City Commissioners To Hear Other Side Of Annexation Issue

Vocational School Is Starting 29th Year Of Operation

With the opening of school on Sept. 6, the Seminole County Vocational School is starting its 29th year of operation. The school was organized in 1926 as a one-room school with Mrs. Lucy Moughton as its only teacher. Over the years the school has consistently expanded until today it has day and evening departments with a staff of five teachers offering the complete business course. Registration for this year's term will begin Tuesday, Aug. 30. Students may register any time after that date.

A veteran's department has been in operation at the school both day and evening since 1947. At the present time Fred Gans and Hugh Carlson are the instructors. Classes are scheduled during the regular school term as well as during the summer.

The accelerated locomotive engineers and firemen course were started in 1951. Instruction in these subjects is offered both day and evening for veterans and non-veterans. This year the courses began July 1 with Vernon Hardin as teacher of the engineers and Hugh Carlson as the firemen. Classes are scheduled during the regular school term as well as during the summer.

Gigantic 'Review' By National Guard Staged Saturday

Company "I", 121st Infantry, of the 4th Infantry Division, National Guardsmen, of Sanford, took part in a gigantic "review" Saturday at Fort McJannet, Ala.

The first week of their two-week summer training program ended with a parade for the Governors of the two states from which men and units come together.

The parade had special significance because it is the last time the whole division will assemble on one field as Infantry. By next summer the division will be converted in armor and many of its units will have changed their designation.

The units passed in review before Maj. General Joseph B. Frazer, Hinesville, Ga., Commanding Officer. Commanding Officer of troops for the review was the Assistant Division Commander, Brigadier General Maxwell C. Snyder, Jacksonville.

Governor Marvin Griffin of Georgia, and his opposite number from Florida, Governor LeRoy Collins, were present for the parade in their roles as Commanders-in-Chief of the military forces of their respective states. They were also accompanied by their Adjutants General, who serve as actual commanders of the Guardsmen. Maj. Gen. George J. Hearn is Adjutant General of Georgia, and Maj. Gen. Mark W. Lance is Florida's Adjutant General.

It was the first occasion that the two Governors had paid an official visit to the troops in training since they both have been in office less than a year.

The high point of the parade was the presentation of awards and decorations to units of the Georgia and Florida National Guard.

Florida Governor's Trophy for highest number qualified in arms went to Headquarters Company "M", Third Battalion, of Rustis. The same unit was awarded the Remington Trophy for highest figure of merit in indoor rifle tournament firing.

Governor Griffin said that he was glad to be able to present for Governor's Day and to see that the National Guard had prepared itself so well for its task.

Governor Collins praised the spirit and enthusiasm of the Florida units that he had seen.

Damage Runs High In Two Accidents

Following two meetings over the weekend, in the interest of annexation, the Board of Sanford City Commissioners is expected to hear another side of the question at its meeting tonight.

Officially, the City Commissioners have been presented with only the question of "no annexation." However, tonight, a number of citizens interested in coming into the city are expected to present

the commissioners with their side of the question.

Bringing a portion of the area adjacent to the city limits into the city proper could not be presented to the people for a referendum until such an interest could be aroused.

The City of Sanford, City Manager Warren E. Knowles said today, was created by a special act of the Legislature and a referendum could be held only under a special act.

Other than the appearance at the meeting tonight of citizens interested in annexation, four items appear on the short agenda to be placed before the commissioners.

A public hearing on the rezoning of lots 3, 4, 7, 12, 13, 14 and 15 of Edgewood Subdivision from an R-1A Zone to a C-N Zone is item number one to be discussed tonight. Another public hearing will be held on the rezoning of all of Block 17, Chapman and Tucker

and that part of Block 19 west of Pump Branch Creek and north of 4th St., from an R-1 Zone to a C-1 Zone.

A second reading of the subdivision ordinance will be heard at this evening's meeting as well as a discussion of the General Government Budget for the 1955-56 fiscal year.

A 1952 Chevrolet, driven by Richard L. Russell, 22, NAAS was reportedly hit from behind by a 1952 Pontiac driven by Samuel Herbert Gay, 31, a fireman at the NAAS.

The Chevrolet had stopped to pick up a pedestrian walking along the side of the road. It was raining and the road was slick and Gay could not stop in time, running into the back of the Chevrolet, the report stated.

An estimated \$200 damage was done to the Chevrolet and \$350 to the Pontiac. Both drivers were charged. Investigating officers were P. Carl Williams and Deputy Sheriff Eubanks.

At 7:08 Saturday morning a 1946 Chevrolet sedan driven by William K. Pearson, 25, who was accompanied by his wife, reportedly went out of control and ran into a telephone pole, breaking it and carrying it six yards.

While on his way to Orlino on State Rd. 419 the car on the rear left side blew out causing Pearson to lose control.

Both husband and wife suffered multiple cuts and bruises and were treated by Dr. Stoner at the Orlino Clinic.

P. Carl Williams, who investigated the accident, said the car broke the main power pole and the service was out for a short while.

Pearson is a night watchman at Phillips Properties. The car was reported a total loss.

Masonic Services Will Be Conducted For James O. Huff

James O. Huff, 62, died at his residence yesterday at 11:30 p. m. on 2120 E. Sanford Ave., after a lengthy illness.

Mr. Huff had lived in Sanford for the past 40 years and was employed by W. H. Brothers, automobile dealers for a period of several years prior to his retirement.

Born in Orlino, Jan. 8, 1893, he was a member of the First Presbyterian Church in Sanford and of the Sanford Masonic Lodge No. 62 F&AM and was a past master of the lodge. He also was district deputy grand master of the lodge and a member of Monroe Chapter No. 15 RAM and a past high priest.

Mr. Huff was a member of Taylor Commandery No. 28 Knights Templar being a past commander, a member of Morocco Temple of Jacksonville he was a past president of the Sanford Shrine Club, a veteran of World War I and a member and past commander of the American Legion here.

He is survived by his wife, and one brother, George W. Huff of Jacksonville.

Funeral services will be conducted at 10:30 a. m. tomorrow with the Rev. W. P. Brooks officiating. Masonic services will be conducted at the graveside in Evergreen Cemetery.

All master masons are requested to meet at the Masonic Lodge at 9:45 a. m. tomorrow to attend the services of Mr. Huff in his body.

Orlando Driver Is Arrested Yesterday

Florida Highway Patrolman Carl Williams yesterday charged an Orlando truck driver with "driving while intoxicated" and turned him over to Seminole County Sheriff Eubanks at the scene.

According to a report filed in Sheriff Eubanks' office, Benjamin O. Orlino, 35, of 1517 Pineview Drive, Orlando, was arrested four miles south of Sanford and turned over to Deputy Sheriff Eubanks.

30th Anniversary Plans Being Made By Sanford Lions

Plans are being made for a significant celebration to mark the 30th anniversary of the Sanford Lions Club.

According to W. Hugh Duncan, secretary of the local club, Marvin G. Pound Sr., banker and Senior Director of Lions International, will be the principal speaker for the occasion.

Records of the local club reveal that the Sanford Lions Club was chartered on October 11, 1925, with the following members:

Bruce W. Anderson, Sandy Anderson, Lloyd F. Boyle, L. H. Connelly, E. A. Childers, Robert A. Cobb, J. L. Elliott, Paul R. Forbes, George C. Harden, Earl E. Jones, Roy Lang, J. C. Laney, Frank S. Markwood, Percy E. Meyer, C. L. Park, R. L. Robertson, J. A. Sessman, G. W. Spencer, James P. Schall, Claude G. Strunk, Frank W. Talbott, J. Hugh Tillis, L. L. Voorhees, Volie Williams Sr.

Duncan, the club secretary said that the following persons have served as president of the local Lions Club: Dr. C. L. Park, S. R. Dighton, Frank Talbott, Dr. A. W. Knox, E. J. Meyer, F. W. Weiler, Maxwell Stewart, H. B. McCall Jr., C. E. Adams, John Meisch Jr., J. L. Holloway, Joseph A. Hamilton, Oscar L. Todd, Hamilton J. Bibber, Clifford Ables, H. Glenn Longie, John Ivey, J. E. White Jr., W. O. Livingston, Rowland Jr., Clyde Ramsey, Ilen Harry Robson, Cecil Carlton, Edward S. McCall, Volie A. Williams Jr., and Jack E. Stiemper.

By remembering the boxes each patron will then have a separate and distinct number instead of the present numbers that carry as many as eight letters following each one.

Route two will consist of all patrons east of Sanford formerly part of route one and will return on U. S. 17-42 north from Five Points.

The portion of route one which Five Points and including the Lake Mary section will be served by the proposed new route one emanating from the Longwood Post Office.

All patrons who were formerly on that portion of route one east of Sanford will not only be requested to remember their boxes but will change their address from route one to route two.

The patrons south of Five Points and the Lake Mary section will be required to change their address and box number to Longwood, route one.

Mrs. Elma Lloyd Dies In Lake Mary

Mrs. Elma C. Lloyd, 46, died at her home in Lake Mary at 10:15 Friday Aug. 19 after being ill for health for about a year.

Mrs. Lloyd had lived in Lake Mary for 30 years. She was born Oct. 20, 1908, in Canfield, Ga. She was the wife of Willis E. Lloyd Jr. of Lake Mary and a member of the Lake Mary Community Church, and Lake Mary Woman's Club.

She is survived by her husband, one son, Alvin J. Lloyd, 14, and three daughters, Mrs. B. Y. Carver, Norfolk, Va.; Mrs. Merrill W. Roberts, Hampton, Va.; Mrs. T. G. Moon, Orlino; four brothers, Horace M. Cochran, Lake Mary; Sam Cochran, Lake Mary; James Cochran, Bradenton; and her father, John D. Cochran, Lake Mary.

Funeral services were at 4:30 yesterday in the Lake Mary Community Church with the Rev. W. P. Brooks Jr. and the Rev. J. M. Thompson officiating. Burial was in Oak Lawn Memorial Park.

WRECKAGE CLEARED

DELORE, Tenn., (U. S. News) — Some 100 crewmen from two Louisville 1-4 Nashville work trains were on the job through the night to clear scattered wreckage after 40 freight cars piled up here yesterday.

The demolition of a building was completed at the 10-hour crash demolition and the building was demolished and the debris was removed. Cause of the wreck was undetermined.

Each Has Important Obligation, Rev. Carnexif Tells Rotarians

"Regardless of your classification, you, as a member of this club, as a layman, have an important obligation in the Kingdom of God," the Rev. David S. Carnexif, pastor of the Christian and Missionary Alliance Church of this city told the members of the Sanford Rotary Club at its weekly meeting this noon at the Yacht Club.

Introduced by program chairman Charlie Morrison as a native of Miami who, after serving three years in the Navy, decided upon his discharge in 1946 to enter the ministry, the speaker stressed the fact that his message would be in addition to the inspirational one that Morrison had asked him to deliver, rather "a challenge to your thinking and to your every day living."

His talk was heard with rapt attention by the large group and was met with applause.

Baseball Hall Of Famer To Lead Oldtimers Nite

Laden Postal Routes Are Offered Relief

Postmaster Joel Field announced today that starting Oct. 1 rural routes one and two of the Sanford Post Office will be relieved of their overburdened condition by the establishment of the new rural route out of the Longwood Post Office which will be designated Route No. One.

"For the first time in about 25 years," he said, "the rural routes out of Sanford will be established so that the entire length of route No. 1 will be west of Sanford and route No. 2 east and south of Sanford."

The only change in the official description of Route 1 will be the addition of three new extensions caused by the closing of the Post Office at Paola on July 1. The three extensions will consist of 9/10 of a mile south on the Markham Longwood Rd., a quarter of a mile extension east of Paola to the Sylvan Lake Station, and 7/10 of a mile south on the Panama Lake Road.

It will be necessary to remember almost all the boxes on route 1 because of the extension in addition to the Orange Blvd. extension; the Woodruff Springs Extension; Lake Markham Drive Extension; Oregon Ave. Extension and the Vihlen Extension that have been proved and established during the last five years.

By remembering the boxes each patron will then have a separate and distinct number instead of the present numbers that carry as many as eight letters following each one.

Route two will consist of all patrons east of Sanford formerly part of route one and will return on U. S. 17-42 north from Five Points.

The portion of route one which Five Points and including the Lake Mary section will be served by the proposed new route one emanating from the Longwood Post Office.

