

Oviedo Blasts Boone JVs, 61-36, For 15th Straight

"Swish" Jones Hits For 27 To Raise His Total To 341; Lions JVs Beaten

OVIEDO (Special)—Those in-credible Oviedo Lions did it again last night by literally smashing the Boone Junior Varsity quintet that ended the regular season of play for Coach Paul Miller's Lion careers with a 61-36 victory which extended to 15 straight wins.

It was Johnny "Swish" Jones who spearheaded the Lions from the court with a big scoring onslaught of 27 points, a combination that has become habitual as that morning cup of coffee.

The 15-year-old sophomore who still has two more years of high school to go, now leads the Seminole County prep scoring parade with a phenomenal 341 points in the 18 Oviedo seasons for an astronomical 18-point game average.

The Lions had a minor setback when the lightning of the doubleheader saw the Boone JV's states more out of the Oviedo JV team, 32-30.

The Miller team started slowly in the varsity clash by gaining a slim 10-0 edge going into the second period, but the subsequent halftime saw the Lions clear in the lead, 23-10. Then the 18-point third quarter gave the Oviedoans a convincing 36-20 margin.

In the final minutes the Lions ripped through the Boone JV's scoring 25 points to the visitors' 10. Warren "Mac" McCall, star Oviedo rebounder and playmaker, dished in 11 markers while Freshman Fred Whelan, operating from the guard, was third high for the winners with 10 points.

Russell and Neal of Boone were double-dogged for the losing scoring laurels with 10 each.

The Oviedo Lions, having concluded their regular season's schedule, now rest until Mar. 5 when they enter the all-important state championship tourney in the initial quarter meet at Winterhill.

It is no secret that Coach Miller is seeking at least one more game to tune up his cage phenoms for the big tourney. The Lions wound up their regular slate with a 16-2 record for the season and a brilliant unbeaten string of 15-0 in Central Florida Conference play.

Table with columns: Player, FG, FT, Pts. Includes names like Jones, McCall, Whelan, Merk, Fure, Russell, Jay-Vee, Russell, Rutledge, McCracken, Neal, Stonecipher, Kelly, Karyl, Boone JV.

Jim Spencer Enters Mayfair Golf Meet

Jim Spencer, 1951 winner of the Mayfair Jim Seminoles Country Club Men's Invitational Amateur Golf Tournament, has again entered the fourth annual tourney slated to begin next Sunday with a one-day pro-am to be followed by qualifying rounds for the final round on Monday and Tuesday next week. It was announced today by honorary chairman Col. S. G. Winters.

W. Spencer, elder brother of Jim and vice president of the Florida Golf Association, has also entered his name in the invitational along with Eddie Bean and Martin P. McCarthy of Wash. D. C.

Zippy Morocco Of Georgia Is Most Valuable In SEC

ATLANTA (AP)—Zippy Morocco of Georgia is the most valuable basketball player in the Southeastern Conference, Bob Pettit of Louisiana State is the best shot, and Benny McCardle of LSU the top playmaker.

They were selected for their honors by the men who should know best—the SEC coaches. Morocco, who has a good chance edged Pettit for the MVP award by a 5-4 vote, Robert (Cob) Jarvis of Mississippi, who also is likely to crack the scoring record, got the other two votes.

Pettit, in turn, nosed out Jarvis for best shot laurels, although the slapski star has the best per cent average in the Conference. Pettit has hit about 52 per cent of his field goal attempts, compared to about 54 per cent of Jarvis.

Sanford JV "Blitz Kids" Dump Seabreeze, 28-19, For 11th Win

SHS Varsity Loses To Mighty 'Crabs' 56-42; Richards Makes 23 Points

By KENT CHETLAIN * Those Seminole High School Junior "Blitz Kids" stunned the once mighty Seabreeze JV's here last night in a closely contested match, 28-19, while the bucket happy Sand Crab varsity pierced the Seminole varsity defenses from the free throw line and far out on the court for a 56-42 triumph in the feature contest.

The initial contest saw the Junior Feds romp to their 11th win in 13 games this year and second straight triumph over the once invincible Sand Crab JV's. This year's Sanford JVs will certainly go down in the books for they not only defeated Seabreeze here, but also the invincible Sand Crab fortress of Daytona Beach.

