Business Houses And Public Buildings To Close Monday As City Observes Labor Day

Labor day, next Monday, will be quietly observed in Sanford, according to information at hand this morning. The majority of the business houses, public institutions will be closed during the day...

COOLIDGE SEEKS NAVY TO STICK TO VOLUNTARY RAIL AIR PROGRAM, IS WILBUR'S BELIEF

President Coolidge, it is believed, will be in the mood to encourage the voluntary railroad consolidation in the event that the president does not see fit to force grouping of carriers. The president, who recently discussed the transportation problem here with Chairman Watson of the Interstate Commerce Commission...

President Coolidge realized it would be impossible to pass a law forcing one railroad to take over another. He believes legislation could be enacted making it to the advantage of one system to absorb additional lines.

Yacht Said to Have Been Stolen Recently By Anderson Is Found

KEY WEST, Sept. 5.—(AP)—Finding of the Yacht Ida Q, believed to have been stolen from a local boat yard, is reported by the United States Coast Guard. The yacht was reported missing in a telegram received by J. H. Dodge, chief paymaster at the U. S. Coast Guard division, United States Coast Guard.

Memorial To Wilson At Geneva Proposed

GENEVA, Sept. 5.—(AP)—A million dollar fund to establish some kind of memorial to Woodrow Wilson is being raised here for the opening of the League of Nations assembly Monday. This movement has been given impetus by the news that Mrs. Woodrow Wilson will arrive here today by automobile to attend the League assembly. She will be given a seat in the diplomatic gallery.

BAROGRAPH OF SHENANDOAH IS BEING SOUGHT

Instrument That Records Air Pressure, Atmospheric Moisture and Temperature, Vital to Investigation, Says Klein. Ship Made Its First Flight Two Years Ago. Five Survivors Are Quizzed By Officials in Attempt to Fix the Cause of Disaster.

CALDWELL, O., Sept. 5.—(AP)—Two years ago Friday the Shenandoah, spotless and tucked in to perfection, her silvery gliding in the sunlight, made her premier flight from her Lakehurst (N. J.) station. Yesterday, twisted and torn by a gale, which wrecked her early Thursday morning with a loss of 14 lives, she lay prey to the whims of souvenir seekers.

The barograph is believed to be in the possession of one of the thousands who carried away mementos of the scenes of demolition, some miles apart. The 20 silken gas cells of the ship, many of them undamaged, each costing several thousand dollars, were ripped from the framework and carried away by pillagers.

Authorities from the naval air station at Lakehurst spent all day at the scenes of the wreckage, conversing with the five survivors who remained in Caldwell, and endeavoring to draw conclusions which would help in determining the cause of the accident. Heading the board of investigation was Commander Klein.

While it is realized that under such a plan the dirigible might deteriorate in ill health, Mr. Wilbur said yesterday the navy would be less disposed than ever to lease the dirigible to a commercial operator with the Shenandoah gone. The Los Angeles, under the terms of its construction in Germany, cannot be used for military purposes, but it is in the custody of the navy, and its use is restricted to that.

Shreveport Suffers \$500,000 Fire After Water Main Breaks

SHREVEPORT, La., Sept. 5.—(AP)—More than 15 blocks in Shreveport's residential section have been destroyed by fire at midnight while firemen looked on helplessly because of lack of water due to bursting of the city main. The fire was gradually eating its way toward the business district and was sweeping through a negro section. Damage was estimated at that hour to be more than \$500,000.

School Head Urges Early Enrollment

G. E. McKay, principal of the Sanford High School, announced this morning that he will be at his office in the high school on and after Tuesday, Sept. 8, for the purpose of arranging details incident to the opening of the fall term on Sept. 14. Mr. McKay urges that all new pupils will report to him previous to the date of opening, to arrange for their registration and classes.

Chappel Place Is Bought For \$150,000

F. H. Scruggs and E. L. Markell announce today that they have purchased what is known as the Chappell property, containing 270 acres. The property begins at a point 660 feet east of the present city limits with a 4,600-foot frontage on Lake Monroe, and extends to the line of Seventh Street extended.

MERCURY RISES TO NEW MARKS IN SOUTHLAND

Dixie Fairly Sizzles When Record Breaking Temperature Is Recorded in Half a Dozen of Largest Cities. Columbia Swelters With Record of 105. Unprecedented Heat Wave Is Here to Stay For Three or Four More Days, Is Reported.

WASHINGTON, Sept. 5.—(AP)—A consignment of cooler weather has just started across the sweltering United States from the Canadian northwest, the weather bureau reported last night, and its due about Sunday to relieve the shortage in the lower lake region and parts of the Ohio valley and Tennessee. Then, barring accidents, it will continue eastward, bringing refreshment to the middle Atlantic region.

New Cuban Ruling Bases Auto Tax On Wheelbase Length

HAVANA, Sept. 4.—(AP)—Cuba's new transportation tax, basing charges for passenger vehicles on wheel base and trucks by cubic contents, went into effect here recently. There are five classes for the passenger vehicles as follows: 100 to 120 inches, \$50; 128 inches, \$75; 135 inches, \$75; and over 135 inches, \$90.

14 Held For Assault Following Hearing

LENOIR, N. C., Sept. 5.—(AP)—Fifteen persons were held on charges following the hearing on the assault on a woman at the Lenoir Jail, including three officers of the law, were bound over to superior court by Justice of the Peace, J. R. Todd here Friday, on charges growing out of an attack and alleged assault made upon the woman by a hoodlum and his associates last Saturday night. All fourteen were arrested early in the week on bench warrants issued by Judge Thomas J. Shaw.

Shrine Club Head Is Presented With A Hand-Carved Plaque By Anderson

E. F. Lane is the exhibitor today of a wooden plaque embodying the symbols of the Masonic order, presented to him recently by Sandy Anderson, of the American Fruit Growers, who carved it from solid wood in his spare time, using no tools but a pocket knife. The plaque measuring four feet long and one foot wide, reflects the skillful workmanship of Mr. Anderson, and the Symbols are complete in every detail. At the top is shown the Blue Lodge emblem followed by those of the Chapter, Commandery and the Shrine. Each is complete in itself, the letters and symbols being neatly carved out and painted.

School Bond Issue Of \$450,000 Passed By Vote Of 210 To 8

Only 25 Per Cent Of Qualified Voters Cast Their Ballots In Friday Election. Bonds To Be Sold Within Short Time. Bond Money Will Be Available In Three Months, Is Reported.

NEGRO ABDUCTS GIRL AND HOLDS HER FOR RANSOM

MONTCLAIR, N. J., Sept. 5.—(AP)—Mrs. Joseph Bower, a neighbor of David F. Daley, whose little daughter was kidnapped last night, received a telephone call last night offering the return of her niece, Dorothy Cones, for \$4,000. The Cones girl resembles the Daly girl and police believe the abductor kidnaped the wrong girl and was not yet aware of the fact when he called Mrs. Bower.

