

AMPLE AID IN FLORIDA FOR CATTLE INDUSTRY ASSURED BY NEW BANK

Government Aid is Also Promised by Board

BANK AT BARTOW

APPLICATION FOR CHARTER FOR NEW \$250,000 INSTITUTION THAT WILL LOAN MONEY

Almost immediate relief for financially stressed Florida and Georgia cattle owners is in prospect by the organization of a Florida-Georgia cattle loan bank through which the war finance corporation will operate in extending financial aid under the provisions of the agricultural amendment reviving the corporation.

The Florida-Georgia cattle loan bank will be officially known as the South Florida Cattle Loan Company, located at Bartow. It will have a capital stock of \$250,000 and T. L. Wilson, of Bartow, will be its president.

Application for charter will be mailed to Tallahassee Wednesday afternoon and under an act of the last legislature which makes possible the granting of charters within five days, instead of 30 days as required heretofore, it is expected that the charter will be granted in time to permit the bank to begin functioning within ten days.

The organization of the South Florida Cattle Loan Company is the outgrowth of a long series of preliminary meetings and conferences between members of the Agricultural loan agency of the war finance corporation, with headquarters at Atlanta, and officials of the war finance corporation and of the department of agriculture at Washington. Representing Florida on this agency are W. F. Coachman, of Jacksonville; T. L. Wilson, of Bartow, and Dexter M. Lowry, of Tallahassee.

At a conference of a sub-committee of the agency, of which Mr. Coachman is chairman, held at Washington on November 2, final details are necessary to the formation of the company.

DEMOCRATS SPRING SURPRISE IN HOUSE VOTE ON SURTAX

WASHINGTON, Nov. 10.—Democrats in the house sprang a surprise on the republican leaders today by presenting a resolution providing for the immediate and straight out vote on the senate fifty per cent surtax rate amendment to the tax revision bill. The republican leaders opposed the amendment and a hot debate resulted.

SANTA FE WRECKED AT MULHALL, OKLAHOMA, SEVERAL ARE INJURED.

OKLAHOMA CITY, Nov. 10.—The Santa Fe passenger train southbound, from Kansas City to the Gulf, was wrecked near Mulhall, Okla., forty miles north of here this morning. No details but reports say the entire train except the engine and one mail car, left the track. Several persons were injured but no one killed, according to reports from Guthrie.

PEARLMAN DISCHARGED WITNESSES DID NOT APPEAR.

TAMPA, Nov. 10.—Herman Pearlman, arrested Tuesday in connection with the fire in Ybor City Monday night, was discharged this morning after a preliminary hearing called because the prosecuting witnesses failed to appear.

ACTING HEAD OF BRITISH DELEGATION ARRIVES AT WASHINGTON.

WASHINGTON, Nov. 10.—Arthur J. Balfour, acting head of the British delegation to the armament conference, arrived in Washington today. Simultaneously delegates from Australia and New Zealand, reached the city.

TWO MEN HELD UP ST. LOUIS JEWELRY STORE AND ESCAPED WITH JEWELRY

ST. LOUIS, Nov. 10.—Two armed men today held up a downtown jewelry store, belonging to Edward J. Gallant, and escaped with jewelry valued at twenty-five to fifty thousand dollars.

PROPOSALS ON ARMAMENT NOT MADE

WAYS AND MEANS OF CURTAILING NAVAL EXPENDITURES

WASHINGTON, Nov. 10.—Proposals to be made by American delegation to conference on armament limitation apparently constitute only suggestion prepared in advance as to ways and means of curtailing naval expenditures without sacrifice of national security. Great Britain is not known to have worked out any formula, Japan awaiting American suggestion and France and Italy are more concerned with land forces than navies.

KILLED WIFE WITH GOLF CLUB; ADJUDGED INSANE; SENT TO CHATTAHOOCHEE.

TAMPA, Nov. 10.—The commission appointed by Judge Robles to investigate the sanity of Guiseppe Palmero, charged with killing his wife with a golf club several months ago, declared him mentally unbalanced. He will be sent to Chattahoochee.

UNKNOWN SOLDIER WILL BE BURIED FOR CUBA IN ARMISTICE DAY EXERCISES.

HAVANA, Cuba, Nov. 10.—Carrying a battalion infantry, another of the marines and two military bands, the Cuban cruiser, Cuba, sailed today for Key West, where troops will take part in the ceremonies incident to Armistice day and burial of an American unknown soldier as official representatives of the government, in the American celebration.

TRUE BILL FOUND LENA CLARKE CASE GRAND JURY OUT

WILL BE ARRAIGNED WHEN INDICTMENT IS FILED

ORLANDO, Nov. 10.—A true bill was ordered yesterday by the Orange county grand jury investigating the case of Lena M. T. Clarke, and an indictment charging the woman with murder of Fred A. Millmore, Orlando restaurant proprietor, in a local hotel here on August 1 of this year will be filed today, the court having adjourned before the findings could be presented late yesterday afternoon. Miss Clarke was not called upon by the state attorney, Joseph Jones, to appear before the jury.

Immediately upon the filing of the indictment it is believed the former West Palm Beach postmistress will be arraigned, but testimony cannot be heard for more than a week, since the docket of the circuit court now in session is filled until next Wednesday and in all probability the actual trial will not begin before week after next. Although Edwin W. Davis, chief of council for the accused woman, refuses to announce the proposed line of defense to be followed, it is a foregone conclusion that insanity will be the plea.

