By Mrs. H. L. Johnson  
Phone FA 2-4723

Home Demonstration club members met at the home of Mrs. George Fahrman, Loch Arbor, Monday night, March 18.

Presiding was Mrs. Clover Werra who read notes of appreciation for work done by members with the Tuberculosis and Health Association in their recent K-Ray and for assistance given in exhibits at recent fairs.

Details of the Dress Revue to be held April 24 at the County Council Hall were discussed.

Mrs. Werra appointed a nominating committee of Mrs. Jack Standifer, Mrs. J. H. Sapp and Mrs. Thompson. Mrs. C. E. Hunter was welcomed as an active member of the group.

The hostess served refreshments of coffee and cake and cookies to Mrs. Clover Werra, Mrs. J. H. Sapp, Mrs. Hazel Gardner, Mrs. J. E. Tindel, Mrs. J. E. Andrews, Mrs. Jack Standifer, Mrs. Thompson, Mrs. H. L. Johnson, Mrs. C. E. Hunter, Miss Myrtle Wilson and Miss Hattie Kirk.

The next meeting will be held Friday, April 10 with Mrs. Werra and Mrs. Gardner as hostesses.

The Spring Carnival scheduled to be held at the Lake Monroe school, Saturday, March 21, has been postponed until Saturday, April 4, due to the number of holidays in the next two weeks.

Scout Camp Delayed

The Boy scout camp has been postponed indefinitely due to inclement weather.

Naval Minister

Rev. Dr. J. Harrison Griffin of DeLand is guest minister at the Monroe Baptist Church during the Revival this week. The public is invited to attend services scheduled to continue through Sunday, March 22.

Intermediate Party

A dinner party for boys and girls of the Intermediate group of the Baptist church will be held at the church Saturday evening prior to the 7:30 Revival Service.

Personals

Friends of Jack Mann will be happy to learn that he is able to get again after a recent serious illness.

Mrs. Claude Hawkins has returned from Pensacola where she was called due to the illness of her mother, Mrs. W. R. Reddick. Mr. and Mrs. Donald Hudson of Fredericktown, Mo., have announced the birth of a daughter, Cynthia Ann, born February 25. Mrs. Hudson is the former Mrs. Shirley Johnson, daughter of Mr. and Mrs. H. L. Johnson.

## South's 'Poor White' Is New Vanishing American

TALLAHASSEE (UPI) — The poor white is a "vanishing American" in the South, a Florida State University sociologist said today.

Dr. John O. Boynton told an American Lecture Series audience that steady employment and expectation of a regular wage has given new purpose to the lives of the poor whites in the South.

Only a few years ago, he said, there were vast numbers of

Southern poor whites, but that has been changed by the mechanization of agriculture and ever-increasing industrialization.

Boynton, who has made a detailed study of the poor white segment of the South's population, said the economic status of most was as low as the majority of Negroes. But he said this was all changing.

"There are still some poor whites," he said, "but most who once belonged to that group do no longer. They are climbing out of that group and much of the climbing is done on the shoulders of those available, in this case, the Negro."

He noted the poor white does not want any change in the social patterns of the South because they think it would jeopardize the advantage they have won over the Negro.

"In all honesty," he said, "it should be added that without prodding from without we have demonstrated a noticeable reluctance to alter our traditional patterns."

## 'Remorse' Blamed For Judge's Death

LAS VEGAS, Nev. (UPI) — Friends said today the death of District Judge Ryland Taylor, 69, was partly due to the remorse he felt in having sentenced a knife-slayer to death 11 days ago.

"Judge Taylor took every case to heart," said Judge David Zentoff. "That was the reason he became ill. Passing the death sentence preyed on his mind. He died because of devotion to duty."

Taylor, a judge since 1933, died Tuesday after suffering a heart attack. Eleven days ago he sentenced confessed-killer Jack Rainsberger, 24, a Los Angeles handyman, to death for the slaying of Las Vegas divorcee Erlene Folker.

"I am definitely satisfied in the Rainsberger case," Taylor said after passing the death penalty. "But it is just too much of a burden to have one man sentence another man to die."

He would be different if the responsibility were shared with a jury.

Taylor, shortly before his death, called for a law which would remove from one man the burden of sentencing a prisoner to death.

Mrs. Johnson, who has been with her daughter the past few weeks, returned home last weekend.

Friends and schoolmates of Steve Swaggerty will regret to learn that he has recently been a patient in the Seminole Memorial hospital. Steve has returned home, however, and will be back in school in the near future.

Mr. and Mrs. George Grow and children of Miami and Mr. and Mrs. Bill Grow and children of DeLand were weekend guests of Mr. and Mrs. Hubert Johnson and son, Bob.

Mrs. S. E. Norwood and daughter, Norine, have returned to the Norwood home in Monroe after residing in Elder Springs for several years. Another daughter, Mrs. J. H. Tindel, is also a resident of Monroe.

Mrs. W. L. Base and Mrs. Jack Fuquay and children of Cross City spent the weekend in Monroe with Mr. and Mrs. P. W. Wheatland and daughter, Coni and Jerri.

Mr. and Mrs. P. W. Wheatland and daughters will spend the coming weekend with relatives in Cross City.

Clarence and "Bubba" Hittell visited Mrs. Annie Belle Kinard, a former Monroe resident, in Miami, last week.

Mrs. O. R. Hartle and son, Marty, of La Porte, Ind., are here where they were called because of the illness of her father, C. A. Hittell.

Mrs. M. M. Lane of Oakridge, Tenn., is the guest of Mr. and Mrs. R. T. Davis.

Mr. and Mrs. J. W. Pickett of Jacksonville were weekend guests of Mr. and Mrs. Claude Hawkins, recently.

Mr. and Mrs. J. H. Edwards and son, Jerry, of Sebring, former residents, were recent visitors of friends here.

Friends of C. A. Hittell will be glad to learn that he is much improved from a recent illness. He is at the Scott Nursing Home, Orlando Ave., and is receiving visitors.

## Judge Cecil Named To Appeals Court; Lawyers' Lawyer

United Press International

Lester L. Cecil, 65, President Eisenhower's nominee to the Sixth U. S. Court of Appeals in Cincinnati, has that devotion to the principle of justice characteristic of Lincoln, of whom he is an ardent scholar.

Tall, stocky and soft-spoken, Judge Cecil's zeal for his profession has not been dimmed by half a lifetime of presiding over a court.

When told of his nomination, he quietly commented, "I love the law."

President Eisenhower has often said he prefers experienced judges for the federal courts.

Judge Cecil has had a third of a century's experience as a judge, beginning with his election to Dayton, Ohio's Municipal Court in 1925.

During his 26 years on city, county and federal benches, Judge Cecil has made few enemies and has won a reputation as a "lawyer's judge." He can't recall having heard himself classified "conservative" or "liberal," and he says he hasn't "the slightest idea" which term would best describe him.

For nearly 25 years he presided over the Montgomery County District Pleas Court, sitting in Dayton.

From this obscure post, President Eisenhower elevated him to the federal district court in Dayton three months after the President entered the White House.

Almost overnight, Cecil saw the cases before him change from minor criminal charges to constitutional issues.

Indictments Seen  
On Racketeering

WASHINGTON (UPI)—New indictments are expected soon in the big anti-trust drive against labor racketeering, Justice Department officials indicated today.

The first big development in the campaign came last week when a federal grand jury in New York indicted an underworld bigwig, three garment industry associations and a local of the International Garment Workers Union on charges of rigging prices and dividing up the ladies' blouse business.

Several other grand juries across the country are delving into similar charges that unions and employers have conspired in shady contracts to restrain trade in violation of the Sherman Anti-Trust Act.

The New York indictment has been described as the "opening wedge" in a full-scale probe of links between racketeers, industry front men and union leaders.

Officials made it clear that James R. Hoffa's Teamsters Union also is among the big labor organizations being probed on anti-trust conspiracy charges.

## Macmillan Arrives For Talks With Ike

WASHINGTON (UPI)—British Prime Minister Harold Macmillan arrives today for critical talks with President Eisenhower on Allied tactics and strategy to deal with the threat of war in Europe.

The British leader was scheduled to reach here by air from Canada sometime after noon.

The President plans to take him by helicopter Friday to secluded and Marine-guarded Camp David in Maryland's Catoctin Mountains.

There, away from press and protocol, they will hold intimate conferences in preparation for negotiations with Russia expected to culminate in a summer summit conference with Soviet Premier Nikita Khrushchev.

Macmillan is expected to give the President a comprehensive report on his recent Moscow talks with Khrushchev which led the British prime minister to believe that summit negotiations were imperative to avoid the danger of nuclear conflict.

He also is expected to relay the latest views of French President Charles de Gaulle and West German Chancellor Konrad Adenauer with whom he conferred after his Moscow visit.

The first task facing Eisenhower and Macmillan, officials said, is to make certain that there are no cracks in the Western alliance which could be exploited by the Russians in their current effort to

force the Allies out of Berlin.

So far the four Western powers appear in virtually complete agreement in their determination to resist these Soviet pressures, although there are reported to be some differences on how tough to get under specific tactical situations.

The second and more difficult job facing the two leaders is that of agreeing on long-range strategy covering not only the Berlin and German crises but broad questions of European security and disarmament.

They must decide on a unified position and how to handle themselves when they and de Gaulle meet with the ebullient Soviet leader.

