Grissom Rockets Into Space: Escapes 'Disaster'

CAPE CANAVERAL (UPI) — Virgil I. (Gus) Grissom leaped 118 miles into the sky to become America's second spaceman today in a 16-minute rocket flight which ended in loss of his spacecraft and near disaster for him. Grissom had to blow the hatch off his capsule and swim 63 to 70 feet before he was picked up. The 33-year-old Air Force captain got out of his craft, Liberty Bell 7, minutes before it sank in the ocean 145 miles east north-east of Grand Bahama Island. His first words after a rescue

helicopter deposited him on the deck of the aircraft carrier Randolph were: "Give me something to blow my nose. My head is full of sea water." The spacecraft sank five minutes after Grissom got aboard the helicopter. Except for loss of the Liberty Bell, Grissom's flight was almost as perfect as Navy Cmdr. Alan H. Shepard Jr.'s pioneering hop of May 5. One of the first to congratulate the stocky, tough-minded, hard-driving Grissom was President Kennedy. By radio telephone to

Gus aboard the Randolph, Kennedy expressed "great pleasure and satisfaction" over the successful outcome of his flight. In Newport News, Va., Grissom's wife Betty said thankfully, "I'm very happy. Deep down I always knew it would be a success. That helped me." Grissom himself was described as "in good spirits," but observers aboard the Randolph said he did not appear as jaunty as Shepard had after his recovery. The National Aeronautics and Space Administration said offi-

cially that "preliminary data indicate the pilot performed satisfactorily during the flight." His lack of bounce after recovery was attributed to disappointment over loss of the capsule and the film and other records it carried with it to the ocean bottom. Scientists, however, had complete tape of his remarks and physical condition as reported by radio during flight. After Grissom was plucked from the sea, a helicopter tried to pick up the spacecraft. But NASA reported "that some kind of malfunction occurred, that the space-

craft sank; it dropped in the ocean and sank." After two postponements and a last-minute weather threat, Grissom embarked on his flight at 7:20 a. m. with a smooth liftoff. He hit a top altitude of 118 miles and a peak speed of 5,310 miles an hour before coming down at 7:36 a. m. 305 miles from the cape and seven miles from the Randolph. The comparable figures for Shepard's flight of 15 minutes 22 seconds were 116.5 miles altitude, 3,180 miles an hour, and a landing 302 miles at sea.

Had Grissom's flight been a complete success, it might have been the last suborbital rocket hop before NASA attempts to put an astronaut into orbit around the earth late this year or early next. But loss of Liberty Bell was a blow to scientists who had counted on gleaming much information from the film and various instruments aboard the capsule. Their loss may make a third rocket hop advisable. The main thing, however, was that Grissom survived his dunking. In Mitchell, Ind., his railroad-father said he and the pilot's

mother were "relieved it's over." He said "we wouldn't want to go through it again." Liftoff and the flight itself were flawless, Grissom, whose capsule had a larger viewing window than Shepard's reported at the beginning of his weightless period: "Boy, that sun is really bright. The sky is very, very black." At one point he said the view from his "picture window" was so "fascinating" he almost forgot to do his spacecraft maneuvering chores.

THERE GOES GRISSOM . . . A news cameraman at Cocoa Beach helps a pretty girl sight through the telescopic lens of his camera for a look at the second Mercury Capsule shot from nearby Cape Canaveral.

French Troops Launch All Out Battle For Tunis Port

TUNIS, Tunisia (UPI) — French paratroopers supported by artillery fire and strafing planes today unleashed an all-out battle for control of the Tunisian port city of Bizerte.

Localized French attacks against Tunisian army strong points on the outskirts of the city burst into a full-scale assault with heavy shelling and air strafing just after noon.

The immediate objective of the Algeria-toughened French troops was to regain control of the city through which armored regiments and other French units reported an route by sea from Algeria can enter Bizerte to build up French strength at the Bizerte base.

A government communique said the shelling began at 12:15 p.m. (6:15 a.m. EST). It said "Tunisian troops have taken up strategic

points in Bizerte city" to defend the town against French troops only about half a mile outside the city.

The Tunisian news agency said 50 truckloads of French troops moved out from their barracks in the Bizerte naval base today and moved toward the city.

An unofficial count showed more than 200 persons had been killed and hundreds more wounded in the fighting that began Wednesday when French troops resisted blockades by Tunisians seeking to force them from the big naval base.

The French shelling was reported shortly after President Habib Bourguiba told his nation that France intends to reoccupy all of Tunisia.

He ordered a "foot-by-foot" defense against the French and appealed for foreign volunteers to

help. Algerian rebel government officials announced in Tunis, meanwhile, that "important Algerian arms" and several thousand Algerian Moslem volunteers were ready to leave for Bizerte to fight beside the Tunisians.

The Algerian rebels are believed to have an army of about 15,000 men in Tunisia and to have considerable arms at their disposal, many obtained from Communist sources.

Bourguiba announced Tunisia was taking over control of the oil pipelines which run from the French wells at Edjele, in the Sahara, through Tunisian territory to the Mediterranean.

"If the French forces react to this decision we will take retaliatory measures along the whole length of the pipeline," Bourguiba said.

Approves Record Budget

By LARRY VERSHEL

Although County officials aren't saying so publicly—the majority of courthouse department heads are dead set against any sort of courthouse annex in South Seminole County. Most of them feel that the county isn't ready for it yet.

Major Joe Baker will have plenty of opposition during the forthcoming city election this November. Two residents have already told me "off the record" that they are going to oppose Baker.

Nobody asked me but, why do official bodies such as school, county or, city boards seem to worry more about public criticism when they are forced to raise the millage instead of if it is in the best interest of the school children or community?

The Board of directors of the Chamber of Commerce have scheduled a meeting for 7:30 p. m. July 27 in the Caucus room of First Federal. The 1961-62 Budget will be discussed along with reports on the progress of the newly organized development company.

Health Director Dr. Clyde Brothers will be on the firing line Monday when he appears before the Rotary Club at its noon luncheon. I imagine Brothers will be asked on why he wants a slight millage hike in his budget.

Kennedy's Military Program Slashed

WASHINGTON (UPI) — The House Appropriations Committee today slashed 25 percent from President Kennedy's military construction request and warned that the Pentagon must take fast action to stop waste in the program.

The committee, in approving \$880,768,000 for military bases of all kinds, lashed out against poor management in the planning and construction of new research facilities especially.

It cited unrealistic cost estimates, costly construction, inadequate facilities and delays in operational schedules as major problems.

The Air Force took the biggest cut, \$40.8 million. The Army budget was reduced \$44.1 million and the Navy \$23.8 million.

Under the bill as it now stands, the Air Force would still get the lion's share of \$497.5 million. The Navy would receive \$188.3 million and the Army \$173.8 million.

To Stand Trial DELAND (UPI) — Convicted Chillingworth murder mastermind Joseph A. Peel Jr. will stand trial Sept. 11 on charges of grand larceny and violation of security laws.

County Advised Lake Dot Not Fit For Beach

The County Health Department today advised the County Commission by letter that Lake Dot in Sunland Estates would not be a "fit" public bathing area.

The County Commission earlier in the week had tabled action on improving the facilities of the lake until the health department could conduct a bacteriological count on the two acre lake.

Republicans Cry Foul On School Aid Program Bill

WASHINGTON (UPI) — Administration pressure to revise its all-but-defunct school aid program had congressional Republicans shouting foul today.

One GOP House member accused President Kennedy of brandishing a whip over Congress in an effort to line up support for his \$2.5 billion aid plan for public school construction and teacher pay.

All 12 Republican members of the House Education Committee wrote a letter to Chairman Adam Clayton Powell (D-N. Y.) accusing Kennedy and his congressional backers of trying to "blackjack" Congress into line on school aid.

These charges came as Powell met Kennedy in an unannounced conference on school legislation. Reliable sources said further strategy sessions were in prospect.

The complaints revolved around the so-called "impacted areas" school aid program. This 11-year-old program, if continued, would pump \$310 million into 3,800 school districts throughout the country next year to pay for the schooling of children of government employees, military and defense workers.

The commission had been besieged by Sunland residents asking that the board improve the facility and also heard from residents protesting any public beach. In a letter to the board, Dr. Clyde D. Brothers, county health director wrote that the lake receives waters from storm sewers and surface drainage for the surrounding area.

"This accounts for the high bacteria count," Brothers said. If a public beach is developed, Dr. Brothers said, the bacteria count could be expected to rise due to contamination from the bathers.

"Due to the high bacteria count and the small area of the lake, it is the opinion of this office that it would be very difficult to maintain a public bathing area with the water meeting safe standards for bathing places."

The commission plans no action on the beach until Tuesday's meeting.

Mrs. G. D. Bishop Dies; Rites Set

Mrs. George D. Bishop Sr. died today. Funeral services will be held at 4 p.m. Saturday at Holy Cross Episcopal Church. Mrs. Bishop is survived by her husband, George D. Bishop Sr., a son, George Jr., a daughter, Mrs. Martha Ashby, seven granddaughters and one grandson.

Anna On Lonely Caribbean Course; No Threat Seen

MIAMI (UPI) — Hurricane Anna, the season's first tropical storm, maintained a lonely course in the Caribbean Sea today and threatened no land areas.

But the San Juan, P. R., weather bureau reported in a dawn advisory that the disturbance should slowly "increase in size and intensity" today.

The advisory said the hurricane, churning up 80-mile-an-hour winds on a west and west-northwest course, was located about 1,100 miles southeast of Miami and about 175 statute miles northwest of Curacao, N.W.I., moving at 23 m.p.h.

"The advisory said the hurricane is expected to continue moving in the same direction at a slightly slower speed at 21 m.p.h. for the next 12 hours with slowly increasing size and intensity," the Weather Bureau reported.

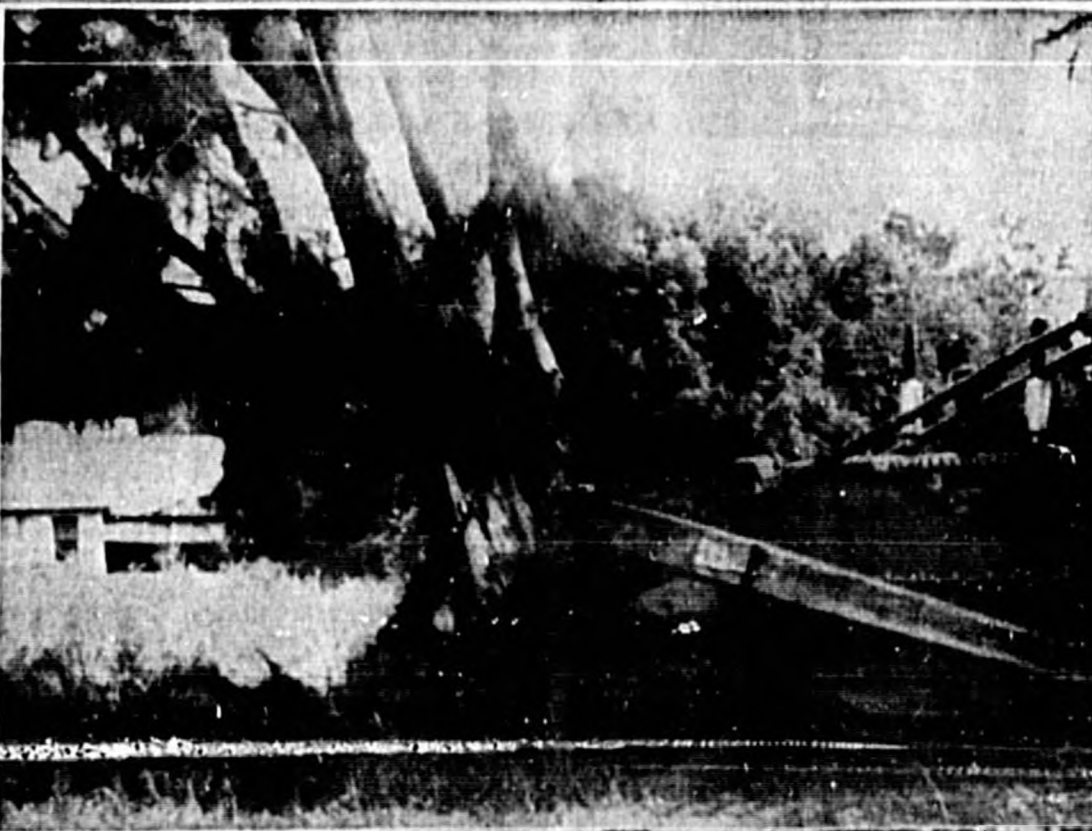

Highest winds are estimated at 80 m.p.h. near a small area near the center and gale winds extend 100 miles north of the center in the northern semi-circle and 50 miles in the southern semi-circle.

The bureau warned ships along the coast of South America in the vicinity of the Guajira peninsula to remain in port.

Sailor Escapes Injury In Mishap

A Sanford Naval Air Station man, Howard Gearhart, was charged with reckless driving in a one car accident early this morning, the Sheriff's Office reported.

Deputies said that Gearhart was apparently traveling at a high rate of speed along Myrtle Ave., three miles south of Sanford, when the car turned over. Gearhart escaped uninjured but damage to the car was heavy.

WORK BEGAN this morning on widening W. First St. Top picture shows bulldozers clearing property west of Monroe Corner on the road. Bottom picture, workers drive a stake to designate the road right-of-way. The San Marco Construction Company of St. Augustine is the low bidder on the project with the cost to be \$694,966. The project will include leveling, grading, paving and one concrete box culvert on the 3.7 mile stretch.

(Herald Photos)

Heavy Loss

Seminole County schools will lose \$122,000 in so-called federal impact money if President Kennedy's school aid bill remains bottled up in congressional committee, Supt. of Schools R. T. Milwee reported today. The federal impact funds are provided to help meet local school costs in areas where military bases spill children of military personnel into public schools. The government started this program in 1950.

Southside Play Area Scene Of Busy Activities

Southside playground was the scene of the city-wide Play-Day activities Thursday, featuring this week's activities of recreation. Those centers represented were Pinecrest, Grammar and Southside with Pinecrest leading in contest victories. Those events included volleyball, dodgeball, badminton, tug of war, Indian wrestling, ball dribble relay, balloon relay race and a bubble gumblowing contest. There were separate divisions for boys and girls. In other Southside daily activities, the boys softball defeated Grammar by a 14-10 score featuring a bases-loaded home run by Bill Demmond.

The weekly tournament was dominated, with the winners being Diane Charron, Clarence Charron and Billy Longwell, first through third respectively.

Those persons who were members of the winning team during the Play-Day competition included: Jackie Winfree, Denise St. Clair, Renee Levi, Gail Burton, Kathy Scarborough, Gail Burton, Karla Levi, Gail Hachworth, Billy Burgess, and Bill Demmond.

Chapel To Open Sunday School In North Orlando

Literature and equipment are ready for opening the North Orlando Baptist Chapel Sunday School this week. Plans include a fully equipped nursery for the care of smaller children also to be opened this Sunday.

Teachers have been secured for all of the Sunday School departments, however, the services of a music director and pianist are needed.

All services of the Chapel are held at the new Chapel location, 100 N. Fairfax Ave., with Rev. John Cannon temporarily taking over for Rev. V. M. Maggard, regular pastor.

The new Sunday School classes for all ages are scheduled for 9:45 a. m. with morning worship services set at 11 a. m.

Free Methodists Organize CYC

The Sanford Free Methodist Church has organized a CYC program for junior and primary students, ages six through 11 years. Christian Youth Crusades is a service group of the denomination and is planned for the young people as a projected Sunday School activity.

Children earn badges for meeting requirements of their fields of interests, take part in games and craft activities and, as a group, are given a broader scope of their responsibilities to community and country.

Meetings of the new organization are held each Monday in the Sunday School Annex from 7 p. m. until 8:30 p. m. and are open to all interested children.

