

Lake Mary

By VIRGINIA P. ANDERSON

Spending the weekend in Lake Mary were Mr. and Mrs. Wm. Evans and son Selden of Tampa. Mr. and Mrs. Karl Toney have as their guests, Mrs. Toney's mother, Mrs. Lora A. Boyd of Richmond, Ind. and her sister, Mrs. Esther Allen of Anderson and a friend, Miss Mary Long. They arrived Friday.

Mr. and Mrs. Raymond M. Hall have their daughter-in-law, Mrs. Raymond M. Hall and two sons, of Chicago with them, for an extended visit.

Lester Tillis of Waycross, Ga. was home over the weekend.

Visiting Mr. and Mrs. St. Penders in Winter Park Sunday afternoon were Mrs. W. P. Burke and her parents, Mr. and Mrs. J. L. Bullard.

Mr. and Mrs. J. H. Skewes had as their guests Thanksgiving Mr. and Mrs. Wm. Swainbury of Orlando.

McKinley Anderson of Beaver, W. Va. spent the Thanksgiving week with his son-in-law and daughter, Mr. and Mrs. J. L. Humphrey.

Tony Karajos arrived in Lake Mary Monday. He is a member of the Merchant Marine and is here between ships.

N. S. Hough, who has been confined to a nursing home in Sanford, returned to his Lake Mary home Monday.

Mr. and Mrs. Wm. Estel are occupying the Miller home on Little Lake Mary.

Mr. and Mrs. Wm. Leffler are home again, after spending some time with relatives in Corvova, Md. Their granddaughters, Barbara and Peggy Jo Miller accompanied them on the trip.

Mrs. C. N. Gardner returned to her home in Carbondale, Pa. She has been visiting her uncle, Joe Kinsky, for some time.

Mr. and Mrs. Grady Alderman are occupying the Murphy home, formerly occupied by Mr. and Mrs. E. E. Gregory who have moved into Sanford.

Mr. and Mrs. F. W. McCall and family, moved to Geneva Monday, where he will be in business.

Friends of Wm. Matthews will be sorry to learn that he is still confined to his home because of illness.

Al Hyvart, Jr. and two sons of Jacksonville are the guests of her parents, Mr. and Mrs. Wm. F. Thorne, Jr.

Mrs. Eben L. Hoyt, accompanied

by her daughter-in-law, Mrs. Frank Hoyt, returned Friday to their home in Wilmington, Mass. The Boy Scout committee of the Lake Mary Chamber of Commerce discussed the possibility Wednesday night of forming a Cub Pack among the boys under scout age. Tom Burgess, District Scout Executive, was present. Members attending were C. P. Braxington, P. D. Anderson, C. W. Weirich and Prof. H. B. Heckenbach.

Mr. and Mrs. Vernon Mitchell of Orlando have returned to their home after spending the Thanksgiving weekend with her mother, Mrs. G. E. Sjoblom.

Miss Doris Sjoblom was the guest of her parents, Mr. and Mrs. C. W. Sjoblom, the Sunday after Thanksgiving. She is currently employed in Winter Park.

C. R. Brantly of Sanford was a recent caller on D. J. Pearson who was celebrating his eighty-fourth birthday.

Word has just been received of the death of Mrs. Jane Matheson, in Keosauqua, Iowa, after a lingering illness. Mrs. Matheson is well known in Lake Mary, having made her home for some years with her son-in-law and daughter, Mr. and Mrs. Sidney Fowler.

The Home Demonstration Club held an all day meeting Thursday at the home of Mrs. Frank E. Bartlow, Miss Lila Woodard, County Home Demonstration Agent, instructed the members in the making of plastic handbags.

During the business session, it was voted to donate money raised at the Halloween Carnival to the school lunchroom, for the purchase of needed equipment. A contribution of money was also made to the Christmas Tree. The club planned to send gift boxes to Lake Mary boys in the service. Arrangements were made for the annual Christmas Party, for club members and their families, to be held at the school house, Dec. 20. Mrs. Albert Walter was appointed Publicity Chairman.

Attending the meeting besides the hostess and Miss Woodard were: Mrs. H. M. Haven, C. N. Gardner, Esther Smith, J. J. Gahr, George B. Patterson, C. P. Braxington, F. E. Godwin, J. J. Murphy, James Vates, J. E. Blanton, Albert Walter and C. White.

Mrs. Edna Greenleaf, who is employed at Brookville, spent the weekend in Lake Mary, where she was joined by her son, Pfc. Richard Greenleaf, who is enjoying a furlough from his assignment, Camp Devens, Mass.

Price Ceiling Being Planned, DiSalle Says

60 To 90 Days Delay Is Foreseen On Freeze; Wage Controls Will Also Be Imposed

WASHINGTON, Dec. 8—(AP)—The Army today cancelled a general ten-day Christmas holiday for soldiers in training camps. The announcement said training will continue through the holiday season at all camps in the United States except on Christmas day and New Year's day. The Army explained that commanders at camps and posts may grant leave to men who can be spared in order to give them time to go home for the holidays. The Army originally planned to suspend training for the two holiday week ends only, but on Nov. 11 announced that a general training holiday would be granted from Dec. 23 through Jan. 1.

WASHINGTON, Dec. 8—(AP)—Price stabilizer Michael V. DiSalle said today the government definitely is making plans for a ceiling on prices but sees no reason to freeze them now.

Such a ceiling would necessarily be coupled with a lid on wage increases, but DiSalle told a news conference he hoped any freeze would not be necessary. In any case, the former Toledo mayor said his price agency would be unable to impose a general ceiling for 60 to 90 days because of a lack of staff, space and administrative organization. Elder statesman Bernard M. Baruch spoke out, meanwhile, against "voluntary controls" in lieu of program which DiSalle outlined on page two.

Cold Air: Mass Hits Eastern Region As West Is Snowed In

By ASSOCIATED PRESS
Thousands of Midwest motorists started through deep snow drifts today while strong winds and rain buffeted a stretch of the east coast. Hundreds of motorists were stranded in the midwest. Drifts stacked up as high as ten feet in some places. Scores of schools were closed. Nine highways were blocked. There was heavy rain in the state varied between five and ten inches but whistling winds whipped it into heavy hummocks.

By ASSOCIATED PRESS
A surge of cold air and snow moved into the eastern states today after damaging winds and rain whipped across the storm.

At the same time, the Midwest shoveled out of the season's heaviest snowfall and the south got some relief from a severe cold snap. Winds of gale force which battered Pennsylvania, New York, West Virginia, Virginia and Maryland yesterday swept into the New England coastal region today. Shipping was hampered. Power lines were knocked out. The strong winds uprooted trees and blew off roofs of houses in many parts of the storm belt.

The snowstorm over the midcontinent left a carpet of white measuring as much as 44 inches in northern Michigan. There was much drifting but forecasters said the winds would diminish during day. Rising temperatures also were forecast, with no sub-zero predicted tonight. Snow, however, continued today over most of the north central region.

MARKET ELECTION

The annual election of committee of the Seminole County Production and Marketing Administration will be held Saturday at the office of County Agent C. R. Dawson from 8:30 A. M. to 5:00 P. M.

Five men will be selected from the following list: Leslie T. Bryan, Honner L. Carter, Fred W. Tyson, W. W. Linn, Henry Schumacher, O. Leo Butler, Percy Chapman, George Jacob, J. T. McLain, Jr., and Park Tyre.

Civilians Brave icy Waters To Flee Red Menace

Carrying what meager belongings they could salvage before fleeing from the threatened capital of Pyongyang, thousands of panic-stricken Korean civilians waded across the icy waters of the Yalu River as they seek safety behind U. N. lines. Chinese Communist troops entering the city found all important installations and buildings destroyed by Allied troops before they evacuated the area. (International Radiophoto)

Police Captain Is Shot To Death As Gun Battle Roars

SAGINAW, Mich., Dec. 8—(AP)—A police captain was slain and two fellow officers were wounded critically in a roaring gun battle in downtown Saginaw early today. It was the bloody outcome of a police ambush for a man and woman who only the night before had escaped from a similar parade-style gun fight with officers. This time the pair failed to escape. Police seized them just outside the city. The man was badly wounded. But in the vertebrae blood bath behind them were left a dead officer and two others who barely escaped death. Police Capt. Daniel P. Waters, 39, decorated World War II veteran of the Pacific, was killed. Wounded were police detective Clarence Dietzel, 61, shot in the abdomen, and state parole officer Eldon Johnson, 41, shot in the chest and right hand. Seized were Lawrence Nelson, alias Larry Edwards, 33, of Port Huron. (Continued on Page Two)

County Home Head Gives Up Post And Leaves Same Day

T. W. Hallow, superintendent of the County Home, and Mrs. Hallow, matron, notified County Commissioner J. P. McElholland Wednesday that they are resigning their positions immediately, and yesterday left the home. They had been requested, in a resolution by the County Commission Tuesday to resign as of Dec. 31, following receipt of a report of an Advisory Committee headed by Dr. W. P. Brooks, Jr., and a discussion of conditions at the home. Mrs. Edith Colbert, former manager of the Sanford Canning Kitchen, and a resident of South Sanford Avenue, was appointed as temporary superintendent of the home, pending the receipt of applications. According to Commissioner H. B. Pope, the Commission has requested that applications for the positions of superintendent and matron be in the hands of O. P. Herndon, county clerk, not later than Dec. 14. The combined salary of the two will be \$250 a month, and an apartment and meals. An automobile will be furnished for transportation.

