Mrs. Bates Hostess For Teachers' Meeting

The Seminole County Retired Teachers' Assn. met recently at the new home of Mrs. J. P. Bates, in Paola, for a business session and social hour, including a covered dish luncheon.

The business meeting was conducted by Mrs. M. B. Smith, president, and various topics were discussed including insurance, legislature and the advantages of belonging to the group. Mrs. William Wray reported on the work done by the legislative committee during the summer.

Several teachers who just recently retired, were welcomed by the members. One member came all the way from Lakeland. Teachers living in this area who retired elsewhere and desire to affiliate with this group are welcome and should contact Miss Edna Chittenden, 1604 Palmetto Ave.

The next meeting is scheduled for February. Those present were Mmes. Kerfoot Bryant, C. J. Meriwether, W. J. Hartley, May B. Maxwell, Hugh Tillis, Virgil L. Smith, Irene Watt, Mildred Babcock, Mrs. Wray, Mrs. Smith, Ben C. Steele and the hostess.

Garden Gate

Central Circle
By Mrs. Eunice Turner

October garden tasks should be less tiresome and more interesting now, for in September you should have completed the hardest task—that is your garden plans should have been weeded, the soil prepared, fertilizer added and a general plan mapped out for a fall and spring garden.

Now, you may ask "How should the soil be prepared?" It is prepared by plowing or spading the area to be planted at least three weeks before planting, then add the fertilizer.

No one fertilizer is best for all plants. A good general recommendation, however, is a fertilizer formula in which nitrogen, phosphorus and potassium is in a 1-1-1 ratio such as 6-6-6 or 8-8-8. You may also add sterilized cow manure, rotted leaves and other humus.

For annuals and perennials you should use about two pounds of fertilizer per 100 square feet. This is a rather light application but there is no doubt that it is better to apply small amounts frequently than large doses all at one time.

Most people apply far too much fertilizer per application and wait too long between applications for best plant growth. It is desirable to have the ground moist when using the fertilizer. The material should always be watered in, following the fertilization.

Mulches, leaf clippings etc. help conserve moisture and help keep the soil temperature cooler, supply nutrients and discourage weed growth. Do not set the plants until the fertilizer has been in the soil about three weeks.

Plant Easter lily bulbs now, in good rich soil. Plant nasturtium seed now, the dwarf variety takes up less room in the flower beds. They will need protection from frost but if protected you will be rewarded with lots of bloom during the early spring days.

It is nice to have a few double petunias in pots. The local nurserymen have wonderful potting soil. Luck and pluck are important for a good garden.

Story League Holds Installation Rite

By Mrs. Clarence Snyder

Officers for the coming year were installed at the first meeting of the season by the Sanford Story League at the Episcopal Parish House, recently.

Mrs. Fred Robb, president, presided at the business meeting. It was announced a memorial had been given in memory of Mrs. S. J. Nix, a former member.

Mrs. E. C. Williams announced that 50 more books had been received to give to the schools in addition to the 100 already distributed.

Letters of thanks were received from Altamonte Springs, Jackson Heights, South Seminole Junior High of Casselberry and Oviedo High Schools, for books they have received.

These were purchased by the Sanford Story League with the money made from the sale of cookbooks compiled by the league.

Installation services followed with Mrs. Clarence Snyder as installing officer. The league colors of green and gold were used throughout the evening. Officers stood in front of a table on which an arrangement of golden mums and greenery was flanked by lighted green and gold tapers. As each officer was installed a green and gold corsage was presented to them.

Officers installed were, Mrs. Fred Robb, president; Mrs. James Wallin, first vice president; Mrs. W. L. Roche, recording secretary; Mrs. Russell Tench, corresponding secretary; Mrs. K. Mykkanen, treasurer; Mrs. R. F. Monie, historian and Mrs. R. C. Maxwell, parliamentarian.

Mrs. Wallin read a poem, "The Red, Red Rose" and Mrs. Tench read "Blackie's Big Surprise." Mrs. Hazel Gilhuly, guest soloist sang, "The Sweetest Story Ever Told" accompanied by Mrs. Snyder.

Two more poems were read, "The Toad Frog House" by Mrs. Williams and "Shadow Pictures" by Mrs. Roche. The surprise of the evening came when a new member, Mrs. Earl Evans, was introduced as the author of all poems that had been used in the program. Another new member, Mrs. Norman Miller, was also welcomed.

