

### Trust-Busting Is Said Increasing In U. S. Courts

By CLARKE BEACH  
WASHINGTON—The Justice Department has more trust-busting suits on hand than at any time since World War I.

Its little Anti-Trust Division—only 160 lawyers and about a dozen economists—has taken on so many of the giants of industry that a list of defendants reads like an industrial blue book.

The campaign has been gathering momentum since the war's end. During hostilities there was little the trust-lustre could do but watch. The necessary reorganization of industry in the emergency had made monopolies temporarily legal.

Living Costs a Target  
Now, however, the division has 122 pending cases. Fifteen of them are appeals before the Supreme Court.

The sharpest fight is against prices of food, clothing and housing. Attorney General Tom C. Clark last August ordered the Anti-Trust Division's big guns to be aimed at the high cost of living.

The preliminaries of that battle now are being fought out before a federal grand jury in Chicago. Scores of meat and dairy industry officials have been subpoenaed.

Suits under the Sherman anti-trust act are pending in Illinois and Oklahoma. Federal courts against the American Meat Institute and the leading meat packers, accused of large-scale price fixing.

Really and Building  
The housing phase was launched when the division secured indictments from a district judge against the National Association of Real Estate Boards and the Real Estate Board of Washington, D. C. They are charged with a criminal conspiracy to restrain trade through fixing commission rates charged by realtors.

The high cost of building materials is a major issue in three of the cases pending before the Supreme Court: (1) U. S. Gypsum Co., charged with unlawfully fixing the price of gypsum cement industry; (2) United States Lumber Co., charged with price fixing in the "drop-out" electric fuse field.

The Federal Trade Commission has filed against practically the entire steel industry a complaint charging an unlawful price-fixing combination.

### Eatonian Refugees Are Landed In Miami

MIAMI, Oct. 1 (AP)—Eight Estonian refugees landed here today aboard a 40-foot Swedish yacht after sailing some 5,000 miles to escape what they described as the "iron heel of Russian domination."

The group, under command of land here in 13 months, is captained by Kalma Veski, who immediately reported to immigration authorities that none had entry visas.

Veski's wife, Hilda, who speaks English, told reporters the little boat left Goleborg, Sweden on July 22.

"We were informed that another Estonian boat which landed in Savannah, Ga., was deported to Ellis Island," she said, "but conditions were becoming so bad in Europe that we finally decided to leave."

The first group of Estonians landed here Aug. 18 last year, bringing the total to 47. They were first refused admission, but by direct intervention of President Truman were later granted permanent visas.

said, "that this is the finest ship that now can be built. Into it has gone all that was learned in the last school of war. It is a piece of America's life."

"This ship may some day be called upon to hold the line while the nation musters its power for war. Certainly every American hopes that such a situation will never develop. We are confident that this vessel will help preserve the peace because it demonstrates the determination of the United States to resist aggression."

Recalling the great battle in the Coral Sea in May, 1942 from which the carrier took its name, Sullivan said neither the U. S. nor Japan could claim it as a "great tactical victory."

But the enemy turned back, he said, and "The Coral Sea marked a turning point in naval warfare. Decisive results had been achieved entirely through the efforts of naval aircraft. Aviation was recognized as the striking power of the fleet. That was the naval lesson of the Coral Sea."

American losses at the battle of the Coral Sea were one carrier, the Lexington, one destroyer and one oiler, while the Japanese lost one carrier, one old destroyer and four larger. Both the U. S. and Japan had one carrier damaged as well.

Fleet Admiral Ernest J. King described the battle as the "first major engagement in naval history in which surface ships did not exchange a single shot."

before the midnight deadline set for the walkout.

The wage demand by the toll union, spokesmen said, was "compulsory due to the skyrocketing living cost." It followed the recent award of 15 1/2 cents an hour wage boost granted a million non-operating rail workers by an arbitration board named under the National Railway Labor Act.

The Brotherhood, representing the engineers, firemen, conductors, trainmen and switchmen, also have made demands for changes in 44 working rules.

Carrier spokesmen said the annual railroad operating costs would be boosted \$400,000,000 if the wage hikes were granted and \$1,000,000,000 if the rules changes were approved. The union and carrier representatives will begin negotiations in Chicago next Tuesday.

### Vishinsky Clashes With Pandit On Seat

NEW YORK, Oct. 1 (AP)—The United Nations Assembly failed in its first effort today to break the deadlock in the race between the Soviet Union and India for the Security Council seat to be vacated by Poland Dec. 31.

Mrs. Vijayalakshmi Pandit, chief of the Indian delegation and ambassador to Moscow, took the floor for a brief statement of refusal to withdraw India from the contest. Mrs. Pandit said the Dec. 31 expiration of Australia's 8-year term would leave the Indian Ocean area unrepresented on the Security Council. She insisted India was not trying to keep any group out of the Council.

Russians Andrei V. Vishinsky countered that the British commonwealth would be represented by Canada, but the Soviet states would not be represented unless the Russians were elected to all beside the Soviet Union delegate on the Council.

FROM NEW YORK'S WEST SIDE HIGHWAY, firemen pour a stream on fire which destroyed the \$5,000,000 Grace Line Pier 57 in Manhattan. The flames spread to Pier 65. The fire was fought by eight pieces of land apparatus and six fireboats. The 2,277-ton liner *Sandis* was pulled to safety by tugs from her berth at the north side of Pier 53. One of the smallest waterfront fires in New York history, it knocked out 24 firemen, as crescent-shaped plings and about 800 bales of cotton went up in 163-foot flames. (International)

### Man Who Aided Cancer Drive Is Victim Of Cancer Himself

CHICAGO, Oct. 1 (AP)—Author Howard Vincent O'Brien, 59, died last night in a suburban Evanston hospital of cancer—the ailment that he had frankly discussed last July with readers of his column in the Chicago Daily News.

O'Brien had been ill for more than a year and his column—formerly a daily feature for almost 15 years—was written intermittently from the hospital room he called "Cell 208" during that time.

Last July 18, he wrote of his cancer, contending the disease should be given the "widest publicity."

"It was fastened to everything out involved considerable damage to adjacent and innocent property."

He advised his readers: "If a swelling turns up, don't be any flower about doing something about it—then you would about turning in a fire alarm."

O'Brien joined the Daily News as a book editor in 1928 after having written several novels in the preceding 16 years.

In 1932, he took over the column that had formerly been conducted by Eugene Field, noted author, who had called it "Sharps and Flats." O'Brien changed the title to "All Things Considered."

One of the most famous of his columns was written during World War II. It was entitled "So Long Son" and told of a father's farewell to his son going off to war. The column was dramatized on the radio and later published as a booklet.

The son, Donel, a navigator in an Army bomber later was killed on a mission over Germany.

### Truman Appeal

(Continued from Page One)  
sands of letters offering voluntary help have poured upon the committee since its creation last Thursday.

"Mr. President, the people of America have never failed in the accomplishment of any war," Luckman said. "They will not fail in this war on hunger. On their behalf we pledge you our most earnest endeavors."

The sayings of food here at home is only one phase of the Administration's program to help Europe. Before the food can be sent there, Congress must approve funds, either as loans or gifts, with which the European nations can buy it.

