THIS WEEK IN SANFORD

Week of Feb. 25 to March 1. Tuesday: Luncheon Association of Business Women, Lu-Beth Cafeteria, 12:00. Friday: Benefit Dance, benefit All Souls Parish, K. C. Hall, 8 p. m. Weekly luncheon Chamber of Commerce, Valdez Hotel 12:15.

AT THE MILANE THEATRE

The kind of fun that is sure to find acclaim with the most exacting patron of the theatre is promised in the new "Bringing Up Father" play which is to be at the Milane theatre today, matinee and night. The play, which is based on the popular comics of George McManus, is entitled "Bringing Up Father On Broadway." It is the work of John P. Mulgrew, a well-known writer for the stage. All the beloved characters of the famous cartoons will appear—Jiggs, Mchoney, Maggie, Kitty and Dinty Moore. The plot, which is novel and brimful of surprises, shows the social aspirations of Maggie and the many adventures of those concerned. The action takes in various localities, including New York, Hawaiian Islands, Egypt, Paris and Italy. Plenty of opportunity for scenic embellishment has been provided, a replica of one of the most noted Broadway roof gardens being shown. New and catchy music, along with a beautiful chorus of 20 sprightly and beautiful young women are a few of the features.

BOY SCOUTS.

There will not be a meeting of Troop Three until further notice is given.

M. C. HADDOCK.

Sanford Girls' Cage Team Will Play Fast DeLand Outfit Friday

Friday afternoon basketball fans in this city will have opportunity of seeing the Sanford High School girls' cage team in action for the last time this season when it will meet the fast DeLand High School team at the Grammar School court at 4 o'clock.

While the local team has lost several games this season, it generally is conceded to be one of the best that has been turned out here for several years. Last Saturday night the team downed the Leesburg sextette in a fast game at Leesburg.

Little is known of the strength of the visitors but it is reported that they have been practicing hard for tomorrow's game knowing that the game will be hard fought from the start. Keen rivalry between the teams always assures interesting contests, it is said.

On Saturday night the girls' team with the boys' team will journey to St. Cloud to meet the high school teams of that place. These games will probably mark the close of the season so far as the local teams are concerned.

WOMAN FOR JUVENILE COURT

MIAMI, Feb. 23.—Mrs. Henry F. Atkinson, wife of Circuit Judge H. F. Atkinson, announces her candidacy for the office of judge of the juvenile court of Dade county, subject to the Democratic primary, June 3. She is the first woman candidate ever to aspire to one of the most important offices of the county, and seeks to succeed Judge Harry W. Tenney, the incumbent. Mrs. Atkinson is a practicing attorney, having been admitted to the state bar after her graduation with highest honor from the Stetson University law school.

OPPOSES JAP EMIGRANTS

JACKSONVILLE, Feb. 27.—Japanese do not work nor think along the same lines as "our white" and "they will not assimilate with our people," says Thomas C. Imeson, chairman of the city commission of Jacksonville, in connection with suggestions that have been made recently of the possibilities of encouraging Japanese to settle in Florida. Mr. Imeson directs attention to the active opposition to the Japanese in California, and declares that he thinks "it is time when Floridians should wake up and pass such laws at the next session of the legislature that will provide against the invasion of these Japs."

BEGIN CONSTRUCTION SOON

MIAMI, Feb. 27.—The Sisters of St. Joseph will begin shortly the construction of the first unit of the Young Women's College and Academy to be built here at a cost of \$250,000. A six-acre tract of land has been purchased upon which the school will be located. The structure will cover approximately 315 feet and will be three stories high.

EDISON ARRIVES IN FORT MYERS

FORT MYERS, Feb. 28.—Mr. and Mrs. Thomas A. Edison arrived here Thursday to spend their 43rd successive winter in Fort Myers. Relatives of Mrs. Edison were in the party which included Harvey Firestone.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by all leading druggists.

HELEN VERNAY IS CHOSEN FOR HIGH HONOR AT SCHOOL

Selected as Member of Freshman Commission at Florida State College for Women.

FLORIDA STATE COLLEGE FOR WOMEN, Feb. 23.—The "tapping" of 25 young women of the freshman class for Freshman Commission and 15 young women for Y. W. C. A. Commission, an annual custom at Florida State College, was observed with impressive dignity last Monday afternoon at 5 o'clock.

The young women serving on the two commissions are, as nearly as possible, a representation of the entire class. They are chosen by a nominating committee from both the Student Government and the Y. W. C. A. organization. The names of the commissions are withheld until the hour of the "tapping," when, according to custom, members of the Freshman class assemble in a group, attire in white. Then, as the signal is given, and in the presence of the remaining members of the student body, Student Government and Y. W. C. A. representatives step forward to pin the badge on the chosen number.

The service is usually held on the campus in order that it may be witnessed by all who so desire. This year, however, the inclement weather did not permit the custom to be followed, and Bryan Hall Auditorium was used instead, the Freshmen occupying the main floor space, and the audience of upper classes in the balcony.

Immediately after the "tapping" the entire freshman class repeated with Mabel Murphy, president of Student Government, a pledge of loyalty, and individual responsibility and cooperation.

Lola McQueen, president of the Y. W. C. A., spoke a word of welcome to the incoming commissions. This was followed by a general chorus singing of the college song. The newly-appointed commissions then adjourned separately, with the members of the old commission and the Student Government and Y. W. C. A. committees, to take the pledge of duty.

At 8:30 o'clock, the dinner hour, the committees and old and new commissions again assembled in the dining room to find their places at special tables arranged in the shape of the "E."

The young women "tapped" for Freshman Commission are: Annie K. Ocala, chairman; Mildred Bruce, Orlando; Annette Liddon, Marianna; Blanche Curry, St. Augustine; Ruth Goldberg, Tampa; Lillian Long, Gainesville; Helen Lynch, St. Petersburg; Alice Nicholson, Tallahassee; Ada Miller, St. Augustine; Mary Clayton, Eufaula; Clara Kephart, Interlachen; Edith McCollum, Jacksonville; Helen G. Vero, St. Petersburg; Carmen Antonaccio, La Belle; Kathleen Cleeckley, Tarpon Springs; Lois Varn, Fort Meade; Lottie Goodbread, Lake City; Jennie Mae Johnson, Key West; Merle Smith, Stockton; Claudia DeMerritt, Key West; Rachael Smith, Lakeland; Harriett Robinson, Orlando; Esther Smith, Suwanee, N. Y.; Helen Dutton, DeLand, and Edith Futch, Alachua.

Those chosen for Y. W. C. A. are: Harriett Robinson, chairman, Orlando; Eula Zetrouer, Micanopy; Mary Kincaid, Jacksonville; Mildred Harris, Jacksonville; Jess DeHon, Ocala; Pearl Hentz, Tallahassee; Elizabeth Jackson, St. Augustine; Julia Lively, Tampa; Marion Meffer, Tampa; Carmen Turner, Marianna; Elizabeth Clark Randolph, Jacksonville; Elizabeth Smith, Madison; Martha Turner, Miami; and Annie McKay, Ocala.

PARDON BOARD MEETS MARCH 11

Number of Applications To Be Presented Not Announced—Will Meet for Three Days.

TALLAHASSEE, Fla., Feb. 28.—The state board of pardons will hold its next semi-annual meeting beginning Tuesday, March 11. Applications for clemency represented by counsel in the first and fourth congressional districts will be considered on the first and second days of meeting, and those from the second and third districts will be taken up afterward.

The last meeting of the board was held last September when clemency was granted in about twenty cases out of approximately 100. Records of applications that will be presented to the forthcoming meeting have not yet been compiled, and it is not known yet just how many cases will come before the board.

Applications for pardon, parole or commutation of sentence or for restoration of citizenship must be filed with the Secretary of the Board of Pardons at least ten days prior to the date set for the meeting at which the application is to be heard, according to the rules of the board. Five days before the board meeting a calendar shall be prepared, the rules require, in alphabetical order all cases to be presented at such meeting, and a copy of the calendar is furnished each member of the board, and a copy is also required to be kept in the office of the secretary open to public inspection.

Three days before the date of the meeting the secretary of the board prepares a list of the names of all applicants, a copy of which is furnished each applicant or his representative on request.

TO EXPIATE HIS SINS!

Frank McDowell (sketch upper left) is in jail at St. Petersburg, Fla., charged with murdering his mother (upper right), father (below mother), and sisters, Marion and Willmatree (lower left to right). The sisters met death when the family was living near Atlanta, Ga., a year ago.

NUMBER COUNTY CLUBS FORMED AT UNIVERSITY

Twenty-five Active Clubs Have Been Organized at University of Florida Now.

UNIVERSITY OF FLORIDA, Feb. 28.—The number of county club organizations now functioning at the University of Florida totals 25, while there are many other counties represented at the University, but which for various reasons, do not have an active organization. Some of these clubs have been organized since the university was first founded, but the majority of them have only been formed in the past few years.

