THE ROMANS MOVED RIVERS

In this age of technological wizardry never seen at the past. The Roman engineers who designed this aqueduct in Spain were brilliant men. Skill such as theirs, more than the might of Caesar's armies, fashioned the vast civilization of the Empire.

In this age of scientific discovery never overlook the Truths long ago revealed. Christianity was born in a remote province of ancient Rome. It suffered generations of persecution until it converted even its persecutors. And when barbarians overran the Empire, our faith found a foothold in their hearts as well.

In a civilization of modern marvels the Church still raises its towers of truth. And when, next Sunday, we come with our families to worship, somewhere a congregation will be singing:

O where are kings and empires now / But, Lord, thy Church is praying yet —
Of old that went and came? / A thousand years the same!

SNAS Flier Killed In Sea Crash

Seminole County on the St. Johns River "The Nile of America"

The Sanford Herald

Zip Code 32771

WEATHER: Partly cloudy through Tuesday with some showers; high today in middle 80s; low tonight in 70s.

VOL. 56 United Press Leased Wire Established 1908 MON., SEPTEMBER 21, 1964 SANFORD, FLORIDA NO. 282

Got any nice straight chairs you don't need? How about donating them to the Sanford-Seminole Art Association. This group has grown rapidly and now has 57 members, but only 23 chairs available in the Cultural Arts Center. Each member is urged to bring a chair if he has one to spare. Contact Mrs. Helen Dewitt if you have a chair to donate to a good cause.

The nice cool breezes are blowing something our way—as attested by our sneezes and those of others we hear—goldenrod, we suppose.

Quote of the Week:—"I'm upset with the Supreme Court—they go too far afield in their interpretations of the Constitution." Judge Volie Williams speaking on Constitution Week.

This is National Dog Week. The dogs don't care, but we thought you might like to know. Give old Rover a bone with a little more meat on it. He leads a dog's life . . . and what a life!

Don't eat up all those canned foods you stocked up on before Cleo and Dora. You may have some more company. And if you have dangerous limbs hanging from trees around your house, better get them trimmed off.

Things we'd like to photograph: Fellow tells us a big St. Bernard dog chases his Volkswagen every day when he drives by. Wonder what'll happen if he catches it?

Little Mike Pyle (he's almost nine years old) and his Dad, Hank Pyle (he's considerably older than that) took a Clock Watcher to the Navy plane salvage site the other afternoon and the lake was rough. The Clock Watcher says he's still sitting carefully and walking with the help of liniment. Pyle's Lake Monroe Inn boat isn't quite built for the high waves it encountered that afternoon. But, they made it.

Keeping accurate records is always important—but even more so for the County Commission on emergency projects for which it hopes to be reimbursed by the federal government if Seminole is declared eligible for disaster relief funds. During Hurricane Donna the Board received some \$35,000 in emergency funds but because of certain records (under procedures about which the Board was not informed) some of the money had to be returned.

The County Commission, while discussing the various projects desperately needed throughout the county, entertained the idea that some precedents might be set. But Chairman Jim Avery commented: "Gentlemen, we have to accomplish some of these projects. If we wait until we can do them all, we'll sit here for 60 years and get nothing done."

Mrs. W. T. Walker of Oviedo, who recently attended a convention of the State Association of Tax Assessors at Cocoa Beach, was re-elected to the office of treasurer of the state organization for the third consecutive time. The convention was held at Cocoa Beach's Cape Colony Inn.

FRANK EVANS

Frank Evans Dies After Long Illness

Frank Evans of Lake Mary, a pioneer of Seminole County and one of its biggest boosters, died Saturday night after a lengthy illness. He was 85. Mr. Evans came to this area when he was three years old. He was the son of the late Dr. and Mrs. William H. Evans and was born in Preble County, Ohio, on Aug. 28, 1879. He was a Spanish-American War veteran and one of the three surviving members of Camp 13 in Sanford.

Holley Visits Sanford For Handshaking

Republican gubernatorial candidate Charles Holley of St. Petersburg was to be in downtown Sanford today from 3 to 5 p.m. for a handshaking tour. At 4 p.m. he was to be taping a radio broadcast in the new municipal parking lot of First St. Guy Allen, candidate for tax assessor, was to be his local host. Tonight he will make a major address at the DeBary Community House on Shell Rd. and the public is invited. The DeBary Republican Club is sponsoring his appearance and those attending will have an opportunity to meet Holley informally during the social hour that follows his talk.

Mae Resting
HOLLYWOOD (UPI)—Actress Mae West, 72, was reported in "satisfactory" condition today in Cedars of Lebanon Hospital, where she was admitted last Thursday for treatment of a "nervous collapse."

2 Jaycee Groups Drive For Votes

The Sanford Seminole Jaycees and the South Seminole Jaycees have joined in a program to remind the citizens of Seminole County that they must be registered in order to vote in the general elections to be held in November. The Sanford Jaycee club will cover the north end of the county during the 11 days remaining until Oct. 3, the last day for registration; reminding all citizens of the need to register and of the hours the registrar's office is open. Mrs. Camilla Bruce is keeping the registrar's office open from 9 a.m. to 9 p.m. Monday through Friday and 9 a.m. to noon on Saturdays, until Oct.

W. O. Livingston, Sr. Dies Here At 63

William O. Livingston Sr., of 1800 Forest Dr., customer service supervisor of the Florida Power & Light Co., died Saturday. He was 63. He had lived here for the past 22 years and had been employed by Florida Power & Light for the past 33 years, part of that time in Palatka. Mr. Livingston had also served as secretary of the Sanford Elks Lodge for the past 10 years.

W. O. LIVINGSTON SR.

He was also a member of the Sanford Lions Club and All Souls Catholic Church. In 1956, Mr. Livingston suffered a heart attack but recovered and resumed his duties. Last Thursday he suffered a stroke and was hospitalized until his death. His survivors include his widow; a daughter, Mrs. John M. Fitzpatrick of Sanford; a son, William O. Livingston Jr. of Mobile, Ala.; and seven grandchildren.

Funeral services were held at 11 this morning at All Souls Church with the Rev. Richard Lyons officiating. Burial was in All Souls Catholic Church Cemetery.

Gladys Brushes Bermuda With Gales, Squalls

HAMILTON, Bermuda (UPI)—Hurricane Gladys brushed Bermuda with gales and squalls today as it bypassed the British resort island with 100 mile an hour winds.

It was the second glancing blow of the season for Bermuda. Hurricane Ethel's fringes winds caused \$30,000 damages on the island less than two weeks ago.

At 11 a.m. EST, Gladys was centered about 200 miles west of Bermuda, near latitude 31.7, longitude 69.5. It was moving toward the north at 8 MPH.

The combination of the hurricane offshore from the mainland and a high pressure system south of Nova Scotia caused rough seas and gusty winds with tides one to three feet above normal along the U. S. Atlantic coast from Cape Kennedy to New York.

"Small craft along the coast and through the outer Bahamas should remain in protected waters," the weather bureau said.

Hurricane Gladys packed winds up to 100 MPH in squalls spreading 75 miles away from the center. Its gales fanned outward 400 miles to the north and east and 250 miles to the southwest.

Westside Fire Group Chartered

The Westside Volunteer Fire Department has been chartered by State Secretary Tom Adams as a corporation. The new department will be headquartered at Lake Monroe, according to Adams' office.

Papers were filed Sept. 9 by Atty. Mack N. Cleveland Jr. Listed on them were George W. Bell, Nathan Stripling and Mary Hittell.

Reds Shoot Four ROK Soldiers

SEOUL, Korea (UPI)—The Republic of Korea army announced today that three men believed to be agents from Communist North Korea shot and seriously injured four ROK soldiers on Saturday near the Bruce line.

Pilot Rescued In Landing Accident

A Sanford based Navy flier was killed last night after ejecting from an RA-5C Vigilante reconnaissance bomber which crashed during a landing attempt aboard the carrier USS Saratoga operating off the coast of the Carolinas.

Fatally injured was the bombardier-navigator, Lt. John Haisten, 36, of Reconnaissance Attack Squadron One (RNAH-1) based at Sanford Naval Air Station.

The pilot, Lieutenant Commander Edward O. Williams of 107 Lake Mimie Drive, Sanford, was rescued at sea after escaping from the aircraft with minor injuries.

Saratoga officials report the plane struck the end of the ship's flight deck, skidded across the landing area and plunged into the sea.

Observers state that both fliers apparently made successful parachute ejections; however, Lt. Haisten may have been dragged by strong surface winds. The cause of death has not been determined.

RNAH-1 was conducting carrier qualification trials aboard the Saratoga at the time of the accident which occurred at 10:04 p.m.

Lt. Haisten, a 19 year Navy veteran, had been attached to RNAH-1 since June 17, 1963. He is survived by his widow, Mrs. Peggy June Haisten, and two children, Michael 10, and Jeffrey, 7, all of 5507 Still Avenue, Orlando, Fla.

LT. JOHN HAISTEN

Seminole Sued By North Miami Beach

Seminole, along with some 18 other counties in the Central and South Florida Flood Control District, is being sued by the City of North Miami Beach.

County Commission Chairman James P. Avery has been served with pleadings by a federal marshal and County Attorney Harold Johnson said today that the suit is an outgrowth of assessment procedures ordered by the courts for Dale County.

Johnson explained that the suit is an effort on the part of North Miami Beach to stop the procedure of increasing Dale County's assessment to a 100 percent basis and keep assessments in all counties the same until a uniform plan is set up.

A tax rate of .75 mills is assessed in all counties involved in the flood control district. Yet taxable properties in these counties, the suit alleges are assessed at evaluations ranging from 42.02 percent in Volusia to 100 percent in Osceola. The suit alleges that Seminole County's taxable property is evaluated at 90 percent which coincides with figures accepted here.

More Buses
HAVANA, Cuba (UPI)—The East German freighter Karl Marx arrived here yesterday with 30 more British-made buses. It brought to 87 the total of buses shipped here by the Leyland Motor Co. of England.

A GRIM REMINDER to drive carefully has been made for this city and will be placed in strategic spots throughout the area for all motorists to see. The sign tells the number of days since a fatal accident has occurred. Shown with it are, from left, City Manager Warren E. Knowles, Mayor A. L. Wilson, Police Chief Roy G. Williams, Patrolman Carl Dodson who made the sign and Florida Highway Patrol Cpt. Bill Stringfield.

The Lake's Awash With Snakes

A stern warning to stay away from the lakefront area east of Park Avenue was given this morning by the city manager's office when water moccasins and rats were found in heavy numbers in that area.

Warren E. Knowles issued the warning today after a workman reported the snake threat while he was pushing hyacinths back into the Lake Monroe.

Knowles said a large number of snakes and rats were

spun back into the water by the workman using a grader. "We earnestly hope people will stay away from the area," Knowles said.

Meanwhile, he reports a huge cave-in at Palmetto Avenue and Seminole Boulevard. The road has been closed, he added, from Palmetto to Mellonville Avenue due to the high water.

The lake gauge leveled off at 7.3 feet above sea level Saturday and Sunday and is expected—barring further rain—to begin lowering in a short while.

Six-Jet XB70 On Maiden Flight

PALMDALE, Calif. (UPI)—The revolutionary XB70 six-jet plane took off today on its maiden flight—the first step in pioneering future supersonic airliners that will dash across the nation in only 90 minutes.

The triple-sonic Air Force ship, one of the most controversial and advanced planes ever built, swept skyward from Palmdale Airport at 8:39 a.m. PDT (11:39 a.m. EDT) on its first and crucial baptismal test trip.

It was due to land at nearby Edwards Air Force Base after a fully simulated flight of less than two hours over the Mojave Desert.

As the XB70 shot 5,000 feet down the runway and streak-

ed with spectacular power into the sky, looking like a giant white dragonfly, it heralded a new era of flight for large transport-type aircraft.

The ship streaked into the sky with an almost deafening roar as its engines generated a thrust equal to a thousand 200-horsepower automobiles. The engines trailed dark exhaust into the clear desert sky.

An Air Force spokesman called it a "beautiful take-off."

The Air Force said the event could spell "the turning point in aviation history" for the trouble-plagued experimental ship which has cost taxpayers \$1.5 billion to put into the air.

Reapportioning Hearing Set For Thursday

TALLAHASSEE (UPI)—The state supreme court today set Thursday at 9:30 a.m. for oral arguments on a suit seeking to remove the 43-senator, 112-representative reapportionment plan from the November ballot.

The full seven-man court will hear the case, brought by St. Petersburg Mayor Herman S. Goldner on behalf of the mayor's council on fair apportionment.

Goldner is appealing from a Leon County Circuit Court decision which left the proposal on the Nov. 3 general election ballot. Circuit Judge Hugh Taylor said the voters should have a chance to express themselves, even if the only legal effect of the public approval might be the stamp of approval on a temporary de facto Legislature whose primary duty would be to submit another plan that would meet requirements of the federal constitution.

