Rectal Bleeding Needs Fast Action

DEAR DR. LAMB— Would you please write something about hemorrhoids. I never knew when I got pregnant that I was going to have a life of pain. After 26 years of pain, the doctor says, "How are the hemorrhoids today?" And when I would ask what I can do for them he says, "Oh, hot sitz baths, warm your diet and use this ointment."

For years doctors would say, "Oh, they aren't too bad. Wait until they get worse and you can have this operation." It just feels like glass. Then I just talk to other people and the doctor just made an injection and they no longer had any trouble.

Now my obstetrician is deceased and I will not go to a hospital. I have a phobia of heights after having four babies. I'm almost 11 months pregnant. Why didn't someone do something while they could? Please can you help me. After all these years why isn't there that simple and safe device that's simple and why aren't more girls warned of this before pregnancy?

DEAR READER— You may have to go to the hospital if you are going to get any satisfactory treatment of your hemorrhoid condition. Remember that hemorrhoids are nothing more than varicose veins of the rectum no matter how irritating and uncomfortable they may be.

These large dilated veins in this area can be either external where all the little sensitive nerves are or they can be internal and not cause any pain at all. The internal type are the ones that lead to cancer bleeding. The hemorrhoid veins pop out because of excessive pressure that prevents the veins from draining. Women do develop hemorrhoids with association with pregnancy.

contract Suppose he held only five spades, but with the jack of spades as a side card. South would win that heart-lead trump.

ALAN: "The point to East's thinking was that South surely held six trumps for his weak jump overcall. Therefore, it left in control of the hand the club ace and collect six trumps and four clubs in a game. Thus, East saw that his only chance was to find his partner with the jack of hearts and trump with at least three hearts."

Sheriff's Office Unveils 'Deaf' Emergency System

By DENNIS FEOLA Herald Staff Writer

The Telephone Pioneers take "junk" teletype machines and with a little work transform them into communication devices for the deaf.

"We get them from anywhere we can find them," Herbert Watson of the Telephone Pioneers, said today. "It's all volunteer work. We restore them and give them to people who need them."

The latest recipient of the teletype machine is the Seminole County Sheriff's Department, which this morning unveiled a new emergency communications system designed specifically for the deaf.

"The system was brought to my attention by the Telephone Pioneers and a Lake Mary man who had a deaf daughter," Sheriff

Grass Sometimes Browner On Other Side Of Fence, So....

By DONNA ESTES Herald Staff Writer

Caseberry pet owners whose dogs take a potty break on someone else's lawn better hope no one witnesses the event after Sept. 28.

The Caseberry City Council Monday night adopted a new animal control ordinance, to become effective Sept. 28.

The ordinance includes an anti-litter provision which makes it a misdemeanor for a pet owner to allow his dog to "violate" private property and the public streets of the city.

Each species section of the ordinance will permit those persons with more animals to appeal for special permits from the city council. The current city ordinance includes the provision.

City Attorney Kenneth McIninch said it would be too difficult to enforce.

The attorney said the pet owners could be charged with the offense by a property owner, a police officer or the city's animal control officer who witness the animal's illegal activity.

The city council on a 3-2 vote passed the ordinance after a more than two-hour public hearing.

Councilmen Donald Willson and Carl Robertson Jr. voted against the ordinance, claiming the anti-litter section composed on the spot by McIninch was not in writing for the councilmen to read.

Other amendments included in the ordinance were: — An exemption from the three animals of each species section of the ordinance to permit those persons with more animals to appeal for special permits from the city council.

Board's 'Best Offer' Spurned; Teachers Rally For Next Move

By LEONARD KRANSDORF Herald Staff Writer

Arguing they should have been given the offer several months ago the Seminole Education Association (SEA) Monday night rejected the Seminole County School Board's "best offer" and is to hold a rally for a 7:30 tonight at Seminole High School stadium.

Teachers were presented a package proposal which offered a \$400 increase over the current teacher base of \$8,700 in addition to lifting the freeze on teacher increments which was instituted about three months ago.

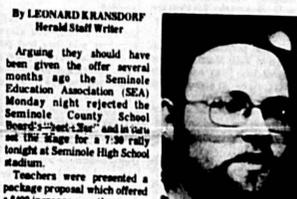

However, SEA negotiator Steve Rosenthal spurned the offer noting that "we should be discussing money value not percentage."

He said the teachers are entitled to a base of \$9,822 rather than the \$8,700 that the board is offering. The SEA negotiator based his request on the 1972 that was added to administrators' salaries.

Tonight's rally which one SEA official is hoping will attract about 700, will be held to determine the future actions of the association.

"I definitely see the possibility of more informational picketing, but a lot will depend on what the people want to do as well as what kind of movement is shown by the board at Wednesday's meeting."

HOROSCOPE

By BERNICE BEDE OSOL

For Tuesday, August 29, 1978

YOUR BIRTHDAY August 29, 1978

New contacts and acquaintances could prove to be extremely beneficial to furthering your self-interests this coming year. The more exposure you have the more opportunities will be available to you.

MEGO (Aug. 29-Nov. 27) You could find yourself in an embarrassing position today if you pal around with those who are able to spend more freely than you. Don't be caught short. Find out more about yourself by sending for a copy of Astro-Graph Letter, Mail 50 cents for each and a long, self-addressed, stamped envelope 10 "X5" Graph, P.O. Box 489, Radio City Station, N.Y. 10101. Be sure to specify birth sign.

LIBRA (Sept. 23-Oct. 23) There is much opportunity about you today, but you're not apt to take advantage of it unless you strongly discipline yourself.

SCORPIO (Oct. 24-Nov. 22) Experience and logic will not lead you astray today, yet you are liable to depend more on fanciful thinking and draw conclusions that aren't factual.

SAGITTARIUS (Nov. 23-Dec. 21) Take care in any transactions you have with slight acquaintances today. Your generosity and good nature could easily be taken advantage of.

CAPRICORN (Dec. 22-Jan. 19) Lack of initiative will erase the good fortune that surrounds you today. Be prepared to roll up your sleeves. Major goals can be realized.

AQUARIUS (Jan. 20-Feb. 19) It's very probably you'll mistakenly rely upon another to take care of something important that you could do better yourself today.

PISCES (Feb. 20-March 20) People are paying a lot of attention to you today, so you must be careful of the image you project. By all means don't try to upstage another.

ARIES (March 21-April 19) Double check to be sure you don't slight anyone if you're inviting a few pals over to the house today. You'll feel worse than the person overlooked.

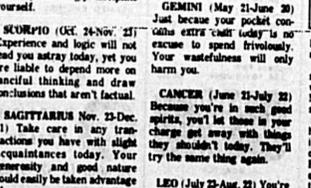

Taurus (April 20-May 20) Don't let an emotional person dissuade you from doing things in a way your reasoning tells you should be done, or things will go awry for everyone.

GEMINI (May 21-June 20) Just because your pocket contains extra cash today is no excuse to spend frivolously. Your wastefulness will only harm you.