Shrine Club to Hold Banquet Next Week

Announcement was made this morning of a banquet to be held by the Sanford Shrine Club at the Sunnyside Cafe, Thursday, Sept. 10, at 8 o'clock, by Noble E. F. Lane, president of the local club. A special menu has been prepared for the occasion and an elaborate entertainment program has been arranged, according to the plans of the Shrine. President Lane, in his announcement, urges the attendance of every Noble and his lady.

Telephone Employee Is Heir to Big Fortune

CHICAGO, Sept. 5.—(AP)—James Nolan, collector for the Illinois Bell Telephone Company, quit his job Friday and today it was disclosed that he had told companions that he and his two sisters were sole heirs to the estate of Mrs. Matthew C. McMillan of Pittsburgh, Pa. The latter was the widow of the founder of the American Window Glass Company. The first thing Nolan did after quitting his job, was to take his wife to a ball game.

Herald Not To Be Published Monday

Next Monday being Labor Day and having been proclaimed a national holiday by the President of the United States, The Sanford Herald, in keeping with its custom started last week, will observe it by not publishing a paper. The Herald set aside this holiday so that its employees may fittingly observe Labor Day along with hundreds of other Sanford citizens, who plan to close their places of business.

Domestic Dyestuffs Best Ever Produced Says Recent Report

WASHINGTON, Sept. 5.—(AP)—While production of dyes decreased to a considerable extent in this country in 1924, the United States Tariff Commission reported last night that American manufacturers had made great improvements in their product, producing dyes of fastness, never before attained in the domestic product. The commission's report, attributed to the production decline, amounting to 27 per cent from 1923 to 1924, chiefly in decreased activity in domestic textile mills. The 1924 total new dye production by 78 firms, was placed at 68,673,000, against 93,567,521 pounds of the preceding year. Sales of these dyes in 1924 totaled approximately 65,000,000 pounds valued at \$35,912,400.

Cuban Cigar Makers Demand More Money

HAVANA, Sept. 5.—(AP)—Demand for wage increases made by cigar makers in Havana have been rejected by the Union of Tobacco and Cigar Manufacturers of Cuba. Whether a strike will follow this rejection is problematical. Leesburg—Work on city's new \$140,000 water front project gets under way.

Domestic Dyestuffs Best Ever Produced Says Recent Report

WASHINGTON, Sept. 5.—(AP)—While production of dyes decreased to a considerable extent in this country in 1924, the United States Tariff Commission reported last night that American manufacturers had made great improvements in their product, producing dyes of fastness, never before attained in the domestic product. The commission's report, attributed to the production decline, amounting to 27 per cent from 1923 to 1924, chiefly in decreased activity in domestic textile mills. The 1924 total new dye production by 78 firms, was placed at 68,673,000, against 93,567,521 pounds of the preceding year. Sales of these dyes in 1924 totaled approximately 65,000,000 pounds valued at \$35,912,400.

AUTO RACING! 12 Fast Entries

Fast and furious driving by some of the most skillful and daring drivers in the state will feature the Labor Day races at Greater Daytona Beach on Monday when thousands are expected to come from all sections of Florida to see Gilbert Farrell, Dick Norris, Walter Johnson and other famous pilots take the dizzy turns and roar down the straight away at dazzling speeds.

Among the list of entries now available are Walter Johnson, piloting a Rajo racer, Gilbert Farrell in a Durant special and Dick Norris at the wheel of a Hudson special.

An Essex racer has been entered by Pete Craig, and a Reed special will represent the Hudson-Essex garage.

Smith's garage is confident of taking the checked flag in a fast and classy Peugeot, a racing machine seldom seen on Florida beaches.

In addition to the grand stake race, the police forces of the Triple Cities will stage a hotly contested motorcycle race to be followed by an Australian pursuit race. The cash receipts of the races will go to the Daytona policeman and fireman fund.

Methodist Notes
Mrs. J. S. Ward
Priest is spending
end in St. Petersburg.
Elizabeth Clark spent the
day with Miss Helen Jin-
kins.
C. Priest and family are
several days in Ocala
with relatives.
Fannie Bell and Sarah
Spencer spent one day this
week with Miss Virginia Jinkins.
E. McKee and Mrs. Ed-
ward, and son, Dale,
left for Orlando, Thursday on
a trip to which he
will take Lakeland, Bran-
ford and Madison.
Edenfield returned Wed-
nesday from Savannah,
Ga. He has been visiting
a host of friends.
At 6:45 o'clock the
league meets.
The speaker is expected to
be a visitor at welcome.
Fannie Bell and Sarah
Spencer, Clance Priest and
Edward, motored to De-
land to attend the
session of the Palatka
Epworth League Institute.
Virginia Jinkins and
Edenfield entertained the
from Cocoa, Misses Nona
and Auroa Tison, Friday
DeLand where they will
be the four left this morn-
ing for the District Institute.
Regular meeting of the
Epworth League will be
at 7:30 p. m. with
program has been planned
and will be there.
People who are not in
the league should make it a point
to attend at least once.
Try "Once a Leaguer,
Always a Leaguer."
Edwards S. Ward enter-
tained Sunday school class
at swimming party and picnic
at Lake on Wednesday aft-
noon. Members of the class at-
tended: Misses Olive Swain,
Shirley, Grace
May Lord, and Virginia
Jinkins. The guests were
Misses Vining, Eloise Winn,
Stimpson and the super-
intendent of the Intermediate
Department, Mrs. G. W. Wansley.
Senior Epworth League
regular monthly business
meeting in the church, Tuesday
evening, 7:30 p. m. The
business meeting was held
at the department being the
Epworth League. The white
and blue groups—the white
and blue. Each group appoint-
ed a captain. Many interesting
things were held, yells given, and
songs sung. When the judg-
ing was over, the decision was
that the race was a close
one. The "blues" had won by
a few points. Jasper Crowley
was many of the games and
at Lake Junaluska.

PRESBYTERIAN CHURCH
The church services for Sunday
will be as follows:
Sunday school 9:45 a. m.
Preaching service 11 a. m.
Senior Christian Endeavor, 7 p. m.
Preaching Service, 8 p. m.

East Sanford

Miss Sue Fox has accepted a
position with the Mahoney-Walk-
er Co.
A daughter was born to Mr. and
Mrs. Troy M. Bledsoe on Saturday
at their home on Geneva Avenue.
Mrs. Libbie Weeks and Miss
Annie Weeks arrived home Sunday
from several weeks visit in North
Carolina.
Miss Sue Fay has as guests from
Palatka last Sunday, Miss Adaline
Morris, Miss Bessie Litchworth and
Mr. Hendrix.
Mr. and Mrs. W. W. Dresser and
the children, Helen and Glen
spent Sunday as guests at the I. D.
Martin home in town.
Mr. and Mrs. George Elliott and
Edward Elliott of Sanford were
supper guests at the C. E. Chor-
pening home Wednesday evening.
Edmond Stowe motored to St.
Augustine on Sunday to bring Mrs.
Stowe and the little daughter home
from a visit with a sister, Mrs.
Evans.
Joseph Johnson, the East San-
ford boy who delivers The Herald
in East Sanford has received a \$25
cash prize for securing the most
new subscribers for the Herald in
a recent contest.
In New Zealand after a recent
heavy rain storm accompanied by
heavy wind, the streets and gutters
were filled with small fish that had
been blown from the streams and
water holes nearby.

