

# Attendance Prize Offered Opening Day

## Biggest Crowd At Opening Game Is To Win Gold Cup

Jaycees Of Daytona Will Give Trophy To Winning Club

To the baseball club in the city turning out the biggest crowd the first day of the season will be presented a gold cup.

Deciding to do its bit toward spreading the baseball spirit throughout the whole Florida State League, the Junior Chamber of Commerce of Daytona Beach has bought a costly gold cup and had it appropriately engraved, and will give it to the club in that city which has the largest paid attendance at its opening game of the season.

The season opens next Sunday, with games in Sanford, Daytona Beach and Palatka. DeLand plays Sanford, Gainesville will play Daytona Beach, and St. Augustine will play Palatka. The season will open in DeLand, Gainesville, and St. Augustine next Monday, Sanford playing in DeLand, Daytona Beach playing in Gainesville, and Palatka playing in St. Augustine.

A letter from the Daytona Beach organization telling about its offer of the cup was read at Tuesday evening's meeting of the Sanford Junior Chamber of Commerce, and members of the local organization are asking all those interested in the success of the Sanford Baseball Club to try to help.

## BASEBALL MEN AND BUSINESS MEN BID TO SPAGHETTI SUPPER TONIGHT

Monk Bennett is entertaining the baseball bunch and a number of business men at Monk's Place at an Italian spaghetti supper tonight. The affair is to begin at 7 o'clock, but there is no telling when it will end. Invitations have been extended to about 60 persons. Charley Wert, president of the Sanford Baseball Association, and Stuffy McCrone, manager of the Sanford Lookouts, will be there, and they expect every player to show up.

## Club Can Carry 18 Men For 3 Weeks If It Has Mazuma

### Stuffy Hopes To Hold Several Men Until Team Is Shaped Up

Under rules of the Florida State League, member clubs can carry 18 men for the first three weeks of the season, and Stuffy McCrone, manager of the Sanford Lookouts, wants to do that thing. But he can't carry the extra men unless the association has the mazuma with which to pay the expense. Contributions are therefore asked.

Stuffy said today he would like to keep several men on the team until his aggregation is shaped up for the season's play, but if the association is without funds he will be compelled to let out some men who might shape up a little later as excellent timber for a winning club.

Jim Beck, Chattanooga scout, will keep a lookout for desirable left last night for the north and men for the team.

Two men were let out and two others were signed yesterday. Julian Purcell, second baseman, and Parks Burdoff, pitcher were given their release, and Cooper of Lakeland, southpaw pitcher and outfielder, and Houton of Eastville, left-handed batter and outfielder, joined the club.

After the first three weeks of the season the member clubs of the Florida State League can carry only 14 men, including the manager. These 14 will include five pitchers, two catchers, four infielders and three outfielders.

## Few Changes In Club Standings In Big Leagues

### Senators, White Sox, Giants And Pirates Victorious Again

Playing in Cleveland yesterday, the Indians squared the series with the Detroit Tigers, winning 14 to 7; the Senators playing in Washington beat the New York Yankees again, score 4 to 3; and the Chicago White Sox defeated the St. Louis Browns again, 8 to 2, in a game in Chicago. The other contest in the American League (Philadelphia to Boston) was called off on account of rain.

In the National League yesterday the New York Giants took their second straight victory from the Brooklyn Dodgers, 5 to 2; the Pittsburgh Pirates defeated the Cincinnati Reds in Cincinnati again, 7 to 6; the St. Louis Cardinals swept the score with the Chicago Cubs by winning a 2 to 1 decision in St. Louis, while the Boston Bees, playing in Philadelphia, defeated the Phillies, 12 to 6.

Today's games: National League—Chicago at St. Louis, Brooklyn at New York, Pittsburgh at Cincinnati, Boston at Philadelphia; American League—Detroit at Cleveland, New York at Washington, St. Louis at Chicago, Philadelphia at Boston.

## JUNIOR LEAGUE

TEAM	Won	Lost	Pct.
Seminoles	3	0	1000
Yankees	3	0	1000
Pirates	1	1	500
Inds	1	1	500
Red Sox	0	1	0
Giants	0	2	0

The Seminoles won yesterday and the Yankees won the day before, and those two clubs continue to lead the Junior League with perfect percentages. The Cubs lost their game Tuesday to the Yankees and dropped into fourth place, with the Pirates in third position. The Red Sox and the Giants remain in the cellar.

The Seminoles defeated the Giants yesterday by a score of 21 to 12. Eugene Cochran was the winning pitcher, with Floyd Roland behind the bat. The Giants used two pitchers, Walter Dale and Odham, with Carlton catching. W. A. Ludwig umpired the game.

In Tuesday's game the Yankees defeated the Cubs 21 to 12.

## Autos Will Pace In Tampa Sunday, 21 Drivers Enter

TAMPA, Apr. 15.—Entry of Ben Shaw, Westfield, N. J., to the Sparton Club sponsored AAA auto race here Sunday has brought the field up to 21, includes four of ten money winners at the Daytona Beach road race classic Mar. 8 and puts five sensational New Jersey drivers in the field.

Shaw was second to Milt Marich in the big Daytona 240 mi. griped Zam Purvis finished in fourth spot, Bill France came home fifth and Hek Jenkins sixth in the big-purse endurance contest.

Bob Sall, 1933 Eastern states champion; Ken Fowler, unofficial; Dixie Little holder for 1933; Vern Orndoff, third in the Eastern lists in '35; John "Spaghetti" Moretti and Shaw are all "sketch" drivers. Sall, Fowler and Orndoff hail from Patterson, and Moretti is from Atlantic City.