CANCER (June 21-July 21) Because you're in such good spirits, you'll let those in your charge get away with things they shouldn't today. They'll try the same thing again.

LEO (July 22-Aug. 23) Your instincts are good today, but if you allow imagination to run rampant, it's liable to play tricks on you. Don't overanalyze your hunches.

WORLD IN BRIEF

U.N. Puerto Rico Debate Sparks Rows in Gallery

UNITED NATIONS (UPI) — Verbal sparring Monday at the opening of the U.N. Decolonization Committee's annual debate on the status of Puerto Rico touched off shouting arguments in the gallery among groups for and against independence for the Caribbean island.

Puerto Rico's Gov. Carlos Romero Barcelo, leader of the pro-statehood party, told the panel his island's politics were none of its business. He vigorously denounced the island's independence movements, saying the independence groups had polled only 6.4 percent of the vote in the 1976 gubernatorial elections, while his own party received 48.3 percent. The debate resumes today.

Somoza Alerts National Guard

MANAGUA, Nicaragua (UPI) — The National Guard was on a nationwide alert today to help preserve the Somoza family's 40-year rule over Nicaragua, rocked by a coup attempt, violent uprisings and a crippling strike.

Dollar: 5-Week High in Japan

TOKYO (UPI) — The U.S. dollar today soared to a five-week high against the Japanese yen on the Tokyo Foreign Exchange market, supported by the U.S. government's new dollar defense measures. Trading was active.

Mosque Revamping Projected

JERUSALEM (UPI) — A team of Egyptian architects will visit Jerusalem today to supervise reconstruction of the Al Aqsa mosque, one of the holiest shrines of Islam, Mayor Teddy Kollek said.

Kollek said the mosque was damaged in an exchange of letters with Hassan Touhami, Egypt's vice-prime minister for presidential affairs.

4 Seized For Pot in Bahamas

NASSAU, Bahamas (UPI) — Four men arrested when a 60-foot vessel laden with marijuana was boarded and seized by Bahamas police off Waller Cay, near Abaco Island, on Saturday were scheduled for arraignment before a magistrate in Nassau today.

Chinese Boss Hailed in Iran

TEHRAN, Iran (UPI) — Chinese Chairman Wu Kuo-feng arrived today in the oil-rich neighbor of Soviet Asia after a triumphant tour through Moscow's east European backyard.

Casselberry: First In Line?

Federal regulations have been changed to permit grant awards to cities to pay the costs of sewer collection lines and Casselberry wants to be first in line for the money.

The city council Monday night on recommendation of Consulting Engineer Cal Canlin of Clark, Dietz and Associates authorized Mayor Bill Grier to sign a grant application for \$10,000 in planning funds to determine what sewer collection lines should be installed in areas of the city that are currently unsewered.

Canlin said the \$10,000 would pay 75 percent of the planning costs with the city to pay the remaining 25 percent.

The grant would fund sewer lines to the city's sewer treatment plant. The city would determine the neighborhoods which need sewer lines and connection to the sewer system because multiple lines are no longer functioning efficiently.

In other action, the council approved an ordinance requiring the property near St. Augustine's Church on Sunset Drive to permit construction of a parking lot.

The council agreed to transfer to the public works department an old fire truck to be used as a water truck. The purpose of the transfer is to cut down on the city's operating costs. The truck is to remain in the fire department for training purposes, insurance premiums would be \$2,000 annually. In the public works department the premium will be \$60 annually.

The council told Sam Anderson who raises parakeets and cockatoos that his birds are exempt under the new ordinance.

Special permission was also given to E.O. Mann, a pigeon fancier who lives on Wilshire Court and has 51 young pigeons for racing purposes.

Mann said that he gives the birds special food and their "droppings" are not offensive as to color. He denied a complaint of a neighbor some time ago that the pigeons were contaminating her swimming pool.

Robertson said that pigeons were discoloring his car with droppings, adding that the birds obviously are not those owned by Mann.

Asked if, during their flights, pigeons might stop at homes in the city, Mann said "they are used to have lunch somewhere."

Tuni, Pinky Make It Legal

LOS ANGELES (UPI) — Seedy Richman, 77, a record company executive, said she was named "Tuni" for the first time at her wedding ceremony for two dogs.

She is the bride in the red-carpeted scene in a white satin and lace gown and veil.

Best man... oh, but dog... was a fellow comedian, American of German descent, Striker, better known to television viewers as "the blonde dog."

Sheriff Unveils 'Deaf' System

(Continued From Page 1A)

other typewriter machines. For the sheriff's department system, the typewriter machine is in the control room on the third floor of the Seminole County Courthouse.

A special line has been installed in the center. When the light on the telephone blinks, it signals a call in it trying to make contact.

The dispatcher places the telephone on the copier, and the sender types his message on his typewriter machine which is received at the center.

The sheriff said the special telephone number, 333-3333, is available for all local calls including those from Delray and Deltona.

The sheriff's department will maintain a master list of all subscribers to the system, so that once a special code number is received the department will have all the vital information on the caller.

Polk said there are only two Seminole County residents who have the equipment to take part in the system.

"It's a matter of people becoming aware it's available, and how fast the Sheriff can build the machines and how fast we can make money through the device," Polk said on building the number of participants in the system.

Pope Sheds Crown; Aides In Dilemma

VATICAN CITY (UPI) — Pope John Paul I has decided to begin his pontificate with neither coronation nor enthronement, but simply by celebrating mass Sunday for the world's 700 million Roman Catholic faithful, the Vatican said today.

The announcement said the 65-year-old former Cardinal Albino Luciani, elected pontiff three days ago, will celebrate a solemn mass in St. Peter's Square at 6 p.m. (noon EDT) Sunday "to mark the beginning of his ministry as supreme pastor."

This will replace the ancient coronation ceremony in which pontiffs for centuries received a lowering gold and silver triple crown inscribed with the words: "Receive this tiara adorned with three crowns and know that you are the father of princes and kings, guide of the world and vicar upon earth of Christ Jesus our Savior."

John Paul's predecessor, Cardinal Jean Villot, 72, as secretary of state, and kept Archbishop Giuseppe Caprio as assistant secretary of state and Archbishop Agostino Casaroli as the Vatican's "foreign minister."

But church sources said a new pontiff may be holding a consistory — the conference that appoints new cardinals — before the end of the year and possibly imprint his stamp on the policy of social reform for the church.

THE POPE

Author Bruce Catton Dies

FRANKFORT, Mich. (UPI) — Bruce Catton, whose books on the Civil War won him popular acclaim and a Pulitzer Prize for history, died Monday of an undisclosed respiratory illness.

Catton, who was 78, wrote more than 15 books on the Civil War and always credited his early career as a reporter for his success as a Civil War author.

Legal Aid Rebuffed On Test Challenge

TALLAHASSEE (UPI) — A state hearing officer has told functional literacy test opponents they'll have to go to the courts or the Legislature for a full-scale assault on the exam.

