WASHINGTON, Oct. 28—(AP)—A new bill amending the basic Public Health Service law will give the nation more hospitals and better hospital service, the Federal Security Administration said today.

President Truman signed the bill Tuesday. It doubles the amount of federal funds available to the states and liberalizes the extent of federal contributions.

FSA Administrator Oscar R. Ewing said the new legislation increases the amount of federal grants to the states for hospital construction from \$75,000,000 to \$150,000,000 a year.

The period during which allotments can be made was extended from June 30, 1950 to June 30, 1955.

"The amendments are a substantial step forward in the long range program of hospital construction," Ewing said.

"The new program means that the states and the federal government, working together, can come closer to overcoming the country's total deficit in hospital beds."

Ewing's statement said that on Oct. 1, 1954 hospital projects had been approved, 400 were under construction and 60 had been completed and are in operation.

Most of them are small general hospitals of 50 beds or less, located in small towns or rural areas.

### Senator Wants Civil Rights Bill Considered First

WASHINGTON, Oct. 28—(AP)—Senator Humphrey (D-Minn.) said today that congress ought to give first attention to President Truman's hotly disputed Civil Rights program when it returns in January.

The Minnesota lawmaker urged that the program be assigned priority in the Senate over a House-approved bill to repeal the federal taxes on oleomargarine. The repeal is now in the top of the Senate's workbasket for 1950, with Civil Rights tentatively in the No. 2 spot.

The Senate Democratic leadership has advised that the first of the Civil Rights measures to be called up will be one to create a Fair Employment Practices Commission. That bill generally is regarded as the most controversial part of the President's Civil Rights program, and southern senators have made it clear they intend to filibuster against it.

Humphrey called the FEPC bill "the real guts" of Mr. Truman's program, and the part which shows "we really mean business." He told reporters the bill is far more important than the oleomargarine measure.

Humphrey led the move which got the President's Civil Rights program written into the Democratic Party's 1948 platform. That action split the party and resulted in creation of the states' rights party, which nominated its own candidates for president and vice president in last year's election.

### Cost Of Living Rises To New Monthly High

WASHINGTON, Oct. 28—(AP)—The cost of living rose one-half of one per cent in September, the biggest monthly increase in consumer prices for a year.

The Bureau of Labor Statistics, reporting today, said the prices of all major items contributing to city living costs went up except clothing.

The rise, however, still left the price level three per cent below the all-time peak of September a year ago. It was 27 per cent higher than in June, 1946, and 72 per cent above August, 1939.

The BLS index stood at 169.8 on Sept. 15, based on the 1935-37 average of 100.

The index at mid August was 168.8 and in September of last year was 174.6.

The announcement by Air France said:

"At 12:45 French Standard Time (8:40 A. M. EST) Air France received a message from one of the search planes looking for the PB4Z (code identification of the missing plane) which said it had sighted the wreckage of the plane near Algaviva peak, 1,100 meters (about 3,500 feet) high, located in the north-east portion of San Miguel Island. A rescue party immediately left Santa Maria to search for possible survivors."

Air France said it received word from Santa Maria by cable that rescue parties had rushed to the scene and found all 37 passengers and 11 crewmen dead.

Leslies Cedar, his manager and his trainer, the plane's radio operator, were noted French woman violin virtuoso bound for an extended concert tour in the United States; Guy Jammin, editor in chief of the Montreal, Quebec, language newspaper, Le Canada; and his mother; Remigio Hernandez, prominent Cuban yachtmaster; Kay Kamen, president of Kay Kamen, Ltd., licensing representative for Walt Disney characters, and Mrs. Kamen; and Louis Bouteil de Montvel, widely known French painter and illustrator of children's books.

Cedar, former world middleweight champion, was on his way to New York for a title bout scheduled Dec. 2 at Madison Square Garden with Jake La Motta, to whom he lost the title in Detroit. With him were his manager, Joe Longman, and his trainer, Paul Genser.

Air France lists identified the Americans as:

Mr. and Mrs. Philip Salvo, New York.

Mr. and Mrs. Kay Kamen, New York.

John Abbott, United States (No other address).

Mr. Silberagel, the Bronx, New York.

LONDON, Oct. 28—(AP)—An American flier told today how he burned off his pants but spared his life in a plane crash that killed six others aboard.

The amphibious plane, owned by Superior Oil Co. of Los Angeles, crashed and roared into the sea after a takeoff in fog.

The sole survivor, co-pilot Earl Riege, 33, of Los Angeles and Cairo, was thrown from the area of his face and legs.

"I don't know what happened," he said from his hospital bed. "When we crashed the cockpit was split open and I was thrown clear."

Dead in the blazing wreckage which swayed in the murky airport were:

Robert Allen, 26, president of Superior Oil Company, Los Angeles.

had been informed by observers that about midnight someone was playing an automobile spotlight up and down the ditch where the accident occurred. Mr. Evans is believed to have been hit from behind as he walked toward Sanford on the west side of the road, and was probably killed instantly, said Sheriff Mero.

A passing motorist this morning, Frank Smith, noted the little dog of Mr. Evans maintaining faithful vigil behind the body where many motorists had passed without seeing it, and stopped as he sighted the body.

Another motorist, Roy Partin, also stopped and then telephoned the Sheriff, who with State Highway Patrolman It. D. Harrison, investigated the accident. The body was taken to the Erickson Funeral Home.

Funeral services for Mr. Evans will be held Wednesday afternoon at 3:30 o'clock at the Erickson Funeral Home with Dr. E. D. Brownlee of the First Presbyterian Church, and the Rev. White of Lake Mary officiating. Burial will be in Lake Mary Cemetery.

