Volusia Board Endorses Seminole As University Site

Resolution To Be Handed To Control Group

By Julian Stromstrom
It's getting close "pins and needles" time again with the State Board of Control slated to meet Friday in Orlando.

Some local leaders believe a decision will be made, others say there won't. Who knows for sure?

With Tom Willey and the Martin Company of Orlando jumping into the picture, Orange County's commissioners may be split wide open and unable to agree unanimously on any sites to present to the Board of Control. It is now apparent they realize Bluestone and Deseret are out of the picture.

Meanwhile, Seminole's commissioners are unanimously agreed on this county's package which includes Ada, Econ (expanded), Tuskawilla and—if the Board of Control is interested in its being submitted—the Lund site.

Sen. Bernard Parrish of Brevard invited Sen. Mack Cleveland to inspect the Adamuel site in Orange County. Cleveland thanked Parrish for the invitation. But he also advised him that Seminole had what was considered by this county's leaders to be the best possible sites for the university.

We agree that Orange County and Orlando would provide more students at the university than any other area. This projection has been carried to 1970. However, who's to say that by 1975 or 1980 the Daytona Beach area would not provide more students? That leaves one conclusion: the university must be geographically located so as to not exclude any students from the overall east Central Florida sector.

Going through the post lock serving line at the Booster Club's meeting at Seminole High Monday night, Coach Jim Pigott looked over some 15 or 20 meat dishes and remarked, "These decisions are killing me."

And speaking of decisions, three major ones have been made. Jim Avery, Gen. J. C. Hutchison and John Fitzpatrick have decided not to seek re-election to the Board of County Commissioners. That will leave John Alexander and Lee Gary, brand new commissioners as of 1963, the only holdovers on the board. What an interesting situation this is going to create!

Thursday night Sanford Shrine Club nobles and their ladies will meet at the Mayfair Inn. Harold Kastner, recently elected Illustrious Potentate of Bahia Temple, will install officers.

A clock watcher, Mrs. G. F. McDaniel of Sunland, says the metropolitan phone system will be a step toward growing up. "If the county-wide phone system is approved," she declared, "we ought to establish a metropolitan bus system." In her opinion that will really go a long way toward uniting Seminole County.

If Seminole lands the university a metro transportation system will be a must.

Despite all of Seminole's growth and development, the leading economical factor in this county is agriculture with an annual turnover of some \$50 million. How do you like the flavor of that lettuce?

The next time you're on Interstate 4, or any other interstate highway in Florida, we remind you that the minimum speed limit is 40 miles per hour. That's a new Florida law.

The Women's auxiliary of the Glandville Fire Department is going to raise some more funds to help equip the volunteer group which has been doing such a fine job. They're going to start by sponsoring a fish fry from 5 to 8 p.m., Jan. 31. It's to be held at the Farmer's Auction Market.

Candidates For Commission For Collector

FORD CAVANAUGH

Tossing his hat in the political ring for the first time, Lincoln Ford Cavanaugh, of Forest City, today announced his candidacy for County Commissioner for District 3, seat being vacated by James P. Avery Jr.

In announcing his candidacy, Cavanaugh said: "I'm not mad at anyone! I'm not running against anyone—but only for the District 3 County Commission seat."

Cavanaugh, 36, said that he "was born and reared up in a humble fisherman's shanty by the seashore in Northwest Florida near Panama City." He attended high school at Forest Lake Academy and has lived in Seminole County for more than 20 years. He is a Navy veteran of World War II. He attended Southern Missionary College, College, Tenn., for two years, Orlando Junior College one year and Stetson University for one year.

ROY R. WRIGHT JR.

Roy R. Wright Jr., a resident of Sanford for the past 20 years, has announced he will qualify for the May primary to seek the office of tax collector of Seminole County.

Wright is head of the bookkeeping and proof department of Sanford Atlantic National Bank, where he has been employed for the 25 years. During this time he has worked in every department of the bank, serving as bookkeeper, teller, loan and discount department and installment loan department.

In addition to his practical service, he has taken, through the American Banking Institute, special courses in banking fundamentals, negotiable instruments, bank administration, analysis of financial statements and commercial law.

In announcing his intentions, Wright stated, "I believe that my experience and knowledge of banking qualifies me for the job of handling the great financial duties and details of the office of tax collector. If elected, I shall use my abilities to best serve the people of the entire county."

Born in Rome, Ga., April 22, 1917, Wright came here at an early age. He attended local schools and was graduated from Seminole High School with the class of 1936, of which he was president. He attended the University of Florida and was a member of Phi Delta Theta social fraternity.

For 10 years Cavanaugh was self-employed as a plumbing contractor and currently holds a No. 1 master plumber's license at Orlando. The last five years he has been a pharmaceutical salesman, calling on doctors, drug stores and hospitals.

"I love Seminole County and long to see it thrive and prosper," said Cavanaugh. "Though I come from the tail end of the county, I am strongly opposed to sectionalism. I want to see Sanford flourish as a rose by the river just as much as Forest City and the other municipalities within District 3."

The candidate said he has "no intentions of trying to pave the county with political promises that cannot be delivered. I do not know the answers to all the problems confronting Seminole County but, if elected, with the help of a large number of civic minded citizens working together, we'll arrive at some satisfactory solutions. I am as pleased as punch the way the entire county is united on the university site proposal. For once we are all in step and singing the same tune. Certainly there is great joy in working together on worthwhile projects."

Cavanaugh said that Seminole represents a \$190 million corporation and the stockholders—the citizens—should exercise great care in selecting a board of directors.

He advocates an adequate facility for the aged and senior citizens in distress; a picnic area on Lake Monroe for use of all Central Florida, supported by the State Road Department, and a "shop Seminole County habit."

He concluded by saying, "Here's hoping that during the forthcoming campaign we all have a barrel of fun getting to know each other better."

Daily newspapers at Ocala, Daytona Beach, Deland, Kissimmee and others and WESH-TV, Orlando, have editorially endorsed Seminole County, especially the Lake Ada site, for the university.

Board of Control will tour Orange County sites Thursday morning and Seminole County sites Thursday afternoon.

The members will meet at 1:30 p.m. Thursday at Ovidio City Hall for a briefing by local university site committee leaders. Airplanes will be on hand at Duda airstrip should the Board members desire an aerial view of the Seminole sites.

Three Seminole sites are in the running—Lake Ada, Econ and the Tuskawilla, the latter to be presented formally at the Board's session at 10 a.m. Friday at the Cherry Plaza Hotel, Orlando.

Seminole leaders are united in their wish that the Board will make a selection Friday for recommendation to the State Cabinet, sitting as the Board of Education, for final approval.

Purse Stolen
Theft of her purse, containing \$27, from her parked car was reported by Mrs. Geno Gulco, Mayfair Inn, to police Monday night.

Group To Hold Shad Derby
Seventy-five airmen plus civilian employees of the 1381st Geodetic Survey Squadron, Orlando AFB, will stage their second annual shad derby Thursday at Jim Crow's fishing camp on the St. Johns River, Highway 46 east.

The military will compete for prizes for the largest roe, the largest boat and the most fish per boat. Civilians will receive participating certificates. This race is confined to military and civilian personnel of the 1381st squadron.

Capt. Mayo To Address Group
Capt. James O. Mayo, commander of Sanford's Heavy Attack Wing One, supported by the State Road Department, and a "shop Seminole County habit."

He concluded by saying, "Here's hoping that during the forthcoming campaign we all have a barrel of fun getting to know each other better."

Big Date
MADISON, Wis. (UPI)—She may have cost him some grade points, but a University of Wisconsin freshman, Jack Olson, is still looking forward to his date tonight with Lucy Baines Johnson, daughter of the President of the United States.

The Sanford Herald

WEATHER: Partly cloudy and mild today and Thursday; high today in 70s; low tonight in 50s.
VOL. 56 United Press Leased Wire Established 1908 WED., JANUARY 22, 1964 SANFORD, FLORIDA NO. 109

Both Spenders, Economizers Hail Budget

WASHINGTON (UPI)—President Johnson's newly unveiled \$97.9 billion budget, like a good morality play, had enough of everything today to please many economists as well as spenders in Congress.

Reaction from Capitol Hill, still coming in, showed a strong trend among fiscal conservatives to cite proposed spending reductions as justification for them to support a tax cut this year.

Among liberals, there was joy over Johnson's promise of a massive attack on pockets of poverty and his endorsement of almost all of the late President John F. Kennedy's urban spending program.

Not all comments were laudatory, by any means. There was some sniping by Republicans, and several Democratic budget watchers noted that the budget assured continued deficit spending.

Whether Johnson will be able to realize the spending and revenue goals he outlined actually won't be known for many months. Congress will not finish appropriating all the funds until late summer at best. By that time, the biggest tax cut in history, \$11.1 billion, is virtually certain to be law.

STATE OFFICIALS, including Commissioner of Agriculture Doyle Comer, will join with Seminole and Sanford officials Thursday morning at the dedication of the pesticide residue testing laboratory at State Farmers Market. Sen. Mack Cleveland will be the master of ceremonies. This is the only permanent laboratory of its kind outside of Tallahassee designed to protect the consumer and the producer of foodstuffs. Pictured at his test tubes in the new laboratory is Chemist Wade Shealy. (Herald Photo)

news... BRIEFS

Equal Time
SHEBOYGAN, Wis. (UPI)—Methodist Minister T. Parry Jones, whose Sunday sermon was accidentally piped into a Roman Catholic church, has offered "equal time" to the Catholic priest.

Relay Working
CAPE KENNEDY (UPI)—America's newest "space switchboard" satellite today relayed voice and technical tests to Germany and was described as "working beautifully."

Thanks
DALLAS (UPI)—The widow of the police officer killed in the hunt for President Kennedy's assassin thanked the nation Tuesday for more than \$600,000 and said she would try to use the money "as God intended."

Cigarette Ads
SARASOTA (UPI)—The board of directors of the National Association of Broadcasters will meet here Jan. 20-31 and one of the topics expected to be discussed is advertising practices relating to cigarette smoking.

Judge Takes Over
CHATTANOOGA, Tenn. (UPI)—Federal Judge Frank Wilson, frustrated by delay, took over the questioning of jurors today for the trial of Teamsters' President James R. Hoffa on jury tampering charge.

No 'Bonanza'
HOLLYWOOD (UPI)—Actors Loren Green, Dan Blocker and Michael Landon of television's "Bonanza" series will refuse to make a scheduled appearance in Jackson, Miss., next month if the audience is segregated, the performers declared Tuesday.

First Step
GALVESTON, Tex. (UPI)—Dr. Martin L. Towler said today his first step in an exhaustive, court-ordered mental examination of self-appointed executioner Jack Ruby will be "a physical examination of the man's nervous system—an exhaustive neurological examination."

Hutchison Will Not Seek Re-Election

When Gen. Hutchison expressed his desire to step down as chairman of the Seminole County Commission at its reorganizational meeting Jan. 14, he gave indications bearing out reports he would not seek re-election to the board in this year's elections.

Gen. Hutchison today formally announced he will not be a candidate for re-election as Commissioner representing District 1.

"When I requested my fellow Commissioners to allow me to vacate the chair, after three years," the General said today, "I gave as my reason the pressure of business. That is true, too, for my decision not to seek re-election.

"The position of Commission chairman is demanding, very much so," he added, "and more so than on the other four members. I found I was away from my business office more and more, to the point of neglect. It is for that reason I decided to step down and, after this year, out."

Gen. Hutchison said he thoroughly enjoyed his work as Commission chairman during the last three years. "Both from a personal, selfish standpoint in doing public work, and in the great personal satisfaction of serving the people of Seminole County."

When James P. Avery Jr. was chosen Commission chairman for this year, Gen. Hutchison promised advice and counsel from his experience as chairman.

Commissioners Avery, John Fitzpatrick, John Alexander and Lee Gary, indicated their respect and admiration for Gen. Hutchison and his leadership by renaming Big Tree Road as "Gen. J. C. Hutchison Parkway."

Long associated with Chase and Company, Gen. Hutchison had been a member of the Florida National Guard for many years until his retirement in 1932 with the rank of lieutenant general. He saw active duty as an Army officer in World Wars I and II and wears the Silver Star Medal for bravery in action, the Legion of Merit, Bronze Star Medal and Air Medal.

J. C. HUTCHISON

Stopping Of 2 Ships 'Routine'

PANAMA CITY (UPI)—U. S. officials said today the stopping of two Panamanian ships near the Atlantic entrance to the Panama Canal was a routine matter not connected with the current crisis in the isthmus.

A U. S. military spokesman identified the two vessels as the Patricia and a tug boat named the Payard. He said they were halted and boarded by zone inspectors Sunday.

"There was nothing unusual about it," he said. "Boats near the canal are often checked." The Patricia was carrying 35 passengers and a crew of five. It was searched, he said, but the Payard was not.

The newspaper La Hora had reported that two ships, the Patricia and the Ondina, were held for two hours at the Atlantic end of the canal. The newspaper said both were later allowed to proceed. It did not say when the vessels were stopped or why. The report made no mention of the Payard and U. S. officials did not mention the Ondina.

Did Fidel Deal Red China Out?

