Bobby Vinton Gives Aid To 'Polish Power' Rise

By DAN LEWIS
The Herald Staff Writer
Early in his career, Bobby Vinton soared to stardom with four straight No. 1 (Billboard) chart singles records. But the last of those big hits was 10 years ago and, while his career flourished mainly on personal appearances — nightclubs and concerts — there was a drought in record hits.

He's stopped telling the Polish jokes now, and he's suddenly become active in what he describes as "the Polish movement."
"There's a new spirit among Americans of Polish extraction," Vinton claims. "We're sort of building 'Polish Power,' very much like the 'Black Power' movement of five years ago."

HOROSCOPE

Seminole Will Ring In 1975 With Reverence, Merriment

By DONNA ESTES
Herald Staff Writer
Seminole County is ignoring economic problems with plans to celebrate and see in the 1975 New Year in the same variety of ways.
Some will go to parties, others to local bistros. Some will attend church services and others will stay home to watch Guy Lombardo on television. Alcoholics Anonymous planned their New Year's Eve party early this year, signing a contract five months ago for use of the

Alamonte Springs Civic Center, according to civic center director Eddie Rose.
Rose said the organization has spent most of today setting up tables for the more than 200 expected to attend the party. More than 1,000 cups of coffee are expected to be served to the music of Jack Drummond's Orchestra.
Local night clubs have been booked for months in advance. Freddie's Steak House in Fern Park has openings left at 5 p.m. today. St. Richard's Council Knights of Columbus, expect 200 to attend a BYOB affair at their new hall on Oak Avenue. Jack Benke, in charge of the

party, said Country Ballards will be featured and breakfast will be served after midnight. The crowd expected is much bigger than usual.
The ABC Liquor Store in Casselberry said sales are up and most customers are indicating they are taking their own bottles to private parties.
New Year's Eve church services scheduled include: Messiah Lutheran, Casselberry, candlelight services beginning at 11 p.m.; Casselberry Community United Methodist

Church, Watch Night program at 10 p.m. with a service at 11:45; Holy Cross Episcopal of Sanford, services at 11 p.m. with congregational singing and Holy Communion at 11:30 p.m.; Redeemer Lutheran, services at 7:30 p.m.; Lake Mary Baptist Watch Night service beginning at 7 p.m. with a covered dish supper followed by a film at 8:30; and Longwood Church of the Nazarene, Watch Night beginning at 8 p.m. and ending shortly after midnight.
Local residents will not find too much open New Year's Day. Most stores, all banks and governmental agencies will be closed.
State and federal offices are closed Wednesday only, but Alamonte officials say they may close early today if business is light.
In Alamonte Springs, city hall was to close at 2 today if business was slow, while the Lake Mary city hall closed at noon. But in neighboring Casselberry, city hall is open today as usual during normal hours. The same holds true for Sanford, Oviedo, Winter Springs and Longwood.
Seminole County courthouse observed regular hours today and all offices will be closed Wednesday.

Sovereign Immunity Loss Forces Insurance Action

By BILL BELLEVILLE
Herald Staff Writer
Seminole County Commissioners, faced with the loss of sovereign immunity on Jan. 1, discussed the need Monday for a "safety engineer" and moved to obtain "intermittent" insurance coverage until more competitive bids could be received.
The removal of the sovereign immunity opens up all elected and appointed officials and their employees to lawsuits from private citizens.
County Attorney Howard Marsee recommended that the board either hire a safety engineer or appoint one from present county ranks by Jan. 1, deadline.
The engineer would be charged with the enforcement of new safety standards in the county and would be able to "head off a great many problems" relating to insurance.
In addition, Marsee said, the county could also be liable for the actions of private and public utility companies when the firms are working in a county right-of-way. Marsee said that when "existing use permits" are granted by the county after Jan. 1, they should require that

the county be added as an insured party, even when the work is being performed by a private contractor for the county. Marsee recommended rates of \$100,000 a person, and \$300,000 an occurrence, "the same you will be paying for general liability."
The county attorney said that "with that insurance and with you being careful who you allow to work in the right-of-way," the county should be relatively safe from damages.
County Engineer Bill Bush asked the commissioners to implement the new, altered permits as soon as possible in order to avoid a work delay for some contractors. Bush said that he particularly expects "a lot of flack from the telephone company. They will object that with that insurance and with you being careful who you allow to work in the right-of-way," the county should be relatively safe from damages.

Belated Gift For Area Bike Riders

The 1,300 school-age youngsters in the county who ride bikes to and from school every day are getting a belated Christmas present from the Seminole County Commissioners.
The board Monday acted on a request from Sgt. Beau Taylor of the County Sheriff's department to provide safety tags and reflectors for the bikes.
Taylor reminded the board that they had appropriated \$5,000 this year for a county-wide safety program, and that the equipment's expense could come from these funds.
For \$2.15 a child, Taylor said, each bike can be equipped with the six-foot fiberglass pole and "international orange" flag, and triangular prismatic reflector. The total cost would be \$2,775.
"we would like to give them to every child whose principal verifies that they ride his bike to and from school every day," Taylor told the commissioners.
School personnel have estimated that "bicycle riders" add up to about 1,300.
Taylor said the reflective flags can be seen at night, although they will be used by the children during the day "most of the time."
Taylor explained that the flags and reflectors would be installed during the annual bike inspection that the Sheriff's office has in January.
"Although Commissioner Mike Hatlaway said he was still concerned with protection offered to children walking to school, the board unanimously okayed Taylor's request.
Commission Chairman John Kimbrough said, "There would be no objections by the board if the school administration required that they (flags and reflectors) be turned in when the child leaves" at the end of the year.
The board waived its policy of obtaining at least three competitive bids for purchases over \$1,500 in order to have the flags by the mid-January inspection.

Objection Overruled: Grader Purchased

By ED PRICKEIT
Herald Staff Writer
CASSELBERRY — City Council Monday approved purchase of a \$17,300 road grader over objections of one council member, who complained officials should halt spending until a \$70,000 deficit in the city budget is cleared up.
Edith Duerr said.
Council members agreed with Duerr that the city should try and correct deficits in the police and utility departments.
Duerr also objected to use of the road grader to clean gutters from in front of homes. She said workers had cut the top off the curb in front of her home.
Mayor Bill Grier assured Duerr any similar work done by city crews in the future will be by hand and not with the newly purchased grader.
Officials also approved an expenditure of \$1,500 to buy a vehicle for the city's meter reader. Also, \$33,800 was okayed to buy two generators for the city's utility department.
City Manager Harry Hug said a special meeting has been called Jan. 20 to deal with a utility deficit of \$40,000 and an estimated \$30,000 deficit in the police department.
Officials in both departments are working with Hug searching for a way to erase red ink in the two departments.

'Shotgun' Bandits Strike Again

By BOB LLOYD
Herald Staff Writer
Two men, armed with a sawed-off shotgun, held up Little Dixie market, SR-427 at Church St., in Longwood Monday night and fled with approximately \$150, police said today.
Longwood police Lt. Jim Pileonics said two black males of the same description robbed a convenience store two blocks away two months ago.
In the Monday robbery two men wandered around the store before one held the illegal shotgun to store manager Charles Bruce's neck and forced him into a rear storeroom.
\$500 case was taken from under a mattress at the residence of Timothy Ryan, 38 San Jose Circle.
Stereo and radio equipment and a revolver, valued at \$644, were taken from the Goldenrod home of Charles Eby.
A silver dollar collection valued at \$1,000 was taken from the home of John D. Tompkins, 2258 Poinciana Rd., Maitland.
Liquor, electronic camera gear, valued at \$416, was taken from the Fryer Road home of Charles Baur.
"Portable television and bottle of whiskey were taken from office of American Produce Exchange, SR-46 east of Sanford.

Officials also approved an expenditure of \$1,500 to buy a vehicle for the city's meter reader. Also, \$33,800 was okayed to buy two generators for the city's utility department.