Division of Administrative Hearings officer Dana Tremor ruled Monday Florida Legal Services and Legal Services of North Florida have grounds to challenge the way the literacy and basic skills tests are graded and scored, but not the makeup of the exams.

Ms. Tremor also told the groups they aren't entitled to

Self-Abortifacient Faces Court

BOWLING GREEN, Ky. (UPI) — Maria Elaine Pritchard, 22, is being tried under a state law allowing only licensed doctors to perform abortions and if convicted, she could be sentenced to 10 to 20 years in prison.

The jury has been chosen to hear the case — the first in the country against a woman charged with performing an abortion on herself.

Her trial is being viewed as a national test case involving women's rights and representatives of several feminist organizations, including the National Organization of Women, were in the courtroom Monday.

NATION IN BRIEF

Food, Clothing Prices Rise Just A Bit In July

WASHINGTON (UPI) — Inflation eased in July as consumer prices, particularly for food and clothing, rose just 0.5 percent in the best performance of 1978, the government reported today.

Food costs were unchanged last month after rising by an average of 1.6 percent each month during the first half of the year. The prices of beef, pork, fresh vegetables and eggs — staples of the American diet — all turned downward.

The encouraging report from the Labor Department had been anticipated by the administration. President Carter and his economic aides have consistently maintained that inflation would taper off during the second half of the year after soaring at a double-digit pace during the first six months.

Postal Talks Extended 15 Days

WASHINGTON (UPI) — The threatened postal strike that has given the nation a scare was called off at the 11th hour, after Director Wayne Horvitz of the Federal Mediation and Conciliation Service said contract talks between the U.S. Postal Service and three postal workers unions will be extended for another 15 days.

Union leaders had demanded the U.S. Postal Service return to the bargaining table, but Postmaster General William Bolger insisted the contract dispute go instead to compulsory arbitration. Horvitz said he would bring the two sides together for 15 days of talks. If they fail to bring accord, the mediator will decide the remaining unresolved issues and his decision will be final.

A 16-year-old Sanford youth has been taken into custody after allegedly shooting his neighbor in the leg.

The incident occurred at 3:24 p.m. Monday on Hickory Avenue in Sanford.

According to police, Robert Irvin, 17, of 1813 Hickory Ave., had been arguing with the 16-year-old youth.

The youth warned Irvin to stay off his property which included Irvin's police said. A witness told police Irvin walked to the top step leading to the door of the youth's home, broke a piece of board and started publishing the door with the board.

The youth opened the door and fired a 22 caliber rifle, hitting Irvin in the leg, according to records.

Irvin was treated and released at Seminole Memorial Hospital, police said. The youth was placed into the custody of juvenile authorities.

STORE BURGLARY
Discount Foods at 1381 Airport Blvd. in Sanford was burglarized and \$2,000 cash stolen from a safe.

Richard Hennessey of Casselberry, manager of the store, reported the burglary which occurred sometime early this morning, according to records.

Burglars used a sledge hammer to knock a hole in the rear of the building and once inside turned off a camera security system, records indicate.

A boy was left in the safe which contained \$2,000 cash, police said. Police said the boy had been left in the safe by store employees.

The burglars also took 10 1/2 gallons of ice cream.

EQUIPMENT STOLEN
An 800-pound condensing unit valued at \$1,165 was reported stolen from the south parking lot at West Oaks, 2416 French Ave., Sanford.

Donald Williams of Sanford reported the theft. Police said the condensing unit, a cooling system used for the store's freezer, is a highly marketable item.

She'll Fill Burns' Fed Seat

WASHINGTON (UPI) — Nancy Hays Teeters, whose economic forecasts sometimes have been a bit less optimistic — but on a number of occasions, more accurate — than prepared by the Carter administration, has been appointed to serve the remainder of Arthur Burns' term on the Federal Reserve Board, which expires Jan. 31, 1984.

Mrs. Teeters is rafting on the Colorado River, on vacation from her post as chief economist for the House Budget Committee, and was not available for comment on her appointment announced by the White House Monday.

'Transfusion' Boy 'Critical'

JACKSONVILLE (UPI) — A spokesman at Jacksonville Children's Hospital Monday listed in "critical condition" a 20-month-old Massachusetts boy whose parents had refused on religious grounds to allow him a blood transfusion.

Bradford Kearley was brought to Jacksonville last week by his parents, Leah and Thomas Kearley, of Saugus, Mass. The Kearleys disappeared Aug. 31 from Massachusetts, the day a court hearing on the transfusion issue was scheduled.

By Sanford Commissioners 'Train Town' Concept Viewed Favorably

By MAX ERKILETIAN
Herald Staff Writer

The Sanford City Commission stopped short of changing the city's slogan from "The Friendly City" to "Train Town USA" at Monday night's meeting, but unanimously voted to support rejuvenating downtown using the train theme.

The commission's resolution is not a commitment of funds or manpower, but support of the train theme concept.

The slogan change was proposed by Val Colbert, representing the Sanford Interests and Encouragement (SISTER) group.

"Every town could qualify as a friendly city," Mrs. Colbert told the commission. "This is a non-committed slogan."

Since SISTER proposed the slogan change and mid-train service to run a loop through downtown Sanford, Auto-Train and the Central Florida Railroad Association has expressed interest in locating its museum in Sanford if the new slogan is adopted. A blacksmith has also inquired about the theme change.

Revitalization effort, said Mrs. Colbert, and is willing to locate in Sanford if the idea is adopted.

"Today a lady called and she and her husband have three coffee houses and want to locate in Sanford, if we change the slogan to the city," she said.

Donald Williams of Sanford reported the theft. Police said the condensing unit, a cooling system used for the store's freezer, is a highly marketable item.

She'll Fill Burns' Fed Seat

WASHINGTON (UPI) — Nancy Hays Teeters, whose economic forecasts sometimes have been a bit less optimistic — but on a number of occasions, more accurate — than prepared by the Carter administration, has been appointed to serve the remainder of Arthur Burns' term on the Federal Reserve Board, which expires Jan. 31, 1984.

Mrs. Teeters is rafting on the Colorado River, on vacation from her post as chief economist for the House Budget Committee, and was not available for comment on her appointment announced by the White House Monday.

'Transfusion' Boy 'Critical'

JACKSONVILLE (UPI) — A spokesman at Jacksonville Children's Hospital Monday listed in "critical condition" a 20-month-old Massachusetts boy whose parents had refused on religious grounds to allow him a blood transfusion.

Bradford Kearley was brought to Jacksonville last week by his parents, Leah and Thomas Kearley, of Saugus, Mass. The Kearleys disappeared Aug. 31 from Massachusetts, the day a court hearing on the transfusion issue was scheduled.

Carter Death Threat

IDAHO FALLS, Idaho (UPI) — A hotel guest knocked a maid unconscious Monday when she was shot during the death throes of a promotion, both those officers told Stenstrom they had not heard her name.

