Denby Resigns As Secretary Of The Navy

After Repeated Statements That He Would Not Resign Under Fire Secretary Denby Notified President This Morning That He Was Ready To Step Out

Navy Secretary

Secretary of the Navy Denby, who has been under fire for some time in connection with the Teapot Dome Oil leases, today offered his resignation from the Cabinet to President Coolidge who immediately accepted it.

OL. ROOSEVELT

Who Has Also Been Connected with the Framing of the Teapot Dome Oil Leases is Expected to Follow Lead of Denby and Resign as Assistant Secretary of the Navy.

(By The Associated Press.)
WASHINGTON, Feb. 18.—Edwin B. Denby has resigned as secretary of the navy and his resignation has been accepted. After having repeatedly declared he never would quit the cabinet under fire from those who have criticized his part in the oil leasing program, the secretary this morning said he was ready to step out. His decision followed a telephone consultation between the president and Denby in which all the latest aspects of the situation were talked over in the light of information passed on to the White House by Republican leaders in the senate.
Not only is he a party to all these, but he repeatedly has demanded his part in the proceedings and has declared publicly that he believed the contracts legal and would be willing to pursue the same course again. It has been pointed out to Coolidge that it might appear inconsistent to have a member of the administration admit that his views remain in effect while the administration itself through counsel was moving courts to annul the leases on the ground they were made without authority of the law. For the same reason there has been reports that Theodore Roosevelt also would resign as assistant secretary under Denby. Roosevelt also had been a part in the framing of the leases. The retirement of Denby revived the rumors that the resignation of Daugherty would follow within a few days.
Despite a ten day recess of the investigating committee, developments in the oil scandal whirled on today at the eastern seaboard. A check coincident with the resignation of Denby were revelations among senators that important disclosures of a new and sensational character were imminent. Senator Wheeler, Dem., Montana, declared Harry Payne Whitney and members of the Benark Brokerage firm in New York undoubtedly would be summoned as witnesses in the forthcoming hearing. In the senate Owen J. Roberts of Philadelphia was confirmed as special government counsel to institute proceedings toward the annulment of the oil leases.

MELLON CHARGED WITH MISLEADING IN BONUS FIGURES

"High Treasury Official" Charged with "Juggling" Department Estimates on the Bonus.

(By The Associated Press.)
NEW YORK, Feb. 18.—Charged by Thomas W. Miller, alien property custodian, that a "high treasury official admitted that department estimates on the bonus were 'juggled' to deceive" and by Representative Benjamin L. Fairchild, Rep., New York, that Secretary Mellon "misled" the late President Harding and "now is misleading President Coolidge," were made at bonus meetings under American Legion auspices yesterday.
No Name Given
Mr. Miller did not name any official of the treasury, but Representative Fairchild specified that the head of the treasury had "misled" the late president by over \$300,000,000, which prevented President Harding, perhaps more than any other feature, from signing the bonus bill.
"As it turned out," he added, "they were \$300,000,000 ahead."
Mr. Miller said congress was not emphasizing now that "from the 'shuck' provisions pay of \$30 a month, \$70,000,000 in liberty bonds were purchased and that \$300,000,000 in allotments were paid."
"But they do tell you," he said, "that the government can not afford to pay these same men any compensation whatsoever."
Congressmen opposed to the bonus "haven't reckoned with their hosts," he declared. "There were 1,800,000 soldiers involved in the war who together with their relatives and friends, would make a pretty good fighting unit in favor of the adjusted compensation measures."
"The government has paid \$761,000,000 to the railroads and \$600,000,000 to the railroad employees, and \$700,000,000 in compensation to various war-time contractors."
Says "Less Worthy Bonuses"
He told the audience, gathered under the auspices of the American Legion, the government now was paying "less worthy bonuses" than that proposed for ex-service men. In his own bureau, he pointed out, civil service employees drew a monthly bonus of \$20 which as far as cost the government \$300,000,000.
The other meeting, held in Stuyvesant high school, was one of a series organized by the legion. Other speakers drew up historical references showing how other governments had recompensed war veterans.

HOUSE LEADERS BOOST RATE TO 37-1-2 PER CENT

Would Break Deadlock in Negotiation Between Republicans and Insurgents Now Holding Balance of Power in Vote on Income Rate Schedules.

(By The Associated Press.)
WASHINGTON, Feb. 18.—House Republican leaders determined Sunday to boost the proposed maximum surtax rate in the revenue bill to 37 1/2 per cent in an effort to break the deadlock in negotiations with the insurgents, who hold the balance of power in the vote on the income rate schedules which will be taken up Tuesday.

Receded From Mellon Rate

The Republicans previously had receded from the Mellon rate of 25 per cent, carried in the bill and had centered on 35 per cent in an effort to unite the party against the Democratic stand for a 44 per cent maximum. The 35 per cent rate leaders said, would win 209 Republican votes, 10 less than a majority. Two conferences yesterday with the insurgent group, however, failed to bring an agreement, the organization led by Representatives Frear and Nelson, Wisconsin, holding out for a 40 per cent surtax rate and a reduction of 50 per cent in the normal income taxes. The Mellon rates call for a 25 per cent reduction in the normal tax.

Won't Agree to Added Cut

Republican organization leaders insisted today they would not consent to the added normal tax reductions, which are the same as those proposed by the Democrats, because treasury estimates had shown such a cut would reduce revenue receipts below the estimated surplus on which tax revision is to be based.
Representative Begg, Rep., Ohio, who conducted a poll of the Republican delegations as to their views on the income tax schedules, said today at least four of the insurgent group, which he declared numbered 10, votes, must be won over in the conference which will be resumed tomorrow, if the Republicans expect to defeat the Democratic plan.
Democrats are bound by a party caucus vote to support the income rate schedules advanced by Representative Garner, Texas, and their leaders predict all but a few of the 207 members in the house will be present when the vote is taken.
General Debate Closes Today
General debate on the measure will close today at a 10 o'clock under agreement. Chairman Green of the ways and means committee in charge of the bill for the majority and Representative Garner, leading the insurgent fight, expect to start the reading of the measure immediately thereafter. The first part of the bill, over which practically no differences have developed, may be finished before Tuesday. At that time income rates will be taken up for amendment.