## Downpour Puts Damper On Area

### Potholes Show Up In County Roads

Steady rains for a week have brought a deluge of calls to the County Road Department. Drainage ditches are unable to hold the unusual flow of water; clay and dirt roads are in bad condition. Recently-mended asphalt streets are sporting the same old holes. Sand shoulders have disappeared from their retaining positions. John Krider, chairman of the Board of County Commissioners,

said this morning that until the weather changes, it will be impossible to relieve the condition. At least a month of clear skies will be necessary before roads can be fixed throughout the county. Krider said, "However, if any road is impassable, the County will do everything it can to give relief."

Krider explained that the growth of the County has created a tremendous problem. "The Road Department is still operating on the same budget as it has in the past," he said.

"This department needs more equipment and manpower to take care of the increased population. It is apparent to all our Commissioners that an expanded paving program is needed. We hope that after reappraisal is completed, more citizens will be included to help pay for the services."

Krider asked residents with road or drainage problems to call the County Road Department office at FA 2-1902. "Our engineer and superintendent will be informed of any serious difficulties he said. It is not necessary to call your Commissioner unless there is a special problem."

### Midwest Gets Set For Big Snowstorm On Eve Of Spring

United Press International  
A third major snowstorm of the month bore down on the Midwest today, on the eve of the spring season, easing an advance preview of mild weather in the nation's midsection.

Weathermen warned travelers and stockmen of heavy snows likely in parts of Kansas, Nebraska, South Dakota, Iowa, Illinois, Wisconsin and Minnesota. Four inches or more of snow was predicted, with winds of 30 to 50 miles an hour expected to cause drifting.

Spring-like weather pushed into the Midwest and Northeast Thursday, but even that was not an unmitigated blessing.

Readings in the 30s and 60s triggered flood threats from heavy snow runoff along the Mississippi River between Iowa and Illinois and in southwestern Wisconsin.

The weather bureau at Moline, Ill., warned river communities between Guttenberg and Muscatine, Iowa, to "take immediate precaution against at least moderate flooding."

The weather bureau said the Mississippi would climb above flood stage at Dubuque, Bellevue, Davenport and Muscatine and at Rock Island, Ill. Weatherman also warned of possible floods on the Rock River at Joliet, Ill., and the Pecatonica River at Freeport, Ill. In Wisconsin, floods threatened 30 communities, most of them in the southwestern part of the state.

## Officers Recover Fisherman's Body

The body of a Sanford fisherman missing since last Friday, was found floating in Lake Monroe this morning, just off shore from the Civic Center.

Identified sometime later as Lonnie C. Robinson, 47, the body was recovered by three policemen. Earl Bourquard, Edward Hayden and Howard Wheelchel pulled the body into the police rescue boat, after Bourquard and Wheelchel had spotted it as they passed the lake on Seminole Blvd.

Coroner Hugh Duncan said that Robinson was presumed drowned

## Seminole Will Vote On PTA Tuesday; Debate Scheduled

The Seminole High School PTA will be faced with a decision Tuesday night.

Qualified members will hear both sides of the argument that has caused withdrawal from the PTA and state association, before voting to stay or leave.

Speakers at the 8 p. m. meeting will be D. W. Ladd of Geneva, and a representative of the Florida Congress of Parents and Teachers. The controversial issue will be explained thoroughly before the matter is brought to a vote.

Lake Mary's PTA meeting, called for last night, was postponed because of rain and bad roads. This was to have been the first session with qualified speakers presenting both sides of the question.

Mrs. W. C. Hopkins, president, said Lake Mary would be called into special session again when the speakers can be obtained.

At the High School meeting, John Kader, chairman of the spring carnival, will present plans for the April 17 event. The carnival is planned on the school grounds, in cooperation with the Bond Parents Association.

## Pickets Withdraw From Coal Mines

PIKEVILLE, Ky. (UPI)—United Mine Workers pickets were withdrawn today from strikebound coal mines in Pike County to await the outcome of a restraining order hearing next Monday.

The union agreed to withdraw its pickets at a hearing Thursday before Pike Circuit Judge James B. Stephenson.

The hearing set for Monday is on a request by the Pike County Independent Coal Operators' Assn. for a temporary restraining order against the picketing. Operators claim they would be forced out of business if they complied with union demands for a \$2 per day basic wage increase.

Joe Lewis, Lexington, Ky., attorney for a group of coal operators in the Hazard field, sent a telegram to President Eisenhower asking him to send federal troops to enter Kentucky "to restore law and order."

Gov. A. B. Chandler had rejected a similar request for National Guard troops, saying that reports from state police and other sources did not indicate such action was necessary.

## Collins Undaunted By Predictions Of Apportionment Nix

TALLAHASSEE (UPI)—Gov. LeRoy Collins said today he is not discouraged by predictions of a quick death in the next Legislature of his new reapportionment plan to give Florida's larger counties more Senate representation.

Collins presented the proposal to key legislators at a meeting in his office Thursday, and it got a cool reception. Senate President Designate Dewey Johnson predicted its quick death.

But Collins told newsmen today, "I'm not discouraged, certainly not. I don't get discouraged that easily."

He added that he wished the legislators had reacted more "warmly," but their reactions didn't disturb him.

Collins said he did not think the Legislature's ultimate action on the plan was reflected by the legislators who met with him. "I don't think it is sound to assume what a few say reflects the views of the entire Legislature."

The governor said he had been assured that the Legislature would consider all constitutional revisions on their merits.

And Collins declared his intention to back the plan in the face of all opposition.

"I would not hesitate to advance the program because a few legislators oppose it," he said. "I would not hesitate in the face of unanimous opposition."

## Concert Draws 300 At Sanford Center

The talented team of Nelson and Neal drew more than 300 people to the performance last night at the Civic Center.

While rain lashed outside, area residents basked in the sunshine of classical piano selections. The concert was the last of the winter series sponsored by the Sanford-Delaware Entertainment Association.

Harry Lee Neal spoke graciously of Sanford and its new civic center. "We have something new too, since we've seen you," he added. "We now have three children."

The children made not a peep as they slept outside the auditorium—in the custom-made bus they call home.

The feeling and interpretation of selections by Blise, Brahms and Schumann pleased the appreciative audience. A special treat climaxed the evening, when a reception was held following the performance in the civic center. Residents were given an opportunity to chat and visit with the couple.

Officials of the Association were satisfied with the turnout, since the concert had been planned for tonight, and was changed at the last minute.

## Mother Aids In Capture Of Ex-Con; All Are Safe

CHARLESTON, W. Va. (UPI)—A plucky, hammer-swinging mother told Thursday night how she helped in the capture of an ex-convict who had kidnaped and held hostage her and her three children to barter them for the life of a prison enemy.

Mrs. Elma Baldwin attacked her kidnaper, Richard A. Payne, with a hammer during the nearly 24 hours he kept her in his car but failed to subdue him. She finally grabbed the wheel as he

turned to fire at pursuing police, swinging the car off the road where her captor surrendered meekly.

Neither Mrs. Baldwin nor her three children, aged 5 to 10, was harmed.

### Crops, Sports Hit Hard; Roads Hurt

Six inches of rain since last Sunday has altered the lives of Seminole County residents. Housewives are burdened with wet laundry that won't dry, county roads are crumbling under the wet onslaught; clay and dirt streets have turned to muddy lakes in city and country.

### Khrushchev Eases Berlin Pressure

MOSCOW (UPI)—Premier Nikita Khrushchev's news conference statements have somewhat eased pressure on Berlin, diplomatic circles said today.

Khrushchev Thursday agreed to a May 11 foreign ministers' meeting to discuss the problem and denied there was any deadline for changing the status of Berlin.

The diplomatic circles speculated that Khrushchev had a change of heart for these reasons:

—A feeling of self-confidence. Khrushchev feels he is in control of the situation.

—An easing of the Western position, exemplified by British Prime Minister Harold Macmillan's visit to Moscow and President Eisenhower's television broadcast agreeing to a summit meeting.

—Khrushchev's desire to smooth any obvious rifts between East and West on the question.

The news conference, only the second Khrushchev has ever held in Moscow, was vastly different from the first one last Nov. 27. At that time, the Soviet Premier outlined plans for the unilateral ending of the Potsdam agreement and handing over controls of West Berlin to the East German government at the end of six months.

But Thursday, Khrushchev appeared to have softened. He presented no picture of doom.

### Big Cut Expected In Funds Request

WASHINGTON (UPI)—The House was expected to approve a \$4,688,000,000 money bill today which whacks more than 60 million dollars from President Eisenhower's budget for the Treasury and Post Office Department.

At the same time, the Senate began work on a \$389,500,000 program that would authorize seven times as much as the President's budget for the end of chronic unemployment. Senate GOP Leader Everett M. Dirksen (Ill.) predicted a presidential veto if any where that much was approved.

The House Appropriations Committee, meeting behind closed doors, was expected to slash more than 18 million dollars from Eisenhower's request for \$491,100,000 for the Interior Department and related agencies.

The 1.4 per cent reduction in the Treasury and Post Office budget is not a fair indication of congressional budget-cutting sentiment. The funds for these departments rarely is trimmed heavily.

The measure denies \$2,500,000 for 1,000 motor scooters for mailmen. But it okay's 47 new Secret Service agents, including 18 to guard the President and vice president.

### 'Rattling' Dishes Ends In Fatality

SARASOTA (UPI)—A fight over "too much noise" Thursday resulted in the fatal stabbing of 22-year-old Lelroy McCarter, a short-order cook in a South Side shopping center here.