"From what I'm told you have about 500 people in here on Auto-Train (daily) and if you can get them downtown, you're nuts if you don't," said McFadden. He noted the influx

LaPeters: That's End Of Efforts

(Continued From Page 1A)

of the franchise.

LaPeters had claimed Lyons and Fagan could verify Jones was offered the promotion in return for keeping his mouth shut during the death throes of a promotion, both those officers told Stenstrom they had not heard her name.

Butler testified he did not offer Jones a promotion under any circumstances.

Jones claimed Butler did promise him a promotion, but that it was not contingent on his firing and was a promotion to the city during the EEOC investigation.

Ms. Wynalda testified Jones told her Butler did not promise him a promotion at any time. Jones was given a written examination for the promotion April 12, but failed to make a passing score, according to testimony from Flagg.

Stenstrom found "no basis for a determination" in connection

'Kickin' Kirk' Takes Aim At Spending Bureaucrats

TALLAHASSEE (UPI) — Democratic gubernatorial hopeful Claude Kirk promised today to "kick \$200 million" off next year's state budget or remove the bureaucrats who refuse to reduce spending.

To dramatize the point, the flamboyant former governor were hitting boots which he called his "kickin' shoes" to a Tallahassee news conference, propping one up on a table as he spoke.

"I'll kick 10 percent out of the budget or kick 'em out of office," he said.

Kirk got his \$200 million figure by slashing 10 percent of the current state budget of \$2.2 billion. He had to adjust that only a fraction of that amount was in agencies directly under control of the governor.

He said he'd get cabinet officials to cut their budgets. "The message will be this, 'get back to me within 30 days with a budget that is at least 10 percent less than it is for the current fiscal year. If you can't comply, you can vacate your office,'" he said.

More politics, Page 9A

Neighbor Man Shot By Youth

IDAHO FALLS, Idaho (UPI) — A hotel guest knocked a maid unconscious Monday when she was shot during the death throes of a promotion, both those officers told Stenstrom they had not heard her name.

"From what I'm told you have about 500 people in here on Auto-Train (daily) and if you can get them downtown, you're nuts if you don't," said McFadden. He noted the influx

Legal Aid Rebuffed On Test Challenge

TALLAHASSEE (UPI) — A state hearing officer has told functional literacy test opponents they'll have to go to the courts or the Legislature for a full-scale assault on the exam.

Division of Administrative Hearings officer Dana Tremor ruled Monday Florida Legal Services and Legal Services of North Florida have grounds to challenge the way the literacy and basic skills tests are graded and scored, but not the makeup of the exams.

Ms. Tremor also told the groups they aren't entitled to

Self-Abortifacient Faces Court

BOWLING GREEN, Ky. (UPI) — Maria Elaine Pritchard, 22, is being tried under a state law allowing only licensed doctors to perform abortions and if convicted, she could be sentenced to 10 to 20 years in prison.

The jury has been chosen to hear the case — the first in the country against a woman charged with performing an abortion on herself.

Her trial is being viewed as a national test case involving women's rights and representatives of several feminist organizations, including the National Organization of Women, were in the courtroom Monday.

WEATHER

8 a.m. readings: temperature, 76; overcast, low, 71; relative humidity, 85; barometric pressure, 30.12; relative humidity, 85 percent.

Forecast: Hot, steady.

TUESDAY

Daytime: Mostly high 6:30 a.m. to 6:30 p.m. — a.m. 11:15 p.m.

Partly cloudy: high 6:00 a.m. to 6:30 p.m. — a.m. 12:15 p.m.

Forecast: High 6:30 a.m. to 6:30 p.m. — a.m. 12:15 p.m. low 6:30 a.m. to 6:30 p.m.

Giving Credit Where Due

Apparently unable to decide between two tuition-relief plans for parents of college students, the Senate recently passed both: one providing college tuition tax credit and one providing a direct tuition grant.

A President Carter rightly pointed out, the country cannot afford both. Notwithstanding the Senate's confusion, the obvious choice, it seems to us, is the tax credit plan, sponsored by Sen. Daniel Patrick Moynihan, D-N.Y.

This would permit a family to deduct from its income taxes half of what it pays in college tuition up to \$500 per dependent student per year.

The grant bill, sponsored by Sen. Claiborne Pell, D-R.I., and favored by President Carter, would provide direct tuition grants for college students of families earning up to \$25,000 per year.

Depending on income, the grants would range from \$250 to \$1,800 per year. The costs of each are similar: \$1.2 billion for the Pell bill and \$1.4 billion for Moynihan's.

That's where the similarity ends. The grant program would necessitate eligibility applications from students and financial disclosure forms from their parents.

A new layer of bureaucracy would be needed to process the paperwork, determine eligibility and preside over disbursement of millions of checks each year.

Parents and students would be cast in the unflattering role of supplicants. Contrast that with the simplicity of the tax credit system.

Any family with a dependent child enrolled in a college or university need only take a deduction. A few extra lines on the long or short tax form would suffice.

The sought-for relief would be automatic and not a single additional employee should be required.

Virtually all of the program costs would go where they should: to help defray the escalating cost of a college education.

President Carter objects to this wonder of workability on the grounds that a few students from wealthy families might benefit. And they might. Just what of it?

This is an education program, not a welfare program. Its purpose is not the redistribution of income.

In any case, the vast majority who would be helped by a tuition tax credit would be from the ranks of the hard-pressed middle class — those too "rich" to qualify for most existing education aid programs and too poor not to need them.

If Washington were a more logical place, this choice would be effortless. The straightforward tuition tax credit would be written into law and the cumbersome, bureaucratic direct grant scheme would end up in a wastebasket where it belongs.

We are advised, therefore, to expect the tuition grant approach to prevail. Pity.

Around

The Clock

By DONNA ESTES

SEMINOLE COUNTY lost about 5,000 voters during the purge early this year. But for a county...

It often is noted in news reports that Orange County Supervisor of Elections Dixie Barber has been in office for many years. But Seminole's own...

Lake Mary, celebrating the 50th year of its incorporation in 1928, has had a total of five women serving in elective office including one woman as mayor.

Incidentally, a special guest at a recent Lake Mary council meeting was Margie Hess, erstwhile mayor of the community.

The women who have served on the city council include Virginia Mercer and Delores Lash and the two incumbents Pat Southward and Lillian Griffin.

Longwood has had three women councilmen in its history. Sandra Thompson served in the late 1960s and was a dynamic city official. Toward the end of her term, Mrs. Agnes Winter was elected.

Mrs. Jane Lorman, the widow of a mayor and the mother of a former mayor, is serving her third term in office.

Mrs. Lorman's erstwhile mayor son, Jim Lorman, his good mother proclaims is the father of a three-child son, Matthew Allen, named after his late grandfather. Jim is living back in Longwood again, in Skylark.

Serving the longest in city government in Seminole County is Mrs. Onnie R. Shomate, city clerk, to celebrate her 30th anniversary in office in January.

