

Legion Junior Baseball League Is Organized

58 Boys Sign For First Teams, Play Begins Next Week

Six Teams Wanted So Young Ball Players Are Asked To Join

The American Legion Junior Baseball League was organized last night with 58 boys signing as the nucleus of six teams with which the new league is to be composed, though if enough players sign up there will be eight clubs. The organization meeting was held in the Junior High School and all those who signed the roll were present, together with some other boys and the fathers of a number of the "youthful players." H. E. Morris, principal of Junior High, presided.

Eddie Rawson, athletic officer of the Legion post, will direct the league, assisted by Bert Chapman, Sid Rive, Roy Holler, Lloyd Palmer, Emil Amann and W. C. Hutchison, former players in major, minor and college leagues.

Mr. Rawson announced that he hopes to get the new League going by the first of the week, though more boys are needed to fill out the six or eight teams. Mr. Rawson and Mr. Morris plan to work out a schedule this week that will not conflict with games of the Florida State League on Sanford Field.

Addressing the boys at last night's meeting, Mr. Rawson said that four of the happiest years of his life were those he spent as athletic director in a school where he taught physical education and coached all the athletic teams.

"We want in this new League boys who like to play baseball, and who will 'play the game'," Mr. Rawson said. "There isn't a stiff workout in the morning at which time some new men were given a try. The team should be in better shape in today's game with the G-Men, the first time it has met Gainesville."

Three times to bat and home runs each time. That was the remarkable record made by Swindell, Lookout center fielder, in Sunday's game at Palatka. And the fine thing about it was that each time he clouted the ball for a circuit drive there was another man on base, so Swindell was credited on the official score with hitting in six runs. Swindell's performance has never been equaled by another Florida League player, and no other man has ever sent the ball soaring over the center field fence as he did in that game with the Analas.

With the Florida State League and the Lions Club League going strong, the American Legion Junior League in the making, all that is needed to make the baseball schedule complete is a league (or at least a couple of teams) of young men. That's the opinion of H. C. Waters, winner of three letters in High School, who would like to see such a league organized. Talk it over with H. C., you lovers of baseball who would like to play a strong now and then.

Then there's diamond ball. A commentator is told that Sanford used to have some good ball teams. As diamond ball is played at night it would not compete with regular baseball, but would furnish wholesome entertainment for many.

Gainesville has signed Paul Bonner who used to play shortstop for Sanford in the old Central League, and it is believed the big city team will gain considerably by Bonner's acquisition, especially on the defensive.

Congratulations to Leonard "Buddy" Lake, on his election as secretary-treasurer of the new organization. Florida State Baseball Coach's Association has recommended to Sanford High School an equipment which means more success in the future.

With Buddy Lake on the mound, especially when a game reaches a critical state, the Sanford Lookouts ought to be able to last through nine innings in the future, otherwise they had better pray for rain after the fifth inning.

Rain stopped Saturday's game on Sanford Field at the end of the fifth inning, but as the Lookouts were ahead 7 to 0, they were credited with a victory over Palatka. It was their third victory in the first week of play in the Florida State League. But had Jupiter Pluvius stepped in and stopped the game day before yesterday, even as late as the eighth inning, the Lookout would have defeated Palatka again. But it didn't rain and the Analas won out in the 12th inning. Sanford was leading the field at the end of the fifth inning and was ahead of the field in the fifth inning of last Friday's game, but unfortunately it didn't rain on those days, and both DeLand and St. Augustine won. If Jupiter Pluvius had been on our side last week we would have had five victories and only two defeats, instead of only three wins and four defeats for the first week of play.

The Sanford Lookouts play on their home field Wednesday, Thursday and Sunday afternoons. They meet the G-Men here tomorrow, the DeLand Reds on Thursday and Daytona Beach on Sunday. Friday's game will be in DeLand and Saturday's in Daytona. Manager McCrone expects to pitch either Veal or Hardin in tomorrow's contest here with Gainesville.

Request From Golfers Is Granted By The City Commission

Young Players To Diamond Ball To Be Used In Game Get Under Way In With G-Men Today State This Week

Lake Is To Be Saved Several Leagues Are For Contest With Reds On Thursday To Play In Tampa Starting Tonight

Planning to use young players in today's game with the G-Men, Manager Staffy McCrone headed all the Lookouts on the big bus and left for Gainesville shortly before 10 o'clock. He took the entire outfit, 18 men, only two short of his capacity.

Staffy has decided against starting Buddy Lake, Sanford's new ace pitcher, in the game with the G-Men here tomorrow, but will save him for the Thursday's half-holiday game on Sanford Field with the DeLand Reds. The DeLand team is stronger than the Gainesville outfit, but the main reason for getting Buddy into that game, the manager felt, was because he should be a drawing card and result in many Yalaha county fans packing into the grandstand.

The time is getting short in which all clubs in the Florida State League must trim down to 14 men, hence Staffy's decision to use all his young players today and find out just what they can do. Many of these have not been in more than two or three innings, and some have never played since they were signed by the Lookouts.

The Sanford Baseball Association held a meeting last evening, talked over the whole baseball situation, signed up a few new players conditionally and let out one man. The player who was released is Hugh Campbell, pitcher, who came here from Gainesville, Ga.

Knockout Fatal To Cuban Middleweight

KINGSTON, Jamaica, Apr. 21.—(AP)—Feliz Fernandez, Cuban middleweight, died Sunday night following a bout with Bill Tait, Jamaica 160-pounder.

Fernandez, who came here from Cuba about a month ago, was knocked out in the seventh round and never regained consciousness. It is the first fatality in the history of Jamaica boxing.

Joe Jonsson, Dub Epps, Fourteen years of age; Richard Hoover, Bill Ward, John King, James Brown, Donald Pearson, Dial Rowe, LeRoy Cooper, Harry Grimball, Clarence Barrineau, Brian Hurt, Buck Ferguson, Donald Whitten, Lance Hayes.

Short talks were also made by Mr. Morris, F. A. Dymon and B. C. Steele, all expressing their willingness to help the new league and be of service at any time.

Acting captains of six teams were chosen last night, but permanent pilots of the various clubs will be chosen by members of the teams when they are organized. The acting captains are Darrell Ferguson, Billy Zachry, John King, Jimmie Page, Lance Hays and Robert Steele.

