TV Studio Layout At Milan Called Europe's Best

MILAN — The greatest believe of activity in Milan these days is a compound of ancient modern buildings away from the center of the city.

The coming and going of uniformed messengers the automobile traffic, the jammed parking lots — all indicate that things of significance are going on behind those gray walls.

This is the local headquarters of RAI-Radio Audison Italia — which is the source of Italy's own television.

Italians are proud of it, probably prouder than any other nation on the European continent that has embraced the new medium.

Television sets are everywhere in Italy. Antenna masts rise grotesquely over the palazzinos flanking the canals of Venice, over the old buildings of Florence, over the balconies of Verona.

This is hardly a hotel lobby without a television set, and not an old-fashioned little thing at that, but a modern cabinet with a huge screen and perfect reception.

Of course, I had seen TV sets elsewhere in Europe, but I had not seen a television "city" anywhere on the Continent as impressive as RAI's headquarters here.

For that matter, even the BBC in London has nothing that compares with Milan. When BBC's model new Television House is

ready in about five years, it may prove the finest in Europe, unless Rome has its own model Television House built by then.

As things stand now, even proud Rome is behind Milan, although Milan is merely a secondary source of Italy's over-all TV programming.

Four huge modern television stages, all hermetically sealed from outside, air-conditioned and well-lighted, are better than most sound stages at the Italian film studios. Cinecittà in Rome probably is the only such studio with facilities more elaborate than Milan's TV center.

The four studios, are constantly in use. On the day I inspected them, workers were busy erecting sets, a second was being dressed up, a rehearsal was going on inside the third and a play was being televised from the fourth. In the halls, actors in costume, carrying theatrical make-up, were standing or sitting in groups awaiting calls.

Much Enthusiasm
Italian TV is trying out new talent. It gives newcomers their great chance of popular recognition. Movie stars are staying aloof from the medium for fear it may hurt them in the movie houses.

I met one petite blonde with a most striking face, heard the name, Alessandra Panaro, for the first time, but felt immediately that here must be a star in the making.

Alessandra started out by acting in children's television shows. Now 17, she acts in adult plays and has appeared in several Italian pictures as a result of her being seen on T.V.

"I am not the only one," she said. "There are dozens of young stars who mention RAI in their daily prayer. We wouldn't have had a chance without television. Our movie industry is shot to pieces and competition on the stage from the established actors and actresses makes it impossible for a newcomer to get in."

Alessandra's feeling is typical of the general atmosphere at RAI. They're all enthusiastic about the new medium, from Dottore Mori, who heads the programming, down to the carpenter.

When I told the chief carpenter that I had seen TV studios everywhere, yet nowhere such beautiful sets, he shrugged and replied proudly.

"Well, signore, I suppose we don't know how to make things any other way."

Views On Proposed Zoning Bill Vary

Paddock Assumes Duties As Bank's Vice President

Bruce G. Paddock, formerly associated with the First National Bank of Chicago, arrived in Sanford Monday and took over duties as vice president of the Sanford Atlantic National Bank here yesterday.

He will be in charge of the installment loan department of the bank.

Paddock, associated in banking since 1939, attended Northwestern University at Evanston, Ill., where he majored in economics and banking.

He is a member of the Elks Club of Aurora, Ill.; the Moose Lodge of Brookfield, Ill.; the Lu-Grange Club in which he is a past director; a past director of the LaGrange Chamber of Commerce and a member of the Illinois State Chamber of Commerce; a member of the Masonic Blue Lodge; and a member of the American Legion.

"This is my first trip to Sanford," said Paddock, "however, I have spent about four vacations in Florida."

"Sanford has a good future," he said, "because it is a well located city with a diversity of enterprises."

"I know I am going to like it," said the bank's new Vice President.

Paddock said that his wife, Catherine, and two daughters, Susan, seven, and Patricia, five, will arrive in Sanford in June just as soon as schools close.

Paddock is a member of the Episcopal Church in which he is a past treasurer of his church's organization in Illinois.

Announcement of Paddock's arrival in Sanford was made by Robert G. Bauman, president of the Sanford Atlantic National Bank.

Committee Approves Welfare, Labor Funds

WASHINGTON (U)—The House Appropriations Committee today approved with only minor reductions requested funds to finance the government's welfare and labor programs next year.

The committee cut only 3.8 percent in a presidential request for 2.9 billion dollars to run the Labor and Health, Education and Welfare departments, and related minor agencies, in the 12 months starting July 1.

Today's reductions were noticeably smaller than those made previously.

The committee voted routine cuts throughout the Labor Department budget and managed a few from Health, Education and

Welfare. Most of the big medical, research, and hospital programs got all they asked, however.

The committee claimed total cuts of 111.9 million, recommending to the House appropriations of about 2.8 billion. But a big chunk of the reduction—794 million—was in grants to states for public assistance programs, and represented no more than the committee's belief that demand won't be as high as estimated by the Social Security Administration. If the money runs out, more will have to be provided.

No Magic Formula

The committee acted after hearing a subcommittee's report that "magic" formulas for cutting the budget won't work and that the way to cut government spending is to quit approving new functions.

Here are key allowances in the bill:

Labor Department, \$384,364,300, a cut of \$20,311,700.

Department of Health, Education & Welfare, \$2,487,684,581, a cut of \$94,430,000 but \$621,800 more than the agency got for the current year.

The Food and Drug Administration, the National Institutes of Health, the Public Health Service hospital and medical program and the program of federal grants for hospital construction got all they requested.

He stated that the original bill to protect the people within 500 feet of state and county roads "was my referendum," and he added "I am not at all positive that I will relinquish the rights of the people without a referendum."

"The power that I have I intend to use in the greatest discretion though I personally recognize the need for county zoning," he said.

This morning, interviewed by telephone, Representative Frederick said "I want you to know that I have not committed myself to pass any legislation presented—but I have not closed my mind."

He added "I have no definite plans, but I presently appear to me that the only way feasible to present legislation is through a referendum."

"I think that to take care of the present needs of the county we should amend the present law so that the Board of County Commissioners can spend such money necessary to carry out a zoning program—I feel that it is important to promote our county and its growth."

Frederick stated again "I haven't closed my mind to the possibility of working out something that would be fair to all of the people. I individually recognize that we need something to regulate zoning and growth of the county."

Tuesday night at the session attended by civic leaders as well as the Legislative delegation and boards of commissioners, Brailley Othman remarked "I'd hate to see our county develop in a hedge-podge manner."

Senator Douglas Stenstrom who (Continued on Page 8)

Proposal Gets Going Over

A proposed zoning bill approved by the Board of Seminole County Commissioners at its Tuesday session received a thorough "going over" at the Tuesday night meeting of the Board of County Commissioners, the Board of Sanford City Commissioners and the Seminole County Chamber of Commerce.

Representative Mack N. Cleveland Jr., told the group of more than 30 civic leaders that the Board of County Commissioners' present bill is okay with the exception that it be extended to all of the county, the zoning be removed from the appropriation, and that the County Commission would be the adjudicating authority.

Representative Gordon Frederick, present at the discussion, along with Senator Douglas Stenstrom, told the group "I am not at all positive that I will go along with the proposal." However, Frederick pointed out that "My mind is open."

He stated that the original bill to protect the people within 500 feet of state and county roads "was my referendum," and he added "I am not at all positive that I will relinquish the rights of the people without a referendum."

"The power that I have I intend to use in the greatest discretion though I personally recognize the need for county zoning," he said.

This morning, interviewed by telephone, Representative Frederick said "I want you to know that I have not committed myself to pass any legislation presented—but I have not closed my mind."

He added "I have no definite plans, but I presently appear to me that the only way feasible to present legislation is through a referendum."

"I think that to take care of the present needs of the county we should amend the present law so that the Board of County Commissioners can spend such money necessary to carry out a zoning program—I feel that it is important to promote our county and its growth."

Frederick stated again "I haven't closed my mind to the possibility of working out something that would be fair to all of the people. I individually recognize that we need something to regulate zoning and growth of the county."

Tuesday night at the session attended by civic leaders as well as the Legislative delegation and boards of commissioners, Brailley Othman remarked "I'd hate to see our county develop in a hedge-podge manner."

Jaycees Will Seek Civic Club Help For Navy Event

"We are planning to ask the civic clubs of Sanford to appoint committees to help us with the serving of food," said Harry Canuel and Garfield Willett, co-chairmen of the Jaycee Seminole County Navy Appreciation Day to be held on March 30.

"Our next meeting," the two chairmen said yesterday, "will be held Tuesday at a place yet to be designated to coordinate the duties of all of the committees we have set up."

They explained that it is urged that all committee chairmen, attend the meeting. "This is a big job we have ahead of us and we want to do it well," the two young businessmen said.

The National Guard has consented to help in maintaining order, answering questions, and doing a big job at being courteous for which they are so famous, Canuel and Willett stated. "And they're doing this even though they must get up at 5 o'clock the next morning to take part in maneuvers," they said.

Another part of the plans which have become final is that the New York Glens will stage a baseball game the afternoon of Navy Appreciation Day in which the Minneapolis Millers will play Dallas. Admission will be free to the Navy Appreciation Day baseball game.

Final plans have been completed for a giant fireworks display, the two committee chairmen revealed yesterday for the first time. "We are going to have fireworks with more than a hundred multiple burst shells fired in the huge aerial display that will be seen over Lake Monroe," they said.

Other plans that have been completed include the appearance of the Seminole High School band for a concert during the serving of the meal. However, the committee is still working on a street dance, they said.

Syria Rejects Bid From U. S. Company For Oil Refinery

WASHINGTON (U)—Syria has rejected a bid from an American firm to build an oil refinery in Syria in favor of an offer from Communist Czechoslovakia, informed sources said today.

The decision went against strong advice from the United States government.

However, American officials were not too surprised Syria paid little heed to U.S. advice. In recent years Syria has been doing an increasing volume of business with Soviet bloc nations.

Syria, which is now dependent on neighboring Lebanon for its refined petroleum products, called last fall for bids on construction of a refinery in Syria. Several American firms were interested as well as outfits in Britain, France and Czechoslovakia.

Navy Eases Queen Mary Out Despite Walkout Warnings

LONDON (U)—The Royal Navy eased the liner Queen Mary out to sea today in defiance of warnings by striking shipyard workers and tugboatmen that no action would spread their walkout.

Union leaders sailed around the Cunard Line's luxury ship in launches as Admiralty tugs nosed it out of its berth and set it on its way to New York.

The union men shouted that the strike situation would become "very complicated" if the Navy tugs helped the liner. The tug crews ignored them.

Southampton tugboatmen went on strike Wednesday in sympathy with 200,000 shipyard workers who walked out Saturday and the tug crews refused to handle the Queen Mary.

Industrial sources said the Navy's action could spark a tugboatmen's strike throughout the nation and cripple the shipping industry.

Melbourne Teachers Threaten To Drop Jobs; Seek Raise

Top News In Brief

TAIPEI (U)—Generalissimo Chiang Kai-shek warned the United States and Britain today they "will be helping to defeat themselves" if they relax the strategic goods embargo against Communist China.

TAMPAHASEE (U)—Atty. Gen. Richard Erwin has recommended to the Legislature a law which would permit Florida courts to bring back for trial juveniles who violated the law in this state and fled to another to escape punishment. Erwin said Florida should enter an interstate compact on juveniles.

GAZA, Egypt (U)—United Nations "peace soldiers" spread a thin line between angry Arab and Israeli forces along the borders of the Gaza Strip today with orders to shoot if necessary to halt infiltrators from either side. A U.N. Emergency Force battalion of Danish and Norwegian troops took up positions along the top of the strip, leaving Gaza town control of recently-arrived Egyptian civil administrators.

WASHINGTON (U)—A House Appropriations subcommittee said today the only way to cut the budget is to stop setting up new federal projects. It rejected administration and Hoover Commission proposals to give Congress a tighter control over spending and higher "magic devices" that won't work.

Farm Bureau Views Slides On Harmful, Friendly Insects

The Seminole County Farm Bureau said its monthly meeting Tuesday night held at the Longwood Library, saw colored slides of friendly and harmful insects.

Dr. J. W. Wilson, Associate Entomologist at the Central Florida Experiment Station described the insects shown and the damage they could do to household plants and farm crops.

A question and answer period following the showing of the slides produced many unusually queries about the insect life found in Florida.

Ollie Williamson and Harold Fauver both gave short talks on Farm Bureau insurance.

Also attending the meeting was Ben Wiggins of the Soil Conservation Service.

Charles Lawson, president of the Seminole County Farm Bureau presided at the meeting which was preceded by a covered dish supper.

THE RAW MATERIAL

WASHINGTON, Me. (U)—This town lost its only industry, and this is how it was reported to the Maine Department for Development of Industry and Commerce.

"The papermill factory has moved to Waldoboro, but we still have the cabbage patch."

Elementary school teachers in Melbourne have threatened to drop their jobs unless the Legislature approves pay raises for teachers.

By late last night, 51 of the 58 teachers had signed a petition declaring they would not sign contracts to work next year unless the pay hike was granted.

A spokesman said the other seven teachers would sign today. Copies of the petition will be sent to State Senator Douglas Stenstrom of Sanford and Representative Richard B. Muldrew of Melbourne.