GREAT CROWDS THROGGED CAPITAL OF NATION TODAY HONORING UNKNOWN SOLDIER

As the Body Laid in State in the Rotunda of the Building

WASHINGTON, Nov. 10.—Great and small folk moved in endless procession today through rotunda of capital to pay tribute to unknown dead lying in such state there as only martyred presidents have known. All who could speak for groups in land or for powers of world were free to place their floral offering about the casket. Hour by hour heaping flowers grew mountain high and spread about the vast chamber. Flowers that bloomed in France were there and flowers brought all the way from South Africa, nine thousand miles away. Among the most formal pilgrimages to chamber was that planned by the British embassy. From the embassy building was arranged a parade headed by Arthur J. Balfour, head of the British delegation to Washington and former prime minister, and Sir Auckland Geddes, British ambassador. Two motor trucks carried flowers. One from King George, one from Premier Lloyd George and wreaths from Canada, Australia, New Zealand, India, Newfoundland.

TO REDUCE RUM RUNNING.

WASHINGTON, Nov. 9.—American prohibition officers and Canadian officials have entered into a "gentlemen's agreement" designed to reduce smuggling of liquor across the border to a minimum, it was announced yesterday at Federal prohibition headquarters.

The plan, it was explained, is to prevent the shipment of liquor from the United States into Canada, intended for re-shipment back into this country by requiring the consent of officials of the Canadian province involved before the liquor is permitted to enter Canada.

ST. LOUIS, Nov. 10.—Mrs. Livingston Rowe Schuyler, of New York, today was elected president general of the United Daughters of the Confederacy in convention here. Her election was by acclamation. She is the first woman living north of the Mason and Dixon line ever elected president general.

FOOTBALL GAME WILL BE GREAT SAYS LEGION

Frank Akers and other Legion members of the football contingent say that Rollins will have an awful battle tomorrow afternoon when they tackle the human juggernauts that the Legion will hurl against them. The Legion boys have had no practice but they will just naturally walk through the Rollins team by sheer weight.

We'll wager ten to one that it will take all of five Rollins huskies to down any one of the following in the Sanford line-up: Stevens, Allison, Merritt, Meisch, or Hodson Ball. In anticipation of tomorrow's game, Rollins has borrowed a steam roller from Volusia county commissioners as it is the nearest thing in weight that will stack up with the Legion eleven.

HEAD ON COLLISION AT LONGVIEW, TEXAS, ONE TRAINMAN MISSING.

MARSHALL, Texas, Nov. 10.—One trainman is missing and several passengers slightly injured, are the results of a head on collision today between a freight and passenger trains on the Texas & Pacific, seven miles east of Longview, Texas. The passenger train was derailed, the baggage car was smashed and the wreckage burned, according to reports to officials.

Entire State Forging Ahead in Big Building Program

SANFORD'S GAIN

IS SHOWN MORE CLEARLY BY TAKING COMPARISON WITH LAST YEAR'S FIGURES

JACKSONVILLE, Nov. 10.—Altho Tampa led eight of the principal cities of the state during October in the aggregate value of building permits issued, St. Petersburg was the leader in new construction inasmuch as in the former city 171 of the 307 permits issued were for repairs, much to buildings damaged by the tropical storm, while in St. Petersburg no permits were required for the repair of such damage. The value of Tampa's permits was \$417,428, while those of St. Petersburg were \$414,450, a difference of only \$2,978.

Jacksonville, which had held first place in the monthly list for several months, was displaced by St. Petersburg and Tampa, dropping to third place with a total of \$370,927, with Miami in striking distance with a total of \$370,300. The other four cities and the value of permits issued in each during October were Orlando, \$189,375, Lakeland \$120,450, Daytona \$65,625 and Sanford \$32,150. The combined total for the eight cities was \$1,985,605.

St. Petersburg's total for the ten months of the current year was \$3,912,145 and permits issued during the first ten days of November raised that figure to more than \$4,000,000. The value of permits in October was greater than that of any single month in the history of the city except during the record months of May and June this year when the figure went to more than \$600,000.

Tampa's total for the first ten months of 1921 was \$3,591,144, an increase of more than \$1,000,000 over the same period last year. The value of October permits was almost 300 per cent greater than those of the same month last year when the total was only \$139,600. The largest single permit issued during the month was for construction of the First Church of Christ, Scientist, at a cost of \$90,000. Almost two-thirds of the permits issued in Jacksonville during October were for dwellings, 57 of the 83 permits having been for homes to cost an aggregate of \$203,200.

Miami's total for the first ten months of 1921 is above the \$4,000,000 mark, new construction authorized in October having swelled it to \$4,313,200. Of the October permits 95 were for dwellings while the largest project authorized was the private and maternity ward of the city hospital, to cost \$73,300. The total for the year to date is within \$240,000 of the total for all of 1920, which was the record year.

Orlando during the first ten months of 1921 was within sight of the total for all of last year when the aggregate value of permits for the twelve months was \$1,841,712. Permits issued in October exceeded those of the same month last year by \$31,000, the largest project being an apartment house to cost \$32,000. The actual value of construction in Orlando will greatly exceed the total value of the permits issued as statistics in the city building department show that on the average the value of a structure usually is about three times the figure stated in the permit. On this basis, if construction should maintain the remainder of the year the average during the first ten months, conservative estimates of business men place the actual value of new construction here for all of 1921 at approximately \$5,000,000.