Kilbee Is Found Guilty In Hog Stealing Case

DELAND, Dec. 8—(AP)—A circuit court jury today convicted Seminole county commissioner W. G. Kilbee, 52, of hog theft. He was not sentenced immediately pending disposition of a defense motion for a new trial. Judge H. R. Frederick said the motion will be argued later. He set a \$1,000 supersedeas bond. Conviction under the hog theft statute carries a penalty of from two to five years. A motion by defense attorney Garland H. Spencer for a court judgment for his client, notwithstanding the jury verdict, was denied by Judge Frederick. The jury deliberated 90 minutes. Kilbee, extensive Volusia-Seminole landowner and stockman, was accused of the theft of six hogs from V. P. Allman, Osteen rancher, on Nov. 8, 1949. The defense constantly summarized the case as "at best a dispute about ownership" both during the trial and in motions.

Sanford Gets \$6,221 From Cigarette Tax

TALLAHASSEE, Dec. 8—(AP)—The state's general revenue fund received \$265,494 and cities \$496,782 from the five cents a package tax on cigarettes during October. The Tobacco Tax Board already has received its \$3,000,000 share of the tax and an additional \$250,000 was allocated for construction of a 125 sanatorium at the Chattahoochee Hospital for the insane. Amounts received by the cities included: Orlando \$29,437, Palatka \$6,403, Panama City \$17,069, Sanford \$6,221, Sarasota \$14,989, St. Augustine \$8,508, St. Petersburg \$51,115, Tallahassee \$15,507, Tampa \$65,157, West Palm Beach \$25,110, Winter Haven \$6,084.

Truman Names Short As Press Secretary

WASHINGTON, Dec. 8—(AP)—President Truman today appointed Joseph H. Short, Jr., Washington correspondent of the Baltimore Sun, as presidential press secretary. Announcement of Short's selection was made by Stephen T. Early, who has been acting as press secretary since Charles G. Ross died suddenly Tuesday night. Early said he was happy to say that Mr. Truman had chosen Short as his "personal selection." A former member of the Associated Press bureau at Richmond, Va., and Washington, Short has been assigned to the Baltimore Sun's Washington Bureau since 1943. He was born Feb. 11, 1904, at Vicksburg, Miss., and received his A.B. degree at Virginia Military Institute, Lexington, Va., in 1925.

Florida Voters Discover Write-In Ballot, Cast Largest Number Ever

TALLAHASSEE, Dec. 8—(AP)—More Florida voters discovered the write-in vote and used it more this year than ever before. It's the hard way to cast a ballot, but it defeated the Democratic nominee for the State Senate in Palm Beach county and swept the mayor of Daytona Beach out of office. It was used to elect an Okaloosa county constable to fill the vacancy he left by resigning from the post after suspension by Governor Warren. Write-in campaigns came within an inch of defeating two Okaloosa county commissioners whose names were on the regular ballot, and a write-in candidate gave the state senator from Lake City some trouble. However, Stetson Kennedy's campaign to get enough people to write his name on the ballot to elect him to the U. S. Senate fell flat. He got only 187 votes in the whole state. A last-minute write-in campaign against the mayor of Fort Pierce also failed. Political historians here can't recall that any candidate in Florida ever got more than 5,360 write-in votes that were cast in Palm Beach county to elect Russell O. Morrow to the State Senate over E. B. Donnell, who had his name on the ballot by virtue of nomination by the State Democratic Executive Committee. Donnell got a thousand less. Morrow said the greatest difficulty he encountered on conducting his campaign was in acquainting his supporters with the method used to cast a write-in vote on voting machines. On paper ballots it's not too hard. There's a space under the name of the regular candidate (Continued on Page Two)

Attlee Concur With Truman On Need Of UN Consideration Of Chinese Attack

WASHINGTON, Dec. 8—(AP)—President Truman and Prime Minister Attlee said today they hope for a peaceful settlement of the Korean crisis but that if the Chinese Communists do not share this attitude the United Nations will decide what actions to take. "For our part," the two asserted in a final communique on their week long talks here, "we declare in advance our firm resolve to uphold the principles of the U. N. charter." The 2,000-word communique announced: 1. President Truman told Attlee he hoped it would never be necessary to use the atomic bomb and that he intends to keep Attlee informed "of developments which might bring about a change in the situation." 2. The British and American leaders agreed that the consideration of the Korean question in the U. N. will contribute to the maintenance of peace and security in the Pacific. This has been the American position all along and Attlee now supports it. 3. The two frankly recognized their policy split over Britain's recognition of Communist China and America's recognition of the Chinese Nationalists on Formosa but expressed determination "to prevent it from interfering with our united objectives."

Bruce Elected President Of Entomologists

W. G. Bruce, director of research at the Savannah, Ga., Laboratory of the U. S. Department of Agriculture, was elected president, and Dr. John W. The society was founded in 1893 and the visitors were welcomed by Mayor Andrew Caraway.

Britain Calls On Chinese To Halt Battle In Korea

LAKE SUCCESS, Dec. 8—(AP)—Britain called upon Red China today to stop killing United Nations troops in Korea and put her self within the pale of the U. N. charter. If she does this, British Minister of State Kenneth Younger said, he will find all U. N. members, both east and west, ready to cooperate. In a majority policy speech before the General Assembly's political committee, the British delegate today appeared to be making a conciliatory move toward the Peking regime. He assured the Chinese Reds that no country here had any desire to fight them.

Planes Are Grounded By Storm; A Grim Battle Rages On Blocked Roadway

TOKYO, Dec. 8—(AP)—A great column of U. S. Marines and infantrymen made "good progress" Friday in a desperate fight to crack through Chinese Communist traps and reach the Korean east coast for probable mass removal by sea. A U. S. Tenth Corps announcement said two new thrusts in the battered force, such as the 23rd Infantry, were being made. A "large" column of 20,000 men, apparently composed of 10,000 retreating Americans and a few British Marines, and further block their escape effort with fresh Chinese forces. The airfield behind the Allied column, its only link with the outside world, was brought under fire today.

Senator Says U. S. To Place Embargo On Cargos To Reds

WASHINGTON, Dec. 8—(AP)—Senator MacArthur (R-Calif.) today called for a U. S. embargo on cargoes to Communist China. He said the United States should cut off all trade with the Reds, including the sale of oil, and that the United States should support a similar embargo by other nations.

Boy Scout Committee Holds Business Meet

Karyle Housholder, chairman of the Seminole District Committee of Boy Scouts, conducted a business meeting of the group last night at the Episcopal Parish House, Ralph V. Smith, pastor. More Support For GIs In Korea Is Demanded By Anguished Wife

WASHINGTON, Dec. 8—(AP)—An anguished Mississippi woman whose husband now is fighting in Korea has written to Congress demanding more support for him and his buddies. She also asked for answers to some forthright questions, such as: Why must her husband write home for warm clothing? Why are the troops using old equipment? Why can't they have new equipment?

HERO JUNG

Gordon C. Jung of Daytona Beach, has been awarded his third combat decoration during the fighting in Korea, the Army announced today. Jung was awarded the bronze star medal with "V" for heroic action near Chindong Sept. 20. He earlier won the Distinguished Service Cross for extraordinary heroism July 24 and the Silver Star medal for gallantry in action Sept. 2 near Haman.

NATIONS IN KOREA

TOKYO, Dec. 8—(AP)—General MacArthur's headquarters said today 16 members of the United Nations are taking part in the war against Chinese and Korean Communists. Four countries have air, ground and naval forces in action: the United States, Britain, Australia, and the Republic of Korea. Four others have air units: South Africa, Greece, Belgium and Canada. Six have ground troops: Canada, France, Philippines, Thailand, Netherlands and Turkey. Canada, France, New Zealand, Thailand and the Netherlands have naval forces on hand.

JAFFE PLEADS

WASHINGTON, Dec. 8—(AP)—Philip J. Jaffe, editor of the defense magazine American, pleaded innocent today to charges of contempt of Congress. Red Pleads Innocent To Contempt Charge

WASHINGTON, Dec. 8.—(AP)—Steve Nelson, long-time Communist Party organizer, and four other persons pleaded innocent today to contempt of Congress charges. Two of those who entered pleas—David Joseph Bohm, 33, and Giovanni Rossi Lomanitz, 27—worked as scientists at the war-time radiation laboratory at the University of California.

The House un-American Activities Committee has charged that Nelson set up a Red cell at the laboratory while it did research on the atom bomb.

Marcel Scherer, 51, linked to the Un-American Activities Committee with charges of infiltration of the laboratory, also entered a plea of innocent. Nelson, Scherer, Bohm, and Lomanitz were indicted Monday for refusing to answer questions of the Un-American Activities Committee.

