On the Line

Must-win takes on a different meaning now. With the top two spots locked in for the three districts involving Seminole Athletic Conference football teams. local squads must win their final two games to even garner consideration for an At-Large bid to the playoffs.

Deputies host fund-raiser for memorial park

A fun-filled day is planned in the effort to build a community-funded park. It all takes place Saturday, Nov. 3 in Oviedo.

The fundraising event will feature live bands, a car show as well as various law enforcement and fire rescue presenta-

tions and displays.

There will be various activities for children. There will also be an auction of goods, gift certificates (including Disney tickets) and a fishing trip with actor James Best, who played Sherut Rosco P. Coltrane on the Dukes of Hazzard TV series. Best lives in the Oviedo area is also slated to be on hand for the fundraising event.

Guest speaker will be Tom Feeney, Speaker of the Florida House of Representatives.

Money raised from this event will go toward building a 20-acre park near Geneva on the western shore of Lake Harney. It is being named in memory of Seminole County Deputy Eugene Gregory, who was killed July 8, 1998 while on duty in the Geneva area.

The fundraiser gets underway Nov. 3 at 10 a.m. and lasts until 6 p.m.

The cost is a \$5 donation per adult. Children under 16 are free. The location is Red Bug Lake Road and Oviedo Market Place Boulevard (behind the Oviedo walk-in clinic). Parking is available at Target.

For more information, contact Deputy Todd Moderson, park project chairman, at 407-977-6381. You may also visit the park project web site at http://www.seminolesheriff.or g/lememorlal/index.php.

Flight restrictions lifted at OSIA

By Den Ping

The Federal Aviation Administration announced Monday that flights under Visual Flight Rules (VFR) may resume today around the Orlando metropolitan

The National Security Council required the FAA to impose VFR restrictions in all Class B airspace — a 20-nautical-mile radius around major airports — following the terrorist attacks of Sept. 11. The restric-

which falls within the 20-mile radius.

"It's good news for us," said Larry Dale, president of OSIA. "Most of our general aviation flights — pleasure planes and some business planes — nave been grounded, and it's hurt a number of businesses here at the airport. It's also had an affect on some of the training Comair has been able to do."

Larry Tague, president of Orlando Sanford Aircraft Sales, said he was pleased

"We couldn't fly the planes at all, so we couldn't demonstrate them for our customers," Tague said. "We also have customers who fly into the airport. They couldn't do that under these restrictions."

Tague said allowing VFR flights will "put us back to normal," though he doubts the company will be able to recoup

Sunland residents say apartment complex riddled with flaws

SANFORD — A county neighborhood continues to fight city hall over an apartment complex approved by the city of Sanford.

Residents in Sunland Estates, which is just outside the Sanford city limits, say the city should not allow residents to move into Wyndham Place Apartments until problems

Six months later, Dondanville, who is recovering from a quadruple bypass, continues to chase her dog almost daily because it escapes from her yard through the hole left by the missing wall.

"I start shaking when I think about this," she said. "I'm so furious. Our property values are definitely going down."

Other concerns of the neighbors include drainage from the apartments running into their lots, illegal U-turns at the entrance of their subdivision and foundation cracks in

Originally neighbors complained about a Styrofoam and stucco wall constructed around the perimeter of the complex. In the development order, the city demanded the wall to be block, but the developer claims they received a permit from

the city to build the Styrofoam wall. City Commissioner Randy Jones brought the discrepancy to city hall and the old wall will be torn down.

Three years ago, the Sanford Planning and Zoning Commission denied the land use, but was overturned by the city commission. Mike Skat, chairman of the P&Z board, said he knew it was a "poor place" to put an apartment

Animal shelter reopens **Friday**

By Michelle Jerla Managing Editor

SANFORD - Seminole County's animal shelter is reopening Friday with a new name, new management and a chance for people to lock-up their spouse, boss or any other member of the community.

The SPCA of Central Florida Seminole Branch is hosting a "Whine" and Cheese Lock-Up from 1 to 3 p.m. on Oct. 26 at the newly renovated facility. It will be the first event held at the shelter since the financially troubled Humane Society of Seminole County announced in June its plans to merge with the Orlando Humane Society - creating the Society for the Prevention of Cruelty to Animals (SPCA) of Central

Deputies close unlicensed senior home

From Staff Reports

Seminole County deputies, including one specializing in Elder Services, and the Department of Children and Families arrested a Sanford woman for operating an assisted living facility without a license.

