

Girl Claims Rape By Sanfordite

By BILL SCOTT

Seminole County authorities are expected to serve a warrant charging rape on a 30-year-old man today in connection with an incident that occurred early Saturday in a wooded area off I-4.

According to a report filed by Deputies D. H. Schreiner and G. W. Myers, and 18-year-old Orlando girl has filed an arrest warrant charging Robert McWhorter, of Sanford, with rape after he is alleged to have forced her car off the road and assaulted her when she was returning to Orlando after a Sanford party.

Deputies report the girl stated she had attended a party at a Lake Drive home and had left some time after midnight when she noticed another car following her.

She stated the second vehicle forced her car off the road and the driver approached her and said, "You're in no condition to drive."

The girl told deputies she was driven into a bushy area where the man assaulted and beat her.

Later she returned to her car and returned to the party where she called county authorities, and signed a warrant charging McWhorter with rape.

After the warrant was issued, Deputies Schreiner and Myers returned to arrest McWhorter but reported he had taken his belongings and driven to Orlando.

According to an examining physician's report, the girl was fondled and assaulted but was not raped.

Sanford Seminoles Rank 10th

SHS 11 In Top 10 In Florida

By TOM ALEXANDER

WE BLOW OUR OWN HORN

THE NEWSPAPER'S place in the world of events is being emphasized this week, National Newspaper Week. Newspapers of today spotlight top news events, in reporting and analysis, and also offer educational items, humor, and information.

Stafford Derby (right), editor of The Herald's editorial page, advised Sanford Naval Academy students of the benefits of a newspaper career for a profession.

Sports is full of surprises and this morning the Seminole High football team awoke to probably its biggest surprise in many years, one that was certainly not expected according to school officials, as the Associated Press and the Miami Herald rated the Fighting Seminoles the No. 10 prep pickin' team in Florida.

Seminole has played two contests so far this season, opening with a 45-0 whitewash of neighboring Orlando and then losing to a powerful Palatka team, 27-21 in the last three minutes of play, giving the Sanford squad a 1-1 record.

Conducted this morning by the Sanford Herald, Seminole coach Tom Perin expressed surprise at the No. 10 rating but stated: "We've worked real hard. I just hope we can stay there."

Looking closely at the ratings one sees that undefeated Longwood Lyman is not rated in the top 20 and neither is the Palatka team, that stopped Sanford and has strung out 15 straight games over two seasons without a defeat.

After filing a complete check this morning with the Associated Press and the Miami Herald, it is true: Seminole is No. 10 in Florida.

Team	Record Pts.
1. Coral Gables (25)	3-0-0 309
2. Jacksonville Jacks	3-0-0 313
3. Clearwater (2)	3-0-0 207
4. Miami Jackson (2)	2-0-0 145
5. Tallahassee Leon	2-0-0 119
6. Orlando Edgewater	3-0-0 104
7. Fort Lauderdale	3-0-0 89
8. Delray Beach Sea	3-0-0 85
9. Brandon	3-0-0 53
10. Sanford Seminoles	1-1-0 43

Trusty Charged With B&Es

Ex-Cop Captures Escapee

An escaped Sanford trusty was returned to Sanford police and later lodged in the Seminole County jail on two breaking and entering charges.

By JOHN A. SPOLSKI

Test your memory . . . remember Major Bowes of radio yesteryears. (You kids know what radio is, don't you?) He used to say, "Around and round she goes, and where she stops no one really knows."

He must have been thinking about the local political scene. Cause with just a little more spinning and stirring of the pot - we're all going to get a little dizzy.

PREDICTION—One of the announced City Commission candidates will WITHDRAW . . . only to refile again for the office of Mayor of Sanford.

Stick around folks, this is just the beginning of one of the most interesting and stimulating elections Sanford will have ever had.

Altamonte Springs is showing signs of interest, too with their public officials. A town meeting is scheduled for Oct. 14 at St. Mary Magdalene Catholic Church in Altamonte . . . with room for 400 taxpayers to take part in the meeting.

The first of such meetings was held last year in Lake Mary. Following the one at Altamonte, there'll be others . . . North Orlando, Longwood . . . and of course, the many which will be a part of the upcoming election right here in Sanford.

Governments and cities are only as good as the interest taken in them by their constituents. Listen and take an active part . . . even to the degree of inviting a capable citizen to run for an office himself (or herself, come to think of it).

The first session will be held at The Sanford Herald and will deal with "The Role of the Owner or Manager in Newspaper Advertising." The speaker will be Mr. Hugh C. Waters, free-lance editor and journalist, from Orlando.

Hall probably will be arraigned before Justice of the Peace Jack Mahaffey later this week.

Boyd stated that the shooting took place around 2:30 a.m. Sunday and that Hall came to Boyd's office this morning with his mother to turn himself in.

Hall was charged with assault, with intent to commit murder and lodged in the Seminole County jail this morning.

Holleman was rushed to Winter Park Hospital following the shooting and was reportedly shot in the chest. Officials at the hospital were mum on giving any other details about the youth's condition.

Holleman was shot on Jamestown, following an argument.

Business Seminar

A special seminar, "An Introduction To Merchandising & Advertising For Small Businesses," is being sponsored by the Small Business Institute of Seminole Junior College. This seminar is designed especially for managers and owners of small businesses, and will be held four consecutive Tuesday evenings, Oct. 7, 14, 21, 28 from 7:29-9:30 p. m. This is a non-credit seminar with no tuition fee.

The first session will be held at The Sanford Herald and will deal with "The Role of the Owner or Manager in Newspaper Advertising." The speaker will be Mr. Hugh C. Waters, free-lance editor and journalist, from Orlando.

Hall probably will be arraigned before Justice of the Peace Jack Mahaffey later this week.

Marine, 21, Shot In Argument At Jamestown Area

A 21-year-old Marine was listed in fair condition this morning at Winter Park Hospital after being shot early yesterday in Jamestown just outside of Oviedo. Constable Chester Boyd reported that Kenneth Holleman was shot on Florida Avenue by James Hall, 18, of Jamestown, following an argument.

Boyd stated that the shooting took place around 2:30 a.m. Sunday and that Hall came to Boyd's office this morning with his mother to turn himself in.

Hall was charged with assault, with intent to commit murder and lodged in the Seminole County jail this morning.

HOORAY!

LOS ANGELES (AP) — Dry, hot desert winds swept in from the east and raved the people of Los Angeles as they hadn't seen clear for weeks' Los Angeles.

The Los Angeles Times marked the first smogless days since midsummer with a front-page picture of the downtown skyline in today's edition.

Kretz said McMilland was charged with embezzlement in two incidents of selling eggs to unsuspecting Orange County dealers.

