

COL. ELMER G. BANDY (U.S. Army Photo)

### E. G. Bandy Gets Rank Promotion

Elmer G. Bandy, son of Mrs. A. F. Bandy, 518 W. 7th St., recently was promoted to lieutenant colonel in the United States Army, Germany, where he is a signal plane and intelligence officer.

The Colonel, whose wife, Odelle, is with him in Germany, entered the Army in 1941 and arrived overseas on this tour of duty in August 1945.

The 40-year-old officer was graduated from Seminole High School in 1936 and from George Institute of Technology in 1941.

### Krider

(Continued from Page 1) of them behind us when we appear in Washington at a hearing before the Board of Engineers for Rivers and Harbors," Krider said.

The hearing has been set for April 28-29, according to a telegram from the Rivers and Harbors Board.

A committee request to postpone the hearing from the Feb. 10 date originally set by the board was granted to attend the time necessary to prepare pertinent data to offset the "unfavorable report on the Sanford-Titusville Canal" released Jan. 10.

Senator George Smathers and Senator Spessard Holland both assured proponents of the Sanford-Titusville canal that they would support a delegation appearing in Washington in an effort to offset the unfavorable report.

Congressman A. S. "Syd" Herlong Jr. and Congressman Charles E. Bennett both assured those interested in the development of the Sanford-Titusville Canal that their support could be counted upon.

Congressman Paul Rogers of the 8th District said "I will be glad to cooperate." Congressman Billy Matthews of the 8th District commented in a telegram to Krider "you may be assured of my continued cooperation."

Congressman James A. Haley of the 7th District said "You may be assured of my cooperation and Congressman Bob Hikes of the 3rd District commented in his telegram "You may be assured of my sincere efforts to work things out satisfactorily."

Krider, following his return from Washington next Thursday night, will go directly to Tampa for a Feb. 14 meeting of the Florida Waterways Committee which will, no doubt, extend additional assistance and help towards securing a favorable report on the Sanford-Titusville Canal project.

### Legal Notice

NOTICE TO APPEAR: In the County Court of Seminole County, Florida, in and for the County of Seminole, Florida, in the case of the Estate of Andrew Duda Sr., Decedent, vs. the Creditors of said Estate.

IN COUNTY COURT, SEMINOLE COUNTY, FLORIDA: The undersigned, Clerk of said court, do hereby certify that the following is a true and correct copy of the notice published in the newspaper on the 7th day of February, 1956.

ANDREW DUDA JR., Executor of said estate. ABERNATHY, DIAL & ABERNATHY, Attorneys for Executors. First Publication date February 7, 1956.

### Mikler Funeral Services Set Saturday, 2 p.m.

Funeral services for Mrs. Joseph Mikler Sr., who died yesterday morning, will be held at 2 p. m. Saturday at the St. Luke's Evangelical Lutheran Church with the Rev. Stephen M. Tuby officiating. Burial will be in St. Luke's Lutheran Cemetery.

Mrs. Mikler was born in Caturin Strach, Czechoslovakia and came to the United States in 1906 and established her citizenship. She came to Slavia in 1912 from Cleveland, O. Being very active in church work, Mrs. Mikler was one of the founders, organizers and charter members of the St. Luke's Evangelical Lutheran Church and was a member of the Martha Ladies Aid of the church.

She and Joseph Mikler Sr. had been married for 34 years and were one of the first families to settle in Slavia.

Survivors other than her husband are four sons, Joe L. Mikler Jr., Stephen Mikler, Andrew Mikler, Paul Mikler; four daughters, Mrs. John Duda Sr., Mrs. Ferdie, Mrs. John Duda Sr., Mrs. James D. Colbert, Mrs. Harry Pompey; 18 grandsons, 18 granddaughters, and seven great-grandchildren.

The family requests that in lieu of flowers friends may give a memorial gift to St. Luke's Evangelical Lutheran Church building fund in Slavia.

### Mrs. Conners, 73, Dies Yesterday

Mrs. Marie Louise Conners, 73, wife of Ray E. Conners, died at Seminole Memorial Hospital at 12:30 yesterday following a short illness.

Mrs. Conners has lived in Lake Mary for the past five years. She was born Oct. 5, 1884 in Columbus, O.

Survivors include: her husband, Ray E. Conners, Columbus, O.; one daughter, Mrs. Helen R. Andrew, Lake Mary; a grandson, Dr. James M. Andrew, Columbus, O.; four great grandchildren; one brother, Arnold J. Eberhard, Lake Mary; and a sister, Mrs. Rex Anderson, Columbus, O.

Remains will be sent to Columbus, O. this afternoon for funeral services and interment.

Brisson Funeral Home in charge.

### APPROVE BASES

ROME (UP) — The Italian Chamber of Deputies overwhelmingly approved the government's firm pro-Western policy Wednesday night and rejected a Communist resolution against American missile bases in Italy. Only the Communists and left-wing Socialists opposed a motion supporting the NATO-oriented stand of Premier Adone Zoli's government.

### Education

(Continued from page one) testing "every item we manufacture." "Our building was tailored to suit ourselves," he said when Weber explained that they moved to Caseberry from Orlando where they were organized in 1941 with three people, last November. "Now we have one of the nicest soil plants in the country," he said.

Following a 1951 symposium, in which Weber represented the transformer phase of the industry, and "where we talked for four days on mineralization" each one promised we would go back to our industry and fulfill the purpose of the meeting, Weber declared.

"It is almost unbelievable — the progress we have made," he said and described the equipment carried by a bomber — equipment that weighed "upwards of 1500 pounds." "Today," said Weber, "that same equipment, doing a great deal more, weighs only 400 pounds."

Weber described many of the items manufactured by Johnson Electronics and passed through his audience plastic containers showing the specific item and sometimes the difference between the original and the miniature.

"I want to convince you," Weber said, "that our satellite weighing only 40 pounds will do more than Russia's which weighs 1,100."

Barrett, demonstrated the use of the testing equipment brought to the meeting for Jaycees to get an idea of "what we do."

"This type of equipment," he said, "will show you what is required to make a simple test on the components we manufacture."

The guest speaker was introduced by Bill Gramkow, program chairman for the meeting.

### Former Resident Dies Thursday

Mrs. Eunice Louise Story, 62, of Kenansville, died early Thursday after an illness of several weeks. Mrs. Story, a native of Meigs, Ga., was a resident of Sanford before moving to Ocala County 25 years ago. She was a member of the Kenansville Lakeview Baptist Church.

She is survived by her husband, John Edwin Story; two sons, David Story and Ary Story II; two daughters, Rubie Story and Margaret Story, all of Kenansville; one brother, Robert E. Corbin, U. S. Army in Germany; one sister, Mrs. W. E. Bennett, Sanford; and two half brothers, John Corbin and Curtis Corbin, both of Meigs, Ga.

Funeral services will be held at 2 o'clock Sunday at the Lakeview Baptist Church, Kenansville, with Rev. Charles Vickers officiating. Interment will be in the churchyard.

Grisson Funeral Home, Kenansville, is in charge.

### J. Mattocks Gets Degree At U of F

CASEBERRY — Joe Mattocks, son of Mrs. Arthur Johnson, 5 Quail Pond, who completed graduate school work at the University of Florida last December, was awarded the degree of Master of Science in Vocational Rehabilitation by the University February 1.

Graduate school studies were completed last December by Mattocks when he served an internship in research and field problems at the Florida State Rehabilitation Center at Tampa. Mattocks received a permanent appointment to the staff at the Tampa center effective January 1, prior to receiving his masters.

In the February class, Mattocks, one of three graduate students taking a Masters in Vocational Rehabilitation had previously received a Bachelor of Science degree in psychology at the University of Florida. Upon graduation Mattocks was commissioned a 2nd Lt. in the USA and served for two years in Germany with a medical corps, part of which time he was company commander.

### King Ivy Tries For Eighth Win At SOKC Tonight

A sensational pug named King Ivy goes after his eighth win of the season in the featured ninth race at the Sanford-Orlando Kennel Club tonight.

Owned by Fred Whithead, this hard-driving speedster will not be two years old until March, but with seven victories in the bag he rates as the track's number two winner. Only Go Buzzie has accounted for more wins during the current campaign.

A fast field will oppose King Ivy in the main event. Such talented steppers as Mixed Signal, Pay Nite and Dark Bill are ready to bid for victory honors.

### Reimann Motors Agent For DeSoto

Ken Reimann, owner of Reimann Motors, Inc., announced last Friday that his firm has been appointed the exclusive sales agent for DeSoto as well as Plymouth in Seminole and part of Volusia Counties.

Reimann stated that his firm's excellent sales and service record had influenced the factory's decision in granting these exclusive franchises. He further stated that all of his service personnel had received and were continuing to receive factory training through the "Master Technician Courses."

Harry Hayes, Service Manager for the past eight years, stated that his trained personnel and modern equipment enable him to service all Chrysler-made products.

Reimann said: "The increased volume made possible by being exclusive dealers for both DeSoto and Plymouth will enable us to sell and service our customers cars at less cost to them."

### Epps Undergoes Surgery Today

Dr. A. W. Epps underwent surgery at Seminole Memorial Hospital this morning. His office, in the Sanford Atlantic National Bank Building, is temporarily closed.

However, it was reported this morning that Dr. John Epps and Dr. A. W. Epps Jr. are taking care of emergency dental cases at his clinic on East Second St.

### Clown To Perform

Roy Gill, former professional clown and circus entertainer will appear Saturday from 12 until 2 p. m. in J. E. Penney's window. Gill, who is a retired T. V. artist, has offered to plug the High Fever Folies.

He is visiting his daughter, Mrs. Foster, here in Sanford. Mrs. Gill is with him. The clown will also welcome the audience of the High Fever Folies at the door during performance nights.

### Church's Annual Missionary Confab To Start Monday

The Christian and Missionary Alliance Church will hold its Annual Missionary Convention beginning Monday evening, Feb. 14, at 7:30. Each year The Alliance Church has a Missionary Convention for the purpose of providing current information about foreign missionary work and to stimulate new interest and support for the worldwide promotion of Christianity.

The missionaries who will conduct the Convention this year will be Miss Arnie Holthman and the Rev. David W. Ellison. These missionaries both have served in Southeast Asia in the country formerly known as French Indo China.

Miss Holthman has taught in the school for missionary children at Dalet, Viet Nam for 22 years. She was previously one of the pioneers of Indo China. Mr. Ellison established a number of stations for missionary outreach and also was instrumental in opening a Bible School in 1938. This school was founded for the purpose of training native Christians to carry the gospel to their own people.

During World War II the Ellison family was captured and imprisoned by the Japanese. They were interned in Bangkok and later repatriated on the exchange ship GRIPESBOLM.

Mr. Ellison was chairman of all Indo China and, when that area was divided into four fields, he was made the chairman of Cam-

children had to be hured into the mission compound to hear their first gospel message. She also remembers a recent morning when through the mist she watched a long line of tribesmen starting from Dalet for their distant village bearing on their strong backs sheets of corrugated iron for the roofing of their church. The ordinary goss thatch for their homes was not good enough for the house of God. Miss Holthman will have with her native costumes which will be displayed during the Convention.

The Rev. D. W. Ellison is a veteran missionary having begun his service under The Christian and Missionary Alliance in 1908. His field of ministry is in Cambodia, now an independent nation, which was previously one of the provinces of Indo China. Mr. Ellison established a number of stations for missionary outreach and also was instrumental in opening a Bible School in 1938. This school was founded for the purpose of training native Christians to carry the gospel to their own people.

Of the total in jail, nine are Colored male, six white male, five Colored female, one white female, one white male incompetent, and two Colored male incompetent.

Three prisoners were brought in during the 24 hours ending at midnight, he said, and 16 were released.

body. The last eighteen months of his most recent term on the field he had the responsibility of evangelizing three provinces with a total population of a million and a half people.

These missionaries are representatives of a staff of 800 missionaries and 2,000 workers bearing the gospel of Jesus Christ in 35 foreign fields in which The Christian and Missionary Alliance is working. The local church is one of more than 1,000 churches at home to whom is committed the responsibility of supporting the efforts of these missionaries and native Christians in the promotion of the gospel into the remote places of heathen darkness in the world. Two aims motivate the ministry of The Christian and Missionary Alliance. One is evangelism through pioneer missionary work in places where Christianity has never before infiltrated. The other is to establish a self-supporting, self-propagating native church.

Christians of all faiths will find these meetings informative and inspirational in the stimulation of their interest in reaching lost souls for Christ throughout the world.

The public of Sanford and Seminole County is invited to attend the Convention. Meetings will be held each evening, except Saturday, at 7:30 at the church located at Park Avenue and 14th St. The Convention ends Sunday evening, Feb. 14.

## FORD LEADERSHIP PAYS OFF IN LOWEST PRICES!

### LOWEST-PRICED 2-DOORS and 4-DOORS

### LOWEST-PRICED STATION WAGONS

### LOWEST-PRICED CONVERTIBLE

More people bought new Ford cars during 1957 than bought any other make. And now this leadership is paying off in prices that are lower than in '57 for beautiful Custom 300 and luxurious Fairlane Sedans! In fact, suggested delivered prices for the "low-priced three" show unmistakably that Ford is lowest priced in 17 out of 19 models!

Ford sells 46% more station wagons than anyone else—and no wonder! All six Ford wagons are priced lower than comparable competitive models. In fact, Ford's 2-door Ranch Wagon is the lowest-priced station wagon in its field! And only Ford offers Thunderbird GO in an all-new Interceptor V-8. Team it with new Cruise-O-Matic Drive and you'll save up to 150 on gas!

Ford is America's biggest-selling convertible... and one look tells you why! With its sleek, racy lines and its dazzling interior, this 58 Ford is all the things you ever dreamed a convertible could be—yet it's the lowest-priced convertible of them all! Come in and see! Discover for yourself how Ford gives more car for less money.

Pay more... what for? **58 FORD** The fine car of the low-price field

# Senate To Receive Names Of Men Chosen For Historic Committee

WASHINGTON (UP) — Vice President Richard M. Nixon was to send to the Senate today the names of 13 senators chosen to form a historic committee to help set policy for the U. S. space program.

Seven Democrats and three Republicans were chosen from among the upper chamber's most senior and influential members to sit on the committee. They will consider among other things whether space exploration should be under the Defense Department or a separate civilian agency.

Senate Democratic Leader Lyndon B. Johnson (Tex.) is expected to be chairman of the new group. Sen. Henry M. Jackson (D-Wash.), meantime announced appointment of a "nuclear brain trust" to advise the weapons subcommittee of the Congressional Atomic Energy Committee.

Asaah Sub Hold Back Jackson, chairman of the subcommittee, at the same time assailed "tradition-bound, unimaginative carrier admirals" for allegedly holding back for a year or more development of a missile-firing submarine.

