SANFORD, FLORIDA, FRIDAY, DECEMBER 2, 1921

NUMBER 16

GROUND BROKEN TUESDAY FOR PRE-COOLING PLANT FOR FARMER'S EXCHANGE

Plant That Promises Much for the Future of Sanford

PROVE THE VALUE

OF THE PRE-COOLING IDEA FOR BETTER PACKING AND SHIPPING OF VEGETABLES, FRUIT

(From Tuesday's Daily)

Ground is being broken in Sanford for what is said to be the biggest undertaking by any truck-growers anywhere in the state, and one which promises much for the future of the celery industry here. This is a large pre-cooling plant to be erected for the Sanford Farmers Exchange where celery from the fields will by the pre-cooling process be reduced to a low temperature before loading into the freight cars, insuring better carrying quality for it on its way to market, and effecting large reduction in bills for icing cars as the amount of ice required for the car bunkers on the northward trip will be materially less than were the celery loaded while still warm.

Pre-cooling plants recently have proven their value in the handling of Florida citrus shipments, several of the larger packing houses within the last two years having obtained most satisfactory results from their installations of pre-cooling equipment and at the same time realizing large economies through the lesser amounts of ice consumed in the refrigerator cars. The Sanford Farmers' Exchange takes the leadership among the truck growers organizations in Florida in installing such equipment, and those behind the movement are entirely confident the results will far more than justify the expense involved.

Shortly after the pre-cooling plant of the Florence Villa citrus growers association was completed, Mr. J. W. Andrews, formerly of the U. S. Department of Agriculture, began there, at the direction of Mr. Stewart, a series of experiments in pre-cooling celery and other vegetables. This was done with Sanford directly in mind, as the Florida Citrus Exchange sells in the markets the products of the co-operative organization of the Sanford Farmers Exchange, and is well informed as to the needs of the vegetable growers here. Through the courtesy of the Florence Villa citrus men, these experiments were carried on over a long period, tryouts being made in almost every conceivable manner with Sanford grown products.

Manager R. R. Deas of the Board of Directors of the Sanford Farmers Exchange; Field Agent C. M. Berry have been in close touch with the experiments since the very beginning, and have devoted a large amount of time since to working out a practical plan for the installation of such a plant in Sanford.

The location of the plant, on the Atlantic Coast Line tracks on Beardall ave., gives it place right in the center of production on the East Side, about three miles from the center of the city. The site includes approximately nine acres of land, and allows abundant room for any later needed expansion. Buildings and equipment such that capacity may be increased from twelve cars this season to twenty-four cars every twenty-four hours next season without necessity for remodeling the plant with which the start is made.

Construction work, which has started, is under the personal supervision of A. B. Hale of Tampa, a well known refrigeration engineer. Mr. Hale has established an enviable reputation in twelve years experience in construction work along purely refrigeration lines, which has included a number of notably successful plants.

Power for operation will come from crude oil. Two Fairbanks Morse 150 horse power crude oil engines will be used. Electrical generators operated from these will furnish electricity for lighting and power for operating such electric motors as are required.

Four units of refrigerating machines with an aggregate capacity of 125 tons daily will be operated by the engines. The installation of the refrigerating equipment thus in units will effect considerable economy at times when alignments are light. The refrigerating equipment will be furnished by the York Manufacturing Co.

BREWERY ATTACK ANTI-BEER LAW AS UNCONSTITUTIONAL

(By The Associated Press) ST. LOUIS, Dec. 1.—Suit attacking anti-beer law as unconstitutional has been filed in federal court by Falstaff Corporation, local brewery.

NEW WORKING RULES FOR THE RAILWAY MEN

Handed Down Today by U. S. Railway Labor Board

DECIS'N SUPPLANTS

AGREEMENT ENTERED INTO BY EMPLOYEES AND R. R. ADMINISTRATION

(By The Associated Press) CHICAGO, Dec. 1.—Action on the acceptability of revised shop rules promulgated by the United States Railroad Labor Board will not be taken until after the first of the year according to an announcement by B. M. Jewell, president of the Railroad Employees' department, American Federation of Labor, with which six shop crafts are affiliated.

CHICAGO, Dec. 1.—New working rules for 400,000 railroad shopmen including at least two important changes, was handed down today by the United States Railroad Labor Board. The decision supplanted the agreement entered into by the employees and the railroad administration September 20, 1919.

Large economies are expected to result from revision of the classification rules, which were made elastic, and hereafter will permit members of certain crafts to do minor jobs previously done by members of other crafts. Statisticians attached to the labor board estimated that economies in operation, increased efficiency, and larger output would approximate \$50,000,000 a year.

Provision for the representation of minorities who may have grievances is another important item of the new rules. Under the national agreement negotiated for employees was placed almost wholly in the hands of labor organizations, with the result that the railroads and many industrial and civic institutions declared that the agreement forced a closed union shop on the roads. Nonunion men found it impracticable to attempt to bring their grievances before the board, and as the rules worked out union officials handled the cases, taking their precedent from the national agreement negotiations, in which union officials acted for the employees in drawing up the agreement under federal control.

"The principle of the open shop established by the new rules," a statement by board members said, "will in fact be more theoretical than practical at the present time, since a large majority of the railroad shops are unionized, and the existing unions are recognized by the board and by the transportation act as representative of the majority."

"Most of the older working rules, sanctioned by the experience of years, are preserved in full effect. Many of the more rigid rules, however, were considerably relaxed in favor of the roads, although the recognized rights of the men are fully protected and the principle of collective bargaining and union recognition is retained, as contemplated by the transportation act."

The rules controversy dates back to May 1, 1920, when the railroads emerged from government control. Strenuous objections to the national agreement were made in a hearing which began Jan. 10, 1921. After several months of testimony the rules were referred back to the individual roads, with instructions to negotiate such new rules as they could with their employees to replace the federal government rules.

NEW YORK, Pa., one of the largest and best known makers of such equipment in the world.

THE PACKING HOUSE AND NEW HOME FOR THE MANUFACTURE OF THE WAKEFIELD PRODUCTS AT LAKE GEM, FLORIDA

LAKE GEM PRODUCTS COMPANY TAKES OVER THE WAKEFIELD PRESERVING COMPANY, OF GENEVA.

New Big Factory Building at Lake Gem Will Manufacture Well Known Product in Large Quantities.

It is with regret that the many friends of Mr. and Mrs. Wakefield, operating a marmalade business at Geneva, known as the Wakefield Preserving Co., learn of the sale of the Wakefield Preserving Co.'s plant and business to the Gem Nursery and Citrus Products Co., located at Lake Gem, about four miles from Mount Dora.

The Geneva factory will be used for the manufacture of a few carloads of marmalade until all of the machinery is installed in the big new steel structure costing \$50,000 just completed by the Gem Nursery and Citrus Products Co. This company owns a sufficient acreage of bearing citrus fruits which

will be used exclusively in the manufacture of marmalades, peels and citrus products to operate their big plant to capacity. This department will be in charge of Mr. and Mrs. Wakefield who have an interest in the business.

The output of the new factory is contracted for through the New York Globe and a chain of stores and it is the intention of the company to establish other plants in favorable locations in the citrus belt.

The Gem Nursery and Citrus Products Co., is to be congratulated on securing the business and services of the Wakefields as their citrus products have the reputation of being of the best manufactured in Florida.

KILLINGS SHOW DECREASE IN U.S. SAYS AUTHORITY

MEMPHIS, TENN., STILL LEADS IN NUMBER OF HOMICIDES

NEW YORK, Dec. 1.—Homicides in the United States during 1920 totaled approximately 9,000, a decrease of 500 over the previous year, according to computation by Frederick Hoffman, statistician of the Prudential Life insurance company of America. Figures showed Memphis, Tenn., still in lead with killing record of 6.34 per hundred thousand. In general tables showed Southern states where large negro populations, had the slightest homicide rate and propor-

PROSECUTION HAS CLOSED IN ARBUCKLE CASE

BUT RESERVES RIGHT TO BRING IN ADDITIONAL TESTIMONY

(By The Associated Press) SAN FRANCISCO, Dec. 1.—Arguments and possibly further testimony on schedule for today's session of the Arbuckle manslaughter case. The prosecution closed yesterday but reserved the right to bring in a small amount of additional testimony if it seemed desirable.

tion of negroes slain was from three and a half to seven times that of the whites. Average slightly in excess of four to one.

AMERICAN EDUCATION WEEK

PROCLAMATION

WHEREAS, the National Education Association and the American Legion, by their joint and combined efforts, are endeavoring to secure for America a programme of Education adequate to meet the needs of the Twentieth Century and which will give every boy and every girl that equipment in education and training which is his right, under a Democratic government, and which will make of all, whether native or foreign born, good American citizens; and

WHEREAS, it is a part of the programme in carrying out and perfecting this commendable purpose of informing the public of the accomplishments and needs of the public schools, and to secure the co-operation and support of the public in meeting these needs; and

WHEREAS, the work, as above outlined, undertaken by the American Education Association and the American Legion, is of vast importance to the future of our country and the proper development and training of the girls and boys who constitute our hope for, and must justify our faith, in a greater America, and should therefore receive the hearty support and co-operation of every community.

NOW, THEREFORE, I, H. R. Stevens, as Mayor of the City of Sanford, Florida, do proclaim the week of December 4th to 10th, American Education Week for the City of Sanford, Florida, and do call upon and urge every person in the City of Sanford to co-operate with the American Education Association and the American Legion in the work set apart for this week.

Witness my hand this 29th day of November, A. D. 1921.

H. R. STEVENS, Mayor.

RECEIVERSHIP FOR GERMANY IS EXPLOITED BY THE ALLIES

For Reparation Purposes Will Be Proposed By France

NO MORATORIUM

ON REPARATIONS IF THIS PLAN CAN BE CARRIED OUT BY ALL THE ALLIES

(By The Associated Press) PARIS, Dec. 1.—Receivership for Germany as bankrupt, with autonomous Rhineland to be exploited by the Allies for reparation purposes, will likely be proposed as an alternative to any moratorium on reparations that may be suggested by Great Britain, it was said in official circles today.