Legal Notice

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA, CHANCERY NO. 11374

NOTE TO QUIET TITLE:
VALUHAN, INC., a Florida corporation, Plaintiff,
vs.
JOHN H. PERKINS and MARY P. PERKINS, his wife, MARY P. PINLAYSON and FINLAYSON, her husband, H. H. PERKINS and HIRSH, his wife, Defendants.

NOTICE TO DEFEND:
JOHN H. PERKINS and MARY P. PERKINS, his wife, MARY P. PINLAYSON and FINLAYSON, her husband, H. H. PERKINS, and HIRSH, his wife, Defendants.

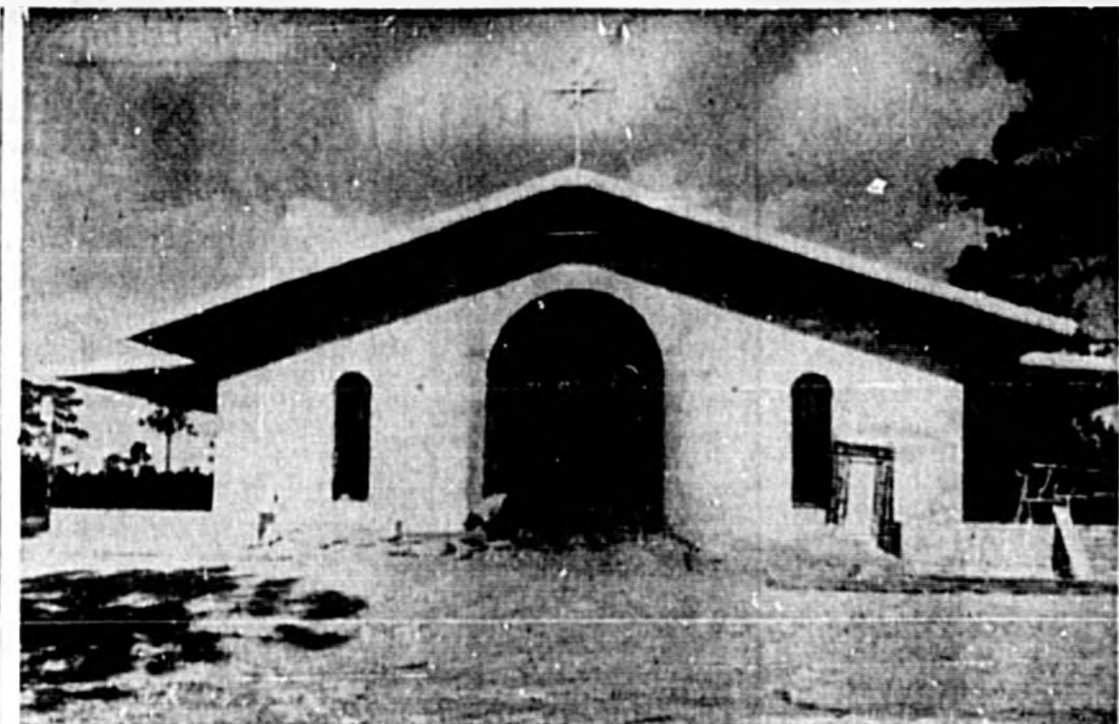

YOU ARE HEREBY NOTIFIED that the Plaintiff herein has instituted a suit against you in the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, to quiet its title to the above described property, situated being and being in Seminole County, Florida, as hereinabove more particularly set out. DEBARY CATHOLICS are looking forward to the Fall when they expect to occupy the new St. Ann Roman Catholic Church under construction on Pershing Lane just north of W. Highbanks Rd. (Wax Photo)

DeBary Church Committee Set

A meeting of the DeBary St. Ann Roman Catholic Church Committee which is planning the bazaar for the church to be held at the DeBary Plaza on Nov. 7 met at the home of Mrs. John Kolarick on Calalina Dr. last week.

Chairman and co-chairmen announced for several bazaar booths included Mrs. Franklin Matheson and Mrs. N. Kahoe, novelty; Mrs. Wilbur Gogburn and Mrs. Barney Anderson, baked goods; Mrs. Herbert Vitt, white elephant; Mrs. M. Gulick and Miss Muriel Clock, parcel post and Mrs. Kolarick, refreshments.

The next meeting of the committee will be held at the home of Constable and Mrs. Oscar Paupreau.

A card party, with Mrs. Matheson as chairman, has been scheduled at the DeBary Fire House for 1 p. m., Aug. 4 and is open to all residents.

Promenaders 'Enjoy' Mid-Summer Picnic

The Starlight Promenaders took to the water on their mid-summer picnic at Daytona Beach last Sunday. During the festivities, Sanford's Square Dancers surprised Sally Gerrity with a birthday cake.

The club, sponsored by the Recreation and Parks Department under the direction of Jim Jernigan is maintaining an active social schedule as well as the square dances each Wednesday night.

On Saturday, Aug. 12, they are holding a Special Square Dance at the Sanford Civic Center from 8 to 11 p. m. Johnny Creel from New Orleans will be the caller. The hall will be air conditioned for comfortable dancing and watching.

Joe Curtis, the club's regular caller, announced that fall classes will start at 7 p. m. on Sept. 13. Come down and learn to square dance, it's lots of fun.

Osteen Play Program Set To Close

The Osteen recreation program which has been in progress for the past five weeks will come to a close next week. Jerry Wosenske and Kaywood Gunby have been in charge of the activities.

During the final week, swimming instructions will be given at Dixon Lake, on Wednesday, and many of the children will go by bus to Sanlando Springs for a picnic dinner and outing. They will be accompanied by several mothers.

Greeting Card Display Slated

On Monday from 7 to 9 p. m. in Lake Mary, there will be on sale all-occasion greeting cards, gift wrappings, writing paper and Christmas cards.

The affair is being sponsored by the Lake Mary group and Sanland group of the Church of the Nativity (Catholic Women's Club). All proceeds from the sale are to be used toward furnishings for a new church.

Church Youths Combine Meetings

Members of the Sanford Free Methodist Youth have combined their Sunday evening meetings with the Thursday evening Youth Night for recreation, devotional periods and refreshments during the summer.

A variety of activity is planned each week with meetings held at members' homes where swimming, games, devotionals, programs and refreshments can be enjoyed.

Church Youths Combine Meetings

Members of the Sanford Free Methodist Youth have combined their Sunday evening meetings with the Thursday evening Youth Night for recreation, devotional periods and refreshments during the summer.

A variety of activity is planned each week with meetings held at members' homes where swimming, games, devotionals, programs and refreshments can be enjoyed.

Catholic Church To Sponsor Special 'Funday' Aug. 26

The Church of the Nativity a Lake Mary has scheduled a special "Funday" Aug. 26 from 3 to 8 p. m. at the Lake Mary Fire house.

A spaghetti dinner will be featured along with games and booths.

The dinner will be handled by George Mashury and Ralph Schweickert and the games by John McFarlane and Robert Mosney.

The booths will be operated by the ladies of the parish.

There will be special prices for the "whole" family, according to church officials.

Rosso Discusses Housing Bill

Dan Rosso, vice president of the J. I. Kislak Mortgage Corp., reviewed the new federal housing bill and discussed FHA home financing in a talk to members of the Seminole County Board of Realtors at their monthly meeting at the Sea Shell Restaurant.

Rosso also reported on some of the results of the VA loan program in Florida and said that the Jacksonville office has 1,500 new applications for VA loans each month. The program has recorded only about three percent in defaults on such loans, he said.

Another guest speaker was Fred W. Hallauer, Orlando realtor, who spoke on "Exchange of Property."

Other guests included Mrs. Betty Peffer, of Daytona Beach, vice president of the Women's Council, District 2, Roswell Hasty, manager of the Orlando office of Kislak Corp.; John T. Henry, Orlando realtor, and Lola Crestos, an associate member, of Daytona Beach.

Robert Crumley and James C. Giamble were inducted as new realtor members of the county board.

Bake Sale Set By Church Group

The Catholic Women's Guild of the St. Mary Magdalene Church, in Allamonte Springs, will hold their monthly bake sale after each mass, this Sunday.

Mrs. Theodora O'Roski, chairman of the sale, announces that various home baked foods will be offered outside the school building adjacent to the church.

Mass will be held at 7 - 9 - 10 and 11 a. m.

ENTERPRISE BAPTISTS dedicated the first unit of their new mission last month and are holding regular weekly services there. Dedication for the additional two units under construction yet currently under way.

Enterprise Church 1st Unit Dedicated

Members of the Enterprise First Baptist Mission dedicated the first unit of a three unit plant on June 11 and are holding regular weekly services there.

The mission, under direction of Rev. David Solomon and Rev. G. W. Rollins of Orange City, began in the Enterprise School gymnasium on June 12 of 1960 with two members attending the service. Today there are at least 25 members attending worship services with 37 enrolled in the Sunday School.

Plans for dedication of the additional two units under construction have not been completed.

The weekly schedule has Sunday School at 9:45 a. m.; morning worship at 11 a. m.; Sunday evening worship at 7:30 p. m. and the mid-week prayer service on Wednesdays at 7:30 p. m.

Attend Assembly

Mrs. J. L. Horton Jr. and Miss Flo Bishop, representing the Sanford First Christian Church, are attending the Christian Women's Fellowship Quadrant Assembly at Purdue University in W. Lafayette, Ind.

Mrs. Theodora O'Roski, chairman of the sale, announces that various home baked foods will be offered outside the school building adjacent to the church.

Mass will be held at 7 - 9 - 10 and 11 a. m.

Rain Interrupts Play At Southside School

In softball this week, rain interrupted the schedule but the girls beat Southside 11-3, and the 10-13 year old boys got the best of Grammar School by a score of 12-2.

In the girls game Janice Enley pitched her third complete game and in addition, collected three hits. Sharon Conrad hit her first home run of the season.

In the domino contest Mike Gravenmier beat out Paula Shephard for first place, and in the bubble gum contest, Jimmy Shephard came up with the biggest bubble, with Paul Shephard again coming in second.

James Farmer proved to be the best checkerplayer with Terry Sandler coming in a close second and Ernie Baumeister taking third place.

In the "Playground" contest held at Southside, Pinecrest dominated the boys division, winning the following contest: Boys, Volleyball, dodgeball, badminton, straddleball, ball dribble relay, tug of war and Indian wrestling. In the girls division, Pinecrest won 1st place in: Ball dribble relay, dodgeball, and tug of war.

Pioneer Camp Set Next Week

A group of Pioneer young people of the First Presbyterian Church will leave Monday morning for Lake Hyrd Lodge, Avon Park. They will attend the Pioneer Camp of St. Johns Presbytery all next week.

Mrs. Harris W. Folds will drive the group down. Miss Sallie Wallace of Sanford is a member of the camp staff. The Philathea S.S. Class helped the Pioneers finance the trip.

Those who plan to attend are Kathie Folds, Tommy Makin, Patricia Marazita, Penny Nichol, Debbie Sewell, Sue Makin and Sue Nichol.

P. S. We are NOT going out of business!

How big must a company be to have a Savings Bond Plan for its employees?

One man with 3 employees recently established a Payroll Savings Plan for U.S. Savings Bonds.

That's an extreme example, of course. But U.S. Treasury files list thousands of companies with less than 100 employees which have set up this convenient way for their people to save.

Security is for everyone. Whether you're a stenographer in a billion dollar corporation or a clerk in the corner drugstore, the Payroll Savings Plan is the world's easiest way to save for the future.

You simply tell your payroll office how much to set aside each payday. The rest is automatic.

Guaranteed safety—guaranteed growth. U.S. Savings Bonds are an absolutely riskless investment. The Government guarantees \$4 for every \$3 you invest when you hold your Bonds to maturity. If your Bonds are lost or destroyed, they will be replaced at no cost.

So if you're a company owner, or don't have the Payroll Savings Plan, write the U.S. Savings Bonds Division, Washington 25, D.C., for easy instructions.

"Big achievements come in small packages"

Small companies account for a large percentage of the \$1 million Payroll Savers who buy a million dollars' worth of U.S. Savings Bonds every hour of every working day.

See Carlisle J. Silver, President, Vice Chairman, National Small Business Advisory Council.

We are proud to help our employees save for security—depend on our part in helping to keep America strong and free.

Carlisle J. Silver

You save more than money with

U.S. Savings Bonds

Is The Need There?

Wednesday, the County Commission heard Alachua Administrative Aide Howard Weston and Alachua County Commission Chairman Sidney Martin paint a bright and rosy picture on how an administrative aide in that county has taken the work load off the shoulders of the commission and how it will save this county in the long run to hire an aide.

At the present time Weston makes about \$8,500 and gets a supplemental salary of over \$1,000 a year bringing his annual income to \$9,500.

As Weston explained all the duties of his job— zoning, inventory checks etc. — wondered if there really is a need for an aide to the board at this time.

If an aide is so important to county boards why is Alachua the only one in the state that has one.

We also wonder why all these talks about administrative aides did not come up during the election when candidates were making their pitches before the voters.

If an administrative aide can save Seminole County money — Yes — we are 100 percent for it.

But we would like to be shown and hope that the commission will study this matter closely and with great care before making any decision.

Dr. Crane's

Worry Clinic

Wives, imitate the strategy of Mrs. Burgess, who serves as a "reader" and "digestor" of valuable magazine and newspaper facts for her distinguished husband. And please remember that a good teacher should be a star salesman of ideas rather than a boring research scientist. Send for the "Test for Good Teachers" and rate your local faculty.

CASE 3147: Dr. Thomas O. Burgess is a famous psychologist at Concordia College in Minnesota.

He pioneered the use of hypnosis in the fields of medicine and dentistry, holding special clinics for those doctors to teach them how to use this new aid. And he is superb in the classroom, for I have heard from many of his former students.

"Dr. Crane," they state, "he really APPLIES psychology in his own teachings for he makes the courses fascinating."

"Part of the reason is his fervent interest in the students but he also stresses the PRACTICAL uses of education."

Good teachers like Dr. Burgess are the real basis of top notch schools and colleges.

Yet many folks have developed an educational "idolatri" so they worship million dollar gymnasiums and elaborate football stadiums more than star teachers.

Or they may boast that a certain man on their faculty is on our Atomic Commission or has discovered some new drug.

Without detracting from such stellar research, I want to remind you parents that good teachers do NOT have to do a bit of research or indulge in other introvertive work in laboratories or "ivory towers."

Good teachers are simply superb salesmen of ideas. And a salesman is usually the very opposite type of personality from the introvertive researcher.

Also, colleges have lauded their research men for the past half century but have often ignor-

ed the real basis for their existence, namely, superb TEACHERS.

DuPont, General Electric, Eli Lilly, Procter & Gamble, plus thousands of other great firms have topnotch research scientists.

So it is high time the college quit trying to compete so frenziedly with such researchers and focussed more definitely on their primary job, which is to entice and inspire teenagers with a LIKING for knowledge.

A good teacher like Dr. Burgess DOES a lot of research. But good teachers need not spend a single hour in a research lab.

Their main job is to "package" the facts that other cloistered scientists may have discovered and then "sell" those ideas to young students entering high school or college. This is a rare art in itself and a professor's chief asset.

The late Dr. Glenn Frank, then president of the University of Wisconsin, also stated that teachers should be salesmen.

Their job, he added, is to put across the facts and ideas so their "customers" will grow enthusiastic and want more.

Dr. Burgess shows the technique of a star salesman in the classroom by making the courses PRACTICAL. That is one basic secret of human interest.

"I don't see any possible use for what I am studying in college," is the typical cry of listless students.

"Why should I learn how to be a good Roman emperor, which went out of style 1,600 years ago," they moan, "when what I need is the technique for writing a letter of application for a job when I graduate?"

