tion at First Baptist Church of Orlando to give prayer tracts to trick-or-

treaters.

A few years

ago, Pastor Jim Henry

suggested to

his congrega

Now, tell me what kid wouldn't prefer a Tootsie Roll or chewing gum be tossed into his or her bag?

Once upon a Halloween, there was a man who gave away some of his baseball cards. Take a handful, he said. Imagine now receiving a 1952 Mickey Mantle rookie cardi

There will be a day - probably sooner than we think - when those prayer tracts will be very valuable, too. But kids can get them at church. Halloween is intended to be a party. Trick-ortreating is more American than pumpkin pie.

Neighborhoods used to be a lot safer, of course, and everyone knew all the trick-or-treaters were no matter how well disguised they were.

Today, hardly anyone knows who the children are that come to the door and say, "Trick or Treat." Most of the callers are small fries, escorted by their parents. They come in bunches three, four, five at a time. The doorbell rings once every 20 minutes or so.

Some of these little ones seem to enjoying themselves. Others seem very shy - coaxed into the ceremony by parents, who have great memories of Halloweens past. Most of us had good times on Halloween. We liked the

treats. We did very few tricks. It costs \$25 or more for each household to buy Halloween treats. Some folks go overboard but most just head to the supermarket and grab whatever they see first. Everyone wants to have enough of a supply. Usually, people have stuff left.

Sheriff Don Eslinger remembers trick-or-treating in Warren, Mich. He was a stuffed pumpkin one year. He said Halloweens were very safe then. The sheriff, formerly known as a pumpkin, now warns people to be careful.

Ruth Hamilton, a delightful 100, says that when she was growing up in Ames, Iowa the boys in town would do some nasty tricks on Halloween. "The older folks were in fear that the boys would knock over their outdoor privies," Mrs. Hamilton said.

One fellow got so mad that he went into his toilet with a shotgun," she said. "He warned the boys not to come to his place, and to stay away from his privies. He had a two holer, you know. The rich folks had three

# Airport plans to advance expansion

By Bill Kerns HERALD STAFF WRITER

SANFORD - The Orlando Sanford Airport Board of Directors is expected to vote Tuesday on a proposal to advance the plans and specifications for airport expansion.

The 69-70,000 square-foot expansion of the airport is expected to cost from \$12-16 million, said Brendan Carmody, president and manag-ing director of Orlando-Sanford International Inc.

"Different people have different crystal balls on how much it will cost," Carmody said. That's still pretty much up in the air."

He did not give a specific time frame on construction plans.

The Airport Authority plans to build a two-story concourse that will allow passengers to walk in and out of planes without dealing with the weather," Carmody said.

The lower level will be reserved for parking. The upper level of the concourse, which Carmody said is "on the floor level of airplanes," will allow passengers direct access Please see Airport, Page SA

# Tax collector and clerk pay dividends

By Ruse White HERALD STAFF WRITER

SEMINOLE COUNTY - The county's tax collector and clerk of the circuit court have turned in more than \$4 million in dividend checks to the county

and taxing authorities.
With this money added to the county's pot, residents should pay less in local taxes the following year.

Tax Collector Ray Valdes wrote checks to the Board of County Commissioners and two taxing authorities for \$3.41 million and Clerk of the Circuit Court Maryanne Morse wrote her largest ever dividend check for \$1,076,654.

In the 10 years that Valdes and Morse have been state Constitutional Officers, they have consistently produced big

Valdes, the Treasurer of the Year in Florida for 1998, has returned \$24.5 million to the general revenue fund of the Board of Commissioners, Seminole County School Board and St. Johns Water Manage-

Morse has returned more than \$5.7 million of profits or "excess fees" generated by her office. This is a 13.1 percent return on investment. The \$1.076,654 dividend is the second to top the \$1 million level. She turned over \$1,027.520 in 1994, and has averaged 8.3 percent returns on investments per year.

Morse said the Seminole County Clerk's Office is one of 47 in the state funded entirely through fees generated in dayto-day operations, without any general taxpayer's support. These fee-based offices are required by law to transfer any surplus to the county at the end of the fiscal year.

The Seminole County Tax Office has been rated in the top three of the state's 67 tax collecting offices since Valdes came into office. Valdes credits his staff, which he says, give courteous and good service.

"When residents come to us, our people greet them with a smile and take care of the needs," he said.