MERCURY RISES TO NEW MARKS IN SOUTHLAND

(Continued from Page One)
with a promise of 100 or better for
Saturday.
Bacon and eggs were fried near
Pana, Ill., by tourists who used
the state of Illinois cement hard
road as a skillet and a natural
temperature of 101 degrees for
fuel.
Friday Zizzling One
ATLANTA, Sept. 4.—Dixie fair-
ly fried Friday. The sunny South-
east, popped and cracked under
the rays of a pitiless sun.
Almost every portion of the
South reported record-breaking
temperatures, not just for the sec-
tion, but for the whole year.
The Weather Bureau at Birm-
ingham, Ala., reported that the
heat there this afternoon broke all
previous records when the ther-
mometer recorded 105 degrees.
Columbin, S. C., at 3 o'clock
was sweltering in 105 degrees, the
second hottest ever recorded there,
the highest mark previously re-
corded here. The highest ever
was August 28, 1900, when the
thermometer stood at 106.2.
Chattanooga was mopping
fevered brows because of a record-
ed heat of 101.2 degrees, the high-
est mark ever recorded there.
At 3 o'clock the Atlanta ther-
mometer registered 100.5 degrees,
second highest recorded on the
local bureau. The highest was
101.2 on July 3rd last.
Relief Is Forecast.
CHICAGO, Sept. 5.—(AP)—Cool-
er zephyrs, sweeping out of the
Canadian northwest, today were
forecast as vanguard of the stormy
forces of Jupiter Pluvius, bringing

FLORIDA FACTS

The Atlantic Deeper Waterways
Association with headquarters in
Philadelphia will hold a meeting in
Miami during November 16 through
19.
Representatives from states all
along the Atlantic coast will be
present with detailed plans of the
projects within their states for the
promotion of deeper waterways.
The Florida State Canal Commis-
sion, operating under the govern-
ment and designed to secure the con-
struction of an Atlantic Gulf and
Mississippi canal, from Cumber-
land Sound to the Mississippi riv-
er, will be well represented, ac-
cording to John G. Ruge, of Apala-
chicola, chairman of the commis-
sion.
It is planned eventually to have
a waterway circumnavigating the
eastern half of the United States
inland. This is to be so laid out
that one may travel by water from

Boston to the Great, going first
via Miami.
To cut across the state of Flor-
ida through a canal system would
reduce the sailing route from Bos-
ton to the Great Lakes over the
southern waters route by about 1,
600 miles.
The average daily toll taken in
by the St. Johns river bridge at
Jacksonville during the month of
July is given by its chief clerk as
\$1101.11.
Orange is the center of the cit-
rus shipping industry of the state.
All but one of the great marketing
agencies in the state are located
in Orange county.
The county is in the geographical
center of the state and has an area
of 926 square miles. The latest
official state census gives it a 38-
349 of high number 9,587 are
negroes.
There are about 1,500 clear water
lakes in the county. The official
weather bureau report says that
the average monthly rainfall is
42.7 inches, the lowest temperature
30 degrees, the highest tempera-
ture 99 degrees and the average
temperature 71.7 degrees.
The county has completed or
now under construction 663 miles
of improved roads. A road bond

issue voted by the people is the
source of the road building finan-
ces.
During the month of July the
St. Johns river bridge at Jack-
sonville was lifted at draw section
thirty-three times to allow the pas-
sage of transports.
In 1924 the total number of
banks throughout the state was
241. On June 30, 1925 the total
number of banks in the state was
261.
A plan is now underway for the
consolidation of the Florida State
Game and Fish Protective Associa-
tion with the comparatively
newly organized body in this state
of the Isaac Walton League. The
former organization has been oper-
ating for many years.
Palatka—Cotton picking under
way in this section.

4.—Extension of local amusements.

5.—Swimming pool, tennis courts, etc.

6.—Augmenting of building program—houses, hotels, apartment houses.

7.—Extension of street paving program.

8.—Construction of boulevard around Lake Monroe.

9.—Completion of city beautification program.

10.—Expansion of school system with provision for increased facilities.

BIBLE VERSE FOR TODAY PRAYER ANSWERED:—I sought the Lord, and he heard me, and delivered from all my fears.

THE NAME OF JESUS Weary and spent and fainting— For bitter had been the day.

At the foot of the Cross I lay. No prayer could my spirit utter, No word my white lips flutter.

With only a breath there fluttered From my famished heart the Name.

The sweet, dear Name of Jesus, I whispered that—no more; But straight there thrilled an answer.

Deep to my being's core, Soul of my soul was lifted By that wondrous strength that came,

In an instant, swift from Heaven, At the mention of the Name.

The tears that from my weakness Fall slowly, one by one, Were dried by the gentle touch of Him.

The Father's equal Son 'Twas God who stooped to help me.

Whose help I dared to claim, When out of the depths I whispered

The mighty, conquering Name.

From the foot of the Cross, then, onward,

I took my way at length; Not now in pain and feebleness, But on from strength to strength.

For love had given me courage, No foe my face could shame; By faith my soul had spoken, ...In its hour of need, the Name.

—Arthur Unknown.

Sanford has only eight taxpayers who lack the progressive spirit.

Monday is Labor Day and The Herald force will take a vacation.

After Labor Day comes the fall and winter rush. Are you ready to keep pace with the rest of the people?

If there are five million dollars on deposit in the banks of Sanford now, how much will there be on deposit six months from now?

Sanford's golf course should be crowded Monday. In good condition, the course offers great recreational opportunity for Sanford people.

It appears that stockings are getting lower while dresses are getting shorter and our office boys wonder if it isn't time to risk the statement that for the future "never the twain shall meet."

A Missouri advertisement carries the following: "The man who left the seat of his trousers on my fence after robbing my watermelon patch last night may have them by calling and identifying his property." Which is very kind but we don't see much inducement in the offer.

An Associated Press Dispatch says, "Cupid shot an arrow from Adelaide, Australia, across the Pacific and the United States to Schenectady and Miss Eunice Rice promised to wed Keith Sante Mesant, electrical engineer now in the Antipodes." Guess that's better shouting than any Indian ever did.

Columnists in New York, and other sections of the American hinterland, have frequently taken occasion to poke fun at Philadelphia because it harbors in its busy midst a number of business and professional men with strangely apt or otherwise remarkable names.

There is, for instance, "Hosna Waterer, florist;" and again (in German) "Doctor Lawyer, dentist." Recently New York had a strike of "hangage-smashers." It did not last long or attain very interesting proportions. If it had, some bright metropolitan reporter might have discovered that no have in this city a firm in the express and forwarding line by the name of Mashbits & Son—Philadelphia Boulevard.