A House commerce subcommittee scheduled a closed-door meeting, ostensibly to hear chief counsel Bernard Schwartz give a briefing on its investigation of federal regulatory agencies. Observers thought it likely the group would actually vote to fire Schwartz — probably by an 83-70 vote — following charges that he had padded his own expense account.

Schwartz denied filing any improper expense items. He said he planned to stay on the job and hold hearings on the role of Presidential Aide Sherman Adams, Commerce Secretary Sinclair Weeks, former Commerce Undersecretary Robert B. Murray Jr. and Col. George Gordon Moore — President Eisenhower's brother-in-law — in cases before the Federal Communications Commission.

Sen. Mike Mansfield (D-Mont.) urged that all nations undertake a "cooperative exploration" of space. He said Russia should be included if the Soviet are interested.

Mansfield said in a speech prepared for Senate delivery "no nation willing to participate in good faith" ought to be left out of a pooled effort to cut the "cost, the effort, the sacrifice" of space exploration.

Sen. Paul H. Douglas (D-Ill.) proposed new programs and powers for federal implementation of the Supreme Court ruling against school segregation. His plan, co-sponsored by seven other Democrats and five Republicans, would include grants of aid for communities which integrated schools despite interference from state laws.

**Weather**  
Increasing cloudiness today, tonight and Tuesday. A little warmer low tonight 42 to 52.

## Three Navy Men Perish; Plane Crashes Into Sea

CAPT. JAMES R. REEDY, USN, Commander Heavy Attack Wing One (left) and J. L. Douglas, AD2 stand beside an A3D in which Capt. Reedy qualified aboard the USS Ranger. (Official USN Photo)

CDR. JOSEPH M. TULLY JR., Commanding Officer of Heavy Attack Squadron Five and his A3D "Skywarrior" are readied for launching on catapult of USS Ranger. (Official USN Photo)

## NAS Savage Sons Return To Sanford

Sanford residents were eye witnesses Saturday to the return of the "Savage Sons of Sanford" from a week of carrier qualifications off the Florida coast. Leading the formation of eight A3D "Skywarrior" from the U.S.S. Ranger was Cdr. Joseph M. Tully Jr., USN, Commanding Officer of Heavy Attack Squadron Five. As the "Red Tails" circled Sanford and landed, highlights of the Ranger Cruise were already pouring in.

Number one "first" on the cruise events was carrier qualifications of Capt. James M. Reedy, USN, Commander Heavy Attack Wing One, in the A3D "Skywarrior." Already an honorary "Savage Son," Capt. Reedy performed in such a creditable manner that he now can be considered a full fledged "Savage Son."

On Thursday, Feb. 7, the "Savage Sons" made 81 A3D landings aboard the U.S.S. Ranger for a new record of day carrier landings by an A3D squadron.

Late Thursday, Rear Admiral Albert G. Mamma, USN, Chief of Bureau of Ships, came aboard and early Friday morning qualified as an honorary "Savage Son" by flying aboard the U.S.S. Ranger in an A3D piloted by Cdr. Joseph M. Tully Jr., USN. Capabilities of the aircraft carrier, the "Skywarrior" and the Aircraft Commanders were highly evident on this demonstration.

First among the "Savage Sons" (Continued on Page Seven)

## Second Story Of Dwelling Is Damaged By Fire

The second story of a two-story frame dwelling at 720 Cypress Ave. was badly damaged by fire early Saturday morning.

Even though the blaze had fully involved the upper story of the dwelling, firemen of the Sanford Fire Department quickly brought the flames under control and confined the greater part of the damage to the two front rooms.

Apparently starting from an exploding oil heater, smoke poured from the upper floor of the house as bedding and clothing smoldered.

Before the fire was completely under control, a burning power line fell from the building straggling from water poured onto it.

Chief Mack N. Cleveland Sr., who directed fighting of the fire said "severe damage from water to the lower floor was prevented when heavy tarpaulins were spread over the furnishings."

The alarm was answered shortly after 8 o'clock and the fire brought completely under control at about 8:30 a.m.

# Village Bombing Creates Anti-French Feelings

By WALTER LOGAN  
United Press Staff Correspondent

A wave of anger against France for the bombing of a Tunisian village rolled across the Arab world with fresh momentum today and imperiled the Western — and American — position in North Africa.

Tunisia appeared ready to sever diplomatic relations with France and expel the 25,000 French troops stationed there for defense purposes.

The United States was shocked and indignant at the bombing which killed 75 persons and injured 100.

Other allies of France were deeply concerned because friendship with Tunisian President Habib Bourguiba has been the anchor of Western policy in North Africa.

Nations friendly to the United States expressed fear the bombing could turn into a major propaganda victory for the Soviet Union. Most of the 25 planes used against the Tunisian village of Sakiet Sidi Youssef were of American make and the dead included 12 children and nine women.

Egypt, Syria Capitalize

Egypt and Syria moved swiftly to capitalize on the anti-French feeling which erupted today into a general strike in the French protectorate which won its independence in 1956. President Gamal Abdel Nasser promised immediate military aid to Tunisia. Syrian President Shukri al Kuwaiti promised aid and accused France of a "savage act of criminal aggression."

The Saturday bombing attack brought these rapid fire developments:

Secretary of State John Foster Dulles summoned French Ambassador Herve Alphand to his Washington home late Sunday and told him the United States was "profoundly disturbed" at the action.

The State Department issued a statement expressing concern at future Tunisian-French relations and pointing out that both countries were friends of the United States.

Tunisian Ambassador Mongi Slim delivered a strong protest to United Nations Secretary General Dag Hammarskjold and demanded Security Council action against France. Whether this was possible over the French council veto was not known.

Strong Case Made For Attack

French diplomatic circles in Paris said France has a "very strong case" against Tunisia if (Continued on Page Seven)

## Local Office Gets State Documentary Stamp Machine

A new gadget that further mechanizes the Seminole County Clerk of Court's office was installed Friday under the watchful eye of M. C. O'Berry, director of the Documentary Stamp and Depository Department of the State Comptroller's Office.

It is a state documentary stamp machine which issues the stamps in any denomination up to \$200, ready to attach to documents about to be filed in the Clerk's Office.

It is the second such machine to be installed in the state, said O. P. Herndon, Seminole County Clerk of Court.

The machine is portable and attaches to the "base machine" on which the tape-stamp meter is used.

Installation of the machine was under the direction of George H. Vincent, representative of Pitney-Bowes, Inc. and J. C. Yeagin, service representative of the Company.

W. H. Morris, Examiner for the Documentary Stamp Division of the State Comptroller's office was also on hand to see the new gadget work.

## Volunteer Firemen Urged To Attend Tonight's Meeting

The Lake Mary Voluntary Fire Department will hold its regular monthly meeting tonight at 8 p.m. in the Lake Mary Elementary School auditorium.

W. O. Gray, president of the volunteer fire fighting group, has urged "all members of the fire department and the women auxiliary to attend, both for support of the organization and for the business for the forthcoming year."

## Farmers' Market Business Continues Despite Weather

Business at the Sanford State Farmer's Market is going ahead at a rapid pace despite what Sandy Anderson, Assistant Manager of the market, said is "lousy weather."

The latest report, issued by Sandy Anderson on market sales and transactions said "In spite of the deplorable weather conditions, Sanford State Farmers Market shows on a decrease of 50,013 packages and a valuation decrease of \$80,998.95 as compared to January 1957 sales."

He commented in his report "Business transacted for January 1958 amounted to sales of 30 varieties of vegetables and fruit, totaling 191,137 packages at a gross valuation of \$513,472.95."

Reporting on later sales through the Sanford State Farmer's Market, Sandy Anderson said "Sales of produce through the Sanford market for the first week in February amounted to 26,427 packages at a gross valuation of \$76,865.05."

"Taking into consideration the lousy weather we experienced last week," he said, "and anticipating some of the same kind this week, we are expecting a light volume of approximately 25 varieties of fruit and produce consisting heavily of citrus fruit and fair to light volume of cabbage, cauliflower, celery, green onions, iceberg lettuce, and potatoes."

He added "We also anticipate a very light volume of 15 other varieties."

ONE OF EACH, says Mayor Merle Warner as he buys the first box of Girl Scout Cookies. The two Girl Scouts selling cookies to Mayor Warner are (left) Ed Harris and (right) Linda Harris, both of Troop 233. Looking on are: (left) Mrs. Randall Chase and (right) Mrs. D. W. Linker, leader of Troop 233. (Staff Photo)

OUT OF CONTROL, this Ford Thunderbird skidded and turned over across 17-92's four lane highway just south of the city. Damage to the car was estimated at \$1,500. Constable J. Q. "Slim" Galloway investigates and talks to 28-year-old driver William Raymond Wilkins. (Staff Photo)

## City Board To Discuss Sidewalk Obstructions

The Board of Sanford City Commissioners, prompted by claims growing out of injuries from stumbling over obstructions along sidewalks, will discuss the possibility of prohibiting all merchandise being displayed on public sidewalks and parkways.

In the first move to remove obstructions from the sidewalks, city commissioners ordered the removal of weighing machines, but delayed action on the prohibiting of merchandise displaying until a public discussion could be held.

Other action, included on the 12-item agenda, includes the discussion on the sale of two pieces of property owned by the city.

The city will discuss with Harry Lee Jr. the purchase of city property needed for the expansion of Lee Plumbing and Heating Co. An offer was made at the last meeting of the city board but commissioners deferred action until time was available to consider the offer and until Lee could appear before the board to discuss the matter with them.

An offer to purchase city property at the northwest corner of French Ave. and Seminole Boulevard will also be discussed at tonight's meeting.

Another item on tomorrow night's agenda is the discussion with the Sanford Gas Company in regards to a franchise. There are possibilities that a proposed franchise might be under consideration following a special meeting called to discuss the matter with both the president and a member of the board of directors of the company. The present franchise apparently expires in March of this year and is up for renewal.

The resignation of Howard Monteth from the Sanford Housing Authority and an appointment to replace him will come before the commissioners tonight.

A public hearing is scheduled to open the meeting on the vacating of an alley in Pine Heights from lots 23 and 7 south through lots 12 and 6 of Teague's Addition.

The Board of Commissioners will appoint a full-time recreation director for the City of Sanford at tonight's meeting according to the proposed agenda.

Other business to take place will be the reading of the ordinance adopting the revised building code; a resolution in regards to the traffic light at 20th St. and French Ave.; and the setting of a date for public hearing for proposed rezoning.

Miscellaneous business from the floor and from commissioners will also be considered.

## 30 Prisoners Held

There was a total of 30 prisoners held in the Seminole County Jail as of midnight last night, according to Sheriff J. L. Hobby.

Of the total prisoners in jail, he said, seven were white male, one white male incompetent, 10 colored male, two colored male incompetent, one white female, six colored female, and three juveniles.

There were nine prisoners brought in during the 24 hours preceding last midnight and six were released.

## District Governor To Be Lions Club Guest Tomorrow

The Sanford Lions Club will have as its guest at the weekly luncheon meeting tomorrow at the Yacht Club, District Governor James D. Boyte of Leesburg.

While in Sanford for the meeting, Boyte will induct DeWitt Whitmore as a new member of the local club and will present President Hugh Duncan with a 5-year perfect attendance award.

All members of the local Lions Club and Lions Club members in the area visiting, are urged to be present, said President Hugh Duncan, "for the official visit of the District Governor."

THIS IS THE WAY IT WORKS, GIRLS! A state documentary stamp machine was installed in the office of Seminole County Clerk of Court O. P. Herndon Friday. (Left to right) at the ceremony are: J. C. Yeagin, a service representative of the Pitney-Bowes Co., O. P. Herndon, W. H. Morris, Examiner, Documentary Stamp Division, State Comptroller's Office, M. C. O'Berry, Director of the Documentary Stamp Division, Mrs. Arne Jane Lundquist, Miss Joan Wilke and Miss Jean Wilke. Mrs. Martha Vilhen is examining the machine at the right. E. L. Burdick, also of the office staff was not in the office when above picture was made. (Staff Photo)

## Navy Man Wrecks Thunderbird Early Saturday Morning

A 1956 Ford Thunderbird, driven by William Raymond Wilkins, 28-year-old navy man, went out of control early Saturday morning on 17-92 just outside the city limits.

It landed in the parking area of Smith's Snapping Turtle on the opposite side of the double lane highway after apparently turning over before coming to a stop.

Neither the driver nor the passenger, George H. Jones, another navy man, were injured. Constable J. Q. "Slim" Galloway who investigated the accident, said Jones was "bruised and shook up."

The one-car accident occurred at about 1:15 a.m. Saturday morning. Damage to the automobile was estimated at \$1,500.

Both men said they were attached to FASRON 6.

Constable Galloway said Wilkins would be charged with reckless driving while drinking.

JAMES D. BOYTE

## District Governor To Be Lions Club Guest Tomorrow

The Sanford Lions Club will have as its guest at the weekly luncheon meeting tomorrow at the Yacht Club, District Governor James D. Boyte of Leesburg.

While in Sanford for the meeting, Boyte will induct DeWitt Whitmore as a new member of the local club and will present President Hugh Duncan with a 5-year perfect attendance award.

All members of the local Lions Club and Lions Club members in the area visiting, are urged to be present, said President Hugh Duncan, "for the official visit of the District Governor."

### Gorilla Thinks She's Human

**By DOC QUIGG**  
NEW YORK SP — The only gorilla ever born in captivity, Colo, the pride of the Columbus Ohio Zoo, is now more than a year old and living in di per-clad glory with a fixed notion about her personal status — she thinks she's human.

"Other gorillas are just plain gorillas to her; she regards her parents as a couple of odd characters," said Earl Davis, zoo superintendent. "We've got five nurses for her, and they've spoiled her rotten. She cries when they leave the room."

Colo, you may remember, burst with bombshell force upon world zoo circles 13 months and two weeks ago with a triple triumph. It was the first gorilla breeding, first conception, and first birth in captivity. From the moment of birth, she's been under 24-hour human care, coddled, pampered, vitamin stuffed.

**Has Powerful Bite**  
"She tries out her new teeth on everything, and she's got a powerful bite," said Davis in a phone interview at his Columbus Zoo office. "She doesn't like men any more. Those women nurses have spoiled her, and she'd bite me if I tried to take her from one of them. The only way a man can handle her is get in the cage and play with her awhile. But she's not at all vicious."

She weighs 22 pounds and is about 18 inches high in the squatting position, but she can reach up about a yard standing up. The only damage she does is unintentional with her powerful finger grasp. Sometimes our nurse girls will have badly bruised arms. We have a big, plate-glass-front nursery, and the public watches her feeding, bathing in the sink, diaper changing, and playing.

