

OH YEAH?

By PETER SCHAAL

Our Ben Cartmell smacked the Cards right in the eye yesterday, holding them to eight scattered hits while the Braves were pounding them and Lindmay for 17 blows, to win a game 6 to 3 and even the series. Ben had another of his good days, and for once, had the batting support of his pals. Wally Berger saw in it that Ben's work went for something for he got five hits in as many tries. Lance Hiebberg got four out of five, while Wes Schulmerich got three for five. Ben has done some grand pitching here lately, as he always does when the reason draws to a close. Here's hoping Judge Puckey sees a big raise for the day next year if not, well him to a club that really needs a slammer.

The Cubs went into a two game winning streak when Bob Smith, holding the Phillies to five hits, beat them 7 to 1 without a hit. The Cubs got nine hits in the game. The Pirates and the Giants staged a mound duel in which French pitched and outpitched Perrine, although both clubs got eight hits. The Pirates won 3 to 2, as they scored on French's single in the eighth. Watson Clark was touched for 11 Red hits yesterday, but the Reds got 14 off Johnson, Kelp, and Strock, and won an 8 to 3 game. Not a home run was made in the National all day.

Only two games saw the light of day in the American League. The White Sox whipped the Yanks 7 to 1 although they were out-hit 11 to 7. Combs hit a home for the Yanks' only run. Lyons had good support, while Johnson and Wells, also had good support but they allowed too many hits at the wrong time. The Sox pulled a triple play in the second to clean the bases. Jimmy Mackayden held the Tigers to three hits and shut them out 5 to 0. Miller, and Sulzhan led off the Tigers, scoring up nine hits. Only one Tiger, Johnson who tripled, reached third all day.

Tomorrow afternoon at 3:30 o'clock, Sanford baseball fans will be given their last opportunity of seeing the Reds in action on a local diamond. They will entertain the Cocoa Indians, who need a win to insure their being given a chance in the second half honors. Just who will chuck for the Reds is as yet unknown although Buddy Lake is due. It is understood that Red Martin, league's most valuable outfielder, has gone to Gainesville with the rest of the Gainesville with the rest of the Gainesville. That means some of our diamond-ball players may be recruited for outfield work, for both Bell and Martin are gone. The Deland nine, tied with the Indians, first place, will meet Daytona at Daytona, and probably win their game, although Hutto hates to lose even one game. Pellier may be given the task of stopping the Deland nine although personally we think it would be better for the Deland nine to win tomorrow. The Maitis make their last road trip as they visit Winter Park for a final game.

Did you know that Red Martin is the league's leading batter. He does not lead the second half, although he is only a few points away, but he does hold honors for the season with an average of .369 in 26 games played, plenty good enough to beat out Shannon, Hutto and Mobley, those dependable hitters. Only one club, the Delanders, is good enough to beat .369 or better during the second half. The Indians are just under the mark with a .297. Wally Shannon, Deland manager, holds the batting lead for the second half by hitting an even .414.

Here's how the clubs, second half, and season leaders stand tonight:

Deland	19	631	104	196	.311
Daytona	18	627	109	186	.297
Sanford	18	626	88	149	.315
St. Augustine	18	607	75	141	.332

BACHMAN HEADS INTO 4TH YEAR AS GATOR TUTOR

Impressive Record Of Notre Dame Star Is Again Made Public

By FRANK R. WRIGHT, GAINESVILLE, Sept. 12

Charlie Bachman, product of Notre Dame in the years before the late Knickerbocker launched upon his meteoric career as a winning football at the University of Florida.

One of the highlights in Bachman's coaching experience was his first season with the Gators, when he directed them to the national high scoring championship. The Florida eleven, winning eight of nine games, piled up 436 points to beat all other teams in the country by a substantial margin.

Bachman will celebrate his 39th birthday on December 1, but because the football season will not be over, he will have to celebrate his birthday party in the city of his birth, Chicago, Ill. In 1911 Bachman captured the first high school football team. Two years he was captain of the team, and in 1912 was high scorer in the national interscholastic meet.