Senator Stenstrom, in a meeting said "I do not feel at this time that I could express any opinion as to any specific amount for a teacher pay raise until such time as we know that the appropriations committees of the House and Senate are going to do."

He said "Should the appropriations committees make provision in the appropriations bill for the finance and taxation committees as well as the Senate and House to approve additional revenue to make the raises provided by the appropriations committees possible."

Stenstrom explained "In other words, the appropriations committees first must provide for the raise and secondly the finance and taxation committees must provide the revenue. And the action of both committees must then be approved by the Legislature."

"No legislator," he said, "can predict exactly what the attitude of both committees and both Houses will be."

As to his personal opinion, Senator Stenstrom said "I favor a teacher pay raise for many reasons not the least of which is simply that we are going to have to provide the raise in order to attract our young people into the profession."

"I cannot say and I do not believe any other legislator in Florida can say exactly what amount that raise will be."

The petition, a copy of which is being sent to Senator Stenstrom reads in part:

"We consider the proposal of the Florida Education Assn. basically sound and economically feasible. It is our desire to go on record as unwilling to sign contracts for the next school year unless the salary recommendations put forth by the FEA are enacted by the Legislature."

The FEA continued to seek support for the pay raises without the blessings of Gov. LeRoy Collins.

FEA leader El Henderson said his organization planned to "stand firm" on its recommended 1,100 pay raise and is seeking legislative support.

He said the FEA recognizes that its recommended \$4200 starting salary cannot be achieved without taxing, but he said "the people of Florida are ready and willing to assume extra taxes if assured the taxes are for schools."

Collins came out strongly against the huge pay hike Monday and called it "unrealistic...unsound" and requiring an extra 10 million dollars a year.

Pair Sees Strange Foaming Objects Floating In Sky

CHARLOTTE, N. C. (U)—There were five of these "strange floating" objects, and the one that struck the ground near him left a smell "like burnt matches," W. B. Brown said.

Brown, who served in the Air Force in World War II, reported to the weather bureau that he and his wife spotted the "foaming but clear" objects about 9 p.m. Wednesday as he left his office here after working late.

They were traveling in an easterly direction, he said, and while he watched one of them veered away from the other four and hit the ground about 50 feet away. It looked like "ice breaking up," he said, but was liquid "slimy" to the touch and "cooling or numbing" his fingertips.

"It beats anything I've ever seen," Brown told the weather bureau. "I was in the Air Force during World War II and I've seen a lot of flying objects. But nothing like these."

Weather

Considerable cloudiness through Friday with scattered showers tonight and Friday. Little change in temperature; low tonight 61 to 64.

Act To Vacate Hughes Canceled

Seminole County Attorney Mack N. Cleveland Jr. threw a bombshell into the negotiations between the county and Howard Hughes for a contract leasing Big Tree Park when he told the commissioners "Under no statute can the Board of County Commissioners lease for money or enter into a contract where money is concerned."

"I don't want to appear prejudiced to Mr. Hughes," said Cleveland, "but I don't want to advise the board to act illegally."

Senator Douglas Stenstrom, representing Howard Hughes in his bid for a contract to operate the park asked "Is it your opinion that this commission cannot bind a succeeding board?"

Cleveland replied "I'm not going to say that."

The Seminole County Attorney proposed then that an enabling bill be presented in the coming Legislature providing that the lease of Big Tree Park could be made.

Stenstrom agreed that "If this is the only way we can make the Big Tree Park an attraction it should be, then I would be in favor of a local bill."

Commissioner John Krider commented "The only way we can make the park what it should be is to get some money out of it."

Hughes, through his attorney Douglas Stenstrom, had proposed a contract with the county through which Seminole County would receive \$8,500 plus additional percentages of increase from souvenir sales, during the next five years.

However, commissioners refused to enter into a lease agreement extending beyond five years. Commissioner Krider insisted that the contract or lease be reopened for negotiation at the end of the five year contract period.

Commissioner Lawrence Swafford, in whose county district Big Tree Park is located, held that "I haven't had time to study the proposal by Hughes. I didn't know that you would be here today."

Stenstrom contended that at a conference between himself and Swafford several days prior to Tuesday's meeting of the Board of Seminole County Commissioners, "I would be here Mar. 17 with an offer to place before the entire board."

Some observers contend that Big Tree Park "has become a political football since it has been revealed that money can be made from the only attraction in Seminole County."

Commissioner H. C. Dodd proposed that action taken by the board in notifying Howard Hughes to vacate Big Tree Park be rescinded.

In a voice vote, Commissioner Swafford voted "no" and called for a roll call vote.

The final tally of votes was four commissioners in favor of the proposal and Commissioner Swafford against.

MR. AND MRS. THOMAS D. PARLIER
(Photo by Moretz)

McDaniel Nuptials Held Friday

Nuptials held Friday evening at the Church of God united in marriage Miss Janet Carol McDaniel and Thomas Deaton Parlier. The bride is the daughter of Mr. and Mrs. Otto McDaniel and Mr. Parlier is the son of Mrs. Ira Parlier of Elizabethton, Tenn.

The Rev. Harry Henderson officiated in the candlelight double ring ceremony before an altar banked with white gladioli, fern, and candelabra. The bride and groom exchanged vows under an arch decorated with white carnations and fern.

Mrs. Anna Belle Fleming provided the traditional wedding music at the organ and accompanied Larry McDaniel, brother of the bride as he sang "I Love You Truly" and Miss Annette Yates, singing "Because".

Miss McDaniel, given in marriage by her father, was attired in white net over tulle. The ballerina length gown was accented with a tight-fitting lace bodice. She carried a white bible topped with a white orchid.

The maid of honor, Miss Ola B. Yates wore a pale green net over tulle. The ballerina length gown carried a bouquet of yellow daisy chrysanthemums.

Serving as bride's maids were Miss Julia Rogers and Miss Jeanette Dandridge. Miss Rogers wore a ballerina length gown of light blue net over tulle and carried a bouquet of pink majestic daisies. Miss Dandridge wore a delicate pink ballerina length gown and carried blue majestic daisies. The junior bride's maid was Cathy Rader, cousin of the bride. Her dress, floor length, was made of pink net over tulle and she carried blue majestic daisies.

Little Miss Brenda Bengt, cousin of the bride, was flower girl and wore a yellow gown similar to the others with a white basket of pink rose petals.

New Officers Appointed At Board Meeting

It was announced yesterday that Mrs. F. E. Roumillat Sr. was voted the new auxiliary president when the board of the hospital auxiliary met in the Conference Room of the hospital at 10 a.m. to elect new officers.

Mrs. G. J. Kessenich is now chairman of Hospitality and Mrs. Stowell, chairman of Information.

Mrs. R. N. Blackwelder, coordinator for the auxiliary, is compiling a much needed yearbook. The first book begins with the first organizational meeting of the auxiliary in 1955 up to the present time.

In addition to the regular duties of the members the auxiliary has set up an emergency staff, who will be on call twenty-four hours a day in the event of an emergency. Newly appointed as chairman of the Emergency Committee is Mrs. McKay Truluck with Mrs. Harry Woodruff as co-chairman.

Under this set up, Mrs. Volle Williams, Miss Rebecca Stevens and Miss Sadie Soderblom will act as chairman of Information. Their duties are to take care of the lobby, assist at the information desk by answering incoming telephone calls and answering questions, being careful not to give any unauthorized information either to the public or the press.

If the Hospitality Shop is closed the Hospitality Committee will open it and keep it open until the regularly scheduled member comes on duty. Hospitality chairmen are Mrs. J. N. Azzerello, Mrs. F. L. Dampier and Mrs. R. H. Reedy.

The Sunshine Chairmen are, Mrs. Andrew Carraway, Miss Cecile Heard, and Mrs. R. F. Cooper. They will work on the floor to help alleviate the confusion which comes with disaster by trying to keep members of the family and friends in the halls or in the Solarium, out of the way of doctors and nurses.

During the meeting, Mrs. Adams announced that more hospital sewing was being done. Mrs. George Harden, membership chairman, stated that the auxiliary would like new members and it was suggested that members bring a prospective member to the next general meeting Thursday evening, so they may learn about the functions of the auxiliary. The general meeting will be held at the South Side Primary School.

Mrs. Epps and Mrs. Blackwelder have been asked by the Hospital Auxiliary of the Halifax General Hospital in Daytona to attend their March 21 meeting and help reorganize the auxiliary. The ladies will meet with the supervisor and women of the auxiliary.

Mrs. Elton Moughton and Mrs. Ralph Wight are working on organizing the library for the use of the patients.

Members are reminded to get their own substitutes if unable to fill their appointed time at the hospital. Also they were reminded to confine all telephone

CALENDAR OF EVENTS

THURSDAY
The Junior Choir of the First Presbyterian Church will meet for rehearsal and fellowship at the Church at 8:45 p.m.

The Sunday School and Youth Workers of the First Presbyterian Church will meet at 7 p.m. for supper and conference.

The Youth Choir of the First Presbyterian Church will meet for rehearsal at 7:30 p.m. at the Church.

The Intermediate choir of the First Baptist Church rehearses at 7 p.m. The Adult choir of the First Baptist Church rehearses at 8 p.m.

The Ladies Aid of the Lutheran Church of the Redeemer will hold its monthly meeting at the Church at 7:30 p.m. Mrs. Glen McKendree and Mrs. Ruth Mettler are scheduled to act as hostesses.

There will be a meeting of the Seminole County Neighborhood Association of Girl Scouts in the Educational Building of the First Presbyterian Church at 8 p.m. This meeting will include leaders, associate leaders, troop committee members, council representatives and any other interested adults.

The Lake Mary P.T.A. will meet at the school at 8 p.m. Mr. Giles, safety engineer at the Naval Air Station will be the guest speaker. A film "Allas the Killer" will be shown.

MONDAY
The Friendship League of the Congregational Christian Church parsonage will meet in the Fellowship Hall of the Church at 1:30 p.m.

The March meeting of the Seminole Audubon Society will be held in the Superintendent of Schools Building at 7:30 p.m. Mr. Howard Bissland of the State Soil Conservation Service will speak on Dependence of Wild life on Soil and Water Conservation. The public is invited.

The Story League will hold its dinner meeting at the Episcopal Parish House at 6:30 p.m. Mrs. Victor Green will be Guest story teller.

The Sunbeams and G.A.'s of the First Baptist Church will meet at 3:30 p.m. The Juniors will be taught "Highway to Health" a book on Alcohol Education from 3:30 to 5. The Intermediate Young People and Adult classes will meet at 7:30 for Alcohol Education. Intermediate studying "It's up to You." And the Young People and Adults studying "Alcohol and Christian Influence. There will be a conducted nursery for tiny children. These classes will be conducted Monday Tuesday, Thursday and Friday.

The Boy Scouts of the First Presbyterian Church will meet in the Scout Room at 7 p.m.

calls concerning the auxiliary to the morning hours except in case of an emergency.

A note from the Chief of the Medical Staff, Dr. Charles L. Park Sr. was received by the auxiliary thanking them for the orthopedic table purchased with funds made from sponsoring the Hi-Fever Follies.

SCENE OF THE MEMBERSHIP Drive Buffet Supper held Monday evening by the Enlisted Men Wives' Club at the USO. Left to right are: Mrs. Doris Shortland, secretary, Mrs. Marion Holmes, treasurer, and a few of the sixty-eight new members, Mrs. Margaret Fulcher, Mrs. Pat Wheeler, Mrs. Jane Wales, Mrs. Joan Greenwood, Mrs. Joyce Gruben, and Mrs. Jerry Lumberson; Mrs. Betty Miller, president and Mrs. Adele Heiman, vice president.

C. W. F. Meet Held Monday At Church

The Christian Women's Fellowship met Monday evening at the First Christian Church. Mrs. O. T. Pearson, chairman, presided at the business session. Reports were heard by the circle chairman.

Mrs. Pearson gave a brief report concerning a meeting she attended sponsored by the College of the Bible in Lexington, Ky.

"Hilley B. Montgomery, president of the college, was the principal speaker. He was making an appeal for money to be used to educate worthy potential ministers, of which there is a tremendous shortage."

Mrs. W. H. Young has charge of the program, "The Day Of March Has Come".

Mrs. W. H. Young, Mrs. Chandler Vail, and Mrs. A. B. Huntley, spoke on the importance of using strategy, in the fields of missions, evangelism and the church.

"It is necessary to send missionaries into the field who are well prepared to meet many different kinds of situations," the ladies stated.

Mrs. Perry Stone had charge of the devotion.

Members present were: Mrs. O. T. Pearson, Mrs. W. H. Young, Mrs. A. B. Huntley, Mrs. V. H. Granham, Mrs. Perry Stone, Mrs.

TUESDAY
The Brownie Scouts of the First Presbyterian Church will meet in the Youth Building at 3 p.m.

The Pioneer Fellowship of the First Presbyterian Church will meet for supper and recreation in the Youth Building from 6:00 p.m. through 8 p.m.

The regular monthly meeting of the Men of the First Presbyterian Church will be held at seven o'clock. Supper will be served, and the speaker of the evening is Rev. Ridgely Hall, Pastor of the Presbyterian Church at Oakland, Florida.

The Band Parents Association of Seminole High School will meet at 8 p.m. in the Band Hall. There will be a board meeting.