Lakeland has entered the million dollar class, permits for October having brought the total for the ten months of the current year to \$1,018,350. For the first ten months of 1920 the estimated total was only \$210,000 while for October of that year permits valued at approximately \$40,000 were issued, as against \$125,450 for last month. The largest project

Another Skeleton on "Murder Farm"

ATLANTA, Nov. 9.—An aftermath to the J. S. Williams "murder farm" case developed last night when it was learned that another skeleton had been discovered in a pond a short distance from the Williams home in Jasper county. This discovery brought the number of bodies recovered as a result of the killings to thirteen.

While the skeleton was found several days ago, when the waters of the pond had receded and left the bones on the bank, the discovery was not made public until last night. Jasper county officials stated it was impossible to identify the skeleton, but they believed it to be that of one of the negroes alleged to have been killed by Williams' son, Marvin. LeRoy and Huland Williams now are under indictment for murder, but have been missing since a short time after the first bodies were found on the Williams' farm.

John S. Williams is now in the Fulton county jail, where he is serving a life sentence, having been convicted in Newton superior court for the murder of one of his employees. Clyde Manning, negro farm boss, who confessed that he aided Williams in a number of the murders, and who pointed out the graves of the victims, also is serving a life sentence.

May Finish Lena Clarke Case Today

ORLANDO, Nov. 9.—The Orange County Grand Jury was occupied yesterday with an investigation into circumstances surrounding the killing of Fred A. Miltmore in this city on the night of last August 1, of this year, in connection with which Lena M. T. Clarke of West Palm Beach is held in the county jail here.

At 6 o'clock last night when the grand jury recessed until this morning, Prosecutor Jones announced it was likely the investigation would be concluded by noon today and the jury's action made public some time during the day.

Of the fourteen witnesses whose testimony was heard yesterday, five were employees of the San Juan hotel, where the alleged killing took place. The remainder were police or persons who had heard the report of the fatal shot.

ROTARY CLUB HAD MEETING LAST NIGHT

MOST AMBITIOUS PROGRAM WAS OUTLINED FOR CLUB WORK

The Sanford Rotary Club held a night meeting last night at the Valdez Hotel and this feature will be part of the regular program every month. The night meetings give the busy members more time to eat and talk over the program and more time to sing and do stunts and the last Tuesday night of each month hereafter will be a meeting night. The other meetings will be Tuesday at noon as in the past. The meeting last night had no set program but President Stevens called for committee reports and for plans for the future and met with a hearty response. Judge Householder gave a report of the state meeting at Orlando and complimented the Sanford club upon their attendance and also gave an outline of several measures that he would like to see taken up. Deane Turner, always prolific of ideas, also had several among them being the White Way on the lake front boulevard.

It was decided to back the White Way, look after the needy children, have a municipal Christmas tree in Central Park, locate a permanent athletic field for the high school, continue the good work of the Boy Scouts, assist in the library work, take a prominent part in all work for the boys of the city and other municipal affairs. A collection was asked for the children's home and a big donation was made that will be forwarded at Christmas time and be one of the presents on the Municipal Christmas tree.

Mine Host Campbell had prepared a fine dinner in which Key West crawfish were featured and the members of the Rotary Club voted the night session one of the best in the history of the club. Sanford Rotarians recognize the value of the word "service" and are striving to live up to it every day.

AMERICA'S UNKNOWN SOLDIER WILL BE LAID TO REST FRIDAY.

WASHINGTON, Nov. 9.—General Pershing will trudge afoot all the long way from the capitol to Arlington National cemetery next Friday to pay honor to America's unknown soldier.

The leader under whom the unknown hero served in France declined to serve as grand marshal and ride at the head of the funeral escort. An chief of the A. E. F., General Pershing regards himself as a mourner at the symbolic funeral and he will walk the five miles, taking his place just after President Harding and the cabinet members, but continuing on foot with the column after the president and the senators and representatives and supreme court members and others of the official group of mourners turn aside at the White House.

Honors will be paid the unknown soldier soon after the body arrives here at 4 p. m., today by the three co-ordinate branches of the government—executive, legislative and judicial.

As soon as the casket is placed in the rotunda of the Capitol, where the unknown dead will lie in state throughout Thursday, President Harding will go there and place on the bier a wreath in the name of the executive branch of the government and the American people. At almost the same hour the wreath provided by congress will be placed, the senate today designated Vice-President Coolidge as its representative. Chief Justice Taft, and the associate justices will pay a floral tribute on behalf of the judiciary.

VOLUNIA COUNTY GRAND JURY IN SESSION.

DELAND, Nov. 9.—Circuit court convened here yesterday with Judge James W. Perkins presiding, and Geo. A. DeCotton of Sanford, as state's attorney at Volusia county's first session since his election. There are two capital cases for trial at this term. One is William Woodward an aged white man of Osteen, charged with the murder of John H. Quitsaw, a white man. This crime occurred several years ago at Osteen. Dennis Bush, a negro, will face trial charged with the murder of his wife at Orange City. There are eighteen men in the county jail awaiting trial on various charges and beside the grand jury will have between 60 and 70 other cases to investigate. There is a possibility that the grand jury will make an investigation of a number of the Daytona Beach cases, one of which resulted in the shooting and killing of Grady Hames.

Many Killings Mark Election Day in Old Kentucky

LOUISVILLE, Nov. 9.—Known casualties in Kentucky's election last night stood at ten dead and seven wounded.