LONDON, Dec. 1.—German marks underwent further marked recovery on the London Exchange market today. Heavy buying sent the rate to seven hundred and fifty to pound sterling against yesterday's close of 980.

WASHINGTON, Dec. 1.—A decision by the federal reserve board to send adviser to forthcoming conference of foreign bankers was called by the reparations to discuss exchange stabilization it was announced today.

LONDON, Dec. 1.—Consultations were in progress yesterday at the treasury between Dr. Walter Rathenau, former German minister of reconstruction, Dr. Simon, a German economic expert, and Sir John Bradbury, the British delegate on the reparation commission, and other Britishers. The Germans also met certain bankers, with whom they discussed questions concerning the obtaining of advances to cover Germany's January and February reparations payments and also the possibility of a moratorium.

It is understood that Dr. Rathenau also is proposing here a plan similar to the Wiesbaden agreement between Germany and France looking to the rehabilitation of devastated France, applicable to Great Britain, Belgium and Italy as well as to France.

It is still not known whether Irish affairs will permit the cabinet to consult on the situation with Sir John Bradbury today, or whether there will be a further postponement of such a meeting. In any case Dr. Rathenau will remain in London until Saturday. His visit here is considered important because it is expected that he will rejoin the German government.

BERLIN, Dec. 1.—The return of Dr. Walter Rathenau to the post of minister of reconstruction in the near future is predicted as a result of the negotiations in which he is engaged in London.

WASHINGTON, Dec. 1.—Progress toward normal conditions throughout the country has been continuous during November despite a relative slowing down, as compared with the previous two months, the Federal Reserve Board said last night in its monthly business and financial review. "On the whole," the board said, "the best opinion now looks to a steady, even if locally interrupted, progress back to normal conditions, although no immediate or sudden expansion or boom is in sight."

MIAMI, Dec. 1.—Investigation by grand jury of the killing Monday night of policeman R. R. Marley by deputy sheriff Adams, another member of police, searching for news recommended by coroner's jury. Adams shot the policeman thinking him to be the negro being sought.

Getting Back to Normal Conditions Thru-out Our Great Nation

WASHINGTON, Dec. 1.—Progress toward normal conditions throughout the country has been continuous during November despite a relative slowing down, as compared with the previous two months, the Federal Reserve Board said last night in its monthly business and financial review.

"On the whole," the board said, "the best opinion now looks to a steady, even if locally interrupted, progress back to normal conditions, although no immediate or sudden expansion or boom is in sight."

INVESTIGATION BY GRAND JURY RECOMMENDED BY CORONER AT MIAMI TO-DAY

MIAMI, Dec. 1.—Investigation by grand jury of the killing Monday night of policeman R. R. Marley by deputy sheriff Adams, another member of police, searching for news recommended by coroner's jury. Adams shot the policeman thinking him to be the negro being sought.

SLAYER OF CASOLETTO IS SOUGHT

AUTHORITIES BELIEVE MURDERER IS NOTED CONFIDENCE MAN

ORLANDO, Dec. 1.—After a full day's investigation into circumstances surrounding the killing of R. Casoletto, alias A. W. Brown, which occurred in the Astor hotel here early Wednesday morning, police said last night the case had narrowed into a search for W. E. Martin, the "dark stranger" who occupied room 21, where Casoletto's body was found, lying in a pool of blood, a few moments after the four shots were fired.

Chief of Police Ed. Vestel and A. N. Graham, an investigator for the United States Postal Service, are of the opinion that Martin is not the fugitive's correct name and are said to be in possession of certain clues which will establish his identity. Police said last night it was likely an arrest would be made in connection with the affair within a few days.

G. H. Hopkins, of Athens, Ga., who was held on investigation, was released yesterday afternoon when Chief Vestel was assured by Athen authorities that Hopkins was a citizen of Athens and could not possibly have any connection with the crime.

A man answering the general description of Martin was seen walking in Eola Park with Casoletto Tuesday afternoon by traffic officer H. L. Pierce, who stated he had previously seen the couple in Miami and believed they were members of a band of confidence men which has been operating in Florida cities for several years. Detective E. M. Johnson also saw the man together and identified Casoletto as a man he had arrested here last winter, though no charge was preferred against him at that time because of insufficient evidence.

Casoleto had lived for some time in St. Petersburg under the name of A. W. Brown and his wife arrived here last night from that city. Mrs. Brown knew nothing of her husband's business, she told police, and had never seen him in company with anyone answering the description of Martin.

STINCELED SIGN ON TAMPA SIDEWALK PROTEST COURT ORDER

(By The Associated Press) TAMPA, Dec. 1.—More stenciled signs on the sidewalks here this morning following discovery of two at court house yesterday. Among signs to-day were "all crooks go free," "Sell the court house," "Why pay jurors." Signs began appearing after acquittal of DeWitt Adams and Phillip Licatta, tried for attempted robbery in connection with holdup of automobile containing cigar factory payroll.

SMALL POX EPIDEMIC IN KANSAS CITY UNIVERSAL VACCINATION

(By The Associated Press) KANSAS CITY, Dec. 1.—Jackson County Medical Association to-day began a campaign to make vaccination against smallpox universal in Kansas City. Nearly one hundred persons died here since September first of smallpox out of about two hundred and eighty five cases according to health officials.

"BIG CHAP"

It is not necessary here to tell you who "Big Chap" is. Every one about this burg knows the scrappy little catcher of the Boston Red Sox. Mr. Chapman, with his brother Clyde, will conduct a produce business in Sanford this winter and the winters to follow. That's good news because it means we get to keep them both here as regular residents. His office is in the rear of Perkins & Britt's store and he invites all his friends to call and give him the "once over." And if you have produce, he'll buy it.

THOUSANDS OF DOLLARS DIVIDED WITH CUSTOMERS

(Continued from Page One) method of doing business, as you are certainly on the job all the time and it is a pleasure to walk into your store and look around.

As you are no doubt aware I am a celery buyer and have spent considerable time in Sanford and I must say that it has been a pleasure to patronize your store, as I have always felt I was getting "more value for my money" as well as a lot of courtesy thrown in for good measure.

Wishing you continued success, I remain,

Very truly yours,
(Signed) Harry W. Merrill.

Jacksonville, May, 2, 1921.
Perkins & Britt, Sanford Fla.
Gentlemen:—Your letter received just in time as I am leaving Jacksonville today for Colorado.

In regards to purchases made at your store I can freely say were perfectly satisfactory and the prices lower than Miami or West Palm Beach, the places I was in about the time of my purchases from you.

Thanking you for the kind treatment I always received by you, I am,
Your truly,
(Signed) R. E. Simpson.

Pine Hill, N. Y., May 5, 1921.
Perkins & Britt, Sanford, Fla.

Gentlemen:—So Mr. Bonts was the lucky man to win the car. Well, I did not expect to be the winner, as I never did win anything in my life, but I was, and am, still satisfied with the purchases made at your store, both with the quality and also with the price, as I could not have done better in any town on my way home of the fourteen hundred miles run, including my home town.

I hope to call on you again next winter.
Yours truly,
(Signed) L. E. Gossor.

Ft. Wayne, Ind., May 3, 1921.
Perkins & Britt, Sanford, Fla.

Gentlemen:—I'll make use of this opportunity to say that I have always been, real well satisfied with what purchases I have made from you and also with the courteous treatment on each occasion.

You have always shown appreciation of my patronage and with the quality of the goods you are handling, with the popular prices, you certainly are entitled to it.

Yours sincerely,
(Signed) George A. Sweet.

Wilmington, N. C., May 5, 1921.
Perkins & Britt, Sanford, Fla.

Gentlemen:—I wish to advise that I am in receipt of your letter of April 23, stating that Mr. A. Bonts, the assistant store manager at Ocala, Fla., was so fortunate as to win the Ford car, which was disposed of April 16th.

I thank you for this information, as I am an out of town customer and could not acquire the same without communication.

I also wish to state that I was very well pleased with the articles purchased from your store while in Sanford last January and February. In

comparison with prices of other towns of my travels, I found yours to be very moderate and satisfactory, and would be glad to recommend your dealings to any one.

Yours truly,
(Signed) J. N. Needham,
A. C. L., Ry.

Cloverdale, Va., May 3, 1921.
Perkins & Britt, Sanford, Fla.

Gentlemen:—I am pleased to acknowledge yours of April 23, advising that No. 1367 was the lucky number on the Ford car. Since passing through your beautiful town and making a purchase in your store, I have had numerous dreams about dropping down in Florida and driving home in a brand-new Ford car. As this was not my pleasure, I wish Mr. A. Bonts many pleasant drives.

I have stopped over in Sanford several times and have always received very courteous treatment and especially remember the courtesy and good bargains extended me in Perkins & Britt's store. Here's hoping that I will get the Ford next time. With best regards, I remain,
Yours very truly,
(Signed) H. C. Ikenberry.

These letters go to prove what the out of town customers think of this store. And they are in position to know because these customers trade in many different stores in many different cities in different states. If the services and quality of this store is such that these men are satisfied then it goes without saying that the home customer should trade with this store, do their shopping where others are satisfied, and by so doing will assure themselves of the satisfaction they are entitled to.

And these letters are only a small portion of the many letters of a like nature received after this Ford was given away. And they are all of the same tenor, every one satisfied.

You are sure to get your full dollar's worth for each dollar spent, and as these men have written, this store cannot be recommended too highly.

SOME THINGS THEY STAND FOR

(Continued from Page One) effort should be made to let these people see it in that light.

A campaign of like nature was put on by a city about the size of Sanford not far from Chicago and the results of this campaign was read about in many of the papers throughout the country. It was proved what can be done with the proper co-operation of the merchants of a town.