LOCAL ECONOMY REPORTED 'GOOD'

Fanne's Arrest, Jackson Kidnaping Gain National Spotlight

By BOB LLOYD Herald Staff Writer

The arrest of strip dancer Fanne Foez and the ransom kidnap of a Sanford businessman turned the national news spotlight on Seminole County in 1974. Police and the courts were also busy with cases involving arson accusations of political corruption, a 1971 underworld assassination attempt, a pornography raid, an attempted robbery-shootout at a supermarket.

Mike Pinter (left), Miss Foez and manager Jerry Brandt leave jail after posting bonds.

Miss Foez, stripper-protégé of Arkansas Rep. Wilbur D. Mills, made an appearance at county jail in Sanford briefly after she was arrested Dec. 12, by state attorney C.E. DeFay Jr., on a charge of indecent exposure following her performance on a stage at Casseberry's Club Juana. Club operator Mike Pinter was charged with promoting an indecent show. Miss Foez and Pinter posted \$500 bond each and were released from jail.

They entered written pleas of innocent at arraignment on the charges in County Court. The cases are scheduled for trial Jan. 29 before County Court Judge Wallace Hall. A mother of four, Miss Foez, 38, whose real name is Anabella Battistella, gained worldwide headlines two months before the Casseberry incident when she was dumped into the Washington, D.C., tidal basin after police stopped a car in which she and Mills were riding.

Mills, a Democrat, was re-elected despite the notoriety that followed. But a furor erupted after Mills appeared on a Boston stage with Miss Foez in late November. He entered a hospital several days later, complaining of exhaustion. Then, because of ill health, he decided not to seek a new term as chairman of the Ways and Means Committee. Miss Foez's pre-Mills stripper's fees were \$300 a week. She reportedly was to get \$15,000 a week for a two-month engagement at Club Juana, but she cut short the engagement at the end of the first week.

seemingly bewildered with the flood of publicity and shaken by the scrape with Florida law. She told a startled audience that she'd rather quit taking her clothes off than to jeopardize Mills' career any further. She announced her retirement from the stage and a vacation in the West Indies. Her manager hinted that she might write a book about her experiences.

In an exclusive interview with Herald Women's Editor Jean Paterson, Miss Foez indicated her life was happier as a little-known stripper in an obscure Washington nightclub. "I felt all right in the beginning," she said, "but as I become more famous and the offers become higher priced, I don't feel like a person any more. To the agencies, the club owners, I'm just a machine, a money-making machine."

Former Chamber Manager John Krider: 'Area In Excellent Economic Condition'

Jackson Kidnaping

Police said money was the motive for the Feb. 28 kidnap of George Jackson Jr., 53, from his Southern Shortening plant at 2200 Country Club Road, Sanford.

Twenty-eight hours after two ski-masked men, armed with a shotgun, tied up Mrs. Jackson and blindfolded Jackson and forced him to accompany them, the kidnap victim was released unharmed near Sanford's No. 2 fire station at French Avenue and 14th Street.

Police staffers, covering the case continuously from the time police received the first report of the abduction, joined with area and national newsmen in a voluntary blackout of news in the case until Jackson was safe at home.

Officials said the abduction was the first ransom kidnap in the history of Seminole County. Police, sheriff's deputies and FBI agents, who worked on the case as a close-knit team, arrested three Sanford men 29 hours after the abduction.

The three suspects, who all lived within a mile of the abduction scene, were Ernest Jerome Davis, a 19-year-old Southern Shortening employe, Frank Wheeler Jr., 34, and Jesse James Jr., 23. Authorities said nearly

Auto Train was selected by those interviewed as one of the most significant contributors to the Sanford and Seminole County economic scene. This southern terminal has brought thousands of visitors to Sanford via its two northern depots located at Lorton, Va., and Louisville, Ky.

Watergate and the nation's economy were the overwhelming choices as the top stories of 1974 according to a recent vote by editors and news directors of Associated Press member newspapers. In a poll of business and civic leaders from the Sanford area, the one single event which affected this area the most during 1974 included Auto Train, First Federal Savings and Loan Association, and Stromberg-Carlson and the location of Scott Electronics at the Lake Mary and 14 Interchange.

However, the most optimistic statement came from former Sanford Chamber Manager John Krider who said, "Seminole County experienced the greatest growth in all the county's history, perhaps in the nation. This area is in excellent economic condition."

Krider credited several super developments such as Disney World, Sea World, Circus World as affecting all of Central Florida. "Locally, Auto-Train is the big plus," said Krider. "To grasp the full impact on Seminole, it is important to know that in excess of \$60 million in new construction took place between 1971 and October 1974."

Sanford City Manager Warren (Pete) Knowles chose the completion of the attractive First Federal Building

named by the grand jury as unindicted co-conspirators were Altamonte Councilman Dan Dorfman and former Altamonte Councilman Don Myers.

According to the grand jury report, Swafford took \$2,000 from builder Lester Mandell after a "laundering process." Named as unindicted co-conspirators were Mandell, Lester Zimmerman and Leslie Gibbs.

Bundy was also accused of conspiring with Dorfman to split a \$400 check from Altamonte builder John McGrath, then lying about it under oath.

The grand jury report stated Hanks violated state election laws by giving to Myers names of people to be listed as contributors to Myers' campaign, when in fact the people were not contributors.

Charges against Hanks were thrown out of County Court because of legal errors. County Court Judge Harold Johnson and Circuit Court Judge Volie Williams Jr. and David U. Strawn had previously thrown out the bulk of the conspiracy, perjury and elections law violation charges against Swafford, Bundy and Hanks.

State Atty. Abbott Herring's office filed a perjury charge against Swafford after the original indictment was dismissed on a technicality. The grand jury indictments didn't fare well in the courts because of a series of legal errors in their wording, including switched dates, and neglecting to charge the crimes alleged were committed in Seminole County.

Charges of perjury against Swafford and Bundy haven't come to trial, pending appeals by the state to the Fourth District Court of Appeals in West Palm Beach. Herring in late November filed an appeal of Judge Williams Sept. 12, order suspending evidence in the Bundy case. A week earlier Herring appealed a ruling by Judge Strawn dismissing the charges against Swafford.

Darius Evans' trial Haines detailed five years of alleged arson — and one sniping attack — which he claimed he carried out on union orders.

Corruption Convicted Four men were convicted and one suspect freed in circuit court on arson charges stemming from the Sept. 19, 1973 blaze that destroyed 26 service trucks at Air-Flow Designs in Casselberry.

Circuit Court Judge Volie Williams Jr. threw out arson and conspiracy charges against William K. Beck, 55, of Orlando, business agent for Plumbers and Pipefitters Local 803.

Daniel Evans, 26-year-old union organizer from Altamonte Springs was convicted on the same charges and sentenced to five years in prison. Ben Haines, 39, Arthur Brunton, 17, and Kilo Mullins, 34, all of Orlando were convicted in the case. Haines was sentenced to six months to three years in prison; Brunton, six months to 18 months, and Mullins was placed on a work release program in which he was to spend the weekends in jail for 18 months.

Judge Williams ruled testimony by Haines and Brunton that Beck allegedly said "cock to em" after being read a proposed "hit list" two weeks prior to the Air-Flow fire was not admissible under state law.

The state claimed Tampa resident San Cagnina was a hit man hired by Blackburn to kill Lee, but a jury in Titusville had earlier acquitted Cagnina in the case that stemmed from an early morning shooting while Lee was in a pay telephone booth at 824 and 14 talking by telephone with Blackburn.

Willie Fix, Blackburn's former bookmaker, linked him with Cagnina and the attempted murder weapon. Beverly Matthers, Blackburn's ex-girlfriend, and Laura Mae Adeock, Lee's sister, each testified Blackburn indicated he hired Cagnina.

Lee told the jury he was shot on March 19, 1971, and again in the telephone booth June 11, 1971 by Cagnina. Blackburn, 54-year-old onetime area crime kingpin, took the witness stand, apparently believing there was a March 19 attempt on Lee's life, but admitted he had been on the telephone talking with Lee June 11.

Parish trials. Miss Ketteringham is being held in protective custody and is expected to be the key state witness in the Phillips-Parrish trials. Miss Ketteringham is being held in protective custody and is expected to be the key state witness in the Phillips-Parrish trials.