All patrons who were formerly on that portion of route one east of Sanford will not only be requested to remember their boxes but will change their address from route one to route two.

The patrons south of Five Points and the Lake Mary section will be required to change their address and box number to Longwood, route one.

Three Juveniles Taken In Custody

Three juveniles were taken into custody yesterday by Seminole County Sheriff Luther Holby's office and turned over to Juvenile Court authorities.

The three white boys, nine, 10, and 11 years of age, were charged with entering the Altamonte Springs home of Major R. M. Watson. The home was ransacked during the Watsons' absence and a number of old coins and pennies were found missing.

Det. Sheriff O. G. Owens and Morgan McClellan, investigating the breaking and entering, found the bank in which the missing pennies were kept, buried near the home of the youths.

NEW DRUG RELIEVES TENSENESS, ANXIETY

PHILADELPHIA (U. S. News) — Wyeth Laboratories announced today that a new drug, which it says brings quick and safe relief from tenseness and anxiety, will soon be available to physicians for prescription use.

County Delegation To Give Run-Down To Legislature

The Seminole County delegation to the Legislature will give the Sanford Kiwanis Club a run-down of events during the 1955 Legislature plus an up-to-the-minute account of the reappointment battle yet to be completed.

Guests of the Sanford Kiwanis Club at its noon luncheon meeting Wednesday at the Yacht Club will be Sen. Douglas Stenstrom, Rep. Volie A. Williams Jr. and Rep. Mack N. Cleveland Jr.

Program chairman for the joint appearance of the three lawmakers is Dr. Luther T. Doss.

Primary election ballots for the election of the Kiwanis Club's 1956 Board of Directors have been distributed to club members and are expected to be completed and tabulated at the Wednesday meeting.

The election of the new board of directors is under the direction of an election committee headed by Ralph A. Smith.

Auto Is Overturned After Hitting Tree

A Sunday afternoon automobile accident on Celery Ave. caused property damage in excess of \$500 but no injuries were involved.

A 1954 Ford sedan, traveling west on Celery Ave. crashed into a tree turned over.

Ralph Ugle, 26-year-old painter was traveling YETAO ETAO N of Star Route No. 1, Orange City, was traveling at an alleged high rate of speed as he approached the Sanford city limits when he saw another car coming out of an intersection on his left.

According to the report, Ugle applied his brakes and skidded 147 feet before leaving the road. The car then skidded an additional 25 feet before crashing into a tree.

Ugle was charged with "careless and negligent driving." Damages to the frame and body of the automobile were estimated at \$600.

Intent To Murder Charge Is Placed

Monte Lee Holt, a Negro laborer of 1014 Avenida Ave., is in the Seminole County Jail charged with "assault with intent to commit murder."

The bond has been set at \$2,500. According to Constable J. Q. "Slim" Galloway, Holt shot Woodrow Simpson, a Sanford Negro, in the chest with a .32 Colt pistol on June 25.

Holt was arrested in Deland as he attempted to catch a bus. He was charged with "carrying a concealed weapon" and given a jail sentence of 60 days in Volusia County. The Negro was turned over to Constable Galloway at the completion of his sentence.

Library To Close For Renovations

The Sanford Library will be closed tomorrow night at 6 o'clock and will remain closed until further notice.

No fines will be charged, according to the librarian, if books are returned on the day the library reopens.

The library is being repainted on both the outside and inside, according to Mrs. Sara King, librarian, who made the announcement today.

CARDBOARD PAINTING REPLACES RAFT

KANSAS CITY (U. S. News) — Donald L. Rudnick kept his safe in the floodlighted front window of his grocery, believing it was secure in such an exposed position.

However, he discovered yesterday that thieves had quietly rolled the 100-pound safe away during the night and replaced it with a cardboard box painted to resemble the safe.

He said the missing safe contained \$2,716 and about \$600 in checks.

Dizzy Vance Is Here

Annual Contest Set Tomorrow

Dizzy Vance, recently elected a member of baseball's "Hall of Fame," will lead off an annual "Oldtimers Night Celebration" at the Sanford Memorial Baseball Park tomorrow night.

The famous pitcher will come to Sanford to help local baseball officials attempt to reach a cash figure big enough to pay off tax obligations of the baseball organization.

Along with the opportunity to hear and see Dizzy Vance, local baseball fans and citizens will have an opportunity to see many of Sanford's baseball oldtimers in a two inning baseball game. Those to play in tomorrow night's oldtimers affair will be: Bert Chapman, Chuck (Big Boy) Williams, and the "Burrhead" team.

Primary election ballots for the election of the Kiwanis Club's 1956 Board of Directors have been distributed to club members and are expected to be completed and tabulated at the Wednesday meeting.

The election of the new board of directors is under the direction of an election committee headed by Ralph A. Smith.

Auto Is Overturned After Hitting Tree

A Sunday afternoon automobile accident on Celery Ave. caused property damage in excess of \$500 but no injuries were involved.

A 1954 Ford sedan, traveling west on Celery Ave. crashed into a tree turned over.

Ralph Ugle, 26-year-old painter was traveling YETAO ETAO N of Star Route No. 1, Orange City, was traveling at an alleged high rate of speed as he approached the Sanford city limits when he saw another car coming out of an intersection on his left.

According to the report, Ugle applied his brakes and skidded 147 feet before leaving the road. The car then skidded an additional 25 feet before crashing into a tree.

Ugle was charged with "careless and negligent driving." Damages to the frame and body of the automobile were estimated at \$600.

Tests Are Planned For Unknown Metal

FORT PIERCE, Fla. (U. S. News) — Part of a salvage operation planned today on an unidentified chunk of yellow metal brought up, along with two silver bars, from the wreckage of an ancient ship on the ocean floor near here.

Jack Carr and Elias Thomas have found a total of three silver ingots and five cannon at the wreckage.

The bars of silver are wedge-shaped and weigh more than two pounds each. They sold one to a museum operator for "more than a hundred dollars," Thomas said.

The unidentified yellow metal is eight-sided and has a hole through the middle. Thomas said it resembles a nut for a large bolt. The pattern holder it will turn out to be gold, but Thomas said it could be brass.

Registration Set For Oviedo Tuesday

The registration of grades 1 through 12 of the Oviedo High School will take place on the morning of Tuesday Aug. 30. The Rev. Stephen M. Tuby will deliver the message at the opening exercises.

School buses will pick up students at their regular time, and will make return trips at noon, according to the announcement made this morning by Oviedo High School Principal Stewart Gatchell.

Weathermen Eye Suspicious Area

MIAMI, Fla. (U. S. News) — Weathermen kept watch while a long line of squally weather moved westward over the Caribbean and Atlantic today.

The disturbance, called an easterly wave, stretched from the southern Bahamas islands south-east to Jamaica.

Forecasters said the wave had failed to show any signs of developing into a tropical storm. It is moving westward at about 40 miles a day.

Lutheran Church Members Planning For Joint Meeting

More than 12 Sunday School and Bible Class teachers of the Lutheran Church of the Redeemer, of Sanford, will attend the first joint meeting of the Central Circuit, Florida District, District of Missouri Synod, Lutheran Church, which has been planned for Sept. 18 in Winter Haven.

The purpose of this meeting, said Jerry Jenkins, Superintendent of the local Lutheran Church of the Redeemer Sunday School, will be to foster and promote the interest of the Sunday School by aiding in the training of teachers and bringing about a closer cooperation among the various Sunday Schools of the Central Circuit.

Dr. A. L. Miller, Executive Secretary of the Missouri Synod's Board for Parish Education, will be on hand at the joint meeting to lead the afternoon and evening program.

Along with the teachers from the local Lutheran Church, the Rev. Philip Schlessman will also attend the meeting.

Planning of the meeting has been directed by the Rev. August Bernthal of the Sunday School Institute Planning Committee of the Florida District, Missouri Synod, Lutheran Church. The Rev. Bernthal is pastor of the Grace Lutheran Church in Winter Haven where the meeting will be held.

Grim French Troops Chase Rebel Bands To Moroccan Hills

CASABLANCA, Morocco (U. S. News) — Grim French troops and Foreign Legionnaires chased rebel bands to the Moroccan hills today as the official death toll from bloody weekend rioting across French North Africa neared the 800 mark.

Quick action restored a semblance of order in Algeria, where most casualties occurred, but violence continued in Morocco as French foot troops supported by tanks and jet planes fought back at the terrorists.

In a desperate bid to restore peace to France's shattered North African holdings, Premier Edgar Faure, Foreign Minister Antoine Pinay and other top French figures hastened to the French resort of Aix les Bains today for a week of talks with Moroccan leaders. Their aim is a plan for granting more self-rule to the protectorates.

The official death count for the weekend blood bath in Morocco and Algeria totaled more than 764, with the figures still climbing. Experienced observers believed the toll would reach 1,000.

Body Of Victim Still In Wreckage

GREENVILLE, Ala. (U. S. News) — The wreckage of two Air Force B-24 bombers which collided here Saturday still contained the body of one victim today.

Three bodies have been found but the body of 1st Lt. Donald L. Glover, 30, of Belleville, Ill., was believed to be in the wreckage of one still-smoldering bomber.

Air Force crash crews and Greenville firemen were unable to bring heavy chemical firefighting equipment into the densely wooded area about 15 miles northwest of here. The two twin-engine attack bombers crashed after colliding while on a flight from Scott AFB, Ill., to Tyndall AFB, Fla.

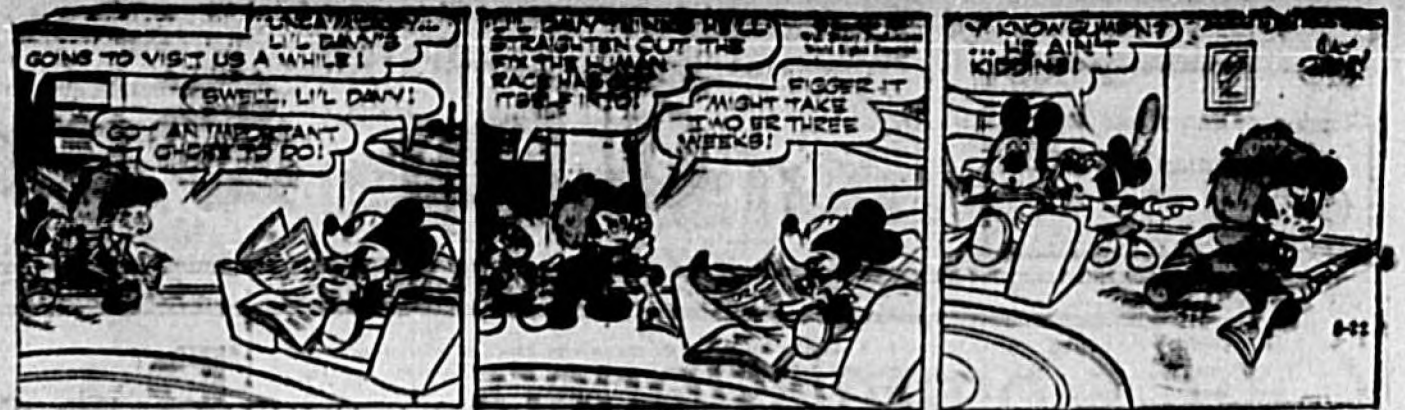

The other three victims were identified as Capt. Raymond Fagan, St. Louis, Mo.; Capt. Robert W. White, 31, Moweaqua, Ill.; and Capt. John Franklin Kirby, 30, St. Louis.

OLD MAN, 91 HELD ON SUSPICION

SUNLAND, Calif. (U. S. News) — A 91-year-old man was in jail today on suspicion of murder after his 85-year-old sanitarium roommate was found beaten to death.

Nurse Ethel Allen found the body of Gustaf Elm yesterday. Police said Elm's head had been battered, apparently with a small kitchen stool.

Police arrested A. K. Baldwin, who said Elm had been bothering his wife. But police said Baldwin's wife had struck Elm on the head before he beat Elm.

Professors Stamp 'Myth' On Belief

COLUMBUS, Ohio. — Two professors have stamped as "pure myth" the belief that mixing of human races will eliminate biological differences. They said mankind never will have a uniform skin color.

Professor David C. Rife and Ellen F. Rodock, of Ohio State University's Institute of Genetics, said mixing of races neither improves nor decreases the total genetic variability of mankind.

They said genes, the particles of heredity, maintain their identities over an indefinite number of generations, regardless of what other genes they may be associated with.