Mr. Evans was born Apr. 6, 1875 at Boston, Ind. and has lived in Lake Mary since 1890. He is the son of the late Dr. and Mrs. W. H. Evans and is survived by two brothers, Frank Evans of Lake Mary and Boston and W. E. Evans of Tampa.

He attended Rollins College two years and the University of Michigan two years. For many years he ran a bakery in Sanford. He also worked for the Atlantic Coast Line Railroad.

### Miami To Have New F.R.C. Railway Station

MIAMI, Oct. 28—(AP)—A new Florida East Coast Railway passenger terminal is to be built here at a cost of \$3,124,000.

The terminal, at Northwest 20th Terrace, will replace the old station in the heart of Miami's business district.

The Florida Railroad and Public Utilities Commission yesterday told the line to abandon the antiquated station and start the new one "without unreasonable delay."

Land to be purchased or condemned has been appraised at \$2,403,156 while the present site is valued at \$1,175,000.

"In view of the tremendous passenger traffic handled by the Florida East Coast Railway to and from the greater Miami area more than one million passengers in 1948—this amount would not appear to be unreasonable," the Commission said in its order.

W. Corbett of Fort Pierce on charges of illegal hunting activities by him.

During a recent two-day hearing here, an affidavit was read in which an unidentified game warden said Morris had ordered the killing of deer out-of-season for distribution among the Commission members.

Morris denied the charge and asked that his accuser be identified. The Senate committee refused to name the warden.

Corbett also was charged with using a state-owned jeep for his private hunting purposes and for participating in a hunt during which a doe deer was killed. He later issued a statement that any accusations that he had violated the law were lies.

### Big Florida Oranges Bring \$4.25 A Box

LAKELAND, Oct. 28—(AP)—Large Florida oranges are bringing \$4.25 to \$4.50 a box on the packing house platform, but prices for smaller sizes is falling rapidly.

Middle sizes are worth \$3.50 to \$3.75, and small varieties only 3.

A shortage of the larger sizes and a preference for them in the eastern markets account for the difference.

Grapefruit are holding steady at \$2.00 to \$2.25 a box, and \$2.50 to \$3 for those with seeds.

Canners were reported paying \$1.50 to \$1.75 a box for oranges delivered at the plant and \$1.25 to \$1.40 for grapefruit.

Although it is planned to make this edition entirely different from last year's, it is expected to be bigger and better than ever.

ten is referred to as the "darling" of the citrus industry.

Canners have contended in the past that California permits use of sugar in its frozen citrus juice, but if you add sugar in Florida it must be labeled "sub-standard." That is discriminatory.

Dr. MacDowell testified after attorneys had read many affidavits from canners and concentrateurs that they will suffer financial losses and their reputations will be hurt if they operate under the law.

He explained that the old idea behind the prohibition of additives to concentrate orange juice is to protect the good name of the new product.

At one time, Judge Curtis Walker asked: "You mean it is a measure in preservation of the so-called 'Florida orange juice'?"

MacDowell replied that it was.

The defense also introduced evidence to show that many of the attacking canners already are using voluntary federal inspection service in grades for their canned products.

Witnesses also testified there would be sufficient inspectors to handle all canning tests in Florida.

Canners complain a lack of inspectors will hamper their operations.

This is one of the first cases in the nation involving compulsory state labeling to show grades of canned products.

an amusement establishment, sold prepared meals or refreshments for use of others.

The first thing these dealers have to do is get permits to do business from Comptroller Gay.

If you are a dealer and he hasn't already mailed one to you, you can pick up an application blank at your local chamber of commerce headquarters or county tax collector's office.

The law requires that you send in the application along with a one-dollar registration fee by Nov. 30. As long as you own your business, you'll never have to get another one.

You must collect from your customers in cash. No tokens will be allowed. You must send your tax collections to Tallahassee monthly along with your returns.

Since the tax is not effective until 1, your first return and remittance won't be due in the Comptroller's office until Dec. 1. Then you will have 20 more days to get it in.

Don't keep for your trouble 3 percent of the tax you collect. But if you don't report your taxes by the 21st of the month following the month of collection, you forfeit your 3 percent fee. Besides, the Comptroller can get a judgment against you for the amount of the tax.

Most dealers at one time or another will have customers who are exempt from the tax. They are governmental, religious, charitable and educational agencies and institutions.

## Ed Stettinius Dies Suddenly At Age Of 49

### Heart Attack Proves Fatal To Former State Secretary; 1st U. N. Delegate

GREENWICH, Conn., Oct. 31.—(AP)—Edward R. Stettinius, Jr., wartime head of Land-Lease and U. S. Secretary of State when the United Nations came into being, died today at the age of 49.

The white-haired handsome Stettinius, who at 37 became chief chairman of the U. S. Steel Corporation, was the country's first U. N. delegate. He was named secretary of the University of Virginia after leaving the U. N. post in 1946.

Death came at 7:30 A. M. (EST) at the home of Mr. and Mrs. Juan Tuppe here. Mrs. Tuppe is Stettinius' sister. Her husband is head of Pan-American World Airways.

A rich man's son, Stettinius went into government service shortly before World War I. He became administrator of the \$50,000,000 Land-Lease program that played a major role in the final defeat of Nazi Germany.

