DRWEY SLAHERN BUDGET

ALBANY, N. Y., Feb. 1.—Gov. Thomas E. Dewey sent to the legislature today a state budget of \$861,722,632 that provides for a record slash of \$77,600,000 but no tax changes.

Portrait of a man, likely a military official mentioned in the article.

To The TAXPAYERS and CITIZENS of The City of Sanford, Florida. A group of progressive citizens of Sanford noted a recent advertisement by Mr. Randall Chase asking "DO YOU KNOW" questions regarding the construction of the terminal. These gentlemen made an investigation of the matter. The source of information used in this investigation was the report of Smith & Gillespie, Engineers employed by the City of Sanford for the project. This report is on file at the office of the Chamber of Commerce and the City Manager. The legal opinion was from a competent attorney who studied the acts of the Legislature and the RFC contract.

In Unity There Is Strength —
To Protect the Peace of the World;
To Promote the Progress of America;
To Produce Prosperity for Sanford.

Pepper, Townsend Plead For 'Plan' Before Senators

Francis E. Townsend Is Joined By Pepper In Plea To End Social Security Act

WASHINGTON, Feb. 2 (AP)—Scrapping of the Social Security Act in favor of the Townsend Plan was urged today by Dr. Francis E. Townsend, elderly founder of the plan.

He was joined in his plea before the Senate Finance Committee by Senator Pepper (D-Fla.) and Downey (D-Calif.).

Under the plan all persons 60 years of age or older would be entitled, upon retirement, to receive a monthly check from the government. Similar payments would be made to disabled persons and to widows with dependent children.

The cost would be financed by a 3 percent tax on the gross income of companies and on the individual incomes in excess of \$250 month.

The monthly payments would be divided on a pro-rata basis and would vary with the tax rate. A beneficiary would have to spend his monthly check within 30 days inside the United States.

Dr. Townsend testified that on the basis of the latest tax statistics, the pensions would amount to about \$150 a month.

The committee is holding hearings on a House-passed bill to expand the Social Security system and increase its benefits.

Senator McMahon (D-Conn.) today proposed that the United States undertake a bold new peace offensive to end the world's "truly, terrible arms race."

He told the Senate the United States possesses no monopoly on the hydrogen bomb idea. He said failure to come ahead with its development "might mean unconditional surrender in advance by the United States to alien forces of evil."

McMahon is chairman of the joint Senate-House atomic committee. He spoke out shortly after President Truman had told his White House news conference that the United States stands by its demand for tight international control inspections before outlawing any atomic weapons, including the projected new H-bomb.

French Relax Control Over Indo-Chinese

Western Powers Expected To Accept Bao Dai Regime In Move Against Reds

WASHINGTON, Feb. 2. — (AP)—The United States is considering "counter measures" against new Russian transport restrictions between western Germany and Berlin, the State Department said today. A department spokesman accused the Russians of violating the Paris agreement of last June which ended the Berlin blockade of last year. The Paris agreement restored an uninterrupted flow of rail and motor traffic between Berlin and the western zones.

By ASSOCIATED PRESS
The French upper house of Parliament today ratified an accord giving the Bao Dai regime of Indo-China partial self-government. This paved the way for early recognition by the United States, Britain, and other Western powers. East and West were thus lining up on opposite sides on the explosive case of Indo-China, potential Communist doorway to south-east Asia.

Western recognition of Bao Dai would counter Russia's action in recognizing the regime of the rebel.

Meriwether Given \$1,000 Damages In Suit Against Beck

A jury in Circuit Court this morning awarded \$1,000 damages to William F. Meriwether, 19, who was injured by his father, Frank Meriwether, a 62-year-old carpenter, when he was struck by a nail.

The suit, as filed by G. W. Spencer, attorney, asked for \$100,000 damages from Mr. Beck. The latter, represented by the Householder Associates, filed a counter suit for the same amount, but this was denied in a verdict by the jury.

Jury members were F. A. Pearson, D. C. Dickertoff, Henry Thornton, Jessie L. Hartley, W. B. Stovall and James G. Beale. Young Meriwether maintained that as the result of the injury he had to wear a cast, had lost \$200 for medical attention and stated that the bone structure of his shoulder had been permanently injured.

The incident occurred Apr. 29, 1949, on Meriwether property near the Sanford Boat Works and was the result of an argument over Mr. Beck's cattle being on Meriwether property. The case was started yesterday morning and continued all day and resumed this morning. Judge M. B. Smith presided.

In the counter-suit, Mr. Beck charged William Meriwether with committing assault upon him by making threatening motions, alleged that he threatened to kill him and attempted to make his way to his gun in a nearby boat.

Spitz Dog Saves Life Of 4-Year Old

A faithful little white Spitz dog saved the life of his four-year-old master, little Jimmy Jones in Orleida, Wednesday afternoon by grabbing a five-foot rattlesnake that lay semi-coiled under some leaves on the lawn of the boy's home, and directly in his path.

Little Jimmy had been sent to neighbors to get some dog food for his "Tricie," and as he returned with it the dog in eager anticipation, trotted ahead, then stopped short with a low growl as it spotted the head of the diamond back peeping out from under the leaves. The dog grabbed the snake, bit it, got loose and coiled to protect Jimmy.

At this point the colored house maid, Levey Griffin, hearing the commotion, rushed from the house, grabbed a rake and killed the snake. Heighway, attracted by the commotion, also came running. Jimmy is the son of Postmaster and Mrs. J. B. Jones, who at the time were away from home.

Urges Korea Aid

STATE SECRETARY Dean Acheson is shown after he testified in Washington before the House Foreign Affairs Committee on aid for Korea.

Acheson approved House plan to link economic aid to Korea with a further extension of help to China, which would require no new appropriation. (International)

Navy To Build Stronger Fleet In Pacific Zone

Admiral Sherman Reveals Plans To Add To Far East Navy

TOKYO, Feb. 2. — (AP)—Admiral Forrest P. Sherman said today the American Far Eastern fleet will be kept at maximum strength in the face of expanding Soviet submarine power in Asia.

At the same time General Curtis D. Bradley, chairman of the Joint Chiefs of Staff, and Air General Hoyt S. Vandenberg, said they knew of no plan to strengthen land and air forces in the western Pacific.

Admiral Sherman's statement came at the end of a second day for the visiting Joint Chiefs of Staff.

During their visit they had been told the United States should keep a 600,000-ton naval base at Yokosuka for an indefinite period.

Admiral Sherman told correspondents that Russia has between 270 and 280 submarines in commission. About a fourth of these are in the Pacific, he said.

Earlier he said the Navy would keep the Seventh Task Fleet in Asiatic waters as long as possible. He added the Navy might make some small additions in the Pacific and would reorganize it to force to keep some cruisers and at least two aircraft carriers in place of one in Pacific waters.

The Bradley-Vandenberg statement did not imply a flat rejection of recommendations made yesterday by General MacArthur's top commanders for increased strength to hold the Asiatic line.

Peace Talks Collapse In Coal Dispute

Chief Operator Quits Meeting With Lewis After Talks Began

WASHINGTON, Feb. 2. — (AP)—Northern and western coal operators today accepted President Truman's proposal for a 70-day strike freeze while fact-finders investigate the coal dispute. They advised the White House of their acceptance shortly after collapse of direct negotiations began only yesterday.