Another thing this store stands for is to get behind and stay behind the local organizations that are working for the upbuilding of Sanford. There are too many merchants who say "Oh, we have a secretary for our Chamber of Commerce, let him do it." This is wrong. It doesn't mean as much for that Secretary as it does for the merchant to have people come to Sanford. If all the business men would get behind every little movement as well as all the big movements, this little old burg of ours would hum. Perkins & Britt stand ready at all times to furnish a man or the whole force if necessary towards furthering the work of the Chamber of Commerce, the Rotary

Club, the Kiwanis or any other organization.

Another worth while project is to get behind and help the Sanford band. Let's help them get going as a real band should, help them secure uniforms, help them retain the services of Mr. Ball, the new leader, and help them make a name for themselves throughout the state. It won't only be helping them, it will be helping Sanford.

Any thing, no matter what it is that is for the betterment of Sanford and her people, Perkins & Britt are for it. They are willing to work night and day on any project that means a better Sanford. Let's all get together and make things hum, like they do in all live towns.

SOMETHING FOR THE KIDDIES

(Continued from Page One) name entered on the mailing list so that they will be sure to receive their's. By so doing, you will be doing your child a great favor, as they will all want them just as soon as the first copy comes out and many will not be able to receive them.

These little stories are made for Perkins & Britt by the Osborne Calendar Co., thereby assuring you that they must be good as this company has a name for putting out nothing but the best.

And in connection with these little folders, Perkins & Britt are to be congratulated on this method of advertising. They realize the value of pleasing the children and have spent good money for these little gifts. In other towns where this series has been run the demand made on the store by the children has been much heavier than the supply. They want the small children, the child who is just learning to read or who has not advanced that far, to get these. And they are interesting little stories for adults too, stories that you will not hesitate to read to your children as they prove just as interesting to the grown ups and after the first one comes out the children will not be the only ones anxious for the next one.

Don't delay, but enter your child's name at once. There is not one penny of cost to you, and you don't have to be a regular customer of their's to get them.

Talking about live stores, did you ever try Perkins & Britt? If they are not alive to your needs, then the world is dead.

LET'S HELP THE H. S. BOYS

Have you ever attended a foot ball game in which the Sanford High School boys were playing and see them win? You haven't, not in a long, long time. There is a reason for this continued losing on their part and WE are to blame.

To make a foot ball team that can compete with those of other towns we must start in the eighth grade and build the boys up to it. Keep 'em at it year after year until they have entered High School and then the tune will be different. They can then win at least their share of the games and put up such a game that the people will be glad to turn out and look at it.

To do this there must be a paid coach to look after the boys, and to have a paid coach they must have money. We spend lots of money buying things for Sanford and we never even try to help our boys. We leave them to shift for themselves as far as athletics are concerned and even tho' these boys work hard they get no where because they haven't the proper help in a financial way.

Perkins & Britt are always interested in athletics or anything for the boy. They are willing to assist in anything for the betterment of the boy and would like some more of Sanford's worthy people to join with them and make the Sanford High School as good in athletics as they are in other things.

Most of those that patronize mail order houses never have tried Perkins & Britt. If they had, no more mail order house for them.

Perkins & Britt sell clothes that last, and give service that satisfies. Trade with them.

Perkins & Britt have a way of making you glad you trade with them. If you are not their customer, get right. And above all things, trade at home.

Get behind the Chamber of Commerce, they are working for you all the time. There is something in it for each individual, if every individual will work.

Perkins & Britt believe in advertising. They ought to, they have something to advertise. The man that don't advertise must be ashamed of his wares.

"The Store that is Different"

DEDICATION OF PAVILION AND FIRST BAND CONCERT LARGE CROWD ATTENDED

Lakefront Was Scene of
Great Gathering Yesterday Afternoon

BAND WAS GREAT

PRESIDENT KNIGHT, OF C. C.,
PRESENTED THE PAVILION
OF MAYOR STEVENS

(From Monday's Daily)

The new pavilion was dedicated yesterday afternoon in the presence of a large crowd made up of Sanford people and many from other nearby points. The Sanford band, under the able management of Bandmaster Edgar Ball, put up one of the finest programs of music that has been heard in Sanford in many years. After they had rendered three numbers on the program President Geo. W. Knight addressed the people and tendered the pavilion to the city of Sanford in a most able address. He outlined the work of the Chamber of Commerce in the formation of the Water Traffic League and told of the great need of co-operation upon the part of the people in enlarging the water traffic and showing the government that increased tonnage on the St. Johns river entitled the river to larger appropriations for deeper water, and if the various cities acting in conjunction with the Sanford Chamber of Commerce would keep up the good work the St. Johns would soon be filled with boats carrying passengers and freight that would make Sanford one of the largest cities in South Central Florida. Coming back to the pavilion he gave an outline of the work of the Tourist and Convention Committee of the Chamber of Commerce under the able leadership of Chairman Deano Turner and by the assistance of all those public spirited citizens who had assisted in the work, the pavilion had been built almost at cost—the first real step toward improving the lake front—the most valuable asset of this city of Sanford. He also thanked all those who gave of their time and those who had given materials at cost among them being S. O. Shinhöiser, Sanford Construction Co., thru Contractor Pace; J. E. Terwilliger, Ball Hardware Co., Carter Lumber Co., George Venable, Frank Lossing, J. D. Hood, Frank Akers and many others. Col. Knight then tendered the pavilion to Mayor Stevens, who accepted it in a neat speech in which he also thanked the many people who had given their time and money toward the pavilion. He told about the aspirations of the city commissioners in their efforts to beautify the lake front and asked for the assistance of the people in keeping the pavilion clean and making it a place of rest and recreation for the tourists and visitors. He complimented Bandmaster Ball and the Sanford Band and said that they could feel at all times that Sanford and the City Commissioners were behind them and their good work appreciated. The entire band concert was greatly enjoyed and for more than an hour the big crowd enjoyed a program of music of which any city could well feel proud. Johnny Schirard, one of the youngest concert players in the state played a solo part in one selection that brought forth great applause and those present were well repaid for attending the concert.

Cars were parked all along Park avenue and out to the pavilion and on account of the sand near the pavilion some difficulty was experienced in getting close to the band stand but all of this will be repaired shortly by the widening of Park avenue into a hard surfaced street 40 feet wide with ample space on the lake front for turning of cars.

The pavilion is not an expensive or an ornamental structure. It was built economically and by the big-hearted contractors and their employees donating part of their time and the supply men giving all supplies at cost. It will be good for many years to come and while it was built economically it was built well and substantial of palmetto logs and with a wide roof that looks most attractive from the city and from the lake. It is the first time Sanford has ever erected a building on the lake front where people could sit down and enjoy the lake and it also affords an ideal floor for band concerts. It is 40x60 feet and has a good floor for dancing, if it is desired and in the summer time especially will prove most popular with "some folks." It stands in the center of Park Avenue on the bulkhead and the entrance to the city dock and is the beginning of great improvements on the lake front. The dedication

speeches and the band concert gave the people a new insight into the wonderful possibilities of the lake front as the beauty spot and the pleasure resort of the future city of Sanford. It is something that the Herald has been talking about for fifteen years and now that the start has been made we can all rejoice in the fact that the people have seen the vision and the efforts of the Chamber of Commerce, the city commission, the Woman's Club and all kindred organizations should be backed by the entire citizenship of Sanford for on our lake front lies more potential possibilities than any other part of Sanford.

BROTHERHOOD OF ST. ANDREW BANQUET

(From Monday's Daily)

The men and boys of the four chapters of the Brotherhood of St. Andrew of Holy Cross Parish sat down to their annual banquet Sunday afternoon at 4 p. m. This banquet given by the Rev. Father Peck is an annual and most interesting event in the life of Sanford B. S. A. The boys and men, some fifty strong, enjoyed with hearty appetites two beautifully roasted pigs served whole on the dish, each holding a rosy apple in his mouth. With English peas, sweet corn and sweet potatoes, olives, pickles, fruit salad, ice cream, cake, coffee and cocoa. The boys declared they had the best feast of their life.

Chris Matthews carved at one table and Walter Routh performed at another.

After all had feasted to the limit, Father Peck gave the boys a nice little talk and called on the newly elected director of the Senior chapter, Mr. Matthews for a few words. Mr. Matthews in his speech, told of the work of the Chapter for the last year just closed and outlined his program for the coming year, calling on all the boys for their assistance in pushing forward this work. Next Father Peck called on Joe Meisch, captain of the Junior Basket ball team, who spoke to the boys of his team encouraging them for more practice and work. Next Father Peck called on Robert Robinson, who was our delegate to the National Convention of the Brotherhood at Norfolk, Va. Mr. Robinson told of the 1,600 delegates at that convention from all over the U. S. He told of the enthusiasm of these delegates and brought back to Sanford many valuable ideas for our home work. His talk besides being on the religious and educational side also told us about the most interesting trip to Jamestown. Wm. H. Holden, next was called and spoke of the social life of the B. S. A. Again Father Peck introduced in his clever way Lyle Tapp, who told us of his trip through the West, who said that he had learned how to appreciate our Brotherhood here on account of not being able to find a Brotherhood chapter in Pueblo and other cities of the west. Wm. DuBose was called on to speak on "How he was boosting the B. S. A. at home" and Billy gave a good account of some boys who tried to tell him that the Boy Scouts were better than the B. S. A., and Billy downed them in each argument. Father Peck next called for the Brotherhood Hymn to be sung and it was worth anybody's while to hear fifty boys and men sing this hymn. Again Father Peck called on our newly elected vice-director, Tom Meredith. Tom spoke on the swimming parties at the lakes and other outings the Brotherhood had enjoyed during the past season. Edward Brady said he was slowly grasping the B. S. A. idea and he believed the Sanford Chapter was on a solid rock foundation. Amos Wimble told how the Brotherhood impressed him during the short time he has been with it.

