City Seeks Agreement With Big League Club

A meeting was to be held in DeLand today to complete a working agreement with a major league baseball club following Sanford's acceptance into the Florida State League last night.

President R. J. Bauman and other members of the local baseball group, along with FLS boss John Krider, were to meet with representatives of the club at 2 p. m.

(Although there was no announcement of the name of the club, it was rumored to be the St. Louis Cardinals.)

Sanford and Tampa were granted tentative franchises at a league meeting last night in Orlando at which bids by Miami and West Palm Beach were denied.

A deadline of midnight Sunday was set for Sanford and Tampa to post the necessary \$1,600 guarantee with minor league headquarters in Columbia, O.

The league said if either Tampa or Sanford is unable to make it, West Palm Beach gets first chance at the eighth franchise and Miami gets second chance.

But if both Tampa and Sanford stay out, the league will open with six teams: Daytona Beach, Lakeland, Cocoa, Orlando, Gainesville and St. Petersburg.

Tampa's problem is getting around debts incurred by that city's former entry into the defunct Florida International League. A conference with the minor league boss, George Trautman, at Tampa today was expected to supply the answer.

DeLand a charter member of the Class D circuit, was forced to drop any plans for operating because of financial support.

DeLand, which had a working agreement with the Cardinals, was apparently ready to operate. Owner Joe Deltuy had a promise of \$25,000 from a DeLand citizen, but the latter backed down and Deltuy was forced to cancel his plans.

League directors decided on a split season again, the first and second half winners meeting for the pennant.

FHP C. Williams Replaces Harrison, Taken Into Jaycees

Highway Patrolman Carl Williams, who is replacing Patrolman Robert Harrison, became a member of the Junior Chamber of Commerce at its weekly luncheon meeting today.

Harrison has been transferred to Daytona Beach.

Instead of having a program, 11 Jaycees set out following the luncheon to contact 175 persons in a membership drive. George Andrew Spear and Tommy Peterson are co-chairmen of the campaign.

Mishap Last Night Involves Two Cars On W. First St.

Damage estimated at \$100 was caused in an accident at 9:05 p. m. last night in front of the B. E. Purcell Co on W. 1st St.

Involved were a 1953 Chevrolet driven by James Wilson Hughes, 33, attached to the army department at the Naval Air Station, and a 1954 Ford sedan, owned by Esther W. Rive, 910 W. 20th St.

Hughes was charged with careless and negligent driving.

Police Sgt. R. W. Tench, investigating officer, said Mrs. Rive's car was parked at the curb and Hughes was backing his car out when the accident occurred.

Tench said the bumper of Hughes' car became hooked in the left front fender of Mrs. Rive's vehicle, pulling the car out from the curb. The cars broke loose and Mrs. Rive's car went up over the curb onto the sidewalk.

Pending Cases Go Before Board

TALLAHASSEE (AP)—The long-pending cases involving a cop-killer, a rapist and a murderer who has violated his parole are up for action before the Cabinet Pardon Board today.

Clemency is being asked for John McVeigh, war veteran sentenced to death for the Christmas Eve, 1932, slaying of a Jacksonville policeman. His attorneys say McVeigh's mind was clouded by dope when he shot Patrolman Robert Q. Tucker but the prosecution says there was no evidence of insanity.

McVeigh, a parole violator and driver of a stolen car when he killed the policeman attempting to arrest him for a traffic violation, is in the death house at Raiford along with Walter Lee Irvin, rapist sentenced to die for his share in the notorious 1949 Groveland attack on a young housewife.

Irvin, who recently failed in an attempt to have his case reviewed by the U. S. Supreme Court, has won support from a group of St. Petersburg ministers who said they have some doubt as to the young Negro's guilt.

Day Dawns Briskly For Annual Parade

NEW YORK (AP)—Today's the day and 5th Avenue is the place for the nation's No. 1 parade to St. Patrick. The day dawned clear and brisk for the annual St. Patrick's Day parade.

The route for the colorful procession, starting at noon, was from 4th Street to 86th Street. The parade was expected to last five hours.

There was a reviewing stand at 64th Street for Gov. Averell Harriman, Mayor Robert F. Wagner and other officials.

The steps of St. Patrick's Cathedral at 86th Street were the spot for Francis Cardinal Spellman and other Roman Catholic dignitaries to review the Irish and the Irish-American.

Taxpayers Deadline Set For March 31, Galloway Reports

Last day on which taxpayers can pay 1954 taxes without penalty will be March 31, John L. Galloway, County Tax Collector, said today.

Failure to pay taxes on or before that date, he said, will result in a minimum penalty of three per cent on real property taxes and one per cent on personal and intangible taxes.

He also pointed out that the tax laws require the additional charge of cost of advertising the property as delinquent.

Attention was called to the fact that interest, advertising and other collection costs are added to the tax and all becomes a lien against any property owned by the delinquent taxpayer.