WASHINGTON, Feb. 2. — (AP)—Union-operator negotiations for a settlement of the coal dispute collapsed today.

Less than an hour after their second session began, George Love, chief negotiator for northern mine owners, walked from the conference room with this announcement.

Negotiations with the miners have been terminated.

He said the operators would have a "full statement" later.

Shortly before the breakdown of the negotiations, President Truman had nudged both sides, in effect to get on toward an agreement to look to the White House to make every possible move to get full coal production.

He said his request for a 70-day strike freeze did not rule out possible action under the Taft-Hartley Law.

He would use the Taft-Hartley law whenever an emergency developed, Mr. Truman told a news conference.

He could ask a court for an "order to strike" order by invoking emergency provisions of that law.

The union-operator negotiations were resumed only yesterday afternoon, after a long lull in efforts at settling the eight-month-old coal dispute.

After Lewis' first announcement, Harvey Cartwright, chairman of the joint northern and western operators' conference, (Continued on Page Four)

Arnold Qualifies For State Legislature

He Law Arnold, mayor of Longwood, qualified Tuesday as a candidate for the State Legislature in Group No. 2, and is opposed by Volle Williams, Jr., young Sanford attorney. In group No. 1, M. B. Smith, incumbent, is opposed by Vivian Speer, former merchant.

Registration For 1950 Elections Reaches 2,528

Registration for voting during the first four week period for registration of all voters in Seminole County who wish to participate in 1950 elections and all subsequent elections reached a total of 2,528, stated Louie A. Messenger, supervisor of registration.

Messenger urged all those eligible to vote to visit the registration office, located in the office of Dr. Henry McLaughlin, Optometrist, 118 Magnolia Avenue, as soon as possible so as to avoid a last minute rush near the deadline.

The registration books will be open eight more weeks which means that 934 registrations will have to be made each week before the deadline on Mar. 31 in order to reach the expected 10,000 new registrations, said Mrs. Messenger.

In order to be eligible to vote a person must be a citizen of the United States; he 21 years of age; must have been a legal resident of the State of Florida for one year and of Seminole County for six months; if a naturalized citizen, the naturalization papers must be shown to the registration officer; in addition to the above requirements, a person is also required by law to give his or her age and date of birth.

Early Recognition Of Equal Rights Bill Is President's Aim; Coal Miners Warned

WASHINGTON, Feb. 2. — (AP)—President Truman said today that he is doing everything he can to get congressional action on fair employment practices legislation (FEPC).

That was his reply when a reporter asked at his news conference if he had any plans to get House Speaker Rayburn (D-Tex.) to recognize Chairman Leaski (D-Mich.) of the Labor Committee to bring up the FEPC bill.

Then he hinted that he has been putting some pressure on Rayburn. He said that if reporters could sit in on his weekly meetings with congressional leaders they would know how hard he is working to get FEPC action.

He added that the question of recognition of Leaski is a matter for speaker Rayburn.

On FEPC the House situation is this: The bill has been approved by the Labor Committee but the Rules Committee, which has general control over the legislative program, has refused to send it to the floor for a vote.

Under House rules, there are certain days when it could be brought up anyhow. But in order for that to be done, Speaker Rayburn would have to recognize the Labor Committee chairman to make a motion to consider FEPC.

WASHINGTON, Feb. 2. — (AP)—President Truman said today his request for a 70-day coal strike freeze does not rule out possible action under the Taft-Hartley Law.

Mental Expert Insists Killer Was Insane

BRIDGEPORT, Conn., Feb. 2. — (AP)—A mental expert testified yesterday under oath that the man who shot his way into the state defense medical center, finally prevailed on the attorney to let him go. It would be pretty difficult for anyone to change your opinion would it not?

Dr. Moore refused to concede even that the golden-haired girl fired a test-shot from the revolver she used to put a mercy bullet into her canon-shoulder father's head.

CANADA RETALIATES

OTTAWA, Feb. 2. — (AP)—Two members of the Czechoslovak legation in Ottawa have been ordered to leave Canada within seven days. This was in retaliation for the action of the Communist Czechoslovak government in expelling two Canadian technicians in Prague last month.

If Your Diet Is Deficient In Vitamin-B

this great new formula may help you build

RICH RED BLOOD

and help curb B-Vitamin deficiency symptoms like

- FATIGUE • UNDERWEIGHT**
- BACKACHE • WEARINESS**
- CONSTIPATION • 'NERVES'**

BEXEL SPECIAL FORMULA MAY DO WONDERS FOR YOU!

Do you sometimes wonder what in the world can be the matter with you? You know that you have no diseases, no infections... yet you're always "out" on your feet, constantly over-fatigued, nervous, weak, irritable, cheerless.

(This is especially true of older people.) Well, scientists have learned that such a condition may be due to the simple fact that you do not get enough B-Vitamins in your diet.

Naturally it is wise to consult your doctor since your condition may be due to other causes. But if mild Vitamin-B and Iron deficiencies are the cause of your bodily distress, *Bexel Special Formula* may do wonders for you! Why not stop in and get a bottle today!

NEW VITALITY! NEW ENERGY! NEW CHARM!

Don't sacrifice fun, friends and romance when *Bexel Special Formula* may be exactly what you need for sparkling good health. Regardless of whether you've been taking other vitamin preparations, *Bexel* may be the answer to your prayers... may be just what you need to give you new vitality, new energy, new charm. Try it... on a money-back guarantee!

ASK YOUR DOCTOR

We know he will recognize the value of this Special Formula

Each capsule contains:

Thiamine Hydrochloride (B ₁).....5 mgms.	Choline Dihydrogen Citrate...30.475 mgms. (equivalent to 12.5 mgms. Choline)
Riboflavin (B ₂).....5 mgms.	Ferrous Sulfate, dried.....194.4 mgms.
Pyridoxine Hydrochloride (B ₆)...1.5 mgms.	Whole Dried Liver*.....300 mgms.
Niacinamide.....50 mgms.	Inositol.....5 mgms.
Calcium Pantothenate.....10 mgms.

THURSDAY, FEB. 2, 1950

TODAY'S BIBLE VERSE

Justice should be blind. We pass
judgement every day. Be charit-
able. Ye shall hear the small as
well as the great. De. 1:17.

Rep. Nixon, we believe it was,
wants to know what we are going
to do with the hydrogen bomb af-
ter we get it. Well, we might bury
it at Fort Knox along with all that
gold.

John Krider has given a pretty
comprehensive statement of the
sewerage situation in the Herald
of Jan. 31. If you missed seeing
it, you should look it up. Mean-
while, we are glad to know that
the City Commission is including
the sewerage problem in its plan
for the future.

The senatorial contest has final-
ly simmered down to a three cor-
nered contest between Pepper,
Smathers, and Hotell, as J. R.
Yearwood, another expected con-
tender, failed to qualify. The wa-
ter will be less muddied if Hot-
ell or Yearwood, but since there
would be a runoff between the two
high men anyway if the race is
close, it doesn't make much dif-
ference.