Wm. Gillon, who was present with his father at the Fathers and Sons banquet has interested his father in the brotherhood and hopes that his father will now be an active member. Alton Gunter told the gathering of a little hunting expedition he and Father Peck and others had. James Hoolehan spoke on how much he enjoyed the pig. We had a visitor from Virginia, Mr. Wade, who spoke for a few minutes encouraging the men and boys in their work. Pig Mason made a right good speech asking all the boys for co-operation in the work, and asking those who do not play basket ball to back up those who do. Bunny Tillis said it was the best organization he knew and does not want to belong to any other. Louis Shipp spoke on better attendance of members.

At this point Rev. Father Peck turned the meeting over to Director Matthews, and Mr. Matthews called

PRE-COOLING PLANT FOR SANFORD

NEW YORK CAPITALIST ON THE
GROUND LOOKING OVER
PROSPECTS

Converse D. Marsh, prominent financier of New York City, has returned to New York after completing arrangements for the establishment of three pre-cooling plants in Sanford. Arrangements have been made to finance these projects with New York capital. Mr. Marsh's original intentions were to stay in Sanford but two days. The magnitude of the proposition, however, necessitated his extending his stay for the entire week. Mr. Marsh was accompanied by James R. Nelson, well known in New York financial circles. They both expressed themselves as being impressed with the great possibilities that their pre-cooling project affords from an investment standpoint, and in addition will obviously mean a more efficient and profitable distribution of produce from the celery belt. The project will mean a capitalization of \$1,000,000, preferred stock and \$2,000,000 common stock, and will assist materially in the upbuilding of this community.

BE PRETTY! TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE
RECIPE OF SAGE TEA
AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Adv.

O. E. S. MEMORIAL SERVICES

(From Tuesday's Daily)

The Memorial service held Sunday afternoon by the Seminole Chapter O. E. S., at the Masonic Hall were very impressive. Dr. E. D. Brownlee gave a splendid address, taking for his text the 16th chapter Exodus 23 to 27 verses. "Marah." His address was full of beautiful deep thoughts and was very appropriate and sympathetic.

Worthy Matron Mrs. Al Lilla conducted the services assisted by her able corps of officers.

The program for the afternoon included: "Beautiful Star in the East," Miss Herminia Lehman. "Just for Today," Mrs. F. W. Shepard, of Winter Park. Draping of the Chapter Altar, by the officers. "Blest Be the Tie," audience. "Teach Me to Pray," Mrs. Dick Bachelor, of Winter Park. Dr. E. D. Brownlee's address "Marah." Quartette, "The Beyond," Ed. Kezzer, Mrs. F. W. Shepard, Mrs. Dick Bachelor and M. A. Stone.

DEATH OF B. W. SMITH

(From Saturday's Daily)

The many friends of Blaine W. Smith of this city were shocked yesterday to learn of his death at Tarpon Springs. He had been ill for several weeks at his old home at Tarpon Springs but his death was unexpected. He leaves a wife and two children and brother to mourn his loss.

Mr. Smith was engaged in the garage business here with his brother, Carl Smith, under the name of Smith Bros., and had been a resident of Sanford for the past two years. He was respected and well liked by a large circle of friends and patrons who will regret his demise. The sympathy of their many friends goes out to the family of the deceased.

for a rising vote of thanks for Father Peck, for this sumptuous banquet, and for the good, Father Peck has done for Sanford through the Brotherhood. The class then adjourned to the Parish House where they marched in to the church in pairs and at the appointed time approached the Chancel renewing their obligations for another year and receiving their Brotherhood Luttons.

Dr. King's Pills

HOLY CROSS BAZAAR AND SUPPER

(From Monday's Daily)

Bazaars are as numerous at this season as in the streets of Cairo, but one that you really can't afford to miss, is the one held by the Women's Guild of the Holy Cross Parish, on Thursday and Friday, December 1st and 2nd at their improved and enlarged Parish House which will just be ready for them. Not only are these women famous as good cooks and generous servers, but there are to be unusual and unique features this year. An oriental street, with booths representing several nationalities will display fancy work, aprons, hand made lingerie, children's things, candy and growing plants. The Girls Friendly Society will represent Porto Rico and have drawn work for sale. Boys and girls of the various organizations are selling tickets for 10c each, which may be applied on any purchase at the bazaar. There will be a tableaux the last evening showing some of the new fashions. Baumeil has charge of this and the models displayed are from that shop. Sylvia will make her entrance and be seen on the street at 9 o'clock each evening. The last evening she will disclose her identity and the person who has first guessed it correctly, will be awarded the prize. "Who is Sylvia? What is She?"

And the supper, the first night a chicken dinner for \$1.00 per plate. Listen to the menu:

Roast chicken with dressing and gravy, cranberry sauce, macaroni with tomato sauce and your choice of new potatoes with cream sauce or rice, Sanford lettuce with dressing, Mayonnaise or boiled; hot home made rolls; lemon or pumpkin pie or orange and apricot ice with cake. Tea or coffee. Doesn't it sound good? The second night an oyster supper a la carte, cocktails, stew or fry. Mrs. Rumph's potato salad, chicken sandwiches, hot rolls again and the same desserts. Be sure and come. Supper served from 6 p. m. until the good things are gone.

TO WHOM IT MAY CONCERN:

J. T. Reeves is no longer connected with me in any way, and I am not responsible for any money, fertilizer, or anything he may charge to me. The agreement I declare broken—and at an end.

MRS. M. B. ALLISON.

SANFORD IS UTILIZING LAKE MONROE WATER FRONT.

Congratulations to the people of Sanford over the new city pavilion on the Lake Monroe front. There is much for Orlando to think about in this development. Sanford is going ahead and utilizing its water, its large lake, and as a result Sanford will gain a better appearance and the people will be benefitted to an untold extent. Orlando has seventeen lakes in the city limits. This is a boast which any city might well be proud of, and yet Orlando is far from the proper utilization of the water which is available in any quantity. Some day, "when dreams come true," Orlando should have a connected lake-boulevard system, and Lake Ivanhoe, for instance, should be a municipal recreation and playground, with a pavilion in the center of that body of water and the shore line should be extended into a comfortably sized park by throwing in the sand from the water.—Orlando Sentinel.

HOTEL BUILDERS HERE ON PROSPECTING TRIP, LOOKING FOR LOCATION

Only Had a Few Hours to Spend Here But Will Return in a Few Weeks

Sanford is attracting the attention of capitalists as never before. Our wonderful location at the head of navigation on the St. Johns river, our thousands of acres of winter vegetables, our general farming and fruit growing and kindred products and industries, wholesale distributing and manufacturing in making a big city here. And in the general rush of this business the tourist hotel idea has not been exploited as it should have been for Sanford and contiguous territory offers more for the tourist than any other section of Florida. Here there are hundreds of miles of navigable river, of creeks, of fresh water lakes inland, of pine forests, of good paved roads, of good railroad transportation and miles of forests filled with game just as the streams and lakes are filled with fish and from every standpoint of the visitor to the state Sanford looks better as a great tourist resort.

T. S. Huff, a former resident knows the possibilities of Sanford as few know them for he has made a study of conditions here for many years. As a resident and farmer for some time, as a visitor, as an investor he has made surveys that are invaluable for the city and country around and he has never ceased talking about Sanford. He has never ceased publishing matter about Sanford and he has never ceased his efforts to bring capital here where there is more chance for big returns than any other part of the state. Mr. Huff has several ideas that are larger than the tourist hotel idea but he has never lost sight of the hotel plans and today while he was here working on several other big deals he wired some of his friends who were at Miami to stop over in Sanford on their way north and they

spent several hours here and were so greatly impressed with all that they saw and heard that they will return soon and if further investigations justify their impressions gained today they will erect a big tourist hotel in the vicinity of Sanford. They are W. Ford, an architect of Clarksburg, and builder of note; Chas. E. Lamberd, former secretary of the Clarksburg Chamber of Commerce and a man who has helped in the building of that city, and E. R. Jackson, a real estate dealer and builder of note of New York City.

These gentlemen with their associates are building a hotel and golf links and country club at Miami and are building a club house and hotel and golf links for the New York Athletic Club and have several other projects of this kind at present and have been engaged in this line of work for many years.

They know what it means for any place to have suitable hotel accommodations first and the proper amusements second and the best location to give the guests what they want. This is their first trip to Florida and they think it is the greatest place in the country. This is merely a hasty visit and Sanford is fortunate to get them here today to look over the city although they only had a few hours. They are taking the Clyde river trip to Jacksonville and will study out conditions in and around the city from the angle of river transportation and location and they have promised to return with their associates in a few weeks and give Sanford a real investigation with the view of building at once a real tourist hotel, golf links and country club at some location near this city.

"Made To Make Good"

EAT LESS MEAT IF BACK HURTS

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and causes all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

FLORIDAN TAKES POISON.

ST. AUGUSTINE, Nov. 30.—Eugene Douglas, formerly of Lake Butler, but a resident of St. Augustine during the last year, died in a hospital here late last night as the result of an overdose of poison. Relatives say he had brooded over financial affairs. He is survived by his father and several brothers and sisters who reside in Lake Butler and Jacksonville.

Marines fighting train robbers should remember the man who sells tickets is protected.

A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

CARDUI The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot outdoors. I can sure recommend Cardui."

Take Cardui today. It may be just what you need. At all drug stores.

Want Dr. Walker To Stay on Sanford, Petition Conference

The Board of Stewards of the Methodist Church passed the following resolution at a meeting last night:

Rev. J. P. Hillburn, P. E., Care Fourth Quarterly Conference. Dear Sir: WHEREAS, the conference year is practically at an end and reports from different activities of the church are in order, and

WHEREAS, the Board of Stewards of the Church at Sanford feel a great deal of pride in the unusual progress that has been made in all lines of the church work during the past year as has been testified by the increased attendance at all religious services, by the increase of over one hundred names on the church roll, and by the loyal financial support which the church has had from this membership and,

WHEREAS, we feel that such a year should not close without our declaring our appreciation of the pastor whose untiring efforts, whose constant good will, and whose inspired words of spiritual guidance have been such a source of inspiration to this church in its every branch, and,

WHEREAS, all indications point to the consummation during the coming year of various plans of importance, which have been formulated for the growth in both strength and usefulness of our church, therefore be it,

RESOLVED, that this body present for your esteemed consideration the points as outlined above, which you will find amply substantiated in the detailed reports submitted to you at this time by the various departments of the church, and be it further

RESOLVED, that we respectfully and unanimously urge that if possible Brother Walker be returned to us for another year's service, to the end that under his wise leadership our usefulness in the Master's work may be still further enlarged.