LABOR DAY

Monday, September 7, has been designated as Labor Day, a day when the whole nation will, with one accord pause in recognition of the importance of Labor, the dominating influence, the unescapable heritage of Man.

Any conception of Labor as a hulking bully, swaggering about in the grimy, sweaty apparel of his calling, flaunting his temporary station as the supreme ruler for a day, is wrong. Time is a great leveller, and it is a far cry from that period of the world's history, well termed the dark ages, when a laborer was a cringing menial, the hapless, helpless serf of a feudal system that recognized but two classes, quality and slavery. Democracy has long since supplanted the arrogance of aristocracy, and the Divine Right of Kings is a laughable memory.

Sweat is not discriminating, and honest toil is not confined to the narrow walls of an open ditch, nor the glowing heat of a rolling mill. The much maligned, radical-cursed capitalist, in the cool, quiet recesses of a man-made pile of granite, works as hard, in his way, as any corner bootblack, and his manifold benefits to humanity are greater than the doctrines of those who would pull him down. Should he be denied the respect symbolized by Labor Day?

Memory recalls a town where existed for a while, a woman's club, the by-laws of which included a ruling that no woman was eligible for membership, whose husband or father earned the daily bread clad in overalls. There also comes to mind the case of a young man whose occupation as gardener brought him to his urban home at the end of the day much with the grime of his labors, and whose wife was subjected to the open sneers of her city bred neighbors because of his chosen station. Can the addition of a white collar be construed as an exemption from the degradation of honest work?

Civilization has neither place nor use for the drone, the unproductive parasite, who drifts over his brief span of years without leaving, or caring, for anything to which he may point back with the pride of achievement. Nature abhors a vacuum, and the passage of time is rapidly marking the extinction of such voids in the Natural Scheme.

Genius and the constant clamoring demand for more and yet more production, unite to reduce the human factor in industry. Yet there is no mechanism, or will there ever be, which will co-ordinate impulse and execution, and so separate that factor from it. The American Telephone and Telephone Company, in installing automatic machine switching at their central operating stations, have retained the operators thus displaced on other duties, some of whom carefully watch the automatic switchboards for failure.

There will ever be present the prospect of toil in some measure for the sons of men. And it is only just that the strict, uncompromising adherence to an unescapable law should be thus fittingly rewarded and observed by one day of utter relaxation, when the great struggling human mass can, for one brief moment, lay aside the yoke of Labor.

Sanford Needs Hundreds of New Houses

Where can I find a place to live? This will be heard every day from now on in Sanford. Building permits show a new house is being constructed every day, but one new house a day is not enough for a city that is growing as rapidly as Sanford. One new residence a day will fall far short of providing sufficient housing facilities for the coming winter, or even for the early fall. Unless some concentrated efforts are inaugurated and some civic campaign staged for the purpose of providing more houses and more apartment houses, this city will be in a sad situation when hundreds of people come here to stay, but find it impossible to do so.

A newcomer cannot arrive in town today and construct a house so that he can stay in it tonight. He must have some place to live while he builds. In all probability, he would purchase a house already erected if such a thing was possible.

As a result of the great Chamber of Commerce membership campaign held last month, Sanford is doing extensive advertising. People are beginning to realize that in this city they can find a desirable place to live and to prosper. As the publicity program continues and as the Sanford story is continually preached throughout the land, thousands more will pick this community for their permanent home.

But after they get here, then what? If they like the city, if they like the sound and substantial characteristics of the community, if they would like to stay but can't find a place to live, what will happen? Just this. They will move on to Orlando or to some other points. Not from choice but because other towns have had the foresight to make provision for the caring of newcomers and have built hundreds of new houses and new apartment houses. And these other points will benefit by Sanford's extensive advertising campaign.

When a fund with which to advertise this community was provided, Sanford only started. The next important problem, and one that must be handled without delay, is the housing problem, which is, as few seem to realize, a decidedly serious one.

There are people in Sanford who own lots and would like to build on those lots if it was possible for them to borrow sufficient money with which to finance the construction of the house. Sanford's only building and loan association, we understand, cannot supply the demand for money. A long waiting list is held in the office of the company and as new money becomes available it is placed with the applicant who has been waiting longest. We understand that many have found it necessary to hold off their building operations for many months on this account.

Why wouldn't civic campaign, conducted on lines similar to the Chamber of Commerce drive, with its object the sale of stock in a building and loan association be a worthy movement? The Herald believes there are many individuals who have money to invest in good eight per cent securities and without doubt many of these persons would welcome an opportunity to buy eight per cent stock in an organization of this character if the matter was properly put before them. They would be assisting in the growth of the community and in the meantime would have a safe investment in eight per cent paper which was amply secured in Sanford real estate, and Sanford real estate will never be worth less than it is today.

The Herald would like to see something done to put such a plan into execution. Regardless of who does it, or how it is done, some immediate action must be taken so that hundreds of new houses may be constructed at once.

A TRULY AMERICAN sentiment recognizes the dignity of labor and the fact that honor lies in honest toil.—Cleveland.

HE WHO WOULD reach the desired goal must, while a boy, suffer and labor much and bear both heat and cold.—Horace.

LABOR IN THIS country is independent and proud. It has not to ask the patronage of capital, but capital solicits the aid of labor.—Webster.

LABOR IS discovered to be the grand conqueror, enriching and building up nations more surely than the proudest battles.—Channing.

HE THAT USETH many words for the explaining any subject, doth, like the cuttle fish, hide himself for the most part in his own ink.—John Ray.

As Brisbane Sees It

Profits Take a Rest. Pity Poor New York. George Eastman, a Giver. A Neanderthal Skull.

BY ARTHUR BRISBANE (Copyright 1925)

YOUR LIST of stocks this morning will contain many, many signs. The coal strike has frightened speculators and, like the miners, Wall Street profits are taking a temporary vacation.

However, those that now sell anything representing real value will feel foolish a little later. There could be no worse time than this to sell anything in the United States that is worth having.

THE STATE of New York piles itself because it pays \$500,000,000 income tax, almost a third of the entire national tax.

New Yorkers shouldn't forget that if they pay \$500,000,000, it is because forty-seven other States send all their wealth to New York banks, spend millions in New York shops and hotels, and allow New York's high finance to tap with its corporations, and its interlocking ownerships the sources of wealth all over the United States.

Since New York gets the income, it should be content to pay the tax.

GEORGE EASTMAN, a valuable citizen whom Rochester appreciates, has put his energy, intelligence and wealth back of Rochester's university. The assets of that institution now total \$47,000,000 and this does not include recent gifts of \$17,500,000 by George Eastman.

This is a better world in which men, while they live, work desperately hard for money only to give it away in service to their fellow men.

THE SKULL of a Neanderthal man, dead 20,000 years, and found near the Lake of Galilee, proves, according to the very learned Professor Arthur Keith, greatest authority on the origin of man, that the human race started in Europe, not in Asia.