Dr. Burgess also has another attribute of every topnotch teacher, clergyman or other leader for Mrs. Burgess reads the magazine, newspapers and journals, digesting them and even marking key passages in red ink to save her busy husband time.

From Rome

Henry McLemore

ROME, Italy—Things I Will Remember Even If Jimmy Hoffa Takes Over Everything:

The Skyline Drive in North Carolina in the fall.

Venice on a winter's day, mist-bound, with St. Mark's seeming to have floated in from another world, untouched by human hands.

The Pantheon, also on a winter's day, and a rainy one, with the rain pouring through the open dome and running in silver streams about the tomb of Raphael.

Raphael's home in Urbino, and the room where he lived as a boy, and his very first painting, still on the wall of that room.

And you know, and I know, that someone fussed at him for using his paints on the nice, clean wall.

The train ride from Brig to Zermatt, and the first view of the Matterhorn from the Zermatt station. There it stands, this fine old Alp, as if it were as much a part of the little village as a fireplug. And it is.

Hawaii before it was a package tour, and the motel was unknown, and Henry J. Kaiser hadn't improved on nature, and the coconut cake was the best in the world, and there wasn't a juke box between San Francisco and Suva.

Snails in San Francisco at an unknown restaurant, the night before leaving for the war in the South Pacific.

The drum of a covey of quail rising, and the drum of the hunter's heart, as the birds take wing.

Los Angeles as seen from a plane coming in at night, and the Painted Desert from a plane, this time at daybreak.

Laurette Taylor in "The Glass Menagerie."

Swimming in a blue lagoon in Fiji.

The Fiji Scouts, the most superb of all physical specimens, playing an improvised game of cricket on the lava beach at Bougainville in the afternoon, and slipping away into the jungle at night to work behind the Jap lines.

Nights and days on a houseboat on Lake Dal in Kashmir, with roasted peacock for dinner and the Himalayan peaks for scenery.

Travelling in a sleeping car, and night rides through the silent streets in a pedicab.

Monsoon Gertrude in Shanghai. A flight over the Alps in a terrific lighting and hail storm, and at night, too.

My first breakfast in Ireland, years ago, of wild strawberries, clotted cream, and sole turned a golden brown in butter.

Ice cold watermelon, on an August day, at a Methodist picnic in some little town in Tennessee.

—and standing in the front car, with the curves thundering up.

My daughter in her first sun-bonnet.

My first by-line.

The midshipmen and the cadets swinging into the stadium before the Army-Navy game.

And a million more great moments.

Niagara Survivor Should Look Into Berlin Mess

By RICHARD STARNES

Nathan Boya, of Bronx, N. Y., has survived a trip over Niagara Falls in a Thing, and I suppose that he is appointed to deal with the Berlin crisis as quickly as the necessary papers can be drawn up.

It is obvious that he has all the necessary qualifications. He understands the central fact that you cannot go over Niagara Falls just talking about it, however delicious your phrases may be. Eventually one has to climb into the Thing, slog down the hatch and cast off.

If one's planning is good, if one's courage holds out, and if good luck stays inside the Thing with you, all will be well and you will survive to be had up on charges of playing fast and loose with the Niagara River. If you ask me, the Canadian cops would be better advised to spend their time chasing rogue Eskimos who have stewered chaps with harpoons, but unfortunately nobody has asked me. Society reacts with the humorless emotions of a Puritan spinster, and if you go over the Niagara Falls in a Thing, it proves you are different from ordinary persons. Being different is excuse enough for putting people in jail, or worse, and always has been.

Nathan Boya is obviously different. For one thing, he is a Negro, which automatically makes right-thinking people wonder if he isn't up to something. For another, he has sense enough to know you can't go over Niagara Falls in a Thing.

Thing that is sturdy and reliable. But the chief quality that sets Boya apart from almost everyone else is not his pigmentation, nor his ability to think a problem through and to face up to the possibility of ugly consequences.

What really makes him different is his ability to get on with it. He wanted to go over Niagara Falls, probably because he has been listening for all his 30 years to people telling him he is a second-rate man because of his race, and he knew it was not true and wanted to prove it was not true. It was an eminently worthwhile enterprise, but most people would have taken one look at the Thing bobbing there in the water and would have come down with the element ball players call thrust trouble. That is why there are more live cowards than live heroes, or dead ones either, for that matter.

Anyway, to return to the commercial, it seems to me that this sturdy squalor is just the man to handle the Berlin problem. Think of the consternation that would take possession of old man Khrushchev when Ambassador Boya said, "Look, mister, you are talking to a man which has gone over the Niagara Falls in a Thing, so don't waste my time trying to scare me."

What would happen then is that Khrushchev would quickly claim that the first Thing was a Russian invention, that Ambassador Boya was living proof that the common man was sure to prevail, and that Fascist-capitalist warmongers had reacted typically when they put Ambassador Boya in quod for his feat.

Then, if I know my man, the Ambassador would reply, "Just a pea-picking trice, mister. That man from Bronx, N. Y., namely me. And I went over the Niagara Falls to prove that I was not a common man, but an uncommon one, and you call me common one more time and you'll get a fat lip."

Peter Edson's Political Notebook

WASHINGTON (NEA)—Three days of talks between President Kennedy and President Mohammed Ayub Khan of Pakistan produced some of the frankest exchanges reported in any of the official heads-of-state visits to Washington this year.

Behind the diplomatic language of the final communique issued by the two leaders were some realistic appraisals of current situations which may have important bearing on future developments in South and Southeast Asia.

It was revealed that one of the principal reasons Ayub wanted to come to the United States—and why his visit was so important—was his dissatisfaction over the results of Eisenhower's visit to Pakistan in 1959.

Though both men were army generals, they did not see eye-to-eye on the situation in South Asia, Ayub frankly wanted more assistance from the United States. Eisenhower, though he had approved stepped-up aid to Pakistan, did not favor further increases.

Also, Eisenhower had indicated that military assistance might be made available to India, if India asked for it. At that time, India was under pressure from Communist China on the Indian frontier, but had not asked for American arms assistance given to India would not be used against Red China but against Pakistan. He therefore expressed fears that any American arms assistance given to India would not be used against Red China but against Pakistan.

With a new administration in Washington, Ayub wanted to come here for an understanding with Kennedy that military assistance would not be given to India and that further assistance would be given to him.

While the United States has already given substantial arms aid to Pakistan, its defense forces are described as having gaps in their equipment. They have tanks but need transports. Their naval vessels need surface-to-air missiles. Their air force needs radar and jets.

On economic assistance, Ayub made a bid for a billion dollars' worth of U. S. aid over the next two years. This would go into Pakistan's \$4 billion five-year plan, cost of which is now estimated at nearly \$5 billion. This year Pakistan is receiving about \$350 million in U. S. economic aid.

The increase is not all expected to come from the U. S. alone. A World Bank-arranged consortium—similar to the one that gave India \$2 billion earlier this year—will meet here in September to arrange financing for Pakistan.

Ayub sought, but did not get, American backing for his claim to Kashmir. Kennedy characterized this as something for India and Pakistan to work out.

But assurances were given that efforts would be made to further negotiations, without the U. S. becoming middleman.

It was on Laos and the Southeast Asia Treaty Organization that some of the frankest views were exchanged. Pakistan, a member of SEATO, views that situation with dismay.

The trouble with Southeast Asia was assessed as too many kings and princes who want support for maintenance of their privileges but who are not interested in social reform for their people. Prince Souvanna Phouma's non-communist leanings were noted. But even if the country could be cleared of Communists, nobody would keep it cleared because the Laotian people would not fight for their own country.

President Ngo Dinh Diem of Viet Nam was regarded as a better man, but needing strong military support.

When this was discussed in the SEATO council, however, the contribution of only one battalion was called for from Pakistan. The British offered only a token force and the French offered to contribute nothing. So the whole effort had to be written off.

Dorothy Cain - Roger Britton Engagement Announced

Mr. and Mrs. Eldon Mays Cain, of Lake Monroe, announce the engagement and approaching marriage of their daughter, Dorothy Ann, to Roger Britton, son of Mrs. Lester E. Britton and the late Mr. Britton, of Chuluota.

Miss Cain was born in Lake Monroe, attended local schools and graduated from Seminole High School with the class of 1957. For the past three years she has been employed by the Wilson-Maier Furniture Co. as bookkeeper.

Mr. Britton, formerly of Auburndale and Falmouth, Mass., graduated from Taber Academy at Marion, Mass., and has been in the contracting business in Central Florida for the past five years.

An early fall wedding is being planned.

MISS DOROTHY ANN CAIN (Jameson Photo)

Beach Party Planned Saturday

The Pilgrim Fellowship of the Congregational Christian Church is sponsoring an "All Day Beach Party" for this Saturday. All members and their guests are invited. For further information contact Larry Adja.

Fern Park

Personals

By BETTIE SMITH

Mr. and Mrs. B. R. Cross of Ridge Road had as recent weekend guests her brother-in-law and sister, Mr. and Mrs. Nate Noble, of Stewart, Ohio, who are making a tour of the state. The Nobles plan to return here before leaving for Ohio.

Mrs. Louise Pody and Mrs. Helen Buck have returned to their home in Chicago after spending two weeks traveling in Florida.

Mr. and Mrs. Felix Meze have returned home after a vacation in New Jersey, visiting relatives and friends.

Mr. and Mrs. Martin Betty left recently with their granddaughter for a vacation in New York.

Mr. and Mrs. Walter Bonder and two daughters, Cherie and Diana, are spending the summer with Mrs. Bonder's mother, Mrs. Bertha Simpson, in Fern Park.

Roy Bendell, Prairie Lake Drive, has returned to his home here, after visiting his wife and son at Bellwood, Ill. He plans to return to Bellwood in September to attend the wedding of his son, Curt.

Mr. and Mrs. Frank Ambacher have returned from Chicago after spending three months with their children, grandchildren and friends at Fox Lake, Ingleside, Petite Lake and Wintthrop Harbor, all in Illinois.

PFC Owen A. Regan, son of Mr. and Mrs. Charles A. Bigelow Jr., will be home this week. He is scheduled to report to Fort Dix on Aug. 25 where he will await orders for overseas duty.

Mr. and Mrs. Ed Lovell and two daughters arrived in Florida last week, from Connecticut. They will reside on South Street in Fern Park.

Friends of Mrs. J. M. Deyell, Prairie Lake Drive, will be glad to know that she is doing well after her recent illness.

Houseguests of Mr. and Mrs. Price Egbert, Lakeview Drive, is Mrs. William Zimmen of Detroit, Mich.

Mrs. J. M. Zimmerman is spending the summer with her daughter and family in Memphis, Tenn.

Lake Mary

Personals

Wesley Anderson, son of Mr. and Mrs. W. S. Anderson of Lake Mary is in the Orlando Air Force Base Hospital at Ward 7 undergoing a series of tests. All of his friends wish him the best of everything.

SWEET PICKLED WATERMELON RIND

Trim and cut rind from a small, firm melon, or use half the rind from a large melon. Soak for 2 1/2 hours in 2 quarts lime water. Drain, cover with cold water to freshen. Drain again, cover with fresh water and cook 1 1/2 hours. Make syrup of 2 quarts white vinegar, 1 pint water, 8 cups sugar, and 2 tablespoons whole cloves and 4 sticks cinnamon tied loosely in cheesecloth. Bring to the boiling point. Add drained watermelon to syrup and boil gently 2 hours.

Pack the watermelon in sterilized glass jars, cover with hot syrup, seal air-tight, and store in a cool place.

When You Acquire A Summer Tan Take Care Of It

By ALICIA HART, NEA

Few summer sights are as pretty as a girl with a golden tan. In black pique or white linen, she graces the veranda at the country club, looks lovely at a candlelit table, moves lightly across the dance floor.

So once you've carefully acquired your tan, take care of it. A leathery hide is not what you're after. Be careful about spending hours in the sun once you've got the tan you want. Use a good hand and body lotion to keep your skin from flaking. This lubrication gives your golden skin pluck and glow.

If you are in your mid-thirties take care about spending hours in the sun. Half an hour to an hour is enough before you cover up or retire to the shade. For the sun, while supplying vitamins, relaxing you and giving you a tan, will also give you lots of little wrinkles.

This applies doubly to women with delicate skin, blue-eyed blondes and redheads. (Some redheads, in fact, can't go into the sun at all.)

Always use a good sun-tan lotion or cream when you're going to be in the sun any length of time. This may seem superfluous advice but it isn't. Every year, thousands of women who should know better suffer painful burns because they failed to do this one thing: coat their skins with a protective lotion.

AMONG THE SUMMER VISITORS at the A. L. Wilson home, on Rosalia Drive, were four generations of the family. Left to right are Mrs. Wilson, their daughter, Mrs. Walter Cook and daughter, Sherry and Mrs. Wilson's mother, Mrs. J. A. Watts, of Columbus, Ga. (Herald Photo)

Blair-Duckworth Wedding Announced

Genevieve G. Blair, daughter of the groom's parents, Mr. and Mrs. Grace Rosenberger, 2411 Brook M. Duckworth, in Keyser, Chase Ave., Sanford, and Brook W. Va.

Rev. Kenneth S. Watkins, pastor of the Keyser Grace Methodist Church, officiated at the informal double ring ceremony, in the presence of members of the immediate families.

North Orlando Family Vacations In Pennsylvania

Mr. and Mrs. William Carr and children, David and Sherry, of North Orlando have spent most of the summer vacationing and entertaining other vacationers.

They traveled to Pennsylvania for their vacation and while there visited their parents, Mr. and Mrs. Walter Garis and Mr. and Mrs. Howard Carr in Pittsburgh and New Castle. They also visited Mr. and Mrs. Kent Carr.

Since they returned home, houseguests have included Mr. and Mrs. Everett Taylor and daughter, Mrs. John Penwell, and her children, Johnny and Barbie, of New Castle and Mr. and Mrs. Daniel Ward of Fort Lauderdale.

Earl Fox Observes Fourth Birthday At Swimming Party

L. and Mrs. Raymond G. Fox Jr. entertained a group of youngsters with a swimming party and picnic, Monday afternoon, at their home in Lake Mary.

Guest of honor was their son, Earl, who was celebrating his fourth birthday. The young guests arrived at 3:30 p.m. and spent the afternoon swimming and playing at the private beach joining the Fox home on Lake Mary.

Earl's father, Lt. Fox, Lt. Harry Hudome and Mrs. Kirby W. Fite Jr., served as life guards during the party hours.

After the children were dressed a picnic lunch was served by Mrs. Fox. The menu included hot dogs, baked beans, fruit salad and cold milk. For dessert the traditional birthday cake was served with ice cream.

Those enjoying the afternoon were Robin Cooke, Debbie, Christie and Sharon Goble, Sissie Stolpe, Camille Wharton, Brian Ward, Rick Fite, "T" Cowan, Robbie Hudome, the honoree and his older brother and sister, Caroline and "Tri" Fox.

Officers Wives Hold Joint Meeting At Country Club

Officers wives of VAH-11 and VAH-5 treated themselves to a real holiday when they spent Thursday at the picturesque DeLand Country Club. The day began with sun bathing and swimming, followed by cocktails and a buffet luncheon, featuring fried chicken and prime ribs, carved to order.

The afternoon was spent playing bridge and chatting. Spirits are higher than usual in the two groups since they expect their husbands back from the Mediterranean deployment in late August.

Appropriately, this was the theme which was cleverly carried out by the hostess, Mrs. Roger Smith, of VAH-11. Tables were arranged in a horse shoe shape, the center of which was filled with "Ginny" dolls, representing the wives eagerly awaiting their husbands' return.

Highlighting the head table was a startling arrangement of black and white mums, forming a checkerboard surrounded by black foliage, in tribute to the VAH-11 "checkertails."