Writing in *Eugenics Quarterly*, Rife and Rodock said mixture settles variability but the total genetic variability remains constant.

They said mixture brings about an increase of individual variability, which is the basis for progress.

Because of this, they said educators, statesmen and social workers must pay more attention to individual differences than they have in the past.

New Bride Taken, Another Will Make

MEXICO CITY. — Preparing for a trip to Russia to undergo serious cancer surgery, pianist Diana Byrge has drawn up a new will and taken a new bride.

The 37-year-old Mexican artist announced last week she is under the knife, saying "I am not afraid at all, but I may be in two or three years."

Byrge and a new confidant, a 25-year-old Russian, were married in a ceremony at the Mexican Consulate in Mexico City last week.

Byrge, who has been married twice before, is a pianist and composer. She has been married to a Russian pianist, but the marriage ended in divorce.

She is now in Mexico City, where she is preparing for her trip to Russia. She is expected to return to Mexico City after her surgery.

WARRANT SERVED WITHOUT TROUBLE

SAN ANTONIO, Tex. — Sheriff Owen Kilday didn't have any trouble serving a warrant on Donald Greiling, 31, of Milwaukee.

The Milwaukee "propaganda" and parole agent, J. A. Liberto, mailed the warrant for violation of parole with a letter stating Greiling had written a girl friend from San Antonio July 9. Liberto included the return address on Greiling's letter—120 Cameron St.

Kilday quickly recognized the address. It was the county jail, where Greiling had been held since Aug. 2 on a car theft charge.

Perfect Advertising Medium Available With Suggested Plan

Sanford can have a perfect advertising medium if the city fathers carry out an off-suggested plan.

Parking has become a premium in communities all around us and free parking has practically become a thing of the past except for customers of certain establishments.

If the present soft ball field is moved to Ft. Mellon Park that entire area can be turned into a modern parking lot that can be advertised for miles around.

We think that advertising free parking for visitors and shoppers would be an

Signs should direct the shopper and the visitor to the unusual facility. Store owners should take advantage of the area and use it as an attraction to their various shops along First Street.

Should the move be made, all of our

friends to the north, south, east and west of us should be advised that they can come in and visit, park as long as they like, shop as long as they want, and enjoy their visit.

Had the suggestion been made at any other time than during a period when city finances weren't too bright, we feel that the moving of the soft ball diamond would have already been completed.

Now that the city is entering a new fiscal year, it would be well that the moving expenses be included in the new 1955-56 budget.

We can have more than just a modern city. Modern facilities in Sanford should also be accompanied by hospitality, congeniality, convenience and economy.

With such a combination, the City of Sanford just can't miss!

Jaycee Fishathon Missed

We missed the Jaycee Fishathon this year!

For several summers it has been the delight of hundreds of children to gather along the banks of a chosen pond to show their skill in the manipulation of a cane pole, hook, and wiggler.

Never before had their been such whoops and hollers of glee and happiness as emanated from the bands of happy youngsters, zillions assisting the local young businessmen, the Jaycees, along with the several organizations, undoubtedly reaped mibuntains of benefit from these annual good-sportsman presentations.

As we remember, children from far and near took part in the Jaycee Fishathon. They arrived, all ages of them, by bus, bicycle, automobile and truck. Along with them came mamas, pappas, grandparents, even interested citizens, all anxious to see the big event get underway without incident.

Virtually free from accident, these annual Fishathons gave children an opportunity to know what good, clean sport can provide. Probably, to some, the Jaycee Fishathon was the only opportunity for many to ever know and experience the thrill of fishing.

The Interest the Seminole County Junior Chamber of Commerce took and are taking now in the youth of our community is one of the reasons we can boast of "no juvenile delinquency." If ever there was a time when young businessmen, businessmen, and citizens should join hands to keep busy hands, feet, minds and hearts filled with the good things of life, this is it.

Not only did we miss the excellent outlook and opportunity to see some of the good things of life, just think of the hundreds of children who missed the valuable lesson in good citizenship and good sportsmanship.

Now is the time to start laying plans for next summer.

Barking dogs, blaring horns, burling fireworks and bolterous loiterers are all nuisances. If one of these can be controlled, then all should be outlawed.

There's a brilliant bit of life to be lived every day by everyone here in Sanford. The moment becomes brighter when others know about that experience and uses it as a pattern.

UNDER THE SPREADING CHESTNUT TREE

JAMES MARLOW

Senator Johnson Is Inspiration

WASHINGTON, D.C.—Sen. Lyndon Johnson, the Democratic 49-year-old leader in the Senate, is an inspiration for anyone who has a heart attack. He's just recovering from one but shows no sign of regret or self-pity.

There seems no doubt the exhausting hours and endless details and worry of his work as majority leader, the toughest job in the Senate, brought on his attack July 2. He left the hospital Aug. 7 and is resting at home now.

Tall and full of drive, he is planning and preparing as hard as he can to return as majority leader when Congress comes back in January.

He may not make the grade and he knows it. If the doctors, after examining him next December, decide the leader's job would endanger him, he says, he will take his old place as another senator.

Johnson wasn't putting on an act when this writer spent 2 1/2 hours with him yesterday. He talked at

SAM DAWSON

Monthly Payments Raise Living

NEW YORK, N.Y.—You walk along the street and see a sign on a good used car: "Only \$5 down."

You look at a new house and the builder tells you: "If you're a veteran, \$200 down is all you need." Until recently you didn't need even that.

Your radio blares: "Install a window cooler now, payments start next April."

An ad in the paper says: "Wait-to-wall carpeting for the entire house at \$4 a week."

Next to striking oil, it's the easiest way man ever has devised for raising his standard of living—and fast.

It's also one of the easiest ways of getting beyond your debt if you don't watch your step.

The vast majority of Americans are meeting their weekly or monthly payments. Finance companies say the record of installment payment on cars is now the best in history. In June, when a record \$1,700,000,000 of credit was extended to new car buyers, others were paying in \$1,100,000,000 on previous loans.

The percentage of delinquencies

and repossessions remains at a remarkably low level—and stable over the years. But as the total amount of delinquencies tends to rise also, even if at the same low percentage.

The American Collectors Arm, says that six million American

Some Reporters Take Odd Risks

TOKYO, Japan—Some reporters take the darndest risks to get a story. Take Air Force Sgt. William J. (Sandy) Colton, reporter for the Pacific Stars and Stripes.

He read that New York barber Luigi Bochetti claimed a world record of 17 seconds to shave a customer.

Colton, 28, of Johnstown, N.Y., strode into a Tokyo barber shop. He waved a newspaper and demanded, "Who wants to beat this guy's record?"

Tomiji Suzuki, 30 years a barber, offered to try. But he took 24 seconds.

Suzuki questioned the accuracy of the watch used to time Bochetti. "I just don't think it is possible to shave a man in 17 seconds," he said.

"Whether it is or not," Colton said, passing a perspiring palm over his uncut but stinging face, "no one is using this pen over again for a record try."

families are delinquent on payments for one or more things they've bought on time.

An agency that specializes in helping families after they get in a financial mess estimates that 10 million families are pinched by the debts they've piled up, with overenthusiasm.

The quality of some installment loans in recent months worries Administration officials. Terms have been getting easier—down payments lower, maturity times extended.

This has been due largely to sales competition. Almost all kinds of consumer goods are in abundant supply.

How do people get in over their depth? Silver Shield, an organization that makes a business of trying to help people who find they can't meet their payments—and charge 10 per cent for doing it—says that most of them just didn't realize they were taking on so much debt.

Modern merchandising puts such emphasis on time payment sales and makes credit look so easy that a family lacking sound money judgment just eases into debt before it knows it.

Others are victims of illness or reduced income because of loss of overtime or from layoffs.

Finance companies and bankers have assured the administration that from now on they'll be looking more closely to see if loan applicants are credit-worthy.

YOU'RE TELLING ME!

By ROY HINS
Control Press Writer

The Governor's conference didn't turn up any presidential candidates. Nobody is running yet, but some governors indicated they are looking still.

A governor has a lot of something for the nomination. All people know about him outside his state is in 17 seconds, he said.

Added Stevenson gives credit to President Eisenhower for the Senate conference, which "helped" to speed the pace of the past few years. "That's just what I want to do, sharply reverse the trend of the past three years."

Added said he would discuss before the end of November whether he wanted the Democratic nomination.

It takes a bit of time to decide to buck a guy who just made the Kremlin smile, the Chinese Reds talk, and shot a 26.

The thing to look out for, said an atom-for-peace scientist at Geneva, is a reactor that gets out of control. Wouldn't it be shocking to open the paper some day and see a report that Washington cannot be found, someone left the power on?

The U. S. Mint is trying to figure out why so many half dollars wind up in New York, whatever the reason is, it's also to know you can use them there.

A Determan trained to deliver dope and collect money from addicts was found in San Francisco. Another puncher got him.

No Comment

By Walter Chumbley, Jr.
WASHINGTON — The old saying that "Coming events cast their shadow before them" is worth remembering in appraising recent utterances by big union bosses and the actions of New-Fair Dealers in the Capital City.

Put the two together and there emerges a picture of unity of thought and unity of action designed to weld the two into a political party which will take over management and control of the Democratic party.

For instance, take a look at the CIO-AFL merger and its relation to politics. It will be an organization of 15 million members. And AFL President George Meany has this to say about it. First, he admits that the merger "will solve many problems" and then he pointedly adds:

"But it also offers unparalleled opportunities. With united organization of more than 15 million members, we will be able to move ahead with the primary job of organizing the unorganized and with the unfinished task of correcting adverse legislation."

That's quite a statement. Now let's examine in detail where the power of the merged CIO-AFL will strike first. All utterances of the big union bosses to date point to Taft-Hartley as the target. The big union bosses want it repealed. The merger forecasts an all-out effort to this end. What? Next session . . . probably so. More likely in 1957. Why?

Congress now is about evenly split on Taft-Hartley. The White House holds the balance of power. It could balance scales to hold the Act as it is . . . could strengthen the Act or weaken it. In the session just over . . . the White House was mum so nothing was done about T-H.

As to next session, many Congressional Republicans hope the White House will continue mum. This group is convinced Republicans will never get support of big union bosses and that the best thing to do is do nothing . . . until Republicans . . . plus Southern Democrats . . . have more votes. So what happens to T-H will depend on what happens in next year's elections (assuming the Big Union Boss Strategy). It is based on the belief that Mr. Eisenhower will run. If he does he will win. So big union bosses will waste no money on a Democratic presidential nominee. Union money will go to the election of Sen-

ators and House members who promise to support union program. This was big union boss strategy in 1948 when they miscalculated on Mr. Truman.

Now this 1954 strategy did pay off in Congressional elections. Big union bosses found that plenty of cash could elect Senators and House members. So Mr. Eisenhower is a candidate watch for big union bosses to concentrate on Senate and House candidates. And, with the union bosses concentrating on Congress . . . it could easily be that Mr. Eisenhower would win overwhelmingly and have a Democratic Congress on his hands . . . as union bosses are moving to take over the Democratic party which they now dominate in a number of states.

Attacks On Business Men Continue — Mr. Eisenhower's Advisory Council of the Department of Commerce that's now under fire. This group, composed of 200 business men, meets four times a year to advise the Secretary of Commerce. It was established early in the Roosevelt Administration. The House Judiciary Anti-Monopoly Subcommittee (chairmaned by Rep. Celler, D-NY) is investigating.

Why the inquiry? — That's hard to figure out . . . except that New-Fair Dealers are trying to discredit the Eisenhower Administration by discrediting business men who have been brought to Washington to help run government. As matters now stand, Chairman Celler has demanded carte blanche to look over Business Advisory Council files. Commerce lawyers have ruled out a "fishing expedition" . . . but that is not likely to satisfy Mr. Celler.

BAC Attacks Follow That on Young — The Celler attack on BAC follows immediately an unsuccessful effort by the General Accounting Office to embarrass business man Howard I. Young. The GAO had to back down on charges that Mr. Young had used his government office to favor the American Zinc, Lead and Smelting Co. of St. Louis, Missouri.

To Influence Legislation — Republican Senators Capehart of Indiana, and Bricker of Ohio, charged that the attack on Mr. Young was designed to get Congress to write into a bill to extend the Defense Production Act, a provision that would have made it virtually impossible to get business men to serve government. Congress rejected this anti-business provision.

top speed about himself, his background, his diet, the estate session just ended and his plans for next year as leader again.