The "charter members" of the new league are the following: Twelve years of age: John Angel, Bryl Higgins.

Thirteen years of age: Frederick Dymon, Roy Burns, George Willis, Shelton Hardin, John Edwards, Eugene Harrison, Alvin Odham, Giles Chapman, Lawrence Barrineau, T. H. Willis, II, C. Tippins, Russell Hoover, Collier Kinard, W. E. Betts, Jr., Arthur Branan, Jr., Sidney Richard, Kent Rosseter, Jr., Ralph Pezold, Walter Hopkins.

Fifteen years of age: Lowell Hoover, Bill Ward, John King, James Brown, Donald Pearson, Dial Rowe, LeRoy Cooper, Harry Grimball, Clarence Barrineau, Brian Hurt, Buck Ferguson, Donald Whitten, Lance Hayes.

Sixteen years of age: Richard Lundquist, Morris Bonisko, Charles Leavitt, Roderick Adams, Robert Steele, Bobby Merritt, Robert Stoenoff, James Young, Julian Adams, Billy Zachry, Charles Meriwether, Darrell Ferguson.

Ralph Diehl and Roy Dunn also signed the roll, but they failed to indicate their age.

Improvements At Country Club Are Ordered By City

New Tank And Motor Will Be Installed At Golf Clubhouse

Essential improvements at the Municipal golf course were ordered by the City Commission last night after Otto Caldwell, A. C. Fort and Charles Dean took turns in emphasizing the necessity for action at once. Commissioners had about decided to postpone action until they could inspect the property, but when it was explained that the most needed improvements could be made without the expenditure of any real cash and that they should be made without a day's delay the board bowed to the wishes of the delegation and ordered the work done.

The improvements the delegation desired immediately necessary consisted in the replacing of the waterworks system at the clubhouse. The old tank holds so little that it is impossible to keep up pressure, they said, and the electric motor is worn out. They submitted an offer from the Sanford Machine Works to install a new 60-gallon tank and a motor that will pump 600 gallons of water an hour at a cost of \$25—and the company will let the \$25 apply on its loan.

After the order for the new tank and motor was given, Mr. Dunn suggested that if the City would buy the plot Mr. Fort, secretary of the Country Club and in charge of the golf course, would plant the clubhouse. The Commissioners decided, however, to defer action on that proposal until after they view the property. This they propose to do this week Thursday.

City Will Fix Up Baseball Diamond For Junior League

The new Legion Junior Baseball League will play ball on an improved diamond, thanks to action by the City Commission, last night upon the request of Lloyd F. Boyle, commander of Campbell-Lookout Post of the American Legion. The new league will schedule games on the 12th Street park between Laurel and French Avenues, and the City will repair the backstop, land in some clay on the infield, and cut the weeds. Mr. Boyle said that the Legion and other organizations would furnish logs for the fence and all equipment needed by the new Baseball League.

This is the third year that diamondball has been played at Plant Field as a major sport. There are five diamonds at Plant field now which are used in their capacity every afternoon and night with over 20 teams using them for practice and regular league games. By the time June rolls around and all the school children and college students have nothing but leisure time on their hands, the present facilities of the recreation department will not be enough to take care of all of those who wish to play diamondball.

This week the City league composed of six teams, and the Employers and Municipal leagues of seven teams each, will start off their regular schedules. The City league will play all games at night under floodlights while the Employers and Municipal leagues will alternate between twilight and night games.

Tarpon Springs League
TARPON SPRINGS, Apr. 21.—The Tarpon Springs diamondball league has set a tentative opening date for May 13. Thomas Craig was elected president of the league to succeed W. R. Sparks.

Plans are to have four teams playing in the local league with two nights of play each week.

Athletic control at the University of California is vested in a student council instead of an athletic director, as at many schools.

Hard-bodied German customs officials for once will be "soft" when foreigners come here in August to see the Olympic games.

Meteorites of the world will find borders wide open and far from Prussian bureaucracy intimidated, it has been officially announced.

There will be no tireless formalities. Just the customary international indication of the country of origin on the rear of cars will do the trick.

Frontier officials will issue "Olympic frontier passes."

MRS. M* knows Electric Cookery and Water Heating are Cheaper and CLEAN!

Mrs. M. used to think that the average family could not afford electric cooking and water heating. But now she enjoys a clean electric kitchen and her Thrifty Three rate keeps her monthly bill surprisingly low.

It is easy to keep an electric kitchen clean. Pots and pans don't have to be scraped and scoured on the bottom. They are so clean after being used on Inders. Greasy and soiled dishes in the sink and around the stove are easy for dust. And the air that is breathed is cleaner.

We have been searching the exchanges in vain to find many commitments on the gubernatorial campaign.

The swing to the left in the French elections brings that nation closer than ever to war. The French may not know it, but radicalism always promotes war.

Every time you see someone playing a slot machine, ask your self if that is his money he is using, his father's money, or his grocery money.

Local friends of Paul Lake, formerly of this city, will be interested to know that he is running for county solicitor in Hillsborough county.

The Democratic campaign song last time was "Happy Days Are Here Again." This time it will be "All A-John."—Fort Myers News Press. With "Yes, We Have No Bananas" for an encore.

Some of those college students who "struck" the other day against war, hardly get back from their demonstration in time for drill with their respective I. O. T. O. units.

Not that we are advocating a lock type canal, but its cost would be better \$5,000,000 more than a sea level canal, not \$100,000,000 more.—Ocala Star. If you are not sure you are right about that, ask some of the engineers.

Net profits in General Motors corporation have increased from \$31,510,371 during the first three months of 1935, to \$52,464,174 during the same period of this year, a report from the company indicates. Not bad, for a depression year, huh?

John McNamara, a former resident of this city, now living in St. Augustine, and running against Big Gen. Vivian Collins for adjutant general, was a visitor in Sanford the other day, asking old friends to vote for him if they could, but if they couldn't not to vote against him.

Anthony Eden, British foreign secretary, has submitted his own formula for maintaining peace. It embraces a new treaty by Germany that she will not commit acts of aggression against other European states particularly Austria and Czechoslovakia. It is not likely that Hitler will agree to that, or agreeing, that it would be worth any more than a scrap of paper.