McCarter had gotten into a fight with fellow worker Ernest Edwin Groth, 22, over the noise Groth was making washing dishes. The two men struggled and then Groth picked up a short butcher knife and stabbed McCarter near the heart.

In the past two days, two prisoners awaiting trial have committed suicide in their cells.

The round of executions may be near an end. Revolution organ of Premier Fidel Castro's rebels, Bogotá Thursday that they are giving Cuba a bad name throughout the western hemisphere and declared, "We must end the trials quickly."

Newspapers have reported that "more than 150" supporters of ousted ex-President Fulgencio Batista are seeking safety in foreign embassies as a prelude to leaving the country.

County Commissioners toured health units in Lakeland, Winter Haven and Haines City yesterday. The trip was considered "most beneficial," and gave the Board an idea of how an efficient unit might add to the community.

The oldest of the health units is in Winter Haven, and was built five years ago. In the recently-opened Lakeland building, Commissioners found "just what is needed" in Seminole County.

The amplified operation in Lakeland is economical, according to John Krider, chairman of the Seminole Board, and "seems to be just what we are looking for."

Other commissioners making the trip were Lawrence Swoford, David Gatchal, and Homer Little. Accompanying them were John Burton IV, who will design the county unit; Ralph Lovelock, hospital expert with James Gamble Rogers engineering firm, and Dr. Jack Thurmond, health unit director.

The new center will be built at French Ave. and Ninth St. next to the Bell Telephone building. Matching funds for the \$100,000 center have been provided by the Hill-Burton hospital act.

### Children are Cross from Staying In House, and Even the Monkeys at the Zoo are Loudly Voicing Their Complaints About the Constant Drizzle.

Farmers are shaking their heads about the crops. It's time to plant the peppers, but cabbage and celery haven't been harvested. If the rain stops today, the little pockets may drain off the field; if it doesn't, farmers in lower spots will be hurt.

The baseball players are bored. Ever since they came to the land of sunshine, practice has been called off because of rain. They wander through town; take in a movie, play cards, read.

Guests at the hotels are departing. The golf course is several inches under water, and the swimming pool is unnecessary.

To add to the joy, county schools were let out for a teachers' meeting in Tampa today.

Catch basins and culverts are unable to hold the constant flow of water, and have flooded streets. County and city road departments have asked residents to call if an emergency condition arises.

Cecil Tucker, county agricultural agent, said this morning that lowlands already are suffering. He added that a question of damage could not be answered, "possibly for several weeks." Root damage is of primary concern, along with the fields of ripened cabbage and celery which can't be harvested.

Automobiles trying to get through roads became mired; water began inching toward doorways of homes in some of Sanford's low-lying land; it's too early to forecast the effect of heavy rains on citrus.

Scheduled exhibition games by minor league teams of the San Francisco Giants were cancelled. So was a scheduled rugby match between Sanford NAS and a Pascocola team. Capt. Tom Hamilton said the match probably would be played April 11.

But, Sanford was far from alone. The remainder of Florida was experiencing the same.

### Man Can Plug Gap In Radiation Zones

WASHINGTON (UPI)—Atomic weapons have demonstrated the possibility of laying artificial radiation traps for anyone who might dare to venture unheeded into nearby space.

Nature itself has created two zones of radiation—the first starting about 400 miles up—which reach peaks of deadly intensity at 2,000 and 10,000 miles.

Now man himself can plug the gaps in these natural zones, leaving only the regions around the poles safe for unshielded space departures and arrivals.

This was revealed by Thursday's disclosure that the military secretly exploded three small atomic bombs—each equal to about 1,000 tons of TNT—more than 300 miles above the South Atlantic last August and September.

Another revelation was that man can now mess up his electromagnetic environment to the point where radio communications and radar warning systems may be blocked out or impaired. Such disruptions normally are caused only by discharges of charged particles from the sun.

A third disclosure was that unless someone is looking for them, high altitude atomic tests apparently can be staged without detection. The Russians did not tumble to the Argus tests. There was no radioactive fallout, because of the extreme altitude.

### That'll Teach Him

LEROY, N. Y. (UPI)—Village truck driver Clarence Perry was fired by the mayor when he refused to drive a load of rocks across a frozen reservoir. He got the job back when his replacement, Leonard Vaughn, tried it and barely managed to leap to safety before the truck plunged through the ice into six feet of water.

## the world in a different light

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	14	1-9
Monday	Mark	2	1-12
Tuesday	Mark	3	1-5
Wednesday	Mark	5	25-34
Thursday	Mark	5	35-43
Friday	Mark	7	31-37
Saturday	Mark	10	46-52

How often, when Dad would finish reading the Bible, he would hold the Book gently in his hands and look out the window. . . . I used to wonder what he saw—what vision against the setting sun! And once I blurted the tremendous question: "Daddy, can you see God?" He kept on gazing off into space, but a smile crossed his lips. "No, son, a man doesn't see God! He feels God. And then he looks out his window and sees the world in a different light." I grew up to discover what he meant. His Bible—his Church—his convictions have become mine. And when I look at the world . . . it's through Dad's window. One day my son will grow up. . . .

## Constitution Changes

### Merit Consideration

Under a reapportionment plan unveiled in Tallahassee by Gov. LeRoy Collins yesterday, Seminole County would get a full-time senator in the sweeping changes a committee advocates in the State Constitution.

The plan calls for the addition of six senators, all in fast-growing counties. The fact that Seminole was included in this group is some indication of the county's growth.

Seminole County now shares a senate seat with Brevard. Sen. Douglas Stenstrom now ably represents both counties. However, a senator who represents more than one county cannot keep abreast of everything in each county on an equal basis, unless he devotes 24 hours a day to the job. Few legislators can afford this luxury.

Other changes suggested in the State Constitution merit study and consideration. One would allow the Legislature to provide by act, without a public vote, for home rule in any county.

Home rule has been advocated by many officials in Florida. The Herald supports such a change in the interest of good government. Home rule would eliminate the necessity of the local legislative delegation preparing, introducing and passing at least 11 bills requested by the County Commission in the next session, starting April 7.

Now, County Commissioners must ask the Legislature, the comptroller, the attorney general or some other agency of the State before they can make a decision. In some cases, this might be desirable. In matters pertaining only to the county, and of relatively insignificant value to the State, this is undesirable.

The proposed changes also would allow cities to make charter changes, with approval of the local voters.

Real estate would not be valued at its "full cash value" for tax purposes. The proposed change provides for "just value," but would require that all property in all counties be valued on a uniform basis.

## Courtesy Again Pays

Courtesy on the part of a law enforcement official again has paid off for Sanford and Seminole County.

In a letter several weeks ago, an Atlanta, Ga., woman praised Sanford for its hospitality. Wednesday, the Chamber of Commerce received a letter from W. J. Cullen of Miami, who had many nice things to say about the courtesy he and his wife received here.

In both cases, the letters of thanks came for aid rendered following automobile accidents. The first praised Capt. Arnold Williams of the Sanford Police Department; the second commended J. Q. (Slim) Galloway, county constable.

Sanford might lose its title as Florida's Most Courteous City. The award will be presented on the basis of Courtesy Week events. However, we believe that it is much better to make friends the year round than to practice courtesy during one week in an attempt to win an award. Naturally, we would like to retain the award. Sanford deserves it.

## Douglas Asks Okay Of Stiff Mix Law

WASHINGTON (UPI) — Sen. Paul H. Douglas (D-Ill.) today asked for passage of strong civil rights legislation to meet "hostile threats and seemingly impudicible local resistance" to integration in the South.

Douglas was one of five northern senators scheduled to testify before a Senate subcommittee studying civil rights proposals.

He said in prepared testimony that his bill, co-sponsored by 15 other senators, would "meet the most serious challenge to constitutional rights in American life today—the denial of equal opportunity in public education because of race."

Douglas expressed disappointment with the Eisenhower administration's approach to civil rights legislation. He said the administration has abandoned a proposal to provide governmental legal assistance in equal protection cases. "They would virtually leave the desegregation issue to the courts and the courage of individual plaintiffs," Douglas declared.

### 'Skins Sign Pair

WASHINGTON (UPI) — The Washington Redskins have signed tackle Bob Splain of New Haven State Teachers and end Bill Kundrat of the College of Idaho to 1959 contracts.

## Officers Installed At Rebekah Lodge

Seminole Rebekah Lodge 43 held special installation services recently with Mrs. Myrtle Van Marter, benevolent Rebekah Lodge 23 of St. Cloud, as installation officer.

Mrs. Van Marter was assisted by members of her staff who were gowned in red formal and carried fans which were held together during the ceremony to form the three lengths emblems of Odd Fellows Lodge.

Emily Jameson was installed as Noble Grand. Other officers, are Bertha Snyder, vice-grand; Mrs. Mildred Squires, recording secretary; Evelyn Hoolahan, finance secretary; May Hubow, treasurer; Eva Beckham, warden; Mac Myera, conductress; Louise Long, chaplain; Katie Corley, musician; Leona MacLain, color bearer; Mary Jameson, right supporter to noble grand; Nellie Futrell, left supporter to noble grand; Virginia Anderson, right supporter to vice-grand; Virginia Roche, left supporter to vice-grand; Eva Williams, inside guardian; Mabel Brown, outside guardian.

