

One Is Dead And Two Missing In Sinking Of Boat South Of Miami

Explosion And Blaze Endanger Lives Of 135 Passengers On Excursion Vessel

MIAMI BEACH, Dec. 15.—(AP)—All victims and survivors of the accident when the "Se-Bot-M" boat Eureka II, exploded and sank 15 miles south of here yesterday with 135 persons aboard were accounted for today in an official check. The dead and those previously reported missing are three persons including a local woman, known as Fred Meib, Miami, who was picked up by a yacht, said as his rescue boat was enroute ashore with 13 survivors, it passed close by a small fishing craft and he saw the body of one man and four of the excursion boat passengers alive and well. The fishing boat was unreported here at noon but Meib, who is chief steward on the yacht, Josephine, said the fishing craft is probably disabled.

The yacht Marathia with a fishing party aboard was the first to reach the scene and picked up more than 30 passengers, all it could carry. Another yacht brought 73 more here, including the bodies of three unidentified dead.

The passenger list included more than 20 children, and these were taken aboard the rescue vessels first.

The Eureka II, an excursion boat built on two pontoons with a glass floor, was on its usual Sunday afternoon excursion to the marine gardens off the coast.

Capture Of Cities And Slaughter Of Inhabitants Told

HANKOW, Dec. 15.—(AP)—Capture of two Hunan Province cities with a general slaughter of the inhabitants by Chinese communists was described in reports received here last night.

Foreign ships plying the Yangtze River near Shanghai, reported Lichow, one of the important cities of Hunan, and Tszing-hai, had fallen into the hands of the reds, who ruthlessly massacred the population.

The reports said the communists indicated they planned to push their operations north of the Yangtze River and attack the important river town of Shanghai in Hunan Province.

Tszing-hai had been under fire several days and at one time the communists were reported to have burned part of the city and threatened death to the inhabitants for their resistance.

The Finland Missionary Society maintained a mission at Tszing-hai but with only meagre information available, it was not known whether missionaries suffered in the attack. It was understood the provincial government had ordered troops from Changsha, more than 100 miles from Lichow, to seek to disperse the reds.

Meanwhile, Chinese press dispatches reported the communists victorious against government troops in a battle at Ningtu in Kiangsi Province. The report said the reds had escaped into the mountains along the border of Kiangsi and Fukien Provinces, taking 1000 Ningtu residents as captive hostages.

Doctor Testifies In Army Major's Trial

KANBAN CITY, Dec. 15.—(AP)—Major E. J. Birckler, medical officer at Ft. Riley and specialist in psychiatry, testified at the murder trial of Major Charles Shepard today that the symptoms he found on the man were those of a man who had been shot in the head. Shepard was stricken with a fatal illness, indicated she was suffering from alcoholic poisoning.

Birckler first attended the woman whom the government contended was poisoned by her husband but he could be free to marry Miss Grace Brandon, stenographer of San Antonio. The grandmother of the dead woman previously had testified that Mrs. Shepard was a heavy drinker.

GANG ELITE IS ON HAND AS CAPONE DAUGHTER IS WED

Church Is Filled With Nondescript Array To View Ceremony

CHICAGO, Dec. 15.—(AP)—The elite of gangland put on its Sunday best and nosed luxurious motor cars through a snow storm yesterday to an obscure church in Cicero to see "Scarface Al" Capone's 18-year-old sister, Mafalda become Mrs. John Maristis in a wedding lavish with clergy, anthems and sashes with an undercurrent of firearms.

The principals tried to keep the event quiet and succeeded to the extent of having only 1000 persons packed yard-fash into St. Mary's Catholic church, built for a fourth that many. An additional thousand, unable to push their way in, milled about outside.

Among the guests were executives who circulated for business purposes. As the tenor sang "Oh Promise Me," they abstractly gazed from the mob. Each carried a pistol.

Al Capone Due For Appearance Today In Federal Court

CHICAGO, Dec. 15.—(AP)—Al "Scarface" Capone is due for an appearance in federal court here today to answer a contempt citation growing out of his non-appearance last winter for questioning about his income.

He was in Florida at the time and sent word by his attorneys that he was too ill to risk the rigors of Chicago weather. Government investigators reported however, that the ace gangster was cavorting about the Palm Island estate with no signs of physical debility.

The most optimistic law enforcer would not predict last night that Capone will be on hand before Federal Judge James H. Wilkerson.

His attorneys, in fact, expressed the opinion that a personal appearance, is not required at such a preliminary hearing. Moreover, they added, they suspect that state and federal prosecutors are using the contempt matter as a ruse to expose their client to more serious jeopardy.

It was pointed out, for example, that if Capone were to appear, he would unquestionably be served with a subpoena to tell the grand jury a few details about his income. He would also most certainly be searched as "number one" on the list of "public enemies."

Magistrate's Home Is Damaged By Blast

DANVILLE, Va., Dec. 15.—(AP)—The residence of Magistrate R. S. Pitts near Schoolfield in which the magistrate, his wife and two small grandchildren were sleeping, was badly damaged by an explosion today. None was injured. The explosion, believed by the magistrate to have been caused by a dynamite bomb, tore a hole three feet wide in the floor of the porch. R. S. Pitts, Jr., a son who lives next door, said he ran to the window of his home just in time to see two cars drive away. Magistrate Pitts said he had been warned in a telephone conversation that he had "better be careful."