Special guests for the occasion were Mrs. Joseph Tully, Mrs. Gordon Kuehn, Mrs. Betty Walton, Mrs. Clifford McKibbin, Mrs. Howard Harrison, Mrs. William Rejn, Mrs. Al Blaha and Miss Ruth Angelo.

VAH-5 wives attending were Glendyn Smith, Anita Lee, Betty Repp, Pat Thompson, Mimi Schoonover, Evelyn Fitzpatrick and June James.

Others attending from VAH-11, who sponsored the event, were Marge Manship, Terry Knutson, Esther Walton, Pat Robinson, Joan Moore, Lynn Wartenberg, Marilyn Patterson, Lou Blunden, Ines Rose, and Mary Lou Shattuck.

ENJOYING REFRESHMENTS at the Silver Tea held in DeBary are from left, Mrs. H. Warneke, Mrs. Clinton Summer, Miss Paul Matterson, Mrs. A. McNaughton and Mrs. F. Pratt. (Photo by Cox)

Silver Tea Held In DeBary

The Florida Federation of Art sponsored a Silver Tea at the DeBary Mansion Headquarters last week. Mrs. D. R. Peemster, president of the FFA, greeted guests in the galleries.

Mrs. George Brooks of DeBary was chairman of the event and was assisted by Mrs. A. McNaughton, Mrs. Clinton Sommer, Mrs. Andrew Dey of DeBary and DeLand; Mrs. Chester Eldridge, Mrs. Fred Hinkley and Mrs. John Craycraft of Eustis; Mrs. A. Troit of Mt. Dora; Mrs. Mary Pike Forster and Mrs. H. Hamill of New Smyrna Beach; Mrs. R. Hardy and Mrs. L. Anderson of Leesburg, and Mrs. Henry Warneke of Winter Park.

The mansion house was decorated with vases of garden flowers. The buffet table was overlaid with a lace cloth, centered with a floral arrangement, flanked by two crystal punch bowls.

On display in the main gallery was Eugene White's pictures, done in several medias. Miss Linda Lou Arrowsmith of Leesburg, a scholarship student at the headquarters in DeBary, also assisted the hostesses and Jean Thomas of Orlando took moving pictures of the event, which will be shown at a later date.

Lake Monroe Personals

By MRS. H. L. JOHNSON

Mr. and Mrs. Perry Wheatland, daughters, Cent and Jeri; Mr. and Mrs. Sid Viblen, daughter, Shirley; Mr. and Mrs. Tom Brown and Brenda and Miss Judy Ogden, spent last weekend at New Smyrna Beach.

Mr. and Mrs. Claude Hawkins and son Sidney have returned from Sebring where they visited with Mr. and Mrs. J. H. Edwards.

Lake Mary WMU Holds Meeting At Gaines Home

The Ruth Masters Circle of the WMU of the Lake Mary Baptist Church met at the home of Mrs. Keith Gaines with 10 members present.

The opening prayer was given by Mrs. B. Eugene Jackson, calendar of prayer by Mrs. B. Jones, and closing prayer by Mrs. S. Hood.

Miss Hood volunteered to be community missions chairman for the remainder of the year. Refreshments were served to those present.

Church Calendar

MONDAY
The Monday Night Circle of the Grace Methodist WSCS will meet at 8 p.m. at the home of Mrs. Harry Klay, 2404 Adams Court.

TUESDAY
The Mizpah Circle of Grace Methodist WSCS meets at the home of Mrs. R. V. Thompson, 2617 Laurel Ave. at 8 p.m.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: In a fit of temper I told my husband I wanted a divorce, and he took me up on it. I never dreamed he would go to a lawyer and get things started so fast because we have three children who are his whole life.

His lawyer told him to move out of the house. He is gone now, and I don't know what to do. I don't want a divorce, and am sorry I brought it up. How can I get my husband to come back and stop the divorce action, without sacrificing my pride?

TOO HASTY

DEAR HASTY: Forget your pride. Run, don't walk, to the nearest phone. Ask him to forgive you, and please come home. If you are lucky enough to get him back, monitor your mouth, or you could find yourself living alone and not liking it.

DEAR ABBY: My old lady is a real kook. She looks through the fashion magazines and thinks if she doesn't look like those acrawny, underfed beanpoles she is too fat. She is 5 feet 7, and could carry a lot more meat on her bones than she does, but she counts calories like crazy. When I married her, ten years ago, she wasn't a nut on this weight business, and we enjoyed ice cream sodas and hot dogs like other people. Now it's a different story. Every time I reach for a pretzel she says, "Morey, you don't need that!" Please print in your column what you think a 32-year-old woman, who stands 5 ft., 7 in., should weigh in at.

HER HUSBAND

DEAR HUSBAND: She should weigh in at the weight her husband thinks is "way out."

CONFIDENTIAL TO ANNETTE: I got something brilliant—like "goodbye!"

What's bothering you? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif. Include a stamped, self-addressed envelope.

For Abby's "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

We The Women:

By Ruth Millet

A few years of marriage sometimes make a powerful difference.

Before marriage he was the "life of the party." After marriage "he has to be the center of attention or he isn't happy."

Before marriage he was the "strong, silent type." After marriage he "shuts up like a clam," whenever she tries to talk to him.

Before marriage he was "masterful." After marriage he is as "stubborn as a mule."

Before marriage he was a "sportsman." After marriage "he's out fishing when he should be at home mowing the lawn or helping take care of the kids."

Before marriage "he had money in the bank." After marriage he is as "tight as the bark on a tree."

Before marriage he "liked to be alone with her." After marriage "he never takes her anywhere."

Before marriage he was "self-assured." After marriage "he won't take a word of criticism."

Before marriage he was "easy-going." After marriage "he doesn't have any ambition."

Before marriage he was "the only man in the world." After marriage he is just one of the many men she might have married, and she isn't at all sure she couldn't have done a whole lot better.

Jacoby On Bridge

By Oswald Jacoby

Every once in a while some one asks, "What is the biggest hand you ever held?"

Today's South hand is. I had 29 high card points with eleven sure tricks in no-trump. I did not know how to bid it. I considered opening with a Black-

wood four no-trump and after finding out that my partner held no aces bidding five no-trump to ask for kings. The trouble with that sequence would be that if he did not have either of the missing kings I would find myself going down one at a slam.

South

North

East

West

South (D)

Both vulnerable

Opening lead—♥J

A two diamond opening did not appeal to me at all. My partner would surely respond with two no-trump and my hand did not belong on the table. A heart lead through my ace-queen could beat three no-trump. If I were declarer nothing could prevent me from taking eleven tricks.

I finally decided on the safe bid of five no-trump. At least, I thought it was safe, but my partner had other ideas. He looked at his queer of spades and decided that it would be my twelfth trick. He bid six!

Just to wind up the story on a happy note, West had to lead something. His jack, ten, nine, eight of hearts looked like his safest lead. He led it and I made my slam.

People Request A Lot Of Help

NEW YORK (UPI) — Recent studies at the University of Michigan Survey Research Center indicate that of the nearly one in seven adults who seek outside counsel on personal matters, 42 per cent look to their clergymen.

Next in line are family physicians, to whom 29 per cent of the troubled turn. Eighteen per cent seek help from psychiatrists and psychologists, 13 per cent, social service workers; 6 per cent, lawyers; three per cent, marriage counselors.

Patients Prefer To Have Gallstones

NEW YORK (UPI) — Medical World News, a publication for doctors, reports that Dr. E. H. Rynearson of the Mayo Clinic always says a little prayer before seeing a new patient.

It goes like this: "Dear God—please make this patient have gallstones. Everyone loves gallstones. The patient loves them, the doctor loves them. After being removed, they're wrapped up in a little box and presented to the patient on his way to the business office. And everyone is happy."

Scenes Have Stars, 55 Other Workers

NEW ORLEANS (UPI) — Columbia Pictures spent about \$200,000 in the French Quarter here to film scenes for the forthcoming "A Walk on the Wild Side," the film version of the Nelson Algren novel.

A Hollywood troupe of 55 persons headed by Director Edward Dmytryk came here for the filming, along with the stars, Capucine and Laurence Harvey.

Fires have taken 116,000 American lives during the past decade.

ROCK HUDSON, Dorothy Malone, Kirk Douglas and Carol Lynley are the stars of "The Last Sunset" coming to the Ritz Theatre Sunday.

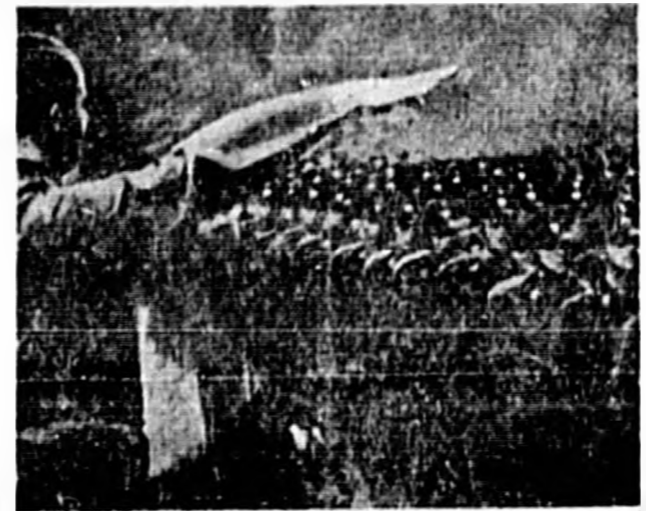

Hudson Film Set

Rock Hudson and Kirk Douglas are teamed together in one of the most exciting adult dramas of many years in "The Last Sunset" coming to the Ritz Theatre Sunday.

Also starred in the cast are Dorothy Malone, Joseph Cotten with Carol Lynley and Neville Brand.

The screenplay is by Dalton Trumbo and directed by Robert Aldrich.

The film will play through Wednesday.

ADOLPH HITLER at the height of his power in a scene from "Mein Kampf" coming to the Movieland Drive-In Sunday.

'Mein Kampf' Coming

Columbia Pictures' "Mein Kampf," written and edited by Erwin Leiser and a prize winner at the Fourth International Film Festival in San Francisco last year, opens Sunday at the Movieland Drive-In Theatre.

Tracing the true story of Hitler's Reich, "Mein Kampf" includes scenes never publicly shown before, film footage from secret Nazi archives so horrifying that they were even kept from the German people. These include unbelieveable scenes of the Warsaw Ghetto, mass line dig graves, the Eichmann executions and the other tragic events of the time. Tare Spober produced "Mein Kampf" and Claude Stephenson camps the narration.

The other feature on the program, which will play through Tuesday, is "The Green Helmet" with Richard Travers.

On Wednesday and Thursday, "Tarzan's Greatest Adventure" and "Buccaneer" will play.

On Friday and Saturday, three films will play. They are: "Goliath and The Dragon," "Gold of the Seven Saints" and "Imitation of Life."

It goes like this: "Dear God—please make this patient have gallstones. Everyone loves gallstones. The patient loves them, the doctor loves them. After being removed, they're wrapped up in a little box and presented to the patient on his way to the business office. And everyone is happy."

Scenes Have Stars, 55 Other Workers

NEW ORLEANS (UPI) — Columbia Pictures spent about \$200,000 in the French Quarter here to film scenes for the forthcoming "A Walk on the Wild Side," the film version of the Nelson Algren novel.

A Hollywood troupe of 55 persons headed by Director Edward Dmytryk came here for the filming, along with the stars, Capucine and Laurence Harvey.

Fires have taken 116,000 American lives during the past decade.

TV Key Previews

Friday's top television shows as previewed and selected by TV Key's staff of experts who attend rehearsals, watch screenings, and analyze scripts in New York and Hollywood:

Harrison and Son. — "Junior's Other Job." (Repeat) Corby, but pleasant. As usual, the partnership is threatened — this time because Junior is offered a big job by an oil millionaire played by Don Wilson (he's obviously made shrewd investments on the pennies earned with Jack Benny). Of course, when the chips are down, Senior rescues Junior and vice versa. Great gag line in Wilson's announcement on how he met his wife. 8 p.m. ABC.

Route 66. — "Effigy in Snow." (Repeat) Ski fans will enjoy the views and the skiers on beautiful Squaw Valley, even if the story of a psychopathic killer occasionally gets in the way. Scott Marlowe as the sick boy with murder on his mind, and Jeanne Bal as his latest prey are fairly effective in their roles, but the incredible plot is frequently deflating. 8:30 p.m. CBS.

Preview Theatre. — "Harry's Business." This pilot film is so far superior to any of NBC's running situation comedy series, it's easy to see why it didn't sell — it would have made the others look even worse than they are. Ray Walston is cast as a small-town Kansas druggist, and Elena Verdugo plays a bookstore manager stranded in the community when her car has an accident. The episode describes their first date in a most captivating manner, and aside from the simply wonderful, easy acting, there's a charm about it that reminds one of a delightful period piece (a la "Ah Wilderness!") despite its present-day setting. Richard Whorf's direction gets maximum mileage out of the story and characters without punning for big phony laughs, but settling for chuckles and warmth. 9:30 p.m. NBC.

Loren, Niven New Comedy Team

HOLLYWOOD (UPI) — Sophia Loren and David Niven have been signed by Columbia Pictures to star in "Shocking," an original story by Carlo Ponti, who is producing the film.

The comedy is based on a travel agent who hates to travel, played by Niven. Miss Loren plays a voluptuous Italian who makes his household interesting. The picture will be produced in Britain this summer.

Sanford Movieland Ride-in Theatre. \$1.00 PER CARLOAD ON FRI. & SAT. TONITE AND SAT. NITE. No. 1 At 7:45 Only "TESS OF THE STORM COUNTRY" Diane Baker. No. 2 At 9:30 Only "LAST TIME I SAW ARCHE" Robert Mitchum Jack Webb.

NOTICE FOR BIDS
The Board of County Commissioners of Seminole County will receive bids at the office of Arthur H. Beckwith, Jr., clerk in the Court House at Sanford, Florida, up to 2:00 P. M. Monday July 11, 1961 for matters to be done in the Seminole County Jail.

BOARD OF COUNTY COMMISSIONERS
Seminole County, Florida
By J. C. Hutchinson, Chairman
Arthur H. Beckwith, Jr., Clerk
Publish July 10 & 11, 1961.

IN THE CIRCUIT COURT IN AND FOR SEMINOLE COUNTY, FLORIDA. CHANCERY NO. 1150.

NOTICE OF SEIZURE
THE STATE OF FLORIDA Tax Jo Ann Hanson, residence unknown.
You are hereby notified that a suit has been filed against you in the above entitled cause, and that you are required to file an answer with the Clerk of this Court and to serve a copy thereof on the plaintiff or plaintiff's attorney, whose name and address is in Jennings, Watts, Clarke and Hamilton, 514 Larnell National Bank Building, Jacksonville, Florida, not later than August 4, 1961. If you fail to do so a decree pro confesso will be entered against you for the relief demanded in the complaint. This suit is to foreclose a mortgage. The real property proceeded against is:

Lot 111, LAKE HARRIETT ESTATES, according to plat thereof recorded in Plat Book 19, page 12, Public Records of Seminole County, Florida.

WITNESS my hand and the seal of said Court at Sanford, Florida this 21st day of June, 1961.

Arthur H. Beckwith, Jr., Clerk of the Circuit Court
By: Jean E. Wilke, Deputy Clerk
Publish June 29 & July 1, 14, 21.

Tigers 'Jump' Back In First

United Press International
The Detroit Tigers are back in first place in the American League and the Los Angeles Dodgers are clawing at the National League lead today on the strength of power displays that have their rivals reeling and shell-shocked.

Pitching is supposed to be 90 per cent of the game but both the Tigers and Dodgers unleashed savage attacks Thursday night to further their pennant ambitions.

The Tigers scored a season high of eight runs in the seventh inning to whip the Baltimore Orioles, 15-8, and take over first

place in the AL by one percentage ahead of the idle New York Yankees. The Dodgers, meanwhile, hammered out 14 hits, including four homers, to crush the Cincinnati Reds, 10-1, and move within 1 1/2 games of first place in the NL.