## Seminole Laundry Installs \$18,000 Worth Of Fixtures

Celebrating 20 years of ownership and operation of the Seminole Laundry Co., 819 West Third Street, Mr. and Mrs. M. L. Raborn invite housewives and other citizens to visit the laundry Tuesday, Wednesday and Thursday to see the new equipment. The family service equipment recently installed at a cost of more than \$18,000.

Only about 15 laundry plants in the whole nation, and but one in Florida (Miami) have installed this type of equipment, Mr. Raborn declared.

M. L. Raborn, Jr. will be superintendent of the new plant. He is a graduate of Ohio Mechanics Institute in Cincinnati, where he completed a two year course in laundry mechanics and methods.

The new equipment includes seven new automatic controlled washing machines, six of these are for family bundles of clothing, and one for "fugitive" pieces or types of clothing that cannot be washed in hot water because of possibility of the colors fading.

## Police Investigate Reports Of Prowler

Police are investigating reports of a neighborhood prowler who rings doorbells and if no one answers the door, enters the house to ransack it.

No definite information concerning such a prowler was on police records this morning, however, as most of the telephone calls coming to the police last night were complaints of the noise of groups of boys out for a good time during the Halloween season.

At 7:00 P. M. a bunch of boys were reported tampering about the State Market area. At 8:50 o'clock a group of boys were reported to be tampering with cars on the 500 block on Magnolia Avenue.

## New Hiss Trial Is Set For Nov. 17

NEW YORK, Oct. 31.—(AP)—Federal Judge William Bondy today set Nov. 17 for the start of the second perjury trial of Alger Hiss, one-time high State Department official. The trial date was fixed by Judge Bondy after a hearing on a show cause order obtained by Hiss' new attorney, Claude H. Cross, of Boston.

## Rotarians Vote To Move From Tourist Center

The Rotary club voted 29 to 19 to move its regular meeting place from the Tourist Center to the Yacht Club, following a report by G. W. Spencer at its luncheon today in which the following motion was made:

"That this club agree to move from the Tourist Center to the Yacht Club, subject to receiving a lease from the City for all civic clubs for use of the building for noon luncheons, and that a tax of 10c per plate be levied until the City debt is retired, and a tax of 5c per plate thereafter to defray cost of utilities an janitor."

Previously to the adoption of this motion, an amendment to it offered by H. B. Pope, to the effect that the lease clause be stricken from the motion, was rejected by 14 to 18.

An appeal to the club to vacate the Tourist Center for the sake of broader tourist entertainment was made by Chamber of Commerce Manager Ed Higgins making his first public appearance since his recent operation in Jacksonville.

Mr. Higgins, pointed out that both the Chamber of Commerce and the Junior Chamber of Commerce are pledged to a program of tourist promotion and that this program during the past two years has resulted in definite progress.

## Frances McDougal Returns To Work

Frances McDougal, county nurse, appeared before the Board of County Commissioners at an adjourned meeting Friday night, announcing that she had fully recovered from her recent illness and that she was ready to report for duty as county nurse at the County Health Department following her sick leave which expires today.

## Florida's New Sales Tax Law Goes Into Effect Tomorrow A. M.

TALLAHASSEE, Oct. 31.—(AP)—Florida's first big tax boost becomes effective Tuesday.

It is a 3 percent sales tax. But many items are exempted. For example, restaurant meals are taxed. Groceries are not. Clothing up to \$10 is exempt. So are new automobiles and liquor.

## Tito Bolsters Armed Forces In Border Row

### Cominform Countries Said Rattling Arms; U.S. Demands Recall Of Czech Officials

BELGRADE, Yugoslavia, Oct. 31.—(AP)—Premier Marshal Tito has strengthened his armed forces in recent weeks as a defensive measure, against a background of a heightening war of words with Moscow and the Cominform.

Tito has bolstered his army with a regular autumn call up of recruits. He also has returned to service a number of reserve officers and technicians and specialists.

However, this does not amount to a general mobilization of reserves.

Tito has declared his army must remain in a state of alert, saying that hostile Cominform countries have been "rattling their arms" at Yugoslavia's borders. Under these circumstances, the steps taken can best be described as preparatory against the possibility that Russia might order her satellites, and even possibly her own soldiers, into Yugoslavia.

A call-up of recruits at this time of year is customary. Along Yugoslav roads these black tall boys one can find lines of marching, teen-agers trained for two years of military training.

Recruitment of an unspecified number of reserve officers and technicians, however, served to underscore Tito's determination to keep his army fit and ready for contingencies.

Yugoslavia has charged her Cominform neighbors with a series of provocations. The latest charge was that Hungary sent troops close to the border and fired across into Yugoslavia for eight hours last week. Yugoslavia denounced this as an war-mongering act of provocation.

WASHINGTON, Oct. 31.—(AP)—The United States demanded today that Communist Czechoslovakia recall immediately two Czech officials now in this country.

They are Dr. Edvan Munk, consul general at New York, and Jan Horvath, housekeeper of the Czech embassy in the capital.

The action was in apparent response for the recent ousting of two American attaches from the embassy at Prague. However, in announcing the order the State Department declined to give any explanation except that the two are both "persona non grata."

That means they are personally unacceptable to this government.

Legion Recognizes Sanford Member

Captain Earl T. Loucks, local Legionnaire has received a "salute" in the November issue of the American Legion magazine for his outstanding work in securing 1949 and up Legion memberships.

