Gunman-Rapist Strikes Again At Davenport, Merritt Island

Strolling In Sanford

The Veterans of Foreign Wars auxiliary will meet tonight at 8 o'clock at 306 E. 20th St.

A new member will join The Herald editorial staff tomorrow, Miss Georgia Franklin, a recent graduate of the school of journalism at the University of Florida.

Five Sanford youths will leave Tuesday for Jacksonville for induction in the Army. Jimmy Watley, Jimmy Krider, Jim Hook, Jim Butler and Randy Reynolds. They will take their basic training at Fort Jackson, S. C.

Pete Osborne, congenial member of The Herald's editorial staff for the past few weeks, is terminating his services today. Next Tuesday, Pete will join other men from this area for induction into the Army at Jacksonville. His friendly dealings with the public will leave a definite mark among those with whom he came in contact during his brief stay in Sanford.

News occurring in Sanford recently appeared on the front page of The Honolulu (Hawaii) Advertiser. The story, sent by one of the press associations, dealt with an episode at the Sanford Naval Auxiliary Air Station in which several civilian workers ate some nuts, which had a reaction similar to that of the tung nut. Dr. J. C. Boyce brought a copy of the paper, dated July 28, into The Herald.

5 Cops Arrested In Crack-Down On Burglary Ring

BIRMINGHAM, Ala. (AP)—Arrest of four policemen and suspension of five others in the first-day roundup in a crack-down on burglary rings estimated to involve \$500,000 in loot.

Police Director Paul Singer warned that 50 or more policemen may have been involved in the operations over a two-year period. Raids squads led by superior officers yesterday searched homes of 25 policemen for stolen goods.

Property of all kinds taken from the homes for an ownership check piled up at headquarters. A 197-page statement of Travis A. Ferguson, a former police officer, furnished key information for yesterday's roundup.

Singer quoted him as implicating a lieutenant, a detective, two sergeants and 19 patrolmen in various burglaries. Ferguson said police broke into safe and divided up money they found, stole whisky and beef, stuffed a clothing store until they found suits that fitted them, bought street clothes and then called headquarters to report they were investigating thefts; served as lookouts for one another; and hid innocent-sounding calls relayed on the police radio that were linked to their breaks.

Local Troop Takes Meet's Top Honors

In the annual St. Johns River District Boy Scout swimming meet which was held recently at the municipal pool, Troop 34 of Sanford topped the competition by taking 10 first places, and six second spots in the competition which attracted entries from four troops.

Troop 60, Enterprise, captured second-place honors along with Troop 34, Sanford, who each grabbed a first, second, and third place. With two seconds and a third place entry, Troop 243, Deltona, trailed in fourth place.

Individual results: Free style race—Group A, first, Wally Phillips (345), second, Kenny McMurray (34), Group B, first, Sidney Vihlen, Jr. (415), second, Teddy Walker (345), third, Joe Peterson (460).

Medley relay: First, Troop 345, second Troop 243. Pledge for distance: First, Harvey Dunn (60), second, Al Phillips (345), and third, Berry St. John (345). Back stroke race: Group A—first, Kenny McMurray (34), second, and Harvey Dunn, third, Group B—first, Randall Lavender (345) and second, Tody Walker (345).

Cross chest carry: First, Troop 345, second, Troop 60, and third, Troop 243. Pineapple rescue race: First, Troop 345, second, Troop 243 and third, Troop 3 Diving: Group A—first, Al Phillips, and second, Benny Folds (345). Group B—first, Randall Lavender and second, Bob Mitchell (345). Comedy diving: First, Robert Eutanks (345), and second, Bennie Wainwright (243).

Hunt Spreads To 5 Counties In Mid-Florida

ORLANDO (AP)—A gun-wielding rapist was hunted by police and sheriff's officers in five central Florida counties today after a man bearing his description molested two women in places at least 100 miles apart.

Polk County Sheriff Pat Gordon and Orlando police said the description given by the latest victims tallied with that of the man who raped a 19-year-old Titusville office worker Aug. 4 and molested two young girls on an Orlando street corner Aug. 3.

The man's activities today took place near Cocoa Beach in Brevard County and near Davenport in Polk County.

Det. Sgt. H. L. Baker said the Brevard County sheriff's office reported the man walked into a home on Merritt Island, found a housewife alone and at the point of a gun attacked her about 2 p.m. Whether the woman actually was raped was not determined. Baker said, adding she was hysterical from the ordeal and unable to tell exactly what happened.

H. T. Williams, Brevard County sheriff, could not be reached. He was out looking for the man who reportedly drives a dirty cream-colored Buick.

At Davenport, a pretty 17-year-old Orlando girl visiting relatives reported she was stopped by a man in a Buick car and asked for directions. Williams walked toward the automobile the man drew a gun and said "This is a stickup." Sheriff Gordon said the man tried to force her into his car but drove away when she screamed.

The Aug. 4 attack at Titusville was made by a man who drove by in a Buick asking directions then forced two young women into his car. He held a gun on one woman while he raped the other. Officers from Brevard, Orange, Polk, Citrus and Lake counties participated in the search.

HUSHNELL (AP)—While three sons of the dead man and officers looked on, six white boys reaped a Negro's grave near here and returned a skull they had dug up and thrown away.

Sheriff M. H. Bowman and State's Atty. A. P. Bule ordered the youths return the skull to its resting place.

The youngsters, live from the Miami area and one from here, looted a skull while attending camp on Lake Tomawiskee. Camp officials told them to replace it but instead they tossed it into a ditch.

After a hearing before Bule, the boys—unidentified by officers—were fined for the object but were unrepentant. The sheriff called in a professional diver to find it.

The boys reaped the grave and returned the skull while attending camp on Lake Tomawiskee. Camp officials told them to replace it but instead they tossed it into a ditch.

Probe Closes TB Lab

TAMPA (AP)—Discovery that two technicians were gassed deliberately led to an investigation which uncovered evidence of dissection among employees and resulted in the closing of the Central State Tuberculosis Laboratory here.

That is the background given by Robert Carter, executive secretary of the State Tuberculosis Board, for the temporary closing of the laboratory. The lab handles research for all the state tuberculosis hospitals. All except three or four of the 13 lab employees were dismissed.

Carter said gas jets in the lab were found open on two different occasions. Two technicians were affected by the fuming gas which later was found to be non-poisonous.

However, said Carter, employees did not know at the time of the incident why the gas was not poisonous. Carter said he didn't know whether the jets were turned on with a switch or by some other means. He put it this way: "As to how serious it was—whether it was hazardous or intended as a prank—is left up to our appraisal of the situation."

The State Tuberculosis Board announced last Saturday in a statement it was temporarily closing the laboratory because of "serious personnel problems" and the illness of the lab director.

Carter said the two gas jets incident led to an investigation in cooperation with the state attorney's office here and a subsequent hearing by the board.

Testimony at the board hearing disclosed that Danny Laphan, an assistant laboratory technician was the first victim. He became nauseated but soon recovered. The second victim, several days later, was Rosie Perilla, a clerk typist. She was affected and testimony showed she was "overcome."

The investigation led to a determination there was very serious dissection going on among the employees. He said the difficulty was that the employees appeared to be from a "lack of definition of authority."

At St. Petersburg, Hays M. Harrison, a board member, said the board wants to reestablish the laboratory as soon as possible. He explained the board felt that a quick closing of the lab was the best way to handle the situation which led to the gassing incident.

The Sanford and Seminole County "Story" color movie produced by the Don Parisher Productions, will be presented in a premier showing at the Ritz Theatre next Thursday night.

The production, which will be distributed by a New York agency for nationwide use in movie houses and television, will be kicked off with a celebration which will include Earl Brown, president of the Florida Film and Television Association and A. J. Dwyer, chairman of the Florida Advertising Commission, Breckenridge said today.

Showings of the movie, which was made last year when the Parisher company spent four months in the area, will begin at 1 p. m. and showings will continue throughout the day. Although the program is a full-length movie and a stage show presented by the Duxbury School of Drama.

Breckenridge said he had a plan, which is being run by Duxbury School, and other devices to make the movie more interesting to the audience.

The Creek Indians were so named from the numerous creeks running through their lands.

without limitation as to amount or time.

Judge Taylor said, "Certainly the city has recognized its obligation and has continuously furnished the University with water, but until 1950 made no claim that this water should be paid for."

McCarthy, Witness Denounce Each Other At Hearing Today

Ike Says Decline In Economic Action Has Come To Halt

WASHINGTON (AP)—President Eisenhower declared today that the overall performance of the American economy since his administration took over "has been better than during any earlier time."

"The paramount fact... is that the recent decline in economic activity has come to a halt," the President said in another point in a report on the state of the nation's economic health at midday.

And he listed signs which he said point out bright prospects for the future.

Eisenhower's survey in this congressional session year amounted to a reply to Democratic critics who have contended that the Republican administration is breeding the unemployment and leading the nation into a depression.

Carter appears to doubt that both sides will draw heavily on the report for ammunition in the upcoming battle.

Carter noted the criticism in general terms and went on to say that "the recent economic decline, on an overall basis, has been very small."

