CAPT. JAMES O. MAYO, commanding officer of Heavy Attack Wing One, poses with the array of trophies presented Saturday at the conclusion of the 10th annual Bombing Derby at Sanford Naval Air Station.

CHAMBER OF COMMERCE was host to Navy and civilian dignitaries at a barbeque at FP&L recreation area. From the left: Vice Adm. Robert J. Stroh, Navy Joint Strategic Target Planning Staff; Robert Besserer, Karlyle Housholder and Captain Mayo.

THE PUBLIC was given a first hand view of the cockpits of jet bombers at the "Navy Day Appreciation" Open House Saturday at SNAS. Crew members answered questions. (Herald Photos)

Downtown Sanford is doomed? Not for one furniture store owner who is beginning an expansion project which will double his frontage on West First Street. He's B. R. Carroll, whose store bears his name. It's a healthy sign; and possibly the continuation of a trend away from the sorrowful sounds of others.

Our applause to members of the Seminole High School Band and associated members for the fine appearance recently in the Florida Bandmaster's Association contest in Daytona Beach. We look for more honors when some of the members compete in Tallahassee in May.

Shrine Club members and their wives will attend a dinner-meeting at 8:30 p.m. Thursday at their club building, according to President Roy G. Williams.

We've mentioned other beauty spots in the city and urged residents to visit them. Here's another: Drive to the intersection of 22nd Street and Park Avenue and turn your glance to the southwest corner. It's worth it. Many cars have been seen slowing down as they approach the spot.

Ever hear of a "Bugged Bunny"? There's one at Florida State University. The latest thing in electronics at FSU is a rabbit which has a small transistorized radio station implanted in her abdomen four weeks ago.

The purpose is to get a report on the rabbit's body temperature during ovulation, according to graduate student Lawrence Espey of San Benito, Texas. The radio sends out beeps which can be picked up on an ordinary table model radio near enough to it.

The "Bugged Bunny" apparently is unmindful of the experiment. The beeps are recorded on a device similar to a polygraph or lie detector. In following the animal's temperature changes during ovulation, Espey's findings show the rabbit's temperature rises one degree about eight hours before ovulation takes place.

From "The Sunny Sands Scoop" we learn the American Nudist Association will hold its southern convention on its resort grounds near Daytona Beach August 5 through 9. The "Scoop" says the association will need "many volunteers" to help with the various functions "so that everything runs smoothly." The release sums up with "At Sunny Sands the accent is on comfort."

ONLY 10 Days to Register For the Primaries

Cuban Nationalization Of U. S. Property Valid, High Court Rules

WASHINGTON (UPI) — The Supreme Court ruled today that U. S. courts must treat as valid Fidel Castro's nationalization of American property in Cuba.

As a result, Cuba can legally collect \$175,000 realized from the sale of some sugar belonging to a seized American company. The case will have a hearing on many others with millions of dollars at stake.

Since Congress has frozen all Cuban funds in this country, however, the Castro regime cannot get its hands on the money. The 8 to 1 decision will have a bearing on numerous other court challenges here to Cuban nationalizations. The government reported 37 cases in New York alone.

The Cuban decision upheld the position of the Justice Department, which argued that generally speaking U. S. courts must recognize as valid acts of a recognized foreign government affecting ownership of property in that country.

This is known as the "act of state" doctrine. The department contended that U. S. foreign relations could be adversely affected if U. S. courts made judgments in this area.

Today's case dealt with Castro's seizure of a shipload of sugar on Aug. 6, 1960, in Júcaro Harbor. The sugar belonged to one of 28 companies seized by the Castro regime on that day.

A New York commodity broker, Farr, Whitlock & Co., had already contracted to sell the shipment to a customer in Morocco. The firm went ahead with the deal and realized \$175,000. On order of a New York state court, those funds were placed in escrow for the stockholders of the original owners, most of whom live in the United States.

The Banco Nacional de Cuba, financial agent of the Castro government, sued to recover the money.

Federal District Judge Edward J. Dimock dismissed the suit and was upheld by the 2nd U. S. Circuit Court of Appeals.

The second circuit said Cuba violated international law when it took the property and therefore did not have legal title to the funds.

Castro Now Can Collect For Sugar

WASHINGTON (UPI) — The Supreme Court ruled today that U. S. courts must treat as valid Fidel Castro's nationalization of American property in Cuba.

As a result, Cuba can legally collect \$175,000 realized from the sale of some sugar belonging to a seized American company. The case will have a hearing on many others with millions of dollars at stake.

Since Congress has frozen all Cuban funds in this country, however, the Castro regime cannot get its hands on the money. The 8 to 1 decision will have a bearing on numerous other court challenges here to Cuban nationalizations. The government reported 37 cases in New York alone.

The Cuban decision upheld the position of the Justice Department, which argued that generally speaking U. S. courts must recognize as valid acts of a recognized foreign government affecting ownership of property in that country.

This is known as the "act of state" doctrine. The department contended that U. S. foreign relations could be adversely affected if U. S. courts made judgments in this area.

Today's case dealt with Castro's seizure of a shipload of sugar on Aug. 6, 1960, in Júcaro Harbor. The sugar belonged to one of 28 companies seized by the Castro regime on that day.

Federal District Judge Edward J. Dimock dismissed the suit and was upheld by the 2nd U. S. Circuit Court of Appeals.

The second circuit said Cuba violated international law when it took the property and therefore did not have legal title to the funds.

Johnson Asks UAW To Hold Price Line

ATLANTIC CITY, N. J. — (UPI) — President Johnson appealed to the United Auto Workers Union today to avoid a settlement in auto negotiations this year that would choke off economic expansion or start a price-wage spiral.

The Chief Executive, who received an ovation from the UAW delegates, said bargaining with the auto industry this year should protect the public interest in stabilizing prices and costs.

He told the delegates that the UAW policy of seeking pay-benefit gains that do not force price increases was a correct policy.

Five Injured In Collision

Five persons suffered minor injuries in a three-car collision at 4:30 p.m. Sunday at Celery and Cameron Avenues, according to Constable Bob Carroll.

Shirley Ann Brown, Orlando, making a turn, was struck by a car driven by Dewey R. Stroughn, 408 West Drive. The Brown car, in turn, crashed into a parked car owned by Earl Burchhalter, Orlando.

Carroll estimated damage at \$2,500 to the three cars and charged Miss Brown with failure to yield the right-of-way.

IN A PICKLE. This car driven by Gilbert B. Filiger, 17, of 214 Elm Avenue, crashed into the Handy Food Store on 18th Street, at Mellonville Avenue, Saturday evening, upsetting a counter of jars of pickles, olives, relishes, etc. Police Capt. Arnold Williams said Filiger's brakes failed and charged him with careless and negligent driving. A glass door to the store was smashed. (Herald Photo)

200 Die In Riots
NEW DELHI (UPI) — Two hundred rioters and looters have been killed in a week of rioting in three Indian states, Parliament was told today, but 44 Americans were flown to safety from one of the danger areas.

Behan Buried
DUBLIN (UPI) — Ireland laid Brendan Behan to rest in its national cemetery today. Ministers of state stood side by side with the rioting playwright's drinking companions in paying him final tribute.

Best Seller
NEW YORK (UPI) — "Four Days," the United Press International - American Heritage magazine memorial book on the late President Kennedy, has been listed as the nation's No. 1 non-fiction best-seller by the New York Times.

The Extremes
NEW YORK (UPI) — The lowest temperature reported this morning to the U. S. Weather Bureau, excluding Alaska and Hawaii, was 13 below zero at Cut Bank, Mont. The highest reported Sunday was 92 at Presidio, Tex.

U. S. Regrets
PHNOM PENH, Cambodia (UPI) — The United States today expressed regret to Cambodia about last week's attack on a border village by Vietnamese troops accompanied by U. S. advisers. But it denied the Americans were directly involved.

What It's Like At Daytona
DAYTONA BEACH (UPI) — Daytona Beach police Capt. W. C. Hall explaining what the Florida resort will look like when an estimated 60,000 collegeans arrive for spring vacations: "Picture an ant hill and you've got it."

HST At Key West
KEY WEST (UPI) — Former President Harry S. Truman arrived here by car from Duck Key today for a visit to the U. S. Naval Base and the "Little White House" where he often stayed while he was chief executive.

5,000 On Hand To See Bombing Derby Climax

An estimated 5,000 persons, including seven admirals, witnessed displays of Navy air power and precision flying Saturday as Heavy Attack Wing One wound up its 10th Annual Bombing Derby with an air show and open house at the Sanford Naval Air Station.

In ceremonies at noon Saturday, Capt. James O. Mayo, commanding officer of Heavy Attack Wing One, presented the Wing Commander's Trophy for top performance during the last fiscal year to Heavy Attack Squadron 9 (VAH-9), represented by its commanding officer, Cdr. James L. Shipman.

The Bombing Derby Trophy, for top performance during the five-day competition, was presented to Detachment 8, of VAH-11, represented by its commanding officer, Cdr. Frederick Carmet Jr.

Other presentations were: Top bombardier, Clark D. Arrington, aviation machinist mate, first class; top pilot, Cdr. Robert de Lorenzi, former commanding officer of Detachment 8 and now attending school at Monterey, Calif.; Douglas Bombing Trophy, VAH-9; Nordon Trophy, Detachment 8.

Autonetics Trophy, VAH-5; Weapons Loading Trophy, VAH-3; RA-5C Reconnaissance Trophy, VAH-5; Close Air Support Trophy, Detachment 8; Conover Trophy, Detachment 8; Carrier Airman Trophy, VAH-11; North American A-5 Trophy, VAH-5; Norden (top A-3B crew) Trophy, Lt. Cdr. Bill Quirk, pilot; Lt. Al Blunden, co-pilot, and Richard Markland, aviation electronics mate third class, third crewman, of Detachment 8; North American (top A-5 crew) Trophy, Lt. Cdr. Jim Olson, pilot, and Lt. Vincent Monroe, bombardier navigator, VAH-5, and Special Douglas Trophy, Lt. Cdr. Pat O'Gara, pilot, and Lt. (jg) Paul Haney, VAH-1.

The program climaxed a five-day competitive exercise testing nearly every facet of airborne bombing and reconnaissance.

It also provided the public with its first close-up view of the twin-jet RA-5C Vigilante, the new tactical reconnaissance plane which will be flown from aircraft carriers all over the world by Sanford-based squadrons.

Also on display was an F-4B Phantom II, the Navy's newest all-weather fighter, and an A-6A Intruder, a new addition in the attack field.

Viewing the proceedings were many Naval leaders who are closely associated with Sanford's long-range bombing and reconnaissance program.

These included Vice Adm. John N. Thach, deputy Chief of Naval Operations for Air, and Charles B. Martell, Commander of the U. S. Second Fleet; also Vice Admirals Paul H. Hansey and Paul D. Strop, Commanders of Naval Air Forces in the Atlantic and Pacific respectively.

Water Systems Clinic To Be Held Tuesday

Florida is blessed with an abundance of underground water in practically every area of the state. However some home water supplies have problems, the most common of which is hardness in water. Other problems include iron, iron bacteria, sulfur or sulfides, salt or chlorides, and disease producing bacteria.

A clinic designed to answer these and other problems about water systems will be conducted by the Seminole County Extension Service, County Agricultural Agent Cecil A. Tucker II and Home Demonstration Agent Myrtle Wilson.

The clinic will be held at the Home Demonstration Center, 401 East 25th Street in Sanford, Tuesday at 7:30 p.m.

Persons desiring to have a well water sample tested for minerals content (at no charge) should bring at least one-half pint of water. It is best to get the sample at the pump before it goes through the pressure tank. If that is impossible, open the faucet for five to 10 minutes until the pressure tank has been emptied and the sample is fresh from the well. "Do not bring samples that have gone through a softener or other treatment process," Tucker said.

Also on hand to assist in the program will be county Health Dept. officials, an extension specialist from University of Florida, local power representatives and a representative from the National Water Purification Foundation in Atlanta.

Some of the topics on the program are: Importance of Running Water, Testing Water for Drinking Purposes, Types of Pumps, Water Problems in the Home, Good Wiring Saves Pump Motors, Causes of Minerals in Water, Removing Minerals and Treatment.