MOSCOW (UPI)—Russia's new trade pact with Cuba apparently was in exchange for a pledge of support from Premier Fidel Castro in the Kremlin's dispute with Communist China, diplomatic observers said today.

Soviet Premier Nikita S. Khrushchev announced the long-term trade agreement Tuesday night at a gala reception ending the official part of Castro's visit.

Police Warn Of 'Con' Team

Police Chief Roy Williams today warned Sanford Negroes to beware of a Negro confidence team which has been attempting to bilk local residents.

The chief said a man and woman are attempting to use two old "dodges" to swindle local residents.

Farmers Now Can File For Gas Tax Refund

It is now time for Seminole County farmers who are holders of valid refund permits to file for a refund of state gasoline tax. The amount that can be refunded is four cents per gallon and the application should be filed before Jan. 31.

The last session of the Legislature made several changes in the gas tax refund law. Major changes now in effect are:

(1) Elimination of the book containing blank motor fuel tax refund invoices. The purchaser will be required to retain the sales invoice furnished by the seller and attach to his application for refund.

(2) The refund permit will be valid continuously from year to year as long as refund claims are filed yearly.

(3) Permit holders and sellers shall keep records of purchases for two years rather than one year.

For an application for refund of state gasoline tax for gasoline used for agricultural purposes contact the County Agricultural Agent's office (FA 2-3233).

Car Dealers For Metro System

The proposed metropolitan telephone system got another favorable endorsement today when Willie Hunt, president of the Sanford Auto Dealers Association declared that his organization had approved the proposition and recommends its adoption by Sanford area subscribers of the Southern Bell Telephone Co.

Hunt said that most Sanford area dealers do business with many people throughout Seminole County.

"The members of our organization," Hunt said, "believe that a county-wide system enabling us to make toll free calls anywhere in Seminole would be of immense benefit to Sanford area dealers. We are also convinced that it would certainly benefit most of the other merchants who presently subscribe for Southern Bell service and do business in the county's southern area.

"Any time you can add some 20,000 telephones to the number you can phone toll free," said Hunt, "it is obviously worth the slight increase in rates."

10-Year-Old Girl Due To Bear Child

CHICAGO (UPI)—A 10-year-old girl is expected to give birth in St. Bernard's Hospital within two weeks. The expectant mother may be the youngest in Chicago's history.

Aides of the city health commissioner said there have been a number of cases of live births to mothers aged 11 in Chicago, two of them last year.

The American Medical Association said the youngest U. S. mother listed in its files was 10 when she gave birth. The youngest mother on record was a 5-year-old Peruvian who gave birth to a son by Caesarian section in 1939.

Police planned to question a 16-year-old boy named as the father by the 10-year-old expectant mother. The boy was a member of the family where the girl lives.

Road Work Set

Because inclement weather has delayed county road maintenance, County Commission chairman James P. Avery Jr. announced today the county road department has authorized graders and other road machinery to be operated Saturday in an effort to return to schedule. Normally, the road department does not operate on Saturdays.

Milk Meeting

TALLAHASSEE (UPI)—The Florida Milk Commission will meet Jan. 31 in Orlando.

Fewer Forest Fires

TALLAHASSEE (UPI)—Fewer forest fires burned fewer acres of woodland during 1963 than in the preceding year, State Forester C. H. Coulter reported today.

South America Could Breed More Panamas

NEW YORK (NEA) — If Latin America ever erupts into full-scale revolution that threatens and seizes beneath most of the hemisphere, it will very likely begin with the kind of brush fire which now dims and flares in Panama.

An afternoon spent with anti-government terrorists in proudly democratic Venezuela is enough to convince this reporter that the citadel of power is not held exclusively by army and police.

A tiny band of well-trained extremists is enough to paralyze any large population center, especially in the Latin world where guarantees of citizenship are young and weak, if they exist at all.

And with the added dimension of a growing underground hemispheric organization of resistance and subversion, it becomes senseless to ask whether Latin-American revolution represents popular opinion.

When a city's transportation is slowed to a crawl and life after dark is confined behind locked doors in fear of snipers and bombers—as one lived in Caracas before their December elections—popular opinion counts for very little.

"A good law to remember," a Russian journalist told this reporter in Mexico City recently, "is 80 per cent of the Latin people don't act until they see which way the political wind is blowing."

If blowing unchecked against the United States, as it has from time to time in almost every South American country, the deadly monster of an unthinking, rioting crowd is at the beck and call of a small assemblage of leadership.

Such potential leadership exists everywhere in the Southern Hemisphere, ready on orders from elsewhere to turn national resentments, envy and pride, into a wild machine of destruction.

"One thing is sure," a U.N. observer in Santiago, Chile, said recently, "The people in this part of the world want a change from what they've got. It's up to responsible government to help them get that change."

His words—almost to the syllable, but with a big difference—were echoed one cold night in Cuzco, Peru, by a member of the radical left: "One thing is sure," he said, "The people want change from what they've got. It's up to anybody with ability to lead them to get it for them."

In parts of Peru, where the highest bidder can lease a farm and thousands of workers from the government and not have to worry about wages, even the promise of change can be incendiary.

"At this time," a World Health Organization delegate in Peru told this reporter recently, "it is not advisable to take any steps against the popular use of coca (a narcotic) when one has nothing to give in exchange."

In an attempt to divert popular feeling from following organized resistance, the Catholic Church in Chile has turned over much of its farm holdings to the farmers.

In a similar move, the triumvirate that usurped the elected power of Juan Bosch in the Dominican Republic has promised to hold new elections before the year ends.

In like measure, the government of Brazil, with U.S. aid, is turning with energy toward solving the desperate plight of peasants living in starvation conditions in the northeastern section.

But how far steps like these go toward neutralizing an explosive situation is hard to discuss optimistically.

A member of the ousted Bosch party in Santo Domingo says, "Why do we need new elections? We've already had elections and Juan Bosch won."

A Chilean farmer, suddenly the possessor of a tiny farm of his own, part of what last month with a church-owned hacienda, surveys his estate with sad eyes.

"Enough land to grow what we need to eat," he says.

"But nothing left over to sell. It is a joke.

In Brazil, an official in an all-out program aimed at fighting drought, blight and starvation shrugs in resignation: "It can be done. Anything can be done. But it takes time and I don't think we have the time any more."

In every Latin county the measure of resistance is equally severe. In Bolivia, it's dissatisfaction of the miners and national demand for an exit to the sea. In Colombia it's resentment against the government's ineffective campaign against roving bandits. In Panama, a hurt pride and envy of the gringo who controls the Canal, coupled with an upcoming election and need for political fodder.

That the subversive left—and frequently the right as well—would be as powerless as the governments they want to capture is not even part of the question.

As Castro has proved in Cuba, and Duvalier in nearby Haiti power is to be taken simply because it is there. And if it can be had easier by mobilizing popular discontent, so much the better.

MUSIC INSTRUCTOR, MRS. JENNIFER KELLEY, (far left) is shown with her seventh period class in the choral room of the new music building at South Seminole Junior High School at Casselberry. Mrs. Kelley resides at 216 Crystal Dr., Loch Arbor. (Herald Photo)

Typical Jobless American Not A Loafer

WASHINGTON (UPI) — The typical unemployed American is not a good-for-nothing loafer who would rather live off jobless benefits than hold down a steady job.

This was one of the major conclusions reached in a special Labor Department study-in-depth of nearly 10 million persons who were out-of-work for a month or more in 1961.

The first detailed survey of the unemployed ever conducted in the United States indicated that the jobless, as a rule, were less educated than the average worker and more likely to be in less skilled, lower paying occupations.

It also showed that the average amount of unemployment compensation received by these workers in 1961 was about \$275, or 12 per cent of their average annual income of \$2,300. Millions of them had to withdraw hundreds of dollars in savings or borrow \$300 or more that year to meet living expenses, the report said.

—Of the 9.6 million unemployed workers studied, nearly 70 per cent were men and the vast majority were in the prime working years from 20 to 64.

—They showed a "relatively strong" attachment to the labor force and were willing to accept lower paying jobs or shift to a different type of work to get back on the payroll.

—Fifty-five per cent were heads of families who were the main support of wives, children and other relatives.

—All tried to find work by at least one standard method and 87 per cent used two or more avenues, such as checking with state employment offices, calling on local employers, writing letters or answering ads.

The report was based on a survey taken in April, 1962 among persons unemployed five weeks or more in 1961 who were over 18 years old, able to work, had worked in the past and were not in school.

DEADEYE BILL, A/3d William Moore, 1100 West 25th Street, assigned to the Air Police Squadron, Tyndall AFB, Panama City, is all smiles after firing a perfect 300 target during qualification firing. This was the first perfect score ever made on the Tyndall range. Bill's buddies dug up the coon skin cap... just like the old expert, Dan'l Boone. (USAF Photo)

413 Moonshine Stills Smashed During 1963

The State Beverage Department closed its activities for 1963 reporting 413 illicit moonshine stills destroyed and 815 persons arrested for traffic in the illegal trade, according to Beverage Director Richard B. Keating.

Beverage agents, working with local law enforcement officers and federal agents, sought out and destroyed 12,683 gallons of moonshine and an additional quantity of fermenting mash capable of producing at least another 18,000 gallons of the illegal whiskey. Had this amount of illegal whiskey found its way to the market, the State of Florida would have lost approximately \$400,000, Keating said.

The beverage report also showed 228 vehicles, used in the moonshine business, were seized by officers.

In their other law enforcement duties, agents arrested 1,855 persons for beverage law violations other than moonshine, and attended 2,280 court trials.

Criminal courts around the state levied fines against violators totalling \$149,024 and imposed a grand total of 611 years and eleven months jail terms and probation against those found guilty.

During December only, agents destroyed 25 moonshine stills, made 64 arrests for moonshine activities and 124 arrests for other violations, Keating noted.

South Seminole Garden Club Presents Program On Japan

By Jane Casselberry

The theme was "East Meets West" for the fascinating program on Japan presented by Mrs. O. W. Holmes and Mrs. Art Landry at Monday's meeting of the South Seminole Garden Club held at the Woman's Club in Casselberry.

Both women have lived in Japan and showed many beautiful colored slides taken in that country. They also modeled authentic Japanese costumes such as a wedding dress and demonstrated some of the lovely floral arrangements for which the Japanese are so famous.

Mrs. Joe Martin, horticulture chairman of the Lake and Hoe Circle of the Winter Park Garden Club, gave a brief talk and showed several flower arrangements.

Mrs. Holmes, general chairman of the South Seminole Club's flower show to be held April 4, distributed schedule sheets for entering exhibits which this year will be according to State Federation rules. The club is seeking a building in the area in which to stage the show.

Monday's business meeting was conducted by Mrs. H. T. Crittenden, president. Visitors were Mrs. George Fitch and Mrs. J. D. Self of Casselberry; Mrs. Ruth Nowatz of Leesburg; Mrs. William Weller of New York and Mrs. A. Hirsch and three members of the Lakewood Shores Garden Club, Mrs. Gloria Gilleran, Mrs. Hazel Rutherford and Mrs. Lydia Newfield.

Refreshments were served by the hostesses, Mrs. Kenneth Green, Mrs. Virgil Grubb, Mrs. Joseph Abbott and Mrs. Elizabeth Baird and Mrs. Darius Pringle.

The club's next meeting will be held at 1:30 p.m., Feb. 17, at the Casselberry Woman's Club.

Teacher Code First Goal

TALLAHASSEE (UPI) — The newly elected chairman of the Florida Professional Practices Commission said Monday a standard code of ethics for teachers is the group's first goal.

Dr. Phil Constans Jr., Titusville, said the code would be drawn by the end of this year and those in the public schools "are expected to abide by it."

The 1963 Legislature set up the commission to police the teaching profession.

Refugees said today Castro antiaircraft gunners shot down one of their own planes last month over the San Antonio de Los Baños airbase, killing four Cubans and eight Russians.

Lake Mary Girl Captures Honors

Miss Judi Taylor, freshman student at Brigham Young University in Provo, Utah, has been accepted for the National Honors Program in the second semester.

A 1963 graduate from Seminole High School, she is the daughter of Mr. and Mrs. Fred Wells of Lake Mary.

Lake Mary UPW Members Receive New Study Course

By Frances Westler

The first meeting of the new year for Circle One of the UPW of the Community Presbyterian Church of Lake Mary was held Jan. 14 in the home of the chairman, Mrs. Ed Zimmerman.

The devotions were presented by Mrs. Zimmerman and concluded with a prayer concerning friends.

Mrs. Robert Rugenstein, program chairman, presented Mrs. Richard Keogh, association program chairman, to explain the theme of studies for the coming year entitled, "Be What You Are." The first chapter to be presented at next month's meeting will be on "Every Day Living."

A poem on "Are you satisfied to be the kind that should belong?" was read by Mrs. Rugenstein.

Mrs. Zimmerman advised members that the first meeting was for getting organized and dispensing information. She stated the officers she had chosen for her circle to be as follows: Mrs. Joe Smathers, vice chairman; Mrs. Marie Lowe, secretary; Mrs. Mabel Brown, treasurer; Mrs. Robert Rugenstein, program; Mrs. Lena Elth, world service; Mrs. LuVera Harrison, fellowship; and Mrs. Emma Bashara, local church.

