**TIME and GOD**

It is no accident that men, the world over, have built clocks into the steeples of their churches:  
Reduce life to its simplest components and what have you? TIME and GOD.  
Time marks the beginning of life. It measures the growth of our bodies. It provides opportunity for our work and play. It reveals to us our human limitations. And then, one day, Time leaves us behind . . .  
But God is the origin of life. He measures the growth of our souls. He provides our strength and forgives our weakness. He reveals to us His limitless Love. And, never deigning to leave us behind, God beckons us on—even beyond the circle of time.  
A parable then: the clock in the steeple!  
Man finds material security and temporal happiness as he learns to respect Time.  
Man finds spiritual security and eternal happiness as he learns to love God!

**THE CHURCH FOR ALL  
ALL FOR THE CHURCH**

The Church is the greatest factor in world building. It is a storehouse of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his children's souls. (2) For the sake of the community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Six Air Battles Are Chalked Up Over North Korea

SEOUL (AP)—Communist MIG jets streaked south from their Manchurian bases today and angled with U. S. Sabre jets in six battles high over North Korea.

The U. S. Fifth Air Force said one Red jet was shot down and three were damaged.

Allied losses, if any, are reported weekly.

One MIG was shot down and two were damaged in one of five morning battles which matched a total of 10 Sabres against 50 Russian-type MIGs.

The third MIG was damaged in an afternoon dogfight involving 80 Sabres and about 50 MIGs.

Fifth Air Force fighter-bombers, hampered all week by bad weather, were attacking enemy rail facilities five miles north of Kwahson, about 48 miles from the Manchurian border, when five fights

of MIGs appeared.

On the ground, Communist troops continue to feel out United Nations defenses.

Intermittent enemy artillery fell Friday along sectors west of the Pukhan River in the center of the line, where the main Red probes were made.

MUNSAN (AP)—Allied and Communist staff officers, after a 2-week recess, Saturday reopened the record talks on how to exchange prisoners of the Korean War.

There was no indication whether a break was imminent in the long deadlock over the Allied demand for voluntary repatriation.

Some observers, however, indicated a compromise formula was in the works. Both sides were believed to have spent the past two weeks negotiating prisoner matters and bringing them up to date.

The U. N. Command said it was ready for another try to break the deadlock. The Communists had increased twice for speedy resumption of the negotia-

## Three Men Indicted For Manslaughter

DELAND (AP)—A Volusia County grand jury Thursday indicted three men for first-degree murder and one for manslaughter.

Samuel D. Grossman, 33, Bound Brook, N. J., truck driver, was indicted for first-degree murder in the shooting of his father, Harry Grossman, 68, and with assault with intent to murder his brother, Harry, 21, at Daytona Beach Dec. 13. Grossman surrendered to police in Alexandria, La., several days after he fled Daytona Beach with his 13-year-old daughter, Dorine, after the shooting.

Edgar Louis Thomas, 30, Ballimore, and Douglas Alvin Gibson, 17, Ellenton, Va., were charged with first-degree murder in the shooting of Daytona Beach Taxi Driver Edward R. Thomas, 34, Jan. 6.

Four manslaughter charges were placed against Ronald L. Smith, 21, commercial fisherman from Huntington, in the death of four Negroes in an automobile accident near here March 30. At an inquest, Smith was accused of running the Negroes' car off the road.

## Financial Problem Of Cities Is Studied

OCALA (AP)—Problems of financing Florida's growing cities got top attention at a short course for city managers here today.

Kenneth Thompson, Sarasota city manager, pointed in the 44 per cent increase in population in the state over the past decade and said:

"The fact that the population increase in urban areas is greatest is proof that cities attract people because they want the services offered in urban areas."

Wyle Kilpatrick, research economist at the University of Florida, told the city managers the overall municipal debt has increased since the war, but the per capita debt for the state as a whole has declined during the last 15 years.

## Steel Crisis

WASHINGTON (AP)—Secretary of Commerce Sawyer, boss of the seized steel industry, conferred separately today with industry leaders and CIO President Philip Murray—but nobody would talk afterward.

Sawyer was generally believed to be preparing to make a government imposed wage increase deal for Murray's 650,000 steelworkers. It was possible, though not considered likely, that the secretary still was trying to arrange an industry-union agreement that could enable return of the seized steel mills to their private owners.

Bob Carey, football captain, and Bill Bower, baseball captain, also played on Michigan State's basketball team.

The subject of the Lesson-Coromon in all Christian Science churches next Sunday is "Doctrine of Atonement". The theme of the services is the need for each individual to work out his oneness with God.

One of the citations developing this theme is the following from Isaiah (48:1): "He hath showed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

A correlative reference from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is: "One sacrifice, however great, is insufficient to pay the debt of sin. The atonement requires constant self-immolation on the altar's part" (p. 23).

The Golden Text is from Mark (10:14): "The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many."

(Continued from Page One)

to a friend and he had no money in it, but Odham shows secretary of state's corporation records which listed Adams as president and half owner of the stock.

McNary, turning to the offensive for the first time in the campaign, said "The time has come when I must brand some of the things they are saying as lies. I have been running on my own record. I will continue to do so, but at the same time I do not intend to stand idly by and let trickery and deceit go unchallenged."

He said although Odham is campaigning for higher dog race track taxes and no further legalized gambling, Odham voted in 1948 for House Bill 900, which would "reduce taxes on certain dog tracks," and for House Bill 907, a harness racing measure which would have "created a new form of racing and would have extended legalized gambling in the state."