Dr. H. Hirose To Speak Friday In Titusville

Dr. Hamake Hirose, president of Hiroshima Girl's School, Hiroshima, Japan, will be inspirational speaker at the annual Orlando District WSCS meeting in Titusville Friday.

Women Society of Christian Service of the Methodist churches in the Orlando District will meet at the First Methodist church in Titusville from 10 a.m. - 2:15 p.m. that day.

Dr. Hirose, reared in a devout Buddhist home in Central Japan first came to the United States in 1927 and received her doctor of Education degree from Columbia University in 1950. She was one of the first groups of Crusade

J. W. Knight, Mrs. B. H. Williams, Mrs. Lester Tharpe, Mrs. Chandler Vail, Mrs. R. W. Cassube, Mrs. John Blair, Mrs. W. P. Vesley, Mrs. G. W. Morgan, Mrs. James Horton, Sr., and Mrs. May Hintze. Visitor for the day was, Mrs. Ham-

mock.

Kitchen Shower Fetes Mrs. McNab

Mrs. Robert McNab was the guest of honor Saturday evening at a kitchen shower given by Mrs. B. F. Mills Sr. in her home. Gifts were presented to the honoree in an imported basket decorated with spring flowers.

After several games were played guests enjoyed refreshments of fruit punch, coffee, nuts, mints and cake. The dining table was a beautiful arrangement of pink gladioli placed on a white lace cloth.

Enjoying the occasion with Mrs. McNab were, Mrs. Howard Landry, Mrs. T. J. Summer, Mrs. Nettallen Gholdston, Mrs. Hattie Rutherford, all from Orlando. Mrs. R. V. Sapp of Holly Hill, Mrs. E. H. Cullum, Mrs. D.K.

Scholarship students from Japan in 1948. She returned and took charge of the Girl's School, now is an ordained minister of the United Church of Christ in Japan.

Mrs. Howard Weens, Sobring, WSCS conference president will also be on the program to speak of the Societies projects.

TANGY APPETIZERS

Nothing could be easier for a pre-dinner snack than this: Cut Swiss cheese into cubes. Wrap each with an anchovy. Dip in grated Parmesan cheese and spear with toothpicks. Add to this snack another made of raw carrot sticks that have been marinated in juice drained from a jar of dill pickles. Delicious combination of flavors.

McNab, Mrs. Charles D. Forrester, Mrs. Turner Lodge, Miss Versa Woodcock, and Mrs. H. L. Swaggerty.

County's Future Depends On Tax Equalization, Fair Reassessment

The big clamor, from one end of the nation to the other, is for economy.

Businessmen and citizens are beginning to realize that the big spending programs those that run into millions—even into billions—of dollars have taken a "big dipper" of tax money out of local sources depriving communities of funds for much needed projects.

Everywhere there is the surge for more services and the demand is made of local authorities. Better roads, better sewage systems, disposal plants and similar projects. The opportunity to take the load off the big payer has presented itself in a tax equalization program—relieve the businessman, the big tax payer, of a burden that has prevented him from expanding his commercial establishment.

Those who have had an opportunity to delve into the program for the reassessment of taxes—or the equalization program—realize that as property values meet their modern day levels, the millage in reduced, and taxes are lower.

One example, right here in Seminole County, can be cited. The Town of Altamonte Springs in its first equalization program sometime back lowered their millage to 5 mills and raised thousands of dollars more for public improvements. The same can be done, and would be done, on a countywide basis if only the barriers were let down.

The lowering of millage to place the responsibility for supporting local and public improvements would provide a purse of many thousands of dollars more for schoolrooms, school expansion, recreational parks and other desirable improvements every citizen would like to see in his or her county.

It is known that property, real and personal, sworn to by one taxpayer as valued at over a million dollars, is in the tax books at a value of only \$35,000. This provides a tax of just under \$900 for the coffers of Seminole County. On the other hand, there is a businessman in Sanford with a much smaller enterprise, much less property, improvements not as new or extensive, and with a net take of thousands of dollars less, and he pays over \$900 in taxes.

There are possibly many other similar comparisons.

Regardless of the conservative attitudes of various business people of our county and of individuals in our county, it is believed that each one would like to pay their fair share of the taxes to support the county government and the improvements it is called upon to make.

BIBLE VERSE

Who is the greatest in the kingdom of Heaven? Matt. 18:1.
It is he who is the servant of all.

Veterans Corner

Here are authoritative answers to questions of current interest to former servicemen and their families:

Q. I am a World War II veteran and I live in a home I bought with a GI loan. If through no fault of my own, I am forced to discontinue the home for some compelling reason after July 25, 1955, the World War II GI loan deadline, would I still be able to get my GI loan entitlement restored?

A. Yes, under certain conditions. Your reasons for selling must be acceptable under the law, and VA must be relieved of its guarantee liability. If your loan rights are restored, you will have until Feb. 1, 1965, to obtain another GI loan, despite the fact that the World War II deadline will have passed.

Q. Under the War Orphans Education Program, is it possible for a student to take a number of unrelated subjects in school?

A. No. There must be a definite goal and an educational program leading to that goal. Unrelated subjects, not leading to a goal could not be approved under the

Inasmuch as the books and records of Seminole County are open to the public, it is a challenge to those citizens interested in fair play and fair taxes to compare figures themselves. Compare the tax YOU pay with the tax paid by others in the county! Talk with your County Assessor of Taxes and let her know how you feel about the tax that is being paid—or the assessment that has been made on which taxes are paid.

If the truth were known—there are probably hundreds of property owners in Seminole County who want a fair equalization of taxes rather than an assessment that doesn't ring true of the fair value of property.

This is the time for people to speak up and let it be known exactly how they feel about their assessment.

The future of Seminole County depends on an equalization of taxes—a fair and impartial reassessment on the basis of the value of property owned.

If progress is wanted—then all should pay their way!

Medical Education Week

Medical Education Week, which is to be observed April 21-27, has six specific goals—and all of them are vitally important to the country.

Here, briefly described, are those goals: 1. To portray the key role that medical education plays in the maintenance of the nation's health and security. 2. To explain how our 82 medical schools are striving to meet the demand for a larger number of physicians and at the same time maintain high standards. 3. To call attention to the steady progress in medical sciences, showing that this means in terms of longer life, better health, and greater freedom from disease and disability. 4. To point out the wide range of activities, such as teaching, research, service and leadership, the schools carry on in addition to the job of training new doctors. 5. To make clear the extent and nature of the new challenges to the medical profession, resulting both from our constantly expanding fund of knowledge and from the mounting complexity of our civilization. 6. To point out some of the steps being constantly taken to push back the horizons of medical science in every field.

President Eisenhower, in endorsing the observance of Medical Education Week, said: "Each American has a personal stake in the country's medical schools. The schools are a vital resource for the health of our people and the strength of the nation."

Keep that in mind when April 21 rolls around.

Sunday School Week

The week of April 8 through the 14 has been set aside as National Sunday School Week, dedicated to America's Youth in Religion. The sponsor of the week, the Laymen's National Committee, Inc., has chosen this guiding theme for the occasion: "Sunday School—Source of Spiritual Strength."

More than ever before our young people need the guidance of religious training and education. It is through our Sunday Schools that tomorrow's leaders are introduced to fundamental principles that lay the groundwork for a fuller, happier and more useful later life. It is through Sunday School that religious appreciation and understanding can be applied in terms of everyday living, and help our young people to become better citizens. This is the significance of Sunday School Week.

News Of Men In Service

PACIFIC FLEET (PHTNC)—Paul M. Elliot, seaman apprentice, USN, son of Mr. and Mrs. George W. Elliot of Lake Mary, and husband of the former Miss Eleanor R. Tiffin of Martinsville, Ill., is serving aboard the attack aircraft carrier USS Phil.ippine Sea with the staff of Commander Carrier Division 17 in the Pacific.

The Division will visit Hawaii, Japan and the Philippines.

George Claude Hodges, son of Mr. and Mrs. A. B. Hodges, Lake Monroe, has been promoted to the grade of private first class after serving over ten months in the U. S. Army.

He is stationed at Fort Eustis, Va. Before entering the Army, Hodges attended Seminole High School last year.

BATTER UP—Here is the base-

KEEP AWAY FROM THE SWEETS

Inside Washington

MAIL THE PRINCESS—Attractive Andrea Anderson, of Ocala, senior at Holton Arms School here, is the new Florida Cherry Blossom Princess. She is now a candidate for the title of Cherry Blossom Queen. She is a "brunette", five feet six, a member of the Walter Reed Swim Team, hottest group of girl swimmers in the world. Congratulations.

HALEY WAS FIRST—The whole story about Congress sending the budget back to the White House hasn't been told. The record will show that it was Congressman Jim Haley's idea—but members of the House took credit for it. On February 21, Haley introduced a Joint Resolution calling for this action. After the usual "whereas" his resolution read: "Resolved, that the President is requested to submit to the Congress not later than April 15, 1957, specific recommendations in the form of budget amendments, as to where and in what amounts economies are to be effected, so as to reduce the expenditures requested for fiscal year 1958 not to exceed \$60 billion."

This resolution was referred to the Committee on Government Operations which amounted to slicing it in a deep freeze cabinet. On top of that, Speaker Sam Rayburn (advocate of big spending) bawled out Haley and accused him of introducing the resolution just to get attention: called him a demagogue.

Three weeks later, Haley's resolution came to the attention of Majority Leader McCormack. By that time, the Democrats were hunting an "out" and this looked like a good one. The party leader reversed itself and backed Haley's plan. But, when the resolution finally was passed by the House, it was a watered-down version of Haley's original resolution—and it carried the name of Congressman Clarence Cannon, Missouri, Chairman of the Appropriations Committee.

HAVE A CIGAR—Newest addition to the office of Congressman Bill Cramer is a priceless looking Inlaid cigar humidor. It holds eight boxes of cigars, and takes up the entire top of a small table by his desk. It was hand-made of 12 different kinds of wood in Cuba and was presented to the Congressman by the Cigar Manufacturers Association of Tampa. Also, it contains only the finest cigars. Made in Tampa.

FLORIDA BOOSTER—In town this week was old friend Winslow Chesley, special representative for the Hollywood Beach Hotel. He attended the annual meeting of the Trade Association Executives. Purpose: urging them to hold their annual meeting in Florida—and the Hollywood Beach Hotel, of course. It's this kind of intensive promotional work that is making the country more and more "Florida minded."—In spite of the fair weather here—Casey made every body feel that it was even better in Florida. (Picked up a couple of conventions, too).

TOBACCO HEARINGS—Marked: March 25, 9:00 a.m., Suwannee County Court House, Live Oak, Occasion: Senate hearing on proposed "acresage pondage" tobacco control bills. Setting up the hearing is Senator Spessard Holland, member of the Agriculture Committee. Also scheduled to be on hand that day is Senator W. Kerr Scott, of North Carolina. All interested groups will be heard.

BATTER UP—Here is the base-

Bumper Crop Acreage To Be Smaller

By GAYLORD P. GODWIN

United Press Staff Correspondent WASHINGTON 20—American farmers this year are expected to produce a bumper crop on the smallest acreage in 40 years.

The Agriculture Department has estimated that on the basis for farmers' planting intentions as of March 1, this year's crop will be grown on 234 million acres—12 million acres or 5.6 per cent under the 1956 acreage which produced a record-breaking crop. In 1917

farmers planted 231 million, but produced a crop far off the 1956 total.

Department officials are not counting on a crop production comparable to the acreage reduction. Farmers have a way of increasing their yields on reduced acreage with better types of seed, improved fertilizer, and all-round advances in agricultural technology. They have proved it before, and may come up with a 1957 over-all crop equal to or near the

1956 production.

Corn Acreage Small
The department reported prospective corn plantings this year at 74.4 million acres. If yields approximate the 1951-55 average, production would amount to 2.9 billion bushels.

The intended planted acreage is the smallest in 70 years. But the prospective acreage for 1947 is only 8.3 per cent under the 1956 acreage when 3.2 billion bushels—the second largest crop in history—was produced.

The planting intentions report indicated that many farmers are reducing their acreage on such basic crops as corn, wheat, peanuts, rice, and tobacco, but are increasing the use of crop land for other crops.

The latest department report on soil bank participation showed that about 20 million acres have been deposited in the soil bank acreage reserve and about 3.5 million acres have been put into the conservation reserve.

This adds up to about 23.5 million acres on which farmers will receive government payments for not producing crops. The soil bank acreage is almost double the 12 million acres they have indicated they will cut from the over-all acreage total.

Other Plantings
Specific planting intentions for other crops:

Spring wheat plantings may total only 12.8 million acres, the smallest on record and 21 per cent smaller than average.

Oats acreage is expected to be 43.5 million, 3 per cent less than last year and only slightly less than average.

Barley may be planted on 10 million acres, up nearly 9 per cent from last year and almost one-third more than average.

Soybean acreage, at 22.7 million is up 3.5 per cent and the highest of record.

Borghums may total 24.5 million acres, up 21 per cent from 1956 and 76 per cent above average.

Hay acres at 72.8 million are down one per cent from last year and 2 per cent from average.

Tobacco at 1,122,000 acres is 17 per cent less than in 1956 and nearly one-third less than average.