Respectfully submitted, BOARD OF STEWARDS, M. E. Church, South, Sanford, Fla. By S. O. SHINHOLSER, T. F. ADAMS, Z. B. RATLIFF, Committee. Sanford, Fla., Nov. 25th, 1921.

At a recent meeting of the mayor and council it was decided to dispose of the Umatilla electric light, ice plant and waterworks systems. The reason given for disposing of these public utilities is that none of the members of the council are experienced in handling these businesses. The entire matter was placed in the hands of Mayor Dent, with authority to sell.

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.—Adv.

HAS FAITH IN PROHIBITION

Loveland, O., Nov. 22, 1921. My Dear Bro. Holly: I notice in the Herald of a few weeks ago that you are having the blues pretty bad in regard to the prohibition laws and I am afraid that you have forgotten that GOD IS NOT DEAD and that we all need to trust Him more, pray more and work harder to bring to us the desires of our hearts. I am sending you some clippings that I hope will cheer you up and open up a new vision of what is in the future for us if we do not lose FAITH and lay down our weapons of warfare. So cheer up and press forward and we will win the fight in due time.

I can refer you to several cases in my own little village where the putting out the saloons has worked wonders in bettering the condition of men and families, but I will only give you one because it comes near to me.

I had in my employ for 38 years a man who had the appetite formed for strong drink which he could not resist. Pleading with him and showing him how much better he would be (and his family for he had a good sized one), if he would quit drinking it was of no avail. I assisted him in getting a home so he could pay for it at \$1.00 a week. It was often hard

Come on along!

Fill up your makin's papers with P. A.

Greatest sport you know to pull out your makin's papers and some Prince Albert and roll up a cigarette! That's because P. A. is so delightfully good and refreshing in a cigarette—just like it is in a jimmy pipe! You never seem to get your fill—P. A.'s so joy'usly friendly and appetizing.

Prince Albert will be a revelation to your taste! No other tobacco at any price is in its class! And, it rolls up

easily because it's crimp cut and it stays put.

It's the best bet you ever laid that you'll like Prince Albert better than any cigarette you ever rolled!

And listen! If you have a jimmy pipe hankering—by all means know what Prince Albert can do for you! It's a revelation in a pipe as well as in a cigarette! P. A. can't bite or parch. Both are cut out by our exclusive patented process.

Prince Albert is sold in tony red bags, they roll fine, handsome pound and half pound tin humidor and in the grand crystal glass humidor with sponge moistener top.

Copyright 1921 by R. J. Reorda Tobacco Co. Winston-Salem, N. C.

PRINCE ALBERT

the national joy smoke

for him to do this sometimes because he spent his money for drink. But at last we drove the saloons from our village and his house was soon paid for and he now has over \$200 to his credit in the B. & L. Co., drawing him six percent interest.

There are thousands of cases in this country similar to this one and they should inspire us to greater effort to rid this country of the terrible curse and I hope you will use your paper and your best efforts to help the cause along.

Yours very truly, A. B. LOCK.

RECEPTION FOR MISS SKINNER AND MRS. GALLOWAY

(From Tuesday's Daily)

A brilliant social event of the season was the reception given yesterday afternoon from four to six o'clock by the Woman's Club honoring Miss Elizabeth Skinner, newly elected state president of the Federation of Woman's Clubs, and Mrs. Ernest McGowan Galloway, vice-president at large.

Beautiful in every detail were the decorations of the club rooms, the club colors, red and green, and the club flowers, red roses being used. Tall floor lamps shaded in red, cast a rich warm glow over the pretty scene. Wicker baskets, wicker wall vases and crystal vases filled with fragrant red roses were effectively placed.

Mrs. Forest Lake and Mrs. Raymond Key met the guests at the door, who were then introduced to the receiving line by Mrs. Deane Turner. In the receiving line were Mrs. John Leonard, Miss Elizabeth Skinner, Mrs. L. M. Johnson, of Leesburg, Mrs. W. F. Blackman, Mrs. W. T. Morgan, Mrs. Fred Williams, Mrs. R. R. Deas, Mrs. R. C. Bower, Mrs. R. E. Tolar, and Mrs. John Meisch.

The hostesses were Mesdames W. E. Watson, G. I. Loucks, R. A. Newman, S. Puleston, R. J. Holly, W. J. Thigpen, B. J. Starling, Fred Daiger, J. M. Wallace, D. L. Thrasher and R. C. Maxwell.

The refreshment table was lovely with its appointments. In the center was a candelabra holding red lighted tapers, at either side were unshaded red tapers in silver candle sticks. Mrs. Henry Wight poured coffee and Mrs. W. T. Langley poured tea the first hour and Mrs. A. D. Kelly and Mrs. A. M. Phillips poured the latter hour. During the afternoon an orchestra rendered splendid music.

Mrs. Julius Takach, sang, "My Heart at Thy Sweet Voice," from Samson and Delilah and "One Fine Day" from Madam Butterfly, in her usual charming manner.

Mrs. A. M. Phillips sang sweetly and with much feeling, "Night Song" by Florence Newell Barbour. About two hundred club members and friends attended this delightful affair.

THE AMERICAN PRESS ASSOCIATION

Sanford has a real band.
 And Sanford will soon have a most beautiful lake front.
 Much work to be done but the people have the right vision.
 Precooling seems to be a popular pastime just now.
 President Knight gave the pavilion to Mayor Stevens and the mayor took it by gum.
 And the pre-cooled breezes from the northern regions are making our lettuce crop look good.
 The new automobile license tag will be 9x16 inches. We do not believe our little Ford will be able to drag this big tag around everywhere it goes.
 "Fatty Arbuckle Takes The Stand," "Lena Clarke Takes The Stand," says headlines in today's papers. Probably the last stand they will ever make.
 The Ohio river is having a flood at this time of the year. They ought to arrest the old girl. She never became angry before the early spring to our knowledge.
 Leesburg Commercial announces in big headlines that "the yacht club will be stationary." We are glad of that. We don't want it to come floating down here to bump into our new pavilion.
 The defense in the Arbuckle case will show a film to prove that Virginia Rappe was an athlete. Maybe she was but an athlete would have no show against a mountain of flesh.
 Dispatches today say "Japan holds key to armament situation." Say, why don't they push that bunch off the boards and get busy with their own affairs? Why should any nation hold the key?
 State papers have discovered that the defense in the Lena Clarke case will put in a plea of insanity. Old stuff, old stuff. Everyone in this part of the United States know that the day the man was killed.
 Balfour says we "don't want two leagues." Quite right, old chap, quite right. We don't want two leagues of nations, we don't want two leagues of base ball, we don't want two leagues in Florida.
 Barney Colson, of Gainesville, calls for "all Florida men" to attend the football game at Jacksonville between North Carolina and Florida on December 3. There will "not be any crowding at that."
 Campbell-Lossing Post, American Legion, has one of the most active organizations in the state. They are doing something all the time to keep the pot boiling and all of us in hot water.
 Sanford is among those sensible cities of Florida that did not believe in sending away for a band for winter concerts. We have as good a band as anyone and they will not cost \$1,000 a week.
 "Ex-saloon men own one-third of New York's drug stores" says dispatch in dailies. Well, why shouldn't they? Prohibition put them out of business and they just naturally drifted into the drug business.
 New England is having a time with heavy snows and hail and h—ll and all that goes with heavy snow storm and sleet and cold winds. We are just enjoying it down here with our lettuce going north on bars markets from this time forth.
 Hoover claims that 2,000,000 idle men have received jobs through the national conference on unemployment. What has become of the other 64,000,000 that some of the radicals talked about being out of jobs. Probably walking to Florida to pick gold off the trees.

We have quit talking turkey for Thanksgiving but would like to talk turkey about Christmas.
 The Daily and Weekly Herald are endeavoring to bring the people to Sanford to trade. We offer the merchants the best Christmas advertising they have ever had.
 All is not gold that glitters and newspaper men have their troubles just like other people. Simply because we smile and carry on is no reason that we are always happy.
 The Rotary Club and kindred organizations scatter more sunshine along life's pathway than any other big force in any city. That idea of good fellows getting together, singing songs and telling of their trials and tribulations does much to inspire us to greater efforts.
 Good old Major Whittlesby or Lieut. Col., as he was called before he left the service, committed suicide the other day by jumping off a boat. Dispatches said memories of the war unbalanced his mind. There is no doubt of it. He went through enough to unbalance him and so did all the rest of the bunch, officers and privates.
 Henry Ford wants Muscle Shoals to help humanity as well as himself but if we know the people in power in this country they will never let Henry have the shoals at any price. The corporations do not want cheap nitrates, they do not want thousands of people to have jobs, they do not want prosperity except for themselves.
 We want the people of the South to always remember that Henry Ford was not allowed to take over Muscle Shoals and develop it for the South and give employment to thousands of people and make the South the greatest country in the world. He was not allowed to give the farmers cheaper nitrates. Republican interests do not want it.
 Farmers in the Hastings section who planted large acreages in cane are planning to make it up in syrup several having purchased mills and no doubt others will follow the example. An unusually large acreage was planted in cane this year because the farmers believed the sugar corporation would purchase their cane for seed purposes, but the time of year has arrived when something must be done.
 According to the Ft. Myers Tropical News, the A. B. C. Millwork company has bought a new factory site and will build, near the railroad tracks, very soon. The company started business in a small way some time ago, and it has since grown to such an extent as to find itself cramped. The new site will admit of the erection of a large building for woodworking, equipped with modern machinery.
OUR REPRESENTATIVE.
 It will soon be time to talk about our representative and other officials and while it is early and Christmas crowds out state politics, it is not too early to think about who will represent Seminole county in the next legislature. The Herald has heard nothing from any source about who will make the race and does not know whether our representative, F. P. Forster, intends to cast his hat in the ring or not. This paper does not intend to "Ask Mr. Forster." This is the case of the office seeking the man and not the man seeking the office, and unless we are badly mistaken, the people will demand that F. P. Forster again become a candidate. There are many reasons for this thought. It is democratic to give a man the second term, all things being equal. It is only right that the man in office should have the second term if he has made good the first term, and there is no doubt about Mr. Forster making good and we get his record, not from the people at home, but from his fellow members in the legislature, who know how to measure a man from all points. The members who sat with Mr. Forster in the legislature say he was one of the best men in that body and that he held the respect and esteem of every member of the house. We can well believe this true, for this is his record in his home town, where he has resided for the past thirty-five or forty years (much longer than we can remember, anyhow) and his record is above reproach as a business man, as a citizen and as a man.
 This paper takes no part in politics after the campaign has started, and does not intend to take any part this time. But it is well within our province to ask that Mr. Forster again become a candidate for the simple reason that it is the demand of the people that he stand for the second term. He has had the exper-