Galloway said the longer the delay in paying taxes after March 31, the higher the penalty costs become. The interest rate on real estate begins at one and one-half per cent per month with a minimum charge of three per cent. On the personal and intangible taxes, the interest mounts at the rate of one per cent per month.

Tax certificates will be sold at the tax sale to be held June 23, 1955, on each parcel of real estate on which the 1954 taxes have not been paid. At the same time, warrants will be issued against all personal property tax items directing the levy and sale of the property to satisfy the taxes and costs, Galloway said.

"It will be available for other children through your family doctor.

"The vaccine causes little or no reaction. There may be slight soreness of the arm."

Publisher Says Brooklyn Paper Presses Are 'Silenced Forever'

NEW YORK (AP)—The publisher of the 11-year-old Brooklyn Eagle says the newspaper's presses have been "silenced forever."

Publisher Frank D. Schroth announced yesterday that the Eagle, struck last Jan. 29 by the CIO American Newspaper Guild over a wage dispute, would never publish again.

But a Guild spokesman said the union intended to maintain picket lines on the basis that the strike was still on. And a federal mediator said he would seek to set up a fresh mediation conference today.

When the 215 ANG members, editorial and business employees, went out, an equal number of employees belonging to 8 of 16 craft unions refused to cross picket lines.

Ptlnm. A. Williams Nominee In Contest

Patrolman Arnold Williams of Sanford is among early nominees in the contest to determine Florida's seven most courteous law enforcement officers.

Others beside Williams listed in the contest's division three (for communities of 5,000 to 10,000 population) are Elsie Wilson of Bartow; Assistant Chief S. G. Reddick of Delray Beach, and Bob Willoughby of Winter Park.

There are seven contest divisions. One winner will be chosen from each.

The "Courteous Cop Contest", which is sponsored annually by the Florida Clubs of the American Automobile Association, continues through midnight Thursday, March 31. It is designed to stimulate the tourist industry through courteous treatment of visitors.

Prizes include travel-paid trips to Cuba, Nassau, Tampa, Miami Beach and Palm Beach for the winning officers and their wives. Gray Line of Cuba will provide sightseeing tours for Havana trip winners, while Playtours will do the same in Nassau.

So many ballots have been turned in since the Feb. 21 start of the contest that tabulators have found it impossible to keep up with them.

"We've already printed and distributed more than 35,000 blank ballots to supplement the thousands that have been published by newspaper," said Kenneth C. Kinkle, manager of the North Florida Division of the AAA.

Ballots are available at the Seminole County Chamber of Commerce office here. All ballots are to be sent to State Contest Headquarters, 14 S. Main, Orlando.

Minister Answers Questions

LONDON (AP)—The Prime Minister, who was answering legislators' questions, indicated his displeasure at Washington's publication of the documents by saying:

"If this became an established practice it might hamper the free exchange of views at future conferences. In any case, it would seem a good thing to consult together on the text of any publication during the lifetime of the individuals concerned."

The 1945 Yalta conference in the Crimea was attended by President Roosevelt, Premier Stalin and Churchill. The 80-year-old British leader is the only survivor of the Big Three.

Britons generally were shocked and angered by disclosures in the documents—particularly President Roosevelt's suggestion that Hong Kong be turned over to China.

The Churchill government disclosed Saturday that it had disapproved a U. S. suggestion for publication of the Yalta record. A Foreign Office statement said publication would be "undesirable" during the lifetime of the conference and might lead to misunderstandings.

"When the U. S. government asked if we nevertheless would agree to publication, the British government gave their consent," Churchill said today.

Churchill was asked to comment on a remark about the Poles attributed to him in the Yalta papers according to which he said: "In that the Polish elections will be held in a fair way, I do not care much about the Poles myself."

The Prime Minister did not deny making the remark, but claimed that the quotation as presented gave an erroneous impression.

Address Books Tell Customers' Names

NEW YORK (AP)—Names of well-paying customers for Pat Ward's charms are popping out of two address books as the jittery ex-caller girl bares the bedroom secrets of her love-for-sale career at the Mickey Jekke trial.

She already has named a score of men she says had relations with her, paying anywhere from \$50 to \$200 apiece.

She was called back today to reveal more names in the state's case against the 25-year-old oleomargarine heir, charged with recruiting her for safe society prostitution.

The prosecution is using a big black leather book it identified as Jekke's telephone book and a small red leather book it identified as Pat's.

Pat, star witness for the prosecution, testified yesterday she and Jekke compiled the directories when he allegedly was starting her out in the vice trade in 1951 and 1952.

Nationalist China Interest Is Slight

TAIPEI, Formosa (AP)—Nationalist Chinese officials, bitterly familiar with the effects of the Yalta conference which gave Soviet Russia special rights in Manchuria, evinced only scant interest today in the records published by the U. S. State Department.