Potatoes, total acreages at 1.4 million up less than one per cent from 1956 while the prospective acreage for the late summer and fall crops combined at 1,068,000 acres is down 1.5 per cent from last year.

Rice acreage to be planted may total only 1.4 million acres, down 10 per cent from last year and one-fourth less than average.

Herlong Report

In my nearly nine years in the House, I don't think I have ever seen the membership more conscious of making reductions. Anything that costs money is almost certain to get the ax.

In a single day, a 1957 corn program for commercial farmers, estimated to cost nearly one billion dollars, was killed and the budget request for the Executive Department which includes the White House doubled \$4,515,500, or 20 per cent.

I voted for both of these actions. I thought the corn program would be a raid on the Federal Treasury. Frankly, I'm tired of seeing some sections of the farm economy raising crops now under price support run to Washington when they don't think they're getting rich fast enough.

I was among those who voted to ask President Eisenhower to indicate the places and amounts in the budget where substantial reductions might be made. Both the President and Secretary of the Treasury Humphrey had said that cuts could be made.

While it is the duty of Congress to make any changes in appropriations requests it sees fit, we thought the President could be of help at this time by referring various sections of the budget in the respective department heads. However, without this help, the House so far has made excellent progress. Watch for even better!

The House passed a bill to extend the excise taxes for a year from April 1st. This does not preclude any hope of a tax reduction in this field. It was necessary to extend the taxes because of the pending deadline.

Presently, I am a member of a House Ways and Means subcommittee which is working daily on a new excise tax bill. Shortly we will get around to discussing possible reductions in some of the taxes in the bill.

I am one of those who still holds

out some hope for tax relief this year. A lot depends on whether the Senate sticks by the cuts the House has made in various appropriations bills.

We of the House, as usual, have been asked in some quarters this year for appropriations in excess of the amounts in the budget. I'm sure that you can readily understand that I could not in good conscience vote for cuts on items and then vote for increases when it comes to my own District or State. With the present attitude of Congress, it wouldn't do any good anyway, and might stir up trouble that would cause reductions instead.

I think the people of my District will go along with this attitude. Log rolling or pork barreling is out for this session as we get down to earth on this matter of spending.

I deeply appreciate the many letters I am receiving from the people of my District urging me to continue to vote the way I have been doing. Even though I know you know the way I feel, especially when it comes to spending, your enthusiasm is wonderful support. Keep the letters coming!

Another word about the mail. I've tried to reply to all of those who sent in and are still sending in replies to my questionnaire on major legislation. If you don't get an acknowledgement it will be because the name or address was rubbed off in handling. Anyway, my deep thanks to all for your personal cooperation.

A FITTING PROMISE

CHICAGO 20—Designer Emilio Pucci soon will market a product designed for an obvious market—a pantie girdle for the "women of all sizes and shapes" who wear slacks, short and bathing suits.

Heart Habits May Cause Hypertension

By HERMAN N. BUNDEN, M.D.

WE'VE MADE great strides in developing drugs to treat hypertension or high blood pressure. Yet, as is the case with so many diseases, we don't know exactly what causes it.

One theory is that high blood pressure actually may be the result of the heart adopting a "bad habit." Recent research appears to indicate that there may be a great deal of truth in this theory.

Anger And Fear

We know, of course, that emotions such as anger and fear can cause the heart to beat faster. You probably can feel your own heart beating at a faster pace after a fright.

After years of study, Dr. W. Horsely Gantt, and his associates at Johns Hopkins University, have found that the heart actually can "learn" to beat continually at a quickened tempo as the result of previous experiences.

Like any other muscle, the heart can learn and it can be conditioned. Dr. Gantt believes it forms habits more quickly than many other muscles and drops these habits with more difficulty. In other words, past emotional memories prepare the heart for an act (such as fight or flight) that is no longer required.

The Johns Hopkins investiga-

tors found evidence indicating that high blood pressure as well as alterations in the heartbeat can be obtained this way.

Moreover, Dr. James W. McCubbin of the Cleveland Clinic Research Division has found that certain nerve endings in the great artery above the heart, and in two neck arteries, can learn to accept a new high blood pressure level as normal and act to maintain it at high level.

Original Cause

Thus, the heart itself might be responsible for continuing high blood pressure even after the original cause has ceased.

Studies are currently underway to determine whether certain drugs can prevent the heart from forming bad cardiac habits. We think we are so smart, but it's just amazing what we still have to learn.

QUESTION AND ANSWER

W. D.: Should a baby, just home from the hospital, have his crib mattress raised at the head? Answer: Usually, the baby's bed should be level. However, when he has a cold, it is advantageous to lower the head of the bed in order that infected secretions can drain out of the nose and throat easily.

SANFORD

Additional Society

Now Hear This!

By JACKY FENWICK

Hope I still have a few readers left after the way I "speeled off" yesterday about the club dinner! I tried to explain the necessity of it, which I don't imagine did too well, but, thanks for taking a chance again today.

I guess I am not the only one who had better spend a little more time on the phone each day, checking my information! Want to clear up a point that I made in last Tuesday's column about the table at Lake Golden that is supposed to be reserved for Capt. Jackson and his family. It was a point of courtesy that this had been done for the Captain, without his knowledge. However, Capt. Jackson would like it known that it's "first come, first served" in regard to the table and chairs at Lake Golden. Fortunately, he's a very understanding person; and THAT is first-hand information, not hearsay.

Mr. and Mrs. William Finnegan of E. 18 St., have Bill's motor visiting with them for a week and a half. Mrs. Edward Finnegan flew down from her home in Moonson, Mass., to spend some time getting reacquainted with her three grand-children, Pat, Sharon and Beth. The Finnegan's plan to take her on several trips around Central Florida, and especially would like to visit St. Augustine, if time permits. We who have lived any length of time are prone to take these wonderful points of interest for granted. But we do live right in the midst of a wonderland of historical and natural attractions, which is something to think about when we have an "unusual" weekend.

Mr. and Mrs. A. E. Foster are visiting with their daughter, Mrs. Edward Yaw, at her home on Rembrandt Dr. and Mrs. Foster arrived last Monday from Los Angeles Calif., and are still resting after their long drive.

Quite a few chiefs and their wives have shown an interest in taking square-dancing sessions over the lun so many had at the last Chief's Club dance. I've been told that if enough are really interested in it, it might be possible to make arrangements to hold these classes at the Chief's Club. There will be a nominal charge of \$5.00 per person, or \$1.00 a couple, per lesson, and the cost to you will depend on how quick you catch on! If any of the chiefs or their wives who might read this, are interested, you can help "get the ball rolling" by calling Mrs. Joseph Green, at FA 2-1455. She has volunteered to keep track of the interested parties, and it will be any interest that will make the lessons possible. So it is up to you, if you want them.

Understand that the city of Sanford now the proud possessor of two new fire engines! The unloading of these took the cooperation of both the town, and the Navy, as they require some type of unloading platform that they have at the Air Station.

Haven't been reading much in the paper this past week about the Jaycee's Navy Appreciation Day, March 30. So, decided to put in my own "two cents" worth, and encourage all the Naval personnel in the area to turn out for this occasion. It's being held for US, so the best way for us to show that we too can be appreciative is to attend in full force. If you would like to wear your uniform, so much the better. But let's face it! There aren't too many who would care to, off the base! But just be sure you have your "I.D." card with you, as this is the only way they will be able to let you in for nothing. It's definite now that all Naval personnel AND their families have been invited to partake of the fish-fry, fire-works, band concert, and all the rest, entirely free of charge. Unfortunately, it still isn't possible for them to admit everyone free, but I understand that this has been their aim, and I presume they're still working on it. Also want to make it clear for those wily women whose husbands are deployed, have the 2, or, just stationed some other place, that they too are invited, and their dependent's pass will suffice for identification purposes. Remember, that's a week from next Saturday, March 30.

Miss M. Anderson To Give Recital Friday At Stetson

Mary Ross Anderson, of Sanford, senior in the Stetson University School of Music, will give her major organ recital at 8 p.m. today, in Elizabeth Hall Auditorium. The public is invited. There is no charge for admission.

Miss Anderson will open the program with two Bach preludes, compositions and a Bach prelude. She will then be heard in three "Fourth Sonata". Selections by

Mrs. S. Fowler Guest Speaker At Woman's Club Meet

The Civic Department of the Sanford Woman's Club met for a luncheon and program yesterday at noon. Mrs. Bea Wade, Mrs. Denver Cordell and Mrs. W. B. Nicholson served as hostesses.

The club room was decorated with lovely arrangements of white chrysanthemums and ferns. Mrs. J. N. Gillon gave the invocation and luncheon was served.

Mrs. Al Hunt, sponsor of the day's program, presented Mrs. Sidney Fowler, chief clerk of Judge Householder's office. Mrs. Fowler spoke on "Women in Business," telling of her experiences in Chicago and her first few years in Florida.

She was connected with Judge Ware's and Judge Stenstrom's offices before her present position. Mrs. Fowler stated that "since their office had been modernized it was a pleasure to work." The many duties, serious, humorous and sad were mentioned briefly. During the past year they issued 17,358 drivers licenses, 345 marriage licenses, 8,638 hunting and fishing licenses. She concluded by advising the women to familiarize themselves with family business procedure.

Mrs. R. T. Warren, vice chairman, presided over the short business session. Visitors and guests were presented and Mrs. Don Whitney made an announcement concerning a card party sponsored by the Civic Department April 22. The Fine Arts Department will have a scholarship tea and fashion show on March 27.

A card party followed the meeting.

Mrs. W. W. Horne Is Hostess For Dorcas Class Meet

The Dorcas Class of the First Baptist Church held its monthly business meeting Tuesday night at the home of Mrs. W. W. Horne on Valencia Dr. Co-hostesses were Mrs. H. H. Fortner and Mrs. Douglas Kiehl.

Mrs. W. D. Gardiner, class teacher, gave the devotional and Mrs. J. L. Hobby, president, read the scripture and presided over the business session. Mrs. John Cullum and Mrs. R. A. Cohen gave the secretary and treasurer's reports.

The class decided to make six baptismal robes for the church. Mrs. Ray Murray described a friendship quilt to be made by the class using the class colors of lavender and gold with each member embroidering her name in one of the squares.

A motion was made by Mrs. W. L. Crabtree to add the Sunshine Fund for the two remaining Sundays in March to the Annie Armstrong Mission Fund.

The members enjoyed playing several games conducted by Mrs. W. L. Crabtree. Prizes were won by Mrs. J. E. Anderson and Mrs. G. A. Harris.

Ice cream, cake, nuts and coffee were served to the following: Mrs. W. D. Gardiner, Mrs. J. L. Hobby, Mrs. John Cullum, Mrs. R. A. Cohen, Mrs. W. W. Horne, Mrs. C. W. Egle, Mrs. Douglas Kiehl, Mrs. G. A. Harris, Mrs. Richard Holtzclaw, Mrs. Clyde Piercy, Mrs. H. H. Fortner, Jr., Mrs. Ray Murray, Mrs. J. E. Andrews, Mrs. W. L. Crabtree, and Mrs. Clyde Humphrey.

Dependable Class Holds Meet Monday In Baker Home

The Dependable Class of the First Methodist Church met at the home of Mrs. M. E. Baker Monday evening. Mrs. Jack Haderer served as co-hostess.

Monthly reports were given during the business session presided over by Mrs. John Schirard Jr. Mrs. R. W. Herron gave the devotional, "Bible Has No Substitutes" taken from Psalm 119:9-16. Prayer followed.

The history of the class was discussed briefly and Mrs. W. B. Curby, historian, asked members to give her any data available. Each member is to call on another member that has been absent.

Refreshments were served to Mrs. George Reid, Mrs. P. H. Lansing, Mrs. R. W. Herrin, Mrs. V. L. Smith, Mrs. M. H. Wyatt, Mrs. Earl Butner, Mrs. Elbert Steele, Mrs. W. B. Kirley, Mrs. Nancy Brock, Mrs. John Schirard Jr., Mrs. C. L. Wallis, Mrs. Roscoe Taylor and Mrs. J. H. Loecheit.

Bonnet, DeLamar and Roger will complete the recital.

Miss Anderson is president of the American Guild of Organists chapter at Stetson and is a member of Zeta Tau Alpha sorority.

Beta Sigma Phi Enjoyed Supper Held Recently

Monday at the home of Mrs. J. L. Corley on Cameron Ave. the Beta Sigma Phi met for a covered dish supper. It was announced that the annual banquet is to be April 6 at the Country Club. The chapter then voted on the girl of the year to be named at the banquet.

Mrs. Volle Williams was in charge of the social program. Every member brought the oldest wearing apparel they owned and Mrs. Dan Batten won the prize for her durgars.

The ritual of Jewels ceremony for the pledges was held. Pledges present were, Mrs. Duval Hunter, Mrs. Lloyd Swain, Mrs. Ed Patterson, Miss Betty Billemer, Mrs. Alfred Green, Mrs. Ralph Cowan Jr., and Miss Sue Batterson.