Nine men were killed in two affrays in Breathitt county; a man and a woman were wounded in Louisville and one man was killed and two others seriously wounded in Estill county.

The first of the killings occurred Monday night in Breathitt county when Sylvester Howard, Jr., was killed by Marl Pitts.

The second affray in Breathitt county occurred yesterday when Cleveland Combs is said to have made efforts to serve as election clerk in place of a man previously appointed. Combs, his brother, Leslie Eppert and George Allen, John Roberts and Geo. McIntosh were killed outright and five other persons were wounded, two of them, Asbery Combs and Tom Centers, dying later. Four of the dead men were Democrats and four of the wounded Republicans.

In Louisville, Patrolman Bennett Gardner, in a quarrel with Harry Ross, fired several shots. One shot struck and seriously wounded Ross and another struck Mrs. Lillian Collins, aged 64.

The fourth affray was in Estill county where P. F. Wolfenbarger, Republican candidate for sheriff, was seriously wounded by Lloyd Winkler. Winkler was shot and killed by Wolfenbarger's son, Jeff Phant Richardson, a bystander, also was wounded.

Another death was added late last night when K. K. Spencer, a Democratic election clerk, was killed at Simpson precinct on Frozen Creek in Breathitt county. His murderer has not been captured.

BURCH TRIAL GOES OVER; OBENCHAIN WOMAN IS HELD

LOS ANGELES, Calif., Nov. 9.—Judge Sydney N. Reeve yesterday granted the motion of the defense for a continuance in the trial of Arthur C. Burch, charged with the murder of J. Belton Kennedy.

Following a conference of attorneys the case was reset for November 22. After a brief argument the court denied the motion for a dismissal of the indictment against Mrs. Obenchain and her attorneys asked for a hearing.

CHINA PREPARING TO MEET OBLIGATIONS.

PEKIN, China, Nov. 9.—The Pekin government has taken steps to reorganize all its foreign obligations and to insure prompt payment of all its foreign obligations, it was stated in an official reply to the recent message from Charles Evans Hughes, American secretary of state, calling attention to the situation created by China's failure to meet her overdue loan of the Continental and Commercial Trust and Savings Company of Chicago.

The reply was delivered to the American legation here.

The note claims that China is making every effort to meet all her obligations in order to maintain continued credit.

Only half a day till Armistice Day—do your shopping today.

The nameless hero will be honored tomorrow at Washington. We are hoping the known ones will also receive theirs.

Johnny J. Jones has made Charley Britt's fabulous offer to take charge of his shows as soon as the Sanford Carnival is over. That is, provided Schelle Malnes is included in the deal.

It is doubtful if there is a city of the size of Sanford in America that will have a greater celebration on Armistice Day. We started last night with a carnival and will keep it up until midnight Friday.

New York is beginning the work of organizing a "Third Party." It may be all right but the eternal triangle has made a lot of trouble in domestic life as well as political life. However, if the third party shows any speed we might give it the once over especially if it believes in short skirts.

Old Tallahassee is waking up. Press reports say they will have water power, six story buildings, the Leon Hotel will be cleaned, Tom Applebyard will reduce, Ernest Amos will go fishing, H. Clay Crawford will get a hair cut and Governor Hardee will appoint a South Florida man for dog catcher.

OUR WAR HEROES

Sergeant Samuel Woodfill, whose home is in Bellview, Ind., has been called to public attention by General Pershing as one of three greatest individual heroes of the war. Single-handed he slew nineteen German soldiers and captured three machine gun nests. We have heard much of Sergeant York, who captured 132 Germans, and of Major Whittlesey, and his men of the "lost battalion," but the feat of Sergeant Woodfill, hitherto has had little notice except in an official way, though he was granted the Medal of Honor by congress and numerous other decorations. From that he has remained so long unmentioned that he has elapsed and the fact known, it would appear that he is not a self-advertiser. In fact, a man who exhibits the courage that brings conspicuous recognition rarely is of the disposition to go about blowing a horn. The two attributes are incompatible.

It is proper that honor due should be accorded men who perform notable feats in the face of danger and it is gratifying that so many escaped the perils of the battlefield after showing the mettle they possessed. Yet, how many others there may have been who possessed equal courage and who made equally valiant attempts, yet perished in the courts leaving no record of their daring. Had any one of these men who stand out as conspicuous heroes been killed it is possible that all evidence of their ef-

forts would have disappeared with them. All three were in deadly peril so that something must be credited to good fortune in that they were enabled to make their execution so frightful in the end to escape unscathed.

NOW IS THE TIME, WHEN IT'S NEEDED—

The American Legion in an address to the public, asks that service men be given preference in selecting employees. The Legion says 600,000 service men are idle, many of them walking the streets, and wondering where their next meal is coming from. In some states relief laws are operating to furnish these men with the necessities of life but most states have no such law. Congress has delayed action on disability and compensation bills until they will be too late to prevent suffering this winter. This is a subject that should be very near to every American heart. Such a situation would not have been tolerated for a minute in 1917 and 1918, and should not be tolerated now. There is just as strong reason for the solitude for the service man today as there was three years ago when he was in cantonment, on transport or in the trenches. If there's a citizen of Sanford who can aid even one of these service men, it is his duty to do so, and right NOW is the time he needs that help most.

TURNING TOWARD DEMOCRACY.