Henry Wallace after three years in President Roosevelt's cabinet, has at last become a Democrat. So says at least a news dispatch from Des Moines, Iowa, which reports that he has just changed his party registration from Republican to Democrat. Mr. Wallace, whose father was secretary of agriculture in President Harding's cabinet, comes from a long line of distinguished Iowa Republicans, the dispatch concludes.

An Ohio father, not satisfied with whipping his son until his head was averted with cuts, ordered his wife to take the boy to bed and to tell him that he was a good boy. The boy, it seems, had stolen some pigeons from a neighbor, and the father was going to break him of stealing if he had to kill him. Someone should have told the father that a beating in a brutal manner is the best way in the world to make a confirmed enemy of society.

It is not when Secretary of War Clegg, who is a visitor in Florida, is a guest of the governor in Tallahassee, has endorsed the canal as an entirely sound and worthwhile project. There has been some talk of the canal in the past, but it is not until now that it has been so highly commended.

Another Boom

In the concluding chapter of his interesting series of articles on the "1925 Florida Land Boom as it Set the Stage for Today," Kenneth Ballinger, writing in the Miami Herald, insists that while "We don't want another boom in Florida," there are many important benefits from the last one which still remain. "Regardless of where the money and the equities involved have gone, the steel and wood and concrete are with us still," he writes.

During the years 1924, 1925, and 1926, thousands of new homes were built throughout this state, thousands of new buildings, stores, apartment houses, hotels, and public buildings of all kinds, came into being. Hundreds of miles of new highways, bridges, railroad tracks, and utility systems were built. And many thousands of new families were attracted to this state not merely to speculate in real estate, but to make permanent homes. All these still remain and form a lasting contribution from the boom to the future greatness of Florida.

Indicating something of the extent to which real estate boomed, then slumped, Mr. Ballinger submits the following facts: "But 1926 was not such a bad year as it might appear in retrospect. Let us take the number of property deeds and similar papers pertaining to real estate as an index. During 1925, the Dade county clerk received 174,580 deeds and allied papers for filing. In 1926, he filed 98,462, indicating that the latter year saw at least half as much activity in Dade county real estate as the first boom year. This number dropped to 17,351 in the low year of 1932, and for 1935 had climbed back to 34,273, or about the amount of activity recorded for 1923.

"Another index may be found in the number of subdivisions created in Dade county. Throughout the life of the present Dade county, 4,122 subdivisions have been platted. Of that number, 971 were created in 1925, while in 1926, 395 subdivisions came into existence in this county, again near the halfway mark of the banner year. The low mark for subdivisions also was 1932, when 25 were platted. The fact that more than 32 were not created even in the revival year of 1935 indicates that so much of Dade county already is subdivided that they may soon have to begin cutting up 50-foot lots.

"The events that hurt Florida in that other boom, in general, were led by the vanishing of paper fortunes and the keen disappointment of those who saw what they thought were 18 karat profits turn to cigar store coupons before their very eyes; next came the 1929-1932 hurricane which ruined many firms who already were trembling on the edge of insolvency; finally there came the national depression and the Florida bank failures of 1929 and 1930, when every bank in Dade county except the First National and its affiliates, and the Bank of Hialeah closed their doors forever. When men pray: 'Deliver us from another boom!' they mean from the effects thereof."

There is a growing belief in Florida that this state is already on the threshold of another boom. People dread the thought of it, and yet await it eagerly. Everyone is hoping that he will be smarter next time than he was during the last boom. All are anxious to find out if they will be. One can be sure that there will be money to be made in Florida during the next few years. But will you be one of the few who will be able to hang on to it after it is made?

Principal Symptoms Of Disease

Do you know the principal symptoms for the most common children's diseases?

According to Dr. James Frederick Rogers, medical consultant in the office of education in the U. S. Department of the Interior, a knowledge of symptoms, particularly by parents and teachers, may easily result in the early discovery of disease, prevent serious bodily harm, and often the spread of epidemics.

"Besides the general signs of listlessness, weakness, drowsiness, a flushed face, or undue pallor in a child," Dr. Rogers says, "there may be complaint of headache, the signs of a cold in the head, sneezing, red and watering eyes. Or there may be coughing, vomiting, or complaint of sore throat, an eruption on the face, neck or arms." Do you know what these signs mean?

Dr. Rogers further said "the above list of first symptoms is not a long one, and no special training is needed to discover them." He reported the following as specific symptoms of the common diseases which develop during school life.

MEASLES: Cold in the head, with sneezing, running nose, red and watering eyes, cough, fever. The eruption does not appear until the third day. SCARLET FEVER: Vomiting, sore throat, fever; a fine scarlet rash appears within 24 hours on the neck, chest, arms, and, to some extent, on the face.

DIPHTHERIA: General signs of illness. There may be vomiting or a chill, or only prostration. The throat may be red, and a patch of gray membrane present. Soreness may be complained of. Fever is present, although it is usually not high. A watery nasal discharge which irritates the upper lip should in time of epidemic make one suspicious of nasal diphtheria.

TONSILLITIS: There is sore throat; there may be a chill or chills sensations, and usually high fever. There is much prostration. The throat is very much inflamed. Yellowish spots may be present on the tonsils.

SMALLPOX: Chill, fever, backache, nausea, and vomiting are usually present. The eruption appears on the second or third day. The symptoms may be very mild, and the disease difficult to distinguish from chickenpox.

CHICKENPOX: An eruption of discrete, red, raised spots appears usually first on the forehead. There may be fever, but other symptoms are absent.

MUMPS: There is swelling of the parotid gland, in front and below the ear or a gland below the jaw on one or both sides; there is pain in this region, especially on swallowing, and generally signs of illness.

GERMAN MEASLES: The symptoms are similar to those of measles, but milder. In about 50 per cent of cases there is no fever, and the first sign of the disease is the eruption which appears first on the face, and consists of discrete spots of a deep pink color.

When a physician is employed by the school, he should see that he examines every child who is judged to show signs of serious epidemic disease.

Chancery Court Will Distribute Lindbergh Reward

NEW YORK, Apr. 22.—(AP)—

The New Jersey Court of Chancery was appointed sole arbiter in the disposition of the \$200,000 reward for the capture of the Lindbergh baby kidnapping at a meeting of federal New Jersey and New York City law enforcement officials yesterday.