**Receives Toys**  
"She got a basketball of toys, plastic and rubber, for Christmas, and we give her a few at a time. She's graduated from the bottle to baby food, junior size, along with some solids and fresh fruits. She calls on demand — whimpers when hungry — morning, noon, and night."

Although Colo has no special feeling for her father, Baron, 12, and her mother, Christina, 8, they seem to know her for their young. "The mother," Davis said, "admires her and will offer her food through the bars." They are never allowed together in the same cage.

Some of the world's most magnificent specimens of white oak grow on Maryland's Eastern shore. When the first European settlers arrived three centuries ago, they built their homes in the shade of trees that were already venerable. Perhaps the most famous is Talbot county's Wye Oak, a giant 95 feet high with a 165-foot spread and a trunk nearly 28 feet around.

Zebulon Pike discovered Pike's peak.

### Two Techniques To Rocket Man Into Space Told

WASHINGTON SP — American scientists today pushed ahead with two "promising" techniques for rocketing man into space.

One is a nuclear-powered ramjet engine. The other involves obtaining "theoretically unlimited" speed from a chemical-fueled rocket by firing its gases through an electric field.

At the same time Sen Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, said he thinks Congress should consider reorganization of the Defense Department in one package. He said he was opposed to "piecemeal" changes in the Pentagon setup.

The congressional Atomic Energy Committee took the secrecy wraps off the nuclear powered ramjet—called project "Pluto." Chairman Clinton P. Anderson, D-N.M. of the group's Outer Space Subcommittee in an apparent recent reference to the project called it "very promising."

In a summary of its recent briefings, the committee said while chemical rockets are far more advanced now, nuclear propulsion "may be the best long range bet, particularly for large payloads traveling long distances."

It speculated that a combination of relatively short-lived chemical rockets and longer-lived nuclear-fueled rockets might be the "most practicable approach."

A ramjet engine is an "air breather." Therefore a nuclear reactor presumably would be designed for use in the earth's atmosphere, possibly for an atomic airplane or to boost a rocket up to space. The committee did not, however, disclose the objective in perfecting such an engine.

Dr. William R. Sears, director of the Cornell Graduate School of Engineering, called the technique of re-firing chemical rocket gases through an electrical field "magneto aerodynamics." He said results so far "look attractive."

He said the technique involves applying an electrical field to the rocket's exhaust, thus establishing a flow of current which would create a new force to speed up the discharge of the exhaust. This in turn would boost the speed of the rocket from triple to 10 times present capacity, he said.

Intaglio refers to a design or figure cut in gems, etc. It is the opposite of cameo, on which figures are raised.

Helianthus is more commonly known as the sunflower.

WINTER WONDERLAND—The year's heaviest snowfall only enhanced the beauty of western North Carolina as youngsters on sleds found snow-covered slopes a thing of joy. Heavy snows fell over much of the state and this scene near Asheville was typical. (UP Telephoto)

### Senators Gather At Orange Springs This Weekend

TALLAHASSEE (UP) — Florida senators will gather at Orange Springs in Marion County this weekend for a "special get-together" which is bound to have political undertone in this election year.

Official business is barred at these annual "gabfests" for which some lobbyist always picks up the check. But any time a group of senators get together, pillories gets the main billing.

The entire Senate is invited, but only about half of them are expected to show up. Some plan to go for the whole weekend, others just for a day.

Sen. Dewey Johnson of Quincy said there are no party or factional lines drawn for the affair. He said it definitely is not a meeting of the so-called "pork chop gang" or majority bloc in the Senate.

He said he does not actually know who is giving the party, but he said he thinks the Florida Power and Light Co. owns the land and lake front lodge where it is being thrown.

Johnson and Sen. B. C. Pearce of Palatka, leading candidates for 1960 Senate president, both plan to go to Orange Springs. But they said there will be no election or even partial decisions made.

The Senate decided last year to wait until after this November's elections to choose their 1959 president. And both Johnson and Pearce must win reelection to their Senate seats before they could get the nod.

Gov. LeRoy Collins' drive for full cash value real estate assessments is bound to be discussed during the gathering. Many legislators have already expressed alarm that assessments might be pushed up with no guarantee of corresponding reductions in tax rates.

### Passion Play Can Be Seen At Lake Wales

In the heart of Florida's scenic highlands on the Orange Blossom Trail, one of the world's oldest dramatic presentations has found a new home. Here in a natural bowl, surrounded by orange groves, thousands of winter visitors and native Floridians have witnessed the re-telling of a story nearly 2,000 years old. It is an experience that most of them will never forget.

For two and one-half hours, one beautiful scene blends into another as the story of Christ's last seven days on earth is unfolded. The camel caravans, shepherds with their flocks of sheep, the Roman guards on their prancing white horses are all here. As Jesus enters the City on His donkey in this re-enactment of the age-old story, two hundred people in colorful and authentic costumes make the streets of ancient Jerusalem come to life. From the touching scene at Bethany in which Jesus takes leave of His mother, through the somber beauty of the Last Supper and the excitement of the betrayal and trial scenes, Josef Meier's

### Manned Voyage To Moon Predicted Within Ten Years

CHICAGO (UP) — A Harvard scientist has predicted a manned voyage to the moon within 10 years and called for the establishment of a national space agency.

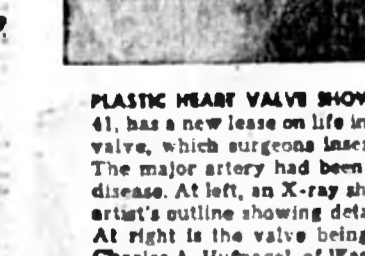

Dr. Fred I. Whipple, chairman of Harvard University's astronomy department, said a multi-billion dollar governmental body is needed to pool research and technology in the space age.

Whipple urged formation of the space agency, to be run on the lines of the Atomic Energy Commission, in a news conference held before an address at the University of Chicago.

In his lecture, Whipple issued a tentative time-table which would eliminate in man's arrival on the moon in 1968.

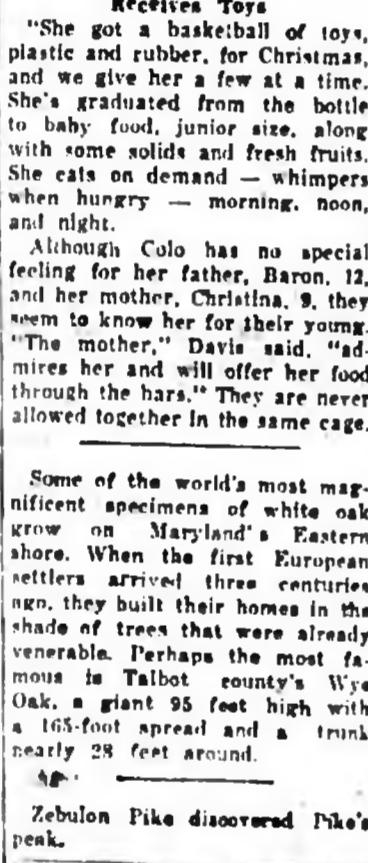

Starting with an earth-directed explosion on the moon to test dust on the lunar surface, probably next year, Whipple foresees the first arrival of equipment on the moon by 1960. The equipment probably will be able to relay signals back to earth, he said.

A man-carrying satellite could probably be launched into space by 1962, remaining aloft for a short time only, Whipple cited a manned rocket around the moon and a satellite station in space as possibilities in 1965.

PLASTIC HEART VALVE SHOWN IN ACTION—Mrs. Mary Leta, 41, has a new lease on life in New York as a result of a plastic valve, which surgeons inserted to replace her heart's aortic valve. The major artery had been seriously damaged by rheumatic disease. At left, an X-ray shows the valve in position with an artist's outline showing details not picked up by the camera. At right is the valve being inserted during surgery by Dr. Charles A. Hufnagel, of Washington, who invented the device.

### Electric 'Sleep Inducer' Revealed

SYDNEY, Australia (UP) — Soviet Antarctic explorers have an electric "sleep inducer" to combat the effects of monotony and overwork. Australian correspondents reported today.

The Australians, visiting the Soviet base at Mirny, Antarctic, said they were impressed with most of the camp's equipment but the plumbing and sanitary facilities were not up to Western standards.

The Soviet Union has 178 men in the Antarctic at present, 112 of them at Mirny.

The dispatches said the "sleep inducer" is used in cases of extreme exhaustion or nervousness caused by the monotonous existence.

The patient is placed on a table and electrodes are fixed to each eye and the back of the neck with rubber bands. A rhythmic current is passed through the head and the patient falls into a deep sleep. The Russians claim it lasts 17 hours, the dispatches said.

### Sale Of State School Land Ok'd

TALLAHASSEE (UP) — Discretionary sale of some officials, the Cabinet approved the sale of 30 acres of state school land in Brevard County, site of the middle school center.

Several Cabinet officers have indicated they think the state should not sell any more land in Brevard. Approval of the sale to William Nechtman had been postponed earlier. The sale was for \$435 an acre, more than the \$100 appraised value.

The Cabinet also released more than six million dollars in school construction funds to 12 counties, bringing to \$7,700,423 the total paid out this year.

Some \$1,313,721 in recalculation money was released to counties having a daily school attendance average increase in January of 2 per cent over the first month of last year.

Funds released for school construction went to the following counties: Alachua, \$466,800; Calhoun, \$28,800; Hillsborough, \$803,000; Orange, \$280,000; Palm Beach, \$371,600; Polk, \$250,000; Santa Rosa, \$36,604; Brevard, \$333,200; Dale, \$2,512,800; Escambia, \$32,000; Marion, \$15,400; and Sarasota, \$213,400.

## Civic Clubs Provide Important Organizations For Progress

Interest in the civic activities of the Sanford and Seminole County community can readily be seen with the activation of a new organization and the rumors that another is to be formed here in the very near future.

Wives of members of the Sanford-Seminole County Junior Chamber of Commerce have created the new Jaycee Wives Club—and the activities of the group will no doubt parallel the Jaycees.

Young ladies, dedicated to serving their community in every way possible, give the Sanford and Seminole County community another big boost for we know that each member will be seen taking her part of the responsibility when important jobs are to be done.

It's another significant demonstration of husbands and wives working hand in hand to accomplish the better things for the community.

### TODAY'S THOUGHT

"For the seller shall not concern to that which is sold." Found between Ezekiel 1 and 2.

Nothing can be so heartwarming than to see such a group organized and active—working together with other civic organizations in promoting community spirit and community progress.

And so it is with another civic group that we will soon hear about. We urge them to band together and let it be known that Sanford is the greatest city in the world.

It's great to see now these organizations dedicated to community achievement: Rotary Club, Lions Club, Kiwanis Club, Junior Chamber of Commerce, Jaycee Wives Club, Business and Professional Women's Club, Pilot Club, Boat and Ski Club, Gun Club, American Legion, Veterans of Foreign Wars, and the Disabled American Veterans—possibly others, too—all working together.

No wonder Sanford and Seminole County is growing!

## Sanford Zoo Can Grow, Expand

Now that the two lion cubs from Cleveland, Ohio have had an opportunity to settle down and become acclimated to their new home, we begin to wonder about the Municipal Zoo and its future.

Both of the cubs were donated to the city zoo—the male by the Florida State Bank and the female by the Sanford-Seminole County Junior Chamber of Commerce. And they add much to the popularity of the zoo. They are attractive and will bring many hundreds of folks to the zoo to see them. And some admirers of the "king of the beast" might just come back again and again to watch them grow.

Of course, the Municipal Zoo needs many things—most of all, additional property and space on which to expand.

Then, no doubt, we could see many more new animals making an appearance in one of the finest attractions that can be found in Florida.

We see no reason why a fund could not be started to acquire new animals for the zoo. The fund could be administered by a local citizen, along with possibly a committee of interested folks who would like to see Sanford's Zoo grow and become a widespread attraction to which folks would come from far and wide.

And since children are so terribly interested in Sanford's Zoo—why couldn't one day a year be set aside as "Zoo Day" when boys and girls of every age could bring their contributions of pennies, nickels, dimes and quarters to swell the fund for the addition of new animals.

There's hardly a child who would not like to see a Zebra added to the animal world here—maybe a giraffe—a pygmy elephant

### Veterans Corner

Here are authoritative answers from the Veterans Administration to questions of interest from former servicemen and their families:

Q. Are State veterans' bonuses considered income for VA pension purposes?

A. No. Bonuses or similar cash gratuities paid by States for service in the Armed Forces are not to be considered as income in determining eligibility for VA pension.

Q. Since I am totally disabled, my World War II GI term insurance is under premium waiver. May I convert to a permanent plan while the waiver is in effect?

A. Yes. You may convert to any permanent plan other than an endowment and you need not take a medical examination.

Q. I am in training under the Korean GI Bill, but I feel I have taken the wrong course. Would I be eligible for VA vocational counseling to help me choose a new course suited to my aptitudes I have never changed courses.

A. Yes. In filling out your application form for a change of course, indicate you want vocational counseling. VA will schedule an appointment for you.

### Weather Story To Be Televised

The story of weather and what scientists are doing to predict and control it will be presented in a one-hour show on television Wednesday night (Feb. 12).

It is the fourth in a series of programs presented by the Bell Telephone System which are designed to provide popular entertainment and at the same time stimulate interest and understanding of science.

The program may be seen in the Sanford area over Channel WESH-TV at 9 p. m.

Produced by Academy Award winner Frank Capra, "The Unchained Goddess" stars Richard Carlson as Fiction Writer and Dr. Frank Bayter as Dr. Research. A leading role in the show is taken by Metegora, the goddess of weather, a fictional animated cartoon character.

"The Unchained Goddess" explains the causes of winds, clouds, rain, thunder and lightning and shows the work of scientists in weather bureaus. Tornadoes and hurricanes are described in detail, with some unusual storm

tall, together with the work of the "hurricane hunters", the men who track these storms.

Other Bell System programs have included: "Our Mr. Sun," "Hemo the Magnificent" and "The Strange Case of the Cosmic Rays" to which was recently given an award by the Edison Foundation as to the best science program for youth on television in 1957. All of these programs are available to local groups in 16 mm motion picture color films through the Sanford Southern Bell business office.

## My New York

By MEL HEIMER

NEW YORK—Noel Griffin leaned back, smoked a cigar thoughtfully, and while his Dublin brogue bounced pleasantly off the walls, told me what New York is like. It was reasonably early in the day and the thought struck me that everyone should have an Irishman talk to them to start their morning off right. Just the idea that man can make comparative music out of the flat hardness of the English language is encouraging.