President Chiang Kai-shek, in southern Formosa, was not expected to comment.

The matter was not even mentioned at a routine Cabinet meeting, according to a minister who attended.

TELEPHONE OPERATOR CAR IS MOLESTED

A Police report said the car was covered with "some kind of white stuff, like Bon Ami," and had the word "scrub" written all over it.

Twenty-five bags of marble chips, valued at \$75, were stolen yesterday from the site of a new building being constructed at 1301 E. 2nd St., City Police reported.

The building is being constructed by Dr. A. W. Epps and Dr. John Morgan. Located directly behind the new hospital, it will have two office rooms and a lobby. Lowell E. Orler is the contractor.

Judge Carlton had ruled in favor of National Gypsum. Rosier was suing the firm for failure to comply with a purchase agreement.

Rosier operates a plumbing and heating supply company at 111 N. French Ave.

Douglas Stenstrom was the attorney for Rosier. Clark W. Toole Jr. represented National Gypsum.

Civil Service Board Plans To Reinstale John H. Patterson

The Civil Service Board plans to order reinstatement of twice-suspended City Patrolman John H. Patterson.

City Manager Warren Knowles said he had been assured by Mack Cleveland Jr., board chairman, that reinstatement will be ordered by letter. He said the board will cancel a scheduled hearing on Patterson.

Knowles said he and Police Chief R. G. Williams had asked for the reinstatement.

Patterson has more time on the 15-man force than all the other officers with the exceptions of Chief Williams and Capt. Roy Tillis.

Chief Williams first suspended Patterson last Nov. 11 a few hours after a deputy sheriff arrested Patterson on a charge of driving while intoxicated.

Patterson was not on duty at the time.

He was convicted of the charge in county court, although an appeal for retrial is still pending.

While the court case was pending, the Civil Service Board ordered Patterson reinstated conditionally. Last month, Knowles held an inquiry into another type of complaint against Patterson and followed that with a request to Chief Williams that he suspend the officer again.

Knowles made no explanation of why he wanted Patterson suspended in February nor why he recommended reinstatement.

Horse Show Owner Suit Is Opened In Circuit Court

A \$5,000 damage suit brought by a show horse owner against the former owner of Marjyal Ranch, near Longwood, opened today in Seminole Circuit Court.

It is Grady Stephens, Lake Park, charged that his mare was damaged in 1952 while being put to stud on the ranch then owned by Albert D. Burke.

Burke is making a \$100 counter claim for medical expenses and board.

Jury men who must decide the case are Albert E. Hall, Bernard D. Lake, Lou G. Hattaway, Benjamin F. Whitner Jr., William B. Williams, and Bonner L. Carter.

Attorneys for Stephens are Heskin A. Whitaker, Orlando, and Morrow, Fulton and Sullivan, West Palm Beach. W. C. Hutcheson Jr. is the attorney for Burke.

Scientists Have Rights

New York policemen recently shot it out with August Robles, thief and hired killer. When the gunfight was over several of the policemen were wounded and Robles was dead.

The news coverage of the affair, by newspapers, wire services and television, was excellent. One detail stressed in all accounts was the courage and efficiency of the New York police as they handled their difficult assignment. They had to consider the safety of innocent people in the area, and expose themselves to danger. But they knew their job and they did it well.

The episode should bring home to Americans everywhere how dependent we are on the loyalty and dedication of the men of our police forces. We have handed them a big job and the salaries are not always equal to the responsibilities and work we expect from them. Yet, for the most part, they deliver splendidly.

The New York police have been congratulated by press, radio and television for their work. Their efficiency and bravery reflected credit on all policemen and on the important jobs that they must perform.

Wiretapping

The story of the wiretapping set-up which was recently discovered in New York City is frightening. A number of lines had been tapped and the conversations which passed over them were monitored by people who intended to use the information they gathered for their own purposes.

George Orwell in his book "1984" described life in a world where the idea of personal privacy had disappeared. Even a man's secret mutterings and the expression on his face were transmitted to observers who could make reports to the powers that ruled. The wiretap incident in New York is the same sort of thing.

A man's privacy is a sacred right. It is guaranteed in our constitution and for years we have taken it as a matter of course. Now electronic devices have made it possible to invade privacy without the victim being aware of the invasion.

Those who were responsible for the wiretapping must be punished. It must be made plain that the cost of tampering with the rights of others is high indeed.

Combating Motorists

The Swiss, a hardy, independent race, have organized a pedestrian league to combat motorists. The idea behind the organization at least has the merit of novelty, even if the pedestrian against the motorist is as helpless as a lancer against a machine-gunner.

Agenor Krafft, the lawyer who founded the League for the Protection of Pedestrians, explained it is staking its hopes for success on seniority as well as humane appeal. Pedestrians, he said, "have the right of seniority and majority, having arrived on the scene first."