Odham picked up some new support Thursday when the Florida State Association of Colored Elks announced it was endorsing his candidacy.

Dale Spencer, one of the candidates from whom little has been heard, said at Winter Garden Thursday Florida's should be careful about giving options to sell their property in the next few weeks because valuations may jump as much as 100 per cent within 24 hours if he is elected as a result of his pledge to legalize gambling.

**TOTTORI FIRE**

TOTTORI (AP)—Police today blamed Tottori's disastrous \$41,800,000 fire on a short circuit caused by illegal tapping of electric wires. They jailed three suspects.

The 12-hour fire Thursday left 23,000 homeless and injured 129 persons, but no one was killed. An estimated 3,000 homes were destroyed.

The government allotted \$1,000,000 to help rebuild the Southwestern Honshu island city of 61,000. An additional \$60,000 will be spent on temporary shelters.

## Newman Acquitted In Defamation Case

LAKE CHARLES, La. (AP)—Managing Editor Kenneth Dixon of the Lake Charles American Press was acquitted today on charges of defaming the Calcasieu Parish (county) district attorney, assistant district attorney and the 11 members of the parish police jury.

Judge Bernard Cooke read a lengthy opinion on the one charge against the managing editor and concluded that Dixon had the right to criticize the officials in firing his editorial campaign against gambling.

**LAKELAND FIER**

CHEERY POINT, N. C. (AP)—Marine 2nd Lt. Marion E. Coward, Lakeland, Fla., was killed Thursday when his jet fighter crashed and burned. He was attempting to take off from the runway at the Marine Corps Air Station here.

An investigation is being made to determine the cause of the accident. Lt. Coward's plane had gained an altitude of about 20 feet when it nosed down at the end of the runway.

The son of Mr. and Mrs. William J. Coward of (1821 Unith Ave.) Lakeland, Lt. Coward was commissioned at Pensacola, Fla. in December, 1951. He reported for duty here last month.

## Mrs. D. L. Thrasher Honors Miss Perkins

Mrs. D. L. Thrasher entertained with a Coca-Cola party yesterday morning at her home on Grandview honoring Miss Martha Perkins, bride-elect of next week.

Spring flowers, gerbera daisies and roses were used to decorate the porch where the guests gathered. The hostess presented the honoree with a recipe box for which each guest brought their favorite recipe. Miss Perkins chose for the occasion to wear a dress of beige linen with which she wore red accessories. Refreshments were served by the hostess to those present who were Mrs. Walter Turner, Mrs. Lee Moore, Mrs. B. L. Perkins, Jr., Mrs. W. A. Laffler, Jr., Mrs. Dale Scott, Mrs. Edward Higgins, Jr., Mrs. William Bush, Mrs. John Bolt, Mrs. Charles Park, Jr., Mrs. Richard Farrell, Mrs. Frank Melane, Mrs. McKay Truhack, Mrs. James Crappa, Mrs. James Alford, Mrs. B. L. Perkins, Mrs. M. S. Wiggins, Mrs. Woodward Barnwell and Mrs. R. A. Newman.

## Officers Are Elected By State Federation

JACKSONVILLE — Mrs. Walter S. Jones of Jacksonville was elected president of the Florida Federation of Women's Clubs yesterday morning and Mrs. Robert M. Nangle, also of this city, was named corresponding secretary.

Other new officers are Mrs. E. D. Pearce of Miami, first vice president; Mrs. E. M. Washburn, of Tampa, second vice president; Mrs. Nell Bittling of Geals, recording secretary; and Mrs. Art S. Wintner of Lakeland, treasurer.

All were unopposed, and only a few write-in votes kept the election from being unanimous for the entire state. Results were announced following a buffet luncheon in the auditorium of the George Washington Hotel, where the three-day convention ended last evening, following installation.

A spirited debate developed at the morning session over a resolution calling for appointment of state and county school superintendents by school boards.

Opponents of the measure said it would "put another political plum in the hands of elected officials" and that it was "more difficult to move five men (the state school board) than one man (the superintendent)."

Those in favor said such legislation would take the superintendent out of politics, and let him pursue his educational policies without regard to vote-getting or losing. A Jacksonville woman pointed out that a bad superintendent could be removed by pressure on a school board if he were an appointee; but if elected would have to serve out his term. The resolution was voted won.

# Seminole Blues To Face Cocoa Indians Here This Evening

### Lloyd Swain Slated To Pitch Against Tribe; Aleno May Shift His Line-Up

By KENT CHETLAIN

The Seminole Blues suffering from errors will return to the friendly confines of the Memorial Stadium tonight to play the second place Cocoa Indians at 8:00 p.m. The surprising Blues left Sanford last Wednesday in a three-way tie for first place in the FSL and returned in fifth place after a shabby fielding loss to St. Augustine and Palatka.

Chuck Aleno has named Sanford's favorite son, Lloyd Swain, to do the hurling chores against a rejuvenated Indian club under the supervision of his first baseman, Tom Hamber. Pennington may be on the mound to face the Blues this evening. The Indians opened the season by whipping the power-packed Jacksonville Beach Sea Birds in order to strengthen the Blues hitting attack. Aleno may put Raschler in right field and Gomez in center. This would take the hitless Patriotic out of the first field position and Nat Haber, the latter's shift is not as likely as the Raschler for Patrick move.