These clubs are a strong factor in the many organizations now existing at the University. The object they seek is to promote a spirit of closer friendship between the students from the various communities in which they reside. This fact is exemplified by the Hillsborough-Duval "smoker" which is a yearly festivity participated in by members of these two clubs. Other clubs have other forms of social activities, thus creating a closer relationship and understanding between the students.

Among the active clubs are the following: Alachua county (Jack Matthews, president); Bay, (Paul Hills, president); Duval, (Edgar Jones, president); Columbia, (Horton Markham, president); Gadsden, (M. R. Hinson, president); Hardee; Inverness club (Bart Anderson, president); Manatee, (W. H. Keen, president); Miami club, (Jimmie Hudson, president); Orlando club, (David Rambo, president); Osceola county, (Murray Overstreet, president); Palm Beach county, (Hollin Herrick, president); Pinellas, (J. Leslie Jackson, president); Pensacola club (Neal Morris); Plant City club, (Joe Merrin, president); Polk county (E. E. Lancaster, president); Putnam, (Sylvester Middleton, president); Tampa club, (O. K. Weatherwax, president); Union county, (E. E. Peoples, president); Volusia (L. A. DuPont, president).

Three men claim they are president in Honduras, but we have many more claiming they will be president.

Markham Gives An Interesting Talk At Rollins College

Wednesday afternoon Edwin Markham, poet and critic, discussed Robinson and Masters as leaders among the new group of poets. Mr. Markham said that in his lectures he was only going to talk on the men who had written their names far up on the pillar of fame. He does not intend to discuss the lesser lights at all.

In discussing Robinson, Dr. Markham said, "Edwin Arlington Robinson was born in Maine in 1897. He grew up to be a man with a strong mind and body. I knew him well for many years. One of his strange powers is that of being silent. Robinson will sit in a company of people for a whole evening and never say a word. He has a strange looking face that is more easily imagined than described. His fame as a poet is rapidly going all over the world. His first most important book, 'Captain Craig,' published in 1902, is a fine piece of psychology in the cryptic manner of Browning. This book caught the eye of Theodore Roosevelt when he was president. He became deeply interested in Mr. Robinson and later offered him a place in the New York customs house. In 1910 he published his most characteristic volume, 'The Town Down the River,' but his most powerful book, 'The Man Against the Sky,' appeared in 1916.

There is a tang of individuality on all these pages, for Robinson is a verbal portrait painter, always keen, but always kindly. Sometimes he is half cynical and at other times is mystical as in 'Miniver Cheevy' and 'Richard Cory.' In poems of this sort his genius is at its highest.

In Richard Cory for instance we have a group of young men who are poor and struggling, watching Richard Cory, who is very wealthy, take his morning walks, glittering with prosperity. He was envied by them all in their hard work but one night Cory went home and committed murder.

Robinson's sympathetic study of men whose lives were called a failure from a worldly point of view were hard slams against the high valuation we are accustomed to place upon financial achievement and upon success at any cost.

Robinson is an excellent technician. There is never a false image nor a blurred line in any of his verses. He has the happy art of nearly always ringing the bell at the end of his poems.

His next lecture will be given Monday afternoon at the Woman's Club. The subject for the afternoon will be Robert Frost and Vachel Lindsey.

SLENDER WAIST IS BIG HELP IN CATCHING THIEF

Mechanic Slinness Suggests He Be Placed in Locker to Watch for Coat Stealers.

NEW YORK, Feb. 28.—Due to his slim waist line, Harry Buskert, a mechanic employed at the Durant Motor Company, 622 West Fifty-seventh Street, was selected by brother employees to catch a sneak thief who had been robbing the locker room of coats, hats, small amounts of cash, fountain pens and watches during the last few weeks.

Buskert's slinness suggested to the others that he be placed in a locker, with a coat draped about him, to see who would try to steal the coat. The mechanic accepted the idea, and after punching the time clock Wednesday morning slipped into the locker. He was so slim that he could sit on a soap box and double up his legs, and still be concealed behind the coat. At noon they brought him lunch of non-fattening food, and when the whistle blew in the late afternoon they released him. Several coats had been stolen, a number of locker doors had been jimmied open, but Buskert had no idea who the sneak thief was. Slipped by a shade after the day's experience, Buskert went back to his locker and waited again yesterday.

Just after the lunch hour, during which he dieted, some one entered the locker room, fumbled about several of the doors and finally selected the one in which the mechanic was seated. As the door

was forced upon Buskert sprang out from hiding and at the prowler, the latter fleeing at breakneck speed. As the cry was raised all employees and foreman of the plant joined in the chase. The suspect still was running, by this time leading by a distance of a block. Detective George Ferguson, of the West Forty-seventh Street station, observed the pursuit and fired a bullet in the air. The fugitive stopped in his tracks and submitted to arrest. He was identified as Harry Roth, 23 years old, of 501 West 54th Street. On examination before Magistrate Levine in West Side court he was held without bail on a charge of burglary for the grand jury. Buskert is hoping to get back \$11 he lost a week ago and the pound that he lost while waiting two days in the locker.

GILCHRIST FOR DELEGATE PUNTA GORDA, Feb. 27.—Gibbert W. Gilchrist, former governor of Florida, has announced his candidacy for delegate-at-large to the Democratic national convention. "If elected, I will vote the aid and support for president the choice of the Democratic party of Florida," he declared in the announcement. He also announced that he favors a strong plank for reduction of the tariff.

Sir Walter and the Spud

IN Ireland, they still point to the place where Sir Walter Raleigh planted the potatoes he brought with him from America. The venturesome knight was much impressed with the edible qualities of potatoes and touted them highly to his friends. But in spite of his efforts to popularize the spud, it was half a century or more before it became an article of general consumption abroad.

Today, a new food product becomes nationally known almost overnight. Modern methods of distribution quickly place it in thousands of stores. Advertising tells the public about it in the newspapers. People try it, like it, and shortly it is in general use throughout the country.

By the same means American manufacturers—through advertising—are putting within your reach many of the boons of modern life. Without advertising, we would lack many of the comforts and conveniences that go to make life what it is in this year of grace. Advertising keeps your information up-to-snuff on every article of human need, whether it be food, clothing, articles of household utility, necessities or luxuries.

To Wed Egyptian Royalty

Mrs. Jean Nash, daughter of an American millionaire, who eloped at the age of 17, now is engaged, it is reported, to Prince Ahmed Sahib Bey (shown with her), nephew to King Fouad of Egypt. One report is that Mrs. Nash will embrace the Mohammedan faith.

**PLANTS ON HIGHWAYS**

JACKSONVILLE, Feb. 27.—The commission has adopted a resolution suggesting the planting of plants along all Duval highways to beautify the roads leading to Jacksonville.

Planting of palmetto trees or other tropical or sub-tropical trees, shrubs and shrubs is urged in the resolution which was introduced by Thomas C. Imeson, chairman of the commission.

**DISTRICT KIWANIS MEETING**

BARTOV, Feb. 27.—Representatives of 15 Kiwanis clubs will gather here March 12 and 13 for a purpose of discussing and organizing about an organization of citrus fruit growers of the state to prevent flooding the market and to keep green fruit off the market.

**ORDINANCE NO. 73**

AN ORDINANCE GRANTING TO THE ATLANTIC COAST LINE RAILROAD COMPANY, A CORPORATION ORGANIZED AND EXISTING UNDER THE LAWS OF THE STATE OF VIRGINIA AND DOING BUSINESS IN THE STATE OF FLORIDA, THE RIGHT AND PRIVILEGE TO BUILD, CONSTRUCT, MAINTAIN AND OPERATE A RAILROAD TRACK TO BE KNOWN AS AN INDUSTRY TRACK ON, OVER AND ALONG A CERTAIN PORTION OF COMMERCIAL STREET IN THE CITY OF SANFORD, SEMINOLE COUNTY, FLORIDA.

WHEREAS the City of Sanford has adopted and is endeavoring to establish what is known as the "Industry Track" for the benefit of the City of Sanford, and

WHEREAS, a certain section of the City is desired to be laid out and treated as a Warehouse District, and for the purpose of carrying out the further desires and wishes of the City of Sanford and in order that the patrons of the said Warehouse District may be more fully accommodated, it is desired that an Industry Track be laid on, over and along the South side of a portion of Commercial Street for the benefit and advantage of the industries located thereon and for the benefit and advantage of the citizens of the City in general.

NOW, THEREFORE, BE IT ENACTED by the people of the City of Sanford:

Section 1. That the Atlantic Coast Line Railroad Company, a corporation organized and existing under the laws of the State of Virginia, and operating and doing business in the State of Florida, its successors and assigns, be and they are hereby granted the right of way on, over and along the South fifteen (15) feet of Commercial Street in the City of Sanford, Seminole County, Florida, from the East line of Holly Avenue Eastward to the alley in Block Two (2) Tier Six (6) according to map and plat of the City of Sanford, together with such additional right of way as may be necessary to connect with the present track of the Atlantic Coast Line Railroad Company West of the East line of Holly Avenue aforesaid, for the purpose of constructing, maintaining and operating a railroad track thereon for the transportation of freight and passengers, together with all other rights and privileges incident to such operation.