Dr. Asks Auto Tax

Dr. T. A. Washington representative of the National Grange, sent a letter to house members yesterday, urging elimination of the tax on automobile repair parts and accessories and "a fair reduction in the rate of taxation on motor trucks and automobiles."

Noted Humorist To Deliver Lecture At Winter Park Feb. 28

The Phi Alpha Fraternity of Rollins College announces the appearance Thursday night, Feb. 28, at 8 o'clock in the Woman's Club, Winter Park of Strickland W. Gilliland, author, journalist and humorist supreme, for the benefit of the house.
Mr. Gilliland first came before the American public when he wrote "Finnigan," including that famous line, "Off agin, on agin, gone agin, Finnigan." Since then he has written a number of books, including "You and Me," "Sunshine and Awkwardness," and "A Sample Case of Humor."
Mr. Gilliland has been reporter, city editor, staff correspondent, and special contributor on the staff of a number of leading newspapers. Since 1905, he has been a regular contributor to "Judge," the humorous publication. As a writer of humorous stories and verse, Mr. Gilliland has few equals. He is president of the American Press Humorists.

Harding Is Selected For Control Finances

(By The Associated Press.)
GENEVA, Feb. 18.—W. P. G. Harding, former governor of the United States Federal Reserve Board, has been unofficially selected as high commissioner of the League of Nations to Hungary for control of finances under the league's loan plan. He has informed the league he will accept if officially designated.

Another Louise Lawson Case Excites New York; Girl Found by Negro Maid Bound and Gagged in Her Apartment

(By The Associated Press.)
NEW YORK, Feb. 18.—Oiga Morton, youthful estranged wife of Frederick Camp, hair employe, was found unconscious Sunday in her West 46th Street apartment, gagged and bound in a manner exactly like that used by the robbers-murderers of Louise Lawson, actress, who was found strangled to death in her studio rooms Feb. 8. Miss Morton was revived and is not in a serious condition.
Found by Maid
Miss Morton, like Miss Lawson, was found by her negro maid, her hands tied with silk stocks, a face towel used as a gag and a bath towel thrown over her head. She was lying face downward in the doorway leading from the parlor to the bed room.

Discard Robbery Theory

The theory that robbery was the motive for binding and gagging Miss Morton has lost credence, the police said later, since apparently no attempt was made to take anything from the apartment.
Guests at the party in the apartment below, which was given by Genovese and to be a broker, included a "Dr. Luby" and a "Mr. Carpenter," detectives said they had learned. "Mr. Carpenter" was said to have visited the young woman's apartment about 4 o'clock, but was refused admittance. Both of these men will be questioned by the police, it was said.

Greene Makes Street Paving Program to Be Extended Soon

(By The Associated Press.)
WASHINGTON, Feb. 18.—Slight improvement was shown Sunday in the condition of Senator Greene of Vermont, who has been near death's door as a result of a bullet wound received last Friday night during a pistol fight between prohibition officials and bootleggers on Pennsylvania Avenue.
Senator Greene's condition was very grave last night after an operation for the removal of bone splinters from his brain, but the attending surgeons said he had reacted very nicely from the shock of the operation and had better than a fighting chance for recovery.
Complications Chief Worry
A chief concern of the surgeons now is to ward off complications, but it was stated at the hospital that there was no evidence of these. Senator Greene is conscious and is described as resting as comfortably as could be expected after such a delicate operation.
One and one-half inches of the frontal skull structure was removed by the physicians in order to take out the bone splinter which the bullet had forced into the brain. The bullet itself did not penetrate the skull, being deflected to one side.
Dr. Daniel L. Borden, one of the surgeons who performed the operation, said yesterday that although Senator Greene "shows an improvement over last night, I don't consider him out of danger yet."
Dr. Thomas Linville, physician of the Greene family, said the senator's condition was improved today over yesterday, and the outlook is encouraging.
Still Serious Condition
"He is still in a serious condition," the doctor said, "and a definite prognosis can not be made at this time."

Sanford Police Declare War On All Bootleggers; Three Nabbed Sunday

Sellers of intoxicating liquors felt the heavy arm of the law over the week-end when Chief of Police Roy G. Williams with officers Beckwith, Walker, Young and Green arrested three negroes and hauled them before Municipal Court Monday morning.
The three offenders were: Charles Sheffield, Frank Blair and Maude Patterson. The latter charged with having possession of liquor, failed to appear in court and her bond of \$100 was estreated. Sheffield charged with selling whiskey received a fine of \$100 and costs.
Frank Blair, who was also caught selling the product, failed to appear and his bond of \$200 was estreated. Chief Williams stated Monday that not only are his men on the alert to break up whiskey selling in Sanford but are patrolling up all suspicious characters in an effort to break up robberies that have been occurring in the residential sections in the past few weeks.
It was announced that unknown parties attempted to break into the home of Ed F. Lane on Park Avenue Sunday night. In their connection Chief Williams has arrested two negroes and is holding them pending an investigation into their records.
Other suspicious characters were arrested Sunday and Monday morning but were later turned loose after nothing could be discovered against them. Meanwhile vagrants are receiving street sentences in order that the town may be rid of this class of people.
Besides the liquor cases mentioned, 20 other cases were tried before Judge Sharon Monday morning. They are as follows: Walter Kennerly, gambling, \$5 and costs; Clemon Slaughter, carrying concealed weapons, \$25 bond estreated; Will Hamilton, speeding, \$3 and costs; Colie Brown, speeding, \$5 bond estreated; J. B. Ballard, drunk, \$10 bond estreated; J. A. Campbell, speeding, continued; Will Preston, gambling, \$10 bond estreated; Will Hill, gambling, \$10 bond estreated; Ed Ransom, \$10 bond estreated; Henry Brown, Mack Anderson, Andrew Williams, gambling, \$5 and costs; George Burton and Oscar Moore, gambling, \$10 bonds estreated; Frank Martin, drunk, \$5 (Continued on page 8)

BIG EXPOSITION OPENS TODAY NEW YORK CITY

Seminole County Exhibit Under Supervision of R. W. Pearman and B. F. Whitner Creates Favorable Impression at Opening—Celery is Given Free to Visitors to Booth.