Goldner contends a public vote on the amendment is a waste of taxpayers' money since the substance of the proposal has been declared unconstitutional by the U. S. Court. There is some need to rush a final decision on the matter since the secretary of state will certify to local voting registrars on Oct. 3 the final form of the election ballot.

No Rail Strike Seen Tuesday

WASHINGTON (UPI)—A management source expressed a measure of optimism today that a threatened nationwide railway strike can be averted before a scheduled walkout Tuesday.

Representatives of the railroads and the six unions involved in a thorny work rules dispute met together throughout the morning.

About noon when the management representatives emerged from the closed negotiations to allow the union spokesmen to caucus, one railroad source commented: "There is nothing definitive at this point but I don't expect it to go to a strike."

Unless an agreement is reached, the unions representing 150,000 shop craftsmen who handle repair work have indicated they would walk off the job at dawn Tuesday.

The strike would cripple 117 of the nation's railroads except the Pennsylvania, the Long Island, the Southern and the Florida East Coast.

Oviedo PTO To 'Answer Linkletter'

By Evelyn Lundy
Oviedo School PTO will hold its first business and program meeting of the year Tuesday at 8 p.m. with the program to take the form of "Oviedo's Answer to Art Linkletter."

Mrs. Milton Gora, program chairman, has announced that those taking part will be Bob Ward, who will act the part of Linkletter; and children, some pre-schoolers, Pam West, Gary Metcalf, Barbara Mackey, Clayton Bessley, Nancy Helder, Krogg Pendarvis, Cindy Ward, Glenn Stoner and Scherri Raw.

A brief panel discussion concerning policies of the school will be conducted by the entire teaching staff with the parents.

Care will be provided for children from three to 10 years and refreshments will be served in the cafeteria following the meeting.

Parents, if they desire, will be given opportunity to meet their child's teacher.

Mrs. Gora urges all parents and interested citizens to attend this meeting.

Vegetable Men Will Honor Researchers

MIAMI BEACH — Outstanding researchers who have made significant contributions to Florida agriculture will be honored during the opening session of the 21st Annual Convention of the Florida Fruit and Vegetable Association Tuesday at Miami Beach.

George H. Wedgworth, Belle Glade, chairman of the association's research committee explained that eligibility for the awards is intentionally broad, covering those who work in private industry, state or governmental organizations or departments, educational institutions or on their own projects.

Wedgworth said, "Scientific research has played a singularly important role in the growth and expansion of the Florida agricultural industry over the years."

Winners in 1963 were: Dr. W. T. Forsee Jr., Chemist-in-Charge, Everglades Experiment Station, Belle Glade, in recognition of his research correlating optimum plant response to fertilization of muck soils and Dr. George F. Weber, Professor of Plant Pathology, College of Agriculture, University of Florida, Gainesville, Florida, in recognition of his basic research on the symptoms and life cycles of major diseases affecting Florida vegetables.

In 1967 one of the winners was Dr. R. W. Ruprecht, vice director of the Central Florida Experiment Station, Sanford.

Club To Meet
Bear Lake Home Demonstration Club members will hear Miss Myrtle Wilson, agent, discuss "food additives" at their first meeting of the current year to be held Tuesday at 7:30 p.m. at the home of Mrs. John Dolina, 2222 Holiday Ave., Bear Lake.

Board Orders County Storm Damage Check
The County Commission Friday ordered a detailed survey of public damages in Seminole County caused by Hurricane Dora.

County Auditor Ashby Jones attended a Civil Defense meeting in Jacksonville and reported to the Commission that the county must submit an application, listing in detail—item by item—the projects the county has and will take to provide temporary relief.

Further, Jones reported that Civil Defense officials said all work done on emergency projects must be done by county workers on an overtime basis or by extra employees.

The county took immediate action to comply by authorizing County Engineer William Bush to prepare the application and allied papers documenting expenditures being made.

Deltona Pioneer Club Invites Newcomers
By Mildred Hasey
The semi-monthly meetings of the Deltona Pioneer Club are getting better and better. The meetings held on the first Monday evening of each month start with a six o'clock carry-in dinner. After a short business meeting, "Deltona" is played with an offering of lovely prizes.

The meeting last Monday attested to the popularity of this program and all members greatly enjoyed both the dinner and the game. The second meeting of the month, to be held this evening, includes an invitation to all families who have moved into Deltona since the meeting the month before. This gives the newcomer a chance to meet the Pioneers who helped get Deltona started and also to meet each other.

A social hour and refreshments are the order of that meeting.

Young GOPs To Meet Tuesday
The Seminole County Young Republican Club will hold the second in a series of Goldwater Victory Strategy Meetings at the Florida State Bank Tuesday night at 7:30.

The group is scheduled to complete a canvass of all registered voters and will plan a program of meeting voters on a block by block basis in every Seminole precinct.

The club will also make final plans for implementing "Operation Registration"—a program to get all Republicans registered by Oct. 3.

Sandy Bassett, group chairman, said that a TV set would be installed so that those attending the meeting could witness the Goldwater Eisenhower television program at 8:30 p.m. Tuesday.

Funeral Notice
LIVINGSTON, WILLIAM M., Sr. — Funeral services were held this morning at 11 o'clock at St. Paul's Catholic Church for Mr. William O. Livingston, Sr., 1500 Forest Dr., who died Saturday, the Rev. Richard Lyons officiated. Mr. Livingston is survived by his widow, a daughter, Mrs. John M. Fitzpatrick of Sanford; a son, William O. Livingston Jr. of Mobile, Ala.; seven grandchildren; Brian Funeral Home was in charge of funeral arrangements.

"LET'S TALK DRY CLEANING"
By WOODROW CASH
The bells are ringing—school bells, that is. The long summer vacation lies behind and once again it's the time of year when all of us who drive should start taking a little extra care when driving near a school zone.

For the average Mom getting ready for school days is a hectic period. It means getting slacks and skirts, sweaters and blouses, jackets and coats all ready for wearing. We can take a lot of strain out of these preparations. Just send us that junior wardrobe now and we'll have it back to you, clean and fresh and smart looking, in time for school day wear.

As every parent knows, children aren't exactly easy on clothes. Scuffles and squabbles, games and accidents take their toll. Spilled ink and paints and many other hazards put spots before your eyes. Lost buttons and little tears in the fabrics and grass stains from an impromptu football game—all these are part of the normal pattern.

Well, that's where we come in. Repairing and cleaning, removing spots and stains, restoring crispness and freshness to school-area wardrobes is part of our business. Just give us a call for prompt pickup and delivery.

NOT RESPONSIBLE
I will not be responsible for any debts incurred by anyone other than myself.

Longwood PTO Committees Announced
By Donna Estes
A. L. "Doc" Watson, president of Longwood Elementary PTO, announced committee appointments at a meeting of the executive board held Thursday evening at the school.

Chairmen named were Mrs. Ann Wilcox and Mrs. Eula Scott, membership; Mrs. Elda Nichols and Mrs. Dottie Lock, program; Mrs. Mary Rowell, ways and means; Mrs. Jackie Tison, homeroom mothers; Mrs. Pauline Stevens, devotional; Mrs. Virginia DelVillaggio, movies; Mrs. Grace Rhoda, public relations; Mrs. Vickie McGough, clinic; Mrs. Mildred Escalvon, library; Mrs. Phyllis Black and Mrs. Eva Joe Hicks, hospitality; Mrs. Mona Grinstead and Mrs. Elaine Singleton, child welfare; Mrs. Ruth Watson, beautification; Mrs. Margaret Helms, historian; and Charles Bell, county representative.

The first meeting of the PTO general membership is scheduled for Tuesday beginning at 8 p.m. in the auditorium. Teachers will be introduced by Louis Kosky, principal. Budget and projects for the year will be decided. Refreshments will be served by the executive board. Room visitation will precede the meeting beginning at 7:15 p.m.

Deltona Club Wins WW Prize In Ocala

By Mildred Haney
Twenty-five members of the Deltona Welcome Wagon Club returned last Wednesday from their Ocala outing proud and happy. They were proud of the fact that even though their club is one of the most recent to be organized in Central Florida, they had the most members, percentage-wise, attending the meeting of over 200 Welcome Wagon Club members.

Mrs. Mary Tucker accepted the prize check as the Club representative.

The mixer and orange juice hour started at 11 a.m. followed by a most delicious luncheon. The Equity Guild players of Ocala put on a hilarious and entertaining skit portraying several Welcome Wagon house calls on "newcomers."

Most of the lovely door prizes were offered by Ocala businessmen. A set of "Britannica Encyclopaedia" also was given away as well as an adorable "Barbie" doll complete with a \$30 wardrobe.

The women were thrilled when Laurette Harris of Ocala, emcee, announced that all rides and concessions offered in Silver Springs were to be free to all ladies wearing their Welcome Wagon identification tags. The most enjoyable of these were the trips on the glass bottom boats and the jungle cruise.

As the ladies alighted from the chartered bus which brought them back to Deltona and Deltona, they all vowed that they wouldn't miss another event offered by the Club and hoped there would be one soon.

AN AMERICAN FLAG has been presented to Seminole High School by Congressman A. S. Herlong. The flag is being offered above by Ronnie Hull, right, congressional page during the summer, to a school official, Tom Richey.

Lawmakers Deny Approval Of Herlong Apportioning Plan

WASHINGTON (UPI) — Other members of Florida's congressional delegation Friday denied a claim by Rep. A. S. Herlong Jr., D-Fla., that the delegation had reached tentative agreement on a congressional redistricting plan.

Herlong this week sent maps outlining the plan to state legislative leaders and newspapers in his district. Accompanying letters said the delegation had "generally approved" and "tentatively agreed upon" the plan.

Rep. Paul G. Rogers, D-Fla., said he had not endorsed any plan. "That's just his plan," he said of the Herlong proposal. Rev. James A. Ha-

Red China Shifts To Ridicule Of U.S.

TOKYO (UPI) — Communist China shifted from protest to ridicule today in its denunciation of the United States concerning the latest incident in the Gulf of Tonkin.

4-H Club Elects New Officers

By Donna Estes
New officers of the Longwood 4-H Club were elected at the first meeting of the season held at the home of the adult leader, Mrs. Eloise Lommer.

Named were Towanda Showers, president; Linda Isbell, vice president and council delegate; Cindy Boyles, secretary-treasurer; Maria Bryant, devotional and recreation leader and Janice Lommer, reporter.

Others members present for the meeting were Terry Boyles and Evelyn Umstead. The first project chosen by the girls is to make posters advertising National 4-H Week to be celebrated Sept. 20-Oct. 4.

Co leaders with Mrs. Lommer are Mrs. Betty Isbell and Mrs. Marian Bryant.

The girls will meet regularly every Monday from 3:15 until 4:30 p.m. at the Lommer home beginning Sept. 26.

Communist North Viet Nam said the incident was a pretext for a U. S. buildup in Indochina.

Red China Sunday warned the United States to "rein in on the brink of the precipice." Today, the Communist New China News Agency said in a Peking broadcast that the incident had "fizzled out."

North Viet Nam's Radio Hanoi said, "as happened after the second Tonkin Gulf incident on the night of Aug. 4 last, the United States is sending more warships and aircraft to the South China Sea, and scheming to introduce more troops and armaments into South Viet Nam."

It said the Americans "may at any moment invent one pretext or another to perpetrate criminal acts."

New China said, "more than 20 hours after the first reports of the so-called new incident in the Gulf had emanated from Washington, the U. S. Secretary of Defense, Robert Mc-

Namara, gave a one-minute news conference.

... He read out a very ridiculous statement at the conference and did not stay to answer any questions by the press.

In the statement he repeated the myth about an incident having occurred in the Gulf of Tonkin. But he failed to specify the exact time or location of the incident. He declared that two U. S. destroyers on patrol were menaced by four vessels. But he could

not identify these vessels or explain how they menaced U. S. destroyers.

Many Thanks, Bart

Check up another success to Bart Peterson!

When the weather reports began to indicate the possibility that Hurricane Dora might turn west — which is exactly what it did — A. R. Peterson Sr. stepped out of his private life role as a realtor and into his public role as Seminole County's Director of Civil Defense.

Peterson, as usual — and for the umpteenth time — alerted disaster agencies and civil defense directors within the county's six municipalities.

He alerted the County Commission and right out of his head rattled off what needed to be done as easily as most people could read it from the printed page.

Actually he didn't leave much to be done by the Commission and its chairman, James Avery.

"Everything's taken care of," he told Avery. "But I'd suggest you contact the School Board and ask for six buses. When you get their approval let me know and I'll tell them what to do."

And, he did!