THAT ANCIENT Neanderthal relative of ours was about equal in brain size to modern men. Professor Keith wonders whether he was able to use that big brain and remarks, which may interest you, that the ablest modern men do not use more than one-fifth of their brain capacity. Four-fifths lie fallow, wasted, waiting to be put to work.

IN JAPAN a flier from Moscow landed within forbidden territory near a Japanese fort. He was immediately locked up. A Frenchman was arrested for landing against his will, in similar territory. Japan takes flying seriously. This country will also take flying seriously if fliers ever start from Asia in our direction.

HENRY FORD and his son Edsel, Heaven be praised, are both deeply interested in flying. The older Ford would not object to the statement that his son dragged him into it.

They are going to arrange a parade of twenty flying machines across the country, inviting others to join. That will help to wake up the country.

The first of the Ford baby dirigibles, all metal, able to stay out of doors all the year round, if necessary, will be a welcome sight.

"PRESIDENT COOLIDGE will leave the capital situation for the present to Congress and hopes there will be no profiting in the meantime." So reads the dispatch.

That is a large hope, for "in the meantime" many dealers have raised the price fifty cents a ton. With the public, panic-stricken, run-hine to buy, that means comfortable profiting.

MOSCOW HAS learned that Germany is an educated nation, that its workmen are thinkers and do not want smashing violence. In consequence Bolshevism has ordered its representatives in Germany, Berlin especially, to put on the soft pedal and talk less violently, to curry favor with German workmen.

Forty years of teaching by the Social Democratic Party have taught Germany how to think. That's why they have a Republic and will come out of the war's troubles a greater nation than ever.

The world of high finance is congratulating Mussolini and Italy's new Finance Minister Volpi, on the rise of the Italian lire, which went to twenty-five for a dollar yesterday. Now the lire is worth one-fifth of what it was worth before the war, a wonderful achievement.

ON THE other hand, if the lira went back to its former value, 192 cents, everybody in Italy would be ruined, and Italy's industry would be overwhelmed. Finance is a complicated science.

THE OSSERVATORE Romano, through news obtained from Vatican, describes the journey of Cardinal Dougherty of Philadelphia in the Holy Land.

It is reported that Bedouins, all the Arab tribes that Cardinal Dougherty has encountered, have treated him with great respect, welcoming him with all possible pomp.

The Arabs, said to believe that the Pope objects to Jewish control of Jerusalem and the Holy Land, are friendly to the Catholic Church.

MORE GASOLINE war. The Standard Oil in the Middle West cuts prices five cents a gallon, reducing the retail price to 18 cents. What the little people save in the gas war they will pay back with interest eventually.

THE WET SEASON HAS SET IN

JUST IN PASSING

BY R. J. HOLLY

Man cannot live within himself and if there is a man among us who thinks he can get aside this teaching of the Bible let him try it. He might get away with it seemingly and make lots of money but he will not have peace of mind, he will have no friends and he will be despised of men everywhere.

Every citizen owes his city and country some service. It might be of one sort or another but he must give some of his time toward making his home town better. He must do his share in every civic movement, in better living conditions, in club work of some kind, in helping his friends and neighbors. The man who shuts himself up within the four walls of office or home and does nothing to help his city will eventually find himself cut off from mankind generally and his wish to be alone will be gratified in every particular.

It takes a lot of time and money and gives a man plenty of worry and trouble to be a progressive citizen but the reward comes from that feeling of having done your duty. Your friends will be numbered by your acquaintances, you will be something in your community even though you have no money, you will be one of the leaders in helping every worthy movement and feel that you really have a place in the world.

"California Real Estate Has Steady Movement," reads a Los Angeles headline. Probably "Rocks 'Em With a Steady Roll."

William G. McAdoo has been in Tampa and other points in north Florida this week. He went down to Marco to try and establish a League of Nations with the warring factions of Collier county.

We should worry about the strike in the coal regions. There is enough timber in Florida at the present rate of cutting and chashing to last us for this winter at least.

America's war debt is being paid off at the rate of a billion a year, says headlines in newspapers. At this rate we should be getting a slight reduction in the income taxes. Or does the government expect to keep up the tax until the real estate in Florida is all sold.

Florida is the only southeastern state not suffering from a drought. There are many causes for this. One of them is our proximity to Miami and other points of contact and then rainwater makes an excellent mixture for home brew it is said.

One of the men responsible for an alleged Florida land fraud is now in France and he may be extradited in order that the angry customers can wreak vengeance on him. If the northern investors would only deal with Florida realtors of recognized standing in the community they would not be bilked. It is the northern fakirs in the big cities that sell fake lands in Florida—not the home product.

Any little old dried up country newspaper editor in Florida has done more for his state than all the "high hats" that come down here from the big papers to tell us about it and yet the little Florida editor is barely noticed while the stranger is always carried round on a platter. A prophet is without honor in his own country.

September Morn may have been born without any clothes, according to the picture, but September has started off with a heat record second to none and even in the mountains of Tennessee the thermometer is 101. Some way or other we seem to feel the heat more in September than in August and the in September we are supposed to have a change.

New apartment houses in Sanford will relieve the housing shortage and give the winter visitors a chance to remain in Sanford. With other Florida cities filled to overflowing Sanford should offer a haven of comfort and rest to the weary and many of them from the congested areas will come to Sanford and remain here.

That bill to be framed for bird protection in and around Sanford is a good one and should be adopted unanimously by the people here other than it goes to Tallahassee to become a law. We want all the bird protection we can have in this section not only for the benefit of the farmers but also to preserve and keep intact our colonies of feathered songsters and plumage birds that make Florida famous all over the world.

Haynes & Ratliff have installed a new printing press and linotype and other material that will give the firm one of the largest and best equipped printing offices in this part of the state and their first publication this month will be Florida Outdoors.

Actual building figures are what count in the growth of a city and not the number of subdivisions. What Sanford has at present is five hundred homes at prices that will suit the pocket book of rich and poor. Vacant lots may be changing hands every day but unless some one builds homes on some of these lots they might just as well be back in their native wilds—white stakes only mean corners of lots.

Our present traffic rules are not good. There is not one out of a hundred drivers know who has the right of way on the streets of Sanford. Regardless of right hand and left hand right of way I would absolutely abolish all of that and make First Street the right of way street over other cross streets. This would be the only east and west street to have it. Other right of way streets would be Oak Park, Magnolia, Palmetto and Sanford Avenues. Let the side streets traffic give way to the main lines of travel and there will be less accidents.

SATURDAY EVENING SERMON

REV. T. J. NIXON

Text, Psalm 100-2. "Serve the Lord with Gladness." THERE ARE MANY SOURCES OF GLADNESS IN THE LIFE OF GOD.

These must be a cause for joy, and no man can be just trying to be glad. Cause for joy in serving God comes from within. It is not an effort to be glad, but a real experience of salvation. Another source of gladness is the goodness of God. It is always a pleasure to have a good master whom you love and respect. A good master is a blessing in the family of God. When we think much of God we can be glad and cheerful. Gladness is the source of gladness in the life of the blessedness of God in the world. A blessing of our Lord is given in the life of a man who is glad to give to others, and at the time realizes that it is good to give to him to receive.