(By The Associated Press.)
NEW YORK, Feb. 18.—The Florida State Exposition, exhibiting everything typical of the state except its climate was opened at Madison Square today. The municipal officers, army, navy officers and representatives of the chamber of commerce of Florida attended the official opening. Exhibits which include palm and coconut trees and all the fruits and flowers of the state will be brought here in refrigerated cars.

(Special to The Sanford Herald.)
NEW YORK, Feb. 18.—The most auspicious circumstances the All-Florida Exposition at Madison Square Garden opened today at noon. Promptly at 12 o'clock Governor Cary A. Hardee, at his desk in Tallahassee sent a message over a direct Western Union wire to the warden which officially opened the big fair at New York.
Following the opening of the exposition, Senator Park Trammell made a short address and was followed by W. G. Brorein, president of the South Florida fair which came to a successful close at Tampa last week.
Because of unlooked for delays in getting the huge building in shape to receive the huge shipments of products, most of the Florida representatives worked through Saturday night, Sunday and Sunday night preparing the various county exhibits.
Thousands of visitors waiting for the gates to open, marveled at the sights they beheld as they passed by the county exhibits. Expressions of amazement and surprise were to be heard at every hand.
Sharing not a little bit of attention in the big exposition was the splendid exhibit of Sanford and Seminole county, which is in charge of R. W. Pearman, Jr., secretary of the Sanford Chamber of Commerce and B. F. Whitner, Jr., County Demonstration Agent. This county which leads the country in the production of celery, distributed thousands of bunches to visitors at its booth. This unique way of advertising caused much comment among New Yorkers, who gazed with wonderment at the all-around exhibit of this progressive Florida county.
With the close of the mid-winter South Florida Fair and Gasparilla carnival last week the exhibits of 36 Florida counties were loaded bodily on special trains run by the Atlantic Coast Line and Seaboard Air Line direct from the Tampa fair grounds to the Pennsylvania Station in New York. Artisticly heated cars were used for the palms and exotic plants so they would not know they were being taken out of the Florida sunshine to the cold of the North. Special cars were used also to transport the immense exhibits of preserved fruits and cars for the game fish display.

Normany Square Is Purchased By New England Syndicate

A deal whereby Normany Square containing 17 lots opposite the Elks clubhouse on Union Avenue, becomes the property of a syndicate composed of prominent New England financial interests, has just been consummated, according to an announcement made Monday by Harry T. Bodwell, president of the Bodwell Realty Company.
This valuable piece of property is one of the most desirable tracts of land in this city and its acquisition by northern interests is but another indication of the high regard for property values in Sanford. Although the consideration paid for the property was not given out, it is said to exceed \$10,000.
Mr. Bodwell, who recently purchased other valuable property interests here, acquired this land about three months ago. Just what are the plans of the new owners in regard to the development of its new interests here, is not known at this time.

FEDERAL TROOPS BEND EFFORTS TO CAPTURE TUXPAM

Extensive Oil Regions Is Goal of Government Troops Now—Is Held by Rebels.

(By The Associated Press.)
MEXICO CITY, Feb. 18.—Military activities have been concentrated upon the Vera Cruz oil region with the purpose of recapturing Tuxpam, the most important city still held by the rebels, Papanitia, which is considered the key of the capture of Tuxpam, fell into the hands of the federal forces after five days of fighting. Lieut. Col. Vicente Herrera defeating the rebel leaders Koldino Caceres and J. Vega Bernal.
The rebels fortified the hills surrounding Papanitia and had been successful in holding off the federal troops since last Monday. The rebels, however, carried out a flanking movement and forced the rebels to abandon the town and to withdraw toward Tuxpam.
An intercepted wireless dispatch from the Tuxpam rebels to Gen. Enrique Estrada reports that all the rebel groups are marching against Tampico, which the dispatch asserts will be captured within three days.
In official circles here it is stated that the capture of Tampico will be impossible as 6,000 federal troops have been concentrated in the region.
After the capture of Morelia, the next important battle in the west is expected to take place at Sayula, to which place Salvador Alvarado withdrew after his defeat at Ocotlan subsequent to the evacuation of Guadalajara.
Railroad headquarters here report that Tierra Blanca was occupied by the federals Saturday afternoon. The rebels withdrew without fighting.

Automobile Turns Over Killing Woman

(By The Associated Press.)
HAMPTON, Ga., Feb. 18.—A woman believed to be Mrs. E. Y. Calloway of Jacksonville, Fla., was killed and two companions seriously injured when an automobile in which they were riding overturned on the Dixie Highway about a half mile from here early today. Officers accompanied the woman who gave her name as Mrs. Johnson to the scene of the wrecked car, when she came to them bruised and hysterical for about 1 o'clock this morning. A man and woman were found beneath the machine, the woman dead. The man said his name was Mashburn. Mrs. Johnson and Mashburn hired a taxicab and drove off in the direction of Atlanta.

LYNCHBURG, Neb., Feb. 18.—Wm. M. Morning, veteran district judge, was shot and killed in his court room Monday by Wallace G. Wallick, who in turn shot and killed himself.

MASS MEETING FAVORS BONUS IN RESOLUTION

Following Address Made by Judge George G. Herring Saturday Night, Resolution Favoring Its Passage Unanimously Adopted by Large Assemblage.

Fully 500 people who heard Judge George G. Herring speak at Street and Park Avenue Saturday night, voted unanimously to adopt a resolution favoring the passage of the bonus bill now pending in congress.
Following a 30-minute talk by Judge Herring in which he gave some comprehensive figures on the subject showing where the bonus as proposed could be paid and at the same time have a tax reduction such as has been proposed by Andrew Mellon, secretary of the treasury, the resolution was offered by the chairman of the resolution's committee of the Campbell-Losing Post, American Legion, and accepted by the assemblage without a dissenting vote.
The resolution expressed in favor of the bonus and urged that the state's representatives in congress be instructed to vote in its favor. Similar resolutions, it is said, have been passed at numerous other mass meetings held all over the country during the past 10 days.