The man was charged with embezzling company eggs worth an estimated \$103,244.

Kretz stated the company had employed a private detective firm without success before contacting county authorities to pursue the investigation.

Survey Shows: Advertising Pays

By MARION BETHRA

In connection with a special seminar, "An Introduction To Merchandising and Advertising For Small Business," sponsored by the Small Business Institute of Seminole Junior College, a business survey was recently conducted by the college. Questionnaires were sent to 210 business, 100 of whom sent a reply. The returns stated that in-service training was conducted for employees in 71 of the business, 64 conducted personally in relation to advertising, 90 did so regularly, 66 had a planned program, most of which was yearly. The media most used were the newspaper (68) followed by the radio (56), radio (44), telephone (21) and handbills (14). Advertisements have proven beneficial in 75 of the surveys. Advertising agencies conducted for employees in 71

Students Spell Out Advice For Parents

MIAMI (AP) — Rumors of racial unrest in Dade County's Miami-Dade Community College have brought mass invasions to campus days to parents anxious over their children's safety. The college says the two-day drop, who are concerned.

"They want to calm their parents to assure them all is well. They also have advice for troubleshooters among their classmates," black or white.

"Good it or get out."

Working through a racial grievance committee headed by pupils, they've set up their own system of detecting and attempting to stop trouble before it develops.

"People who make trouble here don't last long," a white teenager said. "At Carol City, there's always someone to turn to when you're in trouble. And something gets done."

"The pupils are backed by the faculty," history teacher Joseph Pizer, one of the dozen blacks on the staff at the 2,700-pupil school, said. "We attempt to keep things from being blown and while here, but many people in the community can't get a round that yet."

Larry Jones, a black pupil, is one of those active in the anti-rumor drive.

"We've got to get the community involved," he told a recent meeting of the public grievance committee. "We're trying to turn a group that can discuss

Governor Reports On Crime

MIAMI (AP) — Gov. Claude Kirk claimed Sunday that a secret battle in his war on crime has resulted in 50 grand jury indictments in Dade County and he said his top investigator promised conviction.

"Many interest attacked me personally during the more than two years that I have devoted to fighting crime in Dade," Kirk said. He added that the interest attempted "to sidetrack me."

Many of the indictments came after former Dade County detective Charles Celona turned names without after being indicted himself, Kirk said.

The governor said a special task force, working as silently as possible to curb crime, was headed by Orange County's State's Atty. Robert Egan.

In a Sunday news conference, Kirk pointed to a Dade County man bearing 153 black stars. He said each represented an establishment involved in crime.

"More than \$50 million in hard drug traffic went through such places last year," he said. But Kirk added, "The entire criminal structure will begin to crumble if we can successfully prosecute the cases in hand."

Lakeview Parents' Night Set

The first Parents' Night of the school year will be held at the Lakeview Junior High School, Monday from 7:30 to 9 p.m.

Ted Barker, principal, and assistant principal Owen McGarron will be on hand to greet the parents when they arrive.

The parents are reminded to go directly to their children's homerooms to be instructed as to the evening's proceedings. Copies of the children's schedules will be handed to them, and a short version of a daily schedule will then take place, allowing each person to make a "trial run" so to speak, of the students' daily school program.

For the time allotted each period, the parents can meet and discuss their child's progress.

Each teacher will be in his classroom with the exception of the physical education teachers who will be located in the circulation area next to the lockers.

Meeting On Orientation

A parent orientation meeting will be held at Semoran High School on Tuesday, Oct. 7 at 7:30 p.m. The meeting will be held in the Auditorium at which time a brief expansion of the overall school program will be discussed.

The main portion of the evening will be devoted to classroom visitation which will enable parents to attend each class in which their son or daughter is assigned. Parents will follow a schedule similar to a regular school day but on a considerably shortened time period.

During each 10 minute class the teachers will explain their homework assignments, reports, daily work, testing and other items that pertain to the subject.

promoting campaigns to 15 businesses.

Considerable interest was evidenced in learning the basic principles of advertising and sales promotion, as 24 businessmen wished to obtain detailed information and were interested in attending seminars.

Accounting was of little interest to the business owners and managers, since 80 kept their own financial records. However, credit, financing, responsibility, and taxation evidently pose problems, since 43 evidenced an interest in seminars dealing with these problems.

The college is interested in developing a Small Business Institute to be operated by the Division of Extension Services. The basic purpose of the Institute would be to act as an agency for assisting the small business community in solving problems, conducting research, securing grants, and developing the development of the fore-mentioned Institute, and 31 were interested in serving as members of its advisory board.

New Light On An Old Issue - The Sanford Zoo

Editorial Comment

The Sanford Zoo has been a perennial subject for debate and concern by many.

It has stimulated more than enough argument about a proper location. It has been used as an issue which could serve to make everyone aware of its commercial value as a tourist attraction and an opportunity for beautification.

The poem itself reads:

"The lions and tigers no longer roam,
"The bears do not amble through forests of green,
"The Bald Eagle no longer soars up in the sky,
"The monkeys no longer chatter up high,
"The little brown fawn will grow up without fear,
"Not knowing the danger that may lurk quite near,
"The coyote won't yap on a high desert hill,

"The otter won't play in the streams that aren't still,
"The patons won't swim with wild turtles and birds,
"The peacocks have limbs instead of vast fields,
"The squirrels will not run through the tree tops so high,
"For they live in cages, with no place to hide,
"So why not do something for these little things,
"Just find the right courage and do anything."
Then there is a most pertinent footnote: "This little poem tells how bad the zoo is. For there is no room, but to hardly live."

Of course the impact which visits to our zoo has had on so many is two-fold. First, surprise at the number and variety of animals so confined. Second, amazement at the way in which the zoo-keepers have been able to use the admittedly limited facilities so well.

Yet the question implied in the youngster's poem is one which has been raised by others. It had full-scale treatment in an article in LIFE written by Desmond Morris, former curator of mammals at the London (England) Zoo and author of the best-selling book *The Naked Ape*.

This was condensed by the Readers Digest and thus has had wide readership attention. We have neither the space to reprint nor the skill to summarize this article entitled: "Must We Have Zoos?" Yes, But . . .

To every interested person who would like to think along new and informed lines when zoos are under discussion we recommend the reading of the full article or its condensation.

The various moves made here in Sanford to solve the local zoo problem, size and operator have brought many thoughts to our desk. These have ranged from the most optimistic and enthusiastic arguing for a location of many acres and the development of a living zoo attraction which would be similar to that presented at Busch Gardens in Tampa.

Yet the cost of such an enterprise dampens the zeal, especially when other more immediate demands on city fiscal resources are given proper weight.