No sooner had Dora passed into the pages of yesterday's newspapers Peterson alerted area Civil Defense people to the problem left in Dora's wake. Monday he had Civil Defense people here to hear county and municipal representatives estimate public and private damages. Wednesday he had Ashby Jones, a county auditor from the Clerk's office, in Jacksonville to meet with officials of the area Civil Defense program, the National Office of Emergency Planning, and the U.S. Army Corps of Engineers, regarding public damages in this county.

The Herald asked Peterson why he didn't go.

"Well, I'll tell you," said Peterson. "Ever since Labor Day I've done nothing but Civil Defense. I guess you could call taking part of the day off as one of this job's fringe benefits."

Peterson has been Seminole's Civil Defense director since 1941. He recalls the most difficult time in his experience happening when a hurricane (they didn't have names then) ripped through this area and marooned the entire Civil Defense office in the Sanford armory.

"The water was up so high that those of us there couldn't leave and other staff members couldn't get there. We had no lights, no power, no telephone, no anything."

Peterson recalled Hazel back in about 1954 and, of course, 1960's Donna. "These three were about the worst I can remember," Peterson said.

One thing is certain. As long as Bart Peterson serves as Seminole's Civil Defense director the people of the county can be assured that they have an experienced servant to guide the preparations for the safety and well being of the citizenry.

To Bart Peterson The Herald joined with the county's thousands in a great big "Thank you!"

Thought For Today

His master said to him, Well done, good and faithful servant; you have been faithful over a little, I will set you over much; enter into the joy of your master.—Matthew 25:21.

What we have done for ourselves alone dies with us. What we have done for others and the world remains and is immortal.—Albert Pine.

Bruce Bissat — Ray Cromley

Political Notebook

WASHINGTON (NEA) — If the United States successfully gets through the wars in Viet Nam and Laos, an even tougher task may be around the corner.

Some high-placed U. S. officials, whose job is to peer into the crystal ball, think Sukarno and Indonesia (with Khrushchev's backing) will soon give us even more trouble in Southeast Asia than the Viet Cong and Pathet Lao.

The official crystal ball gazers make these points:

- Though Sukarno says he's concerned about "the future of the territories of North Borneo," he appears to have more fundamental objectives in mind.
- Sukarno aims at creating a large Pacific-Southeast Asia country. To accomplish this, he wants to destroy Malaysia, then bring the Philippines and a number of Southeast Asian "mainland states" under "Indonesian hegemony." (Exact list what "mainland states" Sukarno has in mind isn't clear).
- The Soviet Union, while it has not entirely given up its efforts to retain some influence in Laos and North Viet Nam, has evidently decided its position is too weak to enable it to strive for decisive influence on the mainland. In any case, Indo China (Viet Nam, Cambodia, Laos) is not a good place for the Soviets to challenge Communist China.
- Khrushchev seeks instead to gain influence in Indonesia, in part to block the Red Chinese. It is a low-cost venture for potentially high profit.
- Sukarno is feeling his oats. He has gained new strength from the acquisition of Soviet arms and successful termination of the New West Guinea affair. (The United States saw to it that the Netherlands gave West New Guinea to Sukarno).
- The major problem is that Sukarno and his supporters now have grandiose ambitions. "Above all," says U. S. officials, "they hope to make Indonesia a great world power able to negotiate in equality with China, the USSR and the United States."
- But Sukarno and his men have some real fears as well, according to Washington analysts.
- The Indonesian rulers don't feel they can tolerate a rival state which could become a magnet to the diverse people of Indonesia itself.
- They fear the rivalry of Malaysia in general, but particularly the greater energy and efficiency of the Chinese in

Phil Newsom Says . . . Red Influence Mounts

Not the least of United States and British concern over Cyprus is the mounting Communist influence there, having as its nucleus the island's own well-organized Communist party and made respectable by President Archbishop Makarios' open flirtation with Moscow.

In Nicosia, the capital, Soviet Ambassador Pavel K. Yermoshin becomes the man of the hour, while U. S. and British representatives find themselves regularly damned not only by the Cypriot press but by Makarios himself.

And while Makarios as a churchman must oppose communism, he has made it equally clear that he will deal with anyone who might help him crush his Turkish Cypriot opposition.

As for the Communist party of Cyprus, it is the only political party worthy of the name on the island. It is tightly organized, well-disciplined and run by men trained in Moscow and taking their orders from there.

Its membership is estimated at around 10,000 but it also controls labor unions with an estimated 30,000 members, or about half of the island's organized labor force.

Further, in contrast to the Red organizations opposing rightist labor and youth groups are considered both ill-trained and badly disciplined.

Turkish sources, admittedly biased, estimate that 40 percent of all Greek Cypriots have Communist connections.

And, while moving cautiously, the party has been attempting to capitalize on its new-found popularity.

A party declaration accused the U. S. of plotting to overthrow Makarios and of pursuing a goal from which Washington could "profit from the chaos that would follow."

A party protest that its members were being banned from the armed forces drew from Makarios a promise that any such discrimination would be ended.

Within Makarios' own government are believed to be a number of Communist party members.

The geographical location of Cyprus in the eastern Mediterranean, its relationship to NATO and Makarios' new relations with Moscow have produced ironies.

As a spokesman for Greek Cypriots, Makarios frequently has called for union with Greece.

Yet a condition of Soviet aid as laid down by Nikita Khrushchev is that he should abandon union with Greece.

An obvious Soviet goal is to prevent extension of NATO to Cyprus, as would occur under Greek union, and to neutralize British bases already there.

Letters

To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter does not contain the writer's true name and address. Letters of fewer than 200 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Editor, Herald:

I am a Japanese boy. I am seventeen years old. I would like very much to have a friend of my own age in your country. I am writing to you in the hope that you may be able to help me get in touch with a young person who may wish to have a pen friend here.

What I would like to do is exchange information and views about school life and daily life and to swap stamps, picture postcards or even things made at school. Writing and reading in English will be very helpful to me in studying the English language. So I will try hard to be of use to my friend in any way that I can to make up for this extra benefit to me.

I got the idea of writing to a newspaper editor from the Youth Council for International Contact at 20, I-chome, Jimbo-cho, Chiyoda-ku, Tokyo, Japan. This organization of which I am a member, has thousands of student members all over Japan and tries to promote international friendship and understanding.

I am very much in favor of this aim and I think I can help to make this a peaceful and friendly world by being a good friend to someone in your country. I will be very grateful to you if you can help to put me in touch with someone who wants to do the same.

Kazuo Suzuki

Editor, Herald:

It is most gratifying in these busy times to find people who are willing and even anxious to drop out of their busy schedules and find time to give of themselves for a cause or causes to serve their fellow-man.

H. Carlton
Principal

Editor, Herald:

I can understand why Walter Reuther, Communist trained; Gus Hall, a Communist; CORE; NAACP; and Khrushchev would want Johnson, who is a self-confessed Liberal and leading us into Communism, but why do you want Johnson? You say this country needs a man like Johnson. What has he ever done for this country that would make you say a thing like that? If the book "A Texan Looks at Lyndon" be true, he is the last man we need. And its documented evidence cannot be doubted.

E. O. Cromarty
We recall Barry being a contributing member of NAACP — Editor.

Dr. Crane's Worry Clinic

Read Pierre's shocking plan by which he thinks he could reduce our terrible divorce rate in America. Despite the usual wifely protest against him, Pierre does offer some logical arguments. If you disagree with Pierre, then you better order the sex booklet below—and pronto!

CASE T-479: Pierre J., aged 34, is a French doctor.

"Dr. Crane," he began as we dined together recently, "I often wonder if polygamy wouldn't be a good thing in America."

"For American couples often get divorces and thus drag their children through emotional crises."

"Your Hollywood actors and actresses are typical of what I mean."

"Some of them have had four or five marriages, with children by each union."

"So they have zoomed your American divorce rate to 25 per cent or worse."

"But over in France our children don't suffer from as much feuding over their custody."

"For when a Frenchman's wife grows preoccupied with her offspring and thus becomes disinterested in physical affection, he doesn't quarrel with her."

"No, indeed, for he just gets himself a mistress. She may be his office secretary."

"So he satisfies his sexual urges away from home. Then, when he returns to his wife, he is complacent and can sit down to enjoy her good cooking and the recital of the escapades of the children."

"His erotic urge is thus not driving him into angry quarrels with his wife."

"For she is then content with just an affectionate kiss at bedtime."

"So a smart Frenchman dissipates his fiery passions outside his home and then serves as a complacent husband and benevolent father in his own domicile at night."

"As a result, our French children don't worry about being shunted back and forth between warring parents."

"And our wives are even more happy. For when a man has taken the edge off his erotic urges with his paramour, he can dawdle along in any further romancing at home, to match his wife's slower ardor."

"In brief, a young French husband can be a fiery lover with his paramour and then become a middle-aged dawdler with his wife, so both women are happy and so is he."

"Besides, his children don't suffer from a broken home."

"So why don't American husbands save themselves the hazards of divorce and all-morony and get wise to our European advantages?"

French Formula

Well, what do you readers think of this Frenchman's formula for reducing our terrible divorce rate?

Discuss his plan at your Women's Club, for it should lead to a lively debate, pro and con.

This Frenchman added further logic by saying that women outnumber men, both in America and certainly in war-ravaged Europe.

"So he insists his method would produce more happiness for more people."

"Do you agree or disagree? If you disagree, then you better send for my booklet "Sex Problems in Marriage," enclosing a long stamped, return envelope, plus 20 cents and learn how to be a one-wife harem, right here in America!"

Such a wife doesn't fear divorce! For her husband then needs no paramour!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Quotes

Sit-in, lie-downs and other things of the sort aren't the answer to the Negro's troubles. What we need is "dignity-ins" and "prudence-ins" . . . Pigmmentation is no longer the issue. It's now qualification.

—Mort Levi, Chicago Negro educator.

We (Germans) least of all have a right to tell other people how to conduct themselves. I am thinking now of the Nazi past.

—Former West German Chancellor Konrad Adenauer, advising West German newspapers to stop criticizing Sen. Barry Goldwater, GOP presidential candidate.

Johnson Appeals To Labor; Barry, Ike Meet At Gettysburg

WASHINGTON (UPI) — President Johnson is expected to aim new appeals at organized labor this week for campaign support, with heavy emphasis on his economic and welfare programs.

The President followed this campaign theme Sunday in a speech at Morgantown, W. Va., where he promised his administration would work for "compassion for the helpless and opportunity for all who seek a better life."

Johnson, it was learned, plans to fly Tuesday to Atlantic City, N. J., scene of his nomination last month, to address the United Steel Workers convention.

On Wednesday he is expected to appear before the International Union of Electrical Workers in Washington for a speech that probably will be carried by closed-circuit television to five other union conventions.

It may be deemed to the United Rubber Workers in Chicago, Tobacco Worker's Union in Miami, United Textile Workers in New York City, the Minnesota AFL-CIO in St. Paul and the Missouri AFL-CIO in Kansas City, Mo.

The President is scheduled to fly to El Paso, Tex., Friday to meet with the Mexican president at a Chamizal boundary settlement ceremony.

Johnson may make appearances later at Muskogee, Okla., and Oklahoma City.

In his speech Sunday at Morgantown, Johnson said that his anti-poverty and human welfare programs "strengthened the initiative of the individual, the freedom of the nation, and the prosperity of all."

He did not mention Sen. Barry Goldwater by name, but he appeared to challenge the Republican presidential nominee's contention that economic hardship could be better fought by free enterprise than federal action. Goldwater denounced Johnson's anti-poverty program as a "phony" in a speech Friday in Charleston, W. Va.

Johnson, speaking at an airport dedication ceremony in Morgantown before an estimated crowd of 12,000, said that "giving a man a chance to work, and feed his family, and provide for his children does not destroy initiative." He added:

"Hunger destroys initiative. Ignorance destroys initiative. A cold and indifferent government destroys initiative.

"We are going to strike away the conditions which damage a man's dignity and self-respect, and capacity for fulfillment. We are going to give every man the chance to build his own place in this abundant land of ours. And by doing this we are going to strengthen the initiative of the individual, the freedom of the nation and the prosperity of all."

Thurmond Bolt Angers Some Dixie Solons

WASHINGTON (UPI) — Sen. Strom Thurmond's party bolt has increased constituency demand upon some Southern Democrats in Congress to support Sen. Barry M. Goldwater for president.

But there is little indication that any will openly endorse Goldwater, much less follow Thurmond into the Republican Party.

Southern congressmen, interested in preserving their Democratic seniority in Washington, have publicly dealt in different ways with varying amounts of demand from back home to announce for Goldwater.

Some are openly campaigning against the Goldwater threat, chiefly on farm issues. Others are remaining silent after rather unenthusiastically endorsing the Democratic ticket. Still others are maintaining absolute silence, endorsing neither ticket.

