

Garden Bouquet

This is a new venture sponsored by the Sanford Garden Club. Its value is primarily that members may get a comprehensive view of what each circle is accomplishing; each Circle's program is entitled to representation, with especial reference to highlights of their projects and importance to their township in civic beautification and horticultural education. From Azalea to Rose, we present a garden bouquet of intertwined circles.

There was a joint meeting of the Azalea and Hemerocallis Circles for a covered dish supper at the Grapeville Nursery, with Mrs. Eric L. Wilton as hostess. A door prize of a Cadler's hybrid Croton was awarded to Mrs. Olga Hunter. A color film was shown, landscaped for living by courtesy of the Florida Nurserymen and Growers' Association. Although sudden shower intervened, there was a splendid trip through the fine nursery and a most enjoyable evening.

The Camellia Circle met at the home of Mrs. Benny Austin, with Mrs. Donald Knight as co-hostess. Mrs. David Gatchel, horticultural chairman, presented each member with a notebook and pencil attached, for personal observations on October in Our Gardens. Each was given a mimeographed sheet on October in Our Gardens. Each was given a mimeographed sheet on October in Our Gardens. Each was given a mimeographed sheet on October in Our Gardens.

The Driftwood Circle met at the home of Mrs. J. W. Guy on Monday Morning. Mrs. R. F. Stone was co-hostess. Mrs. Fred Gamas, president of the Sanford Garden Club, spoke on Introduction to Arrangements. She demonstrated the basic principles of design, illustrating with four arrangements created as she spoke and giving, step by step, valuable pointers on beautiful arrangements of flowers, leaves and greenery.

A beautiful covered dish luncheon was enjoyed by the Dirt Gardeners Circle at the home of Mrs. A. W. Lee, Jr. of Laurel Avenue on Friday. Co-hostesses were Mrs. W. A. Krattzer, Mrs. George Harben and Mrs. Edmund W. Meisch. The chairman, Mrs. Harben reviewed the plans of the Garden Club of Sanford, including a Landscape Design School to be announced later in the year. Mrs. Fred R. Gamas, president of the Sanford Garden Club, was present as guest of the Circle.

The Laura Circle met at the home of Mrs. William Bush. Co-hostesses were Mrs. T. W. Mero and Mrs. Al Doudney. The program was tripartite, beginning with Recipe for Arrangements shown by Mrs. Fred Murray in chef's cap, demonstrating a bride with six eggs with which she would make a dish of scrambled eggs, since her knowledge went no farther. Then with more aptitude, an experienced cook could take six eggs and concoct a delicious soufflé. Thus, with steps to arrangement, Mrs. Joseph Baker talked on conditioning methods, with special regard to dried materials, for which she recommended anti-freeze for particular types. She described the freshening of wilted flowers, such as gladioli. Mrs. Wight Kirtley joined the demonstrations exhibiting a collection of beautiful wild flowers, naming them and showing their possibilities; some of which may be kept for days, others too fragile for long term competitions. A cypress root taken from the fields near Enterprise, was on view. Hollowed out and set on pegs, it was readied for a most attractive planter.

The Hibiscus Circle met at the home of Mrs. J. M. Fabey of Lake Mary with Mrs. John Ludwig and Mrs. H. A. Moreland as co-hostesses. After a covered dish luncheon a quiz program was much enjoyed. Cards were presented, with seeds, bark, leaves and petals attached; each to be distinguished and named. Mrs. H.

attended the Fall Frolies while there.

Miss Leona Hart of Oviedo was a guest of Friends in Gainesville over the weekend. She attended the Uoff football game and Fall Frolies.

Pvt. Virgil Canada of the Marine Corps has completed his basic training at Paris Island, S. C., and is now stationed at Camp Lejeune, N. C. He was an honorary guest recently at a Ft. Christmas fish fry at which there were 150 attending. Pvt. Canada recently spent a ten-day leave here with his parents Mr. and Mrs. W. H. Stafford.

THE SEMINOLE COUNTY Democratic delegation as they met "Mr. Speaker" last Friday night in Leesburg. James Lee, of Oviedo, Chairman of the Seminole County Democratic Executive Committee (far left) and out of range of The Sanford Herald's camera. Others are (left to right) Thomas Hollingsworth, Robert Billinger, secretary of the Seminole County Democratic Executive Committee; Clifford McKibbin; Mrs. James Lee of Oviedo; Andrew Carraway, Mrs. Carraway, "Mr. Speaker" Sam Rayburn, Mrs. Hollingsworth, Mrs. McKibbin, and Congressman A. S. "Syd" Herlong, Jr. (Staff Photo)

June Spencer, T. A. Butner To Be Married

The engagement and approaching marriage of June Spencer and Thomas A. Butner Jr. is being announced today.

The bride to be is a resident of Oviedo Florida and has owned and operated a beauty parlor in that town for several years. She is a native of the State of Kentucky.

Mr. Butner is employed by the General Electric Company of Sanford and came to this state from North Carolina.

The private wedding will take

Personals

Mr. and Mrs. John Courier and Mrs. George Means of Oviedo were in Gainesville Saturday for the Uoff football game. Both John Courier and George Means are alumni of the Uoff.

Miss Kay Estes of Oviedo was at the Uoff game Saturday and place Saturday Oct. 20, 1956.

Immediately following the wedding Anna Miller Circle will honor the couple with a reception beginning at 9:00 p. m. at the Elks Club in Sanford.

All friends and relatives of the couple are cordially invited to attend the reception.

EVEN THE CAST CANT hold back the laughs as they spruce up their parts in tonight's Seminole High School Glee Club presentation "Fame" at the Pinetrest Auditorium at 8 o'clock. The three students enjoying their roles are: (left to right) Edith Hanson, Johnny Barley, and Marjia Loebch. (Staff Photo)

Role Of Air Force Topic Of Talk At Oviedo Club

OVIEDO—The cars in front of the Oviedo Woman's Club today at noon signified that the club season had begun. Mrs. J. H. Staley was on hand to collect our luncheon fee as we entered.

Mrs. Don Ulrey, our new president, chose a lovely dress, red in color, with accessories of black to conduct her first meeting as president. It was very becoming to her, too.

Mrs. George H. Carlton our second vice president and program chairman this year, was busily engaged in passing out the new year books—and, of course, curiosity made us delve into the contents with rising interest. We will not reveal their contents—except as the happenings occur, however interesting they might be.

As the crowd gathered for the luncheon they were met at the door by Mrs. B. G. Smith, one of the members of the serving committee, and we saw three men dressed in army attire as they arrived and were escorted to the president's table. We knew one of these must be our guest speaker for the day.

Everyone was busily engaged in

James G. and Mrs. Robert Humphrey were judges of the quiz. The hostess, Mrs. Fabey, showed the Circle her collection of dwarf trees which were artistic in formation and showed a most rewarding hobby.

The Mimosa Circle met at the Garden Center Friday morning. Mrs. C. L. Wallis, chairman, presided. Mrs. Alice Robbino and Miss Kay Henninger were co-hostesses. Two new members were welcomed: Mrs. C. E. Hittell and Mrs. W. E. Price. Future plans for a covered dish dinner were discussed.

The Palm Circle met at the Garden Center for a business session and distribution of year books. Mrs. Wade Garner spoke of the executive board meeting of the previous Wednesday and the discussion of programs and projects to come. Flowers for the Seminole hospital were planned for the balance of October; Mrs. Harry Oakes, Mrs. Wade Gardner, Mrs. Elnor Tideman and Mrs. Arne Erickson to furnish arrangements for the various waiting rooms. The Good Samaritan Home was presented as a further project. A discussion of the Flower Show course followed; this to be presented in November, with distinguished lecturers to be present.

The Rose Circle met at the home of Mrs. James Truitt, with Mrs. Mark and Mrs. W. A. Morrison as co-hostesses. Mrs. Helen M. Winqvist of the Dirt Gardeners Circle displayed cuttings of plants and leaves and demonstrated the rooting of them. Begonias were especially described. There were 17 present.

Mrs. Ulrey presided over the business session, at which time the regular routine of business and reports was taken care of.

Mrs. B. F. Wheeler, who has resigned, as membership chairman, presented the names of Mrs. Annie Carter and Mrs. Orson Burnett to be reinstated as associate members, and those of Mrs. Anita Crawford and Mrs. Theodore Aulin Jr. for reinstatement as active members. Mrs. E. G. Cross, Mrs. Esther Rohrer and Mrs. Perle Williams were accepted as new members of the club.

Longwood

By MRS. RUTH LAYO
The many friends of Mrs. H. Jean will be happy to hear that she is expected to return to her home today after spending two weeks in the Orange Memorial Hospital.

We are very happy to report that Mrs. Henry Heath has returned home from the hospital where she underwent an operation on her eyes. The operation being successful, it is now only a matter of convalescence. Mrs. Heath will soon be out and about.

Mrs. B. E. Gray has returned home after spending a three months vacation with her daughters. Mrs. Gray first stopped in Highland, Ill., where she visited daughter, Mrs. J. C. Crawford, and family, then she proceeded to Portland, Oregon, to visit daughter, Joyce Gray. Miss Gray operates the Rest Vials Home near Portland. Mrs. Gray visited in Vancouver, Wash., too and reports the scenery on the West Coast very beautiful.

Mr. and Mrs. W. Bennett, Mr. and Mrs. Ward Stevens, Mr. and Mrs. Howard Warren, Mr. and Mrs. Ray Fraser of Moline, Ill., and Mr. and Mrs. J. C. Heister of Enterprise enjoyed a picnic at Sunnyside Park on Wednesday, Oct. 3, the occasion being the birthday of Mr. Heister.

J. T. Montgomery of Orlando, a former resident of Longwood, was a recent visitor of all his former neighbors on Maine St. Harold Jackson has returned home from a long vacation spent in Europe where he visited his son, Tom, who is stationed in Germany in the U.S. Air Corps.

Recent word from Mrs. Florence Soderlin, who has been a patient at the Saretta Home in Sanford for several weeks, says that we may expect her home very soon.

Mrs. Leroy Neuman entertained the Thursday Bridge Club at her home last Thursday. Among the members present and playing were Mrs. R. C. Carlson, Mrs. Charles Nickols, Mrs. Eva James and Mrs. Thomas Gladwin.

The Saturday Evening Pinocchio Club met at the home of Louis Knoll on East Lake St. last Saturday evening. With several of the members still in the north only Mr. and Mrs. Charles Wales of Fern Park, Mrs. Maude Tupper and John Hollister were present to enjoy the evening play.

Mr. and Mrs. L. C. Walker have returned to their home after a three week vacation. The home cleaned is welcome to attend this meeting.

It was announced that the Home Demonstration County Council would meet on Thursday at the Center on Geneva Ave. when the hostess will be the Lake Mary Club, and Oct. 26, the County Council will have a food sale in front of Sears Store.

THE JAYCEES CHRISTMAS PARADE committee had a surprise visitor recently when they met to talk over preliminary details and plans for the forthcoming event. Santa Claus stepped in to offer a bit of advice. Shown here at the meeting are: M. L. Tolson Jr., Jack Sewell, Tom McDonald, Chairman, Glenn Lyons, Santa Claus (trying to get in a word or two), and Garfield Willett. We understand that Santa left immediately following the meeting. (Staff Photo)

6.72 Inches Of Rain Fall In Local Area During Past 48 Hours

Lund Says Herlong Failing To See Farmers' Plight

Arnold Lund, Republican candidate for Congress in the Fifth Congressional District attacked his Democratic opponent A. S. Herlong Jr., last night before the Citizens for Ike Club for failing to recognize the plight of the small commodity farmers.