Section 2. That the above and foregoing franchise be and the same is hereby granted for the period of ninety-nine (99) years from and after the date that this ordinance becomes of force and effect.

**SECURED RELIEF THROUGH FOLEY PILLS**

John R. Gordon, Danville, Ill., writes: "I have suffered with kidney trouble five years; could not sleep at night and was always tired. I was not strong and hard work made my back ache. I got some FOLEY PILLS and after a few treatments I felt better and could work with more ease. I became stronger and could sleep better." FOLEY PILLS are a diuretic stimulant for the kidneys, make them more active. Get a bottle

**RESOLUTION NO. 122**

A RESOLUTION PROVIDING FOR THE PAVING, RE-PAVING, HARD SURFACING AND RE-HARD SURFACING OF SANFORD AVENUE FROM COMMERCIAL STREET NORTH TO LAKE MONROE, AND SEMINOLE BOULEVARD FROM SANFORD AVENUE WEST TO PALMETTO AVENUE, A WIDTH OF 40 FEET.

Whereas, the City Commission of the City of Sanford, Florida, deems it advisable to improve, grade, construct, reconstruct, pave and re-pave with asphalt, with rock base, or other hard surface material, the following Avenue and Boulevard in the City of Sanford, Florida, to-wit:

**SANFORD AVENUE**, from Commercial Street north to Lake Monroe, and

**SEMINOLE BOULEVARD**, from Sanford Avenue west to Palmetto Avenue.

All of said improving, grading, construction, re-construction, paving, and re-paving to be done in compliance with plans, specifications, profiles and estimates of said proposed improvement of Sanford Avenue, from Commercial Street north to Lake Monroe, and Seminole Boulevard, from Sanford Avenue west to Palmetto Avenue, now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans and specifications for said work, therefore:

**BE IT RESOLVED**, That the City Commission of the City of Sanford, Florida, deems it advisable, as a necessary public improvement, to pave, re-pave, hard surface and re-hard surface with asphalt with a rock base, or other hard surface material, Sanford Avenue from Commercial Street north to Lake Monroe, and Seminole Boulevard from Sanford Avenue west to Palmetto Avenue, a width of 40 feet; that all of said paving, re-paving, hard surfacing and re-hard surfacing of Sanford Avenue and Seminole Boulevard as aforesaid, shall be done in strict compliance with the plans, specifications, profiles and estimates therefor, now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans and specifications for said proposed improvement of Sanford Avenue between Commercial Street and Lake Monroe, and Seminole Boulevard between Sanford Avenue and Palmetto Avenue, a width of 40 feet, and this Commission hereby declares the necessity for the paving, re-paving, hard surfacing and re-hard surfacing of said portions of Sanford Avenue and Seminole Boulevard, as aforesaid, as a necessary public improvement.

**BE IT FURTHER RESOLVED**, That a total expenditure not exceeding Nine Thousand, Six Hundred Eighty-four (\$9684.00) Dollars, is hereby authorized to cover the cost of paving, re-paving, hard surfacing and re-hard surfacing Sanford Avenue between Commercial Street and Lake Monroe, and that portion of Seminole Boulevard between Sanford Avenue and Palmetto Avenue, to be so improved by the paving, re-paving, hard surfacing and re-hard surfacing of said portions of

Sanford Avenue and Seminole Boulevard, a width of 40 feet, and against all lots and lands adjoining and contiguous, or bounding and abutting upon said improvement; that Nine Thousand, Six Hundred Eighty-four (\$9684.00) Dollars is the total estimated cost of said contemplated improvement in the paving, re-paving, hard surfacing and re-hard surfacing of said portions of Sanford Avenue and Seminole Boulevard to be specially assessed against all lots and lands adjoining and contiguous or bounding and abutting upon said improvement; the sum of \$8,500.00 is the estimated cost per front foot for said improvement.

**BE IT FURTHER RESOLVED**, That it is the determination of this Commission that all lots and lands adjoining and contiguous or bounding and abutting upon Sanford Avenue between Commercial Street and Lake Monroe, and Seminole Boulevard between Sanford Avenue and Palmetto Avenue, will be benefited by the improvement provided for by this resolution, and that the special assessments to be made and entered against all lots and lands adjoining and contiguous or bounding and abutting upon such contemplated improvement shall be made upon a foot frontage basis; that is to say, that in the preparation of the special assessment roll covering the contemplated improvement, such special assessments shall be determined and prorated according to the foot frontage of the respective properties specially benefited by said improvement.

**BE IT FURTHER RESOLVED**, That the Tax Assessor and the City Clerk of the City of Sanford, Florida, in accordance with the provisions of Sections 101 and 102 of the Charter of the City of Sanford, Florida, shall proceed without delay to make a special assessment roll, assessing the special benefits to be received as the result of the improvement contemplated against all lots and lands adjoining and contiguous or bounding and abutting upon such improvement, and upon the completion of said assessment roll, to cause a copy thereof to be published two times consecutively, once each week in a newspaper published in Sanford, Florida, attaching to said special assessment roll so published, a notice directed to all property owners interested in said special assessments, stating in accordance with the provisions of the Charter of the City of Sanford, Florida, a definite time and place where complaints will be heard and when said special assessment roll will be finally confirmed by the City Commission as an Equalizing Board.

**BE IT FURTHER RESOLVED**, That the special assessments provided for by this resolution to be made and entered against the property bounding and abutting upon said improvement shall be payable at the option of the property owners owning property bounding and abutting upon such improvement as follows: either in full within thirty days after said assessments shall stand equalized, approved and confirmed, or in fifteen equal annual installments with interest at the rate of eight per centum per annum upon all deferred payments from and after the time said special assessments shall be made and stand finally equalized, approved and confirmed, and.

**BE IT FURTHER RESOLVED**, That this resolution shall be and become effective immediately from and after its passage and adoption.

Adopted this 25th day of February, A. D. 1924.

**FORREST LAKE, S. O. CHASE, C. J. MARSHALL, (SEAL)**

As the City Commission of the City of Sanford, Florida.

Attest:  
**(SEAL) L. R. PHILIPS, City Clerk.**

**RESOLUTION NO. 123**

A RESOLUTION PROVIDING FOR THE PAVING, RE-PAVING, HARD SURFACING AND RE-HARD SURFACING OF HOOD AVENUE FROM COM-

**MERCIAL STREET, NORTH TO SEMINOLE BOULEVARD, AND SEMINOLE BOULEVARD FROM PALMETTO AVENUE WEST TO PARK AVENUE, A WIDTH OF 40 FEET.**

Whereas, the City Commission of the City of Sanford, Florida, deems it advisable to improve, grade, construct, re-construct, pave and re-pave with asphalt with rock base, or other hard surface material, the following Avenue and Boulevard in the City of Sanford, Florida, to-wit:

**HOOD AVENUE**, from Commercial Street north to Seminole Boulevard, and

**SEMINOLE BOULEVARD**, from Palmetto Avenue west to Park Avenue.

All of said improving, grading, construction, re-construction, paving and re-paving to be done in compliance with plans, specifications, profiles and estimates of said proposed improvement of Hood Avenue from Commercial Street north to Seminole Boulevard, and Seminole Boulevard from Palmetto Avenue west to Park Avenue, now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans and specifications for said work, therefore:

**BE IT RESOLVED**, That the City Commission of the City of Sanford, Florida, deems it advisable, as a necessary public improvement, to pave, re-pave, hard surface and re-hard surface with asphalt with rock base, or other hard surface material, Hood Avenue from Commercial Street north to Seminole Boulevard, and Seminole Boulevard from Palmetto Avenue west to Park Avenue, a width of 40 feet; that all of said paving, re-paving, hard surfacing and re-hard surfacing of Hood Avenue and Seminole Boulevard, as aforesaid, shall be done in strict compliance with the plans, specifications, profiles and estimates therefor, now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans and specifications for said proposed improvement of Hood Avenue between Commercial Street and Seminole Boulevard, and Seminole Boulevard between Palmetto Avenue and Park Avenue, a width of 40 feet, and this Commission hereby declares the necessity for the paving, re-paving, hard surfacing and re-hard surfacing of said portions of Hood Avenue and Seminole Boulevard, as aforesaid, as a necessary public improvement.