Since the latest turn of events, however, we see that it is far from true; and since it is, there are several questions I'd like answered. "If our soldiers are all supplied with warm clothes, why must my husband write me to send him these articles; he is an officer, but since he can't get to a quartermaster store or a post exchange, why wasn't he issued warm clothes, too? "And today I heard that our men are expected to eventually establish a line and hold it in Korea. In almost every one of my husband's letters he mentions the old equipment. In one letter he said most of their equipment was used during the Pacific war then saw five years' occupation duty—and now they are expected to win a new war with it. He is a 'spotter' pilot with (blank) D-1 vision, and he said except for one or two, all their planes are old and they do not expect replacements before the first of the year. Salesmen For Holler Motors

Dale Scott, left, and Morris E. Ferguson, right, are the two salesmen recently added to the force of Holler Motor Sales, W. E. Holler, Jr., announced today. Mr. Scott served four years in the Navy Air Corps, attended schools in Hollywood, Calif., and graduated in 1948 from Stetson University. A former instructor at the Sanford Naval Air Station, he has lived here six years, is married to the former Madalyn Truluck and has an eight-month-old son. Mr. Ferguson came to Sanford in 1939 from Kentucky where he was a graduate of Murray State College. He is an Army Air Corps veteran and taught at the Junior and Senior High Schools here for six years. He is married and lives at the San Lanta Apartments.

Florida

and all the voter has to do to vote for someone else is write his name in the blank space. The procedure is a little more involved in counties where there are voting machines. Few are aware of it, but there's a little metal tab in line with the printed name of every candidate on the machine. To write in a vote, the voter must hold up the tab and write the name on a roll of paper beneath it. When the booth lever is pulled to open the curtain, the tape rolls on and leaves a blank space for the next voter if he wants to use it.

Enough votes were written in at Daytona Beach last Tuesday to elect Dr. J. Hard Long, a young dentist, to the city commission over Mayor Ernest L. Padgett. The count was 729 to 597.

Cold Air

Middle Atlantic and eastern seaboard states. Gale winds of 50 to 60 miles were forecast for the New England coastal areas. Abnormally high tides were in prospect along the coast in Connecticut, Rhode Island and the Massachusetts Cape Cod area. A few families were evacuated from shore front homes in two Connecticut towns as the wind and rain storm struck last night. There was much damage from the wind storm but the blows were not as severe as the gales which hit the eastern states two weeks ago. Gusts of 91 miles an hour at equipment long before now? "How can our men fight with that? "I think it is high time the people of America—especially the ones who do have loved ones in this war—wake up to the things that are going on—and to the facts that our lives are more endangered every day because our boys in Korea aren't backed enough by the people at home, to finish this thing before it gets bigger.

Police

Huron, Mich., identified as a prison parolee, and his woman companion, Mrs. Sylvia Van Conant, 35, also of Port Huron. Police said they were the pair who shot it out with a group of officers the night before at an East Side night spot. Officers intercepted the two outside the Bancroft Hotel in the heart of Saginaw at 2:30 A. M. Nelson pulled a gun and started firing.

Nelson and Mrs. Van Conant raced off in their car but were soon overtaken by other officers who hauled them down at Carrollton, a suburb on the edge of the city. Neither attempted to resist. Nelson, police said, was huddled on the floor of the car, bleeding from his wounds. Mrs. Van Conant was at the wheel.

The police record on Nelson showed that he was paroled from prison Sept. 15 from a term of ten years for robbery armed. He was sentenced in October of 1941.

RDY NAMED COMMANDER WASHINGTON, Dec. 8.—(AP)—President Truman today nominated Lt. General Manton Sprague Eddy for appointment as commanding general of the 7th Army. The Seventh Army, a consolidation of the First Division and constabulary forces, was organized in Germany about two weeks ago.

Erie, Pa., shattered windows and cancelled air flights. Winds ranging from 40 to 60 mph whipped across western and central Pennsylvania.

Uprate New York took a terrific pounding from the winds which reached a velocity of 60 mph in the Lake Ontario region and caused high waves on the shoreline. In New York City, high tides on the east river splashed on a steam company's pipes, blinding East River drivers with a dense steam mist. The winds abated during the night in the New York City metropolitan area and in upstate New York. The rain was expected to end.

Price

(Continued from Page One) told Congress Tuesday that he intends to try while setting up an organization to handle mandatory controls. "There is nothing to voluntary controls except profiteering and destruction when war faces us," Baruch said in a telegram to Senator Maybank (D-SC) chairman of the Senate Banking Committee. Baruch, head of the Munitions Board in World War I, and has long been an adviser to presidents. Relations between him and President Truman, however, reportedly have been strained since the 1948 campaign. Baruch wired Maybank: "Don't you think we have had enough of trying the same experiment that have failed? Shall we study and plan ourselves into bankruptcy and defeat?"

The cryptic telegram apparently alluded to the status of home front mobilization. Baruch told Congress last summer that an all-out program should be started then. DiSalle is director of price stabilization in the Economic Stabilization Agency. He spoke at a conference held jointly with economic stabilization administrator Alan Valentine and wage stabilization board chairman Cyrus S. Ching.

All made it clear that a wage-price freeze, widely rumored in the last few days, is not imminent. But Valentine implied that "selective" controls may be employed on basic defense materials before any general action is taken.

The ESA Administrator indicated also the agency might make any price roll-back retroactive—a plain warning to businessmen that attempts to "beat" a freeze by boosting prices now might be fruitless. Valentine said he had not yet received any reply from Ford Motor Co. or General Motors Corp. to his telegrams last night urging them to suspend their announced price increases on 1951 models, pending an industry conference with ESA here next week.

Valentine declined to say what ESA would do if the companies refused to rescind the price boosts. But he noted that ESA "is fully clothed with authority, and if voluntary action fails, we could take mandatory action if the situation justified."

There have been widespread demands from Congressmen for wage-price controls. Senator O'Mahoney (D-Wyo) said today the people ought to insist on them.

DiSalle, in his first news conference since his appointment as price chief, gave reporters a formal statement in which he appealed for self-restraint by businessmen and consumers. He also denounced hoarders and profiteers and promised the government will hunt out and expose the "jackals" that attempt to unjustly enrich themselves at the expense of national health. He declared: "Hoarders and profiteers are enemies of the nation. Their activities if not curbed will defeat the purposes of this (defense production) act, and destroy the nation from within as certainly as armed action by an outside foe. "Consequently we cannot emphasize too strongly our complete determination to lick this problem."

"But at this time we see no reason for imposing such control and we hope it will not be necessary." DiSalle noted that OPA had 50,000 paid employees and 200,000 volunteer workers over the country in its wartime heyday. He said he "certainly did not aspire" to any such mass of personnel but emphasized that his own handful of workers is totally inadequate for a major price control effort.

Mrs. Anna Lavergne, Church Point, Louisiana, says she has a word of advice for those folks who seem always blue, sad at the world, or think cloudy skies are always hanging over their heads. Mrs. Lavergne says most folks when they act that way must not be feeling well. "Cause, a poor disposition is a sure sign of trouble. Mrs. Lavergne says, just taking herself as an example... now that she is taking HADACOL, there isn't a person in the world who can make her mad. Mrs. Lavergne found that by taking HADACOL her system was no longer deficient in Vitamins B1, B2, Niacin and Iron.

Here is Mrs. Lavergne's own statement: "You don't know how wonderful it feels to be in such good condition—after two years of feeling run-down. I had a very poor appetite—in fact, food wasn't even always me at all. I had a hard time sleeping nights... sometimes I would stay awake until 1 or 2 in the morning and then the next day I would feel tired and groggy all day long. You have no idea how terrible I felt. Now all this is gone... yes, now that I have been taking HADACOL, I feel wonderful. I get lots of good, sound sleep, have a fine appetite and just lots of energy. I can eat any kind of food now and it doesn't bother me a bit. I just can't begin to thank HADACOL. Don't Put Off Taking HADACOL. Do as thousands of others do whose systems lacked Vitamins B1, B2, Niacin and Iron. Remember, there's nothing else out there doing. The HADACOL formula is very effective for stomach disorders, insomnia due to upset stomach, vague aches and pains, a general run-down condition if they are due to such deficiencies. Make up your mind to give HADACOL a chance to help you as it has helped others whose systems lacked Vitamins B1, B2, Niacin and Iron. Remember, there's nothing else out there doing. Buy a bottle of HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL does not help you, your money will be refunded. If your druggist does not have HADACOL, order it direct from the LeBlanc Corporation, Lafayette, Louisiana.

 "God The Preserver Of Man" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, December 10.
 The Golden Text is: "The Lord is my rock, and my fortress, and my deliverer; the God of my life, in him will I trust; he is my shield, and the horn of my salvation, my high tower, and my refuge, my high tower, and my refuge, my high tower, and my refuge." (Ps. 124:1-2, 3).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He that is in our God is the God of salvation; and unto God the Lord belong the issues from death." (Ps. 68:20).
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance, to the proper sense of God's unerring direction and thus bring out harmony."
 Under divine Providence there can be no accidents, since there is no room for imperfection in perfection" (142:5-11).

TODAY'S BIBLE VERSE

Peter often fumbled and stumbled in his time of training, yet he became a great saint. We must use our mistakes and failures as stepping stones to rise higher.

It was the biggest Christmas parade and the biggest crowd, we believe, in the history of Sanford.

There will be no Dunkerque in Korea unless we are driven out of Korea seems to be the conclusion of the Truman Attlee conference.

Sanford's Phil Westgate got his picture in the Tampa Tribune Thursday. Dr. Westgate spoke before government and agricultural interests of five west coast counties.

Football is big business wherever you find it. Oklahoma and Kentucky will split \$250,000 between them for 60 minutes of football in the Sugar Bowl New Year's day.

When is appeasement not appeasement? That is what we want to know as Prime Minister Attlee continues his denial that he is in favor of appeasement.