Rep. Martin of Massachusetts
wisely points out that if the dol-
lar declines in value as much
during the next 50 years as it has
during the past 50 years it will be
worth about 18 cents. Then the
\$12,000 income which President
Truman is talking about promis-
ing will actually represent about
\$2,160 in purchasing power. It
isn't how much money you get that
counts, it's what you can buy with
it.

An interesting bank statement
comes across our desk from the
First National Bank in Miami. It
shows among other things that
bank debits in Miami are up 486
percent in the past ten years, that
building contracts have increased
337 percent, that the population
has increased 88 percent, in short
that Miami is also growing. And
it shows deposits of the First Na-
tional have increased from \$42,
515,000 in 1940 to \$127,137,000
at the present time.

Don't think big businessmen
own insurance companies, don't
have their problems these days. The
personnel manager of the Metro-
politan Life Insurance Co., one of
the biggest and oldest in the United
States, who had charge of the hir-
ing and firing of some 10,000 of-
fice employees of the company,
presented one of them as a Christ-
mas present with a pair of "falsies".
She complained and the company
promptly fired him, explaining that
in his position he was expected to
maintain a certain amount of dig-
nity in relation to his employees.
Now the CIO United Office and
Professional Workers Union has
taken the matter up, protesting his
dismissal and demanding that he
be re-instated.

The government lost a hundred
million dollars on its potato deal
last year, two hundred and fifty
million the year before. That is
what the taxpayers lost that
year on the potato deal. Now, of
course, if that meant all the sur-
plus was confined to the big rich,
the tax we read so much
about, no one would need to worry.
Because of the government's
potato project, everyone,
and poor alike, even those
on relief, CIO laborers,

in the case, even the unemployed
are \$14 a week for 20 years,
members of the "52¢ club,"
and only had to pay more for
the things they have bought, but
they did not have to pay more
for the things they have bought.

Polio Unpredictable

The poliomyelitis record last year shows how un-
predictable the disease is and why many communities need
medical and financial aid to meet an epidemic situation, ac-
cording to Dr. Louis I. Dublin of the Metropolitan Life In-
surance Company.

Attack rates last year ranged from a high of 86 cases
per 100,000 population in Idaho to a low of 5 in South
Carolina. Some local areas, however, experienced rates much
higher than their state figures. Two-thirds of the states
recorded rates of 20 per 100,000 population, which is con-
sidered of epidemic proportions. Among the states with
rates below 20 there were several which only the previous
year were seriously hit, whereas many of the 1949 leaders

"In North Carolina, for instance," Dr. Dublin said, "the
attack rate in 1949 was only one-tenth of the 1948 figure.
In Maine, on the other hand, the rate in 1949 was 12 times
that for the previous year. Even in those states with high
rates in both 1948 and 1949 different areas within the states
were generally affected each year."

He pointed out that although the national figure was
at a peak last year, the highest rate among the states -- 86
recorded in Idaho -- has been exceeded in other years. New
York and New Jersey in the 1918 epidemic, Minnesota in
1948, and South Dakota in 1948 all reported rates well over
125 per 100,000 population.

Even the seasonal pattern of the disease shows marked
variations, Dr. Dublin pointed out.

"When a local epidemic is under way it cannot be pre-
dicted early when the peak will occur or how high it will
be," he said. "For the nation as a whole last year, three-
fourths of the cases occurred in July through September,
but in California and Texas this proportion was only about
50 percent. Peaks varying in level ranged in time from early
July in Texas to late September in California."

"The unpredictability of the seriousness of an impend-
ing epidemic is illustrated by figures for New York City.
The cases occurring in July, the early epidemic month last
year, were one ninth of the total, but in an earlier epidemic
year, 1944, only one twenty-fifth occurred in that month."

Progress in the battle against poliomyelitis is indicated
in the recent reduction of the case fatality rate from the
disease, according to Dr. Dublin. Although the reported in-
cidence rate of poliomyelitis in the United States in 1949
was about twice that for 1931, the death rate among child-
ren insured in the Industrial Department of the Metropolitan
Life Insurance Company last year was only about half that
experienced in 1931.

The Arming Of Europe

The seals have been placed on the formal agreements
under which the United States will help to build and supply
the armed forces of eight European nations. This is the
arms program accompanying the North Atlantic Defense
Pact. Now the preliminaries are done and the actual ship-
ments of arms will begin; we are ready to embark on a
venture the initial cost of which will be a billion dollars.

The question in many minds is this: How long will this
venture last, and what will be its ultimate cost and obliga-
tions? The arms aid program can be regarded as a military
parallel to the economic assistance program in these nations,
and the comparison is not a cheerful one. The European
Recovery Program was supposed to be a strictly temporary
project which would help European nations to regain their
strength and become self-supporting. With the program
now almost half completed we are told that it will fall far
short of its mark, that Europe will need help of the same
kind long after the four-year program ends. Will the arms
aid program have a similar outcome?

We must see to it that the arms assistance serves
its intended purpose and no other. In becoming the supply
house for eight European war machines we are playing with
fire. We cannot afford the waste of inefficiencies for the
risk of blunders. The arms assistance should be a stop-gap,
to help the eight nations build strength quickly while pre-
paring to maintain that strength with their own resources.
If we do not make more clear the temporary nature of this
program than we did in regard to the economic aid project,
we may find ourselves saddled with a fantastic burden of
supporting European armies.

Coal Dispute

(Continued From Page One)
told reporters that the operators
had broken off the talks.

Cartwright said the operators
would have a statement discuss-
ing not only what happened in

the bargaining session, but giv-
ing also the operators' reply to
President Truman's proposal for
a 70-day truce.
John L. Lewis told reporters
the operators broke off negotia-
tions because they want govern-
ment intervention.
He said the operators are

Survey Launched

(Continued From Page One)
agency than to the Sanford Hous-
ing Authority. There will be a
report prepared upon the findings
of the survey to be released, but
this report will reflect no names
at all and will merely show totals
of the different items of informa-
tion in tabulated form. He went
on to say that it is most important
that all persons contacted dur-
ing the course of the survey give
to the interviewers all information
requested freely and truthfully.
The principal objectives of mak-
ing the survey, as summarized by
Mr. Simons are:

1. The Public Housing Admin-
istration must have accurate in-
formation about the sub-standard
housing now existing in Sanford
and about the low-income groups
now living in Sanford before it
can determine to what extent the
Sanford Housing Authority should
participate in the low-rent public
housing program. For the first
two-year part of a six year pro-
gram, the Public Housing Admin-
istration has authorized the San-
ford Housing Authority to con-
struct 125 units. The number of
units that will be authorized for
the balance of the program will
depend largely on the results
of the survey.

2. The number of units to be
constructed for white tenants and
the number to be constructed for
colored will be based on the re-
sults of the survey. It is planned
to distribute the units in approx-
imately the same ratio as is the
actual need for low-rent housing
among white and among colored
members of low-income groups.

3. The size and general type of
the units constructed will be based
on existing conditions as disclosed
by the survey. For example, should
the survey show that approximat-
ely 50 percent of the low-income
groups within Sanford area could
adequately be housed in two-bed-
room units, then 50 percent of the
units constructed will have
two bedrooms. Should the survey
show that ten percent of the low-
income groups in Sanford area
could be housed in one-bedroom
units, then approximately
10 percent of the units would
have one bedroom only, and these
units would be located in such a
way that their tenants would be
disturbed as little as possible by
children belonging to other tenants.