Mr. Truman has proposed \$500,000,000 as stop-gap aid and asked that key congressional committees meet as soon as possible to consider it. Mr. Truman made the request informally Monday and today made public a letter sent to chairmen of the committees.

"Political groups that hope to profit by unrest and distress," he wrote, "are now attempting to cast aspersions on the grave fears of the French and Italian people that they will not have enough food and fuel to survive the coming winter."

Mr. Truman thus mentioned no political groups by name. The principal argument which has been made for the aid-Europe program, however, is this: If France and Italy go hungry this winter, Communists may seize power.

All statistics indicate that 400,000,000 bushels of grain are the most we can export under present conditions, the President said, but there is "strong evidence" that at least 100,000,000 bushels more than this will be needed.

"This 100,000,000 bushels must be saved by the American people," Mr. Truman asserted.

upon Yugoslavia through the United Nations some decisions which would be humiliating for our people and for other Balkan countries, but I declare that we will never permit anyone to play the master in our country and impose his will."

Resistance to pressure, Tito said, depends upon "our not being shaken, not being intimidated by threats of atomic bombs or anything else."

"I think that today the strength of democratic elements in the world is so powerful that imperialism will not be able to realize its intention to launch a new world war," he said. "But the provocations are not excluded, and it is easier to begin these provocations where a nation is weak. Therefore, Yugoslavia must be strong."

### World Series

ers in right center and Johnny Lindell's double that bounced into the left field boxes chased little Vic Lombardi.

After yesterday's 5-3 Yankee success, announced when Ralph Brantley hit the high in the top run fifth inning after hurling no-hit ball for four perfect frames, the odd makers installed the American League champs as topheavy favorites. The price ran all way from 3 to 1 up to 4 to 1. They were quoted at 9 to 5 to make it two straight behind Allie Reynolds' pitching.

There was not much of a line waiting for the bleachers gates to open at 9 o'clock but two hours later most of the 18,800 seats appeared to have been taken.

With the players sharing in the receipts of the first four games, they were acutely aware of the cash pouring into the stadium till. The scene shifts to Brooklyn tomorrow and for the next three days, if three are needed, where they have only about 34,000 seats.

Although neither club announced how it split the swag, all indications pointed to an all-time high winning individual cut of over \$7,000. The present high is \$6,544, received by each Detroit Tiger in the 1935 win over the Chicago Cubs.

With Major Francis Sutherland's 71st Regiment band providing a musical background, the Yankees went out early for batting practice to find Charley Keller, 65-year-old outfielder whose play was lost for the season after a June operation, throwing to the hitters. He was followed by Red Ruffing, the old Yank "stopper" who tolled for the Chicago White Sox this season after his release.

When the Dodgers arrived in the field a little more than an hour before game time, there were few customers in the reserved and box seats. Apparently they were waiting until the last minute after chilling in yesterday's brisk breeze.

First Inning Dodgers  
Stankly and Robinson struck out; Reiser flied to Lindell.  
No runs, no hits, no errors, none left.

First Inning Yankees  
Stirnweiss singled to right field; Henrich singled, sending Stirnweiss to third; Lindell bounced to Jorgensen and started a double play with a throw to Stankly at second who relayed to Robinson ahead of Lindell. Stirnweiss scored on the play. DiMaggio singled; McQuinn fanned.  
One run, three hits, no errors, none left.

Second Inning Dodgers  
Walker lined to DiMaggio in center; Hermanski flied out to Johnson. Edwards fanned.  
No runs, no hits, no errors, none left.

Second Inning Yankees  
Johnson flied out to Walker; Rizzuto bunted to Jorgensen and was thrown out; Berra hit to Stankly and was tossed out.  
No runs, no hits, no errors, none left.

Third Inning Dodgers  
Reese walked; Jorgensen flied to Henrich and Lombardi flied to DiMaggio. Reese stole second.  
One run, two hits, no errors, two left.

Third Inning Yankees  
Reynolds went out; Jorgensen to Robinson; Stirnweiss lined over Stankly's head and went all the way to third; Henrich flied out.

Fourth Inning Yankees  
Walker hit a home run into right field stands, the first homer of the series. Hermanski bounced to McQuinn to Reynolds. Edwards popped up to McQuinn. Reese singled. Reese attempted to steal second and was cut down; Berra to Rizzuto.  
One run, two hits, no errors, none left.

Fourth Inning Dodgers  
Walker hit a home run into right field stands, the first homer of the series. Hermanski bounced to McQuinn to Reynolds. Edwards popped up to McQuinn. Reese singled. Reese attempted to steal second and was cut down; Berra to Rizzuto.  
One run, two hits, no errors, none left.

Fifth Inning Yankees  
Henrich walloped a 367-foot homer over the centerfield sign, the first Yankee home run in the Series. Lindell hit a line drive into left field stands for an automatic ground rule double. Hal Gregg, a righthander, relieved Lombardi. DiMaggio was thrown out at first by Jorgensen. McQuinn singled, scoring Lindell. Johnson hit to Gregg and the latter threw to Stankly at second in an attempted double-play but Stankly dropped the ball and both runners were safe. Rizzuto flied to Reiser. Berra struck out.  
Two runs, three hits, one error, two left.

Sixth Inning Dodgers  
Robinson flied to DiMaggio; Reiser singled over Johnson's head. Stirnweiss picked up Walker's grounder and started a double play with a toss to Rizzuto at second, forcing Reiser, and Rizzuto relayed to McQuinn to double Walker.  
No runs; one hit, no errors, none left.

Sixth Inning Yankees  
Reynolds singled and Stirnweiss walked. Henrich went out on a sacrifice bunt, both runners advancing. Lindell flied to Hermanski in left field, Reynolds scoring after the catch; DiMaggio fanned.  
One run, one hit, no errors, one left.

Seventh Inning Dodgers  
Hermanski fanned. Edwards singled. Reese flied to Henrich.  
No runs, no hits, no errors, one left.

### Citrus Juice

the channels of trade.

A actual shortage of orange and blended juices, the latter made from a mixture of orange and grapefruit juice, is indicated by the new report, which covers the period of June and July. The picture is less favorable on grapefruit juice, but its reserve stocks are being reduced gradually.

The new report shows a reduction in stocks of grapefruit juice held by "grocery and country" stores of 39 percent under a year ago. As of Aug. 1, 1947, the report stated, such retail outlets had inventories of this item of 3,070,000 cases, compared with 4,977,000 cases on the same date last year.

On oranges and blended juices, a substantial supply is indicated in the report, with an actual shortage possible before the new marketing season opens.

On orange juice, which has become more popular with the consuming public, supplies as of Aug. 1 were estimated at 2,228,000 cases, or 34 per cent less than last year's 3,399,000 cases.

Blended juice supplies were estimated at 1,512,000 cases this year on Aug. 30 per cent less than last year's 2,425,000 cases.

Consumers are buying canned citrus juices at a faster rate than last year, the report stated. Sales during the June-July period covered in the survey are given as 9,040,000 cases of all canned juices.

Sales of orange and blended juices, which showed sharp year-over gains during February, March and April-May this year, continued above last year for June-July, the report said, "but have shown a tendency to level off from previous high movements." Orange juice sales totaled 3,940,000 cases; blended juice 1,810,000 cases.