Actually, the League would have a better chance for success if there were a real difference between the pedestrian and the motorists. In reality, they are one and the same person. However, the pedestrian is transformed once he becomes a motorist. The sense of power he has at his foot exhilarates him, and impels him in a satanic direction. Behind the wheel of a car, he appears to forget his pedestrian impulses. The meekest, most thoughtful person often becomes reckless and heedless as a driver.

The League for the Protection of Pedestrians would do better to try changing human nature, including that of its own members, than to limit its fire to motorists.

Today Irishmen Feel Like Kings

NEW YORK (AP)—Every Irishman feels like a king on St. Patrick's Day. And if he acts like a king today—well, he is entitled to. He is descended from kings. Every Irishman is.

This causes the Irish more trouble than almost anything. They know they come from kings. But when they point this out, not boastfully but as a matter of historical truth, what happens? If the scene is a bar, some surly taproom serf is sure to erupt in doubt or jeer. "So what?"

Now is this a way to talk to royalty? The poor Irishman, reduced to verbal frustration by this slight on his ancestry, has been known to resort to fistic eloquence: Bam! Bam! Bam! Bam!

Naturally no one is ever going to argue with an Irishman on St. Patrick's day even if he claims he's Emperor of Timbuktu—and he may, if he feels like. For there are some 25 million Americans of Irish descent, and on this day most of them feel like they're playing fullback for Notre Dame.

Senator Says GOP Could Have Winner

WASHINGTON (AP)—Sen. Bridges (R-NH) said today he thinks that in the "unhappy event" President Eisenhower declines to run for a second term, the Republicans "could develop a winning ticket." Bridges, chairman of the Senate Republican Policy Committee, emphasized he hopes and believes Eisenhower will seek a second term. Bridges declined to take direct issue, however, with the basic theme of a speech by Vice President Nixon in Los Angeles Monday night. Nixon said: "The Republican party is not strong enough to elect a president. We have to have a presidential candidate strong enough to get the Republican party elected."

EASY COURT SESSIONS END IN TULSA

TULSA, Okla. (AP)—The era of easy-going court sessions has ended here. At a special ceremony yesterday in a courtroom of the new Tulsa County Courthouse, the Judges of 10 courts donated robes presented by the County Bar Assn. Charles R. Fellows, association president, presided and reminded the audience of the court's new rules against smoking tobacco chewing or eating in the courtroom.

Personally, you don't have to take my word for it that I'm descended from a king. I can prove it. I've got a green card that says so.

So have a number of my royal Irish distant kinsmen. Like Cousin Joe McCarthy the senator from Wisconsin; Cousin Jack Dempsey the former heavyweight boxing king; and Cousin Jim Farley, who now sells soft drinks but used to sell the nation's stamps when the Democrats ran the White House.

Yes, we all can prove the pure green of Erin's mystic kings flows in our veins, thanks to research work by an Irish sportsman, the Hon. Francis de Moleyns.

(Editor's note: This guy's an Irishman?) (Boyle's note: Yep. His folks used to spell it Mullins. But once, while they were in the Irish Sea, they got lost in a fog that blew over from London. By mistake they landed in France. When the fog finally lifted again, some 400 years ago, they sailed right back to County Kerry. Naturally during their long stay in France they had forgotten how to spell, and they've been De Moleyns ever since.)

Anyway, perhaps because of the disaster to his own name, De Moleyns became interested in Irish history. He backtracked some 1,000 well known Irish names. As the Irish in Ireland are already where they came from, they don't offer much of a market for this information. But for the American Irish, De Moleyns has opened a shop off Park avenue where for from \$5 to \$12.50 you can buy a necktie or scarf emblazoned with their family crest and get a green card that bears some of the more printable facts about their heredity. Are Good Or Bad Times Foretold?

WASHINGTON (AP)—Sensational leaps of the bulls and dizzy dips of the bears in the stock market this week—do they foretell good times or hard?

Senators, government officials and financiers are busily debating what effect the goings-on here and in Wall Street will have on business and jobs.

They're trying to decide whether rising stock prices inspire general business confidence, or whether confidence in the future sparks the bulls; whether falling stock prices inspire general business confidence, or whether confidence in the future sparks the bears; whether falling stock prices are a blow to public confidence in the whole economy, or whether fear of coming hard times generates a bear market on the stock exchange.

There are even a puzzled few who ask if it's all being done with mirrors. The question of what's ahead reaches out beyond the marbled caucus room where the Senate Banking Committee is carrying on a study of the 18-month-old bull

market; where government officials, brokers and industrialists give their views on a fast-rising market's benefits or dangers.

You can see wonderment and worry in the intent audience that watches the inquiry. Those attending—some students, but mostly middle-aged couples from out of town—seem eager to find, if they can, a clue as to what may lie ahead for them. Whether they own stocks or not, they appear to feel they have a stake in the market's course.

