## Truman Signs Bill To Help GI Families

Senator Lodge Calls For 30 U. S. Divisions By June 30; With 10 In Europe

WASHINGTON, Sept. 8.—(AP)—President Truman today signed a bill granting monthly allowances of \$45 to \$85 to enlisted servicemen to help care for their families. This is in addition to their regular pay.

To be eligible for these allowances the enlisted men will have to allot part of their pay to their families. These allotments will range from \$40 to \$80 monthly, depending on a man's pay grade. The allowances are retroactive to Aug. 1. It is estimated that from that date to June 30, 1951, the cost to the government will be about \$300,000,000.

Enlisted men in the lower three pay grades will receive an allowance of \$45 for one dependent. Those in the four higher pay grades will be allowed \$67.50 for one dependent.

All seven pay grades will be granted \$67.50 if they have two dependents. Likewise all grades will be allowed \$85 if they have three or more dependents.

Meanwhile backers of an excess profits tax on corporations, blockaded at least temporarily by the progress of the \$4,500,000,000 general tax boosting bill.

This brought word from Chairman Doughton (D-NC) of the House Ways and Means Committee that such tactics might kill the tax bill.

Rep. Eberhardt (D-Pa) objected when Doughton sought unanimous consent of the House to send the bill to a conference committee of House and Senate members to smooth out the different versions of the tax bill passed by the two houses.

There is no chance to get an excess profits tax in this bill until judgment day, Doughton told newsmen later. "It is just delaying," he said.

## Mighty Hurricane Stalled 800 Miles Off Georgia Coast

MIAMI, Sept. 8.—(AP)—One of the mightiest hurricanes of the century probably wallowed a few miles westward from its stalled position 800 miles off the Georgia coast during the night.

The great storm is blocked by high pressure to the north. It seemed to be spreading out a bit and forecasters took this to mean it might be losing some force. Its great winds whirled around the central eye at 100 to 140 miles an hour.

Its position places it only 200 miles southwest of the vacation Isle of Bermuda. A hurricane alert was in effect there.

Grady Norton, chief storm forecaster in the Miami Weather Bureau, said reports from ships and Bermuda during the night indicated the storm wallowed in a westerly direction. Norton said the movement was only a drift and did not indicate a change in direction.

## Local Boys Enlist In U. S. Marines

George W. A. Lobb, 21, a former member of the Sanford Police Department, recently reenlisted in the Marine Corps. He is a graduate of Seminole High School, and a former student at Alabama Polytechnic Institute at Auburn. He served as a Marine rifle coach and was a member of the Marine Corps Recruit Depot football team at Parris Island.

Pfc. Luther M. David, Sr., 610 West First Street has enrolled in the Volunteer Marine Corps Reserve, M. Sgt. Walt Swindell, UHMC, Jacksonville, reported today. Mr. David is a local postman.

## SLOW DOWN OAKLAND, Calif., Sept. 8.—(AP)—The law means business here when it says "slow down for school children."

A total of 518 motorists were given traffic citations in the two days since school opened Wednesday.

## U. S. DEFENSE MOSCOW, Sept. 8.—(AP)—Inventia asserted today that the United States was setting all of Canada, Greenland and Iceland under the pretext of North American defense.

The Soviet government newspaper claimed the United States had more than 500 squadrons of warplanes in Alaska, two on the northern coast of Labrador and Newfoundland, 10 military plane bases in Canada, six in Greenland, and one in Iceland.

## Beauty Parades The Boardwalk

FESTIVAL OF THE FLOATS moving down Atlantic City's famed Boardwalk inaugurates the race for the nationally coveted title of "Miss America of 1950." After this public presentation of the fifty-four contestants, the judges now take over the annual pageant. (International Soundphoto)

## Alabama And South Dakota Girls Score In Miss America Contest

ATLANTIC CITY, N. J., Sept. 8.—(AP)—Misses South Dakota and Alabama have been added to the preliminary contest winners in the Miss America pageant.

That means that in their respective groups of 18 girls each, they scored the largest number of points toward getting into the Saturday night finals. Fifteen of the 54 girls will compete Saturday night for the title of Miss America 1951.

Irene O'Connor of Burbank, South Dakota, 20-year-old black-haired junior from the University of South Dakota, outpointed 17 others in last night's talent contest with a dramatic rendition of the dedication of the white armor, a scene from the play "Joan of Lorraine."

She wore a medieval-type white gown that extended from her throat to her ankles. She stands five-foot, seven inches, weighs 123 pounds, and has a 36-inch bust and 25-inch waist.

Yolande Bethoux of Mobile, Ala., took the bathing suit preliminary last night.

A white bathing suit set off the brunette's sun-tanned complexion. She is 21 years old, five-foot, five inches tall, and weighs 119 pounds with a 35-inch bust and 24-inch waist.

In the course of three nights, ending tonight, each girl competes in bathing suit, evening gown, and talent contests, which narrow down the contestants to a final five.

Renee Roy of Hartford, Conn., who won the talent contest Wednesday with a comedy monologue, song and dance, competed in this bathing suit division last night.

Jovanne Durant of San Diego, who took top bathing suit honors in Wednesday's group, was in an evening gown last night and competes in the talent section tonight.

Truman has increased day by day among the girls, who are stealing themselves against any outbreak of jitters that would be fatal to victory. The suppressed nervousness often shows in quivering leg muscles.

The girls represent 46 states, four cities, Alaska, Hawaii, Canada, and Puerto Rico.

## Reds Make Sneak Move To Admit Communist China To UN Council

LAKE SUCCESS, Sept. 8.—(AP)—Russia, stepped down in an attempt to get the United Nations Security Council to condemn "barbaric" U. S. Air Force bombing in Korea, prepared today to try and sneak Communist China through the U. N. back door.

A regular meeting of the council was held, and plans were discussed for the 25th anniversary of its founding. This will be observed on Oct. 24 at the San Ork Club. Local chapter members, various prominent Lion officials and members of neighboring Lions Clubs will be invited. A floor show is planned.

DEATH TO SPIES BUENOS AIRES, Sept. 8.—(AP)—The Argentine chamber of deputies approved today an anti-spy bill providing the death penalty during wartime for spies and saboteurs. The measure now goes to the senate.

PRESIDENTIAL CANDIDATE RED BAY, Ala., Sept. 8.—(AP)—Bishop Homer A. Tomlinson, general overseer for the Church of God (New York headquarters), today announced he will be a candidate for president of the United States in 1952. He said the government needed "a man of God" as its head.

He made the announcement at the 48th general assembly of the church in session here, proclaiming a "holy war" against Communism.

## Marine League Asks Ouster Of Johnson

Similar Resolution On Acheson Is Defeated By Veterans; Asks Red Clean-Out

WASHINGTON, Sept. 8.—(AP)—The Marine Corps League today demanded the ouster of Secretary of Defense Johnson, but defeated a similar proposal that Secretary of State Acheson be fired.

The Johnson resolution asked President Truman to replace the Defense Department chief "with a competent and far-sighted statesman."

The organization of Marine veterans also adopted resolutions urging:

1. That the President "take immediate and drastic action to oust every known Communist sympathizer,unist and fellow traveler from the State Department or any other department or government office where they may be found."

2. That Congress pass legislation providing for membership of the commandant of the Marine Corps on the joint chiefs of staff.

The resolution asking the discharge of Secretary Johnson passed with only one dissenting vote—that of retired Brig. General Robert C. Kilmartin, of Washington.

When the resolution proposing Secretary Acheson's removal was submitted, Kilmartin gained the floor to remain in the league that "President Truman asked our support and we ought to give it."

Explaining that he had wished to speak before the Johnson resolution, Kilmartin said:

C. OF C. Discusses Help In Placement Of Area Contracts

Plans to aid the government in the placement of contracts were discussed Friday night by a committee of the Seminole County Chamber of Commerce at a meeting with C. Mulhead, field manager from the Jacksonville office of the U. S. Department of Commerce, Lea R. Lecher, assistant chamber manager.

In order to simplify operation by the committee in the placement of the contracts as a contribution to the war effort, Mr. Mulhead explained how to use the "Consolidate synopsis of Department Defense and General Services Administration Procurement Information."

This synopsis lists what quantity and type of materials are needed.

## Firemen Arrive Too Late To Make Rescue

Steno pointed from the home of Laura Williams, Negro, at 1121 Hickory Avenue, and Fire Chief M. N. Cleveland and firemen rushed to the scene but too late to effect a rescue today afternoon.

The casualty was a 5-year-old boy, who was killed when he had gone away and forgotten. Firemen put out the fire in the stove, but too late to save the boy.

## Lions Anniversary Is Planned For Oct. 27

Members of the Lions Club enjoyed a steak supper held last night outdoors at the home of Mr. and Mrs. John Ivey 2501 Grandview Avenue.

A regular meeting of the club was held, and plans were discussed for the 25th anniversary of its founding. This will be observed on Oct. 24 at the San Ork Club. Local chapter members, various prominent Lion officials and members of neighboring Lions Clubs will be invited. A floor show is planned.