"The food here is too sweet," Griffin said, "but the people are generous. The girls are better dressed here than anywhere. The buildings are not so tall, lumped together the way they are, but if you pick one out specifically and look up at it—oh brother. The people here don't look like the movie version of Americans. And the pace, of course, is the big thing—how do people move so fast?"

"Would I like to live here?" No.

Thus dismissing N. Y. honestly and candidly, Griffin—at 31 the director and general manager of the Waterford Glass company, one of the world's great manufacturers of crystal and cut glass—talked variously of glass blowing, Ireland, life, love and the pursuit of happiness. "Cut glass," he said, "is coming back. Conservatively, there's 10 times the demand for it in Eire than there was, say, 10 years ago."

"Our company, re-formed by Sir Joe McGrath—you may know him as the racehorse breeder who sold Nasrullah to the American syndicate—dates back to the Sixteenth Century, but it was taxed out of existence in 1851. Now it's 10 years old in its new form and has 500 employees, most of them Irishmen who learned the art of making glass from German, Czech and Italian experts whom we imported."

"Our employees average age is 28—and, do you know, the men marry somewhat earlier than Irish men I suppose. Fairly selfishness, I would imagine. They don't want the responsibility. Ireland, Keselere, the artist-photographer doing all right now, economically, but it's not growing too much. That's because the clever ones—the wild geese—leave for

other shores, when they grow up. We have three million in Eire now. Do you know that 100 years ago there were eight million in the land?"

LATER IN THE DAY, Mail-grapher who has painted and snapped pictures of the greats of the world for years, sat around in his stately showplace of a house in East 62nd street and talked intensely and eagerly about people Keselere's home was damaged severely by fire just a day or two before—"I took a couple of drinks and shrugged and said 'oh well'—but he disregarded the burned-wood smell as he reminisced about the huge and fantastic parties he has thrown in his day.

"You know why I give them?" he demanded. "I will never tire of watching people—and trying to find out what makes them tick. Usually, I have persons of the same class and walk of life, at a party. A hundred financiers, for example. Or two hundred actors and actresses. I feed them liquor, food and cigarettes and then watch them relax. Then I get something of an idea—that is how financiers are, or that is the way actors behave."

Once I broke my rule, though, and had a huge party—the street outside my home was roped off and there was dancing on the roadway—for socialites and show people, including, believe me, girls and clowns. Only I dressed the show people to the teeth, with their happy cooperation, and introduced them all as the Count So-and-So or Princess Thus-and-That. It was a huge success and nobody seemed the wiser, at first, but after Jack Lait wrote a story about it for the papers, there was back to my. I got a lot of indignant calls."

A small button-bright man who says artillery is 90 per cent thinking, and only 10 per cent creative talent, Keselere already has given a thousand photos to the New York Public Library's theater collection and is readying another two thousand for a further gift. He also is meditating doing something with his Rear Adm. Richard E. Byrd collection—they were close friends and he has numerous paintings of Byrd—and is going to hunt in Africa for four months. It is six, two and even that he will spend most of his time in Africa studying people.

"One thing I'll say for him—he never gives up."

## GOP Seat Open In Pennsylvania

### Teen-Age Hoodlums Staging Gang Fights For School Control

By ALBERT MCCOLLOUGH  
United Press Staff Correspondent  
NEW YORK (UP)—A "hard core" of teen-age hoodlums among New York's one million school children has risen to the point of staging gang fights for control of individual schools, reports a judge who sentenced five young gang members for ambushing and wounding three rivals.

The time is coming fast when some form of authority must take drastic action if the city does not want some of these schools run by the law of the jungle, Kings County Brooklyn Judge George J. Joyce warned.

Moved by such warnings and its own estimate that as many as 5,500 delinquents are sowing the seeds of violence in the city's 600-odd schools, the board of education has begun mapping long-range strategy to deal with what another judge recently called "this horrible, miserable mess that is now called our public school system."

School officials disagree that the schools are a mess, and say the number of problem children is less than one per cent of the enrollment. Nevertheless, the board approved a six-point program this week aimed at weeding out the trouble makers and preventing more from springing up.

Police Guard Schools  
At the same time, it went along, though reluctantly, with demands for police patrol of the schools where violence has been worst. Though vigorously opposed to use of police throughout the system, officials have emphasized that principals are free to ask for whatever police protection they feel is needed.

Seven schools now have a policeman assigned inside the building; 34 more are guarded by patrolmen on permanent posts just outside.

What to do about longer-range measures?  
What to do for example, with teen-agers who have rebelled against further schooling, have completed institutional sentences and by law are compelled to return to the very schools they hate until they turn 17?

What to do with the 200 emotionally disturbed Brooklyn children turned away by the Child Guidance Bureau with treatment because its facilities were overloaded without another 200 already referred to it this year?

Program Outlined  
It will take time to find the answers.  
These are the paths the board of education outlined in its newly adopted program to combat school crimes.

Supervise the trouble makers. Put them in special schools where, in small classes, they can get respect help and teaching. To the five such schools already operating and six more, at least doubling the total of 1,200 pupils now sent to such schools.

Expand space in institutions for youngsters who cannot be rehabilitated in situations of the special schools or at home.

Change the laws, including those that now compel school attendance through age 16. Lower the limit by at least a year; Mayor Robert F. Wagner has tentatively suggested allowing youngsters to quit at 14 if they obtain full-time jobs.

Improve and expand psychiatric, guidance and counseling facilities.

Improve school cooperation with other city agencies to combat delinquency.

Boost Teacher Morale  
Boost teacher morale with assurance of official support for "reasonable" disciplinary classroom action against unruly pupils.

Will these measures lick the problem, and do it soon enough? Even as the board was putting the finishing touches on its plan, a Manhattan high school student stopped a fellow student on a stairway, robbed him of a wristwatch and all his cash—70 cents. A similar robbery took place in the same school barely a week earlier.

On the day the plan was announced, Judge Joyce warned fast action was needed and disclosed that the five teen-age members of the "Stonekillers" gang he had just sentenced to a reformatory for up to five years had been fighting the "Bishops" gang for control of Brooklyn's Francis Scott Key Junior High School and the community center it houses.

By LYLE C. WELSON  
United Press Staff Correspondent

WASHINGTON (UP)—If Harold E. Stassen is to be dropped, as reported, from his disastrous job with the Eisenhower administration, it is not surprising that he hopes to land in the Pennsylvania governor's office.

A Republican Senate seat will be up for grabs this year in Pennsylvania, the term of Sen. Edward Martin being about to expire. Stassen seems not to be interested in that.

Much glamor and more publicity attaches to members of the U. S. Senate. But more often than not senators, compared to the governors of their states, are political ciphers. Stassen is aware of that. He used to be a governor himself.

He Was Youngest  
He was the youngest governor in the United States in 1909 after his election by Minnesota Republicans. Stassen was twice more elected, resigning in 1928 for a naval service. That is quite a record for a man who now is nearly in his 51st year.

As recently as 1941 Stassen still was getting youth awards. The International Society of Christian Endeavor selected him in that year for his international youth's distinguished service citation. Three years later he was seeking the Republican presidential nomination. He then was 37 years old.

Stassen tried again in 1948 but again lost the nomination to Thomas E. Dewey of New York, another young man in a hurry. The man from Minnesota then made a move which surprised the politicians but which Stassen may now convert into a very smart maneuver. Stassen abandoned his mid-western political mooring to become president of the United States of Pennsylvania.

That connection continued until 1953 when Stassen joined the Eisenhower administration as mutual security administrator, at which point in his political career, Stassen began to fade as a political figure. He began attending Republican National Conventions in 1936 and by 1940 had reached the heights of convention keynote speaker. At the next two he was a candidate for the Republican presidential nomination, but in 1956 after transferring his voting residence to Pennsylvania, Stassen was not even a convention delegate.

Considering his age and record, it seems obvious enough that Stassen is hoping to be elected governor of Pennsylvania with the White House in mind. Pennsylvania is better situated in all respects than Minnesota as a base for a campaign for the Republican presidential nomination.

He would need the best possible base because Stassen could expect no more than the back of their hands from the old line party regulars.

1957 Bad Year For Careless  
CHICAGO (UP)—The year 1957 was a bad one for the careless and the unwary, the National Safety Council, says.

Accidents, the council estimated, took 95,000 lives in the United States. Highway deaths could have been cut in half, the council said. Statisticians sought a grain of comfort in their figures, which estimated 9,500,000 injured and a cost of \$11,800,000, in addition to the dead, from accidents in 1957.

Van Gogh was famous for his jabs of yellow and wavy lines, while Renoir was well known for his rosy French girls in bright sunlight.

## Try and Stop Me

By BENNETT CERR

SOME AMATEUR hunters were out to bag their first wild elephant. "How," they asked the native guide, "will we know when the elephant is within range?" "Don't shoot," advised the guide, "till you detect a faint odor of peanuts on its breath."

An insurance salesman who had a run of miserable luck finally persuaded a secretary to summon her boss to the phone. "I don't suppose you're in the market for more life insurance?" began the salesman. "Why, yes," replied the prospect. "How large a policy would you suggest?"

"Five-cen, six, six," stammered the salesman. "I must have the w-w-w-rug bear!"

"My angel," cooed a young man, "when I recall that tomorrow is your birthday, and that one year ago we had not yet met—" "Never mind all that," interrupted his loved one. "Don't let's talk about our part. Let's talk about my present."

"Tuned to Nature's Needs"

PLANT FOOD—FERTILIZERS—CHEMICALS  
GARDEN SUPPLIES

FLORIDA MADE FOR FLORIDA SOIL  
Have a garden of your dreams! Authoritative gardening information is your guide to gardening fun. Modern methods take advantage of every scientific development in offering you Sunniland's "Growability"—Since 1884, soil engineers of Chase and Company have led the field in bringing fertility to Florida soil!

A BALANCED SOIL IS NATURE'S COMPENSATION  
What you should know about the care and feeding of Florida lawns, trees, shrubs, flowers and gardens is now expressed in one word... Soil balance! Without this, sometimes many toxic like balloons, vegetables may lack color and crispness, fruit may be tasteless, lawns look like a faded salad. To change this lack of nourishment, get tuned to nature's needs. Apply Sunniland's mineral-rich formulations for Florida climate and soil conditions. Have balanced soil!

**Mayfair Inn Guests To Model Tuesday For Fashion Show**

"Around the World and Back to the Mayfair Inn in Eight Days" will be presented Tuesday night in the Crystal Lobby at 8:00 P. M.

The production will feature a fashion show with clothes by Mary Esther's Mayfair Inn Shop and One Upman of Winter Park, men's clothing. The striking models will be guests of the hotel.

Sanford residents have been particularly invited to attend by

**Gamma Omegas Urged To Attend Tonight's Meeting**

The Gamma Omega Chapter of the Epsilon Sigma Alpha will meet tonight at the home of Mrs. Eugene Estridge on Second St. at 7:30 o'clock.

All members are urged to attend this meeting as it is very important.

Hotel manager Frank Mebane. Clothes for every hour of a busy day will be displayed.

**Miss Vining Given Bridal Shower**

Miss Gertrude Vining was honored Thursday evening with a personal and linen shower in Fellowship Hall of the Congregational Christian Church. Hostesses were Mrs. Harold Herbst and Mrs. Herbert Thurston for the Ethel Root Circle.

As each guest entered, she received a miniature corsage and signed an apron with embroidery ink. The apron was presented to the honoree as a memento of the occasion.

Decorations of a suspended cupid and tiny bouquets of flowers were set off by a white drapery. Miss Vining was seated before the drapery.

The serving table was overlaid with a white cloth. A miniature bride centered the table flanked with silver ribbons, bells and sandal holders.

Those invited were Mrs. Oscar Zittrower, Mrs. Joe Meisch, Mrs. John Jones, Mrs. Clyde Stinson, Mrs. Maude Anderson, Mrs. Lucille Robinson, Mrs. Ralph Loring, Mrs. Ed Ludecke, Mrs. Bea Alford, Mrs. Owsen, Mrs. Ed Simpson, Mrs. Theresa Francis, Mrs. Pat Cook, Mrs. C. E. Hunter, Mrs. James Gut, Mrs. Ralph McLain, Mrs. H. A. Manning, Mrs. Howard Rollins, Mrs. Gus Schmah, Mrs. Maurice Corbett, Mrs. Charles Vining, Mrs. Earl Mostley, Mrs. M. Billingsley, Mrs. Ed Simpson, Mrs. Robert Getman, Miss Helen Witte, and Patti Meredith.

**O.E.S. Past Matrons Honored At Meet**

Valentines set the theme for the meeting of Seminole Chapter No. 2, O.E.S., honoring the Past Matrons and Past Patrons at Masonic Temple, February 8. Enormous blue valentines, decorated with ivory medallions, pink ribbon and pink roses, were mounted in the East and West.

Mrs. Murray Jarvis, Past Grand Electa, was an honored guest and was seated in the East. Mrs. J. P. Holtzclaw, president of the Past Matrons' Club, was also seated in the East. Both were presented with gifts.

The past patrons honored the Worthy Matron, Mrs. L. T. Sheppard, with a courtesy. Filling into the Chapter room carrying cardboard hearts of pink and blue, they formed a heart in the East. The Worthy Matron was conducted to the center of the heart by Mrs. Holtzclaw, while Mrs. Corley sang "Let Us Call You Sweetheart". She was then presented with a gift and conducted back to her station.

Later in the evening the officers honored the past matrons and past patrons with a courtesy. The officers carried ruffled pink net hearts and marched into the labyrinth to form a heart around the altar. The past matrons and past patrons were then conducted into a semi-circle outside the labyrinth and introduced. They were welcomed by the Worthy Matron and serenaded with a valentine song "Just For You" sung by Eloise Pfeiffer. The five Star Points and the secretary addressed them with short valentine verses, after which they were conducted to the East to receive heart-shaped gifts from the Worthy Matron.

Several petitions for membership were received and referred to the investigating committees.

**Episcopal Young Churchmen Give Dance For Students**

On Friday evening, following the Seminole High School basketball game, the EYC of Holy Cross Church sponsored a dance in the Parish house which was attended by more than 100 students. On hand to spin records and entertain the group with lively patter were two well-known local disc jockeys from Radio Station WIOD: Lonnie Patron and Dave Harrell. These entertainers, along with the management of WIOD, donated their time and talent, as a public service and brought along all the latest hit record on hand in the well-stocked WIOD library. Plenty of soft drinks were on hand to quench the thirst of the "rock and roll" enthusiasts. The floor was crowded with dancers until the affair ended at midnight. The dispensing of "cokes" was ably handled by Father John W. Thomas, Rector of the Holy Cross Church, who was assisted by Jack and Peggy Horner, adult sponsors of the EYC.

