

# Ocala Wildcats Nose Out Celery Feds 26 - 25 Score

## Local Team Leads Until Final Minutes Of Game

### Substitute Ocala Center Makes Free Throw With Only 14 Seconds Remaining For Needed Margin

By GLENN GOVOCEK

Leading by a four point margin with only 2-1/2 minutes remaining in the game, over-confidence or the desire for a more impressive victory over the visiting Ocala Wildcats cost Seminoles High School's Celery Fed quintet, a 26 to 25 loss to the visiting Northeast Conference foes at a well-lighted and hard fought game in the local gym.

The Feds failed to freeze the ball while leading in the final minutes of play as they did against the Daytona Buccaneers last week. During the last two minutes the Wildcats were able to find the basket two times to tie the score 25-25.

With only 14 seconds remaining, Joe McNeil, substitute center for the visitors, made a foul that which proved to be the deciding factor in the game. In a futile attempt to make a marker in the last 10 seconds of play the Feds shot at the basket but it missed and at least 10 attempts were made to bat the ball into the net for a counter. However, the timekeeper's whistle ended the game before the Feds were successful.

The Feds failed to play as good a game against the visitors from Ocala last night as they did against Orlando and Daytona Beach in games last week. Their offensive again refused to click but the locals were able to find the basket on their free throws, making 11 of 16 attempts.

The Feds got off to a poor start and at the end of the opening quarter, the Ocalaans were leading by a score of 8 to 4. In the second quarter, however, the locals re-stalated by making nine points while allowing the visitors only four in the second frame and at

## Kids Became Jittery So Called Police

MILWAUKEE, Wis., Jan. 24. — (AP)—Richard Schwacher, 10, was left at home with an older neighbor girl while his parents attended a wrestling match.

About 10:30 P. M. Richard telephoned the police and said: "I'm scared. Won't you send somebody out?"

A squad found every room in the house lighted. Richard and the girl were glancing nervously at rattling windows and doors.

The officers assured the children it was just the wind and left as the Schwachers returned.

## State Department Rejects Nazi Debt Payment Proposal

### Hitler Contends Any Payment Made To U. S. Must Depend On Trade Balance

### GOP Bloc Unites On Relief Fund

### Republicans Join Conservative Demos In WPA Appropriation

WASHINGTON, Jan. 25.—(AP)—The State Department rejected today Germany's contention that any payments she makes on Austrian debts to United States government and citizens must depend on the German-American balance of trade.

The department also refused to accept Germany's position that she is not legally responsible for Austria's debts. The debts include a relief obligation to the U. S. government of \$25,000,000 which Germany wanted to put aside on the ground it was a war debt.

Senate Republicans united today in an effort to hold the relief appropriation to \$25,000,000. That sum, voted by the House and approved by the Senate Appropriations Committee, is \$100,000,000 less than the amount asked by President Roosevelt to continue WPA until June 30.

At a conference today the Re-

## 'Most Encouraging' Results In C Of C Campaign Reported

### Bagwell Says Drive Is Receiving Full Support Of Public

Reports on the results of the annual membership drive of the Seminole County Chamber of Commerce are "most encouraging," Ralph Bagwell, Chamber secretary said today after a report from several of the teams working in the Sanford section.

The campaign is certainly being given the support of the public, Mr. Bagwell declared adding that the workers are getting numerous new memberships while almost 100 percent of the old members are readily renewing their memberships.

With only a few of the campaign divisions reporting at noon today, the Chamber secretary stated that 104 memberships to reach the 750 goal had been obtained. This figure was expected to approach the halfway mark with the report of all the divisions.

The division of Col. L. F. Hoyle was leading and the team made up of Capt. Walter Hayner, H. James-Gut, Frank Lanson and F. E. Cormac was ahead with a total of 81 memberships to its credit.

The team headed by Mrs. E. I. Hoyle reported a 100 percent response from all prospects to date. This team is in the division of Mr. R. J. Holly.

The drive which opened with a "kick-off breakfast" at the Waldorf Hotel yesterday morning will close Saturday.

## CAVALIER'S SURVIVORS

Increase in warm clothes, seven of the ten survivors of the Cavalier posed for this group photograph on their arrival in New York. R. Alderson and Radio Officer Patrick Chapman.