The Seminole County "Citizens of Ike" meeting, well attended in spite of inclement weather, was held in the civic building in Fort Mellon Park last night.

"These farmers have a problem just as much as their richer cousins in the mid-west," Lund declared. "Had our congressman visited them instead of spending so much time with the important people of the district, they would have told him about it."

"The commodity farmer gets no help from the so-called farm acts," he said. "They need help more than the northern farmer but no one exposed their cause. It was up to our Congressman to fight for an amendment to the farm act that would have given them relief but this he failed to do."

"No one can blame the administration for this lack of help. Every district has its own problem and it's up to the local representative to make this known on the floor of Congress. Had he proposed an amendment to the commodity farmers would have shared the blame," he said.

"What's what congressmen are for?" Lund also attacked Herlong for failing to champion the inland waterway project.

"Had my opponent fought for the project, it would have been underway now," he said. "It should have been started 30 years ago. In the past eight years, under our present representative, we have had little progress. The area needs this development. It would give us the water we need for the drought periods so that crops would never be in peril. It would give us cheaper transportation. It would bring about a great industrial prosperity, one that would be secured for the future. Instead of trying to take credit for many projects with which he had little to do, my opponent should have been spending his time for improvements the district needs so badly."

Damage Extent Unknown

"It is early yet to tell what damage might have been done by the rain during the last 48 hours," Seminole County Agent Cecil Tucker said this morning.

A total of 5.3 inches of rain fell from 8 a. m. Monday morning to 8 a. m. Tuesday morning, and then from 8 a. m. Tuesday morning until this morning there was a rainfall of 1.42 inches, Tucker reported.

The rain was measured at the Central Florida Experiment Station, said Tucker, and the amount of rainfall might vary in some sections of the county.

"We have had a total of 6.72 inches during the past 48 hours," said Tucker.

He also said that there "is no evidence of washing in the survey that I have made so far but the soil is pretty well packed from the rains."

"If it stays heavy and cool, about the way it is now, it will help some and give the water a chance to get off," said Tucker.

In a state roundup of Florida rain and storm damage the big autumn storm that took a swipe at Florida raked northward today, harrasing shipping and threatening low areas with flooding.

It killed two persons in Florida, flooded at least four towns and caused heavy crop losses.

The storm was centered about a hundred miles off Georgia and its winds of 30 to 40 miles an hour were being felt from Florida to the Maryland shore.

Normals over the water contain gale winds. Tides three feet above normal were predicted for the area. Seas will be extremely rough, the Weather Bureau said.

Heavy rains were falling on the coastal areas ahead and to the west of the center.

The storm, which has not been named, originated near Cuba on Sunday but it is not a tropical storm, weathermen said. It formed on the edge of a cold front which pushed south to the Caribbean. It has no eye which typifies a tropical storm, nor are its winds pulled in tightly around the center. It is similar to the great storms that form in the North Atlantic in winter.

The Florida towns of Fellsmere, Kissimmee, St. Cloud and Taft were flooded yesterday as it passed by.

Rain totaling 13 inches was recorded at Fellsmere. Water accumulated to 30 inches deep in the streets. Roads were blocked temporarily and telephone lines were down.

Floodwaters drove about 200 residents from their homes at Kissimmee. They left behind their cars, clothes and furniture as a creek beside the town rose too rapidly for them to save more. A tunnel was cut through a railroad embankment to let the water drain away.

No lives were lost in the Kissimmee evacuation but several persons narrowly escaped. Damage estimates ran as high as two million dollars.

St. Cloud and Taft, small towns (Continued on Page Two)

Boy Scouts, Cubs Presented Awards At Court Of Honor

By MRS. RAYMOND MORRIS CASSELLBERRY—Boy Scouts and Cubs from DeLand, Sanford, Oviedo and Casselberry, representing the St. John's River District met at the Community Methodist Church Monday night where the first Court of Honor since the end of summer activities was held. Sixty-seven scouts and cubs attended.

Affairs of the Court were conducted by Gordon Gill, District Advancement Chairman, of DeLand, assisted by Walter J. Krohne Jr., Scoutmaster of Troop 341, sponsored by the local Lions Club. The welcome address was given by Krohne and John Dibley, of Eustis, Field Executive of the Central Florida Council outlined a program of activities for the winter months.

Highest award made at the court was that of Life Scout, received by Jerry Ulrey, troop 243, of Oviedo. The presentation was made by Ben Evans, member of the Lions Boy Scout Committee. Other members of the Lions committee assisting were Robert Schaff, chairman, who presented merit badges to 21 scouts; Lions president Paul McClure made the advancement awards and Dr. Stuart Culpepper made the Star Scout awards.

Sanford's troop 345 won the inspection award and troop 341 took top honors for attendance.

Other officials present were William W. Tyre, Scoutmaster of Troop 34; Clifford McWhorter, District Organization and Extension Chairman and Sidney Wible, Scoutmaster of Troop 345, all of Sanford; Walter Teague of Oviedo, District Vice-Chairman and Ivan Parsons, of DeLand, Scoutmaster of Troop 54 and also, District Leadership Training Chairman.

The Rev. Darwin A. Shea gave the invocation and benediction.

DeLand will be host at the next Court of Honor, to be held Dec. 17.

Plans Complete For Big Sale

Preparations for the citywide Sanford Merchants Association "Banner Days" sale are nearing completion with only one more day in which to complete their plans for one of the most exciting sales events in local history.

H. L. Perkins Jr., president of the Sanford Merchants Association and the "Banner Days" committee, have been constantly alert to meet every problem in bringing the event to a successful conclusion.

"Banner Days will be staged in Sanford Friday and Saturday, Oct. 19-20 with merchants offering counter-new merchandise for fall and winter shoppers at head-line prices.

Weeks have been spent in the planning of the "Banner Day" event, with the concerted efforts of the merchants centered on having merchandise arrive in Sanford on time to be offered.

When the doors of Sanford's downtown and outlying area stores open Friday morning, merchandise will be tagged especially for Banner Days and showcards will be displayed to call attention of the shoppers to the tremendous savings in store for them.

Sanford's merchants, through the Merchants Association officials, were quick to remind local and area shoppers that "this is not a stock clearing event whatsoever."

"We will be offering merchandise especially bought for the occasion, and items from our regular stock of fall and winter merchandise," the association's president pointed out.

Sanford shoppers are fortunate to have a huge municipal parking lot where facilities for parking their cars are available without charge, the Merchants Association president said. "Hundreds of cars may be parked within a stone's throw of the downtown shopping center," he said.

The municipal parking lot is located just off Commercial Ave. between Palmello and Hoop Aves. The lot extends from Commercial Ave. to second street with entrances and exits on three sides.

"We believe that shoppers will find that the municipal parking lot will prove to be one of the most attractive conveniences since it is so near to all of the local stores in the downtown area," Perkins said.

One of the biggest crowds in sales event history is expected to be downtown in Sanford for the two-day event, according to local merchants who have done extensive planning to make Banner Days a complete success.

Seasonal Work Begins At Oviedo Packing Houses

By MARIAN R. JONES
OVIEDO—When we think of fall we usually think of the ripening of the golden fruit that our town is blessed with so much of.

We had understood that the season would be later starting this year. What a surprise when we confronted some of our important packers and found that Nelson and Company had started the seasonal operations last week. If the rains subside, Lake Charn Fruit Company, another orange packing house, will commence this week.

We quickly got in touch with Harold Ward, of Lake Charn Fruit Company to obtain some statistics. He informed us that they included 150,000 boxes of fruit—shipping all varieties and types, through their packing house last year. In addition, they sent the same amount to the canners. Lake Charn owns groves of their own, too.

Frank Talbott, salesman for Nelson and Company, assured us that their figures would equal those of Lake Charn on fruit shipped directly to the consumer and to the canner.

Ward told us that their celery warehouse also handled 265,000 crates of celery last season. Although Lake Charn does not raise celery now, it handles the washing and precooling for many local growers. Talbott told us he expected that Nelson and Company sent out about that much celery, too. They do not have a wash house, but they raise their own celery, which is washed and pre-cooled by some of the local establishments for same.

Lake Charn Fruit Company, founded in 1877, is headed by Harold Ward, of Winter Park, and his brother, Ernest. Harold is manager and president, while Ernest is manager of the ice plant.

Ward told us that two faithful employees, J. W. Beasley, packing house foreman, and E. C. Wise, bookkeeper and office manager, have been with them since his father founded the company.

J. V. Harris has joined the company and is assisting Wise in the office.

Joe I. Heasley is in charge of the celery and, Ward said, he also watches after the machinery in addition to the processing and packing. His brother, Ray, has charge of all crate making.

He said that they did not handle (Continued on Page Two)

Yates Enters City Commission Race; Opposing Warner

The number of candidates for the Board of Sanford City Commissioners in the citywide election on Nov. 4 has risen to five.

Already announced, previous to the new candidate today were Merle Warner, a candidate for commissioner in Group One; Earl Higginbotham, a candidate for reelection; A. L. Wilson, a candidate for reelection; and M. L. Nichols who qualified as a candidate opposing Earl Higginbotham.

The surprise candidate for today who qualified at the office of Director of Finance and City Clerk H. N. Sapp, was Paul Yates Jr. Yates has announced in opposition to Merle Warner.

However, no formal statement was made by Yates at the time of his announcement shortly before noon today.

Rumors are persistent that a group has approached several people relative to announcing their candidacies in the coming local election and it is probable that there will be further candidacies or a candidate to announce this afternoon prior to the books being closed at the City Hall at 5 p. m.

FFA Chapter Takes 4 Ribbons At Stock Show

The Seminole Chapter Future Farmers of America took four ribbons at the Junior Livestock and Poultry Show sponsored annually at Ocala by the Southeastern Fat Stock Show and Sales, Inc.

The show this year was held in Ocala on Oct. 13 and 16 with the local FFA Chapter taking one blue ribbon (first place), two red ribbons (second place), and one white ribbon (third place).

The local FFA group had the grand champion Angus heifer at the Ocala cattle show.

In addition, Billy Thompson won first place in showmanship and Bert Baxter won the third place showmanship award.

The local group also participated in an overall judging event. Results from this contest have not yet been announced.

Accompanying the group of six FFA Chapter boys to Ocala for the event were Bill West, Seminole High School agriculture teacher and advisor to the Seminole County FFA Chapter; and Larry Jones.

Those attending from the local FFA chapter were: Billy Thompson, Bert Baxter, Randall Priest, Tucker Jimenez, Carl Remusat, and Herbert Giddens.

Four cows, all black Angus, which belong to the Seminole FFA Chapter were taken to the Ocala show.

Last year, the local chapter took two awards; a blue ribbon and a red ribbon.

Cadet T. Cordell Is Distinguished Military Student

Cadet Terry Cordell of 2435 Elm Ave. in Sanford, a senior at The Citadel at Charleston, S. C., and Cadet Captain, commanding company "F", has been named a Distinguished Military Student for achievements in academic, military and leadership grades.

This qualifies him, according to an announcement from The Citadel this morning, to apply for a Regular Army instead of a Reserve Commission upon graduation.

Cordell, son of Mr. and Mrs. J. D. Cordell of Sanford, is majoring in Business Administration.

He was graduated from Seminole High School in 1933.

He is active at The Citadel in The Round Table, one of the highest honorary societies at The Citadel; the Sphinx Staff; Gullion and Brigadier Staffs.

Directors Adopt Promotion Program

A program was adopted last night at the first meeting of the 1936-37 Seminole County Chamber of Commerce Board of Directors.