Burns Blasts Vandalism As 'Political'

JACKSONVILLE, Fla. (UPI) — Major Haydon Burns charged today the pelting of a Negro section branch office of his gubernatorial campaign headquarters with kerosene bottles and paint late Sunday night was "politically motivated."

In a one-sentence statement on the incident, Burns, who announced Saturday he would crack down on Negro demonstrators who broke the law, said, "It and other incidents of racial disturbances are obviously politically motivated by other candidates for governor."

There were no injuries and little damage to the building from the bottles of kerosene and several containers of paint which were thrown.

Police arrested three Negroes for disorderly conduct by loitering in the street and said a possible connection with the incidents was being investigated.

Assistant Fire Marshal Charles D. Banks said one of the kerosene-filled bottles broke into flames and caused minor damage, but the other two were put out before doing any harm.

AMONG WINNERS at the Florida Bandmasters Association band contest last weekend at Daytona Beach are these Seminole High School students. The local musical group ranked among the best in the event and soloists and ensembles which received a superior rating are eligible to take part in the state contest to be held in Tallahassee May 8 and 9.

South Seminole Natural Gas Agency Sought

Guidelines were set for the proposed formation of a South Seminole Natural Gas Authority at a meeting of officials of three communities and a representative of the Housing and Home Finance Agency.

Meeting with leaders from Longwood, Casselberry and Altamonte Springs was Jerome Connors of Atlanta, an HHFA representative.

The proposed authority would establish a natural gas system for a geographical area composed of the southern part of Seminole County. The authority has filed application for an HHFA loan to make a feasibility study for the system. Connors briefed the group on the proper procedure needed in getting the loan.

Should the feasibility study warrant the installation of natural gas, the authority could apply for funds to make the system a reality.

Meeting with Connors in the Altamonte Springs Town Hall were Mayor Lawrence Swafford and Councilman Keith Nixon of Altamonte, Councilmen B. C. Carlson and John Reams of Longwood and Aldermen Art Lego and Ed Lunn of Casselberry. Also attending was Attorney S. J. Davis, Altamonte Springs counsel.

Nicotine derives its name from Jean Nicot, who first took tobacco from Florida to Lisbon, where it became popular.

H. A. McMichael Dies In Georgia

H. Aldine McMichael, a native of Perry, Ga., and a resident of Sanford for some 25 years, died Sunday for some 25 years, died Sunday in Cordele, Ga. He is a brother-in-law of Collier Brown of Sanford.

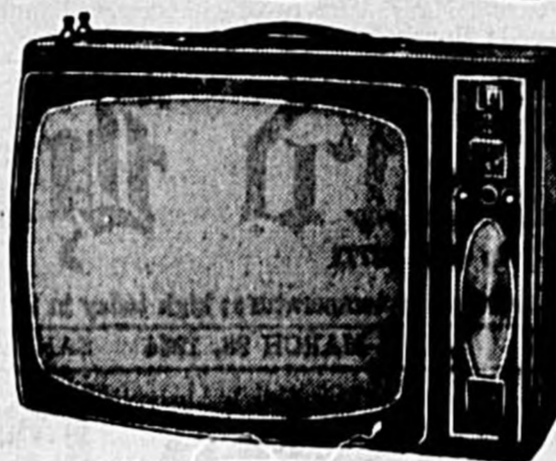

He is survived by his wife, the former Gertrude Brown of Sanford. McMichael moved from Sanford to Atlanta 20 years ago and was associated with the Radio Corporation of America. After retiring from RCA about five years ago he moved to Cordele.

Services will be held Tuesday, 11 a.m., at the H. M. Patterson Funeral Home in Atlanta. Interment will be at Westview Cemetery.

Aluminum, most modern of common metals, was introduced to the public at the 1855 Paris Exposition, according to the Encyclopaedia Britannica.

Candidates Speak For Young Republicans

By Jane Caselberry
A large group was present at a meeting of the Seminole County Young Republican Club Tuesday night to meet the five candidates for state and county offices who compose the largest Republican slate in the history of the county.

Each candidate gave a brief resume of his background and qualifications for the office. Appearing were Dr. Robert Hoover, candidate for State Representative; Guy Allen, for tax assessor; E. Pope Bassett, for county commissioner, district 3; Charles Kern, for justice of peace, district 6 and Walter Hoberg, for school board, district 3.

John Jacobs of Deland, GOP candidate for State Representative from Volusia County, reported on the State Young Republican Convention held recently in St. Petersburg. Jacobs' name will appear on the Seminole County ballot in the Republican primary as a member of the slate headed by U. S. Representative William Cramer which is pledged to support Senator Barry Goldwater at the National Convention.

He reminded the audience that this slate is the only one which has been officially endorsed by Goldwater in Florida.

Representative Jan Fortune announced the five session, non-partisan political course being conducted in the new First Federal Building in Orlando.

Mrs. Margaret Gattis, reported that the campaign to register voters in various parts of the county is proving very successful with 300 persons being registered in one week alone at Publix Market.

Mighty Congo
The Congo River, with its mighty tributaries, drains the huge equatorial basin of central Africa and much of the surrounding plateaus. This river system has a total drainage area of 1,460 million square miles.

Several members of the Young Republican Club have been deputized to register voters on a non-partisan basis.

The club is planning a pancake supper to raise funds in support of the GOP candidates for Saturday, April 11,

at the Women's Club in Casselberry from 4:30 until 7:30 p. m. This will provide an excellent opportunity for the public to meet the candidates as they will be on hand to help serve up the pancakes. The supper will be an "all you

can eat" affair at a nominal fee.
Mrs. Ann Bassett is general chairman of the supper and Mrs. Gattis is serving as ticket chairman. Tickets will be available from any member of the club or at the door.

ROBERT C. THOMAS (center) is being presented the Diamond Chapter Award in the Dodge Delta Sales Club—Dodge Division of Chrysler Corp. by Ben Howland, manager of Seminole County Motors. The Delta Club is an organization dedicated to the highest standards of professional automobile salesmanship. Looking on is Mrs. Thomas.

South Seminole Bank Names VP

Dwight M. Mentzer of Tanglewood has been named assistant vice president of the South Seminole Bank, Fern Park. He was chosen by bank directors at their March meeting.

Well-known in Central Florida banking, he is a graduate of Winter Park High School and has completed financial courses sponsored by the American Institute of Banking.

Farm Brief

According to the U. S. Department of Agriculture the average person in India consumes about a dime's worth of food per day and an American eats \$1.07 worth.

Good Shepherd To Conclude Lent Series

The final mid-week service at Good Shepherd Lutheran Church will be held Wednesday at 7:30 p. m. For this service, Pastor George Kinnaman will speak on "Christianity and the Church," followed by discussion between the Pastor and a panel of four members of the congregation, Jerry Hook, Richard Sites, Mrs. F. G. Plapp and Mrs. Robert Carlson.

The congregation then will be invited to ask questions of either Pastor Kinnaman or members of the panel.

Maundy Thursday, Holy Communion will be celebrated at 7:30 p. m. Easter Sunday there will be two services, one at 8 a. m. with Holy Communion and the second at 11 a. m.

Continuing the theme for Sunday's, "The Militant Church," Pastor Kinnaman will speak on "Victorious Warriors."

The Adult Choir, under direction of Robert Carnie will present special music.

The Watchword for Lent is "Be the Church—Come to Church."

Westminster Sets Thursday Services

Westminster Presbyterian Church will observe Maundy Thursday with a service of Holy Communion at 7:30 p. m. Rev. John N. Montgomery will use as the Communion Meditation, "The Fulfilled Life." Special music will be provided by the choir under direction of Mrs. Gordon R. Dillon with Merle O. Kent as organist.

New members will be received at this service.

The First National Bank of Arizona opened the first fly-in bank in the U. S. near the Phoenix Sky Harbor.

Perish The Idea

Someday, or so we have been told for many years, we will receive our newspapers by electronic means.

Instead of raising a paper wall across the table, the man of the house will press the button on the Faultless Facsimile console and begin receiving an unrolling picture of the newspaper of his choice.

One wonders, though, whether a wedding of newspaper and television would be an unmixable blessing. Imagine a typical day's edition of the Daily Blast in, say 2064. First, the headline:

"DEFENSE SECRETARY SAYS U.S. IS WINNING WAR IN VIET NAM."

Hmmm... what new development is this? Ah, but instead of the story, there would follow, in smaller type:

Details after this important message.

Then would flash on the screen several feet of frantic type informing the viewer-reader of the sudden

mental affliction which had struck one Happy Harry, local used speech dealer, who was virtually giving away rockets formerly owned by little old Martians who never exceeded the speed of light.

Following this the electronic subscriber might be granted a few inches of news concerning the secretary's speech on Viet Nam. But just as the viewer's interest was rising, there would come another column break:

"Five Venusian doctors say you needn't go on suffering from tired antennae. Just take Little Lunar Lozenges regularly..."

And so on and on it would go. After a half hour of eyestrain, friend viewer would wind up with a smattering of information about affairs in the solar system around him, well diluted with a plethora of "important" advice he did not ask for.

For our money, we'll stick with old-fashioned 20th-century newspapers.

Eye Safety Is Problem

Foresight can save sight if there's a "clean-up, paint-up, fixed-up" campaign planned for your home this spring, counsels the National Society for the Prevention of Blindness. The eye safety alert was prompted by reports of injuries during cleaning and gardening chores last year, said John W. Ferree, M.D., executive director of the sight conservation agency.

Trash fires were the cause of particularly serious accidents, such as the midwestern man hurt when an aerosol bomb discarded in a trash fire exploded in his face, or the Pennsylvania woman seriously cut around the right eye when a glass bottle blew up in the incinerator behind her home.

Discarding old bottles or cans in the rubbish fire can mean tragedy if the heat explodes them and sprays blinding fragments of glass or metal for yards around, the National Society warns. The danger is multiplied if the container still holds some combustible powder or liquid. Discarding of old flashlight or portable radio batteries in the trash fire is also risky; they explode with immense force when subjected to heat.

Eye protection such as safety glasses or plastic cover goggles are a must for painting and planting work. There was the case of the housewife-decorator who got two eyes full of paint when a spray can nozzle gave way as she was using it. Eye injuries among gardeners cutting branches or shrubs are numerous.

When children are around spring clean-up activities you cannot be careful enough. Tools and materials should never be left unguarded for a moment. A four-year-old northwestern tot picked up a dandelion digger his mother had laid down and poked himself in the left eye, seriously threatening his sight. Here in the south, a six-year-old accidentally hit his younger brother in the eye with a grass sickle taken from a tool box without his father's knowledge. A two-year-old child was treated at an Ohio hospital after she got garden lime in her eye.

Eye safety is a major program.

Thought For Today

Jesus said unto her, I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die. Believest thou this? She saith unto him, Yea, Lord: I believe that thou art the Christ, the son of God, which should come into the world, John 11:25-27.

In an impermissible and unlawful way people have become knowing about Christ, for the only permissible way is to be believing.—Soren Kierkegaard

How many things in the world deserve our loyalty? Very few indeed. . . . One must be true to immortality—true to Christ.—Boris Pasternak

Phil Newsom Says . . .

DeGaulle Actions Questioned

Even Konrad Adenauer, West Germany's former chancellor, seems to be developing some suspicions about his great and good friend President Charles de Gaulle.

Looking beyond the French president's recognition of Red China, Adenauer said in a speech in Bonn it was possible that De Gaulle might also reach an understanding with the Soviet Union damaging to Germany and the West.

"One must take note," he said, "that a Soviet representative has been in Paris

and talked with the French." It was Adenauer who, in one of his last major acts in foreign policy, signed with De Gaulle in January, 1963, the Franco-German treaty of cooperation. The agreement provided specifically that the two governments would "consult before any decision on all important questions of foreign policy."

In the case of Red China, this De Gaulle failed to do. "It would have been better," Adenauer said, if De Gaulle had discussed his

move in advance with his NATO partners.

Adenauer, whose admiration for De Gaulle is considerably greater than that held by Ludwig Erhard, his successor, made his criticism comparatively mild. And he concluded by saying he was sure De Gaulle would stand by his pledge to support a reunified Germany.

His remarks, however, echoed uneasy comment in German newspapers which have been pointed in their criticism of De Gaulle's failure to live up to terms of the Franco-German accord and in speculation that ultimately he might feel it expedient to recognize two Germanys.

