

A Pat On The Back For College Kids Short Of Finances

NEW YORK (AP)—Notes on a changing world: If paying bills is a sign of character then college kids have plenty.

Most large schools now have special loan funds to help students in straitened financial circumstances finish their education. Since 1913 the University of Missouri has advanced \$1,018,490 to more than 8,500 students, and its Vice President, Leslie Cowan, says that only \$5,500 has had to be written off as lost.

The students have paid back the loans 99 1/2 cents on every dollar.

Although conducted on a strictly business basis these loans to students are really investments in human character," Cowan said. Last year one wealthy graduate who had borrowed from the loan fund as a student showed his gratitude by contributing \$100,000 to the fund.

Continuing our explorations into the academic life, we report that a housing survey by the city college school of business here came up with this interesting conclusion:

Of the landlords interviewed 75 per cent said they preferred college instructors as tenants because of their "restrained type of living, their stable intelligent associates and their tendency to ward off the respect of living quarters."

This was all flattering to professional vanity—but the survey still failed to locate enough apartments to care for the teaching staffs.

There is a shortage of ivory towers, too.

One unusual impact on Manhattan made by the recent record snowfall: It even crowded the class struggle out of the headlines of the "Daily Workers," Communist newspaper.

Three days after the big snowfall the paper bannered: "6-inch snow due today."

(P.S. It didn't arrive. You can't even count on the weather in a capitalistic country.)

This department has been invited to join a "crusade for good morality" being organized in the Philippines. We are in favor of all whole-hearted attacks against sin, wherever entrenched, but what fascinates us about this particular subject is the name and title of the man who heads it.

He is General Hilarlo Camino Moncado, Supreme Commander-in-Chief, Filipino Crusaders World Army, Moncado Palace, Republic of the Philippines.

Okay, Hilarlo, lead on! We're holding the left flank in Greenwich Village.

Lee Carson, wife of radio news commentator George Carson Putnam, is back in the newspaper game after time out for a rendezvous with posterity—a baby daughter.

One of the ablest of the woman war correspondents, Lee eschewed skirts and wore regulation men's uniform while traveling with the American First Army in Europe. Once she shared a jeep with a male correspondent riding up to the Belgian front. A Brooklyn Doughboy stopped their vehicle at a frontline road block to check their identity.

Peering in suspiciously at the two figures heavily bundled against the cold, the Doughboy suddenly began sniffing the frosty air, then asked doubtfully: "Hey, is one of you guys wearing perfume?"

Maxie, the office mouse, philosophizes: "About all I will predict for 1948 is that nobody will die from being struck by lightning in a barroom—if that is any consolation."

New Beauty Parlör Is Opened In Sanford

A well equipped beauty parlor, the Veritina Beauty Salon, was opened Monday on the second floor of the Meach Building, Rooms 205 by Mr. and Mrs. V. Adkins, who formerly operated a large beauty shop in Pahokee. The building there was sold, they were forced to vacate and they came to Sanford.

Mr. Adkins, who lived here while a small boy, has been connected with Twentieth Century Fox Studio at Fox Hills, Calif., as a make up artist, and reveals that he has made up stars in parts for such pictures as "My Gal Sal," "Secret Agent of Japan," "Shores of Tripoli" etc. A master hair stylist, he has studied this work in New York, Chicago and Los Angeles, he stated.

Representative Finds Truman's Soil Conservation Ideas Highly Gratifying

WASHINGTON Jan. 13 (AP)—Soil conservation recommendations of President Truman are "highly gratifying" to Rep. Abernethy (D-Miss) he said today.

The President, noting that Congress has authorized a soil conservation program of \$150,000,000 for 1948, said he recommends increasing this to \$300,000,000 for the 1949 crop year.

"The gratifying thing to me," Abernethy told a reporter, "is that the President is making an effort to restore the soil conservation program which has been authorized and followed except for the reduction last year."

Congress last year voted \$265,000,000 to pay for the 1947 program which had been planned for \$300,000,000. It then authorized \$150,000,000 for the 1948 year, with the money to be voted in the appropriations bill for the fiscal year beginning July 1.

Abernethy said the program was "reduced by a hostile congress after a bitter fight," and that the Republicans tried to "eliminate the program entirely."

He added that if the \$150,000,000 authorized for this year does not meet the soil conservation practices worked out in proposals to make a fight for such additional funds as are needed to follow a full program.

The Mississippian said Mr. Truman's recommendation for 1949 "is in keeping with the suggestion I made to him last December and I hope Congress will act as wisely as the President."

"It is unthinkable that Congress would not accept the recommendation in view of the food production goals fixed by the Agriculture Department and the

2 Killed, 4 Injured In Auto-Train Wreck

MIDDLETOWN, IND., Jan. 13 (AP)—Two persons were killed, four others were hurt and the locomotive and six cars of a Pennsylvania railroad train were derailed as the train struck an automobile here early today.

Madeline Simpkins, 38, of New Castle, Ind., riding in the automobile, was killed in the crash. The driver, J. R. Leavidge, about 35, of New Castle, died later in a hospital in New Castle.

Four passengers on the train were hurt.

Sheriff R. L. Padgett of Henry County said the locomotive and the cars remained upright after leaving the rails.

White Russians Do Not Like The Name Of Doorman, Cabbie

By CARL HARTMAN AP Newsfeatures

PARIS—France's White Russian colony, now 75,000 strong, resents being thought of as a levy of taxi-drivers and night-club doormen.

Many of its members are celebrating 30 years residence in France, since the 1917 revolution when the Communist Party took power.

Most of these former members are celebrating 30 years residence in France, since the 1917 revolution when the Communist Party took power.

Most of these former members of the Russian nobility and prosperous classes have bettered their positions, including the Cossack farmers who settled in the neighborhood of Rheims, and such figures as Brig. Gen. Zinovi Pechkoff is the son of the late Soviet writer known by his pen-name of Maxim Gorki.

Nominal head of the exiles in France is the Grand Duke Andrei Vladimirovitch, grandson of Czar Alexander II and uncle of the current pretender to the throne of all the Russias—Vladimir Cyrillovitch.

The pretender, who used to live quietly in provincial Brittany before the war, was carried off to Germany just before the liberation of France—his supporters say—and though freed by Allied troops, he has not returned. The grand duke married a commoner, the famous ballerina Ghesmar-Lava, who now runs a dancing school in Paris under the title accorded at marriage—Princess Krasinsky.

Since upper class Russians before the revolution usually spoke French as well as, or better than their native tongue, they found it relatively easy to fit into French life. They nevertheless built themselves a "little Russia" in Paris, and still complain of discrimination against them as foreigners.

Greatly devoted to religion, the Russians have 30 Orthodox churches in the Paris area, and a cathedral and theological school as well. There is even a Russian cemetery, St. Genevieve of the Wood, landscaped in Russian

style and sometimes called St. Genevieve of the Steppes.

Paris now has no Russian quarter, although at one time the prosperous Passy residential district was sometimes called the "Russian village." Many of the emigres have moved to more modest districts, and their favorite streets, food shops and restaurants can be found on the left bank, traditionally the poor artists' and students' quarter.

There were both collaborationists and active resisters to the Germans among the Russian colony in France, as there have always been pro-and anti-Soviet groups among its members.

Enthusiasm for the accomplishments of the Red Army ran so high just after V.E. Day that probably an overwhelming majority of the emigres—many of whom were officers or close relatives of officers in the imperial army—would have been eager to return to Russia then. But it was not until a year later that Moscow offered Soviet passports to the Russians in France. About 11,000 accepted, and 1,500 have sailed for Odessa.

The Russian colony in France is now increasing slowly by the arrival of displaced persons in Germany.

Senators Ask Aid Receivers To Pledge Gold

Treasury Secretary Estimates European U. S. Assets At \$4,800,000,000

WASHINGTON, Jan. 14 (AP)—Senators today emphasized demands that the 16 nations to receive aid under the Marshall Plan pledge their hoards of "gold and dollars" abroad and their investments in this country to help cover costs of the \$6,800,000,000 European Recovery Program.

The proposals by members of the Foreign Relations Committee were made to Secretary of Treasury Snyder who estimated Europeans have \$4,800,000,000 assets in the United States, consisting largely of stocks, bonds and other investments.

In his prepared testimony before the committee, Snyder had said "it would be folly" to force the European nations to make such pledges.

Prospects Seen For Cut In Lumber Prices For Homes

WASHINGTON, Jan. 14 (AP)—Prospects for a reduction in lumber prices to cut home construction costs were seen today by Rep. Gamble (R-NY) after Congressional conferences with representatives of the lumber industry.

Gamble, chairman of the House-Senate Housing Committee, told reporters the lumbermen had given assurances individually that "we are going to get some reductions in lumber prices." Lumber prices have increased by 229 per cent since 1939, he said.

The committee has conferred with the lumbermen behind closed doors.

In an open session Monday, Miles L. Coleman, a construction economist, testified "it is in the market, not the producer, that is the most influential element in setting the price." He added:

THE WEATHER

LAKELAND, Jan. 14 (AP)—The Federal State Frost Warning Service forecast for tonight and tomorrow morning for palmating Florida clear and colder in all districts with frost in north and central districts and at scattered places in muckland in extreme southern districts. Freezing was forecast in a number of areas.

2nd Southeastern Glider Meet To Start Tomorrow At Airport

The second Southeastern States Glider Contest will start tomorrow between 10:30 and 11:00 o'clock at the Municipal Airport, and it is expected that between 25 and 30 noted airplane pilots will strive for records of altitude, distance and duration. The meet will be continued through Sunday.

Among the contestants will be Suzanne M. Melk, who is holder of the women's record in France for single and multi-seat soaring of more than 16 hours, and who in December, 1946, made a unofficial altitude record of 12,500 feet in the Alps mountain area of south-east France.

Petrillo Freed Of Violation Of Lea Act Charges

Government Alleged Defendant Tried To Coerce WAAF

CHICAGO, Jan. 14 (AP)—James C. Petrillo today was acquitted on a charge of violating the Lea Act which Congress passed to curb his broad union powers.

Federal Judge Walter J. Luby, in his written opinion of eight pages, said "there is no evidence whatever in the record to show that the defendant had knowledge of or was informed of the lack of need of additional employees prior to the trial of this case."

The government alleged in its case that Petrillo, head of the A.F.I. American Federation of Musicians, had violated the law by calling a strike to coerce Station WAAF, Chicago, to hire extra help.

The judge added: "Nothing contained in the letters and telegrams between the defendant and the representatives of the station disclosed to the defendant the lack of need for additional employees as a reason for rejecting the defendant's demands."

"Neither does the testimony in the case show the defendant had knowledge of or was told that the station had no need for additional employees."

Petrillo, stern-faced, was present as the verdict was read.

The government may not appeal the acquittal because the judge did not pass on the Lea Act's constitutionality. In a previous trial Judge Luby held the law was unconstitutional, but the Supreme Court declined to pass on his ruling in an appeal by the government and ordered instead that a new trial be held on the facts in the case.