# YMCA helps build strong youth from the floor up

HERALD FEATURE EDITOR

LAKE MARY - The Tomorrow Project will build a strong foundation for youth in Semi-

nole County, from the floor up. The project is an expansion of the Seminole Family YMCA. which among other things. adds a gymnasium to the existing complex on Longwood-Lake Mary Road.

We hope to make this a community building, focused on serving the youth of the community," said Ed Thomas, executive director of the YMCA branch.

"We hope to have a lot of opportunities where we'll be able to do programs like midnight basketball, working with teenagers, giving them a positive safe environment. A place where they will feel good about coming, and bring their friends, and hopefully stay out of trouble in the process."

# Model air show comes to Sanford

By Bill Kerns HERALD STAFF WRITER

SANFORD - The Sanford Aero Modelers are hosting a model Air Show from 9 a.m. to 4 p.m. Saturday and Sunday at the SAM Flying Field on Highway 46, eight miles east of Sanford. Plaques will be awarded for the best military fixed-wing model plane, best aerobatics plane, best biplane, golden age, and pilots choice.

Food concessions will be available at the site, and there will be a raffle for a free radio system and kit. Spectator parking donation is \$2 per car.

"Every rivet of a real plane is duplicated," Lee Dargue, President of the Sanford Aero Modelers, said. These are real planes, only scaled down to about 1/3 to 1/4 the size of the actual plane. The gas caps and name plates are even real. We have combat type action planes, among other models. Most planes have about a seven to eight foot wingspan, with usually a minimum of 80 inches."

The Air Show will take place on a 5,000 square foot run-way. A 900 square foot shaded pavilion will be pro-vided for spectators. Hot Dogs will cost \$1. Quarterpound hamburgers "loaded with all the trimmings" will

cost \$1.50, Dargue said. Spectators can also buy a can of soda.

The Aero Modelers work with boy scouts and cub scouts. Dargue said he would like to get more youth in the area active in building model airplanes. The group teaches novices about aero dynamics and other principals.

We teach a great deal of math, science, and electronics," Dargue said. "We make sure kids know why their planes are doing what they do in the air. We teach Ohm's Law, signal strength,

the range of the transmitter, and move up from there. This also teaches kids how to deal with frustration, anxiety, and satisfaction in accomplishments. We provide free instruction as well as enter-tainment."

Planes are controlled using joy sticks controlling the rudder and the throttle on two transmitters. A "buddy box is used," Dargue said, "to prevent crashes." Whenever a person loses control of the plane, an expert takes control of the plane from a different Please see Planes Page SA

hree candidates would like to fill the open Group 6 seat on the bench of the 18th Jundicial Circuit, which serves Brevard and Seminole counties. For a number of reasons, David Dugan is best.

Mr. Dugan knew when he was 10 that he wanted to become a lawyer. At law school his specific goal was to become a trial lawyer, which is why he specialized in criminal defense during his three-year Army service. A lawyer for 20 years, he has handled the gamut -

Among the Items necessary in a well-equipped gym are backboards and hoops, but Thomas wanted to make sure there was a good foundation, a wood floor, for the health of the teenagers that would be using the indoor courts.

"It's a maple wood floor, it's tongue and groove," said Thomas. The installation system gives the floor bounce. "It will be a very safe and healthy floor.

The expansion project is going well. The floor will be installed last. It is Thomas' hope that it will be paid for by the time installation is completed.

"We had actually purchased this floor over a year ago," said Thomas, because the Y could get it for a good price. The wood has not been paid for yet. it was purchased on a promissory note. This floor actually cost us \$45,000, which we don't have right now."

The YMCA took out a \$1.5 million loan for the building, but has looked to other funding sources for equipment and items such as the floor. The "Wall of Light", a glass block wall with etched names of contributors, will pay for part of the cost of the floor, but Thomas hopes to get \$25,000 from a Rotary International grant.

Dargue said the Air Modelers encourage people who are interested in model airplanes to take a test flight with the group before investing any money in a plane.

During the initial stage of expansion, there will be six gates added, Carmody said. Final expansion will add a seventh gate. The exterior of the airport will have "pretty much the same stucco finish," as it currently has, Carmody said. The interior will also have the same finish.

The Airport Authority expansion has several packages. Carmody said. There is a "vertical circulation package" that would improve elevator service. There is a "steel package" for purchasing the steel that will be needed in construction, and a loading bridge package. There also is a "civil package," which would include new ramps, and a "general construct package," Carmody said. construction

The Orlando-International Airport, Inc., is also planning an expansion that will cost approximately three million

The concourse would be expanded, with more waiting space, windows, and improved lighting. "It will be more utilitarian," Carmody said.