It's the old story of two popular beliefs: (1) either the stock market is a barometer showing what's ahead within the next six months; or (2) the trend of stock prices in itself will affect daily lives by making times good or bad. Most of the audience is old enough to remember 1929.

Without exception witnesses agree there are many and important points of strength in today's economy which were missing in 1929.

Treating Infant's Colic

By HERMAN H. BURDEISS, M.D.

FEW babies escape attacks of colic during the first couple of months of their lives.

Although these attacks usually disappear about the third month, and apparently cause a baby no lasting harm, they are extremely uncomfortable. Usually, parents can help prevent at least some attacks and relieve the baby's pain when he does suffer from colic.

The exact cause of colic is not known, but there are some theories about it.

For instance, many doctors believe colic is due to an abdominal pain brought on by underfeeding, overfeeding or gas in the bowel. Others think it usually occurs in nervous, tense babies whose mothers probably are nervous and easily upset. It might also be caused by some food to which your baby is sensitive.

An attack of colic can usually be recognized by the way the baby acts. He will begin to cry suddenly. He will draw up his arms and legs and then push them out vigorously. The muscles in his abdomen become stiff or rigid.

Might Hold Breath As the infant cries, he might also hold his breath. Both his face and body will become red, and his hands and feet will become cold and clammy. He will stop crying for a few minutes and then begin again.

Much of his suffering can probably be prevented by following these simple rules: Don't feed your baby too much or too often. However, be sure that he gets all the food he needs.

Yalta Papers Sought For Years

WASHINGTON (AP)—The Yalta papers. What are they? A better question might be: Where were they? A State Department team spent years trying to find them and put them together. The main ones are together now.

They are a record of what went on before and during the February-1945 wartime Yalta conference of President Roosevelt, Winston Churchill and Generalissimo Joseph Stalin.

Now that he has the papers all together, 840 pages in galley proof, printed by the government printer, Secretary of State Dulles isn't sure what to do with them. He has 26 sets of these papers, bound in paper.

There is no word-for-word record of what was said at Yalta. No stenographer took shorthand notes. But many of those present kept notes, some a lot, some a few.

The Yalta papers are made up of those notes, plus documents resulting from the conference, letters exchanged before it, and various State Department memoranda in preparation for it.

In the years after the war several State Department officials, in their spare time, searched for the Yalta papers. In 1953 the Eisenhower administration ordered that the gathering of the papers be made a full-time project.

Three State Department officials concentrated on the job, with help from others.

Some Yalta papers were in a central filing area of the State Department. But they were inadequately classified. So a hunt had

to be made there, and then through the rest of the department. Some department people connected with the conference still had papers relating to it filed in their own offices. These had to be tracked down. The research team had to get other papers from the armed forces. Roosevelt papers at the Hyde Park Memorial Library had to be combed over. And the researchers had to depend for some of their clues on the published memoirs and

biographies of some of those at Yalta.

From what can be learned, some of the things said among the Big Three might, if published now, embarrass this country a bit. Roosevelt is said to have made a slip crack about Germany, now an American ally.

Dulles yesterday refused to say yes or no to this question: Did Churchill ask that the Yalta papers not be published? Dulles said they will be published someday—it's just a question of when.

Try and Stop Me

BANKER KADISON'S new secretary was the worst speller he ever had hired, but she was also the most alluring so, instead of firing her, he began to take her out nights. She envisaged matrimony, but gradually it dawned upon her that such an idea was farthest from his thoughts.

One day she strolled into his inner sanctum and threatened, "Two weeks from today I sue you for breach of promise unless I can sign myself 'Mrs. Montmorency Kadison.'"

"Sign it?" pooh-poohed the banker. "In two weeks' time you couldn't even learn to spell it!"

A cosmetic salesman made no mistake in grabbing my arm and demanding, "Have you heard of the perfume company that went into bankruptcy and settled for thirty cents on the dollar?"

Cage Code Faces Few Alterations

KANSAS CITY, Mo. — Despite the commotion over the bonus free throw and stalling this season, college basketball's code for 1956 may remain virtually unchanged.

This was the consensus of some 300 mentors assembled today for the 25th annual convention of the National Assn. of Basketball Coaches.

The college group weighs prospective rules changes for the National Basketball Committee which meets Sunday and Monday to draw up next season's playing code.

An authoritative source said the free throw rule and undue stalling would be prime discussion subjects at the confab.

But this source said most coaches felt the bonus free throw—an extra toss for a successful one-shot foul—was an improvement over the previous "one and one" foul setup in which a second toss could be tried if the first one missed.

As for stalling, the sentiment of coaches seemed to be that the college game is not likely to follow the pro requirement of shooting within 24 seconds of gaining possession.