Utility infielder Horace Burns was hit on the ankle by a sharp liner off the bat of Dom Petrosino during the batting practice prior to the St. Augustine encounter. Doctors say Burns will be sidelined for at least a week to 10 days. This is a blow to Manager Aleno, who has been using Burns to replace him on third while taking his turn on the mound.

It is also said since there isn't another utility infielder on the roster. In last night's Palatka game Jim Patrick was employed on the hot corner when Aleno went in to hurt. Patrick arrived from Miami Beach last Monday and was signed as an outfielder. He is just out of service and had been trying out for the Palm Beaches.

Raschler, likewise, came from the Palm Beaches. He bats and throws left handed and is a stocky built six footer. Another outfielder who is trying out for the Blues is Jim Malarky. He is a rookie and hasn't been signed.

A limited service left hander, David Barrows was signed by the Blues after the St. Louis Browns sent him down. Barrows saw brief action last night for the Blues. While Aleno hasn't had much chance to see these new players perform he did say that Raschler, Malarky and Barrows looked all right so far.

President Fred Field said that fans may obtain tickets to all Blues games at Faust's Drug Store in order to avoid standing in lines at the stadium. General Manager John Kridler reports that a special check has been made in the box seat section to correct the opening night confusion that found several people in a general mix up.

Swain will be seeking his second straight win tonight against a vastly improved Indian club. The Blues now have a record of two wins and as many losses for a .600 percentage.

## The Sports Register

By KENT CHETLAIN Sports Editor

Did you know that the Seminole Blues outdrew the Jacksonville Tara of the Class A South Atlantic League in their respective opening games? Yes, little old Sanford with 14,000 inhabitants had better than 2,000 fans in better weather Tuesday night while the state's second largest city had just 1,540 at the Tara's inaugural.

It either proves that Sanford is a whole of a nail town or that Jacksonville just isn't, or both. At any rate the Seminole Blues were quite gratified over the tremendous turnout Tuesday. If one were to compute the percentages of the total population of Jacksonville and Sanford and compare with the Sanforians of fans to population.

Many people and experts around the circuit are surprised at the impressive power showing of the Jacksonville Beach Sea Birds, a new entry in the Florida State League. Bird manager Lou Treadway, ex-New York Giant wartime flycatcher, has brought a powerhouse nine into the league, that no one can deny.

We went on record as picking them second last Tuesday and at this point we don't look like fools. In fact, if the Birds get pitching, we may have underestimated them slightly. With ex-FBL outfielder Buster Kinard, Treadway and several other star players in the outer garden, Harold Martin, the Virginia League's home run king has been shifted to shortstop to make room for the hitters.

Martin blasted out 22 circuit drives last season for the VSL and proved his ability on opening night when he hit for circuit against St. Augustine. Kinard, by the way, hit a sterling .387 in that VSL. When the Virginia State loop folded up this winter, Treadway got the job as the new Sea Bird pilot. Treadway selected a virtual all-star team from the ablest players in the VSL for his Birds this year. So what the nine other clubs in the FSL now must contend with is the cream of the crop in the state VSL.

Just a peek at the early form of the Birds in the first two games is enough to make any good Blues fan shutter. The Birds racked up 25-4 and 17-0 victories in the initial two trays for a total of 42 runs or an average of 21 per game. This can't keep up because the men will be separated from the boys as soon as the FSL gets the better players from the rosters of the minor league teams of higher classification.

Sanford fans will get their first look at this Sea Bird outfit on Monday night, May 5. Speaking of games, the night tonight's Blue-Cocoa tilt here at the Memorial Stadium. Tomorrow night the league leading Gainesville G-Men will be in Sanford in what should be another thriller.

Congratulations to Domenic "Yogi" Petrosino on becoming a proud father of a little girl. Dom's wife and new addition are doing fine in Beverly, Mass. She will join our Yogi Berra prototype receiver in mid-June.

One observation fans have made about the Blues is that there is power but actually little consistent hitting. A look at the averages will verify this for the Seminoles were hitting an average .194 at the end of the first three games.

The Blues have four more players on their roster, three outfielders and a pitcher. Jim Malarky, George Patrick and Charles Raschler are the gardeners. Malarky is the only one of the trio who is not signed. He has been trying out. David Barrows, who saw action last night, has been signed and was sent down by the St. Louis Browns last season.

Bobby Newsum, chairman of the Rotary's youth league committee said that the club will have a new line of uniforms. The new line is in better condition than it has ever been in the 52 years it has been in existence. The new uniforms will be in the colors of the Seminole Blues.

The Seminole High School Baseball team will travel to Daytona Beach to play the Seabreeze Sand Crabs next Tuesday afternoon in an effort to even their season's record. The Celery Peds have a 2-3 won and loss record so far this season. Front row, left to right, Melvin Fleischer, Junior Metts, Terry Cordell, Jim Pennington, Joe Pickett, Dill Sheffield and Ed McCall. Top row, left to right, coach Bill Fleming, Randall Petrell, Jimmy Smith, Mike Wheelchel, Jimmy Kryder, Bubba Hilsbee and Frankie Stenstrom.

### Stetson University Hires Grid Mentor

DELAND (AP)—Head Coach Joe McMillen of Stetson University said today Gene Stauber, fresh from a football and basketball coach at the University of Michigan, had been named assistant football coach at Stetson.