The two defeats suffered in 13 games by the Fed JVs were to Seabreeze at the very beginning of the season in Orlando and to Ketterlinus here by a game winning basket that hit the nets after the buzzer sounded.

Jimmy Hawkins, tremendous fast breaking freshman from Lake Monroe, played only a few minutes but had time enough to pace the "Blitz Kids" with six markers.

Stanford poured in three driving one-handers while adding a pair of free throws to amass eight points in the first quarter to keep the Feds within easy reach. Frank Stafford broke into his own as the Scottmen fought almost point for point with the supposed invincible Sand Crab in the first period of the handling Sanford defense and sperry of festive play kept the "Crabs on their toes."

With the score reading 30-24 in the fourth period, Seabreeze poured on one of their typical rousing finishes with 12 leading 17-points, thanks to foul shot by Artie Richards and Jim Vinelli, who hit for five each. Richards scored twice for the evening on his fast five-point finish.

Sanford ended its regular season's slate with a 9-9 record and a 4-1-5 East Florida Conference count, a far cry from last year's 3-12 rutledge at this time. The Seminoles will have a 10-day rest until state tourney time when they open against West Smyrna in the Group III A Class meet on Mar. 5 in New Smyrna.

Coch Scott has expressed a desire to have another game for a pre-tourney tuneup, but most fans seem to be too tired.

Snead Heads List Of Pros Entered In Houston Meet

HOUSTON (AP)—A parade of champions moved onto Memorial Park course today for a bit of pre-tourney practice prior to start of the Houston Open golf tour.

Arrival of Sam Snead, winner of last week at Monte Carlo, will be the highlight of the event. Snead completed the line-up of champions who will head the field of 18.

On hand to greet the clamor for his first appearance on the Houston course was the latest class of pros including Ben Hogan and Tiger Woods.

FISHERMEN TAKE NOTE. It could only happen in Seminole County's fishing paradise. It took four of them to catch this healthy bluefish and it took the entire day to bring it in. The successful anglers are, left to right, Jacob Grasse, Mrs. Clarence Fox, William Grasse and Clarence Fox.

Brunswick Fans Bring Baseball Back With \$20,000 Expenditure

By SIGMUND KAUFMANN BRUNSWICK (Special)—Brunswick didn't even start a professional baseball club a couple of seasons ago, but this year it will have its Class D Georgia Florida League entry and an interest in four other teams.

The enthusiasm that brought Pittsburgh's Georgia Florida Farm outfit here sold Branch Hickey, Pirates owner, on Brunswick as a training camp site as well.

Commencing Friday March 20, Brunswick becomes the Pirates' eastern minor league training camp. Residents of Brunswick and Glynn County are taking an interest to the extent of nearly \$20,000 to prepare suitable facilities for the farm clubs. Showers and locker rooms are being constructed and additional playing fields readied. The considerable area of Miller Park and Lanier field, the city's main athletic center, was purchased.

Rickey made in plain some years ago when he moved in the Georgia Florida League team that he liked to go where he is wanted. Baseball never, always numbering many on this side here, caught on and the city and county commissioners readily agreed to form out the cash for additional facilities when Hickey hinted the spring training plan could be had.

The tourist industry means a lot to Brunswick and local people are counting on additional interest in this area being generated in the home communities of the training teams under the setup.

The Burlington club will report on the opening date, along with free agent players and players who have returned from military service and who are members of the four other clubs.

On April 1, players from St. Johns, Bristol, Batavia and Brunswick will report.

Field supervisor of the camp will be Rex Brown, who is chief scouting supervisor for the Pittsburgh club in the Middle Atlantic and South Atlantic states.

Methodist Men To Show Film Series For Barr School

George Harr and his entire school of umpires and instructors have been invited by the Methodist Men's club to chicken barbecue dinner this Thursday night at 7:00 p.m. in the McKinley Hall at the First Methodist Church. It was announced today by the Rev. J. E. McKinley, following the dinner, movies of the 1952 World Series will be shown.

Bobo Holloman Is Called "Sleeper" In Brownie Plans

By BEN PILEGAR AP Sports Writer Maybe the St. Louis Browns ought to tell shortstop Willie Miranda to spend a few more days in Cuba so he can pick up a traveling companion.

Miranda wired the Browns he's leaving immediately for their San Bernardino, Calif., training camp after a season of winter baseball in his native Cuba.