Most are loyal to their party but a few plan to vote for Goldwater, although they are refraining from saying so publicly in the interest of their seniority.

Rep. John Bell Williams, D-Miss., went on television recently to announce his opposition to President Johnson.

"I will not be a party to rewarding him for the misery, chaos, humiliation and hatred he has visited on my state and our people," he said.

"The time has come for all good Missisippians to set aside party labels and stand together fearlessly."

Williams fell just short of a Goldwater endorsement. Thurmond's bolt came as an unwelcome surprise to Southern congressmen who knew it would focus new attention on their positions.

Many were unavailable for comment on the bolt for hours and even days as they pondered what to say.

They didn't want to be highly critical of Thurmond for fear of offending their many constituents who applauded him; yet they didn't want to praise him for doing something which they disapproved.

The result was a slow stream of short, vague statements affirming the right of everyone to join the party of his choice. But, off the record, Southern lawmakers — especially Senate colleagues of Thurmond — were rather angrily expressing unhappiness over his action. Thurmond had never really been on their "team," they said.

WASHINGTON (UPI) — Republican presidential nominee Barry M. Goldwater flew to Gettysburg, Pa., today to get a campaign assist from former President Dwight D. Eisenhower.

His campaign schedule calls for Goldwater to speak in 18 states this week. He is flying to Charlotte, N.C. tonight on a quick turn-around trip from Washington. Tuesday he heads into the Southwest on a swing that also will carry him into the Midwest and New England. Goldwater winds up the tour Saturday in Michigan.

The Arizona senator fired another salvo at the Johnson administration Sunday night in a statement accusing the Democrats of a "crisis-of-the-week foreign policy." He cited the latest Gulf of Tonkin incident as an example.

"The administration has tried to manage the news so that the incident is forgotten as quickly as possible," Goldwater said. "They cannot, however, sweep a war under the rug."

Goldwater repeated his demand for "truth about our situation in Viet Nam." He said the U.S. course there was like "being asked to sign a blank check in a dark room."

The GOP nominee asked why the American public was given no details "for nearly two full days" of the Friday shooting incident in the Gulf of Tonkin.

"Was something being covered up or, almost as shocking, was there such a confusion of communications that the administration actually didn't know what was happening?" he asked.

He also asked whether retaliatory measures were being planned after "four enemy patrol boats" made an attack run on two U.S. destroyers.

Today's Eisenhower-Goldwater meeting was their first since the GOP "unity" conference Aug. 12 at Hershey, Pa., following the Republican National Convention.

Titusville Ties Tribe But Oviedo And Crooms Post Wins

Locals Victims Of Bad Breaks And Mistakes

By Julian Hamstrom
Herald Sports Editor

If the report is true that Jim Pigott was seen in a local hardware store today you can give odds that he was getting a supply of files for himself and his coaches.

They will use the files, starting this afternoon, to rid the Seminoles grid machine of all the ragged edges they displayed when the best they could do was a 13 to 13 tie in the season's mid-lifer Friday night in Titusville.

And, after the way Colonial High—the club Seminoles will meet this Friday night at Sanford's Memorial Stadium—whitewashed a power laden Cocoa High eleven Friday night the Tribe had better do something quick with its offense.

Once the ragged edges are smoothed the machine will need a couple of coats of "consistency." Then, maybe they will be in a position to give Colonial some sort of a respectable battle.

Following a couple of exchanges after the kickoff, Seminoles posted its initial TD—the game's first—late in the opening period. They took over on their own 40 and Sparkman picked up five and Burton eight to give the Tribe a first down on the Terrier 47. Sparkman and Quarterback Ronnie Hinson got 12 more for another first on the Titusville 24. Sparkman blasted the 30 and Hinson got two over center before Burton skirted his own right on a pitch out from Hinson for 28 yards and the TD.

Bernie Barbour put the Tribe ahead 7 to 0 when he split the uprights.

Late in the second stanza Hinson punted to Dave Ward who returned to Seminoles' 38. Titusville took to the air with Charlie Huggins passing to Tommy Edwards for nine and to Ward for 18 and a first down on the Tribe's 11.

Ward went over center for five and then hit right guard to the two. He crossed the stripes on the next play but the Terriers missed the extra point attempt.

Forty second later Seminoles posted its second—and last—score. Seminoles recovered an on-sides kick on the Titusville 44 and on the first play Sparkman exploded into and through the Terrier secondary for a TD. But this time Barbour's kick was wide—and costly.

With only seconds remaining in the third period Larry Zimmerman intercepted a Hinson aerial on Seminoles' 28. Dave Bain and Sam Workman together got five before Huggins fired to Bill Hardin for six and a first down on Sanford's 13. Ward then put six more points on the boards when he rambled 15 yards for the touchdown. Huggins tied up the tilt by booting the extra point.

The final period was nothing but a series of mistakes and bad breaks for Seminoles. The locals took the kickoff and 12 plays later were on Titusville's 12 with a first and 10. But Burton miscued and the Terriers recovered, stopping the Tribe's effort.

Seconds later Titusville punted out of bounds on the Terrier 37 and Seminoles began to move once more, sparked by a 15-yard Hinson to Larry Watson pass giving the Tribe a first and goal on the Titusville nine. Sparkman got nowhere on the first play, Hinson lost two on an attempted roll out and the Seminoles QB fired an incomplete pass intended for Watson in the end zone. Pigott sent Barbour into the fray for a field goal attempt but it was short.

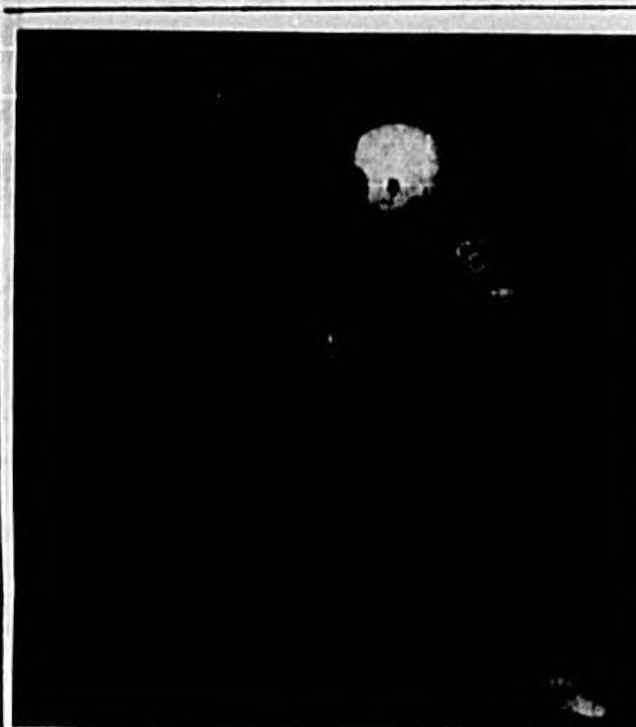

From their own 20, Titusville punted but the Terriers retained possession when the ball rolled off the foot of a Seminoles with only 43 seconds left. From that point the locals watched in despair as the Terriers ran out the clock.

The Seminoles posted a dozen first downs to five for Titusville, got 183 yards on the ground and 22 in the air compared with the Terriers' 48 and 22, and completed four out of eight passes while Titusville connected on nine of 22. Sparkman took yardage honors with 87 and Burton had 65. Ward led Titusville with 44. Score by quarters:

The Sanford Herald Page 6 — Sept. 21, 1964

SEMINOLE END LARRY WATSON (83) hauls in a Ron Hinson aerial Friday night during Sanford's tilt at Titusville. Watson's catch made the play good for 16 yards and gave the Tribe a first and goal on the Terrier nine-yard line. However, the Seminoles were stymied by the Terriers and held on for a 13-13 tie. (Herald Photo)

OVIEDO END REX BROOKS (80) heads downhill on his way to his third touchdown after receiving an aerial fired by Lion Quarterback Jim Courier. Oviedo romped to a 33 to 7 win over the Zephyrhills Bulldogs in the curtain raiser. Head Coach Arthur Scott said that in his opinion Brooks, a fullback last season, played "an outstanding game." Lions Top 'Dogs 33-7 In Opener

By Marshall Lingo
Herald Sports Writer

The Oviedo Lions clawed their way to a whopping 33-7 victory over Zephyrhills Friday night on the wing of their ace quarterback, Jimmy Courier.

The Lions started their sensational passing attack early in the first quarter when Courier hit left half Bruce Dowless for a tally that covered 89 yards. Colbert kicked the conversion to give the Lions a 7-0 lead over the Bulldogs.

But the Lions were still hungry. Later in the same period Courier hit right end Rex Brooks for a marker that covered 28 yards. Colbert again made good the conversion to give the Lions a first stanza lead of 14-0.

In the second quarter Brooks continued to be Courier's favorite target. Jim hit Brooks four times, two of which paid off. Both came late in the period. The first was a beautiful touchdown

pass good for 40 yards. The conversion failed. Then, after the Lions advanced to a first down on the ground, Courier hit Brooks just inside the goal line for the last serial pay-off. Again the kick failed.

The Bulldogs failed to score in the half so the Lions possessed a half time lead of 28-0.

The Lions were held scoreless in the third but in the fourth fullback Ted Bellhorn posted a spectacular 81-yard touchdown run. Colbert split the uprights to complete the Lions scoring spree.

The Bulldogs' lone score came in the third period when Frank Overhulst hit left end Ronnie Carroll with an 18-yard touchdown pass play.

Zephyrhills racked up seven first downs to only four for the Lions who utilized the bomb for their scoring. On the ground, however, the Lions picked up 166 yards rushing while the Bulldogs could manage only 50. But Oviedo had an even greater edge in the air when they went to the lanes for 283 yards on seven pass completions out of a dozen.

Zephyrhills picked up 80 yards in the air when they connected on six of 14 attempts.

Oviedo intercepted one Bulldog pass and recovered one Zephyrhills miscue.

For the Lions Bellhorn gathered 131 yards, Miller picked up 29 and Courier himself ran for 18. Lane and Jones did most of the running for Zephyrhills.

Score by quarters:

Zephyrhills	0 0 7 0
Oviedo	14 12 0 7

Every Favored NFL '11' Beaten In Pro Contests

By Tim Moriarty
UPI Sports Writer

It's an upset when the favorite wins in the National Football League.

After only two weeks of the new campaign, there isn't a perfect record team among the 14 members.

Every favored team was beaten Sunday. In the biggest upset, the Baltimore Colts, 10 1/2 point underdogs, edged the Green Bay Packers 21-20 when Golden Boy Paul Hornung missed an attempted conversion kick.

The San Francisco Forty-Niners turned back the Philadelphia Eagles 28-24, the St. Louis Cardinals held the Cleveland Browns to a 23-23 dead-lock, and the Pittsburgh Steelers upended the New York Giants 27-24 in other surprises.

The Eagles and the Browns both were favored by 6 1/2 points; the Giants by 4. In a pair of "pick 'em" games, the Chicago Bears scored a 24-23 victory over the Minnesota Vikings and the Dallas Cowboys downed the Washington Redskins 28-18.

The weekend series of upsets was triggered Saturday night when the Los Angeles Rams held the heavily-favored Detroit Lions to a 17-17 standoff.

As a result of these early-season shockers, the Cardinals and the Browns topped the Eastern Division while the Lions and the Rams shared first in the Western sector with one victory and one tie apiece.

Johany Umlas pitched the Colts to their upset victory at Green Bay. The old pro completed only six of 12 passes but two of them were scoring "bombs" — a 62-yarder to Lenzy Moore and a 40-yarder to John Mackey. Moore plunged from the four for Baltimore's other TD.

Boston Defeats Chargers; Bills Lasso Broncos

By Gary Kale
UPI Sports Writer

The Patriots have San Diego acknowledging that its version of the Boston tea party is over.

Humiliation without retaliation is unthinkable in the Boston camp. Last season, San Diego romped to a 51-10 victory in the American Football League championship game. But revenge was sweet Sunday as the Pats gained a 23-23 triumph over the Chargers on the passing of Babe Parilli and the all-around scoring performance of Gino Cappelletti.

The Buffalo Bills kept pace with Boston in the Eastern Division by taming the Denver Broncos 30-13 for their second straight win in the only other scheduled game. Houston stopped Oakland 42-28 Saturday night.

Parilli tossed three touchdown passes and Cappelletti scored 21 points to set a club record as the Chargers lost their first game of the season.

Lionel Taylor took a 18 yard pass from Jackie Lee for Denver's only touchdown and Gene Mingo kicked field goals of 51 and 49 yards.