ience that will fit him for better work; he will fit into the second term without any of the preparation necessary for a new man on the job; he is known among many of the men who will compose the next legislature; he knows all about the many little things and the many big things in the working of that legislative body and he should go back with the experience that will make Seminole county an invaluable representative.
 All of this hinges, of course, upon whether Mr. Forster will again become a candidate, and we do not know whether he will or not. But he is the logical man, and if he considers the wishes of his friends he cannot refuse.
CHRIS. CODRINGTON.
 Chris. Codrington has passed. For many years he was engaged in the business of editing and conducting a newspaper. He fought fearlessly and unafraid all that he thought was wrong and, although he was not always on the side of public opinion, any more than his fellow editors are, he never tempered his editorials to the wondering breeze of public favor, but took his stand and gave blow for blow. He printed newspapers in the early days when printing newspapers and having an opinion was as much as the editor's life was worth, but Chris. Codrington never backed down. His pen at times was dipped in vitriol but it was always launched in the cause that he thought was right and he leveled his guns at a target no matter how high it might be in the forums of the people.
 He was a kindly nature and he helped the poor and needy whenever occasion arose and his many kindly deeds were done without any public notice and without ostentation. He did not like the limelight and preferred to live his life in his own way content to be friendly to his friends and standing by them when they needed a real friend.
 As one of his closest and best friends the editor of The Herald misses Chris. Codrington as only an old and dear friend can be missed. We saw him only a few times a year but his hearty hand-clasp and his real friendship were ever there and he will linger long in our memory as one of the old guard of Florida journalism. We shall miss his wit and his Parthian shots and his editorial writings. We shall miss his assistance in helping us to bring about better things in this part of the state. We shall miss him as a brother editor first and as a real friend most of all. His faults we will bury in the sands and his virtues will be preserved forever in the tablets of our memory.
 Good-bye, old friend.
RECOGNIZING OUR POSSIBILITIES.
 Today's Herald carries the story of the big precooling plant to be erected here at once by the Farmer's Exchange. They are home people, growers, farmers, men who know what they are doing and, having faith in this proposition, are putting their money into a precooling plant because they know the possibilities of the Sanford section.
 The plant will be a big success from the very start, and will not only be a big thing for the growers but a big thing for the entire section, as it will produce a better pack, a better grade of vegetables, and they will go into the markets in better shape than ever before, thus creating a demand for Sanford vegetables such as no other section can command.
 The local people have been the first to erect such a plant. They are breaking ground today for this plant. This of itself means so much to the Sanford section, for it demonstrates that home people have faith in their own project.
 New York capitalists were here last week with the same proposition on a larger scale. Their project should go forward with an added impetus now that the Farmer's Exchange, without any previous notice, have gone straight to the point and started their building at once. Investors from other states should have no compunctions about investing their money in a project that has already been backed and will be backed again by home people. There will be other precooling and cold storage plants in Sanford, not only for the precooling of vegetables, but of all other products.
 The day is not far distant when a big meat packing plant will be here, and many other plants of like nature. Why send Sanford products north to be refrigerated when they can get refrigerated here and go north at much better prices?
 A policy of preparedness isn't wholly consistent unless it subsidizes a few crutch factories.
 666 cures Bilious Fever. 18-15c

SANFORD HERALD'S BIG ACHIEVEMENT
 The Sanford Herald of Nov. 25 contains a solid eight-page ad for one firm in the "largest city on Lake Monroe." Congratulations. When The Tribune a few Sundays ago carried a forty-page section, advertising by one Tampa firm, the Tampa Hardware Company, it broke all records for daily newspaper advertising in this country. The achievement of the Sanford Herald is no less wonderful, and it is to be praised. Taking eight pages in a daily in a town the size of Sanford is some enterprise on the part of the advertiser. It shows that the Sanford Herald is a fine advertising medium, for business men do not buy costly space in newspapers today because they are "friendly to the editor," or because they are "loyal to their town," they buy because they expect to get value received, and more.
 Perkins & Britt, the Sanford men's furnishing and clothing firm taking the eight-page advertisement, are live business men. They know how to get results; and we are sure they will get all they hope for.—Tampa Tribune.
VAMPING THEM RIGHT.
 From the way Thorn goes after chautauqua agents, he must have been stung, and from the description of the person he says always plays the chief role, it must have been a "sweet darling, vampish" sort of female.—Orlando Reporter-Star.
 Good. Also correct. The shows travelling about the country under the guise of "chautauqua" bear the same co-relation to a real chautauqua as a house-cat does to an African tiger. As to what constitutes a "chautauqua" see any reliable dictionary; after that, all discussion is useless. Last season there came to Kissimmee, as to all other cities in this section of Florida, a couple of dames with words sweeter than honey, with garments that were—well, to say the least, that were so-so-mo attractive, and a smile that was as sweet as a young girl's first dream of a kiss from her first lover. Uh-huh. They didn't land me—f'r I've been fooled before, but they did land a lot of those more susceptible to blandishments. Then erlong come the performance and they put on the show. Everything was velvet for them. Their three squares were provided for and their lodging is guaranteed by "local representative citizens." And thereafter the said I. r. e. had to dig down and rake up the cash to fill the gap that needed bridging. When a minstrel show comes to Kissimmee it comes on its own initiative; it may break even, go in the hole, make a profit; but it doesn't ask a guarantee fund. If these vaudeville shows that travel under the nom de weren't a bunch of beggers and grafters, they'd be willing to do the same thing. Why should a man pay a high price to listen to a lecture on "The Sympatation of the Chimpanzee on Relation to the Vomitation of Mount Aetna" when he can for two bits buy the whole thing in magazine form—together with a lot of real good reading upon interesting subjects?
 Still, there's something in that vamp business to which the Reporter-Star alludes—and it may be possible that the folks on that paper have not been stung by these same two women—and had to utilize their check-books to issue some documents that wouldn't come under the "had" check ruling.—Kissimmee Gazette.
A CUT IN FREIGHT RATES.
 To the average American a promise of a cut in freight rates has a cheerful ring. It may mean fewer melons cut for distribution among railroad security holders, but it will mean smaller losses to the producers of the country.
 The proposed cut of 10 per cent on farm products in enload lots will make as great difference to farmers and gardeners. That 10 per cent might easily mean just the difference between profit and loss to the grower.
 Florida will be greatly interested in this announcement. It will mean several millions to Florida fruit growers and farmers during the next six months if it soon goes into effect. Last spring thousands of tons of cabbage rotted in the fields of Florida because the freight rates were so high that there was nothing in it to ship. The price received would hardly pay the freight, so it was cheaper to leave it rot in the field than spend the time and expense of marketing. People in the north were thus deprived of a supply of good cabbage, while the growers in the south were deprived of a market.
 But the interesting fact is, that the railroad companies were likewise deprived of revenues. If the people did not ship their produce, the railroad company got no haul. Thus the

high rate acted as a boomerang; freight cars stood idle; railroad companies had no business. Now railroad officials see the error of their ways and are reducing rates of their own accord. While state and interstate commissions were allowing them to boost rates at will, they were losing money because they were losing business. And it is altogether likely that rate-cutting will be extended further and the cuts will go deeper. Railroads have new competitors to meet and a determined people to satisfy. There is a possibility of the old competitive methods being resorted to in order to get business. A new era in transportation is upon us. The aircraft, the automotive transportation facilities and the developing of our inland waterways, may send railroad operators back to first principles in order to get business.
 If railroad companies only paid dividends on actual investments, and did not pay fabulous salaries to men who render little or no services, there would be ample room to cut rates and still make good money. It is the artificial and ornamental side of railroading that is expensive.—Orlando Reporter-Star.
HOLLY'S TROLLY.
 A company is being formed which will build an Interurban line between Minni and Palm Beach, which reminds us that Bob Holly has a like idea for a connecting link between Sanford and Orlando. We trust Bob will stick on the job until he puts the issue over successfully.—Reporter-Star.
 We will stick, brother. Having been sticking on this same idea for the past fifteen years we would not give it up now when everything looks so bright and the country between Sanford and Orlando is almost built up solidly. This particular section offers more to an Interurban line than any other part of the United States and ere long some enterprising capitalist will see the chance and go to it. We could build it ourselves, but we are too busy writing such stuff as you are now reading.
 One good way to improve your mind is to glance through the children's school books occasionally.
 Rub-My-Tam, a pain killer. 13-15c

DOES SEMINOLE COUNTY WANT A HEALTH NURSE?
 Does Seminole county want a full time nurse, with automobile furnished and without any expense to the county? There is a way to get one. As to the need of a county nurse that will meet every emergency call, there is no doubt. Sell your quota of \$3,000 of Christmas seals and during the year 1922 Seminole county will have this much needed social service.
 \$3,000 pays for a full time nurse with automobile furnished.
 \$2,000 pays for a 9 months nurse. Will this pay? Yes, if the health of your children mean anything to you. One infected child may give your child tuberculosis.
 Your \$3,000 will not only pay for the nurse and auto but will keep the health crusade in the schools; will give educational courses in general health; will give six clinics in Seminole county; will give follow up work and more than all will determine whether the child "with bronchial trouble" is an incipient tubercular case.
 In the sign of the double barred cross conquer tuberculosis.