RECRUIT KILLED SANTA ROSA, Calif., Sept. 8.—(AP)—Thomas Robert Stanton, 18, enlisted in the Marines. His proud father let him use the family sedan for a farewell ride. Young Stanton was killed when the car overturned last night. Three companions were injured.

DAMAGE SUES SAN FRANCISCO, Sept. 8.—(AP)—Thirteen survivors of the sunken hospital ship Beneficence have sued for \$100,000 damages. Their attorney said other suits will be filed.

The 12 civilian seamen, sued both the U. S. government and Luckenbach Steamship Co. They charged negligence by both.

FARM AUCTION All growers and cattlemen who are interested in the establishment of a new farmers auction market are requested by County Agent C. R. Dawson to meet tomorrow morning at 11:00 o'clock at Gladders Grocery in Ginderville, from where the group will go to look over a proposed permanent site for the market.

## Reds Re-Grouping For New Push As Taegu Drive Fails

American Gunner In Action On Korean Front

A MACHINE GUNNER OF THE 2ND INFANTRY DIVISION fires 30 caliber bullets into a North Korean bridgehead at Yongju as the enemy seeks to expand operations. The York was a member of the offensive team that counter-attacked the North Koreans when they launched one of their continuing drives for important American-held Taegu. (U. S. Defense Department Radiophotos from International Soundphoto)

## Shriners Parade In Meeting Held In New Orleans

Dr. Potat Urges Increase In Crippled Children's Help

NW ORLEANS, Sept. 8.—(AP)—Over 5,000 Shriner members strolled down a three mile parade route in New Orleans last night to the tune of oriental music and Danland jazz, blasting cannons and waving scarves.

The Nobles of town in numbers estimated about 15,000 as delegates to the 10th annual southeastern Shrine Association Convention. With their merry-making, the Crescent City took on a carnival atmosphere almost like Mardi Gras.

Headed by the parade float, the parade was headed by the parade float.

## Many Motorists Fail To Obtain Licenses

Yesterday, 367 drivers licenses were sold at the office of County Judge Douglas Stenstrom. This makes the total of 1,040 sold to date. Last year, the total sold was 11,260 in Seminole County.

On this basis, 10,260 motorists have not yet secured the 1951 licenses, and those who put it off too long, will probably have to pay two extra checks.

At present two extra checks, Mrs. Charles Bowen, and Mrs. C. A. Shriner, are assisting Mrs. R. P. Fowler with the sales which are being made in the hallway.

Oct. 1 is the deadline for securing the licenses which remain at 11 for operators and 12 for chauffeurs.

NO CRIME SAN FRANCISCO, Sept. 8.—(AP)—Mayor Elmer Robinson said San Francisco is free of crime today and organized crime is being broken up.

He made the statement in a letter to Senator Kefauver after he had returned from a tour of large cities for information on crime in their areas.

Psychologist Advocates Mental Check For Middle Aged Persons

By FRANK CAREY Associated Press Science Reporter

STATE COLLEGE, Pa., Sept. 8.—(AP)—The "rate of the world depends" on expansion of the science of treating people from middle age on—particularly along psychological lines, a New York psychologist said today.

It is particularly important, said Dr. George Lawton, that psychological and mental hygiene services be made widely available to and used by middle-aged and elderly people who hold positions of power in government, education, labor and industry.

But it is also important that such services be available for and used by all persons in the second half of life—not only to help them live well-adjusted lives but to offset any damaging emotional effects they might have upon children in their midst in case the older persons themselves need guidance.

## Sally Mae Baker Is Ordered Held Following Hearing

Following a hearing conducted by State Attorney Robert Gregory this morning into the circumstances of the fatal shooting of James Pate, 34-year-old Negro, at the home of Sally Mae Baker, Negro, in Midway Sunday night, the Negro was ordered by Judge Douglas Stenstrom to be held for further action by the state. Bond was set at \$5,000.

The Negro, who had been arrested on a warrant charging the murder, was held in the county jail. He was held in the county jail.

Sally Mae Baker testified in her own behalf. Other witnesses were Deputy Sheriff Charles Beck and Bob Moss, and Boston, a Negro, who was the driver of the car.

The possibility that Baker had been in the area at the time of the shooting was established by the testimony of the Sheriff's patrol car which had been parked in Sally Baker's yard, and which contained 11 gallon bottles, the reports reported. The truck and bottles have been turned over to the sheriff's office.

NO CRIME SAN FRANCISCO, Sept. 8.—(AP)—Mayor Elmer Robinson said San Francisco is free of crime today and organized crime is being broken up.

He made the statement in a letter to Senator Kefauver after he had returned from a tour of large cities for information on crime in their areas.

Psychologist Advocates Mental Check For Middle Aged Persons

By FRANK CAREY Associated Press Science Reporter

STATE COLLEGE, Pa., Sept. 8.—(AP)—The "rate of the world depends" on expansion of the science of treating people from middle age on—particularly along psychological lines, a New York psychologist said today.

It is particularly important, said Dr. George Lawton, that psychological and mental hygiene services be made widely available to and used by middle-aged and elderly people who hold positions of power in government, education, labor and industry.

But it is also important that such services be available for and used by all persons in the second half of life—not only to help them live well-adjusted lives but to offset any damaging emotional effects they might have upon children in their midst in case the older persons themselves need guidance.

In a report to the American Psychological Association's annual meeting on the campus of the Pennsylvania State College, Lewton said:

"In nearly all our institutions—government, industry, education—policy is initiated and controlled by individuals in the middle and older age range, and it is these individuals who are the most important in the middle and older age group—throughout the adult life span."

He said that the most important factor in the middle and older age group is the individual's ability to adjust to the changes of life.

## 2nd Division Unit Has Bitter Fight In Naktong Battle

Yanks Repulse Red In Confused Night-Time River Action

ROBIN QUINN WHITE U. S. 2ND DIVISION

Korea, Sept. 8.—(AP)—A U. S. Army Second Division Regiment has fought a bitter battle in the night-time of the Naktong River.

The regiment could be named because of the Army ban on naming units smaller than a division. Five thousand men were evacuated from Masan in the first batch Friday.

Little fighting took place on the whole 130-mile front line. American troops did meet a North Korean building during the night for a new offensive push.

A U. S. 8th Army spokesman said the Red force by 50,000 men on Taegu, men Allied have on the crest of the hill "petered out," probably from lack of supplies and sufficient manpower for the present.

The Red had pushed to within seven miles of Taegu before the U. S. First Cavalry Division and South Koreans broke the back of their drive.

General McArthur's headquarters warned of a possible new offensive either in the southwest, north or east.

The buildup seemed greatest on the southern coastal approaches to Pusan port, about Allied bases in Korea.

In Masan port, 27 airline planes were in flight. Allied authorities estimated that all civilians not needed in the war effort.

This was a precautionary measure in the face of reported offensive buildup to the west and threat of infiltration by Red agents ordered to stir up trouble among the 75,000 population.

Peace And U. S. Aid Is Asked In Jewish New Year Appeal

Jerusalem, Sept. 8.—(AP)—Israeli government officials today approached the Jewish New Year with fresh pleas for American help and prayers that the Korean conflict would not flare into a world war.

The ground is becoming under fire and a cease-fire is being sought. Foreign Minister Moshe Sharett told an economic conference attended by 10 leading American businessmen and Jewish community spokesmen.

In this and other gravely-sounded messages, Benjamin G. Frumkin, president of the Jewish Organization for America, pledged his organization to raise \$100,000 within three years should the Israeli government seek a loan in the United States.

The language of 25 delegates started home by plane yesterday. The rest are to return Monday.

## THE WEATHER

 PHOENIX, SEPT. 8, 1950

TODAY'S BIBLE VERSE

It is not enough to say we are  
 sorry, we must show it in an  
 amended life. Bread speak loudly  
 than words. Bring forth fruits  
 meet for repentance. —Matt. 3:8

FBI Director Hoover says his  
 agents are ready to arrest 12,000  
 Communists the minute war breaks  
 out with Russia. What about the  
 other million or so Communists  
 in this country?

We see where the Marines out  
 in San Diego are planning to  
 change the name of their organiza-  
 tion since it has been labeled  
 by Truman as a propaganda agency  
 comparable to Stalin's. They  
 are going to call it "The Young  
 Men's Republican Club."

It is too bad, it seems to us,  
 that Governor Dewey has decided  
 to run again for governor of New  
 York. He might get elected, and  
 then he might decide again to try  
 for the presidency, a move that  
 might deprive the nation of its  
 only opportunity of getting a good  
 man with whom to replace Presi-  
 dent Truman.

The old home of Ex-Kaiser Wil-  
 liam is being torn down in Berlin.  
 Against the protests of the East  
 Germans who still like to dream  
 of the "good old days," the Ber-  
 liner Schloss, Germany's "Buck-  
 ingham Palace," situated at the  
 Lustgarten at the head of Unter  
 den Linden, is being demolished  
 by the Communists to make way  
 for a giant Moscow-styled Red  
 Square where the people can go  
 to "demonstrate their will for  
 peace."