Mary Elizabeth Cooper, 67, was arrested after an investigation uncovered she did not have a license to operate her business. The home is located at 2979

Truman Street in Sanford. At one time, deputies say the home was a licensed assisted living facility to care for the elderly. The license, however, has not been renewed in two or three

A DCF representative visited the home on Friday, Oct. 19 and noted unsafe and unsanitary

On Monday, Oct. 22, Seminole deputies and DCF visited the home and removed the residents, who were then placed in other facilities that are licensed. Those removed from the facility were a 99-year-old man and two women, who are both 82 years old. There names were withheld for confidentiality.

County teaches residents how to create a habitat

By Christopher Patton Staff Writer

GENEVA - Seminole residents wanting to commune with nature in their very own backyards should journey out to the Ed Yarborough Nature Center in Geneva Saturday.

From 10 a.m. to 2 p.m., the nature center will be holding "create a backyard habitat day." Chris Duby, of the county's natural lands program, said the program is an opportunity for residents to learn how to respect and to live with wildlife in their own backyards.

"There's good and bad ways to interact with wildlife," Duby explained. "We basically offer up ideas on how to safely attract wildlife."

Too often residents throw table scraps to animals, but according to Duby that is just conditioning the animals to associate humans with food, which can be especially dangerous with several animals, especially bears and alligators.

"They think they're doing a good thing by giving out leftover french fries or pizza, but it's an easy meal for them," Duby said. "Even if you live next to a retention pond you're probably going to have to deal with alligators one time or another."

The backyard habitat day program includes exhibits, displays and nature crafts for children. plus two video presentations;

safety around animals and learn how to create a pond/water gar-

Through the exhibits and displays residents will learn how to safely attract wild animals to their property by planting natural vegetation and butterfly gardens and building ponds, bird-

houses and brush piles.
According to Duby, small yard ponds with fish have become the rave, but what many residents don't expect is the ponds also attract turtles, frogs and even snakes.

Duby also suggests the prograin is for all resident, not just those who live in rural areas.

"Anywhere I go, even here in downtown Sanford, I've seen wildlife," Duby said, pointing out he's viewed opossum, fox and raccoon in the downtown

Special appearances will also be made by live arimals that residents may find in their backyard. Door prizes drawings for native plants, birdhouses and more are also part of the program. The Ed Yarborough Nature Center is in the 180-acre Geneva Wilderness Area that lies to the south of the Genevacommunity on County Road 426 in East Seminole County. For more information call 407-665-

A GLANCE AROUND OUR COUNTY

Tag-along daughter needs to find friends of her own

DEAR ABBY: Our daughter, "Adrienne," is 20 and not very sociable. She doesn't have many

Almost every time my wife and I go out to eat or go away for the weekend, my wife insists on taking Adrienne along because she doesn't want to leave her

old cannot spend weekends at home without parental supervision. By insisting that Adrienne be consistently present when you go out to din-ner or away on trips, your wife is discouraging intimacy with you and preventing her daughter from developing independence. As long as Adrienne is encouraged to lean on you for entertainment, she'll be less likely to forge friendships with contemporaries. Perhaps counseling will help to give her more confidence socially.

DEAR ABBY: My husband, "Jamie," died earlier this year. My teen-age son, "Jamie Jr.," wants his father's military records. When I found them, I was shocked. Jamie got an honorable discharge from the U.S. Army, but he also appeared before a

board of inquiry for striking an officer.

Jamie never disclosed this to me or any of his family. It would have been a disgrace. Jamie and our son had a very close relationship, and I don't want Jamie Jr. to be disillusioned and ashamed of his father now.

I am tempted to "lose" these records. What do you think?

SURPRISED WIFE IN OKLAHOMA CITY

DEAR SURPRISED WIFE: Give your son his father's military records. If you do, I can't help feeling your son will gain even more respect for his father. This is an excellent example of how

people can change and grow, even though they thay have made mistakes when they were younger.

DEAR ABBY: I have been dating the sweetest man for about three months. "Danny" leaves me lòving notes, draws me pictures, massages my tack, and even makes my bed when I'm in the shower. He is without a doubt the most thoughtful man I've ever been with, and I have fallen for

: There is one problem: Danny doesn't make much money. He works hard in his field, but it's either feast or famine.