He also declared: "I have no doubt that the rate of unemployment 'has shown some tendency to diminish of late' and said 'this is one of the numerous signs' of economic improvement."

The reason for the criticism of the recent record is that "this country has been doing better in 1949 and 1950." The President added that the rate of unemployment "has shown some tendency to diminish of late" and said "this is one of the numerous signs" of economic improvement.

The board reason for the criticism of the recent record is that "this country has been doing better in 1949 and 1950." The President added that the rate of unemployment "has shown some tendency to diminish of late" and said "this is one of the numerous signs" of economic improvement.

HOLDING DEATH BY THE TAIL—O. R. Griggs, a farmer who lives south of Sanford on Rt. 2, gave employees of The Herald a feeling of unreasoning hysteria when he appeared in the office with a deadly coral snake in a jar. He offered to take the snake, which was much the worst from a healing but still alive, from the jar and put it on the counter for a picture. However, this suggestion was not well received, so it was decided the picture should be taken on the sidewalk in front of the building. The snake was discovered coiled near Griggs' automobile in his driveway. He was working it over with a broom handle. "We've killed a lot of rattlers out there," he said, "but this is the first time I've found a coral snake. When we found it, we weren't sure it was a coral—there's another snake which is colored similarly—but we checked the book of knowledge and an alumnus, and the coloring is just as both describe." Griggs warned against snakes, particularly during hot, humid weather. (Staff Photo)

Annual Jaycee Fishing Rodeo To Be At Trout Pond Aug. 25

The Fifth Annual Fishing Rodeo, sponsored by the Seminole County Junior Chamber of Commerce for youngsters under the age of 14, will be held at Trout Pond Wednesday afternoon, Aug. 25. M. L. Raborn Jr., chairman, announced today.

Raborn said, "The event last year attracted 500 registered young anglers and this year we are preparing for over 600." The Jaycees will furnish poles and bait for the event. Raborn said, along with free cold drinks and ice cream for all participants.

The affair, which will begin at 1:30 p. m. is divided into four age groups for boys and girls—five to five, six to eight, nine to 11 and 12 to 14-year-old divisions.

The Florida Game and Fresh Water Fish Commission along with Wildlife Officers Harry Herish and John Warren will referee the fishing. The contest will be held at the Trout Pond in the county seat.

Brown, in stating the meeting, pointed out that the U. S. House of Representatives recently passed a bill giving authority to the chief of U. S. Engineers to make necessary changes in the plans of the Central and Southern Florida Flood Districts. Also possible inclusion under the bill, Brown feels, is the construction of the proposed Sanford-Titusville Canal.

A W. Lee, chairman of the local chapter of Commerce's water way and water control committee, and Forest Breckenridge, chamber manager will attend from this area.

QUAKE OCCURS HOLLISTER, Calif. (AP)—A "fairly sharp earthquake" jolted residents awake at 3:50 a. m. today, but Deputy Sheriff Frank Pearson said he had no reports of damage.

The quake appeared to come in three separate shocks, each lasting more than a minute.

Tom Watson Says Will Stay In Race TAMPA (AP)—Tom Watson, Republican candidate for governor, said today in a statement he has no intention of getting out of the governor's race.

Probe Has Stormy Session Senator Accused

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) and a witness who refused to say whether he is a Communist denounced each other in a stormy public hearing of the Senate Investigations subcommittee today.

The witness, Louis Passikoff of Schenectady, N. Y., accused McCarthy of a "conspiracy" with Passikoff's employers, the General Electric Co. He charged McCarthy's right to quit than him "while you, senator, face very serious charges in the FBI and the criminal resolution Sen. Flinders (D-Vt.) has aimed at McCarthy."

McCarthy threatened to retaliate by having Passikoff ejected from the hearing, evidenced also by a brief verbal clash between the senator and Passikoff's wife, who shouted that McCarthy was trying to "smear" her.

Joseph D. Marzari, a Pittsburgh theater operator and former undercover man for the FBI, testified as the leadoff witness that while passing as a Communist in the 1940s and early 1950s he knew Passikoff as a "trouble shooter for the Communist party."

He said the rank and file Communists in Pittsburgh looked upon Passikoff as a contender for the leadership the witness said then was exercised in that area by Steve Nilson.

In a surprise new move at such hearings, Passikoff asked and was given permission to present a motion picture which he said was a "document" of a "conspiracy" with General Electric to have him fired.

Interrupted by McCarthy, Passikoff insisted he was reading from "notes" and not a prepared statement. McCarthy insisted on seeing the document and pronounced it a "prepared statement."

McCarthy said, "I think something is to be gained by letting Communists come in a screaming, screaming demand that they be given the document from which Passikoff read. 'My wife, the witness said."

McCarthy demanded that Mrs. Passikoff stand up if she was in the room. A dark haired woman in a blue dress arose.

In an angry toned blast she challenged, "What purpose is there in my standing up?" she said it could only be to "smear" her.

McCarthy told a Capitol policeman to "make the woman sit down and be quiet" but she sat down before a policeman reached her.

Rights-Of-Way Being Sought HIAWASSEE (AP)—First steps toward purchasing rights-of-way for the West coast inland waterway through Enterprise are about to begin.

The waterway district committee yesterday instructed its engineer, Joe K. Martin of Tampa, to begin negotiations with property owners. Martin estimates cost of the right-of-way will be \$54,000.

The waterway is to run from the Anclote River near Tarpon Springs to Fort Myers. It is to be a link in the inland waterway system from New England to Texas.

RENEWED DOCTOR DIES MIAMI (AP)—Dr. John Elliott, internationally known for his work with blood plasma, died in Paris on Monday. He was 52.

He had gone to Haiti Monday at the request of several other physicians to help institute a blood donor program in that country.

Dr. Elliott was nominated for a Nobel Prize because of his work in the field of blood plasma and headed the blood bank of Dad County for seven years.

Nurse Lady

By ADELAIDE HUMPHRIES

CHAPTER TWENTY-FOUR
CYNTHIA came back into the room just after Mrs. Brandt had given the appointment with Wait. She was wearing her beige suit and her cheeks were flushed and her eyes suspiciously bright. The way she looked when Wait had thought she must be running a temperature. She was carrying a small suitcase.

Wait took another long step and relieved her of it.

She saw that he looked a little less surly. Elizabeth Brandt wore a satisfied air, as though one of her subjects had met with her approval, or she had come out victorious in a conflict. Her husband seemed not at all disturbed by whatever had just taken place. And as for Norman, he looked thoroughly amused.

So, apparently, things had not gone off too badly. Cynthia's brief absence.

She thanked Norman's mother again for her hospitality, and would have shaken hands warmly with Norman's father, but the old Mr. Brandt gave her an affectionate kiss on her cheek. Norman said that he would accompany them to the door.

Cynthia was almost afraid he might try to kiss her good-by, too. But all Norman did was to smile into her eyes in that secret, intimate way, and say he would see them both soon.

Dr. Bellars somewhat ancient man was not as smooth-riding as Norman's convertible, or as a very impressive as the chrome-trimmed 1934 Buick he had driven. Cynthia was jostled around in the seat as Wait took the rough dirt road at a speed that promised to get them back into town in a jiffy.

He made no effort at conversation, apparently giving his entire attention to his driving. Cynthia thought, by gum, I won't talk unless he does. Although once or twice when a bump caused the top of her head to connect with the top of the sedan she felt like saying something.

There was no doubt about it—Dr. Walter Bellars was upset. He had been shaken out of his rut. Well, let him stew a while. It might be good for him.

Cynthia drew a long breath of relief when they finally reached the main highway. There was a lot of Sunday traffic; week-enders returning to town. Dr. Bellars was obliged to reduce the speed of the sedan and coast along at a more reasonable pace with the rest of the procession.

He said, "You might say something, Cynthia."

"What is there to say?"

"You must have had a very pleasant week end." He sounded

Refresher Course for Busy People

Said the gal with the lofty I. Q.
"I commend Coca-Cola to you—
When you're feeling the pressure,
It's such a refresher
And a bit of quick energy, too!"

Yes, ice-cold Coke has a wonderful way of giving you satisfying refreshment—renewing your energy for busy hours ahead. And Coke has as few calories as half an average, juicy grapefruit. Have a Coke.

Four generations have made Coca-Cola by far the most asked-for soft drink in the world.

VA Extends Time For Dental Work

The Independent Offices Appropriation Act for Fiscal Year 1935 extends the time in which veterans with service-connected noncompensable dental conditions may apply for outpatient dental treatment, the Veterans Administration announced today.

The new date is Dec. 31, 1934, or one year after discharge, whichever is later. Under last fiscal year's appropriation act, the delimiting date was July 27, 1934.

The act containing the Dec. 31, 1934 date, Public Law 428, was signed by the President June 24, 1934. This law expires June 30, 1935.

The VA said the new delimiting date applies only to one group of veterans—those having service-connected noncompensable dental disabilities or conditions which are shown to have existed at time of discharge.