How in the world President Truman ever happened to select such a good man for U. S. Civilian Defense Administrator as former Governor Caldwell of Florida is beyond us.

The inexorable force of circumstances is compelling the United States to do in Korea what it should have done months ago of its own free will and accord.

Take your family and friends to the Historic and beautiful LONGWOOD HOTEL. Situated half way between Longwood and Orlando.

Christmas Seals

Tuberculosis mortality in the United States will decline to a new low in 1950, the Metropolitan Life Insurance Company predicts.

"With the tuberculosis death rate in the population of the United States already well below 30 per 100,000, the prospects are excellent that it will fall below 20 within the next decade," according to the Metropolitan.

Hope that the disease will be reduced to minor proportions, according to the company, rests upon the expansion of facilities for early case finding, prompt and adequate treatment, and medical follow-up of arrested cases.

You can do your part to help eradicate the disease by buying Christmas Seals.

Expendable Automobiles

Suppose the owner of a wrecked car should be unable to replace it. It is conceivable that automobile owners would then be more anxious to avoid accidents.

During the war automobile accident figures dipped very sharply. This is generally credited to the lowered speed limits and restricted travel which prevailed.

Is it unthinkable that a motorist found to be at fault in an accident might be prohibited for a specified time from repairing or replacing his car? The law in many states prohibits him from driving again until he has settled the damage claims or proved his financial responsibility.

Life And The Party Line

The rules of courtesy and common sense applying to the use of a party telephone line are no different from those for any other important facility which must be shared by several persons.

Delays in turning in fire alarms on this account have often happened. Still more serious, and more strange, was the case of a mother in Madison, Wis., who wanted to call the doctor on a recent day because her small son, recovering from surgery, was suffering a severe hemorrhage.

The doctor was reached in time, but the boy's life had been in question. One point was not reported: Are the youngsters in the affair prolonging their telephone conversations these days? Or have they learned something?

THE WORLD TODAY

Close by my office window in New York City's Rockefeller Plaza they are busy trimming the great Christmas tree which yearly, through the Star of Bethlehem on its top, proclaims the message of "Peace on Earth Good Will to Men."

Meanwhile across my desk there pours a stream of news dispatches recording strife in many parts of our troubled world. It is an incongruous mixture of ideas.

Korean War

(Continued from page one)

Other Chinese Red forces were reported closing in on the port. Swinton said Soviet-built MIG-15 jets and American F-80 jets clashed in a dogfight at 18,000 feet over the U. N. breakout column.

The column was besieged by Chinese forces at their rear near Koto on both sides of a Canyon trail leading down to the sea, and ahead of them.

In northwest Korea, only patrol contact was reported along the newly formed Eighth Army defense line.

Top American Naval and Marine officers conferred secretly on a ship off the stormy east coast. A U. S. Eighth Army source said some Allied South Korean troops, in the far northeast, already had escaped by sea.

At the most critical spot the 29,000-U. S. Marines and doughboys and a few British—were in the midst of a tank-led drive to break out of a four-sided Chinese trap south of Changjin Reservoir.

Reds entrenched on dominating ridges and shielded by a snowstorm from Allied air attack raked the column with heavy fire.

Driving north to meet them was a relief column of the U. S. Third Division, trying to clear the roads into the mountains from Hungnam.

More than 1,700 critically wounded Marines and doughboys have been flown from Koto. There were no details of the Red attack on the field.

Far north of the reservoir, the 17th Regiment of the U. S. Seventh Division was moving to 40,000-foot mountains swarming with Chinese but its whereabouts was not announced.

An Army source said the remainder of the division was pulled back by land toward Hungnam.

The Korean conflict is a volcanic eruption of the cold war. Whether peace efforts can achieve anything there is extremely doubtful.

The Korean conflict is a volcanic eruption of the cold war. Whether peace efforts can achieve anything there is extremely doubtful.

In this connection Prime Minister Attlee yesterday declared at a National Press Club luncheon in Washington that so long as "the stars and stripes fly in Korea the British flag will fly beside them."

However, it is reported that President Truman and Premier Attlee have agreed that Europe is the prime center of conflict between Bolshevism and Democracy, and that desperate struggle is likely to go on and on, far beyond your time and mine.

Editor: I would like to bring to the public, especially the Christians of Seminole County some facts, also I am asking everyone of you to pray for Mr. and Mrs. Hollow.

Read Acts, Chapter 12, verses 1 to 20. Don't sit down and fold your hands and say it's nothing to me. What is happening to the Hollows today is but a small sample of what you and I will get later.

I believe all this took place before the Hollows moved in but now she is giving the overseer or nurse a pat on the back. Is it kept better now than it was? Then if so, why did I find ants on the beds and on the floor in this infirmary?

But the Hollows have no jurisdiction over this and if Mrs. Ravenel is looking after the inmates so well why was poor little Evelyn Jones, a Negro, neglected so bad that she lost her leg and would have lost her life for she was slowly but surely dying of infection when I visited her.

Now Mrs. Ravenel here's where you stand in 2nd Thess. Chapter 1, verses 6 says seeing it is a righteous tribulation to them that trouble you. Did you ever read what happened to Hiram over in Esther, Chapter 7, verse 9? He lifted up his hand and touched God's man but he was hung on the gallows he built for Mordchai.

You may cast the Hollows their jobs but I had rather be them than in your place or anyone that have lent a hand or tongue. I should say even any simple-minded person could see through your occupied Pyongyang, the U. S. Eighth Army consolidated positions on its newly-formed defense line.

Allied patrols probed for advance elements of 18 Chinese divisions moving toward the line. A few skirmishes were reported.

AP Correspondent Don Whitehead reported that up to 40,000 well-armed guerrillas—mostly reorganized North Korean troops—are operating behind the Eighth Army line and on its extreme right flank.

These hit-and-run raiders, he added, are increasingly harassing U.N. forces.

nations also must be expanded. They agreed that when plans for creating an integrated Western European defense force are approved a supreme command should be appointed.

7. Agreement was also reached that international action for allocation of raw materials to meet defense and essential civilian needs throughout the world is necessary.

There was no reference directly to a Big Four meeting but there was a virtual call on Russia and China to alter their ways and encourage the development of a more peaceful world.

"We shall do everything that we can, through whatever channels are open to us, to improve this view upon them and to seek a peaceful solution of existing issues."

The Lamplighter

"Early American Automobiles" is a new book available at the Sanford Public Library. Written by Floyd Clyneer with an introduction by James Melton, this book is a complete history of the early American automobiles. The printed matter is complemented by photographs and old newspaper advertisements.

The early Dodge, the Stanley Steamer and many others are represented, their peculiarities are unique features well explained. The whole family will enjoy this book, especially Dad, who will view it with a satisfied nostalgia for it will certainly recall to his mind the good old days of "Casey Jones" and the hesitation waltz. "Early American Automobiles" is excellent reading.

"The Complete Poems of Carl Sandburg", another recently published book available at the library is, his free verse style is known chiefly as the biographer of Lincoln. He has to be discovered by many as the great poet. His free verse style is often reminiscent of Walt Whitman. Sandburg is through and through an American poet, the pulse of the nation reverberating in his poems; yet, the profundity in it is of universal appeal.

Movie Highlights of the "The Pretty Girl" playing Sunday and Monday will make refreshing entertainment. Pretty girls and gay songs are the emphasis in this technical feature. Robert Cummings and Joan Caulfield are the stars. This will clinch your day nicely.

"The Flame and The Arrow," a "type" picture is excellent and Hurl Lancaster in the lead makes a splendid action hero who we think puts Errol Flynn and John Derek in the back seat. Here is an actor who looks the part and his feats of daring we do not question; we can look at him and think of the scene believable. The story is good with a human appeal. Even if the plot is wearing whickers, we can still thrill to the medieval scenery and swash-buckling action. "The Flame and The Arrow," while not a "must" will make a very entertaining evening in our opinion.

"Those good old days"

"There were none better and there will be none better." This is a member of the older generation speaking. We've heard them say, "You think Louis is good? Why Corbett or Dempsey would have flattened him in the first round!" Or about great operatic figures one hears, "Gus Van Name is good, but you weren't around to see Caruso—Ah, there was a singer!" Perhaps it's the same with every generation and its idols. It might be a trite, unexpressed attitude for some aspiring and idealistic young people to hear expressed, but nevertheless it is an incentive for them to outdo their heroes or die trying. And that is something.

Christmas Party Is Held At Woman's Club

The Woman's Club house was beautifully decorated for the annual Christmas party held on Wednesday for all departments with Mrs. B. H. Crumley presiding. There were 88 members and guests present.

Each of the large windows was outlined with greenery to form a drapery effect and a really decorated Christmas tree was placed against a background of holly boughs and other greenery. The decorated mantel was hung with stockings.

A White Christmas theme was used to decorate the head table with a miniature white Christmas tree trimmed with gold stars. Crystal candelabra held burning white tapers and holly leaves surrounded the arrangement. A single red candle adorned with a red satin bow and holly decorated the individual tables.

Mrs. Dan Wright and Mrs. Miam Russell were in charge of the decorations. Mrs. A. M. Phillips led in the singing of Christmas songs and Mrs. Francis E. Holt gave the devotional. Mrs. J. N. Gillon offered the prayer of thanks.