: I, on the other hand, earn a very substantial salary. I have been afraid to share this fact with Danny for several reasons. One, my career intimidated my previous boyfriend, and I don't want that to happen again. And, two, I'm very private about my assets anyway.

Abby, should I keep my income a secret from Danny, or is that considered "lying"? Can a relationship work between a man and woman who are miles apart on the income scale - especially when the woman is the richer of the two? CONFUSED YOUNG WOMAN IN LOVE

Golden Lamb Restaurant

Anastasios Margeolas, better known by his American nickname "Steve" came to the U.S. in 1951, a 1/2 a century ago, from a small village in the mountains of Greece called "Nestane." He was one of 9 children of which on 5 survived. Steve had lived a life of a shepherd and survived mostly on milk bread and cheese. He was unable to continue his education past the 4th grade.

Margeolas was chosen out of 7 million Greeks to immigrate to the U.S. A Connecticut restaurant owner sponsored him and gave him the opportunity to come to America. Margeolas had dreams of a better life, making lots of money and being able to rescue his family from a life of poverty. Instead he found a job washing dishes and a room in an attic and a lot of communication problems, because he couldn't speak English.

After a couple of years working 2 jobs and going to night school to learn English Steve was able to save enough money to become a partner in a restaurant and send money back to Greece for his sisters dowries, and so that his parents could live comfortable.

Margeolas had some success and some failures over the first 30 years. He had opened a to talk of 12 restaurants prior to moving to Sanford, FL and opening the Golden Lamb Restaurant which he now calls the lucky #13. The Golden Lamb was established in 1980 and has catered to Seminole and Volusia county residents, with home style cooking. Many of their employees have been thee from the

For years, the owner and his son have done all the cooking. They make all of their own soups, garnish sauces and cook all their own meats, not to mention their fresh biscuits and home made sausage Gravy made fresh everyday.

They have tried to keep their prices low for the senior citizens, working people and large families. Anyone can afford to eat at the Golden Lamb. They have also made a few changes. Come into a clean restaurant and try the good food at a fair price and excellent, friendly service.

The owners daughter Yota has been managing the restaurant up until her recent battle with cancer. She and her family appreciate all the well wishes and prayers from all their dedicated customers.

Standing in front of the Golden Lamb sign are from left: Shannon Smith, owner Stasis Margeolas, Carolyn DeBole and Lisa Leonard.

and donations," Bruce said. "We burn a lot of midnight oil on our own time working on these cars. It's something we enjoy doing, and we know how to do it."

Since 1993, Bruce has competed in drag races at sanctioned tracks and believes the best way to stopping young drivers from racing on the streets is to get them interested in real drag racing.

Five years ago, Seminole County Sheriff's Office Sgt. Mike Messer started the Florida chapter of Beat the Heat. He said he felt a need to get involved after working crash scenes where juveniles were recklessly speeding.

"I've had to give two death notices for kids that were fooling around on the roads," Messer said. "It's not a fun thing to go notify the parents."

"When we first started this thing up, we were doing everything — races, displays," Messer said. "The third year I was in this I think I contacted 10,000 kids myself."

Next week marks retirement for Messer so the program has been transferred to Longwood investigator Jim Hockenberry. Retirement will close the chapter of law enforcement in Messer's life, but his fervor for racing will never die.

After 20 years of racing, several number one finishes, and an ESPN racing cameo, Messer's desire to drag race continues to grow, as so does his collection of dragsters. With retirement, Messer hopes to have more time to work on his new funny car, which he estimates will easily break 200 mph on the quartermile. He also owns 1932 Bantam and a 1965 Cobra hotrods.

Sgt. Mark Messer stands beside his 1932 Bantam that has been clocked at 193 mph and completed a quarter mile drag strip in 7,7 seconds. Sanford volunteer Ronnie Lefebvre stands next to his 1990 Chevy Caprice Classic roadster. The roadster was once a police K-9 unit before being purchased at an auction. "You can still smell the dog in there on a good day," joked Lefebvre.

The local Beat the Heat program is gaining momentum, especially with recent troubles of illegal drag racing in Orange County, said Bruce. The group is attracting new members and new dragsters and plans to start racing again early next year.

"They think you can just grab a wrench and go," Messer said about kids who think they are drag racers by just street racing. "You have to have an education to run these."

"They're not racing (on the streets). They think they are, but not until they get in a controlled environment where everything is equal can they find out who the best driver is.