NOVEMBER SETS NEW RECORD FOR TAX COLLECTIONS

Taken In \$104,997.66 During First Month

WASHINGTON, Dec. 15.—(AP)—The collection for November of the 1930 tax assessment roll of Seminole County was collected during the month of November, setting a new high record for the county for first month tax collections, and putting into the coffers of the State and county, \$104,997.66. The grand total of all state and county taxes for 1930 in Seminole county is \$469,268.11.

This information gleaned from the offices of Jno. D. Jenkins, Seminole county tax collector, this morning carried with it a statement from Mr. Jenkins that one of the most interesting features of the record payment is that "the greater part of the tax collections for November of this year exceed by \$5,000.00, the amount collected during November of last year. In November 1929 the amount of \$99,089.10 was paid while in November 1928 the amount collected was \$74,423.96. The number of tax receipts issued during the past month was 1661, making the average amount per receipt \$63.12. Last year the number of receipts was 1145, the average amount paid per receipt, \$86.57. The units allowed for payment in November amounted to \$1,308,231. Head Of Children's Bureau Describes Some Of Problems

WASHINGTON, Dec. 15.—(AP)—Summary of what her bureau "has been able to do" with respect to the children of the nation in the year 1929, the head of the Children's Bureau, Miss Grace Abbott, reported at a luncheon today.

"More than in any previous year," said Miss Abbott "the bureau has been unable to carry out requests from public and private agencies for state wide or local investigations, for compilation in the field for summaries of material in the files of the bureau, and for other kinds of assistance."

She asked additions to the technical and clerical staff.

Among the accomplishments of the bureau Miss Abbott listed: A maternal mortality study in 15 States, "whose findings" will form a cross section of causes of maternal deaths in the United States which at present rank below eight other nations in this respect."

Fire Destroys Homes Of Film Celebrities

LOS ANGELES, Dec. 15.—(AP)—An explosion and fire destroyed fashionable homes of motion picture stars at Malibu Beach here today. The official report lists the loss at \$900,000. Film stars and other persons who were in the homes at the time of the fire included: homes, valuable furnishings, and automobiles destroyed were Louise Patinkin, Allan Mann, George De Sylva, James Malcolm Taylor, Oliver T. Marsh.

The fire which gained headway was allegedly due to inadequate fighting apparatus and was not brought under control until the wind veered from the north to toward. The mystery of the early morning blast is still unsolved.

SOME ADVANCE IS REPORTED IN U. S. BUSINESS

Julius Barnes Makes Public Annual Survey Of Economic Depression In Nation

WASHINGTON, Dec. 15.—(AP)—Praise for some American industries for mounting the effort of the business depression was given last night in a widely publicized survey by Julius P. Barnes, chairman of the national business survey conference organized by President Hoover.

Barnes said reports received from the chief lines of American business indicated that the "main engine" of the depression was gradually being "revved up" and that the "main engine" of the depression was gradually being "revved up" and that the "main engine" of the depression was gradually being "revved up."

"There is evidence of many signs to current conditions and have in successful adaptation of production and market consumption," Barnes said in discussing the United States.

"Through many industries," he continued, "there is evidence that the depression has not been as deep as the statistical index of operations. Even during this recession, the average volume of trade has not been of large proportions, and there are indications of individual industries successful because of special conditions or because of management qualities, contracts, initiative and enterprise, which are typically American."

James and some improvement was shown in the United Kingdom, Germany and China, with Belgium, the Netherlands, Canada and Japan unchanged. The remaining nations included France showed a decline in general conditions, he said.

Covering in most instances, 11 months of the year, the survey showed a continued decline in foreign trade and a 7 percent drop in retail trade. Postal receipts posted slightly below 1929 level.

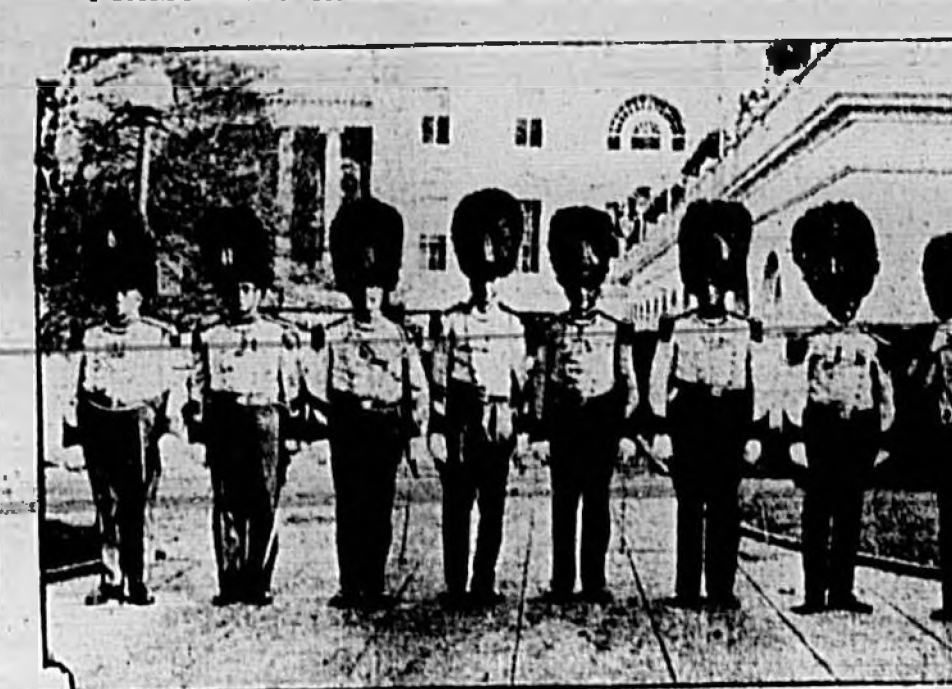

Short term credit continued in large volume but about 2 percent cheaper than last year. Exchanging arrangements in the annual report of Miss Grace Abbott, chief of the children's bureau.