In support of his contention that the soldier bonus bill should be passed and that it can be done without conflict with the proposed tax reduction offered by Secretary Mellon, Judge Herring gave figures shown in the Congressional Record demonstrating that figures concerning this question have been grossly misrepresented by the treasury department head.
Judge Herring declared that some time ago Mr. Mellon stated that the bonus bill could be supported by the expenditure of between \$80,000,000 and \$90,000,000 per year for the next four years. Now the latter declares that it will cost approximately \$220,000,000 per year. Why he has changed his figures, Judge Herring stated, he could not understand.
Then again Mr. Mellon says that of his proposed tax cut of \$323,000,000 goes through, then the bonus cannot be paid. Judge Herring pointed out that according to Mr. Mellon's statement given out, the items of \$160,000,000 yearly interest from Great Britain on war loans and \$220,000,000 as reduction in the government's expenses, were left out of consideration as resources. Either one of these items, Judge Herring declared, is more than enough to pay the bonus and at the same time have the tax reduction.
Another thing pointed out by Judge Herring was that the government, at the conclusion of the war, paid over to the railroads \$764,271,000 to the war time contractors \$700,000,000 and to civilian employes \$225,000,000. In view of the fact that these various agencies, along with others could be paid for the risk that they incurred and for the money that they had invested in extending their plants to take care of the war business, Judge Herring declared it seems that the soldier bonus could and should be paid.
Judge Herring proceeded to explain the compensation act, showing that it provides for a bonus to be given to those only from the rank of captain down. Under the bill's provisions, service overseas would be compensated at \$1.25 per day and service in this country at \$1.00 per day. No one can receive over \$500 for service on this side and over \$650 for service on the other side.
Judge Herring declared that this appeared to him to be a very little request to be made for men who had undergone the losses which the soldiers had and the hardships endured on the battlefields.
Judge Herring was loudly applauded at the conclusion of his address and it was evident that his remarks had made quite an impression on his hearers.
The resolution as passed by the meeting was as follows:
Whereas, we the people of Seminole County, Florida, in public meeting assembled, on Feb. 10, 1924, feeling that we are called upon as good citizens to express our views and make known our wishes in regard to the Adjusted Compensation Measure, commonly called the Bonus Bill, now pending in Congress, and
Whereas, we have not since the establishment of peace, forgotten the services rendered, the risks taken, and the hardships endured by our ex-service men in the World War, and

HOLLYWOOD BY-THE-SEA

In all its advertising has never urged people to buy—but it HAS urged people to VISIT HOLLYWOOD-BY-THE-SEA and see for themselves the wonderful developments that were taking place—and as a result of these visits more than 5000 people now own property in the new city and resort to the value of six million dollars.

HOLLYWOOD-BY-THE-SEA is admitted to be the biggest development project in Florida and one of the most successful.

It is the first-time in the history of the state or country where an entire city was planned entirely in advance and is being constructed and developed strictly according to the original plans.

It stands alone—unique—distinctive—progressive—metropolitan—beautiful—A city and resort that is being built for the people instead of waiting for the people to build it.

Every visitor to Florida and every resident of the state should see and study HOLLYWOOD-BY-THE-SEA. Those who accept our invitation to enjoy our FREE sightseeing trips made twice a week in our large comfortable DeLuxe Busses from Sanford will receive a vast amount of interesting and valuable information about Florida and its resources.

Full information will be mailed you promptly on receipt of signed coupon.

Are You Prepared to Vote?

This is an important year to every citizen. This is the year when the biggest offices in the gift of the people are filled. In addition to naming a president and vice-president, many other important national, state and county offices are to be filled.

Judging from the outlook at this time there will be much interest in the national elections. Every day interest gathers in the state over the race for the nomination of governor. Locally the field is rapidly filling with candidates and daily new announcements are being made by men, all of whom are capable of filling the offices.

When June 3 comes around everyone will be anxious to cast his vote for his favorite candidate. Politics will be at fever heat and every possible vote will be secured. But at that time it will be too late to qualify to cast a ballot.

There are two important steps vital to majority government in any political organization. First it is necessary to register and pay your poll tax. Then it is equally important for you to cast your ballot on election day.

Just how many men and women in Seminole county who are eligible to registration is, of course, difficult to estimate. However, it is without doubt a proven fact that in every election there is a very large percentage of people who don't even take the trouble to register or to vote. This results in a minority government which is never popular.

The Herald urges every man and woman in Sanford and Seminole county, who is eligible to do so, to register, pay the poll tax and be ready to vote on election day. Big and important questions must be decided in June and November of this year.

Bok Expresses Sympathy to Levermore.

Fifty thousand dollars of the Bok prize money has been awarded C. H. Levermore. The other fifty thousand dollars is to be given to him when the peace plan is endorsed by the American people. One hundred thousand dollars comes to Mr. Levermore as a starter, but undoubtedly offers will be made him to give lectures, to enter the movies, to write newspaper and magazine articles, and Mr. Levermore should make many times over this amount.

Already all kinds of opportunities to invest his prize money have come to him. He is being given chances to buy stock in many so-called reliable companies. Many oil and other "get-rich-quick" propositions have been and will be made him. He is the subject of an attack by a steady stream of active schemers who have some sure-fire way of making him all kinds of profits if he will just allow them to do it.

Edward Bok, the donor of the Peace prize is afraid that the Senate may decide to investigate the personal activities of Mr. Levermore, as they did him, and so offers the peace prize winner the following condolences:

Will you please convey my sincere condolences to the author of the American Peace Plan award winning plan and tell him I meant well. But what with the overwhelming publicity which will be his portion to say nothing of the accommodating persons who will tell him how to spend the money, I envy him. The only enlightening experience I see ahead for him is that, laboring under the delusion that he is a free American citizen, he may have his personal motives investigated by a Senate committee.

WAR WILL NOT be prevented by "plans"; only knowledge can do that. The first knowledge to be gained concerns the men who have power to cause war on this globe. War does not spring from the people, nor even from the military men, but from a small and hidden group of international financiers, all of the same race, who win wealth and power as a result of war. There are fifty or sixty men in the world—just enough to fill a small prison—whose capture and restraint would free the world from the peril of war. Why not offer a prize for the discussion of war from this angle? Why not invite competitive essays on the actual persons who cause war? Every great crime must be planned, and the planners must be human beings. Why not start a movement to get down to the basic facts?—Henry Ford.

ETERNAL VIGILANCE is the price of liberty. It is not enough for the citizens to own successful municipal enterprises. They must take an interest in those enterprises, support them, protect them, and cooperate with those with whom they have given the responsibility of running them.—Winnipeg Hydro News.