The delimiting date does not apply to veterans in the following two classes:

(1) Veterans having service-connected compensable dental conditions or disabilities, which means they must be rated 10 per cent or more disabled for the dental condition.

(2) Veterans having a dental condition, whether or not service-connected, but medically determined to be aggravating a service-connected physical disability or injury.

Under VA regulations, veterans with service-connected dental conditions or disabilities not severe enough to rate disability compensation—the group affected by the delimiting date—are entitled to one-time dental treatment with three exceptions.

These exceptions are: (1) those dental disabilities which are the result of combat injuries; (2) those disabilities of prisoners-of-war; (3) disabilities resulting from service injuries.

The one-time dental treatment limitation, VA said, does not apply to veterans not affected by the delimiting date.

Veterans who qualify for outpatient dental treatment may be referred either on a fee basis to "home town" participating dentists or to VA dental clinics.

MAKES RULING
WASHINGTON (AP)—A power commission examiner has ruled that South Georgia Natural Gas Co., Birmingham, Ala., should be authorized to construct a natural gas system to serve new areas in Georgia and Florida.

If no review is initiated within 30 days, the decision will become final. The gas-mile system would serve 14 communities in Georgia and Florida including Havana, Quincy and Tallahassee in Florida Monday night.

Fast Action Essential

The armistice in Indo-China makes it imperative that a Southeast Asia alliance of anti-Communist countries be worked out without delay. It is too late to do anything about Indo-China, but it is not too late to act to keep all the Southeast Asia from falling under Communist domination.

Such an alliance might include South Korea, Thailand, Nationalist China, the Philippines and Japan. It will be more difficult to form this alliance and make it work now than it would have been before the end of the Indo-China fighting. Many of the Asian people may be influenced by the Red victory in Indo-China to regard resistance as futile. It is our job to dispel such an at-

TODAY'S BIBLE VERSE

Christ shall be magnified in my body, whether it be by life, or by death.—Phil. 1:20. No mortal ever surpassed Paul in his utter devotion to his master. He showed how magnificent a character became when fully devoted to God as revealed in Christ.

titude and offer them hope if they will cooperate in measures that will mean their own security.

A strong United States stand in this part of the world is necessary but by itself it will not be enough. Nor would an alliance including just Britain and the U. S. be enough. While the security of Southeast Asia is essential to the U. S. and Britain it cannot be achieved without the participation of Asian people.

There is no use crying over the spilled milk in Indo-China. Assessing the blame for the setback there will do no good. Positive action, designed to make it plain to the Communists that further aggression will be strongly resisted is the only hope of saving Southeast Asia.

Plot Against Hitler

A campaign is underway in West Germany to establish as national heroes the army officers who participated in the unsuccessful attempt to assassinate Adolph Hitler in June of 1944. West German President Theodor Heuss recently referred to the officers as raising a "symbol of prity" when the German name was "soiled and besmirched by the dishonor, cowardice and brutality of the Nazis."

Several participants in the plot, including Field Marshal Erwin Rommel, had served Hitler, although it is questionable whether they served out of a sense of duty to their country or because of personal belief in Hitler's cause. They had reached the conclusion that the war was lost and that Hitler's death would mean a negotiated peace and an end to needless bloodshed and destruction.

Many Germans have regarded the officers as traitors. The fact is that they were much more interested in the welfare of their country than was Hitler. Who was it who said that rebellion against tyrants is obedience to God?

HOW WOULD HE LOOK IN A DIFFERENT UNIFORM?

It's Up To You

By Howard E. K. shner, L.H.H. "Operator, this is an emergency call," comes over the telephone wires hour after hour through the day and night. Each time the message is received a telephone operator puts into motion every needed facility to meet the crisis. Fires, floods, death, destruction, lost children, crime, medical aid and happenings require the alert operator to act on her own initiative.

No one will ever know how many lives have been saved, how much suffering relieved or how many criminals caught because of the initiative of these public servants who are free to act in a land where freedom is practiced.

Little do we realize the great power for good that results from direct freedom of action. These agents of mercy, goodwill and justice do not have to relay the problems to multiple bureaus of government, local, state and national, before taking action. They do not have to fear the loss of their jobs for using initiative. They are not in danger of concentration camps because they have by-passed some bureaucracy or local official who seeks added prestige and power in the party.

Telephone operators are not the only people in this country who exercise their free will to deal with emergencies. Almost every day we read of policemen who serve beyond their range of duty. Truck drivers, milkmen, clergymen, boy scouts, social workers, factory workers and scores of others serve their fellowmen in situations foreign to their normal activities. In fact almost all of us have come to the rescue of someone who needed help. We realize these services unconsciously because we live in a nation where the Golden Rule is a part of our everyday philosophy, and where initiative is recognized as a part of personal freedom.

Our religious faith teaches us to serve our fellowmen as a part of our spiritual responsibility. The story of the good Samaritan stands as an ideal and we recognize all men as brothers regardless of race, creed or color. Here, where the teachings of the church are

USAF Being Built To 137-Wing Goal

WASHINGTON (AP)—Sen. Saltonstall (R-Mass.) says the Air Force is being built up toward a goal of 137 wings at a rate "reasonably attainable without causing an imbalance . . . and without diluting the combat effectiveness of the existing force."

Saltonstall, chairman of the Senate Armed Services committee, told his colleagues Saturday night that the goal of 137 wings by mid-1957 is being attained at a rate of 8 to 10 additional combat wings a year. There are from 30 to 75 planes in a wing, depending upon type.

AUTOMOBILE HITS POLICE HEADQUARTERS
CHARLOTTE, N.C. (AP)—A woman driver was charged with reckless driving here after her car crashed into the police headquarters building.

Police said Mrs. Ruth B. Smith of Hickory told them her foot slipped from the brake to the accelerator as she turned a corner. Mrs. Smith was not hurt.

not hampered by the fear of the state, we serve our fellowmen voluntarily and without fear of coercion.

All of this service is so much a part of our way of life that it is shocking to think of a government program which would deny service, oppose assistance beyond the scope of duty and eliminate it as an individual privilege.

JAMES MARLOW

Immunity Bill Is Explained

WASHINGTON (AP)—It is up to President Eisenhower now to sign into law, and he probably will, the bill just passed by Congress to guarantee balky witnesses immunity to federal prosecution if they answer questions about subversion.

This measure, if it becomes law, almost certainly will have a stormy history and perhaps a sensational one. It will be fought in the courts as unconstitutional. If it works, it may lead to startling disclosures about communism.

The bill goes like this:
1. It is aimed mainly at Communists, past or present. Immunity can be given only to witnesses in cases involving conspiracy to overthrow the government, treason, spying, and sedition. Immunity cannot be given for any other kind of offense.

2. A witness can't get immunity for the asking. He must first refuse to testify by invoking the Fifth Amendment which says a man can't be compelled to say anything which might incriminate him.

3. The immunity can be given only to a Fifth Amendment witness appearing before a congressional committee, a federal grand jury or a federal court and only if his testimony is important.

4. The immunity can't be granted at all unless two-thirds of the full committee before which he has been called votes to give it to him. Once the committee approves, then . . .

5. The committee itself can't grant the immunity. It must ask a federal judge to do so. The attorney general has no veto even though he objects, perhaps because he had been preparing to bring the witness to trial soon.

6. But, once given immunity, the witness must answer questions. If he cannot thereafter be prosecuted in federal court for any federal crime in relation to which he answers questions.

7. The procedure is slightly different when a Fifth Amendment witness refuses to answer questions before a federal grand jury or in federal court. In that case a U.S. District Attorney, with the approval of his boss, the Attorney General, may ask a federal judge to grant immunity. If the witness still prefers the Fifth Amendment to immunity, he can be cited for contempt of court, tried, and, if found guilty, jailed.

This is where the trouble will arise:
The new law says only that millions of pounds of petrified dinosaur bones have been removed from a quarry in Dinosaur National Monument on the Colorado-Utah border.

witness could never be prosecuted by the federal government for any federal crime related to his testimony.
It does not say the same witness could not be prosecuted in a state court. For example: suppose he admitted committing a federal crime and a state had a law making the same offense a state crime, too.
The state couldn't use his federal testimony in a state court trial. The Supreme Court has ruled on that.
But could the state use his federal testimony as a lead on which to gather evidence on which to try him in a state court? There's no answer. And there won't be until the Supreme Court some day gives a decision on it.
The first Supreme Court test might come the first time a witness received immunity from a federal judge but kept silent under the Fifth Amendment and was jailed for contempt. He could argue:
This new legislation was an attempt to get around the Fifth Amendment's protection and even destroy it by forcing a man to testify against himself and against his will.

HAL BOYLE

Few Models Ever Go Into Films

NEW YORK (AP)—Many stage-struck girls dream of becoming a fashion model—and going on from there to fame and fortune in Hollywood.

If you have that dream, girly, you might as well ditch it now, unless you like to play the long odds. This is on the advice of Mona Freeman, the exception who proves the rule. She won attention as a child model, and her pretty face adorned many a magazine cover before she made the grade in the movies.