Stauber, 29, will report immediately and assist in the last two weeks of spring practice as well as look over high school senior and junior college men who will be on the campus for tryouts April 24, 25, 26, 28, 29 and May 1.

The two worked together in 1949 at the University of Toledo where Stauber has a bachelor's degree in physical education.

His playing experience includes backfield with the University of Toledo and Army ball while serving in Italy with the armed forces. Before going to Michigan, he was freshman football and basketball coach and varsity football scout at the University of Toledo from 1947 through 1951.

Stauber is married and will bring his wife with him to Deland to locate a home.

### TRAC'S MEET JACKSONVILLE

JACKSONVILLE (AP)—Thirteen schools and over 300 contestants will compete in the fifth annual Fletcher Invitational Track Meet at Jacksonville Beach tonight.

Last year's winner, Jacksonville Jackson, holds seven of the existing meet records. Marks in the pole vault, shot put and discus throw have been untouched since 1948.

The outstanding performer of the meet is awarded the Livingston Thebut Memorial Trophy Harold Walker of Jackson won it last year.

Other entries in addition to Jacksonville and host Fletcher are: Leo and Landon, Jacksonville; P. K. Young, Gainesville; Tallahassee, Leon; Mainland, Daytona Beach; Palatka; Bradford, Starke; Ocala; Lake City; DeLand; and Gainesville. Finals begin at 7:30.

# Errors, Azaleas Drop Seminoles For Second Loss

### John Imbra And Joe Parise Hit Home Runs With Bases Empty For Blues

By KENT CHETLAIN

For the second straight night the Seminole Blues played on the road and for the second straight time the Sanford pitching corps yielded out one earned run and lost. The Palatka Azaleas capitalized on four Blues' errors to beat the local nine 8-3 before 316 fans in Palatka last night.

The Sanford loss crossed their season's record at two wins and a pair of losses. It placed the Alenemen in a four-way tie for fourth place in the CSL standings.

The Azaleas jumped off to a one run lead in the bottom of the second frame but the Blues bounced back in their half of the fourth inning when Joe Parise and John Imbra followed with their first circuit smashes of the year after Aleno made out.

In the bottom of the sixth the roof fell in on the Blues when the Azaleas banged out five singles and the Seminoles committed two errors for six Palatka runs. Just as in the St. Augustine game, the night before, the Blues lost in the one big inning when errors cost the game. Chuck Aleno, Howie Miller, Parise and Imbra were charged with the four Blues miscues.

Fred Cavallaro, Parise and Imbra each pounded out two hits to pace the eight hit Sanford attack. Cavallaro hit his third double to lead the Seminoles in the department for the year. Parise's second homer is tops for the year. Miller smashed out his first double of the season for the Blues.

Probably the hero of the game was little Howie Miller because he played for the hard pressed Blues last night after receiving the news that his father died in St. Petersburg yesterday. If Howie had gone home last night instead of playing, the Blues would have been left without a shortstop or a replacement since Horace Burns, the club's lone utility infielder, is sidelined with a badly bruised ankle.

"Yogi" Petrosino blasted a line drive off Burns' ankle during hitting practice before Wednesday night's St. Augustine game. Burns was pitching at the time.

The Blues will try to change their luck tonight in the Memorial Stadium when they return here to play Cocoa. Lloyd Swain is Aleno's pick to start. Local fans may see a

### Wanger Kisses Joan Goodbye At Airport

LOS ANGELES (AP)—Joan Bennett and producer Walter Wanger, estranged since he shot her agent, Jennings Lang, last Dec. 18, appeared to be a very loving couple as he kissed her good-bye Thursday night at International Airport.

Miss Bennett was off to New York, where she will prepare to tour in who play. Next Tuesday Wanger will learn what if any penalty is to be imposed on him for seriously wounding Lang, whom he accused of breaking up his home.

In spite of the eyewitness reports of the farewell at Los Angeles, Miss Bennett denied on her arrival in New York that Wanger had kissed her good-bye.

She conceded only that "he drove me to the airport."

Miss Bennett was met at LaGuardia Field in New York by her 18-year-old daughter, Melinda Wanger, who is a budding actress.

Miss Bennett said she could not discuss Wanger's case because "it is still before the court."

Wanger parried questions about a possible reconciliation, telling newsmen: "There is nothing I can say about this now. Too much is still at stake."

Wanger and Miss Bennett have two daughters. Her daughter Diane by her former husband, Gene Markey, and Diane's husband, Jack Anderson, were at the airport to see the actress off, as was the Rev. J. Herbert Smith, pastor of the Beverly Hills Episcopal Church, and Mrs. Smith.

Shortly after Wanger obtained his release from jail on the assault charge last December, he went to Miss Bennett's home, removed all his belongings and moved to separate quarters. He and Miss Bennett did not speak when he appeared in Superior Judge Henry Horde's court last Tuesday and agreed to rest his defense on the transcript of the grand jury's proceedings when it indicted him.

Thursday night he kissed her three times. Her plane was an hour late in departing. They talked earnestly. Others in the farewell party dropped back as Miss Bennett started for the plane. The 57-year-old Wanger assisted her to the ramp, bent over and hugged and kissed her. She waved to him as the pilot gunned the motors and started the plane down a runway.

### Shriners To Hold Council In Miami

MIAMI (Special)—"Welcome Nobles" decorations are being displayed in all sections of the state along routes of 50,000 Shriners headed here for the 78th annual Imperial Council Session the week of June 16.