## And The Goblins'll Get You . . .

Jack-o-lanterns, skeletons, ghosts, witches, owls and goblins will reign supreme when Sanford's "young fry" gather tonight for fun and frolic at various parties and schools for their Halloween celebrations. Reflecting the spirit of the evening are Ann Camps, daughter of Mr. and Mrs. James Camps of Lake Markham, "Stuffy" Green, son of Mr. and Mrs. Roy Green of 301 Edinboro Avenue, and "Standy" Wright, daughter of Mr. and Mrs. Dan Wright of 1 . . . ## Acheson Declares More Tourists Than Ever Before Truman Program Offers New Hope

WASHINGTON, D. C., Oct. 31.—(AP)—Western Europe was held today by Marshall Plan Boss Paul G. Hoffman to join in a single economic unit if it wants to get more aid funds from Congress. Hoffman warned the Marshall Plan countries they had better show results early next year in promoting free trade by knocking down national tariff barriers and easing complex money problems.

The Florida Hotel Commission reports 1,000 more rooms of all types available in the state over last year. It says hotel men believe the coming season will be the biggest in history because more and more efforts are being made to attract visitors.

Even the glamorous gold coast is knocking down its tariff barriers and easing complex money problems.

Secretary of State Acheson declared today that President Truman's Point Four program offers the "best hope" of the world for a sound alternative to the "spurious promises" of Communism.

The United States, he said can help these peoples in Asia, Africa and Latin America "take a short cut to progress that will enable them to bypass centuries of laborious effort" by making available to them its know-how in modern production methods for both factory and farm.

Acheson urged the importance of the Point Four program in a speech prepared for a meeting of the Congress of Industrial Organizations (CIO) here this afternoon. The plan gets its name from the slogan "Point Four" for the four continents.

## B. & P. W. Forum To Be Held Wednesday

The forum sponsored by the Sanford Business and Professional Women's Club designed for a better enlightened public on affairs of city, county, and state government will be held on Wednesday at 8:00 P. M. at the Tourist Center, Mrs. F. M. Gingles, public affairs chairman, announced.

Mayor Andrew Caraway will act as moderator to present the questions which have been sent to the club to the forum composed of City Manager Clifford McKibbin, Jr., County Commission Chairman H. B. Pope, John Ivey, past president of the Chamber of Commerce and Rep. J. Bradley Odham.

The public is invited to attend this meeting when questions on governmental affairs not clear in the minds of citizens may be presented.

SENATOR PEPPER'S TALK  
Senator Claude Pepper will be guest speaker at the meeting of the Oviedo Lions Club Tuesday evening at 7:00 o'clock at the Women's Club in Oviedo. All reservations should be made early in order that arrangements can be made, said A. L. Ruberg, secretary.

RADIO TALK  
Mrs. Sally Mero Williams will deliver a talk on "Jury Service for Women" over WFRB at 8:00 P. M. this evening.

## Accord Reported Reached Between Bethlehem And CIO

### Sherman Flies To Washington; May Head Navy Task Force Head Is Top Contender To Take Dentfeld's Post

WASHINGTON, Oct. 31.—(AP)—A tentative accord has been reached between Bethlehem Steel Corp. and the C. I. O. workers union.

The tentative nature of the agreement was the subject of a press conference at the headquarters of the C. I. O. in New York.

WASHINGTON, Oct. 31.—(AP)—Vice Admiral Forrest P. Sherman headed today for Washington following a speculation that he will be picked to succeed Admiral Louis D. Dentfeld as Chief of Naval Operations.

The commander of the Sixth Fleet in the Mediterranean has been mentioned prominently for the job, from which Dentfeld was ousted. He has served on the staff of the Armed Services staff which brought Dentfeld's removal.

Sherman left his post at Beirut, Lebanon, and is set to fly to Washington for the flight to the capital.

WASHINGTON, Oct. 31.—(AP)—An announcement on Dentfeld's successor will be a decision of whether Dentfeld will return to accept a lesser assignment in expected soon.

TODAY'S BIBLE VERSE

Jacob had no money. You and I can find them too. Heaven is not nearly so far away as the father of the faithful imagined.

A recent Interior Department survey lamentably reports that the natives of the Aleutian Islands are drinking themselves to death.

The Russians are "colossal liars and swindlers." Who says so? Not some mossback Republican reactionary!

Mrs. Franklin D. Roosevelt—Eleanor to you—recalls in her memoirs in McClure's magazine how Madame Chiang Kai Shek, when asked what they would do with John L. Lewis in China, made a very unladylike throat-slitting gesture with her tiny right hand.

Tung oil production, once an exclusive domain of China, is developing into a big industry in this country, almost entirely in the South, largely in Florida.

Secretary of Defense Johnson denies that he fired Admiral Denfeld as "retrial" because he spoke out freely in defense of the Navy, guaranteed as he was against "retrials" by the Constitution of the United States and the pledge of the congressional committee.

Lee Hill, managing editor of the Miami Herald, says that much of the criticism directed at newspapers these days is "sheer hokum."

It is interesting to note that women this year were enrolled in all colleges and schools, but the College of Forestry, even the College of Engineering, enrolled two girls, and the College of Agriculture five.

Other colleges and schools reported enrollment figures were: Business Administration, 251; Arts and Sciences, 471; Engineering, 191; Law, 445; Agriculture, 503; Physical Education, 100; and Atlantic, 64.

The time when the business cycle was in a depression is not so easy to start it up again as it was to start it down.

It has started down. Some of the people who will get the most out of the business cycle down are those who have been in the business cycle up.

People who go to the Far East to see something different must reconcile themselves to ever-growing disappointment as the East comes more and more to resemble the West.

This two-wheeled cart, pulled by a coolie, has been a picturesque feature of many parts of the Far East.