THE SECOND CHOICE VOTES

TAMPA OBSERVER

The Bryan primary law is yet in operation and very few understand it. It is the duty of the state and county committees to make all the electors familiar with its provisions. It should be impressed upon the electors that only the two highest men in first choice votes are the contenders, and the second choice votes of these for each other do not count.

and can have no effect on the first choice. If a man fails in landing his favorite as the nominee, he certainly has a second choice among the five others who are contenders. The Observer sincerely hopes that all the candidates, the press and the committees will urge every elector to carry out the law and vote a second choice, and see to it that inspectors of elections have sense enough to count the ballots properly.

MY FAVORITE STORIES By IRVIN S. COBB. An American merchant interested in business in the Philippines recently attended a luncheon where, in the course of his speech, he told the audience of the great advancement of commercial methods in the islands since the American idea of advertising had come in vogue, and especially since mail-order catalogs had grown popular.

WHEN, AS a boy, you turned over a log or a flat stone, hunting for bait, you found piggy looking beetles, queer creatures that you called centipedes, and other slimy things disturbed and enraged by the light.

THE SENATE turns over a Tea-pot Dome and uncovers disagreeable things also. Various financial black beetles holding cash in their claws. But that needn't worry the nation unduly, or make us think that everything is going to smash.

IN SO doing a country with so much money, and with affairs left in the hands of professional politicians, the wonder is that conditions are not worse.

One hundred and ten million people do not know exactly how they are governed, and a majority don't care, until it touches their pocket in the increased price of coal or something of that kind.

Not one in three could tell the names of his two senators or congressmen. How many can tell the name of the man that ran for Vice President with Mr. Cox four years ago? Can you mention that gentleman's name?

REALLY, we do well, all things considered. The people's property worth hundreds of billions, is in the hands of officials, many seeking office for what they can get out of it.

Of those officials a majority are honest, but all are constantly tempted—if they have anything to sell that doesn't belong to them. The average of honesty is inspiring.

THE UNITED STATES is governed by high finance, using political machines, and is saved occasionally by a violent moral spasm, such as we are having just now.

People get the best government they deserve, as they get the best religion that they deserve.

HOW RICH is the country? The Department of Commerce says New York State alone is worth \$36,980,000,000. That's a small estimate. Wealth hidden in the ground, plus the value of water-power that goes to waste, could easily double that estimate, and the soil cultivated under irrigation and properly fertilized, would multiply the wealth of the state by four.

There is fortunately for the people, more than all the politicians and all their grafting corporation associates put together could steal. The thieves and bribe takers are like ants running around a sugar barrel.

ORLANDO, who represented Italy at the Versailles Conference, says "Woodrow Wilson agreed to let France occupy the Rhineland in order to secure Clemenceau's support against Italy."

Why Woodrow Wilson should have wanted Clemenceau's support against Italy is not made clear. England and France were fairly well united in the decision that Italy was not to get anything out of the war. And Italy probably wouldn't have got anything but for Mussolini, able to reach out for what he wanted and not hesitating to tell the dominating League of Nations to mind its own business.

MR. GERARD, once Ambassador to Germany, says he "sees danger ahead in case Germany joins the Reds"—meaning Russia. It doesn't take the seventh son of a seventh son to see that sooner or later, undoubtedly, 130,000,000 Russians will join 70,000,000 Germans, making 200,000,000 all together.

GERMAN SCIENCE and military knowledge will direct the Russians, just as officers imported from Western Europe used to direct Russians under Peter the Great. Then history will turn the medal over to show the other side. That will be a bad day for the descendants of European statesmen that now lack the brains to treat Germany intelligently and establish close union among the civilized nations of Europe.

ONE HOPE of the world is to be found in radio, which is perhaps barking and coughing somewhere in your house as you read this. A Greek philosopher said no nation could survive and retain its freedom if it got so big that all its people could not meet in a public square to discuss public affairs—all hearing what the speaker had to say.

That would have been true, but the printing press came along with the newspaper. And although our 110,000,000 people can not meet in a public square, they do meet in the newspaper columns and they hear all about the oil scandal and other things at the same time.

NOW COMES radio, which may actually make one "public square" of the whole world.

On Friday last 50,000,000 people heard the same speech made in Chicago. General Cartz, of the telephone company, talked before a microphone in the Congress Hotel.

Telephones carried his voice in ten days to San Francisco, Havana and five other spots. From those points the radio carried it to 50,000,000 of people in all.

Within a hundred years, if all the people of the earth spoke the same language, every human adult being might hear the same speech at the same time.

That won't happen in a hundred years, however, nor in a hundred years will the universal language will be delayed until the average of human intelligence shall have been raised somewhat higher above that of the chimpanzee.

The Gourmand

THE INEXPLAINABLE GRAND JUNCTION DAILY SENTINEL

A few days since a distinguished churchman in Denver took occasion to assign Wm. J. Bryan to the limbo of the past. According to this wise and really good man, Mr. Bryan stopped thinking thirty-five years ago, which would take him into the period of life where most men have not commenced to think seriously and deeply, as Bryan is only 64. This minister thinks Mr. Bryan's opinion concerning the Bible is unsafe, and the suggestion crowds itself upon one that from this man's viewpoint the Commoner is a dangerous man to be at liberty, if he insists upon taking advantage of this freedom to broadcast his opinions. All of which is reminiscent of the notions Bryan's political antagonists have steadfastly held, and made known from time to time since 1896.

It is remarkable how this man Bryan has held and holding up in public estimation when so many of the wise and good have been so good, have attempted to close up to him the two great avenues in which he delights so much to walk—religion and politics. It makes one think that Lincoln was mistaken after all when he said God loved the common people as evidenced by the fact that he made so many of them. Surely God would not permit them to hear gladly this turbulent and dangerous fellow over the entire span of the average human life, if He loved them.

On or about the same day this utterance was made in Denver, Mr. Bryan delivered an address in Memphis, one of the larger cities of the south, to a crowded and packed house with a street full of people trying to get in.