The election Tuesday according to students of political economy and politics in general showed several big surprises the least of which is the sudden turn of the people from Republicanism to the ranks of Democracy. In the short space between last November election, the time that the Republicans took office in March and the present time there has been a great revulsion of feeling all over the United States and in regard to the League of Nations, the soldiers bonus, the settlement of labor troubles, foreign relations and many other rocks upon which great parties break, the Republicans seem to have lost many friends that rallied to their standard last November with such eclat and enthusiasm.

And in Washington in one of the private residences sits Woodrow Wilson, the greatest American of them all, who with a broken body and a broken heart watched the people turn away from the only peace pact that will save the world and renounce the Democratic party, renounce Woodrow Wilson and renounce the faith that should have been kept with humanity.

It must be very gratifying today for Wilson to note that the tide is turning and the American people as a whole usually get back to common sense and they are getting back to right principles even faster than this paper predicted last year.

President Harding's own home town of Marion, Ohio, went Democratic Tuesday and the soldier's bonus bill was carried overwhelmingly in Marion showing how the people of the president's town feel about the Republican administration.

Other states that were doubtful since last November went Democratic and the straws of Tuesday show which way the wind is blowing. We predict that the Republicans will be swamped under an avalanche of votes in the next presidential election that will break up the Grand Old Party for years to come and they will never regain the prestige gained by their great victory last November.

Let us forget.
And they have forgotten.

ORANGE COUNTY'S TAXES TAKE DECIDED RAISE

Taxes never were popular. They are not popular today. Usually, those charged with the duty of levying taxes, and those entrusted with the expenditure of money received from taxation, get a good many knocks, whether they deserve them or not.

A recent order made by the Board of County Commissioners, is creating a good deal of stir and adverse comment. Whether the criticism is well founded or not, The Reporter-Star does not undertake to say. The facts will be given and the public can form its own judgment.

The order that is the subject of criticism, increases the millage about 13 mills for the purpose of meeting interest on a bond issue of \$2,500,000. Of course no one objects to paying interest on bonds that are issued and delivered in payment of roads built, but inasmuch as it will be more than a year before much of this money will be used, it is not plain why interest should be accruing on bonds. Fully half of this vast sum, it is said, will not be used for more than a year. Just why the bondholders should receive has not been called, does not appear interest on bonds on which the money plain to the ordinary taxpayer. The City of Orlando once had an experi-

ence of paying interest on bonds for some time before any of the money was used, and the experience was not relished then, nor will it be now, in this very large issue of county bonds. Municipal and county bonds are now favorite securities in all markets, and it will hardly be necessary to give any bait to those who handle the bond issue.

A concrete illustration of what this new order means, as given in a case where a man paid \$49.50 on the \$1,000 valuation last year, he will under this new order, pay \$60.25. Naturally the taxpayer will want to know that it is necessary that his taxes be increased one-third, and he will not be blamed for wanting to be assured that the money power has not put one over on the humble taxpayer who usually has no friend in court.—Orlando Reporter-Star.

LIKES COMMISSION FORM.

A recent issue of the St. Augustine Record contained a summary of the work accomplished by the commission form of government under the city manager plan. It is the same story as that told in other cities where strictly business methods of government have been adopted. There always will be politicians in every community opposing the commission form, but there are few instances where they have ever been able to win back the antiquated political system after it is once abolished. Here is what St. Augustine finds from her commission form:

"Through the budget system, the expenditure of \$825,638.54 has been authorized since 1915. Records show that only \$765,633.54 has been expended, \$20,003 under the amount provided in six years.

"\$65,000 worth of waterworks bonds outstanding in 1915 have been reduced to \$48,000, being \$17,000 plus interest in the six years.

"The city on July 17, 1915, owed \$35,023.09. On June 30, 1921, its liabilities were \$3,423.85 a difference in favor of the administration of \$30,599.24.

"\$2,738.10 were due on paving bills in 1915. The city has done \$18,220.64 worth of paving in six years and only \$2,467.70 of the new paving remains uncollected, mostly on recently paved streets.

"The auditors highly commended the office of the treasurer and the city auditor and clerk for efficiency displayed in the handling of the city money in six years."—Palatka News.

GOOD CITIZENS ARE BEING MADE.

Commencement exercises for the club girls and boys of Putnam county was held at Palatka on Saturday, October 29. Eighteen prizes were given to that many youngsters whose work for the year had averaged highest, prizes ranging from a scholarship to the short course for club girls at the State College for Women, at Tallahassee, with all expenses paid, to settings of purebred eggs.

We have spoken of this affair, using the word "commencement." In every sense of the word it was a commencement. As we remember, no diplomas were awarded or certificates granted, due only, however, to the fact that not one of the young workers was finishing his or her fourth year of club activity. Nevertheless, these final exercises of the year—the climax of a year of hard, enthusiastic work for a multitude of young people looking toward definite ends—mark the begin-

ning of great futures for many of those participating.

Not one of those youngsters who gathered to learn the results of their year's work have failed to gain something this year. From now henceforth the things they have learned—be it how best to raise poultry, best to preserve fruits and vegetables, or best to keep house—they will put into practice. And putting them into practice they will be doing their bit to make the home life of our agricultural people—and, therefore, all our people—a better life.

Commencing on these occasions, particularly, when extension club work is brought to an end for the year, thousands of boys and girls throughout our State and nation are stepping upon the threshold of life leadership to champion the practices and principles of good agriculture, good housekeeping and good citizenship.

WEATHER AND CROP

Conditions in Florida for the Week Ending Nov. 8, 1921.