Attorney General David I. Wilentz, of New Jersey, one of the conferees, announced that members of the Department of Justice, the New Jersey City state police, and the New York City police department will not be eligible for the reward.

Wilentz said no recommendations were made for those whose claims that they assisted in the apprehension of Bruno Richard Hauptmann are already on file with New Jersey state authorities.

Three men have filed formal petitions to share in the reward. They are William B. Strong, a New York bank teller, and Walter V. Lyle and John Lyons, attendants at a New York station.

The three base their claims on the identification of the \$10 gold note that led to Hauptmann's arrest.

Full Blooded Indian Is Sought By Scouts

COLUMBUS, O., Apr. 22.—(AP)—

Not many years ago this district had plenty of Indians of the Shawnee, Mingos, Delaware, Seneca and Wyandott tribes now it has to advertise to find one.

When Girl Scouts planned tree planting ceremonies, they looked around for a full-blooded Indian, preferably a girl, to plant the seedling, an offspring of the famed Logan elm under which a treaty between Indians and white men was signed long ago.

Indians of direct descent were scarce, however, so the Scouts asked newspapers to help find one.

Woman In Red Sails For Native Rumania

NEW YORK, Apr. 22.—(AP)—

Mrs. Anna Sage, "woman in red," who decoyed John Dillinger to his death at the hands of federal agents in Chicago, sailed on the President Harding today, deported to her native Rumania. She was locked in a first class cabin until the ship sailed.

She got \$5000 for spotting Dillinger, and spent it all, it is said, trying to escape deportation.

A. J. Hory of Harlingen, Tex., harvested 25 tons of cabbage from two acres of ground.

26 ACRES Lake Mary, Lovell's land in few days. BALDWIN's quick cash sale. Consider today. 100 N. Laurel at W. 1st.

J. J. PARRISH Candidate for RE-ELECTION to the State Senate

THE FREEDOM OF THE PRESS

By WALTER LIPPMANN

While Colonel McCormick's report to the Newspaper Publishers Association put special emphasis on the freedom of the press, it is most impressive as a record of the attitude which Senator Black Committee and the First Amendment Commission have violated the rights of citizens.

It was a plain outrage for the commission to order a private telegram from Mr. Hearst to one of its members and to give that telegram to the Black Committee. But the outrage did not lie in the fact that Mr. Hearst is a publisher; it would be to say that his telegrams are any more inviolate under the Constitution than those of any other person within the jurisdiction of the law.

The outrage perpetrated by the commission and the commission was not against the freedom of the press but against the freedom of all individuals. Mr. Hearst has no more rights in this field because he is a publisher than has Mr. Strawn who is a lawyer; the First Amendment forbids Congress to make laws abridging the freedom of the press, but it does not guarantee to the press any other privileges or immunities which all other citizens do not enjoy.

The distinction is important because it involves the principle that the freedom of the press in America is protected not merely by the First Amendment but by a much more substantial degree by all the constitutional guarantees given to all persons. It follows from this that the press can never defend its own liberties alone. The defense, which has to be everlastingly vigilant, must be given to the whole system of liberties—the rights of all individuals, the limitation under the law of all organs of government, and the capacity of all men to defend their rights before independent tribunals. The freedom of the press, as we know it in America, is not something apart from this general system of liberties. It is dependent upon this general system and the press continues to enjoy its liberties only by preserving that system.

That this is so may be seen from the fact that the outrage by the Black Committee strikes not at the First Amendment but at the Fourth Amendment, prohibiting "unreasonable searches and seizures." But officials find it hard to remember that. Conscious of their own good intentions, it seems incredible to them that any honest and informed man should seriously disagree, and when they are in the heat of a political battle very few can ever believe that their supporters. That is to be expected, but at least they might remember that their complaints against their critics on the ground of bias would carry more weight if occasionally they were heard to complain that some correspondent had praised them for their achievements.

Much might be said about the personal relations between politicians and newspapermen. They are invariably delicate and difficult. For obviously they must be close: correspondents must see much of the men they write about. Yet if they do, they soon find themselves compelled to choose between friendship and the ties of loyalty that come from companionship on the one hand, the stern embarrassing truth on the other. This is the unpleasant

side of newspaper work and I have never heard of any way of avoiding it. When a personal friend becomes a public man, the predicament soon arrives in which friendship and professional duty are at odds.

For my own part, I have known only one high public official in my life for whom this problem did not exist. That was Calvin Coolidge. No matter what was printed about him, it seemed to make no difference in personal relations with editors and writers. He achieved this miracle by conveying the general impression that he had never heard of the newspaper with which his guest was connected, and had never had anything printed in it called to his attention. This was, it always seemed to me, the perfect method of dealing with the press in a democracy. But Mr. Coolidge was an imperious man living in an interlude of quiet times, and it was perhaps rather easier for him to be a philosopher than it has been for his successors.

The Morris Plan Company of Orlando, Florida has plenty of money to loan at reasonable rates and on various plans for any worthy purpose. Such loans run for one year and are repaid in easy weekly or monthly payments. If you need money, consult our representatives, Mr. Ira E. Southward, at 116 North Park Avenue.

Social And Personal Activities

MRS. MARGARET PETERS, Society Editor

Telephone 148

Social Calendar

THURSDAY
A piano recital by the pupils of Miss Madeline Malmgren will take place at 8:00 P. M. at the Woman's Club. The public is invited to attend.

The First Christian Church will have a chicken supper from 5:30 P. M. to 7:00 P. M. at the church.

FRIDAY
May Day-Health Day exercises will be given at the Sanford Grammar School, beginning at 9:30 A. M. Parents are invited.

The district conference of P.-T. A. will be held all day Friday, beginning at 10:00 A. M. at the Sorosis Club in Orlando. All local presidents and P.-T. A. members are urged to attend.

Annual garden party of the Garden Club of Sanford will be held from 5:00 P. M. to 7:00 P. M. at the home of Mr. and Mrs. Walter S. Coleman in Dream-world.

Regular meeting of the American Legion Auxiliary will be held at 3:00 P. M. with Miss Aranka Takach at the Tasty Shop.