## Tremor Spreads Damage, Panic On Chile Coast

### Medical Supplies And Doctors Are Sent To Stricken Area

SANTIAGO, Chile Jan. 25.—(AP)—A midnight earthquake that spread damage and panic through a 100-mile strip along the Chilean coast disrupted normal communications between the capital and a large area to the south early today.

First reports from amateur radio operators indicated that at least 11 were dead in the area which seemed hardest hit, 150 miles south of the capital.

Soldiers posted to this area, which included the city of Talca, with population of 45,000, and Concepcion, port city of 75,000.

Three Chilean military planes sped south to check up on the actual death toll as unconfirmed reports said it might reach 2,000 in the Concepcion area.

President Pedro Aguirre Cerda and several cabinet members departed for the quake area on a special train with 50 physicians, 70 nurses, and medical supplies.

## RESCUE SHIP

This airview of the Eneo Baytown carrying the survivors of the Imperial Airways Cavalier which crashed Jan. 21, is shown bucking icy gales 75 miles from New York. Army Photographer Joe Boyle flew 100 miles on the first attempt to get this picture but was unable to sight the Eneo Baytown. On his second flight he got this picture.

## Mrs. C. C. Earl Made Officer By Tourists

Mrs. C. C. Earl was elected vice president of the Sanford Tourist Club at the weekly meeting of the group in the Chamber of Commerce last night, officials of the club reported.

No vice president was selected at the annual election of officers and Mrs. Earl, last year's president, was chosen to act in this capacity during the year.

The secretary was instructed to write a letter to the Civic Department of the Sanford Women's Club expressing appreciation for the interesting party given last week in honor of the club. The secretary was also instructed to write letters to two members of the club, Mrs. Peter Peterson and Mrs. W. H. Brookline.

Following a social hour, the members of the club were spectators at the badminton games in the City Hall.

## Local Future Farmers Will Have Visitors

Next Thursday a group of approximately 25 boys, members of the Baker Chapter of Future Farmers of America, will be the guests of the local farm chapter for the night.

The Oklawaha county boys plan to stop over here enroute to the Tampa Fair, according to an announcement by Alex E. Johnson, advisor of the chapter.

Mr. Johnson also stated that about 25 or 30 members of the Seminole Chapter will leave on Saturday, Feb. 4 for the expedition to take part in several of the judging contests.

The local chapter will enter judging teams in beef, fruit and vegetables, and poultry. A total of \$1,000 is being offered in prizes for the winners and in addition winners of the poultry judging event will be given a trip to the World Poultry Congress to be held in Cleveland.

## Frost Is Predicted By Weather Bureau

LAKELAND Jan. 25.—(AP)—The Weather Bureau here predicted today frost would visit many sections of Florida's fruit and vegetable growing regions early tomorrow morning.

Among the lows predicted were Ocala 26, New Smyrna 24, East-ings 20, and Sanford 20. The forecast said the lowest in the overglades district would be 20 degrees or higher and on the lower East Coast 45 degrees or higher.

## Army Engineers To Hold Public Hearing On Canaveral Feb. 13

A public hearing on Canaveral Harbor will be held in the city auditorium in Cocoa at 10:00 A. M. Monday, Feb. 13, according to announcement received today from Col. Lewis H. Watkins, district Army engineer at Jacksonville.

"These data should include freight and passengers which may be received or shipped over the proposed improvement, terminal facilities available, in which may be made available by local interests for handling the freight and passenger movements; commercial fishing of all kinds, including quantities caught per annum, number of boats engaged, the draft of same, and terminal facilities available, or which may be made available for the industry; and the use of the waterway for health and recreational activities, including number of boats and yachts engaged in this activity, draft of the boats, number of boat trips under annual number of passengers carried, and terminal facilities available for this activity."

Oral statements will be heard, but for accuracy of record all important facts and arguments should be submitted in writing.

## Insurgent Forces Carry Banner Into Loyalists Capital

### Investigation Of All Grass Fires Ordered By City

### Police To Work With Firemen To Stop Setting Of Fires

An investigation of all grass fires in the City of Sanford and prosecution of those found guilty of setting them was ordered by the City Commission in an effort to stop the large number of grass fires which the local fire department is called upon to extinguish.