Temperature: The temperature during the week averaged about normal or slightly below; on the whole the weather was ideal in that respect. There was light frost in the interior of the northwest portion on the 3rd and 4th.

Precipitation: The week was generally dry, the only precipitation reported being less than one fourth inch. Rain is needed west of the Appalachicola and locally in the Suwannee river section. The soil is generally in good condition over most of the peninsula from the northern portion of the section southward.

Condition of Crops: The absence of rain and the high percentage of sunshine were favorable in the central and southern portions of the peninsula where damaged crops, delayed seeding, and growth showed progress. Much replanting was done by truckers. Much citrus fruit was blown off during the recent storm was gathered and prepared for shipment. Fruit on the trees was benefited by the rains incident to the passing of the October storm; the fruit will "fall out" and may yet be about the average size. The planting of oats was resumed where the soil was in favorable condition. The shipment of citrus fruit increased—especially grapefruit. Sweet potatoes are being harvested, and considerable cane has been cut preparatory to making syrup. Ranges were much improved by the rains of previous weeks. The pecan crop has been mostly harvested.

IT WOULD BE.

Fancy apples have been selling in the markets of the north and middle west at around \$55 per ton. Apples have been selling at retail in the towns of south Florida at around 15 cents per pound, which is \$300 per ton. Wouldn't it be interesting to know how this \$245 difference between what the growers get and the consumer paid, is distributed?—Moore Haven Times.

Presenting a large picture, which extends over five columns on the front page, the Lake Worth Herald last week srowed "South Park, one of Lake Worth's Beauty Spots." The park appears to center on and include a round hill that has given the opportunity for landscape gardening that could not be secured on a level tract. The place is most attractive, and no doubt adds to the pleasure and comfort of home folks and visitors.

BIG SALE AT KANNER'S WILL KNOCK 'EM COLD, SAYS SALES MANAGER

Kanner's Department store carries a page advertisement in this issue and will have another one tomorrow setting forth the fact that this store will start one of the biggest sales ever pulled here in many years. An overstocked sale in which this store finds itself with too many articles on the shelves and a big stock coming and there must be stock moved now and more selling space obtained for the big winter trade that is commencing. Among the many good things in bargains will be dry goods, clothing, shoes, house furnishings, rugs, etc., and aside from this feast of bargains \$150 in cash will be given in a contest card and fifty rugs will be given away and there are many other good things that will take place at this big sale. J. M. Dawson is the man who is putting on this big sale and Dawson is the man who knows how to put them on successfully. This is J. M. Dawson who has been here for some time and has decided to make Sanford his home. He puts on sales for all the stores that want his services and he is a good advertiser, a good ad writer, a good salesman and a man who knows the buying and selling game in merchandising. He has staked his reputation on this big sale going over big and if advance information is any criterion it will be one of the most successful sales ever put on in this city. Read the advertisement. Read the bills, attend the sale that starts Saturday and lasts only 14 days. Be on hand early and get your pick of the bargains and the prizes. There are there for you.

BETTER SPEECH FOR BETTER SCHOOLS.

It has been said that if our schools would rise to their opportunity and raise English into a culture worthy of its qualities, there seems no reason why it should not become the universal medium of civilization for the world. But the schools cannot accomplish such a result single-handed. Everybody must help. "Everybody who prays for a better America—whether in school or out, whether a professional man, a shop girl, or a mother of a family—should cooperate to raise the standard and improve the quality of our speech." The schools, through their students, are now attempting to arouse your interest and to enlist your support. Will you help?

A SOLDIER'S PRAYER.

A. J. Holder, of Geneva, one of the few Confederate Veterans in Seminole county, in rummaging through his old war bag the other day, came across the following reminder of the Civil war:

POOR ENGLISH DOESN'T PAY AT S. H. S., THIS WEEK.

"Ain't is costing all of its devotees a penny for each of its appearances at High School this week. But 'ain't' is not the only expression put under the ban during Better Speech Week. Every 'I done it' is charged for and errors in grammar, pronunciation and enunciation as well as the use of objectionable slang, are being reported in English classes daily.

SIX STORY BUILDING FOR OLD TALLAHASSEE IS NOW CONTEMPLATED.

TALLAHASSEE, Nov. 10.—Erection of a six story office building at the corner of Monroe and Pensacola streets here, diagonally opposite the State capitol, is planned by W. C. Hodges, member of the local bar. Tentative plans contemplate a structure to cost approximately \$85,000. The ground floor would be occupied by the Citizen's Bank while one of the upper floors would be devoted to offices for local professional men. The other space in the structure, Mr. Hodges states, would be utilized by the state as quarters for various department and officials now scattered in buildings throughout the city. Erection of the building, it is said, depends upon action by the board of state institutions which is now considering the advisability of a concentration of numerous departments in the building for a term of years. Should the board act favorably, construction would begin in the near future.

HOLY CROSS CHURCH.

Armistice day will be observed at Holy Cross church with a celebration at 7 a. m. The day should have its serious and religious significance as well as its otherwise attractions. Prayer and intercession for one's country is a patriotic duty.