One of the arguments recently heard on Capitol Hill in favor of the Branham plan of farm subsidies is that it would produce \$95,795,000 more in national income than would the Aiken law enacted last year.

When the Vikings under Leif Ericsson discovered America in 1000 A. D., why did their settlement fail to take root? An answer is now given in a new book, "The Norse Discoveries and Explorations in America," by the late Edward Raman.

When foreign colonists seek to inhabit a new country, they can overcome the natives' opposition only if they are strongly backed, as were the migrations of the English, French and Spanish.

My trip last week to Kansas City, Mo., was a grand experience and a wonderful trip. We stayed three days in Kansas City and I met some fine people and grand boys.

It was wonderful that so many boys could be together and never an argument between them, even on the train. The directors noticed how well behaved they were and said that any time the FFA boys wanted to charter a train, send him the check and he'll be proud to take them anywhere.

It is my idea that a good leader is not born that way. You first have to learn to follow. After you learn to follow, they order and know how to do the right thing at the right time.

I met and talked with Doyle Connor, our FFA president. He was an excellent leader. I talked also with some of the older people and I believe it is from the older people you can learn about the town better.

One thing I learned, people were always willing to talk about Florida and that was an easy subject for me as I have always lived in Florida and this was my first trip out of the state, but I'll never forget it for I feel that I have had a chance in a life time.

The only regret I have is that more boys couldn't go from Sanford. Seminole County has large farms and here in the large towns, things are done in the world. I would like to see the world, but for more boys to go.

I learned that some of the boys in the world are doing a lot of things. I would like to see the world, but for more boys to go.

177 Florida Towns Pass Cigarette Tax Ordinances

TALLAHASSEE, Oct. 31—(AP)—Many Florida cities may be temporarily barred from receiving rebates from the State on the five cents a package tax on cigarettes.

The department said it does not know exactly how many incorporated cities and towns there are in the state. However, the 1945 state census listed 289 incorporated municipalities.

The five-cent package tax is expected to raise about \$16,500,000 a year. All receipts from the four-cent tax has been going into the State general revenue fund.

Citrus Cude Fight May Reach U. S. Supreme Court

ORLANDO, Oct. 31—(AP)—The fight over Florida's new citrus code isn't over yet.

Neither the canners nor the fresh fruit men proved they would suffer "irreparable injury" by regulations in the new code, the three judges ruled.

The decision dissolved a temporary injunction against enforcement of the canning provision requiring the grade of fruit inside to be listed on the can's label.

A group of 34 canners particularly fought compulsory grade labeling and inspection provisions of the citrus code passed by the Legislature.

Making Income

One of the arguments recently heard on Capitol Hill in favor of the Branham plan of farm subsidies is that it would produce \$95,795,000 more in national income than would the Aiken law enacted last year.

Sanford Forum

Editor, The Herald Sanford, Fla. My trip last week to Kansas City, Mo., was a grand experience and a wonderful trip.

It was wonderful that so many boys could be together and never an argument between them, even on the train. The directors noticed how well behaved they were and said that any time the FFA boys wanted to charter a train, send him the check and he'll be proud to take them anywhere.

It is my idea that a good leader is not born that way. You first have to learn to follow. After you learn to follow, they order and know how to do the right thing at the right time.

I met and talked with Doyle Connor, our FFA president. He was an excellent leader. I talked also with some of the older people and I believe it is from the older people you can learn about the town better.

One thing I learned, people were always willing to talk about Florida and that was an easy subject for me as I have always lived in Florida and this was my first trip out of the state, but I'll never forget it for I feel that I have had a chance in a life time.

The only regret I have is that more boys couldn't go from Sanford. Seminole County has large farms and here in the large towns, things are done in the world. I would like to see the world, but for more boys to go.

I learned that some of the boys in the world are doing a lot of things. I would like to see the world, but for more boys to go.

Sanford Shriners Honored At Banquet

Morocco Temple entertained the Sanford Shriner and their wives with a banquet at the Mayfair Inn Friday night at 7:00 o'clock on the occasion of the official visit of illustrious Potentate Wilbur Masters...

The hall room at the Mayfair Inn was beautifully decorated in the Shrine Colors of red and green and yellow. On the speaker's table were three beautiful arrangements of flowers with red, green and yellow.

On the piano were a yellow pumpkin head with a light in it and red gladioluses and green ferns making the colors of red, yellow, and green. Across the front of the balcony was a large sign with the shrine emblem on each end of it with large letters, "WELCOME MOROCCO DIVAN".

These seated at the speaker's table were illustrious Potentate Wilbur Masters and Mrs. Masters, James W. Gill, assistant Rabban, and Mrs. Gill, Sparks J. J. Recorder, and John Register, Treasurer of Morocco Temple...

The first number on the program was a solo by Otto Ingelmann, "The Desert Song", with Mrs. Freda Hillon at the piano. Edith Royal gave an exhibition of toe dancing accompanied by Mrs. Freda Hillon...

A song by Mrs. Helen Ingelmann was received with great applause as she was called back for several encores. Pat Sheridan with his accordion playing was enjoyed by everyone present. One of the sweetest numbers on the program was Miss Nancy Wimbush singing "Fable It Away, Noble Harry Kuddel"...