Mrs. O. M. Harrison, past president, told of her recent visit to the UN General Assembly and expressed the belief that the United Nations would eventually work out a plan for peace.

The Glee Club, composed of full members of the Sixth Grade, directed by Mrs. Escar Price, entertained the group with Christmas Carols after which games of throughout the remainder of the bridge and canasta were enjoyed afternoon.

Mrs. R. Frank, Sr. parcel post and Mrs. E. J. Amann as dance chairman.

Miss Catherine Clark Is Guest Of Honor

A miscellaneous shower honoring Miss Catherine Clark, lovely bride-elect, was given by Mrs. Ted Williams at her home on Plumosa Drive, with Miss Jean Williams co-hostess. The Christmas tree with a white Christmas trim trimmed in blue in the den. On the piano in the living room stood a miniature bride with a white candle standing on each side.

Shower games were played and prizes were won by Mrs. Nancy Brock and Mrs. Al Hunt. Miss Clark then opened her many beautiful gifts.

Refreshments of butter brickle, nutus, minis and coffee were served from a table decorated with a beautiful centerpiece of Brazilian peppers, big red bulbs and white candles.

The many guests enjoying the evening included Mrs. J. L. Clark, Mrs. W. Clark, Mrs. H. C. Wheeler, Mrs. H. J. Biber, Mrs. Leon Bryan, Mrs. Al Hunt, Mrs. Ed Varn, Mrs. J. E. McKinley, Mrs. T. J. Williams, Mrs. J. P. Thurman, Mrs. Charles Bowes, Mrs. W. J. Harvey, Mrs. Burke Steele, Mrs. Blake Sawyers, Mrs. Walter Steel, Mrs. J. H. St. John, Mrs. R. L. Minor League Conference Ends On Gloomy Note Over Player Shortage

By JOE REICHLER

ST. PETERSBURG, Dec. 5.—(AP)—Minor league officials headed for home today with Commissioner A. B. Chandler's ominous warning that...

"We're living in terrible times," baseball's high commissioner had told the meeting at a banquet last night...

Chandler left no doubt that the game must be prepared for any emergency, such as total nationalization...

"We are coming in a critical period," he told his audience of 1,800...

Chandler told of a recent visit with President Truman in Washington when he discussed baseball and the world crisis with the nation's No. 1 executive...

"People might say I was a bit chauvinistic but the fellows who didn't speak up in the last year, found they had to close shop," he pointed out...

The commissioner said the President's views were encouraging. He was assured that every effort would be made to keep baseball going...

Chandler, on the other hand, assured the President that baseball was prepared to do anything asked of it...

"Baseball never has and never will ask for special favors," he said...

The war threat to baseball hinted at by Chandler's address pushed into the background the bonus and repeat of the high school rule...

The moguls ended a three-year battle to fill the bonus law with yesterday's action that will affect 43 big league and 274 minor league bonus players...

Should that happen, it would mean that such bats as Paul Pettit, Pittsburgh's \$100,000 bonus baby, Johnny Antonelli of Boston's Braves, Frank House of Detroit and Gus Karatzakos of the Chicago White Sox...

Under the present rule a bonus player must be kept after only one year in a lower classification...

The high school rule is due to be voted on right away. Committee will be appointed to draw up a new agreement...

Straight from the Horse's Mouth

By ED HARPER

Fred Gunn, Seminole High basketball coach, has a tough job before him this year...

He has ten eager youngsters, who have yet shown no outstanding ability, but who with consistent practice, top conditioning and the necessary drive and competitive spirit should be able to win more than half their games...

The key to the number of games they win will probably depend more on the attitude they take into the court than anything else...

In a practice session yesterday, Coach Gunn said was low part, the team was understandably ragged. It is early in the season and the first game won't be played until Dec. 12 at Kustis...

Smallest player on the court was Little Lefty Reynolds, a pointer who makes up in fire what he lacks in height and weight...

Many of the survivors were bothered by sore feet, but completed their heats without lagging.

The best showing for the third day was turned in by Scott Hendrix. This entry's score of 140 points Thursday compared with a total of 325 for the other two days, and won a tie for fifth place.

Hallback Pickett, owner H. V. Winkler, Petersburg, Ill., third with 215 points. Smuggler, owner G. G. Green, Clarksville, Tex., fourth, 210 points; and Blane Winn, Jr., owner J. F. Manning, Grimesboro, N. C., and Scott Hendrix, owner Hendrick's, Canilla, Ga., tied for fifth with 195 points each.

AUSTIN, Tex., Dec. 5.—(AP)—The powerful University of Texas Longhorns risk pride and title this here tomorrow against Louisiana State University...

LANDRY JOHN YANKEES.—Montgomery, Ala., Dec. 5.—(AP)—James Landry, Notre Dame halfback, has been added to the Northern squad for the 13th annual Blue-Gray football game here Dec. 30...

BEAU METR MURPHY.—New York, Dec. 5.—(AP)—Irish Bob Murphy, a slugging light heavyweight, who is aiming for a shot at heavyweight king Ezzard Charles and young Jimmy Beau, a middleweight, tangle tonight in a 10-rounder at Madison Square Garden...

Defensively none of the variety here was standout. Both Hardin and Covington—who top every other player on the squad by a head—

Denver's Sid Ryen Is Hot But L. I. U. Wins In Overtime

Bradley Squeezes By Oregon 77-74 As Melchior Stars

NEW YORK, Dec. 5.—(AP)—Two great basketball players battled it out in Madison Square Garden on even terms last night until a leg cramp decided the issue...

Sid Ryen 6-4 Denver forward, twice bought the Pioneers from behind Long Island University with last-second baskets to send the game into double overtime...

Both Denver and Brigham Young of the Rocky Mountain area are out as contenders for national honors in March.

Powerful Bradley had trouble all the way before edging Oregon State 77-74 Gene Melchiorre and Fred Schiltman of the Peoria Braves each counted 21.

The Texas Aggies pulled one of the night's big upsets in trouncing unseeded Calumet, 44-41, on Jesse McIlwain's basket in the final 11 seconds...

Georgia Teachers College defeated the Atlanta Division of the University of Georgia 69-59 at Atlanta. Rev. Perkins scored the winners with 22 points.

North Carolina State, another national power, whipped Georgia Washington, 46-21. State's Sam Ranzini connected for 24 points.

Vermont upset Dartmouth in overtime, 66-64. Bob Zawoluk scored 24 points in St. John's 76-72 triumph over Southern Methodist in the Madison Square Garden opener.

Cochran kept emphasizing hip-in shots on rebounds and toward the end the two tall centers seemed to be listening and making convincing tries.

Coach Gunn kept emphasizing hip-in shots on rebounds and toward the end the two tall centers seemed to be listening and making convincing tries.

Medioere Georgia And Aggies Meet In President's Cup

COLLEGE PARK, Md., Dec. 5.—(AP)—The Texas aggies and Georgia's Bulldogs were due here today to take the lid off the major post-season bowl games...

The Aggies, who close to fill us for the big game, have split their four previous bowl games.

Royal welcomes were worked out for both teams on their arrival here.

Other affairs are on the weekend schedule. Elaborate ceremonies for Washington's entry into the bowl season are being planned for half-time during the game...

How can you pass up prices like these?

As we've been saying for quite a spell—"Whatever your price range—Better buy Buick." But maybe we'd better get down to brass tacks, as to just what this suggestion means. In the lower-price field, this has been happening: Four out of ten Buick SPECIALS—bought by people with a car to trade in—have been bought by folks who formerly drove one of the so-called "low-priced three's." They found they could afford a Buick! In the fine-car field, something even more impressive has happened: Four out of five people who looked at a ROADMASTER and another very distinguished automobile decided in favor of ROADMASTER!

Minor League Conference Ends On Gloomy Note Over Player Shortage

By JOE REICHER
ST. PETERSBURG, Dec. 8.—(AP)—Minor league officials headed for home today with Commissioner A. B. Chandler's ominous warning still ringing in their ears.

"We're living in terrible times," Chandler said at a banquet last night marking the 49th convention's closing. "We've got to look facts in the face. We've got to be ready for every emergency."

"We must be prepared to face the uncertainty and you fellows must make plans accordingly."

Chandler left no doubt that the game must be prepared for any emergency, such as total mobilization.

"We are coming to a critical period," he told his audience of 1,000.

Chandler told of a recent visit with President Truman in Washington when he discussed baseball and the world crisis with the nation's No. 1 executive.

"People might say I was a bit chauvinistic but the fellows who didn't speak up in the last war found they had to close shop," he pointed out.

The commissioner said the President's views were encouraging. He was assured that every effort would be made to keep baseball going. Chandler, on the other hand, assured the President that baseball was prepared to do anything asked of it, in the event of a third World War, in the way of manpower and material.

"Baseball never has and never will ask for special favors," he said.

The war threat to baseball hinted at by Chandler's address pushed into the background the bonus and repeal of the high school rule.

The moguls ended a three-year battle to kill the bonus law with yesterday's action that will affect 43 big league and 278 minor league bonus players. The rule officially will be tossed out next week when the majors do the expected and follow the minor's initiative.

Should that happen, it would mean that such lads as Paul Pettit, Pittsburgh's \$100,000 bonus baby, Johnny Antonelli of Boston's Braves, Frank House of Detroit and Gus Kariazakos of the Chicago White Sox, could be sent out for more seasoning. Under the present rule a bonus player must be kept after only one year in a lower classification.