The Germans have noted that Edgar Faure, the former French premier who spearheaded the way to recognition of Red China, soon will be in Moscow.

Nikolai V. Podgorny, a member of the Presidium of the Soviet Communist party, recently visited Paris and talked with De Gaulle as noted by Adenauer's reference to a "Soviet representative" in France. The warmth of his farewell statement was considered to go beyond normal diplomatic courtesy.

De Gaulle believes every great leader should surround himself with an element of mystery.

But as he wraps himself in splendid isolation, he also arouses the suspicions of those who should be his friends.

Political Notebook

WASHINGTON (NEA) — Achieving missile and space booster reliability is a long, tedious process.

Military launch vehicles have generally taken at least 20 flights to achieve 60 per cent reliability. Improvement beyond that point is slow and expensive.

Take some figures on space boosters:

Thor - Agena reliability stands at about 70 per cent after about 80 flights. Atlas-Agena is about 60 per cent after about 30 flights. Scout, with 60 per cent reliability after 24 flights, has had a slightly-above-average development history.

Note that these have not been flights under battle conditions.

As one official puts it: "I would like to be sure we understand each other on this question of reliability, because

we have a standard stock technical definition of reliability which has to do with the performance of the missile in operational tests according to a prescribed plan.

"Now, this is not the equivalent of a war, so that after you have run all those tests, what you know is that the missile got off the ground, flew and impacted in the target area. The warhead was not detonated, no counter-measures were used against you. That is the technical definition of reliability."

An Air Force scientist says that "even within that definition of reliability, we vary all over the map on particular missiles. The Minuteman, for example, hasn't had a great many tests. . . . But considering the state of development of Minuteman, it looks good."

"The Wing VI and subsequent Minuteman haven't even completed their development, of course, but in the development tests which have been conducted this far, there is nothing to shake our confidence that the reliability levels which we are seeking in the program will be met."

The point is that some of the newer-model military missiles are not as far along as the older space boosters; some therefore have less reliability or less-certain reliability now.

A top Air Force official puts it this way: "The missiles we now have in the inventory are as good as we can expect them to be at this stage of the program. We are in a phase right now where we are rapidly going to build up this confi-

dence." He notes, however, that "there is a healthy lot of experience ahead of us."

He expects this experience will demonstrate "the reasonable reliability of these missiles."

But he warns: "If I know for sure what the results of this firing program were going to be, we would save a lot of money by not firing them. So I don't want to give you any false impression. But I have no particular reason for concern at this time."

Letters

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 250 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Editor, Herald:

On March 2, my wife and I stopped at a roadside table on Route 17, just outside of Sanford. We had been watching a Great Blue Heron feeding about 50 feet off the road in a swamp.

A white Nash American (late model) with two young-looking men stopped on the other side of the road going south, and one of them shot the heron from the car. That great, gorgeous bird tried to take flight, but it was badly wounded. It was apparent that the cruel intentions of these two young men were successful.

The driver of the car immediately started for Sanford and I turned around to follow him. I managed to keep him in sight but could not get his license number. He finally lost me near a lumber yard close to Holly Avenue. I found a man on Holly Avenue who saw him go by his house at the time I was following the car. He told me the car was owned by a young man who lived in that area of town. He did not know his name. I have the address but not the name of the gentleman with whom I spoke.

I don't suppose there is anything you can do, but this person broke two federal laws, and he should be aware of it. I hope the man can read!

Sincerely,
A Fayetteville (N. C.)
Physician

Dr. Crane's

Worry Clinic

Dolly is like thousands of other folks who are confined to their beds for long periods of time. So pass along the suggestions below. Then the apparent stumbling block of confinement can actually be converted into a stepping stone to more friends, greater popularity and even an occasional cash prize.

CASE 3-419: Dolly B., aged 11, is an auto accident victim. "Dr. Crane," her worried mother began, "Dolly is now back home but she must lie in a plaster cast for several months."

"Since she has always been an active child, she feels doubly frustrated and irritable, just having to lie still so long. "So what suggestions would you offer to keep her entertained?"

Mental Tonics
Dolly enjoys reading, so she can set herself a 3-months program that will involve both "meat and desert" literature. The "meat" can be her school books, for she can race ahead of her classmates.

But the "desert" can be fiction, including such splendid come books as "Classics Illustrated." The latter covers more than 100 of the greatest novels in the field of English literature.

Also, Dolly can become an ornithologist or bird expert. Her mother can obtain a book showing the native birds in their natural colors.

Then place a bird feeder outside her window, for soon Dolly will be able to identify dozens of different species of feathered friends.

By consulting the book of bird pictures, she can soon become the best bird expert in her class at school and later write many English themes on

one cheery or consoling letter per week to somebody not normally on your mailing list.

Prize contesting is also a fascinating hobby, both for children as well as adults.

Dolly's plaster cast does not interfere with the use of her hands so she can prepare attractive entries for many of the prize contests constantly running in America.

She can try to name new products or write simple 2-line limerick verses or compose a 25-word letter.

Many hostess patients thus add a tonic to their minds by submitting entries in dozens of these prize contests.

Sometimes they win awards, ranging from a case of tuna fish to cash prizes and even kitchen refrigerators or occasionally a new auto.

Dolly can also become a member of the "Compliment Club," which requires an applicant to pay a sincere bit of praise to three different people each day.

Since many of her classmates visit her every day, she has ample opportunity to deliver her daily quota of three compliments.

As a corollary of the "Compliment Club," Dolly can also become a member of the "League of the Golden Pen." There are no dues and everybody can join. All that is required is that you write

one cheery or consoling letter per week to somebody not normally on your mailing list.

Pick out the mayor or a teacher or a person described in the newspaper as having suffered the loss of a loved one.

The words issuing from your pen will thus be golden in their helpful effect; hence, the name "League of the Golden Pen."

And as soon as the newspaper arrives, Dolly can quickly skim through its pages and concoct a 10-point or 20-point quiz covering everything from the weather forecast to the financial pages.

Frame the statements as a true-false quiz or use the 4-answer format. Then she can test her daddy and mother after they have read the paper.

Barbs

By Hal Cochran
It indicates you haven't much to give when you give up too easily.

Millions come to play . . . and some to stay!

Each year, 150,000 visitors to the Sunshine State decide to stay for good. Why? Partly for the same reasons that drew them here as tourists in the first place. (Sunshine. Warmth. Casual living. Health. Surf. And more sunshine.) But economic factors are usually the most convincing argument for staying. New businesses cropping up—and growing—wherever you look. Excellent transportation facil-

ities. Industry relocating in Florida. A favorable tax structure for business and the individual. Skilled manpower—and plenty of modern electric power, always expanding to meet Florida's always-growing need! Plenty of reasons.

Think about it, Mr. and Mrs. Visitor. Florida residence means a lifetime vacation—and more. And what's more, we'd love to have you!

Farm Labor Shortage Critical

The nation's housewives, farmers and thousands of American workers in occupations serving agriculture will be the losers if crops are lost due to the critical shortage of harvest hands, according to an announcement made by John W. Evans, president of the Florida Fruit and Vegetable Association.

A distress call from growers in South Florida today, who were unable to find workers to harvest a bountiful crop of vegetables, confirmed Evans' concern, according to J. Abney Cox, Princeton, *vice president of the association.

A recent telegraphic directive from the United States Department of Labor to the Florida State Employment Service asked that the following actions be taken: (1) Radio spot announcements or TV coverage properly timed, publicizing the urgent need for farm workers; (2) newspaper publicity concerning farm labor demands, including Negro newspapers; (3) hand bills distributed in residential areas where farm workers live; (4) transportation provided by employers on a regular basis from day-haul pickup points to the farms; (5) personal contacts by appropriate local office staff members with leaders of farm labor groups in the community to solicit assistance in recruiting; (6) personal contacts by appropriate local office staff members with schools to organize supervised youth placement programs.

Geneva Gems

By Mrs. Joe Mathieux

Here in friendly little Geneva we have learned to watch for "certain signs" which foretell coming events and several days ago when we saw Bobby Jo (Mrs. Windel) Braddy, Inogene (Mrs. Ed) Yarborough and Elizabeth (Mrs. Oliver) Mathieux with their heads together, we knew something good was going to happen.

They came up with a bridal shower for a lovely, recent bride, Mrs. Catherine Markowicz Rouse, daughter of Mr. and Mrs. C. F. Markowicz of Geneva.

The happy event took place in the Geneva Methodist Fellowship Hall on Saturday, March 14, at 7:30 p.m. The hall was beautifully decorated with the traditional bridal orange blossoms, calla lilies, camellias and white daisies. At one end of the room was a table, overlaid with a white linen cloth and centered with a lovely wedding cake, punch bowl, nuts and mints.

Mrs. Walter Yarborough served punch, Mrs. Ed Yarborough and Mrs. Braddy served cake.

Games were played and prizes were won by Mrs. Ed Yarborough and Mrs. Oliver Mathieux. After the games and delightful chatter, Mrs. Rouse was led to a lovely table where she happily opened many useful gifts.

Hostesses for the happy event were Mrs. Braddy, Mrs. Pearl Yarborough, Mrs. Imogene Yarborough, Mrs. Elizabeth Oldham, Mrs. Loll Bernard and Mrs. Elizabeth Mathieux. Many happy Geneva ladies enjoyed the delightful affair.

How lucky can a fellow be? Lance Corporal Carlton Prevatt will be stationed at the Sanford Naval Air Station. It surely is nice to have Carlton home.

Speaking of lucky fellows, it certainly is encouraging to see the progress Charles Ward is making regaining his health after a very serious auto accident a year ago.

All the community is invited to attend revival services this Holy Week at the Geneva Methodist Church, being conducted by Rev. W. E. Timms. Special music is planned as a part of each service.

Mrs. Walter Yarborough served punch, Mrs. Ed Yarborough and Mrs. Braddy served cake.

Games were played and prizes were won by Mrs. Ed Yarborough and Mrs. Oliver Mathieux. After the games and delightful chatter, Mrs. Rouse was led to a lovely table where she happily opened many useful gifts.

Hostesses for the happy event were Mrs. Braddy, Mrs. Pearl Yarborough, Mrs. Imogene Yarborough, Mrs. Elizabeth Oldham, Mrs. Loll Bernard and Mrs. Elizabeth Mathieux. Many happy Geneva ladies enjoyed the delightful affair.

GEORGE W. Reek is seeking the Democratic nomination in the May 5 primary as constable from District 6.

The possibility of a new flood control study in the Wekiva River area north of Orlando and an expanded study program in the area of the Econlockhatchee River east of Orlando are under consideration by the Central and Southern Florida Flood Control District.

The FCD governing board was advised in Homestead that both Orange and Seminole County officials would like to see a current study in the Econlockhatchee River Basin enlarged to consider diverting and storing water in Lake Jessup and the effect of speeding up Econ discharges in the St. Johns River downstream of that point.

Ed Dail, FCD executive director, said the study is due to end July 1965, but it may be delayed two years if it is expanded to include the additional area.

Discussed to date have been questions involving the diversion of some water from the Econ watershed to Lake Jessup, and the possible use of Lake Jessup as a water reservoir. Dail said additional discharges from the Econ watershed into the main stream of the St. Johns may effect the river as far downstream as DeLand.

In separate discussion, officials of Seminole have suggested a new flood control study may be needed for the Wekiva River, which drains a large portion of western Seminole County and empties into the St. Johns about 10 miles downstream of Sanford.

Dail said the House Public Works Committee in Washington has favored study of the Wekiva. He pointed out, however, the Wekiva is outside the 18-county Flood Control District; that a formal request for funds to make the study must be presented to Congress.

He added that if the Wekiva is to be included in the Flood Control Project, the boundaries of the FCD would have to be extended. Seminole commissioners are expected to make a formal request with the FCD for the Wekiva flood control study, FCD officials say.

WASHINGTON (UPI) — Mrs. Lyndon B. Johnson will visit the Marshall space flight center at Huntsville, Ala., Tuesday to witness the static firing of a first-stage Saturn I rocket.

The First Lady will also tour the center and meet women employes and will lunch there with about 30 of her Alabama relatives. She was invited to make the trip by Administrator James E. Webb of the National Aeronautics and Space Administration.

Wekiva, Econ Flood Study Eyed

The possibility of a new flood control study in the Wekiva River area north of Orlando and an expanded study program in the area of the Econlockhatchee River east of Orlando are under consideration by the Central and Southern Florida Flood Control District.