From 1914 through 1916 he played with the Notre Dame varsity, at two positions, guard and fullback. The first year he was named All Western guard, and the team player to attain that distinction mentions the first Notre Dame player to attain that distinction in 1917 the University of Notre Dame bestowed the D.H. degree upon Bachman.

That fall he was assistant coach at DePauw University, going the following year to Kansas State College where he served for eight years as full and back coach. Since 1925 he has been in the South, his football influence having fallen from his post at the University of Florida.

The Gator manager is a number of years old, national leader, and is known throughout the length and breadth of this country for his football accomplishments.

His record at Florida has acknowledged success, 21 victories, six losses and one tie in three seasons. The approaching campaign looks as the most trying since he came to Gatorland.

Effort Being Made To Have St. Pete Outfit Come Here

The fans who accompanied the city team to St. Petersburg for the State Tournament last Monday, and being all satisfied with the method used in eliminating Sanford, putting the girls in their second game with only a short rest against a team that had already won the South Florida Championship, and who incidentally came through for the State Championship, the writer challenged this team for a game in Sanford next Thursday afternoon, and has received the following reply:

"Impossible Thursday afternoon. Night game preferred. Will have to have a flat guarantee \$50 dollars."

Despite the fact that we were eliminated in the tournament it is still the belief we have the best girls team in the state, but the only way to prove it is to meet the St. Petersburg team on equal terms, and it is now up to the fans to advise the writer as to whether or not they have enough faith in the team to back them in this extent. Will have to know quick as well have to advise the St. Petersburg management not later than Monday.

GATORS WIND UP THEIR 1ST WEEK OF GRID DRILLS

Backs Are Kept Busy With Passing And Kicking Of Pigskin

UNIVERSITY OF FLORIDA, GAINESVILLE, Sept. 12.—The 1931 edition of the University of Florida Gators wound up the first week of their preseason training yesterday under Coach Charles W. Bachman. Passing and kicking kept the backs and ends busy, while the line and defensive continued assault on the dummy and charging machine. Bachman stressed still further in his changes of players and positions, attempting to add strength.

The team which has improved a very promising player that may help a great deal in solving the problem of stopping some of the backs in the forward wall. The focus is on John Safford, a native San Diego full back, who caught close to the 20 mark. Hogarty has tremendous size, height, fast and clever and has been doing quite well at one of the tackle jobs in the practice. Safford has found it comparatively easy to brush aside his lighter teammates during the short week's exercises.

Passing and place kicking were given plenty attention, as Bachman had his entire company of backs bustling away at the oval this afternoon. "Big" McClelland and Al Rogers showed by far the most skill in sending the pigskin into the field. Much of the kicking will be done by Shaw Buck, former freshman quarter, who took part in the practice. Buck is suffering a slight cold, and Coach Bachman excused him from the day's work.

Tampa has a splendid representation of widowers working out each day for Guy Toth, Marion Lee, Paine Kelly, Henry Richards, Sam Davis and St. Oge are all attracting a great deal of attention. Davis stepped into the left halfback berth on the second team yesterday when Homer Seay sprained his ankle. Kelly in turn took Davis' place on the third team. Toth and Lee work constantly on the second group at tackle.

Hill Ferrasi, last year's tackle on the Baby Gators put in his appearance yesterday and was at once shifted to center. He weighs 205 and has the natural aggressiveness for the pivot post.

Today the Orange and Blue warriors will have only the moonlight practice with Saturday afternoon off. The early session will be devoted mostly to work on the dummy and signal practice.

Coach Bachman has left for Atlanta to attend the meeting held there of the Southern conference coaches. There he will confer with the rest of the Dixie leaders on rules and regulations for the coming year.

Before leaving he expressed satisfaction about the first week's practice. Assistant Coach Nash Higgins will be in charge of the Floridians during Bachman's absence.

As all the players who have attended the early camp have gone so at the invitation of the Gator coach, a large number of candidates are expected Monday and Tuesday with the formal opening of the school term. As soon as possible Higgins will organize his Omlets to be used for scrimmages whenever Coach Bachman is ready.