Refreshments were served by the officers. The table was overlaid with an imported white linen cloth and centered with an arrangement of golden flowers and green fruit. The color scheme was carried out with the tea set of gold and white. Dainty open faced sandwiches, cake, candies, tea and coffee were served.

Pink Ladies Attend Class In DeBary

By Mrs. Adam Muller

Mrs. C. E. Butler, president of the "Pink Ladies" at Seminole Memorial Hospital, in Sanford, held an orientation class for new (and not so new) members of the Auxiliary, at the DeBary Community Center, last week.

The members read aloud the pledge that they sign. They are on probation for two months after they sign the pledge.

From a map of the floor plan, Mrs. Butler pointed out that the "Pink Ladies" were the first persons a visitor sees upon entering the hospital. She asked all to wear the regulation uniform and sensible heels on their white shoes.

Mrs. Butler stated that she is very proud of the auxiliary members and rightly so as it would be difficult to imagine what the hospital would be like without their assistance.

Sorority Names Chairmen For New Year

The Phi Gamma Eta Chapter, of Beta Sigma Phi, held the first meeting of the season at the home of Mrs. Joe Alexander, Jr.

Most important item on the business agenda was appointment of committee chairmen for the year. Mrs. Robert Gonzalez is chairman of the program committee; Mrs. Jim Warner, social; Mrs. Rick Erickson, ways and means; Miss Barbara Moses, service, and Mrs. Sid Vihlen, publicity.

Final plans were made for the rush season. "A Handful of Charm," an interesting and informative program was presented by Mrs. Warner and Mrs. Vihlen.

Others present were Mmes. Bill Reek, Robert Mitchell, Mike Crever and the Misses Donna Hodges and Leslie Jones.

Sooners Top Grid Team

NEW YORK (UPI) — Ed Wilkins succeeds with President Kennedy's physical fitness program the way he has rebuilt the Oklahoma Sooners, Soggy Liston will be just another guy.

Oklahoma was awarded the nation's No. 1 ranking among college football teams Monday by a landslide ballot in the season's first weekly rating of the United Press International board of coaches.

Alabama was a distant second, Texas third and Big Ten representatives Northwestern and Wisconsin rounded out the top five.

The Sooners, surging back to the eminence they enjoyed in 1955 and 1956 when they

were national champions, churned out 304 yards on the ground to upset Southern California, the defending national champion, last Saturday.

Coach Wilkinson, who heads Kennedy's fitness program, guided the Sooners to No. 7 spot last season after three straight years in which they failed to gain ranking.

Oklahoma received 22 first place votes from the 85-man UPI board. Alabama was No. 1 on seven ballots, three coaches picked Texas, and Northwestern, Navy and Pitt polled one each.

The Sooners rest next weekend before tackling third-ranked Texas in the Cotton

Bowl at Dallas on Oct. 12. Their first win was over Clemson. They last topped the nation on Sept. 30, 1958.

Georgia Tech grabbed sixth position, Navy rated ahead of Pittsburgh for seventh, Southern Cal was relegated to ninth and Ohio State and Nebraska tied for tenth.

Mississippi and Penn State headed the "second 10" followed in order by Air Force Academy and Oregon State.

Michigan State and Missouri tied for 16th, Texas Christian was 18th and Duke and Rice deadlocked for 19th.

The only other ranking teams to clash this week will be Southern Cal No. 9 vs Michigan State tied for 16th

Friday night in Los Angeles. With points distributed on a 10-9-8-7-6-5-4-3-2-1 basis for votes from first to 10th places, Oklahoma had 324 out of a possible 350. Alabama had 270 points, Texas 245, Northwestern 182 and Wisconsin 176.

Giant-Card Trade
ST. LOUIS (UPI) — Only one day after the baseball season had ended, the St. Louis Cardinals and the San Francisco Giants participated in the first post-season trade of 1961. The Cards traded 20-year-old pitcher Ken Mackenzie for Giant reserve catcher Jim Coak Monday.

Fired Hitchcock To Take Rest

OPELKA, Ala. (UPI) — Former Baltimore Orioles manager Billy Hitchcock arrived at his home here Monday and said he was planning to rest after "a long year."

"I'm planning to take a rest for a couple of weeks before I make any decisions," Hitchcock said.