I heard of a man who had been a member of the church for twenty years and had found any joy in his religion. He was a poor man, and poverty and sickness and care had made his life a burden. His own heart was filled with grief and he was ministered to. Another cause of gladness is the service of God in the future. The future is always to one who has faith in the Father's love and can say with the blessedness of Israel, "Surely goodness and shall follow me all the days of my life, and I will dwell in the land forever." A GLAD SERVICE TO COMPLEAT MORE GOOD ANY OTHER KIND.

When Jesus was born in Bethlehem the angels from heaven brought the message to the shepherds and said, "Fear not; for behold I bring you good tidings of great joy, which shall be to all people; for unto you is born this day in the city of David a Saviour which is Christ the Lord." During his ministry our Lord preached the glad tidings of the kingdom of God. He declared that he came to preach the gospel to the poor, to heal the broken hearted, to preach deliverance to the captives, and recovery of sight to the blind, to set at liberty they that are bruised. His great sermon on the mount is a message of blessedness to all men. He taught that the purpose of his coming into the world was that men might have life, and have it more abundantly.

Wherever the pure gospel has been proclaimed, from the days of the apostles until now, and men have believed in Jesus Christ as

THE DAYS OF OUR YEARS

OWENSBORO, KY., MESSENGER

It would be interesting to know the authority for the statement made at a meeting of insurance men in Chicago that the average length of life in Europe under Columbus discovered America was twenty years. The speaker mentioned it to show how the span of our days has been increased and as the basis for a prediction that they will be still further increased. At the time of the Civil war the average length of life had been today is fifty eight years, he said; in 1550 it probably will be seventy years.

If the average expectation of life in 1492 was twenty years it, 2,000 years before. Yet the Psalmist said: "The days of our years, are threescore years and ten; and if by reason of strength they be four score years; yet is their strength labor and sorrow; for it is soon cut off, and we fly away." This means that seventy years is the normal span of man's life. The general impression has been that in Biblical times people lived to a greater age than now. Melchizedek, son of Enoch, is credited with having been 969 years old when he died, and there were other patriarchs whose years were far more than have been attained in modern times. Even though there are some who contend that what were

called years in those days only lunar months, it is only length of a human life under the Cæsars was so short of life then was so short of statement concerning the average length of life in Europe under Columbus discovered America was twenty years. MEMBERS OF SANFORD'S YOUNGER SET TO LEAVE SOON FOR COLLEGE

With the coming of September, members of the college set are turning their thoughts to school. To those who are returning to college, the summer has passed swiftly, by bringing college time back too soon, while for those who are entering the various institutions of higher learning for the first time, interest in the opening of school is keen, giving rise to keen anticipation of what the new life will hold for them.

In these last few days before Sanford girls and boys leave, there is one round of shopping being done. Last minute preparations are always the most fun, for the girls especially, while the purchase of new clothing outfits holds not a little enjoyment for the boys.

A majority of Sanford's college set will attend state institutions although there will be a large number scattered throughout the country. Girls here have shown a preference for the Florida State College for Women at Tallahassee, where a record breaking attendance is expected this year.

Among the Sanford girls who will return to familiar scenes at Tallahassee will be: Misses Lillie Ruth Spencer, Emma Spencer, Sara Wheeler, Mae Holly, Maude Lake, Anna DuBoise, Ella Mary Murhead and Helen Vernay. Among those who will enter this institution for the first time will be Misses Mildred Holly, Olive Newman, Georgia Mobley, Mary Elizabeth Puleston, Sara Evelyn Williams, Naomi Scroggan and Louise Scales.

Miss Margaret Zachary will resume her studies at Sullins College at Bristol, Va., while Miss Margaret Cox will return to Goucher College at Baltimore, Md. Miss Marie Stepper will re-enter Piedmont College at Piedmont, Ga., Miss Emily Bailey leaves today for Winston-Salem, N. C., where she will begin her second year as a student of Winston-Salem College. Miss Kitty Dullone will re-enter Queens College at Charlotte, N. C., where she will matriculate as a Freshman, after having to leave school last year on account of serious illness.

Miss Olive Newman Is Entertained on Friday With a Picnic Party

Miss Olive Newman, who has recently returned from a most delightful three-months' tour abroad, was the guest of honor Friday evening at a most enjoyable picnic and swimming party given by her mother, Mrs. R. A. Newman, at the attractive summer home of Mr. and Mrs. W. C. Hill's on Crystal Lake.

All sorts of dainty viands which help to make a picnic supper complete, were served at the sumptuous supper at Sundown, in true picnic style.

Late in the evening a number of young men joined the jolly group and dancing, canoeing, swimming and other aquatic sports were indulged in, until a late hour. Mrs. Newman was assisted in looking after the pleasure of her guests by her mother, Mrs. A. E. Hill and Mr. and Mrs. W. C. Hill.

Those enjoying this happy evening were Misses Olive Newman, Mae and Mildred Holly, LeClaire Jones, Georgia Mobley, Katherine Pittman Ellison White, Kittie DuBoise, Sara Evelyn Williams, Naomi Scroggan, Helen Vernay, Emily Griffin and Carolina Hill and Ben Bridges of Orlando, Bob Dobson, Johnnie Miesch, Frank Markwood, Raymond Beardin, James Sharon, Warren Scroggan, G. W. Spencer, Jr., Harry Woodruff, Edgerton Patterson, Randall Chase, Stanley Vernay, Mr. and Mrs. R. A. Newman, and Master Bobbie Newman, Mr. and Mrs. W. C. Hill, Mr. and Mrs. J. D. Woodruff, Mrs. Leola LeGette and Mrs. A. E. Hill.

AUXILIARY TO MEET
The regular meeting of the Col. Theodore Roosevelt Auxiliary Number Three U. S. W. C. will be held Thursday afternoon at 3 o'clock at the American Legion Hall. The president of the Auxiliary, Mrs. Mae Saefer, urges all members to be present.

Master Harry Robson.
Dancing was enjoyed by the young folks until a late hour, after which a delicious ice course was served. Those enjoying this delightful affair were: Misses Elva Pierce, R. E. Griffin, Mary Helen Morse, Louise Fields, Eloise Lanier, Eugenia Rouse, Beatrice Powell, Louise Russell, Luella Mahoney, Gene Martin Laney and Margaret Cowan. Messrs: E. P. Higgins, Theophil Miller, Jesse Neely, Evans Spencer, Jack Hall, Arthur Zachary, George Wilson, Clyde Long, George Huddleston, Louise Mitchell, Claude and James Robson and Herbert Messer.