It was pointed out by Harry C. Elshight, director general, that official decorations are being sold only by authorized representatives, since the convention corporation and Shrine clubs receive a percentage on sales. He urged persons solicited to insist that agents present official credentials which bear his signature and the photograph of the representative.

In some vicinities, decorations are being distributed by local Shrine clubs with the approval of the Council Session. In addition to the Greater Miami area, authorized Shrine decorations already are being sold in Tampa, Fort Myers, Naples, Sarasota, West Palm Beach, Lake Worth, Fort Lauderdale, Dania, Hallandale, Hollywood, Fort Pierce, Okeechobee, Vero Beach, Jensen, Stuart and Key West.

Other Shrine clubs along the convention route are expected to join the project as the Nobles start moving toward Miami.

## Truman Raps Senate Over Steel Crisis

### President Deplores Plan To Restrict Cash For Operation Of Seized Industry

WASHINGTON (AP)—President Truman told the Senate today that if it restricts use of government funds for operation of the seized steel mills it may result in "paralyzing the operations of the government in an emergency."

In a letter to Vice President Barkley, the President hit out vigorously at Republican-sponsored moves to deny any funds for government operation of the mills.

He said enactment of the GOP proposal might lead to a complete shutdown in steel and "immediately reduce the ability of our troops in Korea to defend themselves against attack."

Further, the President contended, such a move would be "extreme and misleading character."

He warned:

"If the Communists stage another offensive in Korea this spring, the success or failure of that offensive may well depend on whether or not we have kept our steel mills in operation. This is a consideration over and above the drastic effect a steel shutdown would have on our total defense effort."

Truman repeated what he had said in a message April 9—that he ordered "temporary operation" of the steel mills by the government "with the utmost reluctance; that the idea of government operation of the steel mills was thoroughly distasteful to me; and that I wanted to see it ended as soon as possible."

The President went on then to challenge Congress to come up with a better way to deal with the situation created by the steel wage dispute if it "did not believe it could meet its responsibilities simply by following a course of negation."

The Congress should do (Continued on Page 2)

## Several Decisions Are Handed Down By Supreme Court

WASHINGTON (AP)—By a 4-4 vote, the Supreme Court today refused to free German Countess Marianne von Moltke from the prison term she drew on charges that she aided Hitler's Reich during World War II.

Mrs. von Moltke's home was in Detroit. Her four-year sentence has been marked by litigation since it was pronounced in 1948.

The Supreme Court action was announced in an unsigned order which noted only that the tribunal was equally divided. Such tie votes always uphold the lower court.

Justice Clark disqualified himself from the case.

Mrs. von Moltke and her husband came to this country from Germany in 1936. The countess became an instructor of military science at Wayne University. In 1943 Mrs. von Moltke was arrested as a dangerous enemy alien.

In the espionage case, the government charged she was associated with conspirators who planned to send to Germany documents, pictures and blue prints giving information about national defense of the United States.

In other actions today the high court:

1. Refused to reconsider its March 10 decision upholding contempt sentences given six lawyers who defended a Communist who defended at a stormy New York trial.
2. Refused for a third time to set on an appeal by Vincent V. Hallinan, San Francisco attorney who received a six-month contempt sentence during the Harry Bridges perjury trial.
3. Upheld 7-0 a finding that the Richmond Oil Corporation of Louisiana violated the anti-trust laws by requiring 2,000 Western service stations to buy only from it.
4. Rejected five requests that it set aside a controversy over a reorganization plan for the big Missouri Pacific Railroad which has been in bankruptcy proceedings since 1933.

## Chap. Danielson Explains Duties At Rotary Meet

Chaplain John M. Danielson of the Sanford Naval Air Station spoke to the Rotary Club today on the duties of a chaplain, explaining that there are about 750 chaplains in the Navy today and that about 250 more are needed. Chaplains, he said, cannot be drafted, but must be raised by volunteers.

"There are no atheists coming out of Korea," he said. "Regardless of what they are like when they go in, those who come back are seriously minded young men who are ready to talk to us."

Chaplain Danielson, who was introduced by Roland Dean as a native of Florida and former resident of Ocala and Orlando, expressed his appreciation for the "goodness" of Sanford and the friendly spirit which prevails here, and also commended Capt. John M. Chittenden as a fine Christian gentleman.

He explained that a chaplain must be an ordained minister before he will be accepted in the armed services. He said that the best thing about the chaplain's work is the contact with the men and the fact that they regard him as a friend to whom they can go with all their troubles.

The chaplain also has direct access to the commanding officer and can go straight to him on any matter affecting the men.

"When I go aboard a ship," he said, "it is my first duty to set up a Christian worship and a church educational program, and to see that there is an adequate welfare program for the men."

The meeting was presided over by Past President Orville Tuckton in the absence of Jack Rattan who is attending the Rotary convention in St. Petersburg. Visiting speakers tonight by Charles Morrison as J. F. Bauer of West Orange, N. A. Charles Wagner of (Continued on Page 2)

## Rally To Be Held Tonight At Crooms

Prominent Negro leaders of the county will stage a political rally at the Crooms Academy at 7:45 o'clock tonight, Andrew Carraway, secretary of the County Democratic Party, announced today.

Dr. G. H. Starke will open the rally with a brief speech, which will be followed by the senatorial candidates.

