Milwee Says \$1,413,149 Is Available This Year For County's Public Schools

Plans for the new school year were discussed at the two-day pre-school teachers' conference which ended yesterday afternoon at the Seminole High school.

Approximately 148 Seminole County teachers, principals and supervisors attended the parley.

Among the highlights of the parley was a discussion on proposed student testing methods. No definite action of the matter was taken at the parley and it was thought proposed changes in the methods would take a considerable length of time.

Mrs. Edson Gott, County coordinator of public instruction, conducted the parley as a part of the school system's pre-school and post-school planning work.

Mrs. Gott announced that for the first time this year training will be divided into three weeks of pre-school and only one week of post-school work in the past, two weeks were scheduled at both the beginning and end of the school year...

Letter Carrier Faces Charges NEW YORK (AP)—A letter carrier faces charges of destroying mail by dumping it in the Atlantic Ocean. Authorities said Joseph J. Michalovic, 31, admitted yesterday he put the mail in a shoebox and dumped it about a mile off Gligo Beach to dump it.

A life guard at Lido Beach, some miles down the Long Island shore, found the box with the letters still inside and turned it over to postal authorities.

Then postal inspectors traced a shoe company label on the box to Michalovic, through post office records showing he had received a package from the company recently. Michalovic, of Hempstead, N. Y., is a summer substitute postman.

He was quoted as saying his wife's suicide after childbirth and pain from a war injury had combined to make him too "lazy" to deliver the mail.

Congress Approves Red Bill

WASHINGTON (AP)—A compromise bill outlawing the Communist party sailed through Congress today and went to President Eisenhower for signature.

The controversial provision to make membership in the party illegal was knocked out of the bill.

The Senate passed the compromise measure by a roll call vote of 79-0.

The House promptly approved the legislation, which had been the big stumbling block in congressional plans.

The bill says that any person who is a member of a Communist organization shall be subject to the penalties provided in the 1950 Internal Security Act.

Johns' Probers Slated To Talk On Vice Reports MIAMI (AP)—Investigators for Acting Gov. Johns are scheduled to appear before grand juries here to tell what they know about reports of vice open gambling in Dade County.

U. S. Atty James L. Guilmarin announced that I. Ray Mills, one of Johns' investigators, will be subpoenaed to appear before the federal grand jury Sept. 18.

Johns told Raleigh W. van Brunt, foreman of the Dade County grand jury, that he investigated "Mills" and asked to appear before your body and aid you in your endeavor.

Van Brunt had asked that the acting governor's investigation testify before the grand jury. Johns said in a letter to van Brunt.

Under federal law, gamblers must purchase tax stamps and pay them to the County health department. Only one Miami stamp has been issued by internal revenue agents in Jacksonville.

Guilmarin said he is "not sure" there is widespread gambling here as claimed by the acting governor's agents.

Narcotics Views Bring Rebuke TAMPA (AP)—A Tampa judge says Dr. Vernon Fox, a Florida State University professor, should be fired for a talk he made about narcotics in a lecture given at the Florida Youth Workshop.

Criminal Court Judge L. A. Grayson said in a civic club speech here that Dr. Fox showed "poor judgment" in his talk last week on Gainesville before the Florida Youth Workshop.

Judge Grayson said the professor "sought to demonstrate that marijuana and other drugs were not habit-forming, that the narcotics law of the state of Florida should be repealed, and that drug addiction was largely a myth."

The jurist said "it is my belief that professor Fox should be relieved of his teaching duties."

County Contributing Little To State's 740 Polio Cases Seminole county is contributing very little to the high number of polio cases in Florida, which according to the State Board of Health, are "spread fairly widely throughout the state."

According to an Associated Press dispatch, the board said that 63 new cases in 19 counties were reported for the week ending Aug. 13, while 60 were reported in 22 counties for the preceding seven-day period.

There is only one case which, according to Dr. Terry Bird, County health officer, "we officially recognize as ours."

This victim is Jimmy Smith, 9, son of Dr. and Mrs. Beulah Smith, Forest City. The outbreak of his illness was on July 24. The doctor said that he was hospitalized the first part of August at the Oriskany Memorial Hospital.

Other cases have been reported in other parts of the county. The board said "Cases of polio have been reported up to Aug. 13 in 34 of Florida's 67 counties for a total of 740 cases for this year, as compared with a total of 732 cases in 44 counties for all of 1953."