The doctors had let him walk around the top floor of his home yesterday for the first time. He still can't climb stairs. He rests in one of those trick chairs that tilt the sitter back until he's almost lying down.

He weighed 200 pounds when he was stricken. Doctors told him he'd have to get down to between 175 and 185. He's down to 185 now and will go down to 160.

He seems determined to go the doctors one better on every order. They told him 2,000 calories of food a day would be enough. He's taking no more than 1,500. They said he must get eight hours sleep a night. He's getting nine. He was ordered to stop cigarettes. Now he smokes hard candy with low calory content.

Many a heart attack victim goes through a series of reactions: first, anger and dismay that it could happen to him; next, despair when he realizes his life must slow down; and finally adjustment to the idea that he can still lead a pretty full life, even at a slower pace.

Johnson said he had only two bad moments—both brief periods of depression—but then decided that because he has a strong will and a good head he could, by restraining his activity and his eating, resume a normal life.

He's already figuring on how he'll run the Senate in 1955. He'll work shorter hours—he used to work 15 a day—and pick other Democrats, say one per week, to handle Senate routine while he hovers around in case he's needed.

His real work is behind the scenes.

This year Johnson shelled up perhaps the most impressive record of Senate leadership in this century, in the sense of getting work done, with a minimum of fuss and filibuster.

It was no accident. The key to Johnson's operations is detailed planning done in such a way that he got senators with opposing views to work together in shoring legislation through.

Was this his whole technique? No, he said, he believed in showing consideration for other people. They always appreciate it, he said, and proved it by their cooperation.

LOW MAN!
GRAND RAPIDS, Mich. (AP)—J. Kirby, who lives at the bottom of a hill, is thinking about moving to the top of one. Three times cars have invaded his property. The last, his brakes gave, caused Kirby's driveway, smashed through closed garage doors and bounced his car through the rear wall to a rose garden. Damage: \$1,000.

The United Nations has estimated world population at 2,500 million as of the middle of 1954.

"Garden of the South"

Try and Stop Me

By BENNETT CERR

A COUPLE of smart-alecs from Broadway were driving in Maryland when they found the road blocked by a sign warning: "Closed. Please detour." "Road leads away to me," snorted the driver. "Some joker put that up; but he owns a gas station on the detour." So they tossed the sign aside and proceeded about ten miles, where they found a bridge washed out. They had to drive all the way back, cursing volubly. The sign was back on the road—with a footnote reading: "It really was closed, wasn't it?"

Elizabeth Page, of Webster, Mass., points out:

"It's easy enough to make and to say 'When a storm is going and a sign that the storm was here is the one who can smile. When he has his old lady along.'"

"Old" clothes," promises a sign in the window of a Linn, Conn. apparel store, "not only make girls look daisy, they make men look 'round'!"

Creativeness Measured Differently

SAN FRANCISCO, N.Y.—If you're an adult who didn't do so well on your last I. Q. test, cheer up. Maybe you were sold short.

The standard I. Q. test comes a long way from being a good yardstick of adult intelligence, says Dr. J. P. Guilford, a psychology professor who has invented many new ways of measuring creativeness, judgment, reasoning power and other elements of mentality.

Only a few of the 200 items in the Stanford-Binet test, long-used by psychologists, deal with these abstract but extremely important mental factors, he says.

Dr. Guilford, who is on the faculty of the University of Southern California, was the only American psychologist invited to present a paper at a recent conference in Paris on factor analysis. He told about some of his new tests there.

The Stanford-Binet test was designed for children. It was supposed to give investigators an idea of how a youngster would get along in elementary school. In that respect it was, and still is, a good test.

It was applied later to adults mainly because it was the best available instrument for assessing human intelligence. In its original form it was given to several hundred thousand soldiers of World

War I. Later the Army's alpha and beta tests for mentality were used on serving personnel.

Using the same kind of tests for verbal comprehension and reasoning on adults as on children has not only short changed some of the subjects but also has limited scientific knowledge of what human intelligence really is, Dr. Guilford says.

A high I. Q. doesn't necessarily mean a person is or will be a great creative thinker. Sometimes it has been a parallel to indifference in later life. At least one experimenter has shown that people with slightly substandard I. Q. ratings, get along pretty well in life and rate highly as automobile drivers.

The new tests by Guilford and his associates are designed to show up creativity, the powers of deduction or logical evaluation, the ability to discover and become aware of important things, and the faculty for drawing conclusions and sensing problems.

Another elusive thing which Guilford has undertaken to measure is one's powers to follow divergent

lines of thinking—that is, being able to see both sides of the matter without losing the faculty for critical judgment. Speed of judgment is another. These things test a person's flexibility and originality.

The 40 to 50 components of intelligence fall into about six categories, Dr. Guilford says. They are:

1. The discovery factor which deals with awareness.

2. The memory for words, numbers, designs.

3. The knack of learning and recognizing symbols, involved in arithmetic and reading comprehension.

4. The production factor, concerning one's handling of conclusions, solutions and other products of thinking.

5. The divergent thinking factor, having to do with flexibility and originality.

6. The evaluation factor which relates to logical assessment of problems and speed of judgment.

Miracle Fabrics Still Challenged By Old Favorites

In the writer of new miracle fabrics, born in test tubes and designed to withstand soil, water, pests and wear, a few old-fashioned favorites still hold their own.

Cotton, wool, linen and silk still are very much evident in the current fashion scene. They come in new weaves, finishes and patterns. It's true, but the basic ingredients are the same as they were in grandmother's day.

School boys and girls for generations have been partial to corduroy, because it's husky, comfortable and washable. Corduroy of old were rather stiff and heavy and likely to produce a whistling sound when schoolboys wore their cord slacks or knickers.

All that is changed today, when corduroy is made in fine-weave, lightweight versions for party dresses, when it comes in every color of the rainbow plus many unusual prints, when it also is made in wide-weave weaves for jackets and coats.

For the high school and college set, corduroy jackets, jumpers, dresses, shirts, slacks, skirts and shorts are slated to rate high in popularity. Shirts in printed plaids are tops with the boys, girls like date dresses in the new high colors such as shocking pink.

Even in its new high-style versions, cotton corduroy retains its old-fashioned virtues — wears like iron and goes happily into the family wash.

Facial Hair May Be Removed With Skin Cream

By VIVIAN BROWN

Hair on the face is a source of embarrassment to any woman. Even fine down around the lips can ruin a perfect makeup. And, of course, it may cause an inferiority complex. One psychiatrist points out that a large percentage of his patients are frustrated by facial defects, particularly skin blemishes and hair.

Until the advent of new facial hair removers, any woman with a heavy down on her face lived in the shadow of her beauty. Heavy makeup couldn't conceal it, the razor only threatened with a stubbly regrowth and the average depilatory wasn't considered safe to use on the face. Some women laboriously removed each hair with tweezers. Mishaps frequently occurred as the result of tampering with this hair.

New hair removers deter fuzz around lips as well as remove real hair growth. They may be used as part of the regular home beauty routine. One new odorless white cream contains lanolin, a carefully-controlled formula that is completely effective and kind to the skin. Just put it on and slip the cream off with a cloth, removing the hair with it. It shouldn't leave a burning or tingling sensation.

It is better to do a job of this sort before bedtime, so that in the morning after a good smooth creaming of the face, foundation and powder may be applied immediately.

This doesn't mean, however, that if hairs reappear and are noticed before an evening date, the cream hair remover may not be used. But use it as soon as possible so as to create a lapse between its application, removal and your makeup.

Personals

Mrs. Irene Watt returned from her vacation recently. She reports a pleasant trip by plane visiting relatives at Oskosh, Wis. and Alexandria, Minn.

Mrs. Tom Foster, the former Miss Donna Witt, and daughter were visiting in Sanford this weekend.

Reunion Is Planned

All Fletchers relatives and friends are invited to attend the ninth annual Fletcher family reunion at Fanning Springs, "Way Down Upon the Suwannee River" (Saturday, Aug. 27).

All are requested to bring a picnic lunch basket. Swimming will be enjoyed by kiddies and adults.

Spotlight On Hollywood

HOLLYWOOD UP — Handsome Dick Contino wants to take on Liberace—no holds barred.

The challenge he huris is a musical one, of course.

Contino is to the accordion what Liberace is to the piano—except for one thing. The accordion right now can't play in the same musical league with the piano. Symphony, orchestras, for instance, do not use accordions.

"The reason for this," explains Contino, "is because of accordionists themselves. They're content to let the public go on thinking it's merely an instrument for playing the polkas at a Polish wedding."

"Modern accordions are like fine organs. We can make them sound like flutes, piccolos or any other instrument. I can sit in the sax section of any orchestra and make my accordion sound like a saxophone."

"Even Liberace can't do that with a piano. I can play higher than a piano—one note of my accordion will drive a dog mad. It is so shrill."

Contino claims that he can finger the accordion faster than Liberace can the piano. Reminded that long-hair critics often have rapped Liberace for playing the "Minute Waltz" in 30 seconds, Contino replied:

"I did it once in 18 seconds."

The accordionist thinks he could do the field a lot of good by taking on Liberace.

He wants the pianist to select three or four compositions from the classics to boogie-woogie. Each would play the same pieces on their respective instruments—and let the public vote.

"I realize I'm not as big or famous as Liberace. You might say I'm the Archie Moore of the Rocky Marciano of the keyboard but even I'll lose, I win."

"Such a contest can't help but get good publicity for the accordion—and thus for me too. And it can't hurt Liberace."

beauty routine. One new odorless white cream contains lanolin, a carefully-controlled formula that is completely effective and kind to the skin. Just put it on and slip the cream off with a cloth, removing the hair with it. It shouldn't leave a burning or tingling sensation.

It is better to do a job of this sort before bedtime, so that in the morning after a good smooth creaming of the face, foundation and powder may be applied immediately.

This doesn't mean, however, that if hairs reappear and are noticed before an evening date, the cream hair remover may not be used. But use it as soon as possible so as to create a lapse between its application, removal and your makeup.

Awning Paint Will Do For Fiber Rugs

Awning paint is recommended for summer fiber rugs by Gene Thames, New Jersey home furnishing specialist, says Myrtle Wilson, Home Demonstration agent. This paint is waterproof, wears well, sinks into the fibers without giving a "painted look" and dries with a dull surface. She says there is a special paint for fiber rugs or it is possible to use a good grade of flat alkylid paint. This is an oil paint that may need a little thinning with turpentine to allow it to sink into and coat the fibers.

Before starting to paint a fiber rug she suggests placing several layers of newspapers underneath to protect the floor. Select a stiff brush and fill it with paint then wipe off on the inside lip of the can. Brush the paint over the rug, getting it into all the crevices and holes, covering about a foot at a time. Many housewives report that paint helps fiber rug wear longer.

Minute Steaks

French-fried Potatoes

Green Peas Pickled Mushrooms

Salad Peach Bavarian Cream

PEACH BAVARIAN CREAM

Ingredients: 1 cup drained canned cling peach slices, 1 envelope unflavored gelatin, 1/4 cup cold water, 1 cup milk, 2 eggs (separated), 1/4 teaspoon salt, 1/3 cup sugar, 1 cup cream, 1/2 teaspoon vanilla, drained canned cling peach slices for garnish.

Method: Mash peaches; beat with rotary beater until smooth. Sprinkle gelatin over cold water to soften. Scald milk. Beat egg yolks and salt; gradually beat in sugar well; stir in hot milk, a little at a time. Cook over hot (not boiling) water until custard coats spoon. Stir softened gelatin into hot custard until gelatin is dissolved. Chill until slightly thickened. Fold in stiffly beaten egg whites, mashed peaches, whipped cream and vanilla. Pile into serving dishes and chill. At serving time garnish with peach slices. Makes 6 servings.

Vary these brown and serve rolls. Make them into crisp and buttery tidbits to serve with chilled tomato juice. Cut them into crosswise slices that are about half an inch thick. Spread both sides of the slices with butter or margarine; arrange them on a sheet of aluminum foil and sprinkle top sides with sesame seeds or grated cheese. Toast in a hot oven for about 10 minutes or until golden-brown and crisp.

Boned Chicken is Cool-Cooking Trick

If Indian Summer brings no days as hot as a war dance on live coals, try this way to defoliate the heat.