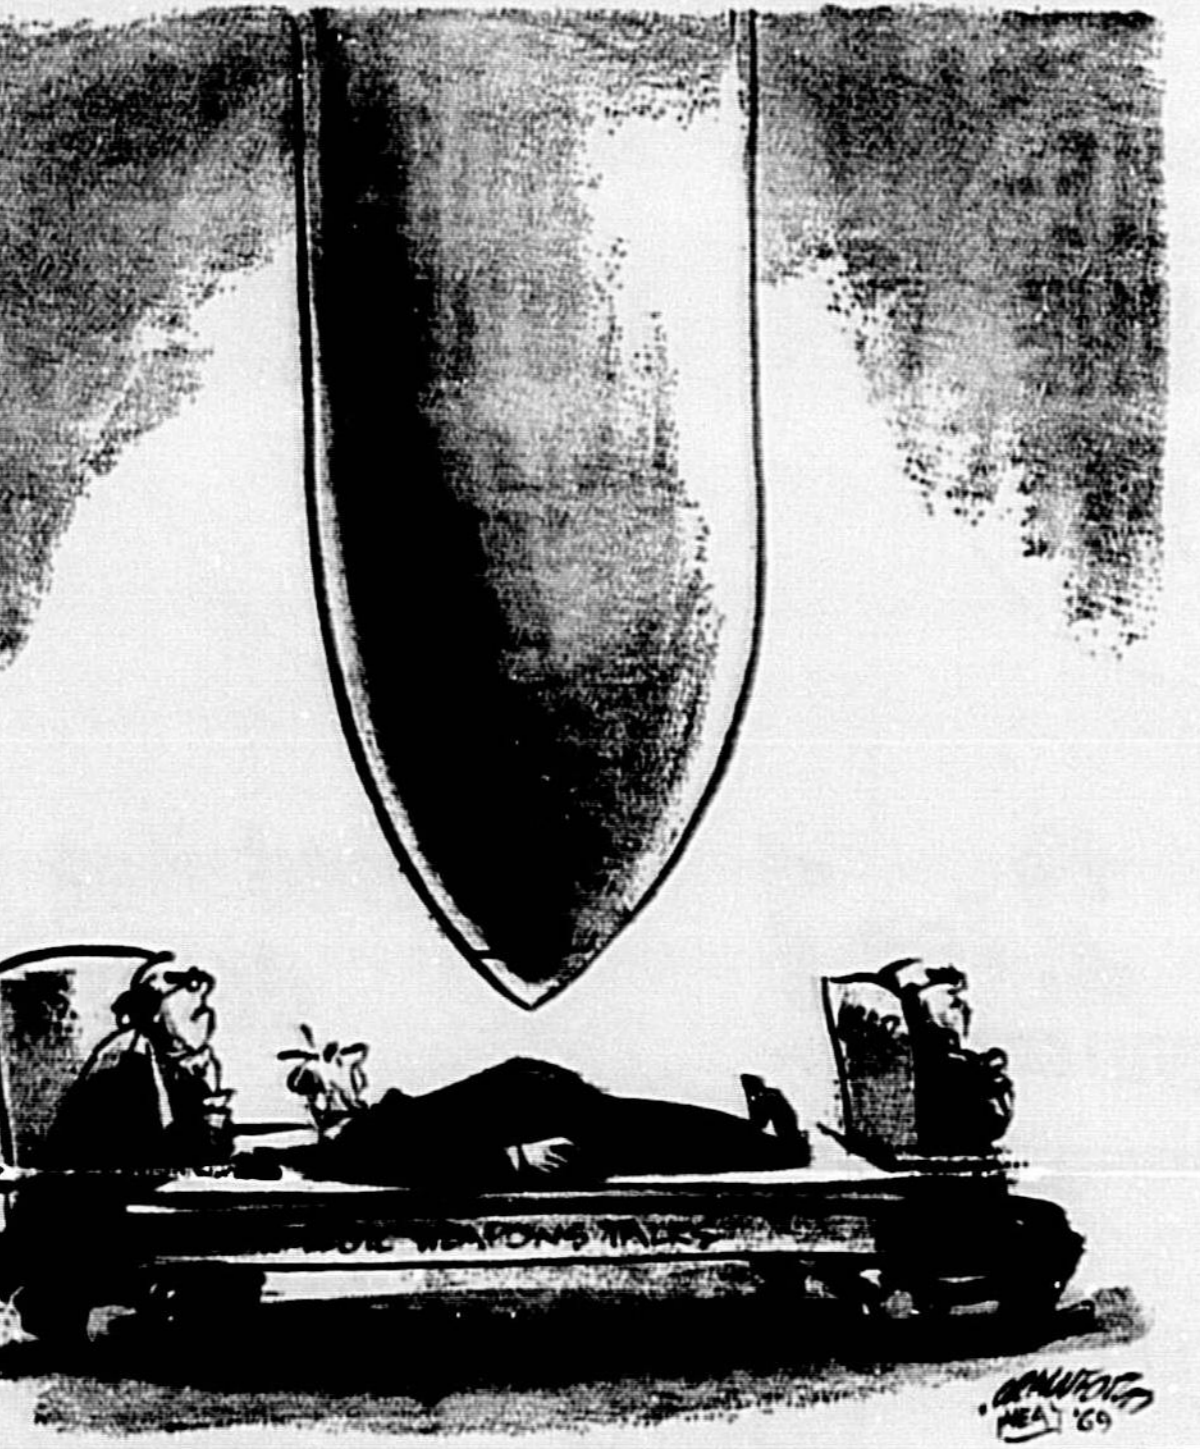

There have been those who would do away with any zoo, arguing that unless a truly representative tourist attraction which would increase the prestige of Sanford is developed, then none should be presented.

This editorial is not to give our endorsement to either view. What we would like to do is to point out what perfectly splendid young people we have in our city — Shannon Lee Cleary, for example — and what a new light is shed on the zoo, where it is most needed!

Newspaper Week

- In recognition of this "Newspaper Week" we are printing below some very sound advice from I. William Hill, associate editor of the Washington Star, on "How To Read A Newspaper":
1. Read your newspaper every day. Make newspaper reading a habit, like eating dinner. Don't miss a daily installment in its story of the world.
 2. Don't be headline-happy. Headlines give you only what's the menu. You can pick your meal from a menu, but for pleasure or profit, you have to eat it.
 3. Don't be page-one-happy. Don't read merely the first page. Your news may be inside. There's more news inside than on Page One, for you, it may be better news.
 4. Don't be one-subject happy. The one-noters read their sports, crime news or comics for entertainment. Sticking to their chief interests, they're picking up crumbs, leaving dollars.
 5. Be a fact-seeker. Look to the news columns first for your facts. Then play the game of checking up on the columnists and editorial writers. You may be the better chitney.
 6. Read with both eyes. Note qualifying words and attributions. Don't take a charge for a conviction, a rumor for a fact, or a plan for an accomplishment.
 7. Don't be a reading coward. It takes a knowledge of both sides to make up your mind easily. Don't be afraid to read opinion at complete variance with your own.
 8. Get out of your reading rut. Use your newspaper to give yourself a mental job. Read at least one thing daily that's completely apart from your normal interests.
 9. Do your shopping at home. Whether it's food, clothes, or a roof over your head you want, you'll find the best buys in the advertising columns of your newspaper.
 10. Relax and enjoy the fun. Your newspaper doesn't forget there's a lighter side to life and neither should you. Try the comics, the crossword puzzle or the word game.