MONDAY
Circle Number One of the First Methodist Church will meet at 3:00 P. M. with Mrs. Lola LaGette, 1900 Magnolia Avenue.
Circle Number Two of the First Methodist Church will meet at 3:00 P. M. with Mrs. Beatrice Hutchison, 418 Grandview Avenue.

Circle Number Three of the First Methodist Church will meet at 3:00 P. M. with Mrs. Clarence Smith, 1110 Palmetto Avenue.
Circle Number Four of the First Methodist Church will meet at 3:00 P. M. with Mrs. C. E. McKee, 1617 Magnolia Avenue.

Circle Number Five of the First Methodist Church will meet at 7:30 P. M. with Mrs. Walter Price, Lake Monroe.
The Lyman P.-T. A. will have a supper from 5:00 P. M. to 7:30 P. M. for the candidates for public office. Speaking at 8:00 P. M.

The Friendship League of the Congregational Church will meet at 3:00 P. M. with Mrs. Joseph Meisch, West First Street.

May Day Festival Will Be Tomorrow

Miss Hazel Long will be Queen and A. W. Epps Jr. will be King at the May Day Festival to be given tomorrow at 1:00 o'clock at the Junior High School with Miss Catherine Takach in charge. The King and Queen were chosen recently in a popularity contest.

The festival, which is open to the public, in the first of its kind ever given at the Junior High School and the faculty hopes to make it an annual event. Luncheon will be served at 12:30 P. M. in the school lunchroom.

The afternoon entertainment will open with a procession led by the King and Queen and including members of their court, palm bearers, and jesters. The Queen, who has lost her royal colors, assumes a sulen air and members of the court seek to entertain her with tumbling acrobatic dances a soldiers' drill, pirate march and dance, Maypole dance, relay races vally ball and dodge ball games, and a "bug-war."

The affair is brought to a climax with a treasure hunt which results in the finding of the royal colors and the award of prizes to those responsible for their recovery. Every student in the school has a part in the festival.

HONOR ROLL

The names of students placed on the honor roll for the past period at Sanford Grammar School was announced today by the faculty of the school. The list includes the following names: Room 6, Mack Cleveland, David Gatchel, Lester Hines, Harry Lee, and Charlotte Fish.

Room 8, Richard Meriwether, Pauline Johnson, and Zona Mathews; Room 10, Marlys Goetsch, and Delphine Haaty; Room 11, Clifford Proctor, Olin Greer, Joe Tenhet, Ruby Bonlake, Patty Hodge, Chrisanthy Kania, Lois Nipper, Katherine Spencer, Stella Touchton.

Fifth Grade, Room 5, Laurelle Dutton and Valarie Wells; Room 4, Virginia Chapman; Room 3, Billy Herndon and Marjorie Jones; Room 2, Lionel McGill and Sam Thurmond.

Personals

Mr. and Mrs. David Cooper of Miami are visiting the former's parents, Mr. and Mrs. Walter L. Cooper, East Eighteenth Street.

Dorothy Niblack, daughter of Dr. and Mrs. Charles Niblack of Oviedo, is visiting Mrs. William R. Williams at her home here.

Friends of Miss Beulah Dean will regret to learn that she continues to be ill at the home of her sister, Mrs. A. L. Kelly, 409 Palmetto Avenue.

Mrs. M. Galloway left Sunday morning for Miami to attend the National Council of the Federation of Women's Clubs. She expects to return here Saturday.

Mr. and Mrs. Walter S. Coleman returned Monday night from Atlanta where they spent several days attending Grand Opera and the Dogwood Festival. Mr. Coleman also was present at the National Stationers' Convention.

Miss Anna Clark Presides At Meeting

Miss Anna Clark presided over the regular meeting of the Self-Improvement Club of the Sanford Grammar School held Monday afternoon at the school. A special report on May Day activities was given by Mrs. Pearl Babbitt.

The Sixth Grade teachers reported on the Scott-Forsman Arithmetic work books which are considered better than the ones in present use. It was announced that use of the Weoster Workbook will be continued throughout next year because of lack of finances; A motion was made and carried that the Sharp's Language Drills be changed to the Laidlaw Workbook for next year.

PARENTS TO MEET
A meeting of the mothers and fathers of children in the WPA Nursery School, 802 Palmetto Avenue, will be held Wednesday evening at 7:30 o'clock at the school. Anyone else interested in the school is invited to attend.

ANNOUNCEMENT
P. Paul's Beauty Shop announced today that "Barber Jim" Long, formerly with the Yowell-Drew Company in Orlando, is now associated with P. Paul's. He is specializing in designing "personality" hair cuts for ladies and children.

Missionary Society Holds State Meeting

Mrs. L. P. Hagan, Mrs. R. W. Turner, and Mrs. John Carver are serving as delegates from the local Methodist Missionary Society at the annual state convention of the Woman's Missionary Society of the Methodist Church being held in Deland today, tomorrow and Friday. Mrs. Carver is representing Circle Number Five and Miss Kathryn Tillis is her alternate.

Among those from here attending the reception given last night in Deland to open the convention were the following officers of Circle Number Five: Mrs. F. H. Lansing, chairman; Miss Alice McKim, sectional treasurer; Mrs. John Carver, local treasurer; Miss Rebecca Clark, Sunshine treasurer; and Miss Kathryn Tillis, reporter.

Others at the reception were: Mrs. W. C. Hill, Mrs. E. H. Laney, Mrs. H. B. McCall, Jr., Mrs. B. W. Turner, Mrs. Burke Steele, Mrs. A. K. Shoemaker, Mrs. W. M. McKim, Mrs. R. F. Crenshaw, Mrs. W. S. Thornton, and Mrs. G. W. Bailey.

Demand Still Brisk For Old Time Herbs

RICHMOND, Va., Apr. 29.—(AP)—Modern medicine hasn't crowded out the seller of old-fashioned herbs.

Here and in other southern cities, "yarb" vendors may yet be seen on street corners selling "old remedies" of a generation or so ago.

The sellers report demands are still brisk for rat bane, May apple root, dogwood bark, gall of the earth, wild cherry and red wood bark.

Early Arabic Script Found At Beersheba

JERUSALEM, Apr. 29.—(AP)—The earliest known specimen of Arabic writing has been found in two papyrus among the 37 rolls so far discovered by the British Colt expedition at Ajaja Alhafir near Beersheba.