Altamonte Springs currently has two women on the city commission, Sandra Glenn and Dolores Vickers. Winter Springs has had three in its history and Caseberry has had many, but neither city currently has a female councilman.

For some reason the voters in the cities, with the exceptions of Sanford and Orlando, have been much more willing to accept women candidates than county government.

ANGLE-WALTERS Betting On New Jersey

ATLANTIC CITY — The hotel desk clerk was snuffed at the press. "You guys all write that this is just a slam with a casino in it. Hey, whad'ya expect? We only been open a couple months!"

The "we" was local pride speaking. The clerk didn't work for the World Resorts International Hotel, home of the East Coast's first gambling casino, but for a motel down the block.

A year ago, he would have regarded the towering neighbor hotel as a threat — competition for the dwindling summer tourist business at this aging seaside resort. Now he identifies with it totally. "I see," he says. "We're And for good cause."

The desk clerk's motel was booked solid, and so was every other nearby establishment. To the Atlantic City business community, the casino is a godsend — a last-gasp chance to get back in the chips again.

The clerk was right, though. It is much too easy to say whether New Jersey's gamble in vying for casino operations at Atlantic City will reverse the decay which is stunningly apparent to both first-time visitors and older tourists who remember its heyday.

The only thing that can be said for sure, three months after the dice started rolling, is that Resorts International is profiting immensely from its own gamble in investing in Atlantic City even before New Jersey voters approved the casino referendum in 1976.

The new casino is jammed to the rafters every minute of the 16 hours it is open each day. People are waiting in lines two and three deep. People are waiting in lines two and three deep.

VIEWPOINT Europe's Major Buddies

By DON GRAFF

Franco-German enmity has ignited two world wars plus any number of lesser conflagrations in our past preceding times.

The relationship between the two peoples at its vital center, geographically and culturally, has, in fact, dominated Europe politically for most of the continent's post-Roman history.

It still does, but with a significant difference. Where that relation for many hundreds of years past has much more often than not been one of opposition, today it is marked by cooperation.

For a few examples, Paris and Bonn are partners in the development of a new system of monetary cooperation. The purpose is to link currencies of the European Economic Community against the fluctuations of the larger world market and to promote on a larger scale harmonization of its member economies.

The ultimate result could be a European monetary union.

Both governments are also pushing political integration both internally, through next June's direct popular elections to the European Parliament, the EEC's legislative body, and externally in the development of a common European policy in dealing with not only Communist and third world but with the U.S. ally.

Today's Franco-German rapport is the delayed fruition of a seed planted three decades back in the form of the "multinational treaty" established following World War II. The European Coal and Steel Community, the forerunner of the EEC, in particular sought by merging the industrial bases of the two historic rivals to make recurrence of military conflict impossible.

For many years, however, the new relationship looked better in theory than it did in practice. France, resentful and suspicious of a recovered Germany's true intentions, jealously guarded its sovereign prerogatives. In the years during which Charles de Gaulle resigned in Paris and Konrad Adenauer in Bonn, there was substance to Franco-German cooperation. But it was more in the nature of mutual convenience than of a genuine accord of the interests of two peoples.

A number of factors probably account for today's situation, some the consequence of time and natural development, others fortunate coincidences.

Both peoples are currently, in the long view of history, in unaccustomed strategic situations. The French, for example, are surrounded by actual or potential enemies but by friends. With no threatened flanks to guard, they can afford to cooperate for common good rather than expedience.

LEGAL NOTICE

JESSE J. HARRIS, JR., Secretary of the State of Florida, hereby certifies that the following is a true and correct copy of the Constitution of the State of Florida as amended to date.

PREAMBLE

WE, the people of the State of Florida, do hereby ordain and establish this Constitution for the State of Florida, to be known as the Constitution of the State of Florida.

ARTICLE I

SECTION 1. Legislative power—The legislative power shall be vested in the Legislature of the State of Florida, which shall consist of a Senate and a House of Representatives.

SECTION 2. Qualifications of members

(1) Every member of the Legislature shall, at the time of his election, be at least 21 years of age, have been seven years a resident of the State of Florida, and have been five years a resident of the district which he represents.

SECTION 3. Districts

(1) The Legislature shall divide the State into districts for the purpose of electing members thereof, and shall apportion the members thereof to the several districts.

SECTION 4. Sessions

(1) The Legislature shall hold regular sessions at the Capitol in Tallahassee, Florida, on the first Monday in January of each year, and on the first Monday in May of each year.

SECTION 5. Powers

(1) The Legislature shall have the power to pass bills, resolutions, and joint resolutions, and to amend or repeal any law enacted by it.

SECTION 6. Appropriations

(1) The Legislature shall have the power to appropriate money for the support of the executive, judicial, and other departments of the State, and to provide for the support of the State.

SECTION 7. Impeachment

(1) The Legislature shall have the power to impeach and remove from office any officer of the State who is guilty of treason, bribery, or other high crimes and misdemeanors.

SECTION 8. Elections

(1) The Legislature shall have the power to regulate the election of members thereof, and to provide for the election of members thereof.

SECTION 9. Officers

(1) The Legislature shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 10. Rules

(1) The Legislature shall have the power to make and alter its rules, and to provide for the making and altering of its rules.

SECTION 11. Privileges

(1) The Legislature shall have the power to grant to its members the same privileges and immunities as are granted to members of the United States Congress.

SECTION 12. Compensation

(1) The Legislature shall have the power to fix the compensation of its members, and to provide for the compensation of its members.

SECTION 13. Expenses

(1) The Legislature shall have the power to fix the expenses of its members, and to provide for the expenses of its members.

SECTION 14. Records

(1) The Legislature shall have the power to keep records of its proceedings, and to provide for the keeping of records of its proceedings.

SECTION 15. Journals

(1) The Legislature shall have the power to keep journals of its proceedings, and to provide for the keeping of journals of its proceedings.

SECTION 16. Officers

(1) The Legislature shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 17. Compensation

(1) The Legislature shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

SECTION 18. Expenses

(1) The Legislature shall have the power to fix the expenses of its officers, and to provide for the expenses of its officers.

ARTICLE II

SECTION 1. Executive power—The executive power shall be vested in the Governor of the State of Florida, who shall hold office for a term of four years.

SECTION 2. Qualifications

(1) The Governor shall, at the time of his election, be at least 30 years of age, have been 14 years a resident of the State of Florida, and have been seven years a resident of the district which he represents.

SECTION 3. Election

(1) The Governor shall be elected by the qualified electors of the State of Florida at the general election held in the year 1978, and in every fourth year thereafter.

SECTION 4. Term

(1) The term of office of the Governor shall be four years, and he shall be eligible for re-election to one term.

SECTION 5. Powers

(1) The Governor shall have the power to execute the laws of the State, and to see that they are faithfully executed.

SECTION 6. Veto

(1) The Governor shall have the power to veto any bill passed by the Legislature, and to return it to the Legislature with his objections.