The high school rule is due to be revived. An eight-man committee will be appointed to draw up a new agreement permitting baseball to discuss terms with schoolboys, particularly during their senior year. Under a present agreement, which does not expire until Dec. 31, 1951, a student may not be approached until either he or his class has been graduated.

Hardy Hounds Stay On Trails Dimmed By Cold And Snow

FLORENCE, Ala., Dec. 8.—(AP)—Twenty-one hardy foxhounds, clinging to trails dimmed by snow and made difficult by cold, pursued the U. S. Open Trials championship today.

Little Frog, a Texas hound, was a jump ahead of survivors of an original entry list of 80 contestants in the final round. Thirty-three hounds were re-scheduled yesterday, 23 for loafing.

Little Frog, owned by S. A. Wheeler of Brazos, Tex., picked up 115 points for his work yesterday, moving him from fourth to first place with a total of 209 points.

The only other member of the second day's top six to remain at the front of the pack was Jim, entered by Finley and Douglas of York, S. C. He held on to second place with 250 points.

The cold weather and frozen ground was credited in part with the reduction in the number of contestants. The 21 starters left marked the fewest for the last cast in the five-year history of the event.

Many of the survivors were bothered by sore feet, but completed their heats without lagging.

The best showing for the third day was turned in by Scott Henalee. This entry's score of 140 points, Thursday compared with a total of 55 for the other two days, and won a tie for fifth place.

The leaders beside Little Frog and Jim:

Halfback Pickett, owner H. V. Wankel, Petersburg, Ill., third with 245 points; Smuggler, owner C. G. Green, Clarksdale, Tex., fourth, 210 points; and Blaze Winn, Jr., owner J. F. Manning, Greensboro, N. C., and Scott Henalee, owner Henalee's, Camilla, Ga., tied for fifth with 195 points each.

TEXAS VS. I. S. U.

AUSTIN, Tex., Dec. 8.—(AP)—The powerful University of Texas Longhorns risk pride and little else here tomorrow against Louisiana State University.

The Steers have already clinched the Southwest Conference Championship and the host spot in the New Year's day Cotton Bowl against Tennessee.

LANDRY JOINS YANKEES

MONTGOMERY, Ala., Dec. 8.—(AP)—James Landry, Notre Dame halfback, has been added to the Northern squad for the 14th annual Blue-Gray football game here Dec. 30.

The addition of the pass-catching Notre Dame star brings to 23 the number of Yankee players signed for the game.

BEAU MEETS MURPHY

NEW YORK, Dec. 8.—(AP)—Irish Bob Murphy, a slogging light heavyweight who is aiming for a shot at heavyweight king Ezard Charles, and young Jimmy Beau, a middleweight, tangled tonight in a 10-rounder at Madison Square Garden.

The red-haired, 28-year-old Murphy has flattened his last 10 foes. Beau, a 20-year-old who has mixed with some toughies, is an aggressive, punch-thrower, crowd-pleaser.

BOXER KILLED

Straight from the Horse's Mouth

By ED HARPER
Fred Ganas, Seminole High baseball coach, has a tough job before him this year.

He has ten eager youngsters, who have yet shown no outstanding ability, but who with consistent practice, top conditioning and the necessary drive and competitive spirit should be able to win more than half their games.

The key to the number of games they win will probably depend more on the attitude they take onto the court than anything else. They have the shots; whether they have the incentive to scramble and eat shows in a fight for rebounds is apparent as yet.

In a practice session yesterday, which Coach Ganas said was below par, the team was understandably ragged. It is early in the season and the first game won't be played until Dec. 12 at Easton. Offensively the first string looked good. Guard Jimmy Smith was hitting regularly from 20 to 30 feet out and center Wise Hardin and Gerald Covington, who alternated an varsity pivot men, were both accurate on hook shots.

Smallest player on the court was little Lefty Reynolds, a portly kid who makes up in fire what he lacks in height and weight. Lefty is the kind of basketball player you seldom see any more in this era of top heavy giants. Only rarely in the court game does a small man develop the deception, quickness, speed and heart necessary to overcome his lack of brawn. Bradley University's sparkling, Gene Melchiorre, is an example of what lightning reflexes and driving play can do to cut down the Goliaths to size. To compensate, the little man must develop to a fine pitch the advantages he has—coordination, quickness and heady intelligent play. Lefty shows some signs of being able to attain these qualities. He uses his head, takes his time and apparently isn't afraid to mix it up under the basket.

Guard Clarence White and Forward Clarence Clause are probably the two most dependable and poised players on the squad. Clause covers well under the basket, but he's yet in "basketball condition" having been involved with the late lamented football team.

White is a very fast, shifty player. His ball handling seemed to this writer to be the best on the court—and ball handling skill is one of the things on which the team could improve.

Early in the practice game the second team—paced by Covington—took about an eight point lead before the varsity got warmed up. Then Smith, probably the hottest player on the court yesterday afternoon, sank four goals in a row. The second team, wearing orange shirts, got a little over-anxious at this point, began guarding too closely and fouling pretty regularly—most of the time in places where it couldn't help much and would only have cost a free throw in a regular game.

On one of the neatest plays of the day, Smith stole the ball from a scrub guard, pivoted neatly, shot—and missed the basket by a foot.

Defensively some of the varsity boys were standouts. Both Hardin and Covington—who top every other player on the squad by a head—

Denver's Sid Ryan Is Hot But L. I. U. Wins In Overtime

NEW YORK, Dec. 8.—(AP)—Two great basketball players battled it out in Madison Square Garden on even terms last night until a leg cramp decided the issue.

Sid Ryan 6-4 Denver forward, twice brought the Pioneers from behind Long Island University with last-second baskets to send the game into double overtime. Then with the score tied at 55-55 in the final overtime his leg cramped from exhaustion and Denver lost, 58-56, after he left the court.

Until then, the Denver player and leading scorer had done a good job of keeping pace with L. I. U. forward Gene Melchiorre, No. 1 center in the east. Ryan scored 19 and White 22.

Both Denver and Brigham Young of the Rocky Mountain area are contenders for national honors in March.

The touring BYU five downed tough Eastern Kentucky, 63-58, at Richmond, Ky., last night. Center Mel Hutchins scored 21 for Brigham.

Powerful Bradley had trouble all the way before edging Oregon State 77-74 Gene Melchiorre, and Fred Schlichtman of the Peoria Braves each counted 21.

The Texas Aggies pulled one of the night's big upsets in trimming unbeaten Canisius, 48-44, on Jewell McDowell's basket in the final 11 seconds. Canisius led, 44-41, with 47 seconds to go. A basket by Marvin Martin brought it to 44-42 then John DeWitt stole the ball and passed to McDowell for the winning goal.

Georgia Teachers College defeated the Atlanta Division of the University of Georgia, 23-22, at Atlanta. Scotty Perkins paced the winners with 22 points. The Teachers led 33 to 19 at the half.

North Carolina State, another national power, walked Georgia Washington, 60-71. State's Sam Ransino connected for 24 points, teammate Vic Bubas for 22.

North Carolina, also a contender this season, whipped Richmond, 69-64, in their Southern Conference opener.

Vermont upset Dartmouth in overtime, 66-64.

Bob Zawoluk scored 28 points in St. John's 76-72 triumph over Southern Methodist in the Madison Square Garden opener. Washington University of St. Louis upset Missouri, 46-42, on free throws. Utah State defeated Wichita 56-50 and Wyoming edged Montana State College, 55-53, in other major encounters.

Bradley Squeezes By Oregon 77-74 Melchiorre Stars

Other affairs are on the weekend schedule.

Elaborate ceremonies for Washington's entry into the bowl season are being planned for half-time during the game. It was announced today. Army, Navy, Marine corps and Air Force bands will perform, along with musical organizations from nearby high schools.

Mediocre Georgia And Aggies Meet In President's Cup

COLLEGE PARK, Md., Dec. 8.—(AP)—The Texas Aggies and Georgia's Bulldogs were due here today to take the lid off the major post season bowl games. They meet in the first Presidential Cup contest tomorrow.

Coach Wally Butts' Bulldogs, arriving in nearby Washington, D. C. by train, will be shooting for their third bowl victory over a Southwestern team. They whipped Texas Christian in the 1942 Orange Bowl and Tulsa in the 1946 Oil Bowl.

The Aggies, who close to fly up for the big game, have split their four previous bowl games: They beat Tulane in the 1946 Sugar Bowl and nipped Fordham 13-12 in the 1941 Cotton Bowl, they dropped decisions to Alabama in the 1942 Cotton Bowl and L. S. U. beat them in the 1944 Orange Bowl.

Royal welcomes were worked out for both teams on their arrival here. Col. Waldron E. Leonard, chairman of the District of Columbia citizens committee, planned to present the keys of the nation's capital to Georgia in the morning and the Aggies in the afternoon. Luncheons, dinners and

Daughters Of Wesley Have Xmas Party

The lovely and spacious country home of Mrs. Thomas L. Sullivan on Cameron Avenue was the scene of the annual Christmas party of the Daughters of Wesley Sunday School Class on Tuesday evening. The party rooms were beautifully decorated with Christmas arrangements, using silver and blue as the color scheme.

The large silver Christmas tree with blue lights and blue balls was placed in the north end of the living room, with a bright fire in the fireplace. The mantle was centered with an arrangement of silver plant leaves with a cluster of small blue balls in the center, surrounded by silver ligustrum leaves and Brazilian peppers which was reflected in a large mirror in the background.