"The Rest of Us Are Getting a Little Uncomfortable, Comrade!"

Crane's Worry Clinic:

"Be Nice To Come Home To"

By GEORGE W. CRANE, Ph.D., M.D.

CASE 1-525: Betty Gray is the wife of a former magazine editor.

She now produces a monthly article for a dental journal, slanted primarily to wives of doctors.

"Be Nice To Come Home To" was the heading of her recent essay.

And that's a superb motto for all wives!

Of course, the reverse is equally important, namely that we husbands are delightful to meet when we reach home at night.

Since you wives are generally better Applied Psychologists than your mates, you should especially heed Betty Gray's wise counsel.

"But, Dr. Crane," protests the usual wife who has been married 10 to 15 years, "I can't run to the door to greet my husband.

"For I have food on the stove and several children under foot."

True enough, but when you were first married, you met him at the door with a sweet smile and eager embrace, didn't you?

It still would not take more than just one minute to give him a similar greeting, perfumed welcome!

And I mention that you "perfumed" for a lot of you wives forget the romantic value of perfume, except when you are going out to a party.

Yet the most important man you know is the guy who comes home to you every night and who hands over his key about each week!

You tend to take him for granted! But when you go to a party or to the doctor's office, you smell up and use plenty of perfume.

But those guests at the party, plus the doctors, sales clerks and other men you meet outside your home, smell the

source of your regular pay check!

So put first things first. And remember that men are not greatly stimulated by low-cost perfume. They want a lot of money.

What really counts to the average husband is how seductive you look!

"Be Nice To Come Home To" was the heading of her recent essay.

Interpretive Report: Modernity "Invasion" Of France

By RICHARD WILSON

VILLENEUVE-LES-AVIGNON, FRANCE — His tranquil place in the French province of Provence, occupied successively over the centuries by the Romans, Visigoths, Nazis and Americans.

Not noticeable mark has been left on the population by the Romans, Visigoths and Nazis but the Americans, and to a lesser extent the British, have succeeded in proliferating the kind of hotel service they like. It is possible, therefore, to live in the atmosphere of a French provincial town while enjoying the advantages of good plumbing, central heating, English language newspapers, soap, potable coffee and other American necessities.

Letters To The Editor

Why Not Sell The Zoo?

Editor, Herald:

I am a resident of Sanford and have been following the situation concerning the Sanford Zoo. I cannot understand why the city and sewerage rates are so high to begin with, let alone come up with an outrageously high increase. There is a lot of water beneath Florida's soil and there are less expensive methods of disposing of sewage.

There have been those who would do away with any zoo, arguing that unless a truly representative tourist attraction which would increase the prestige of Sanford is developed, then none should be presented.

Another item which could be included in order to save some expense is the city beautification project. I have little doubt that city utility personnel would be involved in all projects if we have to look for work for the Sanford Utility Department, which you create it by going to an unnecessary expense. It would be more practical to lay off the money being spent. It definitely appears that water being sold for something else. If everything is on the up-and-up, there should be no objection to publishing facts such as the number of families using the facilities, both in the city and in each outlying area, and the amounts derived from each individual area. It is an annual statement published? Possibly some interested citizens should call for an audit of the books.

It seems that the city is more concerned about the big zoo than about personal welfare. In my opinion, Sanford cannot afford to keep a zoo at all. The zoo, undoubtedly, makes some use of the city utilities, and if it is necessary to increase high utility rates at an even higher rate to help support projects such as a low rate zoo, why not sell the zoo? Also, the moving of the expense. Why don't our great

Old-Time Study Hall Passe At Oviedo Hi

By LIZ MATHIEUX

Principal C. W. Holder of Oviedo Junior-Senior High School has replaced the traditional study hall arrangement with a much more flexible arrangement known as "Flex". This new plan enables students to pursue in depth studies, research, counseling, extra lab work, club activities, use the library, make up classes, and have teacher conferences.

Students are allowed to choose their own activities with Florida Technological University, some of the more advanced students are being allowed to take some courses at the university.

In an arrangement with Florida Technological University, some of the more advanced students are being allowed to take some courses at the university.

This carefree electric oven cleans itself.

No more stooping . . . scrubbing . . . oven-scouring! You know how easy it is to keep the surface heating units clean. Now it can be just as easy to keep the oven clean. Just set the self-cleaning control and flameless electric takes over — relieving you of a dirty, tedious chore. Now, more than ever, the fast electric way is the cleanest way to cook. As well as the coolest. And the safest.

Sunshine service electric is cheaper, too. Cooks a full dinner . . . cleans your oven . . . for pennies. Ask your appliance dealer about all the advantages of a carefree electric range.

Eleven rate reductions since 1957!

The average price paid per kilowatt hour by FPL-served families is one-third less than it was in 1957.

Global Comment: Waiting For Dust To Settle?

By RAY CHOMLEY

NIA Washington Correspondent

PARIS (UPI) — A Paris correspondent can be reliably reported the White House does not expect a break in the Vietnam war or Paris negotiations in the near future.

Key experts believe Hanoi will be so occupied with internal political adjustments necessitated by Ho Chi Minh's death that for some time to come (perhaps months) his successors will not be able to agree on any fundamental decisions.

Furthermore, as one White House man puts it, the decision for a negotiated settlement would present a very serious problem for Hanoi's new leaders. They would have to give up many dreams and aspirations. They cannot come to that decision easily.

Therefore, the reasoning goes, it would be unwise and meaningless for the United States at this time to come up with new proposals or suggestions that require a response now at this time Hanoi is in no position to react favorably.

This would be self-defeating. The problem is rather to try to set the stage for that time in the future when the dust has settled in Hanoi and the lines of authority have jelled.

What Washington can do now, then, is to continue making unilateral moves that will signal certain possibilities to Hanoi. The thought is to feed these ideas in now so Hanoi pick them up, digest them.

Then the dust will be cleared when Hanoi is ready.

Thus the recent on-again, off-again B-52 bombing halt.