Next on the EYC schedule is a meeting with other Episcopal young people from Longwood and Mount Dora who will gather together the first Sunday in March for supper and what promises to be an interesting program featuring a talk about the life of a Friar.

**Woman's Page**

**Conning The News**

This is the final week of rehearsal for the Follies. The cast is in condition now and the old bones don't ache the way they did week before last. I was really impressed by the run through at the high school this afternoon. It looks terrific.

As those who know her may imagine, Camie Bruce is just about the funniest thing to hit the stage one can expect. She doesn't even have to act.

On Saturday attention was drawn by stream and flashing lights. This affair turned out to be a parade of cars which left the hospital headed by Ben Butler of the Sanford Police. The string of station wagons and cars were on their way to DeBary. The good sergeant deposited the gay group at the city limits. The cars were bedecked with red stockings, banners and signs advertising — you guessed it — the Follies.

Constable Oscar Papineau and Mrs. G. C. Kesselbach of DeBary met the group at the bridge and accompanied them to the Post Office in DeBary, where they were greeted by Brig. Gen. H. P. Newton, U. S. A. (ret.).

Driving the cars were Mrs. Blackwelder, auxiliary president, with Mrs. Charles Butler of DeBary; Mrs. Jim Stowell of Geneva with the Lake Mary Queen candidate, Ida Mae Sjoblum, and Mrs. Anna Arnet of Loch Arbor.

The third car was a tipy King-Midget, driven by Chief Charles Dome, U. S. N. His sign read "Intermission". This drew much comment and excitement tucked amongst those great big automobiles.

Other auxiliary members were on hand in automobiles and to complete the parade, including both Mr. and Mrs. C. Proctor, Mrs. Richard Bauer and Mrs. Robert Meyer with Miss Lennie Rotundo.

Art McCarthy was married Saturday to his pretty Peggy in Boston. The McCarthys will take up their residence in Sanford next week.

**Garden Circles**

The Dirt Gardeners Circle will meet at the home of Mrs. George Hadden, Friday, February 14 at 9:30 A. M. After a short business meeting the group will go to Ormond Beach to visit Parrot's Paradise.

The Magnolia Circle will meet Thursday at 10:00 A. M. at the home of Mrs. W. L. Dickerhoff, West Onore Road. An interesting program has been planned. There will be a novelty sale.

The Ixora Circle will meet at the home of Mrs. Donald Jones, 1919 Sanford Ave. at 10:00 A. M. Friday. Mrs. George Eick will be co-hostess. The program will be on wild flowers and will feature slides.

Rose Circle will meet Friday, February 14 at 9:45 A. M. with Mrs. Charles H. Cole at Geneva. There will be a covered dish luncheon. Jack Russell will be the speaker. His subject will be "Orchids We Can Afford".

Central Circle of the Garden Club will have a meeting Thursday, Feb. 13, at the home of Mrs. J. W. Schwartz in DeBary. Those interested are asked to meet, if convenient, at the corner of 4th and Park Ave. at 9:00 A. M. Gen. Harry P. Newton will give colored slides and speak on camellias. Mrs. George McCall is program chairman.

**Valentine Dance Next Wednesday At U.S.O. Club**

A Sweetheart Dance will be held at the U. S. O. on Wednesday, February 12. The evening will feature a valentines theme. The decorating scheme of red and white will be enhanced by innumerable valentines and red and white flowers.

The Patrick Air Force Base Orchestra, the famous "Missalairs" will furnish the music for the dance. The orchestra is considered one of the finest in the area. It is under the direction of W.O. Nicholas Azzalino. The Sanford Naval Air Station is furnishing the transportation to bring the band from the Missile Test Center.

The U. S. O. urges all service personnel, including married couples, to take advantage of this very special dance.

All Junior Hostesses are urged to attend. Any girl interested in further information about the dance may call Mrs. E. Kuhn, Staff aide, U. S. O.

**Fasron Has Dance Friday Night**

A dance was given Friday night at the Shriner's Hall by Fasron 51. Music for the evening was supplied by the Celery City Five. A buffet supper was served to the guests.

Arrangements for the evening were made by the recreation committee of Fasron, headed by Jack Horner. Others serving on the committee were Lt. (jg) Jones, Tom Drake, APL, G'Connor, APL, Wolfe, Pri. Pellens, AKC, Plants, AM2, Weismann, AK2, Kain, A-D2, Vincent, BMS, Claudio, AN, Brehm, AT2, Huebel, AD3, and Eves, YN3.

Special guests for the evening were the members of the Sanford U.S.O. and the Business Club of the YWCA, Daytona Beach.

**"Follies" Will Open Thursday Night; Cast Enthusiastic**

The final week of the High Fever Follies began today. The Follies will be presented Thursday, Friday and Saturday nights at the Seminole High School.

This gay amateur revue is sponsored by the Women's Auxiliary of the Seminole Memorial Hospital. Some three hundred Sanford citizens are working hard to make it a success. Proceeds will be used to purchase an isolate and rocker for the nursery and a blood bank refrigerator for the hospital.

The production will climax months of ground work by committee members and three weeks of rehearsal and drilling by the cast. Directing the show is Christ-Carter of the Jerome Cargill

Producing Organization of New York. Mr. Carter is in his seventh year with Cargill. This is his fifty-fifth show.

On Sunday the entire cast assembled at the High School for a run-through of the production. In spite of the chilly air and unheated auditorium, the cast was enthusiastic and spontaneous. With only three days left to go before opening curtain, the director seems confident and pleased with his group.

The High Fever Follies will be as close to a Broadway production as a Florida town can come with local talent. Jerome Cargill has supplied the fabulous costumes. The scenery is being made locally by a laboring and frostbitten group of art enthusiasts. When the curtain goes up Thursday evening, Sanford audience will see a humorous musical with flashes of brilliance.

Tickets may be obtained from 11:00 A. M. until 8:00 P. M. Monday, Tuesday and Wednesday at the U. S. O. On Thursday the office will be open from 11:00 A. M. to 1:00 P. M. From then on, they may be purchased at the box office at the high school. Choice seats are going fast and those who wish to be close to the stage are urged to hurry and obtain theirs.

Mrs. Don Brubaker is general chairman of the Follies.

**Plans Revealed For O.W.C. Activities**

The social schedule for the next six months was planned Friday when the executive board of the Officers' Wives Club met at the home of the president, Mrs. I. M. Rowell.

The board will serve until the first of July. One activity a month has been planned for the pleasure of the officers' wives.

Mrs. Muriel Osborne has been selected chairman of the membership coffee to be given at the B. O. C. February 27.

Tentative dates have been set for other functions which include a fashion show in March, around the 24th, a benefit card party in April, on the 24th, a spring dance on May 9, and an outdoor chicken barbecue around the sixth of June.

Attending the meeting Friday were members of the board and their alternates. Included were Mrs. Rowell, Mrs. Jean Runyon, Mrs. Sue Hobbins, Mrs. Helen Crawford, Mrs. Jean Tegfeldt, Mrs. Carlis Stribling, Mrs. Jean Reedy (advisor) Mrs. Fran Powell, Mrs. Caroline Legare, Mrs. Lucille Harris, Mrs. Joanne Shover, Mrs. Muriel Osborne, Mrs. Virginia Shaffer, Mrs. Pat Dearolph, and Mrs. Lee Cunningham.

**Miss Hattie Kirk Suggests Recipe For Cornbread**

Corn bread one of your favorites? If you find you are having to make corn bread each day, may we suggest a cornbread mix. The secretary, Miss Hattie Kirk, recommends it highly. Our Specialist has given us this mix, which is as follows:

- 2 pounds cornmeal, unboltted (8 cups)
- 2 cups flour
- 4 tablespoons baking powder
- 1 tablespoon salt
- 1 tablespoon sugar
- 1 1/2 cups dry milk solids
- 1 cup salad oil
- Four cornmeal into large bowl. Add flour, baking powder, salt, sugar and dry milk solids. Sift together once. Add salad oil by pouring over entire surface and blending in with a large spoon. Store in a covered jar or can at room temperature.

**OVEN CORNBREAD**  
2 cups Basic Cornbread Mix  
2 eggs  
1 cup water  
Beat eggs, add water. Pour 1/4 over mix and stir to blend. Add rest of liquid and beat until batter is smooth. Pour in well greased 8 x 8" pan and bake 400 F. for 20-25 minutes. Serves 4-6.

Miss Hattie reduces the flour in this recipe and does not add the eggs, as she prefers "corn pone". She makes this in small patties and bakes in the oven.

We also have a recipe for the "Master Mix" which you can get at the Home Agent's office in the Courthouse. The Home agent, Myrtle Wilson, thinks this recipe is a time saver. The mixture will keep indefinitely and can be used for biscuits, pancakes, waffles, cakes, etc.

**Calendar**

**MONDAY**  
Fleet Auxiliary meeting will be held Monday night at the C. P. O. Club at 8:00 p. m. The meeting was originally scheduled for Tuesday.

**TUESDAY**  
The Lake Mary Home Demonstration Club will meet February 11 at 10:30 a. m. at the Chamber of Commerce Building. Demonstration of fish cookery, film on cancer. Covered dish luncheon following meeting.  
Royal Arch Widows will have Valentine supper at 8:30 P. M. in the Masonic dining room.

**BIRTHS**

Mr. and Mrs. Lloyd Gann announce the birth of a son, Nathan Ray, born February 8. The baby weighed 8 lbs. 5 1/2 oz. Mrs. Gann is the former Helen Mikolajic.

**Happy Birthday**

Janet Johnson

**Church Calendar**

**TUESDAY**  
Brownie Scout Troop No. 233 of the First Presbyterian Church will meet in the Youth Building at 3:00 p. m.

The Senior Girl Scouts of the First Presbyterian Church will meet at 3:30 p. m.

## Clark's Takes Top Spot In Mixed Bowling League

A first place tie in the Mixed Bowling League was broken last week by Clark's Plumbing when they took three games from the Appliance Mart. This puts Clark's team in top place with 11 wins and four losses.

Hunt's Feed Store grabbed three games from Lou's Bar and Grill in last week's games which put them in second place.

Powell's Office Supply made a grand slam taking three games from Harvey's which leaves a third place tie with the Appliance Mart with eight wins and seven losses. Harvey's has won five and lost 10. Lou's Bar and Grill has won four and lost 11.

According to league scoring, Powell's ran away with an 800 scratch team single and a 2200 team three. Both scores are high for the season. Hunt's has a second team high three of 2230. Clark's has a 780 for high team single. All scores are scratch.

## Aubrey Phillips Seeks 5th Victory

Aubrey Phillips, one of the top young greyhounds to break in at the Sanford-Orlando track this year, bids for victory number five in the featured ninth race tonight. The 60-pound pup, who won't be two years old until June, boasts four wins and a second in seven starts following a spectacular advance from the maiden class to Grade A.

Aubrey, from Bob Bennett's powerful kennel, just missed victory the last time out Wednesday night after leading all the way to the finish line.

Flourine, in the money 10 times in 13 trips postward, Carl Nug and Hounding Check are among other dangerous contenders in the main event.

Teaching of music was introduced into Boston public schools in 1837 through the influence of Lowell Mason and the Boston Academy of Music.

## Navy Team Receives M. Mantle Plaque

Captain L. A. Arthur, Commanding Officer, NAS, Sanford, during a brief ceremony in his office presented the First Annual Mickey Mantle Sports Festival Award to the NAS-HATWING ONE golf team for their outstanding victory over the Pinecastle Air Force Base team during a charity exhibition match held at the Mount Plymouth Country Club.

Members of the Navy golf team are: Lieutenant Commander D. P. Cuning, Station Public Works Officer and captain of the team; Lieutenant Commander G. Gay, HATU; Ensign J. Allen, VAH-11; and Chief Petty Officer K. Torbett, HATU. Cuning and Gay matched their skills against Air Force Major Crosby and Major Wilson. The last hole decided the win for the Navy foursome with a total score of 108. It was a definite upset, as the Air Force team was composed of outstanding golfers.

Mickey Mantle presented the plaque to the winning Navy team Saturday evening at the charity banquet at the Mount Plymouth Hotel in Sorrento. The banquet hall was arrayed with such celebrities as Birdy Tebbets, who presided as MC, Gary Middlecott, and Whitley Ford.

The proceeds will go toward the Mickey Mantle Hodgkins Disease Fund, and the Damon Runyon Fund.

Individual high game scratch of 177 handicap and 204 and individual high series scratch of 454 and handicap of 535 all go to Olga Martin.

DEMPSEY TO VACATION NEW YORK (AP)—Jack Dempsey will fly to Cuba today for a 10-day vacation at the Havana Riviera. The former heavyweight champion will be accompanied by Jack Amiel, a partner in Dempsey's Broadway restaurant, and County Court Judge Nathan R. Sobel of Brooklyn.

DEACONS PLAY AMBURN WINSTON-SALEM, N. C. (AP)—Wake Forest College will play a 10-game football schedule next fall, six against Atlantic Coast Conference opponents. One of the Deacons' opponents will be runner-up to Ohio State last year in the national championship race.

SECOND BOUT FOR KARAS CHICAGO (AP)—Former Iowa guard Alex Karras who made his professional debut as a wrestler last month, has been matched against Chet Bernard at the International Amphitheater, March 1. Karras, a 235 pounder, beat Al Montana in his first bout.

The nation's first all-freight airline was founded in 1945 by a group of 12 members of the famous Flying Tigers who flew with Gen. Claire Chennault in China.

## Good Shad Fishing Continues In River

Despite sub-normal temperatures, rain and wind, good shad catches continue to come in at all fishing areas, according to Paul R. Nichols, U. S. Fishery Research Biologist.

Last week 776 fishermen boated 3,883 shad, which included 47.0 per cent roes. This high percentage in roe indicates that the peak of the shad run is nearing for this season. To date over 25,000 shad have been taken in the St. Johns River this season by rod and reel.

The big question is: How long will the shad fishing last this season? Shad fishing started about two weeks earlier than usual which normally means that the run will end two weeks sooner than in past seasons. Good shad fishing is predicted until the last week in March.

Some of the other questions asked by the shad fishermen have been:

Q. Is there a creel limit on shad?

A. Yes. The state of Florida has a 15 shad per day per person.

Q. How large do shad get in the St. Johns River?

A. The largest shad checked by the U. S. Fishery Biologists on the river this season so far was a roe shad weighing 5 pounds, two ounces.

Q. Is it true that all adult shad in this river die after spawning?

A. Yes, in so far as the biologists have been able to determine, both sex die after spawning.

Q. When do the young, commonly called shade-minnows leave the river?

A. The young usually leave the river in October, depending on water temperature and weather conditions.

Q. How old are they when they return to spawn?

A. When the shad return as mature adult fish, they are from two to five years old. The buck mature in two or three years and the roe in three to five years.