Bone the family 'cup of cool chicken salad' make but make them hearty with plenty of chunky meat. The salad making is a breeze with cans of boned chicken or turkey. You'll find them a delicious way to bypass the usual chicken salad themes of stewing, cooling, and boning the meat.

To complete the salad make, serve a savory bowl of condensed vegetable soup... another "make" with the can opener. These salads will sail you through those hot warm days to come.

Positive Chicken Salad

8 cans (16-ounce size) boned chicken or turkey

2 cup chopped celery

1 cup chopped almonds, toasted

1 tablespoon onion green onion

1 tablespoon chopped ripe olives

1 tablespoon chopped dried pickles

Hard-boiled eggs, sliced

1/2 cup mayonnaise

1/2 cup sliced onion

1/2 cup sliced tomato

1/2 cup sliced cucumber

1/2 cup sliced cabbage, shredded

Open cans boned chicken. Dice chicken. Combine chicken and salad ingredients with celery, almonds, olives, pickles, eggs, and mayonnaise. Serve on slices of lettuce and cucumber arranged in lettuce cups. 8 servings.

Chicken Macaroni Salad

8 cans (16-ounce size) boned chicken or turkey

1 cup (1/2 cup) macaroni with cheese sauce

1/2 cup chopped onion

1/2 cup sliced ripe olives

1/2 cup sliced tomato

1/2 cup sliced cucumber

1/2 cup sliced cabbage, shredded

Open cans boned chicken. Dice chicken. Combine chicken and salad ingredients with celery, almonds, olives, pickles, eggs, and mayonnaise. Serve on slices of lettuce and cucumber arranged in lettuce cups. 8 servings.

Have A Homemade Cure For Summer Wardrobe Blues Yourself

Those end-of-summer wardrobe blues can get a girl down, unless she has some quick tricks up her sleeve to perk up those tired summer dresses.

One idea is to make a colorful cummerbund, such as pink cotton lace over red cotton, for a bright touch to a white outfit. Local sewing center experts, give directions for making the cummerbund, together with a few tips on working with lace.

Lace is available in 12-inch widths; buy the amount needed for your waist measurement, plus an inch for seam allowance. A third of a yard of the 36-inch red cotton will give you a strip 12 by 36 inches. Add one inch to your waist measurement and cut your two pieces. If your waist measures 34 inches, cut the pieces to measure 35 by 12 inches.

With right sides together, stitch around three sides of the two pieces, leaving a half inch seam allowance all around. Leave one end open for turning. Turn and press. Stitch the open ends together, turning in the seam allowance.

Now measure six inches from each end of the cummerbund. Set your sewing machine for a long stitchabout six to eight stitches to the inch. Working across the cummerbund, make four rows of stitching, 1 1/2 inches apart, the last row six inches from each end. At the end of each row leave a loose end of thread long enough to grasp. Then shir the fabric by pulling the threads until the shirred section is four inches wide at each end of the cummerbund. Arrange the center section between the shirred ends in flat folds.

Solid color seam binding is used to finish the ends. Top stitch along the right side, turn the binding and slip-stitch on the wrong side. Sew hooks and eyes along the ends, placing the hooks far enough in so the binding will not show when the cummerbund is fastened.

This cummerbund may be worn flat or pulled out to give a high-waisted Empire effect. It's effective to pick up the pink color somewhere else in your costume — pink earrings or shoes will do the trick.

B&PW Has Session; Reports Are Given On District Meet

Wednesday August 17 the B&PW Club had its regular meeting at the home of Mrs. R. E. True in Lake Mary.

A covered dish supper was held and Mrs. C. E. Hunter presided over the meeting.

Routine business was taken care of and reports were given by Mrs. C. E. Hunter, Miss Myrtle Wilson, and Miss Betty Wolfgram on District meeting No. 6 held in Cocoa July 24. Reports also were made by Mrs. Hunter and Mrs. True about the State Board meeting held in Naples on Aug. 14.

Plans were made for the coming year's work after which the B&PW's Biennial Song was rendered by Miss Gene Nunnelly. The meeting adjourned in due form.

Those present were Mrs. W. E. Baker, Mrs. W. O. Heinson, Mrs. E. B. Carter, Mrs. Gertrude Gilbert, Mrs. L. I. Pryor, Mrs. E. J. Routh, Mrs. R. E. True, Mrs. Ruby Combs, Mrs. Margaret Graham, Miss Myrtle Wilson, Miss Betty Wolfgram, Miss Gene Nunnelly, Mrs. Alice Harvey and Mrs. C. E. Hunter.

BIRTHS

Mr. and Mrs. J. T. Bennett announce the birth of a twin, a daughter, Flora Suzanne weighing 8 lbs. and 5 1/2 oz. and a son, Franklin Lee, weighing 7 lbs. and 7 1/2 oz. in the Foreland Laughton Memorial Hospital August 6 at 9:05.

Mr. and Mrs. I. H. Brain Jr. announce the birth of a son weighing 8 lbs. August 19 in Columbus, Ohio. She is the former Miss Kathleen Hallock.

J. Mielke Given Surprise Party

Joyce Mielke was honored with a surprise birthday party Monday night at her home on 1805 Verno Ave.

Those who enjoyed the occasion were Mr. and Mrs. Fay Lee, Mrs. Mary Larson, Mr. and Mrs. Walter Trapp, Mrs. Irene Watt, Mr. and Mrs. William J. Watt, Mrs. J. G. David Brenda and Helen David, Mrs. Effie Mielke and Pam along with Mr. and Mrs. A. G. Claus Jr. of Wildwood.

not show when the cummerbund is fastened.

This cummerbund may be worn flat or pulled out to give a high-waisted Empire effect. It's effective to pick up the pink color somewhere else in your costume — pink earrings or shoes will do the trick.

Mrs. J. DeBrine Is Feted Friday With Card Party

Mrs. James DeBrine, the former Miss Carol Lochell, was honored with a card party Friday evening at the home of Mrs. J. M. Stinephor, who assisted her daughter, Miss Grace Marie Stinephor, as hostess.

Guests were seated at individual card tables and canasta was played. High score went to Mrs. Robert Berg, next highest to Miss Peggy Wright and low to Miss Patsy Collins. Small dishes of mints and nuts were placed on each of the tables.

The living room was tastefully decorated with hibiscus, interspersed with natural greenery. In the dining room the table on which refreshments were served was covered with a lace cloth and held three separate arrangements bearing out a pink and green theme. In the center were given crystal candleabra bearing burning pink tapers. The center holder had three branches which in turn held clusters of pink hibiscus. The arrangement was on a mirror.

In front of the entrance was a bird and groom. On each side were similar arrangements surrounded with "LaFrance" and "Beachblow" hibiscus in pink and white. Pale green punch was served from a large crystal punch bowl and refreshments of mints, nuts, upon face sandwiches and pink, green and white cup cakes were served on crystal dishes.

The honoree was presented a "Good Housekeeping" cook book by the hostess.

Those invited to be with Mrs. DeBrine were her mother, Mrs. J. H. Lochell, Miss Willis DeBrine, her mother-in-law, Miss Marcia Lochell, Mrs. Francis Stenstrom, Mrs. W. Howard, Mrs. Robert Berg, Mrs. Donald Barron, Mrs. Lynwood Whitley, Mrs. Paulette Tason, Miss Ginger Jones, Miss Rosemary Garner, Miss Nancy Rountree, Miss Juni Saunders, Miss Martha Owen, Miss Ellen Lyons, Miss Patty Walker, Miss Jeanette Cleveland, Miss Jeanette Knutson, Miss Peggy Wright, Miss Patsy Collins, and Miss Beverly Cooper.

CALENDAR OF EVENTS

MONDAY

The Beardsall Ave. Circle will meet at the chapel at 2 p.m. Seminoles Baptist Association Sunday School meeting at Du-Land at 8 p.m.

At 8 p.m. the Seminoles Sunday School Association meeting will be held at the First Baptist Church in Du-Land.

TUESDAY

Intermediate R.A.'s meet at the First Baptist Church at 7 p.m. The Past Noble Grand Club of the Rebekah Lodge will meet with Mrs. Henry Jameson at 603 Palmetto Ave.

The Afternoon Circle of the First Christian Church will have an organizational meeting at 4 p.m. at the church. Mrs. Falk will be chairman.

WEDNESDAY

The prayer services at the First Baptist Church at 7:30 p.m. Supts. Cabinet of the Sunday School meets at the First Baptist Church at 8 p.m.

The Central Baptist Church choir will rehearse at 7 p.m. Prayer meeting will be held at 8 p.m. A church conference will be held after prayer meeting.

THURSDAY

Junior R.A.'s meet at the First Baptist Church at 7 p.m. Serve your young people orange juice when they want a mid-morning or mid-afternoon cool drink. Recent studies show that both boys and girls of 13 and 14 years were deficient in Vitamin C—the vitamin that citrus fruits furnish in abundance.

FRIDAY

Mr. and Mrs. J. T. Bennett announce the birth of a twin, a daughter, Flora Suzanne weighing 8 lbs. and 5 1/2 oz. and a son, Franklin Lee, weighing 7 lbs. and 7 1/2 oz. in the Foreland Laughton Memorial Hospital August 6 at 9:05.

SATURDAY

Mr. and Mrs. I. H. Brain Jr. announce the birth of a son weighing 8 lbs. August 19 in Columbus, Ohio. She is the former Miss Kathleen Hallock.

SUNDAY

Joyce Mielke was honored with a surprise birthday party Monday night at her home on 1805 Verno Ave.

MONDAY

Those who enjoyed the occasion were Mr. and Mrs. Fay Lee, Mrs. Mary Larson, Mr. and Mrs. Walter Trapp, Mrs. Irene Watt, Mr. and Mrs. William J. Watt, Mrs. J. G. David Brenda and Helen David, Mrs. Effie Mielke and Pam along with Mr. and Mrs. A. G. Claus Jr. of Wildwood.

Baseball Folks Are Wondering About Brooklyn

By JOE REICHLER
The Associated Press
Baseball folks were beginning to wonder today whether Brooklyn may be headed for the most spectacular smashup in the long Dodger tradition of blowing pennants. Actually, it would take a complete collapse by Brooklyn to get together with an incredible finish by Milwaukee or New York to accomplish the feat. But those who still recall the late-season slides of the Dodgers of 1942 and 1951 are convinced nothing is impossible.

Win or lose, the Dodgers certainly haven't looked like pennant winners since the All-Star break, playing eight games under .500 ball since July 9. Beaten for the third straight time by Philadelphia yesterday, 6-4, the Dodgers limped home with a record of 10 losses in their last 14 games. Their 16½-game lead of Aug. 12 over Milwaukee was trimmed to 11 in nine days.

The Braves, continuing their battle against huge odds, won their fifth in a row yesterday, humbling the Chicago Cubs 8-1, and Cincinnati shut out St. Louis 4-0 behind the four-hit pitching of rookie Don Gross.

Rain washed out the scheduled double-header between the Giants and Pirates in Pittsburgh.

Chicago's relentless White Sox climbed within half a game of New York's American League-leading Yankees, sweeping a double-header from Detroit 2-0 and 2-0. Right-hander Dick Donovan, just three weeks after undergoing an appendectomy, followed a four-hitter by Connie Johnson with a well-spaced eighth-inning for his 14th victory in 16 decisions.

The Yankees, on a winning skid of their own, dumped Baltimore 6-1. Don Larsen pitched a six-inning game in the last 14 starts.

Cleveland's third-place Indians remained one game from the top, walloping Kansas City 9-4 although held to seven hits by loser Al Dittmar. Ten bases on base, in-

gether with home runs by Larry Doby and Gene Woodling, helped the Tribe's cause. Woodling, the ex-Yankee, also singled in two other runs.

Boston's Red Sox remained very much in the running, vanquishing Washington 4-1 to remain 4½ games off the pace. A three-run outburst against loser Chuck Stobbs in the eighth snapped a 1-1 deadlock and gave rookie George Sussie his seventh triumph.

The slumping Dodgers managed only six hits off winner Herman Wehmeier, who won his 10th for the Phillies with the help of reliever Jack Meyer. Homers accounted for all Philadelphia's runs off six Dodger hurlers. Willie Jones hit a grand slammer in the third. Glen Gorbous and Del Ennis also homered to give the Phils an early 6-0 lead.

