have attained some suc-  
cess. Citizens described the  
condition as one of the greatest  
history of Western North  
Carolina.

Estimated that already mil-  
lions of dollars worth of timber  
has been destroyed. Charring of  
the mountain, which is  
valuable property, will destroy  
of the most picturesque  
scenery in Eastern United  
States.

Several hundred fires  
observed in other forests in  
the Blue Ridge section.  
The mountain is a part  
of the Blue Ridge range and lies  
between Blowing Rock and  
Linville, both popular  
resorts where thousands  
of visitors are attracted each  
year. Although there are large  
areas of pine and spruce  
forests, the mountain has  
been a granfather timber  
land which was acquired by  
the government a few  
years ago.

Several national parks  
are situated in the area.

## BOND IS DENIED MAN HELD FOR POISONING GIRL

Coroner Orders Gobel Held Pending Action of Dade Grand Jury; 2 Others Implicated

Special Session Of Grand Jury Sought

Accused Attempted to Bribe Officials In Making Things Easy

Prosecutors of the case said last night that, although the coroner's jury which considered the case had returned a verdict indicating a belief that Gobel is guilty of poisoning the girl, formal charges of murder, if they are filed, will not go on the records until placed before the grand jury.

County Solicitor Robert Taylor testified that while examining Gobel, the latter offered him a \$500 bribe to "fix things up."

Deputy Sheriff L. A. Short also said Gobel had offered him a bribe. The Deputy obtained a blank note, he said, and the wealthy real estate man, who came here from Daytona, Fla., filled it in for \$700.

Dr. G. H. Grimes of the Jackson Memorial hospital, who attended the woman on her arrival there from the county jail, testified she believed she would die. He told of her vomiting blood and her hypodermic injections to give relief and to attempt to stop vomiting. He said she mentioned the name of John Gobel, alias Goebel, many times, crying: "Why did he do this?"

He testified he asked her about the man and she told him Gobel gave her the glass to drink from and she refused at which he struggled her and forced her to drink. She stated, the witness said, he had been intimate with her in the past, and was angry with her because she refused his advances at the jail and threatened to have him arrested for things he had done.

WASHINGTON, Aug. 21.—(AP)—July production of automobiles in the United States totaled 34,672 light-passenger cars and 37,431 trucks. The total production for the year to date were 2,303,210 passenger cars and trucks 263,643. The Commerce Department, in making the report, gave for the same period of last year 2,219,419 passenger cars and 217,000 trucks.

### Fourth Annual Farmers' And Fruit Growers' Week One Of Most Successful

The fourth annual Farmers' and Fruit Growers' Week which closed at the College of Agriculture of the University of Florida Saturday morning is declared to be one of the most successful events of its kind ever held in the state. An attendance of nearly 700 men and women was registered from every section of Florida.

The programs throughout the week were of unusual interest and value. Among the prominent speakers from Florida were ex-Governor Cary A. Hardee, T. J. Brooks, chief clerk of the State Department of Agriculture, Hon. L. M. Rhodes, commissioner of the State Department of Markets, and others. A number of out-of-state speakers were also present and took part in the different sections of the men's program. These in-

cluded such men as W. C. Lasse-ter, editor of the Progressive Farmer, Birmingham, Ala.; Dr. J. F. Dugar, of the Alabama Experiment Station, Auburn; C. P. Blackwell of the Soil Improvement Committee, Atlanta, Ga.; J. M. Patterson, president of the National Pecan Growers' Association, Putney, Ga.; V. W. Lewis, marketing specialist of the North Carolina Extension Service, Raleigh; and others.

Some of the outstanding speakers on the women's program were Miss Mary Mims, organization specialist of the Louisiana Extension Service, Baton Rouge; Miss Ola Powell, of the United States Department of Agriculture, Washington, D. C.; and Mrs. W. N. Hutt, editor of the farm women's page of the Progressive Farmer, Southern Pines, N. C.