The overall program would be a promotion of Seminole County without, according to Chamber Manager John Krider.

The program covers the fields of Agriculture, Industry, Commercial Promotion, Tourism, Conventions, and Transportation.

In the Agriculture program the directors approved the further development of the citrus industry.

The Directors approved an approach to the problem of acquiring more industry for Seminole County on a basis that the manufacturing and distribution of commodities for the Florida market will not require relocating plants, but the establishment of additional facilities for manufacturing. This will place Seminole County, the directors said, in the role of implementers of the existing location of industry, rather than competitors with other geographical locations.

The commercial promotion of Seminole County the directors propose in their program to encourage local business to expand.

The Tourist and Convention committee of the Chamber of Commerce approved the promotion of advantages of the county to tourists interested in fishing, hunting and exploring our extensive waterways, keeping in mind the fact that visitors interested in health and recreation offered by this area may become permanent residents. The program also included efforts toward securing conventions for Sanford.

The Board of Directors also approved a program that will actively promote water transportation, pushing the dock and terminal project for the commercial phase, and working for the Sanford-Titusville Canal for the tourist phase and for the purpose of flood control.

Opening Of Bids For Fair Building Discussed By Post

A large crowd attended Monday night's Campbell-Lovings Post No. 43 American Legion meeting when the opening of the bids for the new Legion Fair Building was discussed.

Small changes in the plans for the building came under the order of business for the evening. However, the building will remain as originally agreed, in practically all details.

Arrangements of the fair grounds and a plan which will be followed was discussed.

Memorial services were held for the late Donald C. Stafford, a member of the local American Post.

Commander Lynn Lyon presided over the meeting which followed a spaghetti and meat ball supper served by George DeMatton.

Funeral Tomorrow For G. B. Elliott

George B. Elliott 55, died at Seminole Memorial Hospital last evening after a short illness.

Mr. Elliott was born in Columbus, Ga., on Sept. 5, 1881 and had lived in Sanford since 1916, making his home at 616 East Third St.

He was a member of the First Presbyterian Church of Sanford and of the International Order of Old Fellows.

Mr. Elliott was formerly employed by the American Fruit Growers and the Sanford State Farmers Market. He retired from the Willis Pontiac Co. as bookkeeper.

He is survived by his widow, Mrs. Estella C. Elliott and one son George E. Elliott, both of Sanford.

Funeral services will be held at Brinson Funeral Home tomorrow afternoon at 2 p. m. with the Rev. A. G. McInnis officiating.

Burial will be in Oklawaha Memorial Park.

Carriers Deliver Papers Despite Rain, Car Trouble

By MARIAN R. JONES
OVIEDO—The farmers and grove owners of Oviedo report that this is a million dollar rain—if it does not go too far.

The newspaper carriers will not agree with them so readily, we believe, since their experience yesterday morning on their routes.

Mrs. Elbert Beasley, wife of one of the carriers, said that the paper was late due to the battery in her husband's car drowning out on the Tuscawillow road. Finally Elbert, soaked and weary, walked to a house and asked for permission to use the phone. The occupant told him to come to the rear of the house, but she never did open the door for him.

Heartsick and even more weary he walked the long way back to the car, where his wife was waiting with the undelivered papers.

His sister-in-law, Mrs. Ferrell Beasley, wife of another carrier, found him. She and Ferrell had been stuck in a ditch while delivering their papers and had to get a tractor to pull them out. She had to bring Elbert back to Oviedo and take Mrs. Elbert Beasley and deliver the papers. Julia, Mrs. Elbert Beasley, said she finally completed the job at 11 a. m.

Reports show that Lake Howell is rising and the road there may be underwater by tomorrow—if this continues. The water at the Chulusta bridge is rapidly rising and may soon reach the top. So far no one has been hurt or injured or no property damage caused.

B. Morton Attends Florist Session

Bobbie Morton, of Rosetter's Flower Shop, spent yesterday in Jacksonville attending the Florida State Florists Association meeting.

While there for the meeting she saw several outstanding floral artists of the southeastern states display their talents in floral arrangements.

Improvement Plan Will Be Presented At Jaycees Meeting

The City of Sanford's Capital Improvement program and its plans will be presented to the Seminole County Junior Chamber of Commerce members at their noon luncheon meeting tomorrow at the yacht club.

City Manager Warren E. Knowles will be the principal speaker. Knowles will outline the Capital Improvement Program and the part it will play in Sanford and Seminole County's economy. To assist him in placing the entire program before the young business men of the county, the Sanford City Manager will have with him, on display, scale models of the Sanford Civic Center and the proposed fire station No. Two.

The Jaycees are urging a large attendance of their membership in order to get firsthand information on Sanford's development program.

Staton T. Field Succumbs Sunday In Tallahassee

Staton T. Field, prominent in agricultural circles all over the State of Florida, and a brother of Sanford's Postmaster, passed away at his home in Tallahassee Sunday night.

Mr. Field was Administrative Assistant to the State Chemist in the Florida State Department of Agriculture.

Survivors include one son, William T. Field of Sanford; three brothers, Fred T. Field, West Palm Beach, Earl T. Field, Fort Pierce, and Carl S. Field, Sanford; and a number of nieces and nephews.

Funeral services will be held Sunday afternoon at 3 o'clock at Brinson Funeral Home with the Rev. A. G. McInnis of the First Presbyterian Church officiating. Interment will be in Oklawaha Memorial Park.

Pleas Of Guilty Exceed Estreuture Of Bonds On List

An analysis of 208 cases on the docket of Seminole County Court for the period of a month reveals that pleas of guilty far exceed the estreuture of bonds, said Seminole County Prosecutor Karlisle Householder today.

In the docket for Monday entered bonds in traffic cases number 40, and in non-traffic cases 21, a total of 61.

However, pleas of guilt in traffic cases number 89, and in non-traffic cases 20, a total of 109.

In years past, said Prosecutor Householder, estreatures have far exceeded the pleas of guilty.

Pleading not-guilty in traffic cases were five and no non traffic cases.

Continued cases, prevalent because of many people going north for summer employment in traffic cases numbered 47 and non-traffic 17.

Six traffic cases were dismissed by Prosecutor Karlisle Householder but no non-traffic cases were dismissed.

One case was dismissed by the Judge and one case was released on probation.

Weather

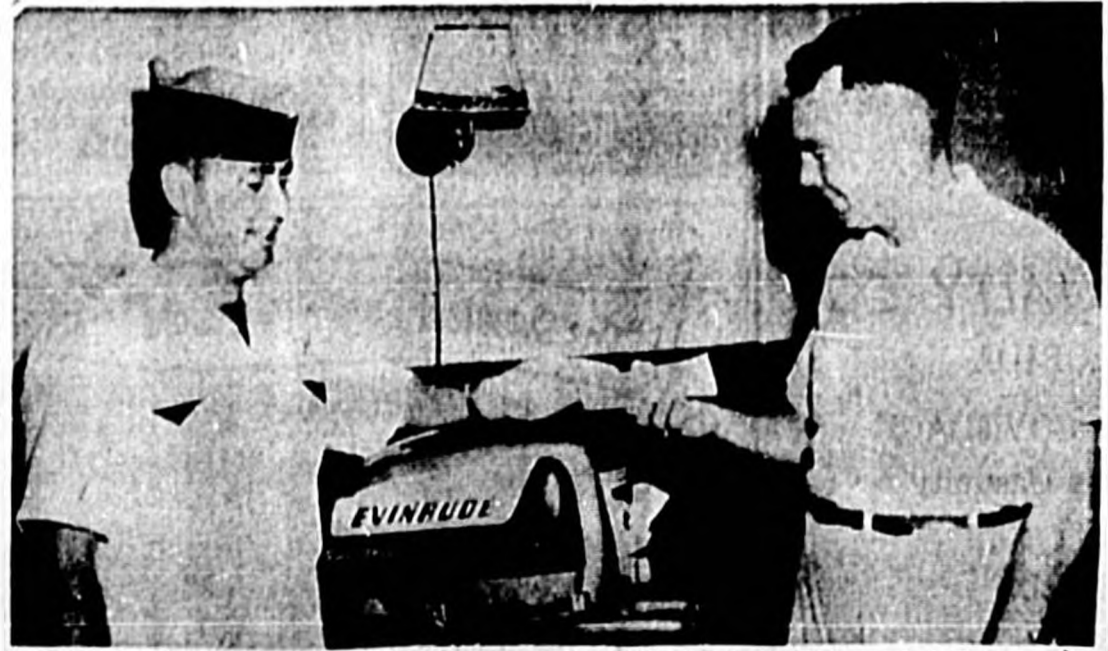

Cloudy with rain diminishing today to partly cloudy with widely scattered showers tonight and Thursday; low tonight 66-63.

**Carter Appointed
 To Farm Bureau's
 Resolutions Board**

Bonner L. Carter of Sanford, was appointed today to the 1956 Resolutions Committee of the Florida Farm Bureau by E. W. Finlayson, president of the big state-wide farm organization.

Carter, active in the Seminole County Farm Bureau, was appointed along with 30 other representatives of Farm Bureaus throughout the state. Bonner L. Carter is secretary-treasurer of the Seminole farm group.

David G. Click, Clewiston, will serve as chairman of the committee which begins pre-convention sessions at the Franklin Arms Hotel in Fort Myers, Friday afternoon, October 26. (The organization's 13th annual state convention begins Sunday afternoon, with registration at the Chamber of Commerce).

Mr. Finlayson said that he had appointed outstanding agricultural leaders from throughout Florida to serve on the resolutions committee. "This group must review hundreds of proposed resolutions and come up with their recommendations to the Convention. They will be read on the Convention Floor Monday afternoon Tuesday the elected delegates, representing counties from over the state, will either reject or pass them," Mr. Finlayson said.

The convention sessions will be held in the Exhibition Building, and they are open to the general public, officials at the state headquarters here, emphasized.

**Racing Kennels
 Arrive At SOKC As
 Opening Nears**

LONGWOOD—Top-flight racing kennels from throughout the United States are racing into the Sanford-Orlando Kennel Club daily as the opening date looms less than a month away at the colorful dog track.

The official racing season opens a 30-day stand on Nov. 13, but the start of schooling is much closer, beginning Oct. 28. Fleet greyhounds will compete in two weeks of pre-season action, which is open to the public, in preparation for the regular campaign.

Among the first half dozen kennels to take over quarters in the Longwood area were dogs from Colorado, Massachusetts, Alabama and Florida.

Classy racing strings owned by John D'Orlando, George Fuller, Bob Bennett, J. M. Edwards, Herman Burkhardt, and F. E. Eaton, a powerful local outfit, comprised the early arrivals and close to two dozen more kennels will pull in ready for action within the next two weeks. Over 600 greyhounds are expected to try for purse money at the booming Sanford-Orlando track during the coming week, according to Racing Secretary R. C. Williamson.

Jerry Collins, who took over as operator of the track on a long-term lease last year, is already predicting a second straight record-breaking season under his helm.

Some \$100,000 in improvements, including a new glass-enclosed, air-conditioned, ribhouse seating 600 people, will be ready to show off for the grand opening Nov. 13.

Seasonal

(Continued from Page 1)
 the corn of Lake Charn this past season—that it was handled at Zellwood.

The ice plant puts out between 12,000 and 14,000 tons of ice per year, Ward said. This ice is used for local consumption in addition to the pre-cooling of the celery and other vegetables grown by local dealers.

Although we knew that during World War II, Lake Charn had helped supply Orlando with ice, Ward assured us that they send much ice to that section during that time.