The Dodgers made it 6-4, but in the eighth, Meyer, in a relief role, retired three batters with a runner on third and nobody out. The rookie right-hander filled the bases on walks in the ninth but ended the game by getting pinch hitter Don Newcombe on a soft fly.

The Dodgers haven't reached the alarming stage yet but old Brooklyn sufferers still haven't forgotten that the Dodgers blew an early August lead of 10½ games over the Cardinals in 1942 and a mid-August 13½-game lead over the Giants nine years later.

Veteran outfielder Bobby Thomson and Andy Pafko rapped three hits apiece and Thomson drove in three runs to spark the Braves to victory over the Cubs. Right-hander Bob Huhl spaced seven hits for his 12th victory.

Outfielder Wally Post drove in three runs with his 31st home run and a single in the Red Sox victory over the Cardinals. Harvey Haddix was the victim.

Minnie Minoso, with six hits in nine times at bat in the twin bill, broke up a scoreless pitching duel between Johnson and loser Billy Hoeltz when he unloaded his seventh home run in the sixth inning of the opener between Detroit and Chicago. Walt Droppa ignited a four-run second in the eighth with his 17th homer off rookie Jim Bunning.

Three Yankee home runs proved the undoing of veteran southpaw Eddie Lopat, making his first Yankee Stadium start against his former mates. Hank Bauer hit his 15th homer in the second. Bill Skowron his 11th and Mickey Mantle his 32nd in the third.

Joe Santiano, in relief of starter Bob Lemon, was credited with the Cleveland victory. Lemon was tagged for all Kansas City's runs in the second.

Sammy White, with a home run and double, drove in two of Boston's runs against Washington.

WHAT TRABERT AND SEIXAS ARE DOING HERE? THEY ARE HERE TO DEFEND THE CUP FOR THE U.S. AT FOREST HILLS, AUG. 26-29.

Palmer Proves Himself Able
TORONTO (AP)—Young Arnold Palmer, who won the U.S. Amateur less than a year ago, has proved himself a qualified member of the elite and tough professional golf fraternity by winning the Canadian Open with a near record 263.

The 25-year-old pro of Latrobe, Pa., schedule to start play Thursday in the \$26,800 Montreal Open, gained his first pro victory Saturday when he finished the 72 holes of the \$15,000 Canadian Open 23 under par.

The 263 was the second best in the history of the Canadian championship. The only lower score was the 263 put together by namesake Johnny Palmer of Baden, N.C., in 1932 at Winnipeg.

Palmer, who didn't become eligible to compete for money until last May when he finished his PGA probation period, picked up \$2,400. That ran his total earnings to around \$4,900 although a second early this year in the Panama Open and a third place tie in the St. Paul Open were his best previous showings.

Fifteen-Month 'Retirement' Ends For Davey Tonight
By THE ASSOCIATED PRESS
Chuck Davey, onetime idol of television boxing fans, ends a 15-month "retirement" tonight when he faces Pat Mandi, of Syracuse, N.Y., at Saginaw, Mich., in a 10-round bout.

The 23-year-old Michigan State graduate hung up his gloves 15 months ago after a seventh-round knockout by Vince Martinez. His first fell from the heights Feb. 11, 1953, when Kid Gavilan, then the welterweight king, stopped him in the 10th round of a title fight.

This fight won't be televised.

Tonight's network TV fight matches middleweights Rini Nocero (25-3-0) of New York and Paula Melis (32-8-2), the former Italian welter champion now living in Montreal. The two meet in a 10-rounder at New York's St. Nicholas Arena.

Georgia Fisherman Shows Up Natives
TAMPA (AP)—A Georgia fisherman showed up Florida's native anglers in the finals of the eighth annual Tarpon Tournament.

J. B. Wilkins of Decatur, the only out-of-state entrant in the finals, took first prize with his 60-pound tarpon, winning a new car and the Tampa Centennial Trophy.

Harry Hagadorn of Limona was second with a 30-pounder. H. R. Danford of Clearwater and J. P. Kelley of St. Petersburg were the only other fishermen landing tarpon.

2 Girls Stand Out Among Favorites In Amateur Tourney
CHARLOTTE, N.C. (AP)—A tiny, reddish-haired Canadian girl and a blonde, shapely Californian, not much larger, stood out today among half a dozen favorites as the 55th National Women's Amateur Golf Championship opened at the Myers park Country Club.

Canada's Marlene Stewart and California's Barbara Romack are typical of the youth movement in women's golf. Marlene—5'1 and 118 pounds, has acquired a wealth of golf experience in 21 years. She won the British women's championship in 1953 and was runner-up last year and has captured the Canadian title three times in five years.

Barbara, 22, 5-4 and 110 pounds, is the defending champion; runner-up in 1954 and was runner-up in this year's British championship. The weather has been steamy hot and the long back nine at Myers Park offers a real test of endurance. At least two of the par four holes on the backside are long, uphill tests where most of the girls can't get home with their second shots. In addition, the Bermuda grass greens have some of the players talking to themselves.

Miss Stewart, who has been hitting the ball well in practice, says the greens don't bother her. "I go to school in Florida (Rollins College) so I'm used to Bermuda," she explained.

Miss Romack, who has been sidelined most of the summer with an ankle injury suffered in the British championship, also is accustomed to Bermuda greens after a couple of winters on the Southern tour.

Averill Missing In Team Lineup After Battle
NASHVILLE, Tenn. (AP)—Southern Assn. catcher Earl Averill Jr. has been suspended pending written reports on the Saturday night rough house of Chattanooga in which Chattanooga shortstop Lyle Luttrell was hospitalized with a broken jaw and a concussion.

Charles Hurth, association president, made the announcement in New Orleans last night. Averill was missing from the Nashville lineup in yesterday's doubleheader here against Mobile.

Hurth said he asked players, umpires and team officials to air mail written reports on their versions of the incident which climaxed with Averill's arrest on an assault and battery charge. He was released on \$500 bond.

Meanwhile, Averill has been slapped with a \$30,000 damage suit filed for Luttrell. The origin of the suit was not clear, however.

Luttrell yesterday was reported in "good" condition at a Chattanooga hospital. Authorities said he will probably be released Tuesday.

Both Sides Sure Of Getting Win; Someone Must Lose
CHICAGO (AP)—Both sides are confident of victory in the Swap-Nashua match race at Washington Park Aug. 21, but veteran jockey Steve Brooks doesn't think "Nash" will ever catch "Swap."

It's an interesting comment from an outsider, for as the \$100,000 winner-take-all race is concerned, "Brooks rode Ambiguous a dead last in the \$145,000 American Derby Saturday which was won by Swap. It was the leading 2-year-old colt's ninth straight victory.

Swap picked up \$60,000 in winning the race by defeating Traffic Judge and Parador to raise the California colt's earnings to \$250,000. He ran the mile and three-sixteenths in 1:54 3/8 to equal the American turf record set by Pisan at Arlington Park recently.

Buhl's Comeback Helps Milwaukee
MILWAUKEE (AP)—One of the chief reasons for the hot weather surge of the Milwaukee Braves is the comeback of right-hander Bob Buhl, a disappointment in 1954 and loser of four of his first five starts this year.

The 27-year-old fast baller, a look-alike for older Ray Calbert, beat the Chicago Cubs 6-1 Sunday on seven hits in take over second place in the National League's earned run average behind Robin Roberts.

Buhl's ERA is 2.65—28 more than Roberts'. The Dodgers' Don Newcombe is third with 2.91.

Shirley Leads Team For His 2nd Straight; Sanford Home Tonight

Jim Shirley, Sanford's converted outfielder, pitched his second straight Florida State League victory, 8-3, over Gainesville last night.

In spite of giving the G-Men 10 hits, Shirley was relatively free of trouble and the Sanford Cardinals had things their own way after they took the lead in the fifth, Singles by Bob Thornell and Chuck Francis, a sacrifice fly by Red Mauriello and an error added up to two runs then and three more in the sixth sewed it up.

OTHER FSL PLAY
The Orlando Flyers are only three victories away from the Florida State League pennant. With 10 left to play they lead second place Gainesville by 7½ in the second half.

Since Orlando won the first half no playoff is necessary to decide the title. A postseason playoff among the four teams with the best records for the full season was planned but a move dropped yesterday to eliminate it. Directors split 4-4 on the proposal and a decision was postponed.

Joe Valmas pitched Orlando a notch closer to the pennant and became the league's biggest winner as the Flyers trimmed St. Petersburg 8-2. It was the 24th victory for Valmas and his eighth straight. After Mike Illith doubled home two runs in the first St. Petersburg was scoreless. Orlando came on with a 14-hit attack and gradually widened the gap.

Lakeland nipped Cocoa 2-0 and Daytona Beach defeated West Palm Beach 5-0.

Lakeland got only six hits but bunched three of them in the sixth. Singles by Walt Anderson, Randy Randall and Hal Smeltz accounted for the only runs. Kermit Turner, giving Cocoa eight hits, won his 14th of the year.

Bob Arendt of Daytona Beach scored his 19th, shutting out West Palm Beach with five hits. He was in trouble only in the fifth when two singles and a walk loaded bases, but he struck out the next three men. Daytona Beach wrapped up the victory in the first inning with three runs on a trio of singles, two passed balls and a wild pitch.

Attendance was 542 at Gainesville and 367 at Orlando. It was not reported for West Palm Beach or Lakeland.

Kramer Says U. S. Looks Like Cinch
FOREST HILLS, N.Y. (AP)—Jack Kramer, serving as a trial horse for Uncle Sam's Davis Cup forces, said today America looks like a cinch to beat Australia in tennis' world series next weekend.

"How can we lose?" the former champion from Los Angeles asked as the players relaxed after a steamy workout at the West Side Tennis Club.

These fellows (the Aussies) haven't won a big match since January. Tony Trabert looks like a sure bet for two points in singles and you can't count out Vic Seixas.

"After all, Vic has an 8-3 record against Lew Hoad and he can beat Ken Rosewall if he follows the formula he used last year.

"In doubles, you have to stick with the Americans. Trabert and Seixas beat Hoad and Rex Hartwig, who was Australia's present in the 1954 challenge round at Melbourne. Last year they beat Hoad and Rosewall."

Kramer, king of the amateurs before turning professional shortly after the last war, has been assisting U.S. Captain Bill Talbert as coach. His job has been to throw his "big game" at the American coach. His job has been to throw his "big game" at the American coach. His job has been to throw his "big game" at the American coach.

Buhl's Comeback Helps Milwaukee
MILWAUKEE (AP)—One of the chief reasons for the hot weather surge of the Milwaukee Braves is the comeback of right-hander Bob Buhl, a disappointment in 1954 and loser of four of his first five starts this year.

The 27-year-old fast baller, a look-alike for older Ray Calbert, beat the Chicago Cubs 6-1 Sunday on seven hits in take over second place in the National League's earned run average behind Robin Roberts.

Buhl's ERA is 2.65—28 more than Roberts'. The Dodgers' Don Newcombe is third with 2.91.

Dick Donovan Surprises Many But Not Marty

CHICAGO (AP)—Dick Donovan, 29-year-old rookie right-hander who came off the operating table three weeks ago and in his first throw to the mound, surprised a lot of people yesterday but not Manager Marty Marion.

Donovan came through with an 8-2 victory over Detroit after Connie Johnson had blanked the Tigers 2-0. The White Sox pulled within half a game of the league-leading New York Yankees.

"He's quite a pitcher," said Marion after the game. "But you know something, I expected it. But Marion might have expected it but others didn't. After all, Donovan underwent an emergency appendectomy July 30 and doctors said they didn't expect he'd be able to pitch under game conditions for six weeks.

He gave up only one earned run in posting his 14th victory against four losses and showed no signs of having been fazed for three weeks.

"I feel wonderful," he said. "No aches, no pains, no anything. It felt as if I were taking my regular turn. You know, like I hadn't been out at all. Sure I tired, but no different than other guys."

"This makes us look pretty good," said Marion. "How would you like to lose your top pitcher for three weeks and then have him come back in perfect shape for the stretch drive? They didn't think we'd be up there now last spring. But we're really going to show them something."

"Sure, I expected a good game out of Donovan. He's sincere and takes his baseball seriously. He's a hard worker and he was out there running every day to get himself back in shape. He only pitched three batting practice last week but I knew he was ready because he got those legs in shape."

Donovan's return skyrocketed Chicago's pennant chances. Marion was worried about his pitching staff with the Sox having to play nine games in the next six days.