The group's roadsters will be on display at Longwood's Halloween carnival Oct. 28 and at the Oviedo Marketplace Mall Nov. 3. The local Beat the Heat group will also be hitting the local schools spreading their important

HALLOWEEN FU

Spooktacular Craft Ideas for Your Halloween Monster Bash

(ARA) - If you want to add a personal touch to your Halloween party this year, try creating decorations instead of buying the same boring ones from department stores.

It's scary how creative your Halloween Boo Bash can be with creative crafts designed using DayGlo ink jet cartridges. New DayGlo ink jet cartridges have inks enhanced with patented DayGlo technology that brighten colors and create black-light effects for "boo"tiful Halloween creations.

Kids and adults alike will get rave reviews on their monster bash with easy and fun projects to express their frightening creativity. Here are just a few ideas to make your party a smash:

• Perfect Placemats and Place Cards — Get the kids involved in pre-party creations by designing personalized placemats and place cards for each guest using DayGlo colors. Laminate each placemat to protect

against spills.

pictures of ghosts, goblins or scary words in bright fluorescent colors. Cut out each shocking image and hang on the walls or suspend from the ceiling using fish wire. Replace incandescent bulbs with black light bulbs. Then, turn out the lights and get ready to be frightened! • Frightening Food Labels — Turn plain party foods

into ghoulish grub by placing small name cards made with DayGlo colors next to each dish. Simply add eerie adjectives, such as "creepy cupcakes" or "horrific hot wings" to your treats and hungry little monsters will be "goblin" up the goodies in no time!

• Ghoulish Games — Entertain miniature goblins and ghosts with easy to make games such as "Pin the Nose on the Pumpkin." Print a vibrant-colored jack-o-lantern (minus a nose) for your target. Print and cut out silly nose shapes for blindfolded youngsters to pin on the pumpkin for loads of laughter!

DayGlo ink jet cartridges are available at various office and computer superstores, and mass merchandisers. The cartridges can also be purchased on the DayGlo Web site at www.dayglostore.com. For more information on DayGlo ink jet cartridges, visit www.dayglo.com.

The organization decided in July to temporarily close the facility for renovations and restructuring. About 30 animals living at the shelter were moved to other facilities, and according

During the facility's soft opening on Friday, community members and officials will notice the building is brighter, cleaner and more accommodating to animals and visitors than it has been in the past. However, according to DeAguilera, the changes are not just aesthetic. With its restructuring, the Seminole shelter will now be able to provide various new programs to the community, including a low-cost spay and neuter clinic, an on-duty veterinarian and an on-site wellness clinic.

There are other changes. The facility is now a low-kill, rather than a no-kill, shelter, which means aggressive or animals in bad health will be euthanized. Vouchers will no longer be given to spay or neuter an adopted animal. Instead, the dog or cat is required to be spayed or neutered before they leave the facility.

The new staff will include Operations Manager Lindsey Bayer, an animal cruelty investigator and between 10 and 15 other full- and part-time employees. Three of the 10 employees working at the facility before the merger are return-

"Seminole County has a different character than Orlando," he said. "We know we can't run the shelter from Orlando. That's why the staff will be based in Seminole."

Apartments

Continued from Page 1A complex and feels terrible for nearby residents.

"The finished product is nothing like I thought it would be," Skat said, who voted against the land use which allowed the apartments to be constructed.

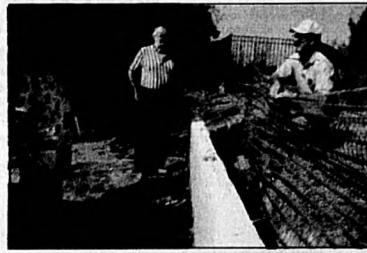

According to Skat, the good news is the developer, the county and city are working to alleviate drainage problems in the neighborhood, which may not be the result of the new apartments, but rather just the drainage inefficiency of the half century old neighborhood.

"I know right now it hasn't been a pretty sight out here, but we're going to work diligently to get it cleaned up," said apartment project manager Wayne

: Unfortunately for residents some of their problems go past the apartments unsightliness and is now effecting their quali-ty of life. When the apartments were first brought before the board, they were labeled as a mix of three- and two-story buildings, but ask any Sunland resident and they'll swear all the buildings are three stories

In fact, more than 90 percent of the 260 apartments are threestory buildings, despite assurances by the property owner during a P&Z meeting that there would be more two-story buildings than three-story buildings.