"But modeling isn't generally a big stepping stone to a film career," she remarked, "although many people seem to think it is."
"Offhand, the only former models I can recall who went into the films are Lauren Bacall, Gene Tierney, Jinx Falkenberg, Phyllis Kirk and . . . Marilyn Monroe. There are probably a number of others but, comparatively speaking, they are few."

Mona, who at 28 still looks like a blonde college freshman, quit modeling at 17 to try her luck in the movies. She has made between 25 and 30 films, the latest being "Battle Cry" based on a best-selling novel about the Marines by Leon Uris.

\$1,500 a week and up bracket. Mona is in a good position to compare her careers as model and actress.

"Modeling is an art, but it is comparatively simple to learn," she said. "A girl who can learn to model at all can do so in a year. And if she hits the top, she can make \$200 a week or more. A girl doing that well at modeling quite often doesn't see why she should throw away that kind of money to take a chance on flopping in Hollywood."

"It is a big chance to take, too. A model merely has to photograph well. All she needs is looks and pose. But an actress has to develop a personality that appeals to the public."
Mona also believes (her old modeling friends may stick out their claws at this) that an actress has to do something every moment of her work that few models are required to do. She has to T-H-I-N-K!

"Acting is a job, a really tough job. But I like it. It is never a grind—never a dull existence. But even after you learn your craft and practice it well, that doesn't mean success necessarily. You still have to put yourself over with the public."
The public is a strange and ca-

pricious god to all entertainers. Mona, still as stage-struck as the day she played Little Eva in "Uncle Tom's Cabin" during her high school days, retains a wondrous awe over the mysterious factors that influence the public.

"The thing that gains you the most attention may be something that is the least of your efforts," she said. "For example, when they were filming 'Dear Ruth,' I was told to make a noise to annoy my father. He had grounded me and was trying to read the paper."

"Without even thinking, I let out something between a long sigh and a groan of exasperation. It wasn't even rehearsed. But that ridiculous sound caught on. Teen-age kids all over the country picked it up and made it popular."

"Isn't it funny? You can work over a scene for weeks, and nobody pays any attention to it. Then one day's work, something you thought nothing of at the time, may put you over in a big way."
"You never know in this business what will be the thing that attracts attention. I suppose it is this doubt and gamble that makes acting interesting."

Social Events

Join The Airlines And See The World Then Get Married

FORT WORTH, Texas—“Join the airlines, see the world and get married.”

That might very well be the motto of the 200 hostesses of Braniff International Airways, who began their annual three-day meeting at the swank Western Hills hotel here this week.

During the meeting, the Braniff sizzlers will have a chance, around the shapely hotel swimming pool, to trade stories about their jobs, their travels to all parts of the world and their social activities. You know, of course, Braniff hostesses receive free air transportation on their vacations to all exotic places on Braniff's routes.

Included are Rio de Janeiro, Buenos Aires, Lima, Panama and Cuba. And they also receive attractive discounts from other airlines to most parts of the globe.

But the annual meeting isn't all recreation. A program, designed to continue Braniff's reputation for “Friendly Transportation,” will be presented. Appearing on it will be Mr. Eric Braniff, executive editor of American Aviation magazine, Rex Brock and Walter Henshel, Braniff vice presidents, and representatives of the John Robert Powers Career School of New York and Texas.

The 200 pretty Braniff hostesses attending the session are no different from other working girls in one ambition. They want to get married! But, as commercial aviation is a man's world, they enjoy a distinct advantage over most girls in finding and getting their man.

“Ninety-eight per cent of all Braniff hostesses who resign,” said the airline's chief executive, Dorothy Brindley, “do so to get married. And thirty-five per cent of them do so the first year.” And the others don't last much longer. The average Braniff hostess gives up walking on the DC-6 aisle for tripping that all-important church aisle to the altar after only eighteen months.

This sounds almost too good to be true. And it is! Braniff hostesses on their flights each day meet and talk with literally hundreds of men.

First of all, they work their flights as part of a crew. There are three pilots on all domestic DC-6 flights, five male crew members on Braniff flights to South America. Many of these crew members are matrimonially eligible. And Braniff hostesses often marry them.

Then, there are the airline passengers. About 90 per cent of them are men. And the hostesses naturally meet them, talk with them and attend to their needs during their flights. Most of these men are successful businessmen. Many of them are single. Some of them are wealthy. Braniff hostesses frequently marry passengers, sometimes the wealthy ones.

Of course, many airline hostesses marry the boy back home. They have the urge to fly, to travel to far places. After they get this out of their systems, they settle down with their high school sweethearts for life.

Very few Braniff hostesses stick around more than two years without getting married. However, a few girls, after serving two or three years, decide to make a career of aviation.

There are attractive jobs at Braniff for them. Some step up to positions as hostess supervisors. Other, like Miss Brindley, become chief hostesses or assistant chief hostesses. Some move into jobs as reservationists, or as public relations or sales executives.

Some Braniff hostesses like flying so much that they make a career of it. One of these, Miss Pam Archer, was a member of

Mrs. L. Thorpe Elected Chairman Of R. W. A. Circle

The R. W. A. Circle of the First Christian Church met Tuesday night at the home of Mrs. O. F. Pearson with Mrs. O. D. Landress presiding.

Mrs. Pearson led the devotional followed by circle prayers for the church. During the business meeting, new officers were elected as follows: Mrs. Lester Tharp, chairman; Mrs. Phillip Marx, vice chairman; Mrs. Earl Evans, secretary; Mrs. V. H. Grantham, treasurer; Mrs. Brannon Tison, social chairman.

During the social hour, a Bible quiz game led by Mrs. Pearson was played, with Mrs. Tison winning a prize. Refreshments were then served by the hostesses. The importance of the meeting at the church Wednesday night to meet the Rev. Johnson was stressed.

L. A. To B.R.T. Has Quarterly Birthday Party

The quarterly birthday party of the Ladies' Auxiliary to the Brotherhood of Railroad Trainmen was held Tuesday evening at the home of Mrs. H. L. Moore, 711 Myrtle Ave.

Games were enjoyed during the evening with floating prizes won by Mrs. H. W. Goodspeed and Mrs. L. H. Harvey. The prize-winner for another game was Mrs. John Rogers.

Gifts were presented to members having birthdays during the quarter. A four-tiered birthday cake centered the table where the guests gathered and sang “Happy Birthday.”

Refreshments of open-face sandwiches, cake, and punch were served by the hostess and co-hostesses, Mrs. A. L. Guter, Mrs. T. U. Ray, Mrs. A. F. Kyle, Mrs. C. W. Braniff, Mrs. W. E. Jameson, Mrs. W. L. Dudley, Mrs. Earle Robinson, and Mrs. Beaula Thurton.

Other members present were Mrs. J. J. Nicholson Jr., Mrs. C. A. Anderson Jr., Mrs. Rudie Williams, Mrs. J. N. Gillon, Mrs. O. G. Owens, Mrs. L. H. Harvey, Mrs. W. B. Brinson, Mrs. J. E. Hemmerle, Mrs. A. J. Walker, Mrs. John Rogers.

Mrs. H. W. Goodspeed and Mrs. R. L. Beard, visitors present for the occasion were Mrs. Roscoe Cantley, Mrs. J. F. Lewis, Mrs. J. N. Woodwell of Lakeland, Mrs. Alice Chennel, and Al Odium.

Personals

Mrs. Wade River of Waycross, Ga. enjoyed a two week visit in Sanford with her sisters, Mrs. J. H. Hutchison and Mrs. Gene Williams, and her brother and sister-in-law, Mr. and Mrs. Frank Williams, and other relatives.

Mr. and Mrs. Sam Knight and children, Sammy, Sherry and Stevie, of Bell Glade were in Sanford recently enroute to the mountains of North Carolina for two weeks. While here they were the guests of their mothers, Mrs. W. A. Knight Sr. and Mrs. Bettieson Smith.

Mr. and Mrs. C. C. Hensley left yesterday for a month's vacation in Hot Springs, Ark.

Mr. and Mrs. R. Campbell have returned to their home in Fort Payne, Ala. after visiting for some time with their son and daughter-in-law, Mr. and Mrs. Curtis Campbell and family.

Mrs. A. J. Walker and niece, Miss Alice (Peaches) Chennel, left today for Jacksonville on a combined business and pleasure trip.

Mr. and Mrs. Buddy Mack and son, Ricky, of Stillwater, Okla. and Mrs. Opal Mack of Tulsa, Okla. are visiting for two weeks with Mr. and Mrs. R. L. Johnson and family. Mrs. Buddy Mack will be remembered as the former Miss Faye Johnson.

Mrs. Gerald F. Loosing of Columbus, Ohio, is visiting for several weeks with her mother, Mrs. Nancy Brock.

Mrs. Nancy Brock and Mrs. G. E. Loosing left today to attend the wedding of Miss Mary Louise Casque and Pete Brock which will take place in Dade City.

Mr. and Mrs. M. L. Wright have returned to Sanford after enjoying a week's visit in Jacksonville with their son, Lewis Wright, and his family. Accompanying the Wrights home were their two granddaughters, Pamela and Carol, who will remain here for a two week vacation.