R. C. Smith is general grove farmer. He is assisted by Ben G. Wainwright and many other field workers.

Nelson and Company, founded by Steen Nelson, who is still living, passed into the hands of the late B. F. Wheeler many years ago.

Since that time the company has modernized its buildings and air conditioned them. Many new facilities and business ventures have been added including Wheeler Fertilizer Company and Wheeler Hardware Company.

Since Mr. Wheeler's death, the company is owned by Mrs. B. F. Wheeler and her children, Mr. and Mrs. B. F. Wheeler Jr., Jr. and Mrs. John Evans and Mr. and Mrs. W. H. Martin.

B. F. Wheeler Jr. is president of the company; John Evans, a son-in-law, is secretary-treasurer; and W. H. Martin, manager of Wheeler Fertilizer Company.

This large company employs many people in this community in its various enterprises, the packing house, the celery industry, the hardware business and the fertilizer plant.

Fred Pierson is foreman of the orange packing house.

Here a visitor watches with mounting interest the various processes the fruit goes through to reach the consumer. The golden balls are first sorted by the graders for size.

Experienced hands move with amazing speed to arrange them artistically in the boxes—or crates. Someone nails the crates shut after which labels are then attached.

A. A. Myers and George Means are prominently connected with the fertilizer company.

J. H. Lee, who has been grove foreman for many years, has retired. James Merritt Slaley has replaced Lee in this capacity.

Oron, better known as Dad, Burnett has been associated with the Wheeler Hardware Company for over 25 years. A few years ago Ferrell Beasley was added to the staff to assist "Dad" with his duties.

Among the office personnel are: W. C. Schumacher, John Coe, Mrs. A. B. Tedford, Mrs. Edith Brocklyn, Mrs. Estelle McCallister and Miss Kathryn Lawton.

A. B. Tedford is in charge of the celery operations for the company.

Our next article will be concerning A. Duda and Sons, R. W. Estes Celery Growers and C. R. Clonts, Association Growers. We are certain that they will be interesting topics.

(Continued from Page 1)
 in the Kissimmee River Valley, were flooded in the business sections. Airman from Pinecastle Air Force Base helped evacuate threatened families at Taft.

Rising water blocked several roads leading into Lake Okechobee and it was feared that a 100-million dollar tomato crop in that area might be heavily damaged.

But the benefits of the heavy rains may outweigh its damage. It restored water to soil dried out in a long period of subnormal rainfall. Lake Okechobee, the storage reservoir for an extensive irrigation system, was catching the Kissimmee River flood and the water will be available for winter crops. The lake was at a critically low level only last week but is expected to rise 2 feet to the 13-foot level.

Jacksonville got 7 inches of rain in 24 hours, two inches more than normal for the entire month of October. Orlando received 4.84 inches.

The two dead were drowning victims, one at Daytona Beach in the heavy surf and the other on a lake near Cocoa when a squall upset a boat.

Sixty feet of pavement and a bridge were washed out on State Road 18 between Canal Point and South Florida roads were closed temporarily from washouts and high water.

A cluster of seedless grapes, a fresh pear halves or some wedges of red-skinned apple, help to make a luncheon sandwich look and taste good. The fruit will be delicious with a filling of ham, chicken or cheese.

Our customers tell us that our radio repair service is pretty sharp. We like to hear things like that because it makes us glad we're in business.

French Avenue Is Officially Opened At Ceremonies Today
Prominent Visitors Participate

HERE'S WHY . . .

"Growth" Is A Big Industry Too!

In the past 21 months Odham & Tudor, Inc. have built and sold 201 homes in Sanford, for a total sales value of \$2,759,000. This represents more dollar cost than the construction totals of our beautiful new Seminole Memorial Hospital, our recent sewer improvement program and the widening and rebuilding of French avenue, all combined.

This staggering comparison is the achievement of only one firm—Sanford's leading home builder. And our construction program is still going on, with plans extending into the future for more and still more homes for SANFORD'S CITIZENS YET TO COME.

Yes! But definitely! To own a home and a piece of ground in Sanford today is to own a stake in a golden future of sound and permanent growth. America has discovered Florida again—it is now the fastest growing State in the Union. This time there will be no quick "boom and bust", but solid construction, based on sound economics of supply and demand, and plain down-to-earth hard-headed American common sense.

Be Sure To See Parade Of 1957 Model Cars At Local Auto Dealers

The build-up is well underway and there is an air of anxious awaiting among motorists as the 1957 model automobiles are put on display.

From just a few days ago until the first of the year the new models of various lines will be making their appearance—and this is a year of brand new lines and designs. The auto producers are vying for honors in the "bigger and better than ever" category and it seems that each manufacturer is going all out to make good his claim.

Interest in new car models is high regardless of whether the individual is in the market for one. That was shown when the first car design of the season was unwrapped here in Sanford.

There are very few automobile owners, regardless of the vintage of their present car, who aren't interested in taking a look at the new models. The urge to "window shop", if nothing more, is strong about this time in the new model year.

Of course, there is an economic impact coming along with the introduction of the new cars in the nation. After a sharp slump in production plants are beginning to sound like a beehive and are humming again.

And the production pickup as the new models come off the assembly line will be felt all along the line in the manufacture of parts which go into the brand new automobiles.

After taking a look at the first new models of the 1957 automobile season and hearing reports, as well as seeing pictures of the others that are to follow, we cannot help but realize why there is such a big interest in this year's designs.

That's where Sanford and Seminole County folks get a break right along with automobile dealers in other parts of the nation. Those huge covers and tarpaulins are lifted to reveal the sparkling new creations simultaneously with dealers everywhere else.

In other words, Sanford folks have an opportunity to see these crisp new fashions at the same time they are shown in other dealers' showrooms, regardless of where they might be.

So, if you're looking at new cars, even though you are not expecting to trade in the family "buggy" right now, take advantage of the opportunity to visit your home-

town dealers' showrooms first. The cars are the same, the designs are not changed one bit, the prices are exactly those prices offered elsewhere, and you're giving the local automobile dealer a big boost for his efforts in trying to serve you to the very best of his ability.

The local automobile dealer is just as proud of his new model car as the dealer might be in some other locality.

See the parade of 1957 new model automobiles from Sanford!

'Sing While You Drive'

We don't want to be sacrilegious, but a suggestion was passed along to us about automobile driving.

As a matter of fact, the suggestion was to "Sing While You Drive." And that seems logical, since one is much happier singing than if the driver merely growls himself along the highway behind the wheel.

But a list of songs that go extremely well with the speed you're traveling might be appropriate too:

At 45 miles per hour: "Highways are Happy Ways."

At 55 miles per hour: "I'm But a Stranger Here; Heaven Is My Home."

At 65 miles per hour: "Nearer My God To Thee."

At 75 miles per hour: "When The Roll Is Called Up Yonder I'll Be There."

And at 85 miles per hour: "Lord I'm Coming Home."

Docks, Terminals

While considering the economic possibilities of the "Docks and Terminals" project for Sanford, we were astounded to find, in recent releases, that freighting on the nation's 20,000 miles of inland waterways may have exceeded one billion ton-miles last year. This release was based on a preliminary tabulation by the U. S. Army Corps of Engineers.

Seemingly, from the reports and tabulations, there is shown a total of 361,000,000 tons of freight in inland waterways in 1955 in comparison with 319,780,826 tons in 1954.

So, from available figures there is a decided increase in the use of inland waterways such as the St. Johns River.

Interest is climbing to an alltime high in the building of the docks and terminals at Sanford—and with such reports as those we have read, the interest will continue to climb until there is realized a completion of the project.

A greater percentage of increase in the movement of freight through Sanford terminals and docks because of the newness of the project, would undoubtedly be felt. However, the enormous amount of both bulk and packed commodities moving down the St. Johns River to Sanford would increase the nation's total of ton-miles by a whopping big figure.

At the same time, Central Florida would be served by barge lines moving into this freight center as they have never been served before.

We believe that the "docks and terminals" are economically sound and an important factor in creating growth as well as stimulating an industrially sound area for the business investors who would like to choose Sanford for the location of their newest enterprise.

Our sacred books are filled with prophecy of him and history of his walk among us, he has plainly marked a WAY.

Letters To The Editor

ANSWER TO CHARGER CONCERNING GENEVA SCHOOL.

Since Geneva has recently received unwarranted publicity in local newspapers, we, the undersigned parents and public-spirited citizens, wish to go on record as stating that we heartily endorse the Geneva School and its teachers and appreciate the unselfish interest they have shown in our children. We are pleased with our children's progress, and feel that it compares favorably with that of other pupils of Seminole County.

The "unhappy situation" is an accusation and does not at all reflect the atmosphere that prevails at the Geneva School.

The Sanford Herald published September 13, 1956, states "a report made by PTA President, Mrs. R. L. Fulford, was read, and cited the investigation by that organization at the Geneva School." Inasmuch as no complaints were ever brought before the local PTA for discussion and no committee was ever appointed at a PTA meeting for the purpose of investigating the school, it would follow that this "so-called committee" was not representing Geneva PTA. This group of eight people were asked to meet at the home of last year's PTA President on April 9, 1956; just before the meeting with School Trustees, to discuss complaints that had been drawn up. Some were not aware the group was to be designated as a PTA Committee, and afterwards noted that their names be withdrawn. The Herald states "several of the signers of the report had requested that their names be withdrawn." The fact is there were no signers except for the person submitting the report. However, the names of those pro-

cessors were typed at the bottom of the report.

Mr. Cammack was quoted as saying, "There are a group of people influential in Geneva, and who do not have children who want the school to remain in Geneva." It is time the community of Geneva assert itself and declare unhesitatingly that we consider it a distinct asset to have in Geneva such civic-minded individuals who have a sense of loyalty, pride, and responsibility toward the school whether they have children in school or not. This is a situation we would call healthy and American rather than "unhappy."

The Herald also states that Mr. and Mrs. Cammack charged "one of their children had been spanked frequently by one of the teachers in the Geneva School, and that it had been an unhappy situation from the first because of reported whippings and unusual punishment." We have questioned our children and have found there have been no frequent whippings. The teachers report that none of the three Cammack children have ever received a spanking at Geneva School—had not needed any. Also, pupils have not been punished for going to rest rooms outside of regular periods as the complaints stated.

The September 14, 1956, issue of the Orlando Sentinel states "another child had been told to go home because she was maladjusted and the teacher refused to teach her." The teacher in question suggested to the mother that sometimes when children are immature, it might be better for the child not to try to start school quite so early. She did not refuse to teach her.

Again, we, the undersigned, wish to reiterate our faith in our teachers and in our school.

Signed by 91 parents and patrons of the Geneva School.

Charles Mercer Is Unusual Author

By HAL BOYLE
NEW YORK (AP)—Charles Mercer is an unusual author.

Not merely because he has hit the literary jackpot with "Rachel Cade," a best-selling novel that stands to net him some \$200,000 when all the returns are in.

What makes Mercer unusual is that he sees no reason why practically anyone who can stand being lonely can't do the same thing.

"Writing does require a certain bent," he said, "but anyone who can tell a suspenseful situation in two pages—even in a letter—can eventually write and sell fiction."

The difference between those who do and those who don't is largely self-discipline. Writing is an antisocial sport. Many people don't write because they can't stand being lonely. Writing is the loneliest industry on earth.

Mercer, who is a 39-year-old daily radio and television columnist for the Associated Press, married as soon as he left college for a \$25 a week job as cub reporter. Like most newspapermen he's

dreamed of writing a novel. And also like most newspapermen, he did nothing about it.