Members enjoying the evening included: Mrs. Ray Saxon, Mrs. Ralph Botta, Mrs. Vernon Harden, Mrs. Harold Chapman, Mrs. E. C. Harper Jr., Mrs. A. A. McClanahan, Mrs. Malcom Lodge, Mrs. Robert Cushing, Mrs. Wallace Tyne, Mrs. Dan Batten, Mrs. Frances Stenstrom, Mrs. Hubert Stenstrom, Mrs. Gordon Frederick, Mrs. A. O. Roberts, Mrs. Volle Williams Jr., Mrs. Sam Thurman, Miss Jeanette Wolfer, Mrs. L. M. Nickols, Mrs. W. G. Fleming and Mrs. J. L. Corley.

Home Demo Club Receive First Aid Cards At Last Meet

The Lake Mary Home Demonstration Club has just completed a nine weeks course in first aid. Mr. E. R. DeFallot, volunteer for the Red Cross, served as instructor. He is employed by Southern Bell Telephone and Telegraph Company.

Receiving first aid cards last night were, Mrs. Laura C. Kruger, Mrs. Louise Parker, Mrs. Mildred Taylor, Mrs. George Maybury, Mrs. William Leffler, Mrs. Marshall Smith, Mrs. Lamar Stokes, Mrs. Olan Boutwell and Miss Laura Donaldson.

The group presented Mr. DeFallot with a bag with his initials in gold and a red cross on it. Everyone enjoyed the course so much they are considering taking an advance course with the Lake Mary volunteer firemen.

TAPERED COAT OF WHITE CASHMERE comes from Original's spring collection. Four slanted pockets are cuffed.

'My Church, Me' Theme Presented At Circle Meet

Chairman, Mrs. Ruby Groves, was hostess for the meeting of group number Six of the Fidelity Class of the First Baptist Church, Tuesday evening at the home of Mrs. P. E. Cooper, Jr. on Magnolia Avenue.

The business session was presided over by Mrs. M. D. Bumgarner and reports of the various officers were given.

Mrs. F. E. Gatchel, teacher of the class, presented the devotional, using as her subject "My Church and Me". She pointed out that the Sunday School is the teaching agency of the church. In closing the group prayer in unison, "Dear Lord, make me a part of the strength of the church".

A game of Bible Lotto was played with prizes being won by Mrs. W. A. Kratsert and Mrs. R. A. Williams after which the members were invited into the dining room where refreshments were served from a lace covered table. At one end of the table were lighted tapers in crystal holders. Dainty sandwiches, cookies, nuts, mints and green punch were served by the hostess group. Those present included: Mrs. Gatchel, Mrs. Bumgarner, Mrs. Harold Davis, Mrs. Vernon Davis, Mrs. V. C. Messenger, Mrs. A. Williams, Mrs. Cooper, Mrs. Alton Gunter, Mrs. W. H. Dunbar, Mrs. S. P. Griffin, Mrs. C. S. Sheppard, Mrs. J. P. Whitaker, Mrs. H. W. Little, Mrs. Kratsert and Miss Lorene Franklin.

Ethel Root Circle Sees Slides On Panama At Meet

The Ethel Root Circle of the Congregational Christian Church held its recent meeting at the Fellowship Hall with Mrs. Robert Getman acting as hostess.

Mrs. Loring, president, opened the meeting and Mrs. Merrill Robinson read an inspiring Lenten devotion. The secretary and treasurer's report were then given.

It was announced that Saturday night's Smorgasbord supper was successful both socially and financially. The group gave Mrs. Harold Herbst and Mrs. Herbert Thurston a rising vote of thanks for their work as chairman of the supper.

Mrs. E. Simpson, chairman of the Board of Trustees, addressed the group on activities for the year. Mrs. Oscar Zetrower was appointed chairman of the program for the Women's Day gift.

A stark shower for Mrs. Betty Tyson was held before refreshments were served.

Later in the evening colored slides on Panama were shown by Mrs. Robert Robinson of Panama. Mrs. Bonner Carter will be hostess for the next meeting.

"CHILDREN UNDER 12 ADMITTED FREE"

Conning The News

BY VIRGINIA CONN

This was a beautiful day for golfing, but Harriet and I were sure it would rain, so after hitting a couple of buckets of balls at the driving range, we headed for Orlando, while of course, the clouds disappeared and all the golfers turned in good scores. Have been watching in vain for the golfer's story of the week (last). In this notification version Jack Allen had a hole-in-one on sixteen, while Abe Fennell was pressing, and expecting to clean house. Jack turned the tables on Abe and for a few days there was bitter silence around the Fennell figure. This week will finish the Championship tournament for the Women's Golf Association. Wednesday there will be the monthly luncheon, and soon after those going to the State tournament at Naples will pack their bags and wave goodbye to their husbands as they attempt to defeat the gals from other towns like our own, with enthusiasm. That is, VAM-7 wives trecked to Winter

Park Tuesday morning to a coffee given by Jane Millner and Helen Bleh. The hostesses served delicious nut bread and coffee cake. Attending were Gene Fritz, Lou Johnson, Mary Libbey, Ka, Wyner, Doris Francisco, Polly Johnson, Dot Mann, Ruth Hodges, and her sister, Olivia Simmons and her sister, Celeste Polidor, and Betty Lillebridge. Marilyn Forest's houseguest, Marilyn was down with the bug unfortunately. After the coffee a shopping trip was in order, and heaven only knows how much damage was done. Olivia and Celeste both came home with two new hats apiece. Any husbands wanting to save money should send their wives to my "loul, but don't buy" class. At least I can save them a trip, because there is nothing in the stores I haven't seen. And no remarks from you, Doodle.

The Station Wives were invited to a bridge luncheon at the home of Mrs. Joe Shifalo in Dommerich Estates, Maitland. Mrs. Shifalo's

husband is an architect, so their house is unusually lovely, and it was a treat for the girls we see. Included were Muriel Hawkins, Bea Hamrick, Lucille Mitchell, Genna Burkley, Joy Webber, Mary Gobel, and Dot Leary. Muriel won first prize at bridge. Joy second, and Lucille low. Dot won the deuce prize.

Betty McCracken has gone to the hospital. Nothing to report at this writing, but these things have a way of working out.

Sara Lee and Pete Peters returned to Washington Tuesday, after a very gay and cozy week. Sunday night they relaxed at Jim and Louise Parker's with the help of Judy and Jack Smith and Jean and Jack Tomlinson.

Meant to mention the beautiful ring that Rosemary Duncan is sporting. Rumor is that Cliff presented her with this unusual (and large) diamond on their twenty-fifth wedding anniversary, and then had the ring set in a band of platinum, and surrounded by more stones. And its not very often that one finds a ring that can double as a bracelet when the occasion demands. There is only one falley—we were married before Rosemary and Cliff and it doesn't seem like twenty-five years. But then, time does fly by, and I'm glad my husband has the

fact to forget these troublesome dates. Bless his heart, if he doesn't start staying home soon, I will soon think he is forgetting me. Am late tonight, so farewell, and no lectures.

BIRTHS

Mr. and Mrs. James Lloyd Whitaker proudly announce the birth of their daughter, Annie Dean, born March 13 in the Orange Memorial Hospital. Annie Dean weighed 8 lbs. 8 oz.

The Sanford Herald SPORTS

Seminoles Open Track Season With 15 Event Meet Against Eustis

The most descriptive word for the Seminole baseball team thus far is "green." Green from start to finish, the Seminoles will have to call on their best to face another all-veteran Orange Belt Conference rival, Leesburg, tomorrow afternoon in Leesburg.

However, despite being on the short end of a 14-0 score in their season opener Tuesday night under the lights of Memorial Stadium, the Seminoles played five innings of good baseball. Of Winter Park's 16 runs, 12 of them were racked up in the third and seventh innings.

While it is true that the Seminole pitching staff blew up, it is also possible to sympathize with them. One of the most racking situations for any pitcher, and especially a green one, is to feel tremendous pressure and know that he has no backing.

Both Eddie Barbour and Ken McMurray felt the sting of errors from their supporters, and in both cases muffs by the rest of the team preceded one of them blowing up.

It is therefore reasonable to assume that as soon as the experience shows up in the progression of the season, so will the pitching staff.

Coch Dave Laude said that the root of Winter Park had little noticeable effect on the individual players' morale. "But it did show us where we could improve," Laude said, "and the boys are determined to make this a good season."

Laude said he would call extended practices on the days the team was not playing and would give the boys heavier conditioning responsibilities. "The lights hurt our performance a lot," Laude remarked. "While I admit that they were just as tough on Winter Park, I might also say that we didn't have the first opportunity to practice under the lights."

Laude said he expected a better showing tomorrow afternoon in Leesburg. "The boys will be more careful in their plays," he said. Laude also remarked that playing in the afternoon would give them a chance to avoid many of the costly errors that marked the opening performance of the Seminoles.

"We don't return to Memorial Stadium for a week and a half," Laude remarked, "and during that time we will work in some night practices that should make a lot of difference when we face Melbourne here, March 2."

Today's Sport Parade

By OSCAR FRALEY
United Press Sports Writer
NEW YORK — The word from Taps Gallagher is that the sky is not the limit in college basketball.

The sky to which Taps refers is the supposed peak both physically and mechanically which the game has reached in this era. And Gallagher, whose coaching genius raised Niagara up among the round ball greats, feels that this is just the beginning.

"Twenty years ago when I ordered equipment for my squads," he points out as an example, "the most predominant size shoes were nines and a half. Today I have one kid who wears that size and the average is size 11. But there are more kids with size 13 shoes than there are any other single size."

Better Diets New
Taps attributes some of this to vitamins and better diets but also to the natural processes of the centuries in which people constantly are increasing in size.

It is interesting, in view of Gallagher's assertion that today's caliber of play is the greatest ever, that he still classes Max Posnack, a St. John's player of the very early 20's, as the best basketball player he ever saw.

Lots Of Good Ones
"It's difficult to say who were the greatest of all time because there were so many good ones and also that before 1930 we didn't have much chance to see all the good players in the various sections," he explains.

"But they couldn't hardly come

AL LOPEZ WHO'S MAKING A NEW AMERICAN LEAGUE START AS MANAGER OF THE CHICAGO WHITE SOX.

Shoeing Race Horse Is Art

LOUISVILLE, Ky. — If the horse you bet on runs as though he had bunions, it may be that his shoes don't fit.

Two people, the trainer and the blacksmith, share the job of fitting a race horse with the shoes that will enable him to turn in the best possible performance. There is quite an art to it.

When a horse is running at full stride, his front and back hooves pass very close to each other, sometimes actually crossing. A shoe that is a fraction of an inch off on either side may cause a horse to "trip" himself with the possibility of serious injury. At best, it will hamper his speed.

The trainer decides what type of shoe a horse needs, while the blacksmith forges it and puts it on. Ordinarily, a horse will get new shoes about every four weeks, although they may be changed often because of racing conditions.

From Tiffany's
Shoes are made of either light steel or aluminum. The aluminum shoe is said to have been used first by Pierre Lorillard, who had his horse's shoes made by Tiffany's in New York in the 1890's.

On a muddy track, horses sometimes wear shoes with mud rakes—a projection much like a football cleat—to afford a better grip on the track. Horses which have suffered cracked hooves or other injuries sometimes wear shoes with a bar across the open end to prevent further splitting.

Good blacksmiths are becoming progressively harder to find, and the comparatively few still in business around the tracks are much in demand. There have been cases of a racing stable flying a blacksmith hundreds of miles just to shoe a horse for an important race.

The blacksmith—or farrier, as he is also known—must be sure that the outer rim of the hoof

any better than Posnack, who could do everything, and some of the others who stand out in my mind are such as George Mikan, Tom Gola, Rollie Minson of Brigham Young, Si Green and Dick Ricketta."

Yet, Gallagher insists, all of them may be shoved into limbo by the players of the future.

NOTICE

I will not be responsible for any debts incurred by any one except myself.

Florida Has 2,102 Managed Farm Fishponds

Florida has today 2,102 managed farm fishponds, according to Howard Hissland, biologist with the Soil Conservation Service. They are owned by co-operators of Florida's 53 Soil Conservation Districts.

Successful fishponds bring recreation and pleasure to the owners, their families and friends. An unsuccessful one is a disappointment. The test of a successful pond is simple. If the fishing is good, it is a good fishpond.

The recipe for a successful fishpond is like any good recipe. Select the ingredients carefully with an eye to quality. Then use them as directed and remember this — don't be impatient. Many a good recipe has been ruined by an impatient cook.

Now the ingredients:
One favorable pond
Enough water to maintain three to four feet depth throughout year
100 Black Bass per acre
1000 Bluegill Bream per acre
100 lbs. 8-8-4 fertilizer per month
First take one favorable pond.

resist pests level on the ground. If it does not, the horse may suffer serious leg injuries.

A new set of shoes for a race horse costs about the same as for a person—around \$16. Racing people, incidentally, seldom speak of horse shoes at all. They call them "plates."

Braves' Prospects Good

By LEO H. PETERSON

United Press Sports Editor
BRADENTON — — The Milwaukee Braves feel this is the year they are going all the way. Wiping the memory of a disappointing 1936 finish out of his mind, Manager Fred Haney is "very happy" about Milwaukee's prospects this year and says "there is a lot more determination among the players."

Haney is convinced the Braves will win "if we get the same pitching we did last year. Personally, I feel it is going to be even better."