### League Of Nations Looks Over World For Emigrant Field

BUENOS AIRES, Aug. 19.—(AP)—Colonel James Proctor has completed a tour of the interior of Argentina on behalf of the Labor Bureau of the League of Nations in order to investigate conditions for settling what are estimated to be more than 200,000 Russians and some German refugees. The Labor Bureau plans to send them to South American countries in order to relieve some congested districts in Europe, especially the Volga region in Russia.

In a memorial presented to the Argentine secretary of agriculture Dr. Lebreton, High Commissioner Proctor says that the Labor Bureau of the League of Nations is studying the possibility of directing a flow of Russian and German emigrants to other countries where labor is scarce.

After expressing appreciation for the courtesies extended by the Argentine authorities, the memorandum says that the Labor Bureau wants a close connection with the Argentine government in order to facilitate the entrance of emigrants into Argentina and that such emigrants would only be sent after proper guarantees are obtained concerning their labor value and morality. The bureau asks the Argentine government to send information and instructions regarding the selection of emigrants.

### West Pointers Will Drill In September For Fraternity Men

NEW YORK, Aug. 19.—(AP)—An exhibition drill by cadets at the United States Military Academy at West Point, will be given for the benefit of visiting delegates to the triennial Phi Beta Kappa convention to be held in New York City, September 8 to 10, the arrangements committee has announced. A steamboat will carry the delegates up the Hudson river to West Point.

Among the business matters to come before the delegates, representing the 99 chapters of the organization, are applications for new charters from Agnes Scott College, University of South Carolina, College of Wooster, University of South Dakota, Occidental College, University of Idaho, University of Kentucky and the University of the South.

Arrangements also will be made for the sesqui-centennial to be held next year in honor of the original chapter which was established in 1776 at the College of William and Mary. The organization has included 57,761 members, of whom more than 40,000 are living.

Mark Twain always wanted the door of his writing room closed. He explained that "an open door did not let the cold in, but let the business out."

### 'One Way Street' Comes To Milane Theater Thursday

Time strikes back in resentment against those who seek to dodge payment of the annual toll of years. And it gives no quarter.

The spectacle of the victims of Old Father Time, wriggling to escape from this inexorable law, is presented in the First National play, "One Way Street," which shows Thursday at the Milane Theatre.

The victims are portrayed by Ben Lyon, Anna Q. Nilsson and Marjorie Daw, the central figures in this fight of a London society leader to retain her beauty and her social supremacy. To Miss Nilsson falls the role of the woman whose determination to starve off the assault of old age throws the shadow of sordid despair across the lives of all about her.

Lyon and Miss Nilsson are co-featured in this drama of conflicting wills, which was adapted from Beale Davis' novel, a current best-seller. The direction was by John Francis Dillon, who has given the success as "Flaming Youth," "Lilies of the Field," "Flirting With Love" and "If I Marry Again."

### Misfortunes Helped Minor Realize Dream

PITTSBURGH, Aug. 19.—(AP)—Isidor Forlin now believes "It's an ill wind that blows nobody good," for a misfortune that befell him helped him to realize a dream of years.

Forlin, a mine laborer at Blairsville, Pa., had an ambition for a long time to return to his home in the Tyrolean Alps and establish a tourist hotel. The savings mounted slowly, however, and the goal seemed far distant.

One day a pile of slate fell on him in the mine and caused an injury to his back which incapacitated him for further work. The Workmen's Compensation Board awarded him \$12 a week for 500 weeks. Forlin applied for it a lump sum. The board granted his request, and with the money he intends to make his dream come true.

Water, land and air are now being used for traffic between Detroit and Cleveland.