DAVID PETERSON (22) scampers 10 yards, after a handoff by Andrew James, for a third-period touchdown in Crooms High's 22 to 6 victory over the Howard High Wild Bulls of Ocala at Sanford's Memorial Stadium Friday night. It was the first time in six years that the local eleven had beaten the Ocala club in the season's opener. (Herald Photo)

SSJH Boosters Meet Tonight

All sports fans interested in the athletic program at South Seminoles Junior High again have been urged by Principal John Angel and Athletic Director Jim Clark to attend tonight's meeting of the school's Athletic Boosters Association.

The conference will be held in the school's library and will get under way at 7:30 p. m.

JACK WINS
PORTLAND, Ore (UPI) — Jack Nicklaus won the \$40,000 Portland Open golf tournament by three strokes over Ken Venturi.

CRAFT OUSTED
HOUSTON (UPI) — Manager Harry Craft of the Houston Colts was fired and immediately replaced by Coach Luman Harris.

Panthers Upset Ocala, 22 To 6

By Bob Thomas
Herald Sports Writer

Andrew James threw for two touchdowns and set up another with his pin-point passing as the Crooms High Panthers walloped the Wild Bulls of Ocala Howard High by a score of 22 to 6 Friday night.

The Panthers received the opening kick-off, and penetrated deep in Ocala's territory. A fumble by Ransom Broadway was pounced on by a Wild Bull midway the second quarter. After a pass by James was intercepted, the Ocala drew first blood when shifty fullback Eugene Moore scored on a brilliant 40-yard run.

The try for extra point failed. John Fritchard made a good run back of the kick-off and when James passed to Nathaniel White pass interference was called on a Bull defender.

David Peterson twisted and turned as he rambled to the 18 yard stripe. On the next play, a fumble by Robert Alford was gobbled up by a Bull.

A tremendous rush by the Panther defense proved costly to Ocala as Robert Walton

threw quarterback Al Cheeseborough into the end zone for a safety.

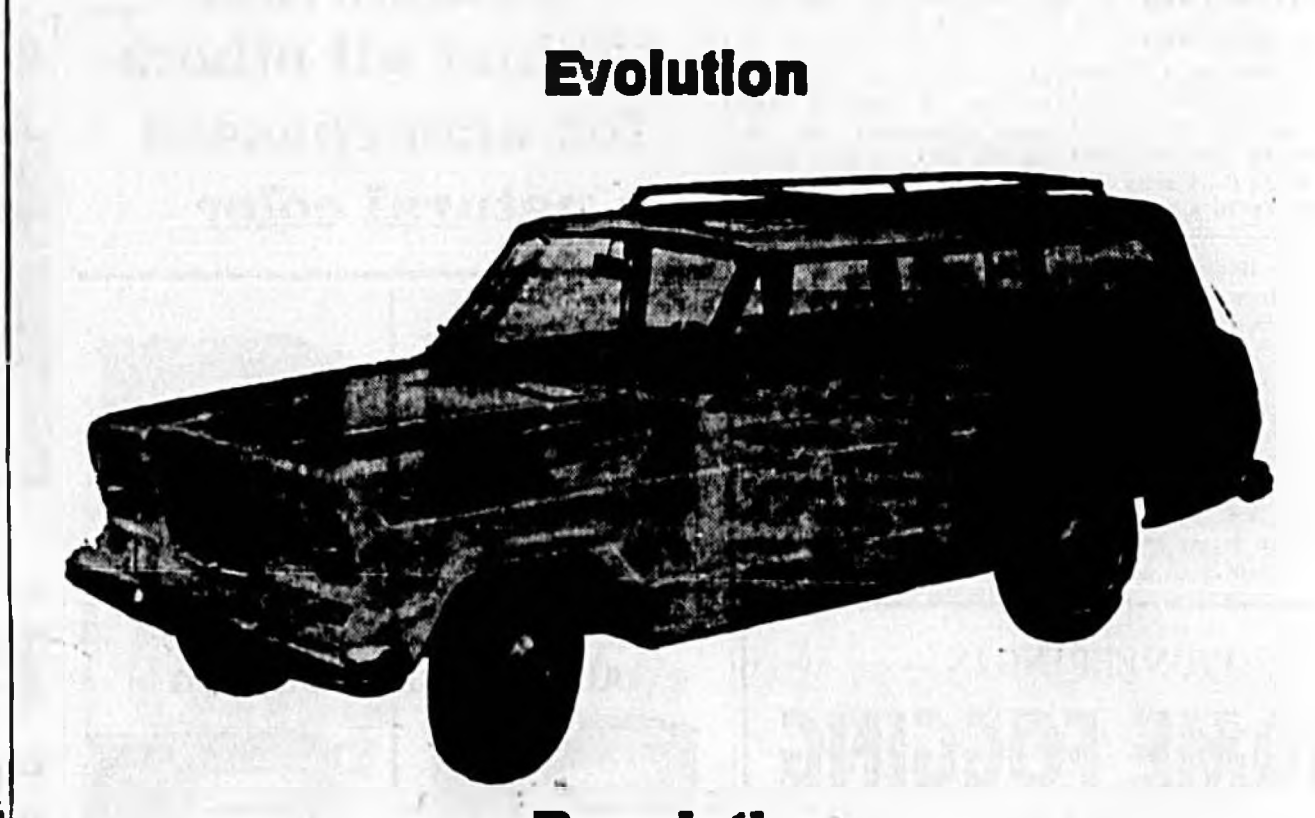

Late in the second quarter, James hit Tyrone Henderson on the 10 and he roared in for the tally. The try for point after TD was missed. The score was 8-6 in favor of the Panthers at half-time.

Crooms's defense was superb in the second half as it stopped the Bulls cold. A quick kick by Al Cheeseborough fell short on his 40 yard line. James passed to Perlmutter Brinson for a first down and Brinson bolted to the 10. Peterson took a hand-off from James, cut to his right, faked two Bulls and sped in for the score. The PAT was missed.

Late in the final quarter, the Panthers picked up another safety. After Ocala kicked, James rifled a pass to Henderson who moved the ball to the 20-yard line. On the next play James threw a strike to Brinson and he moved into pay dirt.

Terry Williams, Ed Knight, Robert Walton, John Brown, Ernest Neal, Ernest Payne, Lewis Witherspoon, Dan Brown gave fine performances. Ransom Broadway was impressive in his defensive debut.

Evolution
Revolution

The world-famous army 'Jeep' vehicle started it all. Then came the evolutionary changes. Sensible changes. Like more ground clearance. Stronger suspension. Weather proof tops. Fun changes. Like pink and white striped upholstery. Fringed surrey tops. Lively colors. A sports roadster. A station wagon — rugged, durable, designed for work and play.

Then came the 'Jeep' Wagoneer. A revolution! The Wagoneer is so revolutionary, it's hard to recognize your old 'Jeep' friend. It's a station wagon. And a looker! You'll be stunned. Slide into that luxurious interior. Beautiful. Comfortable. Visibility unlimited!

Turn the ignition key. You've got an overhead cam engine purring for you. The only one in any American production car. Try that steering. Power. The brakes. Power again. The transmission. It's automatic. Feel that ride. Pure luxury.

And the 'Jeep' heart and spirit are still there. Pull one simple lever and you're in 'Jeep' 4-wheel 'Drivepower.' Then there's hardly a hill that can keep you down... hardly a mud hole that can bog you down. In fact, there's scarcely any driving situation that can get you down. You're free to go anywhere with the traction to pull you through.

KAISER JEEP CORPORATION

Birds And Angels Divide; Yanks Hold 1-Game Lead

By Gary Kato
UPI Sports Writer
Wally Bunker is in a more enviable position than Bobby Feller at a comparable age, but he's in danger of running into the same New York Yankee roadblock that stymied the Cleveland star in 1938.

About Sports Thinking Out Loud

By Julian Stein
If there's such a thing as a ball club making an "X" number of mistakes during a season of football, it seemed like Seminole executed it's year's supply Friday night at Titusville.

"We made 'em," said Jim Pigott when we talked with him right after the game. "We made too many of them," Pigott declared, "offensively and defensively."

It was obvious to Seminole's great contingent of fans which poured into the park and swelled the crowd to an estimated 3,000 that Seminole may have the power but that it did not have that last-minute explosive punch which it consistently utilized last season. Nevertheless, both of Seminole's TD's came on sudden plays — Burton skirting right end for 20 yards and Sparkman blasting over center for 44 yards and the TD.

Another bright spot in the Seminole attack was those basketball type, jump shot passes from Ron Hinson to towering Larry Watson. This elicited nearly everytime it was attempted. Watson also hauled in one long aerial that put the Seminoles in scoring position but couldn't put the sphere over the double lines.

There must have been some difficulties on the snap because on four or five occasions Seminole's quarterback had to recover the ball immediately. Another thing, if the Seminoles aren't going to run back passes they'd better stay completely away from the ball. Not one time during the night did they attempt to run back a punt. On one occasion, however, the ball rolled into a Seminole player and Titusville recovered with only seconds remaining in the tilt and Sanford lost its final chance to score. There was time for at least four plays, perhaps even more.

But you can bet that Pigott and Jim McCoy and Dick Williams will be using bottle after bottle of Shinola this week in an effort to polish up the offense — defense before the Seminoles host the Granddaddy of Orlando Colonial Friday night at Sanford's Memorial Stadium.

A Titusville Police Officer paid Sanford and Seminole High a top-notch compliment. He said Titusville always enjoyed hosting the Sanford team because of the way the Seminole fans turned out and the way they conducted themselves. "We never worry when Sanford comes over here," he said. "I can't say that for all the schools who play here." Point is, he was telling this to us not knowing we were from Sanford.

What do you think about it? Is the pitching in the National League weaker than that in the American? Or is the hitting stronger? The question is occasioned by a quick look at the statistics just released.

In the American there are only six batters with averages of .300 or better, while in the sister circuit there are 16 in that bracket. Oh yes, and just to help confuse the picture the top four National swingers — Clemente (.347), Aaron (.325), Carty (.323), Williams (.320) all have better averages than the top man on the American totem pole, Oliva (.319).

And do you think that the tight fight for the right to play in the World Series is helping or hurting the averages in the American group?

Bunker, the 19-year-old Baltimore Oriole prize rookie pitcher, won his 17th game Sunday by beating Los Angeles 3-2 after the Angels won the opener 3-3 in 10 innings.

The split left Baltimore a game behind the Yankees, who shut out Kansas City 4-0. Feller won 17 games at the age of 19 back in '36, but it was the Yankees who won the pennant as Cleveland finished in third place. Bobby had to wait 10 long years before the

Magic Number For Phils Is Now Seven

By Martin Lader
UPI Sports Writer
Jim Bunning, the man who first put the Philadelphia Phillies into orbit, has brought them back to the countdown stage.

Numbers are the only thing that count in Philadelphia today, where the Phillies are within firing distance of their first National League pennant since 1890 and Bunning is closing in on a 20-win season. The "magic number" for the Phillies was reduced to seven Sunday when they beat the Los Angeles Dodgers 3-2 behind the five-hit pitching of Bunning.

Indians could win an American League pennant.

Bunker is hoping to do it in his first year. The likeable \$40,000 bonus baby quickly halted a potential skid after the Angels won the first game Sunday on Bobby Knoop's two-run double. Dean Chance, bidding for his 20th win for Los Angeles, was not around at the finish.

Barry Latman picked up the win with a one-hit relief job over the last three innings. Chicago remained two games off the pace by beating Washington 4-3, Minnesota blasted Boston 13-4 and Cleveland trounced Detroit 7-3 after losing 6-5 in the opener of a double-header.

In the National League, Philadelphia increased its lead to 6 1/2 games by edging Los Angeles 3-2. Cincinnati defeated St. Louis 9-4, Milwaukee beat Chicago 5-2, San Francisco topped Pittsburgh 4-3 in 11 innings and Houston whitewashed New York 1-0.

all round town!

By Dottie Austin
RATHER UNUSUAL was the dinner party given Saturday night for Mrs. Adele Tolin.

ADELE TOLIN

Adele was celebrating her 25th wedding anniversary — but the other half of the corporation wasn't there for the party. Husband Robert was down in the islands on the U. S. missile tracking range, carrying out his job.

However, he did telephone his appreciation to Adele for living with (or without) him all these years.

Meanwhile, out in Little Venice, at the home of Guy Strickland, Adele is guest of honor at a cocktail and dinner party with neighbors and friends who did the best they could to make up for her lonely anniversary.

One of the highlights of the party was a four-tiered white wedding cake, which was made by Mrs. Otan Boutwell, hostess for the occasion. Guests exclaimed that the beautiful cake looked like it had been done professionally, which pleased Ruth no end.

Ruth was responsible for the dinner which included spaghetti and meat balls, and an unusual and sumptuous cheese strada.

Joining in the fun were Vijaya and William Boutwell, Otan and Ella Boutwell, Glenn Wimbish, John Wimbish and his date Gwynn Williams, Dottie and Anthony Austin. Mrs. Wimbish unfortunately was ill and unable to attend.