The Christian Women's Fellowship will meet at the church, 1601 Sanford Ave. 7:30 p.m.

BIRTHS

Mr. and Mrs. J. E. Ferrell left the proud parents of a 7 lb. 2 oz. son born Aug. 10 at the Fernald Loughlin Memorial Hospital.

The Rev. Milton H. Wyatt, pastor of the First Methodist Church, and the Rev. Richard O. Knight, associate pastor, were the honored guests at a reception held last evening at McKinley Hall from 8 until 10 o'clock.

Reverend the Rev. and Mrs. Wyatt, the Rev. and Mrs. R. C. Knight, and Mr. and Mrs. R. C. Hutchison are present.

METHODIST RECEPTION—The Rev. Richard O. Knight, associate pastor of the First Methodist Church, and the Rev. Milton H. Wyatt, pastor of the First Methodist Church, and their families, were the honored guests at a reception held last night at McKinley Hall. From left to right: Mrs. R. C. Hutchison (center) and Mrs. Wyatt (far right).

The Revs. M. Wyatt, R. Knight Honored Last Night At Reception

The Rev. Milton H. Wyatt, pastor of the First Methodist Church, and the Rev. Richard O. Knight, associate pastor, were the honored guests at a reception held last evening at McKinley Hall from 8 until 10 o'clock.

Reverend the Rev. and Mrs. Wyatt, the Rev. and Mrs. R. C. Knight, and Mr. and Mrs. R. C. Hutchison are present.

If you're dining out on the patio on the terrace or merely in the backyard, avoid smoking candles by coating them first with a "paste" of thick soap-suds. Roll each candle thick and both between the well-soaped palms of your hands to be sure it's thoroughly coated—except the wick. Wipe off the excess soap, let the candles dry, and you'll find that they will burn evenly without dripping, smoking, or causing a "sizzle" over the dinner table.

RECEIVE DANCING LESSONS—Servicemen and USO junior hostesses received dancing lessons last night at the Navy Center when William Campson donated his time to teach dancing to the group. A large crowd turned out to take advantage of the lessons. Mr. Campson is pictured with Miss Peggy Best who is being shown a special act. Refreshments were served during the evening by the senior hostesses, Mrs. Peggy Kahn and Miss Betty Wolfman, of the Business and Professional Women's Club. Assisting were Mrs. D. L. McLaughlin and Mrs. R. W. Tench, program chairman. A Patio Dance is scheduled for tomorrow night at the USO. (Staff Photo)

Cirilo

ADVERTISED IN CHARM... August 1954

A Cirilo Suit with an air of success—thanks to the silk-and-worsted texture of the fabric, “American Beauty”. American ingenuity combines the best features of two fibres to produce this superior blend. Different shadings of acetate and rayon yarn—twisted into strands before weaving—produce a blend that feels like fine worsted, introduces new color effects... resists wrinkles... looks exactly like the costly, imported silk-and-worsted blends. Burbank blue, Greeley grey, Burroughs Brown. 10 to 20.

Pointing toward a rugged 10-game schedule which includes four East Florida Conference foes and a Big Ten rival, Co-coaches Fred Ganas and Bill Fleming said today that Seminole High School's football squad will undergo initial drills next Monday at 8:30 a. m. approximately 75 candidates are expected to turn-out for the inauguration of practice.

The coaches indicated that the team will be built around a nucleus of seven returning lettermen from the 1953 team which produced a 6-3-1 record. Returnees include Harold Pate, Larry Bates, Robert Harvey and Gene Bass in the line, and John Jones, Jim Hawkins and Ralph Flowers in the backfield.

The schedule is comprised of

FRED GANAS

four home games and six road encounters. Ganas pointed out that it was intended that another home game be played, but Seale, an SEC advisory, refused to meet the Celery Feds here this season. The Seminole team played in Daytona Beach last season, but Seale's officials refused to go along with a home-and-home contract.

Ganas said it was necessary to slate Key West in an unusual three-day schedule. Home games are against East St. Augustine, Leesburg, St. Augustine and DeLand.

Basically, the team will function with an unbalanced line, single-wing offense, Fleming said, but he indicated that he expects to sprinkle the attack with variations, pointing out that particularly emphasis might be placed upon the Tennessee set. Though it is much too early to tell, he said, Jones is expected to man the running-back slot, while Hawkins will be favored in the driving full-back position. Flowers, Fleming feels, is particularly adept at the blocking-back post.

Ganas and Fleming mentioned the names of Robert Newsome,

BILL FLEMING

Bob Snowmaker, Dallas Turner and Robert Carter, all reserves from last year's squad, and said they were expecting all to give the lettermen a "tough battle for the opening positions."

Under Florida high school athletic rules, headless practices must be held until Sept. 1. After then the hard contact begins, the coaches said, for the Sept. 17 opener against Apopka's Judy Darts.

Seminole High will meet Eustis here Sept. 25, Leesburg here Oct. 1, Key West there Oct. 8, Palatka here Oct. 15, St. Augustine here Oct. 22, Winter Park there Oct. 29, New Smyrna there Nov. 6, Edgewater in Orlando Nov. 20, and DeLand here Nov. 24.

Cardinals Lose Last Home Game To Airmen, 17-0

In their final home tilt, Sanford's Cardinals endured a disheartening 17-0 defeat at the hands of the Pinecastle Air Force Base Hi-Flyers at Memorial Stadium last night as Karl DeJonghe limited the locals to but three safeties while the Flyers connected with the offerings of a parade of Sanford pitchers.

The Cards, stale from a three week lay-off of action, played raggedly and failed to own their usual potent hitting eyes. Defensively, Mel Fleischer, Charlie Thomas, Lloyd Swain and Buddy Lake went to the mound in a vain effort to quell the visitor's bats.

Pinecastle has lost but a single tilt this season, a 2-0 shut-out by the Sanford club in their last meeting here, Sunday the season will end with Sanford traveling to Kissimmee to conclude play against the Hi-Flyers, league champions.

Coaches Predict Scoring Aplenty In All-Star Tilt

GAINESVILLE.—Both coaches predict plenty of scoring in tonight's annual Florida all-star high school football game. The South team, with more beef in the line, has been labeled as favorite in the fray which begins on Florida Field at 8 p. m.

South Coach Charlie Tate (Miami High) said "We've got the boys in the line to give our backs the running room they need, and we definitely expect to move the ball."

The Southerners who have won three of five previous all-star games average 194 pounds in the line compared to the North. The North, however, has the bigger backs: 191 pounds on the average against 169 for the opposition.

North Coach Ed Slack (Leesburg) indicated his squad will rely heavily on the air with a "passing game." "We got into condition quickly and had a very good practice," he said. "My team's total passing game is now very sharp." Coach Priest and Pennington's Ronnie Williams are scheduled to do the throwing from quarterback.

Jim Houdreder of Miami Jackson will open as quarterback for the South with Dick McCallister of Tusculum slated to spell him.

GAINESVILLE.—The Florida State Sports Writers Assn. will give awards to four "outstanding scholar athletes" during halftime ceremonies at the Florida high school all-star football game tonight.

The four, recommended by the boys' coaches and teachers, are Terry Hagan Jr., Andrew Jackson High, Jacksonville, for Class AA schools; Dick Holloway, Leesburg, Class A; Arthur Crabbs, Branford, Class B; and Don Reiter, Wewahatcha, Class C.

Dyron Hollingsworth, sports editor of the Tampa Morning Tribune and president of the sports writers association, will present the award which is based on outstanding scholarship, sportsmanship, leadership and athletic ability while in high school.

CHUCK HARBERT, WHO, AT 39, FINALLY BROKE THROUGH WITH A NATIONAL GOLF CHAMPIONSHIP WINNING THE P.G.A.

CHUCK'S WIN WAS A PLUG FOR PERSEVERANCE, IT WAS HIS 9TH TRY AND THE 3RD TIME HE'D REACHED THE FINALS

Moore Beats Johnson With TKO, Will Seek Title Fight Sept. 23

NEW YORK.—A spectacular "called shot" technical knockout over able Harold Johnson in the 14th round added luster to light heavyweight champion Archie Moore's great record today.

Now the 37-year old lusterful marvel will seek to fatten his bankroll with a Sept. 23 title fight in Omaha against either Joey Maxim or Jimmy Slade.

Maxim, beaten three out of three by the magnificent Moore, appears more likely to get the payday. His very manager, Jack (Doc) Kearns will meet sometime today with Charley Johnston, Moore's manager, and members of the Omaha Central Committee to talk terms.

After stopping the fast-punching softly built Johnson in a dramatic come-from-behind fashion for his 19th straight victory, Moore said he'd like to fight either heavy-weight champion Rocky Marciano or Don Cockell, the British heavy-weight king.

Manager Johnston, a realistic soul, said "Marciano has that Sept. 15 title fight with Ezzard Charles and I know Cockell doesn't want any part of Archie. We want the dough and they're offering Archie."

Moore was ready, too, when Johnston told him to go out and "get" Johnson in the 14th.

"I'll knock him out in this round," Johnston said Moore told him. He did in just 36 seconds.