Shaw annually winters at Coral Gables, Fla. and will drive the racer formerly owned by Ed Parkinson of that place.

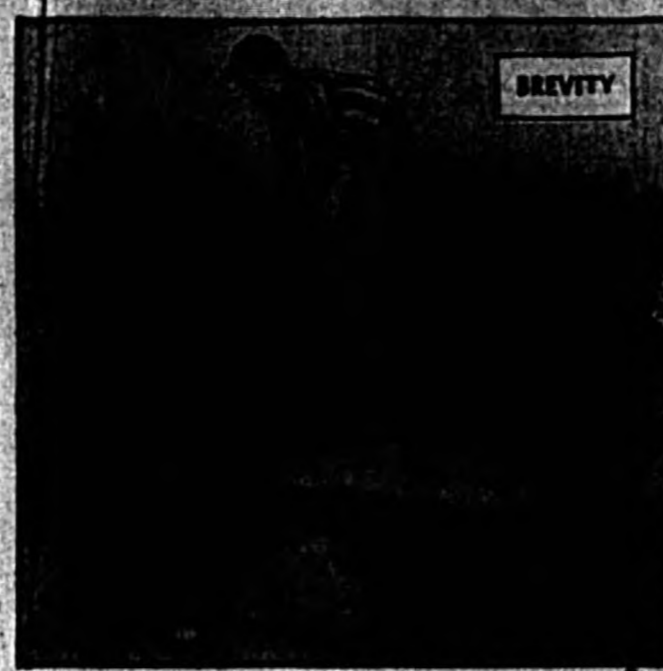

Georgia will tie Jersey in number of entries with John Sampson, Moultrie; Red Redmond and Pete Craly, Atlanta; Gene Newell, Macon and Gordon, Brascan, Bainsville, Florida strings along with four, namely Sam Purvis and Hek Jenkins of Jacksonville, Dan Murphy of Ormond and Floyd Hunt of St. Petersburg.

Illinois sends Floyd Davis, California, Billy De Vore and Fred Bates; North Carolina, Bill Sockwell and District of Columbia, Bill France.

There will be time trials and five races, the concluding feature final being for 30 laps of the half-mile track.

next Sunday," he said. "We're going to kind of celebrate in advance, because it looks as though Sanford has the makings of a good team, and we want to all get in behind the bunch and encourage the Lookouts and help them to get to the top and stay there."

## No Bill Voted By Grand Jury In Wendel Case

TRENTON, N. J., Apr. 14.—(AP)—Prosecutor Erwin E. Marshall of Mercer county announced last night the grand jury investigating charges Paul H. Wendel kidnaped the Lindbergh baby had voted a "no bill," which absolved Wendel of guilt.

Marshall announced after the grand jury adjourned until Apr. 22 that "there is no indictment against Wendel."

Asked if that meant that no bill had been voted against the disgraced Trenton lawyer, now a prisoner in Mercer county jail Marshall replied:

"I might as well tell you because you'll find out anyway that (no bill) has been voted."

The prosecutor also announced that "no other indictments have been voted in the case as yet." He was asked if the grand jury considered any conspiracy indictments or indictments to obstruct justice against any witnesses who testified in the case. "Those matters have not been taken up," Marshall replied.

## ONE OF THE ROADS TOWARD HAPPIER LIVING

"The happiest people are those who think the most interesting thoughts." So says a famous educator.

How to acquire interesting thoughts? Read THE READER'S DIGEST. Here you have a monthly editorial service that is both instructive and fascinating. Each month this staff of editors—experts in their line—searches all of the foremost current magazines and selects the articles of most outstanding interest. Then they condense these articles for quick reading; but in this condensation the thought, spirit and style of the original article are retained, giving you a sharp and true focus of what the great contemporary writers are thinking and recommending.

In addition to these articles, each issue of THE READER'S DIGEST contains one popular book condensation and several regular features. All are aptly bits of real enjoyment, yet they give you the vital, living thought of today in an unusually readable fashion.

If you will drop a postal card to The Reader's Digest Association, Pleasantville, N. Y., they will gladly send you a free sample copy.—Adv.

## NOTICE WHO DRINKS ALE

### ...Especially WAGNER ALE

You can't help noticing them. They have a certain distinction. These are the folks who played Monopoly before everybody got playing. They are people who usually know the inside story. They go places in this world.

And they drink Wagner Ale because the best people everywhere prefer Ale... and because Wagner Ale is the smoothest they have run across anywhere in the world. Creamy, properly mellow, Wagner Ale is good because every ingredient is a natural ingredient, brewed in the old tradition.

Call for a taste for Wagner Ale—it marks the difference.

Child Health

Every day should be 'Child Health Day', but May has been set aside as a special occasion for the observance and consideration of child health by the office of education in the Department of the Interior at the suggestion of the American Child Health Association.

Howard Thurston, world famous theologian, died in Miami Monday. He was 80 years old.

Too many children, the Bureau believes, lose their health in infancy. Too many parents are ignorant of the causes of disease, and the importance of proper feeding, proper exercise, proper ventilation, and proper clothing.

Education, it is hoped, will correct much of this evil. There is a wonderful opportunity on such occasions as a National Child Health Day to educate people with respect to the importance of protecting children's health.

### Nursery School Unit Is Called One Of The Best

By MISS GENE POULSON

Everyone in Sanford should appreciate the wonderful work that is being done in the WPA nursery schools in this community under the direction of Mrs. Rosemond Chapman, who is head teacher. The other teachers are Miss Josephine Tarbell and Miss Sara Maxwell.

The nursery school for the white children from the ages of two to five is now located at 802 Palmietto Avenue. We invite you to come by and visit the nursery and see the children.