But the man St. Louis Browns are more interested in luring westward is Alva (Bobo) Holloman, a right-handed pitcher and the only unsigned St. Louis player.

Holloman climaxed a season of winter ball last night by hurling Puerto Rico to the Caribbean championship at Havana. Working with only two days rest, he gave up six hits and knocked in a pair of runs in whipping Venezuela, 9-2 Saturday night he beat Cuba, 7-4.

The 26-year-old Georgian is working his way back to the big leagues after an unsuccessful trial with the Chicago Cubs in 1950. He went all the way down to Class A in 1951 and then had a real good year at Syracuse in the International League last season. He won 16 while losing 7 and posted an earned run average of 2.51.

Miranda, an infielder, played during the winter for Almadarez, the second-place club in the Cuban League.

Money talked yesterday in the training camps of the New York Yankees and Philadelphia Athletics. The Yankees came to terms with pitcher Alie Reynolds, outfielder Hank Bauer and Mickey Vernon and first baseman Joe Callins. It was believed Reynolds will be \$30,000, Bauer \$21,000, Mantle \$18,000 and Vernon \$15,000. Eight members of the world champions including pitchers Vic Hatch and Ed Lopat are still demanding more.

The A's signed first baseman Eddie Robinson to a two-year contract for an estimated \$30,000 per year. This makes the Chicago White Sox player the highest paid player on the squad. The A's also have eight men demanding more.

The Boston clubs did some contract business last night, but the money Red Sox and pitcher Jim Wilson and catcher Paul Pritch came to terms with the Braves in time to take part in the first workout of 15 battery candidates at Bradenton, Fla.

Young Men Held In Palm Beach Death Of Visiting Printer

WEST PALM BEACH — Two young men were held on murder charges here today after the body of a Michigan printer was recovered from a pile of gravel near Van Horn, Texas.

Palm Beach County Sheriff John F. Kirk identified the prisoners as Bernard Pregler, 20, St. Paul, Minn., and Maurice Green, 24, Tallahassee.

Sheriff Orvel Capehart tentatively identified the victim as Fred W. Eldredge, 65, a printer for the Williamson, Mich. Enterprise who had been traveling in the west.

Capehart said the man had been shot twice in the body with .38 caliber bullets and he may also have been shot in the head and breast.

The two were arrested on bad check charges and Kirk said Pregler told him Green shot Eldredge at a roadside park early this month and buried his body in the gravel. He said the two came to Florida in the slain man's automobile.

Kirk, who planned to question Green today, said Pregler told him they cashed several of Eldredge's traveler's checks on the way to Florida. They were arrested when Deputy Sheriff Martin E. Mayo, Jupiter, became suspicious about several checks they had cashed at the Ocean Terrace Hotel.

Kirk said Pregler had been absent without leave from the San Diego Naval Training Station for six months and that Green had been dishonorably discharged from the Army last January.

Both men were held in Palm Beach County Jail pending arrival of Texas authorities.

Adoption Racket In Canadian Babies Is Being Investigated

TORONTO — Canadian and American authorities today investigated an alleged baby adoption racket that police said may have arranged the smuggling of hundreds of infants into the United States in the past year.

Announcing the probe into a baby farm reported operating here for would-be parents unwilling to wait out the long process of legal adoption, police said last night that at least 20 babies have been smuggled across the U. S. border from Toronto in the last three months.

The investigation was touched off with the arrest of Mr. and Mrs. Jack Shindern, both 29, of Brooklyn, N. Y. The couple, carrying a 5-day-old boy who police said was not their own, was taken off a New York-bound plane yesterday at Toronto's Malton Airport.

They were held under \$5,000 bail on charges of obtaining a birth certificate by fraud.

Police said the baby with them was born last Friday in St. Mary's Hospital. His mother left the hospital without her child but the baby was taken out Tuesday and registered the same day at City Hall by a man and woman.

Authorities said they had evidence that a Toronto doctor and four or five other persons were involved in the suspected baby farm. They added that they believed headquarters of the ring were in the U. S.

Detectives said forged birth certificates were furnished the pseudo-mother. Findings so far indicate the ring's price was \$250 per baby, male or female, authorities said.

Government Presses Sullivan Tax Case

JACKSONVILLE — Files of statistical data were dug into today as the government pressed its income tax evasion case against James Sullivan, former Duval County sheriff, and his wife.