The danger of winning another  
 war and then losing another  
 peace was pointed up in Paris  
 the other day when Camille Gutt,  
 manager of the International  
 Monetary Fund, said "We must  
 avoid, after having overcome the  
 aggressor by force of arms, having  
 him take his revenge through  
 economic anarchy." What the ex-  
 penditure of a few hundred billion  
 dollars more in order to stop ag-  
 gression and make the world safe  
 for democracy will do to democ-  
 racy is starting to contemplate.

Secretary Acheson asks "his  
 voice to that of General McCloy  
 that the West Germans ought to  
 have the right to defend them-  
 selves against Communist aggres-  
 sion or Russian invasion. But un-  
 fortunately, the French, unable  
 to adjust themselves to changing  
 conditions, are more afraid of the  
 Germans than the Russians, will  
 not give the Germans anywhere  
 near equality in the family of na-  
 tions. You cannot expect the Ger-  
 mans to fight as slaves, come the  
 invasion from East Germany, as it  
 came in South Korea from North  
 Korea."

It is too bad that some of our  
 great leaders persist in saying  
 that we are fighting in Korea to  
 stop the spread of Communism.  
 Actually we are not fighting Com-  
 munist at all, but rather aggres-  
 sion. If the Communists had stay-  
 ed on their side of the 38th paral-  
 lel, they could have remained  
 there in peace till — when come  
 for all we or anyone in the United  
 States would care, it was not un-  
 til they attacked South Korea,  
 they launched an armed invasion,  
 they came into contact with Amer-  
 ican forces and United Nations  
 decisions. And as much holds true  
 for Russia. This country would  
 never go to war to change the  
 form of government, which the  
 Russian people seem to enjoy. If  
 they like Communism, they're wel-  
 come to it as far as we're con-  
 cerned. It is only when they try  
 to impose their peculiar form of  
 slavery on others that our coun-  
 try is interested. And we should  
 never let them know that we are  
 interested in their government.

Signs With The Times

Thinking back on the summer's vacation trip and holi-  
 day jaunts, how many automobile travellers can say that  
 they went through the season without once straying off  
 their intended road? One of the stock expectations of a  
 trip into strange territory is that sooner or later a turn  
 will be missed, or a wrong one taken. The driver is then  
 usually moved to declare, with feeling, that there should  
 have been a sign to tell him which way to go. Yet if he  
 should back-track to the spot where it should have been,  
 he'd no doubt find that there was a sign. It may have been  
 on the small side, or well camouflaged among other signs,  
 but there it was.

This usually happens in town, for it is there, with a  
 few exceptions, that highway marking is farthest behind  
 the times. In most towns the markers are not prominent  
 enough to catch unfaillingly the eye of the strange driver, not  
 big and simple enough to give him the information he needs  
 in the brief moment he can spare from attention to modern  
 traffic, and not plentiful enough in advance of changes in  
 course to give him confidence. Most of the time the stranger  
 knows that if he misses just one sign he may be lost in  
 a twinkling. The strain of watching for the markers adds  
 neither to the joys of the trip nor to the safety of the  
 tourist's passage through town.

One obvious remedy is to make route markers bigger  
 and more clear, find ways to make them more conspicuous,  
 make their location consistent, and provide more advance  
 warning of turns and junctions. Another would be to make  
 the town marking system uniform over the nation. The  
 markers are already nearly uniform in the country. The  
 lost tourist in an annoyance to himself and his companions,  
 is very likely to be an unexpected and unpredictable hazard  
 in the stream of traffic, and is a blot on the escutcheon of  
 the fair city in which he gets himself lost.

Filming Kipling

The "Soldiers Three" are going on the screen. Film lov-  
 ers will soon behold Rudyard Kipling's immortal British  
 privates in India. Jack Leary, the gigantic, slow-spoken  
 Yorkshireman, will tower over bird-like Stanley Ortheris,  
 the London cockney who dreamed of the day when he could  
 open a canary store in his home city.

Chief of all is big, jovial, wily Terence Mulvaney, who  
 was a corporal once, as he never tires of saying, but was re-  
 jected because he could never pass a full bottle without leav-  
 ing it empty. Their adventures are so many that selection  
 will be hard, but it may include the taking of Lungtungpen  
 in Burma, and "Black Jack," the story of how Mulvaney's  
 enemies neatly forged evidence to prove him a murderer,  
 but were outwitted in the end.

"Soldiers Three" came out of Kipling's glorious youth,  
 along with "Plain Tales from the Hills," "The Just-So  
 Stories" and the "Jungle Books." These days ended with  
 his masterpiece, the long novel, "Kim." After that he seem-  
 ed to change, writing stories with perfect technique but  
 little life. Much of this later work will be discarded, but  
 nothing can surpass the thrilling freshness of his first  
 great books. After screening "Soldiers Three," Hollywood  
 would do well to examine Kipling further.

Women At Work

Among the effects of the war in the Korean corner is  
 the need for women workers in munition factories. This  
 need, already present in a few places, is likely to become  
 general again if there are large calls of men for military  
 service.

As before, there would be not enough men for these  
 jobs, and many of them are specially suited to women. The  
 feminine worker does especially well at precision work with  
 intricate small pieces, at testing and at packing. Many wa-  
 men are able to run large, heavy machines, formerly con-  
 sidered to need men operators. The women now are dusting  
 off their overalls, tying up their hair, and preparing to  
 troop back to the factories.

The social effects of this movement are likely to be  
 noticeable. When women began working in World War II  
 houses were paid for faster; more appliances, better car-  
 and more fur coats were purchased; more children were  
 left to fend for themselves or entrusted to hired caretakers.  
 The lives of many families were drastically changed, and  
 not always for the better. There were many war casualties  
 who never wore a uniform or saw a battlefield.

United Nations

(Continued From Page One)  
 of Malik's resolution, Britain's Sir  
 Gladwyn Jebb, council president  
 for September, leaved into the So-  
 viet representatives.

He told Malik that "No one out-  
 side the Soviet Union — and per-  
 haps there was some discreet  
 surprise even there — believed  
 Stalin when he said in 1939 that  
 France and Britain invaded Ger-  
 many."

And when the Soviet Prime  
 Minister, asserts that the United  
 States is the aggressor in Korea,  
 Jebb declared, "Nobody outside  
 the Soviet Union believes him  
 today."

The Briton, spurning Russia's  
 charges that the U. S. was in-  
 volving in "barbarous and atroci-  
 ous" aerial bombardments of  
 non-combatants in Korea, said:  
 "The responsibility for the con-  
 tinuation of this war, with all its  
 horrors rests on those who caused it."

He did not mention Russia by  
 name, but there was little doubt  
 in the chamber whom he meant.  
 Jebb's statement followed a de-  
 fence of the American and U. N.  
 position by Deputy U. S. Repre-  
 sentative Ernest A. Gross.

Gross said U. N. authorities  
 had made every effort possible to  
 protect civilians during air raids  
 on North Korea and contrasted  
 this with what he called North  
 Korean violations of the rules of  
 warfare.

The American delegate said  
 that the U. S. had "indisputable  
 proof" that Korean Reds had  
 shot unarmed and bound pris-  
 oners. He called this the "most  
 vile of crimes."

The Reds, Gross said, had also  
 used hospitals, schools and  
 churches to conceal military tar-  
 gets, but "this crime shrinks into  
 insignificance" when compared  
 with the shooting of prisoners.

LAKE SUCCESS, Sept. 8 —  
 (AP) — The United Nations  
 Security Council rejected today  
 a Russian demand that it quit  
 all references to the Korean  
 question from its agenda. The  
 council, in the 9-3 vote, re-  
 fused to take any action in  
 the matter.

Reds Regroup

(Continued From Page One)  
 25th Infantry Division. It was  
 the ninth time the peak changed  
 hands.

Friday night the Reds plaster-  
 ed the mountain with an artillery  
 barrage. Communist Infantry  
 struck immediately afterwards.  
 American and South Korean  
 troops gained a few yards near  
 the east coast in their efforts to  
 close a five-mile gap in their  
 lines. An correspondent Bill Ross  
 at the front reported the U. S.  
 and South Korean troops opened  
 separate attacks through the mur-  
 key weather to try to close the  
 gap.

The hole remained after hasty  
 battlefront patching had sewed  
 together a bigger hole punched  
 out by a Red breakthrough earlier  
 in the week. The Allies were  
 at dusk the doughboys had  
 made little progress. They were  
 halted by rugged terrain plus the  
 drenching rain which reduced air  
 support. The weather, however,  
 Taegu, threatened by 60,000 of  
 the 150,000 Reds on the battline,  
 appeared safe for now. The Reds  
 were stopped north of it by First  
 Cavalry and South Korean troops.

The American counterattacks  
 had to withdraw from gains  
 made on a hill north of Taegu  
 when expected air support did not  
 arrive because of the weather.  
 Resistance on the hill was  
 sharp.

The Red radio in Pyongyang,  
 North Korean capital, has claimed  
 for two days that the Communists  
 hold Taegu.

The town of Yongchon, 20 miles  
 east of Taegu, changed hands  
 twice Friday in bitter fighting  
 between North and South Ko-  
 reans. Two Red tanks roared in  
 to Yongchon, important highway  
 junction. They were right but were  
 driven out Friday.