That belief is based on the hope that big Gene Conley, who won only eight games last season because of shoulder trouble, will come back to his 1935 form when he won 11 games and seemed to be on his way to becoming one of the best right handers in the league.

Four More Mound Stars
As other starters the Braves are counting on Warren Spahn, who has had seven 20-game winning seasons, more than any other left hander in National League history. Bob Buhl, an 18-game winner who specializes in beating Brooklyn; Law Burdette, who won 19; and Ray Crone, who won 11.

The Braves had trouble with their relief pitching last season because Dave Jolly and Ernie Johnson did not live up to expectations. Both seem to be sound again.

Lefty Taylor, Phillips and righty Bob Trowbridge, both with the club last season, are sure to stick. The tenth spot on the pitching staff is a toss-up among Lou Slater, Corky Valentine, the ex-Red leg; and Red Murf.

Del Crandall, who fell off to 238 in hitting last year, will be the No. 1 catcher with Del Rice and the left-handed hitting Carl Sawatski behind him.

Three Infielders Set
Three of the infield spots are set—big Joe Adcock at first, home run hitting Ed Mathews at third and pepper-pot Johnny Logan at short.

Danny O'Connell, who hasn't lived up to expectations either in the field or at bat, is the leading candidate for second base, but Felix Mantilla, who was coming fast at the close of last season, could beat out O'Connell for the job. Haney is hoping that whichever one wins out, will develop into the lead-off hitter.

National League batting king Hank Aaron will patrol right field with the fleet Billy Bruton in center. But it's a wide open battle for the left field spot with Wes Covington and Bobby Thomson, the ex-Giant star, battling it out for the starting berth. The veteran Andy Pafko also is available for duty there, as well as pinch hitting chores.

It should not have too much shallow water. It should be free of brush and trees. The pond area should be at least 1/2 acre. It must be isolated from other bodies of water by natural or constructed barriers or structures. And it should be free of pond weeds. Consult your Soil Conservation Service technician—he has experience in pond cookery.

Now check the water to make sure it is free of wild fish. Most small ponds contain all the wrong kinds of fish such as suckers, garfish, warmouth and catfish. They should be killed.

Now stock the pond with good gamelish — 100 Black Bass per acre and 1000 Bluegill Bream per acre. Fish will be furnished you free of charge by the U. S. Fish and Wildlife Service at Welaka, Florida. Your Soil Conservation Service technician will order them for you.

Now add the fertilizer — 100 lbs. of 8-8-4 per acre of water. Apply the fertilizer slowly in one continuous ring around the pond in water three to four feet deep. Your pond is now ready to cook. The sun will provide the heat necessary.

Next we will tell you how to bait your pond and look after it while it is cooking.

FOURTH DERBY WIN? - - By Alan Mavor

Millers Face Trouble With Aggressive Dallas

The Minneapolis Millers, 11-8 losers to Omaha yesterday, faced even more trouble this afternoon as they collided with aggressive Dallas in a local rivalry that threatened to cut across class rating.

Dallas, who will face triple-A Minneapolis today and tomorrow in afternoon exhibition, are set on upsetting their class superior brothers of the Giant Farm System.

Eagle manager Sally Parker said this afternoon, just before dressing out for the game, "We're out to take them either today or tomorrow." And he sounded like he meant it.

The Minneapolis Millers are the leaguers in the fabulous New York Giants Farm System. Just below them is Dallas, second ranked in the Farm System.

The Millers made their home debut Sunday against Dallas and it became early apparent that when the two teams collided more than a regular exhibition game was in progress.

Fans rallied to support the teams in a game that set a precedent of enthusiasm for the Giants' teams games and a huge crowd was on hand this afternoon when the game got underway at 1:30.

Same two teams will meet again tomorrow, also at 1:30.

A "Dead" End Street
BUTLER, N.J. — Mrs. Rita Fallon complained to police that living on a dead-end street is no reason her driveway should look like a cemetery. Mrs. Fallon said hearses and funeral cars have been using her driveway for turning around when returning from a nearby cemetery.

Wanted, Dead or Alive
RICHMOND, Va. — The city personnel department has decided to change the wording of an advertisement for a man to collect live and dead animals. The earlier ad, which got no response, advertised for an "animal collector, dead or alive."

Seminoles Baseball Team Is Green

The Sanford Seminoles opened their track season this afternoon with a full 15 event meet against Eustis in the newly refurnished cinder track behind Seminole High School. The meet is in progress at press time this afternoon.

The 15 events of a track meet include: 100 yard dash, 200 yard relay; one mile run; 440 yard run; 120 yard low hurdles; 880

yard run; sprint medley relay (110, 220, 330, and 440 yard runs progressing in relay style); 220 yard dash; mile relay (four 440 yard runs); shot putt; discus throw; running broad jump; pole vault; high jump; 120 yard high hurdles.

The lettermen are: Sidney Villan; who runs the 880 yd. relay and sprint medley relay; Murray Nance, sprint medley relay, 330 and 220 yard runs, mile relay, discus throw, and broad jump; Phil Byrd, 880 yd. relay, low hurdles, sprint medley relay, broad jump, and 100 yard dash; John Butler, high jump and high hurdles; Bob Little, hi hurdles; Al Collins, 880 relay, mile relay, and broad jump; Don Mathieux, pole vault and sprint medley relay.

Ganas said that Dickie, Roundtree and Walter Middleton would be running the mile for the Seminoles. George Houston will throw the shot put, broad jump and run the 440. Bruce Held will run the 880 and Tony Getman will make the 440 yd. run.

Eagles Whip Buffs 11-10; McCovey Hits Another Homer

The Dallas Eagles made good their threat to redeem the spring training exhibition season opener loss to Houston, when they were whipped 7-1, by ripping the Houston Buffs 11-10 yesterday afternoon with the help of little McCovey, the 19 year old Eagle first baseman that has hit a home run every game he has played in.

Not only that, but young Willie has a perfect batting average. Yesterday he batted two hits in as many trips to the plate and aimed one of them over the right field fence. McCovey drove in two runs for his daily effort.

But third baseman Antonio Taylor, short stop Mel Collins, second baseman Ramon Conde, and pitcher Gil Bassett made generous contributions to the team's initial success of the spring exhibition season.

Both Taylor and Collins tallied two hits yesterday to aid the cause, while Taylor did double duty at third base in outstanding defensive playing to team with Conde at second and slugger Willie at first for a sparkling defensive infield.

Bassett, the winning pitcher, burned a feverish path from the mound for his three inning performance. His were the only three scoreless innings of the game. He allowed only one hit and one walk.

Frank Funk, starting pitcher for the Eagles, allowed five hits and had six runs scored against him in his three times on the mound. Ken Andersen allowed four hits and had four runs scored against him for his three innings on the hill.

Houston had 10 hits, 10 runs, and made two errors, while Dallas realized their 11 runs out of 12 hits and also made two errors.

Drive Safely—You don't buy safety, you build it.

OUR SINCERE THANKS;

To all the customers that made our BIG TRADE-IN WEEK a great success.

We are sorry the large shipment of bedroom suites did not arrive in time to fill the demand last week . . . but now we have the best selection of modern suites in town . . . finished in blond, walnut mahogany, maple, grey, fruitwood, etc. The large price range from \$129.00 to \$500.00 will fit the budget of the most conservative buyer. Number and manufacturer will be supplied with every suite so our low price and liberal trade allowances may be compared anywhere.

Our courteous appraisers are on the job again this week to offer you the best deal possible. YOU NEED THE NEW SUITE . . . WE WANT THE OLD SUITE . . . Know we can trade if you call FA 2-0983 today.

ALFRED BERNARD OELLERICH, Aviation Structural Mechanic, First Class, USN, had two proud spectators when he was promoted in Heavy Attack Squadron Nine on March 15. Present to witness the ceremony were Mrs. Oellerich and her mother, Mrs. W. C. Smith of the S-Bar-S Ranch, Kelseyville, Calif. Oellerich joined the Navy in 1913 at Jacksonville, Fla., after working for a time as a machinist and welder at Turner Field, Albany, Ga. He is present assignment in his squadron is that of third crewman in A31 carrier-based jet bombers. He is the son of Mrs. Samuel L. Smith of 2118 Lake Ave., Albany, Ga. Mrs. Oellerich is the former Miss Wanda Marie Smith (no relation) of Gilroy, Calif. The Oellerichs have five children and are residing in Lake Mary.

Legal Notice

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN RE: EVIDENCE OF THE FOLLOWING DESCRIBED PROPERTY:

THE STATE OF FLORIDA VS. THE STATE OF FLORIDA.

ALL persons, firms and corporations owning, having or claiming an interest in or lien on the above described property.

You and each of you are hereby notified that the above described property has been sold under and by virtue of Chapter 142, Florida Statutes, as amended, and is now in the possession of the Board of County Commissioners of this County, and you, and each of you, are hereby further notified that a petition under said chapter has been filed in the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, seeking the forfeiture of the said property, and you are hereby directed and required to file your claim, if any you have, and show cause, on or before Thursday, April 11, 1937, if not personally served with process herein, and within twenty days from personal service of personally served with process herein, why the said property should not be forfeited pursuant to said chapter. Should you fail to file claim as herein directed, judgment will be entered against you in due course. Persons not personally served with process may obtain a copy of the petition for forfeiture filed herein from the undersigned clerk of court.

WITNESS my hand and the seal of the above mentioned Court at Sanford, Florida, this March 25, A. D. 1937.

T. C. PUCKER
(Court Clerk)

AS CLERK, of above mentioned Court.

NOTICE

A special meeting of the stockholders of the Florida State Bank of Sanford, Florida, a banking corporation, will be held in the banking rooms on Friday, April 2, 1937, at 1:00 p. m. for the purpose of amending Article III of the Articles of Incorporation.

T. C. PUCKER
President

NOTICE TO DEFEND

TO: JEAN H. WOYFELER and

WILLIAM H. WOYFELER, her husband, EDWARD H. MCNEIL, and

MARGARET H. MCNEIL, his wife, ROBERT H. MCNEIL, and

MCNEIL, his unknown spouse, if living and if dead the unknown heirs at law, devisees, legatees, and grantees of the said defendants and all persons claiming any right, title or interest in and to the real property hereinafter particularly described.

YOU ARE HEREBY NOTIFIED

that a bill of complaint has been filed against you in the Circuit Court of the Ninth Judicial Circuit of the State of Florida, in and for Seminole County, in Chambers, an abbreviated title of said cause being **JEAN H. WOYFELER and WILLIAM H. WOYFELER, her husband, EDWARD H. MCNEIL, and MARGARET H. MCNEIL, his wife, ROBERT H. MCNEIL, and MCNEIL, his unknown spouse, if living and if dead the unknown heirs at law, devisees, legatees, and grantees of the said defendants and all persons claiming any right, title or interest in and to the real property hereinafter particularly described.**

The nature of this suit is for quieting and confirming the title in the Plaintiff's premises upon the following described tract of land situated in Seminole County, Florida, to-wit:

The South one-half of Lot or Tract 23 of McNeill's orange Villa, according to Plat thereof recorded in Plat Book 2, Page 55, 100, and 101 of the Public Records of Seminole County, Florida.

You are ordered and required to file your defense to said bill of complaint, if any you have, with the Clerk of said Court and to serve a copy thereof upon **PERVIE E. WATSON**, 1024 South Orange Avenue, Orlando, Florida, attorney for Plaintiff on March 25, 1937, and to defend thereof a Decree Pro Confesso will be entered against you and a decree will be rendered in favor of the Plaintiff.

WITNESS the hand of the Clerk and the seal of the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, this 25th day of March, A. D. 1937.

A. P. HENDERSON
Clerk of Circuit Court

Per: P. E. Swann
Attorney for Plaintiff

1024 South Orange Avenue, Orlando, Florida.

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA.

S. CHANDLER vs. J. L. HARRIS, INC., a Florida Corporation.

Plaintiff

Defendant.

NOTICE OF SALE

To the Defendant:

JAMES E. BARTLETT.

And to: All Unknown Spouses of said above named natural defendants.

And to: All Parties claiming interest by, through, under or against the above named natural defendants not known to be dead or alive.

And to: All Parties claiming or claiming to have any right, title or interest in and to the following described property situated in Seminole County, Florida, to-wit:

Southeast Quarter of Southwest Quarter,

Views

(Continued from Page 1)

served as chairman of the meeting stated "The commission can move in tomorrow and zone every county road in Seminole County."

"We all have our conception of government—but I look with a little bit of skepticism on allowing the people to speak—I don't see why, if we want to do something, that there will be no assurance that this will be done."

Stenstrom stated "I have no doubts in the world that the people of Seminole County would oppose overall zoning. I am in favor of zoning and as a leader will state that."

Senator Stenstrom, who also represents Brevard County in the State Senate, stated that a bill granting overall zoning without a referendum would be proposed in the coming Legislature. It was at this point that Brailley Odham asked "How can you be a leader in one county and rule in the other?"

During the discussion, which at times entered into a debate, Representative, Frederick said "I personally want to see the county zoned, however, I haven't committed myself to pass this proposal or to oppose it."

Commissioner John Krider told the group that "Zoning isn't just walking up and down the road—in one part you allow zoning and in another part prohibit it."