William H. Walker, a director of and loan officer for the First Federal Savings & Loan Association, Miami, said Sullivan's bank account there went from \$508 at the end of 1945 to \$31,282 at the end of 1948.

Walker also testified that Sullivan deposited with the association \$23,464 on March 3, 1947, and \$21,091 on March 17, 1948.

Attorney Robert J. ... of the Miami Beach Federal Savings & Loan Association, testified to small loans to Sullivan on real estate which he said were subsequently paid off.

Much time was put in identifying checks and various data.

Harold R. McQueen, the tax accountant who made out tax returns for the Sullivans, went back to Miami today to gather up additional papers and statistical material to continue testimony about a trust fund he said he kept for Sullivan and to help explain various technical aspects of his work in making out and paying Sullivan's income taxes.

Soviet Foreign Minister Andrei Vishinskiy (shown in photo) is expected to visit the U. S. general assembly opening in New York. Despite his disability, the 60-year-old diplomat was marked by an undercurrent of potential high for an American (shown).

Copters Perform Miracles Saving Lives Of Airmen

By OLEN CLEMENTS
AIOAHU VALLEY FORGE
Somewhere Off Korea — It was a scowling day. A flight of Douglas attack bombers rattled off the deck of this carrier and headed for the snow-whitened hills of Korea.

Suddenly, one faltered, turned and headed back. The motor sputtered as the bomber twisted and plunged into the sea on its back.

The man manning the flight deck bell horn sounded the alarm with the one word "Splash." The Valley Forge's loudspeaker flashed it over the ship: "Plane in the water off the port quarter."

Only the tail fin of the bomber bobbed in the water as the Valley Forge pulled away. After what seemed an eternity a laral bobbed up from the sea. It was in seconds by stop watch since the bomber hit the water.

Seemingly out of nowhere a helicopter swooped down and hovered over the spot as the Valley Forge plowed on.

Painted on the side of the chopper was one of the most well-known signs known to Navy pilots: "Downed in the Sea of Japan off Korea's east coast: 'Last Chance Taxi.'"

What happened to the large collar tumbled out of the "copter, cabin and landed near the man's head.

The man in the water slipped his arms inside the horse collar and was hooked out of the water.

The rotor blades of the chopper whirred. The landing dropping man was rushed to the carrier and left down gently on the flight deck.

It was two minutes by the stop watch since the crash.

The crash survivor was Ensign Douglas B. Paulson of Ontario, Calif. It was his 29th birthday. He was blue with cold and bleeding from a slight cut on his forehead.

It was sure dark above there under the water," he mumbled.

Medics stripped the horse collar from him and rushed him to a hot shower. A man fevered. Fast in these waters. After the shower Paulson got a shot of medicinal brandy. Then they hauled him under an electric blanket and he slept off the shock.

Ensign Paulson was somewhere near the 500th Navy man saved from the sea of behind Communist lines by the Navy's Helicopter Rescue Squadron No. 1 since the start of the Korean War.

Pilots and Navy men often attribute Valles Forge, Ontario, Kentucky, Philippine Sea, and Bataan are high in their praise of the rescue whittlers and the men and officers who man them.

In fact, Navy Lt. Walter E. Frank, operating a chopper, is picked up a many naval aviators in his chopper that the survivors are thinking of forming an "I Love Frank" club.

"Out of the approximately 300 men our squadron has tried to save," said Lt. Frank, a Berkeley, Calif. resident when he is at home, "we have lost no more than two or three, maybe not that many."

Bryant Names More Heads Of Committees

OCALA — Speaker Elbert C. Farris Bryant has named the chairman of three committees which will handle labor-management relations and workmen's compensation matters in the 1953 Florida House of Representatives.

The committees and their chairmen are: Labor — James H. Sweeney Jr. (Volusia); Social Security — Hugh Dukes (Jackson); Workmen's Compensation — William G. Kridger (Brevard).

Bryant said Wednesday he made his choices after conferring with labor and business leaders. He explained "It was my intention to obtain three well-balanced committees which would not be biased."

Issues likely to come before the Labor Committee include proposals to abolish the compulsory arbitration and anti-closed shop laws.

Other committee chairmen announced by Bryant were: Ferrin C. Campbell (Oklawaha), Statutory Revision; L. Burton (Brevard), State Publicity; John C. Getzen Jr. (Sumter), Executive Communications.