KILLED PLAYING GAME

ALICEVILLE, Ala., Sept. 12.—(A.P.)—The Rev. J. S. McCall, D.D., pastor of the First Presbyterian church here, was injured fatally yesterday while playing football.

CLEANERS EVEN UP SERIES WITH CHASE PLAYERS

Martin And Miles Are Heavy Hitters For Victorious Outfit

By E. H. CULLEN

The Seminole Dry Cleaners closed up the championship series last night when they defeated Chase 13 to 7.

Stinson Knitwear pitched for the Dry Cleaners and held the Chase batters to 8 hits for seven runs. There was only one inning, the 11th, that he was in any serious trouble. In this inning, with one out and three on base, he struck Cotter out, and caused Haven to fly out, to end the inning.

Martin and Miles were the heavy hitters for the Dry Cleaners. Miles getting three singles out of four trips to the plate and Martin securing a home run, a double and a triple out of four times up. These two players batted in and scored eight of the 13 runs made by the Cleaners.

Palmer was on the mound for Chase and pitched a good game, and had it not been for infield errors he would have held the Cleaners to a much closer score. All four runs made by the Cleaners in the second inning were the result of errors.

Buddy Lake was the heavy hitter for Chase, getting two home runs and a triple out of four trips up. He batted in and scored five of the 7 runs made by Chase.

The game was thoroughly enjoyed by the fans, estimated at around 1500. The next and last game of the series will be played next Friday night.

The Monday night Deland team will invade Sanford for a game against a team yet to be determined.

BOX SCORE

DRY CLEANERS		AB	R	H
Stinson	5	1	1	1
Miles	4	1	3	3
Martin	4	1	3	3

Stage All Set For Opening Monday Of High School

(Continued From Page One)

so-called depression. "There is no doubt but that several parents will send their children to school this year, in the interests of not only educating the child, but also of bringing to this community its share of the state's educational funds," he said. "For many parents know that for every child kept out of school, we lose \$20 each year for operating purposes."

The schools which open Monday are, in addition to Seminole High, Geneva High School, under the supervision of W. L. Seig; and Geneva school, under the supervision of Mrs. V. Hall.

The following teachers will compose Seminole High school's faculty this year: Science, Mrs. W. R. Fox and Rodman Lehman; Latin and Commercial, Mrs. E. C. Maxwell; English, Miss Georgia Mobley; Miss Winifred Savoy; Miss Margaret Zachary; and Miss Helen Venzky; Mathematics, Miss Elizabeth Shoemaker; Mrs. Mary Steele and Mrs. Marie Stinesinger; Home Economics, Mrs. V. L. Smith and Miss Maile Spencer; History, Miss Virginia Spencer; and Mrs. Gladys Williams; Physical Education, Miss Katherine Symes and Leonard McClelland; Latin and French, Miss Edith Wilkinson; Spanish, Miss Catherine Young; and Agriculture, Alex R. Johnson and Chas. R. Dawson.

DECLINES ITS OFFICES

WASHINGTON, Sept. 12.—(A.P.)—State Department officials said yesterday the American Government had informed the Chinese charge d'affaires that this country does not believe its good offices are necessary in the Chinese-Mexican population dispute.

LOCALS TO MEET COCOA FOR LAST TIME TOMORROW

Feds Will Ring Down Curtain Locally At Municipal Ball Park

By E. H. CULLEN

The Sanford City Feders will bring their local baseball season to a close here tomorrow afternoon at 3:30 o'clock when they tackle the pennant-seeking Cocoa Indians. It will be the last game of the season between the two clubs, and the last chance the Feders have of scoring a win in the eight scheduled games.

The Indians were coasting along with a one game lead for days, and were talking pennant and a series with Daytona until they ran afoul of Bill Frazier at Deland Thursday. Their real worth as the league's best team will be revealed in their next two games, and the fan can expect plenty of action for his money.

