explore the very latest in furnishings at the ultra-modern Strachan's House of Furniture.

'Manson Family' Life Described

By JACK V. POKS
LOS ANGELES (UPI) — Charles Manson drove into the Spahn Ranch in a black bus in 1968 with his bizarre family and a few followers. He was the owner of the old Western movie set, and he made it his home. It was there that Manson gave the orders to the few men and numerous girls who accompanied him.

'Precursor Of Violence' Charge Laid To Agnew

By H. D. QUIGG
NEW YORK (UPI) — The bitter student race to face with Spiro T. Agnew, charged the vice president's speeches had some promise to build an aura of violence and said Agnew was a "precursor of violence."

Discussion of the Kent State University shooting led to the heated final five minutes. Agnew said the "evidence seems to indicate the National Guard overreacted" in the Kent shootings that killed four students.

Agnew said he recalled one such talk with a girl named Gypsy on a Saturday night. "She got mad at me because I wouldn't take my boots off when I made love to her," DeCarlo said.

Collective Leadership Will Take Over Tito Names President's Post Successors

BELGRADE (UPI) — Yugoslavia's aging President Tito, who has guided his nation through a quarter-century of increasingly liberal Communist rule, says a collective leadership will replace him at the head of the government when he is gone.

'Fair' Vote Seen In Party Primary

By FRED VAN PELT
A "fair" turnout of Seminole County voters is anticipated in the second party primary Tuesday. The thought was expressed by Mrs. Camille Bruce, supervisor of elections, basing her judgment on the fact that she already has issued 200 absentee ballot forms.

Democrats will give the party nomination to either Farris Bryant, former governor, or State Sen. Lawson Childs for U. S. senator. Democrats also will choose between Rubin Askew for governor and his running mate, Tom Adams, for lieutenant governor, and Earl Faircloth for governor and his running mate, George C. Tapper, for lieutenant governor.