Bach Festival Is Slated At Rollins

WINTER PARK—(Special)—A choir of more than 100 mixed voices and distinguished artists from New York City will present three cantatas and the B Minor Mass of John Sebastian Bach here Mar. 26.

The 18th annual Bach Festival will then be held in the Knowles Memorial Chapel of Rollins College, under the sponsorship of the Bach Festival Society of Winter Park. Rollins students and singers from the Orlando-Winter Park area form most of the chorus, largest of its kind in Central Florida.

Celebrating the festival will be Robert Hofstadter, chorus director of the Juillard School of Music in New York and recently announced as a Rollins faculty member for next year. Hofstadter will become director of the college Conservatory of Music and will make his home in Winter Park.

Soloists include some of America's most famous vocalists including the Metropolitan Opera, Lydia Summers, Harold Heugh, Ross Rossazza and Norman Ferraro all will participate in the program. The student soloists also include artists who have played with the most noted symphony orchestras of this nation.

The program begins on Thursday, Mar. 5, at 8 p.m., when three cantatas will be sung. They are Cantata No. 71, "God Is My Sovereign," Cantata No. 149, "Gloria," and Cantata No. 21, "My Heart and Soul Were Borne Distressed."

The following day two performances will be given. During the afternoon Part I of the B Minor Mass will be sung, and in the evening Part II given. Two tickets to all three performances are included in the sponsorship fee.

The chorus has been rehearsing since early October under the direction of Peter Gram Swain, director of the Knowles Memorial Chapel choir at Rollins. Hofstadter, who was among the contributors to the Rollins Animated Magazine Sunday, has rehearsed with the group periodically.

Mrs. Jesse Baker will be organist.

The Bach Festival was founded by the late Mrs. Thomas Smith in 1935. It has brought outstanding musicians to Central Florida yearly, and drawn capacity audiences.

Beardall Avenue Group Has Luncheon

The Beardall Avenue Circle met at the Chapel on Monday for a luncheon and business meeting with 21 members present. Following a delicious luncheon Mrs. M. H. Anderson presented the movie which began with the singing of "What a Friend We Have in Jesus."

The Rev. L. C. Ray led a prayer followed with the singing of "The Old Rugged Cross." The treasurer reported that \$19.60 was collected for the day and the B.M. study was led by Mrs. L. C. Hunter based on the subject "A Kind of Friends Do You Have?"

Childhood Hints

By DAVID TAYLOR MARKE
AP News-features Writer

Children's actions can be bewildering. But much of the mystery vanishes when we know that behavior is a language through which a child expresses feelings. Behind his temper tantrums, crying at night, and quick-changing moods may lie naively, rebellion, fear of uncertainty.

Frederic S. Kelton, well-known director of the Association for Family Living, and Juliette K. Hartack of the Association's staff, in an article in the National Parent Teacher Magazine entitled, "Why Does He Act That Way?"

Even when children's behavior puzzles parents, they say, it actually indicates healthy growth in the child. They say, "On the other hand, it may indicate that the growth is not going the way it should, that there are problems with which the child needs help."

The more we know about normal growth patterns and the more carefully we observe children, the more likely we are to distinguish between wholesome and unwholesome conduct.

Jasny, at two, they point out, may go into a temper tantrum trying to pull off his undershirt, at three, he may resist all efforts of mother to help. He does so because at two he is beginning to feel that he is a person able to do things for himself. But he is frustrated constantly not only by unnecessary limitations, but by his own. He wants to do much more than he is able to, he is a vigorous, full of energy, child. He is frustrated further because while he is still the most important person in his little world, he may push her away at times, but he cannot bear to let her out of his sight for a moment.

Small wonder then, that his confusion and frustrations can be broken out in contrasting, full-fledged temper tantrums. He has his pent-up rage. We can help him at this stage by limiting demands; by providing as many outlets for his energy as possible; by helping him find that he can complete successfully and above all, by letting him know how much we love him, we say.

At five and six, the authors say, children are trying hard to be the way they want to be. They are developing inner control, a concept for which we can help their desire to be like us. That's the idea.

Maybe the adjustments required for a happy marriage are the most difficult and delicate, but my own personal view would give those suggestions in the business of remaining an unspinning yarn with neighbors over a period of years.

The marriage experts have been able to build down the basic problems of marriage in as few as 10 or 12. The possibilities of getting a good neighborhood feel boiling are positively endless.