Those present had a most enjoyable evening, even in the midst of a rousing Johnson-Goldwater debate, which nobody won.

In regards to her husband not being there on their 25th anniversary, Adele said, "The first seven years we were married, he was gone every Christmas."

"I just got used to it," she said philosophically.

ROSE BOWMAN says in our story about Sue Jackson we didn't mention how she (Rose) stood at the front door with a mop and tried to keep out the tide of rainwater that poured in under the door.

"I finally just sat down and cried. I got so discouraged," said Rose.

Why Rose? You didn't let Dora get the best of you?

REAL GOOD NEWS is the word from a former Seminole Countain Ruth Hamilton, who writes that she has won nomination to the state legislature of New Hampshire on the Democratic ticket.

She says this is as good as being elected since it appears that New Hampshire will go Democratic in November.

Many of you will remember Ruth, a tall, dark-haired widow, who lived in Longwood, but was active in civic and political affairs all over the county.

Ruth is a lady who has seen a few years, but who had more spirit, gumption and good old "get up and go" than most women half her age.

The New Hampshire legislature will be fortunate to have her again. With her intelligence and experience and we wish she would have run in Florida.

As we recall, Ruth had served in the legislature sometime back. During the '60's I think. She wrote in a letter to Mrs. Tom Gallagher, "I never thought I would get involved again, but I see so much that needs to be done, and here I go again."

RUTH HAMILTON

Ruth hopes to serve on the Health, Education and Welfare commission, when she gets elected, (which she feels is a sure thing).

She doesn't say what she bases her feelings on, but she says "Of this moment it appears that New Hampshire, Vermont and Maine will go Democratic this year."

If this is a trend, it is a very interesting one. Remember the old slogan, "As Maine goes, so goes the nation."

During the past year, Ruth says she has been substituting to teach English and French, working on the Heart Fund drive and with the Chamber of Commerce in Claremont, N. H.

Also, up to her favorite and long-time hobby of collecting antiques. She had a little antique shop in Casselberry while she was here, you may remember.

We shall be watching the New Hampshire legislature with care Ruth, to see you make your mark there.

OUR RECENT story about Miss Isabella Simon who sold her ancient Chevy last week has stirred up lots of old memories in Sanford.

Folks around here like to reminisce and are stopping us on the street to talk about Miss Isabella and other old timers.

We met Tommy Mero, who said he wasn't upset about our saying his dad was deceased, but wanted us to know he was very much among the living.

Mrs. Robert Gatchel serving lunch to the Kiwanis Club Wednesday mused about the old days, and told us that Miss Isabella's parents had a variety store on the corner of First St. and Oak Ave., and later moved it to a location on Sanford Ave.

Mrs. Gatchel said that no one has been in Miss Isabella's house for many years.

"Even when her needs visit to sit out on the front steps," she said.

"She always attends the First Baptist Church every Sunday though, as she has for years. She goes to the bank, gets her groceries every Friday. Mr. Ben Smith often drives her to do her errands — he just lives up the street from her," twinkled Mrs. Gatchel.

Woman-like, Mrs. Gatchel gave us a hint as to Miss Simon's age.

"I'm 70 years old, and she's older than me. She must be close to 80 now," says Mrs. Gatchel.

Folks are recalling stories about Miss Isabella, her fam-

CHRISTY WALSTROM, daughter of Mr. and Mrs. Roger Walstrom, celebrated her 11th birthday on Friday September 4 with a slumber party at her home on French Avenue. Young ladies enjoying the all night festivities were bottom row from left, Christy Walstrom, Susan Caolo, Ann Heckenbach, Cindy Ogden and Mary Edna Burton. Second row from left are Susan Kerr, Linda Butler and Nancy Munday. Robin Ogden and Kandy Kerr are on top of pyramid.

Bridge-A-Thon Is Scheduled By Theta Epsilon Chapter

The regular meeting of Theta Epsilon chapter of Beta Sigma Phi met recently at the home of Mrs. Paul (Betty) Lewis in Park Ridge.

Mrs. Walter (Jo Ann) Bohannon, president, conducted the business meeting and a most interesting program on "Personality and Self Analysis" was cleverly interpreted by Mrs. Sherry Bolte and Mrs. Betty McKee.

The main topic of discussion on the agenda was the Bridge-A-Thon, which the chapter is sponsoring for their annual fund raising project, with proceeds going to The Little Red School House. The Bridge-A-Thon will be an all day event of Thursday, October 8 at The Sanford Woman's Club from 10 a.m. to 10 p.m.

The public is cordially invited to attend and play the card games of their choice.

The Charles A. Bigelows Enjoyed Varied Vacation

By Mrs. Margaret Cooby
Mrs. Charles A. (Joan) Bigelow III, of 70 South Cortez Avenue, North Orlando, was recently released from Seminole Memorial Hospital after a week's observation and bed rest. Apparently those extended vacations to the hometown up North are more exhausting than relaxing.

Joan and children, Donna, 13, Janice, 12, Mark 10, and Alex five, spent a happy six weeks in New York State. Their initial stop was a visit with her parents, Mr. and Mrs. James Diesti, and her brother Dan, in Rochester, N. Y. There they almost froze encountering temperatures down to 63 degrees. When they left Florida, it was 96 degrees.

While in Rochester they visited Niagara Falls and one evening took a long walk over to the Horseshoe Falls on the Canadian side and were spellbound by the beauty and majesty of the Falls with the gorgeous play of a multi-color of lights.

Charles joined his family and was able to spend three weeks of their merry-go-round of activities that only a trip "back home" can offer. On Long Island they visited his brother-in-law and sister, Mr. and Mrs. Morris Light of Valley Stream. From there, they took the Long Island Railroad

to the New York World's Fair. The youngsters found that riding the train was an unusual treat for them and extremely enjoyed riding in one of the new, plush, air-conditioned cars.

Attending the Fair was an incomparable experience and nearly impossible to describe. It must be seen to be appreciated. Little Alex, however, was most impressed with his little Hertz Rent-A-Car Sting Ray which he rode all over.

The Bigelows feel grateful to have been able to enjoy such a varied, interesting and educational summer. However, the entire family was shocked to have "mother" hospitalized after their hectic but delightful six weeks up North.

The youngsters rose to the situation, and under dad's guidance, everything was as much under control as circumstances would permit. With this knowledge, mother rallied all the faster and is glad to be home feeling her old self again.

It doesn't always pay to be neat. Not if you're raising spring-flowering bulbs.

After the tulips, daffodils and hyacinths have bloomed, don't cut the leaves back. Remove foliage only after it has turned yellow. As long as the leaves are green, they are building next year's bulbs, say plant specialists in the U. S. Department of Agriculture.

Public Eye Focused On Club's Events

No sooner are the children back in school and you've drawn one deep breath than the telephone rings and you're asked to assist with a club or social event.

Don't say "no" because you're weary at the moment. If it's a club or a service you enjoy and believe in, your assistance in an office will, on balance, be a happy thing.

If you feel "no hum" about the club, event or service, don't say "yes" just to oblige. You may find it difficult to sustain enthusiasm and consequently won't do a good job.

Many homemakers shrink from publicity chairmanships because the success or failure of their efforts is apparent to all their buddies who read the paper. But a publicity job well planned can be a real service to your organization and to the local paper.

There are manuals to guide publicity chairmen. I have been asked for advice many times. As an editor, I know that the publicity chairman who is respected is one who knows her mission thoroughly, the names of those involved and presents a typewritten story or outline (double or triple spaced) comfortably in advance of paper deadlines.

Establishing the timing on a story is as simple as calling the editor. Be brief on the telephone. Write a full story; the editor can always chop.

If you will be publicity chairman for the year, read the club scrapbook if there is one, read all the history of the club for ideas and to know your subject. Have files on your club officers and important chairmen. These files should include biographical sketches and a recent glossy print.

Determine from the editor the size of head shots to be submitted. If the officers have portrait photos, the photographer probably still has the negative and can print up a glossy for publicity use. If key people don't have a recent picture of themselves, urge them to get one.

Women's editors on most newspapers are highly conscious of the value of good pictures. It is helpful to determine in advance what their policies are. In this day of overlapping coverage in smaller towns by city and suburban newspapers, city papers usually have stricter rules than smaller papers. But the smaller suburban paper usually enjoys good readership in its community.

Learn all the media open to you. Local radio stations may give time or at least a meeting announcement.

The Jack Stuarts Entertain Over Holidays

By Maryann Mills
Mr. and Mrs. Jack Stuart and children entertained a group of their friends over the Labor Day weekend at their camp site at Lost Lake.

The Stuarts pitched a large tent where the cooking was done by Mr. Stuart, with smaller sleeping tents surrounding. The guests enjoyed playing cards, fishing and water sports.

Enjoying the camping holiday were Mr. and Mrs. Bob Newell and five children; Mr. and Mrs. Doug Smith and two children; Mr. and Mrs. Elmer Helms and two sons; Miss Lynn Cody and Mrs. Margaret Horrell.

The Anna Miller Circle Convenes At Elks Lodge

The Anna Miller Circle of the BPOE Lodge No. 1241 held the regular meeting at the lodge Tuesday night, September 15. Following the routine business meeting, all members enjoyed a social hour.

Those present were the Mes. Clyde Ellison, Hulon Hale, Esther Lansing, Leslie Thompson, Mavis Liphrott, Harry Adair, J. R. Hoolahan Jr., J. R. Hoolahan Sr., Warren Haynes, Laymon R. Goodman and J. C. Brown.

"Come As You Are" Social Held By Lake Mary Women

By Frances Wester
Mrs. LuVera Harrison was hostess for the September "Come As You Are" Breakfast morning social, which was sponsored by the women of the Community Presbyterian Church of Lake Mary and are held each month for the women of the community, in an effort to get neighbors and new-comers acquainted.

Assisting Mrs. Harrison as her co-hostess was her sister, Mrs. Ella Ellis. Two new guests present for the first time were Mrs. Ellen Patton and Mrs. Dorothy Wade.

Other women attending were Mrs. Robert Rugenstein, Mrs. Ruby Linden, Mrs. Emma Bashara, Mrs. John Ulmer, Mrs. F. E. Donaldson, Mrs. Joseph Eith, Mrs. James M. Thompson, Mrs. Ed Zimmerman, Mrs. H. M. Cochran.

Mrs. Ruby Sjoblom, Mrs. Joe Smathers, Mrs. Mary Baker, Mrs. P. D. Anderson, Mrs. Rowland Goble, Mrs. Charles Sassaman, and Mrs. Lillian Goodwin.

The following children were also present: Kathy Rugenstein, Chester Patton, Belinda Donaldson, and Pat, Shawn, and Dona Baker.

Sanford Pilots To Present Press And Radio Panel

The Pilot Club of Sanford will meet Tuesday, September 22, at the Civic Center. Dinner will be at 6:30 p.m., followed by the business meeting at 7:30.

All members are urged to attend as the meeting promises to be most interesting with members of the press and radio featured in a panel discussion.

If hand washing is recommended for silk garments, use lukewarm softened water with a mild soap or detergent.

DAV Auxiliary Holds Important Meeting Tuesday

The Disabled American Veterans Auxiliary, Unit No. 30 will meet Tuesday, September 22, at 7:30 at the chapter home on 17-92.

All members are urged to attend this meeting since there are several items of importance on the agenda, including planning for the sixth district meeting, which the Chapter and Auxiliary will host next month.

Members are also reminded that dues are now payable and should be paid before the district meeting. The support of all members is needed in order to keep the Auxiliary in good standing.

Casselberry Personal

Roger Deppen, son of Mr. and Mrs. Robert Deppen of Plumosity Way and Bill Skislak, son of Mrs. Ginny Skislak of Lake Griffin Drive, have enrolled as freshmen in Western Kentucky State College at Bowling Green. Both boys are 1964 graduates from Lyman High School.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I don't know the circumstances which prompted the clergyman to ask the girl who was planning to be married if she were pregnant, but I have always found that there are two sides to every question. I have personally married almost 11,000 couples, and hundreds of those couples have asked me to back-date the marriage license from one to five months. I kept an accurate record, and in one year out of the 356 couples I married, 354 asked that their wedding ceremonies be falsely dated. I rather imagine my experience is characteristic of most preachers and if I were you, I don't believe I would have cast this particular minister into "outer darkness" so quickly, without having heard HIS side of the story. A KENTUCKY CLERGYMAN

two parties, and when the vows are not exchanged in freedom, the marriage is illegal according to the law and invalid also as a religious sacrament. If the girl is pregnant, there can possibly be coercion on the part of the girl, her family, or even on the part of the groom. If the couple are being "forced" into marriage because a baby is on the way and they feel that marriage is the only solution to the problem, the marriage could be considered a "forced" one and, hence, illegal. It is better that a child be born out of wedlock in some cases than for two persons to marry out of compulsion rather than a love. MINISTER TURNED LAWYER

DEAR ABBY: I was a practicing minister for a decade but now I am a lawyer. I can understand why a clergyman would ask a girl if she were pregnant before he undertook to perform the marriage ceremony. A marriage is a covenant freely assented to by

I'd say that one bride in four has covered a pregnancy of from two to four months with a bridal gown and white flowing veil. Check with any clergyman and you will understand why he would ask such a question. It is embarrassing for them to have to baptize all those "premature" babies so soon after the wedding. DEAR ABBY: I was disappointed to find one as knowledgeable, mature and influential as you rapping a clergyman for having asked a couple, who came to discuss their intended marriage, if the girl were pregnant. The minister was only doing his duty. A minister is not a "martyr's Sam." The reading of the ritual and pronouncing the couple husband and wife is only part of the pastoral obligation. It is important to learn if the couple has had premarital relations. If they haven't, they will be proud to say so. If they have, and are truly sorry, the clergyman can either give them absolution or invoke God's forgiveness.