The following women have been chosen to serve as church hostesses during alternate months for Circle One: Mrs. Frank Evans and Mrs. P. D. Anderson, January; Mrs. H. M. Cochran and Mrs. Arolyn True, March; Mrs. Ruby Linden and Mrs. Mabel Brown, May; Mrs. Lena Elth and another to be selected, July; Mrs. LuVera Harrison and Mrs. Marion Lee, September; Mrs.

Stiff New Rules Asked On Ads

WASHINGTON (UPI)—The Federal Trade Commission (FTC) wants stiff new rules enacted for cigarette advertising and labeling to remind smokers of "the substantial health hazard."

The rules were recommended by the FTC because of the findings of the U. S. Public Health Service's report on smoking and health.

Crosses Burned

BATON ROUGE, La. (UPI)—Ku Klux Klan crosses burned across southeast Louisiana's Florida Parishes (counties) over the weekend as part of what an anonymous Klansman called "a fight for constitutional government and Christianity."

New Telephone Directory To Be Out Soon

The February, 1964 issue of the Sanford telephone directories within the next few days, it was announced by Bob Shedden, manager for Southern Bell's operations here.

Approximately 16,000 copies will go to Southern Bell subscribers in the Sanford, DeBary, Geneva and Oviedo exchanges compared to 15,000 last year.

DeBary and Deltona subscribers will also be mailed copies of the new DeLand directory in approximately 80 days, in time for the scheduled change to extended service to Orange City and DeLand on March 1st.

Both directories will be considerably bigger than last year and will feature revised cover pages of a gold color. A new living room scene is shown on the front cover, along with the familiar "yellow-pages" symbol.

Baker Linked To LBJ Gift

WASHINGTON (UPI) — President Johnson, then Senate Democratic leader, was given a \$500 stereo Hi-Fi set in 1959 by a local insurance dealer at the request of former Senate aide Robert G. (Bobby) Baker, it was disclosed today.

The incident was described in previously secret testimony given the Senate Rules Committee by Don R. Reynolds, who has figured in the Baker case as an insurance agent and associate of Baker's who wrote an insurance policy on Johnson's life. Reynolds testified earlier this month.

Aid Must Continue

WASHINGTON (UPI) — President Johnson said today that it is time to review U. S. foreign aid policies but emphasized that the program must continue on the grounds of humanitarianism and U. S. national security.

Economy Report

WASHINGTON (UPI) — President Johnson today sent Congress a report on the nation's economy showing that the output of goods and services soared to a record \$600 billion.

Constantine the Great was the first Christian emperor of the Eastern Roman Empire.

Tot Dies In Fire

ST. PETERSBURG (UPI) — Curtis Lee Chance, 4, was killed today when fire from a kerosene heater badly damaged the small frame home where he lived with his parents and nine brothers and sisters.

BOOK ON THE "American Life of Henry Shelton Sanford," written as a thesis for his doctor's degree by Richard J. Amundson, of Clemson College, has been presented by Florida State Bank to the Gen. Henry Shelton Sanford Memorial Library and Museum. T. E. Tucker, president of the bank, depository of the library's films and papers, presents the book to G. Andrew Speer, library president. (Herald Photo)

Star-spangled savings plan

Most of us think about the future in terms of paying off the mortgage, educating the children, providing a retirement income.

But with the world the way it is today, it's almost impossible to make plans for your own future without considering the future of your country, too.

When you buy U. S. Savings Bonds, your money takes on both jobs. It grows to build your financial strength.

At the same time, it helps Uncle Sam watch over our peace and security.

Why not give your savings dollars this double assignment? You'll be joining millions of American families who are investing in their country's future — and you'll probably feel pretty good about it.

It's easy to buy Savings Bonds on the Payroll Plan where you work. A \$50 Bond costs \$37.50, a \$25 Bond \$18.75, and you can buy them in installments for only a few dollars a pay day. Or buy them outright at any bank. No charge for the service.

Buy Series E Bonds for growth. Series H for current income.

Some nice things about Series E Bonds

- You get 3 1/2% more money when they mature
- You can defer the tax on accumulated interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

Keep freedom in your future with
U.S. SAVINGS BONDS

Seminole, Oviedo Both Eke Out Cage Victories

About Sports Thinking Out Loud

BY JULIAN STENSTROM
The Seminole Boosters Club thinks the world of the Seminole gridiron greats. And they wanted the rest of the world to share their enthusiasm. The day the squad went to the Gator Bowl, the Boosters, recalling how the TV cameras pan the crowd, sent this telegram:

"Directors, CBS Television, Gator Bowl, Jacksonville. In panning crowd at game how about having cameraman swing onto west stands aisle 11, rows to to eight, seats three to nine? Forty-three players, coaches and managers of Sanford's Seminole high school football team, Orange Belt Conference champions, record ten-one-zero, identifiable by black jackets with orange letter 'S.' Head Coach Jim Pigott and coaches Jim McCoy, Dick Williams, Ralph Stumpf in charge."

It wasn't used — but it was a noble try.
The grapevine has it that when the Boosters club voted to buy glass backboards for the Fleming Gym's basketball court, they unknowingly shot down a consideration of the Lettermen's club. The "S" wearers didn't have enough money to buy two backboards, but through their projects they thought they could buy ONE. They were going to try to sell someone else on buying the other. But these boys didn't mind someone slipping their idea "a micky"; they're testotally tickled that the gym is getting outfitted in the very best fashion.

And in case you hadn't heard, it was the same Lettermen's outfit that painted the insignia in the center jump spot on the hoopster court at Seminole High.
There has been quite a lot of tennis playing going on in our city. Not under the city recreation department's program, either. But there isn't anyone who'd object to Jim Jernigan running a city tennis championship tournament; now, is there?

Now that the high schools are taking up bowling as a "helping physically fit" activity for their students, why wouldn't it be a good idea for Skate City and Melodee to promote roller rink events? There could really be some fine healthy competition between the senior high schools in the county—and with the junior groups, too. County championships in racing, figure skating, dance teams, novelty events—great for participants and fine viewing for spectators. And even some interscholastic contests might be arranged. Got any ideas, John Mikler and Shealy Best?

The Seminole football lettermen are wearing new shoulder patches on their letter jackets. The wording on them is "OBC — Frontier Bowl Champs 1933." They look real snappy — and are well deserved identification of some mighty fine fellows.

Denny Mac Rounding Into Form At SOKC

T. J. Daniel's Denny Mac was everybody's choice as the greyhound last season at the Sanford - Orlando Kennel club and the big 75-pounder seems to have finally found the winning touch after a slow start this year.
Denny has won his last two

Stenstrom Tops Hi-Nooners

Stenstrom Realty maintained its number one spot in the hi-nooners league when they won three points from the C.F.O. Wires.
Joe's Laundry worked their way into a tie for second place when they took three points from Southern Air.

Art Brown Fast Control is the other tied team for second place as they won three points from M. and E. Bar.
The Delahay Debs were back in form when they upped Hunt Realty for three points. Cook's Corner won three points from Grapeville Nursery. Pat Fischer replaced Val Kelley for the Grapeville Gals. The Assy Deuce Wires Club won three points from Shoemaker Construction.

Carole Sunbrook looked like a pro when she converted the 6-10-7 and Dot Johnson surprised her teammates when she toppled the 9-7-5-40. Doris Heck and Mary Toman laid converted the 5-4-7 and Bonnie Jenkins and Ann Scallern the 5-7.

Doris Heck and Doris Oney converted the 5-7 and Betty Johnston and Jean Sheridan and Laura Luby converted the 5-16. Green Kick bowled a trip-needle 116.
Dot Button and Doris Heck both rolled 183 for high game and Dot Button rolled a 247 for high series. Dot missed a 182 trip-needle by one pin — 183-183-183. The Women's Bowling Association opens its meeting this evening, 9 p.m. in the Jet Lanes Nursery. The city tournament will be planned.

Lions Beat Mount Dora Bible Team

Oviedo High's Lions roared Tuesday night but just loud enough to barely eke out a 58 to 55 win over the Mount Dora Bible five on the latter's home court Tuesday night.

The Lions, in the midst of six-week tests — with most players having two of them scheduled for today—lacked much of the zip and lustre which had carried them to 10 wins against three losses before the Mount Dora contest. But they were able to turn the tide in the late moments of the engagement.

It was a nip and tuck battle all the way, that is until Oviedo put on an effective press late in the third and grabbed a slight lead. Then the Lions froze the ball.

Mount Dora used the fast break effectively, particularly when they fed the ball to Paul Holder, one of Central Florida's top prep scorers.

In the rebounding department Seth Rook and Jim Courrier led the way for the Lions. However, the hosts grabbed almost twice as many rebounds as did the Lions.

Ted Bellhorn, with 16 points, led the scoring parade for the Oviedo quintet. He was assisted by Courrier who put 12 points through the net, Rex Brooks tallied 15, and Billy Mikler had a dozen.

However, Eddie Baker of the Bible school hit for 20 to take top scoring honors while Holder had 18.

Mount Dora led the Lions at the end of the opening quarter, 15 to 13, but at halftime it was knotted at 31-31. At the end of the third Mount Dora held a one-point, 46 to 45 margin, but the press limited the Bible five to only nine final frame points while Oviedo grabbed 13.

The Baby Lions took a 46 to 40 decision from the Bible school's JayVees in the preliminary. Bobby Bellhorn with 12 points and Gardner Preedy with eight led the Baby Lions' scoring.

Daily Double Pays Off \$135

Holder of 7-5 combination Daily Double tickets picked up \$135 each as Aretlio and Pedro came through in decisive style Tuesday night at the Orlando Seminole Jai-Alai Fronton.

Both winners, Pedro in the third game and Aretlio in the fourth, breezed through their matches in six straight points. Elio was second in the opener of the twin bill, and Agustín placed in the finale.

Astiga and Echanis won the feature eighth game doubles playing in post two, while the post four duo of Muguerra and Aretlio were second.

LYMAN'S DONNIE SMITH AND OVIEDO'S SETH ROOK go high in the air after the tipoff which opened the Greyhound-Lion encounter Saturday night at Oviedo. Smith (13) was injured later in the contest and will be out for about a month. Rook is No. 44. Also in the photo Billy Mikler (60), Gene Winkelman (43), Ted Bellhorn (52) and Richard Grant (38). The Lions defeated Lyman for the second time this season.

OVIEDO'S LIONS dropped the Lyman Greyhound Saturday night in Oviedo despite the rebounding efforts of Gene Winkelman (18) and Richard Grant (with glasses in dark uniform). Oviedo's Seth Rook looks on as Winkelman comes back to the floor in possession of the basketball. (Herald Photo)

Team No. 3 In Slim Lead

Team No. 3 managed to hold on to their slim one-half game margin in the businessmen's League at Jet Lanes by virtue of a four game sweep of their match with Woodruff and Cline's Sinclair team. Clarence Wallis again proved the stalwart for Team No. 3 as he rolled a fine 305/266 over Faron Builders, Steve Mason was the mainstay for Team No. 3 notched a three to one verdict at the expense of Team No. 4 in the final match of the night. Billy Murphy and Walt Holland shared series honors for Team No. 3 with identical 674 sets. Wes Henley's 301 was the only other 300 game shot in the league.

Canes Acquire Kenneth Shipp

MIAMI (UPI) — Kenneth Shipp, assistant coach at South Carolina, was hired by new University of Miami head coach Charlie Tate Monday to join the Hurricanes offensive staff.
Shipp, 34, will be in charge of overall offense at Miami. Tate said. Shipp specialized at South Carolina in backfield offense.

Hurricanes To Play Tonight

South Seminole Junior High's Hurricanes will tangle tonight with the Mary Help of Christian Boys School of Tampa.
The contest will be played at the Lyman High School gym in Longwood. The Baby Hurricanes will meet the Tampa school's junior varsity at 8:30 and the main event will go on at 7:30.

Tribe Downs New Smyrna By One Point

Mike Bowes, Ken Tyre and Barry Barks came up with double-figure scoring Tuesday night at Sanford's Fleming Gymnasium to pave the way for a last minute 54 to 53 victory over the New Smyrna Beach Barracudas.

With a half-ambute remaining in the contest Tyre posted a shot from the floor to give the Seminole a one-point margin which fortunately they were able to hold until the final buzzer.

It was Seminole's third win of the season.
The 'Cudas and the Tribe played the opening period on even terms, swapping baskets and free shots and closing the session with 11 points apiece. But the Warriors got the jump on New Smyrna Beach in the second stanza by posting 20 points and limiting the east coast crew to 13.

Going into the third period with a 31 to 24 point lead, Seminole picked up 10 points but the 'Cudas got 13 to cut the Tribe's lead. In the final frame, New Smyrna again outscored the Tribe, took a brief lead but Tyre's last second bucket did the trick.

Tyre paved the way for the Seminole win with 16 points while Bowes came up with 14 and Barks posted 12. Pettit of the Barracudas picked up 14 while Kennedy got 12.

In the preliminary, Coach John Colbert's JayVees sparkled in a 78 to 61 win over the Baby 'Cudas.