Altar bearers will be Effie Hew-

## Table Talk

Rev. Ernest Bolick, Jr. The preachers job is to comfort the afflicted and to afflict the comfortable.

The satisfied and secure must be jolted to action.

The saddened, the mourning, the sick, must enter into "Rest" with the Lord.

Both must come to grips with life and be able to say with Job, "I know that My Redeemer Liveth."

## Students Named On Honor Roll

The Sanford Pilot Club Award for the Sanford Junior High School boy and girl, who has the highest average grade for the past six weeks, has been won by Jane Harward and Charles Hare. They also are selected by the faculty for outstanding achievement in courtesy and dependability.

## FASHION: U.S.A.

THE FLOWERS that bloom in the Spring tra-la welcome those traditional April showers and so do the gaily flowered raincoats you're beginning to see blossom out on fashionable boulevards across the land. Colorful, decorative, light weight, and enormously useful, they rate an important place in new wardrobe plans. For, good insurance that they are against the temperamental weather of the Spring months, they're still pretty enough to go anywhere. And they do! Watch for coats like these being used to complete an "expensive looking ensemble"—look for coats like these to double as an "evening wrap".

## Vows Said By Couple

Mrs. Marjorie Morgenstern, daughter of Mr. and Mrs. L. T. Hockenbury, Washburn, Ill., and John Markel Todd, Douglas Aircraft representative, were married Friday the 13th at the Azalea Methodist Church, Azalea Park. The six o'clock ceremony was officiated by the Rev. Charles L. Herron, nephew of the bride.

The occasion marked the birthday of the groom and was the fifty-fourth anniversary of the bride's parents.

The church altar was decorated with white gladioli and greenery and a program of nuptial music was given by Mrs. Charles L. Herron, organist.

Mr. and Mrs. Ray Hermon stood with the couple during the double ring service.

Among relatives and friends attending were Marilyn Morgenstern, daughter of Mrs. Todd, Mr. Todd will deploy with Heavy Attack Squadron NINE in August and his bride will live abroad during his absence.

## County Agent Gives Recipe For Good Homemade Soup

By Myrtle Wilson Home Demonstration Agent

The art of making good soup is simple but aristocratic. The long list of ingredients in recipes is often discouraging, but the comments of your family will be most rewarding, and soup-making isn't at all time-consuming. While it bubbles away, you have time for other jobs or activities, says Miss Alice Cromartie, Extension Nutritionist.

Soups are one of the most nutritious and inexpensive foods to serve. The wide range of kinds extends from clear soup, through many variations of consistency, color and ingredients, to heavy varieties which contain enough nourishment to be a meal in themselves.

Fresh vegetable, made of soup stock made of brisket, shoinone or soup meat and bone, will make an inexpensive main dish. Soups are wonderful in a packed lunch. Fill a small thermos with hot soup. Your lunch-taker will welcome the change in the menu.

Left-over meats and bones make good soup stock. Add left-over vegetable and a cereal such as rice or noodles, or potatoes, to make a tasty soup.

The secret behind successful soup lies in making a delicious, well-seasoned stock before adding any vegetables. Any type of stock made of beef, poultry or ham bones serves well. A favorite with guests and family is a hearty soup made of beef stock. The recipe is given below.

**VEGETABLE SOUP**  
Bones left from a rib roast or steaks (along with drippings)  
Water  
Salt  
Fresh ground pepper  
1 No. 2 can (2 cups) tomatoes  
1/2 cup green lima beans (frozen, fresh or canned)  
1 large carrot, peeled and diced

1/2 cup diced celery  
1 medium onion, chopped  
1/2 cup green beans (frozen, fresh French cut, or canned)  
1/2 cup okra (frozen or fresh)  
1/2 cup finely chopped cabbage

- Place bones from roast or steak in large sauce pan. Add drippings left over from cooking roast or steaks (or 2 tablespoons of soy sauce).
- Cover with water (about 4 cups). Put a tight lid on saucepan and bring to a boil. Reduce heat and simmer several hours.
- Remove bones. Season stock with pepper and salt to taste. Add tomatoes. Heat to boiling and then simmer 30-40 minutes.
- Add lima beans, carrots, celery and onions. Continue to simmer 15-20 minutes.
- Add lastly the green beans, okra and cabbage. Cook 10 minutes.
- Soup is ready to serve, or may be cooled and refrigerated until following day.
- For freezing soups, cut cooking time in step 4 to 10 minutes and in step 5 to 5 minutes. Cool and package soup in plastic containers or glass jars. Be careful to leave 1 inch head space.
- To serve frozen soup, let thaw in container, (about 2 hours at room temperature) and then heat, but do not boil.

# Big Leaguers Lose To Weather Again

United Press International. The sanest of ventures are making sense today to major leaguers who are trying to beat the worst Florida spring training weather in memory of Arizona's Chamber of Commerce.

An unprecedented week of rain has scrambled a rily pitching plant, deprived many promising

rookies of a chance to make good and even caused two teams to quit Florida in favor of Havana, Cuba. The situation became so desperate Thursday that:

—The Los Angeles Dodgers and Cincinnati Reds decided to leave the mainland and make a 200-mile jump to Havana for a pair of hastily-scheduled games.

—One manager offered to buy new baseball shoes for players who ruined them stomping through mud puddles around the team's playing field.

—Another team drove 30 miles in a bus to work out in a livestock pavilion.

—Four other teams, desperate to play providing the rain stops, scheduled spring training double-headers.

# Sebring Outcome Hinges On Weatherman's Scale

SEBRING, Fla. (UPI)—The outcome of the Florida International 18-hour sports car endurance race hung today in the balance of the weatherman's scales.

Four days of rains left the tedious 3.2-mile course filled with rain puddles that made serious practice laps impossible. But there appeared hope in a weather

forecast which indicated the sun may shine when the starting gun sounds for the chaotic Le Mans start at 10 a. m. Saturday.

For the first time in the nine-year history of the race, the weather played a key part.

A wet course would mean a ray of hope for the small cars, otherwise almost sure to lag in the overall performance race behind the three-litre powerhouses from Ferrari, Lister-Jaguar and Aston Martin.

Drivers generally agreed that a wet course would be less detrimental to the smaller cars of Porsche, Lotus, and Exca. The Porsche was given a good chance of coming home first overall in the event of rain.

Briggs Cunningham, who has two of the three Lister-Jaguars entered, said the Porsches particularly would benefit from a wet course. Baron Huhke von Heintzmann, manager of the German Porsche team, admitted he would probably gain an advantage over the three-litre cars if it rains.

# St. Johns Meets Bradley For Title

NEW YORK (UPI)—Bradley and St. John's, a couple of "old hands" at winning tournaments, are all set for a showdown re-match in the final round of the National Invitation Basketball Tournament now that the "Cinderella teams" have been sent packing with their pumpkins, glass slippers, and book shots.

And the title in Saturday's nationally televised (4 p. m.) battle hinges on one question—can Bradley repeat its 71-66 regular season win over the New York Redmen?

Top-seeded Bradley, anxious for its second NIT crown in three years, reached the finals as expected with a 24-27 thriller over New York U. Thursday night on Mike Owen's late layup basket.

And St. John's, seeking to become the first team to win the NIT three times, advanced with a 78-53 romp over a Providence College team that had become the "upset darlings" of the tourney by first-round and quarter-final routs.

Coaches Chuck Osborn of Bradley and Joe Lapchick of St. John's made it clear at once that they both were worried men.

"I thought NYU was the best team in the tourney—until I saw St. John's beat St. Bonaventure in the quarter-finals," said Osborn.

The Braves look like Giants to me," said Lapchick, whose team were unseeded but game 10 favorites in each round so far. "Bradley is a great team and very properly seeded No. 1 in the tourney."

Practice runs Friday were called off early because of the puddles and a slanting, wind-blown rain that stung the faces of drivers sloshing along at up to 150 miles an hour on the straight. A night practice session was delayed until tonight.

NEW YORK (UPI)—Tony Anthony, eager to show he can throw leather as well as block it, is a 3-1 favorite to beat rugged Sonny Ray tonight in their light-heavyweight contenders' 10-rounder at Madison Square Garden.

"Tony has the weapons and this time he's going to use 'em," says Manager Ernie Braca who is eager for Anthony to atone for an upset defeat at the hands of heavyweight Reuben Vargas at the Garden on Jan. 30.

# Early Louisville, Late Cincinnati Favored In NCAA

LOUISVILLE, Ky. (UPI)—Cincinnati made it a year late and Louisville a year early, but they ruled as co-favorites today in the NCAA basketball finals which open tonight before a sellout 19,000 fans at Freedom Hall.

Both teams held at about 8-5 locally to win the tournament, have something extra going for them as Louisville opens the two-day struggle for Kentucky's vacated title by meeting West Virginia in the eastern semi-final and Cincinnati goes against California in the western semi-final. The winners meet Saturday night for college basketball's greatest prize.

# Alston Shrugs Off Flag Talk

Editors Note: This is the fifth dispatch on the prospects of the major league clubs for 1956.

VERO BEACH, Fla. (UPI)—Last year at this time, Walter Alston was talking pennant for the Los Angeles Dodgers, confidently predicting they would beat the Milwaukee Braves.

They beat the Braves, all right, but hardly anybody else, and finished seventh.

"Everything went wrong," said Alston. "So this spring I'm not predicting anything."

Told that a lot of other managers in the league class the Dodgers as contenders, he merely shrugged his shoulders and said he hoped they're right.