During his three-year hitch as an Army lieutenant in World War II his wife, Alma, wrote and sold for \$250 a magazine article about the trials and tribulations of a bride in wartime.

"I decided if she could do it, I could," Charles said. After leaving the service and returning to press association work in 1946, he started writing two hours every night.

"I turned out 30 short stories and a novel, and they were all so bad no publisher would touch them with a 10-foot pole," he recalled.

In 1949 he finally sold a short story for \$750 to the Saturday Evening Post. Then he made a big decision.

"I read everything I had written up till then, and decided it was all worthless," Mercer said. "So I take it out to the backyard and burned it—150,000 words on which I'd spent three years."

But he had at last mastered the technique of fiction writing. During a subsequent 21-month hitch in the Army during the Korean War he sold 10 stories and a couple of novelettes. He also later published two novels, "The Narrow Lodge" and "There Comes a Time," the story of a clergyman.

His real bonanza idea came during a trip to the Belgian Congo in 1951 to gather newspaper stories. Africa had interested Char-

Stevenson Dances Around Subjects

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Adlai Stevenson, who spends a lot of time polishing his speeches, sometimes takes the shine off them by dancing around the subject instead of saying in plain language precisely what he means.

This happened with his suggestions on ending H-bomb tests, Monday night, after months of talking about it, he made a long speech, trying to explain what he had in mind. It still isn't completely clear.

He's been all over the lot on this subject. President Eisenhower has said Stevenson made several proposals. Stevenson blames the administration for "astonishing distortions" of what he said. In trying to understand him, this was the trouble: He was suggesting the United States end its tests, with or without agreement with Russia to do the same, and then resume the tests if Russia didn't follow suit? Or was he suggesting this country take the lead in proposing an end to the tests but

not ending them unless there was agreement?

A look at the chronology of his statements shows why these questions arise:

Last April 21 he said: "I believe we should give prompt and earnest consideration to stopping further tests of the hydrogen bomb... As a layman I question the sense in multiplying and enlarging weapons of a destructive power already incomprehensible."

"Of course, I would call upon other nations to follow our lead, and if they don't, and persist in further tests, we will know about it and we can reconsider our policy."

Nowhere in that statement did he say the United States should go it alone, if necessary, and end the H-bomb tests, although it might seem he meant that since he didn't mention a need for agreement with Russia to end her tests.

Before the American Legion convention in Los Angeles Sept. 5 he said:

"I regret that the administration chose to casually dismiss my proposal last spring to halt further testing of large nuclear devices, conditioned upon adherence by the other atomic powers to a similar policy."

That would seem to mean that this country should stop the tests only if others agreed to do likewise.

Then on Sept. 20, at Silver Springs, Fla., he said Eisenhower had "dissembled earlier" his proposal "that the United States take the lead in promoting curtailment by all nations of hydrogen bomb tests."

The phrase "promoting curtailment" could mean the United States should take the lead in ending the tests, with or without agreement.

In Minneapolis on Sept. 30 he used still other language: "I have proposed a moratorium on the testing of more super H-bombs. If the Russians don't go along, well then at least the world will know we tried. And we will know

if they don't because we can detect H-bomb explosions without inspection."

What did this mean? Did it mean a "moratorium" agreed to before any nation ended H-bomb tests? Or did it mean the United States should take the lead, and stop the tests, with or without Russian agreement?

Last night Stevenson said, "It seems to me imperative that a world policy of stopping these tests be established at the very first possible moment." And he added:

"I proposed last April that the United States take the initiative toward this end by announcing our willingness to stop these tests, calling upon other nations to follow our lead, and making it clear that unless they did likewise we would have to resume our experiments."

In the meantime, Stevenson said, "because we cannot rely even on the firm agreement of one bloc of world powers the Communists—we will proceed both with the production of hydrogen bombs and with further research in that field."

Eisenhower, who has said he couldn't go into details for reasons of national security, made this statement last April 25, four days after Stevenson's first proposal: "Research without test is perfectly useless, a waste of money."

Florida Will Have About 275,000 More Voters This Year

TALLAHASSEE (AP)—Incomplete figures compiled by the secretary of state's office indicate that Florida will have about 275,000 more eligible voters for the 1956 general election than in 1952.

These new voters are one of the big reasons why political guessers are having a hard time trying to figure out how this state will go in the presidential election.

Four years ago when Florida had 1,339,538 registered voters, the state went to Republican Dwight Eisenhower over Adlai Stevenson by a margin of almost 100,000.

Indications are that the 1956 registration total will go past the 1,600,000 mark.

With reports from six countries all out, the registration totals gave 1,333,390 Democratic and 107,068 Republican. The other parties had 9,189.

Counties still out are Calhoun, Gilchrist, Indian River, Lafayette, Lake and Liberty. Their combined registration will run past 40,000.

The breakdown on the 1952 registration was 1,215,983 Democrats, 116,794 Republicans and 7,659 others. So indications are that the Republican registration is gaining percentage-wise with respect to the Democrats.

Negro registration appears to have reached an all time high although there are no comparative figures by races for 1952.

The Negro registration figures for 81 counties gave 135,910 Democrats and 10,648 Republicans.

Miss Gwendolyn Yvonne Cullen (Photo By Cox)

Miss Gwendolyn Yvonne Cullen Engaged To Harvey C. Wilkinson

Mr. and Mrs. James Polk Cullen, Crystal Lake, announce the engagement of their daughter, Gwendolyn Yvonne, to Harvey Clouston Wilkinson, son of Mr. and Mrs. C. J. Wilkinson, 1518 W. First St.

Miss Cullen was born in Sanford and was graduated from Seminole High School with the class of '56.

Mr. Wilkinson is a native of Daytona Beach, but has made his home in Sanford for the past few years. He graduated from Seminole High School in 1933, after which he attended the University of Florida for one year. He is now employed by the Sanford Coca-Cola Bottling Co.

Engaged Couple Feted At Party In Harkey Home

An engagement party honoring Miss Yvonne Cullen and Harvey Wilkinson was held last night in the home of Mr. and Mrs. C. T. Harkey, 212 W. 16th St., at 8 p. m. A buffet dinner was served to the guests, consisting of ham, turkey, crabapples, pickles, congealed salad and peas. The lovely sterling silver serving dishes used were the table's only decoration.

The bride's table was overlaid with a lace cloth and featured a two-tiered cake, adorned with lilies-of-the-valley and wedding bells. There was a beautiful arrangement of white pompons on the table and at either end were three white tapers in crystal candleholders.

The guests were seated at individual tables with their places marked with place cards which served also to announce the engagement. These were made of white starfoam and were fashioned in the shape of wedding bells. White satin ribbon and lilies-of-the-valley were used to complete the place cards.

Personals

Mrs. Lois Smiley, formerly Chief Operator in Sanford with Southern Bell Telephone Co., and now in Gainesville, was a weekend guest of Mrs. Elizabeth Harman on Rosalia Drive.

Conning The News

By VIRGINIA CONN

The Driftwood Circle of the Sanford Garden Club held its first meeting of the season Monday morning at the home of Mrs. James Guy. Mrs. Robert Stone was co-hostess. There were about ten new members present at the gathering of twenty. Mrs. Falaska, Mrs. Guy's mother was a guest. Mrs. Fred Ganas, president of the Sanford Garden Club, gave an interesting lecture and demonstration on an introduction to arranging. She explained the basic principles of design in preparing a good arrangement, and the conditioning of material for use in dried arrangements. One of the most helpful hints was one on preparing poinsettias for use in the house. Mrs. Ganas explained that the most successful method was to plunge the poinsettias completely in cold water, leaving them submerged for several hours. After drying, the flowers may be used in a variety of decorations. Her demonstration was based on "training the eye to see the beauty around us," whereupon she proceeded to make a magnificent arrangement of wild weed flowers with hibiscus as the focal point.

The Driftwood Circle is the Navy Circle of the Sanford Garden Club. Any Navy wife, enlisted, retired or officer may join. The first meeting was held in February '55 under the chairmanship of Mrs. Verne Reiffeld. At that time their project was the placing of plants in the dispensary and library, and flowers in the chapel, one which continued in this day. The circle won a special award at the '55 flower show with the beautiful Christmas tree in the lobby of the Mayfair Inn at the opening last December. Sharing honors with the Magnolia and Central circles, the Driftwood circle also won first honors in the landscaping project last spring in Little Venice.

The board of the Officer's Wives met here Wednesday morning. Plans were discussed for the 10th anniversary party to be held at the B.O.Q. October 27th. Tickets are now on sale from the representatives in each unit. Active reserve officers and their wives are also invited. Reservations may be made for them by calling 1920, ext. 219.

Representing their units were Anita Hadden, HATTU, Ruth Dyer, VAH 5, Dottie McDonald, Eason, Jane Polts, Station, Betty Emansky, VAH-11, Betty Guy, Staff, and Fran Murray, VAH 9, Kay Dwyer, VAH-7, was unable to attend.

Here is a recipe donated by Mrs. J. M. Miller of VAH 9, for HOT Texas cheese waters.

1 cup flour
1/2 cup salt
1/2 teaspoon cayenne pepper
1/2 cup nuts chopped fine
Form into rolls, and chill thoroughly. Slice and bake in moderate 325-350 oven until lightly brown.

CALENDAR OF EVENTS
WEDNESDAY
Prayer Meeting will be held at the First Baptist Church at 7:30 p.m.

The Senior High Fellowship Recreation of the First Presbyterian Church will meet at the Church at 7:30 p.m.

The 31st Week Bible Hour will be conducted by the Rev. A. G. Melius, Pastor of the First Presbyterian Church at 7:30 p.m.

The Chancel Choir will rehearse at First Presbyterian Church at 7:30 p.m.

There will be a Week Day Kindergarten at the First Presbyterian Church from 9:00 through 12:00 p.m.

The Rev. J. B. Root will conduct the morning devotions over WTRR, Sanford, at 8:30 a.m.

The Business and Professional Women's Club will meet at 6:30 p.m. at the Yacht Club.

learn by doing, this last under special consideration by Alice Mills. February, good gardening practices, March, preparation for the garden show, April, flower show and wild flower slides, and in May a buffet supper and social gathering with the husbands. Betty Guy is also chairman of the flower show school to be held November 13th, 14th, and 15th. The charge will be 50c for each lecture, although the Driftwood circle is paying out of its treasury for any members who wish to attend. The regular meetings are held the third Monday of each month, with speakers to be announced. Every member will submit an arrangement to the flower show in April.

The Driftwood circle has a new project in not only the interior decoration of the B.O.Q., but the landscaping of the exterior. The committee, headed by Betty Guy, will meet on Wednesday afternoon with a group of bachelor officers to discuss plans. After the decorating of the interior is completed, the circle will assume the responsibility for maintaining the planters within the building. And, as usual, the girls will continue to add their beautiful arrangements to buffet suppers and luncheons. They are away willing workers at any decorating project. Those who wish to join may call Mike Stone for further information.

Jane Miller gave a bridge luncheon Tuesday, with seven guests attending. They were: Rose Swanson, Louise Paker, Jean Dooley, Jean Stetson, Skip Horrel, Dottie King, and Ginny Cunn. Virginia Conn won First Prize, and Janie made off with second.

Civic Committee To Have Supper For Ovidio Faculty

By MARIAN R. JONES
OVIDIO: The Civic Committee of the Ovidio Women's Club with Mrs. R. E. Weisenbarger as chairman, assisted by Mrs. George Morgan, Mrs. Lynn Moyer, Mrs. Mae E. King, Mrs. Joseph Leinhardt, Mrs. Alex Leinhardt and Miss Esther Beistler, are planning a wonderful program for the annual supper honoring their husbands and the members of the Ovidio School faculty to be given Friday evening, Oct. 13 at 7 p. m. at the Memorial building.