**BE IT FURTHER RESOLVED**, That a total expenditure not exceeding Fifteen Thousand, Six Hundred and forty (\$15,640.00) Dollars, is hereby authorized to cover

the cost of paving, re-paving, hard surfacing and re-hard surfacing Hood Avenue between Commercial Street and Seminole Boulevard, and Seminole Boulevard between Palmetto Avenue and Park Avenue, a width of 40 feet, which said sum of Fifteen Thousand, Six hundred and forty (\$15,640.00) Dollars is the total estimated cost of said improvement; that the entire cost of the improvement aforesaid, shall be assessed against all property bounding and fronting upon that portion of Hood Avenue between Commercial Street and Seminole Boulevard, and that portion of Seminole Boulevard between Palmetto Avenue and Park Avenue, to be so improved by the paving, re-paving, hard surfacing and re-hard surfacing of said portions of Hood Avenue and Seminole Boulevard, a width of 40 feet, and against all lots and lands adjoining and contiguous or bounding and abutting upon said improvement; that Fifteen Thousand, Six Hundred and forty (\$15,640.00) Dollars, is the total estimated cost of said contemplated improvement in the paving, re-paving, hard surfacing and re-hard surfacing of said portions of Hood Avenue and Seminole Boulevard to be specially assessed against all lots and lands adjoining and contiguous or bounding and abutting upon said improvement; the sum of \$7,104.00 is the estimated cost per front foot for said improvement.

**BE IT FURTHER RESOLVED**, That it is the determination of this Commission that all lots and lands adjoining and contiguous or bounding and abutting upon Hood Avenue between Commercial Street and Seminole Boulevard, and Seminole Boulevard between Palmetto Avenue and Park Avenue, will be benefited by the improvement provided for by this resolution, and that the special assessments to be made and entered against all lots and lands adjoining and contiguous or bounding and abutting upon such contemplated improvement shall be made upon a foot frontage basis; that is to say, that in the preparation of the special assessment roll covering the contemplated improvement, such special assessments shall be determined and prorated according to the foot frontage of the respective properties specially benefited by said improvement.

**BE IT FURTHER RESOLVED**, That the Tax Assessor and the City Clerk of the City of Sanford, Florida, in accordance with the provisions of Sections 101 and 102 of the Charter of the City of Sanford, Florida, shall proceed without delay to make a special assessment roll, assessing the special benefits to be received as the result of the improvement contemplated against all lots and lands adjoining and contiguous or bounding and abutting upon such improvement, and upon the completion of said assessment roll, to cause a copy thereof to be published two times consecutively, once each week in a newspaper published in Sanford, Florida, attaching to said special assessment roll so published, a notice directed to all property owners interested in said special assessments, stating in accordance with the provisions of the Charter of the City of Sanford, Florida, a definite time and place where complaints will be heard and when said special assessment roll will be finally confirmed by the City Commission as an Equalizing Board.

**BE IT FURTHER RESOLVED**, That the special assessments provided for by this resolution to be made and entered against the property bounding and abutting upon said improvement shall be payable at the option of the property owners owning property bounding and abutting upon such improvement as follows: either in full within thirty days after said assessments shall stand equalized, approved and confirmed, or in fifteen equal annual installments with interest at the rate of eight per centum per annum upon all deferred payments

from and after the time said special assessments shall be made and stand finally equalized, approved and confirmed, and.

**BE IT FURTHER RESOLVED**, That this resolution shall be and become effective immediately from and after its passage and adoption.

Adopted this 25th day of February, A. D. 1924.

**FORREST LAKE, S. O. CHASE, C. J. MARSHALL, (SEAL)**

As the City Commission of the City of Sanford, Florida.

Attest:

**Who Gets the Most for His Money?**

THE fellow who buys haphazard—or the chap who puts his every-day purchasing on a business basis?

The latter, of course. He is the one who reads the advertisements and discovers just where he can buy what he wants. He is the one who realizes the great value of advertising when it comes to the important business of spending his hard-earned money.

The well-informed shopper always has the advantage when it comes to stretching the dollars. And you can't possibly be up-to-date on the shopping news unless you make a practice of reading the advertisements. The advertisements show you how to save money—and steps—and time. Watch them carefully.

Anything that increases your purchasing power is working hard for you.

**Make The Advertisements Serve You Well Read Them Regularly**

# AUTOMOBILES AND ACCESSORIES PAGE

## WHAT IS A BALLOON TIRE?

The answer is given by the company who developed, pioneered and tested the real Balloon Tire today, the Firestone Tire and Rubber Company, Akron, O. This company has made more than 2,000,000 miles test and characterize it as the greatest contribution to safe motoring and economy since the invention of the pneumatic tire.

Due to the affect that the extra size tire has in the way of clearance and gear ratios, this company does not recommend the use of the Balloon except where wheels are cut down in proportion, and to save the user of Balloon Tires an added expense and delay the Firestone company are placing with its dealers new wheels, rims, rings, etc., at a very little cost and their local dealers are now receiving both the tires and wheel equipment.

The Firestone Balloon Gum-dipped Cords are not only larger than regular tires—having twice the usual air volume and operating on half the usual air pressure—but they are of exclusive construction.

The flexible carcass is successful because of the special Firestone process of gum-dipping permits the thin side wall to flex and

absorb the shock of the road without breaking down its structure. Every car owner has seen tires go to pieces in a short while because of the effect of tread separation and side wall failure due to running the tire while under inflated.

The Firestone Balloon Gum-dipped cords are especially built for low air pressure. Each fibre of cord in the carcass is thoroughly saturated and insulated with pure, live rubber. In action the tire folds and bends, yielding to the inequalities of the road without strain or deteriorating effect. The result is a cushion of air for each wheel that affords a revelation in comfort, safety and economy.

No merely over-size, under-inflated tire will afford comfort, safety or car conservation equal to the Balloon Gum-dipped Cord. We know of no other tire built with the gum-dipping process. That is why you see Firestone Balloon Gum-dipped cords accepted by leading car manufacturers as equipment for their new 1924 models.

Ray Brothers, on West First Street, are the Firestone Balloon dealers and already have some of the different sizes in stock.

## Automobile Travels 475,000 Miles in Five and One-half Years' Gruelling Shrive

The Veteran Big-Six on the Mohave desert near Barstow, California, on its triumphal trip from Los Angeles to New York.

Nowhere else was the power and stamina of the Big-Six put to better test than through stretches of "gumbo" roads along the route.

The Studebaker Big-Six Touring Car, with 475,000 miles to its credit, leaving Los Angeles on its mid-winter trip to New York.

Studebaker Big-Six Crosses the Continent After Piling Up Nearly Half a Million Miles.

This Automobile Covers Greatest Distance Traveled by Any Motor Vehicle in Like Period of Time.

A veteran Studebaker Big-Six touring car which recently completed a triumphal trip across the continent from Los Angeles to New York after having traveled more than 475,000 miles, is now being driven to South Bend, Indiana. There it will be placed in the Studebaker museum with other famous vehicles of the last century and a quarter.

It is believed that this car covered the greatest distance ever traveled by any motor vehicle in a like period of time.

Starting today and driving 6,000 miles each year, the mileage on this Big Six could not be equaled until the year 2004.

Put to Severe Test This Big-Six was delivered on June 13, 1918, to Fenton Norman, of Santa Paula, California, who, according to his affidavit, drove it 84,000 miles to October, 1920, when he turned in the car to the Associated Transit Company, San Francisco.

For more than three years this firm used the car as a "newspaper express." In that time, according to the affidavit of the Associated Transit Company, it traveled more than 400,000 miles. It was used to carry Los Angeles newspapers to Southern California cities.

For three years, rain or shine, this Big-Six made a daily run of 400 miles at an average speed of 30 miles an hour. On each of these trips it carried three-quarters of a ton of newspapers in the tonneau. This burden is equal to ten grown persons.

Also Pulled Ton Trailer Nor was that all. To make each trip doubly profitable, the car was often called upon to pull a trailer containing an additional ton of newspapers.

According to the records of the Associated Transit Company, fuel mileage for this Big-Six averaged 14 miles per gallon of gasoline.

Big-Six at the head of a parade, held in its honor, at South Bend, Ind. Mammoth new Studebaker closed body plant in background.

With frequent drainings of the crank case, the oil mileage averaged from 200 to 300 miles per quart. And tires covered from 15,000 to 30,000 miles to the set.

The trip from Los Angeles to New York was begun on November 26th and ended on January 5th. No attempt at unusual time was made. Studebaker dealers all along the route welcomed the car into their territories with parades and the car was exhibited at important points for a day or more, in order that the public could examine it.

Complete Cross-Country Trip However, an average far above the gait of the every-day tourist was maintained. The 2,500 miles from Los Angeles to St. Louis were covered in 11 1-2 days in spite of stops made for exhibition purposes.

The veteran bucked the hot, arid desert, conquered the bad roads that sometimes lead into treacherous, snow-covered mountain trails, ploughed through many stretches of the quagmire in the Middle West, and completed the entire journey from coast to coast without any road delays except for three punctures.