"Counties reporting new cases of polio for the week ending Aug. 13, Howard, 2; Broward, 2; Dale, 1; Duval, 2; Escambia, 1; Gadsden, 1; Hillsborough, 2; Lee, 1; Leon, 1; Liberty, 1; Orange, 2; Palm Beach, 2; Pasco, 1; Pinellas, 2; Polk, 1; Sarasota, 2; Seminole, 1; Volusia, 2; Wakulla, 1."

"Reported cases appear to be leveling off on a rather high plateau at an average of slightly more than 400 cases for the week of the past five weeks, a comparison of the figures will show," the board said.

Alcide de Gasperi, Italian Statesman, Has Fatal Attack SELLA VAL SUGANZA (AP)—Alcide de Gasperi, the lean old statesman who led Italy out of postwar demeracy, died today of a heart attack.

Death came to the former Premier as he rested here in his north Italy mountain retreat far from Rome and the political wars in which he had battled without rest for nearly a decade.

His passing robbed the cause of European union of one of its staunchest supporters. Italy's struggle against communism lost one of its hardest fighters.

Accounting Of 526 Asked WASHINGTON (AP)—The United States today formally charged the Chinese Communists are holding 15 American airmen as "political prisoners."

A Defense Department statement said the Chinese Communists admitted at the recent conference at Geneva the men are alive and that they have been verified by American, former prisoners of war who have seen a photograph since the admission in Korea.

The Defense Department said that the Communists have been asked to account for a total of 620 Americans "who are either in Communist hands or otherwise whose fate the Communists have knowledge," as indicated in an announcement by the Far East command in Korea on Tuesday.

C. P. Tall Speaks For American Way At Church Parley EVANSTON, Ill. (AP)—Charles P. Tall spoke today for the American social and economic system before a group of Christians from many lands.

Tall, brother of the late Sen. Robert A. Taft of Ohio, voiced his views while delegates to the Assembly of the World Council of Churches was engaged in a round of discussion on the broad subject of a "responsible society."

"We Americans are a responsible society," Tall said to an audience of visitors to the convention of 163 denominations from 48 nations.

He mentioned social security, workers' compensation for 12 hours on the job, the minimum wage law, the 40-hour week, farm price floors and public housing, and said:

"I am not reciting these facts to boast but to show you that we are not, and probably never have been, a laissez-faire capitalist society. In the enforcement of his law, evidence of the strong reform instinct of America is shown in large part out of our religious and missionary background."

The day's program of the assembly featured President Eisenhower as a delegate to the assembly, mentioned in a prepared address American qualities of "risk-taking, ingenuity, the urge to work."

"This nation's 'business culture,'" he said, "is the setting for our religious life."

"We seek, under pressure of competition and fight the natural impulse to make things easier by finding markets and fixing prices that is, cartelization," he said.

Assassins pumped five bullets into his body. Police said they could not find any witnesses. But they found several persons who had heard the shots.

BIRTHS

Use 1 1/2 to 3 tablespoons of quick-cooking tapioca for thickening the fruit filling of an eight to nine-inch pie. If you are using the tapioca to thicken a soup, you will need 1 1/2 to 3 tablespoons for a quart of liquid.

If your custards "weep" or curdle, there's one thing you can be sure of: you have over-cooked them.

Cherry Cookies May Be Enjoyed By Young And Old

By **CECILY BROWNSTONE**

If cherries are a must in your family make some of these cherry hatchet cookies. Serve them to small fry with glasses of milk. In the evening, the grownups will enjoy them with a cup of tea or coffee. We like this cookie because it has an interesting texture and flavor due to its combination of marshmallows, cream, walnuts and orange rind. So if you want a crisp delicious cookie, that's not overly sweet, do try this recipe. If you haven't a hatchet cookie cutter make yourself one out of cardboard and cut around it on the cookie dough, using a small sharp knife.

For a buffet party—either at noon or in the evening—you'll find our cherry cluster salad festive. So easy to make, and so impressive! We serve this salad with cold baked ham, Bahama-type mustard and crisp potato chips.

We also had a tray of rolls and thin slices of buttered popovers. Our bread eaters voted this salad the best of its type that they had eaten, and they particularly enjoyed its creamy topping.