AMERICAN LEGION BANQUET AT VALDEZ MONDAY NIGHT WAS GREATLY ENJOYED

Legion Members and Guests Had Most Enjoyable Affair

PRIZES PRESENTED

AND MANY GOOD TALKS BY MEMBERS AND GUESTS—MUSIC AND DANCING

(From Tuesday's Daily)
One of the most pleasant occasions of the social season was that of the dinner and dance given by the Campbell-Lossing Post, American Legion, at the Hotel Valdez last night.

It was staged as an after-piece of the big Armistice Day celebration that was such a great success, and the Legion boys wanted an occasion to tell all their friends just how they appreciated their efforts in behalf of the Legion, and also to present the silver cups to the winners of the various events.

A fine orchestra arranged by Edgar Ball, discoursed sweet music all during the dinner and for the dance afterward and, like all the Ball productions, it was all right.

After the invocation by Chaplain George Hyman, Post Commander L. F. Roper addressed the assemblage and briefly outlined the work of the Legion under his year's leadership—a year that has been filled with many events, with many big things for the benefit of the Legion and for the up-building of the city—for the American Legion represents the best type of American citizenship.

Commander Roper then introduced Judge George Herring, the new post commander, who responded in a happy vein and promised all his "buddies" his unqualified support in all that the Legion meant and stood for.

The following gentlemen were called upon and responded in a few words about the Legion: Dr. Hyman, Geo. A. DeCottas, Forest Lake, George W. Knight, Charlie Britt, the "Carnival Man," R. J. Holly and several others.

The presentation of the silver cups was one of the most impressive and most delightful items on the program. Commander Roper had a difficult task in presenting each cup and he was equal to the occasion, and in a few words of graceful acknowledgment of the debt the Legion owed all those who had assisted in many ways in making the Armistice Day a success, he presented the silver cups to the following:

Mrs. Lossing, president of the Woman's Auxiliary, for the best decorated float.

Mrs. Henry Wight, for the Welfare Department of the Woman's Club, for the best decorated float, the car of Mrs. A. E. Hill.

S. H. Lloyd, of Lloyd's Shoe Store, for the best decorated commercial float.

R. P. Walters of DeLand for the first prize in motor boat races and Roy Cooke, DeLand, for the second prize for motor boats.

Rollins college for winning the canoe races, received a cup and two individual cups, and the college was represented by Jack Stevens and J. R. Halliday, who accepted the cups.

All of the recipients responded to the presentation of Commander Roper with words of thanks straight from their hearts and this occasion was made a most happy one by the Legion and all those who were present to receive the prizes. The silver cups were works of art and beauty and were donated by the First National Bank, the Seminole Bank and the Peoples Bank, of this city, and by F. F. Dutton, Wight, Boys, Company, Harry Heeren and the American Legion.

The banquet was one of the Hotel Valdez banquets and that puts the seal of approval upon it. There was delicious chicken, olives, celery, dressing, mashed potatoes, peas, dessert, coffee and cigars and it was cooked and served in the style that has made the Hotel Valdez famous.

After all the cups had been presented George A. DeCottas arose and stated that he had a cup that had been given him to present one of the members of the Legion for distinguished services and he presented a two-handled porcelain cup to Hodgson Ball, with the remark he would need it in the mornings for cold water. Hodgson accepted it and said that when he was using it filled with ice water he would be thinking of Mr. DeCottas.

The banquet was one of those many milletones in the good times that Sanford people seem to be having all the time and brought all the "buddies" and their friends together in a social gathering that was strictly informal and filled with that great fra-

ternal spirit that permeates all gatherings of Legion men.

After the banquet the tables were cleared away and dancing was indulged in until a late hour sent the youngsters and many of the older ones home with the feeling in their hearts and minds that Campbell-Lossing Post is the best ever and they know how to pull off a successful Armistice Day, a successful show or a banquet and dance at any old time and their affairs will always be the social events of the life of Sanford for many years to come.

GENEVA

In spite of the rain the woods was full of hunters Thanksgiving day. Rev. Goodberd was shopping in Sanford Wednesday.

Mrs. Williams and Mrs. Harrison and children of this place and Dr. Martin and wife of Osceola, left Monday for Miami.

There will be an oyster supper at the town hall December 2.

Edgar and Fred McFarlane spent Friday in Osceola with Charles Summers.

PERSONAL NOTES

(From Wednesday's Daily)
Mrs. D. D. Newberry and little daughter Lucile and Mrs. Kenneth Murrell, jr., spent the day in Orlando yesterday.

Mrs. T. A. Neal and Mrs. Harry Dickson, of Orlando, motored over yesterday afternoon to attend the bridge party and miscellaneous show for Miss Adelaide Higgins, given by Mesdames A. W. Fitts and Hal Wight.

Mrs. J. M. Burns and daughter, Mrs. Howard Smith are spending the afternoon in Sorrento visiting friends.

J. A. Sullivan, D. Strugfield, T. Anderson, L. Baker and Misses Pitts and Walker, of Macon, Ga., are motoring through the state stopping over in Sanford yesterday.

M. B. Shelton, of Daytona was in the city yesterday transacting business.

Mrs. Joseph Umback, of Orlando, was in the city yesterday calling on old friends and coming over to attend the party given yesterday afternoon by Mesdames Fitts and Wight, for Miss Adelaide Higgins.

Mr. and Mrs. Hoyt Hunt, of Indianapolis, are spending some time here at the Montezuma.

Mr. and Mrs. N. L. Kerrod, of Warren, Ohio, are spending a few days here, leaving next week for St. Augustine where they will spend a few weeks and then expect to return to Sanford to spend the winter.

Mr. and Mrs. H. I. Cleverly, of Holden, Mo., are among the out of state visitors here yesterday.

Walter L. Wight, of Cairo, Ga., arrived in the city yesterday and will be associated in business with Hal Wight.

M. S. Wiggins, who has been in the north and east on business for the past three months, has returned and will spend the winter here. Mr. and Mrs. Wiggins have rented the W. D. Gillon home on Elm avenue for the winter.

Mrs. Margaret Barnes, of Jefferson Court Apartments, Orlando, is spending the day here with friends and attending to business.

Mr. and Mrs. Logan of Geneva were in the city today. They report the Logan Mercantile company as flourishing and enjoying a fine fall trade.

(From Thursday's Daily)
E. Hacker was among the out-of-state business visitors here yesterday registering from Atlanta.

K. L. Mock, of Leesburg, was in the city yesterday calling on his friends and attending to business.

W. M. Clover, of Roma, Ga., is making his headquarters at the Montezuma while in the city on business.

R. L. McKenzie, of Jacksonville, representing the Kelly-Springfield Tire Co., is spending a few days here calling on his local customers.

Mr. and Mrs. Victor Check, of Kansas, are spending some time here at the Montezuma.

Mrs. B. J. Starling left this afternoon for Jacksonville where she will spend two weeks with her sister, Mrs. Robert Sims, at her home in Riverside.

Senator Duncan U. Fletcher was here this morning for a few minutes enroute to Washington after a few days spent at Geneva at the home of his sister, Mrs. J. H. Huddleston. Senator Fletcher did not have time to stop over in Sanford for a short talk much as he would like to have done but promises to visit us longer when congress adjourns.

666 quickly relieves a cold. 13-15tc

WHY THAT LAME BACK

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Sanford resident's example.

Mrs. W. A. Tills, 1100 Elm Ave., says: "I am just as strong for Doan's Kidney Pills now as when I endorsed them before. I used them some few years ago. At that time I had a sore and lame back and found it difficult to bend over. My kidneys didn't act as they should, either. I used a box of Doan's and they regulated my kidneys and rid me of the pains in my back. I have great faith in Doan's Kidney Pills."

Price 60c nt. all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tills had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv.

DEATHS

JOHN LANDMAN DIES IN ROCHESTER

John Landman, a former resident of Altamonte and well known here, died at Rochester, Minn., where he was receiving attention at the sanatorium of Mayo Brothers. Fred Walzema received the announcement of Mr. Landman's death today by wire and the statement that the funeral would occur at the late home of the deceased at Grand Rapids today under the auspices of Grand Rapids lodge of Elks.

Mr. Landman lived for many years in Grand Rapids, Mich., and had a large circle of friends in that city. On account of failing health he came to Florida several years ago settling near Altamonte and planting an orange grove. Failing health made it necessary for him to give up active work and he removed to St. Petersburg where he owned two Federal bakeries. He was taken to Rochester several months ago and all that medical skill could do was done for him with no avail. His friends here will learn with regret of the death of Jack Landman, who was well liked by those who knew him.

DEATH OF GEO. H. ROBERTS

George H. Roberts died at the home of his son South of the city on Wednesday afternoon after a lingering illness. The funeral was held from the home today at 3 o'clock, Rev. Clarke officiating. Interment was made in Lakewood cemetery.
Deceased was born in Oswego, New York, in 1840, and with his parents moved to Toledo, Ohio, when he was a young boy. He made his home in Toledo for many years coming to Florida with his son two years ago. He was a veteran of the Civil war, being a member of a company volunteering at Toledo.

The sympathy of the friends of the family here and in Ohio are extended to the son, H. L. Roberts, of this city and a daughter in Chicago.