Commissioner Lawrence Swoford said "I don't like the idea that you go along with trust and authority in Brevard County and not give us that authority."

Representative Mark N. Cleveland Jr., speaking out on the issue said "It's a tragedy the way building is going on—some people want to keep us from trying to regulate the growth of the county—we want others to come in but we want them to come in by our law."

This morning, Representative Cleveland said "I'm for transferring the responsibility for establishing countywide zoning from the Legislature to the County Commission where it should have been all the time and where it should be now for those officials are just as representative of the people's property interests as a member of the Legislature."

"I believe that they are just as well qualified to preserve the property rights of the citizens of Seminole County as I and would exercise sound discretion in applying any zoning regulations in any area of the county."

Cleveland said "Zoning is a protection—today a person can put up any kind of nuisance business

he wants to and the people in the county areas have no protection regardless of how obnoxious the business might be."

He said "I would be willing, in order to assure the maximum in safeguards, to provide that it would be necessary that either a four-fifths or a unanimous approval be required of the Board of County Commissioners before any area could be zoned in Seminole County."

"It is not my purpose to deny or deprive any citizen of their property rights and by placing the authority and power to zone in the hands of the Board of County Commissioners, I feel that they are as cognizant of the people's rights as any other elected official and that they would not usurp or abuse any power conferred upon them under a countywide zoning law," he said.

It is my understanding, Cleveland said, that the proposed legislation would require notice of a hearing before the zoning commission first and also a notice before the final hearing by the Board of County Commissioners which would give the people affected ample opportunity to be apprised of what zoning was being requested.

"Surely the people of Seminole County have confidence in their County Commissioners to manage and administer the affairs of Seminole County or they would not have elected them and I am willing to trust their judgement," said Cleveland, "in such matters and thus give Seminole County the procedure by which progress necessitates the establishment of zoned areas outside of municipal areas, and the protection of property owners in Seminole County."

County Commission Chairman Fred Dymon, interrupting a heated discussion on the zoning question said "I for one have faith enough in you (Senator Stenstrom) Mac (Representative Cleveland) and Gordon (Representative Frederick) that you will act in favor of the people of Seminole County."

Senator Stenstrom commented "We do favor overall zoning and would like for you to believe that. My personal thinking is that the Board of County Commissioners place into effect the present zoning bill."

Odham said "In other words you are willing to let them zone 500 feet from county roads but you don't believe they can look any farther than that."

Mayor David Gatchel told the group that "The city of Sanford has looked into zoning and Planning quite thoroughly."

"Any property that the City of Sanford would annex would include the hedge areas," he said.

"I feel that Seminole County should go just as Brevard County 'scholar hog or none at all'."

As the States Attorney Volie Williams Jr., speaking to the group during the discussions said "I introduced the present bill and now I think I was wrong. For goodness sakes, don't let the people defeat what we have already passed," he said. And he added, "I don't think it would be the wisest course to adopt this bill without a referendum."

The president of the Seminole County Chamber of Commerce referred to a bill passed in 1923 Clifford McKibbin said "The state legislature passed an enabling act giving cities the authority to zone without a referendum."

District Meet To Train Lay Workers Mar. 25

As a part of the pre-Easter evangelistic program in which Florida Christian Churches are cooperating, a district conference for the training of lay workers in visitation evangelism will be held Monday, Mar. 25 at 7 p. m. at the Ocoee Christian Church.

Dr. Paul Henry Packard, pastor, the Rev. David S. McNelly, of the evangelism department of the United Christian Missionary Society, Indianapolis, will be present to train the workers. McNelly was formerly pastor of the Mirror Lake Christian Church, St. Petersburg.

The meeting will begin with a fellowship dinner.

A local delegation headed by Pastor Perry L. Stone expects to attend, leaving from the parsonage at 6 p. m.

Field Mouse Stops Freight Train Single Handed

WASHINGTON.—A fat field mouse possibly with a wild spring in its step, has assured himself a niche in history.

He stopped a 56-car Pennsylvania Railroad freight train single handed.

The long train slid to a halt Wednesday four miles out of the Potomac railroad yards when its engine man couldn't throw a switch up ahead.

Help was called. Shouts and alarms filled the air. Technicians probed the switch.

Fifty-six minutes later the trouble was discovered: The lifeless body of the devil-may-care mouse lay wedged between two electrical contacts breaking the switch circuit.

It was difficult to determine whether the mouse's face wore a smile of triumph.

A MESSAGE

SOUTH HAVEN, Mich.—Lyle Wauchek shot down a Canada goose with an aluminum leg band that bore these words: "Be not afraid, only believe—Mark 5:36." A check with the wildlife sanctuary revealed that the gosling was the last of a brood of 12.

Mark of an outdoor enthusiast was included verses of scripture on his bird bands for the benefit of Eskimes and Indians.

ON THE SKID

MILFORD, Conn.—Francis Dolan was driving through MILFORD Center when his car was hit in the front by a skidding auto.

While police were making out reports Dolan's car was at the curb where it was hit again by another skidding car.

endum—I don't see why it wouldn't work in the county as well as in the city."

George Touhy, immediate past president of the Seminole County Chamber of Commerce told the group discussing the zoning problem of the county "I think, as legislators, you are faced with a decision as to what is good for the people of the county. The general welfare of the county is involved in the act."

Anybody could set up the finest kind of residence and anybody could set up a chicken farm right next to it. We are all caught in a jam—for the general good of the county we've got to have a zoning law."

Brailley Odham explained "I am not opposed to a referendum for I have faith in the people—but what we're talking about now is your county's future."

Science Fair Will Be At Stetson This Saturday

Budding scientists by the scores from the high schools of five nearby counties will descend upon the Stetson University campus Saturday for the first annual district science fair to be held in this section of Florida.

Dr. A. M. Winchester, head of the biology department at Stetson, is chairman of the project which is a part of a national campaign to interest more young people in careers in science to forestall a serious shortage of scientists in future years.

Students of Volusia, Lake, Brevard, Seminole and Orange Counties will enter projects in science which they have constructed under the direction of their teachers. These will be on display in Allen Hall from 10-12 in the morning and from 1-4 in the afternoon. Prizes of scientific books and equipment will be awarded the three top winners in the biological and physical science divisions. All winning and honorable mention exhibits will be eligible for entry in the state science fair.

The public is invited to attend. There is no charge for admission.

Demonstrations in the various science laboratories of the University will be one of the major attractions for the visitors. In the biology laboratories there will be exhibits of such things as living

bacteria under the microscope, method of collecting and mounting plants, how to make microscope slides, heredity in fruit flies, collecting and mounting insects, and demonstrations of the anatomy of different animals.

Among the array of fascinating exhibits in the University's physics laboratories will be a cloud chamber, fluorescence, a Geiger counter, electrical phenomena, vibration frequency, the stroboscope, and the atomic spectra.

The engineering shop and laboratory will demonstrate gear cutting, lathes, grinders, and other equipment.

The chemistry laboratories will be open so students can be seen carrying out the various experiments which are a part of general and organic chemistry.

The Rice Planetarium will have a special showing for the visitor each hour and the museum will be open between the showing of the planetarium.

Assisting Dr. Winchester are the numbers of the science faculty including: Prof. Emmett Ashcraft, in charge of planetarium demonstration; Dr. Robert Chauvin, museum; Prof. Dorothy Fuller, registration; Dr. Keith Hansen, exhibit hall arrangements and signs; Dr. George Jenkins, physics demonstrations; Prof. Curtis Lowry, engineering demonstrations; Dr. Elmer Prichard, judging of student exhibits; and Dr. John Vaughan, planetarium demonstrations.

Drive Safely—Alert today—alive tomorrow.

Tax Assistance For Indigent Patients Sought

CHICAGO—The President of the American Hospital Association says the self-paying patient is being unfairly asked to help finance hospital care for the indigent in many hospitals.

Dr. Albert W. Snook, AHA president and director of the Grace-New Haven Community Hospital at New Haven, Conn., said hospital employees also are "shouldering some of this burden" by working for lower wages than their counterparts in the community.

Snook said self-paying patients and hospital employees also are being taxed to help finance health personnel education.

The AHA head, writing in Hospital, journal of the association, said the burden of caring for the indigent should be met by tax funds. But he said the community which pay the cost of such care out of tax funds are the exception rather than the rule.

Snook said hospitals should receive "current full cost" from government agencies for both inpatient and outpatient care rendered welfare patients.

He said they should receive supplemental funds from "society in general—not the unfortunate sick private and semi-private patient" for the cost of caring for the medically indigent that cannot be paid by the patient himself.

Los Angeles Has Police Shortage

LOS ANGELES—Police Chief William A. Parker has warned Angelenos to cooperate with law enforcement agencies if the city is to stem the tide of mounting crime and a dwindling police force.

Parker pointed out recently that the police department today has 50 fewer officers than it had in 1930, despite the fact the city's population during the past seven years increased by 350,000.

"We are finding it impossible to get enough high-caliber personnel to join the department," Parker said.

"And the job of enforcing the law is becoming more and more difficult, in view of the city's tremendous influx in population."

Parker further warned that the situation will get worse, unless the public makes an effort to obey the law, instead of hindering it. He reported that 737,772 citations were issued to city residents last year because of their failure to obey traffic laws.

BOOST FOR VEGETABLES

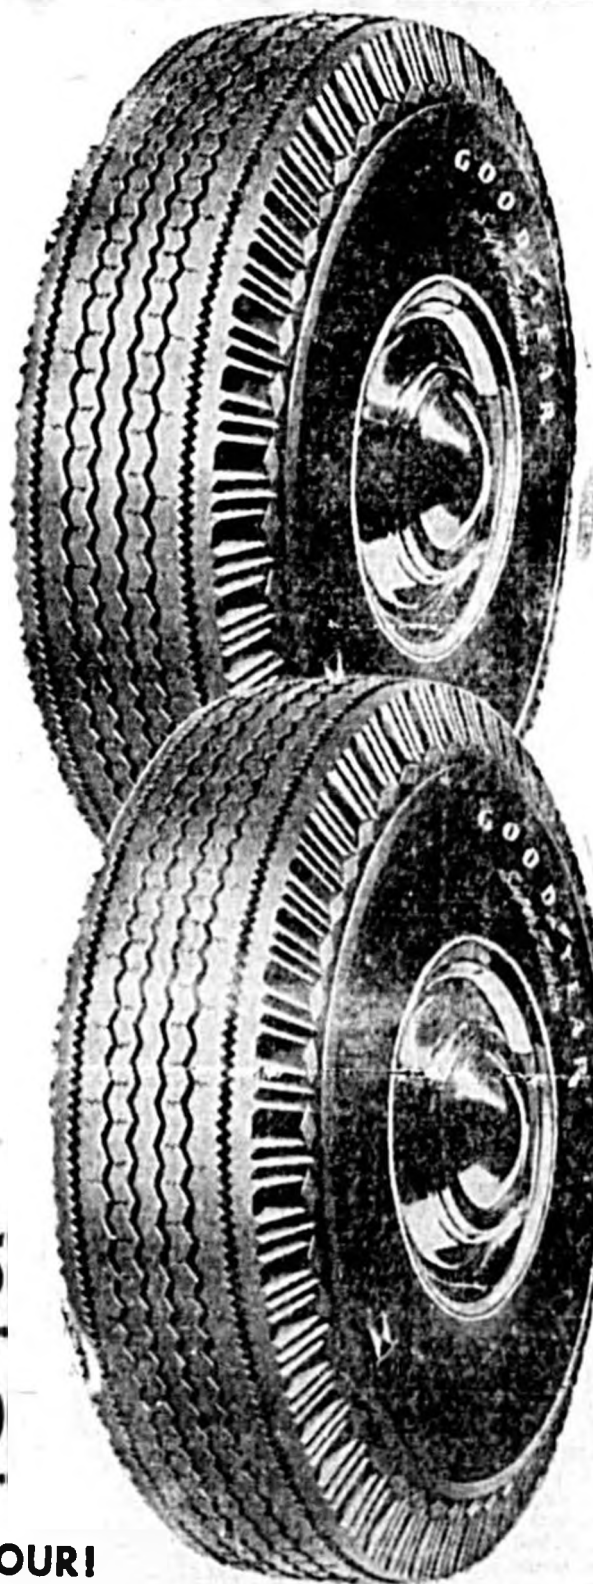

BANGOR, Me.—Mr. and Mrs. Albert Watson recently celebrated their 65th wedding anniversary with this advice on how to make a marriage last—"eat plenty of vegetables."

Heart Disease Still Leading Death Cause In Seminole County

Two Accidents Reported During Last Night's Rain

Rain was a contributing factor in two accidents last night in Seminole County. A 1948 Buick convertible driven by John M. Goodall, 20, of Vero Beach, was going south at about 20 miles per hour when according to the driver "I was unable to see where I was going because of approaching headlights and rain."

Goodall's car moved over on the left side of the highway and struck left front of a 1954 Mercury sedan driven by Albert Williams, 39, Negro of Oviedo.

Damage to the Buick was estimated at \$125 and to the Mercury \$175.

Charges were placed against Goodall said Trooper Mack, Deputy Sheriff Ed Cowan and a FHP Auxiliaryman assisted.