They have cautioned all members to be sure to come, also to bring a large covered dish, filled with something good to eat, and their eating service—unless you are fortunate enough to be a guest of honor. If you come and bring yourself a "better half," if you are a teacher—if you are "the husband" come along with the "wife"—and you, for one time, will not be sorry you went for the idea.

BPW Meets Tonight

Miss Anna Hryol, district director, will be present at tonight's meeting of the Business and Professional Women's Club, which will be a dinner meeting held at the Yacht Club at 6:30 p.m. Miss Hryol is a teacher at Robert E. Lee Junior High School in Orlando.

Mrs. Daisy Knox will have the program and will use as her subject "International Relations."

On Labor Day weekend Jimmy landed in New York and was separated from the Army at Fort Jackson. His brother Ray Ray, who had been seen in four years, met Jimmy there and brought him home in time to enter FST. This exciting life seems to have agreed with Jimmy since his mother says he weighs 250 pounds!

Homecoming at FSU is scheduled for this weekend when they meet Wake Forest on the football field Saturday afternoon. If one of you are alumni, reservations for the various events were due to be returned to the alumni office by October 15.

MEMBERS OF THE Garden Club's Driftwood Circle admiring an arrangement at the home of Mrs. J. W. Guy on Melville Ave. They are (left to right): Mrs. O. B. Gray, Mrs. R. S. Stone, Mrs. W. W. Stetson, Mrs. J. W. Guy, Mrs. R. L. Metzger, Mrs. E. J. Mills, Mrs. H. C. Hansen, and Mrs. D. Duvensteyn. (Staff Photo)

Collegiate Echoes

By GRACE M. STINECIPHER

The Stetson Scene
Sorority Rush season at Stetson officially began Sunday afternoon with the Panhellenic Tea held in the parlor of North Hall. All sorority members looked very lovely in their formal afternoon dresses. Following the tea, all freshmen were invited to visit the apartments of the various sororities where sorority members were delighted to give them a grand tour.

Rushing is continuing on into this week with informal "cocktail" parties given by each sorority to which the freshmen are invited. The schedule of these "cocktail" parties is as follows: Monday, Oct. 16; Tuesday night, Phi Beta Phi; Wednesday night, Zeta Tau Alpha; Thursday night, Delta Delta Delta; Friday night, Alpha Xi Delta. Next week formal parties will be held.

After a season of fraternity rushing at Stetson, Kappa Alpha has claimed Jimmy Kilder while Jim Hawkins pledged Sigma Nu.

Stover Theatre season tickets are now on sale. Five major seats can be seen for only five dollars—these plays were reviewed on October 3. You can write or phone Stover Theatre play "Time Out For Ginger" for your reservations. The first will be given Homecoming Week.

State scholarship tests for prospective students were given yesterday morning in the conference room in Allen Hall at Stetson. B. Miller Eaves was in charge of the examinations. Approximately 75 scholarships will be awarded to students entering the state upon the basis of these exams. Those receiving the scholarship will get \$100 a year during the remainder of their college career, and if the person teaches for the number of years the scholarship is received, the money does not have to be repaid.

FST Week
The famed FSU Circus, "Flying High" has recently chosen a Sanfordite to be among the performers—this is Elizabeth Woodruff. Also Elizabeth has had more honor bestowed upon her—she has been chosen as the belle of the county by the Panhellenic Council from her own understanding. Elizabeth has brought home a 50 dollar prize, quite a bit.

Jimmy Fox, son of Mrs. Mary Fox, who is being trained for Italy, France, the Scandinavian Countries, and Switzerland. During his travel he has met Jimmy Whitley, Randy Reynolds, and Floyd Cooper of Sanford.

On Labor Day weekend Jimmy landed in New York and was separated from the Army at Fort Jackson. His brother Ray Ray, who had been seen in four years, met Jimmy there and brought him home in time to enter FST. This exciting life seems to have agreed with Jimmy since his mother says he weighs 250 pounds!

Homecoming at FSU is scheduled for this weekend when they meet Wake Forest on the football field Saturday afternoon. If one of you are alumni, reservations for the various events were due to be returned to the alumni office by October 15.

Registration is from 9 a. m. to 11 a. m. Saturday, The Homecoming Banquet will be Friday night at 8 p. m. Friday the Garnet and Gold Key Banquet (informal) will be Friday also; a barbecue lunch will be across from the stadium Saturday before the game and there will be a party at the faculty homes after the game.

Pledge Ritual Held Monday By Sorority

Pledge Ritual Degrees were given to pledges at the Beta Sigma Phi meeting Monday night in the home of Mrs. Joe Curley on Cameron Ave. Those receiving the Degrees were Miss Suzanne Patterson, Miss Elizabeth Billhimer, Mrs. Alfred Greene, Mrs. E. W. Peterson, Mrs. Ralph Cowan, Mrs. Lloyd Swain and Mrs. James Jenkins.

The Pledge Ritual will be held later for Mrs. Robert Crumley and Mrs. Duval Hunter, who were unable to attend Monday's meeting.

There was a discussion on Ways and Means projects and also the committee on the Harvest Bazaar which is to be held on Nov. 8.

Refreshments were served by the social committee.

Those attending were Mrs. Jack Armstrong, Mrs. Donald Bales, Mrs. Harold Chapman, Mrs. E. C. Harper, Mrs. J. L. Hurton Jr., Mrs. Warren Knowler, Mrs. C. M. Nichols, Mrs. R. B. Saxon, Miss Cherry Singletary, Mrs. Rudy Sloan, Mrs. G. Andrew Spear, Mrs. Sam Thurmond, Mrs.

Chapter Meet Set

Chapter No. 2 O. E. S. will honor Mrs. Ethel Dodson, worthy Grand Matron, at 8:00 p. m. Saturday, Oct. 27, when the group meets in the Masonic Temple.

A banquet will precede the meeting at 6 p. m. at the Shrine Club. Reservations to be made with Mrs. Walter Harney, telephone number 1629, not later than October 25, 1956.

Correction

It was erroneously printed in last night's Herald that the Anna Miller Circle would honor Miss June Spencer and T. A. Dutner with a reception following their wedding on Oct. 20. It is some of the members of the Circle who are giving the reception.

The reception will take place at 9 p. m. at the EW's Club.

quite interesting to have a Homecoming Soccer Game instead of football!

Betty Coed and Joe College—Miss Betty Ann Munson, valedictorian of last year's Graduating class at Seminole High, has pledged Sigma Delta Tau at Sophie Newcomb in New Orleans, Louisiana.

Howard Alfred, who is attending Clemson College on a Western Electric Scholarship, placed highest in English of all freshmen in his Entrance Examinations. Howard is studying civil engineering and is a member of ROTC.

Rosemary Garner has been elected FSU representative in student government at Jackson Memorial Hospital in Miami, the largest hospital in the South. Rosemary is in nurse's training there.

Billy Park, student of UofF was in Sanford this past weekend visiting his parents, Dr. and Mrs. C. L. Park.

Seminoles JVs Whip New Smyrna 12-0

In the rain washed, sloshy playing field of Memorial Stadium, the Sanford Seminole JV splashed across for two scores and blanked out a rugged New Smyrna JV team 12-0 in a stadium populated by only the steadily falling raindrops yesterday afternoon.

Critical Analysis Of Guards, Center

The Guard and Center positions are very important in a Split-T offense. It is these positions that allow the quarterback passing, faking and hand-off room. It is here that the famous quarterback sneak is made possible; it is here that the trap plays take place; and it is here that the fullback makes most of his plunges. Coordination, alertness, and good football sense are the essentials for the middle of the line.

the game of football, and is a good team player.

Fred Behrens is the most admirable member of the Sanford Seminole squad. As a youngster he suffered a serious foot injury in a sun accident. In his Sophomore year he went out for football and was sidelined with a broken leg. He has had no experience in the last two years and is very slow due to his leg. But Fred is outstanding; he's strong, aggressive, willing, and turns in a whale of a job on defense.

Ted Walker has his weight against him. He's a promising Junior with a lot of intestinal fortitude and willingness, but his lack of experience makes him a poor blocker. He's shown a vast amount of improvement this year.

Jack Stotsky has had the breaks against him thus far this season. Lacking game experience, he's poor at blocking but in his only game this season he made a fine showing. He's new at the center position, has good speed and a lot of aggression, but has been sidelined or the last three weeks with an attack of virus and an injury to his leg that became infected. He will probably see very limited experience against Melbourne Friday night, and it will take him a week or so to get back in the stride.

The leadoff batter for the Brooklyn Dodgers reached first base seven of the nine innings of the fourth World Series game, yet the National League champions scored only two runs against Tom Sturdivant of the Yankees.

JAY HEBERT, representing Sanford as playing pro for the Mayfair Inn Country Club, tees off for an exhibition after coming in second in the Western Open Golf Tournament Monday. Hebert will be in Sanford prior to the second annual \$15,000 PGA Mayfair Inn Open. Besides playing several exhibition games at the Country Club after he arrives, Hebert will conduct a series of clinics from which Sanford golfers will be able to profit. Hebert is also on the staff of Spalding and Foot Joy.

Seminoles Practice Despite Rain

Lyman Coach Says Bishop Moore Tilt Will Be 'Rough'

Jim Payne, Lyman head football coach isn't quite sure just what kind of opposition he'll face when he takes his Greyhounds to Harper Shepherd Field Saturday night to meet the Bishop Moore Hornets.

Both Lyman and Bishop Moore are orphaned independents from the now defunct Central Florida Conference, and the Hornets were supposed to be one of the weaker teams of the Central Florida area.

But last week the Hornets tangled with the undefeated Tavares team that handed Lyman their first season defeat in the tune of 25-6. The Bishop Moore-Tavares game was supposed to be just another workout for Tavares, but after the final whistle had died into the air and the mud was scraped off the scoreboard, Bishop Moore had won themselves a game and had definitely dealt with Tavares in a 6-0 upset.

New Payne is worried. The Greyhounds boast a 21 season record, but all three of the wins were against JV teams. The Greyhounds, sporting a fine starting unit, appear to be able to hold their own with all comers for one half of a game, but the squad is miserably short on reserve strength and begins to fade in the final stanzas.

The display of reserve strength put on by Bishop Moore is more than surprising, it's spectacular. For years the Hornets have failed to field a winning team, but this year there appears to be hope.

"This is going to be much, much tougher than we anticipated," Payne said with a sort of solemnity in his voice. "We're not ready to take on another power, and all of a sudden that's what we've got to do." Payne splashed around in the rain-soaked turf and mumbled to himself, "What a time for some silly storm to kick up... just when we need time the most."

Lyman has no gymnasium for indoor workouts.

Jack Stotsky was only able to give his moral support to the mud-soaked squad as he dressed out without his pads and tried out his leg for the first time in three weeks.

Andy Bracken, principal of Seminole High, had high praise for the team. Braving yesterday's chilling drizzle to watch the scrimmage he said, "The progressive improvement of the team leads me to believe that we'll do better against the tougher opposition in the future than we have against the poorer opposition in the last two games." The Seminole show vast improvement over their season opener, and considerable improvement over the Apopka outfit.

Club Stakes in November. Down there, there are many every-day articles named after Tatan; they all love him."