Rocky Colavito smashed his 20th and 27th homers and drove in five runs and Jake Wood also homered for the Tigers to offset two homers by Jim Gentile and one each by Brooks Robinson and Bank Folles.

Duke Snider, Willie Davis, Wally Moon and Norm Larker all homered for the Dodgers, who

dealt the Reds their fifth straight loss.

Hal Woodeshick, second of four Detroit pitchers, received credit for his fourth win while Steve Barber suffered his eighth loss for the Orioles. Joey Jay, a 13-game winner, was ripped for nine runs and 10 hits in five innings, to suffer his fifth loss for the Reds.

The Cleveland Indians outslugged the Boston Red Sox, 12-11, in the only other AL game while the San Francisco Giants beat the St. Louis Cardinals, 10-6, the Milwaukee Braves downed the Philadelphia Phillies, 3-1, and the Pitts-

burgh Pirates defeated the Chicago Cubs, 4-0, in other NL action.

Jimmy Piersall hit a three-run homer and Tito Francona added a solo homer in the seventh inning to provide the Indians with their winning margin over the Red Sox.

Willie Mays had a single, double and eighth-inning homer as the Giants ended a five-game Cardinal winning streak.

Bob Hendley pitched a five-hitter to win his third game for the Braves, who scored three runs in the first inning before Chris Short could retire a batter.

Lefty Joe Gibson pitched a four-hitter to win his eighth game for the Pirates behind an 11-hit attack featured by two hits each by Roberto Clemente, Dick Stuart,

SKILLED TECHNICIANS put the finishing touches on resurfacing the lanes at Jet Lanes. The men applied many coats of paint to the lanes. According to ABC rules, the lanes now are cleared for two years before it is required to resurface them again.

Johnson Title Bout Scheduled For Aug. 29

NEW YORK—Harold Johnson will defend his NBA light heavyweight title against Eddie Cotton of Seattle at Sicks Stadium in Seattle next month under a deal approved by Pat Oliveri, Johnson's manager, today. The tentative date for the fight is Aug. 29.

Johnson, of Philadelphia, will get a guarantee of \$20,000 and the privilege of 40 per cent of the gate, whichever is greater.

Oliveri okayed the pact after conferring with Dewey Fragetta, New York boxing booking agent, who represented Seattle promoter George Chermers.

The fight had been agreed to several days ago but a hitch arose over Johnson's contract to give heavyweight contender Eddie Machen of Portland, Ore., a return bout. Johnson outpointed Machen at Atlantic City, N. J., July 1. Under the terms of that bout, Johnson, if he won, was to give Machen a return bout within 90 days.

"We're willing to fight Machen," Oliveri said today. "But I haven't heard from Sid Flaherty (Machen's manager) and I haven't been able to reach him by telephone."

"I haven't received contracts for a Machen fight and so I decided to go ahead with the title fight."

"We were supposed to get advance money and that hasn't come either," added Oliveri. "I understand two promoters were licensed in Portland only last Monday and want to put on the return with Machen in Portland, Aug. 11 or Aug. 12. Well I haven't received any money or contracts from them."

Johnson, winner of his last 15 fights, will make his second defense of the NBA recognized title against Cotton. Archie Moore is recognized as champion in New York, Massachusetts and Europe.

Cotton, a pro 14 years who once quit the ring because he couldn't get fights, has won his last six. He has a 41-11-1 record including 27 knockouts. Johnson's record is 66-8.

U.S. Track Stars Seek New Laurels

LONDON—The injury-riddled United States track team takes on Great Britain today and Saturday and when it's over the Americans will have competed in three meets in the space of eight days—which must be an endurance record.

Last weekend, the United States' men defeated Russia, 13 events to 9, and yesterday wrapped up a 14-5 victory over West Germany. They arrived here in a chartered airliner today and immediately went through a workout.

A woman's meet will be held in

conjunction with the men's and in this one Great Britain is expected to win.

Wilma Rudolph, the Tennessee State U. Olympian who set a world 100 meter dash record of 11.2 seconds against West Germany, but finished with a slight leg sprain, has recovered.

Four members of the men's team will be out of the meet because of injuries and another will be operating at half strength.

Javelin thrower John Fromm of Seattle has a pull in his side; hop, step and jumper Bill Sharpe of Philadelphia has a stiff leg; pole vaulter John Ueles of the Quantico Marines has a bad leg and sprinter Paul Drayton of Villanova has a leg pull. All have been scratched.

In addition, Jerry Siebert of Santa Clara, Calif., has both a cold and a bad knee, but will start in the half-mile.

"So," said Head Coach Jumbo Jim Elliott, "I have had to do some quick switching around. There's no doubt that the replacements will not help much in some cases, but I still think we ought to win the meet."

There is no decathlon, so Dave Edstrom will handle the javelin in place of Fromm. Ralph Boston, the world record broad jumper from Tennessee State or Cliff Cushman, primarily a quarter-mile hurdler, will take over for Sharpe in the hop, step and jump.

"Boston has done over 50 feet in the hop, step and jump the few times he has tried it," said Elliott, "and I understand Cushman competed in the event in high school."

Some members of the women's college, Calif., the other decathlon man, will substitute for Ueles in the pole vault. Chuck Frazier will run for Drayton in the 100 yard dash and Earl Young of Ahlens Christian will replace him in the 200.

Actually none of the four should be missed in the battle for first places. Not in the total score, which will be on a 3-2-1 basis, their potential points could go to Britain.

The British team has high hopes of winning three of four events.

Arthur Rowe, a 6-2-footer, could beat out Gary Gubner and Jay Silvester in the shot put. The British also should be at least co-favorites in the quarter mile with Adrian Metcalfe and Robbie Brightwell. The latter holds the British record of 1:41 and Adolph Plummer of New Mexico and Ullis Williams of Compton, Calif., will have to step to beat him.

The British also are hoping they can win the 1,600 meter relay and possibly the 220-yard dash. They figure that if Manfred Germar could beat Frank Budd in Stuttgart, Dave Jones has at least a chance against him.

Peter Radford, a fine sprinter, who has been bothered by illness all year, will line up against Budd and Frazier in the 100 yard dash.

U. S. Golfers Top Canada, Britain

WOKING, England—A great finish by New Yorker John E. Knowles on the last hole today earned the United States a one-point victory in a triangular senior golf competition with Britain and Canada.

The United States scored 24 1/2 points, Britain 23 1/2 and Canada 6, in the two-day contest among amateur golfers of more than 50 years of age.

The outcome hinged on the singles match between Knowles and H. R. Howell of Britain. Knowles' sent his approach shot to within four feet of the cup on the 18th green. He sank the putt that brought victory to his team.

May Not Attend

WASHINGTON (UPI)—It is unlikely that President Kennedy will be able to spare the time to attend the second Major League All-Star Game in Boston, July 31, according to White House secretary Walter Jenkins.

When the pygmies of French West Africa bag an elephant, the village is moved to the carcass, instead of vice versa.

Drawn by E. G. by Edmond Spence

Little Loop Manager Has Startling Facts

After the First Federal Little League ball club had tucked away the city championship, losing only two games in doing the job, their manager, Paul Martin, learned some startling facts from his score book. One of them was that his proteges had amassed 296 runs. He commented that even if they didn't do anything else, it seems that just running the bases for that many tallies would have taken up most of their time.

The battling ball-hawks came to bat an official 588 times and with 254 hits, had an average of .433; a real good showing in any man's or boy's league.

There were 131 bases on balls and 101 to the eagle-eyed pitcher-swingers, with Mamele taking 23 2/3 innings and allowing only 20 runs, thus leading this bracket.

Bryan with 46 and Dudley, 42, topped the team of pitchers in his marked up. Pigott reaped only 31 safeties, and was followed by Yentsch, 21 and Ferguson with 23.

The markers that won games and frequently showed over 20 runs in the box score came like this: Fordham 6, Richard 17, Ferguson 27, Yentsch 31, Dudley 37, Haborn 31, Cowan 6, Pigott 35, Martin 6, Tym 12, Mamele 30, Erickson 29, Bryan 25.

Not always did the First Federal diamond-dusters trot in first base, even though on a few occasions they were hit by the pitcher. There were 101 cases of hearing that sickening about "See-rike three — yerrout!"

While there were many instances when their opponents' errors nudged them across home plate, the batsmen got credit for 134 runs batted in.

Martin was loud in his praise of these boys. He said that, of course, they made some mistakes, but they were always eager to learn and were forever trying. At the end of the season they were making far fewer mistakes and had much of the "savvy" that indicates the lads were playing with their heads as well as with their bodies, he said.

The team's sponsor lauded Martin for his fine work with the team and said that the boys had gained from him not only a championship, but some splendid Christian

principles of living that will last much longer than the coveted league pennant. And they won't soon forget the Auburndale athlete who was interested in the ministry, who was temporarily on a detour for a hitch in the Navy and who coached their Little League team.

Two Hold Lead In Milwaukee Play

MILWAUKEE (UPI)—Two "hungry" Texans, Fred Hawkins of El Paso and Don Massendale of Jackboro, both shot torrid, five-under par 65s today to take the second annual \$30,000 Milwaukee Open golf tournament.

Hawkins, 37, in his 15th year on the professional tour, had a low front nine total of 30, with five birdies, and came in with a par 35 on the back nine with one birdie and a bogey. Hawkins, a consistent money-winner in the past, hasn't had a finish in the top ten money in a tournament all season.

Massendale, 21, former Texas state amateur and Southwest Conference champion, turned in nines of 31 and 31, with two birdies and a bogey on the front nine and five birdies and the bogey on the back nine. Massendale has managed to win only about \$1,700 on the tour so far this year.

A total of 132 professionals and 11 amateurs teed off on the 6,410-yard, par 70 north hills country club course.

Liston Takes First Step In 'Cleanup'

DENVER—Heavyweight fighter Charles (Sonny) Liston has come to Denver to take the first step toward wiping out the suspension against him.

He was suspended by the Pennsylvania Athletic Commission after two brushes with the law.

Liston is the guest of the Rev. Edward Murphy, Denver Catholic priest, who had offered to befriend him and help him learn to read and write.

Father Murphy said Liston will stay with him at the rectory of Loyola Catholic Church for three or four weeks, until the fighter's wife, Geraldine, comes here.

Then the Listons will occupy a house nearby.

Liston commented in an interview today that publicity attendant on his suspension "hasn't done me any good, but it wasn't as bad as the newspapers say it was."

"People are easily led against you," he said, "and it's harder to get them to go along with you."

Liston said he still has hope of being reinstated as a fighter and then getting a match with champion Floyd Patterson.

"Patterson says it's the mob that keeps him from fighting me but there ain't no mob," Liston said. "I'm the only mob he's worried about."

Most birds move their wings in unison, but the swift beats its wings alternately.

Matches Set

QUANTICO, Va. (UPI)—Almost 600 of the top marksmen of the Army, Navy, Air Force, Marine Corps and Coast Guard will compete in the second annual interservice rifle championships here Aug. 7-9.

Titans Sign Powell

NEW YORK (UPI)—Art Powell, one of the leading pass catchers in the American Football league last year, has signed a 1961 contract with the New York Titans.

'The Floridian' Is One Of Long-Lined Idyllwilde Models

★ ★ ★

★ ★ ★

★ ★ ★

★ ★ ★

The New Sign Of Custom Comfort In Loch Arbor Area

★ ★ ★

★ ★ ★

A beautiful new subdivision of suburban homes now under construction just to the west of Ravena Park homes, by the Shoemaker Construction Co. hardly deserves the name of subdivision because of the unique individuality of the homes.

Three of the large, luxurious homes will be opened to the public for the first time Sunday at 1 p. m., when Idyllwilde Homes hold its grand opening for prospective homeowners, complete with refreshments and free pony rides for children.

Designed for suburban living, with every comfort and convenience, the Idyllwilde homes are completely air-conditioned with the famous Weathertron reverse-cycle heat pumps which control the weather inside the home, with fingertip setting for both heat and cooling.

The three generous-sized bedrooms have spacious vented door closets to resist dampness and mildew, with floor to ceiling folding shutter-type doors that can be opened the full width of the closets for easy access to hangers and shelves and each has its own overhead light for added convenience.

A family room, boon to the young family of several children for whom the Idyllwilde homes are designed, is a feature of each home in the new section. The convenient extra rooms, located in different places in each home, are of spacious size set close to kitchen or bedrooms, and away from the more formal living room area.

Two full-sized ceramic tiled bathrooms in each home are completely designed for ease of cleaning, some with built-in linen closets and some with adjoining dressing rooms. Each master bedroom has its own private bath and dressing area, and the other bath is located where it can be conveniently situated by the other two bedrooms or reached from the hall. Intriguing designs in the tile, which reaches completely to the ceiling in the shower and tub section, add a touch of special difference in each color-styled bath.

Formal living rooms, enhanced with eye-catching designs in brick, wood paneling or window treatment, make each home distinctive. Separate dining rooms, and large kitchens, with every modern convenience for the busy

housewife are features of each Idyllwilde home.

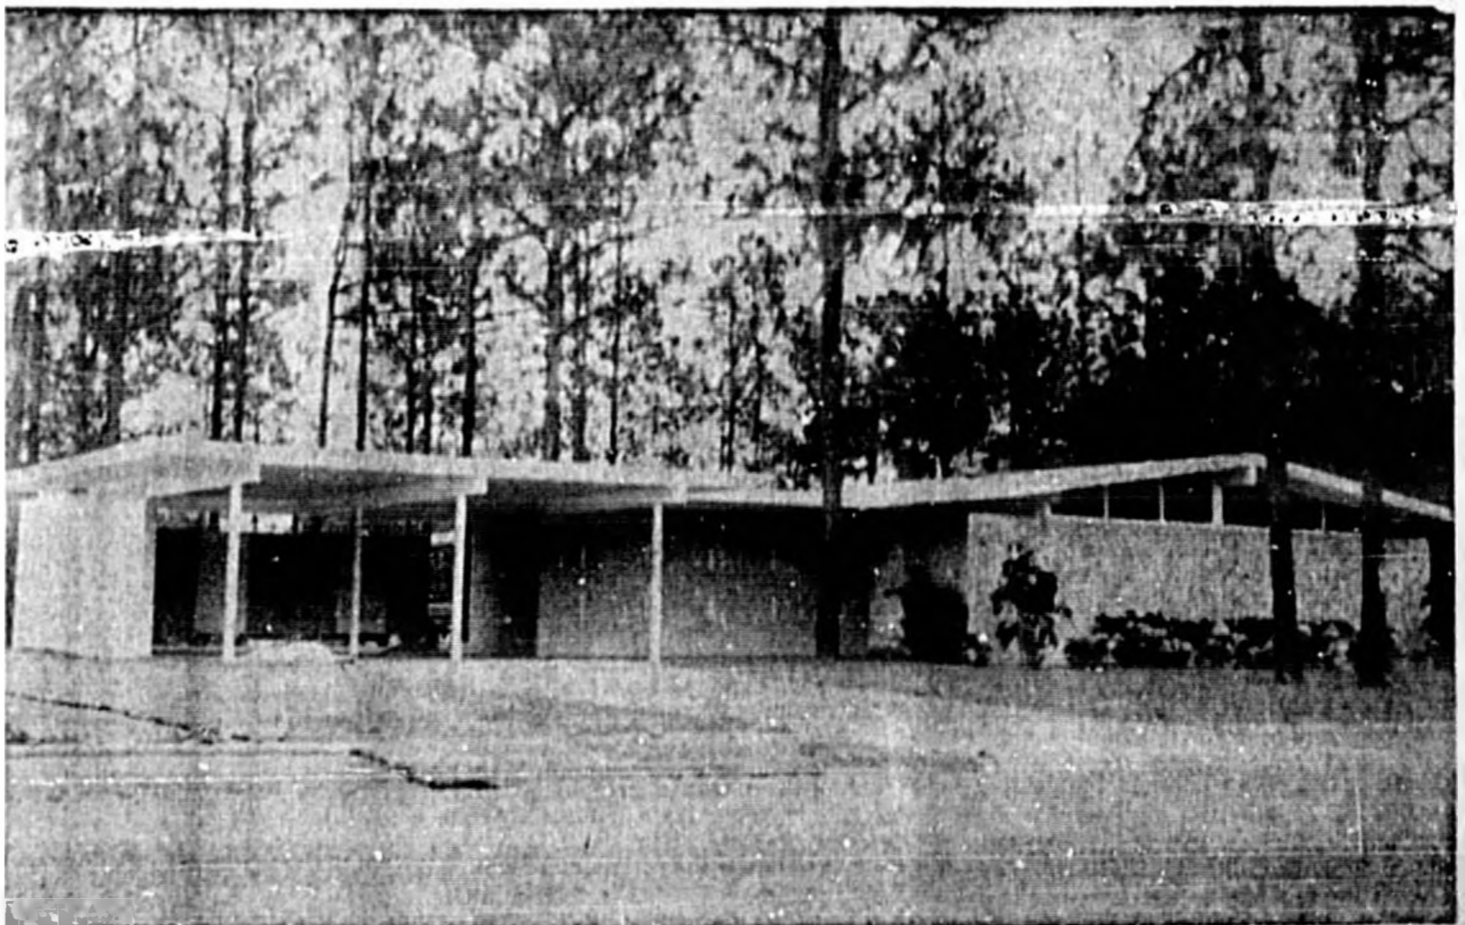

The very latest equipment in the kitchens of the homes tend to make the area a dream of the lady of the house who spends so much of her time there. Stainless-steel double sinks, with single handle mixer water faucets, table-top ranges, some set in middle-of-the-floor islands, built-in garbage disposal units, dishwashers and double doored, frost free refrigerator-freezers, all designed and color matched by General Electric, put every convenience at the hand of the housewife.