Bulldogs Put Bite On Hounds

DeLand High School's cagers had a fight on their hands Monday night when they met the Lyman High quintet from Longwood in a "dog-eat-dog" affair but the persistence of the Bulldogs outweighed the speed of the Greyhounds and the Volusia five racked up a 34 to 29 win over the Hounds.

It was DeLand's sixth consecutive Orange Belt Conference victory in as many starts. Lyman, with a record of three wins and a single loss going into the affair and tied with Apoka for second spot in the circuit's standings, dropped a half-game back into third place.

Lyman was without the services of their six-foot, four-inch center, Donnie Smith, who sustained injuries in the Oviedo engagement Saturday night which will keep the ball hawk out of action for at least a month. Operating without Smith was felt by the Greyhounds even though they did press the Bulldogs from the outset of the affair and were leading DeLand at the end of the second and third periods.

It was 10-11 when the buzzer ended the first quarter. During the second stanza Lyman picked up seven more while holding DeLand to a mere three points. Lyman, at halftime held a 17 to 13 margin. In the third, the 'Hounds were outscored 10 to 8, but they still had an edge of 25 to 23 when the period closed.

But the fourth frame told the story. The Bulldogs put on a press the 'Hounds could not cope with and DeLand came up with 11 points while Lyman was held to four.

DeLand also captured the JayVee preliminary by whipping the Baby Greyhounds 63 to 50. This was the first loss Lyman's little five has turned in this season.
Doug Parlin bagged 18 of DeLand's 34 points to take scoring honors. Bill Tolson of Lyman led the 'Hounds with 10.

600 Horses Already At Raceway Grounds

By Jane Casselberry
With the Jan. 31 opening date for Seminole Park Raceway at Casselberry less than two weeks away 600 horses are all ready on the grounds with another 150 expected to arrive prior to the start of the racing season at the parimutuel track.

Of those already here 400 are harness horses (trotters and pacers) and the rest are quarterhorses. Trainers are getting their charges built up to a racing pitch.
No shortage of entries is anticipated this year as the stalls have been reserved for those trainers wishing to race their horses rather than just train.

The season will run through Apr. 4 with five nights of racing weekly during February and six nights a week in March. There will be nine racing events nightly.
The majority of the trainers come from the New England area. Many have been attracted to Central Florida and have bought homes here, such as Gene Sears, who lives in

Shuffleboard Club Doings

The Sanford Tourist and Shuffleboard Club recently was host to the Lake Helen Club and defeated the visitors by a score of 20 to 10.
Seven members of the Sanford Club entered Volusia County men's singles at City Island Park in Daytona Beach. Ralph Gage brought home the trophy which will be kept by the local club for one year.

Last year's tournament director, A. C. Madden, and E. Van Hoy comprised a Sanford team entered in a tournament at Peabody in Daytona Beach. Madden and Van Hoy also brought back the Peabody Trophy which the Sanford club will keep for a year.

The two-day Celery City Invitational recently began with 48 entries. Semifinals and finals are scheduled for Feb. 15.
A covered dish supper will be served tonight at 6 in the local clubhouse. Entertainment is slated to follow the dinner.

Last Saturday the Sanford club was host to the Winter Garden Club. Sanford's team won over the visitors.
On Friday of this week Sanford's shuffleboard team will travel to Winter Garden for a match and will meet a team at Winter Park on Saturday. On Jan. 27 and 28 the local team goes to Daytona Beach for the Peabody jamboree doubles tournament. On Jan. 31, the Volusia County men's doubles team will be here to play the Sanford doubles team.

Those bowlers rolling games of 200 or over this week were Eddie Monroe leading the way with his 231 followed by Harry Pentecost, 227, Paul Splosky with 223 and 224, John Wright, 222 and 206, John Spolski and George Swann, 213, John Bridges, 209, Rich Murphy 208, John Uhr, 208, and Pete Peteron with a 201.

Sploski Rolls 659 Series

Last Wednesday evening in the Jet Lanes All Star League the men were burning up the pins with some pretty hot scores. Big John Spolski did it again with games of 256, 193 and 210 for a huge 659 series. John's teammates Murphy and Pentecost had series of 564 and 544 respectively to help their team, Island Materials, to a clean three game sweep over the Allied Van Lines team.

In the other league matches Bob's Restaurant took three games from the Betty Anne's Halsteadling Trio with Johnny Wright rolling his big ball with games of 194, 208 and 188 for a 590 total. Pete Petersen and Ed Callan had games of 212 and 213 respectively to help John out. Archie King was high for Betty Anne's with a 518-571. In the other match the Larry's Mart trio managed to salvage two wins from Meadors Marine. Garry Fox led Larry's with games of 216, 196 and 214 for a 626 series. George Swann was high for Meadors with games of 210, 198 and 228 for a 636 series.

There were thirteen games over the 300 mark rolled this week. Leading the way was John Spolski with his 256 and 210. Others were Murphy 226, Fox 216 and 214, Swann 210 and 238, Splosky 216, Monroe 212, Petersen 212, Wright 208, Callan 218 and King 213.

Sloposky Rolls Big 637 Series

Paul Splosky rolling for Jet Lanes in the City League was big gun last Wednesday series. Paul's rolling along with Spolski's 213 game and Murphy's 208 helped Jet Lanes to take three points from the first place Lake Monroe team and to move within three games of first place. Harry Pentecost was high for Lake Monroe Inn with a 227/581.
In another league match the Sweeny's Bar and Grille team managed three wins from Michael's Elk G & S thanks to Eddie Monroe and Don Dorman's identical 570 series. Although John Wright had games of 206, 223 and 190 for a 619 series for Michael's, they still could salvage only one game from Sweeney's.
Eddie Monroe had the high game of the night with a nice 231 game. The Sanford Manufacturing Co. team along with John Bridges' 209/565 series made a clean four game sweep from the Wisdom God Service team. Joe Garll was high for Wisdom with a 697 series. Pryor's State Farm Insurance team and Jerry Farrell's 534 series were able to take four points from the Knight's of Columbus team. Carl von Herbulis was high for the Knights with a 560 series.
In the only other league match the American Legion Post No. 53 team and Harry's Bar and Package team played to a two win and two loss total. Buddy Baas was high for Harry's with a 530 series, while Harold Herbst was high for the Legionnaires with a 530 total.

Ruby Lawyers Claim Victory At Hearing

DALLAS (UPI) — Dapper Jack Ruby, back in jail despite what his lawyers called a "legal victory" at his bail-bond hearing Tuesday, will go to court again next month.

Criminal Dist. Judge Joe B. Brown will hear arguments from defense lawyers Feb. 10 on a motion to move Ruby's trial from Dallas to some other city in the state.

On Feb. 17, Brown will either order the case moved or Ruby will go on trial on charges of murdering with malice Lee Harvey Oswald, accused of assassinating President Kennedy.

Ruby's bond hearing ended abruptly Tuesday when Brown ordered the Dallas strip-tease club operator to undergo intensive mental examinations.

When Brown issued the order, the defense withdrew its request for bail.

Baptists Have Homecoming

By Frances Wester

Homecoming Day was observed at the First Baptist Church in Lake Mary, Jan. 12, in spite of the rainy weather. Sixty-five friends and members joined in the fellowship.

A covered dish dinner was served in Westmoreland Wing of the church following the morning worship service with Mrs. T. J. Townsend, church hostess, in charge, assisted by ladies of the church.

Special guest for the day was Rev. M. D. Jackson of Geneva, who was pastor of the Longwood Baptist Church when the Lake Mary church first started as a mission.

Special music also highlighted the service and a special offering was received to go for the church building unit.

Arbor Day Celebrated At School

By Jane Casselberry

Arbor Day was celebrated at English Estates Elementary School Saturday with the planting of a magnolia tree donated by the Town and Country Garden Club.

Representing the Garden Club were Mrs. Roland Tolson, president; Mrs. Ralph Arwood, beautification chairman; Mrs. Charles Melley, secretary-treasurer and Mrs. L. E. MacFarland.

Accepting on behalf of the presently unoccupied school were Morris Ruby, principal; Mrs. Charles Deneen, PTO president; Mrs. Myron Becker, beautification chairman and Mrs. Faye Moore.

The gift was greatly appreciated by the school and plans are being made by the PTO beautification committee for future landscaping upon completion of the school.

Glaucoma Clinic Set In DeBary

By Mrs. Adam Muller

The Volusia County Glaucoma Clinic will be at the DeBary Community Center from 9 a.m. until 5 p.m. on Friday, Jan. 24, for the purpose of giving free examinations to residents.

Mrs. F. Green of Daytona will be in charge. Local residents may call Mrs. Theodore Davis of DeBary to arrange examination.

Plans will be made to have the clinic return at a later date if necessary.

Directors To Meet

Directors of the Seminole County unit, Central Florida TB and RD Association, will meet at 8 p.m. Thursday at the County Health Department, according to President James G. Lee.

Dance Postponed

The Catholic St. Catherine of Siena Circle of Longwood has postponed indefinitely the Square Dance originally scheduled for this Saturday night at the Lake Mary Fire Hall.

SCOUTMASTER Bruce Nelson of Bear Lake Troop 280 watches as Robert Bunnell, assistant scoutmaster of the troop, demonstrates how to make tracking irons at the Roundtable Training Session held in Casselberry. (Herald Photo)

Casselberry Troop Host At Roundtable

By Jane Casselberry
Boy Scout Troop 341 of Casselberry was host to adult scouters of the Welkwa District at a Roundtable Training Session held last Thursday night at the Casselberry Community Methodist Church.

In charge of the program, the theme of which was "Follow That Man," dealing with trail signs and tracking. A veteran scouter, Krohne also is assistant scoutmaster of the Casselberry troop.

District leadership training chairman Wally Krohne was

Those attending the meet were District Scout Executive Al Fiori of Altamonte Springs, Scoutmaster Bruce Nelson, Assistant Scoutmaster Gerry Aldrick and Committeeman Fred Masciantoni of Troop 230 sponsored by the Bear Lake School; Scoutmaster E. C. Owen and Bob Burks of Troop 205, sponsored by the First Presbyterian Church of Maitland; Scoutmaster Dick Perry and Assistant Scoutmaster C. H. Van Meter of Troop 48, Orlando, sponsored by the Park Lake Presbyterian Church; Scoutmaster Don Quartel of Troop 51 sponsored by Reves Memorial Methodist Church Men's Club; Asst. Scoutmaster Daniel W. Milam of Troop 211, sponsored by Apopka Methodist and Presbyterian Men; Cec Bothwell, neighborhood chairman - at-large and Scoutmaster Ted Daniel and Committeeman Leonard Casselberry of Troop 341 sponsored by Casselberry Lions Club.

WOM Chapters Set Conference

The Annual Mid-Winter Conference of the Women of the Moose will be held Sunday afternoon with Orlando Chapter 1002 as hostess chapter. The meeting will take place at the Moose Home, 5001 N. Orange Blossom Trail, Orlando, with Mrs. Alice Ulmer as conference leader.

Registration will open at noon and the conference will be called to order promptly at 1:30 p. m.

Participating Chapters will be from Cocoa, Daytona Beach, DeLand, Eustis, Leesburg, Orlando, New Smyrna Beach and Sanford Chapter 1404.

A social hour will follow adjournment of the conference. This meeting is not open to the public and will be only for co-workers of participating chapters.

Johnson Reminded Policy Of Conciliation Has Its Limits

WASHINGTON, D. C. — "You have no enemies? . . . If you have none, Small is the work that you have done;

You've hit no traitor on the hip; You've dashed no cup from perjured lip; You've never turned the wrong to right— You've been a coward in the fight!"

In older and better days than these, school children were taught the virtues of life from jingles such as this one, source unknown. I hope Lyndon Johnson learned it in school because pretty soon in the New Year the President will have to depart from his role of the Artful Compromiser and start to break some heads. Despite the au. . . of unanimity that seems to prevail, the President does have his detractors. Here is what some of them are saying:

Midwest reporter: "Oh, boy, this is going to be a long, long Administration. I trailed around with Lyndon when he took some ladies on a White House tour. We're going to get awfully tired of the Johnson apist."

Rival columnist: "Lyndon's already beginning to tell people how much better he'll handle Latin America than Jack did."

Republican newsmen: "Notice Johnson was quoted as

saying, 'I bet I don't use the telephone as much as Kennedy did.' He didn't say 'former President John S. Kennedy.' He just said 'Kennedy.'"

On the last day of the 1963 Senate session, Aiken of Vermont remarked with asperity that the President's commission to investigate Foreign Aid, a group headed by Under Secretary of State George Ball, was a case of men investigating themselves. So, by the way, is the Federal Commission under Chief Justice Warren a case of the Federal government investigating itself on the failure to protect Mr. Kennedy's life. Senator Hruska of Nebraska was audible from the press gallery, saying something about the President running his end of Pennsylvania Avenue, and letting Congress run its end.

A New England reporter: "I saw a dispatch from Texas where Johnson made reporters stand around while he read them a batch of his favorable press clippings. That's going to wear pretty thin after a while."