Jacoby On Bridge By Oswald Jacoby

There are lots of ways to lose at bridge. One way is to make a habit of picking up cards like the West hand. Bad hands even out in the long run, mistakes don't. Just about the most costly mistake available is the "sucker" double. East held 15 high card points and stoppers in all suits. It was incredible to him that the opponents could reach game before he had a chance to bid, but they did just that. East wasted no time in doubling. Had East stopped to think, he would have realized that the opponents were going to make their game and probably an overtrick or two. West was marked with a bust and East would be lucky to

had cleared away, East had made the first trick with his king of hearts and North and South had taken the other 12. East returned a low club which was taken by dummy's ten. Back came the jack of spades, East played the king and South with the ace. He entered dummy with the ace of hearts and led out diamond honors until East's king lost to South's ace. Then South discarded dummy's two clubs on his queen and ten of hearts and since spades and diamonds both broke perfectly he ran off the rest of the tricks. The total score for North and South was 2,150 points. Without East's double it would have been 680 points.

North: J1043, A3, KQJ104, 1092. West: 852, 9785, 812, 742. East: K97, K84, K72, KJ8. South (D): AQ6, K1032, A72, KJ8. Both vulnerable. South West North East 1.N.T. Pass 2.N.T. Double. Pass Pass Pass. Opening lead—W. 3. cash three of his five high cards. Actually, when the smoke

We The Women: By Ruth Millett

A blurb on the cover of a woman's magazine promises that inside the housewife will learn "How to eat well without really cooking." Too many homemakers already believe that is possible, without any encouragement from a magazine. The truth is that it isn't possible for a family to enjoy good food unless there's someone in the kitchen who really cooks. Meals worth coming home to require a good deal of effort on the housewife's part. They take forethought, planning, imagination and time in the kitchen. They aren't just thrown together or dreamed up by a housewife who daily wonders, "What can I have for dinner tonight that I can throw to-

gether in a hurry?" Sure, there are plenty of quick, easy meals housewives can slap together today. These quick and easy meals that many families get served night after night may be eaten without protest, but they aren't eaten with much enjoyment, either. Quick and easy dishes aren't the kind that make a husband smile broadly and ask with anticipation, "What are we having for dinner tonight? Something sure smells good!" Nor are meals that require little or no cooking the kind that make the children of the family hang around the kitchen just because it is such a fascinating place to be. Families today can be fed without much effort on the

housewife's part, but they can't sit down to a really delicious meal unless there has been some real cooking going on in the kitchen. Maybe one reason so many families today eat from trays and watch television while they consume dinner, instead of sitting comfortably around a dining room table, is because television takes their minds off the kind of food they're facing.

Beauty after Forty EDYTH THORNTON McLEOD

"My hair is very drab nowadays. I was a pale blonde, but my hair is dreadfully unbecoming. I am fifty-three, tall and not overweight. Would I look younger if I had my hair lightened to a pale silver-blond? I would not do it myself but would have it done at a good beauty salon. I use cream powder for my face, rose-red lipstick and a little rouge to match. I wear almost all black with some white touches.—Sally." Yes, I think you should have your hair colored as you suggest. It would be smart, youthful and flattering. I think you will need lighter shades in makeup, but wait until your hair is done before buying new makeup accessories. "My feet cause me great difficulty. I cannot wear really pretty shoes and I cannot wear high heels, although I like attractive clothes and have some. My shoes are such a problem. What should I do? My clothes are always rich, dark colors or black. I could not afford to have shoes made, as this is too expensive.—Mrs. Reader." As you live in a large city, judging by your address, I be-

lieve you would be able to find handsome and attractive shoes in platform and strap sandals, and at not too high prices. Go to a good shoe store, ask for a top salesman, explain your problem and insist upon seeing what they have that would be suitable. When you find the correct shoes, get two pairs. But, be sure you have your proper size and width. If you would like to condition your feet through home care, send for my foot leaflet, "How to Step Lively After Forty." Send me a long self-addressed stamped envelope and enclose Ten cents in coin. "I have to travel several times a year accompanying my husband on business trips. I always take my beauty things, but have to pay excess baggage weight and my husband is always annoyed. How could I take less? What essentials should I have? I have a small leather beauty case.—E." If your cosmetics do not come in plastic bottles and jars, get these and fill them with your favorites. Cleansing cream, good quality witch hazel, cosmetic oil, face powder, lipstick and eye makeup are the essentials.

Citrus Meeting Wednesday To Open Season

LAKELAND — The Florida Citrus Commission moves to Miami Beach Wednesday for the regular September meeting which generally is regarded as the opening session of a new citrus season. The meeting is to be held in concurrence with the annual convention in Miami Beach of the Florida Fruit and Vegetable Association, an event that will be attended by several Commissioners and Commission staff members.

A report by the Commission's Advertising and Publicity Committee is expected to be a highlight of the meeting, according to General Manager Homer E. Hooks. The committee is to meet at 10 a.m. Wednesday, followed by the Commission meeting at 2 p.m.

Hooks said the committee would be asked to consider a request for authority to use the letters "O.J." alone in some instances where the Commission symbol is used as display matter. In addition, support will be sought for the Florida Department of Agriculture's SUNFLAVOR program for the uniform identification of Florida fruits and vegetables. A report also is to be heard on progress made by the Cortes F. Enloe medical advertising agency regarding the investigation of nutritional values of Florida citrus.

Scheduled for Commission consideration will be such matters as exemption from citrus fruit dealer's agent registration for all individuals concerned with transactions involving processed citrus products, and a recommendation that the minimum requirement that minimum Briz for frozen concentrated orange juice be increased from 41.8 to 44 degrees effective December 1, 1964. Hooks said that he planned to report on the current status of Federal Standards of Identity for frozen concentrated orange juice. A report will also be made on the Commission's fight against "Awaka" labelling and advertising policies.

The Commission will be host again for the annual Citrus Breakfast scheduled for Thursday morning with Mayor Hayden Burns of Jacksonville as principal speaker.

TRAFFIC SAFETY PROGRAM is presented to members of the Seminole High School Anchor Club, under sponsorship of the Pilot Club. Seated are the speakers, Sgt. Vince Smallwood, Sheriff Luther Hobby, and Chief Roy Williams.

Standing are Miss Helen Mann, Anchor Club president; Mrs. Jerry Jernigan, Pilot Club president and Mrs. Eloise Collins, Pilot Club Safety Chairman. (Herald Photo)

NAB Gives 10 Southern Lawmakers 'Zero' On Voting

WASHINGTON (UPI) — Voting records of 10 Deep-South congressmen have been given "zero" ratings by the National Associated Businessmen, Inc. (NAB).

The NAB, which is dedicated to "getting the federal government out of competition with taxpaying businesses," rated all House members on the basis of their votes on 20 money measures which went before the 88th Congress.

Among the lawmakers who failed to cast an NAB "economy vote" were Reps. Ross Bass and Clifford Davis of Tennessee; Hale Boggs, James H. Morrison and T. A. Thompson of Louisiana; Carl Elliot and Albert Rains of Alabama; Claude Pepper of Florida; James W. Trimble of Arkansas; and Carl Vinson of Georgia.

All are Democrats as are 10 others with low ratings: Reps. John W. Davis (10 per cent) and Phil Landrum (10) of Georgia; Robert A. Everett (5.3), Joe L. Evins (5.8) and Richard Fulton (5.3) of Tennessee; Robert F. Jones Jr. (6.7) and Kenneth A. Roberts (7.7) of Alabama; Wilbur D. Mills (10.5) of Arkansas; Danie B. Fassel (5.3) of Florida and Gillis W. Long (5.3) of Louisiana.

Four Southerners who received perfect ratings of 100 were Republicans William C. Cramer of Florida, Richard H. Poff of Virginia and James H. Quillen and W. E. (Bill) Brock of Tennessee.

Others with high ratings included Reps. Joel T. Broyhill, (R-Va.) (95), Edward J. Gurney, (R-Fla.) (95), John O. March Jr., (D-Va.) (95), James T. Broyhill, (R-N.C.) (91.7),

Fair Group To Meet Tonight

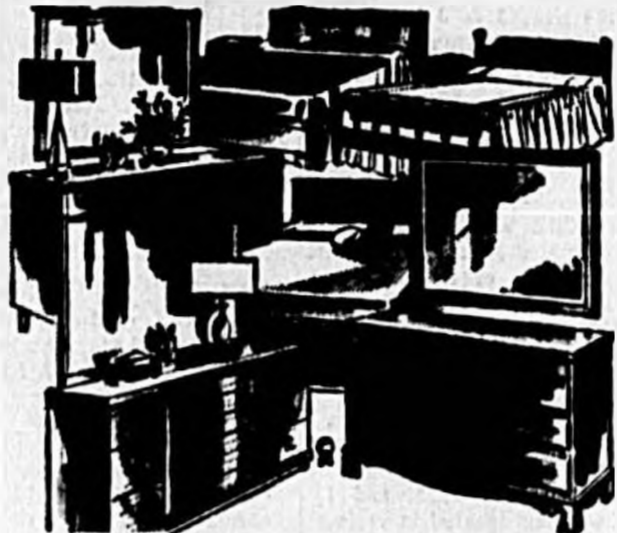

George Maybury, president of the American Legion's Fair Association, today reminded Legionnaires that the association will meet tonight for its annual free dinner.

The dinner will get under way at 7 p.m. and will be followed by the most important meeting of the year for members of the group.

Crew chiefs will line up their work crews for the three afternoon and six nights of the annual county fair which will open Nov. 2 and wind up Nov. 9.

Post Commander Tom Best pointed out that every Legionnaire is automatically a member of the Fair Association and is invited to be present. Best also announced that 1965 early bird cards will be issued until Veterans Day, Nov. 11.

Garden Circle Sets Meeting

By Maryann Miles
The Bear Lake Garden Circle will open its fall season with a covered dish dinner meeting to be held at 7:30 p.m. Tuesday at the home of Mrs. C. L. Brink, president, 1337 Lake Asher Circle, Bear Lake.

Special guests for the evening will be Mr. and Mrs. Keith Salter from Salter's Nursery who will speak on seasonal planting and lead a question and answer period.

NOT Meeting Set Today

By Margaret Cooby
A meeting of the North Orlando Teen Club (NOTs) will be held at 7:30 p.m. today in the Recreation Center Civic Building to plan the club's future program.

In order not to interfere with school homework, the meeting will be concluded no later than 8 p.m. Danny Tillis, president, will be in charge.

Which of these are the best tools for washing dishes?

None of 'em.

Certainly not No. 1—It should never be plunged into hot, greasy dishwater. Nos. 2 to 10? Throw 'em away. Then: A. Drop food waste into an electric waste disposer. B. Put dirty dishes, pots and pans into an automatic electric dishwasher. C. Go spend some time with your family. • Reddy Kilowatt will scrub, wash, sanitize and dry your dishes far better, easier and cheaper than you ever could using hands and other obsolete dishwashing "tools". And with the new low electric rates, he'll do it at little or no extra cost. See your electric appliance dealer or plumbing contractor today.

There's no match for flameless electric living

Shopping, disputes, golfing, disputes, committee and delegation activities, disputes, side trips to scenic points of interests. These and other reports were made Monday noon to Sanford Rotarians by State Sen. Mack N. Cleveland Jr. Florida alternate delegate to the Democratic National Convention.

Cleveland made his report at the Civic Center, telling how his dream of attending such a convention was finally realized. He'd been hoping for one since a small boy, he said.

The disputes centered around the seating of the Mississippi Freedom delegation and Cleveland asserted the Florida delegation was against this. It sought the seating of delegates duly chosen by law in Mississippi.