An American field officer said  
 Friday night that if Yongchon is  
 not actually in Communist hands  
 it is under a Communist shadow.  
 The five-mile gap in the Allied  
 lines is between Yongchon and  
 Angang, eight miles west of  
 Yongchon. The Allies own the  
 strip six miles away.

Marine Protest

(Continued From Page One)  
 resolution came up for a vote but  
 was unable to gain the floor. Kil-  
 martin reminded the league that  
 President Truman had pointed  
 out that criticism of individuals  
 in his Cabinet was criticism of  
 him.

Jack Brennan, Jersey City, also  
 urged that the Acheson resolution  
 be defeated "for the sake of  
 unity."

J. D. Hale, Milwaukee, also de-  
 clared that "our commander in  
 chief in time of war needs sup-  
 port."

Clay Nixon, Seattle, league  
 commander, supported the Acheson  
 removal resolution.

"I might have gone along with  
 keeping Johnson's resignation open  
 means policy making and we  
 cannot have any doubt as to what  
 kind of a State Department we  
 have."

Nixon said Senator McCarthy  
 (R-Wis) has "put the finger on  
 Reds in the State Department  
 and there are still a lot of them  
 in the Secretary of State's of-  
 fice. Acheson has a lot to ac-  
 count and apologize for. I hope  
 you vote to get rid of men who  
 cannot do this."

The Acheson resolution was easily defeated.  
 The Johnson resolution was de-  
 manded "the straightforward, in-  
 efficient and dictatorial policies"  
 of the present Defense Secre-  
 tary.

He said also that:  
 "Under a false claim of econ-  
 omy the defenses of the United  
 States have fallen to a point  
 where we cannot support our  
 troops."

Truman Signs  
 (Continued From Page One)  
 the bill. They might feel around  
 here and get no tax bill at all."  
 Senator Lodge (R-Mass) told  
 the Senate the bill would mean  
 to put 30 army divisions into  
 uniform next year and send ten  
 of them to Europe.

Lodge is a member of the Sen-  
 ate's Joint Select Committee  
 and of the American United Na-  
 tions delegation. He complained  
 that under present plans this coun-  
 try will have only 18 divisions  
 available by next June 30.

"I think we have in the way  
 of a presidential announcement  
 that there must be 3,000,000  
 men in the armed forces as a  
 whole which would be a good start  
 if we are to have them all by June  
 30, 1951," Lodge said. "But the  
 President's message carefully did  
 not specify the year by which those  
 3,000,000 men would have to be  
 in service."

Lodge contended that eventually  
 the United States is going to have  
 to send troops to Europe to bol-  
 ster defenses there against a pos-  
 sible Russian attack.

MacNeill Back From Insurance Course

Malcolm MacNeill returned yester-  
 day from Seattle, Wash.,  
 where he attended an intensive  
 course in insurance practice con-  
 ducted by the General Casualty  
 Insurance Co., of which he is lo-  
 cal representative.

He revealed that he found but  
 little time for sightseeing other  
 than for the train windows dur-  
 ing the trip. During the seven  
 weeks of the course, he attended  
 classes eight hours a day, and  
 6 to 8 hours at night was de-  
 voted to homework study.

"The Seattle climate was cool  
 and bracing," he said, adding  
 that during the first three weeks  
 he had to wear a woolen suit  
 and frequently had to wear a  
 sweater.

Jaycee Meet

(Continued From Page One)  
 of the electorate to elect  
 competent law enforcement offi-  
 cers."

A third section was stricken  
 from the vote following the sug-  
 gestion of State Jaycee President  
 J. Bralley Odham. The resolution  
 would have favored an increase  
 in the number of state highway  
 patrolmen.

Mr. Odham suggested that this  
 be deleted pending receipt of  
 more information on the subject  
 from the State Jaycee headquar-  
 ters. He pointed out that in 1949  
 it cost Florida \$189,000 to main-  
 tain the Florida Highway Patrol,  
 and stated that this had reached  
 a figure of \$2,500,000 last year.

Mr. Williams in his resolution  
 praised the Highway Patrol for  
 "performing excellent service in  
 promoting highway safety."

Alvin Odham, fourth district  
 vice-president, told of Jaycee  
 plant throughout the country in  
 promoting the "Crusade for Free-  
 dom" inaugurated this week by  
 General Eisenhower.

President W. B. Stemper then  
 announced plans for committee  
 action to promote this movement  
 locally.

Orange colored jackets are now  
 available for Jaycees to wear at  
 conventions, he stated. They are  
 of bright color, and for local Jay-  
 cees emblems on them will in-  
 clude a stalk of celery.

A highway sign, "You Are En-  
 tering Orange County," was re-  
 ported to be two miles inside the  
 Seminole County, "frontier." It  
 was spotted by request Orlando  
 Jaycees to move the sign to the  
 proper border line. If not, it will  
 be repainted. "You are still in  
 Seminole County," it reads.

Shriners Meet

(Continued From Page One)  
 lezzer spelled out the names of  
 some 19 participating temples—  
 Yaarab, Mahi, Zamora, Wahabi,  
 Moalab. And there were others  
 from eight southern states, repre-  
 senting some 75,000 Nobles.

J. Ed Hart, Greenville, S. C.,  
 was scheduled to take office to-  
 morrow as head of the South-east-  
 ern Shrine Association. An in-  
 surance executive, Hart is one of  
 the three commissioners of the  
 Greenville water works.

The successful Julius W. Dessauer  
 of New Orleans, Louisiana, was  
 Dr. Hubert M. Potent, imperial  
 potentate, told the Shriner's first  
 meeting yesterday that he believed  
 each Noble should increase his  
 scripied children's assessment  
 from \$2 to \$5 a year. He said he  
 would advocate the increase at  
 a supreme council meeting next  
 July.

"I believe when the Shriners  
 realize the situation," Dr. Potent  
 said, "they will vote for the sale  
 of assessment with a shout of  
 'Nobles! Nobles!'"

Along Canal Street there were  
 scenes of surprise followed by  
 belly laughs—it was hard to say  
 whether the visiting Nobles or  
 the native New Orleanians were  
 having the most fun.

Yaarab Temple of Atlanta ap-  
 peared as head of the parade  
 with a weird army of ve-  
 hicles. One car periodically "spit"  
 in two; another flipped its rear  
 end up and down; another "ex-  
 ploded."

Bunches of hands—playing every  
 thing from Dixieland jazz to orien-  
 tal music—kept the parade moving  
 at a lively pace. Staccato bursts of  
 firecrackers kept bystanders on  
 their toes.

Greek Lovess

ATHENS, Greece, Sept. 8 —  
 (AP) — A stormy magistrate's  
 hearing was held today to decide  
 whether the blue-eyed Juliet of  
 Crete will be allowed to rejoin  
 her Romeo or whether her lover  
 will be tried for abducting her.

Leaders of the young couple's  
 two feuding families were called  
 to the four-hour hearing.

If a slug should be put in the  
 meter by some prankster, or if it  
 is out of order, this is registered  
 by a red indicator, and the machine  
 will accept no more coins.

H. B. Dudley of West Palm  
 Beach, who is assisting James  
 Hardy in installing the meters,  
 stated that more than 6,000 have  
 been installed in Florida including  
 Clearwater, Tarpon Springs, Punta  
 Gorda and Kissimmee.

The new meters provide for one  
 hour parking for a nickel, or short-  
 er intervals with pennies.

One of the first motorists to use  
 the new meters was Mrs. Sam  
 Hampton of Geneva, who said she  
 liked "the look of it" better than  
 the older ones.

## Social Calendar

**FRIDAY**  
Comdr. George William Greene, retired USN, veteran of both world wars and expert on Chinese affairs and trends, will speak on "World Government" at 8:00 P. M. at the Tourist Center.  
The Townsend Club will hold its regular meeting in the Tourist Club at 7:30 P. M.  
Under the sponsorship of Beta Sigma Phi sorority the receptionist at the Fernald-Laughton Memorial Hospital is Mrs. J. D. Callahan.

**MONDAY**  
The Elsie Knight Circle will meet at 8:00 P. M. at the home of Mrs. Bralley (Gibson).  
The circles of the Woman's Missionary Society of the First Baptist Church will meet at 11:00 o'clock as follows: I. Mrs. Myron Smith, chairman, in the Men's Bible Class room; II. Mrs. Mack Cleveland, chairman, in the T.E.L. Class room; III. Mrs. Roy Reed, chairman, in the Woman's Bible Class room; IV. Mrs. J. L. Jackson, chairman, in the Young Men's Class room; V. Mrs. H. E. Turner,

chairman, in the Fidelis Class room; VI. Mrs. R. T. Thomas, chairman, in the Philanthropy Class room; VII. Mrs. B. R. Beck, chairman, in Mrs. Dixon's Class room.

At 12:00 o'clock a covered dish fellowship luncheon will be served in the general assembly room and at 1:00 o'clock, Circle V with Mrs. C. P. Henderson, program chairman, will direct the program, her subject being "Can You Read?" (Problems and dangers of the world's illiterates). Bible Topic: He That Heareth—Acts 8:26-39; 1 Timothy 4:11-16.