The Air Command is a thrilling new movie showing the adventures of a young man who joins the Air Force and becomes a pilot. It is a great movie for the whole family to enjoy.

Princess Margaret Reaches 25 Today Is Important Day

LONDON, (AP)—Princess Margaret is 25 years old today and it could be a very important date for the little sister of the Queen.

For the first time in her young life the blue-eyed, elfin princess stands squarely before the "door of grace." It could open and she might step through to new happiness.

The "door of grace" is a quaint legal and ecclesiastical term meaning that, by settling a few formalities which are regarded minor, she may now marry any man of her choice.

The approach of her 25th birthday brought a new flood of speculation as to whether she may become the wife of 39-year-old Group Captain Peter Townsend. Their names have been associated in romantic guessing, but an obstacle has been that he has divorced his wife.

The royal marriage act prohibits the marriage of persons in the British royal family without the sanction of the sovereign. As sovereign, Queen Elizabeth would find it embarrassing to approve the marriage of her sister and the gallant air force captain because the Queen is also temporal head of the Church of England which disapproves the remarriage of divorced persons while discarded spouses are still living.

But now, on this birthday, the Queen steps out of the picture and avoids any embarrassment.

It is now necessary only to give a year's notice to the privy council and both houses of Parliament. If all of these bodies do not expressly disapprove, a marriage may take place.

In the present mood of the country, say close observers, it is almost inconceivable that the council and both houses of Parliament would stand in the way of Margaret's happiness.

Meanwhile Margaret's heart is her own tightly guarded secret and the royal family never takes part in speculation. But there is every evidence that Margaret remains the darling of the royal family, surrounded by sympathy and love.

She is living restfully and fully and is taking on an ever-growing share of the royal responsibilities. There is some thought, after her successful tour of the West Indies, of sending her to Ceylon next year to open a trade fair.

Don't Take Chances On Drinking Water

By HANNAH H. BARNES, D.D.

I HAVE some advice for you fishermen today, especially for those of you who hope to do some casting in strange streams on your vacations.

I am not going to tell you how to catch fish. Just about all of you probably are far better fishermen than I am. But I think a word of warning is in order about water—for drinking, cooking and washing utensils.

Thirsty Fishermen

That clear, sparkling, swiftly running stream looks mighty tempting to a thirsty fisherman. It is tempting, all right, but it might not be safe.

Clear, sparkling water, contrary to popular belief, is not always pure. This is a dangerous standard for judging water.

Popular Idea

Again, the popular idea that a stream purifies itself in flowing a certain distance should not be taken as an iron-clad certainty. A stream purifies itself in relation to its ability to absorb oxygen from the air. Thus, it is natural that a rocky-bottom turbulent stream absorbs more oxygen than a slow moving one. But it might not have absorbed enough to be safe.

Safe Water

A spring coming from sand and gravel formations generally provides safe water, if it is remote.

Importance Of Act Not Realized

WASHINGTON, (AP)—Probably none of the six soldiers realized what a historic moment it was.

True, the red carpet was laid down for them at the War Department, something rare for enlisted men, something rare for enlisted men by military brass and civilian department heads waiting their turn to see Lincoln's secretary of war, Edwin M. Stanton.

Inside, along with Stanton, were the secretary of the treasury, Salmon P. Chase, and the vice president, Hannibal Hamlin. There, on March 25, 1863, starting with Pvt. Jacob Parrott of Fairfield County, Ohio, Stanton gave the first Army Medals of Honor ever awarded.

Stanton also gave each soldier \$100, and if they were more impressed with the money than the medal, it's understandable. It has taken years—and some almost incredible heroism—to give the medal the prestige it now has.

To win the highest military award this nation can bestow, a man must risk his life. All too often, he must give up his life, too.

He must show gallantry and bravery far beyond the call of duty.

He must do something so outstanding that, if he hadn't done it, no one would have grounds to condemn him.

And his heroism must be attested by at least two eyewitnesses. The House recently passed a bill to give each winner a \$100-a-month pension. It then went to the Senate Finance Committee where it still was awaiting action when Congress adjourned this month.

The bill was introduced after Democratic Rep. Olin Teague, of College Station, Tex., himself a much decorated veteran, learned that three Medal of Honor winners are on relief.

In early days, the medal sometimes was given in batches, but it has become increasingly difficult to win.

Those first six winners might not qualify today, even though there's no doubt they took part in a daring and unusual maneuver.

They were part of a plan that involved slipping behind enemy lines and stealing a train, sabotaging a railroad line and cutting off supplies to Confederates in Tennessee.

A secret agent, James J. Andrews, led 21 volunteers, disguised as civilians, on the dangerous mission. They had gone into the South and were on the train, heading north, when it stopped at Big Shanty, Ga., and the conductor yelled, "Twenty minutes for breakfast!"

The hungry passengers peeled off, and the Northern soldiers took over. Thus began a wild flight northward, with Andrews and his

men literally trying to burn their bridges behind them. But they were so closely pursued by Southern forces on another engine that the scheme didn't work.

After 90 miles of flight, the stolen engine's fuel gave out. The men jumped and took to the woods.

Within a few days all were captured. Andrews and seven others

were executed. Eight of those imprisoned escaped. The remaining six later were paroled, and it was to them that the first Army Medal of Honor went.

The official Army history of the medal says that as the years went by abuses became widespread.

Around the time of Custer's last stand, Brig. Gen. Alfred A. Terry

had to remind his company commanders:

"Medals of Honor are not intended for ordinarily good conduct."

Eventually a board of investigation was to agree completely with Terry—and the names of 911 early winners were stricken from the honor list.

One rule that helped: Recommendations for a medal must be made within two years after the heroism is performed.

Well, honor may swell a man's

chest but it doesn't necessarily do much for his stomach. In service, a Medal of Honor means an extra \$3 a month for the enlisted man who wins it. Out of service, it means a \$10 a month pension after the winner reaches 65.

Even here, strings are attached. For example, retired officers who draw regular pensions can't qualify.

As nearly as the House Veterans Affairs Committee can determine, 312 Medal of Honor winners are still alive. Of these, only 26 get

the \$10 a month.

The proposed bill would not only increase these monthly payments to \$100, but would also allow heroes under 65 who have left the service to apply for the pension.

About 29 million men have seen wartime service since Lincoln signed the congressional resolution making the award possible. And of that vast horde of uniformed men, the last official tally shows only 3,162 have won it.

Of these, 2,194 have served in the Army, 728 in the Navy, 236 in

the Marines and 4 in the Air Force.

And to show you how difficult it is to win, of the first 18 medals awarded in World War II, 10 went to men who died in action and four others were wounded.

There's a widely held belief that anyone who wins a Medal of Honor is entitled to a salute, regardless of his rank. A military expert who has done research on the subject says he can't find any regulation supporting this theory, although various services and units may occasionally follow it.

Paul Waner Slated To Appear Tonight With Dazzy Vance

Possibilities Good For Excursion Boat To Locate In City

The possibilities for a huge excursion and sightseeing boat for Sanford will remain good, according to word received at the meeting of Sanford City Commissioners last night.

City Attorney E. Shinkholer submitted a proposed contract for the boat to the commissioners for consideration.

The contract will give W. R. Kemp and Richard Sodera an exclusive franchise to operate the sightseeing and river excursion boat from the city pier.

Attorney Shinkholer pointed out to the commissioners that the contract would require the two operators to carry public liability in accordance with an ordinance already on the Sanford law books.

In consideration for the exclusive franchise to operate the boat, the City of Sanford would receive 10 per cent of the net profits from the operation of such an attraction.

Police Department Records Show \$290 Collected In Fines

Fines collected in City Court yesterday afternoon totaled \$290, according to the Sanford Police Department records this morning.

Cases against James Cyrus Beasley for "careless and negligent driving," Lois K. Johnson for "careless and negligent driving," and "no drivers license," and Will Irick for "vagrancy, drunkenness and resisting arrest," as well as a case of "careless and negligent driving" against Ralph Ogle, were continued until Friday's court.

A case against Forrest A. Lee for "destroying personal property" was dismissed by Judge John Leonard.

Fines were assessed or entered in two cases of "careless and negligent driving," two cases of "parking violations," three cases of "exceeding the speed limit," eight cases of "parking overtime" and one case of "drunkenness and disorderly conduct."

Janitor Workshop Is Conducted Here

A workshop for janitors of the Seminole County Schools was held last week, Supervisor Walter Teague said this morning.

About 30 janitors met for the one day session at Sanford Grammar School where representatives of the County and State Health Departments spoke to the group and demonstrated many ways to maintain sanitation and cleanliness in the schools.

Teague said that four different sanitation representing companies whose products will be used in the schools this year, demonstrated the use of materials furnished by them.

The purpose of the workshop Teague said, is to maintain a uniform janitorial service throughout the Seminole County School system. "It is the joint responsibility," Teague pointed out, "of the Health Unit and the Board of Education to see that the schools are both healthful and sanitary."

Heavy Machinery Causes Disruption

A two-inch water main at the intersection of French Ave. and Orlando Drive was broken yesterday when heavy road machinery was operated in the area.

Water was shut off to a section from City Manager Warren E. Knowles' of the main and water meter at one location was ripped out of the ground.

Workers were still attempting to re-install water service in the area this morning.

Two baseball greats will meet on the Sanford Memorial Baseball Stadium diamond tonight for the first time in years to renew their bygone competition.

Dazzy Vance, who in 1924 was voted the most valuable player in the National League, and this year elected to Baseball's "Hall of Fame" will meet Paul Waner, with a lifetime batting average of .341 with 20 years in the Majors, tonight during an "Oldtimer's Night" celebration beginning at 7:30.

It is the first time in local baseball history, that two of baseball's "Hall of Fame" members have met on the diamond or visited the park.

Local baseball officials, planning the gigantic event for tonight, have expressed hope that Sanford baseball fans and citizens will turn out to see the two famous baseball stars and help raise enough money to pay off the club's tax debt. After digging into their own pockets deeply to carry on the baseball organization for local fans, the officials believe that this is one of the major attractions ever offered in this area of Florida.

Commissioners Have Busy Week Ahead For Them

The Board of Sanford City Commissioners have a busy week ahead of them as they take into consideration the 1955-56 General Government Budget, sit as an Equalization Board on local tax assessments, meet with William Phillips Jr. to look over proposed developments, and meet for an adjourned meeting carried over from last night.

The commissioners are expected to spend an entire afternoon with Phillips looking over plans for developments in the Sanford area.

Thursday night, the Board of Commissioners will get together to discuss the general government budget which was eliminated from last night's agenda because of a crowded annexation discussion schedule. The Thursday night discussion will be an informal "putting together of ideas" concerning the money to be spent for the city during the next fiscal year.

Next Monday night, the commissioners will sit first at an Equalization Board to hear complaints on tax assessments.

Following the hearing, the official meeting continued from last night will get underway.

Sod For Stadium To Be Set Sept. 1

Park Superintendent Jim Dunn said this morning that the sod for the Sanford Memorial Stadium will be set beginning Sept. 1. He said, "We will move just as soon as the baseball club moves out."

Dunn said that the sod, moved to the vacant area just south of the stadium, is in good shape. It has been watered, trimmed, and kept in tip-top condition for this winter's football season, he said. The Park Superintendent explained that clay from the baseball diamond must be removed first to a depth of four inches before the sod is cut and set for the football field.

It will take about 15 days to complete the changeover, Dunn said.

School Children, Commuters Collide

BUENOS AIRES—A fast electric express train carrying school children and commuters rammed into the rear of another train today at a fog-shrouded station on Buenos Aires' outskirts.

The express crashed into the other train standing in a station in Ciudadela, 10 miles west of downtown Buenos Aires. Passengers on the express included students en route to Ward College, a Methodist high school and junior college attended by many Americans and Britons as well as Argentines.

The school secretary said one pupil suffered shock in the accident, but there was no word of any injuries among the student body.

Portion Of Force Taking Vacations

The Sanford Police Department is operating on a summer schedule with vacation taking a portion of the force.

Chief Ray Tills is vacationing this week and is not expected to return to his desk until next Monday.

Captain Roy Tills, veteran of the local police department, is Acting Police Chief until Williams returns.

Local baseball officials, planning the gigantic event for tonight, have expressed hope that Sanford baseball fans and citizens will turn out to see the two famous baseball stars and help raise enough money to pay off the club's tax debt. After digging into their own pockets deeply to carry on the baseball organization for local fans, the officials believe that this is one of the major attractions ever offered in this area of Florida.