This school has been running for about two years and seems slated to be permanent. When the school first began

there seemed to be no place for it to locate, finally permission was gained to use the Methodist Sunday School building. This building was old and there was no place for a play ground, but the use of the building was appreciated and it was used to the best advantage. When the Methodist Sunday School was moved we had to find another school building.

Through the kindness of T. W. Lawton, superintendent of public instruction, and the school board, we were able to rent a freshly painted green and white, two story house that has just been completely renovated, painted and papered inside with cupboards built in for us.

There is a bathroom on each floor. All equipment is being freshly painted and the school is a model of attractiveness and efficiency.

With the help of the Kiwanis Club the children are rapidly

overcoming physical handicaps and ailments. The Kiwanis Club also had the children immunized for diphtheria.

We also have the Elks and Lions Clubs to thank for helping make our nursery school a success as well as individuals in the community.

In addition to the wonderful aid given to the nursery school by the Kiwanis, Elks and Lions Clubs of Sanford, the cost of maintenance of three teachers, one cook and one maid is being paid by the Educational Department of the WPA and is supervised by Miss Nye Griffiths, who is state supervisor of nursery schools, and Miss Dorothea Knoelke, who is state supervisor of nursery school nutrition.

Regular visits are made by the state supervisors and the school is conducted along well modeled and planned supervision.

This Sanford nursery school is one of the outstanding WPA nursery schools of the state.

employment taxes are collected regardless, but are accredited to the state only in the event that the state has created an unemployment fund.

He pointed out that the Florida Legislature adjourned before that under the law no benefits from the fund to be collected can be available to workers of the state, without passage of his amendment, until two years after the state Legislature shall have acted.

The amendment provides for placing the collected funds in trust to the credit of the state pending the time when the state legislation can become effective. He estimated this would mean about \$5,400,000 to workers of the state.

Wilcox said that something like 40 states are in the same status as Florida with respect to this law, and that special sessions of the legislature were the only possible alternatives to enactment of his bill if the sums were to be saved for the unemployment funds.

The Florida congressman said he thought it would "be only fair" to have the collections placed in trust for these states until they should have had time to pass upon the social security proposal.

# Sanford Expected To Be Strong Contender In State League

## Local Team Is In Fine Shape, Says McCrone

### Starting Lineup Of 18 Men To Be Set By Saturday Night For Sunday's Game

The Sanford Lookouts of the Florida State League of organized Class D baseball have been whipped into unusually good condition, considering the short training season, says Manager Stuffy McCrone, and the team should prove to be a strong contender in the six-class league.

Neither Stuffy nor director of the Baseball Association will make any rash forecasts, as there has been no opportunity to check on the other teams in the league, but local officials are pleased with the way the new club has been shaped up.

Three of the State League clubs have played the Jacksonville Tars of the Sally League, and Sanford made the best showing of any of the three. The Tars defeated Sanford 10 to 6 last Sunday and defeated Gainesville 9 to 5 yesterday, but when they played Sanford last Tuesday they were only able to eke out a 11 to 9 victory, and that in the last inning. Sanford had the Tars beaten the first eight innings, and had them badly mangled for the first six innings.

The Lookouts were strengthened yesterday by the addition of a new shortstop, Rabbit Bonner, who played with Leesburg last season. Stuffy signed the Rabbit to play short on the Sanford club Wagner, a fast 17-year-old lad who will play second base.

There are 22 men on the roster, but four must be let out by tomorrow night, "though I hate to do it," Stuffy said today. The season opens Sunday and each team must be trimmed down to 18 men before the opening. After three weeks the strength must be reduced to 14 men.

Hard workouts were given the Lookouts yesterday, two and one-half hours on the field in the morning and three hours practice in the afternoon. A regulation nine-inning game was played in the afternoon, between the Regulars and the Yannisians, both teams being made up of players on the Lookouts' roster. The Regulars won 7 to 1. Stuffy said they got more real good out of that game among themselves than they would have had with some other club, as when a bad play was made the game could be stopped and the error explained and corrected.

Caps and Sox for the Lookouts were shipped by express out of town yesterday and it is expected they will be here before the season is to be played. If they don't get here in time the directors will endeavor to get some caps and Sox for the boys somewhere. Hats were ordered several weeks ago, but they were not as yet arrived. Extra hats will be bought locally if those ordered are delayed in shipment. The club has some six dozen balls on hand.

## Sanford Lookouts Will 'Hit The Ball' The Opening Week

The Sanford Baseball Club will "hit the ball" next week, with a game scheduled every day. Many weeks during the season the local team will play only six days, but the opening week calls for a seven-day schedule, as follows:

Sunday—DeLand at Sanford.  
Monday—Sanford at DeLand.  
Tuesday—Sanford at Daytona.  
Wednesday—Daytona at Sanford.  
Thursday—St. Augustine at Sanford.  
Friday—Sanford at St. Augustine.  
Saturday—Palatka at Sanford.

## Want Big Crowd At Sunday Game To Win Gold Cup

Wanted: Record crowd at Sunday's baseball game opening the 1936 season of the Florida State League. Reward of a gold cup will be given to the town turning out the largest crowd.

Every loyal supporter of the Sanford Lookouts of the State League is urged to buy a ticket for Sunday's game, even though he may not be able to see the game. A record-breaking attendance is desired at the opening game, but the number of paid for tickets will count, and the Sanford Baseball Association, backed by other groups, is desirous of selling more tickets for the opening game here than any other club sells for the first game of the season.

The gold cup trophy for the largest attendance will be presented by the Junior Chamber of Commerce of Daytona Beach.