The Airport Authority's \$12-16 million expansion and the OSI \$3 million expansion "are two different projects" that "can be viewed as complimentary to each other," Carmody said.

I'm tired of the negative slurs and joking "put downs" I'm getting about being a nicotine addict. I smoke because I like it and it helps me keep my weight down. I'm certainly not going to "graduate" on to heroine or cocaine because I smoke. I guess I don't know what an addict really is, but I have this image of a street person atumbling around begging for money which they say they need for food, but then use for drugs or alcohol. Maybe that's too extreme, but I certainly don't consider myself an addict just because I smoke a pack of cigarettes a day.

# Rent-to-own businesses on the rise No Credit Hasslel" "

Long-term Commitmenti No Down Payment!" "Free Service in Your Homel

Rent-to-own (RTO) bustnesses are using such ads to attract customers. There are a host of local RIO establishments and a few nationwide franchises, and the number is increasing rapidly.

RTO's are in regulatory limbo because their unique marketing approaches do not fit into the merchandising traditional methods. Are they retailers who extend credit to high risk borrowers, leasing agencies offering long term leases, or are they rental agencies?

Although RTO merchandising has only recently gained considerable attention, it is not a new concept. It originated with an English piano manufacturer who wanted to increase his business by making it easier for customers to buy planos. He created the "hire-purchase" marketing concept in 1846. This concept has been used for years by music companies in cooperation with band teachers enabling beginning students to rent their instruments. If a student lost interest the rented instrument was returned and payment ceased. If the student continued in the band and kept up the payments, eventually the instrument became his.

The "hire-purchase" or RTO merchandising method has now been extended to the sale of a wide variety of merchandisc including things such as furniture, appliances, jewelry, electronics and even office equipment. The use of the RTO concept to sell a wider variety of products has resulted in the development of a new type of retailer who targets a different kind of customers, using a different sales appeal and possibly with a different merchandising objective. RTO's have generated consumer complaints regarding the amount and clarity of rental/purchase information, high prices, sements, and repossession and debt collection practices. Some consumer groups want more state or federal regulation. RTO's contend they serve a group of customers rejected by other sellers and their actions are reasonable and essential for economic survival.

RTO CAUTIONS There are certain precautions that any consumer should consider before buying from a rent-to-own (RTO) retailer.

• The total cost of ownership through RTO should be compared with the cost of merchandise sold outright. Try to locate conventional credit. Consider lay-away plans, or,

• Realize that although RTO dealers do not use credit reporting agencies, they do obtain and check information about you. They will ask for information about your employment, such as, who you work for, how long, income, and location. This information will be checked. Also, dealers will ask for the name and address of several relatives and friends. (The company will have enough information to locate you.)

 Make sure any contract you are considering signing contains all of the important financial information. This includes things such as cash selling price of the merchandise; if it is new or used; the amount and timing of rental payments; a list of and the amount of other charges, such as deposits, delivery or reinstatement charges, late fees and fees to be paid at the end of the contract before ownership; and the total cost of the

DEAR ABBY: I am a 44-year-old married woman with three children. My husband is a good man in many ways, but has discovered the "joys" of Internet chatrooms. I have caught him talking online in the wee hours of the morning and con-fronted him about it. It's demeaning to me and my children when he speaks to these "ladies" in a provocative way on the Net. He says it's all in fun. To make a long story short, I fig-

ured out his password and found out that he has been having a pret-ty steamy "affair" with a young lady out West. I feel betrayed and disgusted. I feel that I've been cheated on. He will say that as long as it isn't physical, it isn't cheating.
I don't know what to do. I love

my husband; we've been together for 27 years. Should I confront him with my discovery, or wait it out and hope he gets over his fascina-tion with the forbidden?

If the situation were reversed, and your husband discovered you were doing this behind his back, I'm sure he wouldn't be thrilled either. By all means, confront him with what you know. You have every right to demand an end to this dishonesty. Ignoring it won't help. It's time to clear the air.

DEAR ABBY: I have an ongoing problem with my parents and my in-laws. They are in their early 70s, quite healthy and financially sound.

children, the only grandchildren, in grades 8, 9 and 10. With three children actively involved in sports, we are on the run four to six days per week with school/club activities, music lessons, homework, shopping, cooking, cleaning, laundry, and I work outside the home.