The crumpling champion tore after his firing rival, staggered him with a right to the chin, and then reared behind on his raging rival. Johnson fell on his back in his own corner.

The Philadelphia Negro clamored up at six but his legs were rubbery. Heiferie Rudy Guidone stepped in and stopped the slaughter.

Although Moore was trailing good into the 14th, two of the three fouls had him behind, the 175-pound ruler said he had no doubts

about the outcome. "I knew I'd get him," said Archie. Johnson deked Moore in the 10th with a right behind the ear. If the fight had been a ten rounder Harold would have won. All three officials had him ahead then. Goldstein had it 5-3, Judge Bert Grant 5-4 and Judge Arthur Aldais, 7-3.

"I made one mistake," said the cretaceous loser. "My corner told me not to back up straight but I did and he got me."

Fight Results

NEW YORK.—World light heavy-weight champion Archie Moore, 175, Miami, stopped Harold Johnson, 173, Philadelphia, in 14 rounds.

WORLD HEAVYWEIGHT CHAMPION YASUHIRO KAWA, 125, Japan, outpointed Albert Beronzo, 125, Argentina, in non-title bout.

Red Hats Jump To League Lead With Twin Wins

BY THE ASSOCIATED PRESS
DeLand jumped from third place to the top of the Florida State League last night by shutting out Orlando's CB's, erstwhile front-runners, 2-0 and 3-0 in a double-header.

The victories, Nos. 4 and 5 in succession for the surging Red Hats, came with left-handed pitchers doing the honors.

Pete Rogers allowed the CB's only four hits in the first game and Jim Ruiz yielded only five in the second.

Cocoa, which hadn't scored a run in its previous two outings, blanked second-place Lakeland 3-0, denying the Pilots their long sought goal of first place. Phil Filatrault's two-run homer in the fifth was the big blow. Jose Ayon received credit for the victory although he needed help from Joe Drach.

Fourth-place Jacksonville Beach, only three games off the pace, stopped a 17-hit Daytona Beach onslaught to win 15-6. The Sea Bird batters blasted 12 hits themselves.

When Bill Ballard, staff artist for the Raleigh, N. C. News and Observer, hooked a 6-pound bass that had some other fishermen's spinning lure caught in its mouth, the put an ad in his paper's last and found column.

There will be 78 boats, representing 23 clubs, in the 12th U. S. Atlantic Tuna Tournament off Ft. Smith, L. I., between Aug. 31-Sept. 2.

Spring Hill Picked For Cage Tourney

JACKSONVILLE.—The Spring Hill college basketball team from Mobile, Ala., was today named the third team to be selected for the fourth annual Gator Bowl basketball tourney which will be played in Jacksonville the nights of Dec. 23 and 24.

The Badgers had a 16 and 10 record last year and posted wins over Loyola, Tulane, Stetson, Florida State University, and Georgia Teachers.

Florida and FSU have already accepted bids to participate in the single elimination tourney and the remaining spot is expected to be filled within a day or two.

40 Pay \$2 Fines On Meter Tickets

In reviewing his monthly report to the City Commission, Police Chief Roy Williams today pointed out the large number of charges against persons who have ignored or overlooked the payment of 25 cents for overtime meter parking.

Out of a total of 194 cases during the month of July, Williams said this was the largest bracket with 40 fines of two dollars being levied against these offenders.

The fine for overtime parking at a meter is 25 cents, he said, but it increases to two dollars after 24 hours. If a second summons is ignored, Chief Williams indicated that an arrest is usually made, upping costs to include a warrant and police charges.

The July summary shows \$3,956 collected through court fines \$1,494.66 from money deposited in parking meters and \$139 from parking meter fines.

Leading violations from traffic cases, he said, were exceeding the legal speed limit, 25 cases, and 24 charges of careless and negligent driving. Slower in the report were charges ranging from violation of permitting an improperly licensed driver to operate a motor vehicle.

Of the 194 cases, seven were dismissed.

Legal Notice

NOTICE TO APPEAR
THE STATE OF FLORIDA vs. LARRY J. HUBBARD, et al.
A Sworn complaint having been filed against one in the Circuit Court in and for Duval County, Florida, in a habeas corpus proceeding, and the contents and effect of the petition and writ of habeas corpus being known to the defendant, he is hereby notified to appear in court on the 20th day of August, 1954, at 10 o'clock A. M., before the undersigned Judge of the Circuit Court in and for Duval County, Florida, at the Court House, Jacksonville, Florida, to answer to the writ of habeas corpus and to the charges therein contained, and to show cause why he should not be committed to the custody of the Sheriff of Duval County, Florida, in accordance with the provisions of the writ of habeas corpus.

CARE Authorizes \$10,000 In Aid For War Refugees

NEW YORK.— CARE has authorized an immediate emergency distribution of \$10,000 worth of basic foods to help feed the thousands of refugees descending upon Saigon from communist northern Vietnam.

Paul Comly French, executive director, today announced the emergency appropriation at CARE headquarters, 660 First Ave., New York City. He appealed to Americans to cover the agency's commitments by sending contributions immediately to the "CARE for Vietnam Refugees" campaign at any CARE address. The food situation is so critical, he said, that it was imperative for CARE "to act first, and ask later."

The interim supplies, French explained, will be purchased by John V. Docherty, CARE's Far East regional director who is now in Saigon, from all available local or nearby sources, pending arrival of the first 10,000 CARE food packages especially prepared for Vietnam.

Counting these packages, for which Americans are asked to subscribe \$5 each, and supplemental purchases of salt cod, the latest acquisition means that CARE has already committed itself to \$61,500 worth of initial aid for the Vietnamese refugees.

"CARE is banking upon the American people," French stressed. "Refugees swarming into the still free areas of French Indo-China have turned their backs on communism. They must be assured that they have chosen the right side. Food is the best possible assurance for hungry people. In view of the critical food needs reported by the CARE Mission in Saigon, we felt we could not wait for designated funds—we had to act first, and ask later. I am confident the American public will show their approval of our action by covering the costs of these initial supplies and much more."

The emergency rations, like the CARE packages to come later, will be clearly identified as gifts from the American people. According to Docherty's estimates, each 60 cents contribution will provide a basic though minimum diet for a family of five for one day.

Distributions will supplement feeding efforts of the Vietnamese Government. Though the government is doing its best, the regional director's cables have explained, it cannot purchase adequate food supplies because its "coffers are nearly empty and income reduced as a result of the partition."

This was confirmed, French said, in an interview granted an American newspaper correspondent by Vietnamese Premier Ngo Dinh Diem, who stated his government has already borrowed \$30 million. Dr. Diem said the number of refugees might reach as high as 1,000,000 and listed "food and shelter" as prime needs.

The nationwide CARE campaign is the only private-agency program for Vietnamese refugee relief. It was launched July 31, on the heels of the truce agreement, with an appeal for public support by Vice-President Richard M. Nixon.

CONTRARY STAIRS!
OMAHA (AP)—A gray-haired lady, shopping in a modernized department store, arrived at the second floor quite breathless.

"They certainly make some things hard," she observed.

She had climbed the steps of the "down" escalator.

Minister Treads Boards In East

DENNIS, Mass.—The Rev. S. C. Vern Bowman, rector of Holy Spirit Episcopal Church, has been doubling in brass this week.

He played the part of a doctor in Richard Aldrich's production of "Heaven Can Wait" at the playhouse here. He also wrote a review of the play for the newspaper Cape Codder.

Without referring to himself by name the rector wrote of his performance: "It was obvious the frustrated ham reading the lines of the doctor was having the time of his life. Let us hope this is not the beginning of the disintegration of the American theater."

LA's Polio Cases Hit Epidemic Size

LOS ANGELES (AP)—Polio has reached epidemic proportions in Los Angeles, the City Health Department says, and this month and next comprise the peak period for the disease.

Health authorities said 11 new cases were reported yesterday, bringing the year's total to 300 with 2 deaths. This total, they said, is the highest since 1948, when 1,314 cases and 53 deaths were recorded for the year.

Lord Russell Resigns

LONDON (AP)—Lord Russell of Liverpool said today he has been forced to resign his \$6,100-a-year government job because of a book he has written reviewing German atrocities of World War II.

The 59-year-old Conservative peer said Prime Minister Churchill's government held that the book, "The Source of the Swastika," would inflame Britons opposing the efforts of the British and American governments to re-arm West Germany.

Demo Fund Drive Headed by Tampan

FORT MYERS (AP)—The "Dollars for Democrats" drive in Florida to build up the party's campaign chest for the fall elections will be headed by Mrs. Janet Thomas of Fort Myers.

Mrs. Thomas, who was appointed yesterday, said half the money raised would go to the national committee and half to the state to help pay campaign expenses. She is vice chairman of the State Democratic Executive Committee.

Strolling In Sanford

O. D. Phillip is a new employee of the Seminole Jalousie Co., 207 W. First St. He formerly was employed by the U. S. Gypsum Co. and the Carey Stone Co.