## JUNIOR LEAGUE

TEAM	Won	Lost	Pct.
Seminoles	2	0	1000
Yankees	2	1	667
Pirates	1	1	500
Cubs	1	2	333
Red Sox	0	1	—
Giants	0	2	—

The Seminoles defeated the Yankees 24 to 4 yesterday, and lead the Junior League.

It was the battle of the giants. Both clubs had won three games and neither had lost before yesterday. There was a good crowd at the Grammar School field, therefore, to see the contest. However, it was so one-sided that it was not as interesting as the fans expected. There was something the matter with the Yankee team, according to Carol Godwin, pitcher.

William Branan pitched again for the winning Seminoles with Roland Floyd behind the bat. John Robinson caught for the Yankees. Branan struck out 15 men and allowed only two hits. The Pirates and the Red Sox play this afternoon, the last game for the week.

## 'SEEMS FUNNY TO BE LOOKING ON

"Seems sort of funny not to be playing," Babe Ruth (top) probably was thinking when the candid cameraman caught him watching the New York Giants-Brooklyn Dodgers game at New York. Then the Bambino, missing his first season as a player in 32 years, became just another excited spectator (below) and cheered with the best of them. (Associated Press Photos)

## Umpires In Florida League To Get Many Pointers From The Dean Of The Profession

### 'Umps' In DeLand Today And Tomorrow To Be Instructed

Umpires Campbell and McLaughlin, who called strikes and balls and ruled on plays at the bases in the Sanford-Jacksonville game here on Tuesday, and all other umpires in the new Florida State League are going to school in DeLand today and tomorrow. They are getting pointers on the new circuit at a two-day school of instruction called by President G. E. Gilliland of the league who, through the courtesy of William Hurdidge of DeLand, made the many years of experience of Tom Gallely, dean of American League umpires, available for arbiters of the Florida League.

As a result of this school of instruction where the umpires are expected to get onto some of the tricks which make an umpire's life easier, these arbiters will have many of the fine points picked up in the major circuit for use when the Florida State League opens the 1936 season Sunday at Sanford, Palatka and Daytona Beach.

Various interpretations of the rules, methods of handling the games, and umpiring etiquette, be it a hit or not, will be taken up by League President Gilliland who spent the better part of a day discussing umpiring and taking notes on what the better umpires do.

If possible, the new Florida State League arbiters will be placed off how the better umpires will dress. For example, all umpires must come to the games with their shoes shined, their dark blue suits neatly pressed, and wearing regulation ties and white shirts. Even caps will be in the prevailing trend worn by the big league umpires.

However, these are but some of the small points which League President Gilliland will take up with his umpiring staff. The

## Lookouts Cheered At Get-Together Supper At Monks

### Eat Spaghetti And Hear Encouraging Speeches By Fans

Players on the Sanford Club of the Florida State League were told at an Italian spaghetti supper served them and a large number of fans at Monk's Place last night that Sanford is looking to them to "bring home the bacon." They were told that they have here the "finest opportunity in the world" to get a real start up the baseball ladder of fame, and if they work hard and play the game there is no reason why Sanford should not win, and that there is no reason why many a Sanford Lookout should not eventually see his name on the score card of the big leagues.

Short speeches were made by George DeCotes, James Wright, Bill Palmer, Manager Stuffy McCrone of the club, and President C. F. Wert of the Sanford Baseball Association.

"You're a good bunch, with team work we should go places, but we've got to work together you can't expect the manager to do it all," Stuffy told the gang.

Twenty-four ball players and about 20 business men attended the supper which Monk Bennett gave as a get-together, get-acquainted party.

## Athletic Field Is Approved By Planning Board

R. L. Glenn, chairman of the Seminole County Planning Board of the WPA, today notified Mrs. F. E. Rosenthal, as president of the Seminole High School P-T-A, that the planning board had approved the athletic field project for Seminole High School and as soon as the allotment of funds is received, work will be started.

## Five Fishermen Land 200 Pounds Of Fish

Five Sanford fishermen returned from Ocala last evening with about 200 pounds of fish. The successful anglers were Dr. W. T. Langley, Dr. H. W. Rucker, J. J. Cates, William Cates and C. E. Williams.

I three hours' fishing they caught 122 kingfish and two grouper.

## Season On Ducks Giants, Red Sox, Will Probably Be White Sox Remain At Top In Majors

WASHINGTON, Apr. 17.—There probably will be no change in the open season on ducks in Florida next fall, according to a bulletin just issued by H. A. Wallace, secretary of agriculture. The bulletin reads:

"It is our purpose always to deal just as fairly with the duck hunters of Florida as with those of any other state. We intend to allow them, with hunters of all other states, so much of the hunting privilege as our obligation to conserve the birds will permit.

"When the department came to the problem of an open season for wild ducks in the United States last season it was confronted with the alternative of an open season whatever, or a short open season with restrictions, reasonably calculated to secure measurable protection for a fairly priced group of our migratory game birds. With some misgivings we decided upon the 30-day open season, with attendant restrictions. The open season of Nov. 20 to Dec. 19, was fixed for the southern states including Florida. Each 30-day season appeared from all information we could obtain, to be advantageous to the sportsmen of Florida as any 30-day season that might be prescribed.

"It is somewhat too early at this time, to forecast what the department will feel obligated to do with regard to the hunting of wild ducks next fall. We are still confronted with conditions affecting the ducks that are very little, if any different from those that obtained when the regulations were prescribed for the last hunting season.

"Florida each winter draws a multitude of hunters from every section of the United States. Some of the Florida migrants have suggested a check season of four days a week from Dec. 1 to about Jan. 31.

## 100,000 Oarsmen In German Associations

BERLIN, Apr. 17.—(AP)—Germany claims the world's largest rowing association with a membership of approximately 100,000 active oarsmen and coxswains.