"The report said Christmas savings of more than \$100,000,000, which are estimated 25 percent will be holiday spending, awaiting distribution Dec. 1.

Installation buying was lower, with agricultural sections leading a "depressing" trend toward greater independence. Collections were said to be "holding up well" in most lines.

ORPHAN 'KIDDIES' SEND LETTERS TO SAINT NICHOLAS

Santa Claus Is Asked To Bring Essentials Of Life To Children

Writing and to let rather than toys and trinkets would please the little orphan children who this morning wrote letters to Santa Claus, in care of The Sanford Herald, and the Christmas Editor at the same time in San and write to Santa Claus in behalf of those youngsters so that their wishes will not be denied.

These other letters, arrived at The Herald office this morning, two of them signed by one of the boys of Lake Monroe, carrying in a letter that he wanted a pony and a saddle, not to mention a few other things. Evidently that little boy has been a somewhat of a dreamer.

The first letter received this morning was from George and Harold Patterson of Lake Mary. It reads: "Dear Santa Claus, My little brother and I are little orphans. My mother died six weeks ago and left us without any clothes or shoes. The changing season is all we have. I will tell you what we need. We need some shoes and stockings and some warm underwear and some pants. Our ages are five years (Continued on Page Four)

Final Arrangements Are Made For Baptist Sunday School Conference

Final details were completed today for the annual meeting of the Seminole Baptist Sunday School Association which will meet with the First Baptist Church at Lake Monroe tomorrow afternoon at 3 o'clock.

According to Jno. D. Jenkins, prominent Baptist leader of Sanford, an elaborate program has been prepared for the meeting. Some of the features include an exhibition of posters and how they are made; an open forum for the discussion of Sunday School material; and a departmental program exemplified by the Intermediate Department of the Sanford Sunday school under the leadership of Mrs. W. P. Brooks Jr., social superintendent of that department. At 6 o'clock, dinner will be served at the church, following which the evening session will begin at 7 o'clock. Dr. W. W. Williams, state superintendent of Sunday School and W. Y. P. U. departments of the Florida Baptist Convention, will deliver an address at 7:30 o'clock.

The Association was organized in Sanford on Jan. 3, 1929, and is composed of the Sunday Schools of the 34 Baptist churches with the Seminole Baptist Association, including Chulusta, Oviedo, Co-

Trade Commission Reports Slack-Up In Consolidations

WASHINGTON, Dec. 15.—(AP)—Indications of a decline in the number of acquisitions, consolidations and mergers of business organizations during the first five months, as compared with the previous one, were given yesterday by the Federal Trade Commission.

In its annual report to Congress, the commission said, although an annual record had been kept, consolidation is actively along this line has indicated a general decline since the department of November 1929.

The commission, however, actively pursued its inquiry into the affairs of many companies, some of which represented groupings of several of power producing companies. The American Gas & Electric Company, the Electric Bond and Share Company, the American Power & Light Company, the National Power & Light Company, and the W. H. Fidelity Company were among those to have investigations.

The commission found the scope of its work increasing with the growth of interlocking interests of electric energy. A total of 11,000,000 kilowatt-hours of electric energy were produced over that amount in 1929.

During 1929 executives operating under the export trade act, commonly known as the Webb-Pomeroy act, sent out of the country goods amounting to \$251,000,000. The figures compared with \$176,200,000 exported in 1928 and \$171,500,000 in 1927.

TRADE BODY HAS MEETING TODAY AT VALDEZ HOTEL

President Papworth Answers Charge Of Political Activity

President Harry M. Papworth of the Sanford Chamber of Commerce, who in a short talk tonight, said that the local trade body had a right to make suggestions to the City Commission in matters pertaining to the economic welfare of the community, and City Commissioner Vivian A. Speer, who in answering Mr. Papworth's request that he tell why he called the Chamber of Commerce a political organization, said that he was all of the opinion that the trade body is dabbling in politics, through the highlight of the regular meetings of the Chamber of Commerce held at the Valley Hotel today afternoon.

Mr. Papworth declared that in offering the two recently adopted resolutions concerning the appointment of Mr. Ford to succeed Frank E. Miller as the City Commissioner, and the suggestion that the City Commission get advice to keep the 1931 mill levy on the six mills of the City, the Chamber of Commerce was acting in an advisory capacity, and not in a political one, and that he was not in a frame of mind to be considered as a political organization.

Commissioner Speer answered by saying that he was of the opinion that the Chamber of Commerce had during the past three or four months taken up too much time with politics, that the expert in the line of the resolution, certainly, involved of politics, and that the trade body had (Continued on Page Four)

Germany Protests Polish Terrorism In Note To League

GENEVA, Dec. 15.—(AP)—An official note to the League of Nations published here yesterday, charges open opposition of German minorities in Polish Upper Silesia has been continuing since recent Polish elections.