Miss Pearl Robson Is Given Lovely Party In Honor of Birthday

Honoring Miss Pearl Robson, who celebrated her fifteenth birthday Friday, her mother, Mrs. J. N. Robson, entertained at her home on South Sanford Drive with a "Kid's Party." The attractive home was decorated with varied colored cut flowers and ferns. Games and other

childish sports were played on the spacious lawn and all-day suckers and stick candies were enjoyed. Miss Eloise Lanier entertained the jolly group with several humorous readings. Also several musical numbers were enjoyed by Miss Pearl Robson, James Robson and Lewis Mitchell. The prizes for the cutest "Kid" was presented to Miss Eloise Lanier and Evans Spencer. Punch and dainty crackers were served throughout the evening by little Miss Gene Martin Laney and

MESSNER STEALS HOME TO DEFEAT SANFORD FRIDAY

Saints' Shortstop Does Pretty Piece of Base Running That Beat the Locals; Lefty Myers Hurled Good Ball

ST. PETERSBURG, Sept. 5.—(AP)—Jake Messner stole home in the fifth inning to give St. Petersburg the run that beat Sanford here this afternoon in the second game of the series 3 to 2.

The Saints overcame a one-run lead the visitors obtained in the opening inning when Bill Cox hit a home run with Doyle on base in the second.

Houston pitched steady ball for the Blockmen. Although he was scolded for nine safeties they were well scattered, no more than two come in any one inning. Houston struck out nine men.

The Box Score. SANFORD AB R H PO A E. Dumas, cf., 4 0 3 1 0 0. Levy, ss., 4 1 1 4 6 1. Mason, rf., 4 0 0 0 0 0. McQue, 2b., 4 1 2 1 2 0. Joyner, lf., 3 0 1 1 0 0. Bailey, lb., 4 0 1 10 1 0. Frisbie, 3b., 4 0 1 1 2 0. Alford, c., 3 0 0 0 3 0. Myers, p., 4 0 1 0 4 0. xHardy, 1 0 0 0 0 0.

TAMPA BATTLES HIGHLANDERS TO 13-INNING DRAW

Darkness Halts Extra Inning Affair Which is a Listless After Seventh; Craig Hurls Whole Game for Lakeland

TAMPA, Sept. 5.—(AP)—The Smokers and Highlanders battled 13 innings to a 3 to 3 tie Friday afternoon, the game being called on account of darkness. It was listless and loosely played until the seventh.

Tampa scored in the opening inning with two singles, a base on balls and a sacrifice. Lakeland scored two in the third with three hits and a pitcher's error. They added one in the sixth when Cusack doubled and scored on Snedden's error. The Smokers scored another in the eighth on an error and three bases on balls. They tied it in the ninth with a bunt, a sacrifice and a single.

The Box Score. LAKELAND AB R H PO A E. Surface, rf., 5 0 0 3 0 0. Kowalski, 3b., 6 1 3 1 2 0. Welch, cf., 6 0 1 4 0 0. Cusack, 2b., 6 1 3 4 2 0. Fry, lb., 5 0 1 17 1 0. Doyle, c., 5 0 0 6 0 0. Phillips, ss., 5 0 0 2 1 0. Harbin, lf., 3 0 0 2 0 0. Thurman, if., 2 0 0 0 0 0. Craig, p., 5 1 2 0 11 2.

Tampa—Construction of new \$500,000 Pulver-Plant Hotel, to begin in early date.

Local Baseball Fan Picks Tampa To Win Series From Saints

By PETER SCHAAL. If past performances count for anything as far as the very uncertain game of baseball is concerned, the Smokers, winners of the second half pennant race, should have an easy time of it in the coming Florida State League pennant grabbing series, possibly taking the first three of the games to be played.

Some interesting facts and figures have been obtained by a careful study of the records of the game played between the Smokers and the Saints this season, and form the basis of this article.

During the entire season, the Smokers have faced the Saints in 40 games, thirty nine of which have been played to a finish, with only one of them tied, the game of Aug. 4, being called at the end of the fourth with the score three all. Of the 39 games, the Smokers have won 22 of them, with the Saints credited with only 17. However, for various and sundry reasons, the Saints have been very good to the Smokers during the second half of the season, 16 of the 22 games the Smokers have won, being taken during the second half, while the Saints have won only six games during the second half.

Had the season not been a divided one, there is no doubt but that the Saints would have made a much better showing against their opponents during the second half than they did, for they have practically the same team they had when they started the season and there could have hardly been a reason for their poor showing during the latter half of the season. But the Saints should be given credit for a dangerous ball club which may spring a surprise and give Tampa a lacing which it isn't looking for. In Jake Messner and George Block, they have the brains of the league and the coming series should be very interesting.

However, a glance at the dope sheet, and some of the pitcher's records may give one an idea of the possible results of the series. Below is a compilation of the pitcher's records of the two teams, giving games won and lost, times pitched, number of complete games worked, and the shut out games.

Tampa Pitcher W L TO CG SO. Estrada 3 0 1 3 1. Cobb 5 1 1 4 1. Swanson 4 1 2 3 2. Pittman 2 3 1 1 0. Peterson 2 3 1 1 0. Coutsar 2 2 1 1 0. Alvarez 2 4 3 5 0. Foley 1 2 1 1 0. Fisher 0 2 2 0 0. Overstreet 0 1 1 0 0. Totals 22 17 15 21 5.

St. Pete Pitcher W L TO CG SO. Hewitt 4 2 3 6 0. Knight 2 1 1 3 0. Morris 3 2 0 5 1. Houston 1 0 2 0 0. Kelly 1 1 0 2 0. Edwards 2 4 0 4 0. Hernandez 1 2 0 3 0. Starg 0 1 0 1 0. Diekey 0 1 0 0 0. Brower 3 5 5 1 0. Totals 17 22 9 31 2.

The records above give the names of all the pitchers which both clubs have used against each other since the opening of the season, with the pitching staffs of the clubs now down to Hewitt, Morris, Houston, Starg and Brower for the Saints, and Estrada, Cobb, Swanson, Peterson, Alvarez and Foley for the Smokers.

A study of the records shows that Estrada, Cobb and Swanson ought to be able to win from the Saints in good style, they having won 12 of the clubs total of 22 victories. However, all of their pitching has been done during the second half, Estrada and Cobb pitching one game each against the Saints during the first half, winning both. Estrada has the cleanest slate of all of the pitchers, having three victories and no defeats to his credit, being taken out of the only one game, Fisher getting the credit for losing it, 9 to 8. He may be counted on to take possibly two of the games of this series as the Saints hit only touched him for 16 hits in the three games he has worked.

Cobb should win his game or games, for one defeat out of six starts is pretty good pitching. Swanson also should take his game having let the Saints down with only one win, shutting them out twice and allowing only 24 hits in five games. Clarence Peterson and Coutsar Alvarez should also be in the thick of the fight, Alvarez especially, who with Estrada, will probably have the entire population of Your City back of them.

And that leaves Foley as the other regular. The Smokers' mound artist's looks pretty good to this writer and with fair support there should be no argument as to who will cop the hunting.