Hitchcock was fired from his managerial post after the 1961 season ended Sunday.

He was offered a front-office job with the Orioles by General Manager Leo McPhail, but said he has not made up his mind whether to take it.

SEC Teams Get Back To Work

United Press International Vanderbilt, facing Goliath this weekend, searched desperately for a slingshot yesterday.

The lightly-regarded Commodores shifted their backfield in an attempt to find an offensive punch for Saturday's game with second-ranked Alabama. Quarterback Steve Shaw was returned to his old halfback position in the change, and Coach Jack Green promoted four linemen to the first team.

Vanderbilt has scored only 13 points in losing to Furman and Georgia and faces in Alabama one of the nation's stingiest defenses. Tulane also tried to solve

a problem yesterday. The greenwave, which has intercepted only one pass in the last 12 games, worked hard on pass defense in preparation for an invasion by Miami's George Mira, one of the nation's top collegiate passers.

Tennessee Coach Jim McDonald drilled his team on diagnosing the quarterback option play, which Auburn exploited to defeat the Vols last Saturday and which upcoming opponent Mississippi State uses to good advantage.

Mississippi emphasized line play in a controlled scrimmage while Georgia Tech worked out 45 minutes and then listened to lectures. Georgia's Bulldogs were told

they would have to play "three times better" than they did Saturday against Vanderbilt to beat South Carolina.

Coach Paul Davis sent the Mississippi State Bulldogs through a 90-minute practice session following a scouting report on Tennessee. Auburn drilled on punting and passing.

The Florida Gators ran through a drill in sweat suits and Louisiana State stressed kicking in its light drill.

Hennigan Top AFL Receiver

NEW YORK (UPI) — Champ Hennigan can't understand why he's the leading pass receiver in the American Football League.

Hennigan, a four year veteran with the Houston Oilers, feels the defense in the AFL gets better each season, making it tougher all-round for receivers.

Hennigan replaced Oakland's Art Powell as the leading receiver this week.

He has caught 28 passes for 543 yards compared to 26 and 471 yards for Powell.

A former Northwestern Louisiana State College athlete, Hennigan also is making a bid for the scoring leadership.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

It's world series time again! Noticed the lack of excitement about the spectacle? Maybe it's because it's just another "ho-hum" affair between the Yankees and the Dodgers. Maybe it's because baseball fans have seen so many drab Saturday games all summer along that they're not concerned about the classic. Perhaps it's all the maybes.

But we have one opinion we'll share with you. Baseball, even major league variety, has lost its color. Stan Musial and Willie Mays are about the only two major leaguers left who can attract the extra customers, and Musial has just called it quits. Twenty years ago you couldn't count the customers getting on double your hands and toes.

Back in the ol' days—as Jimmie Wright said the other day—ball players went out on the field to play ball and fight and it didn't make much difference which they did. We can recall right here in Sanford a few years back when a second division ball club from Leesburg used to draw the biggest gates because the fans knew they had a good chance of seeing a double header—a baseball game and a scrap.

Leesburg had a lefthanded pitcher back in 1937 who came into the plate one night and his high spikes tore the shirt off Sanford receiver Sam Holbrook, who once caught for the old Washington Senators. Sam used to chest protect, just a mask and shinguards. This Leesburg kid was picked up by Sam and bounced off the ground three or four times before the two benches emptied and collided at the plate.

Later on this Leesburg hurler was at the plate and hit a sharp grounder to shortstop Ellis Clary. Clary's throw to first went completely over first baseman Bobby Pritchard's head and out of the park. Clary met the runner as he rounded first with the most vicious tackle you've ever seen and then started jumping up and down on him with his spikes.

One night in Gainesville the Sanford Club of 1938 was playing the second half of a twin bill. The fans had climbed on Clary unmercifully during the first game when he made a pair of boots at short. When the second tilt got under way, Clary took a called third strike. The wolves roared. Clary went back to the bench, unwrapped two pounds of juicy chopped liver, stepped out of the dugout, sprayed the grandstand and yelled—"Now, how you bunch of wolves!"

That season the Sanford club couldn't have beaten their way out of a paper bag but they drew fans like flies when they went to Leesburg.

Gators Hold Light Drill

GAINESVILLE (UPI)—Florida Coach Ray Graves ran his charges through a light drill in sweat suits Monday in preparation for Southern Conference foe Richmond this Saturday.