The communication is supplementary to a note Foreign Minister Czerwinski presented to the League two weeks ago, protesting alleged Polish mistreatment of the German minority. It also charges that the Polish government has been planning on the agenda of the league council meeting in January.

In his second communication, Czerwinski says the German government has learned of numerous additional "acts of violence" to which Polish citizens of German blood were reported victims.

"The number of acts of terrorism known to the German government," he says, "in which members of the German minority have suffered and all of which are punishable under criminal law amounts to nearly 300."

SPAIN IS AGAIN BUBBLING OVER WITH REVOLT

Capital Is In Turmoil And Planes Shower Cities With Inflammatory Literature

By Associated Press
Spain's political drama burst today into a nationwide movement of revolt against the throne. A president was proclaimed at Bilbao, Madrid, the capital, was in a turmoil and airplanes, piloted by rebel fliers, showered the principal cities with inflammatory literature. News was scarce and under rigid censorship but it was reported that fighting in the Madrid garrison was wavering, not knowing which way to turn.

Marital law was declared throughout Central Spain and a proclamation to that effect was read at noon in the main square of Madrid. Later riots broke up at Bilbao and San Sebastian, according to three deaths. Anala Zamora, cabinet member in 1922, was proclaimed president of Bilbao by the rebels.

King Alfonso kept to his castle in Madrid and President Berenguer, who has slept little in the past week, is skipping the government and moving into the line. Ramon Franco, rebellious aviator, is reported as one of revolutionary leaders. There was no word from Juan where an initiative first act of revolution was put down by federal troops Saturday. Movement Against Machado's Regime Is Gaining Strength

HAVANA, Dec. 15.—(AP)—A movement of protest against the administration of President Machado, started last week after student strikes which resulted in a 60-day suspension of entrance throughout Cuba, gained momentum yesterday.

A referendum was submitted to the leading business and professional organizations of Havana to decide whether they will support the demands of the students, teachers and alumni of the national university that the president go.

The world's national confederation of Havana has called a special meeting for a vote on the same subject, while iron and copper manufacturers and employers, chauffeurs, housewives, printers, newspapermen and others, was organized for the meeting in a special session to take action on joining in the protest.

The action of the national confederation workers, which corresponds to the American Federation of Labor, will be compulsory on all affiliated labor organizations.

There was a slight chill yesterday in the investigation of communism and additions to a list of names of persons to be investigated.

Dr. Basilio Gonsalves, president of the audiencia court of Havana, and Dr. Antonio Ruiz de Leon, prosecuting attorney in the same court, were appointed to replace them.

Young Stribling Defeats Tuffy Griffith On Points In 10-Round Chicago Fight

CHICAGO, Dec. 13.—(A. P.)—Young Stribling, of Macon, Ga., defeated Tuffy Griffith, of Macon, here Friday night in a 10-round fight. The Georgian won by a majority decision.

Following is the round by round description of the Stribling-Griffith fight:

Round One: They came out fighting. After feinting in mid-ring, they traded light lefts to the face. Stribling speared Griffith with a left to the head and hooked two left hooks. Griffiths was short with a left to the head and drove a right to the body. They traded two lefts to the face and clinched, both inflicting body punishment. Tuffy ripped three rights to the body in close, Griffiths stepped away from a left lead and planted a left to the jaw. They traded body punches in close. Griffiths stabbed two lefts to the head as the round ended.

Round Two: They traded light lefts to the face and then Stribling drove a hard right to the jaw. Stribling hooked a left to the body and slugged Griffiths four right hand punches to the jaw. Griffiths tore after him. Hooking right and lefts to the body in a vicious exchange in mid-ring, Stribling drove a hard right to the ribs and two rights to the body as they clinched. They exchanged rights to the body. Griffiths stepped under two lefts to the head.

Round Three: Stribling ripped two rights to the body as they clinched and Griffiths hooped a left to the mid-section. Stribling backed Griffiths into the ropes under two rights to the body. Stribling missed a vicious right to the chin with Griffiths stalling two lefts to the face. They exchanged rights to the body in close. Stribling hooked left to the body and caught three rights to the ribs. They exchanged punches to the head and body as they came together. Griffiths hooked a left. Griffiths poked two lefts to the face and missed a right to the head.

Round Four: Stribling speared a left to the head and a right to the body. Griffiths drove three right lefts to the head. Griffiths walked in with two more lefts to the face and pumpeled the Southerner with rights to the body as they clinched. Stribling drove a stiff to the face and stepped under a left hook to the chin. Stribling cracked Tuffy with two rights behind the neck and Griffiths protested to the referee. Stribling tried to measure Griffiths and smashed a right to the body. Stribling slammed another hard right to the ribs at the bell.

Round Five: They exchanged left hooks to the body as they stepped into mid-ring. Stribling hooked a left to the body, backing Tuffy into the ropes. When they got out in the open Griffiths lashed out with two light lefts to the face, with Stribling hooking a left to the body. Stribling was wild with a left in the head but cracked Tuffy the next instant with left and right to the face. Stribling planted a hard right to the stomach and wrestled Griffiths around in the clinch. Stribling hooked a left to the body and right to the head and stepped away from two left leads.