Because the outcome was not in doubt, the convention failed in some ways to live up to his expectations but nevertheless he was pleased and happy that he could attend, the Sanford senator said. The nomination of President Johnson was a foregone conclusion and, Cleveland noted, so was the choice of Sen. Hubert Humphrey as the President's running mate.

Rotarians will forego their next Monday meeting in favor of a Ladies Night event at Scott Burns Florida Power & Light Company grounds near the St. Johns River bridge. It'll be held a week from tonight.

The SHS Junior Class is sponsoring an "after the game" dance Friday night at the school's student lounge.

Heard some of the girls the other day complaining about naming hurricanes after the winds. One suggested naming them after animals. "Tiger" would be a good one and would be appropriate. But suppose the weather bureau named one "Jumbo" and it turned out to be nothing more than a squall. And, as sure as shootin' if you named one "Kitten" it would turn out to be as roarin' as a "Lion."

In most parts of the country, the first day of autumn means a lot of back breaking work, getting ready for the cold weather around the corner and the coming of the snow. Here in Central Florida, well — it's not so. The leaves remain green, the weather stays warm for several more weeks and you can still enjoy the beaches, lakes and swimming pools.

We have a report that Volie A. Williams Sr. is a patient at Seminole Memorial Hospital. Williams, father of Circuit Court Judge Volie A. Williams Jr., is undergoing a checkup. For many years a Sanford auto dealer and more recently a member of the city's finance committee, he resigned from the committee not too many weeks ago. The Clock Winders wish him well.

And, one of our Clock Winders Dottie Austin, today entered Seminole Memorial herself. It's some sort of a back problem, we understand. And if we know Dottie she'll be getting information and doing hospital bed. At least we wouldn't be surprised if she did.

They're going to try it again at Deltona U. Twice before when Deltona folks tried to dedicate Deltona U. hurricanes interrupted the event. Now they've rescheduled the dedication for this Friday at 3 p.m. and all eyes are turned to the weatherman.

LBJ Reveals Plan For 1965 Excise Tax Cut

LANA SLONIGER, Miss Sunken Garden of 1965, presents Mayor A. I. Wilson a dieffenbachia plant for his wife and extended an invitation to all permanent Central Florida residents to visit the gardens in St. Petersburg this month for a small service charge. Miss Sloniger was in Sanford Monday to make the presentation.

Seminar Set Here On Merchandising

A merchandising seminar is planned for Oct. 13 at Florida State Bank and is designed for all retailing merchants in Sanford and Seminole County. Top speakers in merchandising will be present.

The program will start with a complimentary dinner with the bank as host at 5:30 p.m. and is scheduled to end at 9:45 p.m. The workshop session will cover advertising, merchandising and display of merchandise.

Among the speakers will be Henri Guertin, for many years an experienced merchandiser. He is a graduate of the Harvard School of Business and is now vice president and general manager of Jordan Marsh, Orlando.

His career includes management positions with Maas Brothers stores on the west coast as well as a number of years in New York with Lord & Taylor and Hallmark Cards.

Also speaking will be David Jacobs who has more than 15 years of retail merchandising experience and is considered a specialist in sales promotion and advertising. He is currently a sales promotion manager of Jordan Marsh, Orlando.

The third speaker will be Richard Hedenberg, a graduate of Parson's School of Design in New York. He has traveled extensively throughout Europe and other parts of the world studying design and decoration. Hedenberg is presently display manager of Jordan Marsh, Orlando.

Local Housewife Tied Up, Robbed

Mrs. Robert Besserer of 1305 Forest Dr., wife of the Seminole Memorial Hospital administrator, was robbed of personal valuables Monday afternoon in a brazen holdup at her home.

The robber used a gun to enter the home and then tapped Mrs. Besserer's hands, according to Police Chief Roy G. Williams.

The chief said the thief "knew right where to go" in getting the valuables, consisting of personal papers, some \$2 bills and other items from the bathroom.

He said the robber told Mrs. Besserer she would not be hurt if she did not scream. After taking the items, the thief left and police were notified.

Chief Williams said his department was given a "good description" of the robber and the investigation is continuing.

Passenger On Scooter Hurt

A motor scooter passenger, Mike McGuire of 2013 Grandview Ave., suffered a right leg injury yesterday when the scooter ran against the back of a pickup truck at 20th Street and French Avenue.

Police said McGuire was on the scooter operated by James Williams of 1203 Washington Dr. when it collided with the truck operated by John Holland of Route 2, Sanford.

Swofford: Avery Claims Untrue

By Julian Stenstrom, Associate Editor

Lawrence Swofford, mayor of Altamonte Springs, last night took another verbal poke at Seminole County Commission Chairman James P. Avery prior to the beginning of a town council meeting.

Last week several Altamonte Springs residents questioned Avery's familiarity with drainage problems in that community. One resident stated that he had lived in Altamonte for 30 years and had never known excess waters to drain eastwardly as Avery had indicated.

Swofford said he had lived there 30 years, too, and he had never heard of it, either.

Last Friday Avery declared, "If I had been living in a town for 30 years and

DOORS WERE OPENED for business this morning by SuperX Drugs on French Avenue at 25th Street, next to Winn Dixie. Officiating at the opening, from the left, were Orville Smith, store manager; T. H. Handorf, Cincinnati, store opening supervisor; Daniel L. Johnson, R. Ph., assistant store manager and E. M. Shipp, Fort Lauderdale, district manager. (See Wednesday's Herald for further details.) Concessions Won From Khanh, Saigon Workers Halt Strike

SAIGON, South Viet Nam (UPI)—Workers today called off a general strike that had paralyzed most of Saigon's business for two days.

The peaceful solution to the industrial problem came as Premier Nguyen Khanh endeavored to solve other issues provoked by defiant students and rebellious mountain tribesmen.

At the same time, he was endeavoring to fight the anti-Communist civil war, which was not going well for the government. Communist Viet Cong rebels last week captured 621 American-made weapons, a near-record.

Latest figures released by the Defense Ministry today, however, gave a more optimistic picture. Government forces captured 45 rebel weapons and a cache of ammunition when they crushed a Communist guerrilla force in Quang Tri Province Sunday.

The government lost only four wounded, while the Reds suffered an estimated more than 90 casualties. Fifty-five Communist bodies were counted on the battlefield.

The local federation of trade unions, meanwhile, agreed to go back to work after winning concessions from the government.

Khanh's regime agreed to respect their right to strike and to order the reinstatement of 800 workers allegedly fired arbitrarily from a local textile company.

The agreement was reached at a meeting between the federation and government leaders headed by First Deputy Prime Minister Nguyen Xuan Oanh.

Two Injured In Head-On Crash

Two men were injured, one seriously, Monday at 3:30 p.m. in a spectacular head-on crash of two cars on State Road 46, a mile east of Geneva.

Treated at Seminole Memorial Hospital and later transferred to Orange Memorial Hospital, Orlando, was Ray Melton, 39, of Ft. Pierce. He suffered a compound left leg fracture and had a piece of steel pierce his right thigh, according to Florida Highway Patrolman Dan Oaks.

Also injured was Little Charles Taylor, 28, of Mims. He was treated at the local hospital for a shoulder fracture.

Trooper Oaks said Melton's car careened off the highway and into a creek with the driver still in the car. The patrolman said the driver was in the vehicle about a half-hour before being freed.

Oaks said Melton was proceeding west on Route 46 and Taylor east when the two cars rammed. Taylor was charged with reckless driving and driving without a license.

Burns 'Deliberately Deceitful' - Holley

Republican gubernatorial candidate Charles Holley of St. Petersburg paid an afternoon hand-shaking visit to Sanford Monday then went to DeBarry where he leveled another blast at his opponent, Democrat Hayden Burns.

Accompanying Holley here yesterday was Guy Allen, Republican candidate for tax assessor in Seminole County. Heavy rain during much of the afternoon curtailed the activities of Holley.

In DeBarry where he addressed the Republican Club, Holley accused Burns of deliberate deceit. At one time, Holley said, Burns claimed to have "a political philosophy similar to Sen. Barry Goldwater."

"Shortly thereafter, he took over the Johnson-Humphrey campaign in Florida and is now working to defeat Goldwater and kill the conservative movement.

"Trying to destroy what he said he believes in is one of many examples of deliberate deceit by a political opportunist. . . ." Holley charged.

Gladys Moving Closer To Coast

CAPE HATTERAS, N. C.—(UPI)—Hurricane Gladys moved its 100-mile-an-hour winds closer to the U.S. mainland today and sent heavy seas against a 1,000-mile stretch of the eastern seaboard.

At 8 a. m. EST Gladys was centered near latitude 34.5 north, longitude 71.8 west, or about 225 miles east-southeast of Cape Hatteras.

Winds of 100 miles an hour extended out 50 miles mainly to the north of the hurricane's center. Gale winds of 40 miles to the north and 250 miles to the south.

Wind gusts of 65 m.p.h. were reported at Manteo, N. C., during the morning.

The Washington Weather Bureau warned that residents of islands and low-lying coastal areas along the North Carolina coast north of Cape Hatteras should move to higher ground before tides flooded escape routes.

Gale warnings flew from Wilmington, N. C., to Provincetown, Mass., and on the Delaware and Chesapeake bays. A hurricane watch was in effect from Cape Hatteras to Cape May, N. J.

Defective Wiring
A defective washing machine motor sent city firemen on a run Monday at 3:08 p.m. to a home occupied by Mrs. Gordon Affield at 404 E. 11th St. Damage was confined to the motor, firemen said.

Evans Funeral
The funeral of Frank Evans of Lake Mary, venerable Seminole County pioneer who died Saturday, will be held at 10:30 a.m. Wednesday at Brissau Funeral Home.

Johnson Wins Steelworkers' Endorsement

ATLANTIC CITY (UPI)—President Johnson said today his administration is planning to cut consumer excise taxes next year as the first step in a six-point program to preserve record-high prosperity.

Excise taxes, first imposed in wartime to deter buying of so-called luxury goods, are now collected on cosmetics, luggage, perfume, jewelry and other items.

Johnson outlined his proposals to head off recessions and spread the benefits of prosperity in a speech prepared for the convention of the United Steelworkers Union.

The 3,000 delegates to the Steelworkers' convention unanimously endorsed Johnson for election shortly before he arrived at the hall. The resolution declared that the President and the Democratic vice-presidential contender, Sen. Hubert H. Humphrey, were obvious choices.

"We believe that the election of Lyndon B. Johnson and Hubert H. Humphrey is vital to the protection of the labor movement, all of the people of the United States and the cause of peace and freedom throughout the world," the endorsement said. It was adopted on a standing vote.

The President said: "I did request the County Commission to consider this problem. However, the chairman took issue with me and stated that the water from Lake Mobile runs east into Geo Creek.

"He also stated that water from Crane's Roost runs into Lake Orienta which, of course, is not true. He said water from the southeast section of Altamonte Springs drains into Lake Seminary which, of course, also is not true.

"The chairman of the Board simply does not understand the law of gravity," Swofford pointed out.

"He is using the age old technique of smoke screens to hide, cover up and camouflage his own mistakes. We in Altamonte and most of the people in Seminole County have known for four years that Mr. Avery was going backward but we didn't know that he would ask the water to follow him."

Swofford also said, "I do want to say one thing in favor of Avery: He has treated Altamonte Springs better than he has Lake Mary, Longwood and Bear Lake. Although he did not do anything for Altamonte Springs in four years, he didn't do anything to hurt us.

"That miserable redistricting plan he supported inconvenienced the people of Longwood and Lake Mary to the extent that they would not go to the polls and vote.

"In Bear Lake," Swofford concluded, "at taxpayers expense and under his direction they created a problem from Little Bear to Cub and had the gall to ask the Civil Defense for \$5,000 to correct it."

"First, we will continue a fiscal policy which expands purchasing power to meet our power to produce. The tax cut was part of this policy.

"In the future we will not permit federal revenue to become a drag on our economy. Next year we are planning to cut excise taxes."

He gave no details on the planned reduction in his text. The President's statement supported the views held by many economists that tax rates now are so high they act as a "brake" on the economy by piling up cash in government hands instead of allowing it to be spent in the private economy.

Johnson said the nation has made many gains in the past 30 years that must be retained by economic cooperation rather than economic conflict.

"The fact is that wages are higher, employment is higher, profits are higher and the economy is stronger than at any time in our history with more gains to come," Johnson said.

But he warned that a recession like those in the 1950s would cause losses of \$20 billion a year in productivity and 1.5 million jobs.

"America cannot afford a recession," he declared.

Money Stolen

Theft of an envelope containing a sum of money and paper was reported stolen to police yesterday by Jack Hall, manager of the Handyman Store at 2400 French Ave. He said the envelope was placed on a counter when he opened the store and he discovered it missing shortly after a customer left.