The FCD governing board was advised in Homestead that both Orange and Seminole County officials would like to see a current study in the Econlockhatchee River Basin enlarged to consider diverting and storing water in Lake Jessup and the effect of speeding up Econ discharges in the St. Johns River downstream of that point.

Ed Dail, FCD executive director, said the study is due to end July 1965, but it may be delayed two years if it is expanded to include the additional area.

Discussed to date have been questions involving the diversion of some water from the Econ watershed to Lake Jessup, and the possible use of Lake Jessup as a water reservoir. Dail said additional discharges from the Econ watershed into the main stream of the St. Johns may effect the river as far downstream as DeLand.

In separate discussion, officials of Seminole have suggested a new flood control study may be needed for the Wekiva River, which drains a large portion of western Seminole County and empties into the St. Johns about 10 miles downstream of Sanford.

Dail said the House Public Works Committee in Washington has favored study of the Wekiva. He pointed out, however, the Wekiva is outside the 18-county Flood Control District; that a formal request for funds to make the study must be presented to Congress.

He added that if the Wekiva is to be included in the Flood Control Project, the boundaries of the FCD would have to be extended. Seminole commissioners are expected to make a formal request with the FCD for the Wekiva flood control study, FCD officials say.

Street Closing Considered By Altamonte

Abandonment of Station Street in Altamonte Springs is being considered by the Town Council with a proviso that a public right of way be provided.

Town officials met Wednesday night with representatives of the Home Builders Supply Corp. which requested the street be closed. It would permit the company to have a railroad spur needed in the business, company officials said.

The corporation would use the property for a retail and wholesale distribution site.

The firm is in the process of negotiating the purchase of property adjacent to the street.

Council members welcomed the corporation to the community but noted the right of way is needed to continue service to the nearby Orange Paving Company.

Representing the corporation were Jack Gale, real estate man, James Sweet, Orange Hawkins and Charles Maynard.

In other action, the council awarded a contract for an office addition to Bill York, a local contractor; approved minor paving work for some streets; met with firemen to iron out telephone and other procedural problems; approved repairs to the Town Hall; okayed the hiring of an assistant for Town Superintendent A. C. Brown; and asked the Seminole County Commission to represent the town on the Orange-Seminole Urban Transportation Study group.

Too Much Sleep Seen Dangerous

PALO ALTO, Calif. (UPI) — Too much sleep acts like an anesthesia on the human body and can cause serious errors in judgment.

Harold R. Willis, a Denver (Colo.) safety engineer, told a meeting of behavioral scientists here that excess sleep causes carbon dioxide to accumulate in the blood. This has a similar effect on the body as too little sleep.

Bill Wade To Address Lyman Sports Banquet

SHS Swimmers In Orlando Meet Tuesday

By Linda Mitchell
"Swimmers up! Take your mark! Bang!"

These commands will be heard for the first time this season by Seminole High School's swimming team members when they face Orlando's Colonial and Boone high school swim clubs Tuesday afternoon in a Metro Conference event.

The meet will be held at the John Long Pool in Orlando. Starting time has been set at 7:30 p.m. The local squad is anticipating a formidable group of Seminoles fans to watch the SHS tankbusters in action against competition for the first time this season.

In preparing for Tuesday's swim season opener, Coach John Colbert has put his team through a rigorous week of "swim" practice at Sanford's City Pool. An average workout has consisted of practicing turns and strokes for some 20 minutes and during this time the Tribe's mentor has provided individual pointers and helps for the new squad members who are learning the fundamentals.

Sprints come next. The squad is divided into five groups and each section sprints the length of the municipal pool, a distance of 100 feet. Alternating heats record the times of the swimmers. An innovation during last Wednesday's workout was wind sprints. This calls for swimming the length of the pool without taking a breath.

Kickboards appear next and the team works on arms and legs alternately. First swimmers hold the kickboard with their hands and kick. Then they switch and hold it between their legs and practice strokes.

Colbert has a variety of "torments" reserved for the final half of the workout. One day it will be relays, freestyle, butterfly, back and breast strokes. Other times it's likely to be more sprints or perhaps 80 laps of the pool to build endurance. The sessions usually end with some easy laps to loosen the tired swimmers' muscles.

As far as the team goes, one of the most promising boys is Skip Parsons, a first year member of the squad. He swims all strokes and is giving John Mills a race in every event. John is leading in freestyle times, doing one lap sprints in 16 seconds flat. Skip is right behind him with times as low as 17 seconds.

Bobby Ring is taking diving lessons every Wednesday from a professional in an effort to improve himself and the diving squad. With the loss of Jack Ivey there's a vacancy which will really take a "super" diver to fill. Jimmy Grant is coming along very well, and with Ring in there, too, some diving points must come to the SHS team.

Swimmers still weathering the chill and the exhaustion of the workouts must be commended. It takes determination and, as Colbert aptly puts it, "a lot of guts to stay on the team."

Heat one consists of John Mills, Gary Ganas, John Angel, Skip Parsons and Bobby Ring. Heat two has Cos Wilson, Bobby Hendrick, Gary Winn, Rick Pedrick, Jimmy Grant and Alan Lucas.

The third heat is composed of Wyan Pickelsimer, Tom Michaelis, Joe Moore, Ricky McLain and Earl Bourquard. Buster Anderson, Ross Wontenay, Dickie Dunn, Andy Lyons, C. J. Metzler and Randall Chase swim in the fourth heat.

Originally the girls swam in two heats but many dropped out after the first days of practice. Now, the fifth heat consists of Delane Johnson, Norma Whittier, Linda May, Linda DeMatteo, Martha Kosby, Candi Southward, Paula Elam, Karen Law and Sherry Conville.

12 Entered
LAUREL, Md. (UPI) — A full field of 12 has been entered for the inaugural running of the \$20,000 First Lady Stakes at Laurel race course today.

About Sports Thinking Out Loud

BY JULIAN STENSTROM

Yankees And Dodgers Tagged To Win
Way out west in Stateline, Nev., a rapidly growing community partly situated in California and partly in Nevada, has its bookmakers like most other Nevada gambling centers at Vegas, Reno and Carson City.

And Stateline bookies have established the New York Yankees to grab the American League bunting this year and the Los Angeles Dodgers to take the flag in the National. Both are odds-on favorites.

The Yanks, under new pilot Yogi Berra, and 2 to 5 favorites while the Dodgers, going again under Walt Aiton, are pegged at 5 to 6. Of course, this means that the two clubs that met in the 1963 World Series—say the oddsmakers—will fight for the pennant come next October.

In the American the Minnesota Twins—training 20 miles south of here at Orlando—are 5 to 1 win come in second with Detroit, Chicago and Baltimore tagged to complete the first division in that order. Cleveland, Boston, Los Angeles, Kansas City and Washington are expected to appear in this order in the top's second division standings at the close of the season.

In the National, forecasters say the San Francisco Giants are 3 1/2 to 1 shots to finish in second place. St. Louis, Cincinnati and Philadelphia are expected to complete the first division in that order. In the second division the odds-makers foresee the last five clubs this way: Milwaukee, Pittsburgh, Chicago, Houston and New York.

We're not in a position to argue with the Nevada people, and we won't. However, we will conclude that the Dodgers should have an easier time winning the National League flag than the Yankees will in the American—that is if either of them or both do come in ahead of the pack.

From what we've seen and read so far this spring we're of the opinion that both leagues will be more balanced this year than last, particularly in the National. We do not see the Houston Colts and the New York Mets being the patsies they've been during their first two seasons in the senior circuit. Nor do we believe that American League clubs will run over Washington as they've done in the past. Our thinking is based on the fact that the loops are simply more balanced. But, of course, who can really tell?

Cocoa And The Colts
Reports from Cocoa indicate that the fast-growing coastal city and the Houston Colts—now in the honeymoon era of their recent get-together — are as lovey-dovey as a pair of newlyweds at Niagara Falls. And, there's nothing in the wind to indicate that it isn't stay that way.

The Colt 45s are the toast of the town . . . and the citizens of Cocoa are giving them a reception equal to those given the astronauts.

Much has been done by the Colt management and Paul Richards in particular to strengthen the Houston entry in the National League. There's little doubt but that the Colt 45s will be a more formidable ball club during the 1964 campaign for the crown. Nobody gives them much of a chance, if any at all, to even challenge the Dodgers and the Giants. But they'll show up better. Richards will see to that.

Meanwhile, the Colts are drawing exceptionally well at home exhibition tilts—playing most of their contests before packed houses. Daytona Beach, who thumbed its nose at Houston when the Colts tried to deal for a spring training center there, undoubtedly regrets its action.

There's a report that Daytona Beach officials are going to try to land the Red Sox if Boston decides to return to Florida from its present base in Arizona. This would leave only San Francisco, the Los Angeles Angels, the Chicago Cubs and Cleveland in the West. A move to Florida by anyone of the four could almost mean a move by all because of the difficulty in scheduling exhibition games. Right now there is little likelihood that any of the Florida based outfits would leave present sites for actual land.

If the Red Sox are serious about returning to Florida perhaps local officials could rev up enough interest for Sanford to bid for them. One thing is sure, it's not as windy here in the Spring as it is in Daytona Beach. And we're confident Sanford baseball fans would give due support to a club in training here with good attendance at exhibition contests.

Carol Mann In First Victory
PENSACOLA, Fla. (UPI)—Six-foot-two Carol Mann today had a pair of blistered feet and her first professional victory in the Women's Western Open golf tournament.

The Baltimore golfer picked up \$1,200 Sunday with an eight-over-par 306, good enough to win by two strokes over Ruth Jensen and Judy Kimball.

Baillie Wins
MELBOURNE, Aus trails (UPI) — Bill Baillie of New Zealand won the Australian three-mile championship by running the distance in 18 minutes, 20 seconds Sunday.

Baillie outran Australians Able Thomas and Ron Clarke in the final 250 yards to capture the championship.

Maemizo In Kayo
TOKYO (UPI) — Takao Maemizo, second-ranked middleweight in Japan, knocked out Samarat Borndang of Thailand in the third round of a scheduled 16-rounder Sunday night.

Chicago Bear QB Old Friend Of Copeland

Bill Wade, the talented quarterback of the world champion Chicago Bears, will be in Longwood Tuesday night to be the principal speaker during the all sports banquet at Lyman High School.

The announcement of Wade's acceptance to appear at the annual affair was announced by Lyman football coach, Dick Copeland, a long time friend of the former All-American at Vanderbilt.

During Wade's early days at Vandy he played the Commodore under Head Coach Bill Edwards. Following a tremendous career at Nashville, Wade was drafted by the Los Angeles Rams but was unable to make his mark there due to the fact he was an understudy to the great Norm Van Brocklin.

Following Van Brocklin's departure to lead the Philadelphia Eagles to a world title, the Rams sank into the NFL standings and have never recovered. Meanwhile, George Halas of the Bears obtained Wade's contract and installed the former Commodore as his number one quarterback and Wade has been considered among the best in the pre ranks during the past two seasons.

His greatest feat was in leading the Bears to the NFL's Western Division championship and to the world title in the contest with the New York Giants late in December.

The banquet will get under way at 7 p.m., said Copeland. Lyman's sports letterman will be recognized along with other guests. Awards will be made to the Greyhound's most valuable lineman, the most valuable back and the most improved player on the football squad last fall.

In basketball, awards will be made to the most valuable player and the most improved player.

Members of the school's bowling, golf, track and baseball teams will be on hand but awards for these particular sports will be made during a later affair.

Clay's Ouster Expected Today

NEW ORLEANS (UPI) — Emilio Bruneau said today he expects Cassius Clay to be toppled from his heavyweight throne before nightfall for "acts detrimental to boxing."

Bruneau, president of a New Orleans finance company, is chairman of the World Boxing Association's (WBA) powerful eight-man world championship committee.

He said he had been "alerted" that WBA President Ed Loasman of Miami Beach wanted the championship committee to vote today on whether to withdraw WBA title recognition from the 22-year-old Clay of Louisville, Ky.

"I'll poll my seven fellow-committeemen by telephone," Bruneau explained. "And I'm almost positive the vote will overwhelmingly withdraw WBA championship recognition from Clay."