Round Six: After trading lefts in mid-ring they clinched with both throwing punches to the body. They walked into another clinch and slugged away at the body. Stribling was short with a left to the head but cracked three rights to the body as they came charging together. Stribling backed away from a left and landed a left and right to the body. Stribling ducked a right, and stepped under another right. Stribling cracked two hard rights to Tuffy's ear. Stribling reached Griffiths to the ropes, missing a left hook to the head and right to the body. In a mixup just before the round ended Stribling slipped and nearly fell.

Round Seven: Stribling, fighting cautiously blocked two lefts to the head but caught a right to the chin. Griffiths landed two lefts to the head. Stribling hooked left left smash to the body. Griffiths kept shooting light lefts to the face. Stribling was wild with a left to the head and right to the body. Stribling missed a right as they came together. As they came together, Stribling clubbed Stribling with three rights on back of the neck. They traded body punishment at close range. They tangled in mid-ring, exchanging punches to the body and clinched.

Round Eight: Stribling drove a right to the body and Griffiths speared three lefts to the face. Stribling stepped away from Griffiths and a right. They clinched in the center of the ring. Stribling suddenly rushing in, driving both fists to the face. Stribling stepped under a left hook to the head and missed a

4 FLORIDA PREP STARS PLACED ON ALL-DIXIE TEAM

Honorable Mention Is Also Awarded Eight Players Of State

By JOHN "RED" DAVIS
LAKE CITY, Dec. 13.—Four Florida scholastic players have been awarded positions on the eleven annual All-Southern prep squad which will be released in The Florida Times-Union and other leading newspapers of the South on Sunday morning.

The Florida-All-Southern Advisory Board also awarded honorable mention to eight other players unable to earn positions on the first squad but considered of such outstanding character the board deemed it wise to recognize them in order that the "cream" of the State would not be overlooked.

This year more than ever before, the Florida board experienced untold trouble in selecting the first four stars though it was finally conceded by the majority of the board members that in only one instance was one of the squad members pushed for high honors by one awarded honorable mention.

Robert E. Lee gave the board more critical pains than any other school in the State, and before the critics came to a definite decision, three of Lee's players kept a few of the board members guessing. Lakeland was the next in line to give the board football pains. It was necessary to call in Coach Ernest Bowyer of the Breunhaughts to make a final decision for the board.

Several of the smaller schools in the State forced the board to sit up and take notice and it is believed by the experts that recognition has been awarded to those schools with good players. The board, before the final selections were approved, considered 30 scholastic stars.

West Florida eleven were hard to judge because the schools in this territory play a number of games with schools in Alabama. One player, however, was discovered in that territory and he has been awarded honorable mention by the scouts in that section.

Central Florida, embracing Sanford, Ocala, Leesburg, DeLand and Daytona Beach offered threats, but the field was narrowed down to Sanford, Ocala and Leesburg, with Daytona Beach offering a warning to watch the Blues next year.

The Florida board is taking on additional members in West Florida and notices have been mailed to scouts in Central Florida in order that these sections may have more representation next year. It is expected that next year's football crop will be as abundant as this season's, though if it is, the boys will have to step lively.

Ten Southern States will be represented on the All-South this year which means that 40 scholastic stars will have earned the greatest mythical honor prep school athletes can obtain.

to the body. Griff came charging back at him with lefts and rights to the mid-section. Strib hooked left to the head as they crashed into the ropes. Griff walked away to avoid another rush. Strib landed left hook to the head at the bell.

Round Nine: They collided in mid-ring without either doing damage. Then Strib hooked a left and right to the head and nailed Griff with a terrific right uppercut that shook Griff to his heels. As they clinched, Strib slugged Griff with a half dozen ferocious rights. They slugged furiously, both letting loose with terrific punches to the head and body. Griff ducked a hard right to the head. Strib hooked right to the head. Strib hooked another. Strib speared Griff with a straight left at the bell.

Round Ten: Strib missed a terrific hook to the head and they clinched. Backing into the ropes with both slugging punches to the head. Strib waded into Griffiths, forcing him to retreat under two lefts to the body and lefts. Strib hooked four lefts to the jaw as they came together. Strib cracked Griffiths with a right to the body, with Tuffy gamely fighting back. Strib again missed right uppercuts. Griff landed a right to the head. Strib nailed him with right to the jaw, wrestling with him to the ropes. They clinched and whaled each other around the body as the fight ended.

GROCERS OBTAIN 1ST HALF HONORS AT DIAMOND BALL

Piggly Wiggly Outfit Beats Truck Growers Fourteen To 2

The World's famous Passion Play, Leszyc and Concert, the master presentation of the age, will be given at the Junior High School on the night of Dec. 17. This is said to be not ordinary stereopticon lecture but a unique pictorial story of surpassing interest. To go with Rev. Minges to this picturesque hamlet in Bavarian Tyrol and to look upon the humble peasants as they move about the streets; and then see them upon the stage in their beautiful presentation of the Passion Play, will be one of highest interest. Rev. F. M. Marler said recently: "The allusion of being in Sunny Valley or Judea, in the midst of those who surrounded Jesus in the Jerusalem, will be complete," he added.

Oberammergau, as its name indicates is the upper hamlet of the Ammer River, in the Bavarian Alps. In the year 1632 a plague was rapidly depopulating the village when the inhabitants prayed that this plague be removed from them and made a solemn vow that if this prayer was answered they would perform this Savior's Passion to show forth His glory and their gratitude, every ten years forever. Their prayer was answered and the vow has been regularly observed for more than 300 years.