This organization, known as the Reichsverband, has about 14,000 boats at its disposal.

Statistics show that investments in equipment and provision for water sport total \$9,000,000.

The German Rowing Association comprises 1,164 clubs.

How would you like to knit on 420 needles?

Yes... 420 all at once! That's the way your stockings are knit... on a whole row of tiny needles set up straight in a needle-bar like the teeth on a comb. If you're wearing a 45-gauge stocking, there were 45 needles to every 1 1/2 inches of stocking-width. That would make 420 needles to knit the regulation width of stocking.

But also it is easy to cut off a few needles at each end of the needle-bar. That saves thread and money for the manufacturer. But it also makes the stocking slippy. You don't actually see this difference in the store because after the dye-bath the stocking can be stretched and dried to look full-width. But when you try it on... too tight and short! Terrible!

For your stocking satisfaction, you want to buy them by the other kind... the kind where you regulate each needle... the kind that makes the stockings last longer and fit better.

## Woodring Assails Minority Bloc In Speech To Legion

(Continued from page 1)  
attainment of "a great objective, a principle for which the American Legion worked faithfully for many years." I was voted by Congress, he said, "in the face of the same powerful and insidious forces which year after year had succeeded in crushing our efforts to have the government discharge its acknowledged obligation to the veterans of the World War, in spite of an opposition that was as ruthless as it was untruthful."  
The legion's Americanism campaign, one of its primary activities from the day the legion was organized, was described by Murphy as "not confined solely to a campaign against communism."  
"I firmly believe," he said, "that such a campaign is a proper one in order that our people may understand the principles of communism and be awakened to the knowledge that communists again have been sent to this country for the purpose of overthrowing our free democracy by force and violence, and substitute for it the political slavery of Soviet Russia."  
"I am not, however, one of those who are a real behind every bush or who believe we are just one jump away from becoming a colonial possession of Moscow."  
"The purpose of our battle against Communism, or any other foreign principle of government which would take away our American ideals, will be defeated if we permit ourselves to be swayed by blind passion. Our cause is supported only if our cause is supported by the reason and logic that which is best for all America."  
The legion, according to

"does not oppose the right to propose changes in the Constitution in an orderly way. But the American Legion does say that whatever changes are necessary the American people themselves can handle without interference from abroad."  
Continued development and improvement of American youth was described as "the primary interest of the Legion Americanism program," which now embraces 3,000 Boy Scout troops, hundreds of chapters of the Sons of the American Legion devoted to patriotism and clean living, the legion junior baseball tournaments in which 600,000 boys compete each year, and other health and character building work.  
In highway safety, Commander Murphy called for legion support in a program of "first, a vigorous campaign of education, and, second, reasonable but safe traffic laws vigorously enforced." The 36,000 persons killed in traffic accidents last year in the United States exceeded the American losses in the World War, he said.  
There must be no let-up, Murphy cautioned, in the legion's work for child welfare, community service and care for the disabled veterans of the war. He also said it earnestly hopes that at this session of the Congress some provision will be made for the widows and orphans of World War veterans."  
Murphy declared the legion advocated "an adequate national defense—with emphasis on defense because it considered preparation the best insurance against war. This country," he said, "is not going out looking for war, and if we are prepared we shall have little to fear from a foreign aggressor."  
Progress during the past year in the various phases of his broad program was reported to the legion by State Commissioner Arthur R. Borah of Pennsylvania.

## Delay Forecast In Naval Construction

WASHINGTON, Apr. 17.—(AP)—A delay in the completion of at least 40 of the 18 warships now being built to bring the Navy up to full authorized strength was disclosed in a Navy Department report on construction progress. Naval officials said the delay is attributable to the fact that the steel for the hulls of the ships is being produced at a slower rate than was expected by the Navy Department. The delay is expected to be about six months.

Record Field Of Candidates Out For Votes

Politicians To Urge State With Sound Trucks And Speak To Small Numbers

Ten Qualify In Governor's Race

Sharon And 5 Others Qualify In Fifth Congress District

TALLAHASSEE, Apr. 18. (AP) — Sound wagons blared in all parts of Florida this week as a record field of candidates for governor and other state offices appealed for votes.

Small crowds were reported in various sections, with the first primary election still six weeks away. In Miami, an event advertised as an "all-day" political rally with "sandwiches and coffee" was delayed until tonight. The Miami Herald said editorially the "promoters" drew a crowd and giving it what it wants.

The Winter Haven Chief advised candidates to make their speeches after 4 P. M. and preferably during the evening hours, if they want audiences in Winter Haven. "If you want good-sized crowds to address, don't come along here in the morning or the early hours of the afternoon," said the chief.

Five candidates for governor. Ten candidates for the Democratic nomination for governor.

Qualified with Secretary of State Robert A. Gray, the great number never to seek that office. They are: Gray Burton of Wacahula, Jerry W. Carter of Tallahassee, Dan Chappell of Miami, Fred P. Ochs of Lake City, William C. Hodges of Tallahassee, Amos Lewis of Marianna, Mollie Martin of Crestview, B. E. Patey of West Palm Beach, Raleigh Pettaway of Tampa, and J. R. Yearwood of Winter Haven. Seven others have announced but they have not paid their fees.

Two have announced for the Republican nomination which will be made by the state G. O. P. convention.

Following is a brief summary of what the candidates for governor who have qualified with Secretary of State Gray are saying and doing:

Grady Burton: Concluded a week of travel with an address in Jacksonville. He has attacked old machines, two-job legislators, the "duPonts and the Tax Revision League," calling the latter the "little brother of the Liberty League."

Jerry Carter: "Genial, jovial, generous, just, honest, capable, sober, safe" are some of the descriptive words used in campaign literature calling him, "Jerry the Commoner."