Q. How do you tell the difference between buck and roe shad?

A. The roe shad are usually larger, but this is not always true. The roe is wide at the oval opening or vent and red in color around the vent which is protruding, whereas, the buck are narrow in the vent region and showing little red if any. To be absolutely sure, strip or milk the fish to see if you get eggs or white milk.

Q. Do shad spawn in small tributaries of the river?

A. No. Shad are open water spawners. Spawning usually takes place late in the evening or early morning in the main river channel.

Q. How many young will one female produce?

A. Little is known of the survival rate of the eggs or young, however, the average size female will produce over 300,000 eggs per spawning season.

According to the old timers, says Nichols, the shad are running quite a bit larger than last year.

Again, concluded Nichols, "we ask the cooperation of all shad fishermen to fill out a report of each day's catch on the cards and drop card in the white boxes located at each fishing area."

MATCH FINALLY SET NEW YORK (AP)—Light heavyweight Yvon Durelle of Canada and Tony Anthony of New York have signed to meet in a 10-round bout at Madison Square Garden, March 14. Two previous matchings between Durelle and Anthony were called off because of illness.

CHICAGO (AP)—Former Iowa guard Alex Karras who made his professional debut as a wrestler last month, has been matched against Chet Bernard at the International Amphitheater, March 1. Karras, a 235 pounder, beat Al Montana in his first bout.

The nation's first all-freight airline was founded in 1945 by a group of 12 members of the famous Flying Tigers who flew with Gen. Claire Chennault in China.

**WINNER AND RUNNER-UP** in the Dot Powell Trophy Tournament check their score-cards Saturday at Noon with the Assistant Pro at the Mayfair Inn Country Club (Left to right) Mrs. Mary Baccash, runner-up, Rudy Goettlicher, assistant pro, and Mrs. Jeanne Foull, winner of the Dot Powell Trophy. ## SHS Quintet Bows To Lakeview 41-37

The Lakeview Red Devils evened the score against the Sanford Seminoles here Friday night by squeezing out a 41-37 victory. In the first meeting of these two clubs, the Seminoles had a comparatively easy time in defeating the Devils but things changed considerably in this meeting. The Seminoles scored only three points in the entire first period but came within one point of the Devils by the half. At the end of the third period the two teams were tied at 25 up but in the last two minutes of the game Lakeview pulled away and the local effort was vain.

Guards Cecil Dandridge and Ray Lundquist again paced the attack for the Seminoles. Cecil led with 11 and Ray followed with nine to account for 20 of the 37 points. Both boys hit their points on set shots from outside and added a few tally's with lay-ups.

Big Norvin Baker, accounted for 22 of the Red Devil's points and was the big gun under the basket. He got the lions share of the rebounds and that seemed to be the difference of the contest.

PAN-AM GETS YACHTS CHICAGO (AP)—The organizing committee for the Pan-American Games has been instructed to add yachting to the 1959 program. Douglas F. Roby, president of the Pan-American sports organization, said he was confident the addition would be approved by the group at their next meeting.

The heron can leap nine feet at a time. It is an Egyptian animal about the size of a mouse.

motorcycle show at the National Guard Armory, the annual endurance race, time trials and the annual Awards Night ceremony.

The annual Handicaber Derby is sanctioned by the AMA and sponsored and promoted by the Central Labor Union of Daytona Beach.

The Daytona 100 is scheduled for Saturday, March 8.

Drag races the morning of Tuesday, March 4, will open Handicaber Derby Week. That afternoon a lightweight road race is scheduled and F. C. Smith, executive secretary of the AMA, said interest is running high for the race judging from entries being submitted to AMA headquarters.

Other events during the week include sportsman hillclimb, scrambles race, short track races,

### Mercury's Car Of Future To Be Displayed Feb. 15

Mercury's car of the future—advanced-style XM Turnpike Cruiser—will be displayed at Hunt-Lincoln-Mercury on February 15, according to W. P. Hunt, manager of the Sanford Lincoln-Mercury dealership.

Hunt said the public is invited to see the experimental car which has been the outstanding attraction at many of America's major automobile shows.

The Mercury XM-Turnpike Cruiser has been seen by more than 4,000,000 people," Hunt said, "and we are fortunate in being able to bring it to Sanford for display."

### Village

(Continued from one)

that country presses its U. N. demand. French defense Minister Jacques Chaban - Delmas reaffirmed France's contention the raid was against a rebel anti-aircraft unit that fired on French planes.

Spain, with important stakes in North Africa itself, was outspoken in its criticism of France. The Catholic newspaper "Ya" said the action would strengthen Russia's hand and help extremist forces of Pan-Arab nationalism.

In Cairo the Algerian Independence Movement called the attack a "declaration of war on an independent country," set out to raise a 30 million dollar annual war chest and sought to mobilize Tunisia and Morocco against France.

Tunisian troops patrolled the city of Tunis, to prevent anti-France demonstrations. Workers called a 24-hour general strike to protest the bombing and it appeared likely the entire nation would be paralyzed.

### NAS

(Continued from one)

was Lt. Robert W. Kennedy, USN, with the first ASD catapult launch for HATRON Five. First arrested carrier landing in the ASD for HATRON Five was again Lt. Kennedy. First "Savage Son" to carrier qualify in the "Skywarrior" was LCDr. Louis "B" Hoop Jr., A total of 16 "Savage Son" carrier qualified during the cruise. In addition to qualification of Commander Heavy Attack Wing One, HATRON Five continued to aid their sister squadron HATRON Nine by qualifying Lt. Dale E. Shover and James M. Ross to bring the total of carrier qualified plane commanders to 19 for the cruise.

One of the most outstanding facts concerning the cruise was the durability and dependability of the ASD "Skywarrior." On every launch the ASD's were ready and demonstrated clearly an ability to fly and maintain a long range attack bomber indefinitely from the attack carriers at sea.

Members of HATRON Five were also aboard gaining valuable experience for operating their ASD's off the attack carriers. Several members of Eleven qualified as "passengers" in the "Skywarrior" as it landed aboard pilot.

HATRON Five, along with carrier qualifying, also gained valuable experience as movie actors. The squadron, as representative of the mission of Heavy Attack Wing One, was widely photographed for a Navy movie on operations of the ASD and the nuclear weapons capability of the long range attack bomber.

Characterized by swiftness of line, bold styling and a refreshing new engineering concept, the XM-Turnpike Cruiser is the first automobile yet designed to provide maximum visibility and driving ease for motorists traveling the nation's new turnpikes and express highways.

"Mercury's forward-thinking stylists and engineers have created a new basic theme which will give American motorists unequaled driving pleasure, comfort and safety as they travel," said A. W. Luster, manager of the Jacksonville Lincoln and Mercury district sales office, Ford Motor Company.

"This is a roadable vehicle with many features designed for future Mercury models and some already incorporated in 1958 Mercury cars," Luster added.

An experimental Mercury with a 10 to 1 compression ratio and two four-barrel carburetors, powers the advanced-styled models.

An unusually low silhouette (only 44 feet high), virtually unobstructed vision in every direction and a windshield which curves into the roof as well as the sides, are salient features of the Cruiser.

To permit ease of entrance despite the XM-Turnpike Cruiser's low roofline, transparent plastic "butterfly" openings have been inserted in the steel top over the two front seats. These automatically rise when the doors are opened.

Distinguishing features of the

### Legal Notice

### Jenkins To Give Organ Concert

Paul Jenkins, a member of the School of Music faculty at Stetson University since 1956, will give an organ concert at the St. Johns Baptist Church in Charlotte, N.C. on February 10. Jenkins, assistant professor of organ, is organist and choirmaster at Holy Cross Episcopal Church at Sanford.

### FILLER FACTS

The word "turnpike" originated in Massachusetts, getting its name from the gates of toll roads. The gates were turntables with a center revolving post into which were stuck the ends of pikes.

Farmers substantially helped the development of American railroads in the early days by granting rights of way

The XM-Turnpike Cruiser, an unusual, experimental model created by Mercury Division, is the first automobile designed to take full advantage of the nation's budding new improved highway system. Styled to give American motorists maximum driving pleasure, comfort and safety as they travel the new turnpikes, it features virtually unobstructed vision in every direction. Transparent plastic "butterfly" roof inserts lift up automatically when doors are opened to permit ease of entrance and exit. Completely roadable, it is only 4.4 feet high.

Natives of Tibet are said to be among the greatest tea drinkers in the world. Each Tibetan is said to drink an average of 40 cups a day.

### Minute Maid Corp. Commended

WINTER PARK — The executive committee of Florida Orange Marketers, Inc. today passed a resolution commending the Minute Maid Corp. for its action in minimizing FOM members' citrus losses during the recent freezes.

The growers' resolution states that Minute Maid displayed "an admirable spirit of cooperation in using its facilities to save untold thousands of dollars' worth of freeze damaged oranges."

In supporting its commendation, the FOM executive committee points out that under the original contracts, Minute Maid agreed to accept and process some 2,677,000 boxes of FOM fruit while handling 4,136,000 boxes of fruit from company groves.

Surpassing this agreement, Minute Maid production figures up to Feb. 4 show that the company already has voluntarily accepted and processed 81 percent of the total FOM member early and mid-season fruit commitment since the freeze of Dec. 8. During the same period, the processing company has handled only 54 percent of its own total allotment.

FOM President Dan Wright of Sanford, in commenting upon the resolution, said: "This action by Minute Maid has probably saved our growers 500,000 boxes of oranges which would otherwise have been lost through droppage and drying. The unselfish action on the part of our processor is an outstanding example of the spirit of cooperation that has existed between us since the signing of our agreement last July."

### Winter Visitor Patrick Barrett Succumbs Sunday

Patrick L. Barrett, 69, died at 11 p. m. Sunday night at his home 308 Park Ave.

Mr. Barrett had spent three winters in Sanford and had been here for three months. His home is in Fremont, Neb.

He is retired and was born June 14, 1888 in O'Neill, Neb. He is a visiting member of All Souls Catholic Church, a member of the Knights of Columbus, third and fourth degree, and a member of the Holy Name Society.

Mr. Barrett is survived by his wife, Mrs. Marble Barrett, of Sanford and Fremont, Neb.; two daughters, Mrs. Jack Brovelist, Sioux Falls, S. D., and Mrs. Paul Waples, Norfolk, Va.; two grandsons, James and Jerry Brovelist, Sioux Falls, S. D.; two brothers, H. J. Barrett, Council Bluffs, Ia. and Lawrence F. Barrett, St. Paul, Minn.; two sisters, Mrs. Pat Sullivan, O'Neill, Neb. and Mrs. James Morrow, Fremont, Neb.

The remains will be sent to Fremont, Neb., for funeral services and interment in Calvary Cemetery, Fremont, Neb.

Brisson Funeral Home is in charge.

### P. Jones On Dean's List At College

The Dean's List of Rob Jones University, Greenville, S. C., for the first semester of the 1957-58 school year, includes 18 students from Florida, one of which is from Sanford.

Named on the list are those students who have earned at least a "B" average during the semester.

Philip Blair Jones, son of Mr. and Mrs. W. B. Jones, 1119 Sanford Ave., a senior in the School of Religion, appears on the Dean's List of the school.

### Lions Club Names Nominating Group

CASSELBERRY — At a business meeting of the Lions Club Thursday night president Robert Schaff named a nominating committee to draw up a slate of candidates for club officers for the coming year. The committee, composed of William Dingle, chairman, Ben Evans, and Judge Wilson Alexander also includes the club president.

The club went on record to support Millard Conklin, of Daytona Beach as a candidate for the office of International Director, subject to election at the state convention in May. Conklin was Florida's first Lions District Governor and during twenty-seven years as a Lion he has previously served in the office he is seeking again. Conklin has a perfect attendance record and has held all offices in the Daytona Beach club in the zone and district and has done much to promote aid for the blind.

Bill Wallace, zone chairman of Winter Park presented the resolution supporting Conklin and Tom Kirkman also of Winter Park. State Lions Secretary reviewed the activities of seven new clubs recently installed in the state.

Officers will be elected at a meeting in March and at that time delegates to the state convention at Sarasota will be named.

### UP Representative Will Give Talk At Kiwanis Club

Members of the Sanford Kiwanis Club will get a little closer to the source of news when they hear a representative of United Press Association talk on the subject of his organization.

Charlie Noland, veteran newsman and a representative of United Press, will be in Sanford Wednesday to speak to the local Kiwanis Club.

United Press Associations is a world-wide organization with bureaus in every important news center.

### Colored News

Rev. C. L. Franklin of Detroit, Mich., the Davis Sisters of Philadelphia, Pa., the three foot midget and Orelia Franklin will appear at Jones High School Friday night, Feb. 14, at 8 p. m. in a gospel concert.

Tickets are on sale here at Snows Restaurant, Leas Beauty Shop, 1402 W. 13th, Mrs. Viola Fraxiers Beauty Shop and various other places.

An attendance prize will be given.

A bus leaves the Triumph Church at 7 p. m. to accommodate the ones without transportation. For further information call FA 2-1079, Rev. R. Cooper.

### Gospel Concert Slated Friday

Paul Jenkins, a member of the School of Music faculty at Stetson University since 1956, will give an organ concert at the St. Johns Baptist Church in Charlotte, N.C. on February 10. Jenkins, assistant professor of organ, is organist and choirmaster at Holy Cross Episcopal Church at Sanford.

FIRE WAS CONTAINED in the upper floor of this frame dwelling Saturday morning. Chief Mack N. Cleveland Sr. is seen directing firemen as blaze is brought under control. "The entire top floor was involved when we arrived," Chief Cleveland said. (Staff Photo)

### Celler To Push For Presidential Disability Bill

WASHINGTON (UP)—Rep. Emanuel Celler D-N. Y. said today he will push for a presidential disability bill despite a veto threat from Attorney General William F. Rogers.

"Democratic members of Congress don't scare so easily," Celler said. "Those threats of vetoes are about as useless as trying to grow hair on my bald head."

Celler referred to Rogers' statement that he would urge President Eisenhower to veto any bill setting up machinery to turn over a disabled president's duties temporarily to the vice president.

The administration contends a constitutional amendment is required to deal with the subject, Celler said. Speaker Sam Rayburn and a number of other Democratic leaders insist a law is all that's needed.

Celler said he will call his House Judiciary subcommittee into session next week to try again to reach an agreement. The subcommittee has been working more than two years on the problem of how a disabled president can be replaced temporarily.

Celler said a constitutional amendment, which President Eisenhower has recommended, would take so long that "nothing would be done" to solve the problem.