Grapefruit juice sales to consumers during June and July totaled 2,540,000 cases, the report states, 18 per cent below a year ago.

### Housing Shortage

high class people, she said, who like Sanford and want to live here.

Up to 8,000 "lock" last evening, she declared, she had been telephoning realtors and owners in a vain effort to locate, apartment or home rental accommodations. One man, who is a state distributor for a manufactured product, is anxious to locate here but is unable to find an apartment for his family, she said.

"I am getting six or more calls a day for apartments from people who want to live here," said W. R. Williams, realtor, this morning. A. B. Peterson likewise said that he is getting many similar calls.

"Shortage of housing will be one of the topics discussed by the Sanford Board of Realtors when they meet tomorrow afternoon at the City Hall with Tim Hutton, executive vice president of the Florida Association of Realtors," said Edward F. Lane, local realtor and president of the local realtors' group.

Mr. Lane revealed this morning that he is getting 12 to 15 calls a day for rentals. Some are retired businessmen, others are veterans who want to find homes or apartments to rent, he declared.

He stated, however, that Sanford was no different from Orlando, Orlando and other Florida cities in its lack of housing.

Jorgensen bunted safely, the throw to first went wild and Edwards went to third on the error. Arky Vaughan, batting for Gregg, flied to DiMaggio.  
No runs, two hits, one error, two left.

## Jewish Agency Voices Okey On Partition

### Claims To All Of Palestine Not Abandoned And Enforced Is Required

LAKE SUCCESS, Oct. 2 (AP)—Bulgaria accused the United States today of deliberately exaggerating the Balkan disturbances to "supply a good excuse to transform Greece into an armed camp of the United States." The Bulgarian attack was made before the 37-nation political committee of the United Nations Assembly less than 24 hours after two important developments affecting relations between the United States and Bulgaria. These were the granting of full diplomatic recognition to the Communist-dominated Bulgarian government by the United States and a simultaneously successful move led by the United States and Britain to bar Bulgaria from membership in the United Nations.

LAKE SUCCESS, Oct. 2 (AP)—The Jewish Agency, official voice of the Palestine Jews, declared today that it was prepared "most reluctantly" to accept the partition of the Holy Land into separate Arab and Jewish states.

It predicted enforcement measures would be essential to partitioning but that the Palestine Jews would be ready to defend themselves as a nation.

In its first official declaration on the recommendations of the United Nations Special Committee on Palestine (UNSCOP), the agency made clear that it was not giving up claims to all of Palestine as a Jewish national home but said it would accept partition in the interest of a solution.

## German Girl Tries Stowaway Trip To US

FRANKFURT, Germany, Oct. 2 (AP)—A blonde German girl, put in a box for a dramatic stowaway flight to New York, was found disheveled but alive today at the Rhein-Main airport.

Pilots said the flight would have meant "certain death" for the girl because the box would have been stored in an unheated compartment where temperatures have been below zero.

The girl gave the name of Doris Von Knobloch, 21.

Airport employees who became suspicious and opened the box found her wearing only a skirt and underclothing. She hastily donned a sweater, stepped out and appeared a bit dazed but nonchalant.

## New Election Sought By Conservatives

BRIGHTON, Eng., Oct. 2 (AP)—The Conservative Party adopted today at its annual conference a resolution rapping the Labor government for failing to meet the economic crisis and calling for a new parliamentary election.

The conference, largest in the party's history, adopted the resolution by unanimous vote after Anthony Eden, former foreign secretary and deputy leader of the party, had called for Winston Churchill's return to the Prime Ministry to rid Britain of "disorganization, confusion and loss of efficiency."

## ROCK HOUSES ANCHORAGE Alaska, Oct. 2

ANCHORAGE Alaska, Oct. 2 (AP)—Reports that Russia is building "rock houses" in the cliffs along the shores of Siberia opposite St. Lawrence Island have been received from Siberian natives visiting the American Island, the Rev. E. R. Parker, Presbyterian missionary on the island, said today.

## RULING APPEALED

DETROIT, Oct. 2 (AP)—Governor Kim Riker ordered today an immediate state Supreme Court appeal of a Detroit judge's ruling quashing a 15-year-old injunction against a life term— a decision the jurist said might free "practically every criminal now serving time in Michigan."

The Governor said he would instruct Attorney General Eugene F. Black to call the matter to the high court's attention in an effort to forestall a "wholesale opening of prison doors."

## Flash Storm Damages Florida Coast Homes

THESE TWO HOUSES WERE WRECKED at Smyrna Beach, Fla., after a flash storm at sea off the northeastern coast of Florida caused excessive high tides. Numerous homes and buildings along the State's beach-fronts were damaged. In the area near Jacksonville damage was estimated at about \$300,000. (International)

## Bus Fired Upon In Mississippi Transport Strike

JACKSON, Miss., Oct. 2 (AP)—The Highway Patrol said officers have apparently cornered the "person who fired on the bus." Police said the man had been perched in a wooded area near Hattiesburg, and that a call was sent to Parchman Penitentiary for bloodhounds, preparatory to a final closing-in operation.

JACKSON, Miss., Oct. 2 (AP)—A passenger bus of the Southern Bus Line Co., Inc., whose former drivers are on strike, was fired on today a few miles north of Hattiesburg, in a renewal of violence.

The shooting occurred in spite of a warning from Governor Fielding L. Wright that National Guardsmen would be placed on the buses with orders to "shoot to kill" if the shooting continued.

The State Highway Patrol office reported from Hattiesburg that patrolmen had been sent to the vicinity of the shooting in an effort to arrest its attacker.

The bus, southbound from Jackson, (Continued on Page Eight)

## Capt. Farran Freed Of Murder Charge

JERUSALEM, Oct. 2 (AP)—A military court acquitted Capt. Roy Alexander Farran today on a charge of murdering Alexander Rubowitz. It ruled that the missing 16-year-old Jewish boy had not been proven dead.

The youth was abducted May 6 while posting signs for the Jewish underground. The prosecution based its case largely on a light gray hat found near the scene of the abduction which it contended bore the name "Farran."

The court deliberated five minutes after the prosecutor had conceded a defense contention that "there is no case for Farran to answer."

Farran, who has decorations from the British, United States and French governments formerly was leader of a Palestine police "Lightning Patrol" which operated against the Jewish underground. He had pleaded innocent.

## REDS KILL WOMAN

VIENNA, Oct. 2 (AP)—An Austrian government official said today a plane identified as Russian dropped a bomb near the Matras railway station in lower Austria Monday, killing a woman, injuring her husband and damaging several houses. No comment was available from Russian sources here.

## Hendricks Urges Eisenhower For Vice President

WASHINGTON, Oct. 2 (AP)—Rep. Hendricks (D-Fla.) said today he "can't see where the Republican party has any claim" on General Dwight D. Eisenhower and advocated his nomination for Vice President by the Democratic Party.

General Eisenhower, who has disclaimed any political party affiliation, is resigning as Army Chief of Staff to become president of Columbia University next year and has been prominently mentioned as a possible Republican presidential nominee by several high G. O. P. councils.