Unsolved Murders Also unsolved are two Sanford area murders — the shotgun slaying of 35-year-old James W. Fairly, a part-time night clerk at McAllister Motel on Southwest Road and the July beating death of John E. Burrows, an 86-year-old Roseland Park subdivision resident.

Fire Claim Six Six persons burned to death in fires in Seminole County in 1974 including two men in a Midway rooming house-grocery blaze and a woman and two men in a Sanford house fire.

Auto Train visitors to include the 250, 2000 and the beautiful St. Johns River, and there would be the joy of drawing people away from the train yard while they're waiting for their auto loaded onto Auto Train.

Horne also said the location of Scott Electronics in Lake Mary will mean as much to Sanford, especially during the county's this year including five years Oct. 11, in a van that plunged through a wooden guard rail on the antiquated Osteen Bridge across the St. Johns River at SR-415 east of Sanford.

Passerby and fishermen rescued six children from the van as it filled with water after it was hit from behind by a food distribution truck on the bridge. Killed in the tragedy were Miles Wilkins, 38, and his wife, Emma, 36, of New Smyrna Beach, and Barbara Clark, 36, her son Kenneth, 2, and daughter Cindy, 9.

The two families were en route to a football game at Kissimmee. Killed in the tragedy were Miles Wilkins, 38, and his wife, Emma, 36, of New Smyrna Beach, and Barbara Clark, 36, her son Kenneth, 2, and daughter Cindy, 9.

Knowles stressed the point that to the eyes of others outside this area, it's also bringing many people who eventually decide to move here permanently.

Hodges also said the Stromberg-Carlson plant located on Elmhurst Road in Lake Mary last year added to the growing industrial climate to the Sanford area. Horne, executive manager of the Greater Sanford Chamber of Commerce said he was "drooling over Auto Train, Lake Mary last year added to the growing industrial climate to the Sanford area. Police are still trying to identify a woman whose decomposing body was found Nov. 24 in Altamonte Springs on an overgrown embankment near Interstate Mall.

Medical examiners' reports said the woman, believed to be a white female age 35 to 45, died as a result of two stab wounds, in the chest and on her abdomen.

The partially clothed body was found by a teenage boy while riding a miniature in the area west of a Hattaway Road residential area south of SR-436 near I-4.

Investigators said clothing and two diamond rings found near the body haven't furnished any leads in efforts to identify the murdered woman.

The partially clothed body was found by a teenage boy while riding a miniature in the area west of a Hattaway Road residential area south of SR-436 near I-4.

Investigators said clothing and two diamond rings found near the body haven't furnished any leads in efforts to identify the murdered woman.

County Purchases Of Utility Systems Were Key Moves

The county's move towards a regional, publicly-owned utility system—manifested in the \$6 million purchase of two private utility systems—was probably the one county government action that has the most far-reaching implications during 1974.

A well-run county system could mean fewer rate increases, a more thoroughly maintained system less prone to service interruptions and a more uniform approach to utility operations.

The regional system will replace a myriad of privately-owned water and sewer firms with connections ranging from five to several thousand, and rates of the same fluctuation.

The successful referendum for county library services has to be a close second to the regional utility move, in terms of long-range effect on countians.

Politically, the biggest county story has to be the voluntary retirement of Republican Commissioner Greg Drummond from political life, and his subsequent replacement by Democrat Harry Kwiakowski in November.

Chamber's Jack Horner: Area Residents Always Come 1st

Who sells a city? If you guessed chamber of commerce, you're right. Jack Horner, the executive manager of the Greater Sanford Chamber of Commerce, spent all of 1974 selling the area, but his philosophy is also to take care of the people who are already here.

Lake Mary Captured Publicity Spotlight, Too

Were it not for Wilbur Mills' love of champagne and Argentinian strippers, Lake Mary would probably have generated the most publicity nationally for the county in 1974.

But, as it was, the aborted two week booking of the Tidal Basin Bombshell Fanne Foez at Mike Pinter's Casseberry Club Juana and the Bombshell's arrest at the hands of super-sleuth investigator Jack Fulewider, brought Seminole County the most national attention during the year. (See Related Story, Page 2-A).

A far second in publicity generation was the threatened disincorporation move in Tity Lake Mary.

Municipalities Suffer Growing Pains

By DONNA ESTES Herald Staff Writer

Utility systems, money problems, taxes and fluoridation captured the headlines in 1974 in the Seminole County cities of Altamonte Springs, Casselberry, Longwood, Lake Mary, Oviedo and Winter Springs.

Altamonte Springs finally received approval from the U.S. Environmental Protection Agency and the U.S. Department of Pollution Control to put out for bids its 7.5 million gallon daily capacity regional sewer treatment plant.

Longwood voters, by better than 2-1, meanwhile, turned down (and city council confirmed the action) the planned \$4 million sewer system for Longwood which would have linked the city to Altamonte Springs for sewer treatment.

Casselberry City Council approved a \$9 million bond issue to update and improve the city's water and sewer systems. Casselberry voters following Oviedo's lead three months earlier, opted for fluoridation of its city's water supply.

Lake Mary talked about purchasing the privately-owned water utility serving the city, Southern Gull, and turned down a bid to buy an eight per cent utility tax.

Winter Springs City Council, for the first time in its 18-year history, went for a property tax, deciding to levy a tax of 3.5 mills and at the same time to reduce utility taxes from eight per cent to six per cent.

Oviedo's flagging plan to begin a sewer system for the city with aid from land developers went into hibernation when the construction industry locally ran into trouble with tight money and then the recession.

Casselberry, in 1974, remained Seminole's lone property tax-free community as the city council chose to raise water and sewer rates rather than levy a property tax for the first time in its 34-year history.

Oviedo retained its property tax levy at four mills while Altamonte Springs kept the tax levy at five mills and Lake Mary at three mills.

Longwood, in financial distress most of the year, raised its property tax levy from 3.65 mills to four.

As the year was coming to a close, Altamonte Springs Mayor Norman Floyd and Casseberry Mayor Bill Grier, in an economy move, ordered that city employees, voluntarily leaving their jobs, not be replaced except in emergency positions.

Altamonte Springs voters passed a new city charter which will beef up the mayor's powers and transform the city council into a city commission on Jan. 1. Construction of a \$175,000 interim city hall fire house in Winter Springs neared completion.

### DEAR ABBY Abby Has Credo For Happy Year

By ABIGAIL VAN BUREN

**DEAR ABBY:** Last New Year's Eve you published nine rules for living. You suggested that they would make an excellent set of New Year's Resolutions, and that's exactly what I used them for. I read them every morning, and can truthfully say that I am a much better person today than I was a year ago simply because I tried to live by those rules.

In my humble opinion, that was the best advice I've ever read. This is to thank you for that column, Abby, and ask you to please run it again for those who may have missed it. I hope it will do for others what it did for me.

I am not a teen-ager. I am a 33-year-old wife and mother, but we are never too old to learn, right?

**STILL LEARNING**

**DEAR STILL:** Right! But don't thank me. I didn't originate those rules. I paraphrased them.

It's the credo for Overeaters Anonymous—an organization of loving, caring, confessed compulsive overeaters who have regained their self-esteem by losing weight, feeling better, looking better and helping others to do the same.

Overeaters Anonymous is patterned after Alcoholics Anonymous and Gamblers Anonymous. Both organizations have been hugely successful in rehabilitating compulsive drinkers and gamblers after all else has failed.