CHERRY HATCHET COOKIES
Ingredients: 3 cups sifted flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 cup sugar, 1 cup butter or margarine, 2 1/2 teaspoons grated orange rind, 1/2 cup finely shredded coconut, 1/2 cup well drained chopped marshmallows, 2 tablespoons milk, extra marshmallows (optional).

Method: Sift together flour, baking powder, salt and sugar. Cream butter and sugar. Add marshmallows, orange rind, coconut and milk. Stir until mixture is stiff. Roll into 1/2-inch balls. Place on greased baking sheets about an inch apart. Decorate with extra cherry slices, if desired. Bake in moderate oven (350°) over 12 to 15 minutes or until lightly browned. Makes about 7 dozen cookies.

Toasted Pecans Give Refrigerator Pie Tasty Never-To-Be-Forgotten Flavor

Toasted pecans give this quick refrigerator pie "never to be forgotten" flavor, and go so deliciously with the pineapple, rice and whipped cream to make a perfect dessert. This pie has an easy crust which does away with the costly problem and saves oodles of time—just time yourself when you make this toasted pecan and pineapple pie. You'll see that this is a recipe which makes an outstanding dessert in a very few minutes.

Ingredients:
1 cup uncooked white rice
1 teaspoon salt
2 cups water
1/3 cup melted butter or margarine
1 cup of 12 finely crushed graham crackers
1 cup milk
1/2 cup beet or cane sugar
1 1/2 cups crushed pineapple, drained
3/4 cup toasted pecans, (see directions below)
1 cup whipping cream, chilled
1 tablespoon beet or cane sugar

Method: Put the uncooked rice, salt and water into a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible, cover and leave over this low heat for 14 minutes.

While the rice is cooking, sprinkle the melted butter or margarine through the graham cracker crumbs. Press over the bottom and sides of a greased 9" pie pan. Chill. After the rice has cooked 14 minutes, stir in the milk. Cover 1/2 cup drained chopped marshmallows, 2 1/2 cups chopped walnuts, two 3-ounce packages cream cheese, 1 cup real mayonnaise, 1/2 cup milk, whole cherries and walnuts or mint.

Method: Drain pineapple, reserving juice. Dissolve gelatin in very hot water; add cold water and pineapple juice; stir well. Place in refrigerator until slightly thickened. Fold in pineapple chunks, cherries and walnuts; turn into a 1 1/2 quart mold or an 8-inch square pan and return to refrigerator until firm. When firm, unmold onto serving plate. Meanwhile, allow cream cheese to soften; blend in mayonnaise gradually. Add milk and beat with rotary beater until fluffy. Spread topping on salad and garnish with clusters of whole cherries, water-cress is used, place extra sprigs around salad. Makes 8 servings.

Dairy Products May Be Frozen For Some Time

Families going off on summer-time vacation trips often ask if it is possible to put milk, cream or butter in home freezers to be sure of having a supply on hand when they return, says Myrtle Wilson, Home Demonstration Agent. They ask, too, about saving any of these foods they happen to have in the refrigerator by transferring them to the freezer.

As a specialist of the U. S. Department of Agriculture says that butter and homogenized milk or cream freeze very successfully. But the cream or milk should be frozen in sealed cartons or freezer containers rather than glass bottles. Milk which has not been homogenized is unappetizing after freezing because the fat separates from the liquid.

Heavy whipping cream also may be frozen. Tests at Michigan State College show that 40 per cent cream, sweetened or unsweetened, whipped or unwhipped, may be frozen and stored for future use as a topping for salads and desserts. Drainage from frozen whipped cream proved very slight. The cream should be completely defrosted but still cold for whipping.

Long frozen storage is not recommended for dairy products because quality deteriorates.

Whenever possible, thaw frozen fish in the refrigerator because this is a safer method than thawing at room temperature.

Gator Sophomore Considered Most Improved Quarterback

(Editor's Note: Sophomores will play an important role in Florida football fortunes during the 1954 season. This is one in a series of stories on the outstanding sophomore prospects. Of a 70-man Gator varsity squad, 33 are second year men.)

GAINESVILLE—"The most improved quarterback on the squad." That is the way the Florida coaches feel about Jimmy Thompson, one of the 33 sophomores breaking in with the Gators this year.