In short, the basic planning of
the entire low-rent public hous-
ing program in Sanford will be
based upon the information ob-
tained through the survey, Mr.
Simons said.
A sub-standard dwelling is de-
fined, roughly, as any dwelling
that is undesirable to live in be-
cause of lack of sanitary facili-
ties, because of deteriorated con-
dition, because of overcrowded oc-
cupancy, or because of substandard
environmental factors. It is plan-
ned to survey all dwellings, whether
sub-standard or not, within
residential areas considered to be
predominately sub-standard. In
order to give a well-rounded picture
of housing conditions within the
Sanford area, it may be even nec-
essary to survey a few dwellings
within areas that are clearly not
sub-standard. It is estimated that
from four to six weeks will be
required to complete the work.

"filled with enthusiasm with the
prospect that the new agreement
may now move in through the
courts, or through the Taft-Hart-
ley slave statute, to do the job
on the mine workers which the
union operators failed to do--namely, to
reduce the bargaining should pro-
ceed without advance conditions
or qualifications.
Lewis said the operators walk-
ed out when union representa-
tives offered a motion saying
that the bargaining should pro-
ceed without advance conditions
or qualifications.

Beverage Agents

(Continued From Page One)
any action or decision.
Four State agents participated

Indo China

(Continued From Page One)
leader Ho Chi-Minh.
Britain acknowledged she would
offer recognition of French-sup-
ported Bao Dai within a week and
the United States is expected to
follow suit.

Under the new accord allegedly
approved by France's lower
house of Parliament, the Bao
Dai government is given a large
measure of control over internal
affairs except that defense is
still in French hands. France
also will continue to administer
Indo-China's foreign affairs.

In Bangkok, Thailand, the
Vietnam News Service said
troops of Moscow-trained Ho
Chi-Minh had killed and wounded
4,000 of 20,000 Chinese Nation-
alist soldiers fleeing from China
into Indo-China.

The news service said the
Chinese were moving under
French fighter plane cover

in the raid but only three arrests
were made. The State agents
claimed operators had been "tipped
off."

The agents later filed cases
against 10 other bar operators,
based on information previously
gathered by undercover men.

Williams has not filed informa-
tions in the cases. He told War-
ren today "I don't believe there
is a jury in the state of Florida
that would convict any of them."

The conference brought several
sharp exchanges between Williams
and Lewis Schott, State Beverage
inspector, and at one time Gov.
Warren cautioned "Gentlemen, we
don't want to get in a cross fire
here."

Williams said he felt his office
should have been notified of the
raid. If there were widespread
violations of the law, the State
could "revoke their licenses and
quit loading up my office," he de-
clared.

He said the raid in which only
three arrests were made was
"mighty expensive law enforce-
ment."

"I don't feel like prosecuting
them when it is pure official en-
trapment," he declared.

Truman Report

(Continued From Page One)
Mr. Truman told a news conference.
On Tuesday, Mr. Truman asked
John L. Lewis and the soft
coal operators to agree to 70 days
of full coal production while fact-
finders look into their contract
dispute.

He asked for replies to his pro-
posal by 8 P.M. Saturday.
The proposed fact-finding board
would be appointed outside the
Taft-Hartley Law.

In reply to questions from re-
porters Mr. Truman said today
that when he asked for normal
production of coal, he meant a five-
day week generally.

But he remarked that normal
production in some areas might not
require a five-day week.

Then, when asked whether he

might follow through by invoking
the Taft-Hartley Act if his pro-
posed course fails, he said that he
had stated repeatedly that he
would invoke the Taft-Hartley Act
whenever there is a national emer-
gency.
Neither Lewis nor the operators
has yet replied to the President's
proposal.

"Now grow Them up" in
Buster Brown Shoes

The Complete Line of Fine Quality Shoes
for Tots and Teens

It's Jacobson's
For Famous Buster Brown Shoes

Now we have them, mother! Those famous quality
shoes that are made to help active young feet grow
right. Perhaps you wore Buster Brown Shoes yourself
as a youngster. They've been at the head of the parade
for more than forty years. But now they're better than
ever. For all Buster Browns are made over "Live-Foot"
Lasts, expertly designed and proportioned to assure
proper fit. We have smart, practical styles for all the
children, from the first little shoes on up to Teen-Age
saddles, loafers, and sandals.

Priced from 3.95 to 5.95

Buster Brown says...
"Be thrifty...
buy quality!"

Why buy less than famous
Buster Brown quality in children's
shoes, mother, when Buster
Browns offer you more for your
money? It's true... Busters
wear longer, look smarter, fit
better. And we have a wonderful
special selection! May we send
you youngsters today?

Buster Brown.

St. Catherine's Chapter of the Woman's Auxiliary of Holy Cross Episcopal Church will meet at 8:00 P. M. at the home of Mrs. Hawkins Lingle in Loch Arbor with Mrs. Thomas Vaughan as co-hostess.

The Business and Professional Women's Circle of the W.S.C.S. of the First Methodist Church will meet at 8:00 P. M. at the home of Mrs. J. D. Callahan, 721 East Twentieth Street.

Circles of the W.S.C.S. of the First Methodist Church will meet as follows: Circle No. 1 at 3:00 P. M. with Mrs. S. O. Shindler, 1408 Oak Avenue; Circle No. 2 at 8:00 P. M. with Mrs. J. E. McKinley, 618 Magnolia Avenue; Circle No. 3 at 8:00 P. M. with Mrs. J. M. Hayes, 110 West Sixteenth

Mrs. Fred Robb entertained recently with a party honoring her daughter Nancy on her tenth birthday. A circus theme was cleverly used for the party with cages of wild animals being the features.

The party was given by Miss Moore, Carol McNeill and June Jennings.

The party was held in the main tent by Mrs. C. C. Welch followed with a acrobatic dance by Deanne Nickel and a ballet dance by Sally Chase. A dance came by Joyce Benton and Teddy Walker after which circus records were played.

A birthday cake, in the shape of a two ring circus decorated with streamers, sword swallower, ring master and other circus features, was served with fruit punch and ice cream. Festive hats and balloons were given to the children as favors.

Those attending the party with Nancy were Dora Lee Rankin, Chester Cherry, Pinky Smith, Mildred Howard, Amoret Speer, Teddie Walker, Yvonne Cullin, Carol McNeill, Sally Chase, Lannar Fryer, Deanne Nickel, Joyce Cullum, Billy Robinson, Joyce and Earl Benton, June Jennings, Lynn Glinson, Joyce Hoffman, Gillon Ward, Larry Fayto, Lora Gates and Doty Williams.