O'Neill's yellow, nicely landscaped home is now dwarfed by the three story apartments. Adding to the height of the apartments is the fact that the developer raised the land approximately four feet near O'Neill's home. Visible cracks in O'Neill's home and sidewalks

Sunland Estates residents Laura Fernandez and Julian Johnson talk with Wayne Carroll, project manager for Wyndham Place apartments, about the problems they've had with drainage.

were caused by vibrators com-pacting the soil at the apartment complex, she said.

According to resident Julian Johnson, a retired city of Orlando and Seminole County engineer, he was surprised the city allowed the land to be raised that high.

"To begin with a fill this high will create pressure in ground water," he said. "They're going to have to relieve that pressure some way."

Johnson also said he was shocked the Florida Department of Transportation allowed the apartment complex to impact the nearby roads. According to many residents, they have to battle drivers making U-turns at their subdivision entrance.

Residents speculate the problem will increase when apartment renters are traveling down Lake Mary Boulevard turn right onto 17/92 and want to get into Wyndham Place Apartments. The current median doesn't

allow for left hand turns so residents say drivers make U-turns at their entrance to go into Wyndham Place Apartments.

Another concern of Johnson's is before the apartments were constructed there was plenty of room for Florida Power and Light to maintain power poles, but he fears a masonry wall built by the complex will prohibit routine maintenance. He cited the broken pole in his own backyard as an example.

Despite all their complaints the residents of Sunland Estates say they are receiving little to no support from their county commissioner, Daryl McLain.

"Our beef is just not with the apartments, it's with the city and McLain too," said resident Laura Fernandez. "It's costing taxpayers money, and he doesn't seem to care.'

Titles up for grabs in Flag Football

By Dean Smith Sports Editor

SANFORD -- It's showdown time in the City of Sanford Recreation and Parks Department Youth Flag

Football League.
The results from this past Seturday on the field across from Sanford Middle School were such that both leagues will have, barring an upset in the final week of the season, championship games this Saturday (October 27th).

The Minor League (7-through-9 year olds) saw a couple of interesting and exciting games as Shannon Smith scored a couple of late touchdowns to break open a close game as the Jaguars outscored the Raiders 40-24, and the Bengals used a ballcontrol offense to eat up 12 of the 15 minutes in the second half and Andrew Johnson scored the game-winning touchdown as the Bengals edged the Cowboys 12-6 to break a tie between the two teams.

The Bengals and Jaguars are now alone in first place at 3-1, while the Cowboys fell to 2-2 and the Raiders are still look-Ing for that elusive first victory at 0-4.

The Major League (10-to-12 year olds) also got tighter.
The Steelers used a strong defense and diversified offense to dismantle the winless 49ers, 26-6, then got a lot of help as Zach Brownlee scored one touchdown and set up another with an interception as the Packers took a 13-0 lead and held on to upset the previously unbeaten Cowboys, 13-6.

The Cowboys and the Steelers are tied for first with identical 3-1 marks, while the Packers evened their record at 2-2 and the 49ers are 0-4.

This Saturday (Oct. 27), the Minors have the Raiders playing on the Cowboys at 9 a.m. and then the Jaguars square off for the championship with the Bengals at 10:15 a.m.

The Majors get their battle out of the way early, as the Cowboys line-up against the Steelers at 11:30 a.m. with the title hanging in the balance and the 49ers face the Packers at 12:45 p.m.

Winter Springs makes the show

WINTER SPRINGS — It was a bitter-sweet 72 hours for the Winter Springs

On Friday, senior Deon Jenkins took the opening kickoff, broke up the middle and then down the left sideline for a 95yard kickoff return and the Bears never trailed again as they rolled to a 35-0 Class 5A-District 3 victory over Titusville

at the A. W. Epps Sports Complex.
With that victory, Winter Springs
clinched its first-ever playoff berth.
First-year head coach Steve Katz then

led his Bears onto the home turf on Monday looking for the 5A-3 title against Mainland in a make-up game reschedMainland wins 5A-3 title, but Bears earn first playoff berth

uled from September 14th.

But just as they had done in earlier victories over Lake Mary and Lyman, the

Buccaneers got a turnover on the opening play of the game and quickly scored to take command of the game and never looked back in blanking Winter Springs

Just as it had done against Lyman last week, Mainland kicker Eric Fuit popped up a short kick that confused the Bears' returners and by the time the ball was

recovered the Bucs' Harold Felder made crushing hit that forced a fumble and Robert Brown recovered at the 12.