Thompson, a native of Brunswick, Ga., played his high school athletics at Glynn Academy. An all-around star Jimmy lettered in football, basketball and basketball. As a cager, he was a constant scorer and, in his last year, led his team in the point getting department. Playing at first base on the baseball team, he compiled a lustrous .357 batting average.

Thompson, whose father captained the 1927 Duke University football team, stands six feet, seven inches and weighs 185 pounds. A sturdy lad who will be able to stand the rigors of the one platform style of play, Thompson has a good head for calling plays under the stress of game conditions.

A good signal caller must be able to pass and the Georgian accepts the requirement, possessing a fine throwing arm and a good eye for receivers. Thompson will be a threat any time he steps on the field.

The end position will be ably staffed by returning lettermen and sophomore prospects. Bob Hurford, a six feet three-inch, 200-pounder from Roanoke, Va., is one of the second year men who will give the Gators plenty of strength at the flank.

A good pass receiver and a strong man on defense, Hurford will fit into the two team style of play that Coach Bob Woodruff plans to employ.

As a high school performer Hurford won letters in football, basketball, baseball and track. Playing end for his Jefferson team Hurford scored three touchdowns in one game. His fine speed makes him a threat to run the end-around as well as drifting downfield for the long passes.

A fine competitor, Burford is fast and aggressive and a hard man to move out of a play. His speed and size enable him to play either the offensive or the defensive game.

Apprentice Jockey Johnny Salvaggio is warm and ridding now that he has gotten back to riding stunts on the sultry tracks around New York. He has just returned from duty with the Army in Alaska.

DeLand Breaks Pilots' Streak Of 6 Victories

By THE ASSOCIATED PRESS
DeLand's Red Hats, with a 10-2 victory, let Lakeland know in positive terms last night they're still in the fight for the Florida State League second-half championship.

The triumph broke a three-game losing streak for DeLand and a six-game winning streak for Lakeland.

Only the day before, after Lakeland had swept a doubleheader from DeLand and gone two games ahead, some observers tended to believe the second-place Hats would keep on fading.

Frenchy Lellane pitched the Hats back into the pennant scramble. He gave up nine hits. His mates jumped on Jack Wentz for five runs in the first inning.

A meeting between third-place Orlando and fourth-place Jacksonville Beach was rained out.

Cocca, holding down the next-to-last spot, shoved Daytona Beach more snugly into the cellar with a victory. Rickey Collette picked up the decision on five hits.

Entries Reach 30 In Southern 500

DARLINGTON, S. C.—Entries for the Labby Day Southern 500, annual stock car race, surged to 30 this week, nearly half of the expected starting field.

Herrick McGuff, Portland, Oregon, Joe Eubanks, Spartanburg, S. C. and Gober Sosabe, Atlanta, headed the dozen drivers filing entries over the week end.

C. C. and Plymouth, to be driven by Fred Dove, Martinsville, Va., were among the entries. Oldsmobile, Hudson, Mercury, Dodge, Chrysler, Cadillac and Nash models had previously been entered.

A Chrysler to be driven by Ted Chamberlain, Lakewood, N. Y., will give that firm a two-car entry. Favorite Lee Petty, Greensboro, N. C., has the other Chrysler entry.

McGuff, winner of the first Pan American road race will drive the same make, Oldsmobile, that he piloted to the first Mexican triumph. Sosabe has also chosen the General Motors product while Eubanks will place his hopes in a Hudson Hornet.

Other prominent drivers among the new entry list include Eddie Skinner, Yarrington, Nev., and Cotton Owens, Spartanburg, S. C. Their cars will be an Oldsmobile and a Hudson, respectively.

A three-car California team will be entered in the \$20,000 event according to Bob Colvin, general manager of the big speed way. Colvin said, "NASCAR will pick the three leading drivers from their west coast division to compete at Darlington. We don't know who the drivers will be, yet, but they will be the best on that circuit."

The first winner of the Southern 500 was Johnny Mantz, Long Beach, Calif. Mantz drove a Plymouth in winning the 1950 event.

The fact that the Braves' eight-game streak was snapped the next night by the Cards does not necessarily prove that the Toronto trip was a blunder. Possibly Manager Charlie Grimm's boys were overdue for a whaling. If it is the Braves should be a distressing coincidence lose the flag by a single game. Perini will be a long time hearing the last of it.