Also Robert Cohen, Denny Hayes, Deanne and Gerry Dietrich, Marcia Putay and Jimmy Gimber, Chip Mackson, Freddie Woods, Rowena and Felice Hollyhead, Linda and Julie Silsby, Marcia Humgarner, Maria Menendez, Marcia Lochell, Harriett Redding, David Brown, Billy Moore, Allan Bule, Beannette Dues, Nolly Dunn, Beverly Evans, Jo Ann Hughey, Frankie Hulley, Patsy Fryer and Wallace Pope. Also Mrs. Ethel Giesler, Mrs. Welsh, Mrs. S. J. Nix, Mrs. C. Smith, Mrs. Pete Payton, Mrs. W. H. Holshead, Jr., Mrs. Hal Gruber, Mrs. Wegener, Mrs. Nancy Brock, Mrs. S. C. Chase and Mrs. Nickel.

Personals

Mrs. Cassandra Schultz had as her guests on Tuesday, Mr. and Mrs. C. H. Hawkins of Anderson, Ind.

Miss Therese Jull have moved their residence to 1407 Park Avenue to their new home at 1320 Magnolia Avenue.

Miss Caroline Lee has arrived from the University of Kentucky at Lexington to spend some time with her parents, Mr. and Mrs. A. W. Lee.

Among those attending the Third Annual Antique Exhibition held yesterday in St. Augustine were Mr. and Mrs. Frank Lanson and guest, Mrs. Clara Zalesky of Cedar Rapids, Iowa. Mrs. J. M. Stinesinger and Mr. and Mrs. F. E. Roumiltat.

Among those graduating in capping exercises from the School of Nursing of the Medical College of the State of South Carolina and Roper Hospital on Jan. 17 in Charleston, S. C. were Miss Irene Macgruder, daughter of Mr. and Mrs. J. A. Macgruder, formerly of Sanford and now of Charleston, and Miss Wanda Williamson, daughter of Mr. and Mrs. Ed Williamson of this city. The welcoming address for the exercises was given by Miss Macgruder who was president of the Student Government Association.

STUDENT UMPIRE DANCE
George Barr's student umpires will be guests at a dance to be given at the Flight Deck by the Business and Professional Women's Club Friday night at 8:00 o'clock.

Stuffed pork chops are delicious. To make them buy double chops and fill the pocket with bread stuffing. Brown the chops well, then braise them until they are thoroughly cooked.

Seminole Hi

By JINX POWELL

Jumping-gee-ho-fer did ya kids, guys and gals, know that this is the way of the long talked about, play of plays, "OUT OF THIS WORLD," annual Senior Play? Yes, sir, that's what I said, it is the way. The curtain time is Friday morning, Feb. 3, 1950 at 10:00 A. M. and the evening performance is 8:00 P. M.

It's colossal, it's wonderful, it's terrific.

The cast is tops, they really are well capable of entertaining you in the best manner. There's Romance, the don't miss it, make your plans now.

Monday morning was the beginning of a new semester at Seminole Hi. Yes, sir, half a year has passed as by and now we are headed for the home stretch, our final run, especially for the seniors of S. H. S. this class of 1950.

Mr. Stewart Gatchel is a popper, as of Wednesday Congress. Mr. and Mrs. Gatchel, Mr. Gatchel is one of the faculty members of Seminole Hi. There is a story told at S. H. S. this week that there is another, Sally Hawkins Day, at school in the near future, and oh brother what a day that will be to be sure.

The Junior-Senior Banquet is slated for next Friday evening at 7:00 P. M. at the Mayfair Inn in Sanford. This is the most expensive, most wonderful banquet that has ever been seen at S. H. S. up to this time, so said Mr. Herman Morris, school superintendent.

The Dramatic Club of Seminole High is to have a meeting the 7th of this month. It will be at night, all members are to be present for this meeting and future notice will be given.

E. H. Smith Jr. is spending all his afternoons at the local golf course, these days, there's a tournament coming up soon and E. H. is preparing for it, well practice makes perfect as the story goes.

Mr. Roger Harris is back with us this week, after a few days of illness, and looking up as a new chick. Bill Brown is doing quite well explaining to a certain freshman gal, Beverly Gray about the Banquet, it seems.

The Seminole Celery Fed Basketball team had a bit of hard luck Tuesday it seems, they were de-

Department To Hold Annual Bridge-Lunch

By JINX POWELL

An annual Valentine's Day bridge-luncheon will be held by the Social Department of the Sanford Woman's Club on Wednesday at 1:00 o'clock at the club house. Hostesses will be Mrs. E. C. Baker, chairman, Mrs. Y. R. Jennings, Mrs. F. J. Spencer, Mrs. C. F. Redding, Mrs. G. P. Henning, Mrs. W. P. Fields, Mrs. E. A. Monforton, Mrs. Henry McLanlin, Jr., Mrs. Bill Tyre and Mrs. J. A. Young.

Mrs. W. R. Binson, publicity chairman, is announcing that no reservations will be taken after Monday night. For reservations, members are asked to contact Mrs. Ben Wade, telephone 535-J.

It is expected that the next game will be with Subeozee, the 7th to Division.

Sunny West is up in the air about a certain male that is, it seems causing him a bit of heart trouble these days, cause he said that girl just can't love two, it ain't fair, he says.

Becky Jean Smith is home again after a trip to Valdosta, Ga. Her sister, Rebecca is home also. Welcome back, gals.

Couch Kettles is looking around for a new crew for next year's football squad, happy hunting coach.

You saw the word for the day, "Always shoot at a goal, just a little bit higher than what you expect, then you will come closer to reaching that mark."

A little almond flavoring goes well with canned red cherries at the casual supper. It's good, too, fill them with seasoned mashed macaronis.

REV. ARNOLD LEAVES

Rev. Lewis W. Arnold, radio speaker and evangelist, of Kentucky, who has had temporary headquarters in Sanford this winter, left yesterday morning for a speaking tour in Cuba. He met with Seminole Indians in a prayer service in Tampa last night and will return to Sanford in time to begin a meeting Sunday at the Central Baptist Church.

VIEWS OF AFRICA

Views of Africa depicting the progress of missionary work on that continent will be shown on the screen at the Seventh Day Adventist Church, Elm Avenue and Seventh Street Friday night at 7:45 o'clock. The public, and especially young people are invited. A musical program will be given.

If the outside stalks of a head of celery are bruised use them for soup or for a stew.

W. E. Smith Honored On 67th Birthday

W. E. Smith was honored on his birthday with a party given on Tuesday evening. Members of the Canasta Club furnished refreshments for the evening. Games were played. Subin Spaulding announced that a boat, the "Carol Ann", will leave the city dock with 50 passengers on Thursday morning to cruise to Cross Landing.

Those attending the party were Mr. and Mrs. William McCarthy, Mr. and Mrs. Paul Schindler, Mr. and Mrs. Timothy Donohue, Mr. and Mrs. A. C. Sharpe, Mrs. Margaret Edwards, Mrs. and Miss Spaulding, Mr. and Mrs. H. L. Compton, James Stewart and W. A. Yeomans.

Street, Circle No. 4 at McKinley Hall at 3:00 P. M.; Circle No. 5 with Mrs. L. S. Harkley, 1002 French Avenue, at 3:00 P. M.; Circle No. 6 at 12:00 o'clock at McKinley Hall for a covered dish luncheon.

TUESDAY
The Fidelity Class of the First Baptist Church will hold a covered dish supper at the home of Mr. and Mrs. H. E. Morris, 1728 Locust Avenue, at 6:30 P. M. All husbands of members are invited. Group No. 4 will be in charge.