"But don't say I said we are going to be contenders," he declared emphatically.

He did make it plain that he didn't blame the trick ballpark in Los Angeles for the Dodgers' debacle last season.

"We just played lousy ball, at home and away," he pointed out. "The only thing we could do right was when we were playing Milwaukee." The Dodgers beat the pennant-winners 14 times while losing only eight.

He conceded there were hopeful signs for 1956, however.

Among them are his young pitching staff, an added year's experience for catcher John Roseboro, the fact that Gil Hodges doesn't figure to have two bad years in a row, and the possibility Duke Snider's bat will start blasting again.

The Duke, bothered by a bad knee, hit .312 last season, but it wasn't a typical Snider year. Instead of the usual 40-or-so homers

he hits every year, driving in 100 or more runs, he had only 15 homers with 56 RBIs.

Snider will be in centerfield with the veteran Carl Furillo, who is 36, in right. Left field is up for grabs. Alston may platoon Wally Moon, the southpaw swinger obtained from the Cardinals, and Rip Repulski, the ex-Phillie who bats from the right side. There also is a chance that Jim Gentile, although annual Rube Waddell matches in Norm Larker, who batted .277 in 99

games for the Dodgers, can take over first base, freeing Hodges for left field.

Hodges really dropped off last season, hitting only .259 with 22 home runs with 84 runs batted in. Gil will be 35 in April, but other managers concede that he's as good as they come at first base.

Jim Gilliam, ticketed for third, also can play left—if Bob Lillis, who hit .391 in 20 games for Los Angeles late last season after they brought him up from St. Paul, can win the shortstop berth. That would leave Don Zimmer, last year's regular shortstop, or Dick Gray, who hits a long ball but not very often, to take over third.

Tous the only infield position that is set is Charley Neal at second base. There isn't a club in the league which wouldn't like to have him although he slumped with the rest of the Dodgers last season and fell to a .254 average.

Roseboro, whom most baseball men feel has a chance to become one of the league's top hitters, will be the No. 1 catcher with Joe Pignatano, an accomplished receiver but weak hitter, in reserve.

Pignatano could be the Dodger's forte. They have the possibilities. There is Don Drysdale, the fast-balling right hander who lost his first seven games last year and still wound up with a 12-13 mark; Johnny Podres, the left-handed change of pace artist with a 13-7 record; southpaw Sandy Koufax, who was 7-3 in 1955 before he hurt his ankle and wound up 11-11; Stan Williams, a young right-hander who won nine while losing seven, and Bob Giamberardo, a 12-game winner at Montreal.

# Local Rugby Team Set For Canadians

A muddy field and misty skies are predicted for the Rugby match tomorrow between the Navy Sandflies of Ramey Field and the Royal Canadians of Pensacola.

The game is scheduled for 3 p. m. at the field on Cicerly Ave., across from the Giant's dormitory.

The Canadians will be flown to Sanford from Pensacola, where most of them are flight students. Transportation is strictly the Sandflies' problem, but the opposition was strong enough to wangle an overnight.

Heavy rains this week have curtailed the Sandflies' afternoon scrimmages, leaving the boys with an easy out should defeat come at the hands of the "younger men."

Following the match, the weary warriors will adjourn to the Sanford Naval Air Station, where a party for the visiting players will be the order of the day.

Approval has been granted for the Navy Sandflies to attend the annual Rugby Week matches in Bermuda, and also to make a trip to New York for other competition.

The local team met for scrimmage Wednesday afternoon. The field was two feet deep in water, but the rugged Rugby enthusiasts were undaunted. The weathermen must procure clear skies only for the flight of the Royal Canadians.

Capt. Tom Hamilton commented, "We'll play them even in a swamp."

Other members of the team and their positions are Lt. (jg) A. C. Scherke, scrumhalf; Lt. (jg) P. B. Smith, first center; SN J. F. Catanzaro, wing; AD2 Z. Austin, fullback.

C. F. Bax, scrum; R. C. Johnson, wing; AM1 R. B. Hill, wing forward; AMSS J. M. Roder, hooker; YNT3 W. B. Ingram, scrum; AN E. E. Truelove, scrum; AA M. L. Fowler, scrum; PRAN R. J. Dragon, back; AQ3 J. Shanks, wing forward; SA J. M. Juhlke, wing; AQ3 J. D. Jeffords, wing; ADJ3 W. J. Brandt, scrum; K. W. Fowler, scrum; ATN3 C. T. O'Neill, hooker; Burroughs Rep. Joe Carlsy, post; ADJ3 J. V. Roberts, post.

# Steeplechase Set, Irish Optimistic

LONDON (UPI)—The Irish were optimistic but the bookmakers were worried sick today on the eve of the Grand National Steeplechase, the world's most gruelling horse race.

Irish horses have won this event four times in the past six years and Mr. What, who scampers to a 20-length victory in the 1956 running, is a hot 5-1 favorite to oust the field again Saturday.

Mr. What is an all-Irish candidate, being owned by D. J. Dougan, trained by Tom Taffie, and ridden by Taffie's son, Toss.

The \$40,000 purse which will go to the winning owner is only a drop in the bucket compared to other fortunes which will be won and lost in this 117th edition of the Grand National.

The race annually attracts worldwide interest because an Irish hospital sweepstakes is based on the outcome. It also serves as the second leg of Britains popular spring "double." This is where the bookmakers come in.

Many bettors have coupled Marshal Pili, winner of Wednesday's Lincolnshire Handicap—the first half of the double—with several favored entries in the Grand. One bookmaker reportedly will have to pay out more than \$500,000 if Mr. What wins.

# Bill Hartack Faces Carpet Call Again

HALLANDALE (UPI)—Jockey Bill Hartack is in hot water again. Hartack was called on the carpet by Gulfstream Park stewards Thursday after he refused to ride three mounts. He will appear before the board Saturday.

Just last month, Hartack refused to ride a favored horse at Hialeah Race Track.

This time, Hartack, after warming up the favored Firesicle for the fifth race, declared the horse was too sore to run. A check-up by two veterinarians proved the horse ready to race and Hartack rode Firesicle to a second place finish.

When the race was over, he told the clerk of scales to take him off his remaining three mounts of the day. The steward sent a physician to the dressing room to examine Hartack and he found nothing wrong. But Hartack dressed and left the track.

# Tourney Delayed; Rain In St. Pete

ST. PETERSBURG, Fla. (UPI)—The once-postponed first round of the \$15,000 St. Petersburg Open golf tournament gets under way today, weather permitting.

Play was scheduled to begin Thursday but was postponed by rain. Officials said the four-day match would run through Monday instead of Sunday as planned.

But the Weather Bureau predicted occasional rain today, possibly causing another postponement.

Arnold Palmer of Latrobe, Pa., was back to defend his title. He shot a four-round 276 last year to win the tournament. Later he won the Masters.

# Grade A Races Top Schedule At Track

A pair of Grade A tilts will headline greyhound racing tonight for Sanfordites at Sanford-Orlando Kennel Club.

With only eight days scampering remaining on the schedule, an unusual 11-race Friday evening of competition is on tap tonight, starting at 8:10.

GIANT GALLOPER Rural Commander, one of the season's finest racers, may head the quality list in the Grade-A 10th contest. Eighty-pound Rural seeks his eighth season triumph, after winning his last encounter with an explosion of speed in the homestretch. In that race he sauntered around the final turn in second place, but suddenly closed the gap and whizzed past Zephyr Pirs by five and one-half lengths.

Rural Commander will do it again tonight if he can march as well against such stars as Kiego and Madam's Agent.

Madam's Agent has raced only four times this year, but has clearly established himself as one of the current best. He won his last race with ease after assuming command at the first turn. He outran Riata, Rockin Jo and Edge of Nile by five lengths.

Racing in the ninth encounter should have fans on their feet, cheering. Pable Avenue and little Edge of Nile will face six other top-flight hounds in a hand-picked octet of stars.

Matinee racing will start at 2 p. m. tomorrow, followed in the evening by 11 more events at 8:10 p. m.

# Hostage Describes Trip With Crazy Ex-Convict

EDITOR'S NOTE: For nearly 24 hours, Mrs. Elma Baldwin, a 23-year-old South Charleston, W. Va. housewife, and her three children were held as hostages by an enraged, vengeance-bent ex-convict who was willing to gamble their lives in exchange for that of his worst enemy. The following dispatch is her account of the ordeal.

## By MRS. ELMA BALDWIN As Told To UPI

**SOUTH CHARLESTON, W. Va.** (UPI)—After we got in the car last night (Wednesday), I remembered there was a hammer under the front seat. I reached down and got it and hit him (ex-convict Richard A. Payne) twice—once on the back of the head and once on the forehead.

It didn't knock him out. I don't know why. He bled considerably and he complained all day how his head hurt him. He just told me not to try anything like that again or he would hurt one of the children.

I stayed awake all night for fear that he might wreck the car. He drove awful nervously and recklessly.

The kids slept a little, but not much. The way he drove, they were shaken up so much they couldn't sleep.

The kids were never scared. He actually was very nice to us. He was very considerate and, before we left the house last (Wednesday) night, he told me to take two pillows and two blankets.

He was very nervous all the time and kept the car heater turned up awfully high. I kept covering the children's faces with the blankets.

He never lost his temper. If he had been insane he surely would have jumped on me for the bad time I gave him. But he was extremely nice.