SECTION 7. Pardons

(1) The Governor shall have the power to grant pardons and reprieves, and to commute sentences, but he shall not grant a pardon or reprieve to any person who has been convicted of a crime involving the death penalty.

SECTION 8. Officers

(1) The Governor shall have the power to appoint and remove officers of the State, and to provide for the appointment and removal of officers of the State.

SECTION 9. Compensation

(1) The Governor shall have the power to fix the compensation of his officers, and to provide for the compensation of his officers.

SECTION 10. Expenses

(1) The Governor shall have the power to fix the expenses of his officers, and to provide for the expenses of his officers.

SECTION 11. Records

(1) The Governor shall have the power to keep records of his proceedings, and to provide for the keeping of records of his proceedings.

SECTION 12. Journals

(1) The Governor shall have the power to keep journals of his proceedings, and to provide for the keeping of journals of his proceedings.

SECTION 13. Officers

(1) The Governor shall have the power to elect his officers, and to provide for the election of his officers.

SECTION 14. Compensation

(1) The Governor shall have the power to fix the compensation of his officers, and to provide for the compensation of his officers.

SECTION 15. Expenses

(1) The Governor shall have the power to fix the expenses of his officers, and to provide for the expenses of his officers.

SECTION 16. Records

(1) The Governor shall have the power to keep records of his officers, and to provide for the keeping of records of his officers.

SECTION 17. Journals

(1) The Governor shall have the power to keep journals of his officers, and to provide for the keeping of journals of his officers.

SECTION 18. Officers

(1) The Governor shall have the power to elect his officers, and to provide for the election of his officers.

SECTION 19. Compensation

(1) The Governor shall have the power to fix the compensation of his officers, and to provide for the compensation of his officers.

SECTION 20. Expenses

(1) The Governor shall have the power to fix the expenses of his officers, and to provide for the expenses of his officers.

ARTICLE III

SECTION 1. Judicial power—The judicial power shall be vested in the Supreme Court of the State of Florida, and in the Circuit Courts of the State of Florida.

SECTION 2. Qualifications

(1) Justices of the Supreme Court shall, at the time of their election, be at least 30 years of age, have been 14 years a resident of the State of Florida, and have been seven years a resident of the district which they represent.

SECTION 3. Election

(1) Justices of the Supreme Court shall be elected by the qualified electors of the State of Florida at the general election held in the year 1978, and in every fourth year thereafter.

SECTION 4. Term

(1) The term of office of Justices of the Supreme Court shall be four years, and they shall be eligible for re-election to one term.

SECTION 5. Powers

(1) The Supreme Court shall have the power to hear and determine all cases and controversies which may be brought before it, and to issue writs of habeas corpus, writs of certiorari, writs of mandamus, and writs of prohibition.

SECTION 6. Veto

(1) The Supreme Court shall have the power to veto any bill passed by the Legislature, and to return it to the Legislature with its objections.

SECTION 7. Pardons

(1) The Supreme Court shall have the power to grant pardons and reprieves, and to commute sentences, but it shall not grant a pardon or reprieve to any person who has been convicted of a crime involving the death penalty.

SECTION 8. Officers

(1) The Supreme Court shall have the power to appoint and remove officers of the State, and to provide for the appointment and removal of officers of the State.

SECTION 9. Compensation

(1) The Supreme Court shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

SECTION 10. Expenses

(1) The Supreme Court shall have the power to fix the expenses of its officers, and to provide for the expenses of its officers.

SECTION 11. Records

(1) The Supreme Court shall have the power to keep records of its proceedings, and to provide for the keeping of records of its proceedings.

SECTION 12. Journals

(1) The Supreme Court shall have the power to keep journals of its proceedings, and to provide for the keeping of journals of its proceedings.

SECTION 13. Officers

(1) The Supreme Court shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 14. Compensation

(1) The Supreme Court shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

SECTION 15. Expenses

(1) The Supreme Court shall have the power to fix the expenses of its officers, and to provide for the expenses of its officers.

SECTION 16. Records

(1) The Supreme Court shall have the power to keep records of its officers, and to provide for the keeping of records of its officers.

SECTION 17. Journals

(1) The Supreme Court shall have the power to keep journals of its officers, and to provide for the keeping of journals of its officers.

SECTION 18. Officers

(1) The Supreme Court shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 19. Compensation

(1) The Supreme Court shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

SECTION 20. Expenses

(1) The Supreme Court shall have the power to fix the expenses of its officers, and to provide for the expenses of its officers.

ARTICLE IV

SECTION 1. Local government—The power of local government shall be vested in the several counties, cities, towns, and villages of the State of Florida.

SECTION 2. Qualifications

(1) The members of the governing body of a county, city, town, or village shall, at the time of their election, be at least 21 years of age, have been seven years a resident of the State of Florida, and have been five years a resident of the district which they represent.

SECTION 3. Election

(1) The members of the governing body of a county, city, town, or village shall be elected by the qualified electors of the district which they represent at the general election held in the year 1978, and in every fourth year thereafter.

SECTION 4. Term

(1) The term of office of the members of the governing body of a county, city, town, or village shall be four years, and they shall be eligible for re-election to one term.

SECTION 5. Powers

(1) The governing body of a county, city, town, or village shall have the power to pass ordinances, resolutions, and joint resolutions, and to amend or repeal any ordinance enacted by it.

SECTION 6. Appropriations

(1) The governing body of a county, city, town, or village shall have the power to appropriate money for the support of the executive, judicial, and other departments of the local government, and to provide for the support of the local government.

SECTION 7. Impeachment

(1) The governing body of a county, city, town, or village shall have the power to impeach and remove from office any officer of the local government who is guilty of treason, bribery, or other high crimes and misdemeanors.

SECTION 8. Elections

(1) The governing body of a county, city, town, or village shall have the power to regulate the election of members thereof, and to provide for the election of members thereof.

SECTION 9. Officers

(1) The governing body of a county, city, town, or village shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 10. Compensation

(1) The governing body of a county, city, town, or village shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

SECTION 11. Expenses

(1) The governing body of a county, city, town, or village shall have the power to fix the expenses of its officers, and to provide for the expenses of its officers.

SECTION 12. Records

(1) The governing body of a county, city, town, or village shall have the power to keep records of its proceedings, and to provide for the keeping of records of its proceedings.

SECTION 13. Journals

(1) The governing body of a county, city, town, or village shall have the power to keep journals of its proceedings, and to provide for the keeping of journals of its proceedings.

SECTION 14. Officers

(1) The governing body of a county, city, town, or village shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 15. Compensation

(1) The governing body of a county, city, town, or village shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

SECTION 16. Expenses

(1) The governing body of a county, city, town, or village shall have the power to fix the expenses of its officers, and to provide for the expenses of its officers.

SECTION 17. Records

(1) The governing body of a county, city, town, or village shall have the power to keep records of its officers, and to provide for the keeping of records of its officers.