Among those present at the banquet were Mr. and Mrs. W. Masters Jr., Mr. and Mrs. J. W. Gill, John Register, Sparks J. J., Mr. and Mrs. W. R. Willis, Mr. and Mrs. Roy L. Queen To Be Lucky Girl At Orange Bowl

MIAMI (Oct. 31)—(SPECIAL) The day of the good fairy is not entirely over, or so a lucky Florida girl will believe when the midnight waltz is waved on the night of Dec. 28 and she becomes queen of the Orange Bowl festivities.

Relating supremacy over the entire week of events is but one of the many feats that will be accomplished at this time. Beautiful clothes, every girl's dream will also be hers. A wardrobe, fit for any queen, is being selected this week in New York by Charlotte Luckie, Burdine's fashion director.

Before heading for Eastern Airlines flight, Mrs. Luckie was asked if she planned to select the queen's wardrobe along high fashion lines.

Mr. and Mrs. John M. Gillon, Mr. and Mrs. Wm. J. Toll, Mr. and Mrs. C. G. Clinkenshaw, Mr. and Mrs. Wurt W. Warner, Mr. and Mrs. J. O. Hoff, R. W. Deane, R. R. Wright Jr., Miss Huges, Mr. and Mrs. L. Hobbies Form Basis Of Club Program

The first meeting of the Fine Arts Department of the Sanford Women's Club was held recently with the subject of hobbies providing an interesting and unique program. The club house was attractively decorated with last colored fall flowers and exhibits of hobbies were placed around the auditorium.

The exhibits, which included many collections, showed rare jewelry, brass, figurine portraits, antique vases, guitars, earrings, fragile after dinner coffee cups, heroisms which included a quilt from the Civil War era, handwork on a china dinner table which included her writings and character dolls, and a collection of dolls from different countries of the world.

The main speaker of the afternoon was Miss Viva Cooke, director of handicraft at Holly Hill, who spoke of the possibilities of weaving articles of palm-leaf fabric. She entertained her audience with displays of articles made of the palm-leaf fabric.

Seminole Hi By JINX POWELL

If you see some Seminole Hi student looking as if he had lost his best friend, it's because report cards came out last Tuesday. I might say that report cards had quite an effect on the SHS student body, but we had plenty of news and excitement besides report cards.

Tuesday the Seminole Celery Field "B" squad was defeated by the Daytona Mainland "B". It was really a fine game even if the Fels were the "underdogs". If the "Bucaneros" had not been so lucky as to get a TD on the opening play, the story would have been more than likely been the other way around. Our boys really held their own back!

The Junior Class was a fortunate one this week you might say, because of a program presented by the Seminole County Laundry. The laundry is demonstrating some new equipment this week at all that might not have been presented to a young soldier and his wife from various Japanese as a token of friendship. Included in the displays was a high-class exhibit with elegant hibiscus blossoms. Affording amusement for members and guests was the collection of gray and colorful pot holders fashioned across the middle and chimney.

The main speaker of the afternoon was Miss Viva Cooke, director of handicraft at Holly Hill, who spoke of the possibilities of weaving articles of palm-leaf fabric. She entertained her audience with displays of articles made of the palm-leaf fabric.

Junior High Holds Halloween Party

Junior High school students enjoyed a very interesting and fun Halloween party on Friday night in the gymnasium. The evening was opened with a collection for the United Negro College Fund. The principal, Mr. J. J. McCallin, presided over the evening.

At a dinner program last Thursday on guests were Mr. Charles Morrison and Mr. Harry West. They entertained the RBS faculty and student body with a song "our program", Mr. Morrison and Harry West accompanied him at the piano. I can't think of anything that the students have enjoyed more than this program.

Last week a certain teacher came knocking into his room and said, "My cat, I've just seen a pink dog." We tried to say he was joking, but he kept insisting that he was actually did see a "pink dog". Curiosity got the best of him and so we went down to the store where he had seen the dog to look at the new "Fur" cats belonging to "Stairight Scratches" and many a look. Yes, sure enough, there was a pink dog.

More events to interest the alumni. All alumni are cordially invited to participate in the festival to be held in Winter Park next February. H. Lynn Taylor, Director of Alumni Affairs for the university.

## New Sales Tax Taken In Stride By Floridians

### Some Grumbling Reported In Stores As Confusion Retards Purchases

TALLAHASSEE, Nov. 1.—(AP)—Floridians today appeared to be taking their new sales tax in stride. A spot check of merchants in scattered cities showed little grumbling on the part of buyers who for the first time were required to lay down a few pennies for the State with the price of many purchases. Most stores reported considerable good natured banter between clerks and customers but few serious complaints. Most complaints centered around complicated exemptions.

Some stores reported confusion over collection procedure, others said it was going smoothly.

Many merchants had briefed their clerks in advance. Some reported volume of transactions slowed down by talk about the tax and the new system of making change.

Some stores reported sales volume slumped today after several days of slightly more active trading than usual on the part of customers who sought to save the tax by purchasing before the deadline.

A waitress at Tampa complained her patrons were complaining more lightly than usual because of the tax. There was some (Continued on Page 3)

## Banners Advertise Sanford Oh Trucks Out Of Farm Markt

High trailers are now rolling out of the Sanford State Farmers Market with their carloads of vitamin filled Florida fruits and vegetables. Banners advertising the local State Market by green ribbon streamers painted on each side of trailers. This fine publicity for Sanford is the idea of the Sanford State Market Association of which Al Kinnier is publicity chairman, and to the cooperation of William H. Horne, market manager, office and headquarters of the market immediately south of the market.

Three large aluminum trailers owned by Mr. Horne are being painted with the Sanford State Market logo. The sign reads: "Sanford State Farmers Market, Citrus Fruits, Florida Vegetables, Sanford, Florida. Florida's Own State Market Center."