There will be a display of reading matter in the General Assembly room and the names for the circles for the incoming year, which begins October 1st, will be drawn immediately following the program. All the women of the church are urged to attend and visitors are welcome.

The Daughters of Wesley Sunday School Class of the First Methodist Church will meet at McKinley Hall at 8:00 P. M. with Mrs. C. H. Winn as group in charge. The Wesleyan Service Guild, formerly the Business and Professional Woman's Circle of the First Methodist Church, will meet Monday evening at 8:00 P. M. at

## Personals

Mrs. Arthur Branan, is visiting in Seaside, N. Y. She is expected here in the near future.

Mr. and Mrs. Clifford Proctor, Jr. and infant son have moved into their new home at 819 East Twentieth Street.

Troy Ray, who has been attending both summer sessions at the University of Florida, is visiting his parents Mr. and Mrs. Troy Ray.

Mrs. J. C. Aycock has returned home after visiting her son and daughter-in-law, Mr. and Mrs. Jack Aycock in Jacksonville.

Dr. and Mrs. Charles Persons spent the last several days in Fort Myers with Dr. Persons' parents, Mr. and Mrs. C. L. Persons.

Mr. and Mrs. A. L. Myers, Jr. left yesterday for Philadelphia, Pa. where Mr. Myers will enter his senior year at Temple University Medical School.

Mr. and Mrs. Joe Chittenden and children of Washington, D. C. are visiting Misses Laura and Edna Chittenden at their home on Palmetto Avenue.

Mr. and Mrs. O. T. Peason have returned from visiting Mr. and Mrs. James Rowland in Parol, Ga. and Mr. and Mrs. Donald K. Peason at Wilmington, S. C.

Paul Brown arrived in Sanford by plane from Chambersburg, Pa. for the marriage of his daughter, Miss Pat Brown to Vernon Hayden, which took place today at the First Baptist Church.

Rev. and Mrs. J. E. Hancock of Pensacola are visiting this week with their uncle and aunt, Mr. and Mrs. J. H. Tindel of Lake Monte, and accompanied by Mr. Tindel's sisters, Mrs. M. E. Diamond of Pensacola and Mrs. Annie McBryde of Alabama, who are going to visit Mr. and Mrs. Tindel, while Rev. and Mrs. Hancock are making a trip to Washington, D. C.

the home of Mrs. Robert S. Billhimer 808 Catalina Drive.

**TUESDAY**  
The Pilot Club will hold its dinner meeting in the Yacht Club at 6:30 P. M.

The Woman's Bible Class of the First Baptist Church will meet at the home of Mrs. Volie A. Williams, 87, 808 Magnolia Avenue, at 8:00 P. M. with Mrs. J. T. Benton and Mrs. H. B. Smith as co-hostesses.

The Chapel Choir of the First Baptist Church will have rehearsal at 8:45 P. M.

**WEDNESDAY**  
The First Baptist Church will have Prayer Meeting service at 8:00 P. M.

Prayer Meeting at the Methodist Church at 7:45 P. M.

**THURSDAY**  
Douglas Jobe Junior Brotherhood meets at 7:30 P. M.

The Baptist Association Training Union will have a mass meeting in the First Baptist Church, New Smyrna Beach tonight at 8:00 P. M.

## Seminole III

By BEVERLY GRAY

Looks like we're back to the old "grind" again.

I've noticed several people sporting fads from a nice long summer in the sun, incidentally one is Tommy Speer. Seems like Joyce Anderson went to the beach once too often with Bobby from the look of that red nose. Can it be possible that Lucia Goff has more freckles since June? Spraying of freckles we have two darlin' redheads with us this year. Sara Nell Hardin from Enterprise and Betsey Ann Easter who hails by Tampa way. Mr. and Mrs. Sara and little Ole Brown have something in common in the way of brothering and sisters.

We want to welcome all the new freshmen and hope they have a much fun and love our school as much as we do. They're some mighty cute ones in that group or at least that's what I heard Walter say.

I saw Coach Ganas looking at our new trophy case in the downstairs hall this morning. We're fully proud of it. Our steps going up stairs certainly do look fresh and all the doors have been painted with some of the walls, too. Sure is nice to start off a new year with.

Making winter plans already are two who want to go to Tennessee for Christmas. They seem quite excited over thick letters and are buying a lot of camera film. Pictures from the sunny South, eh?

Everyone's proud of Betty Lou Partin winning all those honors in the local beauty contests including a certain fellow from Daytona. They seemed so happy in the show the other night.

Why doesn't Harold Marsh give a girl a break? Seems Buddy Corley has a new sweetheart and I mean sweet! by the name of Marie. Blonde, too... Patay Edwards still "put" up with Kenneth and they seem quite content. So does Chester, wonder why? It couldn't be a new motorcycle, could it? I betcha a cute little gal with a new hairdo knows Edward acts awfully quiet lately and can't sleep. Hmm? Saw a certain little freshman blonde enjoying George Reynolds. One of the first things David Heister said this morning was where was "Hot-a-oke"? Something must be blooming there. Morris Metts and Ann Whit-scher looked darlin' in almost identical sweaters and jeans the other night. I hear Shirley Thomas' latest flame is none other than Tommy Speer.

Bobby Morris seems to enjoy his crew hair cut and Johnny Anders too. I noticed Barbara Flint was awfully happy going to last period. Could it be a junior boy with the initials B.F.? The one that doesn't have a letter now? These are two girls, senior and sophomore, who seem to have a little trouble in the halls over a boy (out of school, I think) with the initials H.I. We were all sorry to hear Adad Adams moved away. Here's hoping she visits soon.

Bobby Franklin must be singing "Sentimental Me" to guess who? As if it were hard... Little ole Mary Ann Wilke just loved how legs, at least that's the way it looks and Rae is crazy about blonde.

Everyone's glad to see Bill Fleming up at school. Someone asked me why he wasn't teaching agriculture since he's had so much fun with cows. Ha! Ha! I'm sure he doesn't appreciate that

Photo By Robert L. Cox  
Mrs. Benny S. Austin, whose marriage took place last Friday night at the First Methodist Church, is the former Miss Louise Lundquist, daughter of Mrs. Ruth Lundquist of this city. Mr. Austin is the son of Ben Austin of Oklawaha and the grandson of Mr. and Mrs. Boston Steele of this city.

## 2nd Division

(Continued from Page One)

The argument of this story, which shall be identified as Regiment X, was holding along the Naklong west of Changyong. An enemy force estimated at one reinforced regiment poured across the river. The attack was aimed at Changyong and the main road leading through American positions.

Maj. Frank Mezar, whose mother lives in East Chicago, Ind., and whose wife is in Tuscaloosa, Ala., said:

"The Reds came pouring over in waves. One wave would hit our line and then the next one came following right along. We gave them everything we had and they still kept coming. Some of the men fired until they ran out of ammunition before they withdrew."

A bloody, confused battle was fought in the dark. The North Koreans swept over Hill positions from which many Americans had fled in flight their way out.

"It was a proud and inspiring sight to see these boys handle themselves," said Capt. Niles McIntyre, Salina, Kan. McIntyre, historian for the regiment, shouldered a gun when the Reds surrounded his command post. He said he chalked up one Red in the fight that found everyone able to fire.

Likewise for Mr. W. G. Wells, Jr. who is teaching literature. Mr. Wells has taught for 13 years before he went into the Army and now we're awfully glad to have him with us.

sensitive positions. The Reds pushed small harassing parties into Changyong and for three days the city was infiltrated but never captured by the enemy. Regrouped and recovered from the initial assault by the Reds, Regiment X began its counter-attack. Doughboys burned huts on the outskirts of Changyong to flush out snipers. Art and artillery pounded enemy lines.

### Brooklyn Cuts Phils Margin In Last Minute Spurt To Take Flag

By JOE REICHLER  
 PHILADELPHIA, Sept. 8.—(AP)—Baseball's forgotten battery—pitcher Ralph Branca and catcher Bruce Edwards—are the newest Dodger darlings as Brooklyn's batting Bums are engaged in a back-to-the-wall defense of their National League crown.

Nobody is bold enough to say that the Dodgers are going to perform the miracle it would take to stop the Phillies from winning their first flag in 35 years. But it isn't going to be raining down the streets of Philadelphia today, then it is his nearest relative, chaos.

From a seemingly secure sever and a half game edge of only two days ago, the Phils' margin has been cut to four and a half. To make matters worse, the Brooms, following their third straight triumph over the worried whiz kid last night, trail by only two games in the important 14th column. The Dodgers have 27 tilts left to the Phils' 22.

To Branca and Edwards must a major portion of the credit for yesterday's 3-2 victory. These at the same two guys who idled away most of the season on the bench or in the bullpen. It is hard to realize that this is the same pair which was so instrumental in bringing the Dodgers a flag in 1947.

Branca, coming to the relief of Carl Erskine in the eighth inning yesterday when it seemed the Phils were about to snatch the game away from the Dodgers, stopped the enemy cold with a triple.