He talked a lot. Mostly about

how it was in prison. Everytime he talked about this man Post (Burton Junior Post) he would pull out his gun.

I told him not to do that because he might hurt one of the children. I said "I've kept my word by not causing any trouble and you ought to keep yours." He agreed not to harm us if we didn't make trouble.

He agreed to let us go free tonight (Thursday) and planned to get other hostages. We were just about out of money and gas. He said he would leave the car with me.

He said if the police tried to get him he would use the little girl (Susan, aged 5) as a shield. When the state police car started chasing us, he let go of the steering wheel and pulled her close to him.

I managed to grab the wheel and put on the brakes and pull the car over to the curb.

I was screaming to police not to shoot. Then he (Payne) said "I'll give myself up. I don't want to hurt one of them." That's when he threw the gun out the window.

But still we were safe, it was like sitting on a volcano.

# Errant Shot Fatal To College Student

SEWANEE, Tenn. (UPI)—Funeral services will be held at Memphis Saturday for a 23-year-old University of the South student, the victim of an errant derring rider shot.

A coroner ruled accidental the shooting of Gareth Moultrie Ward, a junior from Memphis. Ward was shot in the chest by Danford Sawyer, 19, a sophomore from Sarasota, Fla.

Dean John M. Webb termed the shooting "purely accidental." "The boys were the best of friends," Webb said.

Young Sawyer is "very upset about the shooting," Webb said. The victim and Sawyer were fraternity brothers and the two and another student were visiting in Sawyer's room in a dormitory Wednesday night.

Webb said Sawyer owned a tiny, double-barreled derringer pistol and was showing it to his classmates.

Webb said Sawyer was "fooling around with the pistol and suddenly it went off, striking Ward in the chest."

Ward was the son of Mrs. John Ward of Memphis. His father, John M. Ward Jr., an advertising man, lives in New York.

# Real Horse Opera Untangled By Star

VAN NUYS, Calif. (UPI)—The district attorney was trying to untangle today a Hollywood horse opera that had singer Guy Mitchell galloping up to take a poke at a lumber dealer and actor Jose Ferrer stepping into the fray as peacemaker.

Mitchell, 25-year-old singer reported to earn \$200,000 a year, admitted fighting with Abraham Berman Wednesday over \$100 worth of lumber allegedly taken from Berman's lumberyard for use on an addition to Mitchell's home.

Berman said he was sitting in his car in nearby Chatsworth when Mitchell rode up on a horse dismounted and said, "I'll pound hell out of you."

Berman said the singer hit him while he was still in the car and then dragged him out and hit and kicked him. He said he was treated at a hospital for contusions, abrasions, lacerations and possible fractures of his fingers.

Snorted Mitchell, "I didn't even get a good shot in. All he got was a scratch on the cheek. I didn't even have marks on my hands."

According to the singer, he was out enjoying a peaceful ride on his horse when he spotted Berman.

"We started arguing. I was leaning on the window of his car," said Mitchell. "He took off his glasses and took a swing at me. Then he opened the door and came out and we began rolling around on the ground."

Ferrer said he came along and saw the two men wrestling. "I thought they were workmen wrestling at lunch time. When I saw that it was an earnest fight, I jumped into it and pulled away one of the men. It turned out to be Guy Mitchell," he said.

## Atomic Sub Leaves For Pearl Harbor

PORTSMOUTH, N.H. (UPI)—The atomic-powered submarine Squalid left her berthplace at Portsmouth Thursday for duty in the Pacific and a new home at Pearl Harbor.

Cmdr. Shannon D. Cramer of Harrisburg, Pa. and Washington, D.C. is skipper of the submarine. The route of the Squalid was not announced here but a spokesman at the Navy's submarine base in New London, Conn., said that there was no likelihood the submarine would attempt to sail beneath the North Pole.

# Navy Stayed Aboard, Ate Up The Chow

By FRANK ELEAZER  
**WASHINGTON** (UPI)—The Navy has a problem with absenteeism. But for a few months back there weren't enough of them, and this has loused up the budget.

It seems that when a ship is in port the captain always can count on a good-sized bunch of his sailors rowing ashore. There they hang around beer joints, dining on hamburgers and other civilian delicacies.

Hearing published today by the House Appropriations Committee disclosed that during recent perilous times off Formosa and

Lebanon the fellows hung around aboard ship instead, and ate up \$2,415,000 of unbudgeted GI chow.

President Eisenhower now wants Congress to pay him back for this outlay. The sum is included in an extra \$2,866,000,000 he says he needs to tide the government over till the end of June, when the fiscal year ends. This would be in addition to the \$67,773,000,000 he already has.

Our lawmakers haven't decided yet how much of this they will give him. A \$18,000 item though is a shoe-in. It's to cover increased

postage charges on farmers' bulletins, agricultural yearbooks and other literary gems which congressmen like to mail out to the hoi-folks.

Those higher postal rates were voted by Congress last year to cut down the deficit in the Post Office Department. But now the other government agencies are back asking more money to pay the extra mail charge. Sometimes it looks like a bad dream.

Our Civil War Centennial Commission has discovered it needs a historian. Apparently it won't get him, though. Committee members said the commission had set a

fine economy record and they wouldn't want to spoil it.

The pensions Congress provided last year for ex-presidents are costing more than expected. We put up \$100,000; \$60,000 extra is needed.

Hoover turns out to be a more expensive president than Truman, though most congressmen had figured it vice versa. They each get \$25,000 yearly as pension, plus office expenses. Hoover's are running \$50,000 so far to Truman's \$33,100. However, Hoover, after deduction of taxes, was reported turning his pension check over to charity.

Rep. Ben Jensen (I-Iowa) blames the farm surplus problem on automobiles. He said horses used to eat the product of 43 million acres. He didn't specifically say how much of the world's hayburner and thus save the \$1,500,000,000 budgeted next year to help farmers.

The Civil Service Commission wants extra money to cover such expenses as the \$335 it spends investigating the loyalty of each member of Congress who is named to an international body. A sure-enough loyalty check, by the way, costs \$20.

The Agriculture Department needs an extra \$600,000 to hire chicken inspectors. Some of these will be veterinarians. The others, naturally, will be called lay inspectors.

"They must be skinnier in England," commented a Ryerson professor. Said the student who directed Ryerson's Brit to win glory from the Brits: "We can't claim to be world champions, but I guess we're Canadian champions."

## Union Opens Drive On Coast Workers

**MIAMI** (UPI)—Henry Feinstein, who was forced to back down on his announced intention of organizing New York City police into the Teamsters Union, today took charge of a Teamster organizing drive among municipal and county workers in Florida.

An associate said Feinstein had been ordered to spearhead the drive by Teamster President James R. Hoffa and hopes to sign up 20,000 union members within the next two months. Feinstein will spend about three weeks in Florida. It was said, lining up and expected 200 organizers to work among public employes in Fort Lauderdale, Miami, Miami Beach, Palm Beach, West Palm Beach and other cities along the Southeast Coast.

## New Fad Coming? 17 Students Get Into Phone Booth

**TORONTO** (UPI)—Students at the Ryerson Institute of Technology in Toronto have fallen in a bid to beat English students at squeezing into a telephone booth.

Only 17 students managed to get into a booth, two short of the world record of 19 established by the Hatfield Technical College at Hatfield, England.

A spokesman for the Bell Telephone Co. said Canadian booths are the same size as the British ones.

"They must be skinnier in England," commented a Ryerson professor. Said the student who directed Ryerson's Brit to win glory from the Brits: "We can't claim to be world champions, but I guess we're Canadian champions."

# After 10 Die In Crash, Group Seeks Protection

**XENIA, Ohio** (UPI)—Residents of this city of 17,000 demanded better railroad grade crossing protection today so that the accident which killed eight 12-year-old girls and two of their mothers can never be repeated.

Edgar McFadden, president of the school board's Booster Club said he would go to Columbus today to see Gov. Michael DiSalle about getting some action. He said he would ask for immediate approval of a bill before the state Legislature which would boost state license tag \$1 to pay for protection devices at crossings.

"If something doesn't happen there will be the damndest demonstration on the Capitol lawn anybody has ever seen," McFadden said.

DiSalle said Thursday his administration "will try to eliminate or protect all railroad crossings on state highways" but he pointed out that the state had no authority at county roads such as the one where the Xenia tragedy happened. DiSalle has been under pressure to act since a family of eight was killed recently at a Hamilton, Ohio, crossing.

A Pennsylvania Railroad freight train struck the station wagon in which the sixth-grade girls were returning home from a trip to a

library to study for Girls Scout merit badges. The mothers killed with them were troop advisers. It was the worst grade crossing accident in Ohio history.

"I don't think it should be necessary for a family of eight to be killed at Hamilton, Ohio; recently and 10 persons killed here in order for the state to act," said Vaughn Lewis, superintendent at the suburban Beavercreek school which the girls attended.

**Deaths**  
**PALM BEACH, Fla.** (UPI)—Mrs. Grace Gallatin Selon, 83, author, explorer and founder of the Camp Fire Girls, died at her home here Thursday of a heart attack. A native of Sacramento, Calif., she married the late Ernest Thompson Selon, an authority on Indian lore and wild life in 1896.

**LONDON** (UPI)—John Turner MacGregor Morris, 86, co-inventor of a submarine detector which was responsible for the sinking of many German U-boats in World War I, died here Wednesday after an operation.