Income Tax Returns Show Swedes Prosper

STOCKHOLM, Aug. 20.—(AP)—Eighty percent of Sweden's larger individual income taxpayers reported increased revenues for last year, as did two-thirds of the country's leading business corporations. The official statistics show Stockholm has 150 taxpayers with incomes of more than \$50,000. The largest individual taxpayer was A. M. Versteegh, a factory owner, whose income was \$402,351. Others who followed him closely were Marcus L. Wallenberg, the international banker, and Ivar Kreuger, head of the Swedish match trust. Among the corporations the largest return was filed by the Swedish Tobacco Monopoly, showing an income of \$5,462,424. This, however, was a decrease from the previous year. The next largest re-

Florida Fire Loss Ratio Is Lowest In United States, Says Treasurer Of State

TALLAHASSEE, Aug. 19.—(AP)—State Treasurer J. C. Luning today expressed gratification over the fact that for the year 1924 the State of Florida showed the lowest fire loss ratio of any of the 48 states of the Union, according to a chart published by the Weekly Underwriter, a New York city journal which assembles and compiles exhaustive statistics affecting the insurance business.

"The ratio of losses incurred to premiums received on account of fire insurance in Florida last year," said Mr. Luning, "is shown to be 37.5 per cent, while the average for the entire country is 68.0 per cent. No other state is as low as Florida in its fire loss ratio. The District of Columbia shows a ratio of 38.0 per cent and the Territory of Hawaii 18.4 per cent, by the Weekly Underwriter's tabulation.

"The District of Columbia is small, compact, and directly under the control of congress, which appropriates one-half of the expenses of the District Government. It has long enjoyed an exceedingly low

STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART

WASHINGTON, Aug. 19.—How much foreign diplomats in Washington drink is none of Secretary of State Kellogg's affair, but if an embassy or legation receives more alcoholic refreshment than its entire staff can possibly consume, the question arises, "What becomes of the surplus?" Secretary Kellogg has certain suspicions on this score, which he has confided to the foreign representatives to whom they apply. That is to say, he addressed to them a polite but pretty plain little note, trusting that henceforward they'll keep their anti-Volstead importations down to what they really need for themselves and for themselves alone.

The diplomats this communication went to are by no means all from stinky little countries, either. Some among them bear credentials

from highly consequential powers. The intimation that bootlegging is believed to be going on from their official residences in Washington must have reached them as a good deal of a jolt. It isn't the first time, however, that it's been broadcast from extremely well-informed sources, though never before from the Department of State. Practically ever since prohibition became effective the impression has prevailed that most of the really first class stuff in the capital came in under diplomatic protection and was dispensed in the same way.

Gen. Lincoln G. Andrews, the rather new assistant secretary of the treasury in special charge of prohibition enforcement, is said to have given Secretary Kellogg his tip. It isn't a bit likely that Secretary Kellogg would news of his note to leak out. The story, however, unquestionably is true.

### Sixteen Prisoners Escape From State Camps Last Month

TALLAHASSEE, Aug. 21.—(AP)—There were 16 escapes made from the state farm at Raiford and prison camps throughout the state during the month of July, on commission reports made. Of this number five were re-captured, and a like number of captures of old escapes were made. By these figures, there were sixteen escapes, ten captures, including old escapes, while there are still eleven of last month's escapes still at large. It is estimated that each recapture costs the state around \$100, or more. There is a standing reward offered of \$25 for the capture of any escaped prisoner, and the cost of transportation, inspection, and return sometimes boosts the cost to more than \$100, while in some cases the reward offered is increased.

### City Born Babies Have Best Chance To Live, Is Report

JACKSONVILLE, Aug. 21.—(AP)—According to a report by the bureau of vital statistics, of the State Board of Health, issued here, the city baby has four times as good a chance to reach the age of one month than the country baby. The city mother, asserts the bureau report, even in the more degraded sanitary districts, has a better chance of life from confinement than the country mother. The reason for these statements, the report points out, is due to the fact that the mother is supervised before, during and after confinement by the best of medical skill. Dr. Francis Sage Bradley, in a series of articles, says the bureau, reveals the fact that three fifths of the children are born in the mountains, plains and country, and do not have the medical attention available for the city born child. Dr. Bradley in urging more attention to the country babies, says:

It is believed that the knowledge and skill acquired in the laboratory of the city, if applied to the needs of the silent country citizen, will produce a nation, the like of which the world has never seen.

How Do You Shake Hands?

Are you sincere in your handshake? Every day you shake hands with somebody. Have you ever thought how you impress the other fellow by the way in which you shake his hand?