Besides Hendricks, Rep. Smathers (D-Fla.) and Senator Sparkman (D-Ala.) have advocated Eisenhower's selection as President Truman's running mate. Senator Pepper (D-Fla.) said if President Truman approved Eisenhower, (Continued on Page Eight)

## British Board Two Jewish Refugee Ships

JERUSALEM, Oct. 2 (AP)—British naval parties boarded two refugee ships crammed with visas Jewish immigrant off Palestine tonight and headed the vessel toward the port of Haifa.

About 3,500 Jews were believed to be aboard the Paducah, renamed the Geula (Redemption) and the Northland, called the Yehudit (Jewish State) by the immigrants. The vessels were boarded about eight miles off Athlon on the North Coast. The refugees embarked in Bulgaria.

British authorities were expected to deport the Jews to Cyprus tonight. A broadcast purporting to emanate from one of the ships said earlier that they were surrounded by "a cluster of British vessels preparing to attack."

## Final Report Made On Recent Hurricane

WEST PALM BEACH, Oct. 2 (AP)—The hurricane which struck Florida Sept. 17-18 killed 16 persons and injured 180, Red Cross disaster headquarters reported today in a recapitulation of casualties and storm damage.

The report, from the office of Earl Logan, showed there were 205 houses destroyed, 10,542 damaged and requests for aid from 17,076 families.

Twenty-two persons were seriously injured, 12 of them in the Apalachicola area from a tornado spawned by the hurricane. In all, 27 counties were affected. Palm Beach, reporting 3,900 houses damaged and 1,400 families applying for aid, led the list in those categories.

## Sanford Fishermen Catch 13 Black Bass

Theo Pate and Ernest Southward are proud fishermen today, after catching 13 black bass in the St. Johns River early this morning.

The two Sanford anglers would disclose no concrete information as to the location of the fishing activity, nor would they indicate the type of lure or bait that was being employed.

The fish were all about the same weight, varying from three pounds to four pounds. Mr. Pate revealed that he caught the limit near the same spot yesterday and from all accounts there are many more where these left the water.

## PIRATES' MANAGER

PITTSBURGH, Oct. 2 (AP)—The Pittsburgh Sun-Telegraph said today that Billy Meyer, manager of the Kansas City Blues, 1947 American Association pennant winner, has been named as a manager of the Pittsburgh Pirates.

## Wallace Attacks Bankers & Army On Foreign Aid

PITTSFIELD, Mass., Oct. 2 (AP)—Henry Wallace says Congress should appropriate the \$18,000,000,000 relief loans that 16 European nations have asked for under the Marshall Plan but he wants no financiers and military men in Washington dictating the terms.

The former Vice President moved in western Massachusetts on the third day of his 11-day tour through five New England states, all except Republican Maine.

He told a Harvard University audience of 4,500 at Boston last night that there must be no attempt to dictate to nations receiving aid the kind of internal economic and political structures they shall have.

Because he said financiers "believe private investment and profits are the chief motivating force in human society and military men are trained to believe that peace is maintained only by force," Wallace recommended that both groups "should be returned to private life."

"The heart of their policies," he said, "is the restriction (Continued on Page Eight)

## Local Men Fined On Charge Of Stealing

Two local men who had been held in County Jail since Sunday night on a charge of stealing tools from Albert H. Collins on Sept. 11, were released by County Judge R. W. Ware following a hearing at 10:00 o'clock this morning. They were released, said Judge Ware, on the ground that the State was unable to establish the stealing of the property, to produce the tools or to connect the defendants with the alleged stealing.

The two defendants, George W. Carlton and Clarence Parrish, were brought back to Sanford from Louisiana Sunday night by Deputy Charles Beck to whom a sheriff in that state had turned them over.

The State was represented in the hearing by Assistant State Attorney George A. DeCottes. The defendants were represented by G. W. Spencer.

## C. F. ADAMS DIES

BOSTON, Oct. 2 (AP)—Charles F. Adams, 70, a country boy who founded the largest New England-owned grocery chain and became the region's best known sports promoter at the same time, died today. His versatility as a financier led him to organize the first national stores and to set up two of Boston's biggest sports ventures—the Bruins Hockey Club and Suffolk Downs horse race track. For a short time too he held controlling interest in the Boston Braves baseball club.

## Meat Prices Continue Rise To New Peaks

Food Group Warns  
Don't Start Next  
War In Garbage Can;  
Big Drive Planned

IS the Associated Press—Prices of meat and wheat—two staples of the American diet—continued to rise to new peaks today as President Truman's drive for "self-rationing" to conserve grain for Europe went into high gear.

There were hints the Administration might take more drastic steps if necessary "such as price control and compulsory rationing."

Live hogs at Chicago climbed for the fourth straight day and reached a top of \$30.25 a hundred pounds early in the market that was 25 to 50 cents higher. The top was within 25 cents of the all-time peak reached last Sept. 11.

December wheat futures on the Chicago Board of Trade for the second straight day advanced to a new record peak. The price reached \$2.94 a bushel, 2 1/4 to 2 3/4 cents above the previous close, and then backed up to \$2.92 1/4 to 1/4 above yesterday's finish. (Continued on Page Eight)

## Warmer Weather Is Predicted For U.S.

By ASSOCIATED PRESS—Warmer weather can be expected for most of the eastern half of the country today as autumn's cool snap kept early morning temperatures below and near the freezing mark in parts of West Virginia, Virginia, Pennsylvania, Ohio and Michigan.

The cool weather centered in West Virginia. Elkins reported a low of 22 and Petersburg's minimum was 25. At Gordonsville, Va., in the western part of the state, the mercury was at 27 this morning, and at Richwood it was 30 degrees higher. Loss in Pennsylvania included 29 at Mercer, two degrees cooler than at Front Royal, Va. Freezing weather was reported in Colorado and Idaho.

## Arab Leader Warns Against Partition

CAIRO, Oct. 2 (AP)—Sheikh Hassan El Hanna, Muslim Brotherhood leader, today warned United Nations Secretary General Trygve Lie and U.S. Secretary of State George Marshall that the creation of a Jewish state in Palestine would "trip the mine" that would lead to a Jewish-Muslim war.

"The Muslim Brotherhood considers the Palestine Arab case a case for all the Moslems in the world," El Hanna declared in a cable to Lie and Marshall.

The fulfillment of Zionist ambitions, he added, "and the creation of a Jewish state in any part of Palestine would turn the whole Middle East into a field of massacres, responsibility for which would be laid on the shoulders of those supporting Zionism against the clear Arab right."

"Our faith orders us to resist this imperialist aggression with all our might," the Muslim leader asserted.

"The Jews enjoyed under Arab rule the security they have been deprived of in the present European civilization."

"The only means of stabilizing peace in the east is a declaration of independence for Palestine, the withdrawal of British troops and the creation of an Arab democratic government," El Hanna concluded.

## PROTEST FILED

WASHINGTON, Oct. 2 (AP)—France, Belgium and Holland have protested against the British-American agreement turning over management of the Ruhr coal mines to the Germans. State Department officials said today the three governments contend the plan concentrates too much power in German hands and may turn in a potential instrument of German aggression against her neighbors.