Moments later, freshman quarterback Jon Gamer found junior Donnell Golphin open for an 18-yard touchdown pass and after Fuit's extra point, Mainland led 7-0 just 1:41 into the game.

Winter Springs looked like it would tie the game early in the second quarter as the Bears drove from their own 36 to the Buccaneers 14 before a fumble gave the

back to the visitors at the 19.
After an incomplete pass, Mainland star running back Antonie Hamilton swept around the left side, made a beautiful stop-and-go move and ran 81 yards to pay dirt.

Winter Springs' defense rose up after that and shut down the Buccaneers offense the rest of the half and the score was 14-0 at halftime.

Things looked good for the Bears to start the second half as a clip on the kickoff return gave Mainland the ball at the

But Hamilton immediately put a dagger in the Winter Springs hopes when he sprinted 80 yards down to the 10, only missing a 90-yard TD run when he lost See Bears, Page 2B

Victories required to secure At-Large positions

By Dean Smith Sports Editor

SANFORD — Must-win takes on a different meaning

With the top two spots locked in for the three districts involving Seminole Athletic Conference football teams, local teams must now win their final two games to even garner consideration for the available At-Large bids.

When Mandarin knocked off Ed White 24-17 in a battle of Jacksonville schools on Saturday, the Mustangs not only clinched the Class 6A-District 1 championship, they also guaranteed Oviedo the runner-up spot no matter what the Lions do against Seminole this Friday.

Class 5A-District 3 was also decided when Winter Springs whitewashed Titusville 35-0 last Friday to clinch its firstever playoff spot, ending the hopes of Lake Mary.

The Bears were denied the district title (see story above) See Football, Page 2B

The Pine Ridge quarterback duo Matt Aldrich (above) and Jeremy Pickens (right) had no luck against Lake Mary's tenacious pass rush, going a combined 2-for-11 for 14 yards and an interception as the Rams won for the first time at home all season and improved to 4-4 overall and 3-2 in Class 5A-District 3, keeping their At-Large playoff hopes alive with a 35-7 thrashing of the Panthers at Don T. Reynolds Stadium Friday night.

CASSELBERRY - For the second time of the day on Monday, Winter Springs and Mainland battled it out headto-head for a district champi-

onship.

But unlike the football game that the Buccaneers dominated (see story elsewhere on this page), it was the Bears that came out on top in the Class 2A-District 4 Boys Golf Tournament at Tuscawilla Country Club, edging Mainland by two strokes on the third playoff hole after the two squads had both shot 300 during regulation.

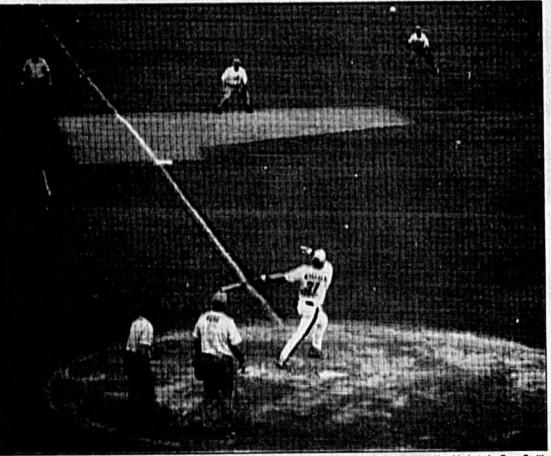

The Winter Springs quintet of Gray, Smith, Cha, Jo and Zaltzberg will advance to the Class 2A-Region 2 Tournament to be held next Tuesday (October 30th) at Ironwood Golf Club in Gainesville.

The Regional Tournament will have a definite Seminole Athletic Conference flavor as the Bears and Buccaneers will be joined by Lake Brantley, which shot 305 on Monday, and Lake Mary, which put up a 307 total.

Oviedo (321) and Seminole (328) finished eighth and ninth, respectively.

Individually, Karl Furno of Oviedo lost in a two-hole, three-person playoff for the final spot in the Regional.

Jeff Wallace of Long Haul/Taylor Brothers/Shen Corporation/TPS (No. 31) blasts the last of his seven home runs he hit in four games to win the Home Run Championship and help his club win the 2001 ASA Men's Super Slow Pitch National Championship and complete the sweep of the Grand Slam at Historic Sanford Memorial Stadium Sunday.