So the caping begins. Some of it is catty and giggling. Some of it is criticism in depth of the President's personality and methodology. Taken together, it shows that Johnson has his ill-wishers even at a period of political cease-fire, and it indicates they will be more numerous and vocal as the campaign year advances.

C. R. CLONTS, president of the Citizen's Bank of Oviedo, poses with portrait which will be hung in the Directors Room in his honor. The Bank's 1963 Annual Report was dedicated to Clonts who has been president since 1954 and who helped organize the bank in 1946.

President Of Oviedo Bank Is Honored

By Bernice Kelsey
 The 1963 Annual Report of the Citizens Bank of Oviedo was dedicated to C. R. Clonts, president, at a recent meeting of the board of directors.
 The dedication, which accompanied presentation of a

Elks Collecting Old Card Decks

NEW YORK (UPI)—The Elks Clubs of the United States, numbering more than 2,000 lodges in the 50 states, are conducting a nationwide drive to collect used decks of playing cards for distribution to hospitalized veterans and other handicapped Americans.
 Receptacles for public contribution of used decks are being placed by Elks lodges in stores, banks and other establishments throughout the country. Contributors are urged to bring their decks to local Elks lodges, if other collection points are not available.
 The Elks National Service Commission, which conducts a year-round program of recreation and entertainment in the nation's 172 VA hospitals, is seeking clean, usable decks for use in recreation and therapy programs. In addition to the needs of the Veterans Hospitals surplus decks in the drive will be given to city, county and state hospitals, nursing homes and senior citizens centers, and other institutions. Newer decks will be brailled for distribution to the blind.
 Surplus decks also are earmarked this year for overseas distribution through Peace Corps recreation centers in newly developing countries where cards and other games have proved to be a valuable means of breaking down international barriers and helping mutual understanding.

'Restless Sea' To Be Shown

"The Restless Sea," an hour long color production on the science of oceanography, will be presented on NBC-TV on Friday at 7:30 p. m. Produced by Walt Disney Productions with the technical assistance of Dr. F. G. Walton Smith, Director of the Institute of Marine Science, University of Miami, the television presentation is a wide-ranging study of the vast and mysterious "inner space" that constitutes three-fourths of the earth's surface.
 The program combines exciting and never-before-photographed action both above and below the surface of the sea. In filmed and animated sequences, it illustrates the important work of marine scientists in searching out the fascinating and interwoven relationships of a nimal's ar- plants in the oceans. The dramatic sequences include such subjects as hurricanes and mountainous waves; animal life from plankton to sharks to whales; modern scientific instruments that probe the depths to obtain a record of early life on earth; and the latest oceanographic research vessels, both surface ships and undersea vehicles.

Rollins Loses

LAKELAND (UPI)—Florida Southern College went in front near the end of the first half Monday night and whipped Rollins College 80-67.
 Tim Eisenagle was high for Florida Southern with 24 points. Tom Dawson was second high for the winners with 16 points and Lee Baggett led Rollins with 15.

Alumnae To Meet

Sanford and Seminole County alumnae of Converse College, Spartanburg, S. C., have been invited to meet with Miss Mae Kilgo, Alumnae Association secretary, at 2:30 p. m. Saturday at Alabama Hotel, Winter Park. Mrs. Alexander Walte (MI 4-5883) is in charge of arrangements.

Sale Set

Dinah Beadles Bride Of Robert L. Brumley

Dinah Lee Beadles became the bride of Robert Lester Brumley Jan. 10 in the First Baptist Church.

Rev. Fred B. Chance performed the 7 p.m. ceremony. Forted palms, baskets of white chrysanthemums and gladiol and lighted candles decorated the church. Mrs. Madeline Millam, organist, played a program of traditional wedding music.

The bride, daughter of Mr. and Mrs. A. R. Beadles, Arcadia, was given in marriage by her father, to the son of Mr. and Mrs. John L. Brumley, Sanford. For her vows she chose a street length dress of white brocade with a matching jacket. Her veil was attached to a cluster of white nylon leaves finished with a bow. She carried white rosebuds tied with ribbon streamers.

Sandra Kay Kirkland, Wachula, maid of honor, wore a street length dress of moss green wool. Her flowers were pink carnations. Jimmy Cowan served as best man and the ushers were brothers of the bridegroom, John and Daniel Brumley.

A reception was given, immediately following the ceremony, by the bridegroom's parents at their home in Indian Mound Village.

The couple will make their home at 103 Fairway Drive, Sanford.

DeBary

Personals

By Mrs. Adam Muller
Mr. and Mrs. Lloyd Walker, of Michigan and St. Petersburg, are the guests of Mr. and Mrs. Claire Fellows on Naranja Road. They expect Thomas H. Fellows for a combined business and pleasure trip.

Mr. and Mrs. Allen Sain, Palmyra Drive, entertained Mr. and Mrs. John Sullivan and family, and their guests, Mr. and Mrs. Cecil Sullivan and daughter, Elaine, from Hurrican, W. Va., at dinner this past week.

Mr. and Mrs. Arthur Carlson, Periwinkle Drive, have their daughter-in-law, Salligande, here from Germany. Their son married her Oct. 30, 1963, while stationed in Regensburg, Germany. It was a surprise to the senior Carlsons. She will remain in DeBary while her husband returns to Germany to finish his enlistment.

Mrs. Harry F. Brown will entertain members of Wekiva chapter, DAR, at her home today. She will present a program of American music.

Good Grooming For Girls Important, Begin Now

The teen-age girl who drags her feet in the grooming department deserves her woe-begone appearance.

A leading beauty expert points out that all a girl needs is an average face and figure to work with. Perfection is for the fairy tale set.

Close, regular attention to your clothes, hairdo and make-up puts you in the race with the school's raving beauty. It is possible that her adept use of beauty tricks creates her glamorous aid. If she can do this, why not you?

Here is a brief check list of some areas that need constant attention. Once you eliminate certain sloppy habits and adopt the neat ones as routine, you will notice a special glow that comes from a new self-assurance.

Phi Gamma Eta Members Sponsor Viet Nam Child

Phi Gamma Eta chapter, Beta Sigma Phi Sorority, met recently at the home of Barbara Moses, 117 West 10th Street.

Mrs. William Reck, president, conducted the business meeting and read a letter introducing members to a child in Viet Nam the chapter is sponsoring through the Foster Parents Plan. A clothes drive for the Good Samaritan Home has been completed by the members.

Mrs. William Reck and Mrs. Sid Vihlen presented a program on "The Art of Conversation." Following the program Mrs. Glenn McCall was installed as the chapter advisor and Mrs. Jim Warner, social chairman, announced plans for a "hobo party."

Refreshments were served by the hostesses to the following members attending: Mmes. Wendell Brooks, Collie Collier, Mike Graver, Robert Gonzalez, Sid Vihlen, N. E. Jennings, chapter sponsor and Vicki Westlund, Leslie Jones, Linda Hittell and Shirley Stumpf.

Ginderville

Auxiliary Plans Fish Fry

The Ladies Auxiliary of the Ginderville Volunteer Fire Department met at the home of Mrs. Louie Bridges for the regular business meeting.

Members appointed to the ways and means committee were: Mrs. G. H. Thigpen, Mrs. S. A. Tindel, Mrs. P. E. Lee, Mrs. R. Roehk, and Mrs. P. Bryant. Their first project will be a fish fry at the Farmer's Auction Market Jan. 31, 5 p.m. to 8 p.m.

A film, "At the Edge," was shown, sponsored by the March of Dimes. Other members attending were Mmes. L. Elder, D. Fauver, R. E. Johnson, M. E. Lane, G. Mickey, W. Nolan, L. W. Steinmeyer.

Casselberry

Personals

By Jane Casselberry

Mr. and Mrs. Wayne Heaps of 304 Wilshire Dr., have as their guest his mother, Mrs. Elmer Heaps, Veneta, Pa., who arrived Wednesday morning. Her flight had been delayed two days by 20 inches of snow. She is enjoying a visit with her three grandchildren including the latest who arrived Tuesday. She and her husband have purchased a home in Orange City where they plan to live following his retirement next summer.

Mr. and Mrs. Clarence Doebener, Lake Kathryn Circle, have returned from a month's stay in Middletown, Conn., where they visited their daughter and her family and Mrs. Doebener's parents. They were accompanied by their neighbor, Mrs. Velvet Jacobs, who visited her sons and their families in Middletown.

After a party when the room is full of smoke, set small bowls of vinegar behind curtains, chairs, etc., and in 15 minutes the smell is gone. If the vinegar is left over overnight, the furniture smells fresh again.

A stiff-bristled vegetable brush, dipped into hot soap or detergent suds, will remove food imbedded in the deep grooves of hardwood steak and fish planks. Rinse briefly under running water, and wipe dry promptly.

Patricia Walker Engaged To Ensign Jack Walters

Mr. and Mrs. Lewis J. Ballard, 230 Lake Seminary Circle, have returned from Kansas City, Mo., where they visited with relatives.

Roy Bendell, 412 Prairie Lake Road, returned home after six weeks in Illinois. He enjoyed a visit with his two grandchildren in Des Plaines, Ill.

MR. AND MRS. J. F. BENTON celebrated their 25th wedding anniversary at a surprise party given for them by their son and daughter, Russell Benton and Mrs. Robert K. Brown, both of Charlotte, N. C. The party for 50 guests was at the home of Mr. and Mrs. J. P. Bates

Anniversary Party For J. F. Bentons

Mr. and Mrs. James Benton observed their 25th wedding anniversary with a surprise party given by their daughter, Mrs. Kenneth Brown, Charlotte, N. C., and their son, Russell, Lancaster, S. C.

The party was given at the home of Mr. and Mrs. J. P. Bates in Paola. The focal point of interest was a vase of 25 red roses, a gift to Mrs. Benton from her husband. Refreshments were served from the dining table, covered with a lace cloth. A two-tiered white and silver cake was placed in the center of the table with white candles in silver candlesticks. Punch was served from a large punch bowl, decorated with lilies-of-the-valley, by Mrs. Claude Hittell. Mrs. Fred Yeakle served the cake.

About 60 friends and relatives called during the appointed hours with congratulations and gifts. Out of town guests attending were Mr. and Mrs. J. C. Nichols and daughter, Wanda, Chester, S. C.; Mr. and Mrs. Kenneth Brown, Charlotte, N. C.; Mr. and Mrs. John Nasworthy, Winter Park; Mr. and Mrs. Henry Hardy Jr., Orlando, and Russell Benton, Lancaster, S. C.

The Bentons were married Jan. 17, 1939 at the home of Mr. and Mrs. W. A. Harrell in Lake Monroe. They have one daughter, Joyce Brown, a registered nurse, Charlotte, N. C., and one son, Russell, a teacher at the University of South Carolina in Lancaster.

DeBary Club Hosts Federation Meeting

The DeBary Women's Club was host to the Volusia County Federation of Women's Clubs at the Community Center. The executive board met at 10 a.m. Coffee and crullers were served before the meeting by the DeBary committee. Mrs. John B. Woodruff presided at the meeting.

Revision Of Discipline System Asked

TALLAHASSEE (UPI) — Supreme Court Justice Campbell Thornal asked the Legislative Government Reorganization Committee Tuesday to back proposals to revise the methods of disciplining state judges.

Justice Thornal said the present method of House impeachment and Senate trial of judges is antiquated, inefficient, time-consuming, and unnecessarily expensive.

The Justice, who represents the judiciary on the interim committee, also suggested the group study methods of reorganizing the state's trial court system.

The present law requiring an impeached judge to be returned to office if acquitted—or expelled and barred from public office if convicted—is inadequate, Thornal told the committee.

He admitted any change in the system would "make many people unhappy," but added if a thorough and good job were done, "We'll make a great many more people happy."

Turning to other matters, Committee Chairman Welborn Daniel suggested the group probe ways of cutting down the state's annual printing bills.

Daniel, a Leesburg representative, also urged the committee to study proposals to extend the term served by the state beverage director.

Other suggested studies included a uniform system of accounts division under the state auditor, a capital mail center to cut postage costs of inter-office mail in Tallahassee, and consideration of one state agency to handle all state bond matters.

VEGETABLE REPORT

Federal State Market News Service Sanford

Shipping point information for Jan. 21. All sales F.O.B. Precooling charges extra unless otherwise stated. Sanford-Orlando-Zellwood District

Partly cloudy and cool. Cabbage: demand fair, market weaker. Domestic round type, 1 1/2 bu. crates, \$2.25 to \$2.50; 50 lb. sacks, \$1.75 to \$2. Few, best, higher; poorer, lower.

Dear Abby: By Abigail Van Buren

DEAR ABBY: A few months ago my husband joined the Masons. At first I was very proud of him, but since his installation, which he refuses to tell me anything about, I have been miserable. He tells me it is a secret organization and he has given his solemn oath not to divulge the secrets of the lodge. I am terribly hurt. In 16 years of marriage we have never had any secrets from each other. I have begged, wept and tried every approach I could think of, but he refuses to tell me a thing. How can an organization which claims such high ideals justify building a barrier between a man and his wife? I am so upset I don't know what to do.

MASON'S WIFE

DEAR WIFE: Simmer down and take pleasure in the knowledge that you are married to a man whose "solemn oath" means something. And quit nagging and whining, or you'll lose your Mason by degrees.