In dealing with the question whether Petrillo was bargaining in good faith in an effort "to obtain honest employment for additional musicians, or if his actions established 'union racketeering,' or 'feather-bedding,' or an attempt through threats to compel the hiring of more persons than needed, the judge said:

"In the absence of any evidence to the contrary, this request (Petrillo's request for reinstatement) is granted."

COUNTY AGENTS

County Agent C. R. Dawson is attending a conference of county agents at the Winter Haven Experiment Station relative to citrus growing.

MERCURY DRIPS

The thermometer dropped to 36 degrees at 8:00 o'clock this morning at the Central Florida Experiment Station on the east side, by B. P. Whitner, Jr. No frost or plant damage was noted. Lower temperatures are expected to night, he said.

CIVIC MUSIC

Harry Davis, pianist, will present the next concert of the Seminole County Civic Music Association on Feb. 2 at the High School Auditorium. H. H. Coleman, president of the Association, announced today.

The third and final concert of the series will be the Ballet in time, consisting of six artists, which will be presented on Mar. 2.

TOURIST CLUB

E. M. Armitage, director of recreation announced this morning that a shuffleboard tournament will be held tomorrow afternoon at 2:00 P. M. at the courts on the lakefront. Following the contest a pot-luck supper will be held in the Tourist Center after which entertainment will be furnished by Richard Hultsaw, well-known Sanford and New York singer, a double quartet from the Seminole High School Glee Club and Mrs. Elizabeth Mathews, soprano. Mrs. George Touhy will accompany the singers at the piano. The tournament and supper are for members of the club only but the concert is open to the public.

Defensive Air Force Only Is Said U. S. Aim

Commission's Report Recommends That U. S. Double Its Present Strength

WASHINGTON, Jan. 14 (AP)—Secretary of Defense Forrestal said today the United States does not seek to build an aggressive Air Force but only one for defense.

He made that statement at a news conference when questioned regarding the expanded Air Force recommended by President Truman's Air Policy Commission.

(The Commission's report, made public today, recommended among other things that the United States double its present total of 3,500 first line combat aircraft by the end of 1949.)

A reporter asked Forrestal if he believes the United States should have an aggressive Air Force.

"I don't consider that we are going to have an Air Force that is aggressive," Forrestal said. "I'm for an Air Force of sufficient power to give us a force capable of defending the United States."

Then he added that democracies never plan for war.

The Secretary was asked about the Air Policy Commission's statement that he was unable to furnish it with the requirements of the air establishment as they should be now and at various specified future periods.

Forrestal said preparation of such requirements "is a complex task. He added:

"I want to be sure the requirements are based on solid information, not fantasy. I have not yet reached the point where I can say with precision that this (Continued on Page Four)

Wacker Speaks To Pilots About Publicity Value

Speaking to members of the Pilot Club at their dinner meeting held in the Tourist Center last night on publicity and its various channels, Kenneth Wacker, president of the Rotary Club of Winter Park, advanced the theory that good publicity was designed to formulate opinion and stimulate action in worthwhile projects.

While some publicity is highly exaggerated—often things really worthwhile are difficult to exaggerate, such as the beauty of the bougainvillea, the sun rising over Lake Monroe, or even a group of underprivileged blind, lame or poverty stricken. Not does it require a lullaby of music in a radio announcement to pull across some youth movement, he said.

Mr. Wacker told of his first trip to Florida when he was assigned (Continued on Page Four)

Dixie Gets Nipped By Freezing Weather

By ASSOCIATED PRESS
Dixie got a touch of below freezing weather and light snow in some sections and colder weather and temperatures to near season's lows in some parts of the Midwest today. The mercury plunged to 94 below in Minnesota and the sub-zero readings extended to northern Illinois. The mass of cold air moderated as it spread over all of the Gulf states except southern Florida, where the coldest weather of the season was reported in many Southern states. San Antonio, Tex., which had a high of 55 yesterday, shivered in 35-degree temperatures this morning, and in Atlanta, Ga., the mercury was four degrees lower. Knoxville, Tenn., reported light snow and 20 above while in Birmingham, Ala., the minimum was 24. Snow fell in northern Alabama and also in parts of Tennessee.

Below freezing also was reported in North Carolina, with lows of 24 at Asheville and 23 at Greensboro, while the mercury stopped at the freezing mark of 33 at New Orleans, La. and Tallahassee, Fla. The coldest in Jacksonville, Fla., was 33, while the warmest city reporting on the early morning weather map was Miami, with a reading of 61.

The sub-zero marks were reported in Minnesota, with International Falls—34 the lowest; the Dakotas, Wisconsin, Iowa and Illinois. The one below at Chicago equalled the low mark for the season.

The cold wave was expected to move into the northeastern section of the country today and tonight. Weather west of the Rockies was reported generally fair with temperatures about normal.

LEOPOLD TO HAVANA

BRUSSELS, Jan. 14 (AP)—A source close to the Belgian royal family said today King Leopold III of Belgium, now living in exile in Switzerland, will embark Jan. 20 at Lisbon on a Dutch ship bound for Havana.

Truman Says Nation Is Riding Inflation Wave Toward Slump; Republicans Spurn Program

Little Prospect Is Seen For Enactment Of 10 Point Anti-Inflation Program

WASHINGTON, Jan. 14 (AP)—President Truman sent his message to the state of the nation's economy to Congress today and fresh signs that the Republican majority intends to spurn key actions of his anti-inflation program.

The chief executive's second annual economic report, presented to the Senate and House at noon, contained a new appeal for quick enactment of his full 10-point cost of living plan.

From the Administration's standpoint, the most important parts of the program are those calling for hold-in-reserve authority to restore rationing and wage-price controls if necessary.

The slim prospects these measures face in Congress was pointed up again yesterday as Republican members of the Senate Banking Committee tore into the testimony of Secretary of Labor Schweikert. His support of a steady wage-price control program prompted the attack.

In addition to another appeal for his anti-inflation program, Mr. Truman's message to include a defense of his \$40-a-year income tax cut proposal, to counter-balance by a \$3,200,000,000-a-year hike in corporation taxes.

Republicans and some Democrats already have assailed this suggestion and the GOP leadership is going ahead with plans for an overall tax cut of perhaps \$5,600,000,000.

Mr. Truman also set up new employment and production goals in his report and renewed his call for broader social action. (Continued on Page Four)

Freezing Weather Is Predicted For Central Florida

LAKELAND, Jan. 14 (AP)—Meteorologist Warren O. Johnson of the State Federal Frost Warning Service said citrus growers in low spots would have to fire their groves tonight and early tomorrow to protect them against sharply dropping temperatures.

An freezing was forecast in many areas about the state and as far as some spots in the Everglades, Johnson said what little truck there is in North Florida "won't have a chance on this cold snap. The chill will last at least two days, he said."

The forecast for tonight and tomorrow morning gave gentle northerly winds diminishing and becoming light with intervals of calm by morning; and temperatures on high ground about eight degrees warmer than temperatures on low ground locations.

Lowest temperatures Thursday morning in the colder low ground locations occurring about 7:30: Gainesville district: Glen St. (Continued on Page Four)

Steel Industry Told It Must Take Initiative In Gray Market Fight

WASHINGTON, Jan. 14 (AP)—A Senate committee told the steel industry today it must take the lead in wiping out a flourishing "gray market" if it hopes to avoid new government controls.

A report filed with the Senate by Chairman Martin (R-Pa) of the small business subcommittee on steel said members of his group themselves oppose the renewal of wartime government powers to divide up the supply.

The report declared, however, that something must be done to curb the gray market deals in which steel is sold at far above normal prices.

Despite its public hearings on the subject, the committee said, "The gray market still flourishes and has, if anything, become better organized."

"It is clearly the responsibility of the steel industry to take steps to wipe out such activity and to assure the return of such tonnage to normal channels of trade."

Even before the report was filed, Senator Murray (D-Mont) had criticized it as incomplete and premature.

Murray said the committee failed to attack the basic problem, which he said is that of the capacity of the nation's steel industry. (Continued on Page Four)

Highlights Of President's Message

WASHINGTON, Jan. 14 (AP)—Key quotations from President Truman's economic report to Congress today:

"The country has maintained a high level of prosperity but a wave of inflation which has already caused serious hardship and present grave concern for the future."

"The American people are keenly aware that inflation is the most serious business slump."

"Wage advances during 1947 kept up generally with the cost of living trend during the year but did not gain the ground lost when price increases exceeded wage increases in 1946."

"Profits remained high through the year as increased costs were covered, and in many cases exceeded, by higher prices. Corporate profits before taxes rose to 28 billion dollars, contrasted with 21 billion in 1946 and profits after taxes rose to 17.5 billion dollars compared with 12.5 billion in 1946."

"Total business income before taxes increased by 22 per cent during the year. Net farm income before taxes rose from 13.2 billion dollars in 1946 to 18.3 billion in 1947."

"The record of prices, wages and profits during 1947 shows how they fed upon one another in a developing process of inflation. It not only produced great inequities among our people, but also created the danger of a serious setback."

"Unless we as a nation show an ability to impose restraints upon ourselves and to utilize the machinery of our representative government to devise well-considered regulatory measures, we stand in great danger that runaway prices, over-extended credit and unbalanced developments will lead to an economic recession. We cannot be sure that such a recession would not be severe and recovery slow and painful."

1948 Objectives
"The first objective for 1948 must be to halt the inflationary trend. I recommend to Congress a ten-point program for this purpose. Every point in that program is essential."

Krider Reports On Baseball At C Of C Meeting

Need For Providing Entertainment For Boys Is Emphasized

The George Barr Umpire School is expected to get under way in Sanford tomorrow and the Giants' baseball school with from 300 to 500 men is expected to be in full swing by Jan. 20, John Krider reported at a meeting of the board of directors of the Chamber of Commerce last night.

Already, he said, advertisements of the Sanford school have appeared in 20 metropolitan newspapers and daily radio broadcasts have been carried for two weeks in New York and Chicago.

Pointing up the need for providing some means of entertainment for the large number of men who will attend these baseball camps here this winter, Mr. Krider said it was too big a job for one man, and suggested that the civic clubs unite in a campaign to see that the boys are given plenty of good wholesome recreation, in addition to their routine baseball practice, while here.

The meeting was presided over (Continued from Page Five)

HOSPITAL MEET

All members of the Fernald-Laughton Memorial Hospital Association are urged by T. W. Lawton, president, to attend the meeting at the Court House tomorrow afternoon at 2:00 o'clock at which time reports of the year's work at the hospital will be made.

HOY SCOUTS

The Board of Review of the Boy Scouts of Seminole County will meet Monday evening at 7:30 o'clock at the Methodist Church Annex, Ralph A. Smith, advancement chairman, announced today. All scouts eligible for advancement are requested to be present.

JAYCEE NOTICE

Miss Suzanne Melk, French national women's sailplane champion will be one of the guests at the Jaycee luncheon tomorrow. It was announced today by Dr. C. L. Parsons, general program chairman for the organization. Blutch Hutchinson, announcer for the sailplane meet and Lawrence Brulin, manager for the contest, will be guest speakers. Capt. Shelby Charles of Eastern Airlines and Walter Krohn, Sr., president of the Florida Sailing Society are also expected. Dick Elsberry, who is in charge of the program, is stated.