SECTION 18. Journals

(1) The governing body of a county, city, town, or village shall have the power to keep journals of its officers, and to provide for the keeping of journals of its officers.

SECTION 19. Officers

(1) The governing body of a county, city, town, or village shall have the power to elect its officers, and to provide for the election of its officers.

SECTION 20. Compensation

(1) The governing body of a county, city, town, or village shall have the power to fix the compensation of its officers, and to provide for the compensation of its officers.

ARTICLE V

SECTION 1. Public safety—The power of public safety shall be vested in the State of Florida, and in the several counties, cities, towns, and villages of the State of Florida.

SECTION 2. Qualifications

(1) The members of the governing body of a county, city, town, or village shall, at the time of their election, be at least 21 years of age, have been seven years a resident of the State of Florida, and have been five years a resident of the district which they represent.

SECTION 3. Election

(1) The members of the governing body of a county, city, town, or village shall be elected by the qualified electors of the district which they represent at the general election held in the year 1978, and in every fourth year thereafter.

SECTION 4. Term

(1) The term of office of the members of the governing body of a county, city, town, or village shall be four years, and they shall be eligible for re-election to one term.

SECTION 5. Powers

(1) The governing body of a county, city, town, or village shall have the power to pass ordinances, resolutions, and joint resolutions, and to amend or repeal any ordinance enacted by it.

HOROSCOPE
By BERNICE BEHE OSOL

For Wednesday, August 30, 1978

YOUR BIRTHDAY
August 30, 1978

If you're unconcerned about being in the spotlight, you will find yourself indirectly involved in something profitable and self-gratifying this coming year. There are advantages to taking a back seat.

VIENNA (Aug. 23-Sept. 22) You can accomplish more today by being the power behind the throne. Subtly implanted ideas will be immediately picked up by others. Find out to whom you're romantically suited by sending for your copy of Astro-Graph Letter. Mail 50 cents for each and a lone, self-addressed stamped envelope to Astro-Graph, P.O. Box 480, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

LIBRA (Sept. 23-Oct. 22) Get out where you can meet and deal with lots of people today. Large groups hold a special appeal for you because you have much to offer to them.

SCORPIO (Oct. 24-Nov. 22) Your pride in what you do today will be admired. It's not so important what you accomplish as it is how you go about it.

SAGITTARIUS (Nov. 23-Dec. 21) This is your kind of day where things center on arousing a righteous defense of what you believe. Be sure, however, to listen to the other person's philosophy.

CAPRICORN (Dec. 22-Jan. 19) Joint endeavors appear quite promising today, because both will profit from working in harmony. If you don't have one, seek out a collaborator.

AQUARIUS (Jan. 20-Feb. 19) Diplomacy and tact, inborn qualities for you, could be put to a test today. However, you'll make the necessary compromises and pass with flying colors.

PISCES (Feb. 20-March 20) You have the edge over co-workers and associates today because of your logical, realistic approach to things. Don't hesitate to take the lead.

ARIES (March 21-April 19) Spontaneous enjoyment or entertainment could be in the offing for you today. There's no need to feel guilty about it. It's the middle of a work week.

TAURUS (April 20-May 20) Chances are today, you'll be more interested in looking out for the needs of others—and you'll enjoy every minute of it.

GEMINI (May 21-June 20) Your creative instincts will be in high gear today, especially in areas relating to communication. Try your hand at writing or selling.

CANCER (June 21-July 21) There are days to be frugal and days to splurge. Today you will be able to combine those two extremes into one heck of a good time.

LEO (July 22-Aug. 23) You are on center stage today, so put forth your best image and leadership qualities. Others are anxious to follow your example.

SPIDER-MAN

EVEN SPIDERS CAN'T PIERCE THE VAN'S ARMOR!
SO NOW I'M GONNA TAKE 'EM!
THEY SHATTERED A ROAD BLOCK AND BEAT OFF A SWAT SQUAD'S ATTACK!
I'VE GOT TO PICK ME SOME TRUCKS TO CRACK!
THE POLICE SEEM UNWILLING TO STOP THE SPEEDING ARMORED VAN!
I'VE GOT TO GET THEM IN TROUBLE!
SOMEONE IS KILLED, MY OWN NEIGHBOR WILL BE A MURDERER!

BOONIES by Craig Leggett

I'M AFRAID YOU'LL HAVE TO BE QUARANTINED, ELWOOD! WHAT YOU HAVE IS HIGHLY CONTAGIOUS!
BUT, DOC, I FEEL GREAT!
YEAH, I KNOW!
AND IF I'M LUCKY I CAN KEEP IT FROM SPREADING TO ANYONE ELSE!

On Trapping The Skin's Moisture

DEAR DR. LAMB— I am 72 years old and until the last few years I've had what my friends call a beautiful complexion. Nothing ever seemed to irritate it in any way. For about the last three years, I've had to be very careful. Almost any cream I use, cleansing or moisturizing, will cause my skin to itch and causes a rash. I finally started using Vaseline. I have used castor oil and olive oil. I would like to know if Vaseline is good for the skin or would it be better to use olive oil or castor oil?

DEAR READER— It really doesn't make much difference. Any of the oils or Vaseline and other oily salves and skin lotions really act to trap the moisture in the skin. These oily substances are impermeable to water. Well over 50 percent of your body is water and this oily barrier prevents the evaporation of moisture from the skin and prevents drying of the skin.

In the last analysis almost any of the standard oils and salves are good for this purpose. The addition of other so-called beauty ingredients usually don't add a great deal. In your case, you could use any of the cooking oils that you want, Vaseline or even baby oil if you want to try it.

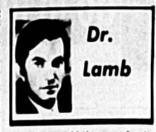

To give you more information about taking care of the skin, I am sending you *The Health Letter* number 7-10, *Your Skin: Sun, Aging, Spots and Cancer*. Others who want this information can send 50 cents with a long, stamped, self-addressed envelope for it to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, N.Y. 10019.

DEAR DR. LAMB— What would cause a person's heart to burst and kill him? What would cause a person's urine to have an extremely unpleasant odor and what would the cure for it be?

DEAR READER— The heart is a hollow organ. When it bursts there is a hole or tear through its wall. Tack when the muscle has been severely damaged to the point that the dead heart tissue simply tears apart leaving a giant hole in the wall of the heart itself. When this occurs blood rapidly pours out of the heart into the chest cavity. Such a blow-out is not likely to occur unless a person has had a very recent heart attack with heart muscle damage.

Urine is nothing more than the filtered solution taken from the blood stream. If you eat products that create odors, these may be eliminated through the urine. One of the classic examples here is asparagus. And if you want to try it yourself, eat some asparagus and notice the change in the odor of the urine shortly thereafter. This will persist until all of the chemical from the asparagus that's responsible for the odor is eliminated from your body.

There are other factors which affect the odor including concentration, and the formation of ammonia by the kidney. In any case, in most instances the odor of the urine is not really very important. But if you're concerned about it, a simple urinalysis by your doctor will determine whether there's any change that is important to your health or not.