Either Joiner or Murdock will hurl for the Indians. Murdock is probably the best all around pitcher of the league, although Joiner is only pitched well but has almost as much batting ability. For relief, the Indians can throw in Atkinson, the veteran, who giving up but six hits, two of them doubtful, lost that game to Deland Thursday.

The Cocoa line-up will probably be as follows: Provoost, center; Culbert, short; Pine, third; Provoost and Culbert, not to mention Murdock, are the most dangerous batters in the league, and are almost the fastest men on the sacks.

Stanford or Lake will hurl for Sanford, although the line-up has not been announced. Red Martin has gone to Mississippi and is lost to the club, so a new outfielder must be found to take his hard-hitting duties. Red wound up his year here by leading the league a youngster.

The Feders close their season at Deland next Thursday afternoon. It should be a good game, and the Feders will be trying their best to put the Deland pennant chance out of the way.

D. Zerkow.

FIRST RELIEF BOAT BRINGS AID TO BELIZE

(Continued from Page One)

There is night with hurricane force at San Juan was only on arrival. Later messages to Pan American Airways stated the storm apparently was skirting the northern shore of the island of Haiti, in the Dominican republic, with the City of Santo Domingo in its path.

Air traffic was unhindered yesterday by the eastern storm, a plane taking off at San Juan to fly to Miami by way of Santo Domingo. The takeoff was two hours behind time.

Richard W. Gray, government meteorologist here, made public at 10 o'clock yesterday morning advisory storm warning, stating that the San Juan disturbance was moving westward over Mona Passage and probably would pass near Santo Domingo City last night after crossing the eastern end of the island of Haiti.

The hurricane has wrought untold havoc in the city of Belize, not a building is undamaged, and the city is washed out.

The houses of this once beautiful town are piled up like so many toys. One area, in the heart of the city, about six blocks, is entirely wiped out.

Ships and barges, battered and hammered by the hurricane, are swept high on dry land. Houses have been washed out to sea, and can be seen bobbing about in the water, nearly submerged.

The Belize river has overflowed its banks, and its turbid yellow waters inundate part of the region. The river is so full of debris that the natives have difficulty navigating it in their dugouts.

Our hanger (for planes of the Pan-American Airways) is a place of refuge for about 40 or 50 persons, none other of our buildings remain standing.

Signed E. S. Rodenough
Chief pilot-aid mail plane in route to San Salvador from Miami.

MEXICO CITY, Sept. 12.—(A.P.)—A radio message to the Pan-American Airways from Belize, British Honduras last night said the following American were reported killed in the destruction of St. John's college:
Rev. William Faris, St. Louis Rev. William Tracy, St. Louis Rev. Bernard, New Buffalo state not known.
Rev. Leo Rooney, Superior, Wis. Alfred Baumester, Cleveland. Richard Koch, St. Louis. Richard Smith, Racine, Wis. John Rodger, Reading, Pa. Rev. Francis Kempfers, Cincinnati.

In addition Rev. Carlos Palacios, of Valencia, Spain, was reported dead. The priest was mentioned among the American citizens listed in the dispatch, but whether this was an error or indicated that he was a naturalized American could not be ascertained.

Economic Ills Of World Are Blamed On Selfishness

(Continued From Page One)

method. "In one of the chapters of the primer," said Rev. Louttit, "we find some interesting comparisons. We read that where Russia looks to the future with a definite purpose, the United States stumbles along without an ideal; that where Russia carefully visualizes and estimates its agricultural needs and grows crops accordingly, the United States farmers allow their crops to become so large that it becomes necessary to destroy portions of them; that where Russia increases the production in its factories because it has not only succeeded in securing much world trade but also has stabilized its home market, the United States closes down its factories and deprives men of work, and that where the Russians manufacture selfily the necessities of life, the American learns out thousands of articles many of them non-essential, which at all times."

"Although the methods used in making the Five Year plan a success are horrible," the minister said, "it has already been proven that even in these days it is possible to inspire men for the common good rather than to private gain, and we in America can learn much from the lessons spread before us."