To prevent a cold take 666. 13-15tc

NOTICE OF SALE

Notice is hereby given that under and by virtue of a Final Decree of Foreclosure and Sale issued out of the Circuit Court of the Seventh Judicial Circuit of Florida, in and for Seminole County, in a cause therein pending wherein Merrill F. Robinson is the complainant, and F. W. Schwind and Emma M. Schwind his wife, are defendants, I will offer for sale and will sell to the highest bidder for cash at the front door of the Court House in Sanford, Seminole County, Florida, during the legal hours of sale, upon Monday, January 2nd, 1922, the same being a legal sales day, the following described real estate, situated, lying and being in the County of Seminole, State of Florida, to-wit:

Miss Omah spent the week-end with her parents, Mr. and Mrs. Bill Allen.

Mr. and Mrs. Frank Topliff, of Orlando, were the guests of Mr. and Mrs. A. Y. Fuller, Thanksgiving.

S. C., and E. W. Dickson spent Thanksgiving in Sanford, the guests of Mrs. Chris. Mathews.

The hunters around Longwood have had good luck so far. Six turkeys have already been killed.

Mr. and Mrs. T. G. Roebuck are expected to arrive Saturday from New York city to spend the winter.

WE EAT TOO MUCH MEAT WHICH CLOGS KIDNEYS, THEN THE BACK HURTS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv

PROMINENT HOTEL MEN HERE. (From Tuesday's Daily) S. Lund and his son, S. Lund, Jr., are here looking over the city with a view of engaging in the hotel business. Messrs. Lund are well known in Florida and elsewhere, having for many years owned and operated the Huntington Hotel at St. Petersburg, and having recently sold that hotel, are looking for another location in Florida and are most favorably impressed with Florida. Mr. Lund, like all active and successful business men, was thinking about retiring from business but, having led an active life for many years, cannot and will not retire but will continue to carry on. We welcome them to Sanford. It is a case of a real city and good hotel men meeting and we can almost foresee the result, for Sanford offers more in this line today than any other city in Florida.

OVIEDO

Miss Olive Letzette is spending Thanksgiving and the week-end with her parents, Mr. and Mrs. N. F. Letzette. Miss Letzette is taking a business course at Massey Business College, at Jacksonville, and this is her first visit home since September.

Messrs. Walter Stubbs, Hoyt Paul, Emmett McCall and H. B. McCall, Jr., of Lakeland, and Edward McCall, of Stetson, are spending Thanksgiving with Mr. and Mrs. H. B. McCall.

On last Friday afternoon a reciprocity meeting of the Woman's Club was held at the club house. The program was in charge of Mrs. W. P. Carter, and was greatly enjoyed by all present. The Sanford and Geneva clubs were well represented, and contributed much to the program which follows: Piano solo, Mrs. Hankinson, Oviedo; Address of welcome, Mrs. R. W. Lawton, president of the Oviedo club; Response to welcome, Mrs. Maxwell, Sanford; Paper, The organization and object of the Geneva Club, Mrs. Wakofeld, Geneva; Vocal solo, Mrs. Newberry, Sanford; Paper, The Possibilities of Civic Work in Small Towns, Mrs. Wight, Sanford; Vocal trio, Mesdames Newberry, Horndon, Malnes, of Sanford; Reading, Mrs. Dooley, Geneva; Reading, Mrs. Newberry, Sanford; Piano solo, Mrs. Hankinson, Oviedo. The hostesses of the day were Mesdames T. W. Lawton, R. W. Lawton, W. J. Lawton, A. Leinhart. Delightful refreshments were served and a very pleasant half hour spent socially. After the departure of the invited guests, a short business session was held at which six new members were elected to membership in the club.

Miss Elizabeth Lawton spent Thanksgiving at home, returning to Rollins, Friday morning.

Mrs. Julla Williams, of Weirsdale, is spending Thanksgiving week-end with her daughter, Mrs. Englett.

Rev. and Mrs. L. E. Wright and family, Mrs. O. P. Swope and family, Mr. and Mrs. T. W. Lawton and family, Mr. and Mrs. W. J. Lawton, and family, Mr. and Mrs. W. E. Young and family, and a few invited guests, spent Thanksgiving day at White's wharf on Lake Jesup.

Messrs. Francis Swope and Woolsey Sturdivant, Mrs. S. W. Swope, Miss Mable Swope and Mrs. Mable Stevens, motored to St. Augustine, Saturday, returning Sunday afternoon.

Mr and Mrs. E. A. Farnell and family, Rev. and Mrs. J. N. Thompson and family, and Miss Lucille Partin, spent Thanksgiving at Lake Harney.

On Friday night, the Bible classes of the Methodist church entertained at the club house in honor of the strangers in our midst and others, who have not been attending Sunday school. About forty guests were present, and the entertainment committee, under the efficient leadership of Mrs. H. B. McCall, kept the guests amused for two hours, after which time, the refreshment committee, composed of Mrs. O. P. Swope, Mrs. S. W. Swope, Mrs. W. B. Williams, kept all entertained with chicken sandwiches, pickles, coffee, cream and cake.

Mrs. R. F. King spent Saturday in Sanford.

T. M. Winters visited Orlando last Wednesday.

Mrs. L. R. Mitchell and Mrs. Frank Norris, spent Friday in Orlando.

A sunrise prayer meeting was held Thanksgiving morning under the auspices of the Christian Endeavor Society.

Mrs. Hyatt and daughters, Ruby and Mattie, and son Jessie, of Birmingham, Ala., are spending the winter in Oviedo.

C. C. Gilliam and wife, of Orlando, have rented rooms at the Cushing house for several weeks. Mr. Gilliam is working with his brother-in-law, L. B. Moore, in the construction of the B. G. Smith residence on Graham avenue.

O. P. Swope and John Robertson left Tuesday for Miami, making the trip by auto.

Mrs. Mary West of Nashville, is visiting her son, C. L. West.

Chamber of Commerce Should Be Assisted By All Live Organizations

Making a Strong Body Composed of All Other Clubs

Every other club in the city should bend their collective efforts toward making the Chamber of Commerce the central body around which all other organizations revolve. All organizations are doing their share of building up Sanford and they are all doing a great work but their efforts should be co-ordinated with the big work of the Chamber of Commerce in the real work of construction. The Chamber of Commerce is the working organization that has no restriction of membership and every man and woman in the county can be a member if they wish to join, thus giving all an opportunity to work for the county and city. Read what the heads of other organizations say regarding this attitude:

KIWANIS "We thoroughly believe and heartily recommend that all Kiwanians affiliate with and give hearty support to their local Chambers of Commerce. "We have record of at least sixteen communities in which there were no Chambers of Commerce and the local Kiwanis Clubs have been the means by which new Chambers of Commerce have been actually organized."—E. C. W. Parker, General Secretary, Kiwanis Club, International. OPTIMISTS "By all means every civic club member should affiliate with the Chamber of Commerce and actively support the community organization. "The civic club is not intended to, should not, and does not attempt, to fill the place of the Chamber of Commerce under any circumstances. It is more personal and social in its relationship, whereas the central organization is designed and intended to meet the general needs of the whole community which the civic club cannot undertake to do. "Every optimist supports the Chamber of Commerce."—Col. E. Morgan, International Optimist Club. ROTARIANS "Join it! Every Rotarian should be a member of the Chamber of Commerce. "PAY YOUR DUES PROMPTLY. Don't make a collector out of the Secretary. "Serve it! Assume the work you are best suited to and respond cheerfully when called upon to serve. "Improve it! The ideas gathered in Rotary and elsewhere should become deeds through the Chamber of Commerce and affiliated organizations. "The chief object of the Chamber of Commerce is to improve the city in which it is located. It is a business asset to the city. Demonstrate it. "Insist on the Chamber of Commerce serving its purpose. Help guide it. If you have any suggestions to offer, make them to the organization. Don't criticize on the outside where such will only cause dissatisfaction and do no good. "Demand a competent force; see that they are allowed some time to rest and gather new ideas. "Support the Chamber of Commerce. This means more than joining and paying dues and perhaps working occasionally. It means "Spending" yourself in aiding the Chamber of Commerce to make your city a little better than you found it."—Extract from official Handbook on Community Service, International Association of Rotary Clubs.

It will be gratifying news to residents of Lake county, says the Lake Region, to know that the bonds voted last spring for the construction of hard surface roads from Astor, on the northern border, to the southern boundary of the county, together with thoroughfares from Eustis to Cassin, Sorrento and Messina, lake shore drive from Mt. Dora through Tavares to Eustis, new road from Cassin to Crow's Bluff and rebuilding other roads on the east side of the county, are to be placed on the market within the next thirty days.

FALL INVITATION

Here is Your Invitation To the Most Interesting Store Event of the Season

Not being able to greet all our friends personally, we use this method to extend to you a most welcome invitation to attend the most wonderful Fall merchandising event that we have ever held.

Without equal in quality and assortment of goods shown. Without equal in saving possibilities offered on dependable goods. We shall expect you.

BEGINNING SATURDAY, NOVEMBER 26TH RIVERS BROTHERS

Sanford Ave. and 4th St. Sanford, Fla.

ROTARIANS HAD BIG TIME (From Tuesday's Daily) Sanford Rotarians had a great time today at their regular weekly luncheon, as the entertainment committee distributed gifts to several of the members for "good services rendered." The gifts will not be enumerated or made public, but Raymond Key, Ed Higgins, Arthur Yowell, Bob Newman, Charley Henry and President Stevens can tell you about them. Judge Householder presented them with appropriate remarks and they caused great merriment. W. A. Huston, of Palatka, Rotary Club, was a guest at the dinner and gave the local club some pointers on various work. The Rotary Club is making great preparations for looking after the children and the needy at Christmas time, which is one of the services performed by Rotary the world over. Apopka is to have a modern ice plant. The present owners have just acquired a fifteen-ton plant and work has begun in the construction of the new factory. This will greatly facilitate the manufacturers in giving quicker and prompt service and, too, affords them larger fields to supply. A cold storage will be added to take care of the local needs. Isn't it funny that the mail robbers never interfere with your monthly bills?