**NEW YORK** (UPI)—Maurice Grieve, 70, internationally known wood carver, died Thursday at his home here.

**MOSCOW** (UPI)—Salva Dadiana, 85, noted Georgian playwright and actor, has died, Pravda announced Thursday.

**TOKYO** (UPI)—Hikosaburo Hata, 68, one-time lieutenant general and chief of staff of the Japanese Kwantung Army in China, died here of cancer today.

# Mansfield Comedy Set For Movieland

"The Sheriff of Fractured Jaw," comedy-western about the refined English gentleman who became sheriff of the toughest town this side of Tombstone and the blonde saloon owner who taught him how, will have its local premiere on Sunday at the Movieland Drive-In Theatre.

Starring the hilarious English comedian, Kenneth More, known to American audiences for his role in "Genevieve," and the new Jayne Mansfield, playing the kind of role her fans have asked to see, her in, the CinemaScope, De Luxe color picture was filmed entirely on location in Spain.

With some of the most breathtaking and exciting scenery in Spain as the backdrop, much of it never before filmed, the picture tells of Kenneth More and his trip to America where he hopes to "civilize" the natives by introducing them to "Tibbs fowling pieces," a wonderful gun for shooting quail but not quite up to the meat-and-potatoes duty of the American frontier.

What he does do is become the sheriff of a tough cattle town, earn a reputation as a fast gun-fighter, fall in love with Jayne, who plays the most curvaceous and unobtainable cafe owner in the West, and become a blood brother of a hostile Indian tribe.

With a side-splitting situation build-up which is so funny that it can make an Indian laugh, More brings peace to the town, civilization to the Indians (to whom he sells his fowling pieces) and marriage to himself and Jayne. And no bride ever given away by a savage war chief ever looked lovelier.

Also showing as a part of the double feature is "The Tarnished Angels," starring Rock Hudson, Robert Stack, Dorothy Malone and Jack Carson.

"SHERIFF OF FRACTURED JAW" — Jayne Mansfield and Kenneth More are shown in Twentieth Century Fox's laugh-filled drama, "The Sheriff of Fractured Jaw," coming to the Movieland Drive-In Theatre Sunday.

**BATTLE OF THE SHARKS** — Spencer Tracy is shown in a thrilling battle with the giant sharks in Warner Bros.' film of Ernest Hemingway's Pulitzer and Nobel Prize winning novel, "The Old Man and the Sea," which starts Sunday at the Ritz Theatre.

## Ritz Schedules 'Old Man And The Sea'

"The Old Man and the Sea," the long-anticipated Warner Bros. motion picture release based on the celebrated Ernest Hemingway novel which made literary history, opens Sunday at the Ritz Theatre.

Starring Spencer Tracy, the distinguished WarnerColor film is viewed as making a contribution to motion pictures equal to that made to world literature by Hemingway's deeply moving story.

The film was produced by Leiland Hayward, and directed by John Sturges from a screenplay by Peter Viertel. Hemingway's story, read by more than 13,000,000 persons in 42 languages, brought him the Nobel and Pulitzer Prizes and new world acclaim as an artist of remarkable compassion and insight into the human heart. The Warner Bros. film faithfully and beautifully transfers these elements to the screen.

"The Old Man and the Sea" was photographed with great care in Cuba, the Bahamas, Peru, Ecuador, Panama, the Galapagos Islands, Hawaii and California. James Wong Howe served as director of photography, with Floyd Crosby and Tom Tutwiler supplying additional photography. The musical score was composed and conducted by Academy Award winner Dimitri Tiomkin.

Featured in the cast with Tracy are a 13-year-old Cuban boy, Felipe Pastor, who has never acted before, and veteran stage, screen and television performer, Harry Belafonte. Appearing briefly in the film are Hemingway himself and his wife.

## Committee Told Of 'Horrifying' School Conditions

JACKSONVILLE (UPI) — The Citizens Advisory Committee has been told of "horrifying" conditions at six Duval County Schools.

A subcommittee, assigned to check on maintenance at the schools, said Wednesday it noted poor materials in the schools, inadequate administration, lack of discipline and general neglect.

It said most of the schools were comparatively new but in some cases "apparently the contractors hardly are out of the schools before maintenance is necessary."

The report said the group found paint peeling, walls leaking, washrooms in "miserable shape," littered playgrounds, lack of respect for principals and faulty fire prevention facilities.

## Tibet Anti-Red Revolt Spreads To China, Nationalists Report

### Help Is Requested From Free World

TAIPEI (UPI)—The anti-Communist revolt in Tibet has spread to Communist China, a Nationalist Chinese cabinet member said today. He urged the anti-Communist world to assist the revolution lest it become another Hungary.

The official was Li Yung-hsin, chairman of the Nationalist government's Mongolian and Tibetan Affairs Commission. He told United Press International the uprising had spread across the border to the Chinese provinces of Sikkim and Chinghai. Sikkim also borders India.

Li made the statement shortly after Indian Prime Minister Jawaharlal Nehru told Parliament in New Delhi today that street fighting had broken out in the Tibetan capital of Lhasa. Nehru expressed concern for the safety of the Dalai Lama whose whereabouts are now unknown.

Nehru also disclosed that the heaviest fighting broke out last Friday in the capital when rumors spread through Lhasa that the Chinese Communists planned to kidnap the Dalai Lama, spiritual and temporal ruler of the mountain kingdom.

Nehru had been reported earlier in various parts of Tibet but fighting broke out in Lhasa for the first time. Unconfirmed reports reaching the Indian border said Communist planes had bombed Lhasa.

The Chinese official gave no sources for his report but the revolt had spread across the border, the Nationalist government is known to have intelligence agents on the mainland.

Li and other high-ranking Nationalist officials met in secrecy today to study possible steps the Nationalists might take to help the revolt. President Chiang Kai-shek has predicted the Peiping regime would collapse from internal revolt and officials have hinted they would send troops to the mainland when a revolt does break out.

### Sun Shines Again; Almanac Loses Out On Rain Forecast

The almanac lost out on its predictions for five additional days of rain this week.

Bright sunshine greeted Seminole County residents Friday afternoon, and continued through a beautiful week-end.

While fishermen took to their boats, and golfers played matches on a wet course, the county road department began the long hard job of pasting the roads together again.

Farmers surveyed their fields, which drained slowly in the warmth of the sun. Damage would not be known for several weeks.

With cooler weather in prospect, things got back to normal in a hurry.

**'Shine Brings Arrest**

Jesse Abraham, 1201 West Ninth St. was arrested by the Sheriff's Department Saturday night for possession of moonshine. Abraham posted a bond of \$500, and was released.

### Commission Nixes League Invitation

County Commissioners will not attend the April 1 meeting of the Longwood Citizens' League in the County courthouse to discuss the County Home.

In a letter to Joseph S. Rogers, president of the League, John Krider, speaking for the Board, declined the League's invitation to attend the public meeting.

"They (the Commissioners) feel they should not be placed on trial by a jury composed of citizens who have not given the Board the courtesy of discussing with them the conditions in the County Home at one of our regular meetings, of which at least five are held each month in the courthouse," Krider said.

The Commission chairman continued, "Apparently, the object has been to create publicity for certain individuals through the press, with charges and insinuations against the present Board of County Commissioners. As I pointed out in my previous letter,

every precaution has been taken to see that the individuals in the County Home have the three basic things necessary for their welfare—food, medical attention, and care."

"We, as a body, deny that these three things have been neglected, though we are the first to admit the structure and equipment need overhauling. This is being studied at the present time and I am confident the corrective measures will be taken soon after the report is received from our engineering firm of Gamble Rogers."

Krider concluded by inviting the League to attend any one of the regularly scheduled meetings of the Commission.

Rogers invited the Board to the public meeting April 1, after explaining that members of the League were working people and could not attend sessions in the daytime. The Commissioners met at 9:30 a.m. every other Tuesday. The public meeting April 1 is set at 8 p.m.

### York Sends Nets, Sanford Overseas

More than 10,000 fish landing nets have been shipped to Germany, Canada and Costa Rica by York Manufacturing Co. of Sanford.

Each net bears the label: "York Manufacturing Company, Sanford, Florida—where fishing is fun."

The slogan appears on all letterheads and envelopes of the firm, which produces television antennas, in addition to fishing equipment.

Soon fishermen all over the world will be aware that the fishing is fun in Sanford.

**Driver Is Charged**

Mrs. Catherine Stormes Harty of DeBary was charged with failure to yield the right-of-way this morning, after she pulled from the curb at 208 West First St., and into the right side of a car driven by John T. Toney, Sanford, Damage was estimated at \$200 to Toney's car.

**SPRING TRAINING IS HERE**—The Giants took advantage of the sun that finally came out, and started their workouts Saturday. For most of the trainees, this was the first of their workouts. This happens to be the Corpus Christi Club on the stadium diamond. (Herald Staff Photo)

### Sunshine Is Back, Players Get Work

Baseball players, eating heavily and exercising little during a week of rain, started paying the price of "living high on the hog" yesterday.

Although some were puffing after "wind sprints" around the San Francisco Giants' farm league base here, others didn't appear to be a bit out of shape.

Bob Perry definitely appeared to be in the latter category, belting

Serving with him are Ann Schmecher, vice-president; Sharon Maxwell, secretary; and Mary Helen Washburn, treasurer. On the student council are Bob Williams and Joann Zeigler.