The trucks and trailers will carry the Sanford produce to all parts of the State and to other parts of the country. The sign reads: "Sanford State Farmers Market, Citrus Fruits, Florida Vegetables, Sanford, Florida. Florida's Own State Market Center."

John Jones new Market Terminal building is now complete and he has opened a well equipped lunch room, and automobile repair lunch room, an Amoco filling station and on the upper floor of the two story building are rooms for truckers.

## C-47s Were Sprayed Across Eastern U. S.

By ASSOCIATED PRESS  
A number of C-47 transport planes across a wide section of the eastern half of the country today.

A freighting line extended from the Great Lakes region into the west Gulf states and into parts of New York and Pennsylvania, freighting in parts of Arkansas and Mississippi and was near the 82 mark in areas of Tennessee, Louisiana, Kentucky and Texas. Chicago's early morning 84 was the lowest mark of the autumn season. But warmer weather was on the way for the midwest and the mass of warm air was expected to extend into the eastern states to-morrow.

Mild temperatures were reported from the great plains westward to the Pacific Coast. The mercury reached 90 at Los Angeles and Fresno, Calif., yesterday.

Most of the country had clear weather. But light rain was reported in some parts of the southeastern states. In Michigan and extreme northern Minnesota, blizzards were slowly along the Atlantic coastline and in the upper Mississippi valley.

MIAMI, Nov. 1.—(AP)—The Florida peninsula is in for a slight touch of fall weather tonight.

Leonard G. Parsons, public service meteorologist of the Miami Weather Bureau, said today a cold front would sweep the Gulf of Mexico toward land tomorrow morning and the low clouds by early tomorrow morning.

## Lake Mary Home

Concrete block that has the appearance of shingles and known to contractors as "shiplap" has been used in the new home above of Mr. and Mrs. W. H. Harrell on the north shore of Lake Mary. They own and operate Harrell's Grocery at 601 Sanford Avenue. W. L. Holcomb, contractor, states that the home is the first with this type of block to be built in Lake Mary. It features three rooms on the side with a large picture window overlooking the lake. Prospective home builders are invited to see it.

## Sanford Citizens Greet New Florida Sales Tax With A Smile

"Sanford people are joking about the Florida sales tax, but I can see that they do not like it," declared T. E. Smith, operator of a news stand in the Sanford Atlantic National Bank Building as the new sales tax went into effect this morning.

At McCrosy's, Mrs. Dean P. Taylor, presiding at the stationary counter, reported that most customers are taking the tax in a spirit of fun and are cooperating very nicely in paying the tax penalty.

At the Roumillat and Anderson Drug Store, Mrs. George Steel, employee of the Bell Telephone Co. treated her fellow employees, Mrs. Anna Mae Green to a cup of coffee, took her sales receipt to Joan Teague, cashier at the drug store, deposited 10 cents and was about to walk away but was recalled to pay the one cent tax, which she tendered with a smile.

A ray of hope for Sanford women came from Mrs. G. D. Weber employee of the Mirasol Beauty shop, who revealed that there is no tax on beauty treatments. Beauty preparations sold to customers are taxed, however, and also are subject to the 20 percent Federal luxury tax on cosmetics.

E. J. Newman of Jackson, Mich. paid a one cent levy at a drug counter with a smile. "I don't mind having to pay the tax to help support the schools in Florida," he declared with a smile.

Mrs. M. C. Stone, manager of Puccelli's, reported this morning that there was a heavy demand for cuts and coats at her store yesterday as customers sought to buy before the tax went into effect.

Downtown groceries reported that staple goods were not taxed but that "non-essential" items such as toilet paper, matches, light bulbs, toothpicks, mops, brooms and other manufactured articles are subject to tax if the sale is over eight cents. Tobacco is taxed, but not cigarettes. Soft drinks above eight cents are taxed.

No tax is charged from one eighth cent inclusive, from nine to 10 cents the tax is one cent; from 11 to 20 cents, inclusive, two cents and from 21 cents to \$1.08 is three cents.

Two federal employees of the Federal Communications Commission, they were Richard Jamison and D. C. Corrigan. Both suffered head injuries.

Robert Farrington, an Associated Press reporter, got a bad cut on the shoulder. A glass door behind him was blown out on the 7th floor while he was telephoning a report on the fire to his office.

Three firemen were taken to emergency hospital. They were overcome by smoke while fighting the blaze.

The building houses several agencies in addition to the Post-Office Department.

## Galloway Reports Tax Collection Gain

John L. Galloway, Tax Collector, reported today that 99.3 per cent of the entire tax roll for the year 1948 had been collected, as compared with 99 per cent in 1947. This leaves only seven tenths of one per cent uncollected and chargeable to errors, double assessments, and insolvencies, he said.

Mr. Galloway also said that the tax statements numbering around 18,000 covering 1948 taxes have been prepared and are now in the mail. The tax books open on Nov. 1.

A discount of 4% is allowed for payment in November, 3% in December, 2% in January 1% in February and not in March.

Taxes unpaid on April 1 are delinquent and subject to penalties.

## RAIL FOR COMMIES

NEW YORK, Nov. 1.—(AP)—The government asked \$1,000,000 bail for the 11 convicted Communist leaders today in the event they are let out of jail while their appeals are being heard.

Irving S. Shapiro, special assistant to the U. S. attorney, told the U. S. circuit court of appeals that this was the view of Attorney General J. Howard McGrath.