The Seminole High School Parent-Teacher Association will meet at 3:30 P. M. in the school library to be preceded with a board meeting at 2:30 P. M.

Circle No. 7 of the W.S.C.S. of the First Methodist Church will meet at McKinley Hall at 7:30 P. M.

The Daughters of Wesley Sunday School Class will hold a party at McKinley Hall of the First Methodist Church at 7:30 P. M. with Mrs. L. M. Tyre's group as hostesses.

The Friendship League of the Congregational Church will meet at 3:30 P. M. at the home of Mrs. Gantt on West First Street.

WEDNESDAY
The board of the Sanford Garden Club will meet at the Garden Center at 9:30 A. M.

The Social Department of the Sanford Woman's Club will hold its annual bridge-luncheon at 1:00 P. M. at the club house. Reservations may be made with Mrs. Ben Wade, telephone 535-J. No reservations will be taken after Monday night.

Mix crisp small bits of bacon with peanut butter and spread on small crackers to serve with tomato or fruit juice as a first course.

P. T. A. OVIDO JUNIOR HI

The P. T. A. of Ovido Junior High School happily announces the purchase of a Merry-Go-Round Swing for the children of this school. This swing has been installed by the male students of this school with the aid of F. M. Anderson and Clarence Ash.

CAMPUS IMPROVEMENT AT OVIDO JUNIOR HI

By way of campus improvement the entire eastern in Ovido Junior High School has been cleared and at present they are in the midst of beautifying the southern side of the building. This is being made possible through the direction of Mr. J. A. Lawson and through the donation of some muck soil from one of the farmers of the city, George Jones, (Worship). The boys of this school are very instrumental in this improvement project.

OVIDO JUNIOR HI SCHOOL

In mid-October the Ovido Junior High School launched a \$400 equipment drive. Though at the termination it was some \$100 short of its goal, the school has gone ahead and put to good usage the money that was raised by purchasing one ditto machine for the elementary dept., a gong and some other few important needs.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Stanley T. Muller of Ovido, are the proud parents of a fine baby girl born Dec. 18, 1949. She has been named Kelly Jean. Mr. Muller is the principal of Ovido Junior High School of which Mrs. Muller formerly taught.

BASKET BALL AT CROONS ACADEMY

The Panthers and Pantherettes journeyed to New Smyrna last Friday to play Chilton High School. The first game was played by the girls. They fought valiantly and at the half they were leading. However the game ended and the Pantherettes had lost 31-42.

The boys' game was one of excitement and fun of thrills. In the last quarter of the game it seemed they would have lost, but the Panthers did not give up. They fought hard and in the last two minutes of the game they came back with more power and won the game 28-24.

The teams played Inverness Monday night at Croons Academy campus. For the girls this seemed to have been a great game the score being 27-20. This gave the Pantherettes their first victory of the season.

The dear old Panthers couldn't let the girls down so they fought for victory. The score was 36-17. This being their third victory. Such credit is given to the fine coaches, Mrs. Doris Austin and Mr. H. L. Douglas, not forgetting the boys and girls. Follow the teams at home! And Away! Boost Them!

Do not forget to attend the game Friday, Feb. 3 when the Panthers will meet the Wildcats of New Smyrna at Croons Academy.

Kiwanis Meet

(Continued from page five) from William M. Werber, Washington D. C. insurance man, a former ball player, was read to the Kiwanians by Frank Tabachi, International League Umpire and instructor at the Barr school.

In part, the letter stated: "You were one of the few umpires in either league who at all times made a sincere effort to earn the respect and friendship of the players."

Mr. Barr thanked Dick McLaughlin, his southern representative, who was present for making the school, especially for making trips to Tallahassee and St. Petersburg, in regard to arrangements for veterans. He also complimented W. E. Mohs, an assistant at the school and umpire in chief of the KOM League, for his six years of service for the school.

Guests introduced by Col. S. G. Harriman included C. E. Barrett, Cleveland, Ga.; Dr. A. R. Larrick, Plant City; George W. Kuchler, Doughkeepsie, N. Y.; C. A. Holcomb, Jacksonville; the Rev. W. P. Brooks, Jr.; S. L. Hall,

Joint Chiefs

(Continued from page five) al information and first hand impressions.

It was understood generally that the three visiting commanders—General Bradley, Army General J. Lawton Collins, and Admiral Sherman—who toured Yokosuka Naval Base yesterday, today returned with a conviction that the base should remain indefinitely in American hands. General Vandenberg did not make the 40 mile trip to Yokosuka.

Rear Admiral Benton W. Decker, commander and engineer of Yokosuka's revitalization, stressed its importance as a supply center, repair base and home port for combat units.

U.S. Attacks Soviet Demand For Jap Trial

U.S. State Department Calls Russian Proposal 'Cover Up' Of Missing Prisoners

WASHINGTON, Feb. 3.—(AP)—The United States charged today that Russia's demand for trial of Emperor Hirohito as a war criminal is an effort to cover up "Soviet failure" to explain the fate of more than 370,000 Japanese war prisoners.

A State Department statement made clear that the Russian demand to put the Emperor on trial in an international military court will be rejected by this country.

Officials also indicated that the Soviet proposal to try four high ranking Japanese general officers likewise will be turned down.

The State Department made public along with its statement on the Russian demand, the key paragraphs of the 22-page Russian note which Soviet Ambassador Panyushkin handed to Secretary of State Acheson Wednesday.

This disclosed officially for the first time precisely what the Russians want to do. The note said that last December a Soviet military court at Moscow broke had found 12 Japanese Army officers guilty of plotting and using bacteriological war fare.

It charged that the U. S. units were created by a decree of the emperor and that high ranking Japanese staff officers were responsible also for the operation.

The Russians therefore called for the creation of an international military court—presumably by General Douglas MacArthur—to try the emperor and the four generals "as war criminals exposed by the Soviet December trial" as having committed the most heinous crimes against humanity.

Meanwhile in Berlin, the Russians imposed a new regulation on Berlin-bound trucks traffic today and then lifted it a few hours later.

The regulation could have paralyzed all highway freight from Western Germany. This (Continued on Page Eight)

Scientist Claims He Has H-Bomb

CLAIMING TO HAVE DEVELOPED a model hydrogen bomb that could be activated in 12 hours, research scientist Dr. Ralph Lucas is shown in Ames, Iowa, with schematic diagram of his bomb. Lucas told newsmen he had offered the model to Atomic Energy Commission providing the government would stand costs of testing it. (International Soundphoto)

Seminole Students Show Test On Driving Safely By Officers

"Suppose someone darts in front of your automobile while it is traveling at 30 miles an hour; how far will it travel before you can stop it?" Sheriff P. A. Merio asked pupils of Mrs. E. D. Browder's class at Seminole High School Friday.

Answers varied from five feet to 130 feet, but Chester Justice won the \$2 prize offered by Sheriff Merio with a guess of 55 feet.

Under strict test conditions of yesterday afternoon and before the entire SHS student body, Patrolman S. B. Spence stopped a police car in a distance of 60 feet, nine inches after a cartridge, fastened to the front of the car, went off while he was traveling 30 miles an hour on Elm Avenue at Eighteenth Street.