Arrangements of Margaret Fulton gladioluses and silver pittosporum leaves were placed throughout the rooms. A lovely Christmas scene consisting of figurines placed among Brazilian peppers was on the buffet.

Mrs. M. R. Strickland presided over the business session which was opened by the group singing the class song led by Mrs. Claude Herndon, followed by Mrs. J. C. Davis reading the Christmas story from the Bible.

Mrs. Strickland introduced guests, Mrs. E. W. Brown, Mrs. R. C. Monroe's aunt from Hamlet, N. C., Mrs. Stella Woosman guest of Mrs. Margaret Edwards from Indiana, Mrs. J. A. Howard, and Mrs. Reuel Robison as new class members. She also announced that a class member, Mrs. C. E. Mc-

kee, is ill at the Florida Sanitarium and that a member of long standing, Mrs. Helen Schultz, has moved to Deland to make her home.

"Happy Birthday" was sung to the members having birthdays during the month, they in turn donated to the birthday bank which was opened and the contents turned into the courtesy fund. Mrs. Herndon reported that she had sent four cards, one bouquet, made three visits and also with her committee served a dinner in McKinley hall. The class will supply two needy families with food and clothing at Christmas time.

Mrs. S. G. Harriman read "The Boy Who Laughed at Santa Claus," "Story of Silent Night" and "A Letter to Santa Claus." Later Santa Claus appeared and distributed gifts to all present.

Mrs. Sullivan and her co-hostesses Mrs. O. M. Estridge, Mrs. W. L. Harrison, Mrs. Fred Strange, Mrs. E. C. Williams, Mrs. Zeb Ratliff and Mrs. Homer Price served a congealed salad, fruit cake and coffee, with a miniature Santa Claus made from an apple and marshmallow on each plate as favors.

Those attending were Mrs. W. W. Honeywell, Mrs. M. R. Strickland, Mrs. Stella Woosman a visitor from Indiana, Mrs. W. E. Raines, Mrs. Zeb Ratliff, Mrs. Roy Tillie, Mrs. L. J. Boyette, Mrs. W. L. Harrison, Mrs. A. B. Stevens, Mrs. Pauline Howard, Mrs. Brodie Williams, Mrs. S. O. Shindler, Mrs. J. C. Davis, Mrs. J. E. Courter, Mrs. J. E. McKinley, Mrs. F. W. Brown of Hamlet, N. Tonight is the big night for all of you who are going to see that wonderful play, "Inner Willy." Directed by Mrs. H. J. Biebee it's sure to be a hit! The Junior class has gone overboard to make this something that will warm your heart; something you'll remember long afterwards! Students may go at the 1:30 performance or this evening at 8:15. Adults will have to pay only 60 cents and students may go at a low low, economical price of 35 cents! See Ed McKinley as Walter Routh's Inner Man; Caroline McKinnis, the heroine; old maid; Gretchen Kirchhoff, Donna Witte, and many, many more! Laugh until you cry! Make an effort to see this Junior play, "Inner Willy!"

The Christmas edition of the Celery Fed came out Thursday morning. For only 15 cents you get your money's worth! If you didn't buy one this time, be sure to get one when they are for sale again. Hollywood

By BOB THOMAS

HOLLYWOOD, Dec. 8.—(AP)—Hollywood has its own man of mystery and his name is Howard Hughes.

The 44-year-old millionaire Texan becomes more of a legend every day. His usual operation of RKO studios has given rise to a wealth of stories.

Most of the RKO workers have never seen their fabulous boss. A few jokingly deny that he even exists. For some unexplained reason, he maintains his office at Samuel Goldwyn studios, two miles away. Orders concerning studio operations filter down through assistants and secretaries.

One of Hollywood's favorite stories maintains that Hughes has only visited the RKO lot once. That was shortly after he bought controlling interest in the studio.

Hughes was supposed to have dropped in at the studio at an early morning hour. The studio manager showed him through every darkened building, every empty stage. Hughes said nary a word until he was about to leave. Then he turned to the manager and uttered two words: "Paint it."

The story has never been confirmed, but studio workers observed that the entire studio was painted shortly afterward.

Hughes apparently has a liking for late hours. No word is issued from his office before 2:00 o'clock in the afternoon. Hughes employees are accustomed to being awakened at three and four in the morning by a message from the boss.

He reportedly looks at film in a Goldwyn projection room for hours at a time in the early morning. He can sometimes be seen in the daytime, sleeping in his modest automobile parked outside his office.

Many of his top stars have never seen Hughes, although they may have talked to him on the telephone. Robert Mitchum is one of those.

Jane Russell sees him only once a year. That is the time when her contract comes up for option. On that day she reportedly sits outside his office for anywhere from one hour to six. Finally, Hughes appears, the contract is signed and that is that.

The Hughes mode of releasing pictures is also cause for wonderment. The classic example is "The Outlaw," which he showed in two locations until he ran into censorship trouble. Then he held the film for seven years before releasing it generally.

He just now is releasing the Harold Lloyd film, made five years ago, and "Vendetta," which was remade four or five times over as many years. He has announced no plans to bring out two Jane Russell films produced two and three years ago.

Hughes is also noted for his long-running contracts. Jane Russell, Jack Beutel and Faith Domergue have been kept on salary from five to eight years without acting in a picture. The careers of all three have been activated recently, however.

The most recent of Hughes' amazing adventures in movie-making was "Two Tickets to Broadway." The picture was announced to start last spring. The entire

watch. Rehearsals were held for six months until the picture finally started a few weeks ago.

RKO dance rehearsal hall, where sets and all, was moved to Goldwyn studios, where Hughes could

Truman May Declare National Emergency; GOP Leaders Called

Wage-Price Controls May Be Imposed By Administration Before End Of Week

OTTAWA, Dec. 11 (AP)—Prime Minister Attlee flies back to Britain today after what he has termed "thoroughly useful and thoroughly harmonious" talks in Ottawa and Washington on the critical international situation.

WASHINGTON, Dec. 11 (AP)—President Truman today gave intense study to the question of declaring a national emergency—possibly to be followed by wage-price controls—and asked both Democratic and Republican congressional leaders to meet with him Wednesday.

Senator Taft (R-Ohio) was one of those invited to a White House meeting at 10 A. M. Tuesday. It was the first time Taft, head of the Senate GOP Policy Committee, has been brought into the emergency consultations since the Korean war.

A White House announcement said the congressional group was being called to the White House "to discuss matters concerning the proclaiming of a national emergency and related matters."

It added that the president "is continuing to press through the necessary legislative steps."

Bradley Declares Local Red Cross Needs Assistance

Gordon Bradley, chairman of the Seminole County Red Cross Chapter, stated today that the chapter is faced with demands with which it cannot cope with its present facilities without voluntary assistance.

He made this statement following receipt of reports at a meeting of the chapter board of directors at the Tourist Center Wednesday.

The Red Cross drive fell short of its goal last year, and the job of the secretary was cut to half time, he pointed out.

Since that time the Korean war has occurred with more men in service, and more work to be done, he said.

As a result, Mrs. Joseph Gonzalez, the secretary, who is employed on a half time basis, has to work full time, he stated.

Volunteers are needed to assist Mrs. Gonzalez in her office so that outside contacts may be made, he said.

Mr. Bradley stated in her office that the time of a full time service worker," he said.

450 Legionnaires Attend Meet Of Department Of Florida Here

Immediate and all-out military mobilization, ejection of Russia from the U. N., and removal from the American Legion Department of Florida and Auxiliary attended the two-day conference which was completed with a luncheon yesterday afternoon in the ballroom of the Mayfair Inn.

Moslems Riot In Singapore Over Custody Of Child

Butah troops with bayonets moved into the riot-torn streets of Singapore tonight to battle fanatical Moslems, stirred to a frenzy by the mob fight between a Dutch mother and a Malayan nurse for custody of a white child.

Hundreds of soldiers in trucks raced through the downtown streets where the mobs were battling police, attacking Europeans and overturning and burning automobiles.

About 5,000 Malays stoned for three hours at the Supreme Court building, where a hearing was underway on an appeal to return the 13-year-old child, Maria Beetha Henstou, to her Malay mother.

Annual Civic Club Day Proclaimed By Mayor Carraway

Sanford's first annual Civic Club Day was proclaimed today by Mayor Andrew Carraway as he set aside Thursday, Dec. 11 in honor of the visit to Sanford by Richard W. Keener, City and County Commissioner, of the Junior Chamber of Commerce.

All Sanford civic clubs will hold a joint luncheon at the Mayfair Inn to hear a talk by the distinguished visitor, City and County Commissioner, as well as state officials of the Jaycees, the Florida State Chamber of Commerce, Seminole County Chamber of Commerce, board members at the luncheon.

Civic clubs cancelling their regular meetings this week to attend the Keener luncheon include the Business and Professional Women's, Kiwanis, Lions, P.O. and Rotary. Seminole County Jaycees will also host, with J. Bradley Ouham, state Jaycee president, scheduled to introduce Mr. Keener.

"The civic clubs of Sanford have collectively contributed much through the years to the growth of Sanford," Mayor Carraway said today.

"Each plays an important part in the progress of our community and county, and an annual joint meeting of all clubs will stimulate the spirit of cooperation and progress to an even larger degree than ever before in the history of our city."