## POPE SEES LEGION

## Successful Operations Shown For Elimination Of Worry

CHICAGO, Oct. 2 (AP)—The prefrontal lobotomy—an operation in which the "worry" portion of the brain is short-circuited by severing its communication lines—has proved successful in two-thirds of the cases undertaken, the man who pioneered such surgery in America reported today.

Dr. James W. Watts, professor of neurological surgery at George Washington University, Washington, D. C., said brain operations he has performed since 1936 on 631 patients produced "good" results in one-third of the cases, moderate relief in another third and failed to bring any improvement in the remainder.

Three groups of patients have been subjected to the operation—those suffering from schizophrenia, involutional melancholia and obsessive tension.

## Forrestal Calls Marxian Thesis Pure Nonsense

U. S. Industry Spending Billions Preparing For Peace

NEW YORK, Oct. 2 (AP)—The Secretary of Defense last night termed "pure nonsense" the Marxian thesis that "the form of private ownership we know as business capitalism is provocative of war."

Secretary James Forrestal deflected directly to the recent "wily imagering" charges made by Andrei Y. Vishinsky, Russian UN Delegate, in addressing the Army Ordnance Association. But he told the 1,500 business men at the dinner, because this thesis has been traversed during the past

## Vegetable Crops Seriously Hurt By Early Frosts

By ASSOCIATED PRESS—Damage to growing crops by recent early frosts was reported from various sections of the country today.

Freezing temperatures in West Virginia, Ohio, Virginia, Pennsylvania, Michigan and New Jersey last night and earlier this week have caused considerable damage to grain and vegetable crops in those states while in most of the Middle West it appears that approximately 75 per cent of the corn has escaped serious frost damage.

In Ohio agriculture authorities said the state's corn crop had

## HUNGARIAN PURGE

BUDAPEST, Oct. 2 (AP)—Budapest newspapers said today that the government coalition parties, led by the Communists, would file charges this week contesting the Hungarian Independence Party's participation in the last national elections.

An independence party spokesman said the move was part of a campaign to purge parliament of anti-Communist members.

## Brooklyn Sends New- some To Showers In Second Inning With Six Runs

By JACK HAND—EBBETS FIELD, Brooklyn, Oct. 2 (AP)—Brooklyn opened up an early lead on the New York Yankees and just "lashed" through the longest nine-inning game in Series history to earn a 9-8 edge for their first victory in the third game of the 1947 subway series.

Curry had a "home call" in the Yankee eighth when Henrich walked and Landell singled to left center but Joe DiMaggio, trying to stop his losing, dumped a weak grounder toward Stanky who touched Landell as he sped by and threw to first, doubling DiMaggio. McQuinn left Henrich on third when he grounded to Jackie Robinson, who lost him to the bag.

Landell thought Stanky missed him at second and protested to Umpire Bill McGowan to no avail. He drew a storm of boos from the crowd as he went back to the dugout.

In the three-hour and five minute struggle that consumed five Yankee pitchers and three Dodger choppers, the Brooklyn club opened its home half of the Series (Continued on Page Eight)

## Bulgaria Officially Recognized By U.S.

WASHINGTON, Oct. 2 (AP)—Government officials said today a decision to resume full diplomatic relations with Bulgaria was more or less "dictated" by acceptance of the peace treaty with that Communist dominated nation which went into effect Sept. 19.

The State Department ended a six-year break yesterday by extending recognition to the Bulgarian government and naming Donald R. Heath, 63-year-old career diplomat, as the U.S. minister. At the same time, however, this country maintained its vigorous opposition to admission of Bulgaria to the United Nations Assembly.

## Polish Official Says Priests Remain Free

WARSAW, Oct. 2 (AP)—A government spokesman registered concern today over "unrepresentativeness" which he said were contained in a pastoral letter by Poland's Catholic bishops accusing the Polish government of conducting "a struggle" against the church.

"There is ample opportunity," the spokesman said, "for perfect coordination between the church and state in Poland upon the condition the church does not interfere in political affairs and the government does not interfere in religious."

"As far as the government is concerned, it fulfills its promise."

Referring to a statement in the letter that Catholic priests were unable to speak freely for fear of arrest by the security police, the spokesman said he knew of no case where a priest had been arrested as a result of his sermons. The only priest arrested in Poland, he asserted, were those connected with the underground.

The spokesman maintained that the Catholic press has had greater freedom to criticize the government than other publications.

## METHODISTS ADJOURN

## MEETING POSTPONED

The meeting of the Sanford Board of Realtors, scheduled to take place this afternoon at the City Hall will instead be held Friday afternoon at 4:00 o'clock due to the fact that Tim Hatton, executive vice president of the Florida Association of Realtors, was unable to be here today, said Edward Lane, president of the local Board.

**No Cameras Allowed At Royal Wedding**

LONDON, Oct. 2. (AP)—News-reel men and television and radio broadcasters will be barred from the royal wedding ceremony in the Abbey, London, today.

Princess Elizabeth, heiress presumptive to the throne of Britain, becomes the bride of Lieut. Philip Mountbatten.

After much consultation among the officials in charge of arrangements, however, it was decided that some news reporters and still photographers would be among the guests in the Abbey, which can accommodate 1,500 persons.

Details still are to be ironed out, but it was believed that accreditation tickets would be allotted in black for the British, the Dominions, the United States and the "foreign press" for each group to distribute in a representative manner.

**Hints Are Given On Fingernail Polish**

By BETTY CLARKE  
AP Newsfeatures Beauty Editor

The new feminine silhouette calls for a more ladylike makeup and more genteel fingertips. Of course you may use polish, but the long, claw-like fingernails are out. Furthermore, too deeply colored polish will mar the general picture of demure femininity.