Sports Roundup

NEW YORK (AP)—As long as his league ball clubs insist upon tucking in exhibition games on off days during the playing season there is going to be trouble Lou Perini, owner of the Milwaukee Braves, just happens to be the latest target of wrathful protest against the somewhat silly practice.

Perini, co-owner of a construction empire, is being bitterly criticized by Milwaukee fans for having sent his pennant-hungry club up to Toronto to play an exhibition last Monday when, on the following night, the Braves were scheduled to open a three-game series against St. Louis which could have cost them a chance at the National League race.

The angry charge is that the club president impeded the Braves' flag chances in denying them a better practice game. It is further being strongly hinted that he sent them into Canada with the thought that it might not hurt his firm's chances of landing more construction projects there.

The players themselves were reported to have been openly critical of the junket, which figured to win a world championship for Milwaukee and some fat world Series checks for themselves.

There is, as we said, nothing new about ballplayers not liking to skin themselves up in exhibition games when they might be enjoying a round of golf. They always have objected to the quaint custom. But it is not often that they, as well as their fans, appear to have been as justified in yelling murder as in this instance.

The fact that the Braves' eight-game streak was snapped the next night by the Cards does not necessarily prove that the Toronto trip was a blunder. Possibly Manager Charlie Grimm's boys were overdue for a whaling. If it is the Braves should be a distressing coincidence lose the flag by a single game. Perini will be a long time hearing the last of it.

Young Hoodlum Is Not So Tough

NEW YORK (AP)—Brooklyn's four thrilling teen-agers, once boastful about their deeds of violence, turned sick and shaken from the sight of one of their hapless victims.

The "fun" was over for Jack Kowlow, 16-year-old leader of the brutal tourisms. He says he was confronted yesterday with the battered, water-soaked body of a Negro victim and told detectives "I feel sick."

Plea Given By Ike For Peace

EVANSTON, Ill. (AP)—President Eisenhower's fervent plea to the world's spiritual chiefs to lead the way to a just and lasting peace drew an approving "amen" from churchmen today.

He laid his show-the-way challenge before representatives of 170 million Christians yesterday at a session of the World Council of Churches.

It was greeted with applause. Churchmen and laymen attending the convention later told news men their reaction to Eisenhower's speech—including his appeal for a "prayer campaign" for peace that could result in a global day of prayer, his public profession of faith and an invitation to short of religious ideals.

A half dozen or more used terms such as "wonderful" and "very good."

Bishop Otto Dibelius, leader of German Protestantism, appraised it as a "very remarkable speech," and added:

"It comes from the depths of the heart and is very much welcomed by the members of this assembly."

The President addressed a multitude of 18,000 men, women and children who sat or stood in Northwestern University's Irving Meadows. In the audience were representatives of 163 denominations in 48 countries, who are in the midst of a 11-day conference.

Eisenhower spoke of a campaign for "a just and lasting peace."

"That act of faith might take the form of a personal prayer by hundreds of millions of individuals delivered simultaneously and fervently for the devotion, wisdom and stamina to work unceasingly for a just and lasting peace."

The President through most of his remarks, was solemn in tone. The black academic robe he dooped to receive an honorary degree from the University of North Carolina, western emphasized the gravity of his demeanor.

Concensus Here Is Narcotics Are Harmful

By GENE LEGETTE
City and county officials responded in concerted disagreement to the opinions voiced by Florida State University professor Vernon Fox, relative to narcotics.

Dr. Fox is reported to have called for the abolition of enforcement of some narcotics laws, and told a youth conference in Gainesville that the use of marijuana, "cannot result in addiction, that it is not easy to become a drug addict, that some people never become drug addicts no matter how hard they try, and that the drug problem is not as serious as it is made out."

In direct opposition to this are a large poster on the Sanford police station bulletin board in large letters "Marijuana—Assassin of Youth," and Police Chief Roy Williams who said, "I feel this is a very unwise statement to make to young people, and I am at a loss to understand how anyone could arrive at such conclusions."

"We have never been bothered by this problem here in Sanford. Federal agents have said narcotics are no problem here and we have no intention of offering the sellers of addicts any aid and comfort in the city."

"Even if marijuana was not in itself harmful and addictive, it still leads to the use of other, more dangerous drugs that are definitely destructive."