JACK NAGLE, MARQUETTE COACH, WHO'S PERFORMING ONE OF THE SPORTS' GREATEST TURNABOUTS
BUT THEY'VE BEEN ONE OF THE SEASON'S SENSATIONS WITH THEIR OVER-20 GAMES WIN STREAK—THE BOYS HOPED TO CONTINUE THEIR CINDERELLA STORY IN THE N.C.A.A. TOURNEY HAVING BEEN THE FIRST TEAM PICKED FOR THIS CLASSIC.

Duquesne, Dayton Favored Tonight

NEW YORK (AP)—Off the record and vital statistics, Duquesne and Dayton are favored to make it through tonight's semifinals into the title showdown of the National Invitation basketball tournament, but Little St. Francis, Pa., the people's choice, just might make it tough for the Ohio Flyers.

St. Francis is a newcomer to tournament playoffs compared with Dayton, twice a NIT runner-up. The Frankies haven't gotten this far in postseason competition since losing the Catholic tourney title to Marquette in 1952.

A year ago, St. Francis bowed in the quarter-finals, but not before the Frankies and their one-man gang, Maurice, (The Magnificent) Stokes had won over the fans. St. Francis still has the fans on its side, particularly after Stokes' performance as the Frankies beat Seton Hall 89-78 and defending champ Holy Cross 68-64.

One thing for sure, The Frankies are "up" for this one. They've been pointing for Saturday's title game since dropping Holy Cross Tuesday. After that victory, Coach William Skip Hughes made it plain where his thoughts were.

Asked whether he prefer to meet St. Louis or Dayton in the semi-finals, he quipped back: "We want Duquesne."

If the Frankies are to get the Dukes, they'll have to bag the Daytonians, which looks almost impossible. The Flyers have the height in 7-0 Bill Uhl and 6-9 Johnny Horan. They also have snappy Jack Sallee, who counted 23 points as Dayton overcame St. Louis Tuesday.

Against the trio, Hughes has the 6-6 Stokes and a zone which he admits must be about the worst in the nation.

Sports Roundup
BY GAVILE TALBOT
BRADENTON, Fla. (AP)—For a club which finished eight games off the pace last year, the Milwaukee Braves are a remarkably confident outfit as they play to capacity crowds day after day in preparation for the coming National League race.

They already are being hailed as champions by their justly famous followers, who think nothing of wheeling down here by the busload to get a preliminary look at them. Manager Charlie Grimm could discuss his intentions only during the brief lapses when his telephone was not ringing.

Bobby Thomson, whose broken right ankle in spring training a year ago badly hurt the team's chances, came in dripping from the field to use Grimm's phone, and Charlie muttered that the place looked like Union Station.

Thomson was calling the specialist who set the break, making an engagement to have him look it over. It was the first chance he had had since reaching camp.

Earlier we had watched the big outfielder sprint perhaps 100 yards out near the fence, and he looked like his old speedy self. He expects to be in left field on opening day and to remain there.

"I don't mind saying I'm optimistic," Grimm said. "I'd say we have at least as good a chance as anybody. If for no other reason, we figure to be stronger than having Thomson in there from the start. But there are other reasons. One of the main ones being a good deal stronger bench than last year."

Raschi Hampered By Lame Back
ST. PETERSBURG, Fla. (AP)—Big Vic Raschi, St. Louis Cardinals right-handed hurler, still is bothered by a lame back.

Raschi, who had a disappointing 8-9 record last year after coming to the club from the New York Yankees, was scheduled to pitch his first spring game yesterday but couldn't make it.

Manager Eddie Stanky said the seriousness of Raschi's ailment hasn't been determined.

Cub Pitchers Make It Rough, But Giants Rack Up 5-3 Win

The Associated Press
All things but championships come in pairs at Wrigley Field on Chicago's near North Side, where no pennants wave on the walls of ivy. It was Larry French and Bill Lee who pitched the Cubs to their 1938 pennant. Hank Wyse and Hank Borwy did it in 1945. Billy Jurges and Billy Herman once plugged the middle. More recently, it's been Hank Sauer and Ralph Kiner in the outfield and Ernie Banks and Gene Baker on the double play.

Now, it's Bob Thorpe and Hy Cohen, a pair of right-handed youngsters who may breathe some life into Manager Stan Hack's wheezing mound staff.

Thorpe, 30, hung up the best record in the minors last season at 28-4. He's the first kid ever to jump from Class C, to the Cubs.

Cohen, 24, had a 1.88 ERA last season with Des Moines, an all-time low in the Western League. The 6-5, 215-pounder had a 16-4 record after returning from service. He started the year at Los Angeles as 0-0 in nine appearances. Six shutouts, 100 strikeouts and only 33 bases on balls are on his '54 record.

The youngsters showed their stuff for Hack and the Cubs yesterday. And although the world champion New York Giants took the game 5-3, they didn't take much from the two kids.

Thorpe gave up just one hit in three shutout innings. Cohen had trouble with Willie Mays and Monte Irvin but breezed past the rest of the champs. Mays and Irvin both figured in the two runs Cohen gave up. Irvin who slapped a bases-loaded single off rookie Al Lary to break it up in the seventh.