The characters in the play are chosen for their blameless lives and all are consecrated to the work with prayer, and every performance is conducted with the greatest reverence. There are 700 persons, half the population of the little village, who take part in the Passion Play. Although they have no instruction, except the village priests, they act their parts with wonderful dramatic power and delicate appreciation of character.

The Play begins at 8:00 A. M. and lasts until 6:00 P. M. with an hour intermission at noon. It is played every Sunday from May until October and every church festival day and repeated as often as required to accommodate the thousands who come from all over the world to witness it.

A pictorial reproduction of this play, the greatest drama the world has ever known, will be given by Rev. Minges next Wednesday night.

It after he had it in his hands, and a third pass, Gannon to Byng went incomplete. The Army took the ball on its own 35 yard line and went right down the field, aided by a 15 yard Navy penalty and runs by Bowman and Stetcher to the Navy 7 yard line, where a pass was incomplete on fourth down, and Navy took the ball. The game ended just a few moments later after Navy had rolled up two first downs.

BATTALINO BEATS KID CHOCOLATE IN 15-ROUND BATTLE

Pushes Fight Through Out Despite Knockdown In 1st Round

MADISON SQUARE GARDEN, NEW YORK, Dec. 13.—(A. P.)—Christopher "Bat" Battalino, the nine too highly rated champion of the featherweights, came into the big town for the first time Friday night and proved himself before a crowd of 17,000 by whipping the fading Kid Chocolate in a furious 15-round defense of his title. It was the third straight defeat for the slim Cuban negro who, a year ago, was considered invincible in the 120-pound class.

An under dog in the betting, hardly rated the equal of the flashy "Kid" no matter how far the Cuban had gone back, Battalino got up off the floor after a count of nine in the first round to chase (Chocolate) the rest of the 15 rounds sternly at his body, and in the end gain the unanimous decision of two judges and Referee Arthur Donovan. The Christmas fund crowd that had made Chocolate a 2 to 1 favorite, booed the decision lustily though there seemed little doubt among the ringsiders that the courageous little champion had won himself a hard victory.

It seemed at the start that Chocolate, a striking picture of swift-moving, straight-punching chony fighting machinery would make short work of the youngster who won his title in his home town of Hartford, Conn. from Andre Rostis a couple of years ago, and has been beaten several times in over-weight matches since. After maneuvering the clumsy Battalino into position, Chocolate landed a left and right to the champion's chin, and Christopher hit the deck.

He seemed to take count of the nine more as a precautionary measure than for any damage done by the punches and he came up full of fight. From that moment on the champion never gave Chocolate a minute's rest, attacking continually into him, bobbing before him with elbows, wounding around his head, refusing to let the negro set for another of his straight, sharp punches. Then when his charges brought him into contact with the enemy, Battalino fired both hands steadily to the body. Wrestled Chocolate around every time he got the chance and shifted his attack to the head often enough to keep the slim negro confused.

The Associated Press score card gave Battalino an edge in eight rounds with Chocolate, by his sharper, cleaner punching, carrying off the margin in seven. The champion's rally toward the close of the battle, when he grand Chocolate down by his body barrage and won the eleventh, twelfth, thirteenth and fourteenth rounds in a row, seemed to swing the balance to the crownholder.

within 24 hours after arrest, confidence of mail and private documents, privilege of changing residence at will and right of assembly are removed from those living in Cuba at the present time.

While President Machado was taking these drastic steps to keep down revolt against his administration and insure order during the tourist season, opposition circles were busy circulating a fresh series of manifestos in criticism of Machado.

Ambassador Harry F. Guggenheim, who advised the American state department that the disorders here were principally economic in nature and bore little political significance, is the target of some of the manifestos.

WASHINGTON, Dec. 13.—(A. P.)—With only the most meager reports from the American embassy at Havana available, state department officials last night were awaiting word of any further developments which might bring a crystallization of the situation there.

Breaking a two-day silence by department officials on the political turbulence in the island republic, Secretary Stimson reiterated his previously pronounced policy of non-intervention by the United States in the internal affairs of Cuba. This policy was announced sometime ago when the situation appeared to be becoming acute. It is the so-called "restrictive policy" evolved nearly 30 years ago by Elihu Root.

The department's information was confined to official confirmation of press reports telling of the suspension of constitutional guarantees by the Cuban government.

During the day, the department was not in touch with the American embassy by telephone, although it was said the situation was being carefully watched. Ambassador Ferrera of Cuba conferred with Francis White, assistant secretary for Latin America, but Stimson declined to disclose the nature of the report he had from White.

Army Defeats Navy Six To 0 In Charity Game Before 70,000

(Continued From Page Two)

Bowstrom had to kick right-back to Army, and the kick was short, the Army getting the ball on the Navy 46 yard line. A series of penalties then gave the Army a first down, but Stetcher fumbled on second down, to have Navy recover on its own 40 yard line. Navy made its first first down when Tehergi after three tries, slipped off his left tackle for 10 yards and the ball was on the 45 yard line in Army territory again, the closest the Navy had been so far. However, Hovers fumbled and Suxter recovered for Army on the next play. Army failed to take advantage of it and almost had a pass intercepted by Navy before it punted out of danger. Navy had the ball on its own 20 yard line and three plays had netted nine yards. Bowstrom, with only one yard to go on fourth down, punted and Army took the ball on its own 44 yard line. Stetcher made it a first down with two tries, and Bowman and Kilday added another first down in two more tries. The quarter ended however with the ball in Army possession in midfield.