Nine rolls were found in the southern church and the rest in the northern church on the site of the ancient Byzantine town.

The oldest papyrus has been identified as of 565 A. D., the first year of Emperor Justin, II. It recorded wheat land transactions.

In addition to the papyrus a dozen fragments, in Latin and Greek, have been uncovered, relating the fourth book of Virgil's Aeneid.

Three Convicted Of Axe Murder Of Man

TRENTON, Tenn., Apr. 29.—(AP)—Herbert Oliver's widow and two co-defendants were convicted in circuit court yesterday on charges growing out of his axe slaying.

The jury convicted L. C. Thetford, 33, of second degree murder, and fixed his punishment at 20 years' imprisonment. Oliver's 29-year-old widow, Annie, and Russell Bell, 23, were convicted as accessories before the fact, and given 10-year sentences.

A fourth defendant, Willie T. Alford, 21, was given a verdict of acquittal.

Lloyd Nolan of the movies worked his way around the world on a freighter at the close of his sophomore year at Stanford University.

IT HAD TO HAPPEN TO THEM!

In the daring drama of a man who blazed his way to dizzy heights for a dazzling girl beyond his reach, George Raft and Rosalind Russell share starring honors in 20th Century's "It Had to Happen to Them." Leo Carrillo heads the supporting cast of this David F. Zanuck production, playing at the Ritz tonight and Thursday.

High School Boy's Winning Speech On Cross-State Canal As Public Problem

Following is the address delivered by Herbert Thurston, High School boy, on "The Proposed Florida Cross-State Canal as a Public Problem," and which won second place in the public speaking contest between members of Seminole Chapter of the Future Farmers of America last night.

King Phillip II was the first to suggest a waterway across Florida. His reason for this was due to his trade with Mexico and cities along the Gulf of Mexico, for while his ships were returning they would be captured by pirates and wrecked on the rocks along the southern coast of Florida during storms.

General Jackson expressed the thought that at some time a waterway across Florida would be successful. Four times thereafter the government engineers went to work with their tools and recommended a trans-Florida canal, but each time it was rejected by Congress. President J. Q. Adams had a survey for a canal made in 1826, but this President was not a canal enthusiast.

In 1927, engineers made a survey and considered twenty-eight different routes, and surveyed nine of these routes. One route they were especially in favor of, this route was the one presented to and accepted by President Franklin D. Roosevelt.

The route of the present proposed Florida cross state canal is as follows: to enter Jacksonville by the St. Johns River and follow this river to Palatka and south to Ocala. About eight miles south of Ocala, the waterway is to go overland to the Withlacoochee River, near the city of Dunellen, and it will follow this river to the Gulf of Mexico at Port Inglis.

The length of the proposed waterway, including dredging a deep channel twenty-seven miles into the Gulf of Mexico, is two hundred and two miles, the channel depth is to be thirty feet, and the width is to be from two hundred and fifty to four hundred feet. The estimated time of construction is six years; the total estimated cost is \$116,000,000. This canal is not to be a lock canal.

Economic reasons for canal are:
1. To aid navigation by shortening time and distance from Gulf ports to Atlantic seaboard ports.
2. To furnish employment to many thousands who are now on relief.
3. To bring prosperity to northern Florida, especially to Jacksonville.

Economic reasons against canal are:
1. There is no demand for a canal. The more important shipping interests declared that they will not use the canal if built.
2. In the construction of such a canal there is a demand for much expensive machinery, as this canal cannot be dug by common labor.

3. \$116,000,000 cost of a sea level canal.
4. Destruction of wild life by draining of many lakes and swamps.
5. The development of one ugly inter-sectional feeling between the north and south of Florida.
6. The traffic of Florida to be hampered by lack of bridges.

Head Geologist Paige admits the possible danger to such scenic features as Silver Springs, but states that this may be minimized or prevented by proper engineering. They do not know whether the artesian well will become salt or not, but say prevention of this will serve a double purpose.

Salt water encroachment from the Atlantic Ocean and the Gulf of Mexico is feared. The water table will be lowered to sea level along the canal area. Over a large area in central Florida, the water table stands between forty and fifty feet above sea level. With more perfect drainage established by cutting into the Ocala limestone, the water table will fall to sea level over approximately the same area with the following results:

1. Decrease of head will cause salt water to rise in artesian wells approximately
2. Lowering the water table will remove supports from cavern roofs and walls.
3. The areas of high water tables both north and south of the canal will be lowered.
4. This will affect the water supplies at Sanford, and other Florida cities.
5. High water tables have a beneficial effect on temperature during cold waves.
6. Insufficient water often so powers the vitality of the plants that they become susceptible to both plant diseases and insect injury.

Japanese Emperor Celebrates Birthday

TOKYO, Apr. 29.—(AP)—Emperor Hirohito, who controls the destinies of 100,000,000 subjects, celebrated his thirty-fifth birthday yesterday in a holiday observed throughout the Japanese Empire.

The usual brilliant military review accorded to the Emperor on his birthday was cancelled because the nation is considered still in a state of emergency as an aftermath of the bloody rebellion Feb. 26.

Ancient rites, beginning with a palace celebration this morning, were carried out with the usual solemnity.

Martial law restrictions, still imposed on Japanese capital, were lifted temporarily to permit a parade to the palace of the sovereign.

forty feet for every foot the head is reduced.

"I CALL IT A BARGAIN!"

Safe Cold now costs no more than Ordinary Refrigeration

Visible Cold

The controls of the 1936 Kelvinator keep food compartment temperatures ideal, regardless how hot it is in the kitchen. And you can see what the temperature is, because of a Built-In Thermometer which tells you that food is being kept *safe, safely, dependably cold.*

And there's a lot of difference between safe cold—as provided by Kelvinator—and ordinary automatic refrigeration. In Kelvinator you know it's safe, because in Kelvinator you have *Visible Cold* at all times. No guessing about cabinet temperature—you can see it on Kelvinator's unique Built-In Thermometer. No chance for unexpected refrigeration failures. In Kelvinator you know it's economical. Because Kelvinator gives you a certified statement of low operating cost. In Kelvinator you know you're protected—with *Visible Protection*. The manufacturer backs each Kelvinator with a Five-Year Protection Plan. The new Kelvinator is worth a special trip to see. We believe you'll be interested at once, that you'll surely want to own one. And—at a cost of as little as 15c a day—why not? You are invited to inspect Kelvinator today.