In the course of some six years residence in a single neighborhood, I have observed (and, alas, been drawn into some) furious battles, springing from conversations ranging from ridiculous to worthy.

I can't think back on any period when every family in the neighborhood was speaking to every other family freely and smilingly or when it would have been possible to throw a party with every one eager to come.

For a while now, the chateaux of one of our small but big mansions refused to speak to her opposite number next door. It started when the lady next door attending a small neighborhood gathering made a remark about an oil portrait over the mantel piece. On thinking the remark over, the lady decided her neighbor had been making a crack about an ancestor, and also had reflected on her own good taste in interior decoration.

Before a spectacular reconciliation had been staged, a high fence had been reared between the two properties, countless other neighbors had listened warily to repeated rebashings of the situation, and all the neighbors had more or less been forced to take sides or steer clear of both parties to the dispute.

Another exchange, which resulted in deep silence between neighbors, involved the habit of neighborhood youngsters to take a short cut across a front lawn on still another occasion, two neighbors started cutting each other dead when the dog belonging to one chased the cat of another into a high tree and the owners of the dog failed to cooperate in getting the cat down.

Incidentally, in most of these cases, the word "uncooperative" comes late in the extent of the grievance. So do the words, "unneighborly," "big headed," "fale headed," and "wild, undisciplined children."

Perhaps the worst neighborhood blow-ups occur when the group thinks it would be wise to "get together" on a project of mutual interest, such as drainage. It has been my bitter experience that water and its habits of flowing downhill, regardless of property lines, can cause neighborhood battles of the greatest fury. If there's a drainage problem, the owner of property automatically starts brooding about the owner whose property abuts and is a little higher.

If I ever move, I shall have a few rules to observe from the outset:

1. Buy in an area where the nearest neighbor is two miles distant.
2. Never get beyond the nudging stage with anyone within a Dumie radius.
3. Build a six-foot wall, topped with broken glass or barbed wire completely around the house.

Robert Frost said something about a good fence making good neighbors. My own choice of proverbs to live by is an old Arab number which goes "Keep confidence in thy neighbor by keeping thy door shut."

Blues In The News
By BOB ANTHONY

The regular monthly Captain's Personnel Inspection for NAAS personnel has been scheduled for Saturday morning. The inspection will be held in back of the Administration Building after which an inspection of lockers and bunks will be conducted in the barracks. Uniforms for enlisted men will be dress blues with white hats.

If you didn't get your copy of the recent mail-way edition of the Sanford Herald, you will find them for sale at the Navy Exchange. When you're through reading your copy, be sure to send it home so your family and friends can see and read about where you are and what you are doing. You will very rarely see such a complete coverage of a naval station in any civilian newspaper so take this chance of obtaining a souvenir of your tour of duty in Sanford.

Many men who are interested in competing in the examinations for advancement to Seaman, Airman, or Fireman on Mar. 3 have not yet fulfilled their eligibility requirements. If you are one of those men you should remember that tomorrow is the last day for fulfilling those obligations. The examination will be held Tuesday morning and only those men eligible in all respects will be permitted to take the examination.

Do you play cribbage? It seems that questions in becoming a familiar one around NAAS these days. Dottie and I are just learning the game ourselves, which we can prove by revealing the outcome of our game. The game played recently with Don and "Honey" Taylor. Final score?—the Taylor's won 4 games—the Anthony's won 2. Oh well, cribbage players are made, not born. (I hope).

The Central Florida Exposition in Orlando has been attracting many men from aboard the station since it began and will undoubtedly attract many more in the coming days. Ken Jones, Ken Jones, Bill Brennan, and Tom Boukes were among recent visitors to the gala affair. Ken showed his skill by winning a grand parade doll. The men decided it must have been skill since there are no more "games of chance" in the Exposition. Since Ken isn't married and doesn't have a girl, he could find no use for the parade doll he gave to Bill, who, although not married, definitely has someone back home to whom he intends sending it.

NEW YORK (AP) — Winston Churchill and President Eisenhower have helped make painting a widely popular hobby. And down in Greenwich Village a trio of oldsters, all of whom took their first brush strokes after 63, are showing the young Bohemians there that art knows no age limit.

The three are Dr. Joseph S. Efronoff, a dental surgeon who admits with a twinkling smile, "I'm over 73, but I won't say how much over." Mrs. Julia Brestovan, 71, a grandmother, and Mrs. Edna E. Plumb, a widowed 71-year-old saleswoman.