President Calls On Business To Cut Profits And Labor To Be Moderate

WASHINGTON, Jan. 14 (AP)—President Truman declared today that American prosperity is riding a "wave of inflation" toward the peril of a serious business slump.

Keying his second annual economic report to a renewed plea for legislative power to cope with soaring prices, the chief executive told the Republican-controlled Congress:

"The American people are keenly aware that inflation is the dominant problem in our affairs."

Mr. Truman used urgent words in demanding once again the full ten-piece kit of anti-inflation tools which the lawmakers refused him during last fall's special session. He asserted that steady price, wage and rationing authority are "needed, needed badly, and needed promptly."

In addition to congressional action, the President called upon business to cut prices wherever possible, "foregoing a quick and dangerous excess profit in favor of long-run stability."

And he urged labor to be "moderate" in its third round wage demands.

Nor did he yield any ground on taxes.

He insisted that the \$7,500,000,000 Treasury surplus now in sight (Continued on Page Four)

Deposits Increase By Nine Percent At State Bank

Deposits in the Florida State Bank have increased more than \$273,730, it was reported by E. G. Kilpatrick, Jr., vice president, at a well attended meeting of stockholders held yesterday afternoon.

As of Dec. 31, 1947, deposits amounted to \$2,877,604 and on Dec. 31, 1947 had increased to \$3,151,334, it was revealed.

The year was termed very profitable and the bank's surplus was increased more than 40 percent, Mr. Kilpatrick stated. A 10 percent dividend was paid. There was approximately \$2,000 in depreciation. Employees were given a bonus of 10 percent of yearly salary plus a month's salary during the year. The stockholders were reported to have been well pleased with the report.

The following board of directors (Continued on Page Five)

City Tax Payments Showing Increase

A 10 percent increase in 1947 real and personal city taxes paid since the beginning of the fiscal year starting Oct. 1, was compared with 1946 taxes of this type last year during the corresponding period, was today reported by Gordon Bradley, city clerk.

Mr. Bradley revealed that 67 percent of the real tax, or \$96,221, and 62 percent of the personal taxes or \$34,527 had been paid this year, a total of \$130,748.

Last year at this time, he said, 70 percent of the real or \$87,527 was paid, and 65 percent of the personal or \$31,241, a total of \$118,768.

GRAHAM STAYS

The White House reiterated today that Graham will continue as physician to President Truman.

Presidential Press Secretary Charles G. Ross made that statement when a reporter asked whether Graham's testimony yesterday would change his status in anyway.

"There is no change in the status of General Graham," Ross said. "He will continue as White House physician."

NATIONAL GUARD

An important meeting of Co. I, 124th Infantry, Florida National Guard, will be held tomorrow night at 8:00 o'clock at the Armory. All men interested in joining the Guard or in learning the opportunities it now presents are invited to attend.

"Come and see all the wonderful opportunities and advantages we have to offer," Capt. Ray D. Green said today.

WEDNESDAY, JAN. 14, 1948

DOUBLE VERRE FOR TODAY

HUMANITY HAS BEEN TRYING
TO BUILD SUCH A TOWER
SINCE THE INFANCY OF THE
RACE. EDUCATORS,
STATE MEN, SCIENTISTS,
BUT THEY LEAVE US FAR
FROM THE GOAL. THE KING-
DOM OF HEAVEN IS WITHIN
US.—Gen. 1:4. Go let us build
us a city and a tower, whose top
may reach unto heaven.

"Cuba" is a game in which
you can't win. When you lose,
you lose. But when you win, they
leave town.

Building permits in Dade county
where Miami is located reached
a total of 156 million dollars
in 1947, or 4 million dollars more
than the previous year's figure.
There were 12,234 new homes
built there last year. Yet, there
are those who are pessimistic
about the future.

Have you figured out how
much President Truman's budget
next year will cost you, if you
pay your fair share of taxation.
Well, it boils down to \$274.13
for every person in the United
States. So if there are five mem-
bers of your family, your share
would be \$1,370.65. Of course,
it may not be, because some peo-
ple have to pay a whole lot
more than other people.

An interesting decision was han-
ded down this week by the Su-
preme Court which ruled in an
Oklahoma case that a negro girl
who had sought admission to its
State university must be admitted.
The court did not rule on the
question of segregation itself, but
it did hold that if negroes and
whites were to have separate
schools, the colored schools must
be on a par with the white
schools. This is not generally
the case in the South and
presents a problem which requires
careful study by school and legis-
lative authorities.

It seems pretty generally ad-
mitted that a number of high
government officials have been
profiting from stock and commodi-
ty operations, but all of them
deny that any official informa-
tion they may have had was in
any way responsible for the
success which others have found
so elusive in this field, but which
they simply couldn't avoid. That
may be. May be they knew that
the government was going to buy,
and then deliberately sold short,
or something like that, just to
keep their information from help-
ing them. But if so, they are un-
usual men, to say the least.

The coming Spring will find
the nation once again under meat
rationing controls, if Administra-
tion officials have their way
so that people can be compelled
to do what they cannot be per-
suaded to do of their own ac-
cord; namely stop over-eating.
Rationing simply means that the
government tells each and every
one of us we can eat as much
but as soon, however, the govern-
ment fixes the same limit for
all of us, the bank clerk getting
the same allotment as the coal
miner, the day laborer the same
as the sweet old lady next door
who rarely sets meat anyway,
and who along better when she
doesn't eat any at all. Her hum-
ility business of dishing out ab-
solute justice by government dis-
cretion is certainly a tedious under-
taking.

A Mild Crisis

Another sad and difficult situation has arrived for
the people of this nation. It can be understood, and ade-
quately, if taken in time and if the victim is endowed with
a reasonable degree of intelligence.

The matter at stake is the filing of a federal income
tax report not later than January 15, 1948, which date is
now at hand. There are little books and pamphlets
for sale at most bookstores which show citizens how to
work out their income taxes. And the offices of the Collec-
tor of Internal Revenue are usually gracious and helpful to
the citizen who goes quietly and pleasantly to ask how to
do the figuring. No citizen should be afraid to ask for this
help. The clerks are there to make the job easier and more
accurate, and to show the citizen how, in case of doubt, to
save himself money. But he should go early.

Citizens with large incomes from several different
kinds of sources do well to let lawyers or registered account-
ants do their figuring for them. Most of us with average
incomes can do it ourselves with a little help. It is a trouble-
some matter, but not so troublesome now as it will be if
neglected. And if a citizen tries to cheat, it will go hard
with him.

France—On The Way Up

Commenting recently on the accomplishments of the
past year, the French Premier, Robert Schuman, sounded
an optimistic note. He said that if the French people had
bread today and its industries were working, it was due to
American aid, made possible by the voluntary deprivations
of the American people.

This handsome acknowledgment was followed by sta-
tistics showing a ten per cent increase in wheat acreage
and the largest coal output since the war's end. France is
thus trying to contribute to her own recovery. A still un-
solved problem is how to bridge the gap between wages and
prices, a problem which is nearly worldwide. It is expected
that the Communists will use this gap for a talking point
in their campaign to gain power.

In France, as elsewhere, more raw materials and more
production are needed if wages and prices are to come any-
where near meeting. Farmers who put their backs into
raising larger crops, miners who dig coal instead of dis-
cussing politics, and industrial workers who cease clock-
watching and concentrate on production hold in their hands
the solution to economic problems in France and in other
countries.

Professors in Politics

Politicians often look askance at college professors as
candidates. Yet Woodrow Wilson was not only an outstand-
ing President but, what political managers value more, a
first-class vote-getter. Connecticut's governor, James L.
McConaughy, was formerly president of Wesleyan University,
and to get his present job had to beat one of his own
faculty, Prof. Wilbert Snow, Connecticut previously had as
a four-term governor, Wilbur Cross, dean and professor of
English at Yale.

Illinois is now getting the idea. Democratic leaders are
said to have agreed that their senatorial candidate this fall
will be Paul H. Douglas, a Chicago University professor
who formerly was in Congress and more recently has been
a major in the South Pacific. The practical men of politics
are said to respect his vote-getting ability, which pre-
sumably will be aided by his wife's campaigning. While her
husband was abroad, she served a term as congresswoman-at-
large.

If Douglas is elected, campaign managers may get the
idea that knowing enough about a subject to be able to
teach it is not a political handicap.

Too Late To Classify

By Russell Kay

Joe Abram, Jacksonville public
relations consultant, is conduct-
ing a political survey and poll,
and his January 8 release has
just reached my desk. He sends
ballots by mail to all counties
and to people of all walks of life.
He claims that 40 per cent of the
ballots sent out are returned.

On the basis of these returns
he shows Fuller Warren in first
place with 30 per cent of the total
votes. Tom Watson secured with
18 1/2 per cent. Colin English tied
with Watson with 18 1/2 per cent;
W. A. (Bill) Shands fourth with
17 per cent and Dan McCarty
fifth with 12 per cent. He lists
no candidates who receive less
than 5 per cent of the total vote
but credits Dick Cooper with
having polled 3 per cent.

This seems to line up pretty
well with the situation as it ap-
pears at the moment. Everyone
who has done any checking at all
agrees that Fuller Warren is still
top dog and away out in front.

Personally, I would be inclined
to show Tom Watson closer to
Warren than he appears on this
poll, although he hasn't started
to campaign yet and his final
position will depend on his ability
to reach and convince voters.

The entrance of Colin English
makes it plenty tough for both
Warren and Watson for he has
strong political backing and can
be depended on to run a good
race.

McCarty while reserved and
quiet, (some say colorless) is no
push-over. He has public confi-
dence, makes an impression and
if he can overcome his shyness
and do some forceful campaign-
ing he'll get his share of the
votes.

Bill Shands has remained
rather quiet since his formal
announcement but he is doing
plenty of contacting and is build-
ing a strong forceful state-wide
organization.

to enter the race he ought to be
able to hold his own with Shands,
McCarty and English for he has
developed the knack of getting
down among the people, a good
making them like him and he
would develop a good following
should he decide to run.

As it stands now it is still any-
body's race, each new entrant
muddies the water for the other
fellows and each will split up
the vote to the point where any-
thing can happen. We won't know
much about it until the boys get
to campaigning in earnest and
then the real picture will develop.

According to Abram's survey
in the lesser races, Clarence Gay
and Al Frazer seem to be
running about neck and neck
right now with "Lighthouse"
Harry Lee just what he claims
to be, a LIGHT and not a DARK
horse.

In the race for Attorney Gen-
eral, Abrams shows Grady Burton
well in the lead with Evelyn
second and Crewe third. Nathan
Mayn just naturally walked away
from his opponent Ammon Mc-
Clellan in the Abrams poll.

In addition to conducting the
poll on candidates for various
state offices, Abrams also includ-
ed the sales tax question in an
effort to smoke out public feeling
on this issue which is sure to
come in for plenty of bargaining
around before the show is over.

So far returns indicate the
public as very much opposed
with 67 1/2 per cent voting against
such a tax and only 32 1/2 per
cent favoring it. But this poll
does show a slight gain in favor
of the tax over the previous poll
taken in November.