There are many kinds of handclaps, but only one real honest-to-good handshake. It leaves you, not with crushed knuckles, but with a tingling sensation at the fingertips...

"Take the politician's shake, for example. It is overdone. True, the strength of the clasp is there, but genuineness and honesty of purpose are lacking."

"At the other extreme are the handclaps experienced at social and other formal affairs. In most instances they are as feigned as the stereotyped remarks that accompany them."

"Then there are people who like to make an acquaintance with the 'bluster' type of handshake. In doing so they want people to think they are frank and straightforward."

"Everybody knows the pump-handle shake. It is stilted, of course, and not in keeping with the drawing-room, but it is far better than the icy and inert hand sometimes extended to you."

"The real honest-to-goodness greeting is that vibrant old-fashioned one that comes near making the knuckles 'crack' but doesn't, the feel of which is sufficient to warm the very cockles of the heart."

"An example? Oh, the handclap you experienced on returning home from war. It was conflict, you know, that gave us the custom in the first place."

"If there is anything that should have all the kick that it can produce we think shaking hands ought to. We rather admire those old pump-handle finger-busting, wrist-twisting, hearty handshakes."

"A good hearty handshake is about as good for one who is feeling all down and out as a long conference with a man who has made a big success."

"But those mushy soft-shelled handshakes that make one feel as if he had made some mistake or were suspected of committing some big crime! When you get hold of a fellow who wants to shake hands in this manner about the only thing that you can think of is a morgue."

MY FAVORITE STORIES

The Leaning Tower of Baltimore stabbardly; 'you're just naturally in Baltimore, years ago, there was a shot tower that stood up in the air to a considerable height.

Eugene Havez, afterwards a New York theatrical man and now in the moving picture business in California, lived in Baltimore when the shot tower stood there.

"I'll show you how game I am," said Havez. "I'll bet you the drinks I'm right and leave it to our friend here to decide it."

"That's a go," said the other man. "Set out the drinks" commanded Havez.

"It's like this," said Havez edging toward the door. "My friend here bets that when the shot tower falls down it will fall to the north. I say it will fall to the south."

THE COST OF HORSEFLESH

A few days ago at Saratoga 51 yearlings from the Ellerslie stud in Virginia and the Claiborne stud in Kentucky, two famous centers of thoroughbred raising, brought at auction \$275,700, or an average of \$5000 each.

Only a few years ago this would have made a record for a yearling sale. Now it passes without much comment.

The taking up of racing by men of large means like Mr. Brady and Mr. Widener, who bought the Belmont stable, is bound to be good for a sport that is becoming increasingly popular.

Kid Without Horns. Foolish—She Stole Milk. Liberty Impossible? Young Mr. Vanderbilt. BY ARTHUR BRISBANE (Copyright 1925)

A DISPATCH from Havana tells of negro voodoo worshippers, led by a white man, about to sacrifice a three-year-old white girl, called by the voodoo man "the kid without horns."

THAT WILL shock every American including the Americans that make their fortunes out of child labor, killing or stunting thousands of children every year.

MRS. EVA Seidelman, who had no money and did have four hungry children, got up before five o'clock and stole a bottle of milk from a doorstep.

IF THE lady had stolen a railroad, a steamship line, or even a city street, she would be on her way to Europe on a fine ship, with first-class lawyers fighting for her and the chances ten to one in her favor.

TO SAVE your heart strings it may be mentioned that a newspaper man baited the milk stealing mother out, promised to pay her fine if the judge would make it a fine, and gave her money for a few bottles of milk besides.

MUSSOLINI, WHO took charge of Italy and substituted Fascism for Communism or anarchy, says his ideal man is Caesar.

MUSSOLINI SAYS also according to Lord Beaverbrook's Daily Express, "I maintain that there can be no such thing as liberty. Liberty exists only in the imagination of philosophers who seek their impractical philosophy from the sky."

"MASS CANNOT govern mass, quantity cannot govern quantity," says Mussolini. That's true, but mass CAN decide how it shall be governed.