DEAR ABBY: Should I let my hair grow? PAUL

DEAR PAUL: I don't know how you can stop it.

DEAR ABBY: When someone consistently gits letters that have been sealed extra-securely with a piece of tape, don't you think it is an out-and-out insult to the other people living in that house?

JUST WONDERING

DEAR JUST: If it is, I must have insulted many. Frequently I have been stuck with envelopes that don't stick, and therefore use tape. I regard it as a means to keep the contents in — rather than to keep snoopers out.

DEAR WIFE: Someone wrote and asked if she should send a sympathy card six weeks after a neighbor had lost a child. I was glad you advised against it. How right you were, Abby. Twenty years ago my bro-

ther was killed in World War II. When his body was sent home for burial my poor mother had to face many cruel and thoughtless people who told her that the coffin was probably filled with rocks instead of a body because some of the boys were blown to bits and there was nothing to send home. Mother had every holiday spoiled by people who sent her sympathy cards all year, such as "Sympathy at Christmas," and "Sympathy at Easter," and, of all things, "Sympathy on your birthday!" Each card "opened up an old wound" to borrow a phrase from your column.

Sincerely, "CHICAGOAN"

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

SHERIFF LUTHER HOBBY receives 50 March of Dimes containers which will be distributed by department personnel to various counters in stores throughout Seminole County. We The Women: By Ruth Millett

If your grown children don't write as often as they should, don't sit around feeling sorry for yourself or worrying about them.

Your problem and that of many, many other parents whose children are so busy with their own lives, or so thoughtless, or so allergic to letter writing that they keep putting it off has been solved with the innovation of gift certificates for long distance phone calls.

So all you have to do is send your children long distance gift certificates with the specification that they be used for calls to YOU.

If the idea of footing the bill for your grown children to phone you seems dreary—just recall that it isn't nearly as dreary as sitting around feeling neglected.

And when the phone rings and it's a long distance call from one of your children, you'll be so happy you won't even think about who is paying for the call—now, will you?

Besides if your children

Highlights

7:30-8:30 p.m. CBS. CBS Reports. "The Business of Heroes." A shocking and important documentary exposing one of society's most perplexing problems, the traffic in dogs. Prepared with the same techniques utilized in the earlier "Biography of a Bookie Joint," much of the film was taken with hidden cameras and you'll get a chance to see the bosses, the pushers and the addicts and hear from a variety of law-enforcement officials about what is being done to combat this crime/disease.

7:30-8 p.m. NBC. The Virginian. "The Thirty Days of Gavin Heath" (Color) Leo Genn, finding out he's in the last days of his life thanks to the fortuitous bite of a rabid dog, is determined to come to terms with his own conscience. His problem is how to make up for collapsing under fire. Will he get a chance to perform one last act of heroics? You know he will. Genn is a good choice as the one-time British officer.

8-9 p.m. NBC. Espionage. "Final Decision" This must be terminal disease week on NBC's nonmedical series. Last night's Richard Boone hero was in his final year and tried to use the time to straighten out his love life. Earlier tonight, try the Virginian. In this episode, Mar-

lin Balsam is facing his last three months and is convinced that since he hasn't got much to anticipate anyway, he might just as well devote his final weeks to the service of his country. His job: to help a scientist from behind the Iron Curtain escape to the West by offering himself as a human sacrifice. Political and moral complications, coupled with the dying man's survival instinct, help make this a reasonably exciting hour, with Balsam performing effectively.

9:30-10 p.m. CBS. The Dick Van Dyke Show. Very funny from start to finish. Rob (Dick Van Dyke) meets an old boy friend of wife Laura's on the golf course and jealously relates the incident to Laura (Mary Tyler Moore). She promptly decides to invite him to dinner. Laura finds out her former boy friend has become a priest, but decides to let Rob find out for himself. Meanwhile, Rob has invited Sally (Rose Marie) to dinner, praising his "rival" as a tremendous martial catch. Playing the former boy friend is Michael Forest.

10-11 p.m. CBS. The Danny Kaye Show. Art Carney makes a return appearance tonight and joins Danny in two funny skits. In one of the sketches, you can look for Rod Sterling, creator of "Twilight Zone." Helping out mus-

TV Time Previews

ically are folk-jazz singers Joe and Eddie. They sing "Green Grass and The Ox Driver's Song," and Danny is entertaining in his opening "I Like the Likes of You." The "you" in this case is a sheep dog named Hobo.

10-11 p.m. ABC. Channing. "Another Kind of Music." This just misses being a brilliant teleplay. The dialogue is alternately provocative and cliché. However, it gives Henry Jones a chance to prove his fine acting ability in his Dean Baker role. Focus of the plot is an extraordinary law student (Michael Parks) who would much rather be a musician. The resultant anguish to his parents and his erratic behavior causes the dean to take a personal hand. It's what the dean does rather than his platitudinous words of wisdom that actually opens the youths eyes.

Seal Receipts At 87 Per Cent

The Florida Tuberculosis and Health Association said today that Seminole County's Christmas Seal campaign receipts have reached 87 per cent of the goal.

At this time Seminole County receipts total \$8,301. This figure, however, is \$21 less than the amount received at this time last year.

During the 1962-63 effort Seminole County reported sales totaling \$9,423. Total receipts from all of Florida during the 1962-63 effort was \$911,162.

Jacoby On Bridge By Oswald Jacoby

The Winter Carnival Bridge tournament in St. Paul, Minn., starts the 30th of this month. As usual it promises to be a bang-up affair and any bridge player who finds himself in that part of the country will do well to take in the tournament.

In one of the interesting hands from last year's open pairs, S. J. Widman, who is chairman of this year's tournament committee, played safe for three no-trump and was rewarded with an excellent score when it turned out that a safety play was essential.

After West opened the five of hearts and East played the jack, Mr. Widman decided that the five of hearts was

WEST
 ♠ J 9
 ♥ A 10 8 5

at least 10 tricks; give East the king of diamonds and it behooved South to play safe for his contract. So, Mr. Widman let that jack of hearts hold the trick.

East led the nine of hearts. The queen forced West's ace and West established his last two hearts by continuing the suit.

The diamond was finessed and East was in with the king, but he had no way to get his partner into the lead and Mr. Widman wound up with two spades, four diamonds, two clubs and that one heart trick.

SNAS Forms Flying Club

A flying club for Sanford Naval Air Station personnel, Navy and civilian and their dependents, has been organized.

Incorporated as NAS Sanford Aero Club, Inc., purpose of the club is to give advanced flying training and ground school to members. The club has 53 members and two J-3 Cub airplanes, operating out of Slade Airport at Longwood.

Incorporators are Lt. Raymond M. Currie, president; Lt. Cdr. William H. Rogers and Earl H. Unger.

fourth best from a four or five-card suit headed by the ace. He was going to have to rely on the diamond suit for his contract. Give West the king of diamonds and the hand would be a wrap up for

FIRE PROTECTION has come to the Midway-Canaan area with the acquisition of this new fire truck by the Midway-Canaan Volunteer Firemen's Association. (Herald Photo)

Midway, Lake Mary In Mutual Fire Pact

By Robert B. Thomas Jr. FA 2-5756

Midway-Canaan Volunteer Firemen's Association has realized at least part of its objective. This group has come up with a fine and sturdy looking fire truck which holds 1,650 gallons of water with a two-hose four-cycle gasoline engine to pump the water.

This organization became a reality and received its charter in May of 1962. Its officers are: Rey E. Williams, president; Ned Stevens, secretary; Rufus Martin, treasurer; Gus Stevens, chairman of board of directors and Joseph Jackson, fire chief.

The Midway-Canaan community raised the funds to finance the purchase of the equipment. Cost of it was \$4,900. The public is asked to continue contributing funds because land has to be bought to build a firehouse. The cost is approximated at \$4,000.

"When the Navy announced that it would not or could not assure fire protection for the surrounding areas because of regulations, it was evident that we would have to do something for our selves," said Rev. Williams. "The city had long ceased to protect any community. We protect our community. We have the distinction of being the only colored area to have a fire department which is not incorporated."

Fire protection for Lake Mary and Midway-Canaan will be greater because the two will assist each other whenever needed. The citizens of Midway-Canaan are to be commended for their efforts. They certainly have something of which to be proud.

Charles Gibson, son of Mr. and Mrs. Gary Gibson, has distinguished himself in his field of endeavor. He is a graduate of Croona High School and A and T College. The following is a letter from his commanding officer to his parents:

"It is with the greatest pleasure that I am able to write you concerning the outstanding work accomplished by your son, Charles, while assigned to this squadron.

"As you are probably aware, he was involved in the original tests with higher headquarters in July, 1963 to prove the feasibility of the special radio equipment used by our squadron. He rapidly mastered the very complex radio system which is an integral part of this organization's function and as a result became one of the first instructors within the crew structure of the squadron.

"He has been intimately associated with the radio systems training program for all new pilots, and in this capacity, was instrumental in setting up the air conditioning lectures for the radio equipment. In his capacity as ground and flight instructor he has been directly responsible for the check out of one-

third of the pilots in the squadron.

"I have the extreme good fortune of telling you that as a result of Charles' exceptionally fine performance of duty and the high regard in which he is held, he has been selected for entry into the January class of the Squadron Officers School located in Montgomery, Ala. His selection for attendance at this school is an honor in itself due to the limited space available. Sincerely, Russell M. Heller Jr., Lieutenant Colonel, USAF Commander"

Congratulations to Charles. His parents are very proud, I am sure.

Prof. Boggs, blind pianist, and his group of singers will appear at New Salem Primitive Baptist Church Feb. 20, at 8 p.m.

On Feb. 9, the New Salem congregation will journey to Palatka to worship at St. Joseph Primitive Baptist Church 11 a. m. and 3 p. m. services.

St. John Baptist Church observes its 69th anniversary each Sunday during the month of January. The program theme is "New Frontiers With Christ in Front". On Sunday, January 12, Rev. Jessie Brown was the guest speaker and his congregation from St. John's AME Church highlighted the day. The evening worship was highlighted with each auxiliary of the church providing a musical number.

Sunday, Jan. 19, the Rev. E. E. Fields and his congregation from Mt. Sinai Baptist Church were guests at the morning service. Rev. E. E. Williams and congregation from Progress Baptist Church were guests at the evening service.

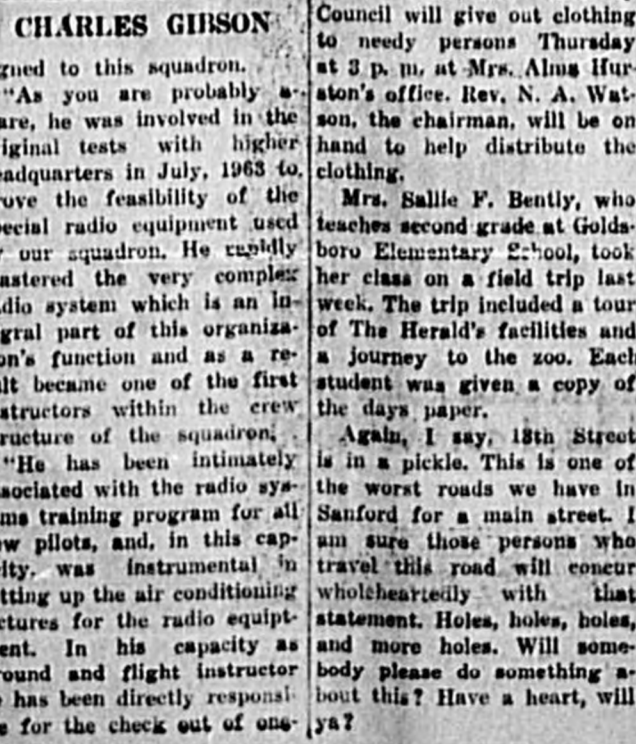

Sunday Jan. 26, will climax the anniversary celebration. Rev. C. B. Dally, pastor, First Baptist Church, Jacksonville, will be guest minister for the morning worship service. Sister R. A. Mells is mother of the church and will be honored. The oldest member will also be honored and that person is Mrs. Beulah Smith. Music will be furnished by the Cherub Choir and the Young People's Choir.

The anniversary will be climaxed with a concert by the Bethune Cookman College Choral group under the direction of Thomas Demps. The public is invited to attend these services. The Bethune Cookman College group will appear at 8 p.m. Rev. H. V. Palmer, pastor of First Shiloh Baptist Church, will preach the anniversary sermon at 3 p.m. He will be accompanied by his choir, ushers and congregation. Rev. H. B. Whitehurst is Pastor.

The Children's Advisory Council will give out clothing to needy persons Thursday at 3 p. m. at Mrs. Alma Hurston's office. Rev. N. A. Watson, the chairman, will be on hand to help distribute the clothing.

Mrs. Sallie F. Bently, who teaches second grade at Goldboro Elementary School, took her class on a field trip last week. The trip included a tour of The Herald's facilities and a journey to the zoo. Each student was given a copy of the days paper.

Again, I say, 18th Street is in a pickle. This is one of the worst roads we have in Sanford for a main street. I am sure those persons who travel this road will concur wholeheartedly with that statement. Holes, holes, holes, and more holes. Will somebody please do something about this? Have a heart, will ya?