Dan Chappell: "Restores sanity in taxation, restores honesty in spending, restores legislative independence" are some of the planks outlined in his platform. He also proposes a referendum election before any new tax enacted by the Legislature can be made effective.

Fred Ochs: "Satisfactory old age pensions, five dollar loan age pensions, five dollar loan age pensions." (Continued on Page Five)

Longwood Farmer Is Dead By Own Hand

Joe Filippa, 60, Longwood farmer, committed suicide this morning, according to sheriff's office reports. He left several notes in his home and tucked one to a stake which was driven into the ground by the highway where the body was found, all advising that he was tired of being an invalid and was going to "end it all." The notes advised that a brother-in-law was notified and this brother was on his way to Sanford to see Deputy Sheriff Jack Hixson.

Pittsburgh Mayor Chucked Into Jail Under An Old Law

PITTSBURGH, Apr. 18. (AP) — Mayor William B. McNeil was arrested and taken to jail today on charges of embezzlement and nonfeasance. His arrest came after the mayor declined to refund a \$1000 fine imposed by a police magistrate on a man arrested for operating a "numbers" lottery. Officials said the charges were based on an old state law.

Landis Explains Law Relating To Poll Tax Payment

Some Now Above Age Of 55 Years Must Pay Before Voting

Clarifying the state law regarding the payment of poll taxes, particularly relating to those who have recently passed the exemption age, Attorney General Cary T. Landis writes W. J. Thigpen, County supervisor of registration as follows: "The laws provide that those who are liable to payment of poll tax must have paid poll taxes for the two years next preceding the year in which the election is to be held.

"Therefore, if a person became 55 years of age prior to Jan. 1, 1934, such person would not have poll tax receipts for 1934 or 1935 as a prerequisite to vote in the elections to be held this year.

"However, if such person became 55 years of age after Jan. 1, 1934, and prior to Jan. 1, 1935, such person should pay the poll tax for 1934 and would be exempt from payment for the year 1935."

Italian Columns In Fourth Day Of Major Offensive

ROME, Apr. 18. (AP) — Reliable sources in Rome reported unofficially that Italian columns in southern Ethiopia were driving through the fourth day of their major offensive against Harar, the second largest city in the East African kingdom.

At home Italy was reported as strengthening its navy and air force in preparation for any eventualities should Rome and the British empire fail to settle differences over sanctions imposed on Italy by the League of Nations at England's insistence.

Unconfirmed reports in Paris said France, England and Belgium had agreed on a plan for strengthening Belgium's frontiers as a safeguard against invasion from Germany. At Geneva, French sources said French and British diplomats had settled their differences over the League's attitude toward Italy and continuation of sanctions.

Noah Alexander Fry Dies At Early Hour

Noah Alexander Fry, chief engineer for Chase and Company at Inleworth Grove near Windward, died at 5:24 o'clock this morning in Orange General Hospital in Orlando from pneumonia and other complications. He had been in the hospital a week.

Mr. Fry was 66 years of age, born on July 12, 1870, in York, Pa. He formerly lived in Sanford where he was employed as an engineer by the Sanford Light and Fuel Company and had been with Chase and Company since 1898. His home was on the Country Club road near Grasperide.

Surviving relatives are his widow, Mrs. August Fry; two daughters, Albert A. Fry, two brothers, David Fry of Orlando and John Fry of Richmond, Va.; and one sister, Mrs. H. O. Page of Orlando.

The funeral service will be conducted at 3 o'clock Tuesday afternoon at the Erickson Funeral Home with the Rev. W. F. Beach, Jr., pastor of the Baptist Church in charge. Assisted by the Rev. J. Bernard Root, Confessional pastor, Harris will be in the family plot in Uppala Cemetery.

Committee To Plan Meetings For Candidates

Politicians Will Be Given Opportunity To Address Voters In Every Precinct

Candidates for public office in Seminole County will have the opportunity to address the voters in each precinct, under a plan of meetings now being arranged by the Democratic County Executive Committee. Two meetings in each precinct next month are being arranged but because of the number of candidates they will be divided into two groups, S. M. Lloyd, secretary of the committee, said today. One group will address one meeting in each precinct and the other group will address the other meeting.

Division as to groups will not be made until all of the candidates have officially qualified, but it is expected that nearly all of them will qualify before May 1, the tentative date for the first series of political pow-wows.

The tentative date for the meetings is announced by Mr. Lloyd as follows:

May 4 and May 18 — at Geneva, including Ocala precinct.

May 6 and May 20 — at Orvieto, including Glavia and Gabriella precincts.

May 8 and May 22 — at the 1-7 man school in Longwood, including Fern Park, Altamonte Springs, Bear Lake and Forest City precincts.

May 11 and May 25 — at Lake Mary.

May 13 and May 27 — at Lake Monroe, including Paola precinct.

May 15 and May 29 — at Chuluota.

May 30 and June 1 — at Sanford. Thirty-four candidates have qualified to date with County Clerk O. B. Hendon, but the official ballot as published daily in The Herald contains about twice that number. Of the 31 who have qualified more than one-half of that number seek seats on the Board of County Commissioners. The qualified candidates are the following:

For County Commissioner, Second District—Otto Schmebl, Peter Thurston, J. J. Cates, J. D. Davison, Victor Check, John E. Fox, J. R. Lyman.

For County Commissioner, Third District—C. B. Seary, Roy L. Howell, W. V. Dunn, Forrest B. Stone, W. B. Ballard.

For County Commissioner, Fourth District—E. J. Farnell, B. C. Dodd.

For County Commissioner, Fifth District—S. F. Long, H. H. Patrick, W. G. Kilbes.