### THE CARD OF THANKS

Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

---

### THE "IN MEMORIAM" NOTICE

It is the custom of many families in this country to commemorate a bereavement by an "in Memoriam" notice in newspaper classified columns. They find a real solace therein. Preparation or selection of a suitable verse brings back to them tender, pleasant recollections. As Eliza Cook, the English poet has so beautifully expressed it:

"How cruelly sweet are the echoes  
That start  
What memory plays an old tune  
On the heart!"

Most frequently an In Memoriam is inserted on the anniversary of death. However, other dates, which it is left as appropriate or meaningful are also selected. The birthday of the departed, the wedding-anniversary, Memorial Day, even Christmas are among other significant occasions chosen.

If you are hesitant to express your tender thoughts in poetic form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotions of the heartstrings. Among them are verses appropriate to any circumstance.

---

### THE RATE

Cards of Thanks and In Memoriam notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

### YOU'RE TELLING ME!

By WILLIAM BITT  
Central Press Writer

IN AN effort to raise money Government gets 602 million. As painfully, Moscow has decided to run a state lottery. It'll be a game of chance for every Red except the government, which plans to groom out 60 per cent of the take.

The Red-run numbers racket will be a billion-dollar affair. That's a lot of money even when divided into kopecks.

Among the Moscow lottery prizes will be 1,000 motorcycles. That ought to wind things up with a bang.

Total prize money in the Russian game for gamblers will amount to 356 million rubles.

### State Road Board To Hold Series Of 3 Meetings

JACKSONVILLE (UP)—Polls cases in Florida are running slightly higher than last year, the State Board of Health has reported.

Two non-paralytic cases, one in Jackson and one in Duval County, were recorded last week, bringing to 12 the number of poli patients treated so far this year. A total of 15 cases were recorded in Florida through the same period in 1957, the Board of Health said.

At the same time, the board said cases of influenza for 1958 now totaled 2,703 as compared to only 40 for the same period in 1957.

A total of 819 flu cases were recorded last week as compared to 312 the previous week.

Bring FINE TENANTS

IT'S COLD EVERYWHERE—NORTH AND SOUTH— Frigid Lake Michigan waves pounded the Chicago shoreline with huge waves, leaving thick ice deposits on the beaches (top) as Old Man Winter showed no sign of retreating. Even in usually balmy Miami, Fla., nursery operators had to burn smudge pots (bottom) for hours to prevent damage to plants when the temperature dropped below 20 degrees. (UP Telephotos)

Father Is Charged With Child Beating

PACIFIC, Calif. (UP)—Joseph Bedard, 35, was arrested on a charge of child beating after his 9-year-old stepdaughter handed her school secretary a note beginning, "I love you very much . . . please take me home with you."

"I love you very much. And this is what I am writing you. My father is not my real father he is my second father. And he does not like me. And my mother is my real mother but she does not like me either."

"So will you take me home with you? I will be very good to you. My father said he wanted me to run away and live with someone else. He said as long as I live in the same house as he does every night I will get whipped. And I don't want to get whipped."

"So will you please take me home with you I will love you very much. And then I would be happy."

"Because you think am happy when I help you but I am not happy. I already packed my clothes this morning. So please take me home with you. Please please please. The girl, Burns, then told Mrs. Sherwood that her father beat her with a belt. The secretary notified authorities, who found "multiple bruises and welts" on the child's body and head.

Susan, described by school officials as an excellent student, was turned over to juvenile authorities.

ATLANTA (UP)—A bunch of squirrels apparently went nuts in the home of Mrs. Ann Gabrielle. Several of the animals entered while she was away. In their panic to find a way out they knarped up to window sashes, ripped down the Venetian blinds and broke several lamps, vases and flower pots.

AID FUND DRIVE—Mrs. Earl Warren, wife of the Chief Justice, launches in Washington the annual Mothers' March on Fullo by raising a donation from Mrs. Richard M. Nixon, wife of the Vice President. The Mothers' March is the highlight of the annual March of Dimes fund-raising campaign.

KOREAN MANEUVERS ANNOT BEDS—American and Republic of Korea officers watch a valley near the Korean front as a simulated atomic warhead explodes on a distant ridge. Communist China has called the joint exercises 12 miles south of the demilitarized zone a "challenge to peace." (International)

Number Collecting Unemployment Up

WASHINGTON (UP)—More jobless Americans are collecting unemployment benefits than ever before and the total is expected to climb further, the government disclosed today. A Democratic senator introduced legislation to increase the benefits.

The Labor Department said in testimony published today 2,274,000 persons were drawing unemployment insurance under state programs in the week ending Jan. 4. The figure was almost 400,000 higher than the previous peak in January 1956.

The department told the House Appropriations Committee the total was expected to rise to 2,500,000 by the end of the year.

Public Hearing Slated Monday

TALLAHASSEE (UP)—The Legislative Committee investigating subversive elements in Florida will hold its first public hearing here Monday, but nobody connected with it will say today just what or who is being investigated.

Sen. Charley Johns of Starke, committee chairman, is the only authorized spokesman and he is not talking, he said, until witnesses testify at the hearing receive their official subpoenas.

But Johns said before the committee completes its job just prior to the 1959 legislative session, it will investigate both Communism and the racial situation, before we are through, but it is impossible in any today what phase we will concentrate on in Tallahassee," Johns said.

"We are going to hold these hearings on a high plane. We don't want to smear anyone or go on any witch-hunts."

Steel Industry Recession Has Run Its Course

BY CLYDE H. FANWORTH  
United Press Staff Correspondent  
NEW YORK (UP)—The heads of the nation's two largest steel companies agree that the recession their industry has run its course.

Neither Roger M. Blough, chairman of U. S. Steel Corp. nor Arthur B. Homer, president of Bethlehem Steel Corp. look for any pronounced upturn just yet.

But they say the decline has turned into a leveling off and that operations in some areas are starting to pick up gradually. Both companies reported record sales and earnings in 1957 despite drops in the fourth quarter.

Business Improves  
Blough, after reporting the financial results of the nation's largest steelmaker, told a news conference Tuesday U. S. Steel's January business has improved.

He said both his company and the industry in general are currently operating at 55 per cent of capacity and "my guess is that the operating rate will stay in that vicinity in the first quarter."

After issuing the Bethlehem financial report Thursday Homer predicted his company will be operating at 65 per cent of capacity in March, against 60 per cent currently.

Predicted Strong Comeback  
He said the industry is getting ready to go forward again after suffering both a decline in demand and rapid depletion of inventories by its customers.

"Let me tell you one thing," he added, "When the industry comes back it is going to come back hard."

Both companies added to their steel capacity during 1957, and

American Motors Reports Profit

DETROIT (UP)—American Motors Corp. held its annual stockholders meeting Wednesday and for the first time in company history management could report a profit.

What's more, president George Romney was able to tell the assembled owners that AMC shows a profit at the end of fiscal 1957—next Sept. 30—the company can keep every cent it makes and pay no taxes.

Stockholders were happy over the rise in price of AMC shares. In 1956, before Miami-New York financier Louis E. Wolfson started buying into AMC heavily, AMC was selling at low as 4 7/8 a share. It closed Tuesday at 9 1/4.

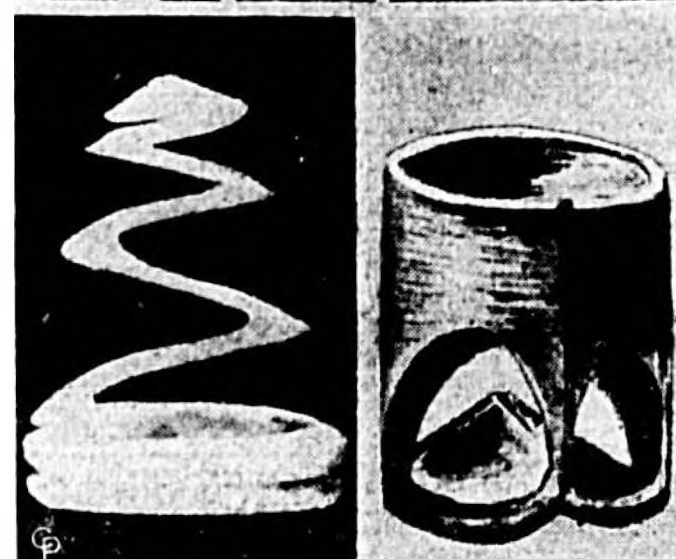

AMC is tax-free for at least five years because its operating losses have totaled nearly 75 million dollars since it was formed from Hudson Motor Car Co. and Nash-Kelvinator Co. May, 1954.

These losses were cut to about a 47-million-dollar net loss only because AMC was able to reclaim taxes paid during the previous five years and to sell Ramco, a profitable subsidiary, for \$10,625,772.

Romney announced the corporation, which has cut its auto products to fashions of two and has brought out a new line of electric Kelvinator appliances, made \$4,900,000 in the Sept. 30-Dec. 31 quarter.

are planning further additions this year. Together their productive capacity accounts for more than 63 million tons or nearly half the productive capacity of the entire industry.

Both U. S. Steel and Bethlehem generally fared better in 1957 than the other steelmakers. "Big Steel's" profits after taxes rose to \$419,073,722, equal to \$1.33 a common share for \$318, 698, 916 on \$204 per share in 1955. Bethlehem's net profits climbed to \$191,925,913 from \$161,411,625.

NEW 'SPARE PARTS' FOR HEARTS—Dr. Charles A. Hufnagel (top, left), the Georgetown University surgeon who invented the plastic valve for human hearts, now has designed a plastic heart pump that will be tried out on animals. He is working toward the day when a man-made heart can be implanted in people who are beyond surgical help. At top, right, is his original valve, which looks like a small ball, and has been used in hundreds of cases as a "spare part." At bottom, left, one of the new plastic valves is a simple, coiled, spring-type device of metal and plastic. At right, the other new valve is fashioned from silicon rubber and is a tubular device with little "doors" in the bottom that open and close automatically when the blood pulses through. Both have been successful in tests.

'Young Colonels' Are Ready To Form United Government

TOKYO (UP)—The anti-Communist "young colonels" who control most of Indonesia are ready to form a unified government, a move that could plunge the island nation into bloody civil war, it was reported today.

Indonesian rebels here and in Manila said the army insurgents would proclaim their government unless President Sukarno agrees to throw the Communists out of the present Jakarta regime.