'Buck' Metts Is Given High Praise By FSU Head Coach

Sanford's Buck Metts, the outstanding P. S. U. halfback, was praised highly by Seminole head coach Tom Nugent. "He turned in a spectacular performance," Nugent said. With the assistance of Metts, Florida State University's Seminole pulled a reverse of the weekend before and controlled the ball for the most part in last Saturday night's 14-0 win over North Carolina State.

The Seminole had the ball 61 times during the contest, while the Wolfpack got their hands on it but 21 times. The week before, the Tribe touched the ball only 21 times during the second half, and this was a major factor in their 20-7 loss to Virginia Tech.

Head Coach Tom Nugent attributed Saturday's triumph over the Wolfpack to team spirit, much as he did the opening game 47-7 win over Ohio University.

"State did an all-around good defensive job against us," Nugent commented, "but you can't beat that team spirit, and our win must be attributed to that."

Lee Corso continues to be our sparkplug and I was particularly pleased with the fine line play of (George) Boyer, (Troy) Barnes and (Ronnie) Schomburger.

Two of the Tribe's starting backfield members remained on the doubtful list Monday as Nugent's charges began preparation for their annual Homecoming contest this Saturday with Wake Forest.

Number one left halfback Bobby Hott of Henderson, N. C. was not at full speed in the N. C. State game, due to a rib injury received in the Georgia game earlier this year.

Renn missed the Virginia Tech game entirely two weeks ago, and found himself still slowed by the injury Saturday night. He will likely be at nearly full speed Saturday, but it is not yet a certain starter.

The other injured starter is Joe Holt, Senior fullback from Graham, N. C. Holt unexpectedly came up with a sprained ankle the morning after the game.

Trainer Don Faulk reports that there is a strong chance of Holt being ready to go Saturday, but still adopted a "wait and see" attitude for the time being.

After the Wake Forest game, the Seminole do not return home until November 10 against Furman. They will face Villanova and Miami in that order on the road in the next two weeks.

Joe Brodsky Leads In Ground Gained Rushing Division

GAINESVILLE—Bulling his way for 61 yards against Rice last weekend, Fullback Joe Brodsky leaped to the head of the Florida football team in the ground gained rushing department.

Brodsky now has carried 37 times for a net gain of 153 yards. Making many of them up the middle where the going is the toughest, he is averaging a respectable 4.2 yards per carry.

Still showing effects of bench collision in the Clemson game, halfback Jackie Simpson, rushing leader through Florida's first three games, is now in second place. Carrying the ball only 15 times this season, Simpson has gained 114 yards for the excellent average of 8.1 yards per carry. Halfback Jim Rountree is third with 114 yards in 28 carries.

Brodsky lacked on another six points last week to remain the team's scoring leader with 24 points.

Harry Spears' national ranking should jump from 15th in somewhere in the top ten this week in punting. His average is now 41.5 yards on 11 kicks. Spears set a Florida team record against Rice, quick-kicking the ball 75 yards on one occasion.

However, Florida's forward pass defense suffered from the Rice onslaught last Saturday, the Owls throwing 32 times, completing 22 for 221 yards. Previously the Gators were eighth in the nation, having given up only six completions for 81 yards in three games.

This week's opponent will be Vanderbilt, last year's Gator Bowl champion. Vandy played Ole Miss, and lost a hard fought game 16-0 last Saturday. The defeat was Vandy's first of the year, and they were held to only three yards rushing and 32 yards passing.

Kiwanians Support Committee Against Legalized Betting

The Board of Directors of the Sanford Kiwanis Club approved yesterday a recommendation of its Support of Churches Committee relative to legalized gambling.

A recommendation was presented to the Kiwanis Club Board of Directors by Rev. Perry L. Stone, pastor of the First Christian Church and chairman of the Support of Churches Committee, which read:

"We, the support of churches committee of the Kiwanis Club of Sanford, believing that the extension of legalized gambling by the introduction of pari-mutuel betting on harness horse racing would not be to the best moral and spiritual interest of the people of Seminole County, unanimously recommend that the Board of Directors take a public stand against it."

The recommendation was approved by the Board of Directors without a dissenting vote on a motion by Ed Shindler.

The Board of Directors meeting followed the regular luncheon meeting of the Sanford Kiwanis Club at which the District Governor of Florida Kiwanis District 8, was the principal speaker.

District Governor F. S. Surquie spoke to the Sanford Kiwanis members yesterday on the achievements of Kiwanis during the first nine months of 1936 in the fifth district.

"THE FULL DINNER PAID"
The Republican slogan in the campaign of 1900 promised prosperity for all under President McKinley's second term. To sell things that go into dinner pails, or cars to take workers to work, Want Ads get results. Phone 1821 for a money-making Want Ad NOW.

PINEOLA, Fla. (AP)—Two Atlantic Coast Line freight trains raged down a straightaway stretch into a head-on collision today, killing 4 out of 10 crewmen aboard and injuring 4 others.

Cars immediately behind the two diesel engines piled up and broke into flames after the crash, trapping two of the men inside. Their bodies were recovered later. Cause of the 6 a. m. collision on the ACL's main line near the Pineola depot was not determined immediately.

ACL officials began an investigation to determine the cause. The dead men were identified as R. T. Martin, engineer from High Springs; and the Democratic nominee for county commissioner from Alachua County; E. W. Vaughn, fireman from High Springs; J. L. Phillips, brakeman from Lakeland; and W. E. Snyder, brakeman from Lakeland. Martin, Vaughn and Phillips were members of the crew on the southbound freight. Snyder was on the northbound freight.

Three of the injured, all on the northbound freight, were identified as Otis Bridges, engineer from High Springs; A. H. Good-year, conductor from Tampa; and Robert Pate, flagman from Tampa; and William Hardee Jr. High Springs.

"It's a scrambled-up mess," said John Purcell, an ambulance driver for the Garnet Funeral Home at Brooksville, who took the four injured men to a hospital. "The engines and the cars just behind them are all tangled up together."

Two of the dead men were taken to the Porter Funeral Home at Inverness and the others to the Roberts Funeral Home in Ocala. Two bodies were removed from the wreck shortly after the collision but the others were not recovered until flames were extinguished in the car in which they were trapped.

Firemen from Bushnell and Brooksville were first on the scene. Pineola is 80 miles north of Tampa.

Weather

Fair and mild through Friday; low tonight 53-58.

Many Bargains Available For Banner Days Event

Cattlemen, Citrus Growers Welcome Recent Rainfall

By BEN WIGGINS, SOIL CONSERVATIONIST, USDA. The approximately six inches of rain which fell on this area during the past two days aided greatly in raising the water levels in the ponds, lakes, and streams in this District. Although causing considerable damage to many of the young, recently planted truck crops the rainfall was very beneficial and welcomed by most cattlemen and citrus growers.

A considerable amount of erosion was also observed on many of the freshly cultivated fields—especially on the lower edges of the fields where the water tends to build-up and then cuts out into a road ditch or into a drainage ditch.

Sheet erosion is the most common type of erosion observed in this area. Sheet erosion consists of the movement of water, carrying soil particles, over the surface of erodible land in a uniform manner. This type of erosion can best be observed by the deposits of the heavier soil particles on the lower areas of a field and also by the muddy water leaving the fields carrying valuable top soil and organic matter into ditches and canals.

Little or no damage was observed on the uncultivated fields or fields that supported a good cover crop of grasses or a mixture of grasses and legumes. Farmers who plant early vegetable crops in September and October are generally plagued with severe damages caused by this type of erosion each year. A little planning in land use along with the establishment of a few simple conservation practices

Sanford Merchants Are Putting Finishing Touches On Merchandise

Harness Racing Is Woman's Sport Too

Harness horse racing is a woman's sport as well as a man's sport in every sense of the word, according to William R. Kemp, president of Seminole Raceway.

"In fact, when harness racing comes to Seminole Raceway, we intend to make it an affair that women will enjoy from beginning to end," said Kemp.

"For instance, we are planning to arrange regular sports wear fashion shows exclusively for the enjoyment of the women who visit the afternoon races. And other special events for women are in the making too," he added.

"I've just returned from Lexington, Ky. where I attended my first afternoon race meeting in this heart of the blue grass country. I just wish that every resident of Seminole County had been with me. It is an experience beyond description."

"Women were there in great numbers, wearing their finery and enjoying every minute of the colorful activities taking place every minute on the raceway. The country fair atmosphere prevailed. Just like it will at Seminole Raceway during our afternoon meetings."

"But not only are the women enthusiastic admirers of the beautiful horses and the drivers, decked out in their gorgeously-colored silks—they are also among the most enthusiastic admirers of the beautiful horses and wherever the horsemen's fraternity congregates, there will be found well-dressed women joining in the festivities."

"Seminole Raceway will be particularly attractive to women's groups—with the outside dining platform overlooking the tracks. The pageantry of afternoon harness racing is a delight for the fair sex."

Col. James Dyson To Practice Law In Korea Republic

MUNANSI, Korea—Lieutenant Colonel James H. Dyson, Senior Member of the United Nations Command component of the Military Armistice Commission John Observer Teams, has been certified to practice law in the Republic of Korea.

The ceremony in which Colonel Dyson was admitted to the Korean Bar took place in the Ministry of Justice Building, Seoul, with Minister of Justice Lee Ho presiding.

A native of Sanford, Colonel Dyson attended the University of Florida at Gainesville. Later he enrolled in the John R. Sisson University College of Law, DeLand, where he received his law degree in 1941.

Colonel Dyson entered active duty with the Army in June, 1941, and saw World War II service with the 2d Armored Division in Africa and Europe.

In October, 1945, Colonel Dyson returned to civilian life and was an Assistant Attorney General for the State of Florida. He re-entered active military service in July, 1946, when he was commissioned in the Regular Army.

Among Colonel Dyson's decorations are the Silver Star, Bronze Star with "V", the Purple Heart, and the Belgian Fourragere with colors of Croix de Guerre.

While Colonel Dyson is in Korea, his wife, Margaret, and their two children, Jimmy and Gregory, are residing at 77 West Main St., Sanford, N. Y.

Col. Dyson is the son of Mr. and Mrs. W. R. Dyson of 1201 Magnolia Ave.

Nichols Announces Candidacy; Seeks Group 2 Seat

The formal announcement of M. L. Nichols, who qualified as a candidate for the Board of Sanford City Commissioners, at the seat now occupied by Commissioner Earl Higginbotham, was made today.

Nichols said this morning "I wish to announce to the people of Sanford my candidacy, in Group Two, for our City Commission, in the coming election on Nov. 6."

"In seeking the support of the people of Sanford," Nichols said, "I would like to give a few brief facts about myself. I am a building contractor, 44 years of age, have a wonderful wife and two children. We made Sanford our permanent home 11 years ago, having moved here from Huntington, W. Va."

"I believe in the City of Sanford and have great faith in its future development," Nichols said in making his formal announcement.

He said "I do not believe that our city's past growth, though great, is all that it should have been. Its wonderful setting, all the blessings that nature has so freely and bountifully bestowed upon it, properly promoted and developed, should soon place our city among the foremost cities of its size in the nation."

Nichols said in his announcement "If elected one of the City's Commissioners I intend and promise to work to the utmost of my ability to promote and develop all of these God-given assets and to make our city all that you have hoped to see it. And, I will in my efforts, seek the advice and guidance of all of our patriotic citizens."

Paul Yates Jr., who qualified yesterday just before noon, called to make a formal announcement of his candidacy when he came out as a candidate for the Board of Sanford City Commissioners opposing Merle Warner, prominent Secretary.