Public interest during this
campaign will center first on the
Governor's race and second on
the comptroller's race, with
interest lagging as far as other
state races are concerned. I have
revised the Abrams poll, and what
it is worth. It seems to be fairly
accurate on the basis of all
the information I have been
able to gather.

DEER KILLED
TALLAHASSEE, Jan. 14 (AP)—
Nearly 22 deer were killed every
day of a supervised 47-day hunt
in the Big West Florida Eagle
Field Hunting Preserve this fall.

The State Game and Fresh
Water Fish Commission reported
2,675 hunters bagged 1,011 deer
during the season's hunt con-
ducted cooperatively by the state
agency and the U. S. Army.

CALLING ALL MEN 17 TO 35

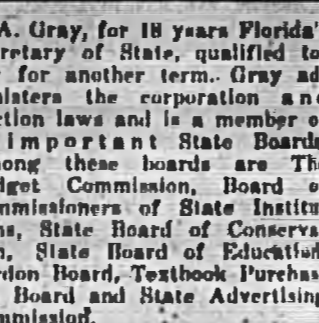

Volie Williams, Jr. Describes Party Work

DELAND Jan. 14 (Special)—
Volie Williams, Jr. of Sanford,
State Democratic Committeeman
from Seminole County, described
the party frame work and op-
portunities for party service at
a meeting of the Young Demo-
cratic League of Stetson College
of Law.

for governor, to qualify, urged
"Florida should do everything
to solve its state problems such
as water control before asking
Federal direction. We don't know
what we can do in Florida because
we have done nothing as a state
on water control."

Dick Cooper, first candidate

R. A. Gray, for 18 years Florida's Secretary of State, qualified today for another term.

Gray administers the corporation and
ejection laws and is a member of
12 important State Boards.
Among these boards are The
Budget Commission, Board of
Commissioners of State Institu-
tions, State Board of Conserva-
tion, State Board of Education,
Parison Board, Textbook Purchas-
ing Board and State Advertising
Commission.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

India is witnessing the begin-
ning of an amazing spiritual
drama and one which may have
far-reaching effects, for Mohandas
Gandhi has begun another of his
fasts—perhaps unto death—in an
effort to bring peace to the vast
Indian peninsula which is dan-
gerously near war because of the
bitter differences between the
new dominions of India (largely
Hindu) and Pakistan (mostly
Muslim).

To the Western world such
tactics seem strange and perhaps
futile. But "East is East and West
is West," and the action of the
aged and frail little Mahatma al-
ready has shocked and sobered
millions of his countrymen who
will reverse and even worship him as
a holy man. We see striking
proof of this in the fact that
trading was suspended in the
markets of the great cities of
Calcutta, Bombay and Madras as
he proclaimed the beginning of
his fast with the declaration:

"You must prefer Gandhi or
lawlessness; you can't have both."
It would take a very saintly
man indeed to shock Wall Street
or "The City" of London into clos-
ing down, in India, however,
Gandhi has greater influence than
any other individual, and that in-
fluence isn't restricted to his own
people—the Hindus. Just before
he began his fast he received
delegations of Hindus, Sikhs and
Muslims, who begged him to give
the people another fifteen days to
restore peace before he refrained
from food, but he shook his head
and said that life had no value or
attraction without peace and love.

Many of those in the garden with
him wept.

So Gandhi who has done more
than any other individual to bring
about India's independence has
taken his life in his hands again,
and this may be the last time,
for he is ill and weak. And it's
important to note that in the
prayer service which he held for
friends he read selections from
the Mohammedan Koran, the Chris-
tian Bible and the Hindu Vedas.

There we have the real Gandhi,
who finds good in all these re-
ligions, and who has confidence
in me that the greatest influence
in his life has been Christ's sermon
on the mount.

Now what is this threat which
the Mahatma is risking his life to

remove? It's a complicated sit-
uation but in its essence springs
from the religious conflicts which
have plagued India through the
centuries. The two new dominions
are built on politico-religious-racial
differences, and these now are
being aggravated by new dif-
ficulties which have grown out
of the carving up of the sub-con-
tinent into two independent countries.

One bone of contention is the
fight over the rich state of Kash-
mir, whose population is largely
Hindu but whose Hindu maharaja
has tried to join his
state to the Hindu dominion of
India. Muslim tribesmen from
Pakistan territory have invaded
Kashmir and there has been sav-
age fighting between Moslem and
Hindu forces.

Then, too, the dominion of India
is much the larger and richer,
having most of the big industries
and resources. Naturally Pakistan,
which lacks many essentials, is
finding tough going—and it will
be increasingly tough. All this
adds fuel to the flames of passion.

Many observers believe there
is only one logical solution. That
is the formation of a federal gov-
ernment (such as Britain tried to
achieve) which would link the
dominions economically but would
leave each a great degree of
sovereignty.

Gandhi, dead or alive, will con-
tinue to play a major role in the
development of his country.

The great fear in India now
is that if he should die from
fasting, the non-Muslims might
blame the Muslims for his death
and try to exact vengeance. How-
ever, that is something only time
can reveal.

You Can Win a
Beautiful New Kaiser
or Frazer Sedan
FOURTH \$17,000 KAISER-FRAZER
CONTEST NOW ON...
Enter Today!
It's easy to win a glamorous new Frazer or a big beautiful Kaiser
in the fourth giant Kaiser-Frazer contest. It's easy to win any
of the prizes and cash awards totaling \$17,000. Here's all you
have to do. Visit your nearby Kaiser-Frazer dealer and ask for
your free contest entry blank. With it you'll get a free tip sheet
containing the official rules of the contest, a list of the prizes,
and some helpful facts about Kaiser and Frazer cars. Read your
tip sheet. Then complete this sentence in 25 words or less: "New
Kaiser and Frazer cars appeal to me because..." That's all there
is to it. There's nothing to purchase—nothing to buy. So get
your entry in the mail, today.

Social And Personal Activities

Social Calender

THURSDAY
 The American Chapter No. 2, O. E. S., will meet in the Masonic Hall at 8:00 P. M.
 The Grammar School Parent Teachers Association will meet at 8:30 P. M. in the school auditorium. The board will meet at 2:30 P. M.
 The Y. W. A. of the First Baptist Church will meet at the home of Freda Harrison, 819 Almetto Avenue.
 The American Home Department of the Sanford Woman's Club will meet at 8:00 P. M. at the club house. The annual election of officers will be held. The program will be based on "Child Psychology" with Mrs. James Moughton as guest speaker.
MONDAY
 The Dependable Class of the First Methodist Church will meet at the home of Mrs. C. L. Wallis, 507 Elliott Avenue with Miss Nell Williams as co-hostess. A market basket sale will be held during the business session.
 The W. M. U. of the First Baptist Church will hold its program meeting at 8:30 P. M. with Circle Five in charge. Mrs. John Miller, program chairman, directing. The topic will be "90 Years in Royal Arms." The Subbeams will also meet at the church at 8:30 P. M.

Fidelis Class Meets At Williams Home

Mrs. R. A. Williams and Mrs. B. Smith were co-hostesses of the regular meeting of the Fidelis Class of the First Baptist Church at the home of Mrs. Williams on Valencia Drive last night.
 Mrs. P. H. Groves presented the devotional, "Nourishing the Christian Life" and Mrs. R. E. Elsbury presided over the business session. The class voted to give a quart of milk daily to a child in need of help here and plans for raising money to carry out their worthwhile projects were discussed. The meeting night was changed from the second Tuesday night in each month to the first Tuesday by unanimous vote.
 Mrs. Forrest Gatchel, teacher of the class, urged all the members to attend the revival services which will begin at the Baptist Church Jan. 18 and last through Jan. 25.
 During the social hour an announcement in the direction of Mrs. H. E. Morris, was enjoyed after which refreshments were served.
 Those present were Mrs. Gatchel, Mrs. Elsbury, Mrs. Peter Henderson, Mrs. Ray P. Brining, Mrs. O. P. Wain, Mrs. S. C. Grammer, Mrs. W. H. Duncan, Mrs. C. V. Ergle, Mrs. F. E. Cooper, Mrs. Frank L. Woodruff, Jr., Mrs. Ivoles, Mrs. Evans McCoy, Mrs. V. C. Buie, Jr., Mrs. John Miller, Mrs. Laurine Beal, Mrs. Morris, Mrs. Williams and Miss Lorene Franklin.

Legion Auxiliary Has Monthly Meet

The regular monthly meeting of the American Legion Auxiliary was held on Friday night at 8:00 P. M. at the Legion Hut. Mrs. E. J. Houth presided over the meeting in the absence of Miss Edna Chittenden.
 After the opening prayer Mrs. E. C. Hunter reported good balance in the treasury with all outstanding bills paid. Letters were read from Lake City Hospital, "Ray Pines" Hospital and Pratt General Hospital, thanking the group for the boxes sent to them for distribution in their Joy Shops at Christmas. A need for stationery and playing cards for the patients in the hospital was stressed.
 Mrs. Joel Field reported on the Christmas basket given to a local family and the organization voted to give \$10.00 to Mrs. Seth Woodruff to be used for charitable purposes.
 Mrs. Routh reported that her Grammar School class had sold over \$110.00 in the recent tuberculosis seal sale. She also said that the state president will make her official visit to this unit on the first Friday in February. She thanked all members who helped with the Salvation Army drive boards during the Christmas season.

Training Group Has Progressive Dinner

A group of Junior Training Union members of the First Baptist Church were entertained recently with a progressive dinner party as a reward for having attained an unusual record in church attendance.
 The party was given by the ladies and sponsors of the Junior Department of the Training Union and held at the home of the following: Mrs. R. T. Thomas, Mrs. John L. Miller, Mrs. H. M. Pearce and Mrs. W. L. Vance.
 The dinner table in each of the homes held an artistic arrangement of flowers and burningapers. Games preceded each course and place cards were in the form of desk calendars with the menu printed at the top. Those enjoying the dinner were: Mrs. Lane Miller, Faye Ashby, Cecil Sheppard, Gene Wilton, Bobby Debie, J. T. Black, Robert Arthur and Frank Mills. Also Mrs. Thomas, Mrs. Miller, Mrs. Pearce, Mrs. Vance, Mrs. T. Groves and Mrs. A. J. Peterson.