Their credo:

1. Just for today I will try to live through this day only, and not set far-reaching goals to try to overcome all my problems at once. I know I can do something for twelve hours that would appall me if I felt that I had to keep it up for a lifetime.
  2. Just for today I will try to be happy. Abraham Lincoln said, "Most folks are about as happy as they make up their minds to be." He was right. I will not dwell on thoughts that depress me. I will chase them out of my mind and replace them with happy thoughts.
  3. Just for today I will adjust myself to what is. I will face reality. I will try to change those things which I can change, and accept those things I cannot change.
  4. Just for today I will try to improve my mind. I will not be a mental leader. I will force myself to read something that requires effort, thought and concentration.
  5. Just for today I will exercise my soul in three ways: I will do a good deed for somebody—without letting them know it. (If I find out I did it, it won't count.) I will do at least two things that I know I should do, but have been putting off. I will not show anyone that my feelings are hurt; they may be hurt, but today I will not show it.
  6. Just for today I will be agreeable. I will look as well as I can, dress becomingly, talk softly, act courteously, and speak ill of no one. Just for today I'll not try to improve anybody except myself.
  7. Just for today I will have a program. I may not follow it exactly, but I will have it, thereby saving myself from two pests: hurry and indecision.
  8. Just for today I will have a quiet half hour to relax alone. During this time I will reflect on my behavior and will try to get a better perspective of my life.
  9. Just for today I will be unafraid. I will gather the courage to do what is right and take the responsibility for my own actions. I will expect nothing from the world, but I will realize that as I give to the world, the world will give to me.
- It makes sense, doesn't it? And so does their program. It's free. For information about this wonderful organization, write to Box 34854 Los Angeles, Calif. 90034.
- P.S. Have a happy, healthy New Year. And pray for peace!  
LOVE, ABBY

**DR. L. E. LAMB**  
Noise In Head Defies Diagnosis

**DEAR DR. LAMB:** Approximately four years ago I noticed a noise in my head, which greatly disturbed me because I imagined all kind of things that could be wrong. This noise is not with me all the time. I may have it one day and not the next. If I drop off to sleep in my chair after a day's work I wake up with it, and it may last for two days.

After going to several doctors and using ear drops and being examined for the prostate gland, which is normal, I have no relief.

This noise has caused me to become very uptight and nervous. I have taken many kinds of tranquilizers. I had a complete physical in a hospital, and they found nothing nor did they give me any relief from the noise. The brain scan was normal.

I have had three hearing examinations which showed that I have lost some high-frequency hearing and have been told this caused the noise. I was told I would have to live with this noise.

I'm 62 and weigh 150 pounds, which is my normal weight. This noise is hard to describe, but it sounds like a high line wire humming in the winter time.

**DEAR READER:** The diagnosis and treatment of noises is either very simple or almost impossible. Apparently you fall in the latter category. Any obstruction in the outer ear can cause ringing sounds in the ear. If it is wax, simply removing the excess wax in the ear may cure the difficulty. Unfortunately most cases are not that simple.

Ringing and noises can also be caused by some medicines. When the medicine is stopped, the ringing stops.

Circulation changes in the brain and around the hearing mechanism can cause ringing or buzzing noises. Some people are more aware of normal circulation sounds than others. Damage to the ear, for example from a very loud noise such as gun fire, can cause this condition.

Increasing age is commonly associated with buzzing and ringing in the ears. This is probably related to changes in the arteries. For this reason I usually advise people with this problem to do the same things they should do to prevent heart disease, go on a low-fat, low-cholesterol diet, correct obesity and get regular sensible exercise.

Avoiding coffee and drinks that contain caffeine may help some. That is better than taking tranquilizers.

Patients with Meniere's disease may also have ringing in the ear, dizziness, nausea and loss of hearing. This is probably related to accumulation of fluid and changes inside the delicate ear mechanism, not inside the brain.

The best advice I can give you since you have already had a good examination is to try the diet, exercise program.

**MERRY CHRISTMAS, HAPPY NEW YEAR**— Christmas was obviously merry for eight-month-old Elizabeth Tennant, a wee Scots lass from Edinburgh presently vacationing in Seminole County with her mother, Mrs. Megan Tennant, sister of Evening Herald women's editor, Jean Patteson. We hope the New Year will bring as many smiles to Herald readers, as Christmas did to young Elizabeth.

### Goin' Places, Doin' Things

By JEAN PATESON, Women's Editor

New Year's Eve... it's a good feeling. Friends, fun and flowing champagne make it a merry time.

Memories of the year gone by tinge the celebration with sadness; schemes and themes for the year to come inject excitement into the proceedings.

Poised on the edge between 1974 Past and 1975 Future, the present moment is one of bitter-sweet nostalgia combined with anticipation.

It's rather like sitting at a desk, sharpened pencil and fresh new calendar on the right, tattered pages of bygone events on the left. We can hardly wait to mark down appointments for the coming year, but at the same time, we can't resist the urge to browse through the discarded pages, reminiscing a little.

Starting at Jan. 1, 1974, under "notes to self," are those brave resolutions about diets and exercise, saving money and

saving tempers, getting organized and getting up earlier.

And we smile... or sigh.

Locally in the Seminole County area, women have reaffirmed their value in time-honored tradition as wives, mothers and housekeepers, as well as forging ahead in businesses, professions, political fields and community affairs traditionally monopolized by men.

Our local women's clubs and organizations report record memberships and fund raising drives. It takes energy and initiative to "WIFY" against current economic odds, and Seminole County women obviously have what it takes.

Women have done grand things in the Seminole Mutual Concert Association, Central Florida Chorale and Sanford-Seminole Ballet Guild. We have a woman on our School Board and female representation on area city councils.

Yes, we've still got a long way to go... and hopefully we can take care of much of that in 1975.

In the meantime, let's pause as the last few moments of 1974 tick away, to remember... and say thanks.

To the women of the community, a heartfelt thank you for your hospitality, cooperation and kindness to this "new kid on the block" during her teething time as your local women's editor.

Next year's going to be good, working together.  
Happy New Year!

### Florida, Nebraska Tonight

By HOWARD SMITH AP Sports Writer

Powerful Alabama, big, bad, unbeaten and hoping for a national championship, faces ever-popular Notre Dame, big, bad, somewhat beaten but hoping to redeem itself Wednesday night in an emotional climax to college football's 1974 season.

The Crimson Tide, 11-0 and ranked second only to Oklahoma, will meet the ninth-ranked Fighting Irish, 9-2, before a packed house in the Orange Bowl and a national television audience. But before that, there are some preliminaries to clear up.

Nebraska of the Big Eight Conference will match 8-3 records tonight in the Sugar Bowl in New Orleans. Penn State, 9-2, carries Eastern grid hopes into Dallas Wednesday against Baylor, 8-3, surprise winner of the Southwest Conference, in the Cotton Bowl.

Pasadena, Calif., also Wednesday. Monday night, sixth-ranked Auburn dumped Texas 27-3 in an error-filled Gator Bowl in Jacksonville, Fla., that saw the teams lose the ball on turn-overs seven times apiece. In between miscues, quarterback Phil Gargis threw touchdown passes of seven and 14 yards to wingback Ed Butler.

The Alabama-Notre Dame game has enough emotional factors to stir the heart of even the most jaded Hollywood B picture producer. Coach Bear Bryant of Alabama has been turning out dynamite teams that fizzle in post-season competition for years. He has one tie and six losses to show for his last seven bowl appearances.

"It looks as if I will go down as the losingest bowl coach in history," moaned Bryant. "I would like to keep that from happening."

Bryant's last bowl loss came last New Year's Eve in the Sugar Bowl when Coach Ara Parseghian's Irish won the national championship with a thrilling 24-23 decision. As if revenge isn't enough, the

Tide will also be going for the national title.

An impressive showing could boost them ahead of Oklahoma, 11-0, in the Associated Press poll. The Sooners are barred from post-season competition for past recruiting indiscretions.

On the Notre Dame side, the Irish will be out to win one for Ara, who has decided to give up college coaching after 11 seasons at the Irish helm.

Notre Dame will also act to erase the sting of a humiliating 55-34 loss to Southern Cal in the regular-season finale. While emotions build in Miami, seats are still available in New Orleans where the Nebraska-Florida clash has failed to ignite the populace.

Despite equal records, Nebraska is a solid two-touchdown favorite. Florida star wide receiver Lee McGriff has his own pre-game analysis.

"I think it's quite possible it could blow us out of the park," said McGriff. "I also think it's possible we could blow them out of the park."