The test, made before police officers and sheriff's deputies also, was staged in connection given this week to the officers by the Florida Police Academy, and under the direction of W. P. Reneger of Miami and J. T. Leonard of Orlando, who are conducting the school.

The explosion of the first cartridge made a yellow chalk mark on the pavement, and by the time the car had stopped, the time to apply the brakes, an interval known as reaction time, he had traveled 20 feet, nine inches. This was indicated by another yellow chalk mark on the pavement.

Stopping distance varies, not in direct ratio to speed, but to the square of the speed rate, said Mr. Leonard.

At 40 miles an hour, an alert driver could stop in 120 feet, at 60 miles an hour, 220 feet. When Patrolman Spence applied the brakes in the test, the automobile skidded more than 20 feet straight ahead before stopping. The pavement offered much friction, being dry and of cracked surface. Students showed much interest in the demonstration, and gathered around the car as Mr. Reneger explained the cartridge mechanism.

During the past week, policemen and deputies have been instructed in traffic laws, traffic control and accident investigation.

British Atomic Scientist Is Held As Spy

Noted Physicist Karl Fuchs Arrested For Passing Secret Information To Reds

WASHINGTON, Feb. 3.—(AP)—Congress today summarized Lt. General Leslie R. Groves, wartime head of the U. S. atomic bomb project, as testifying in Moscow about a British atomic scientist arrested in London on suspicion of passing a bomb secret to Russia. Senator McClellan (D-Ill.) made the announcement after a meeting of the Joint Congressional Atomic Energy Committee with the Atomic Energy Commission. McClellan is chairman of the Congressional Atomic Energy Committee.

The FBI in Washington issued a brief announcement disclosing that it played a part in breaking the case.

Fuchs, 38 year old, German born physicist, worked on the A-bomb project in the United States from late 1943 until June, 1946. Officials here said his place in Britain's atomic set-up is comparable to that held during the war by Dr. J. Robert Oppenheimer, who directed the Los Alamos, N. M., A-bomb laboratories.

The FBI confined its announcement to two brief sentences.

"The case involving Dr. Fuchs was developed by a British agent information originally furnished to them by the FBI.

"The FBI has been cooperating very closely with the British on this case."

That was all the FBI would say. But officials in a perfect position to know the entire background said the case involved two spies, atomic secrets to Russia. One occurred in the United States in 1945, they said the other in England in 1947.

The officials provided this account.

"The FBI months ago began an intensive check into suspected relay of atomic secrets to Soviet agents. The check was ordered in the basis of bits of information obtained from various sources."

"The FBI today was contacted by the British on this case."

"The FBI today was contacted by the British on this case."

Backed By Kin At 'Mercy Trial'

CHARGED WITH KILLING her cancer-ridden father, police Sgt. Carl W. Paigh, 22, is given moral support in Bridgeport, Conn., Superior Court, by her mother, Mrs. Mary N. Paigh, 52. Mrs. Paigh testified that her daughter could not have been of "sound mind" at the time. (Associated Press photo)

I Killed, 65 Hurt As Streamliner Leaves Tracks

Broken Rail Flips 5 Cars Into Ditch Killing Passenger

SAUKVILLE, Wis., Feb. 3.—(AP)—A broken rail catapulted a speeding streamliner into a ditch four miles north of here last night, killing one passenger and injuring 65 others, 15 of them seriously.

Wrecking crews found the broken body of E. J. Symont, about 50, of Rice Lake, Wis., under an overturned coach of the Milwaukee road's outbound Chippewa Hi-wa.

He had been hurled through a coach window and crushed beneath the rolling train.

The cold, steel rail snapped as the Chippewa's engine roared over it about 7:30 P. M. Three coaches, the dining and the parlor car, rolled completely over into a ditch and the engine and one baggage car remained upright.

Saukville is about 30 miles north of Milwaukee.

Dr. Clarence C. Stern, Saukville County coroner, estimated that 60 of the Chippewa's 112 passengers were injured in the crash. He said 15 were seriously hurt. Many of the others were treated at hospitals and released.

Dr. J. McFarland of Green Bay, Wis., the train's surgeon, said he felt the steel rail snap as the engine passed over it at about 50 (Continued on Page Two)

City Orders Franklin Terrace Area Re-Zoned

Commission Decides Building Restrictions Are Too Tight

Re-zoning of 249 lots in Franklin Terrace and Pine Heights from R-1A to R-1 in order to permit erection on a large scale of moderately priced homes was ordered last night by the City Commission, following a hearing. Only nine owners in the whole area of forced objections, said City Manager Clifford McKillop.

Due to strong protests of residents of Highland Park, a large area and subdivision at French Avenue and Twentieth Streets, rezoning of this area was denied.

Wellborn Phillips, Orlando developer, is reported to be considering building a number of homes in the Franklin Terrace area.

Another large scale home development planned as the commission granted options on 30 lots in San Luis and 146 lots in Hillside and Mellottville, Avon and Sandhills, to C. H. Carter, building contractor of Orlando, Ill., and H. Prather, Orlando. The 60 day option requires purchase of 40 lots, when the option will be extended six months on the balance.

Truman's Limited Excise Tax Cuts Outlined In House

\$600,000,000 Cut To Be Compensated By Added Television, Corporation Levy

WASHINGTON, Feb. 3.—(AP)—Secretary of the Treasury Snyder told Congress today that "excise tax reduction must be limited to about \$600,000,000."

Spelling out details that had been sketched broadly by President Truman on Jan. 23, Snyder outlined the Administration's excise (sales) tax reduction program at the opening of House committee hearings.

A new ten per cent tax to be levied upon television sets at the manufacturer level is expected to yield \$400,000,000 extra revenue.

This would partly offset total planned reduction in excise taxes of \$600,000,000. In his test, however, Snyder used the round figure of \$600,000,000.

These excise tax reductions were outlined.

Cutting the four per cent retail tax on such luxuries as jewelry and toilet preparations to ten per cent.

Cutting long distance telephone and telegraph rates, charges from 25 to 15 per cent, the tax on rail, bus, airplane and ship passenger tickets from 15 to 10 per cent, and reducing outright the three per cent freight tax.

The Administration plan called for that exemption of "baby oils, powders and lotions" from the tax on toilet preparations. The baby oil tax has provoked especially strong objections.

Snyder repeated President Truman's statement that the excise (Continued on Page Eight)

Mrs. C. M. Boyd Is Slightly Injured In Auto Collision

MIAMI BEACH, Feb. 3.—(AP)—A Miami Beach patrolman shot and seriously wounded two men early today less than an hour after they looted a Miami drug store of \$5,000 worth of narcotics.

Detective superintendent Charles W. Pierce said Patrolman Gilbert Miller, 31, a former member of the Cleveland, O., police department, fired the shots after he'd been knocked down and kicked.

Pierce said that the two men, identified as Richard Liebman, 24, and Martin Shildkraut, 24, came here from New York with Shildkraut's 20-year-old wife of a week.

Liebman was reported in critical condition at St. Binal hospital from two bullet wounds in the abdomen. Shildkraut was shot in the buttocks and his condition was listed as fair.