"CAESAR," Mussolini said, "is my ideal, my master. Julius Caesar is the greatest man that ever lived."

THE MYSTERY OF SLEEPING SICKNESS

Medical science is called upon to not only meet and conquer or alleviate all the diseases with which the human race has become familiar through suffering all down the years, but it also has to face and contend with new faces that beset the pathway of mankind.

But as these old foes are being vanquished, new enemies appear on the field to battle against human health and life. "Sleeping sickness" is one of these.

This new affliction is quite prevalent in some parts of Europe, but a number of cases have appeared in this country. Mrs. J. Pierpont Morgan having died from it only a few days ago.

## Estrada Holds Feds To Four Bingles As Smokers Win 7 To 1

With Man on Third Base and None Down in Eighth, Estrada Strikes Out Three Celery-Feds Successively

### Sanford Team Plays Errorless Baseball

#### Much Improvement Shown In Playing; Myers Praised For Work on Praise

TAMPA, Aug. 21.—(P)—Estrada delivered the goods yesterday afternoon and the Smokers chalked up another 7 to 1 victory against the Sanford Celeryfeds to give them a much more comfortable lead as the Highlanders dropped their second straight to the Saints at Lakeland.

Oscar held his opponents to four widely scattered hits and performed a pitching feat very seldom duplicated. He was scored on once when he put the runner on base with a base on balls. A sacrifice and a single sent over the lone tally.

But it was in the eighth inning that Oscar showed the stuff he had. He made a very creditable showing in both of the games he pitched and the Celeryfeds have found a youngster who gives promise of rounding into a real pitcher.

ford but lasted only through the first inning when Tampa got four hits and scored two runs. Only last work by the Sanford infield off two more runs.

Snead drew a base on balls and went to second when Hicks bunted a fly over third base. Estrada came through with a long single to center field and Snead came home. Weik swung at the third strike and the double steal failed to work when Estrada made second. Lee singled to left and Estrada came home for the second run. Casares got a hit through the box but Lee was thrown out at the plate when the double steal was attempted again.

Myers went to the mound for second game in as many days and also for his second league game. He turned the Smokers back scoreless for the next four innings but they fell on him for two hits in the sixth which were enough to send three runs over coupled with a hit, batter, a sacrifice and a base on balls. Three hits in a row in the eighth gave Tampa their final two runs.

Myers Promising Youngster  
The Sanford recruit looks mighty good in the box and has a lot of stuff. He made a very creditable showing in both of the games he pitched and the Celeryfeds have found a youngster who gives promise of rounding into a real pitcher.

Estrada had not pitched in a long time and was inclined to be wild throughout the game, walking four and hitting two batters. But in the pinches he was all there and never got in serious danger except for the one time. Two of the four Sanford hits came in the seventh after two were out and one of the runners reached third base but again Estrada turned the invaders back by striking out the third man. With the exception of Dumas, who scored, only the two other Sanford men got past second base and in five of the innings first was as far as they got.

Doc Nance was on the job and nabbed everybody who tried to steal a base on him. Four of them tried it but that was all they did as Doc's peg was straight to the bag every time.

Jesmer Plays Good Game.  
Some fast work on Jesmer's part made a pretty double play possible in the third inning when Snead made a bad throw to first on Myers' grounder. Hicks took on the roller and threw to Snead at second getting Alford. Snead made a wild throw to Jesmer who retrieved the ball in time to throw back to Snead and catch Myers at second.

Bob Lee was as usual, the heavy hitter for the Smokers getting his regular three hits out of four times up. Casares kept up his heavy stick work too with two out of three. This gives the new Cuban seven hits out of the ten times he has been to the plate.

## CUYLER'S HOMER CAUSES PIRATES' WIN OVER ROBINS

Giants Are Downed By Cubs As Pittsburgh Crew Forges 3 Games Ahead in Rag Race; Reds Beat Phillies

BROOKLYN, Aug. 21.—(P)—Cuyler's freak home run in the sixth inning Thursday gave Pittsburgh the margin by which it defeated Brooklyn, 2 to 1, and made its advantage in the pennant race a full three games as New York lost to Chicago. Cuyler's ordinary single bounded high over Brown's head in center field and rolled to the exit gate. Brooklyn's only run was a homer by Zack Wheat in the first.