Last Lecture Given By Mrs. Ochiltree

In the last of a series of four lectures, Mrs. Paul Ochiltree of Miami gave a vivid and instructive talk on flower arrangements for churches and in the home yesterday afternoon at 1:30 o'clock in the ballroom of the Mayfair Inn. The lectures were sponsored by the Diet Gardeners Circle of the Sanford Garden Club.
 Mrs. Ochiltree stated that the use of asparagus fern and Baby's Breath as fillers is frowned upon and only aids confusion in the lines of an arrangement. It should be dramatized, she stated, in demonstrating this theory she constructed a simple group of three single pink hibiscus with fern. Another group was of white camellias and Baby's Breath. She stressed the importance of using large sturdy flowers as a center of interest at the base of an arrangement with the light dainty flowers at the top.
 While speaking Mrs. Ochiltree was busy arranging the attractive flowers and foliage brought by the audience. In a striking arrangement for a church she used a large antique brass urn to hold Bryophyllum, Codiaeum and several narrow spikes of palmetto fronds backed with graceful Coont palm fronds. She stressed the importance of a training the eye for color and texture and pointed to the beauty of using just a few flowers with an added touch of color.
 Unusual Christmas arrangements were described by the Miami lecturer including a unique Christmas tree and along with the demonstrations of arrangements for well-known plants and flowers such as azaleas, gladioluses and camellias her talk covered odd plants in the form of Coont palm cones and Billbergia. Following her talk Mrs. A. W. Epps, president of the Sanford Garden Club, thanked her for her many helpful hints in flower arranging and expressed the thanks of the club for the interesting lectures.

Flower Contest Held At Rose Circle Meet

Mrs. Endor Curlett served as judge for flower arrangements displayed during the regular meeting of Rose Circle of the Sanford Garden Club held on Friday morning at the home of Mrs. H. H. Coleman.
 Mrs. B. E. Crumley presided over the meeting and urged members to attend the Ochiltree lectures held on Monday and Tuesday at the Mayfair Inn. The arrangement of double poinsettias made by Mrs. G. W. Bailey was awarded first prize by Mrs. Curlett.

Committee Appointed At Circle Meeting

Mrs. James Moughton, Mrs. J. C. Davis and Mrs. E. G. Kilpatrick were appointed as a nominating committee for election of officers for the Central Circle of the Sanford Garden Club at a regular meeting of the group held on Friday at 9:00 A. M. at the home of Mrs. Zeb Ratliff.
 Delegates elected to attend the state convention of the Garden Club to be held in April in Jacksonville are Mrs. George McCall and Mrs. F. E. Holz with alternates being Mrs. G. S. Selman and Mrs. Annie Meriwether.
 Following the business meeting Mrs. H. H. McCaslin spoke to the group on "Azaleas." Those attending were Mrs. McCaslin, honor guest, Mrs. McCall, Mrs. Ira Southward, Mrs. E. B. Clements, Mrs. F. E. Hollis, Mrs. Davis, Mrs. Joder Cameron, Mrs. John Eick, Mrs. A. J. Peterson, Mrs. Kilpatrick, Mrs. Moughton and Mrs. Holz.

GRAMMAR SCHOOL SPEAKER

Mrs. W. S. Brunley, program chairman for the Grammar School Parent Teachers Association, announced this morning that Dr. W. P. Brooks, Jr. will be the guest speaker for the regular meeting of the group to be held tomorrow at 8:30 P. M. Dr. Brooks will have as the subject for his talk, "Parent and Family Life Education."

POSTPONEMENT

The Elsie Knight Circle of the First Baptist Church will meet on Monday, Jan. 29 instead of Jan. 19 because of the Revival at the Baptist Church starting Jan. 18 and lasting through Jan. 25.

Personals

Vic H. Combs of North Hatley, Quebec, Canada arrived yesterday to spend several months in Sanford.
 Mr. and Mrs. W. H. Bacl left yesterday to return to their home in Flushing, N. Y. after visiting with Mrs. Bacl's mother, Mrs. J. W. Merco, and other relatives.
 Mrs. J. N. Robson, Sr. returned last night from Columbia and Charleston, S. C. where she has been spending the past several weeks with relatives and friends.
 Miss Lulu Drew of North Hatley, Quebec, Canada, and Miss Irene C. Wilson of Montreal, Quebec, Canada have arrived to spend the winter months at the home of Mr. and Mrs. H. J. Lehman on Palmetto Avenue.
 Mrs. Jasper Crowley of Sarasota has been spending the past week in Sanford on business and in Orlando with her sister and brother-in-law, Mr. and Mrs. Frank Brock. Mrs. Crowley is the former Virginia Jenkins Crawford of Sanford.

Piggly-Wiggly Group Held Picnic Sunday

Employees and the families connected with the Piggly-Wiggly Grocery Store enjoyed a steak fry on Sunday afternoon at Blue Springs. Boat riding was enjoyed during the afternoon after which steaks were broiled and served with cold-slaw, macaroni and cheese, potato salad, baked beans, potato chips, pickles, candied yams, cakes and coffee.
 Creating much interest during the afternoon was the sighting of several manatees. Among those attending were Mr. and Mrs. William Casube and children, Pat Barbara and "Butch", Mr. and Mrs. John Lyles and daughter, Ann, Mr. and Mrs. Brown Miller, Mr. and Mrs. Myrick, Mr. and Mrs. M. L. Johnson and son, Mr. and Mrs. S. E. Bate and son, Alan, Mr. and Mrs. White and son Garnett, Mr. and Mrs. M. Ashely and daughter, Mr. and Mrs. Billhimer and son, Bob, and daughter, Betty, Mr. and Mrs. J. B. Cleland, Mr. and Mrs. Robert Raulerson, Mr. and Mrs. Mathews and sons, Gene Harper, Marcus Bowen and Bill Lane.

Committee Appointed At Circle Meeting

Mrs. James Moughton, Mrs. J. C. Davis and Mrs. E. G. Kilpatrick were appointed as a nominating committee for election of officers for the Central Circle of the Sanford Garden Club at a regular meeting of the group held on Friday at 9:00 A. M. at the home of Mrs. Zeb Ratliff.
 Delegates elected to attend the state convention of the Garden Club to be held in April in Jacksonville are Mrs. George McCall and Mrs. F. E. Holz with alternates being Mrs. G. S. Selman and Mrs. Annie Meriwether.
 Following the business meeting Mrs. H. H. McCaslin spoke to the group on "Azaleas." Those attending were Mrs. McCaslin, honor guest, Mrs. McCall, Mrs. Ira Southward, Mrs. E. B. Clements, Mrs. F. E. Hollis, Mrs. Davis, Mrs. Joder Cameron, Mrs. John Eick, Mrs. A. J. Peterson, Mrs. Kilpatrick, Mrs. Moughton and Mrs. Holz.

GRAMMAR SCHOOL SPEAKER

Mrs. W. S. Brunley, program chairman for the Grammar School Parent Teachers Association, announced this morning that Dr. W. P. Brooks, Jr. will be the guest speaker for the regular meeting of the group to be held tomorrow at 8:30 P. M. Dr. Brooks will have as the subject for his talk, "Parent and Family Life Education."

POSTPONEMENT

The Elsie Knight Circle of the First Baptist Church will meet on Monday, Jan. 29 instead of Jan. 19 because of the Revival at the Baptist Church starting Jan. 18 and lasting through Jan. 25.

Mrs. Edward Higgins Gives Bridge Party

Mrs. Edward Higgins, Jr. entertained with a desert-bridge party yesterday afternoon at her home at 1215 Magnolia Avenue. Lovely arrangements of red roses, snapdragons and calendulas were used in the room of the Higgins' home.
 Following the desert course several progressions of bridge were enjoyed with high prize being won by Mrs. Charles Ward second high by Mrs. H. B. Odham, Jr. and low by Mrs. Roy Green.
 Those invited were Mrs. Odham, Mrs. Herbert Moses, Mrs. J. A. Ponder, Mrs. Green, Mrs. Ward, Mrs. John Courier, Jr., Mrs. Roy F. Symes, Jr., Miss Dorothy Powell, Mrs. Malcolm Higgins and Mrs. Jack Dult.

Mrs. E. C. Harper Entertains Circle 5

Mrs. E. C. Harper entertained members of Circle Five of the First Baptist Church for the regular meeting of the group on Monday afternoon at her home on Sanford Avenue. The meeting was opened with prayer by Mrs. W. P. Brooks, Jr. after which reports were heard from the various committees.
 Mrs. W. H. Shannon gave a short talk on Stewardship and Mrs. Forrest Gatchel taught the Bible Study. An announcement was made by Mrs. T. H. Groves that the associational clinic will meet Jan. 29 at the church in an all-day meeting and all members were urged to attend.
 Following the business meeting refreshments consisting of cake, sandwiches, nuts and Russian tea were served to Mrs. Picas P. Campbell, Mrs. C. A. Dutton, Mrs. S. B. Eick, Mrs. F. S. Lanson, Mrs. Charles B. Zalesky of Cedar Rapids, Iowa, Mrs. John L. Miller, Mrs. Mary Morrison, Mrs. J. M. Stinecoper, Mrs. W. L. Stoulenmire, Mrs. M. A. Tedford, Mrs. Frank L. Woodruff, Jr., Mrs. Brooks, Mrs. Groves, Mrs. Shannon, Mrs. Gatchel, Mrs. Harper and Miss Minnie Stewart.

Committee Appointed At Circle Meeting

Mrs. James Moughton, Mrs. J. C. Davis and Mrs. E. G. Kilpatrick were appointed as a nominating committee for election of officers for the Central Circle of the Sanford Garden Club at a regular meeting of the group held on Friday at 9:00 A. M. at the home of Mrs. Zeb Ratliff.
 Delegates elected to attend the state convention of the Garden Club to be held in April in Jacksonville are Mrs. George McCall and Mrs. F. E. Holz with alternates being Mrs. G. S. Selman and Mrs. Annie Meriwether.
 Following the business meeting Mrs. H. H. McCaslin spoke to the group on "Azaleas." Those attending were Mrs. McCaslin, honor guest, Mrs. McCall, Mrs. Ira Southward, Mrs. E. B. Clements, Mrs. F. E. Hollis, Mrs. Davis, Mrs. Joder Cameron, Mrs. John Eick, Mrs. A. J. Peterson, Mrs. Kilpatrick, Mrs. Moughton and Mrs. Holz.

GRAMMAR SCHOOL SPEAKER

Mrs. W. S. Brunley, program chairman for the Grammar School Parent Teachers Association, announced this morning that Dr. W. P. Brooks, Jr. will be the guest speaker for the regular meeting of the group to be held tomorrow at 8:30 P. M. Dr. Brooks will have as the subject for his talk, "Parent and Family Life Education."

POSTPONEMENT

The Elsie Knight Circle of the First Baptist Church will meet on Monday, Jan. 29 instead of Jan. 19 because of the Revival at the Baptist Church starting Jan. 18 and lasting through Jan. 25.