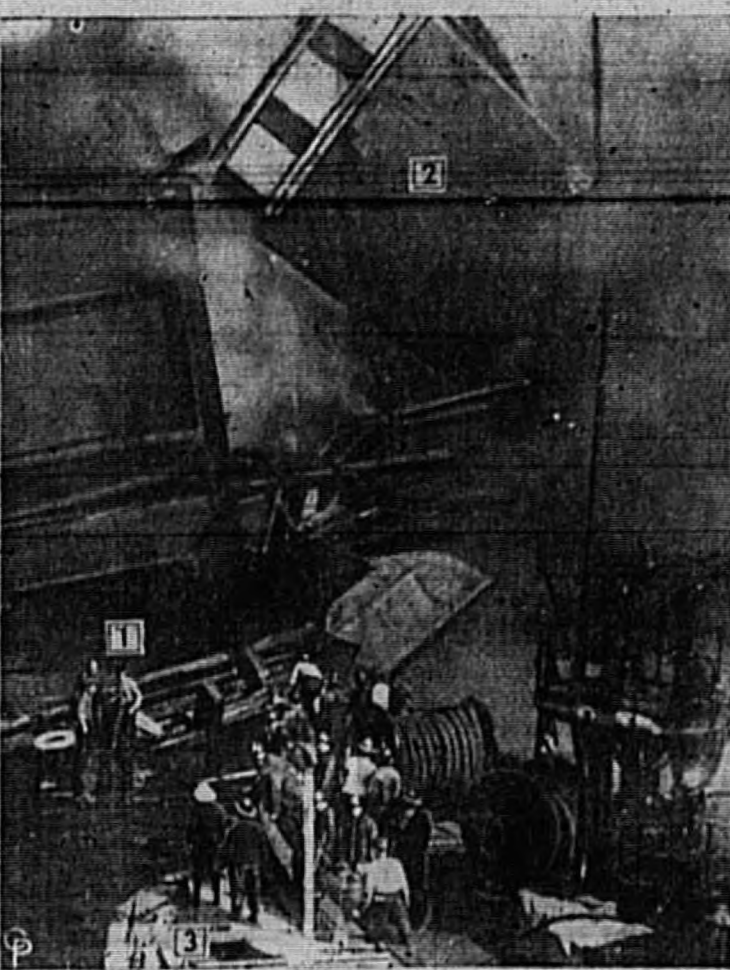

Remember basic colors—dark red, blue, green, and white. If you have a Gibson Girl blouse, you'll find large roses in the rug; smaller ones spashing lamp globes and drapes. Swains did their courting with roses. If Mom had worn nail polish and lipstick in those days she'd probably have selected a rosy hue.

This year, along with the trend back to 1912 fashions, deep rose is a popular shade in nail polish and lipstick to blend with fall and winter pastels, blues, black and violet.

An attractive shade, it can be worn by either blondes or brunettes. A rosy hue is flattering to almost every type, including the grey-haired lady.

The fact that shorter nails will be stylish should be good news, as they not only look prettier but are easier to keep. So the girls who never could get their nails to grow long needn't be upset any more. Keeping the nails only slightly longer than the ends of the fingers will result in fewer chips and breaks. This can be accomplished if the nails are manicured and oiled properly once a week.

When shaping the nails, smooth the edges so that they can't tear or scratch. Make the nails an oval shape and don't file them down at the corners. By letting them grow out, your finger can form a little cushion to keep them from breaking.

**MENU**  
By CHARLOTTE ADAMS  
Associated Press Food Editor

More and more women are interested these days in preparing delectable food which takes a little time and trouble as possible to cook. "Just A Minute," by Alice Wilson Richardson (Procyon Press, 1947) is written for those women. It isn't a complete cookbook. It doesn't pretend to be. But it has some of the most original, easiest to prepare recipes I've seen in a long time.

The book contains material on utensils, shortcuts and tricks, an especially fine chart on the use of herbs. Naturally, anyone who writes on quick cookery in these times includes general material on the advantages of quick frozen foods and of pressure cooking.

The greater part of the book is devoted to quick entrees and easy menus. Right there beside the Menu, with variations, is given the recipe for the main dish. Other recipes (starred) are to be found later in the book. For ex-

ample:  
For Dinner: Lamb on Skewers; Turkish Rice; Mixed Green Salad; Coffee. Variations: The Dish; French Fried Onions; Garlic Rolls; Fruit Bowl; Coffee. Variation II: Tomato and Beef Consomme; The Dish; Scallops with Sour Cream; Broiled Grapefruit; Coffee.

Lamb On Skewers  
2 pounds lamb  
1/2 pound medium-sized mushrooms  
3 tablespoons olive oil  
Oregano  
Thyme  
Salt and pepper  
1 bay leaf  
4 medium-sized tomatoes  
4 cloves garlic

Serves 4. Time: about 30 minutes.  
Have butcher cut lamb in 1 1/2 inch cubes. Stem mushrooms. Place lamb and mushroom caps on paper. Pour olive oil in glass jar and add pinch of oregano, thyme, salt and pepper and crumbled bay leaf. Shake well and pour over lamb and mushrooms. Let stand for half an hour or more, turning them at intervals, so they will become well marinated. Cut tomatoes in quarters and garlic cloves in half. Thread ingredients on

metal skewers, alternating lamb, mushrooms, tomatoes and garlic. Cook skewers on broiling pan 4 inches from medium flame. When brown on one side, turn and brown on other. This may also be cooked over charcoal.

Tomato and Beef Consomme  
1 can tomato juice  
1 can beef consomme  
Thyme  
2 tablespoons sherry  
4 tablespoons sour cream  
Heat tomato juice, consomme and pinch of thyme to boiling point. Add sherry and pour in

boillon cups. Drop 1 tablespoon of sour cream on top of each.

Mint Peas  
2 pounds peas  
1 tablespoon sugar  
1 tablespoon vinegar  
1 teaspoon salt  
Mint leaves

Put peas in saucepan with 1 cup boiling water. Add sugar, vinegar and salt. Boil 15 to 20 minutes, covered. Five minutes before they are done add about 10 mint leaves.

This last dish would be even easier made with quick-frozen peas, as I'm sure Alice Richardson would agree. I would suggest that you cook the peas according to directions on the package, drain, and then add the other ingredients just before serving.

### Iowa Man Shows How To Beat The Housing Shortage

By HAL BOYLE  
BURLINGTON, Iowa, (AP)—E. C. Etchison, 64, didn't let the housing shortage get him down—he went to work and single-handedly built a brand new home 45 blocks long and 33 blocks wide.

Neighbors call it the "kindlelow," because it is a bungalow made from kindling.

Etchison constructed the building from eight-inch square blocks sold by a local lumber yard as firewood. He and his wife were living at their daughter's home two years ago when he conceived the idea of building a place of his own.

But materials were scarce and high-priced. Then Etchison learned that the lumber yard had thousands of good white pine blocks. They had been purchased originally by the huge Iowa Ordnance plant here during the war for use in shipping fuses and other ordnance parts. Etchison decided to build a "block house" when the lumber yard offered him all he wanted at \$6 to \$8 a ton.

He began August, 1946, working in his spare time. Two years and 20,000 wooden blocks later—he used 22 tons altogether—he had a complete three-room house, a garage, a brooder and a henhouse for the family's flock of 100 chickens.

His "kindlelow" is a home many a young bride, weary of cramped wartime housing, would love to live in.

"I designed the place as I went along," said Etchison. "The only help I had was from my wife. There wasn't any waste. Any blocks that couldn't be used for building made good firewood."

Among "new" features of the "kindlelow", which measures 22 by 30 feet, is a cement roof. Etchison, a cement finisher, rebelled against buying conventional roofing material because of its expense.

"The cement roof is sagging up well," he said, "and we don't have to worry about the block walls warping out of shape either. The wood is well seasoned. The house'll last as long as we have any need of it."

The Etchisons lived in the garage while the "kindlelow" was being built. Etchison bordered it with 25 kinds of flowers.

"We moved in and had our first meal here last Mother's Day," said Mrs. Etchison. "I call it our 'dime house' because every time we got a dime we invested in another section of wall."

The blocks were cemented and nailed together. Sanded, stained and varnished, they made a beautiful parquet floor. Etchison does not think his "kindlelow" will ever really be finished. He still has a pile of several hundred blocks and wants now to add a front and back porch and other units.

"I never built a house before," he smiled, "but I've done considerable patching."

He estimated that altogether he had spent between \$2,000 and \$3,000 on the house and its buildings.

"People wouldn't think it would run that much," he said, "but kindling costs money, too, nowadays. And you have to buy all kinds of other things."