Solid walls of kitchen cabinets, broom closets and dish cupboards provide plenty of storage space in the kitchen, all with easy to clean Formica covered wood grained doors.

Double ovens, built into the wall at eye level, eliminate stooping and bending as the homeowner finds this standard equipment in the Idyllwilde homes. Plenty of lights make the kitchen pleasant, safe and convenient, with lights over the range and sink in addition to the ceiling lighting. Built-in telephone outlets also make an added point of time-saving efficiency.

'The Idyllwilde' Is Another Of The Stylish Models

★ ★ ★

★ ★ ★

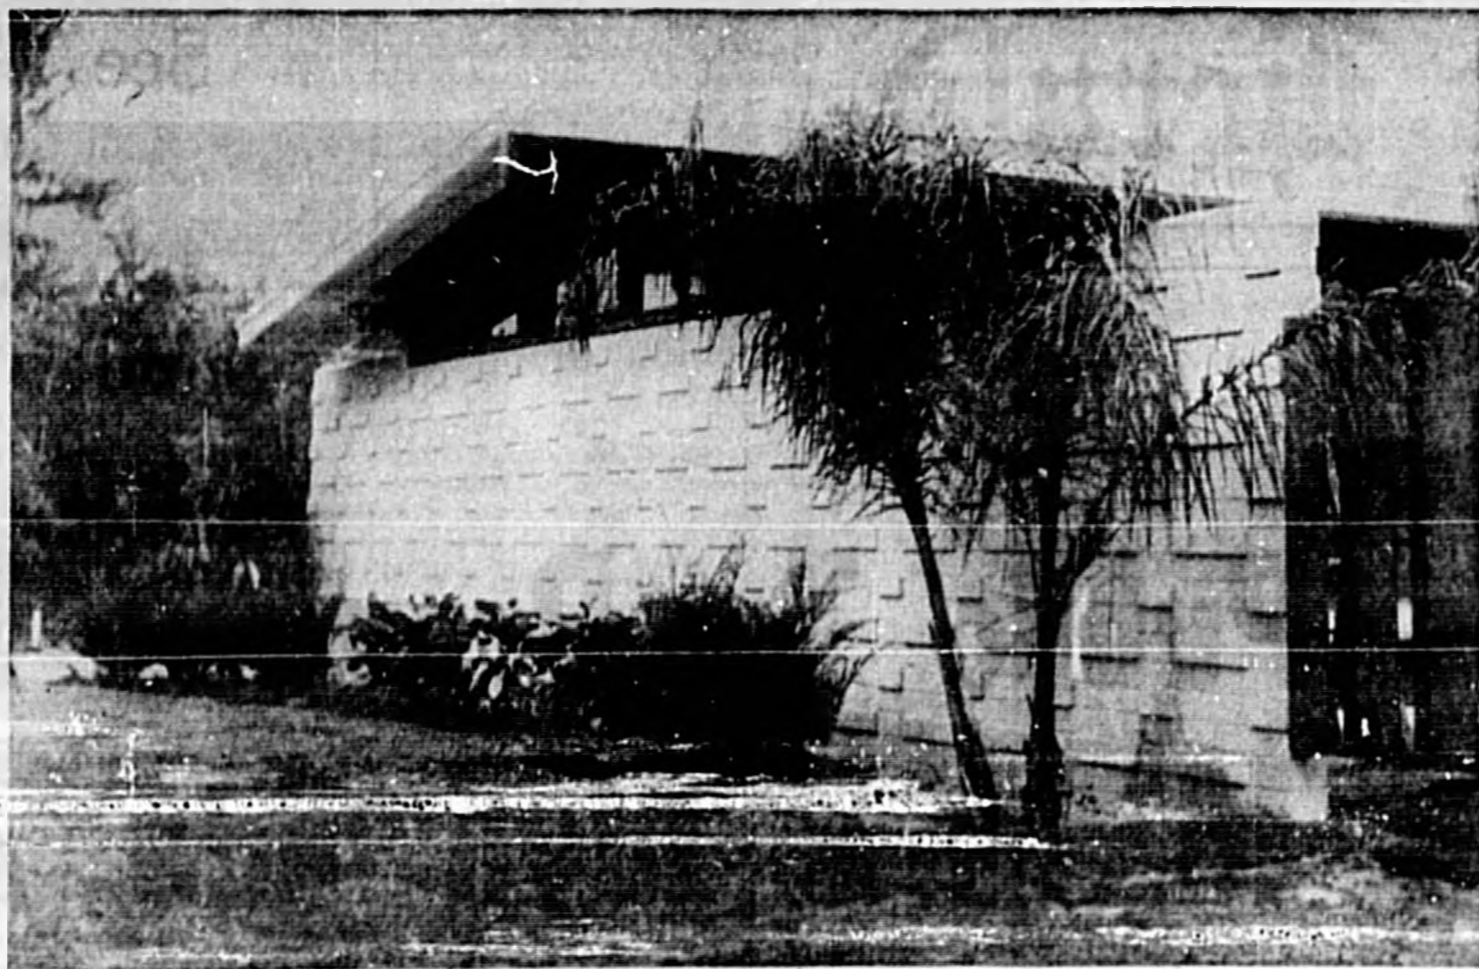

Free Pony Rides To Be Featured At Open House

Free pony rides for the children will be a feature of the Open House at the Idyllwilde Homes subdivision, when the three model homes are opened to the public, Sunday.

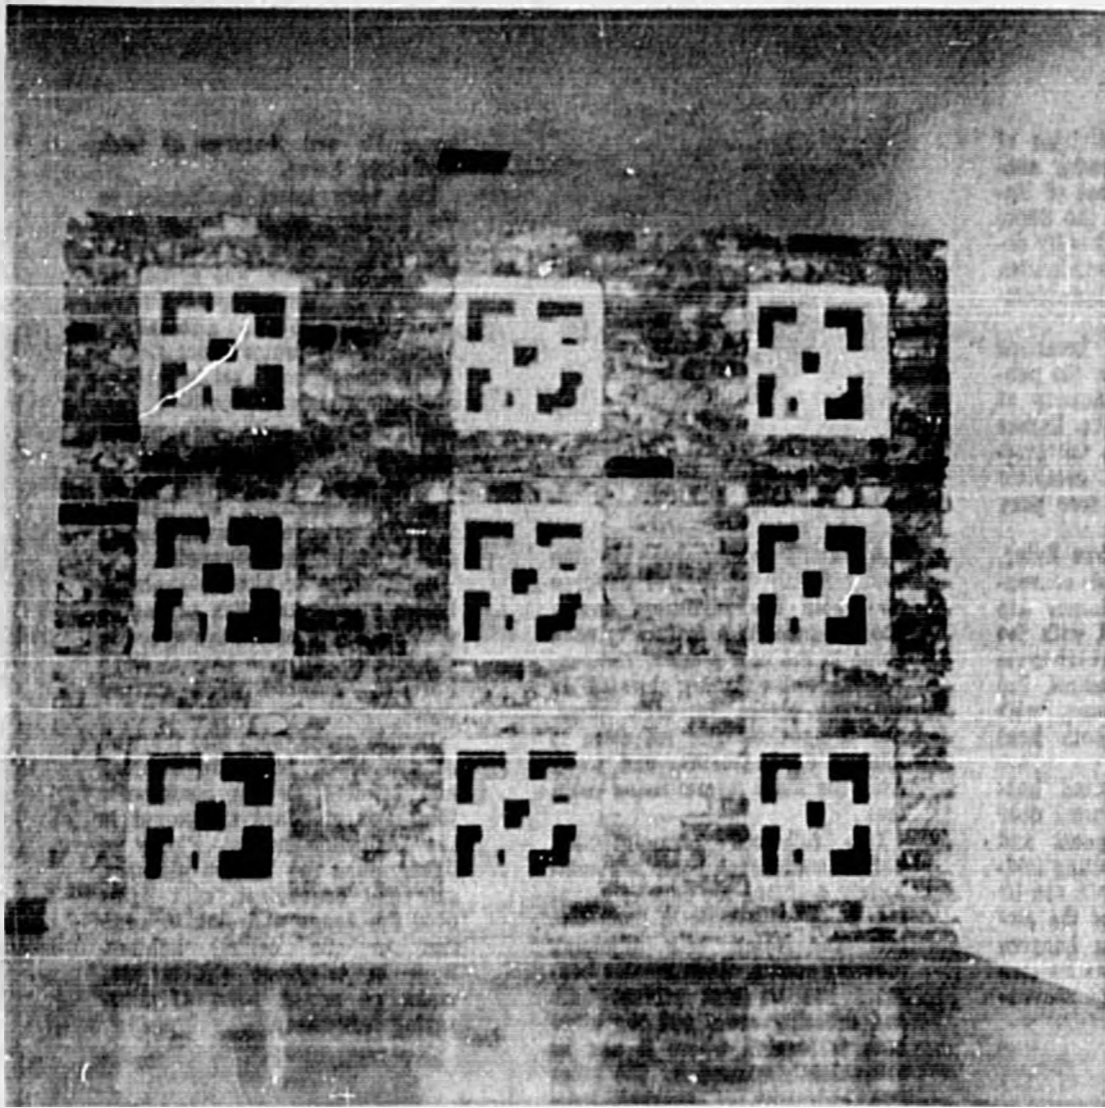

The ponies are from the Hide-A-While Stables in Sanford and are under the supervision of Mrs. Mary McKinney, owner.

While the children are entertained in this manner, prospective home-buyers and the interested public will have conducted tours through the beautiful new homes by the employees and representatives of the A. K. Shoemaker Construction Company, whose fine quality homes have become well-known in the central Florida area.

Free refreshments will be served at the site of the new subdivision, two miles west of Sanford, utilizing all the comfort, quiet and convenience of suburban living, only a few minutes from the downtown business area.

Materials Used In Varied Designs For Individual Styling

Entrance Hall Dividers Are Different From Usual

Shoemaker To 'Save That Tree'

"Not a single tree that can possibly be spared will be removed from the grounds of Idyllwilde homes," said A. K. Shoemaker Jr., whose Shoemaker Construction Co. is building the new suburban subdivision, two miles west of Sanford on Country Club Road. Located on rolling, wooded, rich ground, well drained by storm sewers and graded in pleasantly landscaped lots, shaded with a variety of trees, pines, oaks, and others, and enhanced with bearing orange trees, the Idyllwilde home section fits quietly into the shaded natural landscape of the countryside in the Loch Arbor area of Sanford.

Outside the homes, shrubs and

plants blend gracefully into the natural setting, and highlight the decor of each in its own distinctive style.

Keeping in mind that Floridians spend as much time outdoors as in, each of the new Idyllwilde homes has its own patio already built into the grounds.

Some are enclosed with redwood fences for greater privacy and carefully enhanced with attractive

plantings chosen with great care to suit the individual style of each home by well-known landscape artist, Mrs. Fred Ganas.

The winding drives which run through the Idyllwilde subdivision are 26-foot wide asphalt roads, with high Miami style curbs and wide sidewalks, laid well back from the road for the safety of children on tricycles and bikes or pulling or riding in wagons.

Kitchen Can Be 'Prison'

A kitchen can be a "prison" or a happy haven.

It's designed and appointed. A good kitchen takes the load off the legs and the mind of the mistress of the house. True, she's confined there most of her working day. But she won't experience a sense of confinement if the kitchen is right.

An efficient modern kitchen should be a kind of "catch-all," meaning that it helps the housewife do many tasks at once without incurring undue weariness over any.

To prevent claustrophobia, ample space is a "must" and she'll be spared considerable strain if she doesn't have to shuttle back and forth from one part of the kitchen to another. The proper antidote is concentration of the principal cooking, storage and washing facilities in a straight line along a single kitchen wall, sufficiently long to accommodate them all.

Frequently, there are occasions when the housewife is in no mood for the effort to transfer food into the dining room. Therefore, the well-appointed kitchen contains a small breakfast nook.

Don't Ignore Ideas To Ease Work Connected With Cook-Out Events

The back yard barbecue, cook-out or call it what you will is a popular summer institution that neither burned hamburgers, mosquitoes, flies nor ashes can dim.

If we're to spend a good part of our dinnertime outdoors this summer, ideas which will add to the enjoyment and lessen the work are not to be ignored. Here are some:

To simplify transporting dishes indoors—and preventing the over-helpful assistants from tripping in and out of the kitchen haphazardly stacking dishes all over the place—fill a pail or tub (a plastic baby bathtub is perfect) with hot soap or detergent suds and set it near the table along with wastebasket or can. After eating, scrape excess food into can, slip dishes into the suds-filled tub for a presoaking that will make it easier to wash them later. The tub can be put in the children's wagon for easy hauling indoors.

Break-resistant plastic and paper tableware are the usual choices for outings. New plastic tote trays with recessed compartments for foods and a beverage cup would be valuable additions to the outdoor service.

When you're feeding a crowd, don't overlook the usefulness of a colorful plastic dishpan. It can be used to serve quantities of corn, salad or potatoes.

duce their traffic in and out of the house, place a jug or pitcher of soapsuds and paper towels near the outdoor faucet.

Few refrigerators are large enough to accommodate the food such as deviled eggs, salads, watermelon, ice cream, here the food is prepared for a community snacking. To keep these perishables cold, use cooler chests and ice cubes or the reusable canned ice, previously frozen in the freezer. Cooler chests can be placed close to serving table so that food is kept chilled until the last minute.

Coolers and vacuum jugs develop stale and musty odors. Wash thoroughly after use, clean and store them open.

An intriguing idea to try if you have an aged lamp shade to give to the project: cover the bare metal frame with white or unbleached muslin to serve as a "tent" over platters or bowls, protecting the food from insects. Muslin is tacked to the frame with long basting or overcasting stitches and the top is finished with a drawing casing.