Dazzy Vance led the National League in pitching in 1924 and 1925. He won 23 and lost six in 1924 and had a 22-9 record in 1925. He was elected a member of the "Hall of Fame" this year. Vance pitched for the Phillies a short time and led the National League in strikeouts in 1924 with 262. He spent 14 seasons in the major leagues when he was 31 years old. A native of Iowa, Vance now lives in Homestead. He is famous for his pitching with a torn sleeve which would confuse batters when he delivered the pitches.

Waner, who led the National League in hitting three times was voted in to baseball's "Hall of Fame" in 1952. He started with Pittsburgh in 1926 and after 15 seasons with the Pirates was with the Dodgers, Braves and Yankees. His top mark in hitting was .350 with the Pirates in 1927. "Big Poison," as Waner was called, is one of seven players to make 3,000 or more hits in the majors winning six of his career with a total of 3,132 safeties.

Waner, the hitter, and Vance, the pitcher, are expected to be seen in action during the "Oldtimer's Night" two-night game which will precede tonight's regularly scheduled game with West Palm Beach.

Others to be seen in action on the "Oldtimers" team will be Bill Spinks, Bert Chapman, Ted Brocklyn, Buddy Lake, Chuck Allen, George Kenis, Lloyd Swain, Jim Payne, Charles Blison, John Kridler, and others.

Milwee Announces Nurse Scholarship Exams To Be Given

The Superintendent of Public Instruction of Seminole County today announced the examinations for nursing scholarships established by the 1955 Legislature.

R. T. Milwee said that examinations will be held in Jacksonville, Miami, Orlando, and Tampa on Aug. 30 and in Tallahassee on Aug. 31.

In Jacksonville the examinations will be given at 605 Ocean Street; in Miami at Miami Jackson High School; in Orlando at Boone High School; in Tampa at Jefferson High School Library and in Tallahassee at the Elizabeth Cobb Junior High School.

Milwee explained that the examinations are held twice each year, in the fall and spring with each student applicant being a high school graduate or graduating from high school before July 1 following the examination.

It was also explained that it is necessary that each applicant have earned one high school credit each in biological science and physical science.

Scholarship holders in practical nursing must have evidence of having practiced practical nursing for at least one year.

Application blanks for nursing scholarship loans are available at the office of the Seminole County Superintendent of Public Instruction.

Workers Go Back

NANTES, France—Thirty thousand striking shipyard workers went back to work today after a week of rioting which caused the death of one man, wounded scores and forced the yards to shut down.

The workers demanded a raise of 40 francs an hour (about 11 cents), an average boost of 25 per cent. Both sides finally agreed to resume negotiations tomorrow.

Fringe Area Residents Air Annexation Opinions

Off-Street Parking Ordinance Is Passed

Bus Stops Designated For Pupils

Two bus stops and a walking area were designated by Board of Education Transportation Superintendent Walter Teague yesterday.

Teague said that parents and teachers met with interested parents last week at the Pinecrest School to discuss the walking area for children attending the new school and to set up central areas for the children to meet early buses for transportation over the busy 17-92 thoroughfare.

Students in walking area for Pinecrest Heights School will be in the zone bounded on the west by highway 17-92, on the north by 25th St., on the east by Princeton Ave., and on the south by Onor St.

Two bus stops have been designated, Teague said. Children in the triangle area between 25th St., 17-92, and French Ave. will board the school bus at the intersection of Laurel Ave. and Bayard St.

Children going to Pinecrest School in the area between 25th St. on the north, French Ave. on the east, Georgia Ave. on the west and the street along the north shore of Lake Jennie will board a school bus at the intersection of Santa Barbara Drive and Mohawk Ave.

"This will keep children from having to cross Highway 17-92 at any point," Teague pointed out. He said, "It is expected that the bus will pick up children at the designated points about 8:20 a. m." "A definite time will be established and announced later," Teague said.

Marine Personnel To Serve At NAAS

Another step in the enlargement of the Sanford Naval Auxiliary Air Station will take place early next month when a detachment of Marine Corps personnel arrives here for duty.

This is the first time that Marines have been assigned to the air station since World War Two. Expected to arrive here on Sept. 8, the Leatherneck detachment will be approximately 40 strong and have a commissioned officer in charge. They will be employed as supplements to the present Naval Auxiliary Air Station internal security force.

The supporting guard unit will be administered and supported by the Marine Barracks, Naval Air Station, Jacksonville.

Hearing Is Opened To Consider Switch

MIAMI—Chairman Olin E. Teague (D-Fla.) of the Veterans Affairs Committee today opened a congressional hearing of the proposal to transfer some of the functions of the Miami Veterans Administration regional office to Pass-A-Grille.

The VA announced the move some time ago and explained it was in the interest of economy.

Many veterans organizations and civic groups are opposing the move on grounds that it would delay South Florida veterans in their dealings with the VA.

Sheriff Vacations In New York State

Sheriff Luther Robby is vacationing in New York State according to a card received at the Sheriff's office this morning.

Wanted from Canton, N. Y., near the St. Lawrence Seaway, Sheriff Robby said, "Having a good time in the North country."

According to Chief Deputy O. G. Owens, the Sheriff and his family are visiting at Mrs. Robby's home here.

Capt. R. Jackson Of Sanford Base To Address Jaycees

Captain Robert W. Jackson, commanding officer of the Sanford Naval Auxiliary Air Station, will be guest speaker at the Junior Chamber of Commerce luncheon Thursday at noon.

Captain Jackson is expected to tell the Jaycees about the expansion program and change over at the local base.

The Seminole County Jaycees meeting will be held Thursday noon at Spencer's on French Ave.

Local civic organizations have been invited to join with the Jaycees Thursday to hear the Commanding Officer of the local Navy base.

M. L. Rahorn Jr., program chairman for the meeting said today that others are cordially invited to join with the Jaycees Thursday to hear Captain Jackson.

Local Police Dept. Almost Hemmed In

The "Downtown Sewer Project" just about had the Sanford Police Station hemmed in yesterday with a deep ditch.

The new sewer line being laid runs directly in front of the police station.

Yesterday, workers with ditch digging equipment, pipe laying equipment, and bulldozers had the area in a turmoil digging the ditch, laying the pipe, then covering the excavation in order to leave an access to the station at all times.

At quitting time yesterday, Acting Police Chief Roy Tills said, the ditch was covered up leaving the station open.

At one time during the operation yesterday it was necessary to search for a way to "get in" the Sanford Police Station.

Eisenhower Flies To Flood Ravaged Northern States

HARTFORD, Conn.—President Eisenhower flew in here today to view flood damage in the six Northeastern States and asserted "if necessary I will call a special session of Congress to reappropriate money needed" to restore normalcy.

After a conference with the governors of the Northeastern States and representatives of the governors of North and South Carolina, Eisenhower said:

"I have met here with the governors. You have read in the papers and seen on television what has happened. But you can have no conception of what has happened until you have come here and listened to these governors. This is a case where the Federal government, state governments, and county governments will do everything they can."

Monday Meeting Told By Teague

Seminole County School System Transportation Supervisor, Walter Teague, said today that a transportation meeting will be held at the Seminole County Court House next Monday morning at 10 o'clock.

Supplies and instructions will be given bus drivers at this time, Teague said.

Representatives of the Florida Highway Patrol, the Seminole County Sheriff's Office and the Sanford Police Department will meet with the 20 bus drivers in lay plans for the safety program during the coming 1955-56 school year.

Buses have been repaired and put in excellent condition, Teague said, and will be inspected prior to turning them over to drivers next week.

Capt. R. Jackson Of Sanford Base To Address Jaycees

Captain Robert W. Jackson, commanding officer of the Sanford Naval Auxiliary Air Station, will be guest speaker at the Junior Chamber of Commerce luncheon Thursday at noon.

Captain Jackson is expected to tell the Jaycees about the expansion program and change over at the local base.

The Seminole County Jaycees meeting will be held Thursday noon at Spencer's on French Ave.

Citizens Seeking To Be Given Choice In Latest Proposal

Fringe area residents had their say last night when they met with the Sanford Board of City Commissioners to air their "gripes" and "demands" on the annexation of certain areas bordering the city.

The arguments took a different tack when residents of the Pinecrest Heights subdivision and adjacent areas expressed a deep concern toward becoming a part of the city of Sanford.

The first to speak at last night's 90 minute session on annexation was a Navy man who said, "We feel that we are paying our share of the sewer tax and do not feel that the service charges should be increased to 200 percent."

R. L. Flam, who lives in Pinecrest Heights said, "I would like to have police protection and other advantages of living in the city." He added, "If you have a contract for water bills I'll sign it now."

Harr. N. Weir, another Pinecrest Heights resident and administrator of the new Seminole County Hospital said, "I am personally quite anxious to come in to the city." Weir said, "The city has a lot to offer us and we have a lot to offer the city. However," he stated, "we do not want the higher water tax—give us an alternative."

John Burke, a Laurel Ave. resident, told the commissioners because of growth, "Ratigan explained and added, 'It is only fair for people using city water outside the city help pay for the system.' He said that 'It will cost \$1,175 an acre to annex any portion of the proposed area but we cannot annex by request since the city was created by special act, annexation must be made possible in the same manner.'"

Commissioner Ratigan told the group "Water rates and annexation have confused you and are inseparable." He continued, "I would prefer to hold the election and suggest that we withhold water rates increase until 10 days after such an election is held."

T. V. Brown then charged, "I can't see the use of a whip to make people come into the city." Ratigan, however, denied using a whip.

Mrs. Edna Hoehler chided, "Then what are you using?"

Brown, one of the representatives of a group who met Sunday afternoon to discuss annexation told the commissioners, "We are here to find out if you have anything to offer other than a whip."

Archib. Smith, another spokesman for the fringe area group, asked the commission "If I have to pay the sewer tax before we get the annex."

City Clerk and Tax Assessor H. N. Sayer reminded the group discussing annexation that "You won't have to pay any taxes at all until 1957 if you're annexed and even then, taxes are based on the improvements. There would be a 20 percent reduction in taxes until five hydrants are provided," Sayer said.

Commissioner John Kridler, following the lengthy discussion by fringe area citizens and Commissioner Ratigan, said "I differ with people about annexation. I try to justify the rates we would use," he said. Then Kridler retorted, "It looks to me that if we hold off on an election it would be just like a knife in your back."

Brailley Odham, developer of Pinecrest Heights, and one of the last speakers to be heard during the 1 1/2 hour discussion, said "There has been a lot of misunderstanding. We're winning many new residents right now and this is an opportunity for Sanford's growth." Odham said. And he concluded "these people would come into the city if given a choice. Tell the people what they can get and then let the people decide."

City Manager Warren E. Knowles added to the discussion, "This is the first evidence shown for annexation. It is the first support for an election."

Mayor Denver Cordell, bringing the lengthy discussion to a close said, "We appreciate all of you coming down to talk over the problem with us." He said, "I hope that this will work out in the best interests of the people."

Tuesday, Aug. 30 Registration Day For Entire County

Boys and girls can get ready for school!

Next Tuesday, Aug. 30, is registration day in every Seminole County School, for every grade, and for all students, white and colored.

The Seminole County Superintendent of Public Instruction, R. T. Milwee, today explained that all first graders registering for school must bring with them a birth certificate or evidence of age, at the time of registration. First Graders must be six years of age on or before Jan. 1, 1956.

Buses throughout the County will operate their regular schedule on Tuesday, with the return trip at noon.

The School Superintendent said that it is urgent that all students register next Tuesday so that the school authorities can determine where crowded conditions exist.

Regular school work, and regular school days will begin on Tuesday Sept. 6 with full sessions throughout Seminole County, Milwee said.

Three Nurses Fired By St. Luke's Head At Hospital In Jax

JACKSONVILLE—St. Luke's Hospital yesterday fired three nurses who took part in a "no pay" strike.

Administrator W. F. Arnold said Genie Parkin, Juanita Wilkerson and Estelle Williamson were dismissed "in the best interest of the hospital."

Miss Parkin was chairman of a group of 35 nurses who voted last month not to accept their pay checks until Arnold discussed working conditions with Miss Agnes Anderson of Orlando, executive secretary of the State Nurses Assn.

The nurses, however, accepted pay on Aug. 1 when the hospital said they would be suspended if they refused.