This was suggested to Hanoi that a bombing halt or selective bombing halt in South Viet-

Quotes

If we want television to clean itself up, then society ought to clean itself up. —Cleveland Mayor Carl E. Stokes

Research has ridden on the coattails of military appropriations simply because that money was easy to obtain. —Sen. Mike Mansfield, D-Mont., the majority leader and author of a bill to bar Pentagon spending for non-military research.

California, being larger than life, encourages excess. If you're a weirdo or a junkie you're that much weirder or junkier. Even writers talk about selling "proprietors" instead of writing books. I want out. —Joe Hyams, the writer, explaining why he and his actress wife are leaving Los Angeles.

When Nixon begins to feel pleasantly relaxed or playfully enjoying, I think, some inner commandment says so, and he feels called back into the quest for words to conquer. —Prof. James David Barber of Yale, in a paper discussing the characteristics of a number of American presidents.

SEAT OF THE PROBLEM is that she's too short (4-10) for the 14-16 Roshan McCarthy found a solution with a set of telescopic directors during a session of England's Liberal party.

Miss Murphy Bride Of F. W. Rood Jr.

Miss Dianne Marie Murphy and Frederick William Rood Jr. were united in Holy Matrimony, Oct. 3, 1969, at 7 p. m., at Chuloheta Community Church. The bride is the daughter of Mr. and Mrs. Edward James Murphy, 321 Second St., Chuloheta, and the bridegroom's parents are Mr. and Mrs. F. W. Rood Sr., of Long Beach, Calif. Mrs. Mary Thompson and Mrs. Beth Porter presented a recital of appropriate nuptial selections and Doris Downs was soloist.

Given in marriage by her father, the bride chose for her vows a formal gown elegantly designed of embossed lace over pou de soie. Fashioned along the gown featured puffed sleeves, a cowl neckline and an embossed lace train which cascaded to a full chapel sweep. Her shoulder length veil of imported silk illusion was secured to a cluster of florets and she carried a term-cascading bouquet of American Beauty roses. Her only jewelry was a cross necklace, a gift from the bridegroom. Miss Judy Sellers attended the bride as maid of honor wearing a deep wine pou de soie gown with pink accents. She carried a bouquet of pink and white carnations.

Attending as bridesmaids and groomed identically to the bride were Jan Sellers and Tammy Hill. Frederick W. Rood Sr. attended as best man and ushers were Robert Oenty and Mark Hill.

Flower girl was Mylinda Oenty and ring bearer was Paul Oenty.

Following a wedding trip to Acapulco, Mexico, the newlyweds will make their home in Southern Illinois.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Someones suspect that in order to look on your readership, you deliberately give a stupid answer just to see how many protests you will receive. Well, I strongly protest your answer to "MRS. XYNAME" who asked her husband to change their name to something more acceptable, but he wouldn't do it. Instead of giving her encouragement, you said with the husband saying, "He's the one who has the last word, so why fight it?"

I have been a school teacher for 15 years. I know how a comic relief-sounding name can humiliate a child. How sad to think that a man would handicap his children thus. Please change your answer, Abby, and encourage her husband to think of his children.

DEAR ABBY: I just read the letter from the lady who signed herself "FOOLISH BUT LUCKY" and I must agree, she is both. In this case she was lucky that her neighbor knew what to do upon seeing her "lost" boy unaccompanied in a locked and abandoned refrigerator. Did you know there are 358 chapters of the American Red Cross throughout the country offering courses in first aid, FREE OF CHARGE! The rules include instruction on how to

From The Bench
By: Tom Alexander

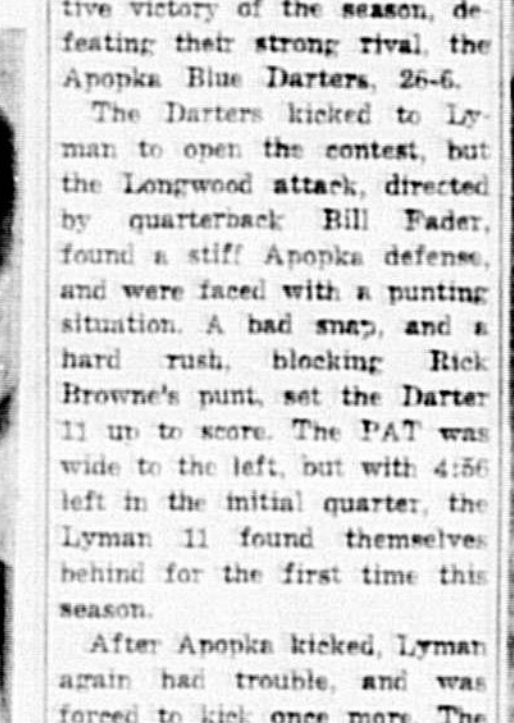

FOOTBALL: 1969-1970... That's right fans, exactly 100 years ago football became an American game and today it is one of the top national sports. In honor of football's 100th anniversary the week of October 24th will be celebration week here in Sanford.

A salute to football is planned featuring various merchant displays, school rallies, and many other surprises including a half-time salute to football players from Seminole High throughout the year. It is also planned to have players from the first Seminole High team on hand along with other old timers. All in all it looks like a big week of celebration coming up.

Heading the planning committee for this important function is Seminole High principal Richard Barnett and United State Bank vice president John Mercer. The Herald sports section for important information on this event is:

JOHN MERCER

DICK BARNETT

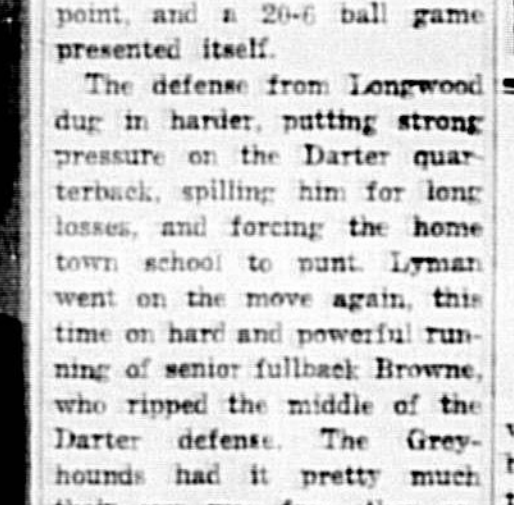

Bench Tights
Swimming season is almost gone, but Seminole High swimmers are already getting set for their 1970 season according to swim coach Roy Greives. It seems that some of the swimmers want to start informal workouts as they are now working on raising enough money to pay for the use of pool facilities. The swim team is probably one of the top contenders for state honors in 1970 and Greives has heard the word desire to know exactly how these swimmers feel.