Graves moved starting tackle Frank Lasky from the first to the second team and replaced him with Sydney MacLean in a key assignment change. Senior center Jimmy Morgan was voted captain for the Richmond and Alabama games by his teammates.

Purses

HALEMI (UPI)—Hialeah race track will award a record \$2,349,781 in purses next season, track officials announced Monday. President Eugene E. Mori said the 1964 season will include 16 stakes races between Jan. 17 and March 2.

JVs To Open Thursday With Titusville

By Julian Stenstrom

Herald Sports Editor

Another big weekend of football is again on tap for Seminole County's gridiron fans when three high schools, three junior high schools and a junior varsity unit will see action this week.

Thursday night Head Coach Ralph Stump's Seminole High Jayvees travel to Titusville to tangle with the baby terrors. The little Seminoles will be out to grab their 25th consecutive victory. Last week they racked up Leesburg 20 to 0.

Acey Deucys In Big Sweep

The Acey Deucy Wives team made a clean sweep against team No. 11 when they won four points. Hunt Realty won three points from Art Brown Post Control.

Cooks Corner posed out Stenstrom Realty to win three points from team No. 7. Mr. Ellsworth Ogden, the DeBary barber who sponsors the "Debs" was so pleased with the team that he promptly ordered new blouses for the girls. The Grapevine Nursery split their points 2-2 with the CPO Wives; Southern Air and Shoemaker Construction also divided the points 2-2.

Who's Golfing

By Dotty Divot

Ole man "elements" made atmospheric conditions for the first luncheon of the Sanford Women's Golf Association feel that a meeting of the Yacht Club would have been more apropos. If one had tried to give golf a "go"—it might have been described like so—"he sloshed a drive hard to starboard and bucketed a put of two fainoma."

However, though the weather was damp, not the spirits of 51 members and guests. When we made the "docks" things were quite active and you would have heard a pin drop if it had been attached to a stick of dynamite!

Our good friend Helen Andrews, Mayfair Inn's girl Friday, served a tasty cold buffet and the first business luncheon was underway.

Mrs. Charles Park, President, introduced the guest of honor, Everett Kerr, manager of the San Francisco Giants' Mayfair Inn. Kerr made an interesting talk that was peppered here and there with witticisms that delighted all the gals. We admire his courage. His wife, Elaine, was taking down every word—she is recording secretary!

There seems to be a surge of new members, judging from introductions. Elaine Hogganson, Mosie Johnston, Mrs. Tom Butts and Josie McCallum to name a few.

It was a special delight when Keen Ivey introduced her guest, Mrs. Dale Scott (that darling little Truett girl of a few years back). To those that are interested—and there are many—she's still darling!

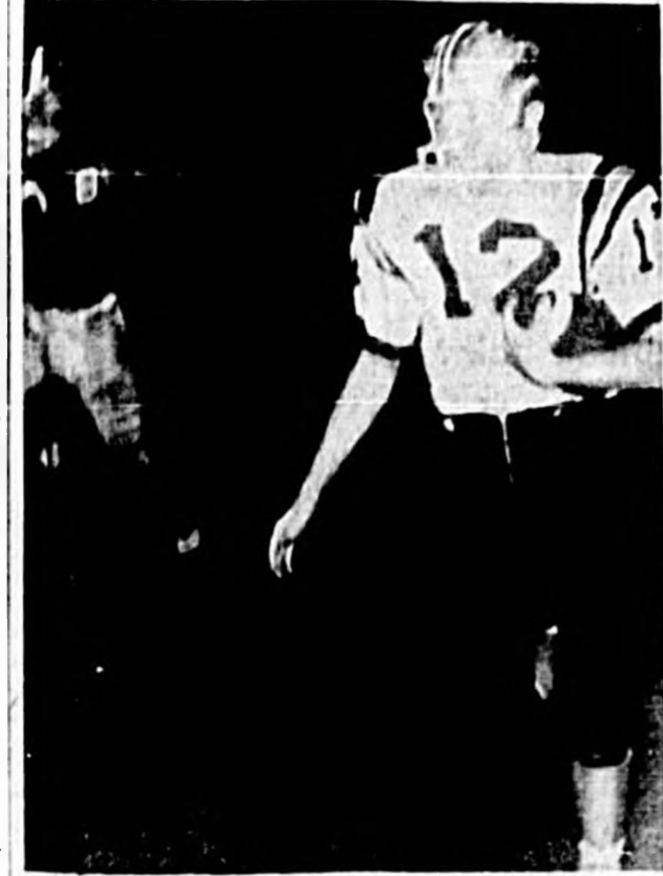

On the golfing agenda there is a mixed two-ball Tournament scheduled for Oct. 20. Watch the paper for further details. The Inter-City Golf Tournament will be held Oct. 8 at Oceanview Club, Daytona Beach (formerly Ellinger Village). Hope you've made your reservations. We've made ours and we might even play golf—if we're forced to.