It behooves our civic clubs to continue in the same spirit of cooperation and effort which has characterized their work of the past in making our community a better place in which to live.

Buyers are on a wild hunt for Florida vegetables and due to scarcity created by hurricanes and freezes prices are soaring. Manager Sandy Anderson of the Sanford State Farmers Market reported this morning.

The result is a bright outlook for the celery deal with F.O.B. prices now at \$4.35 a crate. Cabbages, which last season brought about 75 cents a bushel, are now quoted at \$2.50. More than 1,000 units were received today from North Carolina.

Four cartloads of celery were received at the Market today and came from Zellwood, Pahokee and Belle Glade.

Yellow squash is in big demand, said Mr. Anderson, and is bringing \$2.40 per bushel hamper. Pole beans are quoted at \$7.00; tomatoes \$7.00; cucumbers \$6.10 and eggplant, \$4.90. More than 500 boxes of tomatoes were received today from the lower east coast.

High Tribunal Says Reds May Remain Silent

Contempt Conviction Is Unanimously Reversed In Decision By Supreme Court

WASHINGTON, Dec. 11 (AP)—Persons suspected of Communist activities may refuse to answer grand jury questions, the Supreme Court ruled today.

An 8 to 0 opinion held that to do otherwise would place the witness in danger of prosecution under the nation's 10 year old anti-subversive laws.

Today's opinion—tossing out a one-year contempt of court sentence given Mrs. Patricia Blau of Denver—left unchanged for the time being at least the right of courts to penalize persons who refuse to answer questions put to them by congressional committees.

The high tribunal so far has refused to look into any contempt of Congress cases. Its actions had the effect of upholding such sentences.

Justice Black delivered the court's opinion, which Justice Clark took no part.

In her appeal Mrs. Blau said that if she answered the questions she might make herself liable to prosecution under the 1950 Smith Act. That law makes it a crime to teach or advocate the violent overthrow of the government.

Mrs. Blau pointed to the New York conviction of 11 top Communist leaders under the act and claimed for herself the constitutional guarantee against self-incrimination.

Agreeing with her contention, Black said that provisions of the Smith Act "made future prosecution of Mrs. Blau far more than a mere imaginary possibility."

An appeal by the 11 Communist leaders is pending before the High Court. They have attacked the legality of the 10 year old law.

When Mrs. Blau's case was appealed to the Supreme Court, she was joined by her husband, who received a six-month sentence and Mrs. Jane Rogers who drew four months.

The tribunal made no mention today of the cases of Mrs. Blau and Irving Blau, although all three cases were argued at the same time. Apparently, the court will rule on the appeals at the other two at some later session.

The contempt conviction resulted from an investigation begun in 1948 by the House of Representatives in Denver. The inquiry concerned federal employees who allegedly made false statements in connection with the investigation.

Rent Control Bill Passed By House, Goes To President

WASHINGTON, Dec. 11 (AP)—A bill extending federal rent controls until next March 31 cleared its last congressional hurdle today and went to President Truman. He is expected to sign it.

The House completed congressional action by shouting its approval of a compromise of differing Senate-House versions. The Senate gave its okay Friday.

The government also ordered a cut on the use of natural rubber in new automobile tires.

The National Production Authority announced cuts in January and February manufacturers must reduce the consumption of natural rubber by 28 percent from November levels.

A November quota set by NPA under a previous order was 52,000 tons of natural rubber. The total amount of consumption of both natural and synthetic rubber for the month was 60,000 tons.

Elsewhere in the nation's capital four United States Senators today urged a complete blockade of Red China and the use of Chinese Nationalist troops in the present Korean crisis.

Cohen Henchman Is Shot To Death In Gangland War

HOLLYWOOD, Dec. 11 (AP)—Mickey Cohen's No. 1 attorney for many years, Sam Rummel, was ambushed and killed today on the steps leading to his rambling home in a Hollywood Canyon.

Police believe the swarthy, 52-year-old lawyer was cut down by a gunman who had hidden for hours behind a hedge near a door. Rummel died a few steps from his flood-lit garage, as he started up the hill toward the house.

"My God! My God!" cried Cohen when the news was telephoned to him. "It's not so!"

Rummel was hit at a range of about 15 feet with slugs from a 12-gauge shotgun so old that police at the scene couldn't immediately identify its make. The gun was left in the shrubbery of the house next door, near trampled plants which indicated the killer had

Tender Vegetable Crops Endangered By New Cold Wave

LARELAND, Dec. 11 (AP)—Florida's hot money crops of tender winter vegetables will be in danger from frost tonight.

Frost is expected to hit all of the state except the most favored areas located south Florida spots. At the same time the Federal State Frost Warning Service said the cold would not be severe enough to cause more than negligible damage to the valuable winter harvest.

"It will be pretty close to tender truck in the Everglades, Indian River and lower east coast districts, Warren O. Johnson, head of the Service, said. "Damage will be mostly in the glades and I don't see staff in the cooler locations will get hit," Johnson said. The sugar monoculture may get as low as 32 degrees there.

Tender truck in low ground cold spots in the Indian River and lower east coast areas will be in jeopardy, Johnson emphasized. That temperatures on higher ground will be about seven degrees warmer than the figures issued for low spots, and that should enable many farms to escape.

The big truck areas on the west coast, such as Ruskin, also will have trouble from frost on low ground.

Citrus is safe except in extremely low pockets on the northern edge of the citrus belt, and even there any loss should be light, the forecaster said.

Long intervals of calm will allow the frost to settle in many places.

The contrary was true here yesterday. Strong winds ushered in a milder day with temperatures in the low 50s.

Sanford Gets Break On TV Broadcast

One of the first publicity breaks for Sanford and Florida Fashion came out of the recent visit of New York cameramen and writers came Thursday night at 7:30 when, according to Mrs. R. E. Magnusson, 709 W. Twentieth Street, who saw the program, CBS-TV carried approximately five minutes of pictures taken here the weekend of Dec. 1-3.

The views were dated in Sanford, Fla., Mrs. Magnusson said, and the continuity mentioned that in Sanford, Fla. there certainly was no difficulty in finding styles.

Building Bought By First Federal Will Be Remodeled

119 W. First Street will be remodeled by Loan Company.

The First Federal Savings and Loan Association of Seminole County has purchased the building acquired by the Model Cleaners at 119 West First Street and will remodel it in the near future and announce today.

The purchase price is indicated by revenue stamps was \$10,000 and was paid to C. L. Ouham of Tampa.

Remodeling of the building will be directed by Howell Lovell, president of the Association and improvements will include a new front and a modernized interior.

The Association will occupy half of the building and the other portion will be rented out. It is estimated that the new improvements will cost more than \$5,000.

The First Federal Savings and Loan Association was established here in 1931 and since 1941 has been located at 200 Magnolia.

During the past 10 years it has made a rapid growth and has contributed to the financing of many new homes in Sanford and Seminole County.

Starting the decade with only \$72,211 in deposits, it nearly reached the million-dollar mark by January, 1949, when the deposits totalled \$1,360,694, a gain of 10 percent in one year and 175 percent during the decade.

With building on the increase in Sanford the deposits have continued to gain until today they total \$1,780,653.

Officers of the Association in Sanford are: President, C. L. Ouham; Vice President, R. E. Magnusson; Secretary, R. E. Magnusson; Treasurer, R. E. Magnusson; Board of Directors: R. E. Magnusson, C. L. Ouham, J. H. H. H. H.

Sanford's Traffic Safety activities during the year will be presented by Sgt. H. Rambo, director of the Florida Citizens Safety Council and C. E. Taylor, state safety education officer of the Florida Highway Patrol at 2:00 o'clock tomorrow afternoon at the City Hall, Police Chief Ray G. Williams announced this morning.

City department heads, county and school officials, members of the local Safety Council and heads of civic organizations are invited to attend.

Over 15,000 Chinese Slain In Bloody 50-Mile Retreat From Changjin Reservoir

WASHINGTON, Dec. 11 (AP)—The Marine Corps announced today that the First Marine Division suffered more than 10,000 casualties in fight to break out of a Chinese trap in Korea. This implies possibly 600 to 1,000 casualties in the three infantry regiments making up the division although the Marine Corps gave no specific figure. A Marine spokesman added that the casualties reported include all categories such as deaths, frostbite, injuries and deaths, as well as those killed, wounded and unaccounted for due to enemy action. The three infantry regiments are the first, fifth and seventh.

TOKYO, Dec. 11 (AP)—General MacArthur quietly stated both Korean warfronts today and said on his return that "Most troops are in excellent shape, despite recent heavy reverses."

"They will be an undisciplined command of high morale and marked battle efficiency," MacArthur said in a statement.

Newsweek said the "momentum changes in the nature and quality of the enemy force. I consider that the command for the time being is relatively strong."

The United Nations commander did not mention the Chinese but did mention the Chinese had been ordered to take the 50-mile retreat from the Korean warfront against Allied forces.

MacArthur detailed his statement in a 10-page report to the United States Joint Chiefs of Staff.

More than 100 men of the 1st Marine Division were killed in action in the last 24 hours, the spokesman said.

The spokesman said the 1st Marine Division is still in excellent condition and is well equipped for the coming winter.

During the past 24 hours, the 1st Marine Division has been in constant contact with the Chinese and has suffered heavy losses.