Two great generals, Montcalm and Wolfe, lost their lives upon Canada's Plains of Abraham in 1759.

Only the heartwood of ebony is dark-colored before it is finished.

A WEIGHTY DECISION? No, it's a friendly decision between State Senator Mack Cleveland, Adm. Paul Ramsey (center) and Adm. John S. Thatch (right) as to who will tee off first at a match Friday at the Mayfair Golf Club.

Grace Sayles Is Medalist

Grace Sayles posted an 88 in a playoff with Min Keenan to take medalist honors during the annual Sanford Atlantic National Bank Tournament for members of the Sanford Woman's Golf Association at the Mayfair Country Club.

Mrs. Keenan and Mrs. Sayles tied for medalist honors in the qualifying round and in the playoff Mrs. Sayles took the honors.

In the championship flight, Mrs. Sayles defeated Susie Dickey. In other matches in this flight, Ague Russell defeated Muriel Scott, Edie Ware won out over Hazel Durso, Ruth Herron beat Peggy Billups and Mrs. Keenan defeated Elaine Kerr.

Vivian Pierce won from Dessie DeGanahl. Fanchon defeated Jimmie Livingston and Marion Cox beat Jackie Crawford. All the losers in the championship flight were dropped to comprise the first flight.

In second flight competition, Jan Johnson defeated Katherine Park, Ida B. Wilson won from Harriet Williams and Jan McKibbin defeated Doris Spencer.

In third flight play Blanche Nicely defeated Eska Batson and Ann Marsh won from Marge Echelberger by default.

The tournament is now in second round competition and finals are to be played Wednesday. The Association is to hold its monthly luncheon Wednesday, starting at 12:30 p.m.

Trophies will be awarded to flight winners at that time if the competition is completed. If not, the awards will be made later in the afternoon.

Lyman High's Greyhounds met the DeLand High Bulldogs in an Orange Belt Conference game at 7:30 p.m. in DeLand.

Lyman's Greyhounds split a pair of weekend contests, posting their third win of the season but dropping their first, when they were beaten by the Leesburg Yellow Jackets on Friday but bounced back Saturday to knock off the Ocoee Cardinals.

The Yellow Jackets dumped the Greyhounds by a score of 9 to 1 when Leesburg's Eddie Mason handcuffed the Lyman nine with a well hurled one hitter—a single by Bobby Elgin.

Meanwhile, the Jackets hopped on Donnie Smith and Steve Simpkins for nine safeties. They scored two runs in the second inning and came up with four in the third. In the fourth, Smith got in trouble again and Simpkins took over, allowing a single Leesburg run in the fifth and a pair in the sixth.

Oviedo Scores 31-2 Win Over Montverde

The Oviedo Lions posted a record breaking 17 runs in the first inning and went on to blast out a 31 to 2 decision over Montverde in a lopsided baseball game Friday afternoon in Montverde.

Paced by Rex Brooks who pounded out a single, a double and a fourth-inning grand slam home run, the Lions nicked Montverde hurlers Osgood and Roberts for 18 hits in running up the football-like score.

Meanwhile Danny Gammege and Walt Beasley teamed up to limit Montverde to a pair of scratch singles as the Lions came up with their second win of the current season in three tilts.

Behind Brooks, Jim Courier came up with a double and a first inning homer with a pair of mates aboard. Billy Mikler had a double, LeRoy Woods a double, Wayne Jacobs blasted out two singles, Charlie Miller had three one-baggers and Tim Colbert also had two singles.

On the hill, Gammege worked two and a third innings, allowed two runs, one hit, fanned three but walked five. He got credit for the win. Beasley permitted one hit, walked three, struck out four.

Oviedo moved quickly in the first inning by scoring 11 runs before Montverde posted its first putout of the ball game. The Lions picked up a pair of tallies in the second frame and added six runs in the fourth and another half dozen in the fifth. Montverde picked up single runs in the second and third.

Wednesday afternoon the Lions go back to the diamond to host the Edgewater Eagles' JayVee nine of Orlando.

Lyman Wins One And Loses One

Lyman High's Greyhounds met the DeLand High Bulldogs in an Orange Belt Conference game at 7:30 p.m. in DeLand.

Lyman's Greyhounds split a pair of weekend contests, posting their third win of the season but dropping their first, when they were beaten by the Leesburg Yellow Jackets on Friday but bounced back Saturday to knock off the Ocoee Cardinals.

The Yellow Jackets dumped the Greyhounds by a score of 9 to 1 when Leesburg's Eddie Mason handcuffed the Lyman nine with a well hurled one hitter—a single by Bobby Elgin.

Meanwhile, the Jackets hopped on Donnie Smith and Steve Simpkins for nine safeties. They scored two runs in the second inning and came up with four in the third. In the fourth, Smith got in trouble again and Simpkins took over, allowing a single Leesburg run in the fifth and a pair in the sixth.

Home Run Boys Hitting Early

By George C. Langford
UPI Sports Writer

The home run has arrived early this spring.

Major league sluggers, who saw their home run production drop by nearly 300 last season from the 1962 peak, are showing unusual power with the exhibition season less than two weeks old.

The home run total dropped with the advent of the enlarged strike zone in 1963. However, with the same size target for pitchers and subscribing to the sometimes foggy fable that at this period the pitchers are ahead of the hitters, the following occurred Sunday:

—Reserve outfielder Marty Keough, who had only six homers all last season, slugged his third in three days to pace the Cincinnati Reds to a 5-1 triumph over Kansas City.

—Ed Bailey and Lee Mays each hit three-run home runs for Milwaukee in the Braves' 13-2 rout of the Los Angeles Dodgers.

—Rookies Dalton Jones and Tony Conigliaro each contributed a home run in Cleveland's 5-4 victory over Boston.

—Floyd Robinson and Dave Nicholson slugged successive homers for the Chicago White Sox but could not avert a 7-3 loss to the St. Louis Cardinals.

—Ron Santo led a nine-run Chicago Cub assault on Billy Pierce with a three-run blast as the Cubs whipped the San Francisco "B" team, 16-9. Jose Cardenal connected for the Giants.

—A solo job by Willie Davis in the eighth inning snapped a 2-2 tie as the Los Angeles Dodgers defeated Baltimore, 4-3.

—Moose Skowron's two-run homer gave the Washington Senators a 3-1 victory over the Minnesota Twins, and Manny Mota led Pittsburgh to a 7-4 win over Philadelphia with a home run, inside the

park. Leading the home run parade are a pair of rookies — Gene Alley of Pittsburgh with five and Richie Allen of Philadelphia with four. Those who already have collected three roundtrippers include Wally Post and Max Alvis of Cleveland; Jimmie Hall of Minnesota; rookies John Boccabella and Billy Cowan of the Cubs; Frank Robinson of the Reds and Hank Aaron of Milwaukee.

Oratorical Contest Finalists Named

By Jane Casselberry
Finals were held Tuesday night in the school cafeteria in the American Legion Oratorical Contest for ninth graders at South Seminole Junior High School.

Larry Maplesden, Americanism chairman for Memorial Post 256 of Casselberry, which sponsored the contest, presented the winner's trophy to Jim Bacchus, son of Mr. and Mrs. G. M. Bacchus of Lakewood Shores. The second place medal went to Linda Cote, daughter of Mr. and Mrs. Lewis Cote of Casselberry.

First runner-up was Gilbert Hughson, son of Mr. and Mrs. G. A. Hughson, of Casselberry and second runner-up was Patti Sweeney, daughter of Mr. and Mrs. William Sweeney of Fern Park.

All the finalists are students in Mrs. Jo Ann Rowe's ninth grade civics class. Maplesden states that he is pleased with the fine effort made by these youngsters in this first contest to be sponsored by the Post at the Junior High level. He feels that the contestants improved immeasurably over their appearance in the preliminaries and have done a lot of research on the Constitution.

After each contestant was presented a prepared address, they drew subjects on some phase of the Constitution on which to give a shorter, extemporaneous talk. Both of the top contenders were excellent in composition and effectiveness of delivery making the judges' final selections extremely difficult.

Post Commander Harold Kryder served as official time keeper and members of the Post were judges. Guy Strickland, head of the Social Studies Department, welcomed the many parents and friends attending and thanked the Post for giving the students this opportunity. Girl Scouts Karen Cass and Susan Webber led the prayer and led the Salute to the Flag.

Wallace Blasted
OSHKOSH, Wis. (UPI) — Alabama Gov. George Wallace was branded by the official newspaper of Wisconsin's largest Roman Catholic diocese Wednesday as the personification of moral evil.

FINALISTS IN THE American Legion Oratorical Contest at South Seminole Junior High School were, left to right, Jim Bacchus, first; Linda Cote, second and Gilbert Hughson and Patti Sweeney, runners-up. The contest was sponsored by Memorial Post 256 of Casselberry. (Herald Photo)

Book Review Presented For Women's Club

By Jane Casselberry
A book review was presented at a meeting of the Women's Club of Casselberry held Wednesday afternoon by a member of the club, Mrs. J. E. Dunwoody, who is librarian at Rollins College in Winter Park.

The review was on Lillian Rogers Parks' book, "My 30 Years Backstairs in the White House," which gives many interesting glimpses into the lives of White House occupants during the years she was employed there.

Bridge and canasta were played following the program and the door prize was won by Mrs. Nance Russell. A delicious dessert luncheon consisting of angel food cake topped with ice cream was served by the hostesses, Mrs. Edward Pender, Mrs. G. C. Sawyer and Mrs. Darius Pringle.

Twenty-two members of the club were in attendance for the occasion. Election of officers for the coming year will be conducted at the next meeting which is scheduled for Wednesday, April 1, at 7:30 p.m. The business meeting will be followed by a social hour and entertainment.

Mrs. Evelyn Storrs will be at the Imperial House in Winter Park on Thursday, April 1, in charge of plans for the installation luncheon to be held '16.

"LET'S TALK DRY CLEANING"

By - WOODROW CASH
Spring is here! With its changing weather, its promise of greenery and budding flowers, its hint of warm days under a bright sun, its lacy spring fever, the new season is well under way.

We've suggested before that this is a good time to bring in heavy blankets and bedspreads and draperies for spring cleaning. It's time to look over your winter clothing, too. Topcoats and overcoats, heavy suits and woollens, all the clothes you might be planning to put away for the summer should always be cleaned first.

You've heard the slogan, "Don't put a cold in your pocket." Well, we might paraphrase that to say, "Don't put soiled, stained or wrinkled clothes in your closet." Dirt is the worst enemy your clothes have . . . so let us rout the enemy by cleaning the garments thoroughly before they're put away.

At the same time, you'll be bringing your spring and summer garments out of the chest or the closet. Before the really warm weather gets here to stay, let us freshen up this lightweight clothing, clean it where necessary, press out the winter's creases. Call for our free pickup and delivery service and get ready for the new season!

Junior Miss Begins Reign

MOBILE, Ala. (UPI) — America's new Junior Miss, Linda Felber of Colfax, Wash., travels to New York today for magazine and broadcasting interviews that will begin her year's reign as the ideal high school senior.

The 18-year-old green-eyed blonde beauty was chosen over 400 contestants from every state Saturday in the 7th annual pageant.

The first girl from the Far West to win the crown, Miss Felber was selected on the basis of her talent, scholarship, physical fitness and poise and appearance.

With the honor goes a \$9,000 scholarship she said she would use to attend Washington State University for a year, the University of California for another year and then a school of the theater. She wants to be an actress

and it was this talent that contributed to her victory.

Sponsors of the pageant say the contest is to determine the girl who most represents her teen-aged contemporaries. Miss Felber will travel some 25,000 miles throughout the country this summer in the role.

The four runners-up were Connie Lockwood, Jamestown, Ohio; Stephanie Lee, Los Alamitos, Calif.; Evelyn Su-

gawa, Honolulu, Hawaii; and Linda Cave, Warwick, R. I. They shared \$8,000 in scholarship money.

Sanford Firm Is Incorporated

Articles of incorporation have been granted to the Key West Pipeline Company, by Sanford, by Secretary of State Tom Adams.

Incorporators are Gerald and Leonard Rauch and Morris Glesby, all of Houston, Tex., who own the Sanford Pipeline Company, operating a jet fuel line from Lake Monroe to Sanford Naval Air Station. Douglas Stenstrom, attorney for the Key West firm, said it will negotiate with the U. S. Navy for installation of fuel lines, oil lines and water mains at Key West.