The Etchisons live alone in the "kindlelow" with "Shrimp," their Spitz dog and "two or three cats

### Adler Says Papers Stronger Than Ever

By HAL BOYLE  
No body kicks a dog or beats a horse.

This, however, is "Newspaper week," and the press enjoys no such immunity. As usual, it is healthily open both to catcalls and kind words.

One who is ready at all times to lend a knuckle in its defense is E. P. Adler, who has spent more than 62 years in the newspaper business and reached the conclusion that the American press has a better life expectancy than its critics.

"Newspapers are as firm in the people's minds as ever," Adler said this week on his seventy-fifth birthday anniversary. "They are continuing to improve as they have in days gone by, and they are more read than they ever were."

Few people are in a better position to note the changes in the newspaper than this small, bespectacled, white-haired publisher. His own career has symbolized them.

He began as a "printer's devil," worked around the midwest as a tramp printer in the golden age of that craft, then switched to the editorial and business side. Today he is president of the Law Syndicate, which publishes eleven daily papers in Iowa, Wisconsin, Illinois, Missouri and Nebraska.

Adler is a nationally known leader in the small city newspaper field—a dean who never wants to become dean emeritus. When he went to work before his thirteenth birthday his starting weekly wage was zero minus a dollar—his father paid a printer the dollar each week to teach young E. P. how to set type. Newspapers were small, hand-set, printed on flatbed presses, and their news coverage of events outside their immediate communities was generally poor.

"The invention of the web press and the linotype, the development of press associations and wirephoto, changed all that," Adler recalled.

"At my age you tend to live in the past. But there is really no comparison. Newspapers of today are wonderful—so different from those of earlier days. The news and picture coverage is more complete in every way."

Adler is optimistic over the future of the American newspapers and feels that radio, television and facsimile transmission will never run them out of business.

"All a newspaperman has to do is to put out a good newspaper—print the real news—and he'll sell his newspaper all right," he said.

"Freedom of the press is one of the strong points of America. I believe there still is freedom of the press, and I believe there always will be."

Adler still rises at 6 A. M., walks a mile and a half to his office every morning. Pleased but not overwhelmed by a flood of that stay around."

"Our seven children are all married and gone," said Mrs. Etchison. She likes to show her home to visitors who come many miles to see it. And she is proud of a remark made by one elderly lady Etchison's handiwork.

"It just goes to show what you can do if you really want to."

### Immunization Is Urged For Travelers

By MICHAEL GOLDSMITH  
AP Newsfeatures  
GENEVA, Switzerland—An expert committee of the World Health Organization has recommended compulsory immunization of all persons who travel to Mecca on the annual Moslem pilgrimage.

The Interim Commission of the World Health Organization set up congratulatory telegrams to each of the 75, he answered those who asked his success formula in one word—perhaps the least popular four-letter word in the language: "Work."

"Work has been my most fun in life. It still is."

the committee last April, largely as a result of representations by the government of Saudi Arabia. The committee's report proposes that all pilgrims undertaking the journey to Mecca should be compulsorily immunized against smallpox, cholera and, possibly, yellow fever in their own countries before departure. Such a safeguard, the report pointed out, would protect the health of Saudi Arabia, as well as that of their countries of origin.

The committee also suggested new sanitary regulations to cover pilgrims arriving by air and by land. The international conventions hitherto had only dealt with the great majority of pilgrims who arrived by sea at the port of Jeddah, while those who journeyed overland from the Mediterranean areas and the ever-increasing

number who arrived by air were placed under a separate control. Britain's Dr. G. Stuart, one of the secretarial members of the committee, stressed the importance of adequate sanitary control of the 100,000 Moslem pilgrims who stream to Mecca every year from countries as far removed as West Africa and the East Indies.

Although there was no evidence at the moment of serious epidemics in Saudi Arabia or in any of the pilgrims' countries of origin, Dr. Stuart said, the pilgrims "could, in certain circumstances, undoubtedly represent a great potential danger to the health of large areas of the world and must therefore be carefully watched."

### SEMINOLE GRID TEAM READY TO BATTLE EUSTIS

The Seminole High School Celery Feds are ready for the grid tiff with the Eustis Panthers in the Lake County city tomorrow night.

The Celery Feds have been working hard this week polishing off the week spots that were found in the battle with the Gainesville Purple Hurricane outfit last week.

Last Friday night the Eustis eleven opened the 1937 season against the DeLand School Bulldogs, one of the better teams in the conference, and were soundly trounced by a 19 to 0 margin.

The loss of big Ray Gatch in the Panther backfield is already beginning to become evident.

The Panthers will outweigh the Feds, as did the Hurricane aggregation last week, but the Feds have been given an even chance to break the Eustis jinx that has been hovering over Seminole grid aggregations for many years.

Probable starting lineup for the Panthers will include L.F. Buddy Arnold, 150; L.T. Billy Harper, 170; I.G. Charlie Dillard, 150; C. Joe Montiehl, 160; R.G. Elmer Jenks, 195; R.T. Frank Parsons, 180; R.F. Stacey Pitt, 140; Q.H. Earl Peterson, 140; L.H.B. Neal Dillard, 140; R.H. Dennis Hugh, 160 and P.H. Albert Huskey, 160.

**Reynolds To Hunt After World Series**

NEW YORK, Oct. 2, (AP)—Allie Reynolds will soon be back in Oklahoma, "doing a little hunting," but he won't get the bang out of it that he experienced yesterday in winning the first World Series baseball game he ever pitched.

"I'm ready if Buckey Harris needs me again, but I don't think he will in this Series," said the big right-hander after he had scattered nine hits in hurling the New York Yankees to a 10-3 triumph over the Brooklyn Dodgers.

"As soon as we win four games I'm going to Oklahoma City, take care of some personal business and then go hunting," Reynolds declared. "You know, it's a bad business that doesn't allow you time for hunting."

**HOUSTON WINS**

MOBILE, Ala., Oct. 2, (AP)—The Houston Buffs, standard-bearers of the Texas League, ran over the Mobile Bears, Southern Association Champions, 7 to 0, last night to take a 3 to 2 lead in the playoff for the Class AA title.

Next game of the Series will be played in Houston Friday night. The teams had an off-day today for traveling.

### Sports Roundup

By HUGH FULLERTON, JR.

NEW YORK, Oct. 2, (AP)—During an intermission in Pete Reiser's tumbling act at Yankee Stadium:

ed: "Well, there's no World Series hero yet, but we can have a goat" . . . as of today the Hums (no capital B, please) could pass for a herd of registered toggenburgs . . . Reiser was the champ for yesterday, of course, when he went after Bill Johnson's hit in the fourth as if he was expecting to bounce off the Ebbets Field wall any moment and finally tumbled over backwards as he got his hands on the ball. Pete nervously had made a long, futile dive for Johnny Lindell's triple, and later he, Pee-wee Reese and Gene Hermanski all stopped to look at one another while Phil Rizzuto's fly fell for a double . . . Jackie Robinson didn't look so good, either, when he let Albe Reynolds' grounder skid past him in the seventh and then hesitated so long he couldn't make a play on Snuffy Stirnweiss' hopper . . . as for the Dodger pitchers, the less said, the better . . . if you want to know about Reynolds? The football weather must have suited the former Oklahoma halfback.