OPENING NIGHT OF CARNIVAL WAS BEYOND EXPECTATIONS, WHITE WAY WAS ABBAZE

Many Attractions and Booths Drew a Large and Good-Natured Crowd

The opening night of the Armistice Day carnival gave every indication that its ultimate success would be all that was anticipated for it by those who have worked so hard in attempting to give the people of Sanford the biggest day that they have ever had. While the opening night could not boast of a large number of people, the bally-hoo boys were on the job all the time keeping the crowd pepped up. There is no doubt but that the carnival will gain in popularity reaching a grand climax Armistice Day. It appeared as though the people were conserving their energy for the big doings Friday and this will be necessary, as the program mapped out will keep Sanford as busy as "a cross-eyed girl at a movie actors' ball."

on the personal and organized efforts they are expending to make Armistice Day the biggest affair ever attempted in Sanford, and if the opening of the carnival last night was a standard by which the Armistice Day program can be gaged, it is safe to assume that the success of the day is assured. Everything will again be in full blast tonight. Get down early and stay late. Show your appreciation of the efforts the Legion is expending for your pleasure by patronizing the carnival. The money raised will be used in building a club house. Every body digs.

ANNUAL RED CROSS ROLL CALL WILL START NEXT FRIDAY.

The annual Red Cross Roll Call will start next Friday and continue until November 24th, in an endeavor to again enroll every citizen of Seminole county. Why should you belong to the American Red Cross? Because it is helping the nation's disabled service men. Because it is helping to safeguard American life. Because it is still helping in the reconstruction of the world. Because it relieves suffering from disasters and accidents. The American Red Cross, by its Congressional charter, is officially designated: To furnish volunteer aid to the sick and wounded of armies in time of war in accordance with the Conventions of Geneva;... To act in matters of voluntary relief and in accord with the military and naval authorities as a medium of communication between the American people and their Army and Navy;... To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods, and other great national calamities; and To devise and carry on measures preventing the same.—Act of Congress, Jan. 5, 1906.

RULES FOR THE PARADE ARMISTICE DAY

All cars that are entered in the parade must be decorated. This is a rule on account of the number of decorated cars that are entered. The parade will form 10:00 and start to move at 10:15 regardless. This is a set rule and be on time. You will receive your assignment for your position in the parade from Sam Yountz who will be stationed at Sanford avenue and Tenth street. The city band will form at corner Park avenue and 10th street. Please follow these rules to avoid confusion.

ARMISTICE DAY PROCLAMATION

WHEREAS, November 11, 1921, is the Anniversary of the signing of the Armistice Agreement between the warring nations in the recent great World War, and will be generally observed in the United States; AND WHEREAS, the Campbell-Lossing Post of the American Legion has made preparation for a proper observance of this occasion; AND WHEREAS, the program for the observance of Armistice Day will be guided, to a great extent, with a view to the solemnity of the observance of this occasion at Washington; AND WHEREAS, it is meet and fit that we pay tribute and honor to the memory of those who made the "supreme sacrifice," and that we give proper consideration to those who survived the fatal conflict and are yet with us, many of whom bear the scars of injury and affliction; NOW, THEREFORE, I, as Mayor of Sanford, Florida, humbly call upon every person in Sanford to cease his or her labors and pleasures and devote the time between 10 o'clock A. M. until 6 o'clock P. M., on said day to the observance of that great event. Further, That commencing at 12 noon, you stand with uncovered head for a period of two minutes, in silent prayer, while the body of the Unknown Soldier, representing the "broken bodies and shed blood" of our deceased soldiers, is being lowered to its last resting place in Arlington National Cemetery. Witness my hand this November 9, 1921.
H. R. STEVENS, Mayor.

QUESTION OF SPEEDING OR RECKLESS DRIVING AGGRIEVATES POLICE COURT.

ST. PETERSBURG, Nov. 10.—Municipal Judge Spear has announced that he is in favor of abolishing the laws of the city which set a maximum speed limit at which automobiles may be driven. In his declaration, made in court in connection with the fining of two citizens who had been haled before him for exceeding the limit, Judge Spear said that in his opinion a charge of reckless driving would cover everything of the kind and that drivers should be so charged rather than with speeding. Chief of Police Bidman disagreed with Judge Spear, declaring the police would be unable to handle motor traffic if there were no speed limit. The police have found it difficult to obtain convictions for reckless driving, Chief Bidman said, but charges of speeding are easily proved.

SANFORD'S TEMPERATURE

How do you like that temperature you are getting now? 82 for yesterday and colder for today and tomorrow just when we need it most. The "buddies" must have cool weather in order to wear those nice wool uniforms that make them feel like the cooties were crawling again. Meet me at the "old mill" and you can get rid of them—the uniforms we mean after Armistice day for then you can pack them in the moth balls for another year. They will soon be wearing out like the welcome we received on the return from Europe. However we shall all rejoice again tomorrow that everybody is safe back home:

NOTICE

To All Hunters and Sportsmen of Seminole County:

I take this method of calling your attention to the opening of the hunting season which comes on Sunday, November 20th, and it being a violation of the law to hunt on Sunday, respectfully ask that there be no hunting done in Seminole county on that day. However, there is no state law that would prevent any one going to different hunting grounds on that day, preparatory to hunting the next Monday. I trust every true sportsman will observe the law governing Sunday hunting at all time, and others must, or be liable to prosecution, for I will endeavor to enforce the law prohibiting Sunday hunting, and will have sufficient deputies in the woods at all times to look after violations of this as well as other laws. I also trust that every hunter will have equipped himself with the necessary license before starting out to hunt. Would also remind you to be careful at all time in handling firearms and shooting, in order that you might prevent accidents, loss of life, and damage of property. Here is hoping we all have an enjoyable and successful hunting season, and no accidents occur. Respectfully, C. H. HAND, Sheriff Seminole County. It d. a. w.