## CONFERENCE OF OLDER BOYS TO MEET MARCH 7

Theme of Tallahassee Meeting Is "Be Strong"—Noted Men Will Address Meeting

TALLAHASSEE, Fla., Feb. 27.—The sixth annual older boys' conference, West Florida Section, will be held here Mar. 7-9, with representatives from the Suwannee river valley and the remainder of the state attending. The sessions will open with a banquet at 7 p. m., Friday, Mar. 7, at the Leon County High school, at which Judge Thomas F. West, of this state supreme court will be the principal speaker.

The theme of the conference is "Be Strong." The program will be built around this theme, with the idea of giving suggestions for strength of character to every delegate.

Several prominent speakers, in addition to Judge West, will appear on the program. These include Dr. H. O. Enwall of the faculty of the University of Florida, and Dr. Winfield Scott Hall, medical teacher, writer and lecturer on social hygiene, a man of international reputation on life problems of the individual, the family and society.

Two leaders in Y. M. C. A. also will speak, C. B. Loomis, secretary for Boys' Work, International Committee, Y. M. C. A. for the southern region. Mr. Loomis is well known in the South where he has spent several years in work among boys; and F. A. Jackson, state secretary of the Florida State Y. M. C. A., who will direct the conference.

## AUTO DRIVERS ARE TUNING UP FOR BIG RACES

First Speed Trials Started Sunday When Several Star Drivers Take a Spin Around Track

INDIANAPOLIS, Ind., Feb. 27.—The authorized speed season of 1924 opened at Beverly Hills wooden bowl at Los Angeles, with the Washington's birthday sprint, Sunday, when the pick of America's pilots engaged in the first championship automobile race of the year.

It was one of a series of trial horse events leading up to the international 500-mile race held each year at the Indianapolis motor speedway each Decoration day, May 30.

There probably will be three events staged west of Indianapolis before the American drivers arrive in Indianapolis late in April to join forces with the foreign contingent from Europe and South America, who will arrive from the east to wrestle on the historic Hoosier course for speed supremacy of the world.

Eddie Hearne, 1923 champion of the points contest supervised by the American Automobile association, governing body of the great gasoline sport, did not get away with class flying at Los Angeles in an effort to maintain the winning streak he has started, finishing sixth. He will find keen competition in Murphy, Milton, Hill, Hartz, Fiegler, Cooper and many others.

The winter racing colony here, composed of the real dyed-in-the-wool racing fans, are in an uproar over Ralph DePalma's joining "hot law" ranks and driving in contests not sanctioned by the three A's. This automatically bans him from competition in the bigger events of the country and it is precedent that a driver must do much penance before he is permitted to return to the fold.

DePalma drove in unsanctioned events on a dirt track in the far west. It is claimed, and is not eligible for the coming Los Angeles or subsequent affairs. Whether he will make his peace with the contest board and be pardoned by time for the Indianapolis race is a question of import in these parts, for DePalma is a great favorite with Indianapolis race goers. He won one 500-mile race here and has competed in all but one.

## DODGE CARS GIVE FINE SERVICE ON ASIA EXPEDITION

Through Almost Impenetrable Jungles, Deserts Dodge Cars Go Through With Little Trouble

The startling discoveries of the Third Asiatic Expedition, with their priceless contributions to science and commerce, would have been impossible without motor cars.

That is the blunt, unequivocal statement of Roy Chapman Andrews, leader of the expedition which returned recently from a two-year search of innermost Mongolia, with the largest and most valuable collection of fossils ever brought into the United States.

When the party started from China, Mr. Andrews was told that camels and horses were the only means of transportation known in the interior of the country he was about to penetrate. To cross the Gobi desert alone was a feat to test the endurance of the most rugged car, and had been accomplished but seldom. To ford the streams and cross the hilly, roadless wastes of the unknown land beyond the desert, however, was considered an utter impossibility. Nevertheless, Mr. Andrews had made up his mind.

## OLDSMOBILE IS WINNER IN ONE MORE BIG TEST

Stock Car Fully Equipped Makes Record Run Over Mountain and Desert Area

Another record of a type to test the stamina and endurance qualities of an automobile has been made by a new Oldsmobile Six. A stock touring car, fully equipped, with windshield and top, made the run from Pasadena, Calif., to Phoenix, Ariz., and return, a distance of 908 miles over the famous mountain and desert A. A. course, in 31 hours and 21 minutes.

The run was made by L. S. Hopkins, sales manager for E. Grant Hayward, Oldsmobile dealer of Pasadena. Before starting Hopkins had the hood and radiator officially sealed and his time officially checked at the Western Union office at Pasadena.

Unfavorable road conditions, particularly in passing over the mountains and through the Arizona desert, were experienced by Hopkins. Nevertheless he arrived at Phoenix 15 hours and 25 minutes after leaving Pasadena. The return trip was made in 15 hours and 56 minutes. This time is considered remarkable in as much as during many miles of the trip road conditions forced Hopkins to maintain a rate of speed frequently below 20 miles an hour.

Official check showed that the round trip of 908 miles was made with an average of 26 2-3 miles per gallon of gasoline. Only one quart of oil and three pints of water were used.

Since its introduction last fall, the new Oldsmobile Six has captured a number of records in these combined speed, endurance and economy runs. Tests of this character have supplanted speedway racing to a large extent, as they are made under actual conditions encountered by the "driver-owned" car dare made by regular stock cars taken from the factory production line.

## WILL GO TO SAVANNAH

KEY WEST, Feb. 27.—Representatives from this city probably will go to the South Atlantic Coastal Highway Association convention to be held in Savannah, Ga., April 7-8. The chamber of commerce has been asked to name delegates, and efforts will be made to have several residents of this city represent Monroe county at the meeting. The last convention of the association, held last year, went on record as heartily favoring the construction of a road from Key West to the mainland. Now that the county has provided \$300,000 to start work on the roadway, it is thought that the association may possibly extend some aid to the project.

just about what would be required of a car. "So I bought three Dodge Brothers car at full list price in Peking—one touring car and two 3/4-ton commercials. I tried every insurance company in China, I believe, in an effort to insure the cars before starting the trip. They only laughed at me, even when I explained that I cared for nothing except insurance against total destruction. We had our mechanics and service parts and knew that we could survive any accident except annihilation. But the insurance companies said no car could get in, much less get out—and so we traveled at our own risk."

## Batteries EXIDE

Wednesday, Feb 27, 1924

What I Thought For Today: Remove far from me vanity and pride; give me neither poverty nor riches; feed me with food convenient for me.

Prayer: O Lord, our severing ways, the separate altars that we raise, the varying tongues that speak thy praise!

Prayer: Suffice it now, in time to be shall one great temple rise to thee, thy church our broad humanity.

Prayer: White flowers of love its walls shall climb, sweet bells of peace shall ring its chime.

Prayer: The hymn, long sought, shall then be heard, the music of the world's accord.

Prayer: That song shall swell from shore to shore, one faith, one love, one hope restore.

Prayer: The seamless garb that Jesus wore! John Greenleaf Whittier.

Prayer: Sanford is coming into the home stretch of prosperity; nothing can prevent it from breaking the tape.

Prayer: "Scoundrel" in a broader sense, might be meant to include certain former cabinet members.

Prayer: The oil question today seems to be how can you make a loan of one hundred thousand dollars from a bank account of ten thousand.

Prayer: Congratulations are due DeLand. A new golf course is soon to be constructed there.

Prayer: It might be a good idea for some folks who are gloating over Martin's success in the gubernatorial race to recall that "the hole is not won until the last putt is sank!"

Prayer: The Tampa Tribune seems to be of the opinion that Mr. Bryan will now have to write another nominating speech. Not at all necessary.

Prayer: The House is now considering a proposal to insert a "gift tax" provision in the revenue bill.

Prayer: Atlanta papers, now featuring the double murder by McDowell in St. Petersburg, must have had a change of heart, as regards things fit to print, since the Candler scandal.

Prayer: Mayor Aloop of Jacksonville has appointed a committee to see to the development of the back-country in Duval county.

Prayer: It is said that the style in evening wear for gentlemen will soon be in colors of purple, green, orange and others.

Prayer: That boy bandit who longed for a career as a bold, bad man, should have begun at a gasoline service station.

Prayer: It all depends on where you put the accent. When Milton wrote, "All hell broke loose," folks marveled at the poetic brilliance of the genius.

Prayer: Sanford merchants are beginning to realize that the best way to sell their stuff is to let people know they've got it.

Prayer: The folks who made the Madison Square Exhibit the unqualified success it was, will return to Sanford today.

Prayer: He was taking his first walk down Fifth Avenue. At a certain corner, in the heart of the shopping district, he was halted by a sign

Will Political Conditions Be Corrected?

Developments of a sensational nature are coming thick and fast in the oil scandal. It is no longer a party affair.

It is hardly possible that either political party can make capital out of the oil scandal. Too many politicians are involved.