**It Wasn't A Pose**

While photographers were posing Dodger Manager Burt Shotton and starting pitcher Vic Lombardi together before the game, one suggested they should look more serious . . . "What's serious about it?" Burt demanded. "You can cry if you want; I'm not going to." . . . Wonder how he felt two hours later.

**Stadium Shadows**

One first game World Series record that escaped notice for a while was that sportswriters filed 266,000 words by telegraph from the Stadium . . . That's a long way of saying "Nothing much happened." Among those present, enjoying the proceedings and attracting very little attention was ex-President Herbert Hoover . . . Charley Keller, who pitched for part of the Yankee batting practice yesterday, reported that the pain is gone from his injured back but it feels "terribly weak."

After the first game, Scout Paul Krichell told Manager Buckey Harris, "Win the next one with authority." . . . That must have been an order . . . When someone told Warren Giles that the opening game looked like the Reds meeting the Phillies on a dull Tuesday, the Cincinnati president bristled: "We've had lots better games than that on Tuesdays—especially when Blackwell was pitching." . . . and Buckey Harris' answer to a query between this Series and his first was: "There weren't 75,000 people there in 1925."

**Villanova U. Warns Miami To Look Out**

VILLANOVA, Pa., Oct. 2, (AP)—"Look out, Miami!" is the cry of the Villanova College football team which came through the game with Army sadly disappointed. It had been unable to break the Cadets' three-year victory string but in good physical shape.

The Wildcats meet the Florida eleven Friday night at Shibe Park in Philadelphia. Army defeated Villanova, 13-0, last Saturday.

Wildcat Coach Jordan Oliver said back Bob Polidor, injured in the Army game, will be ready for Miami, as will guard George Pavliko, providing X-rays show no serious damage to his injured hand.

The official name of Albania is Shqipëria.

Whatever the final result of the World Series may be, the Brooklyn Dodgers can boast that they scored the first run at the Yankee Stadium in New York. And here is the photographic record, as Pete Reiser, center fielder, contacts the home plate in the first inning. He scored from second on Walker's hit to left field. (International)

### SERIES MOVES TO EBBETS FIELD FOR "BUM" BOOSTERS TO EYE TILT

By TED SMITH

BROOKLYN, Oct. 2, (AP)—The Brooklyn Dodgers came home today to try to keep the World Series alive before their loyal adherents in Ebbets Field.

Grey skies, moderate temperatures and only mild baseball weather than prevailed at Yankee Stadium where the terrifying American League champions won the first two games in the best four out of seven match.

Bobo Newsom, ancient (38) and much travelled (eight different Major League ball clubs), is manager Buckey Harris' pitching choice for the New York Yankees today. Thirty-year-old Joe Hatten, appears to be manager Burt Shotton's nomination.

Whereas the first two games in Yankee Stadium drew crowds of 73,365 and 69,965 (the decline came in standing room admissions), Ebbets Field can hold only about 34,000. Every reserved seat has been sold for a week and \$3,000,000 was turned back.

For this reason the bleacher line formed very early despite the chilly night. Also 100 men slept on the sidewalks outside the park before dawn 1,000 persons were in line.

The police department kept 50 officers on duty throughout the night, and augmented this force with 400 in the morning. "We'll have more later on," said precinct headquarters.

There was no disorder. Possibly the heart has been taken out of Dodger supporters by those first two Yankee victories. The scores were 5-3 and 10-3. Ralph Branca and Vic Lombardi went badly mistreated.

But even in the depths of discouragement, Brooklyn fans are

noisy which means that the games here will be played in an entirely different atmosphere than those in Yankee Stadium. Within memory World Series crowds never have been subdued.

Not since the New York Yankees of 1939 defeated the Cincinnati Reds in four games has a World Series been decided as decisively, but the Yankees of 1947 are talking four straight.

"Two down and two to go," yelled George Stirnweiss, Yankee second baseman, after yesterday's victory and the cry was taken up in the luxurious dressing rooms of the winners.

Baseball players share in the profits only the first four games, a rule designed to remove even the suspicion of promoting the Series for financial gain.

Present indications are that the winning players of the 1947 Series will receive \$7,000 each, and the losers \$5,000—new high records in both instances.

Iceland has no railways.

### RICHMOND U. AND ROLLINS TARS TO TANGLE IN ORLANDO SATURDAY

RICHMOND, Va., Oct. 2, (AP)—The Richmond University football team will bring his team to Orlando Saturday for an engagement with the Rollins Tars. He's Johnny Fenlon, coach of the University of Richmond.

Fenlon took over the coaching reins at Richmond in 1942 and promptly installed the "T." A former George Washington University "All-American," Fenlon could only use the "T" one season, because Uncle Sam carried him off to the wars in 1943.

The last year he was back, and with him came the T-formation to Richmond again. The Spiders wound up sixth in the Southern Conference in 1946 as Fenlon's club won six, lost two, and tied two. They were runner-up for the Virginia State championship.

This season, Fenlon had to do a little rebuilding. He lost three first stringers in the line and the starting quarterback. The holes were plugged with reserves from last year's squad and freshmen, but weaknesses were apparent even though Richmond subdued Randolph-Macon, 28-7, in the season's opener. The shortcoming stood out glaringly last week as the Spiders dropped their initial Southern Conference game to Washington and Lee, 16-3.

To add to his woes, two returning first-string linemen are missing from Fenlon's line. Another player, tackle Reid Spencer, only returned to action briefly last Saturday after being out with a broken wrist.

In the backfield, three lettermen have been sidelined with injuries. But with a couple of fast-moving fellows named Jack Willbourne and Sugar Halston carrying the mail, Fenlon isn't too worried about his backfield. Halston suffered a bruised rib in the Washington and Lee game, but is expected to be ready to ride Saturday. He and Willbourne were among the Southern Conference's leading ground gainers.

**Entrants In Florida Open Polish Games**

ORLANDO, Oct. 2, (AP)—Entries in the Florida State Open Golf Tournament polished up their games in practice rounds over the Dulsread Country Club today in preparation for the opening 18-hole round tomorrow.

George Holstath of St. Petersburg and Pete Cooper of Ponte Vedra Beach, professionals regarded as the favorites, were expected to join early arrivals for a quick round over the links. Cooper won last year's play.

Pairings for tomorrow's round will be made up this afternoon. Another 18-hole round will be played Saturday and 36 holes on Sunday.

Joining the list of early arrivals yesterday was Gerald (Gee) Walker, Columbia, S. C., baseball manager who teamed with Mrs. Mildred (Habe) Zaharias here last winter to win the Florida two-ball play.

 Help 15 Million of Kidney Tubes Flush Out Poisonous Waste  
 If you have excess of acids in your blood, your 15 million of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it causes aching backache, rheumatoid pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
 Kidneys may need help the same as how a pump needs help. Lydia E. Pinkham's Vegetable Compound is the best. It is a stimulant diuretic, used successfully by millions for over 40 years. Don't give happy relief until you have the 15 million of kidney tubes flush out poisonous waste from your body. Get Down's Pills.