TOP SPORT
NEW YORK (UPI) — Fishing is the nation's number one sport topping both golf and bowling. An estimated 30 million fishermen are expected to spend some \$250 million for tackle in 1961 and \$2 billion on transportation, lodgings, clothing, etc.

Homes To Be Completely Furnished For Opening

Visitors to the new Idyllwilde Homes subdivision open house Sunday afternoon will find the model home completely furnished and equipped to provide a realistic vision of the homes' distinct livability.

All the furniture, lamps and equipment used in the model home is from the Furniture Center at 1100 French Ave. in Sanford and was chosen to suit the style of that particular home by Hugh Grier of the Furniture Center, with the assistance of Shoemaker's office manager, Mrs. Ruth Bilhimer, who coordinated the color styling and accents.

The attractive floor to ceiling draperies that enhance the wide windows, window-walls and sliding glass patio doors in the model

home were made by Mrs. Henry D. McQuatters of Sanford, with materials from the large selection at the Fabric Bargains Shop in Orlando.

Heavy duty traverse rods, which carry the draperies were purchased and installed by the Senkrik Paint and Glass Company of Sanford.

TIN ANTIQUITY
NEW YORK (UPI) — Early American tinware, widely collected by antique lovers, was first made in the United States in Berlin, Conn., in 1728. Founders of the tinware industry, reports the New York Antiques Fair, were two brothers from County Tyrone in Ireland. Berlin soon became the center of the thriving tinware industry and remained so until 1850.

Medallion Means 'Superior' Quality

The symbol of the Medallion Homes, a nationally-known sign of superior quality in construction

Garbage Disposal Hints To Aid New Homemakers

NEW YORK (UPI)—Rule number one in the care and feeding of garbage disposers: no pop bottles. Strange as it may seem, someone, somewhere, got the idea that a pop bottle now and then in the garbage disposer would help keep the shredding elements clean. The word spread, and now, from all parts of the country, come reports of difficulties.

Pop bottles do grind up nicely, but they have a tendency to eat away the shredding elements and, sooner or later, are bound to give you sewer line trouble. Far better for garbage disposers is an occasional diet of bones.

Some other tips for disposer owners come from Ernest J. Priault, national service manager for one manufacturer In-Sink-Erator Manufacturing Co., Racine, Wis.).

—Always use cold rather than hot water when the disposer is in use. Cold water compresses grease into globules that easily are flushed down the drain pipe. Hot water creates a slimy substance that tends to coat pipes.

—Never put lye or other chemical drain cleaner through the disposer. If you have a second kitchen sink bowl, that's where the drain cleaner should go.

—Turn on a full-flow of cold water before you start the unit, and allow the water to run for 10 to 20 seconds after the unit has stopped.

—Do not put abrasives such as glass or metal into the disposer. Paper napkins and cigarette butts (non-filter) are safe as long as they are mixed with other waste. Newspaper and other hard papers belong with the rubbish.

—When introducing a large amount of food waste, feed it in a steady flow not all at once. It's also a good idea to cut up melon rinds and corn cobs.

gram "Live Better Electrically."

Medallion Homes have full "housepower" and adequate wiring, at least 1-ampere entrance service and a minimum of electric circuits within the house with ample outlets and switches for present and future needs.

The home-buyer always knows also that the Medallion Home has a functional grouping of appliances in the kitchen and laundry area, and in the heating plants.

Lighting is planned for practical living in work and leisure as well as the finest in decorative attractiveness.

The Medallion Home program is now an established and recognized quality effort to advance our mode of living through standards of electrical excellence in the home.

Shoemaker Construction Company of Sanford is one of more than 5,000 building firms in the United States which have earned the right to display the Medallion Home symbol.

Custom Kitchens Are Finest Available, Outstanding In Looks

Cabinets, Cupboards Are Tailored To Houses

Garage, Carport Areas Are Large

Today's family very often finds two cars necessary to provide convenient transportation for both the breadwinner and the homemaker, each of whom has need of constant use of an automobile for the traveling needed in the busy life of the family.

The new Idyllwilde homes have provided for modern living, each home having a two-car garage or carport, with inside entrance doors or covered walkways for easy access into the house, well-lighted, and with overhead ceilings completely finished for ease of care and making each an extension of the styling of the main wing of the home.

Easily controlled overhead doors swing upward in the enclosed garages and the large concrete area can double as playroom on rainy days, work shop for do-it-yourself projects, or even for a generously-sized entertainment area for large parties and dancing.

Driveway lamp-posts at the sidewalk near the street give safe and convenient lighting for visitors when they call at night.

Ideas On How To Avoid Those Blazing Summers

In Idyllwilde ...

Notice the ultra-modern bathrooms with fixtures by Kohler, in color and white—with dial shower control.

Also stainless steel kitchen sinks—all furnished and installed by.

Architect Can Be Best Friend

The home buyer's best friend can be his architect.

Instead of costing you money, he can save it. He will see to it that you get the best materials for the best price. He will know how to use space properly.

For instance, an architect will often specify use of ceramic tile in many areas of the home, particularly kitchens and bathrooms. He knows that quality materials like this are actually cheaper because they last a lifetime and save considerably on maintenance. Real tile needs no waxing, polishing or refinishing.

A good architect will advise you on the proper decor and colors to suit the style of some you have in mind.

And if you select your home from a "stock" plan be sure to determine if the agency that furnishes the designs employs architects. It has been found that some of these plans are amateurish and inferior in design and their specifications are incomplete.

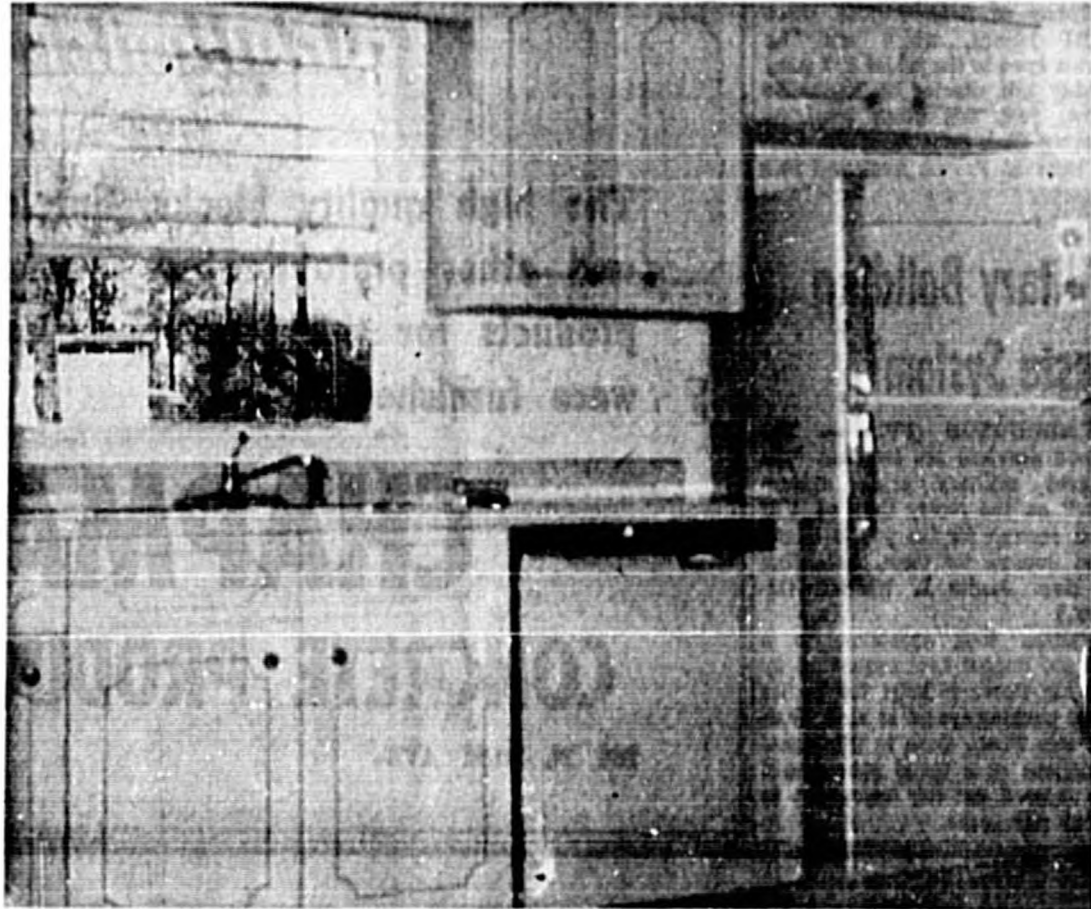

Another pitfall in selecting a stock plan is that the announced finish cost might be unrealistic or might have been scaled down by the specifying of inferior materials in crucial areas of the home. Be sure to check the entire construction against prevailing costs in the area in which you plan to build.

SHOES AND YOU

NEW YORK (UPI)—Shoes and feet should be kept dry as a matter of foot hygiene. Shoes that are wet from weather or perspiration should be allowed to dry thoroughly away from artificial heat before they are worn again. The National Shoe Institute said that if shoes are stuffed with tissue paper while drying, they will be less apt to develop irritating wrinkles and will keep their shape longer.

DIAPER CHANGE

NEW YORK (UPI)—Three-cornered pants almost are in a class with the buggy these days. Though still called three-cornered pants, most diapers used today are either pre-fold—rectangular—or contoured in a kidney-shape to fit baby, reports the Diaper Service Information Bureau.

Appliances Are Fitted In, Counters Are Formica

Carpeting Important Home Feature

CHICAGO (UPI)—What's the difference between a canister model vacuum cleaner and an upright, and which should the bride select?

According to the Eureka Home Care Institute, the choice should depend both on the carpets and where they are—in a house or apartment.

Canister models are recommended for two-story and ranch homes where there are carpeted stairs or wide expanses of hard surface flooring between carpeted areas. Lightweight and mobile, the canister models are easily carried up and down stairs and from one carpeted area to another.

Upright models, on the other hand, are the better choice for homes with large expanses of carpeting, the Institute advises. The uprights are designed to do a big job faster and more thoroughly, foot by foot.

The Institute recommends vac-

uuming shag rugs with a special attachment, available with most canister models. Design of the attachment keeps it partially lifted above deep carpet pile, while it cleans by powerful suction.

Other types of carpeting with short or medium pile—wool, nylon or cotton—need no special care and can be vacuumed equally well with a canister or up-

right model.

The experts also advise vacuuming new carpets daily with either model to remove the short fibers in the pile yarn that shed or "fluff" for a short while.

Whichever model is used, vacuum slowly, going back and forth several times, and making the last stroke in the direction of the carpet pile for best results.

Up-To Date

One of the most outstanding conveniences of the new Idyllwilde homes is the built-in intercommunications system, with its control panel in the kitchen.

The unit, built right into the wall of the kitchen, serves both as a speaker to any room in the house and also as a radio in each room, for the built-in radio can be controlled by a fingertip switch in any

room to provide music, or for two-way communication, saving many a step for the busy homemaker, as she keeps track of her equally busy family.

—Don't worry about fruit pits or bones. They may make a little more noise, but disposers are designed to take care of them. Just make sure the bones are not too long for the depth of the disposer.

Chamber To Ask Big Budget Boost

The Seminole County Chamber of Commerce plans an increase of almost \$10,000 in its proposed budget for 1961-62, it was learned today.

Chamber officials plan to ask the city and county to increase its share of budget appropriations from \$10,000 to \$15,000 each.

Officials plan to ask the city for the added money at the City Commission meeting scheduled for 8 p. m. today.

The proposed 1961-62 budget has been estimated at \$42,775, as compared to \$33,000 last year.

The chamber hopes to increase the salaries of its employees from \$13,709 to \$14,500; auto expenses from \$2,100 to \$3,300 and advertising from \$1,000 to \$1,500.

The chamber also plans to increase the funds for the armed forces from \$300 to \$1,000.

Chamber officials plan to cite the progress of the organization at the City Commission meeting tonight.

The chamber also hopes membership for the new fiscal year will bring in \$12,000.

State Threatens Legal Action Against Sanford

The State Board of Health Sunday instructed its State Health Officer to write Sanford saying the board will take legal action if the city does not provide an approved sewage disposal system before laying any more sewers.

The City Commission, meeting in regular session tonight, is expected to answer the advisory from the state.

State health officers already had named city officials that no more sewer can be laid without an adequate treatment plant.

However, Sanford already has started paving the way for a treatment plant with the hiring of engineers to draw up preliminary plans and specifications for the plant.

In other business, at the state health meeting Sunday, Dr. Eugene J. Peak Jr. of Ocala was elected president of the board succeeding Dr. John D. Milton of Miami.

City To Hear Request For Cost Of Living Boost

The City Commission, at its regular meeting tonight, will be presented a request for cost of living increases for all city employees.

All city employees were given a slight cost of living increase last year.

Records at City Hall today revealed that of the 107 city employees, exclusive of firemen and policemen, 82 earn less than \$300 per month.

The top six earning above \$400 or more are the finance director, public works director, planning and building official, parks and recreation director, assistant finance director and street superintendent.

A breakdown of the monthly salary classification shows that 29 employees earn from \$174 to \$200 per month; 25 earn from \$201 to \$250; 26 earn from \$251 to \$300; six earn from \$310 to \$350 and 10 earn from \$351 to \$400.

The meeting is scheduled to begin at 8 p. m.

UN Secretary Speeds To Tunis

TUNIS, Tunisia (UPI) — United Nations Secretary General Dag Hammarskjöld sped on a peace mission to Tunisia today amid reports that a French warship was unloading new troops reinforcements near battle-scarred Bizerte.

Tunisian sources said that reinforcements were being put ashore at Cape Bizerte, three miles northwest of Bizerte. The report could not be confirmed immediately.

In Cairo the Arab League council decided today to extend all effective material and military aid to help Tunisia "by all means to liberate all its territory of French troops." The council agreed to send a first group of volunteers to Tunisia "in a matter of days," with others to follow soon afterward.

Hammarskjöld flew toward Tunis via Zurich and Rome to try to arrange peace between Tunisia and France before new fighting can break out over the disputed Bizerte naval base and the Sahara.

"A Tunisian government official, meanwhile estimated that almost 1,000 Tunisians were killed in the battle of Bizerte and that many others were injured.

Kennedy To Spell Out Berlin Move

WASHINGTON (UPI) — President Kennedy returned to the White House today, prepared to spell out to the American people his decisions on how to meet the Communist threats in Berlin and elsewhere in the world.

The President, who spent a weekend with his family at Cape Cod, arrived by jet plane at Andrews Air Force Base then took a helicopter to the White House.

Kennedy had no official calling list for the day. During the weekend at Hyannis Port, he spent some of the time relaxing but also worked on the key decisions he will announce this week.

Bowles On Trip

WASHINGTON (UPI) — Undersecretary of State Chester Bowles left today for an 18-day trip to confer with U. S. Ambassadors in Africa and Asia.

Request For Cost Of Living Boost

The City Commission, at its regular meeting tonight, will be presented a request for cost of living increases for all city employees.

All city employees were given a slight cost of living increase last year.

The top six earning above \$400 or more are the finance director, public works director, planning and building official, parks and recreation director, assistant finance director and street superintendent.

A breakdown of the monthly salary classification shows that 29 employees earn from \$174 to \$200 per month; 25 earn from \$201 to \$250; 26 earn from \$251 to \$300; six earn from \$310 to \$350 and 10 earn from \$351 to \$400.

The meeting is scheduled to begin at 8 p. m.

U. S. Plane Forced To Fly To Cuba

MIAMI (UPI) — An Eastern Air Lines plane carrying 33 passengers and a crew of five was forced to land in Havana today after a routine Miami-Tampa run was forced at gunpoint today to fly to Havana where Fidel Castro is getting set for a national celebration.