Be sure and be on the "first tee" next Wednesday morn. The tournament for the day is Best Nine Holes, One-Half Handicap. And girls remember your dues. For the small amount of \$10 you are eligible to compete for a \$1,200 golf ball—plus a lot of fun. Bargain, bargain!

We are going to miss Genevieve Woodruff next week. She is off to Atlanta to celebrate the birthday of a VIP. You guessed it—Chip's first birthday! Chip is the grandson of Dr. and Mrs. Harry Woodruff.

LYMAN'S JACK BLANTON (12) scampers for 10 yards before he is brought down by Ocoee's Tom Hall (83) in last week's game which Lyman won 41 to 6.

FIVE POINTS will be offered by the Yankees for winning the World Series which begins Wednesday at Yankee Stadium. Like the Dodgers', theirs is a pitching pattern. The five who

made it work in the American League race are, left to right, Al Downing, Whitey Ford, Ralph Terry, Stan Williams and Jim Bouton.

Yankees Look For 'The Breaks'; Dodgers Look To Koufax's Arm

NEW YORK (UPI)—Manager Ralph Houk of the Yankees hoped today for "the breaks" and skipper Walter Alton of the Dodgers for "a healthy Sandy Koufax" for the World Series opening Wednesday in Yankee Stadium.

There was a good chance Alton's hope would be fulfilled for Koufax, the golden-armed southpaw—who will face Whitey Ford, New York's left handed money pitcher, in the first game said on his arrival. "I feel fine." He had been reported suffering from the aftermath of a slight case of the flu.

However, only time—perhaps seven games—will tell whether the Yankees, who have made winning World Series a habit, will get the breaks.

The way Houk sees it, the two teams are so evenly matched that the series could be decided by "the breaks of the game." He doesn't buy the general talk that the Dodgers are inferior defensively.

He does agree with Alton that pitching, usually the name of the game whether it be for one game or 162, will decide the series victor providing those breaks even up.

Although the Yankees are concerned to have more depth in the pitching department, the Dodgers starting trio of Koufax, Johnny Podres and Don Drysdale and

their relief ace, Ron Perranoski, are accorded a slight edge over the Yankees "big four." They are starters Ford Al Downing and Jim Bouton with Hal Reniff the No. 1 man in the bullpen.

Houk, cheered by the improvement in the condition of his two outfield stars, Mickey Mantle and Roger Maris, said the Yankees "are in the best physical condition of the season."

Alton was concerned over his pitching—Koufax, Perranoski and Podres. "Unless Koufax gets sick today or tomorrow, he'll pitch," said Alton upon the Dodgers' arrival Monday night, "and Perranoski is okay."

Among his regulars, Alton had a question mark in rookie third base Ken McMullen. McMullen re-injured a muscle in his left leg Thursday night but Alton thinks he will be ready to play Wednesday. If he isn't he will shift Jim Gilliam to third

base and put rookie Dick Tracewski, a slick fielder but weak hitter, at second.

Alton refused to name a starting lineup "until I find out if McMullen will play."

Houk named this lineup and batting order for the first game.

Although this will be the eighth World Series meeting between the clubs, it will be the first since the Dodgers left Brooklyn after the 1957 season to find a baseball gold mine in the Far West and capacity crowds for the first two games here Wednesday and Thursday.

They reported, however, that a few reserved seats had not been sold while about 6,000 bleacher and standing room only tickets will go on sale the day of each game.

With standing room, the Yankees can crowd 72,000 in their park. Add that to the 55,000 capacity of Dodger Stadium in Los Angeles, and it figures to be the richest series ever for the players, who share in the receipts of the first four games only.