All the people care about now is to see that the persons involved are exposed and brought to justice without any unnecessary delay.

The oil scandal is a national matter in which every American is interested. They hope to see both the Democratic and Republican rascals, who are mixed up in the shady transactions, exposed and punished regardless of the effect upon either party.

As long as the chances of getting caught are few, corruption in political life of the nation will continue. The apprehension of one rascal will have very little effect on ending bribery and dishonest politics.

First Impressions Are What Count. Beautification of the depot grounds in Sanford has done it is seldom that the surroundings of a railroad station are well kept, while in many places this part of a city is neglected and unsightly.

In an editorial urging the people of West Florida to make the premises of every railroad station clean and attractive and bright with flowers, The Pensacola Journal says that other cities in Florida might follow the lead of Sanford in this respect.

"Travelers on railroads passing through Sanford, the thriving little city, are impressed with the attractive lawns and flower gardens surrounding the railroad depots, and these attractive depot grounds have been the means of causing many tourists and home-seekers to want to go to Sanford who otherwise would have passed through and never remembered there was such a place."

Good work has been done in the beautification of this important spot. However, there still remains plenty of opportunity for making other sections of the city attractive.

First impressions are lasting impressions. If this city is to have more tourists, would it not be well for its people to do all within their power to make it as attractive and as inviting as is possible?

FLORIDA NEWSPAPERS ought to caution motorists using the highways of Palm Beach county that the county commissioners have lately imposed a speed restriction of 25 miles an hour on all automobiles.

There is much lamentation over the going of the Mellon income tax measure. The features of the situation are two, and the tear gas administered affects, in the main, just two classes.

AN ATTEMPT AT STAMPEDE FAILS GRAND JUNCTION DAILY SENTINEL. There is much lamentation over the going of the Mellon income tax measure.

Such religious hallucinations were not unusual in the old days. They drove men and women into the desert where they lived in filth and semi-starvation, imagining that such conduct pleased the Lord.

THE CALMING down of our religious emotions is a most important forward step in civilization. Men begin to realize that the mysterious power above gave us this beautiful planet, that we might take care of it like faithful gardeners and find happiness in the process, leaving the hereafter to a higher judgment.

GOVERNOR HARDEE says he will invite John D. Rockefeller to continue on page 5.

As Brisbane Sees It

Jacksonville Power. Ford Sells Fertilizer. Too Much Religion. More Earthquakes. Copyright, 1923.

To Mayors of Cities: Go to Jacksonville, Fla.—this is written in that city—call on Mayor Aloop, and learn about Jacksonville's municipally-owned electric light and power plant.

There is no cheap water power in Jacksonville. Oil is used, at a cost equivalent to \$6.50 a ton for coal, but the people of Jacksonville buy their current at a price lower than anywhere in the United States.

IF YOU start a factory in Jacksonville, where the city will encourage you and aid you in every way possible, you may buy power at a rate lower than one cent per horse-power per hour.

And big corporations that up north tell you that public ownership must be a failure in addition to being an economic crime, are very glad to hook their plants to the power plant belonging to the citizens of Jacksonville and get their power for less than they could produce it.

Armour and Company use it, the big fertilizer factories use it. A new glass factory is building close to the city's power plant, finding there a wonderful combination, cheap power and excellent sand for making glass.

SELLING At a low cost the people of Jacksonville make a profit of three-quarters of a million on their plant. They are building an addition to the plant costing eleven hundred thousand dollars and their taxes are low.

HENRY FORD, who knows a good thing at sight, is building a huge plant on Jacksonville's water front, close to the city power plant. The citizens, intelligent and energetic, offered him the land for nothing, but Ford refused, and insisted on paying a fair price, about ten thousand dollars an acre.

To that plant will come shiploads of Ford's as assembled, and from Jacksonville they will be scattered all over the world and shipped to South America.

HENRY FORD, who would shock the nerves of big financiers as quickly as he would chop off the head of a leghorn hen has recently startled gentlemen that manufactured fertilizer here.

Shipment came and have continued. Jacksonville understands that Ford's ammonium sulphate is a by-product of his coke plants. What interests the farmers is the fact that Ford sells his fertilizer of the highest grade, nineteen dollars a ton below the market price.

Apparently Ford is trying his hand at cheap fertilizer without waiting for Muscle Shoals.

"NOT TOO much, not too little," said Aristotle. Even in religious emotions excess is a mistake and brooding leads to trouble.

HAT ALSO prayed on his mind, and added to his religious worries. So, by way of further "explanation" he shot his mother and father to death.

Such religious hallucinations were not unusual in the old days. They drove men and women into the desert where they lived in filth and semi-starvation, imagining that such conduct pleased the Lord.

THE CALMING down of our religious emotions is a most important forward step in civilization. Men begin to realize that the mysterious power above gave us this beautiful planet, that we might take care of it like faithful gardeners and find happiness in the process, leaving the hereafter to a higher judgment.

GOVERNOR HARDEE says he will invite John D. Rockefeller to continue on page 5.

Our Own Hydra-Headed Monster

WELCOMED THE OPPRESSED

PALM BEACH POST

The attitude of the people of Florida toward matters of taxation is receiving a considerable notice in many parts of the United States. These discussions have become more pronounced since the news went broadcast that on the Florida ballot in November will appear a constitutional amendment exempting incomes and inheritances from state taxation for a period of twenty-five years.

This is a strange position for the people of a state to take in this day. Most of the states of America fell in step with the government when federal income taxes were applied. Collection of federal inheritance taxes, also was followed by most of the states with taxes on inheritances—in fact there are but two states and the District of Columbia that do not at this time have inheritance taxes—Florida and Alabama.

There is another phase to consider equally as probable—that after the people of Florida have experienced benefits of the result of passing this amendment, the rule will become a permanent one. Nor need the small tax payer begin to look around in an attempt to find how he would be relieved of some of his taxes under the operation of a state income and inheritance tax.

CONFEDERATE PENSIONS Ocala Banner. Representative John N. Tillman, Arkansas, introduced his usual bill (the Union Confederate veterans). The first trouble with his bill is, as we have explained, that it makes the United States pension holders who were in a rebellion against it, which is against all reason.

Let's Keep the Records Straight. As a matter of fact the South was never in rebellion and never fought to destroy the United States government.

Let's Keep the Records Straight. As a matter of fact the South was never in rebellion and never fought to destroy the United States government.

Let's Keep the Records Straight. As a matter of fact the South was never in rebellion and never fought to destroy the United States government.

## Service

Service and style get together in this suit that may be worn for town or country, morning or afternoon. Notice that the mannish vest is of the same material as the skirt. The coat is of blue charmeuse.

## LIBRARY NOTES

The Library has recently been given a fine picture of the late President Wilson in a handsome gift frame. This is the gift of the Mothers' Club, for which many thanks are extended.

A very pleasant story hour was held last Saturday afternoon with thirty children present. Miss Helen Terwilliger very entertainingly told several stories about George Washington, including the story of the cherry tree. The story hour next Saturday will be especially for the Fifth and Sixth grades, and a delightful program is being arranged by Mrs. Mabel C. Kepler, who is an experienced story-teller. The hour has been changed to 2 o'clock instead of 3, and all are asked to be present at that time.

Beginning next Saturday the library hours will be from 2 to 6 p. m. daily, except Sundays, and 2 to 9 p. m. Saturdays. As there is a great deal of technical work to be done outside of library hours, it is necessary to have special times for this work, and the library will open and close promptly during the hours announced, as it can best serve its patrons in this way.

## ENTERTAINS AT SERIES OF PARTIES

On Saturday, Mrs. Harry B. Lewis entertained at a bridge luncheon at the Valdez Hotel, honoring her charming house guests, Mrs. F. A. McPherson of Highlands, Iowa, and Mrs. Thomas Bentley, of Toledo, Ohio. This is the first of a series of parties Mrs. Lewis is giving this season, and is being anticipated with much pleasure by the guests.

Mrs. Thomas Bentley of Toledo, Ohio, who has been spending the winter at Florence Villa, Winter Haven, will arrive here Friday and will spend several weeks here as the guest of Mrs. Harry B. Lewis at her home on Magnolia Avenue.

## Mah-Jong Is Taking the Country By Storm

A complete set in bright colors, 144 tiles, 116 counters, 8 racks, 3 dice, book of rules and instructions, and one learn the game in ten minutes. It's very fascinating. All in attractive box, sent prepaid except of \$1.00 (Canada \$2.00 extra).

**\$1**

Very Attractive Black Satin Mah-Jong Table Cover, with colored decorative design, adjustable to any size card table; 16 counter pockets, striking colored stitched edges. Extraordinary value. Special price.

## DRESSY SPORT HATS

AN ATTRACTIVE ASSORTMENT IN BOTH LARGE AND SMALL SHAPES.