Varied Program Given By Fine Arts Department

The Sanford Women's Club presented their 34th annual Animated Magazine program Wednesday afternoon at their club house.

Mrs. George Wells, editor in chief, used as her theme, "Adventures in Art." The magazine was dedicated to Mrs. W. L. Gramkow, who was presented an orchid by Mrs. C.P. Harkey, chairman of The Fine Arts Department.

Mrs. Wade Shealy announced the numbers on the program as she turned the pages of the magazine.

Julian Stenstrom, of The Sanford Herald, presented a most interesting and unusual editorial on "Sanford's Future in the Development of Central Florida." He emphasized that the St. John's River was Sanford's greatest asset, and stated that eventually, Sanford would be the hub of the Central Florida Empire. Mr. Stenstrom also predicted that within 15 years the Central Florida Area, comprised of Volusia, Seminole, Brevard, Orange and Lake counties, would increase in population equal to the present state population.

Mrs. Joseph Mathieux entertained the members with two musical selections, "Scarlet Ribbons" and "The Italian Street Song," accompanied by Barbara Brorup.

In "The Art of Flower Arranging," Mrs. Fred Ganas, pointed out the abundance of fresh material available in Central Florida for unique flower arranging. She stated that the combination of greenery, flowers, fruit or vegetables could produce a delightful effect. Using a tall candle holder as the base, Mrs. Ganas created a clever artistic arrangement combining Sago Palm, Fugl mums, other

greenery and small mums. Miss Sherry Spinell furnished appropriate background music while Joseph Mathieux presented "Adventures in Art." He defined art as being of the imagination, and putting the artist himself into the picture. Mr. Mathieux further stated that beauty can be found in the most menial task, and warned Sanford residents not to let fast growth and development destroy our natural beauty.

Jack Rossman concluded

the program with two accordion solos, "Beyond the Sea" and "Begin The Beguine," and played the background music for the tea which followed.

Mrs. Al Hunt presided over the tea table, which was overlaid with a beautiful lace covering, centered with a lovely arrangement of white roses. Other tea hostesses assisting Mrs. Hunt were officers of the social department.

Hostesses for the day were officers of the General Club.

JULIAN STENSTROM, left, who gave the editorial at the Animated Magazine program with Mrs. George E. Wells, editor in chief.

WW Welcomes New Residents

New residents were recently welcomed to South Seminole County by Nora C. Norris, welcome wagon hostess for this area.

Newcomers include Mr. O. C. Rutherford and son from Cleveland, O. Mr. and Mrs. W.A. Cinnamon from Knoxville, Tenn. Mr. and Mrs. Quitman Davis from Longwood, Mr. and Mrs. Herbert Hoffman and children Billy and Shelia from Kalamazoo, Mich.

Also Mr. and Mrs. Carl Brell from Detroit, Mich. Mr. and Mrs. David Griffin and children, Dana and Tod from Weymouth, Mass. Mr. and Mrs. Stewart Jordan from Chuluota, Mr. and Mrs. George Morris from Orlando, Mr. and Mrs. Charles Anderson and daughter,

Shelia, from Columbus, Ga. Mr. and Mrs. William Taylor and children Ronny and Mary.

Also Mr. and Mrs. Robert Lanam from Orlando, Mr. and Mrs. James Wiggins and children Sandra, Jamie, David and Kenny from Garden Grove, Calif. Mr. and Mrs. George Cowan and children Richard, Alice and Jack from Byrdstown, Tenn. Mr. and Mrs. William Burrall from Sanford, Mr. and Mrs. William Winters and son Bill from Orlando.

Mr. and Mrs. James Sweet, James Jr., Richard, and Norma Jeanine from Lake City, Mr. and Mrs. Warren Winborne, Danny and Carole from Jacksonville, Mr. and Mrs. Fred Broderick, Sandra, Rance and Bridget Ann from Leesburg, Mr. and Mrs. Walter Hankinson from Long Branch, N.J.

Also Mr. and Mrs. L.J. Bruce, Jeanne, Rosanna, and Jamie from Eustis, Mr. and Mrs. Lowell Frazier, Dennis, Michael and Karen from Washington, D.C. Mr. and Mrs. Kenneth Baybon, Kathy, Ricky, Marty, Judy, and Timmy from Sanford, and Lt. and Mrs. Ralph Hastings, Frank and David from Rota, Spain.

Deltona Ladies Attend Fashion Show Luncheon

Several of the ladies of Deltona enjoyed the Card Party and Fashion Show given by the Welcome Wagon Club of Sanford. A delicious variety of cakes using the St. Patrick's Day theme was served with coffee and tea. The luncheon was followed by the Fashion Show—a delightful array of Spring fashions for every age group.

They were all pleased when a Deltona resident, Mrs. Blanche Miller, won one of the door prizes, a very sturdy and versatile set of kitchen tools. The winner at the Pinochle table was Mrs. Celeste Moore. Mrs. Kay Hollister won at Bridge and Mrs. Mildred Hancy at "500," all Deltona card players. They enjoyed the afternoon and hope the ladies of Sanford will attend the many functions that are being planned by the Welcome Wagon Club of Deltona.

MR. AND MRS. CLAYTON WINTER and their daughter, Mrs. Wallace Martin, of Longwood, have been enjoying a visit from their children, grandchildren and great grandchildren. Left to right front row, are Renea Cori, Mrs. Winter holding Cheryl Cori, Mr. Winter holding Clayne Bedsole and Camille Cori. Back row, Mrs. Cecil T. Bedsole, of Yokota Air Force Base, Japan, Mrs. Martin and Mr. and Mrs. Frank Cori of Preble, N. Y.

Lake Monroe 4-H Club Meets At Johnson Home

The Lake Monroe Handy Helpers 4-H club met recently with their assistant leader, Mrs. H.L. Johnson, at her home on Narcissus Ave.

Patty Baker, president, presided over the important business meeting. The girls were given cook books which were used in the recent creative cooking school held here. Patty read the group a letter from the County H.D. Agent, Miss Wilson, complimenting them on preparing and serving at a recent meeting of the Lake Monroe H.D. Club. The girls have been asked to serve as waitresses at the coming banquet of the H.D. Club. They have decided to make new aprons for the event.

The group voted on a bake sale for April 11th to be held at the Winn Dixie store on French and 25th St. The proceeds are to go toward sending girls to 4-H camp in June. A skit was prepared with Susan Dunn to be narrator, Betty Baker, Dambi Chesner, Charlene Baker and Susanna Thrasher to take part. This is being done for County Events day on April 4th. Patty will enter the public speaking contest. Eight of the girls will make and model clothes in the county dress revue.

Next meeting of the club will be on April 1st at the home of leader Mrs. H. R. Wilson.

Those present were: Patty, Betty and Charlene Baker, Becky and Barbara Cowan, Joy Wilson, Yvonne Steip, Ruth Bullard, Sara Dyling, Ruth Thrasher, Dambi Chesner, Mrs. Wilson and Mrs. Johnson. Two new girls who were welcomed as new members are Debbie Smith and Sue Smith.

Easter Story Presented At Oviedo Women's Club

By Bernice Kelsey

The Oviedo Woman's Club recently held its monthly luncheon and business meeting at the club house. Chairman of the successful luncheon was Mrs. A. C. Hopkins assisted by committee members, Mmes. Douglas Jackson, R. C. Miller, Jack Dodd, Frank Wheeler Jr., Douglas Arle, Theodore Aulin Sr. and Roxie Evans.

Artistic Easter decorations adorned the club house. The main table was covered with purple taffeta, beautifully draped and banked, and centered with white Easter lilies and an open Bible. A lavender and white cloth overlaid the president's table, centered with a floral arrangement of lavender wisteria and white azaleas, with candles on each side. The remaining tables were decorated with traditional Easter baskets.

Mrs. Harold Barnes cordially welcomed the members and guests. The devotional was given by Mrs. B. F. Wheeler Sr., who introduced Morris S. Hale Jr., president of Orlando Junior College, as guest speaker.

The Easter story was presented by Mr. Hale in an unusual and interesting manner. He revealed the historical background of Pontius Pilate, the fifth of seven Roman procurators, who ruled over Judea from 6 to 41 a.d.

Mrs. J. H. Staley, treasurer, reported a \$600 mortgage balance due on the club house. The area combined drives are still incomplete, but collections to date exceed \$2,153. The latest club fund raising project is selling "Dandy-Du-It."

Members of the organization accepted Mrs. Syrus B. Dausey as an honorary member, and Mrs. Franklin F. Sloat of Windermere as a new member.

At the last board meeting, Mrs. John Lundy, Mrs. James Michael, and Mrs. James Wilson were appointed to the nominating committee. A report from this committee was not available at the meeting.

Mrs. R. W. Estes announced the State Woman's Club convention will be held in Jacksonville April 13-16.

MRS. R. W. ESTES is shown with Morris S. Hale Jr., president of Orlando Junior College at a recent meeting of the Oviedo Women's Club.

South Seminole Personals

Mr. and Mrs. Horace Boardman, of North Orlando, have as their houseguests, Mr. and Mrs. M. Dylberg and Mrs. Mary Shankland, all of Kenosha, Wis.

Current guests at the home of Mr. and Mrs. Kenneth Reis, 44 South Devon St., North Orlando, are their son and his wife, Mr. and Mrs. Kenneth Reis Jr., of Tampa.

Recent guests of Mr. and Mrs. William Eckard, Forest Ave. Altamonte Springs, were Mr. and Mrs. Max Neel, of Detroit, Mich.

All Souls Women Hold Meeting

The All Souls Catholic Women's Club held their regular monthly meeting on Monday evening in the Parish Social Hall.

Mrs. Paul Aucoin, President presided. Reports were given by the various Committee Chairmen. Mrs. John Kolarik, Chairman for the Layettes, again had the layettes on display so that the membership could see it before it is sent to the Deaneary Meeting for judging along with the layettes prepared by the other affiliations of the Diocese.

Mrs. Theodore LaTour, Chairman for the Rummage Sale reported on the success of the Sale. She also thanked the Committee that assisted her on this event.

Announcement was made for the forthcoming Daenary Meeting to take place March 19th at St. Brendan's Parish, Ormond Beach.

The Catholic Youth Club will again assist the Women's Club by taking care of the Easter Egg Hunt. The Catholic Women's Club will donate the Easter Eggs and the Youth Club will make all the other preparations for the Hunt which will be on Easter Sunday.

Plans were started for the Annual Communion Breakfast which will take place on Sunday, May 3rd. Miss Edie Krygier volunteered to be the Chairman for this affair.

The membership voted to purchase new journals for the Parish. Mrs. John Kolarik volunteered to make them so that they would be ready to adorn the statues in Church on Passion Sunday.

The next meeting of the Catholic Women's Club will take place on Monday, April 6th in the Parish Social Hall at which time there will be election of officers for the coming year.

A delegation from All Souls Catholic Women's Club are making plans to attend the Diocesan Deaneary meeting on March 19th to be held at St. Brendan's Church, Ormond Beach.

Rep. Fred Karl will be the guest speaker - his topic will be "Expectations for Central Florida."

Also speaking will be Rev. Peter C. Nolen, President of Central Catholic High School, who will talk on "That All May Be One."

The schedule for the day: 9:00 A.M. Mass & Benediction - St. Brendan's Church, Ormond Beach 9:45 A.M. Breakfast - St. Brendan's Social Hall 10:30 A.M. Business Meeting - Riviera Beach Motel 12:30 P.M. Luncheon - Riviera Beach Motel

Anyone wishing to make reservations, please contact, Mrs. Paul Aucoin, President of All Souls Catholic Women's Club.

One way to prevent accidental poisonings in the home is to store the internal and external medicines in different shelves of the medicine cabinet. Paste a sign on the inside of the door indicating which shelf holds each.

Question: What makes T. G. Lee products so different?

Answer: QUALITY!

It's no secret. We couldn't hide it if we wanted to. The single ingredient in all T. G. Lee Dairy products that makes them stand out is quality. Quality that starts at the farm and continues to your table; constant, controlled quality. You'll recognize it in all T. G. Lee products. Try them, and see for yourself. Taste the difference . . . the big difference . . . that quality makes!