Another Giant crew ran into a pair of veteran hurlers in Bob Feller and Bob Lemon and dropped a 6-4 decision to Cleveland. Feller, making his spring debut, blanked the Giants for three innings. Then New York slugged Lemon for three runs and half of their 13 hits in the third.

Big innings were the rule yesterday. Brooklyn, which got three hits each from rookie Don Zimmer and Roy Campanella, slammed Baltimore for five runs in the first and five more in the third on route to an 18-8 romp. Philadelphia also had a pair of five-run innings, coming from behind twice to clip Boston's Red Sox 17-2.

And the Milwaukee Braves got five walks and four unearned runs in a five-run eighth to beat the St. Louis Cardinals 11-10.

The Kansas City Athletics hammered five home runs to beat Detroit 8-3. Joe DeMaestri, Bill Stewart, Don Bollweg, Jim Finigan and Bill Renna homered for the A's, two off Billy Hoeltz and a dnothree off Frank Lary. It was the first spring victory for Kansas City.

The Chicago White Sox scheduled just one game with the New York Yankees this spring and ran off with it 3-1 on the three-hit pitching of Bob Chalkles and Sandy Con-

Wes Santee Due To Run In Pan-Am Games Today

By BOB MYERS
MEXICO CITY (AP)—Wes Santee was here to run in the 1,500-meter qualifying heats today in the Pan-American Games.

More noteworthy was the point that the lanky lad from Kansas slipped into town most unobtrusively.

And 24 hours later Santee, who can talk himself into and out of everything but the four-minute mile, had not issued a statement regarding the games, the track, the four-minute mile or West Santee.

Santee renewed acquaintanceship with at least two familiar rivals, Bob McMullen of the U. S. Army and little Fred Dwyer, who wrestled him to a one-fall finish in the epic Millrose Mile in New York this winter.

Meanwhile, the United States' lead for the unofficial championships of the games continued to bulge.

Faded by her powerful track and field team, and with the aid of winners in the lesser sports, the unofficial points today had the

U. S. A. in front with 279.
The leading rivals were Argentina, the defending Pan-Am champion, 904; Mexico and Brazil tied with 364; Cuba, 25; Chile, 27; and Venezuela, 26.

Uncle Sam's track and field men inflicted three more one-two scoring punches yesterday.

The Gold medal winners for the U.S.A. were L. Rod Richard in the 200 meters, with time of 20.7, one tenth of a second over the best in the world; big Bob Backus, of New York, in the hammer throw, with 54.91 meters, or 180 feet 1 3/4 inches, and Barbara Jones, Chicago, in the 100-meter dash in 11.5.

All marks were new meet records.

Placing second were Charley Thomas, of Texas; in the 200 meters; Martin Engel, of New York, in the hammer throw, and Mae Fagg, New York, in the 100.

Ferris Fain Sure He'll Be Ready

LAKELAND, Fla. (AP)—Ferris Fain, taking a slow, cautious approach to spring training, is confident he'll be fit for regular duty at first base for the Detroit Tigers, his third American League club.

There was deep gloom in the Tiger camp after the first workout when their new first baseman barely was able to limp around. Everybody was concerned, especially the pitchers who had been counting on a tighter defense with a flashy fielder at first.

The front office was alarmed for it had given up Walt Dropp, Bob Nieman and Ted Gray last winter to get Fain and two others who figured only for reserve duty. Fain was the key to Detroit's side of the swap.

By the time of the first exhibition game, Fain was taking batting and infield practice and doing limited running. On the advice of Manager Bucky Harris, he didn't even go with the club when he left for three road games. Fain finally broke into the lineup last Sunday and is working his way toward a full nine-inning job.

Detroit made the deal for Fain after a scout advised the front office that the infielder had recovered from a knee operation of last July. Fain was injured in a tangle with Sam White, Boston Red Sox catcher, while sliding into home plate last June. He was hitting .302 at the time and seemed on the way back after his dismal 25th season in '53. Fain never played another inning for Chicago.

"The knee" was coming along fine until I slipped on some grass while hunting last fall," said Fain.

"Then I fell off a scaffold while working on my rumpus room at home."

Morey showed signs of tantalizing his play-for-pay colleagues by tying the course record with a practice round 68.

Over 150 Tee Off In Gulf Coast Golf Tournament

GULFPORT, Miss. (AP)—Dale Morey of Indianapolis, Ind., and three other amateurs promised stiff resistance to professionals today as a field of more than 150 teed off in the \$5,000 Gulf Coast Invitational Golf tournament.

Last year, amateur Eddie Merriam of Meridian, Miss., won the tournament with a 5-stroke bulge over the nearest professional. His 78-hole card of 275 was nine strokes under par and set a record for the Great Southern Country Club course.

Morey showed signs of tantalizing his play-for-pay colleagues by tying the course record with a practice round 68.