THE GARDEN GATE

MRS. E. G. KILPATRICK, JR., Editor
 Weekly Column of the Sanford Garden Club

Arbor Day gives us an opportunity to lead public thinking, to plant in the minds of children the seed of a constructive attitude toward all natural resources, to focus public attention for a little while on conservation.
 The planting of an Arbor Day Tree is a simple thing in itself, but it is a recognition, a tribute, of human dependence upon our forest research.
 The greatest punishment put upon Adam was to drive him out of his orchard. We are all Adams, every man has a desire for a home with a few trees around.
 When you visit one of these persons he takes you out over his orchard to show you his trees with a great deal more pride than a school boy has for his jewels, or a scholar for his medals.
 A tree is a living memorial. A little child who helps plant a tree, who watches it grow, playing in its shade, later climbing in among its branches, will have an affection for that tree that will last a lifetime. He will never carelessly endure needless destruction of fine trees.
 Arbor Day has been celebrated by school children in Florida since 1886 on various dates, but in 1946, "The Florida Board of Forestry", with the approval of interested organizations established the third Friday in January as official, which this year falls upon the 46th.
 The schools in Sanford will observe Arbor Day with appropriate programs. Potted plants will be prepared by Garden Club members for the young students.
 Are You Going to Control Azalea Pest?
 This and many other questions were discussed by Mrs. H. H. McCaslin at a Garden Club meeting.
 She advised that now is the time to spray for the little green grass-hopper that is such a destructive pest of the azaleas.
 Mrs. McCaslin, who is one of our most successful gardeners, recommends, as a home remedy, the Gulf Insect spray.
 Spray the plants well then under and all around them to kill the very young and even the eggs.
 Watch this column for a complete list of pests and diseases that attack plants in and around Sanford and how to control them.

Seminole Hi At BOBBY PARK

Tuesday morning the students entered the auditorium expecting the regular old pep meeting. Instead they were treated to over half an hour of good fun presented by the Pep Club which having taken an active part in all major events in the school year, now ranks as one of the outstanding student organizations in the school. During the school year they have assembled and published a student handbook, decorated an attractive Christmas tree in the hall during the Christmas holidays, decorated a float for the home-coming parade, and contributed handsomely, individually if not as a group, to the school spirit at every game in the year plus numerous other projects such as the programs at the games. It's time the school said hats off to the fine job they're doing.
 The unusual chapel program began with a Pep Club, Silt Mildred Turner an announcer narrated the skit in which Emma Jane Robbins, as "Squirrel", and Mary Jane Eubanks, as "Fred Siegrist" illustrated comically the rules of Basketball through the twisted meanings of the words. Peggy Howell umpired the mock illustrations. After this feature Mr. Morris and Mr. Harris were called to the stage. Mr. Morris represented Sanford's basketball team and Mr. Harris represented the team of Mount Dora in the contest that followed. Starting

Feds Split Tilts With 'Canes

Baby Feds Cop 34 To 20 Game & Varsity Drops 35 To 24 Tiff To Mt. Dora Combine

By ARTHUR BECKWITH, JR., Herald Sports Editor

An up-and-coming Seminole High School Celery Fed quintet dropped a hard fought court engagement to the Mt. Dora Golden Hurricanes aggregation at the high school gym last night by a 35 to 24 margin, but the Fed Jayvees dropped the Baby 'Canes by a 34 to 20 score.

The Feds, playing one of their best defensive games of the year, limited the high scoring Mt. Dora to 25 points. This is the best defensive action displayed this year against the Lake Counties. Mt. Dora trimmed Jayvees by a 35 to 24 margin, defeated Winter Gardens by a 38 to 27 score, downed Ovidio in a 67 to 46 game and ripped Umatilla by 39 to 29. The Dorans trimmed Sanford on Dec. 22 by a 50 to 32 score.

Cosah Floyd Jagers of Mt. Dora, a former Rollins College star, stated that the Fed defense was the best he had seen this year and was especially effective in keeping Jim Vincent from jarring in his usual sparkling game. Vincent is usually a 23 point man for the Hurricanes, but the Feds limited his total to 11 last night.

Ray Dunbar paced the Fed attack against the Baby Canes as

Stetson Trims FSU In 65-56 Contest

DELAND Jan. 14 (AP)—Jordan Maynard paced the Stetson University basketball team to a 65-56 win over Florida State University last night. He tossed in nine field goals and made five of six free throws for 23 points. Five players, three for FSU and two for Stetson, fouled out of the game, in which 60 persons were whistled by the referees.

Stetson's Hatters jumped into an early lead, held a 24-25 half-time advantage and stayed about that far in front of the rest of the way. Next to Maynard, George Everett was most effective in the point-getting department, scoring 17. Bill Kratzert paced the Florida State Seminoles with 16.

OPTIONAL PLAYER
BUFFALO, N. Y. Jan. 14 (AP)—The Buffalo Bisons of the International League have optioned rookie pitcher Bill Tessler of Minnesota, to the Thomasville, Ga., team of the Georgia-Florida League.

he racked up 13 of the Seminole scores. He was followed by Charlie Thomas, who scored six points and Bill Johns and Boyce Hannum, who scored four points each.

Friday night the Feds motor to Palatka to meet the Palatka High Maroons in a twin bill, and next Tuesday night the Seminoles move to Deland for two contests. Mt. Dora (35)

Three Dogs Will Renew Their Feud At Oval Tonight

A fast field of sprinters will go to post in the feature ninth event tonight at the Sanford-Orlando Kennel Club with Paka Luck, Jess Greenleaf, and Black Larry renewing their greyhound feud for top honors. This trio of speedsters finished one-two-three respectively last Monday night with less than a length separating them at the wire.

The complete card will include three other sprint contests from the futuristic box while the remaining six races will be run over the gruelling five-sixteenths of the mile distance. The track has been attracting large crowds nightly and the season bids fair to surpass last year's excellent showing. The dogs will parade to post for the opening event at 8 P. M.

Air Force

(Continued from Page One)

or that is what we want for the next ten years."

To a question about possible merger of the Air Force's Air Transport Command and the Navy's Naval Air Transport, Forrestal said such a proposal is under "very active study" and there may be a "definitive announcement" in the near future.

He also replied in the negative when asked about reports that United States air pilots and pilots were being sent to Greece. When asked about a rumor that the United States is negotiating for a base at Bengali, in Ceylon, Forrestal said that "I've had no conversations about it."

Wacker

(Continued from Page One)

to duty with the Sanford Naval Air Station in 1944, and how the friendliness of the people of Sanford and surrounding territory resulted in his settling with his family in Florida.

Relating a story recently published in Collier's magazine entitled "Clubs are Trumps" where in the fact was brought out that over a million members of service clubs throughout the nation meet every week for a meal and conversation, Mr. Wacker said that this mass group in Sanford more powerful every year and is now strong enough to control the nation, but fortunately works only for good.

between earning capacity and education, and pointed out that of those in the top wage and income brackets, 50 percent are college graduates and 40 percent have a high school education.

Among men of elementary education, the average starts work at 14, reaches peak income at 35, and has a 50-50 chance of being dependent on others at 60, he asserted. The high school man starts work at 18, reaches the peak income at 45, and thereafter his income remains much the same.

The college man starts work at 22 and at 30 his income on the average, equals that of the high school man at the age of 40, said Mr. Hines.

"Man's wants are increased by education and American markets are improved in proportion to education of buyers," he declared. "Men of limited education who have risen in the ranks are the exception and not the rule," he

these projects to a successful conclusion.

Mrs. Lourine Beal, program chairman, introduced the speaker. She also introduced Mrs. Phyllis Allen Proctor, who sang "86-86" and "Oh, I Do," to bar work plans accompanied by Mrs. Joel Field, president, presided over a brief business session prior to the program, and welcomed Mrs. Mary McCausley into the club as a new member. There were 52 members present at the meeting.

The \$15,000 "jail on wheels" designed by a pioneer in the field of crime prevention, former Sheriff J. Edward Blavin of New Haven, Conn., was embarked on a nationwide tour in conjunction with his on-man crusade against juvenile delinquency and will be in Sanford Thursday through the co-operation of the local Police Dept. A completely motorized unit, the 6-wheel vehicle contains displays of the newest in police equipment for tracking, capturing and questioning of felons, and a genuine electric chair. Capable of 50 miles per hour, the self-propelled jail is about the size of a cross-country bus, and includes crime-fighting apparatus found only in F.B.I. and police laboratories and made available gratis to the Sheriff by manufacturers with the approval of those authorities.

curly and conservation programs.

Then Senate Banking Committee heard Secretary of the Interior Krug at 10 A. M. before the President's report was made public and Secretary of Commerce Harrison at 2:30 P. M.

These cabinet officers, along with Schweikbach and Secretary of Agriculture Anderson, are co-authors of the Administration's wage-price control bill.

Schwellenbach told the committee that "if we are successful in checking the upward trend of prices and rents and in lowering the cost of food, we shall have a basis for calling on labor voluntarily to limit demands for further wage increases—at least temporarily—while we as a nation try to achieve a basis of stability."

The Secretary said this objective could not be achieved without selective price control. And he added that even if labor did make a voluntary agreement to curtail wage demands, the administration still should have legal power to control pay increases.

Mistrial

(Continued from Page One)

the stand was John Lannard, Sanford attorney, who testified that he was present in the garage of Charles H. Taylor, negro, on East Fourth Street during the quarrel involving the McMillan brothers and Taylor, which led to the death of the negro pastor as he attempted to mediate in the quarrel.

Dr. George Starke, negro physician who attended the injured pastor, said that Sutton died of a fractured skull caused by being hit with a blunt weapon.

Charles Taylor when examined by the defense, identified a pistol as his property, which he said was unloaded at the time of the quarrel and which he had pulled out of a tool box and attempted to use during the altercation.

Members of the jury were: E. H. Randall, Jr., Charles Carlson, Leo Butler, E. R. Stoniger, Ralph W. Looming, Joseph Mikler, Jno. Davis, R. D. DeKle, W. A. Hunter, John S. Kridler, O. E. Fourkra and Raymond McCall.

Relief At Last For Your Cough

Cremulsion relieved promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must use the way it quickly allays the cough or you are to have your money back.

CREMULSION for Coughs, Chest Colds, Bronchitis

HAMBONE'S MEDITATIONS

By Alky

BOSS TELLIN' ME HITS I'GN'UNT T' BELIEVE IN HAINTS, MEBBE SO, BUT EF I SEES ONE, I AN' GWINE BE I'GN'UNT NOUGH TO STAN' ROUND TRYIN' T' LOOK SMART!

Krider

(Continued from page one)
 by E. G. Kilpatrick, who composed Mr. Krider for his work on the baseball committee and also Edward Higgins and Lind Weber for their assistance.

Mr. Higgins announced that a glider meet will be held at the Municipal Airport this weekend and disclosed that the Chamber of Commerce and the Junior Chamber of Commerce had underwritten the event to the extent of \$500 each. Mr. Higgins also announced a Florida Airways "Air-Line Week" which will be held in Sanford during the week of Jan. 26.

Al Lee reported on activities of the Coast Guard and said that efforts are being made to maintain the railroad drawbridge west of Lake Monroe and to improve the channel in the St. Johns River from Lake Monroe to Lake Haney. Lea Lester and Jack Ratigan reported on the location of road signs in and around Seminole County. E. M. Amstutz reported on the activities of the Tourist Club.

Among those present at the meeting were Forrest Gatchel, O. P. Hendon, H. B. Pope, George A. Speer, Frank Shames, Lind Weber, Al Lee, Jack Ratigan, John Blundley, Leonard Casselberry, J. A. Bithine, W. A. Morrison, John Krider, and Roland Dean.

Petrillo

(Continued from page one)
 W.A.F. employment of three additional union musicians can only be interpreted to mean that these additional musicians were to perform actual services.