Meanwhile, plans are complete for the Democratic rally in Lake Monroe school will sponsor a dinner evening at 8:00 p.m. The Lake Monroe school will sponsor a dinner preceding the rally beginning at 6:00 p.m.

No donations will be sought, but plates will sell for 50 cents and \$1. Everyone is invited.

## IFT GAS GUN

HALIFAX, Nova Scotia (AP)—A local machine engineer and master mechanic has invented "gas gun" to mark both bank robbers and their loot.

The inventor, J. Dan Friddle, has taken his gas gun to Canada and has patent applications pending in other countries.

Not intended to kill or injure permanently, it would be installed in banks, stores and homes. It would mark the bank employee would mark the robber with cyanide gas which would be fatal if inhaled.

The gas gun would be used to mark the robber. The purple dye would wash off him for several days, and would never come off if any money he held.

## LABOR BUT

JACKSONVILLE (AP)—The Saturday Evening Post today filed motion pictures that it had secured to set aside the \$75,000,000 bond which was to be used to build a new state capitol building in Jacksonville.

John S. Bole of the Petroleum Administration for Defense (PAD) said present property plans call for laying about 10,000 miles of pipeline this year—2,000 miles of crude oil lines and 8,000 miles for petroleum products.

## Shrine Minstrel

Out of the large membership of Jacksonville's Morocco Temple comes this talented group of singers, dancers and comedians. Practically all of them appeared with the Shrine Minstrel on their last visit to Sanford in 1949. They will be seen again in various roles at the Seminole High Auditorium Saturday night, May 3.

## Smathers And Herlong To Speak For Russell At Jaycee Meeting

The presidential campaign in Seminole County was intensified today with the announcement by Senator George Smathers and Rep. Bill Herlong would speak on behalf of the candidacy of Senator Richard B. Russell of Georgia at the Jaycees' meeting in the Yacht Club Thursday night.

Mr. Crawford said that the public is invited but that reservations must be made in advance by calling 1372. He also stated that Senator Estes Kefauver and any other presidential candidates or their representatives would be welcome to speak before the Jaycees at subsequent meetings.

"The Jaycees are anxious to hear all the presidential candidates or their representatives," Mr. Crawford commented.

## Temper Flare In Clerk's Race At Longwood Rally

Nettled by a question from the audience, "What about the grand jury?" O. P. Herndon, county clerk, was accused today of a stinging rebuke at the Longwood Democratic rally Friday night against statements by his opponent in the race, Mayor W. H. Stemper of Sanford.

The flare-up came with dramatic suddenness, and was much more friendly and jovial talks, interspersed with humorous tales and straight listing of his accomplishments at the previous four rallies.

Replying to the charge as made by Mr. Stemper in a previous radio talk that the grand jury had not been called into session in over a year, Mr. Herndon said: "The Circuit Judge is the sole authority who can call a grand jury." He then pointed out that on Apr. 7, 1950 there was a grand jury in session with a lady and a Negro man serving on it, and that grand jury investigations had taken place on Nov. 9, 1950 and on Apr. 7, 1951.

Mr. Stemper in his talk preceding that of Mr. Herndon, pointed out that the office of the county clerk is not merely a place for records, but that the clerk had other important responsibilities such as tax land sales, clerk of the Circuit Court and secretary of the County Commission. He compared the job to that of a court minister.

Renewing a previous charge of dictatorial powers on the part of Mr. Herndon over a period of years, Mr. Stemper asked why it was that some people had given the clerk credit for the building of certain roads in the county. He attacked the "vicious influence" on the part of the clerk and spoke of his "vicious influence" with respect to his dictatorial power.

Mr. Herndon denied political or gang tactics, and stated that he had striven to be an honest and faithful public servant. "If I am the monster they claim I am, I (Continued on Page 2)

## New Plan Studied For Assignment Of Fliers To Overseas

WASHINGTON (AP)—The Air Force has a new plan, effective June 1, for determining when and for how long fliers should be assigned to foreign duty.

An Air Force spokesman said it will abolish the point system so many points for combat, service abroad and so on—which has been one factor in overseas assignments since World War II. This system, he said, was never fully satisfactory for permanent use.

The spokesman said the new plan, based upon an individual's ability to perform abroad, has been under preparation for months. He said its adoption has no connection with recent refusals by some officers to fly.

Some officers at Randolph Air Force Base in Texas are elsewhere ignored orders to take part in air formations. Some said they had had their fill of combat in World War II. One has been court-martialed, but the Defense Department has halted disciplinary action pending against others until it issues a new statement of policy.

The new method was explained this way:

1. No officer or airman will serve more than 18 months overseas away from his dependents. If this is waived, the man must serve at least 12 months abroad after his dependents arrive.
2. No personnel with less than 12 months still to serve will be eligible for overseas duty.
3. Two years' duty in the United States must be served before re-assignment abroad.
4. These rules may be set aside if the airman volunteers for overseas service.

## OH PIPELINES

FORT WORTH, Tex. (AP)—A government official predicted today 1952 would witness "the greatest oil-pipeline construction activity in history."

John S. Bole of the Petroleum Administration for Defense (PAD) said present property plans call for laying about 10,000 miles of pipeline this year—2,000 miles of crude oil lines and 8,000 miles for petroleum products.