We do a tenuous balancing act and time is our most precious commodity. Herein lies the problem:

All four parents have become increasingly hostile toward the reality of our lives, which they insist upon interpreting as, "You have time for everything and everyone but us." We call them at least twice a week, entertain them for all family events and see them often, but they're still dissatisfied. They want us to be available (as a family of five) at least once a week for them to "drop by," for us to "drop by" their homes, plus a sit-down meal with them on Sundays at our home.

Our repeated requests for them to spend time with us by attending one of the children's sporting events have been ignored. I speak for my husband and children when I state that we are at our wit's end with the arguments, hostility, tears and guilt trips. We're tired of apologising for how we live our lives.

I know they are fans of your column. Any advice, Abby?

DEAR EXASPERATED: The situation you describe is typical of many families caught up in the demands of the modern world. Your parents' reastion is generational, too, because your goals are different. They have too much time on their hands; you don't have enough. It is flat-tering that they want to spend more time with your family; however, for your own peace of mind, don't take their complaints too seriously.

#### Game of the Week Tonight: Oviedo at Seminole, 7:30 p.m.:

SANFORD \_ Two things will be going on to-

night at Seminole High School. First, it's homecoming. That makes this a big game for the 'Noles.

Second, next week Seminole has a do-or-die situation with a huge district match-up against Mainland.

That makes this not such a big game for Seminole.

No one likes to lose, especially to a fellow Seminole County team. It will be hard, however, for the players to give everything they have this week when they know that a loss next week ends of their season.

Don't give up on the 'Noles, however, they are playing an improving Oviedo team for pride. There in not a better motivator than pride, so vi. don't expect Seminole to lay down for this one. Oviedo is coming to town with a renewed con-

fidence after a big win at Lake Mary last week. The Lions' resurgence started with the emergence of sophomore quarterback Nick Tenekedes, who only took his first varsity snap only two weeks ago filling for an injured Kenny Starling. Starling returned last week and the duo both had big games against the Rams.

Their play, along with outstanding running by Alvin Hudson and Kevin Quintero and pass catching by Larry Grayson and Justin Holmes. give Oviedo a formidable offense.

Not to sound like a broken record, however, but the key to the Lions' success will be if they can stop Seminole's running attack. Only two teams this year have been able to accomplish that. Sounds simple but it's true, stop the run and you stop Seminole.

This should be a good one. Oviedo has to keep the defense inspired, though, if they expect to fare well against the very potent 'Noles offense.

#### . Friday: Lake Howell at Winter Springs, 7:30 p.m.

WINTER SPRINGS \_ Give Lake Howell credit. When the Hawks took the field last week against undefeated Lake Brantley, it would have been easy to quit early, especially after 21 turnovers in three games.

instead, the Hawks gave one of the county's strongest efforts of the season, losing in the final 23 seconds after being up by as much as 10 points late in the game.

Christian DoJesus did a lot of everything last week, returning kicks, leading the Hawks in rushing, and playing strong defense. Larry Cummings also had one of his best games of the year in the defensive backfield.

The Hawks are out of playoff contention, but still have a chance to turn around a 1-6 season with three winnable games down the stretch.

Winter Springs is coming off two straight off weeks. The Bears will use this as a tune-up for a must-win situation next week against district rival Cocoa Beach who the Bears must beat to have a shot at playoff competition.

The Bears are playing well considering they are in their first year of varsity football, but youthful mistakes have hurt as expected. Brandon Blake leads a strong passing attack and receiver Greg lannuzzi is one of the county's best.

This weekend marks the final home game of the year for the Bears and is being celebrated as a Homecoming Game even though the secondyear school has no one coming home.

## Tonight: Lyman at Winter Park, 7:30 p.m.

WINTER PARK \_ Any shot of a playoff bid is gone for the Greyhounds who just can't get over

Quarterback Brian Krause is second in Central Morida in passing despite coach Larry Baker's plan to run the ball as often as possible. The Hounds know how to move the ball, they just have a hard time sticking it into the end zone.

Don't expect Lyman to quit even though they are guaranteed a seventh-straight sub-.500 season. The Hounds play every game to the final

#### Tonight: Lake Mary at Ed White (Jacksonville), 7:30 p.m. JACKSONVILLE \_ Rams fans don't have to worry

about this one. If they pull this game out, after a three-hour

bus ride, it would be the upset of the year, maybe for the entire state.

Ed White is a state power which has an excel-

lent chance of getting to Gainesville for the state finals. The Rama are looking to lick their wounds af-

ter a demoralizing rout at the hands of Oviedo which, for all intents and purposes, ended their playoff hopes. Lake Mary was supposed to host Ed White for Homecoming last year, but the game was canceled due to inclement weather.