"A statement of the type Dr. Fox is said to have made can be construed by impressionable youths as an invitation. I hope a full and thorough investigation will be made in this matter."

State Rep. Mack N. Cleveland Jr., who introduced the law passed by the 1953 legislature making the death penalty a possibility for persons convicted of selling narcotics to minors, was equally opposed to Dr. Fox's suggestion.

Cleveland said, "I am a doctor but I did learn something of the problem when I introduced my bill in the legislature, and marijuana certainly appears to be habit-forming from what I could learn about it."

"I think such a speech before a youth group was highly improper. We have been trying to educate and instruct our children on the evils of marijuana and other narcotics and I think we have taken steps to remedy the problem in our state."

"Even if marijuana was not habit-forming, I have read and studied many accounts where the use resulted in addiction to cocaine and heroin. Whether habit-forming or not, the thing is an evil that has spread misery in thousands of families."

Amount Is Under '53 Budget

WASHINGTON (AP)—Congress voted a mere \$53.9 billion to run the federal government this fiscal year, the smallest total since before the outbreak of the Korean War.

At the same time, the law-making body cut \$2,651,000,000 in new cash requests by the president in his fiscal year ending next.

Appropriations fell below the \$59.9 billion Congress last year authorized. Republican leaders said the measure would cut \$1.5 billion from the 1951-52 budget.

The measure lays heavy stress on military defenses, much less on social and public works programs. It provides for a 10 percent cut in certain federal funds to bolster the free world against the Communist threat.

Although this totals about three billion dollars less than the President asked, the House vote in favor of the White House bill was 377-10.

Packed Houses Greet Premiere Of Film On Local Attractions

Four packed houses greeted the premiere of the film, "The Sanford and Seminole County Story," yesterday at the Ritz Theatre.

The 15-minute film deals with attractions of this immediate area and will be shown over several television stations in the near future, according to Don Parish, whose firm made the film.

The first television to be scheduled over WDBQ-TV, Orlando, No. definite time has been set.

Other outlets, according to Parish, will include WSD-TV, Atlanta; WFTS-TV, Tampa; WTVT-TV, Jacksonville; WFLA-TV, Philadelphia, Pa.; and WNBC, New York City.

Parish commented, "The most interesting thing about this film is that it is produced in our own area and it is a very fine way of advertising our own area."

Parish said, "I am a doctor but I did learn something of the problem when I introduced my bill in the legislature, and marijuana certainly appears to be habit-forming from what I could learn about it."

CAMP MAQUARDIE (AP)—The Mutual manager of the new season baseball team, Robert W. Parham, expressed optimism about the team's prospects.

Speaking before the annual Mutual meeting here yesterday, Parham said he had high hopes for the team's performance.

Parham said, "I am a doctor but I did learn something of the problem when I introduced my bill in the legislature, and marijuana certainly appears to be habit-forming from what I could learn about it."

Dr. Fox is reported to have called for the abolition of enforcement of some narcotics laws, and told a youth conference in Gainesville that the use of marijuana, "cannot result in addiction, that it is not easy to become a drug addict, that some people never become drug addicts no matter how hard they try, and that the drug problem is not as serious as it is made out."

In direct opposition to this are a large poster on the Sanford police station bulletin board in large letters "Marijuana—Assassin of Youth", and Police Chief Roy Williams who said, "I feel this is a very unwise statement to make to young people, and I am at a loss to understand how anyone could arrive at such conclusions."

Congress Okays \$53.9 Billion To Run Government This Year

THE PREMIERE—Appearing on the stage of the Ritz Theatre following the showing of the new film, "The Sanford and Seminole County Story," were (left to right) Andrew Carnegie, president of the Chamber of Commerce, Earl Ross, president of the state bank, Don Parish, producer of the film, Robert Hammond of an Orlando advertising agency, Earl Huggins, mayor, and Marion Harman, chairman of the local O.C.C. advertising committee. WASHINGTON (AP)—Congress voted a mere \$53.9 billion to run the federal government this fiscal year, the smallest total since before the outbreak of the Korean War.

At the same time, the law-making body cut the federal budget out only about \$2,651,000 from its new cash request.

Appropriations fell below the \$59.9 billion Congress last year. The House's request for the fiscal year 1955, the first to be passed since the outbreak of the Korean War, was \$53.9 billion, less than the \$59.9 billion requested for the year ending next.