Two students from the Sanford area will receive degrees at Southeastern University summer session commencement to be held at 8 p. m. today in Elizabeth Hall. The Rev. Jack B. Noffsinger, pastor of the First Baptist Church in Gainesville, will give the commencement address. Miss Ruth Archer of Asheville, N. C., minister of music of the First Baptist Church here, will receive the Bachelor of Music degree. She teaches the third grade at the Enterprise School.

Recent visitors of Mrs. Clara Jobe, who is bed-ridden at the home of her parents in Marion, Ga., were Mrs. Velma Gonzalez, her son, Robert, and James Manning, last week, and Miss Carolyn Rogers this week. Mrs. Gonzalez said Mrs. Jobe's condition was reported to be improved.

The Rev. Hans Arbakken and three daughters, Mia, Hana Britt and Christine have arrived in the United States from Constantinople, Algeria, North Africa, for a year's stay. They arrived in Jacksonville yesterday. Mrs. Arbakken and her other two children, Hjord and Hoff, have been here for some time and are at present with Mrs. Arbakken's mother, Mrs. Annie Meriwether in Daytona Beach. They plan to visit here, Methodist missionaries to North Africa, the Rev. and Mrs. Arbakken plan to remain in Florida until Aug. 26 when they will go to Hartford, Conn. to study for a year before returning to their post. While in Sanford they are guests of Mrs. Arbakken's aunt and uncle Mr. and Mrs. Henry Russell. Mrs. Arbakken will be remembered as the former Ellen Meriwether.

None of the four Kiwanians who won silver dollars at the luncheon meeting Wednesday noon returned them, as requested by Charlie Morrison, who staged one of his "mootings" at the Kiwanis Club picnic for E. C. Harper of the Sanford Electric Company, which donated the "George B. Buckle" after Lester Tharp, fifth holder of the trophy. The Kiwanis club members and their wives, Charlie announced that he would be at the club as they left to take their trip. The trophy was only loaned by Mr. Harper, for the occasion.

Traffic Parleys Slated For Fall

TALLAHASSEE — The 1951 Florida Highway Safety and Traffic Conference will be held in St. Petersburg, Oct. 12 conference secretary Roger Collier of the Florida Highway Patrol, announced here today.

The program will be patterned after the White House conference which was called by President Eisenhower and held earlier this year in the nation's capital.

Speakers for both conferences will include local and nationally recognized safety authorities. The program is now in the process of being drawn.

Acting Governor Charles E. Johns and other members of the cabinet will be invited to the two-day meeting which will be in the Lorenzo Hotel, Collier said.

Representatives of labor, agriculture, business, women, public officials, public information media, religious, fraternal service and veterans groups, and youth will be among the delegates.

Police Close Case Of Moving Corpse

ALLIANCE, Ohio — Alliance police closed out the case of the disappearing corpse yesterday.

They investigated after eight men reported a dead man lying in the road, and arrested four 19-year-old pranksters.

The youths, said police, fashioned and clothed a straw man and put in on the highway with a rope attached. When any startled motorist stopped, the boys jerked the dummy away.

Miss U. S. A. Told To Buy Bonds

LOS ANGELES — Miss U. S. A. of 1951 must buy a U. S. Savings Bond each week.

Superior Court yesterday approved the 7-year contract of Miss Myra Hansen, 30, with Universal International Sales and Advertising Co. to purchase a \$25 bond weekly from her earnings. The pact calls for a salary of \$200 a week with an eventual weekly maximum of \$300.

Miss Hansen represented Illinois in last year's Miss Universe contest.

Sheriff Doubts Suspect Is Gunman-Rapist

Hitchhiker Held At Bronson Jail Doesn't Fit Attacker's Description

DUNTSVILLE (AP)—Sheriff H. T. Williams of Brevard County—where two women were raped a week apart—said today he doubted a hitchhiker held in Bronson is the man sought in a statewide search but that he may have the victims look him over.

"The description doesn't exactly fit descriptions we've had from the victims," he said.

The man sought in the two rapings and for molesting four other women and girls in Central Florida has been described as dark haired and complexioned with long sideburns, about 20, and at least six feet tall. The man held by Levy County authorities at Bronson is less than six feet.

The State Highway Patrol put the search on a statewide basis yesterday after Central Florida police and sheriffs said they are convinced the rapist is a sex maniac liable to strike again without warning.

A light colored Buick the man has accosted victims in is believed to be registered in Brevard.

Police Chief Walter Wilkes of Davenport, 100 miles away, reported that he noticed a gray Buick with license number starting "19W" in his town about the same time a 19-year-old Orlando girl visiting there reported she was accosted by the man designated for Brevard County.

The young woman said the driver of a gray Buick asked her for traffic directions, then tried to force her into his car at gunpoint. He drove off when she screamed. Her description of the foundation is that given by the two rape victims and of three other women molested.

A housewife on Merritt Island in Brevard was raped the same day, Wednesday, the girl was approached in Davenport.

Deputy Sheriff Jimmy Dunn said the housewife told him the attacker came to her door and asked about renting the house next door. She went to look up the address and when she turned around he was inside the house holding a gun on her. "I'll kill you if you cry out," she quoted him as saying as he held her hands, blindfolded and raped her.

The first rape occurred at Titusville Aug. 3. A dark, sideburned man forced two young women into his car, reportedly a dirty cream Buick, and held a gun on one while he attacked the other.

Two young girls reported they were molested by the man at an Orlando street corner a day earlier.

CAMP SPRINGS, Md. — Three bandits "cleared out" the vault of the Southern Air Force Base branch bank today, reaping with an estimated \$100,000.

Three Negroes were picked up for a "roadside" stop near the air base a short time later and held by police for questioning about the holdup.

Andrew Field is just southeast of Washington, about ten miles from the Capital.

A stunned official of the parent First National Bank of Southern Maryland said there was about \$100,000 in the vault, and "they (the bandits) cleaned it out."

They were no shooting, but an officer from the air base said an unidentified airman was "roughed up." He was not chipped as is usual.

The bandits, all Negroes, entered the branch bank just a little after 11 o'clock at 9 a. m.

They quickly overpowered the four employees, two of them women into the vault and locked them in after picking up the money.

The employees were Robert D. Pinkney, manager; Milton Hill, clerical; Mrs. Margaret Swisher and Mrs. Bernadine Westcamp. None of them was injured.

Beall Sasser, assistant cashier at the main office in Upper Marlboro, Md., said about half of the cash had been sent to the bank by registered mail last night.

It was picked up at the air base post office a half hour before the robbery. The branch occupies half of a cement building on Texas Avenue across the street from base headquarters.

Sasser said the needs of the base finance officer for ready cash required the bank to keep large sums of money on hand.

The employees freed themselves by means of a release installed in the vault for that purpose.

One of the bandits was reported to have been armed with a German Lager pistol.

All six main exit gates from the air base were immediately locked by air police. Prince Georges County police and FBI agents set up road blocks in the area.

The Friday the 13th holdup was the first big bank robbery in Maryland since a branch bank in Baltimore was robbed of \$30,000 last April Fool's Day.

It was the third bank robbery on a military base in recent months. The Ft. Meade branch bank was robbed of \$20,000 March 20, 1951, and again of \$40,000 the following December 22.

FATALLY SHOT — Robert Whaley, 16, was hunting rabbits in the rear of a used car lot here yesterday when his shotgun discharged, killing him instantly.

Company To Start Contract

The Hubbard Construction Co., Orlando, will come here Monday to start operations in the sewer and water program, according to City Mgr. Warren Knowles.

This company, the last to start work in the sewer program, will establish headquarters in block four of the Bell Air subdivision. Work will start in the central portion of the subdivision and go south.

Work of installing sewer extensions and replacements, the construction of a lift station at the south west corner of the Wainwright subdivision and the installation of some storm drainage facilities in the Mayfair section and the east boundaries of the Wainwright subdivision.

The cost set for the work, designated as contract four, is \$250,000. This contract was the last to be enacted by the City commission after it was felt that first figures were too high.

Other companies already at work on the sewer project are as follows:

McFadden Bros., Bessmer, Ala., which is doing contracts five and six.

Humbly and Simpson, Orlando, which is doing contract seven.

The Whitmore Tank Co., Jacksonville, will build the elevated storage tank slated in the water program after the foundation is laid at the old ball park, Melvinville Ave. and 13th St. Cost of the tank, designated as contract one, will be \$39,642.

The Peninsular Construction Co., Pineville, is building the foundation for the tank and is nearly finished, according to Knowles.

Cost of the foundation, designated as contract two, is \$9,000.

Also in progress is the installation of water main extensions by E. H. Holcomb Jr., Clearwater, which work is included in contract three, set at \$66,444.21.

The company was working at Randolph St. and Sumner Ave. this morning.

Only Friday, 13th In 1954 Is Today

Today is the only Friday the 13th in 1954 in the United States. For those that are superstitious, today is a lucky day.

According to Collins' Almanac, because of the peculiar alignment of the sun, moon and planets, Friday the 13th is a day of superstitions.

Five Convicts Escape Prison

SOUTH FOLK, Mass. — Five out of the state prison colony last night and taking one of them as a hostage, successfully eluded a manhunt today.