### THE QUALITY SHOP.

## ANNUAL BRIDGE LUNCHEON AT WOMAN'S CLUB

The annual bridge luncheon given by the Social Department of the Woman's Club, which is one of the largest and most brilliant social events of the year, was given Tuesday at the attractive new club house, with Mrs. J. B. Coleman and Mrs. George Davis Hart as hostesses.

The large club house, which lends itself so well to the decorative hand, never looked lovelier than on Tuesday. The color motif of mauve and coral being used and were carried out with sweet peas and softly shaded lamps. The fact that George Washington's birthday had just passed was evidenced with numbers of flags, cherry trees and hatches. The long mantel was banked with feathery ferns, and centered with a potted maiden hair fern. At either end were adorable lamps dressed as Colonial Dames, in orchid taffeta and lace, with Galesboro hats of taffeta and ostrich. These were later given as prizes. Festal baskets filled with red roses and amarillias were also used to advantage.

Receiving the guests upon arrival were the hostesses, Mesdames Coleman and Hart, together with Mrs. R. E. Tolar, president of the Woman's Club and Mrs. W. M. Scott, vice president. They were then shown to their places by Mrs. Ben Caswell and Mrs. Edward Meisch.

Luncheon was served at small tables, centered with miniature cherry trees. The place cards were unusually interesting, being in the form of booklets. The cover being embossed with American flags and Liberty bells and the lettering in red and blue. On the inside was a picture of George Washington. These were designed by Mrs. Coleman, and were later used as talkies.

The members of the Domestic Science class of the Sanford High School under the direction of Miss Mary Zachary, and wearing smart costumes of white, served the delicious four course luncheon.

During the luncheon, a delightful program was rendered by Miss Madeline Mallen, piano, and Miss Mary Stionoff, violinist. Little Miss Martha Pitts, the winsome young daughter of Mrs. W. A. Pitts, gave a number of clever dances wearing a blue taffeta frock and cunning small hat, using the flags and red, white and blue balloons in her feature dances.

Following the luncheon, the guests enjoyed an unusually spirited game of bridge, when scores counted, the prize for high score among the club members was won by Mrs. Perry Jernigan, while the guests prize, went to Mrs. John Mitchell of Winter Park.

## Half Your Living Without Money Cost

You can make it easily at home. Hastings' Seeds, Plants and Bulbs, "The Standard of the South," are all fully described with hundreds of actual photographic pictures in the new 1924 Seed Book of the South. This new Hastings' Seed Catalog is the greatest and most useful Seed Book ever published for the South. You need it, and we want you to have it entirely free.

We are also giving to each 1924 customer 5 SEED PACKETS of BEAUTIFUL FLOWERS—ABSOLUTELY FREE. The new Catalog tells all about it and gives every care for the consideration of the buyer for purchasing and planting seeds, bulbs and plants," says the Seed World Review. We want you to have and keep the wonderful new Seed Book in your home for ready reference at all times. Write for it now. A postcard will do. It will come to you by return mail.

H. G. HASTINGS CO., SEEDSMEN. ATLANTA, GA.

Three hundred kiddies to plant ferns. The children of the South Side Primary School are to have a "Fern Day" Friday, Feb. 29, at 2 o'clock. A program has been arranged. Parents and interested friends are invited to attend. Each child has been caring for a fern for the past month. Friday they will plant these ferns under their class room windows. More ferns will be needed, as there is only a small class in the lunch room, and we wish to plant ferns the entire length of that end, or Magnolia Avenue end of the building. Donation of ferns will be greatly appreciated. Please bring them to the school house with you or send them by the children.

Mrs. J. B. Huff and Mrs. J. W. Cheney who have been the guests of the former's daughter, Mrs. Ben Caswell at her home on Magnolia Avenue for the past two weeks, left Monday for their home in Atlanta.

The entire affair was of exceptional enjoyment to the many guests and the artistic touches of these two charming hostesses being reflected in every detail. There were thirty tables of players, and quite a number of out-of-town guests were in attendance.

Among the out-of-town guests were Mrs. W. J. Jordan of Jacksonville, Mrs. Harry Papworth of New York, Miss Lawrence of Orlando, Mrs. J. C. Henson, Mrs. John McNamara of Savannah, Ga., Mrs. J. N. Bradshaw of Orlando, Mrs. Harry Dickson of Orlando, Mrs. H. P. Bodwell of Providence, R. I., Mrs. F. A. McPherson of Highlands, Iowa, Mrs. Epfall of Daytona, Mrs. Harry Driver of Orlando, Mrs. John Mitchell of Winter Park, Mrs. Ely of Providence, R. I., Mrs. Barnes, Mrs. James Hawkins of Atlanta, Mrs. W. Coleman of Oklahoma City, Mrs. Harry Bauner of Washington, D. C., Mrs. R. S. Keeler of East Orange, N. J., Mrs. Al Cranford, Mrs. Hart Peterson of James town, N. Y., Mrs. Carl Ferran of Eustis, Mrs. George Chamberlain of Daytona Beach, Mrs. W. F. Flanagan of Pulaski, Va., Mrs. Kreider, Mrs. W. J. Steed of Kissimmee, Mrs. Murchison of Kissimmee, Mrs. Howell, Miss Hazel Hill of Peaskill, N. Y., Miss Ida Lou Conley of Valdosta, Ga., Miss Geraldine Hood of Commerce, Ga., Miss Sara Frances Wilson of Peaskill, N. Y., Miss Mary Deak of Illinois, and Miss Gertrude Jordan of Atlanta, Ga.

## Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago... I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

## CARDUI

The Woman's Tonic and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me up. So that is how I first knew of Cardui. After that, when I began to get weak and 'no account', I sent right for Cardui, and I never failed to help me."

If you are weak and suffering from womanly ailments, Cardui may be just what you need. It has helped thousands, and ought to help you.

'EX 97

## "ALL AT SEA" PLEASES LARGE AUDIENCE

Under the direction of Marion Dow Kensick, musical director and teacher at Stetson University, and Mr. and Mrs. Francis C. McMahon of Sanford, the Stetson College Glee Clubs offered to a large audience of Sanford music lovers Tuesday night the popular light comic opera, "All at Sea," in a clever and pleasing manner, worthy of a professional cast.

This occasion was the benefit performance of the opera for the Episcopal church, under the auspices of the Men's Club. A very appreciative audience expressed itself as being highly pleased with the efforts of the club, offering loud and continued applause as evidence of its satisfaction.

The cast proved ideal, for every selection gave a splendid portrayal of the part, combining pleasing voices, appropriate costumes, and a studied appreciation of each character.

Without doubt, the splendid portrayal of Miss Persis Burns, as Mabel, Miss Ruby Glenn Bennett, as Phyllis, Miss Hilda Eastlick, as Patience, and Miss Marlon Keneff, as Josephine, displayed much evidence of careful study and coaching, and all possessing sweet and tuneful voices, easily carried off the feminine honors.

As the Fairy Queen, Miss Mariella Dykes seemed especially suited for her part, and Miss Frances Janey as Little Buttercup, delighted

ed the audience with the "Little Buttercup" song. Miss Louise Keneff, as "Yum-Yum," was the delightful lead of the Japanese chorus, one of the leading features of the opera. A pleasing blending of the voices of the Fairies, the Japanese chorus and the "cousins and aunts" of the Lord Chancellor, aiding materially in the progress of the play.

Among the men the clever work of Ed Stone as the Lord High Executioner, Malcolm Stone, as the Lord Chancellor, Ed Whitnell, as the Police Sergeant, Louis Reitte, as Frederick, and Charles Henderson as Sir Joseph Porter, was prominent. There was a pleasing and picturesque performance. Ed Clark as Captain Corcoran, Roger Ford as Ralph Buckstraw, Chas. Tribble as Dick Deadeye, Lloyd Layton as the Pirate King, and Edward Henderson as the Mikado, also gave promising performances.

The pirate crew, the sailors, and especially the policemen, lent color to atmosphere and completed the large cast.

It was a splendid showing for the Glee Club and the play, with the assistance of a splendid orchestra under Donald Faulkner, certainly made a worthy impression.

Mrs. George Chamberlain of Daytona Beach, formerly of this city, was the guest of Mrs. W. J. Thippen Tuesday at the bridge-luncheon. Mrs. Chamberlain has

hosts of friends here who are always delighted to see her. Mrs. Chamberlain was accompanied by Mrs. Epfall also of Daytona.

# Why Every Mother Would Like to be a Farmer

EVERY thinking mother would like to raise her children on a farm. There are the fields to roam the pure air to breathe, and, most important of all, the good, wholesome food to eat. Good food builds strong, sturdy bodies in youngsters.

This inborn desire of the intelligent mother has made it possible for 70,000 farmers comprising the Dairymen's League Co-operative Association to give you DAIRYLEA Brand Evaporated Milk direct from their farms.

NOT EVERY family is fortunate enough to live on a farm, but now, no matter where you live, you can purchase from your grocer at least one food direct from the farm.