Dear Abby: By Abigail Van Buren

DEAR ABBY: I beg to inform you that the female parakeet does not talk. Only the male can be taught to talk. It is the same with canaries. The female canary will give out with an occasional chirp, but only the male canary will burst forth into song. If it will make you feel better, Abby, the female of the feathered family is more beautiful. But let's be honest, she contributes nothing and is strictly ornamental.

KNOWS HIS BIRDS

DEAR KNOWS: Is that so? The rooster does the crowing, but it's the hen which lays the eggs.

DEAR ABBY: I recently visited a young dentist who was recommended to me by a friend. When I got into the chair, rock and roll music started playing right in my ear. I am a matron, 58, and I never listen to that kind of music at home as it is nerve-racking. I enjoy soft, semi-classical music, however. I debated whether I should ask the dentist to shut it off, but decided not to say anything. Then the

dentist started HUMMING along with the music! I didn't want to upset him while he was working on my teeth, so I kept silent. I wish there were some way to let him know why I never went back to him, although he was a good dentist.

FAITHFUL READER

DEAR FAITHFUL: Let me help! Confidential to all dentists who use music! Ask your patients if they want music and, if so, if they have a preference. P.S.: It's all right to whistle while you work—but don't hum.

DEAR ABBY: My husband has been divorced from his first wife for twelve years, and married to me for ten. She has never remarried. She still calls him on the phone, but never at home, only at his office. I know this because I have been at his office when she's called. He claims she wants nothing from him, and only calls to give him news and health reports on their daughter. This daughter is 24, married, in good health, and is able to take care of herself. I don't trust this "ex." What do you

Jacoby On Bridge By Oswald Jacoby

Vic Higgins, chairman of the tournament committee for the Mid-South Regional which will be held in Durham, N. C., April 8-12, writes: "We are going all out to have one of the finest Regional tournaments ever held."

Judging from my previous experience in the Carolinas, nothing can be much finer than a tournament there. I am looking forward to a wonderful time.

Vic also sent today's hand with these comments: "When my partner took off for the stratosphere, I regretted my 11-point opening. When East doubled the final contract of six spades, I regretted it still more."

West opened the deuce of clubs. He assumed that East had doubled for a club lead and would be able to ruff. I assumed the same and finessed. When my eight spot won the trick, I led a spade toward dummy. When West showed out, I rose with dummy's king, led three rounds of hearts in order to get rid of dummy's king of diamonds, and then led a low spade to dummy's ten.

"East took that trick, but that was all."

It was certainly quite a slam to bring home. When I get to Durham I am going to remember not to double Vic Higgins.

West opened the deuce of clubs.

We The Women: By Ruth Millett

So your young daughter, in her early teens, thinks you have old-fashioned notions because you insist on meeting her dates, want to know where she will be, and insist that parents will be at home to act as chaperones, before you let her spend an evening at another teen-ager's house. Don't give it a second thought. Hold to your "old-fashioned" rules. By the time your daughter goes to college, chances are she will be just as "old-fashioned" as you are in her judgment of how much a teen-age girl should be protected.

Recently, 118 girls, all college freshmen, were asked their attitudes on dating questions—and their answers were surprisingly conservative.

More than 80 per cent disagreed with the following statements:

Persons between 16 and 18 do not need to inform their parents where they will be while dating.

Even when a girl is below 18 it is unnecessary for her parents to meet her boy friend before she first goes out with him.

It is all right for a boy to invite a girl to his home when no one is there—and vice versa.

The majority of freshman girls even vetoed the idea

Discharges

Freddie M. Mobley, Eliza Pringle, Mary Lou Stinson, all of Sanford; Shirley Rhiner, Lake Monroe; Peter Y. Myhre, DeBary.

UAW Stuffing Wage Package

ATLANTIC CITY, N. J. (UPI)—The United Auto Workers, armed with a \$45 million strike fund, met today to shape a jumbo bundle of wage-benefit demands for this summer's negotiations with the auto industry.

UAW President Walter P. Reuther aimed at a contract package that would raise payroll costs at least 4.9 per cent a year—roughly 15 to 18 cents an hour for nearly 600,000 production workers.

That target, about twice as big as the typical 1963 contract settlement, may invite criticism from President Johnson when he addresses the 2,000 delegates Monday. Johnson has appealed for moderation in bargaining this year.

Cost of the schipperke breed of dog is thick and colored solid black.

Fashions For Easter Season Shown For WW Club Members

By Maryann Miles
Colorful fashions designed for the Easter Season were shown through courtesy of Carol's Dress Shop of Longwood Plaza for 49 members and guests of the South Seminole Welcome Wagon Newcomers Club at last Thursday's meeting at the Villa Nova in Winter Park. The meeting opened with cards at 10 a. m. and luncheon, served at 12:30 p. m., was followed by the Fashion Show. Narrator was Mrs. Catherine Wesley. Models were Mrs. Millie Pittman, Mrs. Evelyn Chapman, Mrs. Marie Boardman, Mrs. Hannah Mitchell, Mrs. Margie Mount and Mrs. Jerry Eckard. Door prize was won by Mrs. Nan Peterson. Card prizes went to Mrs. Irene Blanchard, first bridge; Mrs. Frances Cordell, second bridge; Mrs. Lucille Crowell, first canasta and Mrs. Juanita Moore, second canasta.

Guests attending included Mrs. Margie Mount, Mrs. Maxine Leech, Mrs. Hazel Strague, Mrs. Martha Sobotaka, Mrs. Ruth Krebs, Mrs. Betty Miller, Mrs. Jessie Jacobs and Mrs. Freida Moore. Mrs. Bea Maggett was welcomed as a new member. The business session was conducted by the president, Mrs. Sandy LaPoma, who reported that she and Luther Miles represented the club at the recent donors day for Old Glory Community Blood Bank. Three more donors are needed if the club is to maintain its membership in the bank and members were asked to report to Blood Bank headquarters in Orlando if they can make a donation.

For benefit of the many club members who were active participants in the February Heart Fund Drive, Mrs. LaPoma reported that a total of \$4,460.40 had been collected in the DelBary-Seminole area to make this year's campaign the most successful to date.

Invitation from Heart Council president, Edward Simon, was read announcing a meeting for March 31 at the Altamonte Springs Community Club at 8 p. m. when additional reports of interest will be made along with plans for next year's drive. Hostesses for the meeting will be Mrs. Eugene Taylor and Mrs. William Eckard, both of Altamonte.

The club's next executive board meeting will be held at 11:30 a. m., April 15, at the Trade Winds Cafeteria in Casselberry where the next general meeting also is scheduled for 10 a. m., April 23. Program for the day will feature a crazy hat show.

Taxpayers Get Warning On Deadline

Last date on which taxpayers may pay 1963 taxes without penalty will be March 31, Marjorie Shepard, assistant tax collector, stated today. Failure to pay taxes on or before that date, she said, will result in a minimum penalty of three per cent on real estate taxes and one per cent on personal and intangible taxes. She also pointed out that the tax laws require the additional charge of cost of advertising the property as delinquent.

Attention also was called to the fact that interest, advertising and other collection cost are added to the tax and all become a lien against the property owned by the delinquent taxpayer. It is, therefore, to the advantage of the taxpayers to pay 1963 taxes before April 1 and avoid penalties. All payments by mail must bear postmark not later than March 31 to escape the penalties. The interest rate on delinquent real estate tax begins at 1 1/2 per cent with a minimum of three per cent. On personal and intangible taxes the interest amounts at the rate of one per cent per month.

Tax certificates will be sold at tax sale to be held May 28 on each parcel of real estate on which the 1963 taxes have not been paid. At the same time warrants will be issued against all personal property tax items, which are not paid, directing the levy and sale of the property to satisfy the taxes and cost. Executions will be issued on all intangible tax items not paid. These executions will be filed with the clerk of circuit court and will become a lien against any real estate the taxpayer may own, Mrs. Shepard stated.

Fern Park Visit Reset By Kelly

By Julia Bartos
Appearance of Senator Scott Kelly, gubernatorial candidate, scheduled at Old Glory American Legion Post in Fern Park for March 26, today was rescheduled for between 4 and 5 p. m., Monday, April 13. Announcement of the postponement came from campaign headquarters in Orlando. Arrangements for Kelly's appearance at the Legion Home are under direction of Bill Chambers, Seminole County Democratic Committeeman.

\$900 Million Aid Cut Otto's Aim

WASHINGTON (UPI)—Foreign aid's arch-foe, Rep. Otto E. Passman, D-La., was reported today to have set his sights on at least a \$900 million cut in President Johnson's \$3.4 billion aid bill. Administration forces claim that such a slash would cut the heart out of the program. But Passman disagrees and he has a lot to say about it in his post as chairman of the House foreign aid appropriations subcommittee.

news... BRIEFS

Harriman Safe

ACCRA, Ghana (UPI) — A plane carrying Undersecretary of State W. Averell Harriman developed engine trouble today shortly after takeoff but returned safely to Accra Airport.

Wallace Warned

MEMPHIS (UPI) — If Gov. George Wallace of Alabama enters the Maryland primary, the state's favorite son candidate will "smother" him, Gov. J. Millard Tawes of Maryland said Monday night.

UMW Contract

WASHINGTON (UPI) — Miners in the soft coal industry will receive a \$1 per day increase April 1 and a similar boost next Jan. 1 under provisions of a new contract signed Monday.

Envoy Stabbed

TOKYO (UPI) — U. S. Ambassador Edwin O. Reischauer was stabbed in the leg today by the 19-year-old Japanese who police said was mentally retarded. Embassy officials said the four-inch wound was serious but not critical.

Tests Planned

ST. LOUIS, Mo. (UPI) — The Rev. Martin Luther King said Monday that Negroes will stage "community by community" tests of public accommodations across the nation if the civil rights bill is passed.

CORE Warns

TALLAHASSEE (UPI) — The national director of the Congress of Racial Equality (CORE) warned Monday Florida can expect increased racial demonstrations and voter registration drives this summer.

'Cartwheel' Run

WASHINGTON (UPI) — The House Appropriations Committee, which decided Friday it would be dime wise and dollar foolish to mint more \$1 coins, stuck to its decision today despite a continuing run on the Treasury's supply of "cartwheels."

Copter Spotted, Truman Says

KEY WEST (UPI) — Former President Harry S. Truman said Monday the Cuban helicopter that landed at Key West last Friday did not do so undetected.

India For Red Disarmament

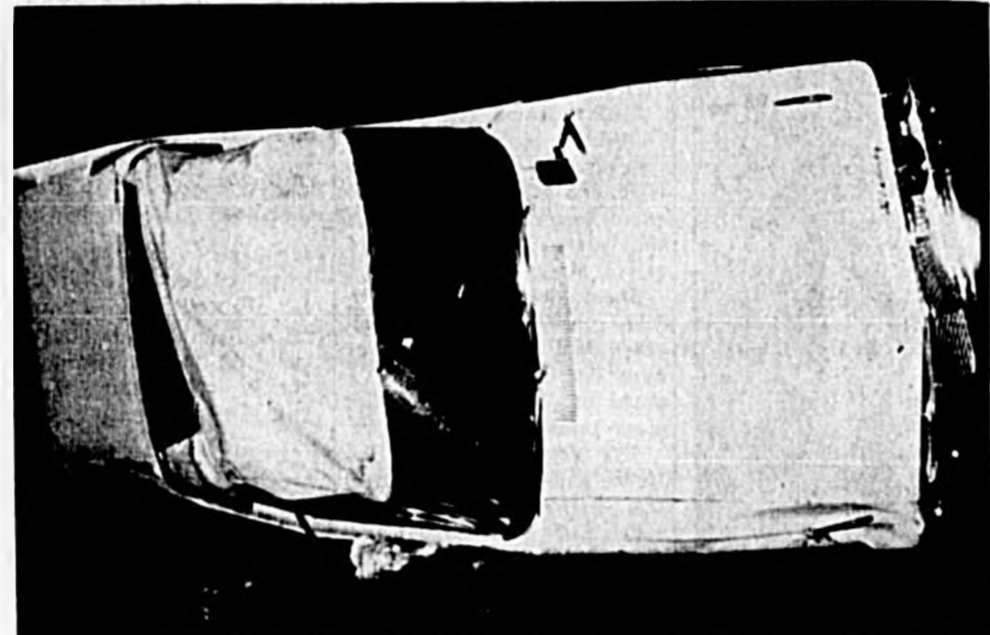

GENEVA (UPI) — India announced its support for a Soviet disarmament proposal today in a move that startled the West.