Score by innings:  
Pittsburgh 000 001 000—2-8-0  
Brooklyn 000 000 000—1-6-0  
Batteries: Kremer and Smith; Grimes and Taylor.

## CUBS TRIM GIANTS

NEW YORK, Aug. 21.—(P)—Tony Knuffman held the Giants to three hits in eight innings Thursday and staved off a desperate rally in the ninth to give Chicago a 5 to 3 victory. Bentley went the full distance for New York and drove in all three runs. The defeat put the Giants 3 games behind Pittsburgh.

Score by innings:  
Chicago 000 020 300—5-11-2  
New York 010 000 002—3-5-2  
Batteries: Kaufman and Hartnett; Bentley and Snyder.

## REDS TROUCE PHILLIES

PHILADELPHIA, Aug. 21.—(P)—Cincinnati made it 3 out of 4 by taking Thursday's game with Philadelphia, 8 to 4. Rixey was touched up for eight hits in the first five innings but tightened up over the last four.

Score by innings:  
Cincinnati 104 003 000—8-15-2  
Philadelphia 100 210 000—4-10-2  
Batteries: Rixey and Hargrave; Pearce, Couch, Knight and Henline.

## BRAVES ROMP ON CARDS

BOSTON, Aug. 21.—(P)—The Boston Braves swept a four-game series with St. Louis by taking the final game Thursday 6 to 3. Rogers Hornsby, league leading batter, again went hitless in four trips to the plate. He made only one hit in the series. The Braves' infield backed up Barnes in sensational style in the pinches. High lights of the game were home runs by Hafey and High, each when a man was on base.

Score by innings:

## SENATORS BEAT INDIANS, REGAIN AMERICAN LEAD

Contest Goes 12 Innings But Washington Wins Out With Single Run, 1 to 0; Browns Down Philadelphia 7 to 6

CLEVELAND, Aug. 21.—(P)—Cleveland and Washington battled for 12 innings Thursday before Washington won, 1 to 0, in the final game of the series.

Marberry took second base on Hoddapp's wild throw at the start of the 12th. Rice singled. S. Harris hit Hoddapp and Marberry was thrown out at the plate. J. Harris fouled out but Goslin's third hit scored Rice with the run that made it three straight for the champions. Although Washington made 13 hits off Miller, the collegian southpaw was effective with men on bases. Each team gave its pitchers good support, each making three double plays.

Score by innings:  
Washington 000 000 000 001—1-12-1  
Cleveland 000 000 000 0—0-8-1  
Batteries: Zachary, Marberry and Severeid; Miller and L. Sewell.

## BROWNS DROP ATHLETICS

ST. LOUIS, Aug. 21.—(P)—Rice's home run and George Sisler's triple with Lamotte on base in the ninth inning enabled the St. Louis Browns to beat Philadelphia for the third straight time and give Washington the lead in the American League. The score was 7 to 6. Washington now leads the league by a margin of six points.

IRISH ARMS EFFECTIVE  
DUBLIN, Aug. 20.—(P)—The Free State firearms act, which became operative August 1, provides for the licensing of all holders of arms.

Many applications for licenses were received from sportsmen both in Ireland and across the channel. There has been little game shooting in Ireland since 1914 and during the fighting in Ireland it almost wholly stopped. It is now being renewed and the approaching season is likely to be a good one.

CHISOX BEAT BOSTON  
CHICAGO, Aug. 21.—Ted Blankenship registered his eighth consecutive victory Thursday when Chicago defeated Boston 11 to 7, making a clean sweep of the final games. Erratic fielding by Ed Ruffing and Zahmiser, gave the locals their runs. Blankenship weakened in the seventh inning and was replaced by Connally who held the visitors safe until the ninth when a pinch hitter, Carlyle started a rally with a three base hit.