## TS HOSPITAL

ORLANDO (AP)—W. T. Edwards, chairman of the State Tuberculosis Board, told some 1,000 persons at the 56th annual homecoming of the Florida Federation of Tuberculosis Clubs here Sunday that opening of new hospitals in Tampa and Tallahassee May 15 will give the state "our only problem now is operating funds."

## Crucial Week Is Seen Looming In Governor's Race

MARIANNA (AP)—Bradley Odham today pledged that if elected governor he will work for development of West Florida as a tourist and industrial center.

Odham said one of his first official acts would be to reconstitute the State Advertising Commission that Florida does not have at Tallahassee.

"There is a fast-growing part of Florida west of Tallahassee and it is rich in natural beauty and resources. I will tell the State Advertising Commission to concentrate on telling the rest of the world about West Florida—of its many attractions for tourists and its possibilities for the development of a tourist industry," Odham said.

Odham made his statement in answer to a listener's question during a four-hour and 15-minute radio talk over the radio station at Marianna.

Following his radio talk he appeared on a platform at Chipley for a brief rally today took him also to Hunt and Milton Springs, Crestview and Milton.

He was due at Pensacola today for another radio talk (4-11:30 p. m.)

## Bandwagons Of Three Leading Candidates Gather Momentum

The bandwagons of all three major Democratic candidates seem to be rolling, but the election is two weeks from Tuesday and now is the time to whip up the horses and guard against stumbling.

The big question is how much Bradley Odham with his talkativeness and Alton Adams with his recent hits attacks have been able to do in the lead that all hands conceded was held by Don McCarty a few weeks ago.

Odham has abandoned the 24-hour radio talkativeness which he had claimed he would second and moving up fast Adams, possibly in a run-off with McCarty.

## Ozie Bostwick Is Accused Of Murder

Ozie Bostwick, Negro, who is charged with murder in connection with the fatal shooting of another Negro, Lamar Wise early Saturday morning in an alley off the Southwest Road, gave himself up at the County Jail Saturday noon after his automobile had been seized by Sheriff's deputies.

According to investigation by Deputy Sheriff Howard Hood, the shooting took place about 2:00 a. m. Saturday. The investigation is continuing into the cause of the tragedy. Wise, with a bullet wound over the right eye, was rushed to Dr. Starke's Clinic, then to the Orlando Hospital. The shooting took place in an alley between two buildings.

Another Negro was driving Bostwick's automobile when it was seized by deputies. In the car was the latter's clothes, apparently belonging to him, said Mr. Hood.

## DOCTOR HONORED

MOORE HAVEN (AP)—Dr. Duncan M. Draughn observed his 65th birthday today but it was nothing like the celebration this town gave its only physician a day in advance.

Dr. Draughn, who set up practices here in 1910 and brought an estimated 1,500 babies into the world since that time, led a parade down the main street and was given a television set by admirers and fellow townmen.

Justice of the Peace Wallace Smith termed the death a suicide and said that no inquest will be held.

## PACKERS FINED

OCALA (AP)—A fine of \$1,200 was imposed on a Umatilla citrus packing company today in Federal Court after an official of the company admitted they had packed oranges and tangerines for out-of-state shipment last Dec. 31, in violation of holiday embargo regulations.

W. F. Austin Jr., secretary-treasurer of Best Fruit Co., Inc., admitted his company's guilt, but told the Court it was "a blunder on our part is not thoroughly reading the regulation."

## IKK ILL

SUPREME HEADQUARTERS, Allied Powers in Europe (AP)—A heavy head and throat cold will keep Gen. Dwight Eisenhower in bed for another day.

Informants said his temperature has dropped to normal but another day of rest is needed to lick an "upper respiratory infection."

The general was ordered to bed by his doctor on Saturday.

## Ten Guards Held As Hostages By Inmates Of Michigan Prison

Warning Shots Fired By State Police As Guard Work Party Threatened In Yard

RAILWAY, N. J. (AP)—With hunger and threat as their allies, Railway State Prison officials waited patiently only for a break in a four-day rebellion of 211 hardened convicts. The revolt is the longest in a series of five prison outbreaks in the state. A similar strike by 80 convicts at Trenton State Prison, in order to the south, ended Friday after 77 hours. The Railway uprising equalled this mark at 7 a. m.

JACKSON, Mich. (AP)—Six more guards were seized as hostages by inmates at the State Prison of Southern Michigan today.

This brought to ten the number of hostages held by the prisoners. Four other guards had been in the prisoners' custody since Sunday night.

The method of seizure of the additional six was not immediately made clear at the prison.

The first gunfire of the prison riot meanwhile took place.

State police fired four shots when rioters were said to have threatened guards of a work party inside the grounds. The police said the shots were "warning shots" and were fired over the heads of the convicts.

JACKSON, Mich. (AP)—One more inmate at the state prison of Southern Michigan came out of the melee today in full of mood psychology sweeping among the inmates.

The prisoner was Arnie Degues, 41, Holland, Mich.

Degues, said it was dangerous for peaceful prisoners to attempt to interfere or remain aloof.

"If you don't side with them, you're done for," he said. "They're as bad as the wild cats."

Degues was confined to Cell Block 11. He was in charge there of the hobby shop.

He had appealed to Corrections Commissioner Garwood Brooks to be let out of the block during the rioting and was given safe conduct through the guarded doors.

Prisoner James Brown and that of the rioting from the rioting, Brooks said.