"During all subsequent negotiations the defendant (Petrillo) insisted that the employment for three additional musicians and the record in completely devoid of any evidence indicative of any intention or intention on the part of the defendant that these three additional musicians were not to perform actual services. The demand for the employment of additional employees was accompanied by threats of the use of force, violence, intimidation or duress.

"This fact is further emphasized in the light of testimony of representatives of the station that neither the operation of the station nor its employees were interfered with; and that they were not even inconvenienced by reason of the dispute.

"The evidence further shows that in all previous negotiations between the station and the defendant, their relationship was cordial and cooperative."

Judge Labov's ruling was on evidence taken during a trial which ended Jan. 2.

Glider Meet

(Continued from page one)
 according to Lawrence Hurlin, general manager, will be Mrs. "Ginny" Bennis of Sanford, international woman's altitude champion, also distance record holder for the United States; Shelley Charles, single place altitude record holder, and Paul Tuntland, holder of two place records.

Also entered in the contests will be Richard Reeves, president of the Soaring Society of America, the national body that represents this country in international soaring, and Richard Coney, general manager of the group, who on July 4, at Wichita Falls, Texas, gave a championship performance on altitude, distance and duration.

In order to aid in financing the soaring meet, the Seminole County Chamber of Commerce and the Junior Chamber of Commerce have underwritten it to the extent of \$500 each.

The meet, which is expected to draw many soaring enthusiasts here, is sponsored by the recently formed Florida Soaring Association, of which Walter Kivime, Sr. is president and Guy Storey, chief mechanic at the Sanford School of Aviation is vice-president. Mrs. Bennis is secretary, and Gene Tucker is treasurer. Directors are William Lazarus, Chie Lazarus, Edward Higgins, Karlisle Housholder and Fritz Compton. The latter is also a director of the Soaring Society of America. Alex. Dawyloff, editor of Air Trails Magazine, is also expected here for the meet.

Bank Deposits

(Continued from page one)
 The directors met, following the meeting of stockholders and re-elected C. H. McNulty, president.

Foreign Aid

(Continued from page one)
 Snyder, explaining financial aspects of the Marshall Plan for European recovery in testimony calling on Congress to approve it in the form and amount laid down by President Truman, also said that:

1. Part of the United States money should be provided in "grants in aid"—meaning gifts—and part in loans. The amount required to be repaid should be held down to the "borrowing country's capacity to repay in dollars."

2. Five percent of the program funds should be set aside to guarantee private American firms U. S. dollars in exchange for foreign currencies they earn through investment in those countries. Purpose is to attract private investment abroad.

3. A short supply of goods for the Marshall Plan countries in Canada, Latin America and elsewhere, or in one Marshall Plan country to buy goods for another one.

Vandenberg pointed out that the law prohibiting hoarding of gold has been successful in the United States. He suggested that a clause be inserted in any agreement requiring European nations to ban hoarding of gold and dollars.

"I see no objection to that," Snyder said. Vandenberg then reminded that during the German occupation of France such methods failed to prevent hoarding.

"The Germans even hoard up pearls before the French invaded and tried other most unprop-

ARE YOU DISCOURAGED

because you suffer distress from periodic FEMALE COMPLAINTS which makes you NERVOUS, HIGH-STRUNG on such days?

Are you troubled by distressing, irregular monthly disturbances which make you suffer from pain, feel as nervous, cranky, restless, weak at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test it proved remarkably helpful to women troubled this way. Why don't you get smart and try it yourself?

Pinkham's Compound is what doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great emmenagogue!

Clark Orders Probe Of Lobbying By Jury

WASHINGTON, Jan. 14, (AP)—Attorney General Clark today ordered a federal grand jury investigation of lobbying in the District of Columbia.

That law requires that persons attempting to influence legislation must register with Congress and file a statement showing who is paying them.

Arabs Attack 4 Jewish Villages With Machineguns

Snipers' Guns Bark Constantly In The Tel Aviv, Jaffa Area

JERUSALEM, Jan. 14 (AP)—Arabs attacked four Jewish settlements in the area between Jerusalem and Hebron today, Jewish sources reported, and tension mounted with reports from Syria that Middle East Arabs have set Feb. 15 as D-Day for military sweep against Zionism.

Snipers' guns barked constantly in Jerusalem and in the area of all-Jewish Tel Aviv and all-Arab Jaffa. Jaffa is thronged with Syrians, Iraqi and Trans-Jordanians awaiting orders to move against Tel Aviv.

Unofficial but reliable sources said three columns of Arabs attacked Ain Taurin, near Hebron, with grenades and automatic weapons. Jewish reports said the Arabs also attacked the neighboring collective villages of Cikh Bazan, Masouth and Jibah, and Kfar Etzion. They said the first band of attackers was comprised of 15 men, the second, about 30. A third band struck from the direction of Jerusalem, the reports said.

On the Bethlehem-Hebron road a motor car of the Iraqi consulate was attacked and the driver and the driver's wife were reported injured. The consul himself was not in the car. Police quoted one of the pair as saying some of the attackers were "in what appeared to be army uniforms. Jewish sources expressed belief the car was mistaken by Arabs for a Jewish-owned vehicle.

Later in the same area Jews blew up a two-story house suspected being used as an Arab snipers' nest, Jewish sources said. A high government authority said the Palestine government asked Christian, Moslem and Jewish religious communities to declare Jerusalem's old city area an "open city," and that negotiations were "nearing a successful conclusion." The area is sacred to all three religions.

Hazana, the Jewish militia, posted up leaflets in Jerusalem Arab quarters warning that if the Arabs did not lift their siege of 1500 Jews within the ancient walled city, "We will be

Thomas D. Bailey of Tampa, for 24 years a Florida schoolman, today became a candidate for State Superintendent of Schools.

forced to defend ourselves by imposing an equal siege on some of your people can taste misery."

Royall Declares Draft Measure Is Aid Bill Alternate

Army Secretary Says If Plan Isn't Ok'd, Army And Budget Needs To Increase

WASHINGTON, Jan. 15 (AP)—Secretary of the Army Royall told Senators today that the alternative to a European Recovery Plan may be drafting men for military service.

Royall made the statement to the Senate Foreign Relations Committee today in response to questions from Chairman Vandenberg (R-Mich.) and Senator Lodge (R-Mass.).

The Army secretary testified yesterday that unless the recovery plan is accepted, the Army and its budget will have to be "measurably and immediately" increased.

Asked how this can be accomplished, Royall said either through an increase in voluntary enlistments, which he said is doubtful, or "some method of selective service."

If we assume that voluntary enlistments have not produced as many men as necessary, that leaves only the draft, Lodge commented.

Royall replied that this is correct. In other words, Lodge said, we have the alternative of the European Recovery Plan, or "else going back to the draft."

Royall said this is the "logical conclusion" unless some way can be found through an increased compensation or some other means.

Secretary of Defense Forrestal, meanwhile, told the House Foreign Affairs Committee the objective of the recovery program "is the prevention of war" and should not be construed as a military aid bill.

Damage To Florida Citrus Is Said To Be Inconsequential

LAKELAND, Jan. 15 (AP)—Damage to Florida's million dollar citrus crop from today's freezing temperatures was "inconsequential," Meteorologist Warren O. Johnson of the State-Federal Frost Warning Service reported.

Johnson said, because the air was dry. For that reason early reports indicate that vegetable growers along the lower East coast and the lush Lake Okechobee region apparently came through with little damage to their tender truck crops.

The forecast said lowest temperatures in colder locations would come tomorrow morning about 25 below zero.

Taft Says Truman Is Not Economy Minded

PROVIDENCE, R. I., Jan. 15 (AP)—Asserting that President Truman "has no interest in economy," Senator Robert A. Taft, (R-Ohio), declared today he believes the \$30,600,000,000 Truman budget can be cut "in nearly every item."

"I have never heard the President mention economy," Senator Taft said in an interview shortly after his arrival for a speech at a Republican mass meeting tonight.

The Senator, who admitted he was looking for Rhode Island support in his bid for the Presidential nomination, said he believes about a billion dollars can be lopped off the budget for execution of the Marshall Plan and that the appropriation for European aid should run between four and five billion. He added he did not see much room for cutting defense appropriations.

Taft said that combatting Communism was a major issue confronting the American people and defended the anti-Communist activities of the Thomas Un-American Activities Committee.

JOINS FIRM

Belyn N. McGinnis, former student at Stetson University, has joined the W. E. Williams Realty Co. as office manager and manager of the new mortgage and loan service. He is married to the former Betty J. Burks of Kentucky, lives at present in DeLand and intends to move here as soon as possible.

The firm is now in position to make long term mortgages and loans including G. I. loans, said Mr. Williams.

Rent Control Extension Is Under Survey

Administrator Woods Will Be First Witness; Harriman And Myers To Be Called

WASHINGTON, Jan. 15 (AP)—Senate Committee hearings on legislation to extend rent controls, now due to expire Feb. 29, will begin Saturday.

Senator Cain (R-Wash.), chairman of a banking subcommittee on rents, today announced plans for the hearings. He said rent Administrator Tigue, Woods will be among the first day's witnesses.

Extension of these controls is called for in one section of President Truman's 10-point cost-of-living program. It is one of the points he appears to have the best chance of getting from Congress although there is opposition.

It has not drawn the fire, however that has been leveled at the President's request for price-wage controls. Sharp opposition to that cropped out in Democratic ranks today with Senator Bunker (D-S.C.) asserting that "all this talk about rationing and price control is only serving to frighten people and will do more harm than good."

Cain told a news conference that other witnesses scheduled to appear Saturday include Secretary of Commerce Harriman and Senator Myers (D-Pa.), sponsor of a rent control bill.

Cain said that in accepting (Continued on Page Three)

U. S. African Air Base Fits Strategy Plan

Field Is Calculated To Increase Ability Of Air Force To Operate Route

WASHINGTON, Jan. 15 (AP)—The reopening of a wartime American air field in North Africa fits into a strategy of expanding American strength in the turbulent Mediterranean area where Greece, Palestine and Trieste are local spots for trouble.

The field, Mellaha airport, near Tripoli, is calculated to increase substantially the ability of the Air Force to operate the North African ferry route to the Middle East and keep American supplies and key personnel moving in and out of the troubled areas.

Beyond that, however, the move shaped-up as the latest in a series symbolizing the intention of the United States to make good its commitments and to protect its interests in that part of the world which probably is getting more official attention here than any other.

The trend of developing policy was disclosed in a state department report last night on the status of the North African air field since the war ended.

Two years ago, said press officer Michael J. McDermott, the State Department began negotiations with the British for military rights at Mellaha. British administrators the former Italian colony of Libya, where the field is situated.

In June last year, the Army decided to close down the Air Transport Command facilities, as the whole question was dropped. Then, in November, the Army decided to reactivate the North African ferry route. (Continued on Page Three)

Accident Victims Awarded \$10,000 Each In Damages

Norman J. Atkinson and his wife, Mrs. Elsie Atkinson, were each awarded \$10,000 in damages yesterday in Circuit Court by J. L. Ingles, judge.