Historic weekend at **ASA Super tourney**

By Dean Smith Sports Editor

SANFORD - Mission accom-

plished. Heading into the 2001 ASA Men's Super Slow Pitch National Championships at Historic Sanford Memorial Stadium, three challengers thought they had a good opportunity to deny Long Haul/Taylor Brothers/Shen Corporation/TPS the fourth leg of the Open Grand Slam.

But when the final out was recorded Sunday afternoon on Rinker-Stenstrom Field history had been made as Long Haul became just the second team. ever to win all four national titles in the same year.

Long Haul, the No. 1 ranked team in the country, had already won the ISA (Independent Softball Association), USSSA (United States Specialty Sports Association) and NSA (National Softball Association) championships and came to Sanford on a mission to add the ASA/USA

Softball (Amateur Softball Association) banner to its collection.

A Friday night pre-tournament game in which Team Mizuno put a scare into Long Haul, losing 24-22 and having the tying run in the batter's box with only one out in the bottom of the seventh inning, gave everyone renewed hope.

But Long Haul showed in the bottom of the first inning of its first game of eliminations on Saturday that it meant business, quic dy erasing a 2-0 deficit by sending 17 batters to the plate, pounding out 14 hits, including a pair of home runs, and scored II times to kick start a 23-3, three-plus Mercy Rule victory over New Construction.

It wasn't just the Long Haul offense, which did count four home runs and seven doubles among its 27 hits, that shown as the defense, led by pitcher Andy Purcell, held New Construction to only six hits.

Then came the first of several See Sweep, Page 3B

Football

Continued from page 1B when they were blanked by Mainland on Monday, but their 4-2 district record, with favorable tie-breakers, is good enough to finish second no matter what the Rams do.

While teams play their final district games this week, it really becomes a matter of winning the final two games for teams like Lake Brantley, Lake Howell, Lake Mary and Seminole if they want to make the playoffs.

Two At-Large bids are avail-

able in each region, a group of four districts, and the best two records get in.

As an example, Seminole and Lake Brantley are in Class 6A-Region 1 that includes 6A-District 1, 6A-District 2, 6A-District 3, and 6A-District 4 and the two best records of all of the teams that do not finish first or second will get in.

So it is very important that teams try to finish at least 6-4, a record that was not good enough to get Oviedo or Lake Mary in last year.

This Friday will find Lake Mary (4-4 overall) at Lyman; Jacksonville-Sandalwood at Lake Brantley (5-3); Seminole (4-4) at Oviedo; and in the biggest game, Merritt Island (4-3) at Lake Howell (4-4). All games are set to begin at 7:30 p.m.

The regular season will conclude on Friday, November 2nd, with non-district games that figure to determine who gets into

the playoffs. As if playing Ovledo this week wasn't bad enough, Seminole closes the season by hosting undefeated and Class 4A-District 5 champion Palm Bay, the defending Class 6A State Champions; Lake Mary is at Lake Brantley for a crucial game for both squads; and Winter Springs is at Lake Howell. The other game finds Lyman playing at Olympia, a first-vear Orlando program, in a

game that will be for pride only.

his footing.

Three plays later Brandon Wingfield, another junior, scored on a seven-yard sweep and only a blocked extra point try by Tommy Caspar kept the score at 20-0 with just 1:23 off the clock in the second half.

The Bears didn't give up and marched right back down the field on the strength of a beautiful catch by Kyle Hill of a 38-yard pass from Jimmy

But the drive came to nothing again as All-America linebacker James "Buster" Davis took the ball right out of the hands of a Winter Springs runner after the Bear had appeared to pick up a first down on a fourth and two play at the eight-

The final nail in the coffin came when sophomore Travis Roland picked off a pass and returned it to the five and two plays later Hamilton, who finished with 197 yards on 17 carries, bulled in from the three with 9:45 left for his 12th score of the season. The extra point again was missed and the score stood at 26-0. The shutout was the first of the season for

Mainland, but the young hard-hitting Buccaneers have not given up more than one touchdown in seven of their eight games.

The win was the seventh in a row for Mainland (7-1 overall, 5-0 in district), which has now won the district title three of the past four years. The Bucs finish their district schedule at Pine Ridge this Friday.

The Bears are now 5-3 overall, but have finished their district schedule with a 4-2 mark, which is good enough for the runner-up spot.

Lanier completed 12-of-23 passes for 106 yards, eight to Hill for 88 yards, and Chauncey Hampton gained 68 yards on 15 carries.