We can't explain it. Can you? Perhaps the editor of a really great paper published in the city where Mr. Bryan spoke, throws some rays of light upon the inexplicable. He says:

WHY JENNINGS WILL WIN TAMPA TIMES

A prominent attorney of Bradentown, a man who takes lively interest in state politics, says in a perceptive letter to the editor of The Times:

"Your paper has correctly pointed out that there are only two candidates for governor—Jennings and Martin. You have convinced the people also that there is really no 'Catts menace', hence no occasion to rush pell-mell to support either of the candidates 'to defeat Catts'.

"The alumni of the state colleges appreciate his unselfish work in building up these institutions. Their number is now large and their political influence not negligible."

"I am a Jennings man and, naturally anxious to further his interests in the race. Nearly every man I talk to says Jennings is undoubtedly the best man in the race. Until the past two weeks most of them added immediately, 'But I'm afraid Jennings has no chance.' People going about the state have now ceased making that discouraging comment. Now they are saying that Jennings is gaining by leaps and bounds and will win overwhelmingly thirty days ago Martin would carry both Manatee and Sarasota counties. Today Jennings would carry both by a safe majority, and his strength has only started development here.

"A law-book salesman, resident of Jacksonville and traveling the state, told me last week that Jennings is gaining strength and Martin losing 'all over.' This man is a careful student of political conditions. 'Jennings is going to win because of the following facts: '1. He has the support of the informed and organized women of the state. '2. He is a volunteer of artillery during the late war, a fact before the campaign closes. '3. He has the confidence and active support of his former colleagues of the legislature.

DELIGHTFUL RECEPTION AND DANCE

Friday evening Mr. and Mrs. H. N. Dickson, Mr. and Mrs. W. B. Crawford and Mr. and Mrs. R. B. Brossier entertained with a delightful reception and dance at the Country Club honoring Miss Nelson, Miss O'Neal and Miss Sims.

The spacious ballroom was tastefully decorated in red and green, palms, ferns and potted plants were used with sweet peas. The stage was banked with the potted plants screening the orchestra which played during the reception hours and for dancing. A basket of red sweet peas centered the mantel and on either side red tapers burned in crystal holders. Apatagius fern was arranged along the mantel. Baskets and vases of the flowers decorated the punch table and serving tables.

Mrs. H. N. Dickson and Mrs. D. C. Thompson greeted the guests as they arrived and the hosts, hostesses and guests of honor received all.

The Fort Pitte orchestra furnished the music and dancing was enjoyed until a late hour. At the supper hour iced cream decorated with red hearts and individual cakes iced in white and embossed with a red heart with mint almonds and coffee were served. Punch was served during the evening.—Orlando Sentinel.

PRIMARY TEACHERS' BOOK CLUB

The members of the Primary Teachers' Book Club were entertained by Misses Emma Owens and Zillah Welsh and Mrs. Ramona Raynor at the home of Miss Owens on Ninth Street.

Sweet peas in bowls and baskets were artistically used in the spacious rooms, and games of rook and bridge were played during the evening. High score among the rook players was made by Miss Gussie Hinton, while Miss Margaret Foster held high score among the bridge players. Both were presented boxes of bon bons suitable for Valentine Day.

At a late hour refreshments of creamed chicken on toast, fruit salad, olives, sardines, pickles and coffee were served.

Envelopes of old fashioned postcards from which jangled red hearts inscribed with appropriate Valentine sentences were on each plate.

Among the members present were Mrs. James Moughtin, Mrs. Selma Barber, Mrs. Carlo Marlowe, Miss Margaret Foster, Miss Mildred Huston, Miss Carolyn Spencer, Miss Edna Chittenden, Miss Zillah Welsh, Miss Lola Robertson, Miss Marion Applyby, Mrs. Ramona Raynor, Miss Helen Terwilliger, Miss Lovey Turner, and Miss Mary Robinson.

ENTERTAINS BRIDGE CLUB

Mrs. B. E. Tolar entertained the members of her bridge club most pleasantly Thursday afternoon at her home on Magnolia Avenue.

Quantities of sweet peas, nasturtiums and other spring flowers were used in decorating.

A number of absorbing games of bridge, the prize for high score, score pads and numbers, was won by Miss Love Turner.

Mrs. Tolar served strawberries with whipped cream, individual cakes iced in pink, and hot chocolate as refreshments. On each plate were bouquets of sweet peas as favors.

The guests were Miss Lettie Caldwell, Mrs. W. Morton Thigpen, Miss Love Turner, Miss Ellen Mahoney, Miss Kitty Smith, Mrs. Walter Wright, Miss Margaret Foster.

LEAGUE PARTY

Friday evening Misses Sarah Lou and Fannie Bell Priest entertained the members of the Intermediate League of the Methodist church, very delightfully at their home on Celery Avenue.

Games and contests played on the spacious porches, afforded much merriment and at a late hour tempting refreshments were served.

The president of the League, Miss Fannie Bell Priest, announced that Sunday evening at 6:30 o'clock a "Daniel Service" will be held at which time we will study the characteristics of this great Prophet. It is earnestly desired that every member of the League will attend.

Joseph A. Bourget of Detroit, Mich., arrived in the city Friday and will spend some time here at the Montezuma.

MRS. DEAS ENTERTAINS AT BRIDGE

On Saturday afternoon, the lovely home of Mrs. E. R. Deas in Rose Court was the scene of a very pretty party, when she entertained at bridge, there were four tables of players.

Exquisite red roses were used in the living room, while calceolarias and ageratum in baskets were used with pleasing effect in the dining room.

Scores were kept on dainty Valentine tables and after several rubbers of bridge, the prize for high score a pair of embroidered pillow slips, was won by Miss Annie Hawkins. The consolation prize a buffet set, was awarded Mrs. Sam Yountz.

Following the card game, the hostess assisted by her mother, Mrs. Harry Ward, served a tempting salad course.

Mrs. Deas' guests were Mrs. R. S. Keeler, Mrs. W. E. Watson, Mrs. C. E. Henry, Mrs. F. J. Gonzalez, Mrs. A. P. Connelly, Mrs. T. L. Dumas, Mrs. G. I. ALUMNI BANQUET

The Senior Christian Endeavor Society of the Presbyterian Church will give a banquet in honor of the Christian Endeavor Alumni who live in Sanford, on Friday evening, Feb. 20, at 8 o'clock in the Presbyterian social rooms, at which time there will be a Christian Endeavor Alumni Council organized. It will be composed of those who have graduated from the Christian Endeavor Society and at for the most part are active in other departments of the church work. In a quiet way this council will be able to put into operation in any organization the plans which the pastor desires. It will have, of course, a special interest of the Christian Endeavor Societies of the church, by advising and encouraging the officers of the societies, by financial assistance, and in other ways.