Practically all of the action of the game was crowded into the last half. Two 15 yard penalties against the Army in succession made the Navy's hopes brighter, but Army punted out of danger. The Army line stopped a Navy threat and Bowstrom had to punt again. Two more plays and Army punted, and once more Bowstrom, after a play had lost 4 yards, punted again, the Army taking the ball on its own 44 yard line. At that point Stetcher slipped through his left tackle, and outran every Navy secondary man for 56 yards and a touchdown. Brodsky, failed to drop kick the extra point and the score was Army 6, Navy 0. After the kick-off, both teams were forced to punt. The Army punted once. The Navy got a great break when Bowman of the Army, who had signaled for a punt, kicked the ball on 35 yard line, fumbled the ball and Byng of the Navy recovered at that point. Kirm got 8 yards at left tackle for Navy, and a pass, Gannon to Byng netted 10 yards, and the second Navy first down. The ball was on the Army 25 yard line, and got no further for Williams, and got no gain at center; a pass Williams in Byng was knocked down; Bowstrom's pass to Gannon was

With revolutions going on in most of the rest of the world, Florida can come to Florida for safety as well as a sunshine.

President Hoover says he is determined that none of the people of the United States shall suffer from cold or starvation this winter.

Over two billion dollars are said to have been invested in Florida during the past nine years.

Auto tag authorities needn't be demoralized about the winter putting that 1931 tag on the way before December 15.

Among prominent winter residents who have already returned to Florida are Col. E. H. R. Green, a son of the late Henry Green, and one of the richest men in the world.

Little different slant on the cause of nation-wide depression is given by Arthur Curtis James, who says that the country is just coming from a bridge of...

Einstein's Visit

A recent poll among all the newspapers of the United States reveals the fact that a majority of them in forty-six of the forty-eight states are in favor of the World Court.

The President faces a dilemma. In connection with the World Court protocol, if he continues to withhold it, no better chance to push it is likely to come during this administration.

The president secured the ratification of the London naval treaty last summer at a session of the senate after the house had adjourned.

But all of these considerations combine to complicate the question overmuch. The truth is that if a certain number of senators—and not a large number either—desire to force a special session next spring...

think the doc is a little hazy about it himself. But I will never forget the day he completed his theory. He showed his mathematical deductions to a small group of us in the back room of a Berlin Hofbrau.

Arthur Brisbane also understood the theory perfectly as soon as Einstein was half through explaining it. In fact, when Einstein showed how he broke down the atom, Mr. Brisbane claimed he had discovered the idea first.

Many admirers have asked me for an explanation of the Einstein theory of relativity. Inasmuch as Dr. Einstein, on his visit to America, will be too busy tipping back stewards, smoking cigars and explaining his "customs" declaration, I have decided to refer you to this book.

Only I've of us besides the doctor understood the theory and I during the meeting, I perceived...

Peace in Our Time

Objection has been raised more than once of late to European writers and to certain American observers in Europe for their constantly recurring references to war preparations and the unutilized state of international relations on the Continent.

But all of these considerations combine to complicate the question overmuch. The truth is that if a certain number of senators—and not a large number either—desire to force a special session next spring...

According to some figures published the other day in the daily theatrical paper Comedie, Great Britain and Russia run a dead heat among European countries for the honor of having the largest number of seats in their cinemas.

With the intricate figures in my possession, I quickly checked them up on an adding machine and, just as I suspected, Einstein was wrong. In one of his quadratic equations he had forgotten...

These discrepancies made quite a difference. Einstein acknowledged I was correct when I pointed out the error. So he added up his theory again and this time it came out right.

Now I hope my readers understand the Einstein theory and they will not ask me about it again.

Cecilian Music Club Meets On Saturday

At the meeting of the Cecilian Music Club held Saturday afternoon at the studio of Mrs. Fannie S. Munson, Myrtle Avenue, the meeting was opened with a talk by Mrs. Munson on the word, "Music", in which she used each letter to represent a special topic word. Her talk was as follows:

M—stands for melody. Music without melody is a tree without fruit, a play without its character.

U—Universality. Every nation on the globe has its music.

S—Service. Music serves from the beginning of life through its years pilgrimage to the final journey—from the mother's lullaby to the wedding march and down the stunner's ministry to the last and requiem song.

I—Inspirations. Ideals. The whole reason for the existence of music have high ideals.

T—There is no art that can mould and refine character so well as music. Music purges civilization for the story of music is the story of man. The history of art is the history of civilization.

In addition to the usual piano numbers Miss Mabel Bowler, soprano, accompanied by Mary Frances Andrews, gave a group of songs. The entire program consisted:

- 1.—Adagio and allegretto from Sonata Op. 27, No. 2, Beethoven—Betty Hintermister.
- 2.—Tarentelle, Labriere—Doris Rocky.
- 3.—Con Amore, Beumant—Mary, Nickle.

CHRISTIAN SCIENCE CHURCHES
"God the Preserver of Man" was the subject of the Lesson-Sermon at the churches of Christ. Scientist on Sunday, December 14.