Sanford Merchants Are Putting Finishing Touches On Merchandise

Sanford Merchants are ready for the big two-day event, "Banner Days" and doors of local stores will open tomorrow morning revealing hundreds of bargains for Sanford shoppers and customers.

Planned for a number of weeks, the "Banner Days" event comes to a climax this afternoon when tags bearing new low prices on merchandise from the regular seasonal stocks are attached.

The Sanford Merchants Association developed the citywide promotion and a corps of local merchants which formed the "Banner Days Committee," assisted by the group's president, B. L. Perkins Jr., have worked steadily to make the event a complete success.

Stores throughout the downtown shopping district, along with outlying stores, are cooperating to offer merchandise for every need, from anklets to zircons, at amazing savings.

This afternoon finishing touches are being put on stacks of merchandise either taken from regular stocks already received for fall and winter or received within the last few days from special purchases made for the Banner Days event.

Showcards, window signs, displays, and newly displayed merchandise are all beginning to make their appearance in the various downtown stores just prior to tomorrow morning's opening hour.

Banner Days are becoming annual events twice each year for Sanford Merchants and plans for the two day sales promotions begin early so that ample supplies of merchandise will be on hand.

"We don't want to see anyone disappointed," said Merchants Association President B. L. Perkins Jr., "for we know that merchants are offering some of the most attractive prices that can be found anywhere."

The Banner Days sale comes at an opportune time for local housewives, businessmen, sportsmen, hobbyists, professional people, and tradesmen for it is the threshold of the busiest season of the year. And merchandise in each category will be found displayed prominently and attractively in all of Sanford's stores cooperating in Banner Days.

Many of the shoppers will be making purchases during the first fall and winter event of the year for Christmas gifts since the low attractive prices presents an economical opportunity to lay aside selections for the gift season ahead.

"We suggest that everyone shop as early as possible," Merchants Association President Perkins asserted this morning. "In order that

Group Gives Support To Improvement Plan

The American Home Department, Tuesday night at their regular meeting, approved a resolution to "support the Capital Improvement Program of the City of Sanford and the Sanford Civic Center." Officers of the department, of the Sanford Women's Club, will forward the resolution in the form of a letter to the Board of Sanford City Commissioners.

It was also approved that "members of the American Home Department of the Sanford Women's Club attend the next meeting of the Board of Sanford City Commission in a body to voice their approval of the Civic Center."

The resolution was approved following a panel discussion before the club on the subject "forwarding a Program for Youth." Various phases of a youth program were discussed at length by members of the panel. Those speaking were Judge Ernest Housholder, City Manager Warren E. Knowles, Captain Arnold Williams, J. Marion Harman Sr., and Mrs. Margaret Reynolds.

Mrs. Reynolds, principal of Pinecrest School, summed up the expressions of the speakers who voiced their opinions on what a recreation program for our youth could provide and how it could be provided.

Each member of the panel, introduced in a "What's My Line" style, was allotted seven minutes in which to present his views on a "youth program."

City Manager Warren E. Knowles (Continued on Page 3)

Christian Church District Confab Slated In DeLand

The annual Orlando District Convention of Christian Churches will be held at the First Christian Church, DeLand, Tuesday, Oct. 23, beginning at 2 p. m. A good delegation from Sanford is expected to attend.

Dr. Paul H. Paekart, Ocala, will preside. Mrs. C. C. Kirkland, Orlando, is the secretary. "The Year of the Ministry" is the program theme. Dr. Paul C. Carpenter, Orlando, Rev. Glenn B. Murdock, Daytona Beach, Rev. Loren W. Dunton, DeLand, Rev. W. E. Runnebaum, New Smyrna Beach, Rev. W. E. Moore, Ocala, and Rev. Perry L. Stone, Sanford, will participate in a panel discussion on "Recruiting, Educating, and Sustaining the Ministry."

Rev. Lawrence S. Ashley, Rev. Ernest Williams and Howard F. Olsen, staff members of the Fla. Christian Missionary Society, Ocala, will deliver addresses. Supper will be served at the Church with Mrs. Chester Henderson, Enterprise, in charge. Local reservations for the meal are being taken by Mrs. W. H. Young, whose phone number is 2875 J.

Shoppers To Have Free Parking For 2-Day Sale

Parking meters in the downtown Sanford shopping area will be covered tomorrow to allow free parking for everyone coming to Sanford for the gigantic Banner Days event.

Free parking will be allowed throughout the day tomorrow and Saturday, according to City Manager Warren E. Knowles, who made the announcement that shoppers would not have to insert coins into the meters during the Sanford Merchants Association-sponsored sale event.

However, Sanford Merchants Association President B. L. Perkins Jr. requested all downtown merchants and businessmen to request their employees not to park in the downtown area during the Banner Days sale. "Employees parking in the metered zones will take up space that our shoppers will need during the two days and we'd like to give them every advantage that the privilege of parking free will permit," he said.

Covering of the meters to allow free parking is just another step to attract shoppers to the enormous values that are being offered during the citywide sale that is being staged cooperatively by the merchants of Sanford.

In addition to the free parking in metered areas, the Sanford Municipal Parking lot on Commercial Ave. between Palmisto and Hood Ave. is also available for free parking.

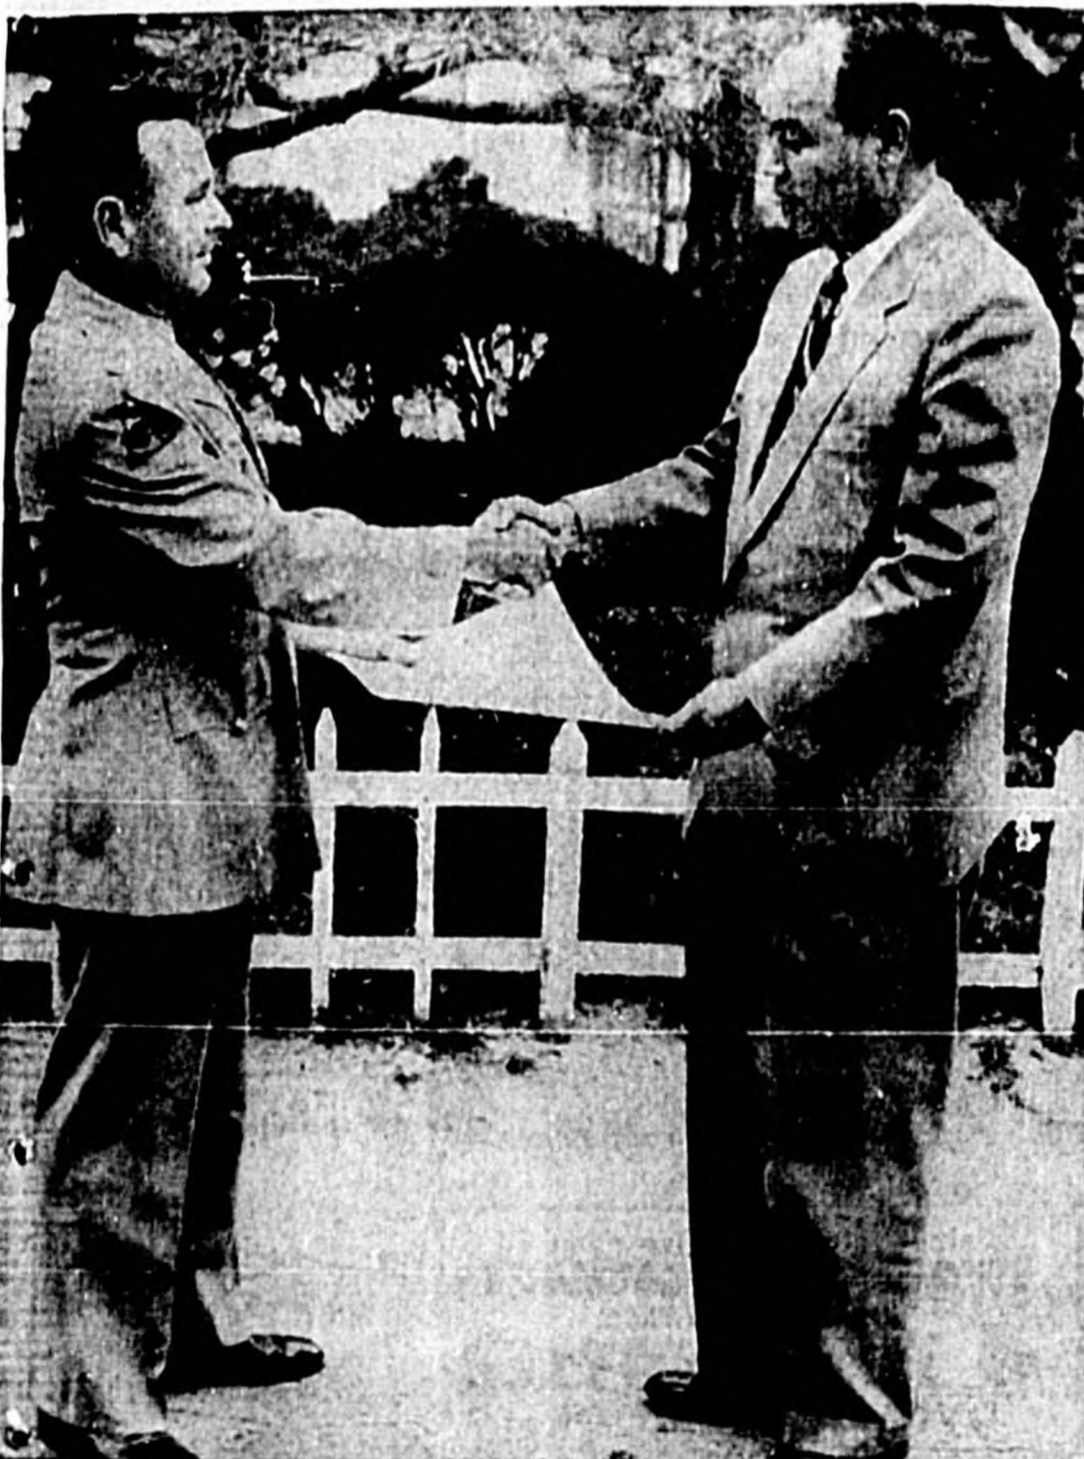

Sanford Man Is On Winning Team In Rifle Match

A Sanford man was a member of the quartet of Army pistolners which grabbed two team championships along with four U. S. Army riflemen who copied 11 individual awards to virtually sweep the Small Bore Championship Matches at Jacksonville recently.

Sgt. Herman D. Gano of Sanford, teamed with Sgt. Maurice E. Belisle of Luck, Wis., put together winning scores in the .45 and .22 calibre team matches to aid in the sweep.

The top tournament prize, a sterling silver, given to the Dixie Grand Aggregate Rifle Champion was awarded to Sgt. Myler G. Brown of Honolulu, Hawaii, assigned to the Army Advanced Marksmanship Unit at Fort Benning.

Sgt. Brown fired a 3,133 score out of a possible 3,200. This topped second place winner, M. Sgt. Frank (Continued on Page 3)

LT. COL. JAMES H. DYSON OF SANFORD (left) receives his certificate to practice law in the Republic of Korea from Minister of Justice Lee Ho. The ceremony took place in the Ministry of Justice Bldg. in Munan-Ni, Korea. (U.S. Army photo)

J. N. Burtick's Daughter Succum

Friends of J. N. Burtick will be sorry to learn of the sudden death of his daughter Mrs. Rudolph Young.

Mrs. Young had undergone an eye operation at Painesville Hospital. She will be buried Friday at her home in Chardon, Ohio.