Miss Betty Doris Williams won the women's singles tennis crown yesterday in the senior division of the City tennis tournament at the Mayfair Inn courts by beating Miss Betty Cagle in the final match, 7-5, 6-3.

Miss Williams outplayed her opponent with deep drives and backhand placement shots. The deciding point was won by Miss Williams with a baseline shot which was returned into the net by Miss Cagle.

In the men's doubles Rolland and Bobo Dean beat Mike Sirianni and Cecil Bines, 9-7, 8-6.

George Herndon continued his winning streak when he teamed with Lester Guthrie to win a first round match over H. L. Eubanks and Holly Piercy, 6-4, 6-3.

A women's doubles match will be played at 5:15 P.M. today between Helen Tucker and Martha Wright vs. Betty Doris Williams and Betty Cagle.

Beautiful trophies and cups are being furnished for the tourney by the Rotary Club. Play is directed by Mrs. P. M. Gingles, city recreation director.

liant bit of clutch pitching. Edwards blasted the homey that proved the margin of victory. Branca entered the scene with a Philly perched on third base and nobody out. The Dodgers held a scant one-run advantage. The heart of the Phils' batting order was waiting on deck, Ralph calmly breezed third strikes past the ever-dangerous Willie Jones. He did the same to the slugging Del Emms who already had slammed two homers. Then he got Jack Mayo to foul out. Three Philadelphia swingers in the ninth also went down in order.

Edwards was catching only because of an injury to Roy Campanella, who sustained a compound dislocation of the right thumb which is expected to keep him out of action for about 10 days. Edwards, who has worked only a handful of games this year, is the sole remaining receiver of the club.

### Teams In Tie For Lead In Georgia-Florida Playoffs

By ASSOCIATED PRESS  
 The Americas Phillies and Valdosta Dodgers have a one-up lead in the first round of the Georgia-Florida League playoffs today.

The fourth-place Phils went out ahead of the Albany's pennant-winning Cards in their last four out of seven series last night with a 4-1 victory. Valdosta, runner-up in the pennant chase, took an early lead and coasted home over Tallahassee's third-place Pirates, 11-8.

Charlie Harper, Americas righthander, allowed the Cards only four hits and would have had a shutout except for wildness in the fourth frame when three walks and a forecourt plated Albany's only tally. The Phils got to Redbird manager Chief Bender for 11 baseknocks. They scored an unearned run in the second and added another in the third on a single by Charlie Saverine and Jack Jakowzyk's double. They scored two extra runs in the eighth when Wigle singled and Saverine homered.

Valdosta teed off on five Buc hurlers for an even dozen safeties. The Dodgers scored once in the first and pushed six more tallies across in the second before Rolf Moeller could quell the uprising Gabe Quille had let get underway. Bill Bledsoe, who came out in the seventh inning with an injured elbow, was the winner.

Last night's linescores:  
 Americas — 011 000 020 — 4 11 1  
 Albany — 000 100 000 — 1 4 2  
 Harper and Saverine; Bender and Drake.

Tallahassee — 000 001 010 — 8 6 5  
 Valdosta — 100 004 00x-11 12 0  
 Quille Moeller (2), Shea (9), Pomykala (6), Dieters (7) and R. Lindermuth; Bledsoe, Hatcher (7), Barker (8), and Pignatano.

NATIONAL SINGLES CHAMPIONSHIP trophy is proudly held by Art Larsen (left) of San Francisco, as he poses at Forest Hills, N. Y., with Lawrence A. Baker, president of the U. S. Lawn Tennis Association, and his defeated opponent Herbert Flam (right) of Beverly Hills, Calif. The new champ clinched the national title in five sets. (International)

### Gator Football Talent Receives Attention As Opener Approaches

GAINESVILLE, Sept. 8.—(Special)—Florida's coaching staff is looking for a lot of things these days as they methodically examine the Gator football talent, including defensive backs.

As the practice periods add one day after another to shorten workout time before the Citadel opener, the preparation of a secondary defense is becoming more intensive.

Practically all of the candidates lack the paramount ingredient of top-grade defensive backs—experience.

Quarterback Angus Williams and halfback Loren Broadus each have three years of varsity play behind them, but right there the Florida backfield experience comes to a pretty sudden halt.

Williams was primarily an offensive back last year and directed most of the Gator attack. Broadus, the understudy to All-SEC Charlie Hunsinger when Florida was on the move, spent the majority of his playing time warding off opposing threats.

Leroy Foucher, a 1949 reserve, and sophomore J. Hall, Jack Nichols, Bubba McGowan, Scotty Peek, Buford Long and Charlie Ware are the foremost contenders at the moment, with help coming from sophomores Joe Wright and Mack Gilstrap, who more often than not move into line-backing spots defensively.

"A good defensive back should be a strong boy in perfect condition, have quick reaction and be a good tackler," Woodruff said in explaining just what he is looking for. "And of course the ability to diagnose, or sense, how a play will develop is extremely important. But that comes with experience, and we have precious little of that."

The defensive backfield aspirants are getting all of the work that can be crammed into two workout sessions a day and at the same time they are struggling to improve their reaction and defense against passing. Gator quarterbacks Angus Williams,

### Southern Division Pennant Goes To Atlanta Crackers

By HUGH SCHUTTE  
 Associated Press Sports Writer

The Atlanta Crackers, picked for a second division berth in a pre-season poll of league sports writers, have won the Southern Association pennant for the 13th time.

Managed by Dixie Walker, former Brooklyn Dodger star, the Crackers took the lead on May 1 and were never headed. Their margin was never more than seven games. Going into last night's doubleheader Atlanta was leading the runner-up Birmingham Barons by six games. After losing the opener to Little Rock, 2-0, the Crackers came back to take the afternoon 8-1, and the pennant was theirs.

All other games—Birmingham at Memphis, New Orleans at Nashville and Mobile at Chattanooga—were rained out.

The second game victory gave Atlanta a season's record of 92 victories and 57 losses. Birmingham has an 85-92 record with six games to play. If the Crackers lose their remaining four games and the Barons win the six they have left, Atlanta would have the pennant by a single game farish.

Walker was named the Southern Association's "Manager Of the Year" for his feat in keeping the Crackers at the top. He won the honor overwhelmingly in a recent poll of the same sports writers who had foreseen a fifth place finish for Atlanta.

The Little Rock Travelers, who failed to win a single game in Atlanta's Ponce De Leon Park this

season, assured themselves of winning the current series with the Crackers by taking the opener. Alexander the Great began his conquests in the fourth-century B. C.

Peace Urged

(Continued from Page One) government has announced that steps are being taken to solve the nation's economic troubles. No specific moves have been dis-

closed out, however, the distribution of \$2,000,000 for the year 1951, which starts next Wednesday with the observation of the Rosh Hashonah holiday. In a New Year's message to American Jewry, Premier David Ben-Gurion observed that 430,000 persons have migrated to Israel since its formation as a state in 1948 and that hundreds of thousands more are expected. "Israel is not spared grave anxiety, but it is looking forward with robust confidence to the ability to stand up to difficulties," he said. From Switzerland, where he is vacationing, President Chaim Weizmann declared that all Jews should pray the Korean fight would not explode into a global war. "The world requires peace and reconstruction more urgently than ever," he said.

### FIRST CHURCH OF CHRIST, SCIENTIST

800 East Second Street  
Sunday School 9:30 A.M.  
Morning Service 11:00 A.M.  
Wednesday Service 8:00 P.M.  
Reading Room Tuesdays and Fridays  
3:00 to 5:00 P.M.  
"Substance" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday September 10.

The Golden Text is: "Bring ye all the tithes into the storehouse that there may be meat in mine house, and prove me now hereafter, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it" (Mal. 3:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (II Tim. 2:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To divest thought of false trusts and material evidences in order that the spiritual facts of being may appear—this is the great attainment by means of which we shall sweep away the false and give place to the true" (428: 8-12).

### HOLY CROSS CHURCH (Episcopal)

Rev. H. Lytle Zimmerman, R.D., Rector  
10th Sunday after Trinity  
8:00 A.M. Holy Communion

### Liver Troubles

H. K. Ring, D. C.

It is commonly known that if action of the liver is abnormal there is a general feeling of lassitude, weakness, flatulence, etc. This is often attributed to a sluggish liver which covers a multitude of sins.  
The liver consists of millions of cells which possess life. Science has proven that this life which is possessed by every tissue cell in the body is the result of the energy coming from the brain via the nervous system. The liver functions without conscious thought but not without brain action.  
If along the path of transmission of this vital energy from the brain to the liver something interferes with the transmission there will be a change in quantity or quality of vital energy. This will result in abnormal function of the liver.  
The logical way to correct the abnormal function of the liver is to remove the interference to the transmission of vital energy from the brain to the liver. The spine is the only normal place this may happen. Therefore, locating and adjusting the misalignments and maintaining the integrity of the spine will result in normal transmission of vital energy from the brain to the liver cells. Normal transmission will bring about normal function.

## War Correspondents Are Finding Makeshift Shack Their Happy Home

By DON WHITEHEAD (For Hal Boyle)

KOREA —(AP)— It will be a sad day for United Nations news correspondents if the North Korean Reds ever capture Happy Holler Hall.