CHARLES GIBSON

Parochial Aid In LBJ 'War On Poverty'

By Louis Cassels
United Press International
WASHINGTON (UPI) — President Johnson will propose federal aid for both public and parochial schools in depressed areas as part of his "war on poverty," it was learned today.

Inclusion of parochial schools in the new aid program may stir the same kind of religious controversy that the late President John F. Kennedy encountered when

he sought federal grants for public schools only.

This time, however, the roles in the controversy would be reversed. Roman Catholic educators have been privately consulted about the Johnson proposals, and are prepared to support them on the understanding that parochial schools will participate.

If opposition develops, it will come from Protestant and Jewish groups fearful that any use of public funds for parochial school projects would breach the "wall of separation" between church and state.

In an effort to minimize controversy over the church-state issue, the administration will emphasize that its program is not designed to aid schools, public or private, but rather seeks to use schools to help poor children break out of the "circle of poverty."

Johnson told Congress in his budget message Tuesday that he would soon submit legislation "instituting an all-out attack on poverty." He said it would include "project grants to meet special educational needs," but gave no other details.

Informed sources said the plan calls for a \$379 million federal outlay over the next five years to underwrite special projects "designed to improve educational opportunity and achievement of students attending schools in areas—both urban slums and rural depressed—which are marked by high rates of unemployment and school dropouts, and by low per capita income and educational attainment."

The federal grants would go to projects undertaken by "state or local educational agencies, or by public or non-profit private agencies, organizations or institutions." This would permit parochial schools to participate.

The U. S. education commissioner would choose the projects to be supported from priority lists submitted by state educational agencies.

The total fund available for grants would be apportioned among the 50 states in accordance with a formula which takes into account both the state's population and its per capita income. Poorer states would get more help, in proportion to population, than richer states.

The average January temperature in Seminole County is 60.8.

A Step Is A Step

Last weekend State Sen. Bernard Parrish made several statements concerning the location of the proposed East Central Florida university. The Herald agrees with some of the senator's opinions but cannot concur with others.

Sen. Parrish of Brevard County—who, naturally, is doing all he can to see that the East Central Florida University is placed as close as possible to his constituency—correctly said that selecting a site for the university is only a single step. He pointed out that "Too many people think we are all set to build the university when the site is approved. "This is not the case," he declared. "We have the money for the planning, but we'll have to go back to the legislature to get the money to construct it, and probably we'll have to have additional funds every two years," he said.

Parrish also underlined his statement by saying that the college in Boca Raton was authorized seven years ago but that it will not open its doors until September of this year.

He stated that the college the legislature authorized for Pensacola in 1955 has not received a penny so far and that was nine years ago.

Therefore, the selection of a site, The Herald agrees, is only one step. However, it can be said that it is a step. And Seminole wants to be the county in which that step is taken just as much as Sen. Parrish wants it for Brevard.

The Brevard legislator said he favors the Adamuel site which is being proffered by the Orange County Commission because, he says, "It will be the most benefit to Orange and Brevard counties and will be of immense benefit to Seminole." But the senator made this statement without even the courtesy of inspecting any of Seminole's sites.

True, a school near Seminole might be of immense benefit to this county. But placing the university

on an Orange County site could never mean as much to Seminole as the school being placed within the geographical limits of this county.

Further, Sen. Parrish admits that "The Orange County site is perhaps not so close to Daytona as they would wish but it will be about as close as Melbourne with the network of roads we are building. These are the most distant thickly populated areas."

And he adds, "In any event, Daytona already has a junior college and Stetson University (at DeLand) so they are not hurting as bad as the other areas."

It is noticeable, however, that the Senator does not mention the fact that the Brevard Junior College is situated in Melbourne.

Also, Stetson University is a privately owned and operated institution. It has played a tremendous role in providing this area with an institution of higher learning. Thousands of Central Floridians are graduates of the university.

However, it is obvious that Stetson does not possess the facilities to care for the number of high school graduates in east Central Florida who will need a nearby state supported university at which they can obtain a college education. If Stetson and Rollins could have provided these facilities it is obvious it would have been so stated in the McDonald Committee's report to the 1963 session of the state legislature.

With Interstate 4 providing almost a straight shot from Daytona Beach to the Lake Ada site, students from that area would have no difficulty in commuting to the university. For that matter, neither would students from other east coast areas and particularly those from the greater Orlando area.

The Herald still believes that the best place to locate the proposed university is on a site as close to the geographical center of population as possible.

The Lake Ada and Econ sites meet that criterion.

Dr. Crane's

Worry Clinic

Max Berg invited me to Utah for a great Freedom Festival. And in his introduction of me to a vast throng of 10,000, President Wilkinson of Brigham Young University, said about all I needed to become a Mormon was to be immersed. That isn't far wrong, for I am a great roofer for the L.D.S. ideals.

CASE R-463: Max Berg is an active Mormon at Provo, Utah.

"Dr. Crane," he telephoned me during the summer, "we are having a 4-day Freedom Festival out here in Provo. "So we'd like for you to come out and deliver the kickoff address to launch the patriotic rally.

"Six stakes of the L.D.S. church will sponsor the Sunday light service where we want you to speak.

"And we'll have 10,000 people in the Brigham Young University field house to hear you.

"Out here we regard the 4th of July as something to be celebrated with great reverence and respect and not as a casual picnic event or just a beaming beauty spectacle."

"The Mormons are among our most sincere American patriots."

"Their discourses are called 'talks' and the individual parish is a 'ward.' Clergymen donate their services and are called 'Bishop.'"

They stress basic virtues and patriotic idealism, so it is a great delight to me

whenever I lecture in Utah. The Mormons don't believe in liquor or tobacco or even the use of caffeine beverages.

And they are others who contribute minimum of 10% to the church.

They also volunteer as missionaries for American and foreign work and pay their own expenses.

And they believe in a balanced budget with no free handouts to able-bodied recipients of the state.

So I flew out to Provo. And on Sunday morning I occupied the pulpit at the Community Congregational Church where Rev. Stuart Olbrich graciously presided.

My address there was on the topic "Jesus, the World's Greatest Applied Psychologist."

Then that night I faced 10,000 people in the Brigham Young University field house. And I spoke on the theme, "All Freedom Comes from God."

Dr. Ernest Wilkinson introduced me. He is a brilliant attorney who later became head of Brigham Young University as a \$1-per-year-man.

He and I were both at George Washington University back in the early 1920s, and he received his law degree there.

President Wilkinson stressed the fact that in our American history books, childhood used to read such noble utterances as Nathan Hale's immortal:

"I regret that I have only one life to give for my country."

He also mentioned John Paul Jones, our naval hero, who, when his ship was sinking and on fire, replied to the British demand for surrender:

"Sir, I have not yet begun to fight!"

Daniel Webster and other great patriots used to be lauded and quoted in American history textbooks.

"But now," said President Wilkinson, "most of these history textbooks omit or delete those courageous statements of our pioneer patriots."

He deplored that recent trend and so did I.

Uncharmed Snakes

Natives of India do not really charm snakes since snakes are deaf and, when they are being "charmed," they are only holding themselves on guard and would do the same thing without the music. They may away in trying to follow the swaying of the player.

HOME ON THE RANGE

Paragraphs

Unclassified

Retired At Nine?

In Chattanooga, Tenn., they have just retired a veteran employe of the county government because he is too old for the job. He is 9, going on 10.

It seems the law says the duty of drawing names for the Hamilton County grand jury must be performed by someone under 10.

So here we have a man washed up in his career while still practically in the prime of life.

The news story about this was provokingly incomplete. What did they give this veteran as a retirement gift?

How much pension is he getting? What provisions have been made for his dependents?

Does he plan to loaf, travel and do the things he has always wanted to do but couldn't because of the press of work? Or does he intend to remain active for a while in the belief he may still have a few good years left?

Will he move to St. Petersburg? Or does he disdain living among other elderly people and prefer the company of folks younger than he is?

Whatever his plans, we congratulate good old Chris Haley, the retiree, on a long and useful career of more than four years and wish him all the best in the golden years ahead.

Statistics On Romance

Now is the time for all smart girls to come to the aid of themselves, for things are likely to get a bit more competitive over the next couple of years.

Reason is that girls generally marry before they are 20, while most boys marry between 22 and 23. This means that girls born in the postwar baby-boom years of 1946 to 1949 will be looking for prospective bridegrooms among the young men born in the leaner war years of 1942-45.

According to statisticians at the University of Dayton, by 1968 girls in the one category

will outnumber eligible men in the other category by 364,761. In 1967 it will be a little better, with a surplus of only 316,629 girls.

Remember, the next Leap Year won't be until 1968.

Relax; All Is Normal

If you are wondering if the stress and strain of the space age may be affecting our way of life, you can relax.

There is abundant evidence that the people are bearing up nicely, thank you, and that things are going along pretty much as always.

In California, for instance, a rugged individualist insists on being chauffeured by an

ape. Not some clown who drives like an ape, but a real ape.

In Minnesota, a group of real cool college kids have just been acclaimed cookie—or is it kookie?—champs by baking a wafer that weighed 2,300 pounds.

In California again, a determined driver was apprehended as he gunned his small foreign car down a runway at the Los Angeles airport in a valiant effort to keep up with a jet airliner which was taking off.

The motorist was on his way home from a party and mistook the runway for a freeway. It could happen to anyone.

A society which can keep its head in times like these is here to stay. We can look forward to what's ahead with high hope and renewed confidence.

Barbs

By Hal Cochran

You hate more than ever to see friends squander money when they won't let you help them.

A girl can be fond of nice clothes and yet not be all wrapped up in them.

Have you really ever seen a youngster with a smile on his face while waiting his turn in a dentist's office?

A writer says the average taxi driver is a godfartured person. From watching the meter on trips, maybe.

There's a cute angle to pilots asking for more money because of the high cost of living.

Waiters don't care for night club patrons who get tipsy and tight at the same time.

As long as these days are trying ones try your best to do your overseas Christmas shopping early.

If you learn all the angles of your business you aren't likely to be running around in circles.

Bruce Blossat—Ray Cromley

Political Notebook

WASHINGTON (NPA) — The trouble in Panama resulted from a weak Panamanian president, a political campaign, a turn in the weather, hot-blooded students and a disciplined Castro-Communist organization, say U. S. experts privately.

It is a lesson in how effectively a small, well-prepared Red group can move in on a minor disturbance and build it into a dangerous situation. It was the more remarkable since the Communists have banned in Panama for 10 years and their numbers are small. It can happen elsewhere in Latin America.

U. S. experts had been expecting a disturbance in Panama. They didn't know precisely where, or when, or what incident would be used as a fuse. But they knew Pan-ama's Castro-Communists had completed their planning and were ready to act.

As is known, American students had set up the U. S. flag at their high school in the Canal Zone. Panamanian students entered the zone under police escort, planted their flag, were escorted away. Reports are that all this was orderly.

There is confusion over whether Communists engineered this student demonstration. Though a small minority, the Reds have control of the student organization at National University and perhaps at other schools. U. S. experts think the flag-carriers were nationalistic hot-blooded students with no-

thing more in mind. Immediately after the flag incident, however, Castro-Communists moved in. They set up snipers who shot at Americans and Panamanians—to get Panamanians stirred up and to force Americans to return fire.

In less than an hour, as if by signal, a pro-Castro radio station went on the air with untrue but lurid stories of American troops "firing into unarmed students."

This was a signal for demonstrations in communities through Panama. Small groups of Reds used the radio atrocity stories to whip up local citizens.

The Reds also quickly worked up crowds of Panama City unemployed, discontented and always ready to riot about anything. They went on a rampage in the city, where 5,000 Americans live, destroying U. S. buildings, offices and automobiles.

U. S. experts say the rioting could have been nipped in the bud if Panamanian President Roberto Chiari had had the courage to step in fast. By the time he acted, the crowds had gotten out of hand.

The time was right for trouble in Panama. The weather takes a turn for the better in early January. This is normally a good season for demonstrations and riots.

There's an election coming up. Though it won't be until May 10, the candidates were required to file by the end of the second week in January.

Election fever begins to run high about now. No candidate or office holder can afford to be pro-Yankee or deery anti-American demonstrations between now and May.

Unemployment is high in Colon and Panama cities. Many unemployed compare their slum life with the excellent living in the Canal Zone. Politicians and Communists assure poor Panamanians their lot is the result of the wealth the U. S. takes from them through "high Canal Zone profits." (Actually the canal is a money loser).

Best guess is the Communists want weak, rabble-rousing, old ex-President Arnulfo Arias for president in the May election, even though he's reportedly not a Red.

Riots and fervent anti-Americanism would tend to discredit candidate Marco Robles, former minister of government and justice and friend of the U. S., who is backed by the present government.

Disorder also would work against candidate Juan Galindo, an engineer. But they're calculated to help Arias, the rabble-rouser.

The Castro-Communists are believed determined to do what they can to wreck the chances of Robles. They apparently had counted on using a weak, erratic Arias presidency to build their strength as they're now doing in Brazil under Joao Goulart.