Business matters disposed of included the appointment of Leon Meyer as a committee of one to handle repairs to playground equipment in city parks, and the acceptance of an invitation from the Daytona Beach club to attend a picnic there next Thursday.

Those present at the luncheon were: Miss Elizabeth Clark, club pianist, the Rev. Louttit and Miss C. A. Adams, R. A. Cobb, Geo. McHenry, John Melson, Jr., Vella Williams, W. C. Erickson, E. J. Mayer, L. A. Tate, F. E. Perkins, and Max Stewart.

At The Churches

FIRST CHURCH OF CHRIST SCIENTIST

Christian Science services are held every Sunday morning at the church at East Second Street at 11 o'clock. Subject for tomorrow is "Substance". Wednesday evening services which will include testimonies of Christian Science healing, will be held at the new church at 800 E. 2nd St. at 8 o'clock.

This church maintains a free Reading Room at the church where the Bible and all authorized Christian Science Literature may be read, borrowed or purchased. Open Tuesdays and Fridays from 3 to 5 P. M.

Richard W. Gray, government meteorologist here, made public at 10 o'clock yesterday morning advisory storm warning, stating that the San Juan disturbance was moving westward over Mona Passage and probably would pass near Santo Domingo City last night after crossing the eastern end of the island of Haiti.

Sufficient Millage Asked by Lawyers

MELBOURNE, Sept. 14.—After thoroughly discussing city affairs with the commission at a special meeting Tuesday afternoon, the lawyers and city manager, J. L. Hinkle and Geo. W. Shinn, Jr., of Jacksonville, and H. W. L. Hinkle, of Melbourne, formally requested the city to levy sufficient millage for the coming year to take care of delinquent and current interest on outstanding bonds.

Mr. Hinkle asked that the levy be made on a basis of what tax collections may reasonably be expected to be received. The lawyers opposing to the city's request of accepting bonds in payment of delinquent city taxes and asking that the plan be discontinued.

Jump In Water Rate Looms In Melbourne

MELBOURNE, Sept. 14.—Possibility of an increase in the city water rate was indicated when Claude Edge, city manager, presented to the commission Tuesday night the bill for the water rates to be levied for the coming year.

Mr. Edge said that the water rate for the coming year would be \$1.25 per month, or \$15.00 per year, an increase of 25 percent over the present rate.

Mr. Edge said that the water rate for the coming year would be \$1.25 per month, or \$15.00 per year, an increase of 25 percent over the present rate.

INSANE PERSON IS NOW SUSPECTED IN PIRATE ATTACK

MELBOURNE, Sept. 14.—A man who has been directed to the city of Melbourne, Fla., by the killing of his owner, Benjamin P. Collins, of Sanford, Fla., and an attack on his young wife, admitted yesterday by Nassau county authorities.

They deviated from an investigation of the theory only long enough to investigate a report, which was made by the police, that the killing of his owner, Benjamin P. Collins, of Sanford, Fla., and an attack on his young wife, admitted yesterday by Nassau county authorities.

Social And Personal Activities

Piano Recital Given By Mallem Pupils

At the piano recital given Saturday afternoon by the summer studio of Miss Madeline Mallem at her studio on Oak Avenue, Mrs. R. E. Glenn rendered a group of vocal solos which were enjoyed greatly. Before the program was presented, Miss Mallem gave a talk on the music which she was studying.

Personal

Miss Grace Carter, of Shiloh, is the guest of Miss Martha Stovall at the Takach Apartments.

Miss Wallace W. Wright returned today from Hot Cave, N. C., where she has been spending several weeks.

Mr. and Mrs. Clyde A. Ryan and children returned last night from Candler, N. C., where they have been for several weeks.

George Gannax left Sunday for the States where he will stay for the Robert E. Lee High School this year.

Miss Lenabelle Hagan, who has been working in Deland for the summer, was the weekend guest of her parents, Mr. and Mrs. I. P. Hagan, at their home on Oak Avenue.

Mr. and Mrs. John T. Brady returned last night from New Orleans, La., where they have been attending the national convention of the Spanish American War Veterans.