2,500 On Hand Each Day For Drag Races

Approximately 2,500 fans, one of the largest audiences to witness a racing event in Seminole County history, watched the "parade of speed" each day this weekend in the Seminole Timing Association's big two-day drag racing competition at the Ocoee drag strip.

With more than 100 entries competing each day, a Cocoa Beach driver, John Tempest, and Sanford's Ray Hudson earned considerable shares of the \$1,400 in prize money.

Tempest, driving an all-aluminum 1963 version of the automobile bearing his name, swept A Factory Experimental competition both days and won Saturday's Stock Eliminations.

The running of stock eliminations and Top Eliminator was canceled Sunday as rain washed out the final events.

As rain fell, Billy Fine of Cocoa Beach, driving a 1963 Plymouth, and Jim Kennedy of Sanford, in a 1962 Plymouth, shaped up as top competitors. Both had won several prizes in the early going.

Tiger Tales

By Lt. (jg) Bill Pullinger
Salvo Amiel.

Our departure from Cannes was by no means a sad one as we were all looking forward to our next liberty port. We conducted routine training for a week which included a fire-power demonstration rehearsal. These demonstrations permit squadrons to display their talents giving the men an opportunity to see the fruits of their labor and to take pride in their squadron and our Navy's air arm.

There was a treat in store for those Tigers who had not visited Italy before, and an anticipation for those who had. Italy is one of the most interesting and beautiful countries in the world. Her ruins hold most tourists spellbound with their beauty and the secrets that must be buried within. The knowledge that it took to build these great edifices could not be learned in a lifetime.

The tours that were available to our ambassadors of good will from Heavy One filled the days ashore with excitement and inspiration. The two most popular tours were to Pompeii and Mt. Vesuvius; countless thousands of Italians, eager to learn about their heritage visit these same places, much as Americans visit Jamestown and Yellowstone Park.

All over Europe we find people are the same as we in America; they may be slavier, or less fortunate, but these outward appearances are negligible when we investigate that which is beneath the surface. Our neighbors in Italy have the same desire for freedom, free expression, and the right to worship as they please. We learned a lot about these friends of ours in Italy when we arrived at our second liberty port this evening, Naples, on Sept. 14.

As we sat anchored offshore with the beauty of Naples sprawled before us in a large panorama of the ancient, the old, and new, you can not but realize that in Italy as in France there are new and modern cities being built amongst the remains of the past, not interfering with those reminders of the glories of yesterday, but a supplement to be remembered as the twentieth century by future generations.

Naples is an astounding tourist in Washington, D. C. Where does one start? There is the beautiful Cathedral on Via Duomo, the resting place of the Patron Saint of Naples; the National Library, which

'Peacemakers' Cop Bomber Stream Win

Heavy Attack Squadron 7, which less than a month ago returned from a seventh-month deployment to the Mediterranean, made its homecoming final by winning the first monthly bomber stream it had competed in since last January.

The "Peacemakers" won handsily over the other three competing squadrons by placing two of their three Navy A-5A Vigilante entries among the top four finishers, including one in the top position.

The winning flight crew was VAH-7's Lt. Cdr. Robert Moore, pilot, and his bombardier-navigator, Lt. (jg) Dan Rowley. They made their three practice bomb drops count for 392 points of a possible 450.

This earned them a slender two-point advantage over Heavy Attack Squadron 3's Lt. Bert Collins, pilot, and AGC Charles T. Gollober, bombardier navigator.

This month's competition involved a prescribed low level navigation route and bomb deliveries on three local training targets. The entrants were also required to adhere to a specific flight altitude and speed.

Following VAH-7 in squadron standings were Heavy Attack Squadron 11, VAH-11's Detachment 8 and VAH-3.

Three of the first four individual finishers were Vigilantes. Third place winners Lt. Harvey Aubuchon and Lt. (jg) Bob Field of VAH-11 flew an A-3B Skywarrior.

Fourth place went to Cdr. Leary A. Heath, VAH-7 commanding officer, and his bombardier - navigator, Lt. (jg) Jim Bratton. In fifth were Detachment 8's skipper, Cdr. Frederick Carment, and Lt. (jg) Bill Donahue and

3 Navy Flyers Slightly Hurt In Accident

Three members of a Navy A-3B Skywarrior flight crew escaped serious injury Monday afternoon when the twin-jet aircraft swerved off the Sanford Naval Air Station runway during landing.