To glance at the Saints side of the argument, Hewitt seems to be the best bet they have with Lefty Morris a close second, Houston and Starg are dark horses, and Brower hopelessly out of it as far as Smokers' fans are concerned. The Smokers have fallen on Brower for seven wins out of ten games he has pitched, knocking him out of the box five times. Brower has been sent to the showers three

PIRATES HALTED BY CARDS WHILE NEW YORK WINS

Yde, Pirate Ace, Blows Up In Ninth and St. Louis Wins; Neph Stars as Giants Win Over Phillies in The 10th

PITTSBURGH, Sept. 5.—(AP)—St. Louis broke Pittsburgh's winning streak Friday, 9 to 3, after the league leaders had won nine straight. Yde opposed Reinhart until the ninth inning, when Yde was succeeded by Babe Adams, who went to the mound with the bases loaded. The Cardinals hammered Adams for four hits, including a double, which went for five runs.

Rogers Hornsby featured the game by knocking his 35th home run of the season, by slammung one into the right field stands. Score by Innings: St. Louis 120 000 045—9-12-0. Pittsburgh 000 100 020—3-11-2. Batteries Reinhart and O'Farrell; Yde, Adams and Gooch, Smith.

GIANTS 6; PHILA 5.

PHILADELPHIA, Sept. 5.—(AP)—The New York Giants nosed out the Phillies Friday, 6 to 5, Terry's home run in the tenth breaking a 5 to 5 deadlock. Irish Meusel slammed his 20th home run of the year in the fifth inning. Relief pitching by Art Nehf, who followed Bentley and Wisner, was a feature of the game. Nehf did not allow a run after the fourth inning and retired six batters on strikes, three of them in the tenth.

Score by Innings: New York 003 010 100 1—6-12-0. Philadelphia 002 200 000 0—5-12-0. Batteries: Bentley, Wisner, Nehf and Snyder, Devine; Ulrich and Wilson.

CINCINNATI WINS

CHICAGO, Sept. 5.—(AP)—Cincinnati defeated Chicago, 2 to 1, Friday by launching hits in the fourth and ninth innings. Walker drove in the first run with a single and the other run with a double.

Score by Innings: Cincinnati 000 100 001—2-8-2. Chicago 001 000 000—1-5-0. Batteries: May and Krueger; Bush and Hartnett.

Lofly, Tampa Pug, Floors Cochrane In Fifth At Orlando

ORLANDO, Sept. 5.—Mike Lofly, of Tampa, knocked out Young Cochrane, of Mobile, Ala., in the fifth round of a scheduled ten-round go in the Armory building Friday night. Hard smash to the jaw and abdomen were effective in the defeat of the Alabama boy and after the third round he was practically helpless in the hands of the Tampa slugger, Cochrane, although displaying weakness in the ring, took a good amount of punishment, which the able Lofly knows how to administer. Cochrane was groggy from the second round and it was only a question of time until he was compelled to kiss the mat.

They came through the semi-finals side by side, the greatest of friends, one the pugil and the other the champion. They will meet as golf enemies on the same field they swept, for the amateur crown, today.

Champion Bobby, victor in 1924 at Merion, entered the final, but that he faced there in the finals, George Von Elm, of the Rancho golf club of Los Angeles, but the margin was somewhat narrower. Von Elm, bowed last year 2 and 8; today the score was 7 and 6.

Little Ginn, who eliminated the former champion, Jess Sweetser, by an overwhelming margin in yesterday's play, had a more serious contender in Dick Jones, but finally conquered the White Plains star, dropping a 45 foot putt at the 33rd green to end the tussle, 5 and 3. At the end of the morning round he led by one hole.

The champion, who had experienced comparatively light opposition in gaining his way to the semi-finals, went at Von Elm like a tiger today and rounded the first turn in two under par figures. The Californian's back was to the wall on the second green for Bob had scored two birdies and was shooting with the full confidence of a title holder.

For long bow over the closely clipped fairways far beyond the railroad tracks as the match started, with Von Elm shooting a vicious drive into a trap at the right from which he barely emerged to reach home in three, it was too late to halve the speeding Jones, for Bobby was down in a birdie four after an iron second that halted at the green's edge. Across the bridge spanning the railroad the gallery thronged to see the second test of what they believed would be one of the year's greatest links engagements, but here again the champion's second was hole high for six feet away and he was down for a second birdie.

After a half at the third, Von Elm's ball again hurtled into the trap at the right and only a mighty out with his nublet lifted it to the midway. Again he lost. A hole at the fifth was followed by a misadventure on the part of Von Elm and a break in his hits that sent him three holes to the hole in his game. At least the smile left his face as he pointed contemptuously to a hole in the sand, who his ball had been buried so deeply that no roller alive could bring it out well.

Ferguson In Form, Senators Easily Win From The Red Sox

WASHINGTON, Sept. 5.—(AP)—Ferguson held the Boston Red Sox, his former mates, to seven hits Friday while the champion Senators hit timely for a 9 to 3 victory. It lifted Washington's lead over the runners-up Athletics to six full games. Philadelphia broke Philadelphia was Ferguson's third straight victory in Washington uniform.

Score by Innings: Boston 001 000 011—3-7-0. Washington 200 131 02x—9-9-1. Batteries: Ruffing, Fuhr, Ross and Picinich; Ferguson and Kuel.

It costs about one hundred dollars per acre to grow potatoes.

perior in every way, and easily put his opponent out.

One of the games preliminary seen here in same time was staged by two local youths, Young Tanner and Young Johnson, who scrapper for the glory of the battle and exchanged blows with telling effect. Tanner was given the decision at the end of the six rounds, but the judgment of the referee was seriously doubted. Johnson felled Tanner in the fifth inning and had him groggy in the sixth, and the battle would have ended shortly if another round had been permitted. Both boys fought gamely, however, and many declared it one of the best preliminaries seen here in some time.

STRENGTH - SERVICE - PROGRESS

Progress

Two recent developments have focused public attention on Graham Brothers Trucks as never before.

One was the sweeping price reductions of May 15th, ranging from \$80 to \$160.

The other was Graham Brothers ascendancy to leadership by building more 1 1/2 ton trucks than any other manufacturer in the world, during the first quarter of 1925, and by achieving second position in the 1 ton and 1 1/2 ton fields combined.

Progress such as this deserves public attention—and eliminates all doubt as to the logical truck to buy!

DUTCHESS TROUSERS

100% a Button, 3/4 Zip, a Rip

For those who go to College and those who don't

Correctly dressed young men, on college campus or at home here in town, are now wearing coats and trousers of contrasting shades.

This means separate trousers. And separate trousers invariably mean Dutchess Trousers, if you are looking for style, fit, comfort and long wear. Dutchess Knickers, too—for golf, motoring, hiking, or just plain "roughing it".

With our complete line of Dutchess Trousers and Knickers in a variety of pleasing patterns and durable fabrics we can fit you perfectly and satisfy you completely.

And besides, they're all backed by that famous, money-on-the-spot Dutchess Warranty—100% a Rip.