In Dallas, Penn State's Joe Paterno and

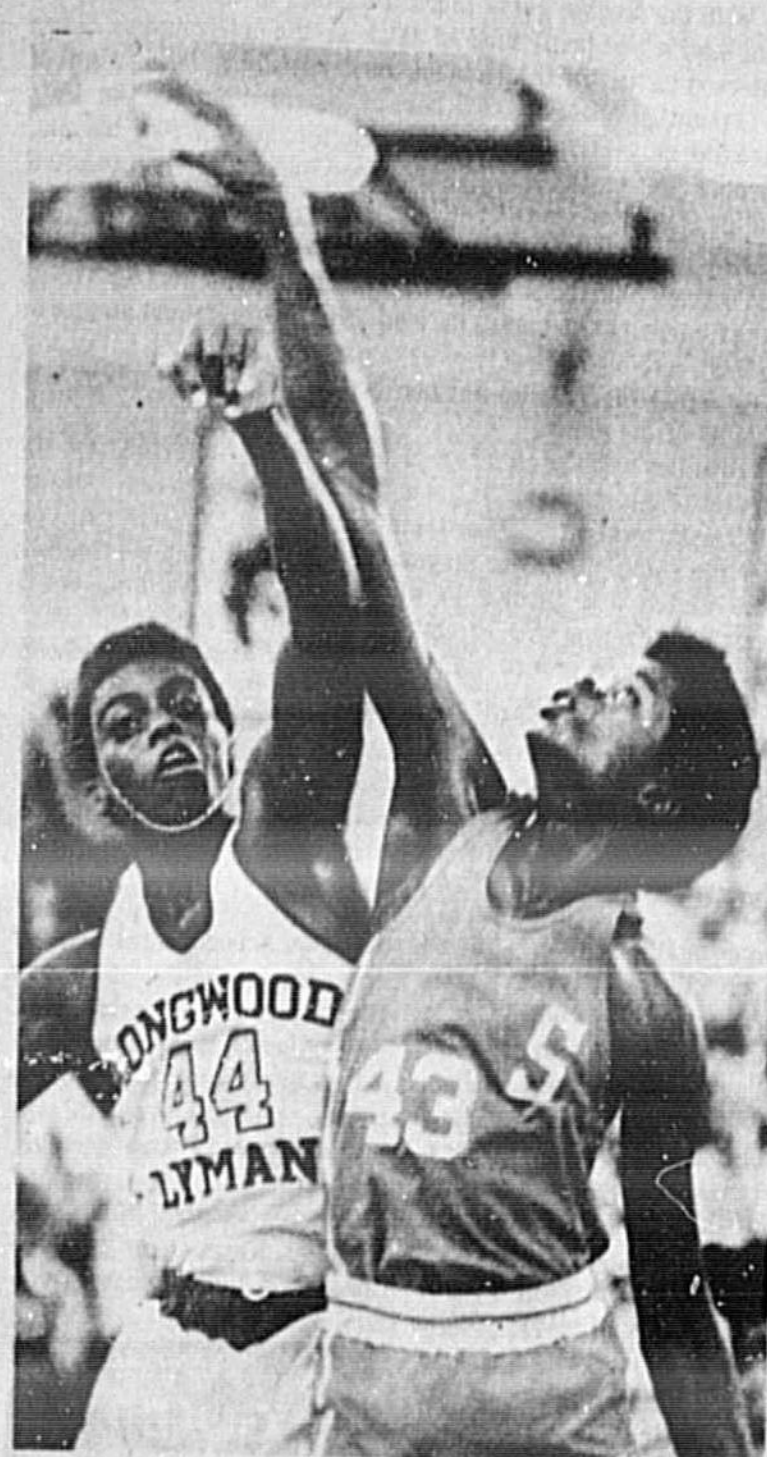

Baylor's Grant Teaff have been offering observers a lesson in contrasting coaching philosophies. Penn State has rented 40 cars to carry the team sightseeing around town. Baylor's Teaff has imposed a strict curfew and has been lecturing his troops on the importance of going to bed early and getting up early.

Heisman Trophy winner Archie Griffin of Ohio State and runner-up Anthony Davis of Southern Cal will match footwork in the Rose Bowl where the Trojans will be trying to avenge a 42-21 loss to the Buckeyes last season.

"We've got to stop what they do best," said USC defensive tackle Gary Jeter, referring to Griffin. "We've got to control the line of scrimmage. If we do, I feel we can win the ballgame."

Woody Hayes, volatile Buckeye coach, meanwhile, continues to defend his three-year-old and-a-half-of-out-offensive philosophy.

"The fancy teams finish ninth and tenth in the conference," said Hayes. "We'll let them do the bouncing around with the football. This isn't basketball you know."

### BIG MEN TANGLE

Lyman's 6-4 Bernard Wright, 44, and Seminole's James Gray at 6-6, have one purpose in mind—get the ball.

## SPORTS IN BRIEF

### Seven Major Leaguers In Superstars Field

ROTONDA, Fla. AP—Seven major league baseball players are among the 12 athletes who will take part in the preliminary men's Superstars competition here Jan. 22-23. Four of the 12 will go into the finals Feb. 17-18. Steve Garvey, Lou Brock, Hollie Fingers, Rod Carew, Carl Yastrzemski, Jim Wynn and Bobby Murcer will represent baseball. The others are soccer's Kyle Rote Jr., boxer Jerry Quarry, rodeo's Marvin Shouder, skier Hugo Nindl and motorcycle daredevil Joe Elinhorn. The top four placers will go pole vaulters Bob Seagren and Steve Smith, slater Ard Schenk and pro basketball player John Havlicek, who gained the final in the first qualifying last August.

### ASL Revokes Team

PROVIDENCE, R.I. AP—The American Soccer League has revoked the Rhode Island franchise from its present owners and plans to put the franchise up for sale at a meeting in New York Jan. 4. Bob Cousy, league commissioner, said Monday the league definitely would have a team in the Providence area during the next season, even if the league has to operate it. The franchise was revoked from Soccer, Ltd., the corporate name of the Rhode Island Oceaners, after the owners failed to post a \$100,000 league assessment earlier this month.

### Governor's Bet

HARRISBURG, Pa. AP—If Penn State's Nittany Lions can beat Baylor in the Cotton Bowl New Year's Day, Pennsylvania will be richer by one crate of Texas grapefruit. Gov. Milton J. Shapp of Pennsylvania sent a telegram Monday to Gov. Dolph Briscoe of Texas, betting a bushel of mushrooms against the grapefruit on the game's outcome. Shapp plans to fly to Dallas for the game.

### Texas Hall Inducts

DALLAS AP—Golfing great Lee Trevino, Olympic gold medalist Randy Matson and former All-Pro Baltimore Colt split end Raymond Berry enter the Texas Sports Hall of fame today. Also being enshrined during the annual luncheon, a prelude to the Cotton Bowl game, will be the late Bill "Hitlerbug" Henderson, a five-sport letterman at Texas A & M.

### Connors Advances

MELBOURNE — Defending champion Jimmy Connors whipped Kim Warwick 6-3, 6-2, 6-3 in men's singles play to advance to the semifinals of the Australian Open Championships, while top-seeded Australian Margaret Court was upset by Olga Navratilova of Czechoslovakia 6-4, 6-3.

### Blues Get Red

ST. LOUIS—The St. Louis Blues reacquired Rod Berenson from the Detroit Red Wings in exchange for forward Phil Roberto and a 1975 National Hockey League draft choice.

### Fordham, St. John's, LaSalle Upgrade Eastern Ball

11th of the season. Big Kent Benson collected 15 of his 17 points in the first half as Indiana built a 41-30 halftime lead. Steve Green, who topped the Hoosiers with 18 points, scored 10 in the second half.

All three Eastern teams—Fordham and St. John's are in New York City, LaSalle in Philadelphia—were heavy underdogs, and none boasted rankings in the top 20.

Southern Cal Coach Bob Boyd was deeply upset by his team's loss, its first after eight wins. "They just beat us in every department. The outshot us, they out-rebounded us, they out-hustled us."

St. John's dealt Providence its first loss after seven triumphs, and stunned a crowd of 12,069 in the process. Glen Williams layup snapped a 65-63 tie midway through the second half, putting the Redmen on top to stay, and seven straight points with about five minutes to go sealed the decision.