With the addition of Kansas City to the American League schedule, the Washington Senators will travel an additional 2,816 miles this year.

Seminole Hi

By YVONNE CULLEN
Everyone was glad to see Mr. Morris back with us, even if only for a short while. He's really been missed by all of us around S. H. S. and it sure seemed good to see him again.

The Crate was enjoyed by everyone Saturday night, and if more of you kids would come and give it a try, I think you would like it. Mr. Angel's really been trying hard for us, and we really appreciate it.

We have a new teacher added to our faculty, due to the absence of Mr. Ganas. She is Mrs. Bateman, who will teach the Business Arithmetic classes in place of Mr. Fleming, who is taking care of Mr. Ganas' gym classes during his absence.

The Glee Club Ball is coming up in about two weeks, so all of you boys had better hurry and get a date. It will be formal, with no corsages. All alumni are cordially invited.

Some gossip: Joe Davis is entranced with a new Freshman girl, but Mary Ann Roxtan is still giving him Mambo lessons. It seems that Barbara O'Barr has been bitten by the love bug for Bob Reilly, she's still walking around the hall in a daze.

Everyone's glad to see Ann Britt back with us from Jacksonville, and maybe I should say especially John Edward Jones. Patti White has gone to Fort Myers to spend the week with her mother and father, and also her sister Donna, her husband, and their new baby.

Elizabeth Woodruff's still playing the field, but I think that it's still Elizabeth and Ernie. There's no other couple around anywhere. Harriet Redding and Tommy Wyatt are still going fairly steady, but from what I heard two days ago, Harriet's really got some competition. Good luck to you Harriet, 'cause you're sure going to need it.

Johnny Higgins and Jean Kenney are still on of the cutest, and best liked couples in S. H. S. Everybody's glad to hear that Harold Pate, and Terrelle Jean Nelson are back together again. It just didn't seem quite right with them not always together.

Iris Causey is still crazy about Robin Brown, but it looks like Robin's just got to stay plain Robin, and just plain Robin doesn't include just one girl. Who's this Junior Girl with the "crush" on Jimmy Mays, a freshman. Somebody told me that it was Dawn Ann Pearson. That true Dawn Ann?

Betty Bryan and Wendell Hirt are still quite the "steady" couple, and I don't think anyone's going to change that real soon. Mary Ann Wright's got a "crush" on a college boy, and from the way things look now, he's not just about as bad a "crush" on Jimmy Mays, a freshman. Somebody told me that it was Dawn Ann Pearson. That true Dawn Ann?

Guess that's all for now, be seeing ya!

Miami Has Birds From Polar Region

MIAMI, Fla., (AP)—Eleven rare Emperor-penguins from the South Polar regions arrived here early yesterday en route to Washington to become the only known members of their species in captivity.

The birds were picked up by crewmen of the USS Atka, a Navy icebreaker, on its expedition to the Antarctic.

The Atka brought the penguins to Buenos Aires, where they were transferred to a Pan American cargo clipper for the 4,600-mile flight to Miami.

The Emperor, smaller than his cousin, the King penguin, weighs about 60 pounds and stands about three feet. They are believed to live as long as 50 years in their native habitat.

Insurance payments for damage in 1954's hurricanes Carol and Edna were about 188 million dollars, not including auto and marine losses.

A retired Orlando businessman was instantly killed to day when a tractor-trailer truck smashed into his car of U. S. Highway 17-92, eight miles south of Sanford.

The victim, Charles Anthony "Dixie" Kuhr, 68, of 1002 Lowell Blvd., Orlando died of multiple head and chest injuries.

Kuhr formerly operated a chain of filling stations in the Orlando area. He was well known here.

The truck plowed into the right side of his 1951 Oldsmobile sedan, knocking the car 20 yards from the point of impact. Damage to the car was estimated at from \$800 to \$1,000.

Paul J. Taggle, 41, of Joplin, Mo., driver of the 1955 Autocar Cummings diesel truck, was uninjured. Damage to the truck was estimated at \$1,500.

The truck was reported to be loaded with produce.

Some of the accident was near the road to the Sanford-Orlando Avenue Club track.

Kuhr was going north at an estimated 25 miles per hour and the truck was going south at a speed estimated at 25 to 30 miles per hour.

The accident occurred at 9:15 a. m. as Kuhr suddenly came upon a line of stopped cars. Mrs. Joe Moody, Fern Park, driver of the car at the head of the line, was trying to make a left turn into the driveway of her home. She was sitting far to the southbound traffic lane to travel.

Kuhr, startled by the unexpected line of cars, cut his car to the left and into the path of the truck. A witness, George Smith, of Melrose Park, Ill., in the car behind the truck, told officers how the accident occurred.

Kuhr's body was taken to the Cox Parker Funeral Home at Winter Park. The coroner is Dr. Mark Mack and Carl Williams.