Soon after touchdown the plane veered to the right, ran off the runway and came to a stop north of the midpoint of the NAS Sanford east-west runway.

All three crewmen were rushed to the station dispensary for treatment of cuts and bruises.

The aircraft received considerable damage to its forward fuselage sections and to wing and engine areas.

The pilot, a student in Heavy Attack Squadron 3, was Lt. Robert L. Lauriano, 34, of 201 Mirror Drive.

Station doctors held Lauriano and his third crewman, Chief Fire Control Technician Henry S. Dilts, 40, of 2109 Cordova Drive, overnight for "routine observation." Dilts is assigned to Heavy Attack Squadron 5.

Lauriano's instructor, Lt. Cdr. Charlie N. James, 33, of 2601 Iroquois Avenue, was sent to Orlando AFB Hospital for further treatment of injuries over his right eye. He also received cuts on his right knee and hand.

Capt. James O. Mayo, commander of Heavy Attack Wing 1, said the exact causes of the accident will not be officially known until a safety board holds its investigations.

Food will be the featured topic for the next few months. The program of this month's meeting will be "Activities, Calorics and Me."

A covered dish luncheon will be served at noon. Area women interested in the program are invited to attend.

DeBary Circle Opens Season

By Mrs. Adam Muller
The Ruth Circle of the DeBary Community Methodist WSCS held its opening meeting of the season last Tuesday at the home of Mrs. Elmo Moore, circle leader.

Mrs. Moore read several pages from a book by Gladys C. Murrell entitled "Patterns or Devotion" which told of an ancient church in Scotland known as The Church of the Lighted Lamps where the congregation brings lamps to light the church since no other lighting has been made available through the years.

Resumes of summer activities were presented by members of the circle and welcome was extended Mrs. M. Bimmer, a new member. The hostess served a refreshment course at the close of the meeting.

'64 Jet-smooth Luxury CHEVROLET

Besides looks, ride and power - what's so special about it? (it's so reasonably priced)

Kind of leaves the high-priced cars some explaining to do, wouldn't you say? Long and luxurious—with a fresh-christened look that almost makes you feel somebody should be breaking a champagne bottle on its prow. Richer roomy interiors with subtle new blending of colors and fabrics. Like the ultra-soft vinyl upholstery in the new Impala Super Sport Series. And the foam-cushioned front and rear seats and door-to-door carpeting, now standard in all models, including the modest-priced Biscayne.

And a choice of seven engines, no less, with output all the way up (say when!) to 425 hp.*

And a choice of four smooth transmissions—from automatic* to 4-speed Synchro-Mesh—*to go with them. And underlying it all, the opulent feel of Chevrolet's Jet-smooth ride—something some of the expensive makes would dearly love to claim for themselves.

Matter of fact, the most important and noticeable difference between this beautiful new 1964 Chevrolet and the high-priced cars is the price itself. Let your Chevrolet dealer show you how much luxury that reasonable Chevrolet price now buys. *Optional at extra cost

Winds Rise To 140 MPH; 30 Killed

Hurricane Flora, which devastated the island of Tobago and left at least 30 dead, threatened Haiti and eastern Cuba today with winds up to 140 miles an hour.

The Weather Bureau urged residents of the southern coast of Haiti and of the Barabona Peninsula of the Dominican Republic to "seek safety before it is too late."

The San Juan weather bureau located the center of the season's sixth hurricane at 26 miles south of San Domingo, D. R., at 11 a. m. EST (noon EDT), near latitude 15.0 north, longitude 70.0 west. This was about 100 miles southeast of Miami.

The storm was moving on a west-northwest course at 11 mph.

Forecasters warned that Flora was expected to throw storm tides 7 to 10 feet above normal along the southern coasts of Haiti and the Dominican Republic.

Metereologists at Miami said Flora showed indications of an abrupt change in course such as hurricane Edith exhibited last week when it turned quickly out of the Caribbean into the Mona Passage between Dominican Republic and Puerto Rico.

"Flora poses a threat to Jamaica and Oriente Province of Cuba," the weather bureau said.

The hurricane, two hours after it was discovered as a full-blown storm, hit the small island of Tobago, at the southeastern corner of the Caribbean, Monday afternoon and left it in shambles.

Assistance crews from Trinidad reported today that at least 30 island residents were killed by the high winds and seas.