LaSalle held a 15-point lead over Alabama at the half, but the Crimson Tide finally drew even with 1:24 to play on a short jumper by Johnny Dill.

LaSalle worked deliberately for one shot, Guard Charlie Wise took a 15-foot jumper with 30 seconds to go that spun off the rim, but Bryant tipped it in to make it 78-77.

Wise stole the Alabama toss-in but missed a shot, so the Crimson Tide had the ball again—only to commit an offensive foul with eight seconds left, giving the ball back to LaSalle.

Oregon, ranked 11th, won the Far West tournament, coming from behind in the second half to beat Washington State 74-65 and raise its record to 4-0.

Forward Reg Ballard scored 13th to tie with Memphis State for 19th place. Oregon, 7-0, also rocketed eight places to the No. 11 spot, after beating Villanova then reaching the final of the Far West Classic with victories over Creighton and Arizona State.

Despite the loss, Arizona State moved into the rankings as a No. 16 team with a 9-1 record. North Carolina State, 8-0, remained atop the weekly ratings, again followed by 10-0 Indiana, 8-0 UCLA and 7-0

19 of his 23 points in the second half as Oregon erased a 25-27 halftime deficit, using a tight man-to-man defense to force 12 Washington State turnovers in the second half.

In the consolation game of the Rainbow Classic in Honolulu, 12th-ranked Penn led Tulsa 75-72 with 3:49 to play when Zack Jones of the Golden Hurricane sank a free throw, then stole the ball and went in for a tying layup. Another turnover gave the Hurricanes the ball with 2:07 to play and they held the ball for one last shot.

Ken "Grasshopper" Smith, who had scored 20 first-half points but had been held to three field goals in the second half, took it with three seconds left. He was fouled by Penn's Ron Haigler, and when Quaker Coach Chuck Daly walked onto the court to dispute the call, he was hit with a flagrant technical foul.

That gave Smith a total of four free throws, and he made them all for Tulsa's eighth victory in 10 games. Tim Carson sank two free throws in the final second for the six-point margin.

Bob Elliott scored 30 points and 14th-ranked Arizona reeled off 14 in a row in the first half en route to an 80-67 triumph over Stanford, despite 28 points and

13 rebounds by the Cardinals' 7-foot center, Rich Kelley. Larry Harshorn scored 21 points to lead Drake to a 92-71 upset of 15th-ranked South

Carolina in consolation play in the ECAC Ocean State tournament. Drake shot 53 per cent from the field, opened a 42-30 halftime lead and coasted home.

Arizona State, ranked 16th, raised its record to 10-1 by coming from 10 points back in the second half to beat Oregon State 80-71 for third place in the Far West Classic. Guard Lionel Hollins scored 22 points and paced the Sun Devils with his ballhandling and defense.

Calvin Bruton, playing with a leg cast to protect torn ligaments in his right foot, scored 18 points and guided

Wichita State to a 95-91 upset over 19th ranked Memphis State.

Adrian Dantley's 35 points and 11 rebounds carried Notre Dame, which is tied for 19th with Memphis State in the national rankings, to a 83-63 victory over pesky Butler.

In the finals of the Big Eight tournament, Rick Suttle's twisting jumper with 38 seconds to play lifted Kansas to a 76-75 triumph over Iowa State.

In the Virginia Commonwealth Classic, the host team was buried by a 16-3 start in the second half, with Sonny Parker scoring 10 of the points—and dropped an 84-70 decision to Texas A&M in the final. Parker finished with 27 points en route to 17 shooting from the field.

In other games, Brigham Young beat Bradley 106-87, Ohio U. defeated Loyola of Chicago 75-63, Tennessee whipped Vermont 115-66 and New Mexico State stymied Texas-El Paso 61-39.

And DePaul Coach Ray Meyer, who got the 5000th victory of his career Saturday night, has started on his next half-century. Freshman Dave Corrine scored 20 points and Ron Norwood added 18 to lead DePaul to a 76-63 triumph over Northwestern.

Joining Oregon in the Second Ten were No. 12 Penn., Marquette, Arizona, South Carolina, Arizona State, Michigan and Purdue with Notre Dame and Memphis State, tied for 19th.

Penn was ninth a week ago, Margutte 14th, Arizona 10th, South Carolina 11th, Purdue 15th and Memphis State 16th. Michigan and Arizona State are newcomers.

### NC State First, Kentucky, Oregon Advance

By The Associated Press North Carolina State rings in the New Year as the No. 1 team in the world of college basketball — but Kentucky has something to cheer about, too. The Wildcats capped into the Top Ten byamping Notre Dame 112-96 Saturday night in a battle of ranked teams.

Kentucky, 17th week ago, rose to ninth place on a 7-1 record in The Associated Press voting released Monday, while the Irish, now 4-3, plummeted from

Louisville. The Wolfpack, who conquered Pitt and Kent State last week, received 756 points and 26 of 40 first-place votes cast by a nationwide panel of sports writers and broadcasters. The Hoosiers, who beat Florida and Ohio State in the Rainbow Classic in Honolulu, were favored on 11 ballots and swung up 40 points behind N.C. State.

UCLA received two first-place votes and 668 points after winning the Maryland Invitational by handing Maryland its first loss of the season. The loss left the Terrapins with 7-1 record and dropped them to seventh from fifth.

Louisville captured the remaining No. 1 vote and 568 points after winning its own Holiday Classic by beating Western Kentucky and Florida State.

Southern Cal, 8-0 after routing Rutgers in the Holiday Festival in New York, and

Alabama, 5-0, after beating Virginia Tech, advanced one place to sixth and seventh, respectively. Rutgers' loss dropped the scarlet Knights to 8-2 for the season and out of the rankings.

North Carolina, 5-1, held on to eighth place after edging Utah 94-91, and Providence, 7-3, moved up two places to 10th behind Kentucky after two Holiday Festival triumphs.

### 'Catfish' Down To Five

AHOSKIE, N.C. AP—Five teams will make what could be their final pitch today for Catfish Hunter. And a high baseball source says the 28-year-old righthander and his attorney asked one team for a contract totaling \$8.5 million.

Thomas Cherry, one of four attorneys working with Hunter on the contract negotiations, acknowledged Monday night that the bidding had been reduced to five teams.

The San Diego Padres, Cleveland Indians, New York Yankees, Kansas City Royals

and Atlanta Braves all remain in the running and when questioned about the still crowded field, Cherry said: "If they say they are still in the running, you would be correct in saying so." Cherry himself refused to specify the teams because, "I don't feel at liberty to divulge them. But if an individual club is willing to say it is in the running, we will confirm it. We anticipate an announcement on who will sign with shortly."

No one here would say when a contract might be reached.

## Lewis Automotive Helps You Whip Inflation Now

HE'S DOING HIS PART TO WHIP INFLATION NOW!  
Lewis Johnson, owner of Lewis Automotive offers low prices without giving up quality workmanship and satisfaction.

Today the cost of everything is zooming upward and the cost of having your automobile serviced or repaired is certainly no exception. It takes an arm and a leg just for the necessary servicing to keep your car running, let alone what is costs for a major repair.

Lewis Johnson, a first class mechanic with over six years experience, decided it was time someone in Seminole County offered expert auto repair service at prices everyone could afford. He sought to find a building that could house his equipment, give him a place to work on cars, and have low overhead so he wouldn't have to pass on the costs of an expensive facility to his customers.

Lewis Automotive, owned by Lewis Johnson, is located at the Hughey Equipment Co. on So. Sanford Avenue, directly across from Pinebreeze Egg Farm. You can't miss the building, for its bright red and yellow paint is an eye catcher.

Lewis has been self-employed for only a short time, but his face will be familiar because he has been associated with many well-known firms in Central Florida and Sanford since 1968.

Lewis Automotive specializes mostly in front end and brake work, but also does major engine repair and auto tune-ups. His front end equipment includes a John Bean tire balancer and an Allinette wheel alignment machine.