The second accident occurred at 11 p.m. at San Lando Springs when a 1946 Chevrolet sedan driven by B. F. Brown, 32, of Longwood was traveling east at about 35 miles per hour when struck by a 1951 Studebaker convertible driven by Willie Lee McClendon, 39, Orlando Negro.

McClendon was traveling west when he lost control of his car and skidded broadside into the front of the Chevrolet.

Damage to the Chevrolet was estimated at \$75, to the Studebaker at \$125.

Charges were placed against McClendon said Trooper Mack with the same two officers assisting.

Man Is Arrested, Charged With Rape

A young white man was arrested early this morning by Sanford Police Department officers and charged with rape.

Johnny Robert Higginbotham, who lives at Lake City address as his home, was arrested by officers Edward Hayden and Earl Bourqueard, said Police Chief Roy G. Williams on a complaint that a 13-year-old white girl was being raped.

Higginbotham has been turned over to county authorities and lodged in the Seminole County jail.

Work On Supermarket To Start Here Monday

Work on a \$129,000 Winn-Dixie supermarket, the first unit of a planned shopping center, is scheduled to begin here Monday.

Officials of the Winn-Dixie Co., Inc., Jacksonville said the shopping center will be located at the corner of French Ave. and 25th St.

Present plans call for the completion of a supermarket in about four months.

Projected plans call for the completion of several other units, a spokesman for Duval Locations, Inc., a Winn-Dixie subsidiary said.

Duval Locations, Inc. will be the owner and operator of the shopping center.

The construction of additional units at the planned shopping center depend "strictly on other tenants applying for leases," the spokesman said. "But it will not be too long," he added. It was pointed out that the other units probably would consist of a drug store, a 5 and 10 cent store, and various other retail shops.

Construction of the shopping center will be by the D. O. Foshee Construction Co., Inc. of Jacksonville.

Bids were opened in Jacksonville last Thursday.

The local supermarket will be similar to other Winn-Dixie stores but would be of non-combustible construction with a roman brick and glass front.

The spokesman said that "it would not be too long."

Abner Hopkins, architect, is in charge for the Winn-Dixie Company.

Over 100 To Attend FFA Parent-Son Banquet Tonight

More than 100 parents and members of the Future Farmers of America, Seminole High School Chapter will attend the annual Parent-Son Banquet tonight at the high school auditorium.

With 48 young prospective farmers as members of the local FFA Chapter five awards for which the entire group has been competing will be presented at tonight's annual affair.

Considered as the top award will be for the "best supervised farm program" which will be presented (Continued on Page 9)

Top News In Brief

HAVANA 22 — President Fulgencio Batista is considering formation of an armed 10,000-man civilian militia, to counteract threats of a revolution, informed sources reported today.

ATLANTA 22 — A scientific study made public today in a copy-right story in the Atlanta Constitution said that cigarette smoking "beyond a reasonable doubt" is a cause of increasing cases of lung cancer. The report, sponsored by four national health agencies, noted that lung cancer shows up much more frequently among cigarette smokers than non-smokers, the Constitution said.

WASHINGTON 22 — West Coast Teamsters Boss Frank W. Brewster told the Senate Rackets Committee today he personally disapproves of Teamsters President Dave Beck's action in borrowing \$30,000 to \$400,000 from the union without interest.

Brewster resumed testimony before the committee shortly after being arraigned in federal court on contempt of Congress charges. He was released on \$1,000 bond for trial May 20.

WASHINGTON 22 — The cost of living jumped four-tenths of one percent in February, setting a new record for the sixth straight month, the government reported today.

U. S. CoFC Calls For \$1.5 Billion Slash In Budget

WASHINGTON 22 — The U. S. Chamber of Commerce called today for a 1.5 billion dollar slash in President Eisenhower's defense budget of 38 billion.

Chamber spokesman Perry M. Shoemaker told Congress that the budget could be cut by that amount without "in any way impairing our national security."

The chamber's views added fuel to a drive by budget-cutters to scale down Mr. Eisenhower's defense program.

Shoemaker also suggested that another 255 million could be lopped off the Navy's proposed shipbuilding program for next year.

Sen. Harry F. Byrd (D-Va.), leader of the Senate economy bloc said Congress can slash the over-all 71.8 billion budget by 6.5 billion. His recommendations include a reduction of 1.8 billion in the defense, atomic energy and stocking programs.

Weather

Cloudy with showers and cooler today. Partly cloudy tonight and Saturday with scattered showers likely by Saturday night. A little warmer Saturday; Low tonight 60 to 65.

Bomber Crashes Near Pinecastle; 4 Crewmen Killed

Pinecastle, Air Force Base, 22 — A B-47 Stratofortress bomber crashed near here, shortly before dawn this morning, killing all four crewmen.

The public information office at this Strategic Air Command Base said the sleek medium bomber fell to earth and burned about 15 miles from the south runway.

Identification of the dead was delayed pending notification of the next of kin.

Base officials said the B-47, 000000 of the 321st Bombardment Wing was on a routine training mission.

Kennedy Aids Base Retention Efforts

New York 22 — Kennedy's efforts to keep the Naval Air Station in Seminole County has reached many parts of the nation.

An example of the support that is being given the efforts to "retain the Naval Air Station here" comes from a letter written by Senator John F. Kennedy of Massachusetts to Secretary of the Navy Charles S. Thomas.

Senator Kennedy, recently appointed to the Foreign Relations Committee and a runner up in the Vice Presidential nominations of the Democratic Party, told Secretary of the Navy Thomas "Inasmuch as the Government has spent well over \$17 million on this installation, I believe that every effort should be made to continue use of the Naval Air Station in Seminole County either in whole or in part."

He said in the letter, a copy of which was received in Sanford by Asst. States Attorney Volie A. Williams, Jr., "I have had several inquiries from personal friends of mine from the Sanford area in Florida in regard to the Navy's plans to move the Sanford Naval Air Station to another location."

"I have spoken to Senator Smith on this matter," says Senator Kennedy in his letter to the Secretary of the Navy, "and he has informed me of the serious effects on the economy of the Sanford area, if such a move takes place."

Mar. 31 Is Last Day Residents Can Pay Taxes Without Penalty

Last day on which taxpayers can pay 1956 taxes without penalty will be March 31, John L. Galloway, Tax Collector, said today.

Failure to pay taxes on or before that date, he said, will result in a minimum penalty of three per cent on real estate taxes and one per cent on personal and intangible taxes.

He also pointed out that the tax laws require the additional charge of cost of advertising the property as delinquent.

Attention was also called to the fact that interest, advertising and other collection costs are added to the tax and all becomes a lien against any property owned by the delinquent taxpayer.

Galloway said the longer the delay in paying taxes after March 31, the higher the penalty cost becomes all of which makes it to the advantage of the taxpayer to pay any tax due on or before that date. The interest rate on real estate begins at one and one-half per cent per month with a minimum charge of three per cent. On the personal and intangible taxes, the interest amounts at the rate of one per cent per month.

Tax Certificates will be sold at tax sale to be held on June 20, 1957, on each parcel of real estate on which the 1956 taxes have not been paid. At the same time, warrants will be issued against all personal property tax items directing the levy and sale of the property to satisfy the taxes and cost.

Executions will also be issued on all intangible taxes not paid. Those executions will be filed with the Clerk Circuit Court and become a lien against any real estate the taxpayer may own, Galloway said.

\$2½ Million School Expenditure Proposed

THREE MEN WERE TAKEN INTO CUSTODY this morning by Seminole County Sheriff Luther Hobbs for investigation and are being held for Orange County authorities. A stolen car was being used by the men. They were identified as: (left to right) William Marvin Ingram, 29; Wiley A. Ingram, 23; and Winfield Burleson, 35. (Staff Photo)

Local Authorities Arrest Trio; Stolen Auto Is Recovered

Three men were taken into custody this morning and a stolen car was recovered.

The trio was noticed first just west of the Wekiva Bridge by a Sanford businessman. Appearing suspicious, the local businessman notified Sheriff J. L. Hobbs that the three men were in the vicinity and were being watched.

In the meantime, the three, one with a long prison record behind him, were being watched as they hid under the Wekiva Bridge.

Deputy Sheriff H. S. Smart was first sent to the scene and was later met by Deputy Sheriff Morgan McClelland and A. E. Evans.

The group separated with two of the men "thumbing" a ride toward Sanford. They were intercepted at Monroe Corner on State Road 16 and taken from the car in which they were riding by Deputy McClelland.

Evans returned to the scene at (Continued on Page 2)

Teachers Throughout State Demand Raise

United Press Staff Correspondent

Teachers throughout the state threw the book at Gov. LeRoy Collins today and said that unless he backs their demands for a substantial pay raise, there may not be enough teachers to man the schools next fall.

But the governor and heads of the legislative appropriations committees served notice that "threats" and "ultimatums" will not get teachers the \$1,100 pay hike they seek. State officials said revenue will not support such raises, even with new taxes.

Collins' lack of support of the Florida Education Assn's proposed pay raise brought angry cries and denunciations from teachers.

"If the Legislature doesn't do something along the lines proposed by the FEA, there just won't be enough teachers to man our schools next fall," Robert Loring, president of the Miami FEA chapter said. "All that the Florida teachers are asking is that their

Roxton Begins Serving 4-Year Sentence Today

Former Sanford banker Jack B. Roxton today was ready to enter a federal penitentiary on a four-year sentence for embezzling nearly \$100,000.

But Roxton was sent off to prison with the prediction of a judge that he would only have to spend one year and four months of that time behind bars.

Judge William Barker, who sentenced the former vice-president of the Sanford Atlantic National Bank Thursday, in Orlando said he was "sure the case would be considered by the Parole Board."

The banker could have received a maximum 10-year sentence and a \$10,000 fine. But Judge Barker gave him a four-year term and said he could be paroled after serving one third of the sentence.

Roxton, the father of two children, pleaded guilty last month to embezzling large sums from his bank between 1932 and 1936. It was not established in court what happened to the cash. Estimates have placed the amount at about \$100,000.

Jail Closes, No Business

SAN MARINO, Calif. 22 — The city closed its jail today because of lack of business. Police, Chief Robert Seares said the city, which has no bars or theaters, temporarily held only 111 prisoners in the two-cell jail last year—most of them drunks.

Leader Optimistic About Settlement Of Labor Crisis

LONDON 22 — Labor Minister Aneurin Bevan said today he was optimistic of a settlement of Britain's worst labor crisis in 30 years.

MacLeod reported his optimism to Home Secretary R. A. Butler, acting head of the government.

MacLeod said he was in conference with President Eisenhower in Bermuda.

Informal sources said he told Butler there is a chance of an early settlement of the week-old strike of 200,000 shipyard workers who are demanding a 10 per cent wage increase.

MacLeod held separate meetings with union leaders and employers Thursday night in an effort to reach a compromise on the shipyard issue. He was to meet with them again today to try to get both sides to sit down together for fresh negotiations.

Magsaysay Is Buried Today

MANILA 22 — Ramon Magsaysay, third president of the Philippines and the second to die in office, was buried today in a tomb bearing the simple epitaph: "Ramon Magsaysay, leader of the Philippines."

More than 100,000 Filipinos followed the casket from Congress Hall to Manila's old North Cemetery. Many of Magsaysay's beloved "common people" from far-flung provinces were in the procession. Many wept. A few stopped to pray.

Survey Reveals Needs

The Seminole County Board of Public Instruction yesterday, at its regular meeting held in the Educational Building, reviewed the school plant survey made late last year of the "School Plant Problems and Need of Seminole County."

The survey was conducted under the direction of the State Department of Education. The survey staff included: J. M. Laps, chairman, Hamid Afshar, Gilbert L. Gentry, Hal M. Hale, John T. Kirby Jr., Francis G. McGill, and Herman W. Shelley, all of the University of Florida, Gainesville; and James R. Barnes, W. H. Marshall, and F. A. Rhodes of the Department of Education in Tallahassee.

Overall, it was considered "good and reasonable" by the Board of Public Instruction.

The survey pointed out that "the equitable assessment of property is essential to long-range planning for financing public schools." The report continues with an explanation that "Equitable assessment of property involves the assessment of all parcels of property at full value or at some uniform proportion of true value."

The survey recommends the expenditure of well over two and a half million dollars in both new school construction and new construction on existing schools.

Four new schools are proposed in the survey with the total cost for all four plants set at \$1,629,920.

New construction to existing schools will cost approximately \$740,760 according to the survey and will include in the proposal for Seminole High School a general shop, lunchroom, band room, library and gymnasium built at the center with other renovations to the present building.

A proposed new school building would be to house the Sanford Junior High School and be located in the vicinity of Seminole High School at a cost of \$312,160.

Two other schools proposed for construction would cost \$223,200 and \$236,100.

The fourth new school building would be a Crooms Junior High School which the survey estimates will cost approximately \$428,400.

At Crooms Academy new construction will include a home-making suite, a general shop, band room, vocal music room, and a gymnasium. There are minor alterations proposed on the existing building. Cost is estimated at \$241,160.

In other business transacted by the Board of Public Instruction yesterday, four new buses were authorized for immediate purchase. Bids will be asked.

Mrs. Margaret Reynolds, principal of Pinecrest School was granted permission to attend the National Convention of elementary school principals in Cincinnati the week of Mar. 25.

The Board also approved a resolution (Continued on Page 9)