Against Titusville the Winter Springs defense

allowed only 65 total yards, 59 rushing, while the offense ran for 167 yards and passed for 38 more. Hampton ran 16 times for 125 yards.

Sweep

Continued from page 18 tight games as Team Mizuno scored seven runs in the top of the sixth inning to break open a close game and go on to upset Hague/Resmondo/Walser, 10-7.

That set-up the first elimination game and New Construction appeared ready to oust heavily favored Hague/Resmondo/Walser as it built a 9-5 lead through three

innings and was still leading 10-6 when Hague exploded for five runs in the bottom of the fifth inning and held on for a 12-10 victory.

In the Winner's Bracket final, Long Haul again fell behind, this time 4-0 to Team Mizuno, but that lasted one inning as the champs erupted for seven runs in the second inning and then came up with eight runs in the fifth and nine runs in the sixth to again end the game early, 31-

Long Haul had 35 hits, including 10 home runs, five triples and four doubles.

Sunday morning's Loser's Bracket finale saw Hague get off to slow start again and Team Mizuno used a pair of five-run innings, the fourth and fifth, to take a 11-4 advantage.

But Hague was not ready to quit, and came alive to score eight runs in the top of the sixth

inning to tie the game at 11-11. Hague scored three runs in the top of the seventh inning to take its first lead.

Team Mizuno appeared to be in trouble when it hit into a double play, but then ripped four straight hits to tie the game at 14-14. But Team Mizuno missed a golden opportunity to win the game leaving the bases loaded.

Randy Kortokrax then hit the first of three Hague home runs in a four-run top of the eight and got the victory when Team

Mizuno could only answer with two runs in the bottom of the eighth inning to finish third in an 18-16 defeat.

That set-up the Championship Game and despite a steady to moderate rain the entire game, the two teams put on a whale of

Long Haul and Hague traded the lead through the first four innings.

Long Haul gained an 11-7 lead in the top of the fifth inning, but it looked like Hague was going to mount one of its rallies when Howie Krause blasted a grand slam, his third straight home run of the game, and fourth in a row over two games, giving him eight RBI for the game, and Britt Hightower hit his only home run of the tournament to give Hague a 12-11 lead.

But this time it was Long Haul that woke up, blasting four home runs and also getting a triple and two doubles to plate nine runs and take a 20-12 advantage into the bottom of

the sixth inning.

The championship looked to be on ice when Long Haul answered Hague's two-run sixth with a three-run seventh to take a 23-14 lead, but Hague wasn't finished.

Keying off Scott Streibel's third home run of the game, Hague would score six runs and had a runner on second with only one out. Pinch-hitter Robbie Drilling hit a fly to the track in dead-center field and then Purcell snuck a pitch past the Hague lead-off man for the only called strike out of the tournament to give Long Haul the title with a 23-20 triumph.

Following the event, the individual and team awards were distributed by Tournament Director Tom Farnsworth, Sanford Recreation Superintendent Lisa Jones and Sanford Recreation Supervisor

Jim Schaefer, and the All-American teams were announced.

Long Haul's Jeff Wallace won the Home Run Championship by hitting seven round-trippers, one better than teammate Mike Shenk.

Long Haul's Brad Stiles claimed the hitting title as he went 14-for-15, a .933 batting average, which included going 11-for-11 in the elimination part of the tournament.

For his efforts, as well as playing a stellar center field, Stiles was also named the tournament's Most Valuable Player.

Members of Hague/Resmondo/Walser were Randy Kortokrax, Carl Rose, Howie Krause, Scott Streibel, Britt Hightower, Dennis Mendoza, Albert Davis, Paul Brannon, Dal Beggs, Dwayne Frizzell, Dennis Turner, Paul Drilling, Robbie Ergle and Larry

Stewart. Making up the Long Haul/Taylor Brothers, Shen Corporation/TPS squad were Hank Garris, Ted Larson, Jeff Wallace, Bryan King, Rusty Bumgardner, Todd Martin, Jimmy Powers, Mike Shenk, Gary Jost, Randell Boone, Robin Higginbotham, Jason Kendrick, John Mello, Brad Stiles, Andy Purcell, David Hood, Derek

Oliver, and Brent Rodes. The big boppers will return to Historic Sanford Memorial Stadium in April of 2002 when the ASA Qualifier moves to Sanford from Altamonte