For State Legislature, Group One—H. J. Lehman.

For State Legislature, Group Two—Gordon Barnett.

For Sheriff—J. F. McClelland, C. M. Hand.

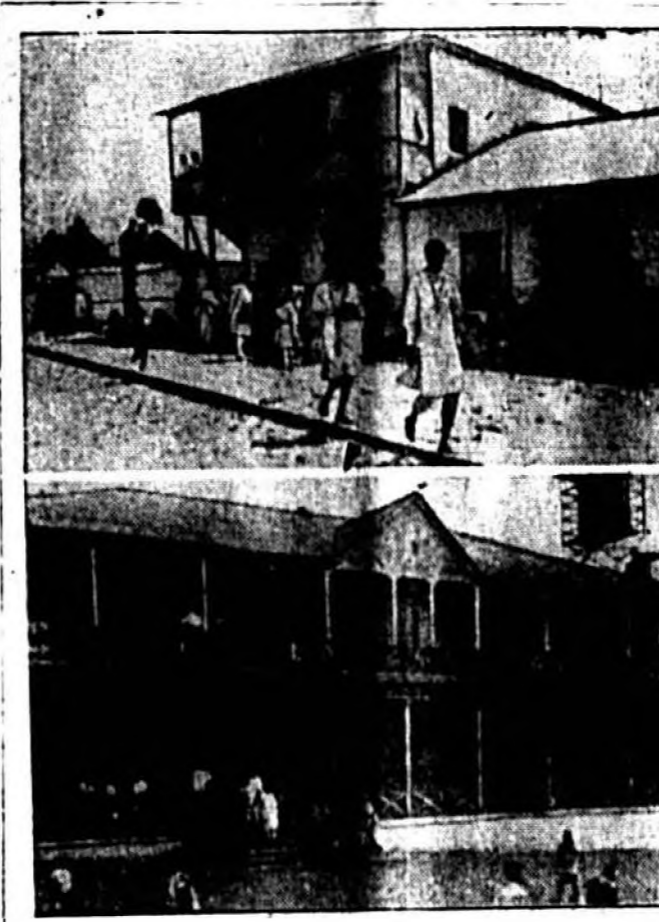

For Tax Assessor—Sanford P. Doudney, G. L. Blidose.

For County Judge—E. W. Ware.

For Supervisor of Registration—David K. McNah.

For Board of Education—E. T. Haines, Fred T. Williams.

ETHIOPIANS FLEE CAPITAL

Orlando Has Not Civilization Is In As Yet Secured Danger From Mob State Sanitarium Mind, Says Tigert

Location Named In State College Girls Advertisement To Meet PWA Demand

News stories and advertising in the metropolitan press to the contrary notwithstanding, Orlando has not as yet secured the State Tuberculosis Sanitarium, according to Dr. W. T. Edwards, chairman of the board. Dr. Edwards writes the Chamber of Commerce that in order to conform to a PWA request a location had to be named in the advertisements, and Orlando was therefore listed as being central.

Frank Evans is chairman of the local committee and declares despite the advertisement naming Orlando that Sanford still has an opportunity to get the sanitarium which will represent an investment of approximately \$500,000. Members of the state board met with the local committee a few days ago and viewed proposed sites for the hospital.

Dr. Edwards' letter to the Chamber of Commerce is as follows: "To conform to a Public Works Administration request an advertisement is being run on the sanitarium.

"Of course you understand this is contingent upon a decision of the Supreme Court. A site had to be designated in the advertisement but this also is a tentative site and contingent upon inspection by members of the board as we had previously discussed.

"It is possible the Orlando site may be selected but the reason it was used in the advertisement was because it was centrally located and because Public Works Administration required at the last minute that some site be used."

Florida Methodists Are For Unification

DELAND, Apr. 18. (AP) — The St. Johns River conference of the Methodist Episcopal Church went on record yesterday as being in favor of the unification of American Methodists.

Lawrence Redcliffe of Daytona Beach, official delegate to the general conference in May, and Jesse L. Marrell of Miami, reserve delegate, were instructed in a resolution adopted by the conference to vote for the unification plan outlined by the general conference commission and "to use all their influence in support of the plan."

The resolution said "in view of the fact that the St. Johns River Conference is most vitally concerned in the proposed unification of American Methodism, your committee deems it advisable that some definite pronouncement be made in regard to our attitude."

Miss Mary Finnell Is A Candidate For State Committee

Miss Mary Finnell, of Sanford, president of the Seminole County Young Democrats Club, today qualified as a candidate for State Executive Committee woman from this County. Seminole County has never had a woman on the state committee, but under the law women voters are allowed such representation.

Miss Finnell is a native of West Virginia but has lived in Sanford for the last two years. She attended Glendale College in Cincinnati.

More Than 500 Join Chamber Of Commerce

Members Of Army Confident Of Winning Goal Of 800 New Memberships

More than 500 believers in Seminole County had joined the County Chamber of Commerce by early afternoon today, and members of the "sales army" are therefore confident of reaching their goal of 800—possibly of their goal of 900—before the drive surpassing that mark. The drive started Thursday morning and is to close Monday evening when a "victory" supper is to be served. Monday is to be a "free for all" or "mopping up" day when every person not wearing a "I Have Joined the Seminole Chamber of Commerce" button or tag will be asked to make an investment of \$3 in a membership and become affiliated with the trade body and help it with its various activities. Prospects are not being asked to donate. They are asked to invest in the work of the Chamber of Commerce and express their views as to what should be done for the betterment of the County as a whole.