The pilot of an Eastern Air Lines plane carrying 30 persons on a routine Miami-Tampa run was forced at gunpoint today to fly to Havana where Fidel Castro is getting set for a national celebration.

commandeered after leaving here today and forced to fly to Havana.

The Miami control tower said the plane, a prop-jet Electra, landed safely at Havana's Jose Marti airport.

"The ship was commandeered," an Eastern spokesman said.

The plane, Flight 202, departed Miami at 9:05 a. m. and was on the ground at Havana by shortly before 11 a. m., the control tower said.

"We don't have any details right now," a spokesman at the tower said.

J. DAN WRIGHT of Sanford has been elected chairman of the board of Florida Orange Marketers Inc., succeeding J. J. Parrish of Titusville. Wright is a former chairman of the Florida Citrus Commission.

news... BRIEFS

Proposes Food Bank

WASHINGTON (UPI) — Sen. Alexander Wiley (R-Wis.), has proposed establishment of a national food bank.

Wants Blue Cross

CHICAGO (UPI) — Walter James McMorney of the University of Michigan, has been named president of the National Blue Cross Association.

New Group Head

LAFAYETTE, Ind. (UPI) — Mrs. O. Ivan Cole of Cincinnati, Ohio, has been named president of the International Christian Women's Fellowship.

Polygamy Hit

CONAKRY, Guinea (UPI) — Polygamy was branded the worst enemy of African womanhood at a conference here this weekend. Imperialism came in second.

Coral

GREEN COVE SPRINGS (UPI) — Vincent Henderson, 13, died Saturday after being bitten by a Coral snake he found while mowing a lawn.

Integrated

FORT LAUDERDALE (UPI) — The first large-scale move to integrate the public beach at Fort Lauderdale came peacefully Sunday.

Hawkins

GAINESVILLE (UPI) — Funeral services were scheduled at Holy Trinity Episcopal Church Tuesday for Dr. J. E. Hawkins, head of the University of Florida Department of History.

Worried

ORLANDO (UPI) — Georgia State Rep. Alpha Fowler said Saturday night Georgia is worried that other states may pass laws similar to Florida's poultry inspection and tagging law.

Cooper

CORAL GABLES (UPI) — Dr. John A. D. Cooper, associate dean of Northwestern University Medical School, will take over this fall as dean of the University of Miami School of Medicine.

Talks Begin

WASHINGTON (UPI) — National Guard property officers began a two-day meeting here today to discuss handling of federal equipment in case the guard is mobilized for the Berlin crisis or a later emergency.

Most Valuable

ST. PETERSBURG (UPI) — Sen. Verle Pope of St. Augustine and Rep. John Mathews of Jacksonville were the most valuable legislators this year, the third time Pope has won the honor.

Breaking Point

TALLAHASSEE (UPI) — Gov. Farris Bryant wired President Kennedy Sunday that relief projects for Cubans in Florida "are strained to the breaking point." Bryant asked for a meeting with the President or with federal officials to discuss shifting the refugee burden to other states.

Hoffa A Threat

MACOMB, Ill. (UPI) — Teamster Union boss James Hoffa has ranked fifth in a Western Illinois University student poll to select the man "most dangerous to the security of the United States." Cuban Premier Fidel Castro finished first in the poll, followed by Red China's Mao Tse-tung, Soviet Premier Nikita Khrushchev and the United Arab Republic's Gamal Abdel Nasser.

Howling Anna Hits Honduras

MIAMI (UPI) — Hurricane Anna sent its 85-mile-an-hour winds howling into Southern British Honduras today and began to weaken over the Central American country's rough terrain, the Miami Weather Bureau reported.

In an advisory issued at 11 a. m., the bureau said Anna moved into the mainland in the Mango Creek area about 10 miles south of the capital city of Belize. It was expected to keep a general westerly course at about eight miles per hour before breaking up in the mountains later today and tonight.

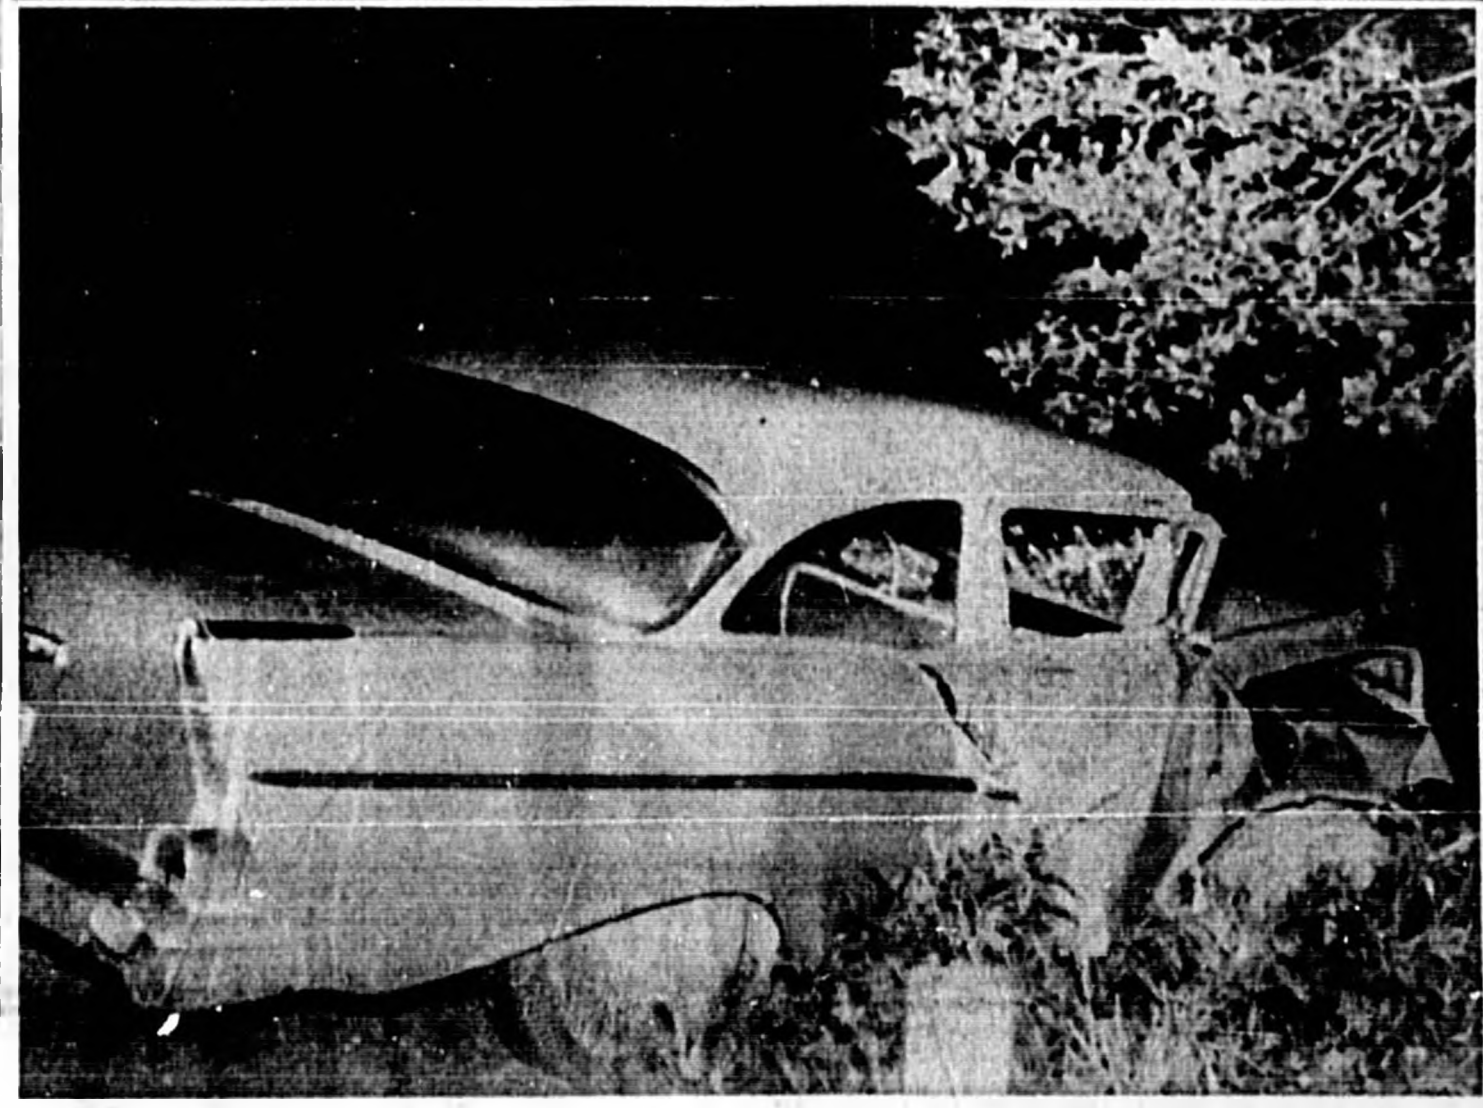

The advisory pinpointed the storm's center near latitude 16.5 north, longitude 89.0 west. It said the season's first hurricane started to slacken in intensity shortly after moving over land. Winds dropped to

75 m.p.h. but squalls extended outward between 80 and 100 miles.

The bureau said the 11 a. m. advisory would be the last to be issued.

"Heavy rains will continue in the storm area today and tonight," the bureau said, "with flash floods likely in hilly and mountainous areas of British Honduras along the coast today but small craft should remain in safe harbor until seas subside."

Anna blew up from an area of low pressure in the Caribbean on Thursday. Its center had not touched any of the Central American mainland until today, although it wallowed just off the coast of Honduras Saturday and Sunday.

A 20-YEAR-OLD Apopka man escaped serious injury when his car slammed into a concrete bridge on SR 419, five miles north of Oviedo early Sunday. The driver, Donald Arnold, was charged with driving while intoxicated and taken to Seminole Memorial Hospital and treated for cuts and bruises.

6 Die On Roads; 1 In Seminole

TALLAHASSEE (UPI) — A head-on collision on U.S. Highway 1 in Brevard County Sunday killed three persons for the worst accident of a weekend that saw at least 12 accidental deaths.

Six were killed in traffic accidents, four persons drowned, a youth was electrocuted and another boy died from a snake bite.

The Highway Patrol identified the victims of the collision near Sharpes, 3.6 miles north of Cocoa, as Roland John Galinas, 32, Patrick Air Force Base; a companion, Jane Mary Spangler, 36, of Cocoa Beach; and Mrs. Doris Meyers, 53, of Wyoming. Mich. Charles Bloodworth, 16, killed Sunday when an automobile struck the bicycle he was riding on State Road 201, four miles north of Orlando in Seminole County.

Eddie Green, 55, Wauchula Negro, killed in a two-car accident Sunday four miles south of Wauchula at the intersection of U.S. Highway 17 and State Road 64.

Frank Hossy, 74, a pedestrian, was killed Friday night when struck by a car a mile east of Orlando.

Drowning victims were William D. Foster, 48, and Ernestine Moss, 21, both of Miami, who drowned when their boat upset on a canal in North Dade County Saturday.

4 Churches Vandalized; Police Hunt Clues

Sanford police today started an extensive search for clues into four church breakings that occurred Friday night, Police Chief Roy Williams reported.

Chief Williams believes that the breakings were done by different persons and said there were no connections between the crimes although they happened within hours of each other.

Among the churches vandalized and broken into were All Souls Catholic Church on Oak Ave., First Presbyterian Church at 301 Oak; First Methodist Church, 519 Park Ave. and Holy Cross Episcopal Church on Magnolia.

At the Episcopal church the coke machine was broken into and about \$2 taken.

4 Churches Vandalized; Police Hunt Clues

At the Catholic church, three candle offering boxes were broken into and the donation box lifted.

Only vandalism was reported at the other churches.

Move Underway To Get Milligan

TALLAHASSEE (UPI) — A move is quietly underway to replace State Democratic Chairman James M. Milligan. Gov. Farris Bryant is spearheading it.

Milligan, 37, an Orlando hotelman, has held the job since 1951. His term runs out next year.

Bryant has not openly criticized Milligan. Asked at a recent news conference if he liked the way Milligan was doing his job, the governor replied merely, "well, he was duly elected."

Dissatisfaction with Milligan has apparently been building for some time, although he won handily over two active opponents in his last race in 1958. Gov. LeRoy Collins spoke against him at that time but made no strong move to defeat him.

Bryant and other top Democratic office holders have apparently not settled on any particular man to replace Milligan. Monroe County Sheriff John Spottswood is said to have some support, but he has made no comment that he wants the job.

Bryant, Cramer Quarrel Renewed

WASHINGTON (UPI) — The quarrel between Gov. Farris Bryant and Rep. William Cramer over extension of the Sunshine State Parkway flared anew over the weekend with another salvo from Cramer.

The Republican congressman challenged Bryant to get a written commitment from the Bureau of Public Roads that an inter-state highway from Daytona Beach to Fort Pierce would be built even if the turnpike is extended from Fort Pierce to Orlando.

Tore Bible, Eichmann Says

JERUSALEM (UPI) — A white-faced, exhausted Adolf Eichmann ended five weeks as his own sole defense witness today with an admission that in a fit of anger he once grabbed a New Testament from his wife and tore it to pieces.

"If I were infallible I would not have done this," Eichmann told the startled Jewish court trying him for mass murder.

A few minutes later, Presiding Justice Moshe Landau released Eichmann with the words, "You now have completed your testimony."

East Germans Pour Into West

BERLIN (UPI) — An estimated 10,000 East Germans poured into West Berlin Sunday for a Protestant church rally in defiance of their Communist rulers. Many decided to stay.

The East Germans joined 70,000 other West German faithful in a mass meeting ending a five-day evangelical church rally in West Berlin's giant Olympic Stadium.

School Building Funds Approved

TALLAHASSEE (UPI) — The Board of Control has approved immediate use of \$21 million in construction funds for universities, but decision on the priority of another \$16 million in building proposals is expected to be delayed another month.

The Cabinet Budget Commission must okay all the building budget. None of the board's money requests have gone before the Cabinet yet.

The mammoth building budget includes \$5.3 million which the Legislature provided to start on the new state university at Boca Raton. Topping the list is \$85,000 for working drawings of the buildings.

The board voted last week to seek that money, along with \$1,850,000 for a classroom — office-laboratory building at the University of South Florida, and \$200,000 for extension of utilities at the same school.

Soviets Say U.S. Using 'Spy' Satellites

MOSCOW (UPI) — The Soviet Union army newspaper Red Star charged Sunday that the United States was using space satellites to spy on the Soviet Union.

The official newspaper said the flights of U. S. reconnaissance satellites over territory of other nations "is an act of aggression."

CAPE CANAVERAL (UPI) — Russian travelers equipped with radar apparently took an electronic "eye" on the space flights of two American astronauts — but they may have been just

wasting their rubles. United Press International learned Sunday that at least one Soviet ship, heavily decked out with electronic gear, was on station near the target zone off Florida's east coast for each shot.

It compared the satellite operations to the espionage flights of the U2 planes which led to the collapse of the Paris summit conference last summer.

Red Star said the new satellites showed that "the Pentagon has not given up earlier outlined plans

of spy measures aimed against the socialist camp."

"No matter at what altitude the spies are flying," Red Star said, "they remain spies."

The two satellites, launched July 12, are Midas III and Tirox III. Both periodically pass over Russia, with the 2,500-pound Midas making passes over the Soviet rocket launching area near the Aral Sea.

Midas is the forerunner of a satellite system designed to detect the hot exhaust of a missile launched anywhere in the world

and to give almost instantaneous warning.

Red Star said that after having failed in espionage by means of aerial intelligence, the military leaders of the United States persistently are using outer space for that purpose.

The United States contends that because there is no international agreement defining the rights of space that it is permissible to launch civilian or military satellites that pass over another nation's territory.