One hundred or more Endeavorers are expected to attend this banquet. It is hoped that it will prove to be one of the largest things Christian Endeavorers have put over in Sanford for some time.

Mrs. Lily Scott and Mrs. Emma E. Townsend arrived in Sanford on Friday from Aldershot, Ontario, Canada, and will spend some time here at the Montezuma.

Leonard's Cough Syrup (Crested) soothes and soothes in minutes; raw throat, eases the phlegm without irritating, soothes, protects the lungs, and removes the cause of the trouble. Do wonder by the first cough. Get a bottle of Leonard's Cough Syrup (Crested) from your druggist. Fine for coughs, colds, grippe, croup, whooping cough and bronchitis. Pleasant, safe and sure.

ENTRE NOUS BRIDGE CLUB

Mrs. Harry Wilson was the gracious hostess at bridge Thursday evening when she entertained the members of the Entre Nous Bridge Club and one extra table.

Valentine suggestions together with quantities of fragrant red roses were used in decorating the rooms where the card tables were placed.

Candles in heart shaped baskets were placed on each table and were enjoyed during the progress of the game.

The evening passed quickly in the unusually interesting game of bridge and when scores were counted the prize for high score among the club members, an orange luster glass bowl, was won by Mrs. R. J. Holly. Mrs. F. J. Gonzalez holding high score among the guests, was presented an iridescent glass bowl.

Refreshments of chicken salad sandwiches, olives and coffee were served by the hostess at the conclusion of the game.

The guest list included Mrs. R. J. Holly, Mrs. Deane Turner, Mrs. R. F. Whitner, Mrs. E. D. Mobbey, Mrs. S. O. Chase, Miss Martha Fox, Mrs. H. R. Rosebro, Mrs. J. G. Ball, Mrs. F. J. Gonzalez, Mrs. T. L. Dumas, Mrs. George Walter Morgan and Mrs. George Rice.

A RELIABLE COUGH REMEDY

Why experiment with unknown remedies for that cough or cold when you can secure FOLEY'S HONEY AND TAR COMPOUND? It is a safe and reliable remedy for the relief of coughs, colds, hoarseness. Equally beneficial for young and old. Mrs. Anna Cornell, Bridgeton, N. J., states: "I bought FOLEY'S HONEY AND TAR COMPOUND for my cold and find it great." Insist upon the genuine. Refuse substitutes. Sold everywhere.

'Let Me Say This to Mothers Who Force Castor Oil and Calomel on Their Children'

First of a Series of Three Interviews with W. L. Hand.

"I live in Charlotte. I make Liv-o-Lax. It is used in nearly every home in Charlotte in place of calomel and castor oil. Charlotte women will tell you so, will tell you how glad they are to have Liv-o-Lax.

"In fact, the mothers of Charlotte were really responsible for the discovery of Liv-o-Lax.

"It happened in this way—

"I was in the retail drug business store and go to manufacturing Liv-o-Lax in a large way.

the same time. It is easy to take and children like it.

"For several years, I made Liv-o-Lax just to fill the daily demands I have mentioned. In my own store but when finally the reputation of Liv-o-Lax spread from Charlotte into the surrounding towns and I don't wait you in try it, because I think you know that there is good but always failed in some particular that I at last hit upon a mixture that does the work. I named it Liv-o-Lax because it serves a double purpose, relieving congested liver and constipation at

FLORIDA

Trucking, General Farming, Live Stock Raising, Under Favoring Climate and Soil Conditions

Truckers of Florida produce thousands of carloads of winter-grown vegetables for waiting markets.

These crops are alike profitable to the growers and a boon to the people of other sections of the country.

Corn in Florida may follow all winter vegetables. With the corn are planted such forage crops as cowpeas and velvet beans—two and three crops a year.

Most grasses are cut several times a year. Sugar cane, sweet potatoes, velvet beans, peanuts and cotton are extensively grown. Many summer vegetables do well and numerous small fruits are profitably cultivated.

Live stock require no shelter from cold and there is year-round grazing. Native and improved grasses are abundant. It costs less to raise cattle, hogs and sheep in Florida. Dairying and poultry raising are big money-makers.

"I Believe Florida is Destined to Become the Greatest Agricultural State in America"

—ROGER W. BABSON

This eminent business analyst expects Florida ultimately to have a population of twenty-five million. Mr. Babson himself has made heavy investments in Florida land and is developing a very considerable acreage. His attitude of optimism, as to the future of the state, freely expressed, is concurred in by hundreds of other men of means.

The fundamental basis of the prosperity of any community is of course its agricultural wealth. A long growing season, abundance of rainfall and other climatic conditions particularly favor the agriculture of Florida. Low-priced lands are still available in large areas, well-located. A fair amount of money as operating capital is necessary, however.

The Florida Development Board, which is the State Chamber of Commerce, is a non-partisan, non-profit organization, supported by banks, business men, boards of trade and chambers of commerce. It will furnish dependable and unprejudiced information about Florida, direct and through its affiliated membership of local trade bodies. Address

CINCINNATI REDS' PITCHING STAFF TO PROVE NEMESIS TO OPPOSING TEAMS

(By The Associated Press) CINCINNATI, Feb. 15.—Cincinnati, with its "Royal Red Pitching Seven," is knocking at the door of baseball's hall of fame. On paper it would appear that the Reds have the strongest pitching staff in the National League. The "Royal Red Seven," as the staff has been called, is composed of the veterans League, Benton, Donohue, Mays and Rixey, and the recruits, May and Sheehan.

League was the leading pitcher in the major leagues last year, when he won 27 and lost eight. Rixey won 20 and lost 15; Donohue, 21 and 15, and Benton 14 and 10. Thus, this quartette won a total of 82 games, almost enough to land a pennant, and if they do as well during the coming season, the chances of the Reds will be bright.