Lake Mary still has hopes for a .500 season even though its final three games are on the road against monster opponents.

# Oviedo bests DeLand in district final

By Kellie Werner HERALD STAFF WRITER

LAKE MARY \_ It was a big night of volleyball at Lake Mary High School Thursday night. After winning semifinal matches earlier in the evening, Oyledo and DeLand met in the Class 6A-District 3 championship game and duked it out in three games before the Lady Lions took

the match, 15-5, 10-15, 15-7. "We played very well tonight," First-year Oviedo coach Anna Hollis said. "Our team sometimes has trouble staying up and our mood can change quickly. Tonight, though, they held it to-

gether and played six really tough games. The long night of volleyball began with De-Land ousting Lake Mary, 17-15, 3-15, 15-7.

The Lady Rams were up 12-8 late in the first game when things took a turn in DeLand's direction, but the Rams came back to give the Bulldogs a taste of their own medicine in the second

Deland, who systematically dismantled Lake Howell the night before in straight games 15-2, 15-2, ended Lake Mary's season early, however, with the 15-7 win in the final game of the

"Right now I am dealing with my ego problem because I hate to lose," said Lake Mary coach Cindy Henry. "This was a fitting end to our season, however, as our nemesis all year has been inconsistency. When we are good, we are real good. Otherwise, we are real bad.

'it feels weird not to be going to the playoffs. In 10 years, we have only missed once and that was six years ago. The girls are real upset and I am too. I'm sad because I wanted to win and my ego is injured."

The next game of the evening pitted topseeded Oviedo against Lake Brantley.

The Lady Patriots put up quite a fight and took Oviedo to three games. The Lady Patriots stepped up to the task and refused to hand Oviedo an easy win although they did eventually concede, 15-5, 11-15, 15-6.

Despite each team playing a three game match and then outlasting an hour break between games, neither Deland nor Oviedo showed any signs of wear when they took the court.

Oviedo shot out to a quick 9-1 lead in the first game thanks to strong serving by Undsey Combs and Brittany Kauss. Brook Asby and Nicole Broome manned the net better than border patrol guards all night and DeLand could not come back from the early deficit.

Deland proved it belonged in the championship match in the second game. Down 5-0 early, the Lady Bulldogs scratched and clawed their way out of the hole with almost perfect passing shots. The score remained at a 12-8 Deland lead for six service possessions before the 'Dogs finally pulled out the win.

The third game was all Oviedo. Either they were utilizing every player on the team to earn Piease see Class SA, Page SA

# Bears win first district championship

By Jeff Berlinicke ASSISTANT SPORTS EDITOR

WINTER SPRINGS \_ A lost contact lens and nightmares of last year almost cost the Winter Springs girls volleyball team its first district title.

The Bears settled down and pulled out a 15-8. 11-15. 15-8 win over a game Melbourne Central Catholic to claim the Class 3A-District 13 title as expected.

What wasn't expected was the difficulty the Bears. second-ranked in the state, had in winning.

The title means the Bears, who beat Bayside Prep. 15-0, 15-2 in the semifinals, will host the first round of regionals Tuesday against a yet-to-be-determined opponent. The title also means that, due to a scheduling fluke, Winter Springs will be paired in the same bracket as the other top three teams in the state number one Berkeley Prep, number three Pine Crest and number four Cardinal Mooney.

If the Bears get through that juggernaut, the school's first state title is a realistic possibility. The most important thing is to get through region-

als," coach Kim Vach said.

Vach almost saw her team not get through districts. The Bears struggled throughout but the steady serve of Katie Griffin, who notched 21 of the team's 42 points from the service line, kept the Bears on some big rolls. "I had it going well tonight," Griffin said. "We were all thinking about revenge from last year."

That's where the nightmares come into play. Last season, the Bears were upset in the first round of regionals by MCC and when things started to go the wrong way in the second game, Griffin said everyone was thinking back to last year.

Then, it didn't help when setter Gretchen Naruta lost a contact lens that had the entire Winter Springs team

Florida and last week unveiled a brand new weapon to an already-loaded arsenal.

Starting quarterback Regan Russell, county's second leading rusher, struggled with an ankle injury in a close call against Lake Howell last week, but replacement Brian Smith came in and carried the ball for touchdowns on the final two drives of the game to pull out the win.