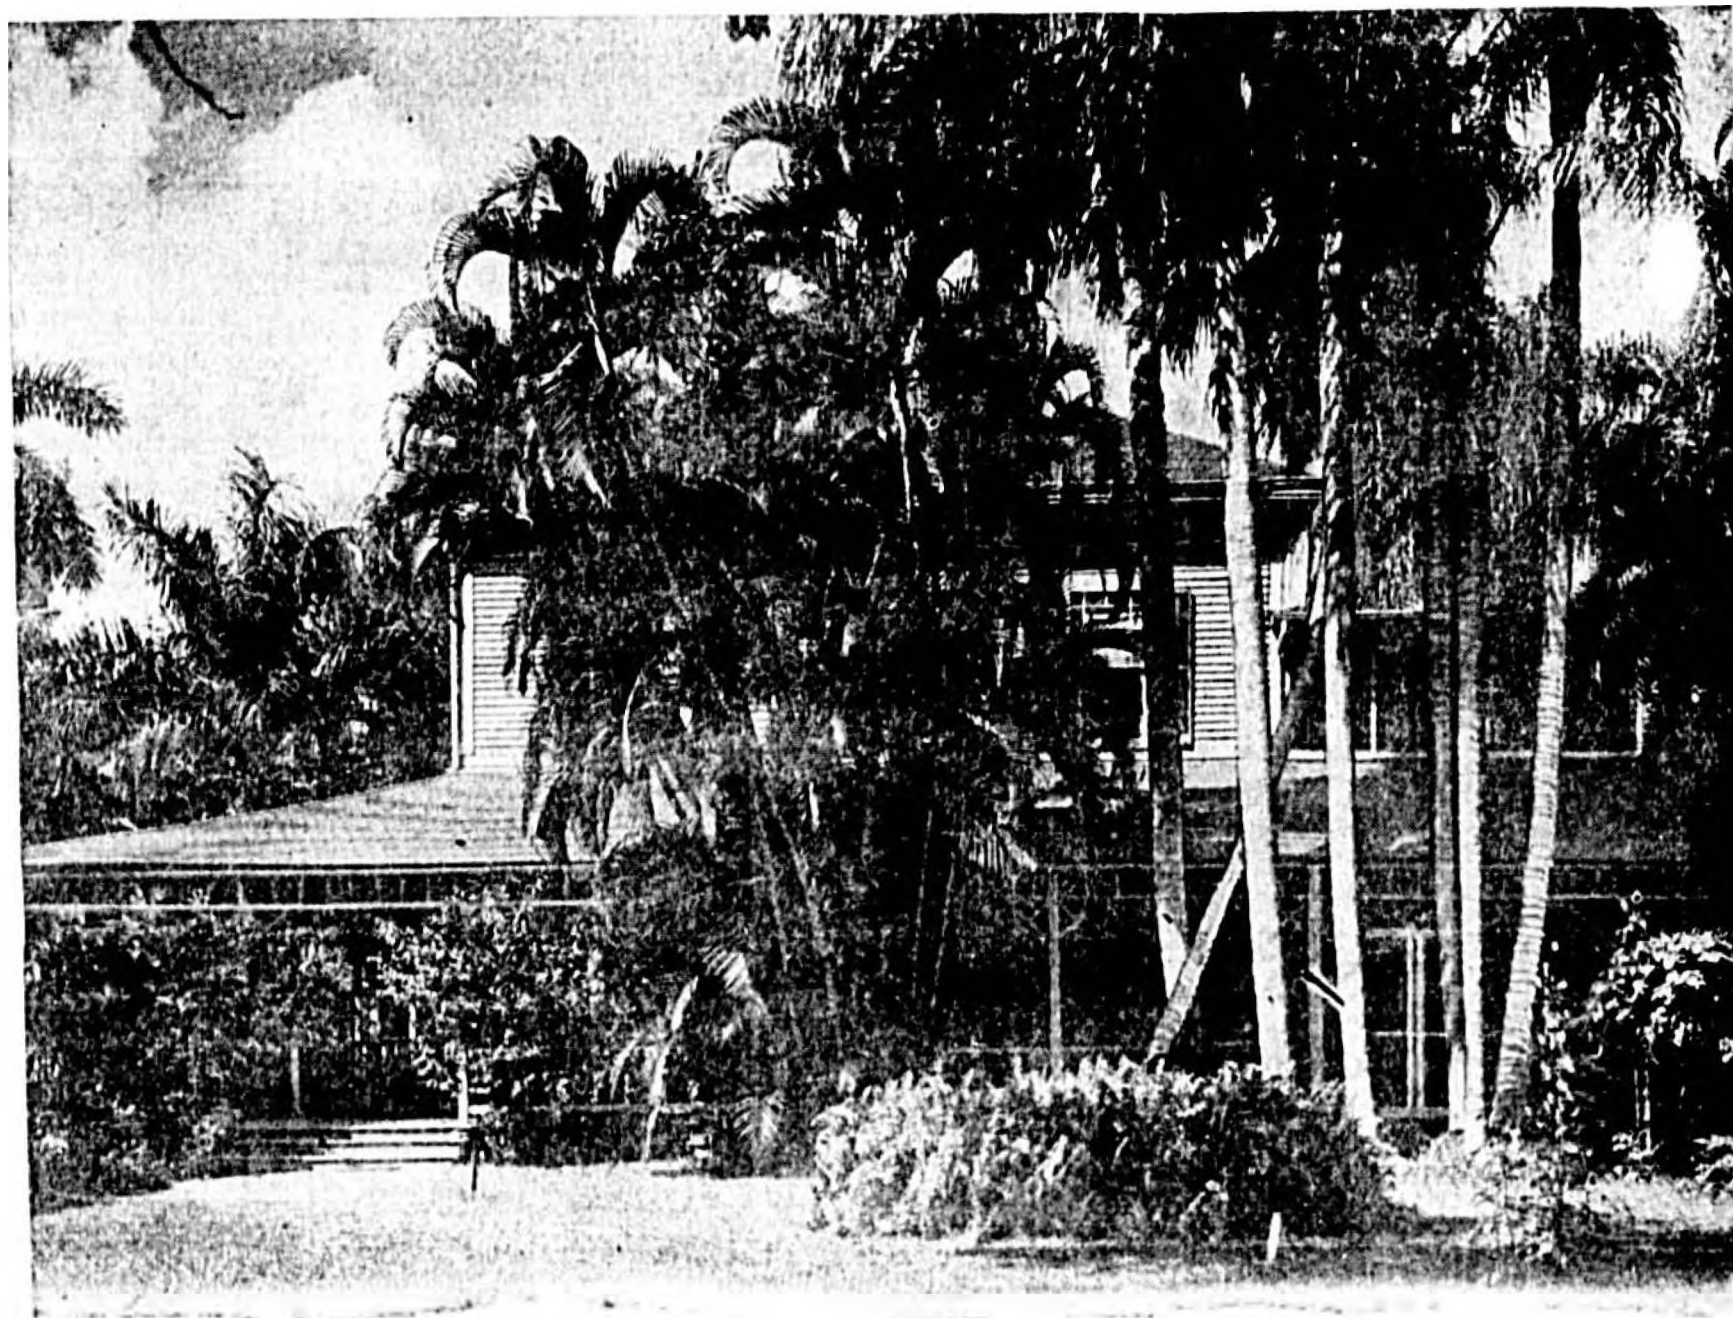

There was some disagreement on timing. Rebel Lt. Col. Ventje Samud, who has been living here under an alias since Jan. 28, said proclamation of the new government might be broadcast from Bukittinggi, its capital, "today or tomorrow."

Rebel sources in Manila said, however, that Sukarno would be given five days to make up his mind. They said the new government will be proclaimed Monday unless he has given in by then to rebel demands.

No comment could be obtained immediately from Sukarno, who is in Japan on a "vacation tour" of Asia. He spent today in the Osaka-Kobe area, and refused to talk to newsmen.

The visiting president laughed off reports Tuesday that he had been handed a rebel ultimatum by Col. Warouw, the Indonesian military attache in Peiping, when they conferred here early this week.

Radin reports heard in Jakarta said today the rebels will hold a mass meeting Saturday in Padang to "mobilize additional support" for their cause. The projected speakers' list included Siafrudin Prasinagara, a leading prospect for president of the rebel government; two insurgent regional commanders and the heads of three anti-Communist political parties.

Mr. Edison WOULDN'T KNOW HIS FLORIDA...

"Way back in 1896—only seven years after he perfected the electric light—Edison built his Florida "hideaway." Florida was not a frontier then, and when Edison offered a nearby community free electric lights, the offer was refused! "Might frighten the cows," he was told. Today, electricity is not only accepted but welcomed as a vital factor in Florida's growth—the fastest of any state east of the Mississippi!

Paraphrasing the Florida story is the phenomenal growth and continuing expansion of Florida Power & Light Company, achieved under Mr. Edison's banner of initiative and private enterprise. Florida Power & Light Company is not only growing with Florida, but is helping Florida grow!

\*Edison's Florida estate at Ft. Myers, a gift to that city from Mrs. Edison, now maintained by Ft. Myers and open to the public.

FLORIDA POWER & LIGHT COMPANY

W. SCOTT BURNS, Mgr. 307 Magnolia Ave.

# Gaillard, Cabinet Work On Formula To Halt French Bombing Protests

By WALTER LOGAN  
United Press Staff Correspondent  
French Premier Felix Gaillard met with his cabinet today in the early hours today in search of a formula to halt the world-wide storm of protest against the French bombing of a Tunisian village last Saturday.

But the protests multiplied and there were growing indications there would be a United Nations Security Council showdown which could damage the entire Western position in North Africa and split the NATO allies.

There were strong hints in Washington the United States would not back France in the action—that "the U. N. cannot have one rule for small aggressors and another for the large ones."

Call For Reappraisal of Bases  
There were demands by Algerian nationalists at U. N. headquarters in New York that the entire question of American bases in Africa should come under "reappraisal" because the French were reported to have used U. S. planes in the attack.

Congressional leaders in Washington voiced new concern over the France-Tunisian crisis which already had brought an admission that President Eisenhower was "profoundly disturbed" at the incident which took 75 Tunisian lives.

Sen. John F. Kennedy (D-Mass.) accused the administration of dangerous inaction in North Africa and called for U. N. and NATO to assert jurisdiction over this threat to world peace. He expressed fear all North Africa would fall to our enemies if the French-Arab conflict were not settled.

The man on the spot was the French premier. He faced angry allies, new trouble in North Africa, growing hostility in the Arab world and a nation sharply divided over the bombing. There were angry demands in the National Assembly for an explanation today.

Gaillard held a series of conferences Monday and met frequently with his cabinet. One meeting was with the stern-faced U. S. ambassador, Amory Houghton. Then Gaillard rushed back into meetings with his political leaders.

**Weather**  
Wednesday partial clearing and continued cold; low tonight 35 to 40.

# Collins Urges Approval Of Constitution Rewrite

TAMPA (UP) — Gov. LeRoy Collins warned today that failure by the people of the state to approve the proposed Constitution at the polls next September will usher in an era of sectional strife which might devastate Florida's progress.

Speaking at the Governor's Day luncheon at the State Fair, Collins said if the people fail to vote in the constitutional rewrite "then the probability is that another 25 or 30 years will pass before another opportunity will roll around to secure advantages equal to those contained in the proposed Constitution."

Collins admitted the new Constitution was not "perfect." He said, "There are too many factors, practical and political, opposing perfection in a document of this kind."

Home Rule Benefits  
The governor also said he had received a verbal report from the council of state governments which is making a study of the proposed charter.

He said the proposed article dealing with local government "contains much more recognition of growing urban problems in our state than has generally been assumed."

Many Advantages  
But he said the advantages far outweigh the disadvantages and to compel you to approve it.

Collins asked those who are fighting adoption of the rewrite, "Tell us by what logic you conclude that the Legislature as now constituted will submit a constitutional amendment more to our liking in the field of reapportionment."

Time and newspaper editorials will not improve our situation. Those of us who were fighting the hardest for fair representation actually found the legislators less willing to be reasonable in 1957 than they were in 1955.

It is my sincere opinion and conviction," he said, "based upon my practical experience in grappling with this problem of reapportionment, that we have good left sitting with the same stacked cards in our hands, and make no mistake about it, they are stacked against us."

Collins defended the so-called "daisy chain" which ties all of the proposed constitutional articles together so they all must pass or all will fail.

He said it would require no "mental gymnastics" to perceive that if one article was adopted and the rest failed, "much would produce greater confusion and uncertainty, and a more inefficient document from every standpoint than we have in the present Constitution."

# Commission Discusses Yacht Club Disposal

The question of "what to do with the Yacht Club" as soon as the Sanford Civic Center is completed created quite a stir at the meeting last night of City Commissioners.

As Commissioners agreed, it was "butting heads" when one motion was defeated, tabled, brought back on the floor again, and on a roll call vote was defeated again.

The motion was "that the City Attorney be instructed to confer with the City Manager and members of the Sanford Boat and Ski Club to determine what would be a presentable condition and then work out a contract-lease for \$1 a year."

The bleaker over disposition of the Yacht Club came about when the Sanford Boat and Ski Club asked that the building be leased to them on the condition that it be put into presentation condition. Dr. A. W. Woodall, Commodore of the local club and D. H. MacGillis, a member of the organization, agreed that the club would give the bill for materials and labor.

Commissioner David Gatchel told the club representatives that "you would take your lives in your hands to use the building. Nothing would please me better than to strike a match to it."

However, Commissioner Earl Higginbotham and Commissioner Al Wilson disagreed with Gatchel. "I doubt if it is as great a hazard as some would think," Higginbotham stated.

Gatchel argued back stating "I don't like the Yacht Club—period." Woodall complained that "if we wait too much longer something might be done when the auditorium is completed."

As soon as the motion to negotiate with the Boat and Ski Club failed the second time, City Manager Warren F. Knowles called for instructions "as to what disposition is to be made for the Yacht Club."

Commissioner Earl Higginbotham said "I'm giving you fair warning, I'm going to inspect that Yacht Club building and if it doesn't come up to every degree expected, the lease will not be approved."

City Manager Warren F. Knowles said yesterday "Just as soon as the permit is returned we will advertise for bids."

Commissioner Earl Higginbotham said "I'm giving you fair warning, I'm going to inspect that Yacht Club building and if it doesn't come up to every degree expected, the lease will not be approved."

City Manager Warren F. Knowles said yesterday "Just as soon as the permit is returned we will advertise for bids."

Ordinance Prevents Merchandise On City Sidewalks  
Merchants must shield by an ordinance which prevents merchandise from being displayed on sidewalks or in parkways.

The Board of Sanford City Commissioners last night voted unanimously to "instruct the proper authorities to enforce the provisions of the ordinance."

Only two local merchants appeared at the commission meeting to oppose the action of the commission.

Melvin Siskind told the commissioners "We display our merchandise to sell it—this would effect our sales." Earlier, Siskind had asked commissioners to "define a hazard."

Siskind, who operates the Army Navy Surplus on Sanford Ave., said "I don't believe that everything in my case is hazardous."

Commissioner Higginbotham explained, "We're responsible for anyone getting hurt on the sidewalk."

Reynolds TKO's Opponent Last Nite In 2nd Round  
A Sanford boxer, participating in the State Golden Gloves Tournament being fought in Jacksonville, came out on top last night in his first fight of the week.

Randy Reynolds, 22-year-old featherweight, with a string of 10 wins for top place in the tournament, defeated his opponent last night with a TKO in the second round.

High Grater, trainer for the two boxers from Sanford who are fighting the Golden Gloves crown in the state matches.

Don't think he'll have too much trouble if he gets by tonight's match," Grater said.

However, Reynolds has a string of matches to fight. He'll be fighting every night. Sonny Powell, who was in Jacksonville last night to see the fights off to a good start.

Joe Pickens, the 21-year-old 175-pound light heavyweight, drew a "draw" in the tournament and will not fight until Friday when he meets the champion of a pair of boxers who will have it out either today or tomorrow.

Architect John Burton IV, attending the meeting, suggested to the commission that "the city established a policy for the sale of city-owned property and quit the willy-nilly method which has been used."

A summary of sales of city-owned property of recent dates was furnished members of the board of commissioners in order to establish a fair price for the land located in an industrial area of the city.

The Board of Sanford City Commissioners approved a resolution last night requesting a permit from the State Board Department to install the signal which would control traffic at the busy cross-town corner.

City Manager Warren F. Knowles said yesterday "Just as soon as the permit is returned we will advertise for bids."

Flames Destroy 5-Room Dwelling  
A fire of undetermined origin destroyed a five room frame dwelling in the Goldsboro area early this morning.

Chief Mark N. Cleveland Sr. said "Flames were pouring out of the house and from under the roof when we arrived."

It looks like it started in the kitchen," Albert Johnson said as he stood by and surveyed the flaming house.

Two firemen narrowly missed being trapped under the flaming roof when it caved in and fell to one side. The house line was caught under one side of the roof as the men ran for safety.

A power line also prevented firemen from going around one side of the burning house.

City Commissioner David Gatchel, at the scene of the blaze shortly after the commissioners meeting adjourned, said "The more I see of our Sanford Fire Department the more I believe we have one of the best groups of firefighters in the state."

Crash Victims Memorial Service Tomorrow  
Memorial services for the three victims of a plane disaster last Friday at sea will be held in the Naval Air Station Chapel at 10 o'clock tomorrow afternoon.

Father Nils W. Hubble, Catholic Chaplain, will conduct the memorial services for Lt. J. L. Chaffee and Petty Officer Second Class R. G. Favreau.

Immediately following Chaplain William Fuller, Protestant Chaplain, will conduct memorial services for Ensign Robert L. Martin.

All three men were killed in an aircraft accident on Feb. 7 while operating from the USS Saratoga. They were attached to Heavy Attack Squadron Nine.

Lt. James LeRoy Chaffee, 29, was pilot of the plane. He was survived by his wife Ruth, who resides at 2810 French Ave. and one daughter, Rebecca Lou, aged two, his parents, Mrs. Lucille Chaffee of Outlook, Mont., two sisters, Mrs. Faye Robertson and Mrs. Jeanette Chaffee, both of Galesburg, Mont.

Petty Officer Second Class R. G. Favreau was a graduate of the University of Washington, Seattle. He was with VAW-9, was the first after receiving his commission from O. U. S. in Newport two years ago. He was married. Further information about Ensign Martin was unavailable this morning.

Third crewman of the plane was Petty Officer Second Class R. G. Favreau. He is survived by his wife, Jean, who resides at 823 S. Park Ave. and an infant daughter, Mary Elizabeth.

Other survivors include his stepmother, Mrs. Nelson Favreau of Leavitt, Me., one brother, Mason, 68, a stepbrother, Lewis, Me., and three sisters, one living in Leavitt, Me., one in Lansing, Mich., and another in Leavitt, Me.

He entered the Navy eight years ago immediately after completing school and had been attached to aircraft organization throughout his service.

Lt. J. L. CHAFFEE, pilot, and R. G. Favreau, third crewman of the Navy plane which crashed Friday.

Chaffee and Petty Officer Second Class R. G. Favreau.

He was born Dec. 2, 1920.