Lady Took Cardui During Middle Life

Women who are entering middle life will be interested in the experience of Mrs. L. C. McDonald, of Paragould, Ark., who writes: "I cannot say anything but good about Cardui. I think it is a grand medicine. I took Cardui during change of life. I was so weak, so nervous, I could hardly go. I just dragged around. I had fainting spells and would just give down. My back and head hurt. I knew I had to take something to give me strength. I read of Cardui. I took about seven bottles. It gave me relief and strength. I am now 60 years past, and can do a pretty good day's work in the house and garden."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.—Adv.

LEGAL NOTICE

NOTICE OF HANSEN'S SALE
Notice is hereby given that pursuant to final decree rendered March 27, 1936, in that certain cause pending in the Circuit Court in and for Seminole County, Florida, in chancery, wherein THE FEDERAL PAIDMORTGAGE CORPORATION is plaintiff, and LAUREN H. Contracts Arrive And Buddy Lake Pitches Tomorrow; Lookouts Hope To Even Score With Lowly G-Men Today

Doubt As To Lake Staying Is Said To Be Dispelled Director Says Purchase Price Money Will Be Obtained

Contracts for the purchase of Buddy Lake by the Sanford Lookouts from the Albany, N. Y., club of the International League arrived today, and Manager Stuffy McCrone of the Lookouts stated that Lake "positively will pitch in Thursday's game against DeLand."

There was some doubt as to whether the purchase of Lake would go through, but Director Jimmy Wright of the Sanford Baseball Association said that "we'll get the money somehow" after President C. F. Wert of the Association declared that the organization is without funds to go through with the purchase.

Mr. Wert said that Buddy was not anxious to play in a small league but Mr. Wright replied that the association would let him go at any time he would better himself even though the Lookouts did not do so well in a trade for him.

With Buddy Lake on the mound tomorrow (Thursday half-holiday) it is expected that there will be a record-crowd at Sanford Field. The DeLand Reds now lead the second division in the State League and the Sanford Lookouts are in the cellar with the Gainesville G-Men. A victory tomorrow will net put the Lookouts on a par with the Reds, but Stuffy said they are going into the game to win. He is going to use all first string men and give the visitors a real battle, he declared.

Lake will probably be opposed by either Dean Fisher, southpaw, or Bunch, underhand pitcher with the Reds.

Winners Yesterday In Major Leagues

National League
Boston 5; Cincinnati 2.
Philadelphia 9; Pittsburgh 7.
Others postponed, rain.

American League
Boston 11; Chicago 8.
New York 2; Cleveland 0.

Registration Commissioner,
Brevard County, Florida.

Stuffy Hopeful Of Being In Game With The Reds Tomorrow

Stuffy McCrone, manager and first baseman for the Sanford Lookouts, hopes to be able to be back in the game tomorrow when the home team meets the DeLand Reds on Sanford Field. Stuffy strained the ligaments of his right hand several days ago when he struck another player with his outstretched fingers while running for a ball.

Saints And Reds Tie With Azaleas For Second Place

DeLand Defeats St. Augustine, 4 To 3, Tuesday Afternoon

Tuesday's game in the Florida State League caused several changes in the percentage column. Daytona Beach defeated Palatka and replaces Palatka at the top of the column; DeLand defeated St. Augustine and DeLand, St. Augustine and Palatka go into a tie in second place; and as a result of its defeat by Gainesville, Sanford drops to the bottom of the column, tied with Gainesville in the cellar.

In yesterday's game in St. Augustine, the DeLand Reds spotted St. Augustine an early two run lead and then trailed nine hits off Nick Wise to earn a 4 to 3 victory in the Florida State League.

The Saints were unable to hit with men on bases and mustered but five blows off the hurling of Hoskewicz who weakened in the ninth and gave way to the relief pitching of Jake Bunch who stopped a belated St. Augustine rally one run short of its goal.

Singles by Skinny McGowan and Jerry Fitzgerald produced a Saint run in the opening frame and another was added in the third when Third Baseman Duverniet booted in a run. But from then until the ninth the Saints were harmless.

Russell-Turnblow misjudged Majesky's fly to left in the fourth and the blow went for two bases, paving the way for two DeLand runs. Bolling and Kinard figured in the rally with single. The Reds scored a run in the eighth without a hit and then pulled three blows off Wise in the ninth to knock in their fourth and deciding run.

CHEST COLDS

Rub on Musterole. Used by millions for 25 years. NOT just a salve, but a "counter-irritant." All druggists. Three strengths.

BREVITY SHOWS HEELS TO OTHER DERBY HOPEFULS

Brevity, J. E. Widener's colt, sent his Kentucky Derby stock bearing when he won an smashing victory over several other Derby candidates in the Copnamers Purse at Churchill Downs. He is shown romping home, far in the lead. Blen Jolt ran second, Sangreal third and Banister fourth. (Associated Press Photo)

Sanford Junior High School Plays Daytona Here Friday

Game Will Be Played On Sanford Field; Admission Is Free

Sanford Junior High School will play Daytona Beach Junior High School on Sanford Field next Friday afternoon at 3:30.

President C. F. Wert of the Sanford Baseball Association granted permission to Principal H. E. Morris of the school to open the grandstand to the public and to let the players on both teams use the locker rooms and shower baths.

There will be no charge for admission, and the principal of the school, and members of the teams hope a large crowd will turn out to see the first inter-school baseball game of the season.

It is expected that either Hayes or Brown will pitch for the Sanford nine, with either Webber or Beckwith catching; Others on the team will be Sepp, first base; Pezd's, second base; Rows, third base; Dyson, shortstop; Diehl, left field; Dunn, right field; and Walthal, center field.