### Second Body Recovered; Third Feared In Waters

A possible companion of Lonnie C. Robinson, Sanford commercial fisherman who drowned last week, was found floating in Lake Monroe Saturday morning.

The badly decomposed body remains unidentified. Coroner Hugh Duncan said fingerprints and a description of the man had been sent to the FBI in Washington. Results should be known by Wednesday.

Described as about 47, 5 feet, 11 inches tall, and weighing 180 pounds, the body has three missing upper teeth. Three tattoos on the upper arm are composed of two hearts and an anchor, with "Dixie" written beneath them.

Duncan said the man had a large tattoo of a girl on his chest, with the initials LK. He had dark brown hair, and a scar on his left forehead, and was dressed in a dark blue shirt and striped grey work pants.

The body had been in the water "about a week", according to Duncan. There were no signs of foul play, and he was presumed accidentally drowned.

### Daughter Is Dead, Parents Are Mum

BURBANK, Calif. (UPI)—Detectives today probed the mysterious death of an attractive 16-year-old Beverly Hills housewife, whose husband and wealthy parents refused to talk about the baffling case.

The neatly clothed body of Brenda Emerson was found lying on the lawn of St. Joseph's Hospital Saturday night after an unidentified man telephoned and said:

"There's a body lying out on your lawn. A black sedan just drove off real fast."

A preliminary autopsy failed to determine the cause of death, although it was revealed autopsy surgeons found a small mark on the inner part of her right arm which might have been made by a hypodermic needle.

Det. L. E. J. Vandergrift said that when he and another detective went to the nearby West Los Angeles home of Mrs. Emerson's parents, Mr. and Mrs. William Blonder, they were met by attorney Jerome Weber.

"What's the crime?" Weber demanded, according to Vandergrift.

The detective said Weber told them that he had advised Blonder, a furniture dealer, and his wife to refuse to answer any questions.

"You mean, even though your daughter is dead under strange circumstances that you don't want to help us?" asked Vandergrift.

"Don't be so cruel," the detective said someone in the house shouted.

### Youth Is Trapped 1,000 Feet Below

CASTLETON, England (UPI)—A 20-year-old Oxford student was trapped unconscious in a crevice 1,000 feet below the surface today in nearby Devil's Hole Cave. Rescuers tried to pull him out, but the rope broke.

Nell Moss became wedged in the crevice Sunday while exploring in the famous "peak cavern" in the Derbyshire hills with a group of seven students.

Nearly 100 rescuers worked through the night to get him out before the foul air in the hole would guff out his oxygen. They supplied him with oxygen through a tube leading into the crevice.

A doctor was lowered to Moss' side in an attempt to release him. He placed a rope around the boy's waist, but the rope snapped when the rescue teams hauled on it.

"We have to walk a long way from the entrance and then crawl for 800 feet on our stomachs in a space 20 inches high and a foot wide," he said.

Moss laughed and joked with his rescuers during the night before he lost consciousness. He attempted to raise his arms to grab the rope lowered to him, but was wedged in too tightly.

### Angler Lost Fish, Boat And Trunks; Women 'Twitter'

MIAMI (UPI)—It wasn't so long when the fish got away, said fisherman Frank Vernie, 42.

What made him mad was when he lost his boat and flame-red swimming trunks.

It also was embarrassing.

He started Sunday when a big wave threw him from the rear of the 20-foot cabin cruiser he, shared with Frank Johnstone. Johnstone didn't notice Vernie was missing and continued trolling.

As the boat faded into the distance, Vernie peeled off his shorts and waved them frantically. A passing charter boat loaded with men and women spotted him.

By this time, Vernie was too tired to put on his trunks. And despite the uttering of several female fishermen, he allowed himself to be hauled out of the water minus his bright red trunks.

### Baby Rush Is On; Tax Deadline Near

LONDON (UPI)—Midwives and maternity homes today prepared for their busiest two weeks of the year.

Babies born before midnight a week from Sunday earn their parents tax exemption for the entire year, and a great deal of family planning is based on this.

Statistics show March is the biggest birthday month because of this 100 pound (280 dollar) exemption. The midwives call the final two weeks the "spring hand-icap."

### Officials On Trip

County Commissioners spent today in Tallahassee. Nature of the trip was not disclosed.

### Judo Team Plans Exhibition Here

Judo experts will stage an exhibition at 9 p.m. Wednesday in the ballroom of the Mayfair Inn. The demonstration is sponsored through the cooperation of the Mayfair Inn, local club and the Seminole County Chamber of Commerce.

Arrangements have been made by Major Donald Loegering, service information officer at McCoy Air Force Base. Staff Sgt. Arthur R. Wilson will introduce the team.

Four youngsters will be featured in the Judo group. Several of these wear the black belt, the highest award in Judo competition.

The exhibition will be open to the public. There will be no admission charge. Members of local club are urged to attend, and bring their wives.

### Praying Tot Dies In Auto Accident

NASHVILLE, Tenn. (UPI)—A 2-year-old boy was killed Sunday while joining in a prayer in the family car, which collided head-on with another vehicle.

Officers said Philip D. Roberts, 2, died instantly in the collision. Seven other persons were injured.

Police said young Roberts was kneeling on the front seat praying when the accident occurred.

Gordon Roberts, 21, the boy's father, said the family was holding court devotional at the time of the accident because Mrs. Roberts was to work later in the day.

### Eight Feared Dead In Mine Explosion

ROBBINS, Tenn. (UPI)—Police said today eight men are feared dead in an explosion at a small coal mine at Brimstone near here.

The body of Oscar West, owner of the mine was recovered this morning.

The Scott County Sheriff's office said cause of the explosion at the mine was not known.

Rescuers were digging through the debris in an effort to reach the other miners.

### Thieves Get Money From Taxi Stand

Thieves "tore up" the juke box and pin ball machines at the Brooks Taxi Stand, 1015 W. 13th St. last night.

Money was taken from the machines after entrance was gained by forcing the back door. An attempt to enter the cigarette machine was unsuccessful, according to police.

### Help Is Requested From Free World

TAIPEI (UPI)—The anti-Communist revolt in Tibet has spread to Communist China, a Nationalist Chinese cabinet member said today. He urged the anti-Communist world to assist the revolution lest it become another Hungary.

The official was Li Yung-hsin, chairman of the Nationalist government's Mongolian and Tibetan Affairs Commission. He told United Press International the uprising had spread across the border to the Chinese provinces of Sikkim and Chinghai. Sikkim also borders India.

### Castro Gets Ready To Repulse Attack

HAVANA (UPI)—Premier Fidel Castro urged complete mobilization in Cuba, including women and children, to fight off a possible counter-revolutionary invasion from Florida and the Dominican Republic.

Castro told 100,000 labor union members who staged a parade and rally before the presidential palace Sunday that American reactionaries and the international news agencies were sponsoring a campaign to overthrow his regime and return ousted Fulgencio Batista to power.

Castro took exception to the remarks of former President Jose Figueres of Costa Rica who preceded him on the platform and appealed for Latin American solidarity with the U. S. in the free world fight against Communist Russia.

Castro expressed regret that he disagreed with "our great friend" who is visiting here as the guest of the Cuban government.

"The Cuban revolution is opposed by the national reactionaries and the international reactionaries because the press campaigns of the monopolies of international news agencies have found an echo in the reactionary press of the whole continent, which has published lies and slanders by the news agencies," he said.

### Off-Duty Fireman Douses Truck Fire

An off-duty fireman came to the rescue yesterday. He put out a truck fire before on-duty firemen could arrive at the scene.

Alvin Hittell, grabbed a can of carbon tetrachloride from his car when the semi-truck began to flame. Despite his quick action the entire engine and transmission were destroyed. The fire occurred at 24th St. and French Ave.

Another fire did considerable damage to a dwelling owned by Harold Appleby, 408 Virginia Ave. The rafters were found in flames when a faulty fuse shot fire from the furnace to the ceiling. The Department was assisted by Billy Leffler Jr.

A jeep-truck, owned by C. A. Taylor, caught fire Saturday and was saved by firemen, who blamed the incident on a faulty ignition.

### Commission Nixes League Invitation

County Commissioners will not attend the April 1 meeting of the Longwood Citizens' League in the County courthouse to discuss the County Home.

In a letter to Joseph S. Rogers, president of the League, John Krider, speaking for the Board, declined the League's invitation to attend the public meeting.

"They (the Commissioners) feel they should not be placed on trial by a jury composed of citizens who have not given the Board the courtesy of discussing with them the conditions in the County Home at one of our regular meetings, of which at least five are held each month in the courthouse," Krider said.

The Commission chairman continued, "Apparently, the object has been to create publicity for certain individuals through the press, with charges and insinuations against the present Board of County Commissioners. As I pointed out in my previous letter,

every precaution has been taken to see that the individuals in the County Home have the three basic things necessary for their welfare—food, medical attention, and care."

"We, as a body, deny that these three things have been neglected, though we are the first to admit the structure and equipment need overhauling. This is being studied at the present time and I am confident the corrective measures will be taken soon after the report is received from our engineering firm of Gamble Rogers."

Krider concluded by inviting the League to attend any one of the regularly scheduled meetings of the Commission.

Rogers invited the Board to the public meeting April 1, after explaining that members of the League were working people and could not attend sessions in the daytime. The Commissioners met at 9:30 a.m. every other Tuesday. The public meeting April 1 is set at 8 p.m.