It is difficult to figure just how the new pitchers will fit in. Carl Mays, the Yankee castoff, took part in only seven games with the world's champions last season, and although he won five he ranked near the bottom in the earned run averages. Jack May, the Pacific coast southpaw, last season won 19 and lost 22, which was not as impressive a record as he compiled in 1922, when he won 35 and lost only nine games. Sheehan has made an excellent record in the American Association. Last season he won 31 games and lost nine.

If Pat Moran, manager of the Reds, gets from this trio a winner and a fair performer he will be in a position to seriously challenge the monopoly which the New York Giants have had on the National League pennant for the last three years. The three pitchers cost the Cincinnati club close to \$100,000 in cash and players, which is proof of the extent to which Garry Herrmann, owner of the club, is willing to go to insure a championship contender.

Carl Mays, wearing the flannels of the National League, will be an uncertain quality. He experienced his first bad season in the major leagues in 1923, but Manager Moran is gambling that his underhand delivery will prove a puzzle to the batters of the National League for one season at least.

ANNUAL REGATTA WILL BE HELD MT. DORA MAR. 7

The Mount Dora Yacht Club is making elaborate preparations for its annual regatta to be held at that place on Mar. 7. According to announcements made by the committee in charge of the affair, plans are almost completed and indications are that it will be a great success.

Following is the program: 1:30 p. m.—Sailing race. 1:35 p. m.—Water sports, which will include women and men's canoe racing, women and men's war canoe racing, canoe tilting, swimming races, super-skiboard stunts and fishermen's plug bait casting contests.

1:40 p. m.—Kicker race. 2:30 p. m.—Handicap race, open to all boats. 2:45 p. m.—15-mile class handicap. 3:15 p. m.—18-mile class handicap. 3:45 p. m.—20-mile class handicap. 4:00 p. m.—Express cruiser race handicap. 4:15 p. m.—25-mile class handicap. 4:30 p. m.—Free for all displacement boats. 4:45 p. m.—Free for all boats must show speed of 20 miles per hour to qualify. The winning of this race also carries with it the championship of the inland waterways of Florida and in addition, the Heim Cup will be awarded conditionally to the winner.

Conditions relating to Heim Cup are as follows: The possession and permanent retention of this cup shall be after winning the free-for-all for three years at the regular regatta of the Mt. Dora Yacht Club. There will be a cup presented to the winner of each event.

Rollins College canoes and athletes will compete in the water sports. The above races will be run under the rules of the American Power Boat Association.

High School Aquatic Meet Will Be Held At Winter Park April 6

WINTER PARK, Fla., Feb. 16.—The governing committee of the State Interscholastic Aquatic meet in session here last night, announced Saturday that the date for the coming event had been fixed as Saturday, April 6, 1924. In discussing the program of the day, members of the committee were unable to say definitely as to whether or not all the program would be held on Saturday.

Starting in 1920 with but a few schools entering, the meet has grown rapidly. Last year, 31 teams entered with 246 contestants and alternates. It was necessary to extend the long starting and finish docks on the 110-yard course in order to handle the meet in one day.

At present Rollins has the best swimming course in the Southeast, it is claimed here. With its 25, 75, 100 and 110 finish lines, its 3 1/2 and 10 foot springboards, its 15, 20 and 25 foot high diving platforms offsetting each other which eliminates the danger of one contestant diving upon another in the water, this course gives high school students and amateurs in general an opportunity to compete with each other under the best conditions.

The college authorities have spaced no expense in constructing an excellent course. The fact that inquiries have been coming in to Ray Greene, director of the meet, since the latter part of December, and that several teams have been training since high schools opened in September, gives evidence that this year's meet will be larger than all previous meets.

Georgia - Florida Golf League Will Hold Tournament

TALLAHASSEE, Fla., Feb. 18.—The season of play in the Georgia-Florida Golf League, composed of South Georgia towns and Tallahassee, will get under way with a tournament on Washington's birthday at Valdosta, with the six lowest score men from each club in the league participating.

The organization, composed of Albany, Valdosta, Moultrie, Thomasville, Quitman and Tallahassee, has elected Dr. W. E. Van Brunt of this city as president for 1924, and R. G. Mays of Thomasville as vice-president. The president was authorized to name a secretary-treasurer from his home club.

Turner Rockwell of Thomasville and Leo Barber of Moultrie have been appointed to draw up a schedule of games for the coming events, the games to represent as nearly as possible those of last year when Thomasville won the league championship with a percentage of .777. Valdosta, Moultrie, Tallahassee, Albany and Quitman finished in the order named. The schedule will be passed upon at the Washington's birthday tournament meeting.

SECURED RELIEF THROUGH FOLEY PILLS John R. Gordon, Danville, Ill., writes: "I have suffered with kidney trouble five years; could not sleep at night and was always tired. I was not strong and hard work made my back ache. I got some FOLEY PILLS and after a few treatments I felt better and could work with more ease, became stronger and could sleep better." FOLEY PILLS are a diuretic stimulant for the kidneys, make them more active. Get a bottle.

"Well! Strong!" Mrs. Anna Cover, of R. F. D. 5, Winfield, Kan., says: "I began to suffer some months ago with stomach troubles, and was afraid I was going to get in bed. I suffered with my head, back and sides—a weak, aching, nervous feeling. I did not seem to find the right remedy until someone told me of CARDUI."

CARDUI The Woman's Tonic I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend CARDUI, for it certainly benefited me. If you have been experimenting with all kinds of different remedies, better get back to good, old, reliable CARDUI, the medicine for women about which you have always heard, which has helped many thousands of others, and which should help you too. Try CARDUI. EX 33

Purchasers of Lands in Florida Are Urged To Investigate Fully
TALLAHASSEE, Fla., Feb. 18—The buyer of lands should "take every means within his reach to guard against an unwise purchase and unbusinesslike terms of sale, advises the United States department of agriculture in information received here. The era of good promise has passed and prospective purchasers of cheap raw land must buy usually from private owners the department says, in suggesting that purchasers of undeveloped lands to be made into farms should look before they leap.
 "Buying too much for the land or saddling the farm with a debt that the earnings can never pay off is one of the main contributing factors of failure, it is pointed out. There is danger in contracting to make a cash payment out of proportion to the amount of cash capital reserved for improvements and operating expenses, and to make partial payments larger than the earning capacity of the farm can support. Experience in farming is advisable before the purchaser invests his savings in an untried venture, the department says.