Coach Joe Sterling is preparing his leaders for their toughest season ever and last week Sterling argued what could be one of his toughest opponents, powerful Indian River Junior College of Ft. Pierce. If you will remember, Indian River averaged well over 100 points per contest last year and was ranked number three in the nation until they were upset by another tough Seminole opponent Lake City in the state tournament.

Indian River will play here on Jan. 18th while Seminole travels to Ft. Pierce on Feb. 26th. Greives will probably be one of the best basketball this ever played here in Sanford.

JOE BOYLE

JOE STERLING

Courtesy was the name of the game Friday night at Apopka. Lyman was the home team and the Apopka hoopers did help out by assisting in ticket, concessions and so on just as if Lyman was playing at its own tank, Mary Thoms Apopka.

Oviedo proved that with a little work and additional game experience a team can do many things such as upset the Sanford Naval Academy 19-6. But those words Alexander, Yes, the old open predictor was a little off in this game and who would have expected Oviedo to use a single wing offense? I thought the single wing went out with Gen. Nyland at Tennessee. Well the Lions are known for surprises and what a surprise as they upset a team that was proving to be minimal to everyone they meet. Way to go Oviedo!

Lyman still doesn't look like last year's fine eleven, but give them another couple of games and look out! If the Seminole-Lyman game will probably prove to be one of the best ever as it will be Seminole's high geared attack against Lyman's tremendous running attack.

Mere mention of Thanksgiving to most folks brings visions of plump turkey legs and gravy-covered dressing.

But to a select group of some 400 athletes, this traditional holiday suggests something like law time and gear ratios.

The 400 represent the cream of the Sports Car Club of America (SCCA) crop of amateur drivers — who, on Nov. 26-30, will drive and duel for national championship honors in the American Road Race of Champions (ARRC) at Daytona International Speedway.

Strictly an individual affair, drivers must earn the right to race in the annual ARRC. This means campaigning for championship points in a year-long series of races in their home divisions (there are seven divisions in the U.S.). Only the top six point-makers in each division class are invited, with priority going to the first three finishers.