In addition to service, Lewis Automotive sells Hillcrest tires at unheard of low prices. Many parts that he uses and sells carry a life time guarantee.

Lewis is a young, hard working man with an extensive knowledge of the automotive field, and he feels that he offers quality work, the best around, at the lowest prices to be found in town. For him, no job is too large or too small.

The Lewis ad on this page will contain weekly specials you can't afford to miss. They will include specials on brake jobs, other brake work, wheel alignment, wheel balancing and shocks. A standing special is a free lube job with oil change.

Many people are suspicious of the auto repair industry today, because some unscrupulous operators have been accused of overcharging and illegal practices. They are looking for repairmen they can trust to give them the true facts about what is wrong with their cars, and who will not overcharge them for the work.

They need look no further, for Lewis will do both of these things. He will not only give you a fruitful diagnosis of what is wrong with your auto but will do the work for you at lower prices than others. You won't be charged for unnecessary parts or labor when you bring your work to Lewis Johnson.

In these days of inflation and never-ending price increases it is a relief to know there is a business that is doing its part to Whip Inflation Now.—ADV.

## Ag Agent Reviews '74 Achievements

By FRANK J. JASA  
County Agricultural Agent  
If U.S. agriculture were one vast business firm, here's what its balance sheet would have looked like at the beginning of 1974:

Assets amounted to \$478.8 billion, up a record \$22.0 billion from 1973. The increase, at 24 per cent, was almost double the 13 per cent rise in 1972 and three times the more moderate growth rate of 8 per cent during 1971.

Farm real estate again accounted for the lion's share of the asset gain. The market value of all farm real estate reached \$255.3 billion on March 1, 1974, up \$24.7 billion from a year earlier.

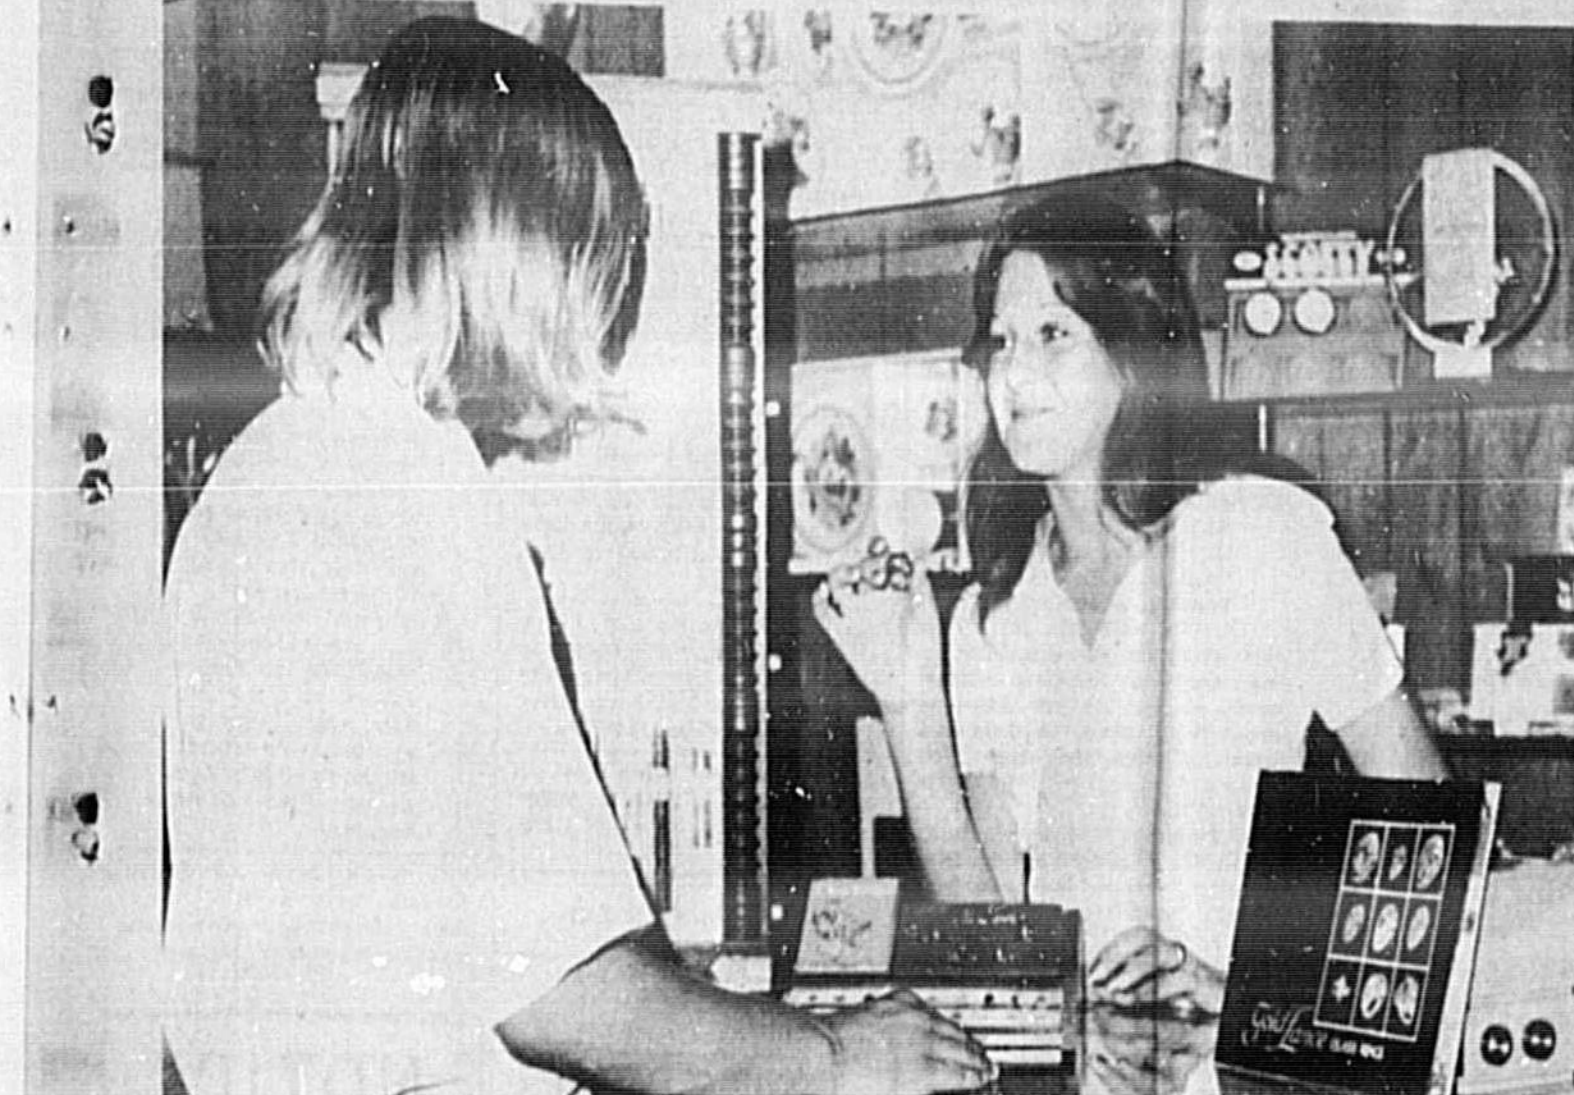

The average value per acre increased by an astounding 25 per cent to \$310 by March 1, and the value of a farm operating unit, including owned and rented land, averaged \$125,000, or 26 per cent more than in March 1973.

Unusually high commodity prices, record high net farm income in 1973, and buyer optimism over the long-term outlook for farm income were the main causes of the increase in real estate value.

RIGHT NOW IS THE PERFECT TIME TO GIVE CLASS RINGS  
... Car-Ben assistant will help in your selection

Gift for all occasions can be found at Car-Ben Jewelers in the Longwood Plaza, where shelves and display cases are full of exciting gift items that anyone will be proud to receive.

Ben Smitley, owner of Car-Ben Jewelers, is not only knowledgeable in all aspects of the jewelry business, but is an expert watch repairer with many years experience. He attended Bulova watch repair school and offers the only Timex watch repair service in the entire area.