The Golden Text was from Psalms 10:11, "Withhold not thou thy tender mercies from me, O Lord: let thy lovingkindness and thy truth continually preserve me."

Among the citations which comprised the Lesson-Sermon was the following from the Bible, "My help cometh from the Lord, which made heaven and earth. The Lord is thy keeper: the Lord is thy shade upon thy right hand. The Lord shall preserve thee from all evil: he shall preserve thy soul" (Psalms 121:2, 5, 7).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God fashions all things after His own likeness. Life is reflected in existence. Truth is truthfulness, God in goodness, which impart their own peace and permanence. Love, redolent with unselfishness bathes all in beauty and light. Man, made in His likeness, reflects and reflects God's dominion over all the earth" (p. 316).

Numbers of workers to be engaged in fruit picking and packing this season will approximate 25,000, making a total of about \$10,000,000 for season, according to estimates of Federal Government.

During the first six weeks 60 percent of the messages were "curiosity" calls, but business conversations now constitute about 45 percent.

Accompanied by Mary Frances Andrews.

Marie Dressler And Wallace Beery Star

Marie Dressler and Wallace Beery, as a character team, provide the central figures for "Min and Bill," Metro-Coldwyn-Mayer's vivid drama of the waterfront, now playing at the Milano Theatre and, incidentally, are giving film fans something decidedly new in the form of screen entertainment.

Miss Dressler, best known for her comedy, surprised the world with her first character role in "Anna Christie," and this time is a dominant, forceful figure who rises to supreme dramatic heights. Beery, who played the sinister Dutch in "The Big House," presents a character lovable rather than awesome.

The romantic interest is handled by Dorothy Jordan heroine of several Novarro vehicles, who is winsome, appealing, and altogether charming as the waterfront sweetheart of the millionaire's son, a role well handled by Donald Dillaway.

Big Game Hunter And Wife Are Found Dead

UMTALI, Southern Rhodesia, Dec. 15—(AP)—Dr. R. L. Magon, noted American big game hunter, and his wife, Audrey, were found dead in their bedroom Saturday. Police said they are working on the theory that Dr. Magon attacked his wife with some heavy instrument and then killed himself.

Besides being a big game hunter, Magon is a well known dentist. Mrs. Magon came from Oregon two months ago with two daughters by a former marriage. The couple was married in Salisbury only a month ago.

The following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God fashions all things after His own likeness. Telephone Service On Train Is Popular

MONTREAL, Dec. 15—(AP)—Two-way commercial telephone service on passenger trains operating between Montreal and Toronto is proving both popular and successful, railway officials say.

Trains have handled as many as 31 calls on a single trip, while the total number of calls for the first five months of operation was 701.

During the first six weeks 60 percent of the messages were "curiosity" calls, but business conversations now constitute about 45 percent.

LET'S TALK TURKEY

HOW much better that turkey will taste if it's roasted in a modern GAS range. Measured heat—automatically regulated—will roast it to a melting tenderness. And there will be no long, tedious hours of oven watching. Mother will have time to enjoy the day with the rest of the family.

Fortunate, indeed, is the woman with a modern automatic GAS range. She has something to be thankful for, not only on Christmas but every day in the year. She can figuratively keep her fingers warm, even though she is not cooking, or enjoying an afternoon with her friends. The automatic heat control will look after the cooking until she returns.

Now is the time to have a new GAS range installed in time to cook your Christmas dinner. Just phone us today.

John Raskob Jr. Weds Young Stenographer
NORTH CHELMSFORD, Mass., Dec. 15—(AP)—This quiet little town, the place of his labors as an embryo industrial engineer, yesterday was the scene of the wedding of John J. Raskob, Jr., 23, and Miss Minerva Aaronson, 19-year-old New Haven secretary. Raskob is the son of the chairman of the Democratic national committee.

The ceremony was performed in the rectory of St. John's Roman Catholic church by Rev. Father Joseph A. Curtin with an utter lack of ostentation. Not even a newspaper man or a movie camera were on hand. Their engagement was announced last September but the plans for the wedding evidently were closely guarded except from immediate members of their families. Mrs. Raskob, Jr., is of Jewish parentage.

November Sets New Record For Tax Collections

(Continued From Page One)
licies paid last month amounted to \$2,295.61, while occupational and business licenses brought in \$1,066.54.

Of the total amount collected, \$22,414.96, was paid to the State Treasury; \$1,744,866.47 to the State Treasury; \$1,744,866.47 to the State Treasury; \$1,744,866.47 to the State Treasury.

The tax rate for 1936 in school districts number one and six, Sanford, Lake Monroe and Paola, is 68 1/2 mills; in all other school districts it is 63 1/2 mills.

Tax receipts number one was issued to Mrs. A. O. Merryweather, of Sanford. Receipt number two went to P. D. Cobb, Sanford while Jay H. Beck, Sanford, received receipt number 13. One of the smallest payments was made on two lots in New Gardens, a subdivision near Oklawaha, and was made by E. Ward Jean, of Jefferson, Kentucky. The taxes on the two lots amounted to 84 cents. The largest payment was made by Chase and Co. of Sanford, amounting to \$13,266.51.

A discount of four percent was allowed for payment in November. For payments in December a discount of three per cent is allowed, while no discount is allowed during January. Payments made during March, taxes become delinquent if not paid before April 1, 1937.