When you buy DAIRYLEA you are buying direct from the farmers who produce it, and each can has the combined guarantee of 70,000 progressive farmers.

DAIRYLEA Evaporated Milk is the concentrated wholesomeness of the purest, fresh bottle milk, and is produced in New York State, where milk laws are most stringent. It is exactly the same milk which U. S. Senator Copeland, when Health Commissioner of New York City, called "the best in the world."

Ask your grocer for DAIRYLEA Evaporated Milk. This is a picture of the can:

## BOXING PROGRAM FOR HEAVIES IS EXPECTED SOON

Kearns and Dempsey Arrive in New York and Former Will Have Confab With Rickard.

NEW YORK, Feb. 27.—Plans for the 1924 heavyweight boxing program are expected to take definite shape next week as a result of the arrival in New York of Jack Dempsey, the title holder, accompanied by his manager, Jack Kearns.

Kearns said Tuesday he expected to resume this week conferences with Tex Rickard on the prospective return match with Tommy Gibbons, who already has accepted the promoter's terms for a match with Luis Angel Firpo for a bout with the winner of the prospective Firpo-Harry Wills contest, which may take place in July. Providing Dempsey succeeded in disposing of Gibbons, his second match would take place in September.

If it is staged, however, the Firpo-Wills encounter probably will not be promoted by the New York syndicate headed by Lew Raymond. Raymond had obtained tentative agreement of both fighters to terms involving a half-million dollar purse, but his withdrawal, forecast as a result of a deadlock with Firpo over the place of deposit of a \$50,000 preliminary forfeit, may take place definitely within a day or two.

Billy McCarney, Firpo's business representative said tonight he would advise Firpo to cancel negotiations with the Raymond syndicate unless there is a change in the present situation, a that other offers McCarney says have been made for the contest may be considered.

McCarney declined to reveal the sources of other offers for a Firpo-Wills battle but indicated one was on behalf of Rhode Island interests.

OFF FOR SPRING CAMPS.—PITTSBURGH, Feb. 27.—Paso Robles, Calif., was the goal of Bill McKechnie and the Pittsburgh Pirates when they left here Sunday aboard a special Pullman for the spring training camp. Eleven players, including Steiner, Meadows, Maranville, Traylor and Barnhart, were in the Pittsburgh contingent. Other players are to board the train en route.

## Money Won On Dog Races To Pay For College Expenses

ASHTON, Idaho, Feb. 27.—Olcott Zarn, 16-year-old high school junior, who started dog racing four years ago for his health and who emerged yesterday as international champion, defeating veterans, will use his winnings for a college education and will defend his title again next year.

Zarn, the youngest contestant ever to enter the American dogs, landed a third after a soft and melting snow. The last four miles of the course he carried an exhausted dog on his sled.

## GATOR QUINTET MEETS CLEMSON IN FIRST GAME

Seventeen Teams Will Participate in Conference Tourney Which Opens in Atlanta Tomorrow

ATLANTA, Feb. 27.—With 17 teams entered, the southern conference basketball tournament will open here Thursday night, Feb. 28, one day in advance of the time originally set. Florida and Clemson will meet on Thursday night.

The drawing is as follows: 8:30 p. m., Thursday, A. A. C. court—Florida vs. Clemson.

- Friday games:
  - 1 p. m.—Tulane vs. South Carolina.
  - 2 p. m.—V. M. I. vs. Maryville.
  - 3 p. m.—V. M. I. vs. Maryland.
  - 3 p. m.—Alabama vs. University of Mississippi.
  - 4 p. m.—Vanderbilt vs. Winner Thursday game.
  - 5 p. m.—Mississippi A. & M. vs. Tennessee.
  - 7 p. m.—Tech vs. Auburn.
  - 8 p. m.—Georgia vs. Washington & Lee.
  - 9 p. m.—North Carolina vs. Kentucky.

Seventeen teams will participate in the tournament. The teams entered are: Georgia, Georgia Tech, Alabama, Auburn, V. M. I., Maryland, Washington & Lee, University of Mississippi, Tulane, University of South Carolina, Mississippi A. & M., University of Tennessee, University of North Carolina, University of Kentucky, Vanderbilt, University of Florida and Clemson college.

## MISSISSIPPI AND CENTRE WIN WAY TO SEMI-FINALS

"Flash" Covington of Centre Thrills Spectators With Spectacular Play Against Chattanooga

ATLANTA, Ga., Feb. 27.—Centre college and Mississippi college won their way to the semi-finals in the Southern Intercollegiate Athletic Association basketball tournament here yesterday afternoon. Their opponents were to be decided in games last night, in which Newberry plays Furman, and Mercer meets Louisiana college.

Centre defeated the University of Chattanooga, 27 to 25, and Mississippi college eliminated Fofford, 42 to 32, in the opening games of the second round, two hard fought battles featured by spectacular goal shooting and team work of high quality.

Colonels Thrill Audience.—The Centre-Chattanooga game brought the crowd to its feet cheering as the Kentucky Colonels, fighting against an early lead, pulled ahead and captured a two-point victory after the Tennesseans had tied the score at 24 points within three minutes of the end of the game.

"Flash" Covington, forward, all-Southern football star, showed himself to be as brilliant on the court as on the gridiron. From the first whistle, he set a pace which seemed impossible to maintain, but throughout the game he seemed to cover the entire floor and scored 11 of his team's points, including the final goal, a long one, which won the game. Dooly, the other Kentucky forward, dropped three goals in succession in the second half for the points which enabled Centre to tie the score for the first time since the game started and then put the Kentuckians in the lead.

Chattanooga displayed superior team work but was unable to withstand the speed of the flashy quintet from the Blue Grass and lost after apparently having the game clinched. Barnes, a speedy forward, and Dyer, center, were the stars of the Tennessee team.

## MURPHY ENTERS RACE

INDIANAPOLIS, Ind., Feb. 27.—Jimmy Murphy, who won the 500-mile automobile race at the Indianapolis motor speedway in 1922, has signed to drive in the contest here today. Memorial day, it was announced at the speedway offices here Monday.

Murphy is one of the favorites with racing fans, and in winning the 1922 race averaged 94.48 miles per hour for the distances.

## EVERT TRUE—By CONDO

## Gator Baseball Team Will Play Champion Giants At Sarasota

GAINESVILLE, Feb. 27.—The University of Florida varsity baseball machine will play the twice world champion New York Giants an exhibition game in Sarasota on Saturday, Mar. 8, it was announced recently by Manager Blake.

A telegram was received by the Gator management from Giant officials, inquiring if Florida would be able to appear in Sarasota on the above date for one game. Director of Athletics James L. White gave his stamp of approval for the contest, and a wire of acceptance was immediately dispatched.

Coach Rex Marrier will redouble his training program for the next two weeks in order to have the Gator diamond stars in real good condition for the important and honored game against John McGraw's famous machine. Florida is one of the few college nines who

is being signally honored by playing one of the big league clubs. Notice of the deal was received with widespread interest and joy.

COUNTRY CLUB BUYS LAND.—DELAND, Feb. 27.—The DeLand Country club has closed a deal for a 114-acre tract of land located south of the city limits where a golf course and other recreation features will be provided for members of the organization. A golf

## BRISBANE

(Continued from page 4.) become a citizen of Florida. With William Jennings Bryan, already an active citizen, and John D. Rockefeller, added to the citizenship of Florida, that state would have an even more conspicuous place on the map of this glorious republic.

THE LAST Florida legislature passed unanimously a constitutional amendment forbidding any tax levy upon inheritances or incomes of residents of Florida.

Florida realizes that men knowing how to do things, and how to get things, are desirable citizens and does all she can to attract them.

BUT MORE valuable to Florida, even than Mr. Rockefeller or Mr. Bryan, would be about one hundred thousand good Italian immigrants able to take up and develop Florida's unused citrus and truck gardening lands.

The only real wealth is human life, intelligence and energy.

## "A WORLD BEATER"

"FOLEY'S Cough Medicine is a 'World Beater' for speedy relief," writes Hilton A. Lyre, 206 Evans Avenue, Evansville, Ind. "Last month I was down with a severe cold, and getting worse, I bought a bottle of FOLEY'S HONEY AND TAR COMPOUND, and the next night was well and O. K." If you want a quick, reliable remedy for coughs, colds and hoarseness insist upon FOLEY'S HONEY AND TAR COMPOUND. It has all the curative qualities of pine tar and honey. Sold everywhere.

DUVAL RECEIVES INVITATION.—JACKSONVILLE, Feb. 27.—An invitation has been received by the Duval High School basketball team to enter the national inter-scholastic basketball tournament to be held at Chicago some time in April, and it is probable an acceptance will be sent if the Tigers are victorious in the state championship meet at Gainesville. Teams from virtually every state in the union will enter the national championship which will be in progress for a week or more.

professional will begin immediately laying out a course which he says will be the equal of any in the state.