HOROSCOPE By BERNICE BEDE OSOL For Wednesday, August 30, 1978 YOUR BIRTHDAY August 28, 1978

quilt promising today, because both will profit from working in harmony. If you don't have one, seek out a collaborator. AQUARIUS (Jan. 20-Feb. 19) Diplomacy and luck, obvious qualities for you, could be put to a test today. However, you'll make the necessary compromises and pass with flying colors. PISCES (Feb. 20-March 20) You have the edge over co-workers and associates today because of your logical, realistic approach to things. Don't hesitate to take the lead. ARIES (March 21-April 19) Spontaneous enjoyment or interest could be in the offing for you today. There's no need to feel guilty about it. It's the middle of a work week. TAURUS (April 20-May 20) Chances are today, you'll be more interested in looking out for the needs of others - and you'll enjoy every minute of it. GEMINI (May 21-June 20) Your creative instincts will be in high gear today, especially in areas relating to communication. Try your hand at writing or selling. CANCER (June 21-July 22) There are days to be frugal and days to splurge. Today you will be able to combine those two extremes into one heck of a good time. LEO (July 23-Aug. 22) You are on center stage today, so put forth your best image and leadership qualities. Others are anxious to follow your example.

On Trapping The Skin's Moisture

DEAR DR. LAMB - I am 72 years old and until the last few years I've had what my friends call a beautiful complexion. Nothing ever seemed to irritate it in any way. For about the last three years, I've had to be very careful. Almost any cream I use, cleansing or moisturizing, will cause my skin to itch and causes a rash. I finally started using Vaseline. I have used castor oil and olive oil. I would like to know if Vaseline is good for the skin or would it be better to use olive oil or castor oil? DEAR DR. LAMB - It really doesn't make much difference. Any of the oils or Vaseline and other oily salves and skin lotions really act to trap the moisture in the skin. These oily substances are impermeable to water. Well over 50 percent of your body is water and this oily barrier prevents the evaporation of moisture from the skin and prevents drying of the skin.

In the last analysis almost any of the standard oils and salves are good for this purpose. The addition of other so-called beauty ingredients usually doesn't add a great deal. But if you're concerned about it, a simple analysis by your doctor will determine whether there's any change that is important to your health or not.

WIN AT BRIDGE three diamonds our ordinary player gets to discard a club on the fourth diamond and is home. Unfortunately, East ruffs the club. This is a bad lead because it leads the defense gets that same three club tricks. Bad luck indeed, but now watch the expert work. He shifts a heart at trick two, leads a trump from dummy and ducks when East plays the jack. West is in with the queen and the contract is safe. Suppose East plays his king of trumps? If he does that our expert has to pay off the same as the others.

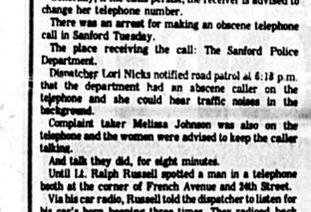

Ask the Experts You right-hand opponent opens one notrump and his partner raises him to three. A Canadian reader wants to know what lead he recommends. We recommend the third best spade. Our partner is marked with some high cards. Let's lead a suit in which we can help him.

Ryan Quits Post As Port Boss; Cites Health Problems

By MAX ERKILETTIAN Herald Staff Writer Jim Ryan, Seminole County Port Authority (SCOPA) director for the past nine and one-half years, has wired his resignation to Port officials. The telegram, sent from New York City, was received by port office Monday. Prior to sending the telegram, Ryan discussed his resignation with his 18-year-old daughter, Stephanie. "He is in New York and he has had some physical problems," said Miss Ryan today. "We talked about the resignation before he sent the telegram and agreed it would be best." Miss Ryan said her father is scheduled to return to Sanford in the next two to three weeks. At that time he will make a decision about his future, she said. Ryan has made no decision about staying in Sanford, she said. "At that time we will all get together and talk about it," said Miss Ryan. "The whole family will be under a lot of pressure."

Complaints of obscene telephone calls are relatively common to most police agencies. Seldom are arrests made for this violation. Generally, if the calls persist, the receiver is advised to change her telephone number. There was an arrest for making an obscene telephone call in Sanford Tuesday. The place receiving the call: The Sanford Police Department. Detective Lori Nicks notified patrol at 6:18 p.m. that the department had an obscene caller on the telephone and she could hear traffic noises in the background. Complainant later Melissa Johnson was also on the telephone and the women were advised to keep the caller talking. And that they did, for eight minutes. Until Lt. Ralph Russell spotted a man in a telephone booth at the corner of French Avenue and 34th Street. Via his car radio, Russell told the dispatcher to listen for his car's horn beeping three times. They radioed back they heard his horn on the obscene caller's line and Russell arrested the 18-year-old man, according to records. Assistant To The City Manager for Public Safety Ben Butler declined to repeat what the caller said to the two women. See JIM RYAN, Page 2A

RALLYING TEACHERS DONATE MONEY TO SUPPORT CANDIDATES

Seminole Teachers, Board Meet Today Over Free\$ A request for a standby federal arbitrator, a suggestion to have teachers do only "what they are contracted to do" and a pledge of staff and money support from a national teachers' association were three new elements injected Tuesday into the ongoing contract dispute between teachers and the Seminole County School Board. A crowd estimated between 400 and 500 heard from officials of the Seminole Education Association (SEA) as well as representatives from state and national teachers' associations who were invited to attend. The first thing they heard was that for the first time since collective bargaining began in 1976 a federal mediator has been requested on a standby basis. According to SEA Executive Director Gene Grooms, if the negotiations do not progress tonight, he will ask for the standby mediator to be removed and the mediator to come to Seminole County. The mediator is requested through the Public Employees Relations Commission (PERC) who in turn forwards the request to Washington, D.C., according to Grooms. If the mediator is taken off standby, he would come to the county, talk to both groups and try to find an area of agreement. School board chief negotiator Ernest Cowley said today he would work with any mediator. "I'll work with anyone because I do not want to do anything to hold up a settlement. I'll do whatever I can do to get a contract the board can live with." The teachers and the board have been negotiating since May with agreement having been reached on 12 of the 34 items.

Muller Dies On His Anniversary Stanley T. Muller, 54, member of the Seminole County school system for the past 29 years and a director of Seminole County Community Action since it was organized in 1966, died at Florida Hospital North when he died at 3 p.m. Saturday while undergoing a test. It was his 33rd wedding anniversary. He and his wife, Bernice, had met in the early 1940s. Muller began his association with the school system in 1948 first as a teacher at Oviedo Junior High School. He was promoted to principal of the Jackson Heights School when it was an elementary and all-black school in 1963 and had been principal since then. Muller had been admitted for diagnostic tests to Florida Hospital North when he died at 3 p.m. Saturday while undergoing a test. It was his 33rd wedding anniversary. He and his wife, Bernice, had met in the early 1940s. Muller began his association with the school system in 1948 first as a teacher at Oviedo Junior High School.