We have come to love this old clapnet of a building. It has housed us for most of our journeys to the front.

The rain slants through its broken windows. The bathroom facilities are crude, to say the least. And the flies are with us to stay, despite DDT and other bug-killing wonders of modern science.

But it's home for the reporters of many nations. The warmth of friendship within its walls will be a memory that cannot be erased—even by the Reds.

Associated Press columnist and correspondent Hal Boyle gave Happy Holler Hall its name soon after we moved into the rambling, two-story frame building. The war was new then. A few of us paunchy old grads from World War I put cots in one room, promptly labeled the "Sheep Room." There we separated the sheep from the goats.

The goats were banned to the outer darkness of other rooms. Rules for the "Sheep Room" were simple: sleep is for goats. And if you don't like the sleeping, get out!

Then Frank Conroy of the New York Journal American—an old sheep from World War II—had an inspiration. He proposed an "apology hour" from 9 A. M. to 9 P. M. daily. This has become the period for apologizing for all the insults of the night past.

This is the hour of penitence when wounded feelings must be soothed and outraged pride restored.

It should be a national institution—this apology hour. In past weeks a former prime minister's son has been insulted in Happy Holler Hall. In turn, he has insulted some of his colleagues.

Distinguished British and American journalists have hurled angry words at each other—but apology hour has never failed to restore calm in Happy Holler Hall.

In a room with curtained windows, typewriters are pounded

### CARD OF THANKS

Mrs. Gertrude Morgan and Mrs. Eulalie Ferrell and family of 518 E. Sixth Street, Sanford, Fla., wish to thank the many friends who expressed thoughts of sympathy in the death of Leroy Ferrell.

# Thinking of the Long Pull?

## Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motor-car with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a hunk that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflow Drive\* if you like—and Dynaflow means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

\*Standard on ROADMASTER, optional on other Buick models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflow, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

## 27 Soldiers Are Killed As Spirit Of St. Louis Crashes Troop Train

### About 75 More Are Injured When Train Carrying National Guardsmen Wrecked

COSHOCTON, O., Sept. 11.—(AP)—Thirty-two persons were killed early today when a passenger train crashed into the rear of a stalled troop train in the fog. Coroner William R. Phoad reported. The coroner said the figure was at least 22 and possibly more. He placed the injured at 10 or 15. Fort Hayes at Columbus said it had compiled a list of 27 soldier dead, and 41 injured, 20 of them critically.

COSHOCTON, O., Sept. 11.—(AP)—The Spirit of St. Louis, crack passenger train of the Pennsylvania Railroad, ploughed into a troop train stalled by mechanical trouble in thick fog early today.

Twenty-seven soldiers, all members of the Pennsylvania National Guard, were killed. Approximately 60 other Guardsmen on route to Camp Atterbury, Ind., to enter federal service, were injured.

Railroad officials said, "We won't have anything on cause of the wreck until after an investigation is made."

Most of the dead and injured were in an old fashioned coach at the end of the 20-car troop train. Some were sleeping, others were being awakened for breakfast when the crash occurred at 5:15 A.M. (Eastern Standard Time).

The rear coach looked like a pile of tin cans and rubbish after the crash.

## Old Hurricane Off North Carolina As New One Builds Up

MIAMI, Fla., Sept. 11.—(AP)—An aging hurricane skirted the North Carolina coast today while another storm churned westward in the Atlantic 1,000 miles east of Miami.

Storm warnings were up from Cape Hatteras, N.C., to Cape Ann. Small craft in the area was advised not to venture into open water.

The Danish freighter Paris, her engine dead, wallowed in the path of the storm. The tanker Amtrak stood by and Coast Guard cutters sped to the scene.

A hurricane was moving northward at 13 to 15 miles an hour and highest winds were estimated about 100 miles an hour over a small area east of the center.

Winds of near hurricane force (75 miles an hour) extended outward 75 miles to the north and east with gales covering an area.

## "Hot Rod" Driver Does 90 On Park

A young "hot rod" driver, seeking to outrun a speeding police car Friday night, failed to make the turn from Park Avenue into Seminola Boulevard, was slung beneath his overturned 1934 Ford coupe. He received only a minor cut on the ear. A companion escaped injury by diving out the window down on in the grass by the boulevard.

Raymond Thomas Hall, 19, the driver, is in jail, pending trial this afternoon. His nephew, Curtis Hall, 18, who was in the car with him, was not held.

Patrolmen Jack and Joe Hickson saw Hall flash past the Archer Inn at a high rate of speed, gave chase, and later reported that Hall reached a reckless speed of 80 to 95 miles an hour on Park Avenue through five traffic lights to the lake front.

Another arrest for speeding was that of Robert O. Bagwell, charged by police with exceeding 70 miles an hour on West First Street.

**GUN CLUB RE-ORGANIZES**  
Members of the Seminola Gun Club Inc. will gather for a picnic at the park grounds, (rear of the City Hall), every Wednesday from 2 to 4 P. M. Syd Goode announced today.

Shooting practice will be held at the Air Port range on the third Saturday of each month from 2 to 4 P. M.

Those for both picnic and shooting are welcome to come out and improve your marksmanship. Mr. Goode stated.

## Win 'Miss America' Contest

Posing for the newswomen are the contestants in the bathing suit and talent preliminary staged at the Atlantic City, N. J., "Miss America" pageant. The swim suit entries are (top, l. to r.): "Miss Alabama," Yolande Betheze who won the title of "Miss America"; "Miss California," Joanne Durant, and Mary Jennings, "Miss Arkansas." The latter was declared winner of the group. The talent group contestants are (bottom, l. to r.): "Miss South Dakota," Irene O'Connor; "Miss Washington, D. C.," Sandra Stahl, and "Miss Connecticut," Renee Roy. Miss Stahl won. (International Soundphoto)

## Government Given Forecast Of Present Conflict 3 Years Ago

By ELTON C. FAY  
AP Military Affairs Reporter  
WASHINGTON, Sept. 11.—(AP)—Nine unsung prophets three years ago gave the government a remarkably accurate picture of the type of war in which the United States is now engaged.

## Yolande Betheze Of Mobile, Ala. Is Miss America

ATLANTIC CITY, N. J., Sept. 11.—(AP)—What's next for smiling, brunette Yolande Betheze of Mobile, Ala., the girl who reigns in bathing suit, crown and cape as Miss America 1951?

First she's just going to enjoy being Miss America. "I'm leaving my immediate future in the hands of the miss America pageant," she said. That could mean a year of stage, modeling, and television contracts totaling about \$50,000.

And after that? Miss Betheze (she pronounces it Bet-bee) wants a career in musical comedy or opera, and the \$5,000 scholarship that comes with the Miss America title.

## Danger Of Atomic Bomb Is Described

CHICAGO, Sept. 11.—(AP)—Two atomic bombs dropped over populated areas in America could create the need for 7,500,000 pints of blood to treat the survivors.

This is nearly half the entire amount of blood drawn in the United States during World War 2. Three University of Chicago doctors, J. Garrett Allen, Peter Maulder, and Daniel M. Emerson said the huge blood supply would be needed to treat effectively a half million a-bomb casualties with serious irradiation sickness.

They said in an article in the bulletin of the atomic scientists that each victim would need at least a pint of blood every other day from four to six weeks to combat anemia.

Some scientists have estimated a single atomic bomb dropped over a large metropolis like Chicago could kill 200,000 and injure 250,000 others.

**WAY TO PROMOTION**  
WITH U. S. 25TH INFANTRY DIVISION, Korea, Sept. 11.—(AP)—Five sergeants and two warrant officers of the 25th Division have been commissioned second lieutenants on the battlefield.

They are Warrant Officers Richard L. Sears of the Bronx, N. Y., and Alfonso Turner of Sumiton, Ala., and Sergeants John F. Lane, Jacksonville, Fla.; James J. Turner, Jackson Ga.; George J. Hawkins, Batesville, Miss.; Michael Adams, Bruckton, Miss., and Charles E. Jones, Lincolnville, Iowa.

## Rayburn Raps Advocates Of Profits Tax

### Rep. Humphrey Calls Anti-Comm Bill "Cream Puff Special" And No Good

WASHINGTON, Sept. 11.—(AP)—Speaker Rayburn today accused House advocates of an excess profits tax of delaying other tax collections that "the government needs desperately."

No corporation excess profits tax will be tacked to the general \$4,508,000,000 tax boosting bill now, he said flatly.

The speaker personally took the House floor after backers of a multi-billion dollar super levy on big profits blocked efforts to speed final Congressional action on the general tax bill, while they seek a separate vote on the profits tax.

Such tactics are blocking final approval of the general tax bill and hence are only delaying action to get more money the government needs, Rayburn argued.

The speaker told the excess profits tax proponents that because of the parliamentary situation "You cannot get an excess profits tax in this bill." He said he favored such a tax in due course.

Rep. Elvethart (D-Penn.) however, told the House: "The people of this country will resent the failure of Congress to attack this problem now. The corporations are making big profits now. To do the fair thing, Congress should stay in session and draw up an excess profits tax in two or three weeks."