That the quota of 800 will have been reached and passed when the "Army" assembles for the "victory" supper in the Chamber of Commerce Building Monday evening at 8 o'clock seemed entirely probable at noon today, although all workers were cautioned against slowing down in their efforts to put the drive across with the usual "bang."

Colonel Walter Coleman's division is still in the lead with 171 memberships to its credit on the large chart being maintained in the Chamber of Commerce building, with Colonel Mrs. W. L. Cooper's division second with 162 and Colonel H. H. Coleman's third with 101.

Captain W. A. Leffler's team is staying at the top with 118 memberships secured up to noon today, which is one of the highest records ever made by a Chamber of Commerce sales team. Considerable credit of the success of Captain Leffler's team is due Lieutenant Eddie Rawson who has made 20 contacts with a turn in of 60 memberships which represented practically a one hundred percent "sell out."

Teams in the County report they are receiving enthusiastic responses and many have reached or exceeded their membership quota at noon today.

Legion Would Make Teachers Take Oath

SARASOTA, Apr. 18. (AP) — The Florida Department of the American Legion yesterday asked enactment of a law requiring all public school teachers to be required to take an oath of allegiance to the United States each time their contracts are renewed.

A constitutional amendment was recommended to establish security for public schools by placing education appropriations on a parity with general expenses.

Abolishment of poll taxes was demanded, with the declaration they placed a penalty on voting.

The department asked the 1937 Legislature to repeal the law legalizing slot machines and to declare all such devices unlawful.

Quincy Melton, of Griffith, Ga., was endorsed for election as the next National Commander.

Jordan Qualifies For County School Board

L. E. Jordan, member of the Seminole Board of Public Instruction for the last two years today officially qualified for election to the same office.

Mr. Jordan is a resident of Orlovie where he has lived for the last 27 years, serving that community as city clerk and councilman at various times. He is a Mason, Shriner and member of the Methodist Church.

RUDY WINS BOUT

NEW YORK, Apr. 18. (AP) — The appellate division upheld a decision denying Mrs. Fay Webb Valls the right to break a \$1000 work separation agreement so that she might demand a larger income from her husband Rudy Valls.

Poll Books To Be Kept Open Until 9 O'clock Tonight

Poll books for Precincts One and Three (Sanford) will be kept open in the basement of the Court House until 9 o'clock this evening. Books of the country precincts are in the office of the County Supervisor of Registration, W. J. Thigpen, where voters who have failed to register can do so.

Up to noon today 1280 voters had registered in the City—1042 in Precinct One and 1247 in Precinct Three.

Senate Procedure In Impeachment Draws Criticism

Suggestion Made To Change Historic Method Of Trial

WASHINGTON, Apr. 18. (AP) — Scriptural criticism of constitutional impeachment procedure reached a new high today after the long and tedious trial of Judge Hulsford Ritter. The historic method of trying judges and other high officials was almost universally condemned by senators.

Several proposals for simplifying procedure were under discussion with no agreement about what could or should be done. Senator McAdoo, California Democrat, considered a plan to create a court of judges to try judicial officers charged with misconduct but the idea met with little favor among some veteran Senate lawyer members. Senator Norris, Nebraska Independent Republican, said: "Everybody admits the present method should be improved because it is cumbersome and unsatisfactory. But I don't think there is any way to do it without amending the Constitution."

A marriage license was issued today to Robert G. Ezanens, 20, and Lillie B. Johnson, 33, both of Sanford.

G-Men Capture Three Men On Kidnap Charge

Hamm Kidnaping Is Believed Solved; One Of Men Taken Is A Postmaster

Karpis Believed One Of Leaders

Many Notable Cases Mark Victories Of Government Agents

WASHINGTON, Apr. 18. (AP) — Justice Department agents chalked up the \$100,000 William A. Hamm, Jr., kidnaping as a virtually solved today with arrests of three persons, one a postmaster. In connection with the June, 1933, abduction of the St. Paul Brewer, J. Edgar Hoover announced his agents had arrested Charles J. Fitzgerald in Los Angeles, Jack Pfeiffer in St. Paul and Edward C. Bartholmey in Bensenville, Ill., where he is a postmaster.

"I think we have solved the Hamm kidnaping at last," Hoover said, adding: "There may be more arrests soon." The Bureau of Investigation chief said it was Bartholmey's home that was used to hold Hamm until the \$100,000 ransom was paid.

Figuring in the case is Alvin Karpis, rated as "public enemy number one" since the day that John Dillinger was shot down in Chicago by Justice Department agents. Hoover named Karpis, former associate of "Ma" Barker in the notorious Karpis-Barker gang, as one of the actual perpetrators of the kidnaping.

The arrests today added another notch to the mounting list of "G Men" victories in battling kidnapers and gangsters which includes the arrest of Erno Richard Hauptmann for the Lindbergh kidnap murder; killing of Dillinger; conviction of 16 persons in the Charles F. Urschel kidnaping at Oklahoma City; and arrests and conviction in the January, 1934, kidnaping of Edward G. Bremer at St. Paul.

Hoover said all suspects in the Hamm case arrested today are in jail.

Political Motif Is Introduced In Flogging Trial

BARTOW, Apr. 18. (AP) — The state continued efforts today to lay before the first of the Tampa flogging case trial juries the 10-point platform of the "modern Democrats" which the mob victims and a group of other men claimed they were discussing the night of Nov. 30 when police raided their meeting. After questioning at police headquarters, the men were released but three of them, Joseph Shoemaker, E. F. Poulton and Sam Rogers, were seized by a mob, taken to the woods, flogged, tarred and feathered. Shoemaker died, the two others recovered.

Seven former Tampa policemen are now on trial for kidnaping Poulton. The state is attempting to show the men were talking Tampa politics and not communists, as the defense has been trying to prove.