Following reports by Fire Chief Mark Cleveland that much property inside the city limits has been threatened by spreading grass fires, the Commission authorized Chief of Police Roy G. Williams to send an officer to every fire in an effort to learn the identity of the person who started the blaze.

In an effort to cope with the situation more efficiently, the Commission has asked City Attorney Fred R. Wilson to draft a new ordinance against the setting of fires.

Declaring that in his opinion most of the grass fires are set by persons who do not realize their action endangers valuable property in the City, Fire Chief Cleveland states that the most of the 30 calls received by the Fire Department so far this month have been to extinguish grass fires.

"In several instances," the Fire Chief continued, "the firemen are called in time to save a garage, home or other building from a fast-spreading grass fire."

Pointing out that because of the lack of rain and the recent frosts the grass is tinder dry, Chief Cleveland warned against the setting of lighted matches or cigarettes along the roadside. He declared that in many instances these grass fires reach such proportions that the firemen can hardly extinguish them before the blaze spreads to a nearby building.

Pointing out that in many cases other property in Sanford is lost because of the large number of grass fires, Fire Chief Cleveland said that this is one of the greatest dangers resulting from the fire. The Fire Department last Saturday received three simultaneous calls to six men's grass fires and for nearly an hour there was no one at the station to even answer the telephone, Chief Cleveland said.

During the dry weather which prevails at present, Chief Cleveland also warned residents against the burning of trash or leaves on their property without the presence of a fireman. He asked that all who have trash to burn call him before setting a blaze.

### Occupation Of Spain's Largest City Is Only Matter Of Hours For Franco's Army

### Italy Warns France To Remain Neutral

### Gauntlet Of Shell-fire Run By Refugees Leaving City

Generalissimo Franco's troops today carried the banner of the Spanish Insurgents into Barcelona, Spain's largest city, as the civil war which has kept all Europe uneasy entered a new and critical phase.

But even though the swiftly advancing Insurgents were within the gates, government militiamen kept up a bitter, dramatic last defense of the vital seaport and industrial city which has been the government capital since Oct. 26, 1937. Bomber detachments deployed the complete occupation of Barcelona was left a matter of hours.

The Italian government, which has backed France openly, announced that 10,000 men of the Italian army would be called to the aid for training and instruction and reported to all warning that any French intervention in behalf of Barcelona would give Italy "liberty of action."

On the northern Spanish coast, the Italian warplanes bombed the village of Guadalupe where more than 20 American refugees from Barcelona were gathered to board the Italian state transport ship, and ordered other foreign ships to avoid the area. The refugees had to run a gauntlet of shell-fire.

Streams of refugees poured north from Barcelona, and the government militia there, seeking new refuge in banking government territory below the French border.

Barcelona reported the new government capital could be at Figueras, 100 miles below the frontier.

In Madrid, the French frontier at Colares, French and aircraft batteries fired a warning round. Bombs of four insurgent bombers which circled over the harbor.

The rebel southern army on which should without firing a shot, announced the government ultimatum of Prat de Llobregat, and their flight along the coast to the suburbs of the capital where it expected to be cut off by the other army would sweep across the coastal plain to the city of completely.

Within Barcelona proper, reports reaching the border said, the rebel army of 20,000 people was beginning to break as it became apparent there was no means by which they could fly to the north.

The rebels and all trains had stopped running. Only members of the government and lucky few could make a dash for the north, and to carry them out of range of the insurgent shell fire from rebel guns that had been pounding the city since noon.

The government's decision to move northward to Gerona or Figueras, respectively 50 and 70 miles nearer the French border, was said to have started a mass trek of women, children and old men on foot.

They were carrying their most precious possessions on their backs or trundling them in wheeled barrows.

Roads to the north were choked with traffic that forced the foot-sore refugees off the highways. Every available vehicle had been commandeered.

(Continued on Page Three)

### WPA Road Project Is Given Approval

### Jacksonville Project Approved

JACKSONVILLE, Jan. 25.—(AP)—Approval of an \$81,624 WPA project for a new route from Riverside to Ortega on the Jacksonville-Palatka-Ocala highway was announced yesterday in a communication from Senator Andrews, now in Washington.

