# **Sanford Legion Nine Eliminated From Wachula Tournament**

# The Sports Register

## By KENT CHETLAIN

By KENT CHETLAIN WAUCHULA Aug. 0 -- ISDECIAL AT A raining in this little citrus, cattle and farming hamlet of 3,600 souls. The gloony weather makes it all the more so after Sanford's 4-1 defeat this morning to Key West... The boys are unusually quiet trying to adjust themselves That same stark and life on the field, which has carried this is and it might have used Junior Mett's sudgen departure. The "Whis Kids" were the "whistess" kids this morning to Sanford could have used Junior's big hat in two innings this morning if all might have apelled the difference. Sanford is the singled the difference. Sanford is the single differe

Sanford is the smallest community represented in the State of Tourney here and this morning's crowd of 100 was predominately tro tooting for the Seminole Countiens.

It is encouraging to the kids to have such a fine following such as suddenly popped up at the games last night and this morning ... Numbered among them are Mr. and Mrs. Runeit Strickland and Mr. and Mis. Theo Pate ... their son, Harold, is the Legion team manager ... Mr. and Mrs. Hamilton Biabee, who have been staying in Sarasota, are making the trip over for each game .... Ernest Beully owner of the Day and Night Grill in Santord, made the long term is vain last night... trip in vain last night . . .

Bill Fleming, who began this summer coaching the Junior Legion, and Pate Brock showed up for the morning game . . . Billy Bertelaon ACL yard clerk, was here too . . . J. W. Thrailkill, former S. nfordite who lives in Wauchula now, was rooting for Manager Al McMillan's chrages, as was Earl Rumb-ley, another ca-Sanfordite now residing in Wauchula . . . Rumbley is the Labor communication.

the Legion commander here. The Junior Legion contingent consists of Coach McMillan, assis-tant coach John Krider, R. Z. Johnson, Legion manager, and his two sons, Hohby and Billy

Bubba Blabee, Johnny Jones, Ed McCall, James Davis, Stanley Katz, Jimmy Hawkins, Robert Samuel, Jummy Wade, Randy Reynolds, John Clarks, and Jimmy Krider.

The accommodations here are next to nothing . . . When Stanley Katz emerged from his room, from which the two windows face a colid brick wall, he said. "It's not so had fellows-every so often you a breast through the bricks."

## Fain Says 'No Art Aragon Eyes More Fighting' Gavilan Battle

Inglon, charged cost him six teeth in a flair of fisticuffs with Fain Sunday in a Maryland inn. Judge filed a 350,000 sull against Fain. Philadelphia physicians sold fain information will sidentico him for ito days to three wirks. Manager Paul Richards siresdy had fined fain three days' pay for violation of training rules. The White Sox manager said rookie Bob Boyd will continue to play first base for the club during Fain's abrance. Fain, of course, will miss the vital four game sories between the Sox and the league-leading Yankees which opens in New York tomorrow

Building news in Sanford is reaching a new high these days with many new structures now with inany new structures now under construction and others being modernized. Such activity is the sign of a healthy, developing community. Next month the new Atlantic Coast Line railroad station will be operating and also next month three businesses will move into the new Barks-Williams own-ad building at the course of kirst ed building at the corner of First Bt. aud Oak Ave. The same two men are also renovating the old structure at the corner of Palmetto Ave. and Second St. for office use. Now Perfection Delries have an nonced plans to take over a building across from the Park Ave. Fraller Court as Sanford headquarters, Renovations are pro-ceeding on schedule at Fenney's. These and many other items are indicative of the great activity in this City. As a parting comment, note the construction of the new Southern Chemicals building and conversion of the Crown Paper Co. building for use by Brookfield Milis.

. . . Belle Grantham of the County Agent's office in the Court House as resumed her former duties as editor of the Celery Heart, monthly publication of the San-ford Business and Professional Woman's Club. CONSTRUCTION OF THE new three-store unit shown above is progressing according to ache-dule at the corner of Frist St, and Oak Ave, Dr. Orville Harks, co-owner with Fred Williams, an-nounced today. The Sanford Lindleum and The Co. will orcupy the unit at the corner while Pur-cell's will more from across the street to become established in the center store. Western Union will take over the unit next to the First Federal Bavings and Loan office. The tile company is a new comer to Sanford and is being established by Sal Abramson of Flushing, New York. The Western Union with shift from its present location on Park Ave. Occupancy is exacted early next month. next month

Photo by Kirshner/Raymond Studio THIS IS THE view people are getting thean days of the new Atlautic Coast Line railroad station as they approach along the still-under-construction access road. Company officials have indicatcol that the grand opening will be sometime next month. The \$185,000 modern edifice will be the only railroad station in the southeast section of the country which is completely air-conditioned. Predsimmon St., the last street within the City limits, will constitute the north-south connection road-way to the new station. Tracks have been diverted about a mile further west to lead into the station, which has combined passenger and freight facilities. What disposition will be made of the old headquarters on Ninth St. is not yet known.

Not many people would hesitate in naming the car they feel belongs in that inviting driveway.

It's the entrance to a fine Amarican home, with a tradition of gracious living behind its handsome pillars—and the car which so obviously belongs before it is a Casillac.

But here is a fact which it is important to remem-ber — a Cadillac likewise belongs in the driverpays of millions of other American homes which are for more modest than the beautiful structure shown in the illus-tration above. For it is practical, as well as thrilling, to own a Cadillac.

Listen, if you doubt it, to these amazing and significant facta:

-shere are twenty-two models of other makes of American instor cars, which actually cost more than the lowest-priced Cadillac!