Cuban Money Plot Nipped

NEW YORK (UPI)—Secret service agents today announced the arrest of an anti-Castro Virginia man as one of four conspirators plotting to flood Cuba's economy with \$50 million in counterfeit Cuban currency.

Asst. U. S. Atty. Charles Eanning said the plot was to smuggle the bogus bills into Cuba for use by the Cuban underground to pave the way for the downfall of Premier Fidel Castro.

Taken into custody was Mario Garcia Kohly, 62, Arlington, Va., a Cuban national, Kohly said earlier this year that a number of Cuban exile groups had named him Cuban "president in exile."

Two other members of the alleged ring, Robert D. Morrow, 39, and his wife, Cecily, of Baltimore, were arrested these Tuesday night. A bench warrant was issued for the arrest of Bill Grusch, of Washington, D. C.

Killer Died Of Broken Heart, Valachi Testifies

WASHINGTON (UPI)—Cosa Nostra informer Joseph Valachi told Senate investigators today about a mobster who "died of a broken heart" after disgracing himself by showing nervousness after the killing of gangland boss Giuseppe Masseria.

The squat alumnus of the crime combine identified the nervous gangster as Ciro Terranova. Masseria, who was set up for death by his own lieutenants, was murdered in a Coney Island restaurant.

Masseria was the leader of the Italian faction in the 11-month Italian-Sicilian gang war of 1930-31.

"Ciro was so shaky in putting the key in the ignition that they threw him off the wheel," Valachi said in describing the episode.

Valachi testified about the Masseria slaying, touched upon briefly in Tuesday's testimony, after answering a volley of questions posed by subcommittee members.

Admiral Presssey said the local base is permanent and will require additions in the future.

The Navy already has announced a long-range building program of some \$18 million.

5 Arrested In Raid On House

LOS ANGELES (UPI)—County officials took action Tuesday to end Saturday morning "production line" marriages in the county courthouse.

Supervisors instructed the county counsel to draw up a proposal for state legislative action that would end the practice of free marriages on Saturdays.

An average of 50 couples have been lining up for the free ceremonies every Saturday morning since judges agreed last February to perform the weekend marriages without a fee.

The county's proposal is to permit the county recorder and the county clerk to perform marriages any day of the week with a \$5 fee to be paid to the county's general fund.

Paper Reports Honduras Plot

WASHINGTON (UPI)—The Washington Post said today that plans to overthrow the government of Honduras have been uncovered, and suggested that a coup could take place within the next 48 hours.

In a front page dispatch, the newspaper said the chief of the Honduran air force, Col. Armando Escalona, allegedly approached the United Fruit Co. to ask its help.

Carraway On Bond Committee

TALLAHASSEE (UPI)—Senate President Wilson Carraway named Sen. Irl Bronson of Kistimmee to the State Bond Financing investigation committee today, to replace Sen. John E. Mathews, who resigned.

Mathews, who announced as a candidate for governor Monday, resigned from the committee Sept. 25. The committee was created by the 1963 Legislature to take a close look at all state agencies issuing bonds.

He disclaimed knowledge of criminal operations in a variety of mid-western cities in language which suggested that he had never heard of the cities themselves.

"Senator, I never heard of Omaha," Valachi said, when Sen. Carl T. Curtis, (R-Neb.) asked about polley and horse book operations there.

Ben Bella Moves To Smash Revolt In Algeria

ALGIERS (UPI)—Algerian "strong man" President Ahmed Ben Bella rushed army reinforcements to rebel-held areas today and prepared to ask the one-party national assembly for emergency special powers to put down the uprising.

Algerian army units in heavy trucks rolled along the highway towards Tizi-Ouzou, capital of the rugged Kabylia mountain area where the dissidents are concentrated.

The city of Tizi-Ouzou itself, about 60 miles east of Algiers, was reported held by government forces Tuesday night.

Fresh troop reinforcements left Algiers in trucks this morning along the highway towards Tizi-Ouzou.

At the same time, government police set up five roadblocks on the highway. All passing vehicles were halted and searched and their drivers' papers were checked. Police said they seized several revolvers.

Reports Asked Of Base Chiefs

WASHINGTON (UPI)—Military base commanders have been asked to report to the defense department full details of any segregation practices in nearby communities. It was disclosed today.

The Pentagon said it mailed questionnaires Sept. 24 "to obtain necessary information for the formulation of future policy."