Dr. Efronoff and Mrs. Brestovan never took an art lesson. Mrs. Plumb studied only four weeks. But all have met with enough success to find painting has opened new worlds to them.

A year ago Dr. Efronoff won first prize over 129 other painters at the annual show of the Village Art Center, a community project founded by Mrs. Helen Richter Eiler. He has since held several one-man shows.

"The professional artists were dizzy when they found out I was really just a baby at the business," chuckled Dr. Efronoff.

"I have never sold a painting. I give them as presents. I have enough money myself, and I help other artists financially, as much as I can. It is sad to know how many really fine artists today are starving."

Dr. Efronoff thinks every elderly person should paint.

"I started at 63," he said. "And my first two pictures, they made me a kid again."

"It has captured me completely. I paint in my office. As soon as I finish with a patient, I turn to my easel. I get shivers. All of a sudden I simply have to go to my canvas. I put on the paint—and

something grows there that wasn't growing before.

"After 60 you have to do something besides listen to your rheumatism. You still need to express yourself, and I think this is a better way to express yourself than by falling asleep."

Mrs. Brestovan turned to painting and ceramics after rearing five children. She has sold a number of pictures, and her tiles, featuring scenes from her girlhood days in Czechoslovakia, are distributed by some top department stores. They are reminiscent of the quaint realism of Grandma Moses' work.

"I paint only what is inside my head—from my past life," she said. "When I get a picture in my head, I just put it down. And I paint all day long."

Mrs. Plumb has only her evenings free for her hobby but she has sold four paintings at \$100 each.

"I have to go to business during the day," she said. "But I am thankful to God I can still go out and earn my own way at 71."

Through art she has found relief from old troubles, long ago disappointments.

"Painting," she said thoughtfully, "is a wonderful way to remember the things you don't want to forget."

Baseball Club Changes Name To Sanford "Cardinals"

Label Of Seminole Blues Is Dropped After St. Louis Accord Is Signed

By KENT CHETAIN
A mixed feeling of nostalgia, sadness and enthusiastic optimism touched the hearts of Sanford's baseball fans today with the announcement of their own creation, the "Seminole Blues," in favor of the name "Cardinals."

Business Manager Jim Fields officially announced the name change this morning after a poll of the directors.

"While we feel that the name 'Seminole Blues' was fine last year when the club was operated independently," Fields explained, "we believe that since we have a working agreement and all our players will be furnished by the St. Louis club, it is more appropriate to name them after the parent Cardinals."

This followed a week of yesterday's surprise announcement of a letter from St. Louis, from the club's representative, the St. Louis Cardinals, to the Sanford club.

The Sanford club had been in negotiations with the St. Louis Cardinals for some time, but the negotiations had apparently broken down last Monday, when it was reported that the Cardinals had refused to sign any one thing, except that Shannon seemed to be most impressed with the deal.

The deal, however, was not made until last Monday, when the Sanford club accepted the Cardinals' offer to sign a contract for the next two years.

Bob Hayes Heads Up Mix Bowling Race

Bob Hayes has taken an early lead in the individual bowling race in the new Mixed League. Hayes is second with a 157 mark, and Milton Stobson is third with 143.

The individual high game is owned by Jones of Powells with a score of 291 total. Hayes is second with a 195 game and first in the total pin bucket, won by Stobson in the old Mixed League this winter.

The Sanford Cardinals will have to pay the same amount for all 15 players as manager of the club in Albany, Ga. But the deal, however, was not made until last Monday, when the Sanford club accepted the Cardinals' offer to sign a contract for the next two years.

McCarty's Ill Is Diagnosed As Thrombosis Governor's Physician Says Attack Isn't Bad And That His Condition Is Okey

TALLAHASSEE (AP)—Gov. Dan McCarty's physician said today he has diagnosed the governor's heart ailment as a coronary thrombosis but said it wasn't severe and "his condition is good."

Dr. L. L. Dorler said "I don't think it's a severe heart attack. Considering it was a heart attack I think his condition is good."

Telephone calls to the hospital brought reports of the governor's condition varying from "fair" to "just fine."

Coronary thrombosis is the medical name for a blood clot in the heart.

John McCarty said the governor has not been previously troubled with any known heart ailment.