Police departments in key New England cities were warned by Massachusetts state police that at least one "escapee has a gun and that all are dangerous."

This was the second break for four of the last three months.

The convicts, said to have taken as hostage prison guard Walter F. De Alder, 29, of Lawrence.

The men were identified as James L. Schwartz, 37, of Malden, serving 6 to 27 years for robbery; Martin F. Fenney, 30, of Boston, serving 12 to 17 years for a 1949 Belmont bank robbery that netted \$57,710.

Richard Lavoie, 40, of Woonsocket, R. I., serving 12 to 15 years for shooting a policeman during a drug store holdup in Waterbury.

CRASH IS FATAL — EGLIN AIR FORCE BASE — 2nd Lt. Jay L. Barnes, 23, of Grove City, Penn., was killed when an F80 all-weather interceptor crashed the Eglin public information office said last night.

Alleged Communist Leaders Found Guilty By Jury Today

YOUNG BOYS—Two young boys, Buttons and Bloss, are shown in their new pen at the Sanford zoo. Feeding them are Jerry Adams, son of Capt. and Mrs. William F. Trinker, Daytona Beach, and Oswald Adams, son assistant zoo keeper. (Staff Photo)

State Vets Service Officer Makes Monthly Visits Here

Tom B. Deen and Karolye Housholder, Seminole County veterans service officer, point out that \$2,282.79 was recovered for local veterans during the last fiscal year. Deen, assistant state veterans service officer from Jacksonville, was here yesterday on his monthly visit as a special consultant for Seminole County veterans.

We are here to help veterans of any war with any problem concerning their compensation on the state, county or federal level," Deen said, indicating that he was experiencing a busy tenure today with local ex-servicemen. "For example," the state officer went on, "this morning we dealt with the veterans of the first World War who are seeking their pensions."

Another case concerned a vet who was disabled during his service and is still bothered with an injury. Since our state facilities are not equipped to handle his condition, we are seeking to send him to the Mayo Clinic in Chicago," he continued. "My own problem is our profit in 'Green'."

Housholder, who is assisted in Seminole County by Mrs. Nancy Steele, added that his office in vided ex-servicemen to some in aid discuss their problems.

Young Mother Stabbed Fatally

CLEVELAND (AP)—A young mother was stabbed to death in her home today while her two daughters slept in the next room.

Police said the man who slit her throat apparently also raped 24-year-old Mrs. Lois Gilles.

The woman's husband, Donald, a 29-year-old railroad freight receiver, told police he found his body when he returned home after helping repair a friends' automobile.

Detectives said the killer apparently climbed through a window to the first floor bedroom. The children, Beverly, 4, and Diane, 5, slept through the killing.

Clayton Roan Rites Will Be Sunday

Services will be held in Jacksonville Sunday at 2 p. m. for Clayton Roan, Jacksonville, former Sanford resident, who was dead upon arrival at the St. Vincent's Hospital in Jacksonville Thursday after being found unconscious in a building under construction.

Burial will be in the Evergreen Cemetery, Sanford, Monday at 2 p. m.

Cause of death was undetermined last night. Police said the man apparently was working with an electric drill when he slumped to the floor.

Survivors include his widow, a daughter, Miss Margaret Ann Roan, San Diego, Calif.; a son, Thomas W. Roan, Jacksonville; mother, Mrs. Mattie Gardner, Sanford; a sister, Mrs. Edeline Stewart, New York City, and two grandchildren.

Sludbaker Men Vote To Accept Cuts In Wages

SOUTH BEND (AP)—Robert Miller thinks he can afford to put up the higher bids now.

Robert Miller is a Sludbaker automobile worker.

He is one of the 3,000 auto workers who voted yesterday to accept a cut in his hourly wages. Along with other workers he went to a high school football stadium in South Bend, heard the arguments on both sides, and then made his decision.

It was a unique event in the history of industrial relations in America.

Miller in South Bend like 75,000 other auto workers here voted to accept the cut.

They say the cut will save them \$1.00 a week.

The CIO United Auto Workers Workers agreed by an overwhelming vote to accept the wage reductions in order to get Sludbaker in a better competitive position by lowering production costs.

The company has reported a loss of nearly nine million dollars for the first six months of 1951. It also dropped from 100 million dollars in the first half of last year to 75 million this year.

The wage scale on an executive scale is more than 20 years old.

Officials told the union the company could no longer pay such a high wage.

The pinch began to be felt some months ago. This is what it meant to Robert Miller.

He is 28, married, with two small children—a son, Wayne, 4, and a daughter, Jan, 11 months.

When he got out of the Navy in 1946 he went to work in the Sludbaker plant.

A peak as a metal finisher, he takes home pay was \$150 a month.

Picture May Be Worth Millions

NEW YORK (AP)—A Chicago art collector paid \$150 for a painting which an expert has valued at \$1 million.

The picture is a Leonardo da Vinci "Madonna and Child," says Dr. Maurice H. Goldblatt, director of the art galleries of the University of Notre Dame in South Bend, Ind.

Dr. Hanns H. Teichert, Chicago dealer, bought the painting here about four months ago and asked Dr. Goldblatt's opinion. Painted in oil on wood 25 by 20 1/2 inches, it was in possession of a New York antique dealer who said it was done by an unknown artist.

Dr. Goldblatt said an amateur had overpainted parts of the face and neck to make them narrower and also had overpainted the upper left eyelid and eye to enlarge the opening between the lids and make more of the eyeball visible. He suggested the overpainting be removed and the result, Dr. Goldblatt says, was "electrifying."

Rubber Workers Start Big Strike

CLEVELAND (AP)—The rubber industry's second major strike erupted across the nation today as 25,000 CIO United Rubber Workers walked off their jobs at Firestone Tire & Rubber Co. plants in eight cities.

Union officials, who called a strike of 25,000 Goodyear Tire & Rubber Co. workers last July 7, triggered the action against Firestone to coincide with their contract's midnight deadline.

Together the two actions put more than 48,000 rubber workers—a third of the industry's union members—on strike.

Trial Goes 47 Days Before End Charges Made On Smith Act

PHILADELPHIA (AP)—A federal court jury of seven women and five men today found nine alleged Communist leaders guilty of conspiracy to teach and advocate overthrow of the government of the United States by force and violence.

The specific charges alleged violation of the Smith Act, Maximum penalty on each count is a 5-year prison term and a fine of \$10,000.

ATL Thomas D. McBride, court-appointed head of defense counsel, objected to immediate imposition of sentence, and filed with Judge Robert Rosen, a temporary motion for acquittal or a new trial.

None of the defendants testified in his own defense, though Joseph Korman, 42, was granted court permission to act as his own attorney.

Other defendants, besides Korman, are Robert Klenyok, 35, Sam George Hoff, 41, also known as Joseph Korman, Benjamin Benet, 38, David Dubinsky, 46, also known as David Davis, Thomas Neblin, 51, Irwin Katz, 35, Walter Lowenthal, 36, and Sherman Labovitz, 29 all of Philadelphia.

It was a unique event in the history of industrial relations in America.

Miller in South Bend like 75,000 other auto workers here voted to accept the cut.

They say the cut will save them \$1.00 a week.

The CIO United Auto Workers Workers agreed by an overwhelming vote to accept the wage reductions in order to get Sludbaker in a better competitive position by lowering production costs.

The company has reported a loss of nearly nine million dollars for the first six months of 1951. It also dropped from 100 million dollars in the first half of last year to 75 million this year.

The wage scale on an executive scale is more than 20 years old.

Officials told the union the company could no longer pay such a high wage.

The pinch began to be felt some months ago. This is what it meant to Robert Miller.

He is 28, married, with two small children—a son, Wayne, 4, and a daughter, Jan, 11 months.

When he got out of the Navy in 1946 he went to work in the Sludbaker plant.

A peak as a metal finisher, he takes home pay was \$150 a month.

H. School Girl Attacked, Killed

TOLEDO, Ohio — Sheriff's deputies searched a lonely woods west of here today for clues to the identity of a fiend who dragged a pretty high school girl from her bicycle and then raped and killed her.

The bloody and nearly nude body of Blithyn Frances Mary, 16, was found in the woods by three terrified women relatives yesterday after she had been reported missing.

Near the scene, deputies found the girl's bicycle, her spectacles and scattered pieces of the mail she had brought from the box.

Dr. Paul Holly, Lucas County coroner, performed an autopsy on the body last night and determined that the girl had been raped.

Mary Jolene had been staying for a few days with an aunt, Mrs. Mary Bond, whose son, George, was the girl's legal guardian.

When the girl didn't return for several hours, Mrs. Bond phoned several other relatives in a search for her.

MAIL TRUCK DRIVER IS ARRESTED

TALLAHASSEE (AP)—The mail man got through but not too fast, Mrs. Gen. Richard Ervin ruled today.

He told Patrolman Francis J. McCoy of the Orlando Police Department a policeman has the right to arrest a mail truck driver for speeding.

However, unreasonable speed restrictions can't be imposed, he said. Nor may a local ordinance conflict with Post Office directives setting higher speeds for mail trucks to meet necessary schedules.