SNAS Is Marine's Birthplace

On July 8, 1944 (during World War II), Carlton E. Prevatt was born to Mr. and Mrs. Thomas Walker Prevatt, of Geneva, at the dispensary at Sanford Naval Air Station.

LANCE CPL. Carlton E. Prevatt is welcomed aboard by Sgt. Maj. James F. Truluck at the Marine Barracks, SNAS. (Herald Photo)

HERBERT ANDREW DYNDER, Sanford, escaped injury late Monday night when this late model compact convertible went out of control and overturned three miles south of Sanford on U. S. 17-92. State Trooper Bill Stringfield, investigating officer, said Dynder had been charge with driving while intoxicated. Damages to the auto have been estimated at \$1,500.

3-Hour Service Good Friday Set By Churches

The traditional three-hour service from noon until 3 p.m. presented annually by the Sanford Ministerial Association on Good Friday will be held at First Presbyterian Church.

Ministers will give brief meditations on "The Seven Words From the Cross," each having charge during a 20-minute period. Those attending are asked to enter and leave the church during the singing of hymns.

Participating in the service will be Rev. John T. Adams Jr. of the First Methodist Church, Chaplain Robert L. Deal of Sanford Naval Air Station, Rev. Fred B. Chance of First Baptist Church, Rev. H. M. Wilder of Pinecrest Assembly of God Church, Rev. Edgar W. Smith of First Presbyterian Church and Rev. Paul Hikes of the Nazarene Church.

Music will be provided by the organists and choirs of various churches taking part.

India For Red Disarmament

GENEVA (UPI) — India announced its support for a Soviet disarmament proposal today in a move that startled the West.

Disarmament negotiator V. C. Trevedi said his government favors Moscow's "nuclear umbrella" proposal, which calls for the destruction of all nuclear weapons—except a limited number retained for defense by the United States and Russia—as a first step toward disarmament.

The West has rejected this plan, chiefly because the Russians have offered no guarantee of verification of weapons destruction.

Conference Set Wednesday In Washington

The Board of Seminole County Commissioners at noon today telegraphed Florida's Congressional delegation urging their complete support of the continued operation of the Sanford Naval Air Station.

Top level conference on proposed expansion of Sanford Naval Air Station is scheduled for Wednesday morning by members of Seminole County Chamber of Commerce's armed forces committee, Navy representatives and Florida Congressional delegates in the office of Sen. Spessard Holland at Washington.

Chamber officials will ask the Navy to renew its appropriation request for \$8.5 million for an extension of the north-south runway and some new building.

The Navy, in turn, it is understood, wants assurance that Congress will approve the budget request. Senator Holland, Sen. George Smathers and Rep. A. S. Herlong Jr., who will attend Wednesday's conference, have been quoted as saying they will support the request.

Several weeks ago the Navy withdrew this item from its overall budget request in view of the administration's economy move.

The budget request must be authorized by the House armed services committee and approved by the House appropriations committee before being submitted to the Senate and approved there.

Vice Adm. John S. Thach, deputy chief of naval operations for air, who was in Sanford last week for the Bombing Derby, will attend the Wednesday conference.

His recommendation will bear much weight with the Congress and with Defense Secretary McNamara, who has been spearheading President Johnson's economy move.

The Navy desires to extend the north-south runway from the present 6,000 feet to a little more than 10,000 feet. This would permit the bombers to take off and approach the base over Lake Jesup, eliminating the pattern and noise over the city.

The amendment authorizing the bonds earmarked revenue from the 1.5 per cent utilities tax, amounting to about \$10 million a year, to pay off the debt.

Pre-Easter Ladies' Day Coffee Set

The annual pre-Easter Ladies' Day Coffee Club of the Seminole County Chamber of Commerce will be held at 10 a.m. Thursday in the Chamber building. Wives of members, secretaries, receptionists, cashiers, clerks and other employees have been invited to attend.

Each lady present will receive a box of Chun King products donated by Jeno Paulel, head of the Chun King Company and owner of the Riksha Inn.

Four ladies will be awarded boxes of holiday candies contributed by Faust Drugs, McReynolds Drugs, Roumillat Anderson's and Touchon's. A. F. Ramsey, florist, and the Sanford Flower Shop have contributed floral gifts and plants have been donated by the A & P Food Stores, Food Fair, Winn-Dixie Stores and Thriftway Super Markets.

Merger Proposal Fans City Council Embers

City Commissioners almost lit the fuse of an explosive issue Monday night, one which would merge the fire and police departments under a single public safety director.

But they backed off after a prolonged discussion to give the matter further study.

City Manager Warren E. Knowles was asked to check other municipalities, getting their procedures and reactions to the merger.

Commissioners were almost universal in declaring the proposal "explosive."

The matter was brought up by Commissioner M. L. (Sonny) Raborn Jr. when it was learned several firemen are leaving city posts to accept other firefighting jobs which pay more money.

Particular mention was made of the Cape Kennedy area.

Fire Chief Mack N. Cleveland Sr. said he had lost two and possibly three men to the more lucrative jobs and expects to lose a total of "six or seven soon."

He asked that firemen be paid the equivalent of police officers, and recalled the action on the wage adjustment was delayed until a future meeting.

It was then Raborn suggested a study of the merger into a public safety division for the city.

Commissioner Earl Higginbotham said such action would "cause a big explosion of employees." Chief Cleveland labeled the plan "not practical."

Meanwhile, to rebuild the fire department personnel total, Chief Cleveland was authorized to hire replacements as the vacancies occur.

It was generally conceded the city cannot compete with government or private enterprises in meeting the pay schedule established by those groups.

It was also agreed that the city has no control over retaining such men should they wish to leave for higher paying work.

Jacksonville On Guard Against Further Riots

JACKSONVILLE (UPI) — Dozens of Negro high school students engaged in a bottle and rock throwing melee with police today and overturned and burned one automobile.

JACKSONVILLE (UPI) — Reinforced police units braced for the possibility of new racial violence today in this "Gateway to Florida" city following a bloody night of demonstrations in which whites were beaten, slashed and shot.

A Negro woman was killed by gunfire during the height of Monday night's disturbance in the city's Negro area. Roving gangs of Negroes hurled bricks, bottles and rocks at whites who ventured into the area.

Order was finally restored by police units about 1:30 a.m. EST.

Police arrested 127 persons Monday afternoon and night. Sixty-five of them were convicted of unlawful assembly and disorderly conduct in city court trials that ran until 3 a.m. today.

Police Chief Luther Reynolds canceled days off for the police force and special 45-man emergency unit was on standby alert to move in if new violence flared.

"We have to play it from day to day," Reynolds said. He was in his office before 8 a.m. EST after a few hours sleep.

Hundreds of anxious whites telephoned police headquarters this morning, asking if it were safe to venture out onto the streets. They were told that order had been restored.

Several streets in the Negro section were littered with broken glass, bricks and other debris from the vandalism and violence.

Approved purchase of curb and gutter forms from State Tractor and Equipment Co. for \$2,870.

Approved the deed for high school lift station from the County Board of Public Instruction.

Approved acquiring of a deed on the vacant lot adjacent to the library.

Okayed a request for two street lights on East 24th Street between Mellonville Avenue and Bel-Air Boulevard.

Okayed a request for a beer and wine license at 20th Street and Hardy Avenue. The owner is Mrs. L.B. Place.

Approved on first reading an ordinance authorizing the issuance of revenue certificate for the \$800,000 water improvement program.

Approved a contract with Southern Air to provide an air conditioner replacement at the police station. Cost will be \$714.

starting salary is now \$3,600 annually with an increase to \$3,925 after six months.

Action on the wage adjustment was delayed until a future meeting.

It was then Raborn suggested a study of the merger into a public safety division for the city.

Commissioner Earl Higginbotham said such action would "cause a big explosion of employees." Chief Cleveland labeled the plan "not practical."

Meanwhile, to rebuild the fire department personnel total, Chief Cleveland was authorized to hire replacements as the vacancies occur.

It was generally conceded the city cannot compete with government or private enterprises in meeting the pay schedule established by those groups.

It was also agreed that the city has no control over retaining such men should they wish to leave for higher paying work.

Okayed a request for two street lights on East 24th Street between Mellonville Avenue and Bel-Air Boulevard.

The word is out . . . and fairly definite . . . that the proposed Girls Town and Seminole College at North Orlando are "kaput." Seems there are financial, land, title and other problems and that plans have been abandoned for the two institutions. On the other hand, R. E. Porter hears, too, that the new owner of the North Orlando Company, from Hawaii, will be making a visit Saturday.

Are the two North Orlando Council members on the distant side feuding already? Even before one takes office? So it appears from rumors. May be ironed out, though, before the April 6 organization meeting. One gal, already in office for a year, wants to be mayor and needs the vote of the other, who takes office two weeks from tonight. Irene Van Epocel makes "no bones" she wants to be mayor and, although admitting she did not vote in the general election for Mona Grinstead, has asked for Mona's ballot in the selection of a mayor April 6.

Parting advice at a certain Florida college to students leaving for Easter vacation . . . "If you go to Daytona Beach and get arrested, tell them you're from Stetson" (which they aren't).

Dr. Werner von Braun, director of NASA's George C. Marshall Space Flight Center, will discuss "The Many Faces of Space" at the annual dinner-meeting of the Florida Peninsula Post, American Ordinance Association, at the Cherry Plaza Hotel, Orlando, Wednesday. Local members will attend.

Cassiberry Volunteer Fire Department has accepted delivery of a new red panel truck to be used as a rescue and emergency vehicle after it is fitted out with the proper equipment.

High cost of the times: Abraham Lincoln paid 37½ cents for his first pair of eyeglasses in 1858.

Joe Gazil is having his trials and tribulations. A couple weeks ago on a Saturday night a gunman walked into his "Handy" store on French Avenue, cleaned out the cash drawer and made good his escape. Last Saturday night a motorist drove right on into the "Handy" store on 13th Street. What next, Joe?

Bye the bye, that gunman who said if he ever learns who was the clerk he held up in the French Avenue "Handy" store that night. It was only by a very small quirk of fate he escaped alive. He was cautious all the way through the robbery until he started to leave . . . then he got careless. Normally, the clerk carries a revolver on his job . . . but that night he didn't have it along.

With the Bombing Derby now history, local bigwigs are looking forward to the automobile show-industrial exhibit-beauty contest next month. Will be a three-in-one show designed to attract thousands to Sanford. Should, too. Full details will be carried in The Sanford Herald on April 1.

R. E. Porter and party visited Cypress Gardens last Sunday, for the first time in 16 years. What a change! Really wonderful — beautiful gardens and an exceptional ski show. Then, on over to Lake Wales for a visit to Spook Hill and Bok Tower. That Spook Hill is really spooky . . . pull up to the white line, kill the engine, throw it into neutral — and your car backs up 30-40 feet, right up hill.

I-4 From 46 To Markham Road Is Completed

TALLAHASSEE (UPI) — The Road Department announced today completion of a 6.3 mile segment of Interstate Highway 4 in Seminole County.

The \$1.6 million project extends from State Road 46 near Sanford south to Markham Road near Longwood. Opening of this rural segment leaves only eight projects to complete Route 4 from Pinellas County to U. S. 92 west of Daytona Beach. Six are urban projects, four on the East-West Tampa Expressway and two on the Orlando-Winter Park Expressway and all are expected to be complete by December.

Two rural segments, also to be completed by December, extend from Lee Road in Orange County north to Markham Road and from State Road 44 near DeLand to U. S. 92 west of Daytona Beach.

Mac As Well As Can Be Expected

WASHINGTON (UPI) — Gen. Douglas MacArthur's doctors reported today the old soldier is "progressing as well as can be expected" from his second major operation in 18 days.

But his doctors disclosed that in addition to a six-hour operation Monday to halt severe internal bleeding, it became necessary early today to perform a tracheotomy on the 84-year-old war hero. This entails insertion of a tube through an incision in the throat to aid breathing.

A team of doctors headed by the Army's surgeon general examined MacArthur this morning and issued a brief statement saying only that he was progressing as well as could be expected.

But other hospital sources said the general's heart beat and blood pressure were normal—encouraging signs—after anesthesia wore off.