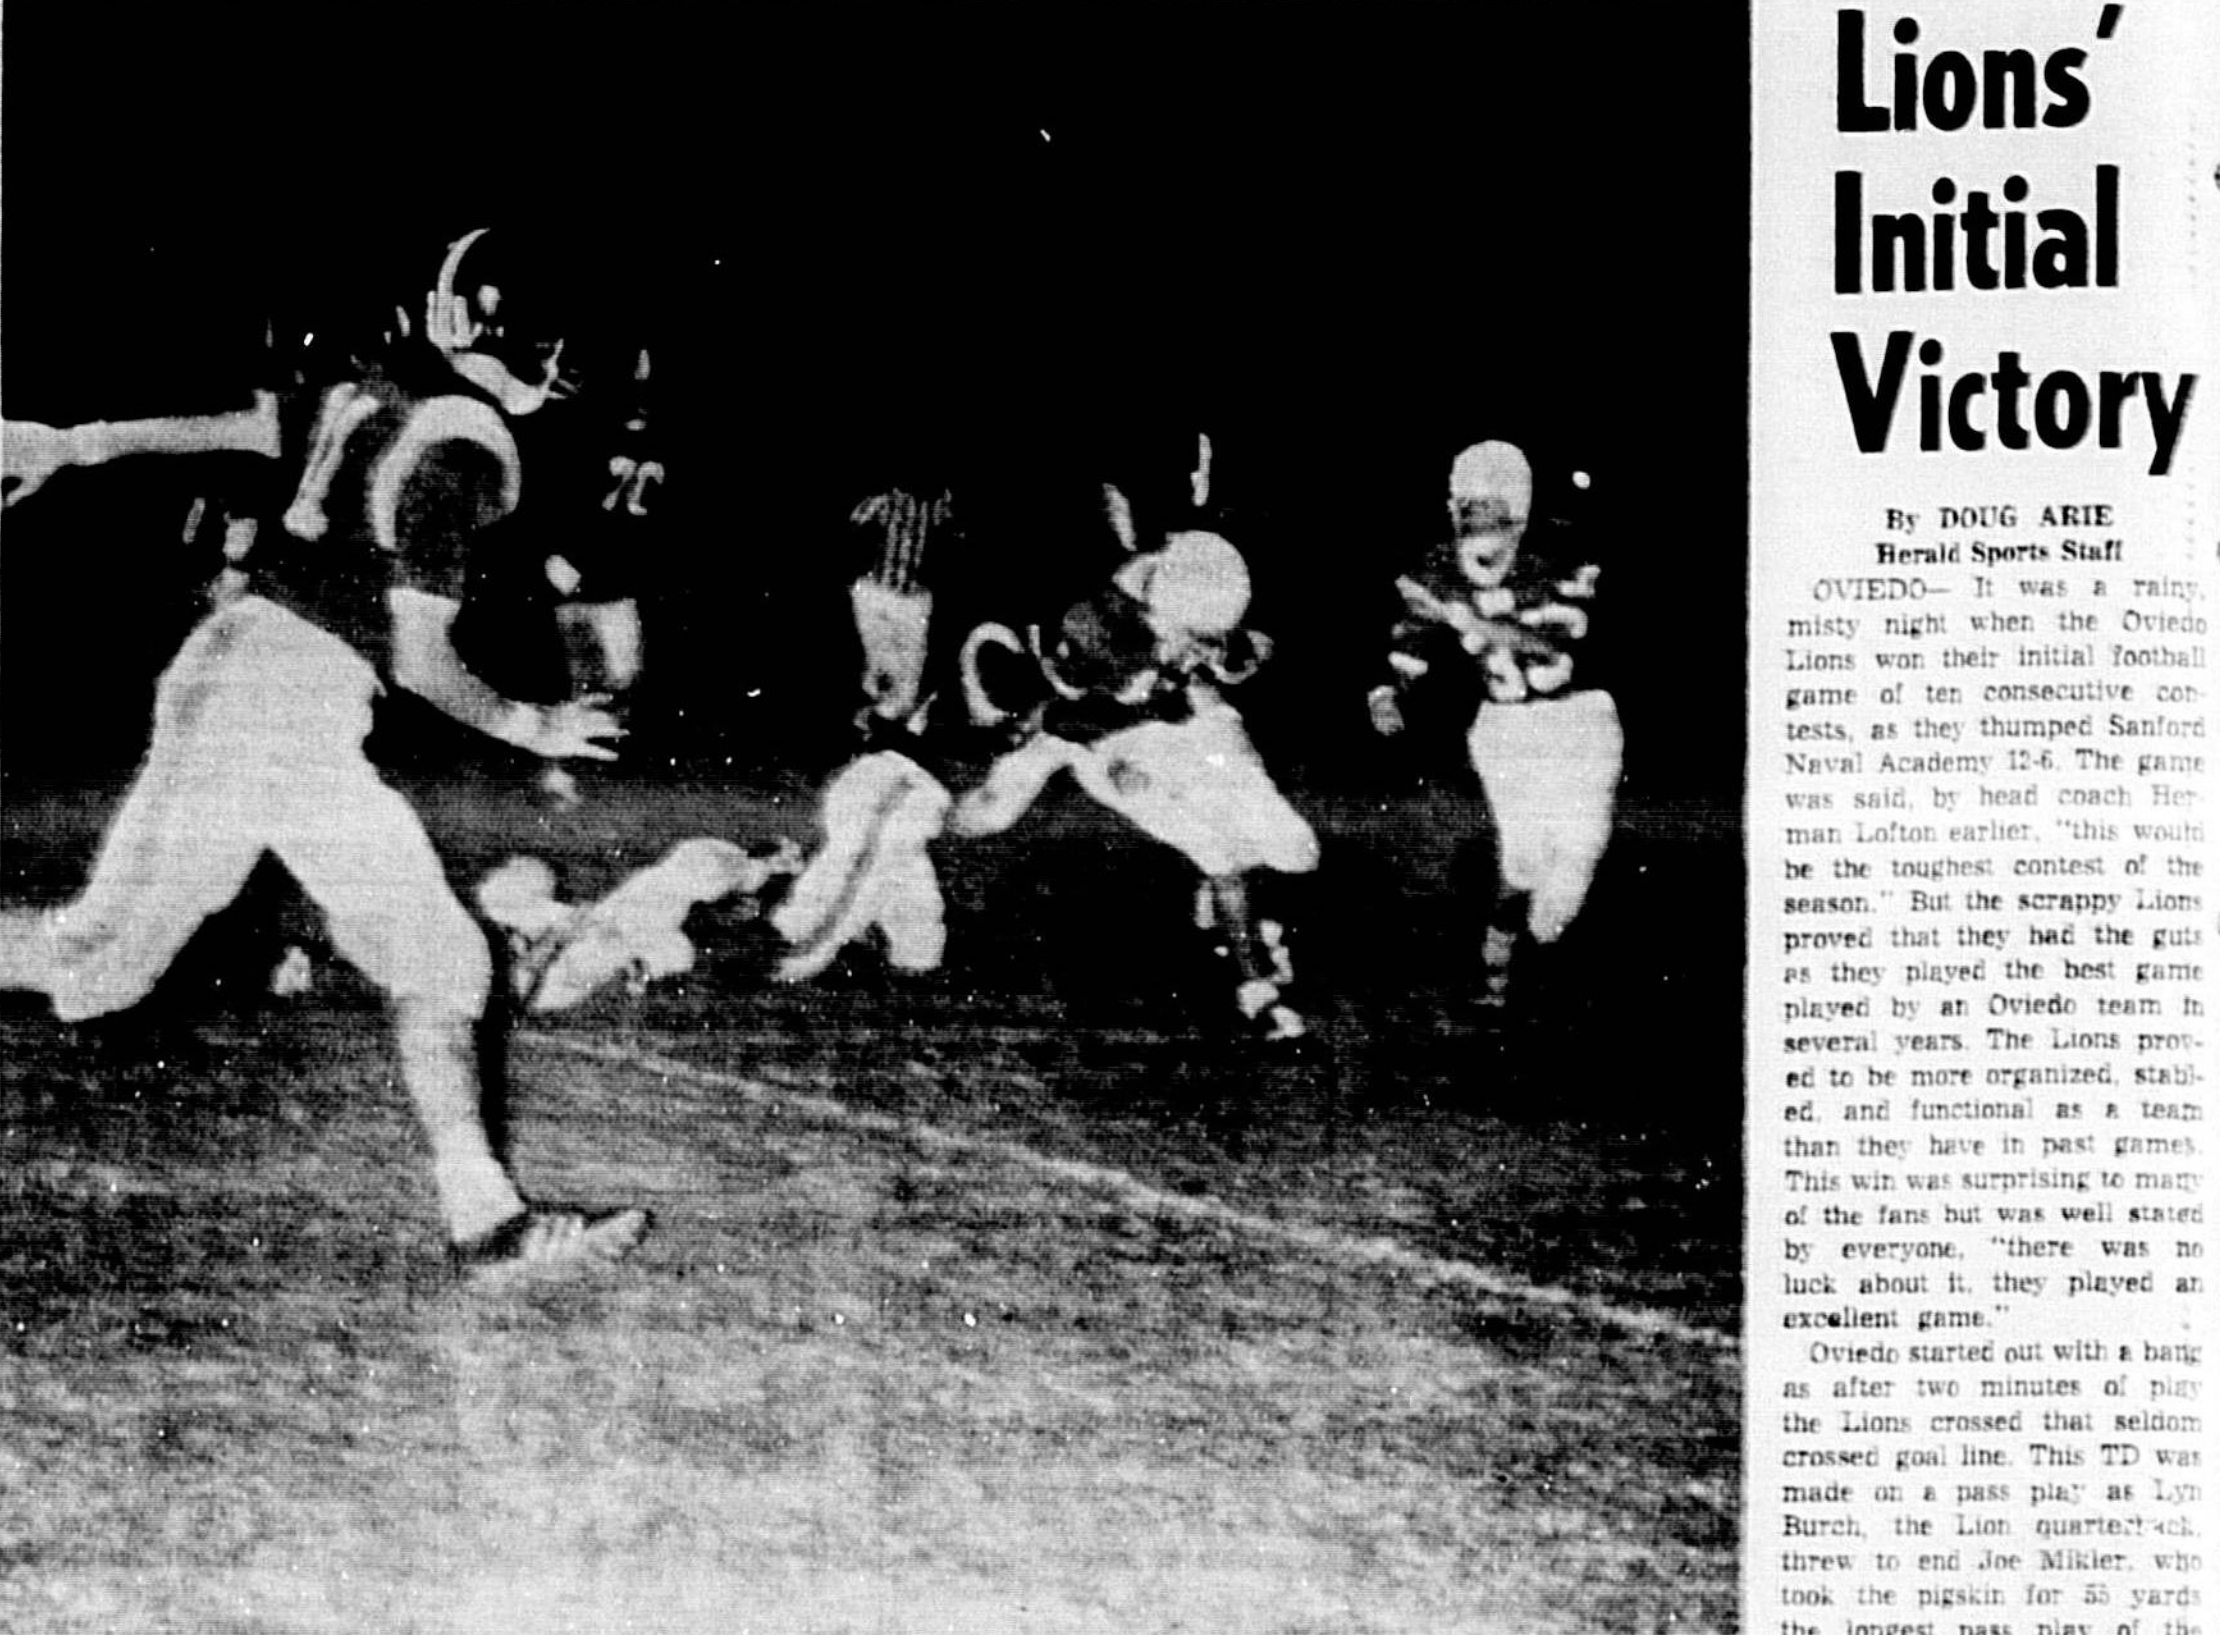

Entrants in the Daytona ARRC come from all walks of life. They include doctors, college students, lawyers, laborers, and business executives.