B. C. Steele and C. B. Schirard will umpire the game.

Terry Of Giants Is Leading The Big Six

NEW YORK, Apr. 29.—(AP)—Baseball's Big Six: Player G A R H Pct. Terry, Giants 9 24 4 12 .500 Medwick, Cards 9 42 4 19 .542 Moore, Giants 11 48 15 21 .538 Lombardi, Reds 10 27 8 16 .432 Gehring, Tig. 11 51 16 22 .431 Geraghty, Dod 10 35 6 15 .429

Sanford's Tennis Champions Enter State Tournament

Will Leave Today For Gainesville To Play In Doubles, Singles

Four of the five tennis champions of Seminole High leave this afternoon for Gainesville to enter state tournament play beginning tomorrow on the University grounds tomorrow. They will be accompanied by Coach Leonard McLucas who is confident the boys will show up well in competition with the winners in other districts. Sanford enters the state meet by virtue of its defeat of Orlando, DeLand, New Smyrna and Apopka.

The four composing the team entering the tournament in Gainesville are Billy Zachry, Herbert Smith, Charles Robinson and John Morgan. Julian Adams, who helped Sanford defeat other tennis teams in this district, was unable to go to the state meet. Zachry, Smith, Robinson and Morgan will enter both singles and doubles play.

The only man who participated in the finals of either tennis event last year who is entered again this year is Enwright of St. Petersburg, who paired with Jack Bushman last year and lost to Goernsey and Huppell.

The tennis entries lack the stars that last year's tournament boasted. Frank Goernsey, Orlando, last year's singles champion, as well as double's winner, is a freshman at the University of Florida as is his doubles partner, Sonny Phipps. Orlando won the tennis tournament in 1935 by virtue of winning the doubles as well as the singles.

HOME RUNS

By The Associated Press
Yesterday's homers: Cuyler, Reds 1; Norris, Phillies 1; Dykes, White Sox 1; Kreevich, White Sox 1; Fox, Red Sox 1; Gehrig, Yankees 1; Peters, Athletics 1; Goslin, Tigers 1; Solters, Browns 1.

The leaders: Trasky, Indians 5; Foxx, Red Sox 4; Ott, Giants 4; Klein, Cubs 4; Dickey, Yankees 3; J. Moore, Phillies 3; Goodman, Reds 3; Hefey, Pirates, 3.

SIXTY VIOLETS OUT
NEW YORK, Apr. 29.—(AP)—Sixty candidates turned out for spring football practice at New York University, which went undefeated through the 1935 campaign until its Thanksgiving day climax meeting with Fordham in the "Battle of the Bronx."

Work Is Begun On Baseball Diamond For Junior League

Improvement of the Ninth Street baseball diamond in preparation for games there between teams of the Legion Junior League has already been undertaken. Park Superintendent James Moughton had clay hauled in for the infield yesterday, and planned to repair the covecktop today or tomorrow. The field will be in first-class shape for the opening of the season next week, the superintendent said.

Daytona Goes To Top Of League By Beating Palatka

Azaleas Shut Out By Islanders Who Get 10 Runs On 13 Hits

DAYTONA BEACH, Apr. 29.—Moose Fralick pitched another five-hit game as the Islanders shut out Palatka, 10 to 0, here yesterday and re-pace the Azaleas at the top of the league.

The big right hander struck out nine men and didn't leave a single base on balls as the Islanders cut loose with a 13-hit attack on Allen and Tolbert.

Allen gave up 10 hits in seven innings. Tolbert was nicked for three safe blows. A home run by Morton in the first inning scored Hosnak.

Mittleman, who led the Daytona Beach attack, knocked a home run to centerfield in the seventh to score Boris and got a pair of singles.

The Islanders scored twice in the first, again in the third, twice more in the sixth, three times in the seventh and twice in the eighth.

Five Palatka errors contributed to the Azaleas defeat.

Gainesville Won Tuesday Against Sanford Rookies

G-Men Score 4 To 1 Win In First Game With Stuffy's Nine

Using only a few of his best players, Manager Stuffy McCrone of the Sanford Lookouts sent second string men into the game with the G-Men in Gainesville yesterday, and lost. Gainesville scored four runs to Sanford's one. Stuffy said the rookies had to be tried out so it could be determined what men should be kept and who should be allowed to travel, and it was deemed best to use them in the game with the weakest team in the league. As a result of yesterday's game, Sanford drops to the cellar with Gainesville. The G-Men have been in that lowly position every since the season opened.

But the Lookouts hope to win today. Some of the stronger men were to be in the lineup. Yesterday's game in Gainesville was a low-hit contest, the Sanford club collecting six and the Gainesville team five; Wildness on the part of McCown, the starting Lookout hurler, and five errors affixed contributed to a large part of the G-Men scoring.

In the ninth, the Sanford team filled the bases with none down, but Albritton tightened down and made the next hitter pop up to the infield, struck out the next, and caused the third to fly to the outfield, holding them scoreless in that inning.

Yesterday's game in Gainesville was a low-hit contest, the Sanford club collecting six and the Gainesville team five; Wildness on the part of McCown, the starting Lookout hurler, and five errors affixed contributed to a large part of the G-Men scoring.

In the ninth, the Sanford team filled the bases with none down, but Albritton tightened down and made the next hitter pop up to the infield, struck out the next, and caused the third to fly to the outfield, holding them scoreless in that inning.

Cubs Defeat Giants In 39 To 6 Contest

The Cubs defeated the Giants, 39 to 6, in Tuesday evening's Lions League game. Drummond pitched for the Cubs and allowed only four hits. He also made a home run. Dale, Giant pitcher, allowed 18 hits. Meyer caught for the Cubs and Palmer caught for the Giants.

In Monday's game the Yankees defeated the Red Sox, 5 in 9 1/2 innings and 4 runs; off Lopez 6 in 1 1/2 innings and 5 runs. Wild pitch; McCowan, losing pitcher; McCowan, umpire; Campbell and Graham. Time of game 1:51.

THINGS TO COME . . . From the Alameda Korda Production of the H. G. Wells Screen Plays

The opposing armies stop fighting from their capture from Europe to a wilderness. A heroic postman accepts the world—the Wandering Gaius. There is hatred for hatred.

Without resources taken by the sea, who grows weary in sheet of who are taken, put an end to the plague. The box is one of many petty devices ruling what is left of humanity.

The hero's task is to convince the war against the steel community of the future. He demands, airplanes, and futuristic machinery and gadgets, a young mechanic, with death if they fail to deliver.

The hero of the film is a young man who is a postman. He is a hero of the future. He is a hero of the future. He is a hero of the future.