Senator Humphrey (D-Minn.) called the McCarran anti-Communist bill "cream puff special" which would "keep the courts busier than they have ever been."

He argued that the Communist concentration camp substitution measure sponsored by Senator Kilgore (D-Wash.) was "another cream puff special."

## Sandy Anderson Is Speaker At Meet Of Market Chiefs

Sandy Anderson, manager of the Sanford State Farmers Market, attended the meeting of state market managers Wednesday through Friday in Jacksonville, and spoke on "private sales."

"Being a believer in auction selling, the private sales subject has a difficult topic to handle," he said. The meeting was held in Jacksonville, and topics under discussion at the meeting included a talk on advertising by W. R. Gilliland, market controller, and a discussion on changes in local marketing led by Harry O'Brien, manager of the Ft. Pierce Market.

Market Director, pointed out subjects included in the program.

## U N Is Said Ready For Korea Offensive

WITH SOUTH KOREAN FORCES ON THE EASTERN FRONT, Sept. 11.—(AP)—President Syngman Rhee of the Republic of Korea said today the United Nations are "not nearly ready to strike an all-out offensive."

The 75-year-old president visited South Korean troops at the front. He talked with correspondents and after his plans took off, they were informed he wished to add something to his statement.

"The situation has entirely changed and all the civilized nations of the world have come to our rescue and are fighting with us as comrades in arms in the interest of democracy."

"For the first time in history the main force of the Soviet-Communist and Soviet-directed Communists has already been crushed and the United Nations forces are almost ready to start an all-out offensive."

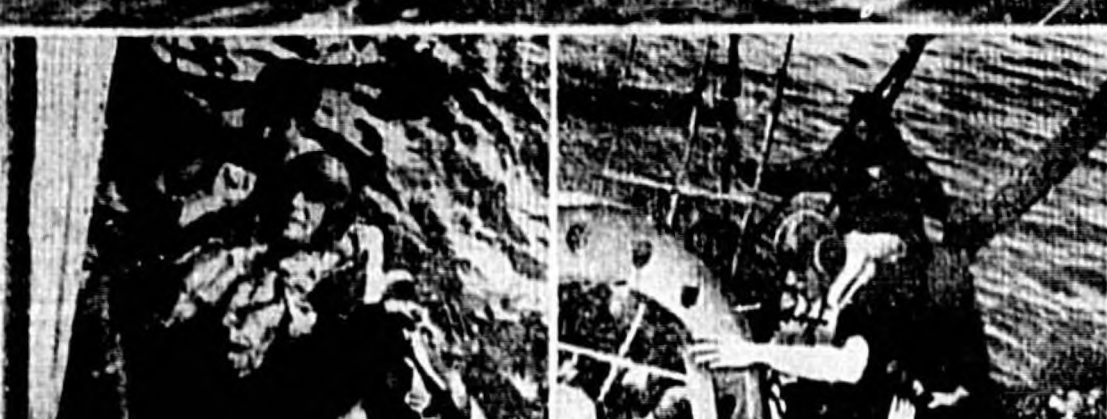

"Our soldiers and officers with the reinforcements in men and materials poured into this country from all parts of the world have done their part courageously in the battlefield to such an extent that all our friendly nations are speaking highly of their valor and splendid morale."

**CHAPMAN HEARING**  
WASHINGTON, Sept. 11.—(AP)—Additional hearings were ordered for this afternoon on charges of Communist activities in the Interior Department, made by Senator Schepel (R-Kan.).

Chairman O'Mahoney (D-Wash.) said the Senate Interior Affairs Committee intends to "proceed with every relevant fact."

## Artillery Takes Over Near Taegu As Red Drive Looms

### U. S. Navy Backstops Air Force In Korea Rescue

DOWNED BY FLAK and forced to parachute to the sea off the South Korean coast, a badly burned Navy pilot, Lt. Nathan E. Curry, of Lexington, Mo., spent two and a half hours on a rubber raft (top). His rescue was effected when British Technician William A. Vogel from a radio-ammunition destroyer (towed the raft to the ship (bottom, left). Ten other crewmen dived into the water to help place the pain-racked pilot in a whale-boat from which he was (bottom, right) to the destroyer's deck. (U. S. Navy Photos from International)

CHICAGO, Sept. 11.—(AP)—Five Russian atomic bombs could cause more industrial damage in the United States than 20 American atomic bombs dumped on Russia, an atomic scientist said today.

That's because the Russians have a big jump on the United States in dispersing key industrial plants and keeping their locations secret, he said.

The assertion was made by Dr. Eugene Rabinowitch, Chicago editor of the Bulletin of the Atomic Scientists. He called for a huge effort to make the United States less vulnerable to atomic attack.

"Even a continued leadership in the production of atomic weapons will not give America the upper hand in the atomic race," he said. "The only long term chance lies in matching the Soviet capacity to absorb atomic attack without crippling damage."

The Bulletin printed a special issue on civil defense against atomic attack. More than a dozen scientists, city planners and public officials contributed articles making this common theme.

"Defense must be placed systematically in advance of any attack."

Some of the highlights: Dr. Rabinowitch urged the most aggressive steps for "atom proofing" the American industrial, administrative, and transportation system and make it an integral part of the overall armament effort. "If, in this way, we succeed in convincing the Soviet leaders that the political, economic and industrial

Members of the new Auction Market Committee will hold a "candle light" meeting Tuesday night at 7:30 o'clock at the Frances Meriwether property in Gidderville for the purpose of discussing plans to finance the new project, County Agent C. E. Dawson announced this morning.

All growers who are interested are invited to meet at this temporary site of the auction market, he stated.

On Saturday morning more than 15 growers met with Mr. Dawson at Gidder's Store in Gidderville, then inspected and approved a 10 acre tract on the Orlando Highway for the proposed market, about four miles from Sanford.

The date of removal of the auction from the Sanford State Farmers Market has not yet been announced, said Mrs. Dawson. In order that the sales may not be interrupted, pending the securing of the permanent site, the old airport site offered for a limited time by Mrs. Meriwether will be used.

**RED CROSS**  
Directors of the Red Cross Chapter, American Red Cross, have cancelled a meeting scheduled for Tuesday night due to school activities. Meetings at the Tourist Center, Gordon Hrabley, chairman announced today.

**NEW STADIUM**  
Bids for the construction of Sanford's new stadium will be a major item on the agenda of the Citizens Commission at its meeting tonight, said City Manager Clifford McKibbin.

## THE WEATHER

Generally fair and mild through Tuesday with some likelihood of a few showers on southeast coast and in the Keys. Gentle variable winds, mostly southerly.

## 40,000 North Korea Troops Massed On Northwest Front For New Assault

By RUSSELL BRINES  
TOKYO, Sept. 11.—(AP)— Allied and Red big guns and infantry slugged at each other in bitter close-range fighting today seven miles north of Taegu.

A fresh Red Korean offensive was expected there at any hour. Allied artillery and warplanes hauled showers of steel at Red troops and artillery pieces throughout Monday.

A U.S. Eighth Army spokesman said the American barrage knocked out "a great many" Red big guns.

"Considerable action is expected in this area again tonight," a First Cavalry Division spokesman said. About 40,000 Communist troops were massed for attack against the Allied northwest wall.

East of the sector Allied South Korean forces ground ahead in an attack which has secured the defenses of Yongchon, eastern gateway to Taegu.

Elements of the South Korean Eighth Division drove six miles north of the vital Yongchon-Kyongju highway at one point in the northeast sector. At the high tide of last week's breakthrough, Red Korean units fire closed this road.

On a third critical area, Allied aircraft mangled a Communist regiment of 3,000 men in the Nakdong River bulge west of Changnyong.

The U.S. Second Division repulsed a sharp Red attack in the bulge. Slashing Allied fighter planes caught the North Koreans in the open as they reeled back from the doughboys' blows.

The attack, added to previous Red waves, left the battlefield strewn with 1,000 Communist dead and 1,500 to 2,000 wounded.

Commander George William Green, USN retired, and veteran of two world wars, warned Friday night of death and disaster for practically every country in the world in a speech at a third world war.

He addressed a small group at the Tourist Center and was introduced by H. W. Ruckelshaus. "Obviously we do not want to drift into another war," Commander Green asserted and added, "Is there anything we can do about it?"

He defended the cause for the present of leaving this country as strong that no other country would dare to attack it. This policy, in the future, however, will lead to an armament race, he declared, and pointed out that "never once in history have armament races failed to end in war."

Others say, in order to avert war, to improve economic conditions, change the hearts of men.

Major W. F. Runge Is Given Promotion  
Major W. F. Runge has recently been promoted to the rank of Lieutenant Colonel, according to word received by his wife Mrs. W. F. Runge, Augusta, Ga. Lt. Col. Runge was stationed at Camp Gordon at Augusta prior to his assignment to the Korean Military Advisory Group in Seoul, Korea, June 1, 1949.

He and Mrs. Runge are former residents of Sanford and have two daughters, Mrs. A. Scarlight of Augusta, Miss Dorothy Runge, Sanford, and one son, Howard, a student at Emory University, Atlanta.