The perfect gift that a parent can give to their graduating son or daughter is a high school class ring. These are still available at Car-Ben, with some being offered in economical karat gold.

Watches are always welcome gifts, especially for birthdays, and Car-Ben carries an outstanding collection of fine watches in fashionable styles for both ladies and men. An exciting gift idea from Car-Ben is the Seiko Quartz watch for men. All Seiko watches or dials carry a one year warranty, but the new space-age Seiko Quartz is guaranteed for accuracy within 15 seconds per month. In addition to Seiko, Car-Ben handles the complete line of dependable Timex watches.

Browsing around, you'll find beautiful I.D. bracelets by Spidel, copper jewelry and wide assortment of costume jewelry, from belts to earrings. There's stainless steel dinnerware by Onelida, as well as Onelida baby silverware.

For couples looking forward to marriage, Car-Ben offers beautiful engagement rings in a wide range of styles and prices. They also offer exquisite Keesakee wedding rings, a tradition through eight decades. They are available in both yellow and white gold, and come in plain and fancy design to suit your individual taste. Promise rings, friendship rings and other keepsakes are offered in many styles and prices at Car-Ben and can be made more personal by having your own message engraved on them.

Chrysler lighters and fountain pens are a recent addition on the shelves at Car-Ben.

You can find clocks, silver dishes, wallets, clutch purses and decorator items in a wide variety at Car-Ben.

A special repair service at Car-Ben is one for antique clocks. If you own a beautiful old timepiece that is just gathering dust because you can't get it to run, Car-Ben can repair it to give you a show piece which is of practical use as well. Whatever make of watch you own, take it in to Car-Ben for overhaul or repair and you are guaranteed an excellent job.

Ben's regular customers will tell you that dependable service and fair treatment are the reasons they keep coming back to Car-Ben whenever they need something in the jewelry line.

Both Master Charge and BankAmericard are accepted at Car-Ben.—ADV.

## Jo-Ev Beauty Salon Will 'Do It Your Way'

Do you dread going to a beauty salon because your hair never ends up looking the way you wanted it to because the operator insisted on giving you "the latest style" even though it doesn't fit your looks?

If so you'll really like the Jo-Ev Beauty Salon on Highway 434 in Longwood, where Gary and Nancy Zyuzus and their experienced operators "do it your way" in a friendly, relaxed atmosphere where they specialize in satisfying the customers' wants.

Although still young, Gary has been a hairdresser for 13 years and his wife Nancy, for 11 years. They have attended Bruno's High Styling Institute in Toronto, Canada, and moved here a year ago from Connecticut where they worked in a beauty salon. They have both competed in beauty show contests in New York City, where Nancy won a trophy.

Gary and Nancy are celebrating their first birthday of their salon in Longwood, where business has increased to such an extent that they have opened 3 more salons.

Their operators, most of whom have had previous experience in the Sanford, area, are Meta Burgess, Teresa Drake, Diane DeBord, Kay Harris, Martha Chadwick and Sherrie Drake. They all share the spirit of the shop which is to make the customer "happy" "do it your way".

Jo-Ev Beauty Salon uses only the latest, most successful products including Redken and Uni-Perm. They specialize in blow drying and precision cuts. Today's most popular fashions are blow waving, in which Act 1 and Uni-Perm are used.

For persons with light brown or blonde hair Jo-Ev does hair painting, which is done with a paint brush and bleach, to create the effect of sun bleached hair. This puts shades on shades of light hair.

Ear piercing is also done at Jo-Ev. The piercing is done with a modern "gun" and 14 karat gold earrings are offered for only \$12.

Jo-Ev caters to all ages, from the young to the young at heart. To help fight inflation, they offer special rates for women 42 and over every Tuesday and Wednesday. Men's hair cutting is also available at this shop, only a short drive from Sanford.

Nancy and Gary are civic minded; this past summer they sponsored a championship Little League baseball team, and they are also Welcome Wagon sponsors.

No appointment is necessary. Jo-Ev offers walk-in service.

They are open from 9 till 9 Monday and Thursday, other days 9 till 5:30, every day except Sunday.

Make a New Year's resolution to let your hair styling be fun instead of an ordeal. Go to Jo-Ev Beauty Salon in Longwood, and let them "do it your way" — ADV.

## Marksman Honor Student Faces 3 Murder Charges

OLEAN, N.Y. (AP) — An honor student who was one of the best marksmen on his high school rifle team faces arraignment today on three murder charges in the sniper shooting deaths of three persons at Olean High School. Six persons were injured.

A National Guard unit, 17, a senior, was captured Monday afternoon after police stormed a room on the school's third floor. The youth, lying on the floor and wearing an apparently police gas mask, was not injured but was overcome by police tear gas, police said.

## HOROSCOPE

For Wednesday, January 1, 1975

By CARROLL RIGHTER

GENERAL TENDENCIES: Think out big plans for this new year in a.m. Excellent day, p.m. to consider new and advanced means by which you can reduce these goals to a workable success.

ARIES (Mar. 21 to Apr. 19) Make your plans early for the entertainment you want to have and contact your friends, then get busy at work. Consider allies' desires.

Taurus (Apr. 20 to May 20) Get home affairs handled early before you dash off to the visits and fun things you have planned. Make this an ideal day and p.m.

GEMINI (May 21 to June 21) Contact friends early, then devote yourself to your family, home affairs. Write thank-you notes. Make this a most happy day, p.m.

MOON CHILDREN (June 22 to July 21) Get into any money matters of importance early, and then out to the fun and frolic with good friends you want to have with you.

LEO (July 22 to Aug. 21) Morning is good for relaxation or fun. Later is fine for handling some important matter well. Cheer someone pale with phone calls.

VIRGO (Aug. 22 to Sept. 22) Go after some special personal desire in a.m. Make fine plans for future. Remainder of the day, p.m., is excellent for celebrating.

LIBRA (Sept. 23 to Oct. 22) Plan early for the evening's entertainment, then get into important work. Show much affection at home.

SCORPIO (Oct. 23 to Nov. 21) Enjoy an entertainment with good friends. Get that credit matter handled early and then attain some personal wish.

SAGITTARIUS (Nov. 22 to Dec. 21) You get new suggestions from others that should be heeded since they can be very profitable to you later on.

CAPRICORN (Dec. 22 to Jan. 31) Rid yourself of annoying conditions, then get out to whatever interests you. Follow instructions. Avoid one who bickers.

AQUARIUS (Jan. 31 to Feb. 18) Begin the new year properly by effecting a reconciliation with one who means much to you, whether in business or personal life.

PISCES (Feb. 19 to Mar. 20) Organize surroundings, then see an associate who is important to your scheme of things. Be cooperative, friendly.

IF YOUR CHILD IS BORN TODAY... he or she will always be happy as a young child and can learn just about anything. On reaching maturity, will put the knowledge acquired to best use, and will adopt a serious mind. Give every opportunity to study, get into sports, bring forth artistic talents, etc. Use studied, kindly discipline for best results here. This progeny is a stickler for truth.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for you sign for January is now ready. For your copy send your birthdate and \$1 to Carroll Righter Forecast, Evening Herald, Box 479, Hollywood, Calif. 90028.

diamonds. If the queen failed to drop he would still be able to go after that king of clubs.

While South was thinking, East had been doing some thinking of his own. He had worked out just what South's problem was. Now when the second high diamond was led, East was ready. He dropped the queen!

South fell for it like a ton of bricks. He finessed dummy's nine and East scored his 10 spot.

To settle questions on the bidding, North's four clubs was Gerber. South's four notrump rebid showed three aces.

TODAY'S QUESTION

Your partner continues to three notrump. What do you do now?

Answer Tomorrow

We wind up 1974 with a defensive gem that may well be the swindle of this or any year.

Playing at a normal six notrump, declarer makes 13 tricks by successfully finessing for the king of clubs. At one table in the duplicate game where the hand was played North jumped all the way to seven notrump.

South decided that down one or two at seven would be the same match-point zero. After mature thought he proceeded to cash his ace and king of