CONSTRUCTION IN FLORIDA SHOWS GREAT PROGRESS—ST. PETERSBURG IN LEAD

(Continued from Page One)
authorized in October was a residence valued in the building permit at \$15,000 but which the owner expects will cost approximately \$25,000. Building in Lakeland is on a boom never before experienced and with construction of the buildings for Southern College to begin about January 1, and numerous residences and business houses in prospect. 1922 is expected to far surpass this year.
The largest project authorized in Daytona during October was a business building of brick and steel to cost \$24,000.
Sanford, which has made remarkable progress on construction during the current year, in the first ten months more than doubled last year's total for the same period. Permits issued up to November 1, 1920, totalled only \$104,825 while for the first ten months of 1921 the total was \$281,132. The value of permits for all of 1920 was only \$139,375. Permits last month were valued at almost five times those for the same month last year, the total having been \$32,150 as against \$6,500. Construction of eleven dwelling houses was authorized among permits issued last month and the largest project was a store to cost \$8,500.

SCHOOL HYGIENE EXPERT

Dr. W. S. Smith, school hygiene expert of the United States bureau of education, says seven "henth habits" will be taught as part of the curriculum of the public schools. They are: A full bath more than once a week, brushing the teeth at least once a day, sleeping long hours with the windows open, drinking as much milk as possible with no coffee or tea, eating vegetables or fruit every day, drinking at least four glasses of water a day, and playing part of every day out of doors.

Historic Tollgate Property Sold.
The historic Hillman tollgate property, south of Winchester, Va., on the Shenandoah valley pike, where during the Civil war Mrs. Lottie Hillman pulled the gate on General Sheridan while he was on his ride to save his army at Cedar Creek, demanding that he pay toll, has been sold by the state highway commissioner to Roy N. Cook. The lot contains less than an acre of ground, and the price was \$3,500. The sale was made under authority of an act of the general assembly taking over the old valley pike and making it a free state road.

CONGRESSMAN DRANE TALKS ON OUR PROBLEMS AND READJUSTMENT PLANS

WASHINGTON, Nov. 10.—"Picking up the pieces and plugging up the holes is far less interesting than the fight that made them," said the Hon. Herber J. Drane at his desk in the house office building last week in discussing with press representatives the problem of readjustment now facing the country.

"We've got to show the same energy and vigor in getting back to normalcy that we displayed in getting away from it," he continued.

"Much is hoped for from the disarmament conference here this month, and if it succeeds only in part, it will be a colossal stride in human advancement," he said. "If it fails it will at least be one step nearer the time when some international agreement will be reached. In the interim let America lead in getting back to the things which have made us really great."

"Many fancy phrases have been coined since 1775, but nothing can approach the simple courage and flaming truthfulness of 'United We Stand, Divided We Fall,' which carried the republic through the dark days of the revolution. No community could have a better slogan and I understand that that the great Chautauqua systems of the country this season have adopted it as one of their platform policies and intend to impress the people of America with the importance of getting together and working together. Community unity alone can solve our social and industrial problems, and only that community which is united can command respect."

"We must be real boosters of our social and industrial as well as of our political institutions and encourage worthy enterprises which make for community spirit, civic pride and honest citizenship."

"Every single effort that we make now for our communities will return to us many fold in dividends of friendship, contentment and dollars as well," he concluded.

GENERAL WAGE CUT IN PACKING INDUSTRY IS FORECAST BY BIG 5.

CHICAGO, Nov. 10.—A general cut in wages of packing house workers was forecast today when four of the "big five"—Armour & Co., Swift & Co., Wilson & Co., and the Cudahy Packing Co.—requested their employees to consider, in the plan council, a reduction in pay to be made effective in the near future. No definite amount was mentioned, and officials said their conference had not determined the size of the reduction to be sought. Morris & Co., the only one of the "big five" which has not established employees councils was expected to make any reduction which the others may agree on.

The Amalgamated Meat Cutters and Butchers Workmen Union of North America recently took a strike vote in which a substantial majority authorized Cornelius Hayes, international president to order a walkout if he was unable to reach a satisfactory agreement with the packers.

The "big five" claim, however, that only a small portion of their men are union members and that a strike would not seriously affect their plants. The closed shop never has been recognized in the industry.

At present the packing plants are working with reduced forces. One company which normally employs 100,000 men, has 35,000 now.

The proposed cut would affect all of the principal packing centers outside of Chicago, as well as the "big five" plants, here.

If you can't enter your car, let us know. 104-1tp

SURGEON EXTRACTS NEEDLE FROM HEART OF A LITTLE CHILD.

MINNEAPOLIS, Nov. 9.—A cardiac needle was removed from the heart of Dawson Sandles, two years old, at the Elliott Memorial hospital at the University of Minnesota here yesterday. The child is expected to recover.

Dawson, a son of Mr. and Mrs. John H. Sandles, of St. Paul, stumbled and fell while playing Friday and a needle penetrated his left breast. He complained of a pain in his left side. An X-ray examination revealed the needle close to the heart.

Dr. A. C. Strachauer, chief of the surgical staff at the hospital, decided to operate Monday. The surgeon first opened the boy's breast and then the pericardium, where he expected to find the needle, which, however, had entered the heart. At each contraction of that organ, the head of the small steel needle came into view. With tiny forceps Dr. Strachauer extracted it, and within a short time the heart, which had been beating 120 times a minute, returned to normal. Dawson is resting easily.