Lake County For Seminole Site; Officials Tour Added Locations

Group Hopes For Decision On Friday

By Fred Van Pelt
ORLANDO—Five of six members of the State Board of Control were taken on a tour this morning by Orange County Commissioners of new sites proposed for the East Central Florida University.

Bulletin

The State Board of Control, upon the advice of its technical staff, dropped the Land site this afternoon. The site was never official ly proposed by the Seminole Board of Commissioners. It was offered only in the event the Board of Control was interested. Meanwhile, the Seminole commissioners reaffirmed the Lake Ada site. However, it expanded the Econ site to 8,000 acres north to SR 46 and offered the Board its choice of any 1,000 to 1,500 acres.

Inspected were Turkey Lake Ranch and the Martin Company Site south of Orlando, the Carrigan - Rybolt and Adamucci sites east of Orlando and the Sweetwater site northwest of Orlando. It was noted that all of the sites included large lakes.

Making the tour were Chairman Bays Harrison, Chester Whittle, Charles Forman, Gert Schmidt and John Pace. Absent was Dr. Wayne McCall who made the same tour Sunday.

None of the board members would commit themselves this morning relative to any change in their 3-3 deadlock between Lake Ada in Seminole County and Bluestone in Orange County.

However they indicated they will make every effort to reach a decision at their meeting Friday morning here at the Cherry Plaza Hotel.

Seminole County Commissioners entertained the board of control members at luncheon at Oviedo City Hall.

Following the luncheon the group was to visit the Tuska-willa and Econ sites, and if they so desire, will return for another look at Lake Ada.

Chairman James P. Avery Jr. said he also hoped board members would take the time to visit Seminole Memorial Hospital and other points of interest in Sanford.

ST. AUGUSTINE (UPI) — A year ago, some 1,200 members of 11 non-supporting unions struck the Florida East Coast Railway.

The strikers haven't returned to work, and probably won't in the near future. The FEC, after a brief shut-down, resumed freight service. Passenger service, the carrier says, will not be resumed until there is no danger of sabotage against FEC trains or equipment.

The FEC was struck when it refused to grant non-operating employees a 10.25 cents an hour wage increase. FEC officials claimed the railroad was not in a financial position to grant the pay hike.

Efforts to settle the dispute—the second longest in the nation—have failed and both sides seem determined not to give in to the other. The FEC reacted to the strike by abolishing the jobs of all striking employees and replacing the strikers with supervisory personnel and non-union help.

SEN. MACK CLEVELAND, right, greets Commissioner of Agriculture Doyle Conner (center) at dedication of the new Pesticide Residue Laboratory in Sanford while County Agent Cecil Tucker, J. T. Rumbley, lab technician, Burke Chester, inspector, and Wade Shealy, chemist look on.

New State Lab Here Dedicated By Conner

Commissioner of Agriculture Doyle Conner dedicated the new pesticide residue laboratory located at the State Farmers market in Sanford this morning before a large group of state and county officials and representatives of the agriculture industry.

Commissioner Conner was introduced by Sen. Mack Cleveland and the invocation was given by the Rev. Grover Sewell of the First Presbyterian Church.

The Department of Agriculture has been carrying on the pest residue program for the past five years through the use of mobile units, but this is the first permanent laboratory established outside Tallahassee. It was made possible by an appropriation of the Legislature last year.

Conner said that this is a two-fold program, not just of benefit to the grower, but providing consumer protection as well.

It is estimated that some 2,000 samples drawn from a large central Florida area will be tested for residue during the Sanford lab's first year of operation. Foodstuffs to be tested will include vegetables, meats, and milk.

A grower education program in the use of pesticides has already resulted in a lowering of residue.

Some of the reasons for contamination, according to Doyle, are wrong use of pesticides, over application, plain carelessness, application under unfavorable weather conditions causing wind drift and harvesting too early.

Other officials attending the dedication and open house included Rep. Joe Davis, County Commission Chairman James Avery, Gen. J. C. Hutchinson, Doyle Golden, head of the pesticide residue program's field labs, Dr. V. E. Stewart, state chemist, J. Bertha Munks, research director, and W. O. Whittle, chief of the State Farmers Markets.

Stragling Of 'Mother' Probed

OAKLAND, Calif. (UPI) — Police today investigated the stragling of Oakland's "Mother of the Year" for 1963 and her beautiful 18-year-old daughter.

The bodies of Mrs. Frank Martin, 43, and her daughter, Carolyn, were found bound and strangled on the living room floor of their fashionable home Wednesday.

Kelly To Speak At JC Awards Banquet

State Sen. Scott Kelly of Lakeland will address the annual awards banquet of the Sanford - Seminole Junior Chamber of Commerce Saturday night.

The affair will also feature the presentation of distinguished service awards, good government award, outstanding young former award and outstanding young sailor award.

Kelly, a general contractor and realtor, is also engaged in the insurance and banking business. He is a former member of the Lakeland City Commission, at 27 was major of Lakeland and at 28 became a Florida legislator.

He has been prominent in Jaycee activities. In 1951 he won Lakeland's outstanding young man of the year award. In 1957 he was one of Florida's five outstanding young men, was the recipient of the state Jaycee good government award in 1962 and also that year was nominated for the national organization's 10 outstanding young men of America award.

The banquet will be held at the Police Benevolent Association's building on Seminole Boulevard.

De Gaulle Sends Aide To Moscow

PARIS (UPI) — President Charles de Gaulle's independent policy to win renewed French grandeur across the world widened today on three fronts — Russia, Communist China and Latin America.

Finance Minister Valery Giscard d'Estaing left for Moscow for week-long talks aimed at boosting trade between France and the Soviet Union.

The trade mission coincided with virtual completion of French plans to recognize Communist China over strong objections by the United States. A formal announcement of recognition is expected early next week.

De Gaulle's outreach to Latin America was signified by his announcement Wednesday that he will visit Brazil this year. He previously had announced a trip to Mexico in March.

Four Batista Soldiers Shot

MIAMI (UPI) — Four men accused of killing one of Fidel Castro's soldiers when the bearded revolutionary landed in Cuba in 1957 were executed Wednesday by a firing squad.

The men had been sentenced to 30 years in prison but the sentence was overruled by the Cuban Supreme Court earlier this week and their executions were ordered.

The four were all members of Fulgencio Batista's army which Castro defeated in 1959.

India May Get New Leader

NEW DELHI (UPI) — India today faced the prospect of a new man at the head of its government for the first time since independence more than 16 years ago.

The cause is the illness of 74-year-old Prime Minister Jawaharlal Nehru and the prospective successor is Lal Bahadur Shastri, 59, who was named minister without portfolio in Nehru's cabinet Wednesday.

Best Location, Officials Tell Control Board

A Seminole County site for the proposed East Central Florida University has been endorsed by the Board of Commissioners of Lake County, according to Lake County's clerk, Frank Owens.

Contacted at his office in Tavares this morning, Owens confirmed an earlier report that the Lake County Commission had decided a Seminole County site would best serve not only the citizens of Lake but also the rest of the people of Central Florida.

"We believe a Seminole site is best," said Owens, "because either of your sites would be accessible to our region by SR 46. We anticipate that in the not too distant future that SR 46 will become a major cross state highway."

Owens went on to say that Lake's commissioners believed that a Seminole location would be the most logical site among those now being considered by the Board of Control.

News of Lake County's endorsement, which was wired to the State Board of Control, comes on the heels of an endorsement by Volusia County's commissioners which was announced Wednesday. WESH-TV of Daytona Beach and Orlando has editorially endorsed the Seminole site at Lake Ada. It is understood that the Deland Sun News and the Leesburg Commercial have (or are now) endorsing Seminole County as a site for the proposed school.

S. G. Harriman Dies At Home

A. Col. Sherman G. Harriman (Ret.) died this morning at his residence, 111 Orange Drive, Loch Arbor, following a lengthy illness.

Born Feb. 12, 1905 in North Conway, N. H., he came here in 1947 from Gloucester, Mass.

He served overseas in both World Wars and was the recipient of the Purple Heart, the Croix de Guerre and the Distinguished Service Cross. He was a past commander of the Bethlehem Commandry Knights Templar; a past commander of the American Legion, Shrine Club and Bahia Temple in Sanford. He also was a member of the First Methodist Church of Sanford.

Survivors are his wife, Mrs. Doris H. Harriman, of Loch Arbor; two sons, Sherman G. Jr., of Amarillo, Tex., and Bruce of Concord, N. H.; five grandchildren and a sister, Mrs. Rose Randall of Dorchester, Mass.

Funeral services will be held at 11 a.m. Saturday at Gramkow Funeral Home with Rev. John T. Adams Jr. officiating. Cremation will follow.

The family has requested that donations be made to the Cancer Fund in lieu of flowers.

Lovers Come Back

HOLLYWOOD (UPI) — Lovers Elizabeth Taylor and Richard Burton, returning to Hollywood apparently to seek a solution to their marital tangle, ran head-on into a furious Eddie Fisher today.

Soviet Veto

GENEVA (UPI) — The Soviet Union today vetoed any agreement on banning the spread of nuclear weapons as long as the West retains its plan for a multilateral nuclear force.

Cease-Fire Set

JAKARTA, Indonesia (UPI) — President Sukarno today ordered a cease-fire in Indonesia's border war with Malaysia at the conclusion of peace talks with Atty. Gen. Robert F. Kennedy.

Citrus Safe

LAKELAND (UPI) — Florida's citrus crops escaped serious damage last week from a two-day freeze that dealt a million dollar blow to tender vegetable crops on the southern part of the state.

AN OLD-FASHIONED stern-wheel (or paddle wheel) sightseeing boat now is plying Lake Monroe and the St. Johns River, much as in the days of the real riverboat, the Osceola, which traveled from Jacksonville to Sanford from a half-century ago to about 1928. The Deltona Queen, a 30-passenger boat, will be christened at 10 a.m. Friday at the Deltona dock on Lake Monroe. Deltona visitors will be given tickets for the free boat rides, seven days a week. Commodore Harold Willett is the Deltona Queen's captain. Now turn this picture upside down and see a ghost ship.

Fidel Home With Sugar Pact Worth Billions

MOSCOW (UPI) — Cuban Premier Fidel Castro returned to Havana today in secrecy at the end of a 10-day visit to the Soviet Union in which he backed Moscow publicly in its dispute with Red China.

Moscow Radio said the Cuban leader flew from Kiev in the Ukraine by way of Murmansk to L'vivna aboard a giant TU114 jetliner. The broadcast said the plane

reached Havana at 8:40 a.m. EST.

Khrushchev had good reason to be pleased with Castro's trip here, the second he has made in eight months.

Castro gave Khrushchev significant public backing in his ideological fight with Peking by condemning splinter movements among foreign Communist parties.

Castro's support for the Soviet position was made known in a joint Soviet-Cuban communique, the full text of which was published by the Communist party organ Pravda today.

The communique, summing up the official part of Castro's

visit to the Soviet Union, gave details of a new trade pact under which Russia has pledged to buy \$2.5 billion worth of Cuban sugar with Soviet goods over a six-year period.

Democratic Poll Puts LBJ Ahead

WASHINGTON (UPI) — President Johnson's political aides privately are circulating results of a Democratic-sponsored Pennsylvania poll showing him far ahead of major Republican contenders for the White House.

The President's advisers are most impressed with the poll's indication that Gov. William Scranton is running behind two other potential GOP presidential nominees in Pennsylvania.

Johnson's best showing as the poll's Democratic presidential nominee was against Arizona's Republican Sen. Barry Goldwater.

Johnson, 52.1 per cent; Goldwater—17.9 per cent.

The Democrats' Pennsylvania poll next showed: Johnson, 79.8 per cent; Scranton, 20.2 per cent.

Johnson, 75.3 per cent; New York Gov. Nelson A. Rockefeller, 24.8 per cent.

Johnson, 75.2 per cent; former Vice President Richard M. Nixon, 24.8 per cent.

Collins Says No

Gov. Leroy Collins reiterated today that he doesn't expect to campaign for a public office in Florida this year.

Citrus Safe

LAKELAND (UPI) — Florida's citrus crops escaped serious damage last week from a two-day freeze that dealt a million dollar blow to tender vegetable crops on the southern part of the state.

Democratic Poll Puts LBJ Ahead

WASHINGTON (UPI) — President Johnson's political aides privately are circulating results of a Democratic-sponsored Pennsylvania poll showing him far ahead of major Republican contenders for the White House.

The President's advisers are most impressed with the poll's indication that Gov. William Scranton is running behind two other potential GOP presidential nominees in Pennsylvania.

Johnson's best showing as the poll's Democratic presidential nominee was against Arizona's Republican Sen. Barry Goldwater.

Johnson, 52.1 per cent; Goldwater—17.9 per cent.

The Democrats' Pennsylvania poll next showed: Johnson, 79.8 per cent; Scranton, 20.2 per cent.

Johnson, 75.3 per cent; New York Gov. Nelson A. Rockefeller, 24.8 per cent.

Johnson, 75.2 per cent; former Vice President Richard M. Nixon, 24.8 per cent.

Collins Says No

Gov. Leroy Collins reiterated today that he doesn't expect to campaign for a public office in Florida this year.