The plaintiffs, who were injured in a crash landing of a biplane, sued the defendant, John H. Dickerson Construction Company of Lakeland to obtain damages to compensate for severe injuries received on July 10 when the automobile driven north on Highway 17 one mile south of Sanford by Mr. Atkinson, collided with the tractor of a truck driven by Cecil L. Sharouse and belonging to the construction firm.

It was alleged by the plaintiffs that due to the carelessness or negligence of the defendant, the tractor of the oncoming truck had swung or jacked into their path, causing the collision.

In the action, Mr. Atkinson, who was represented by G. W. Spencer, asked for \$25,000 damages for injuries which he said, included a fractured sternum, or breastbone which he maintained, might interfere permanently with his breathing. Mrs. Atkinson, also represented by Mr. Spencer, asked for \$50,000 damages for injuries which she said included a fractured femur, a severe blow on the head that impaired vision and chest injuries that impaired breathing. Both plaintiffs testified in court.

The defendant was represented by the firm of Akerman, Dial and Akerman and by George A. Speer. Leo Butler was foreman of the jury. Other jurymen were R. W. Conroy, E. D. DeKle, E. H. Randall, Jr., W. A. Hinder and Raymond McGill.

Circuit Court recessed until Friday morning at 10:00 o'clock at which time a \$5,000 suit for damages by Mrs. E. B. Max, and Richard Maxwell against James R. Hoolahan as the result of injuries received by Mrs. Maxwell when struck on March 17 by an automobile driven by Mr. Hoolahan, will be taken up.

President May Order Fuel Oil Conserved

WASHINGTON, Jan. 15 (AP)—President Truman probably will issue an order today or tomorrow directing rigorous conservation of fuel oil and gasoline by all government agencies, Max W. Ball, director of the Interior Department's oil and gas division, said today.

Ball said the petroleum shortage confronting the nation is "more serious" than just an emergency of this winter and may continue four or five years.

His remarks were made to state fuel coordinators, government officials and oil industry representatives seeking an effort to ease fuel shortages in Eastern and Mid-Western states.

Progress Reported By Atlantic Bank At Annual Meet

New loans totalling 1,542 and aggregating over one million dollars have been made by the Atlantic Bank during 1947. More than 10 percent of the new loans reported to stockholders of the bank at the annual meeting today at which he also revealed satisfactory progress during the year with substantial additions to surplus, undivided profits and reserve accounts.

More than 10 percent of the new loans were handled through the personal loan department for individuals.

A substantial increase in deposits in the past five years was also noted by Mr. Ingles, as follows:

Date	Loans	Deposits
12-31-47	\$428,141.00	\$4,294,113.00
12-31-46	\$812,048.00	\$6,030,851.00

Improvements to the banking quarters, including acquisition of the bookkeeping machines which absorb 60 percent of the noise, as well as modern heating and air conditioning units, were reported by Mr. Ingles who also revealed that the Bond Department (Continued on Page Three)

\$208,000,000, Florida Flood Control Plan Is Being Studied

OKEECHOBEE, Jan. 15 (AP)—Details of the proposed \$208,000,000 Florida Flood Control Program were being studied today as plans went forward for local participation by the 21 counties affected.

The master plan was outlined by Oscar G. Rawls of the U. S. Corps of Engineers' Jacksonville office at a meeting here yesterday after which the flood control committee of Florida and the area water control committee merged into one group headed by Orlo F. Bronson of Kissimmee.

As Fire Began To Sweep Army Funeral Ship

SMOKE CAN BE SEEN billowing from the U. S. Army's funeral ship, Joseph V. Connelly, after it had been abandoned by its crew of 16, some 900 miles off New York, headed for Antwerp, with a cargo of coffins for American war dead, fire broke out in the ship's engine room during a heavy gale and hail storm. The crew took to lifeboats and were rescued after being buffeted about on high seas for nine hours. (International)

British Planes, Tanks Stop Arab Jewish Fighting

RAF Spitfires Make Dummy Runs Over Area, Then Leave

JERUSALEM, Jan. 15 (AP)—A plane which British military officials said they believed was Jewish-piloted fired on an RAF Spitfire in the mountain area south of Jerusalem, where Jews and Arabs had been locked in a bloody 24-hour battle.

The battle had raged in the vicinity of Hebron where Arabs estimated to number 400 surrounded four Jewish settlements. A Jewish agency spokesman said "fighting stopped when the military moved in." The British Army, confirming this, reported the army sent tanks and self-propelled guns had arrived to patrol the section. Royal Air Force Spitfires made dummy runs over the craggy hills at daybreak but withdrew after an hour.

The Jew-spokesman said 100 Arabs and two Jews were slain and a half dozen Jews wounded. But police estimated casualties at about 50, and the company of Jewish, Arab and police sources said that 29 Arabs and 30 Jews had died.

The attackers were believed to be "recruits" from Syria and Iraq. Jewish sources said most of the attackers wore uniforms and steel helmets. Damascus dispatches (Continued on Page Three)

De Bary Estate Becomes One Of State's Largest Home Projects

The transition of the famous 3400-acre De Bary Plantation on Lake Monroe, at Orange City, Volusia County, into one of Florida's largest developments and home building projects was announced today by Frederic L. Spore, president of Plantation Estates, Inc., 500 Fifth Avenue, New York City.

One of the last of Florida's old time plantations, this great estate with the romance and history of a hundred years ago. Two model homes have been built and FHA applications are being prepared for 20 year rental cottages in price bracket of \$3000 to \$2000.

Several miles of roads have been installed, a deep water dock for pleasure cruisers is being built on Lake Monroe, community beaches are being made on Lake Monroe and an extensive smaller lakes within the confines of this plantation.

The 20 room De Bary Mansion is being remodelled into a Community Club House. Ten guest cottages and outbuildings will be altered into modern cottages. The huge electrically operated water plant with its auxiliary windmill, built by De Bary, has sufficient capacity to supply several hundred homes.

For many years the plantation of Count Frederic de Bary a native of Belgium, the North and South American agent for Mumma's Extra Dry Champagne, was one of the show places of the South. Presidents and Royalty, the great and near great of this country were often and wined there for 20 years, starting in 1870 before the Civil War.

Carl Williams To Run For Sheriff In Next Primary

C. C. Carl Williams, former deputy sheriff and police officer today announced his candidacy for the office of Sheriff of Seminole County and following P. A. Mero, incumbent, is the second to enter the race.

He was born on a farm near Jasper, Ala. in 1901 and came to Sanford in 1923 and during the following year began five years of service as a police officer, entering in 1929 to enter private business. He became a deputy sheriff in 1937 and served in this capacity until 1947. He has served as branch manager for the Orange State Oil Company for the past two years.

Mr. Williams lives with his family on the Orlando highway five miles south of Sanford. The family includes his wife, a son in college and a daughter in high school.

"I have always had the highest regard for my fellow officers," he declared in announcing his candidacy, "have enjoyed their respect and will endeavor to maintain it."

CITY PERMITS
The American Oil Company, of which John Krider is local distributor has obtained a City permit to erect a 26 by 27 foot steel warehouse and four oil tanks of 17,740 gallons capacity each.

The McCrory Store recently received a permit to build an elevator shaft at a cost of \$1,600.

Home building in Sanford has started at a fair pace since Jan. 1. Among recent City permits are the following: E. G. Campbell, to erect a three bedroom dwelling on Tenth Street near Myrtle at estimated cost of \$5,000. C. T. Jones to alter barbershop on West Thirteenth Street at a cost of \$2,000; C. A. Taylor to put an apartment over his garage at 401 Palmtoe Avenue; Wilbur Lee Dunwoody, colored, to erect a concrete block home at Thirteenth Place for \$2,000.

Three Supreme Justices Walk Out On Ruling

Issue Involves Negro Property Owners Barred From Living In White Areas

WASHINGTON, Jan. 15 (AP)—Three Supreme Court justices today disqualified themselves from taking part in the court's consideration of challenges of property agreements which bar colored people from living in white neighborhoods.

Justices Rutledge, Reed, and Jackson left their places on the bench when cases involving the issue were called for argument. None gave a reason. There are no court rules on disqualification, each judge making his own decision whether there are reasons, such as past appearance as an attorney in a similar case, why he feels he should not sit in judgment.

These three justices, disqualification of themselves left the court a bare quorum of six justices and made possible an evenly divided vote on the final decision.

By historic precedent, equally divided decisions uphold the rulings of lower courts. If this should happen in the present case, it would mean the Supreme Court's upholding state and federal court rulings that property agreements barring colored people are valid and enforceable by court orders.

The withdrawal of the three judges left Chief Justice Vinson and Associate Justices Murphy, Frankfurter, Black, Douglas and Burton to decide a legal controversy which began 20 years ago. The remaining justices faced a court room packed with lawyers. (Continued on Page Three)

Freezing Weather Threatens Tender Crops In Sanford

Mercury Drops To 26 Degrees, With 22 Reported In Oviedo

Probable damage to celery, lettuce, cabbage, tomato and other tender crops, and possibly to citrus fruit is feared by local growers when temperatures dipped to 26 degrees in the Sanford area, and unofficial boxes of 22 at 24 degrees were reported in the Meco, Hammock, Oviedo and Wagner areas. Black ice was found in buckets and containers.

At the Central Florida Experiment Station on the east side, the lowest temperature recorded during early morning was 26 degrees. H. G. Behrens, Lake Monroe grower, reported a low 24 degrees.

M. L. Collins, sales manager of Chase and Company, reported readings of 24 to 26 degrees in the Sanford area within a five hour period as the wind from the northwest continued. Even colder weather is anticipated tonight. Ice crystals have been reported. (Continued on Page Five)

Blood Bank's Fifth Anniversary Week

This week the Central Florida Blood Bank, serving Seminole County and seven other counties, is celebrating its Fifth Anniversary. E. G. Kirkpatrick, Seminole County chairman, announced today.

The Central Florida Blood Bank was established five years ago to meet possible war emergencies in this area, he pointed out. Since then it has grown into a permanent community health agency by reason of its increasing use by hospitals, clinics and doctors. A total of approximately 13,500 transfusions have been made to date, the greater part during the post-war years.

In observance of the Fifth Anniversary, the Blood Bank is honoring 100 Central Florida citizens who are members of the "Gallon Club", to which membership is awarded only after eight donations to the Blood Bank.

CIVIL SERVICE RATINGS
Civil service ratings of practically all City employees are now showing improvement over ratings as of June 30. It was revealed today by N. O. Garner, assistant secretary and chairman of the local Civil Service Board. The ratings are based on aptitude, \$2,000; C. A. Taylor to put an apartment over his garage at 401 Palmtoe Avenue; Wilbur Lee Dunwoody, colored, to erect a concrete block home at Thirteenth Place for \$2,000.

Proclamation
WHEREAS, this week has been designated as the National Junior Chamber of Commerce Week by the National Organization and, WHEREAS, the Seminole County Junior Chamber of Commerce was organized in December, 1945 and has become a leading force in the civic affairs of Sanford and Seminole County, I, Robert A. Williams, Mayor of the City of Sanford, do hereby declare and proclaim this week as National Junior Chamber of Commerce Week in the City of Sanford.

Robert A. Williams, Mayor