Pierce told this story of the early morning events.

Both men broke into Richard's pharmacy in Miami about 9 A. M. and escaped with assorted drugs, valued at \$5,000. They entered through a ventilating fan and left the place in a shambling, police said.

An hour later patrolman Miller saw them in a sedan parked on 14th street, Miami Beach.

"They both looked shady to me," Miller said. "They acted very nervous and I ordered them out of the automobile."

As the car door opened several bottles fell to the ground. When Miller stepped over to examine a bottle, one of the men kicked him in the chest.

Miller fell down and the man advanced, kicking and beating him. He said he tried to draw his pistol but one of the men stepped on his right hand. The other reached for his hip pocket. "I thought he was reaching for a (Continued on Page Two)

Miami Patrolman Wounds Narcotics Thieves In Fray

MIAMI BEACH, Feb. 3.—(AP)—A Miami Beach patrolman shot and seriously wounded two men early today less than an hour after they looted a Miami drug store of \$5,000 worth of narcotics.

Detective superintendent Charles W. Pierce said Patrolman Gilbert Miller, 31, a former member of the Cleveland, O., police department, fired the shots after he'd been knocked down and kicked.

Pierce said that the two men, identified as Richard Liebman, 24, and Martin Shildkraut, 24, came here from New York with Shildkraut's 20-year-old wife of a week.

Liebman was reported in critical condition at St. Binal hospital from two bullet wounds in the abdomen. Shildkraut was shot in the buttocks and his condition was listed as fair.

Pierce told this story of the early morning events.

Both men broke into Richard's pharmacy in Miami about 9 A. M. and escaped with assorted drugs, valued at \$5,000. They entered through a ventilating fan and left the place in a shambling, police said.

An hour later patrolman Miller saw them in a sedan parked on 14th street, Miami Beach.

Wage Rates For Southern Bell Increased 117 Percent Since '39

Wage rates for Southern Bell employees have been increased 117 per cent since 1939, compared to an increase of less than 70 per cent in the cost of living, J. A. Mooneyham, district manager of the company, said today.

Company employees, he said, have had eight general wage increases in the last 10 years, three of which have been since the war. The most recent general wage increase was made effective in February, 1949, he added.

Under wage scales now in effect, Mr. Mooneyham said, more than two-thirds of Southern Bell employees are scheduled to receive wage increases in the next 12 months. This is in accordance with progression schedules under which telephone people receive automatic raises in pay as they gain experience. This continues from the time they start until they reach the top of the scale.

"Statements made by national CIO leaders in an effort to run down the telephone job are designed to mislead and confuse the public," Mr. Mooneyham said. "Their repeated cry of 'strike' 'strikes' even before their local employees have met with Southern Bell at the bargaining table demonstrates insincerity and irresponsibility."

"Telephone employees know that the CIO leaders' statements about telephone wages don't agree with the facts."

"Southern Bell's policy is to pay wages that compare favorably with what other persons in the community pay for job requiring similar training and experience."

Testimony Ended In Mercy Killing, Case Goes To Jury

BRIDGEPORT, Conn., Feb. 3.—(AP)—Both sides ended their testimony today after a state prosecutor first swore that Carol Ann Paigh was sane when she shot her father to death.

Court recessed until next Tuesday when state and defense will deliver final arguments before the mercy murder case goes to the jury.

The physician, Dr. Joseph M. Lesko, said he examined the 21-year-old blonde five times since the shooting. In addition, he said he had heard every word of testimony at her trial, including that of a defense psychiatrist who testified Carol was sane when she shot her father.

Dr. Lesko again replied: "She was sane."

A window slammed shut as he (Continued on Page Two)

March Of Dimes Is Halfway To Its Goal

Seminole County's contribution to the March of Dimes campaign for infantile paralysis are only about halfway to the goal of \$3,000, Alvin Odham and Gene Tucker, county co-chairmen, announced this morning.

They urged that individuals turn in their donations for the drive as soon as possible as the campaign will last only a few days longer. Contributions may be made to Mr. Tucker at the Florida State Bank or to Bob Deane at the Sanford Atlantic National Bank.

The Casselberry Men's Civic Club is bringing support to the drive by holding a March of Dimes benefit party Saturday night. Movies will be shown soon at Sanford grade schools with a 10 cent admission to aid the campaign.

Deaf Mute Held As Brains Of Gang Of 'Teen Agers'

NEWARK, N. J., Feb. 3.—(AP)—Police have arrested a young deaf mute known as "Al Buba" who they said directed his well-trained gang of schoolboy thieves by sign language.

This "Al Buba" didn't have in his case, police said, only five months of schooling. The gang netted \$2,000 in cash, \$5,000 worth of adding machines, typewriters and industrial tools and used \$15,000 in property damage, they added.

His five companions in crime, nabbed yesterday at the same time as the deaf ring leader, ranged in age from 13 to 15, Newark said. Under New Jersey juvenile law their names were not revealed and they were held at the parental home here.

Acting chief of police Fredrick Lacey identified the leader as Robert Engert, 20, of Newark. He was charged with burglary.

Lacey said the boys called their tall, grey-eyed leader "Al Buba" after the legendary chief of a gang of thieves.

The gang was afraid of Engert, Lacey said, and he acclimated them by violent gestures and stamping his feet when things didn't go right.

The thieves soon became expert at talking with "Al Buba" by sign language, police said.

16,000 Homeless As Flood Waters Rise

By Associated Press.

More than 16,000 persons were homeless and other thousands faced possible evacuation from rising flood waters in seven central and southern states Friday.

But the flood-causing rains have ended and skies were clear. Some swollen rivers reached crests at upstream points. Barring further rain, flood dangers seemed likely to decline over the weekend in several critical zones.

The homeless included 22,000 in Arkansas, 12,000 in southeast Missouri, and 12,000 in Kentucky. Singing streams, including the Ohio River, blocked many highways and forced some schools to close.

West Virginia, Ohio, Indiana, and Tennessee also had flooded areas. Three persons have drowned in West Virginia.

WALTHAM CLOSES

WALTHAM, Mass., Feb. 3.—(AP)—The Waltham Water Company announced it would shut down today.

The company's 1950 employees will be paid off at 4 P. M.

The announcement by William McMorrow, assistant to the president, followed closely the Reconstruction Finance Corporation's refusal yesterday to permit diversion of RFC funds to working capital.

Purple Mites Plague Florida Citrus Groves

LAKELAND, Feb. 3.—(AP)—Florida citrus groves are suffering from the worst infestation of purple mites—also known as red spiders—in 15 years.

These tiny insects are causing damage in all parts of the state where citrus is grown.

W. Thomson, entomologist at Lake Alfred, says the present plague of the insects is "the worst since 1935. We are getting reports of their mites everywhere in Florida, where they have never before. It's very bad all over."

Citrus growers are on the spot in trying to combat the pest. The usual spray compounds in control of them have not been effective.

Mrs. Gene Adams' Father Dies In Texas

Mr. and Mrs. Gene Adams left yesterday by plane for Vernon, Tex., where they were called because of the death of Mrs. Adams' father, Frank Adams, yesterday.

Mr. Adams served as president of Vernon for the past several years and was a well-known figure in the community.