In fact, Smith carried the ball on every play after entering the game. It was fitting since Russell performed equally well last year, coming off the bench late in the year to supplant an injured

Lake Brantley may have needed the scare. The

team played in a trance at times and running backs Lanter Bush and Arnold Celeste had below-par games for them. The defense never looked inspired, but Lake Brantley was still able to win on talent.

West Orange is no better than a .500 team so this one shouldn't be too difficult for the Patriots; who are celebrating Homecoming. For the record, Lake Brantley plays only nine game this season, so next week's home game against Oviedo will be its last until playoffs. The Patriots have already clinched a home field berth in the

In the first game, MCC, who reached the final by beating Cocoa Beach, 15-4, 15-6, jumped out to a 5-2 lend, then Griffin took serve and recled off points on 12 straight serves. Naruta was doing her usual excellent job of setting up Kris and Bev Dedelow and Cortney Bliss and the Bears looked like it would be an easy romp.

MCC fought back to make a

game of it before the Bears capitalized on an unforced er-

ror to win the game. In game 2, MCC went out 5-1, but Griffin again had the hot hand at the service line, leading Winter Springs to an 8-5 lead. Winter Springs led by 11-O before the contact lens and an MCC run forced a third game for the title.

MCC jumped out 8-2 in the third game, but Winter Springs

didn't allow a point the rest of the way. Bev Dedelow was outstanding at the net and made a block to put the Bears up for good 9-8 as Kris Dedelow served out the match.

We just didn't know how to relax tonight," Vach said. "We started thinking about last vear."

They have until Tuesday to start thinking about this year.

points or they were shooting themselves in the foot. Big plays by Jennifer Lane and Erin Hanas kept giving the ball back to Oviedo while mental errors kept the Lions from scoring any points.

Late in the game, the score was 9-3 Oviedo and it seemed no one would be able to make an offensive point. Combs finally stepped and served for three points. That was enough mo-mentum to push Oviedo over the hump and they took the district trophy.

"We were really ready to play tonight," Combs, a first year varsity player said. "We were concentrating on Lake Brantley so it really didn't matter to us who we played in the final, just as long as we were there. We never doubted either team and just played like we knew we could."

Both teams will advance in district play with DeLand facing Dr. Phillips on the road and Oviedo hosting Edgewater. Both games will be played Tuesday night and game times will not be announced until later today.

# Upsala church craft show is upcoming

HERALD STAFF WRITER

SANFORD - Upsala Community Presbyterian Church, 101 Upsala Road, will hold its Annual Craft Show on Nov. 7 from 8 a.m. to 3 p.m.

The congregation is wellknown for its historic chapel on the grounds.

The event, sponsored by the Dorcas Society, will host the day with over 33 crafters, lunch and "a day of fun." Numerous community members gather yearly at the show to renew friendships, gather Christmas gifts or ideas and enjoy of day of food and special contacts.

According to Avis Ray, president of the Dorcas Society and organizer of the event, crafters will bring such items as paintings, plastic canvas, cro-chet, cross stitch, stuffed toys, quilts, dolls, porcelain plates, wood work, numerous handcrafted clothing and more. A young man will be available to draw caricatures and another gentleman will show his wooden furniture. Another lady will have a lot of angels and ornaments for sale," said Ray. "There will be a lot of Christmas things to buy."

A lunch of hot dogs, baked beans, potato salad, cookie and soft drink will be available from approximately 10:30 a.m. until "the food runs out or the people quit coming and

basis.

sale. Goodies such as cakes, cookies and possibly pies will tantalize the tastebuds and include reasonable prices.

Ray added, "The Ladies Dorcas Circle put in two air conditioning systems and helped with missions with proceeds

will be offered on a donation from last year. We try to use proceeds to benefit the church Baked goods will also be on and its activities and help with repairs. We'd like to try to fix Shea Chapel. We just got a new steeple."

Another member of the church, Joyce Brown, shared, We help with the altar and the church in the Dorcas Society. We got new air and we

help the youth group. There are times that the ladies help various individuals that are in need. This is the major fundraiser for the Dorcas Society."

The church is located on the corner of Upsala Road and 25th Street (46A) in Sanford. For more information call Avis Ray at 321-5595.

Tips on writing a good advertisems We want to make sure you are pleased with the results from your Seminole Herald classified ind. To make sure your ad works, we suggest you keep in mind the following: . Include as many features of the item you are salling as you can think of. Remember,

the more you tell, the faster you sell. . Include a price. By listing a price, you will eliminate unwented calls from people who aren'l serious about buying your merchandler

. When you list your phone number, list the time of day that is best to reach you. You don't want people calling you when you are at work or sleeping.