Senator Andrews' communication said President Roosevelt had approved the undertaking, which provides for clearing and grading the 5.34-mile stretch through suburban Jacksonville. It is sponsored by the state road department which will supplement the \$81,624 federal allocation to meet the total cost.

Preparations for the Gasparilla parade and the capture of Tampa by the pirate crews of Jose Gaspar on Feb. 6 are well ahead of schedule, according to Capt. G. A. Hanson. "In fact," the captain said, "the set-up at this time, almost a month before the parade, is the best in the history of the event."

Roll experts estimate that approximately 7,000,000 acres, or 18 percent of the land in cultivation in the United States is too poor for profitable crop production.

## Woodmen Prepare For District Meet Here Next Tuesday

Final arrangements for a district meeting to be held here Tuesday night were made at the regular meeting of the local camp of Woodmen of the World in the Woodmen Hall last night, Secretary C. C. Collins announced today.

During the meeting which was presided over by Consul Commander J. F. McClelland, W. A. Barnett was introduced and given the Protection Degree by the local degree team under the direction of Capt. W. H. Hawkins.

Representatives of the camps in this district will convene in the Woodmen Hall for the district meeting next Tuesday night at 7:00 o'clock after which a parade led by the Woodmen of the World Drum and Bugle Corps will be staged through the business district ending at the City Hall where a floor show and dance will be held. Mr. Collins said.

The public is cordially invited to attend the dance.

## City News Briefs

There will be a meeting of the Recreation Committee of the Seminole County Chamber of Commerce in the Chamber Building this afternoon at 5:00 o'clock. Chamber officials announced today. Chairman W. R. McCracken will preside over the meeting.

Murray Overstreet and L. F. Hoyle will leave tomorrow for Tallahassee where they have been summoned by Attorney General George C. Gibbs to attend a meeting of all the state attorneys and assistant state attorneys in Florida where matters of interest to be presented to the Legislature will be discussed.

Officers and directors of the Rotary Club met last night at the home of H. H. Coleman where light refreshments were served after a short business session. Those present were: President George Rollins, Secretary A. W. Epps, R. W. Ruprecht, James L. Ingley, Martin Bram, H. B. Pope, Paul Stone, R. L. Dean and Mr. Coleman.

Local Future Farmers will have visitors next Thursday a group of approximately 25 boys, members of the Baker Chapter of Future Farmers of America, will be the guests of the local farm chapter for the night.

The Oklawaha county boys plan to stop over here enroute to the Tampa Fair, according to an announcement by Alex E. Johnson, advisor of the chapter.

Mr. Johnson also stated that about 25 or 30 members of the Seminole Chapter will leave on Saturday, Feb. 4 for the expedition to take part in several of the judging contests.

The local chapter will enter judging teams in beef, fruit and vegetables, and poultry. A total of \$1,000 is being offered in prizes for the winners and in addition winners of the poultry judging event will be given a trip to the World Poultry Congress to be held in Cleveland.

## New Badminton Club May Be Formed Soon

After being advised that the membership quota for the first badminton club is filled, at least eight persons expressed a desire to form a new club at a meeting of badminton players in the City Hall last night, according to Recreation Director Gerald L. Ash.

Mr. Ash stated that if as many as 12 members could be obtained a new club which would play on Monday and Wednesday night would be formed.

There was a large number of spectators at the "hot night" games on the court in the City Hall.

## Two Convicted For Murder Of Kinaman

MARIANNA Jan. 25.—(AP)—Ralph and Kenneth Water were convicted today of first degree murder with recommendation for hanging for the slaying of Gedy Kinaman, J. W. Wimer of Lakeland, last June.

The verdict came automatic sentence of life imprisonment for both men who were convicted and hanged, respectively, at the state prison here today. The state attorney general and county clerk were present. The county clerk was in attendance.

## LOCAL WEATHER

Fair, colder on east-central and south-central coasts and keys with frost in north and at scattered places in central portion tonight; Thursday fair, with rising temperature in extreme north portion.