## Fight Is Waged To Save Airport From Big Flood

OMAHA (AP)—A giant, 10-foot wall of water threatened to inundate the level of the air field at Lincoln, Neb., today as a special memorial service Sunday. When civilian police looked away, they carefully laid the wall in place.

A committee, composed of flood-threatened residents of Omaha and Council Bluffs, Neb., held a special memorial service Sunday. When civilian police looked away, they carefully laid the wall in place.

By LARRY HALL

KANSAS CITY (AP)—The Army, augmented by civilian workers, carried on a grim battle today to save the Sherman Air Field from the unruly Missouri River.

Some 1,600 men dug through mud in a chilly rain, bolstering a three-mile stretch of dikes against the treacherous river pressure.

It was a dangerous hand-to-hand struggle.

Flood waters behind the dikes stood as high as nine feet above the level of the air field. Lifelines were kept at hand. Most of the work was done without aid of machinery. The field was too soggy for trucks.

Fort Leavenworth is about 25 miles northwest of Kansas City. The critical area along the flooding Missouri is now between St. Joseph, Mo., and Kansas City.

If the dike at the north end of Sherman Field gives way, the water probably will cut a new, deeper channel across the field leaving part of it an island. Flood fighters reported.

While the Army fought the Sherman Field battle, tricky Missouri Valley weather posed new problems on 700 miles of the flooding river.

What worried the flood fighters was the question: How much will it rain? And where?

All the experts would say was that a change of heavy rain exists. It would be a matter of whether it would hit the Missouri basin, especially the overloaded area from St. Joseph, Mo., to Kansas City.

Even if it rained a full inch in the Kay (Kansas) basin, they said, it would raise the Missouri at Kansas City only about a foot. That would still be well below the level of the protecting dikes were built to stand.

The Kaw, a fast acting river, was what gave Kansas City, Mo., and Kansas City, Kan., their worst flood when it poured over the Missouri here last July. It's rolling, alone at a low level now.

Brig. Gen. D. G. Slinger, division engineer at Omaha, stuck to his conviction that the Kaw is (Continued on Page 2)

## Sanford Sailor Is Found Dead In Jail

DELAND (AP)—The body of Andrew R. Martin, 22, Sanford Naval Air Station sailor, was found hanging from a water pipe in a Volusia county jail cell Friday.

He had been on his cell for 10 days after being charged with drunk driving. Chief Deputy Engine Petrone said Martin removed his neck from a mattress to make a noose.

Martin was identified by a driver's license issued at Norwood, N. Y. He was brought to jail at 4:11 p.m. Thursday after being involved in a traffic accident which resulted in the death of a Volusia county deputy, and he was dressed in civilian clothing.

Shortly after 4:45 p.m., Martin was found hanging from a cross beam in the jail cell. He had fashioned a rope from torn strips of a mattress cover. Two physicians who examined the body stated that the young man had died almost instantly.

Justice of the Peace Wallace Smith termed the death a suicide and said that no inquest will be held.

## Taft Circuit Act Petitioned

By The Associated Press

Backers of Sen. Robert A. Taft are circulating a petition asking Gen. Dwight Eisenhower's views of 21 "vital questions."

This new move by Taft supporters came to light as voters prepared for primary tests Tuesday night will result in the election of more than one-third of the delegates to the Republican National Convention July 7.

Those primaries will be held in New York and Pennsylvania, which rank one and three in total delegate strength.

Idaho Democrats choose their 12 delegates to the National Convention today. The delegates will be selected at a state democratic convention.

The Idaho delegation is expected to go to the convention untroubled despite efforts by Sen. Estes Kefauver of Tennessee and Robert Kerr of Oklahoma to gain their support.

Taft headquarters in Washington said the new Eisenhower questionnaire was prepared by Guy L. Smith, editor of the Knoxville (Tenn.) Journal and chairman of the Tennessee Republican Committee.

Among other things the questions ask Eisenhower's position on the Truman administration's foreign policy, the firing of Gen. Douglas MacArthur, civil rights legislation and the Taft-Hartley labor law.

Eisenhower, who was confined to bed with a severe cold in Paris today, gave no indication when he requested that he be relieved of his duties as supreme Allied commander in Europe whether or not he would set forth his views on controversial issues before the GOP convention.

Of the 40 Republican delegates chosen to lead Taft holds a lead of 209 to 121 over Eisenhower among those who have officially pledged support or who have been willing to designate their favors.

## Dr. William Hurt To Speak For Kiwanis

Dr. Huber William Hurt, director of admissions and professor of education at Stetson University and former national director for the Boy Scouts of America, will be the speaker Wednesday at a Kiwanis meeting devoted to Boy Scouts, John Pierson, Kiwanis Scout Committee chairman, announced today.

Dr. Hurt will be greeted by local Scout leaders and Scouts. He is noted for his outstanding educational achievements, including his research on character development for the Boy Scouts of America. He has served as president of two mid-western colleges and as a Carnegie exchange professor has lectured in Berlin. He has written all of the Boy Scout handbooks since 1910 and 18 other books on scouting and youth leadership.

During World War I he was chief of education, division of Foreign Press Bureau, committee on public relations.

## REGRO HOSPITAL

ORLANDO (AP)—The C. L. Eccles Hospital, which will serve crippled Negro children from 11 counties, was dedicated here Sunday. The American Legion, the Nemours Foundation and the Florida Crippled Children's Commission jointly contributed to construction of the hospital.