Shapiro said the government would want \$100,000 bail each for seven of the convicted men and \$75,000 for each of the four others.

## Ching Expects Early Peace In Major Strikes

### Mediator To Employ Bethlehem Settlement In Forcing Other Agreements

WASHINGTON, Nov. 1.—(AP)—Federal Mediation Chief Cyrus S. Ching hunted strongly today for a way to use the Bethlehem Steel settlement for a lever to pry out a peace agreement in both the coal and steel strikes.

Ching, keeping tabs on other steel firms by telephone, told reporters he expects other major steel companies to begin announcing settlements with CIO's United Steel Workers "pretty soon."

He predicted the steel companies will start operating—using what he called their "plentiful stocks" of coal on hand without waiting for resumption of work in the coal mines closed by the walkout of 400,000 United Mine workers.

He indicated that perhaps by Friday he may call the coal mine owners and John L. Lewis' miners into conversations in Washington, in an effort to break the 51-day coal stalemate.

He had just returned from a visit to the White House, where he reported to John R. Steelman, presidential assistant.

With the steel strike settled in the plants of Bethlehem Steel Co., CIO President Philip Murray invited the rest of the industry to "come along" with the same kind of settlement.

Murray spoke from the platform of the CIO's national convention in Cleveland. As he talked, Bethlehem mills employed 80,000 workers were firing up for a resumption of operations.

Murray reported the settlement, reached last night, in a talk to CIO delegates. Calling the month-old steel walkout "the most successful" of the industry to "settle."

"I use this platform to invite the remainder steel companies to come along now and negotiate a Bethlehem agreement with us. It now is the duty of the balance of the industry to settle."

In Washington, officials took the view that the settlement between Bethlehem Steel Corp. and the CIO steelworkers may have broken the steel log jam and because of the close industry ties, the way is opening for an agreement.

## Maitland Man Held In Highway Death

Judge Douglas stenogram was due to conduct an inquest at 1:30 o'clock this afternoon into the death last night at 7:30 o'clock of James Kirklin Gaunt, 45, of San Bernardino, Calif., who was instantly killed when struck by a car on the Orlando Highway four miles north of Maitland.

M. Gaunt was hit by an automobile driven by Emlyn Black of Maitland while walking down the highway and according to Sheriff Mero, this morning, evidence seemed to point to the fact that the pedestrian was struck by the automobile six feet from the pavement on the road shoulder. Black was placed in County Jail pending the investigation.

Blated to serve on the coroner's jury were Paul Bates, H. A. McDonald, Paul Reardon, Theodore Tripp, R. G. Collin and Claude Whittier.

## Two Arrested For Selling Minors Beer

Anna E. Tauly, operator of Ann's Grill on the Orlando Highway two blocks south of French Avenue and Edgar Vinny, bartender, were arrested this morning on charges of selling beer to minors, said George A. Speer, county prosecuting attorney, who yesterday filed two separate information against each.

The arrests were made by Sheriff P. A. Mero and Deputy Charles Beck, Bond of \$800 on each case was set, or \$400 for each of the defendants. The case is slated for trial in County Court with Judge Douglas Stenstrom presiding.

## NO SLUMS THERE

MIAMI BEACH, Nov. 1.—(AP)—Residents of the south end of Miami Beach resent their area being referred to as a slum.

"Blum" talk has been frequent around the city council table since discussion of a new housing authority began.

They say the term applied by Dr. Joseph P. Wolf of the University of Miami, who made a study and referred to it as a "deteriorating area."

A. Pender, the coming season promises to be a successful one for the club. A large number of members and guests participated.

## U. E. Challenges CIO's Right Wing To Boot Them Out

GAINESVILLE, Nov. 1.—(AP)—The United Electrical Workers, in a bitter attack on the CIO's right wing leadership, challenged the CIO convention today to boot the union out.

The left leaders of U. E. announced their delegates were "taking a walk" and that the union was withholding its per capita dues to what they called the "secret coffers" of the CIO.

President Philip Murray took an immediate action, but he promised yesterday to "cleanse" the CIO of its left wing minority, which he said was following the Communist Party program. A dozen unions might be purged.

Ben Gold, admitted Communist Party member and head of the fur and brother workers in an impassioned speech, said the CIO "can make no charges against my union" as a representative of workers.

Blasphemy, the criticism of Murray published in the Soviet press and in the Daily Worker, Gold said: "I am not authorized to represent Moscow."

"When I came into this organization I was not hilling as a member of the party. In my union this question was settled long ago. We attach no stigma of red, pink, yellow or anything else."

"Isn't it to be considered that you are sitting now with the Taffis and Hartwigs and you deprive me because I'm a member of the Communist Party? Tomorrow."

## Frost Warnings Begin At Lakeland Station

LAKELAND, Nov. 1.—(AP)—The Federal Frost Warning Service begins its annual operation today.

From now until April 1 the weather station will issue two weather bulletins daily. Weather data will be assembled from more than 100 miniature stations set up in groves and truck farming areas in the Florida peninsula.

The Frost Warning Station is operated primarily for the benefit of citrus growers, truck farmers and flower growers.

Meteorologist Warren O. Johnson and his crew is in charge of the station. Johnson also supplies weather forecasts to shippers on areas through which their fruit and produce might be travelling to market.

## 100,000 FIRE

MINNEAPOLIS, Nov. 1.—(AP)—Loss today was set at upwards of \$100,000 in the fire which hit a Minneapolis feed mill and elevator last night.

Three workers escaped safely before flames swept through the 80-foot tall Tonka Mill following an explosion and fire.