-a Cadillac will actually run farther on a gallon

Corner Second and Palmette

of gasoline than numerous cars which are built and sold primarily for economy!

- a Cadillac is so dependable and long-lived that it is just about as economical to service and maintain as any car you could buy.

-and, finally-according to authentic used car evaluations-a Cadillac may be expected to return a greater percentage of its cost at the time of resale than any other car built in America.

In view of these significant facts, don't you think you should consider a Cadillac for your ariveway? Whether you live in a mansion or a house designed for easy living-a Cadillac belongs.

You can buy a Cadillac for prestige and glamour -or you can buy it for economy and common sense. And whichever you buy it for, you'll get all four. Better come in and see us today. We'll gladly give you the facts and a demonstration.

# **Commission Has Tough Decisions**

future.

They are going to have to decide how to

## Earlier Panmunion

.

The truce negotiation at Panmunjom are not the first instance of the Communists' using peace talk as a stage in a war. Gev. S. L. A. Marshall, who has recently written of our fight in Korea recalls that the present Red technique merely repeats that used by Leni nand Trotzky in 1917-18 at the peace negotiations of Brest-Litovsk.

Germany had won the Russian war and Trying to get peace terms which would set down her gains in print, What happened was that Legin and Trotzky talked endlessly, the gist of their long speeches being Trotzky's phrase, "We are going out of the war, but we will not sign a peace." What is this but the cold war so familiar to us today? The speechmaking ended only when the Germans reopened the war. Then the Russians signed, but Germany had to use as occupation forces the soldiers who would have been invaluable to her in the 1918 campaign on the Western front. The jorallel is striking.

## Welcome Wheat

A million tons of surplus American wheat were unloaded in Pakistan harbors. recently and each grain will help to sow good will for the United States, Pakistan Is one of the newest members of the British Commonwealth and may soon be a Republic, It is situated close to Russin and without help from the West might fall under Red influence. The million tons of wheat is an indication that the needed help | will be forthcoming.

The wheat sent to Pakistan will help to strengthen a valuable ally. If will feed hungry people and make them less susceptible to the blandishments of the Communists. At the same time it will help to re-Heve our wheat surplus and stabilize price in this country, Several good ends were served by the humanitarian gesture of aidto a worthe and made friend.

The City Commission is going to have, spend more than one million dollars in resome tough decisions to make in the near venue from Sanford residents to best advant, e in rejuvenating and extended the City's sewer and water facilities,

Other decisions include how they are going to finance the project, what to charge sewer and water customers in future revenues, and the order of preference in making the improvements.

Also, the are going to have to decide whether or not to separate storm water and sanitary sewage into different systems . . and, whether or not to build a sewage disposal plant.

These are all big problems,

As the project now stands, the cost will fall somewhere between one and two million dollars. Three main factors will determine just where the cost will fall between these, two figures .... whether a sewage treatment plant should be built at a cost of approximately \$200,000; whether the present system of running storm water and sanitary sewage together into Lake Monroe should be separated into two systems; and just how high a sewer revenue the local citizens will want to pay toward financing the project.

There are two schools of thought concerning final disposition of sewage. Some say it should be pumped into the lake via a pipe which would empty about 1.500 feet from the shore. Others say it should be sent through a treatment plant before being emptied into the lake, in order to do away with contamination of the water. Still others say a treatment plant could be postponed until the future and the outfall pipe could be used in the meantime.

Now, storm water and sanitary sewage have been mixed together in the local sewerage system for a long time, Some say this means of disposing of the sewage creates an unfavorable condition at the Municipal Pier where the system empties out During recent heavy rains, a break in the sewerage system allowed sunitary sewnge to escape out into the street. However, two systems would cost more money. Financing of the project presents a king- diversification-spreading out into aized mentilion

First of all, Sanford is 41, million dolhars in debt already. The amount of money comes, one of the baskets may being paul toward debt service represents well prove safer for profits than too much of the total assessed valuation of the others. the City, so the City's fiscal agent, Sulli- spreading. Skeet companies go into van. Nelson and Goss, claim. This company plastles, Oil companies buy up cossuy possible buyers of bonds would shy away from such a situation. metic firms. Food companies and coal companies make a big thing of chemicals. Itadio and TV set

So, the City Commission already has makers also go into the electric taken action toward boosting the assessed valuation of the City's real property. This announces this week it's looking action is aimed at making the proposed sale for smaller companies through of bonds more appetizing to prospective which to branch out into two new.

Hollywood In Gimmick Stage

NEW YORK (n-Hollywood is in would give him the help he needed I'd still have my mentality-well in Williston Basin. After oil was the girmnick stage at present in to make the pleture the way he most of it-but his money would found there many stock exclange be down the drain." public forget television.

be: "If you can't entertain 'em startle em.

startle em." Therefore, it is pleasant to chron-lele a strange experiment just com-pleted by producer Buddy Adler. Adler's unusual idea was to take the best story plot he could find, pick a good cast, and film it in just plain old-fashioned, two-dimen-sional black and white. Well, 19 months and three mil-tion dollars lafer. Adlee came up with "From Here To Eternity." one of 1953's big hits and a can didate for filmdom's all-time top 10 box office draws. And there las't a new-fangled gimmick in the picture.

Picture. "You don't need gimmicks to get realism," said Adler. Nearly two years ago he became interested in James Jones' best selling novel of professional army life in Hawaii on the eve of Pearl

"It had been turned down hy was raw and violent, and I supp most studios were afraid they wouldn't be able to get the Army's cooperation in filming it." Adler thought that because of its many turndowns he could buy the movie rights for \$10,000 or \$15,000. d said a summary of the