An "average" entrant is about 30 years old; has raced for five years; has \$8,000 invested in his race car, and performs most of the maintenance on the car himself.

Lyman Hits Apopka; SNA Upset

Hounds Win 3rd Straight

By CHUCK GRILE
Herald Sports Staff
APOPKA — A second half passing spree combined with an outstanding effort on the ground, in a drizzling rain at Apopka Memorial Stadium, keyed the Lyman Greyhounds in earning their third consecutive victory of the season, defeating their strong rival, the Apopka Blue Darters, 26-6.

HIT 'EM HARD. The Oviedo defense smothered a would-be Middle ball carrier. Oviedo won the contest 12-6. (Herald Sports Photo by Doug Arie)

Crooms Set

BY CURTIS HAYES
Herald Sports Staff
In Palm Bay, football has always been a very exciting game and a great crowd puller. Unfortunately, the very capable Palm Bay team that carried them to the top of the state last year, the Apopka team, was unable to do so in the final half of action. The Apopka team, which came away with the victory, was held by the Lyman Greyhounds in the final half of action. The Apopka team, which came away with the victory, was held by the Lyman Greyhounds in the final half of action.

Weiskopf Headlines Tourney

POINT ST. LUCIE, Fla. — Tom Weiskopf, Columbia, Ohio, who has won more than \$70,000 on the 1969 pro tour, and Bert Green, Fort Lauderdale, whose earnings on the tour this year top \$67,000, headed the list of "heavy" handicappers in the 19th Annual U.S. Invitational Pro-Am Golf Championship, set for Dec. 12 and 13 at St. Lucie Country Club, just south of Fort Pierce.

Panthers Now No. 1 Orlando Thumps Hawks

By GARY TAYLOR
Herald Sports Writer
ORLANDO — Mixing cats with birds can cause nothing but trouble. And a lot of trouble it was Sunday afternoon when the cats (Orlando Panthers) and the birds (Alabazra Hawks), clashed at the Tangerine Bowl.

Father Of Modern Golf Hagen Dies After Coma

TRAVERS, Mich. (AP) — Charles Walter Hagen, the father of modern professional golf and one of its most colorful stars on and off the course, died of cancer on midnight Sunday, He was 79.

Gators Big Defense

By JOHN A. SPOLSKI
GAINESVILLE — Pass the salt, please. It makes it more palatable when you have to eat crow!

About two weeks ago, following the Florida-Houston rout, we offered an opinion that the Gators did indeed have a potent arm in quarterback John Reeves, and an outstanding receiver in Carlos Alvarez; however, if and when Florida came up against another strong passing team (like the FSU Seminoles), then you'd better watch out. We sorta hinted they didn't have a defense.

By now you all know... they did come up against Capehorn and Company, and promptly demonstrated an other new weapon — a strong defense.

The Gators not only won, 24-6, but also held FSU to a minus 18 yards in rushing. If Florida was to win, Coach Ray Graves had to make certain his stalwarts accomplished two points. First of all, they had to literally basket all of FSU's potential receivers. Other than the one score by FSU (Cappelman to Pederson for 22 yards), the Gators smothered all aerial scoring threats.

And secondly, someone just had to be crashing through that Seminole line and force Cappelman to get rid of the pizkin in a hurry.

In that department you had the makings Saturday of another Gator grid hero by the name of Robert Harrell. His 6-2, two hundred and twenty one pound sophomore from Jacksonville made so many tackles that you'd have sworn he was the only one hitting on the field.

As a matter of fact, maybe the Gator defense was there all along and that first game with Houston wasn't a true barometer of good team defense. The Gators' win Saturday was an inevitable mismatch with State which finished 7 to 6.

The local entourage in Gainesville did have something to be proud of while watching Sanford's Frank Whigham handle the punting for the Seminoles. His brother Tommy, watching the action from the stands, saw "Big brother" boot one right around 40 yards with no return, and averaged 26 yards on his five punts.

The drive back to Lake Mary could have been just a little bit brighter for Fred and Kathy Gray and their young son Billy, had their other son Mike been successful in eluding that last tackle. He could have gone all the way for FSU.

Gier Takes Mini-Stock Awards

By FRED COXON
Herald Staff
DELAND — Hank Grubb went on to win the Bomber race after Gary DuPuis rolled his No. 84 Ford on the back straight. DuPuis seemed to be on his way to his second feature win in as many weeks when Gary tangled with Ron McDonough resulting in the roll over.

Larry Flynn won the Late Model feature and the Late Model feature race. Flynn ran away from everyone in both races to win by a half lap in both. Paul Wilkins (3) and George Turby (4) in Jimmy Stewart's No. 43 staged a great battle for second place with each leading Williams taking it. Joe Grubb in No. 41 came off the fourth turn too high and got into the wall on the front straight resulting in one of the wickedest flips seen in the Late Model class this year. Grubb was injured but the car was badly damaged.

Baby Seminoles Fall Once Again

By ROBERT SMITH
Herald Sports Staff
The Seminole High Junior varsity squad suffered their third setback of the season in a game against the Oviedo JV team that had been postponed from Thursday night to Friday morning because of rain. It was a real close contest with Oviedo coming out on top 10-4.

The Baby Seminoles got off to an early lead when they had a drive stopped on the Oviedo six. The scoring threat was set up by a 34 yard bomb from Keith Harris to the end of the field.

The drive back to Lake Mary could have been just a little bit brighter for Fred and Kathy Gray and their young son Billy, had their other son Mike been successful in eluding that last tackle. He could have gone all the way for FSU.

In 1964 the St. Louis Cardinals went into the month of September 14 games out of first place. Yet they roared to the National League pennant and a World Series victory over the New York Yankees.

"I'VE GOT YOU" says an unidentified Apopka defender as he attempts to stop Lyman star Charlie Mathews after a good run. The Greyhounds went on to win the game 26-6, while showing a strong offensive attack. (Bob Duffy Photo)

Mets, Orioles Take Huge Lead In Playoffs

By THE ASSOCIATED PRESS
The New York Mets and the Baltimore Orioles are both sitting on top of 5.0 leads in the best three out of five championship series today as the series moves to the other towns.

The Mets will host Atlanta and the Twins will host Baltimore today as the third game of the series gets underway in each league. A win by the Mets or Orioles will clinch it for that team, and earn them a berth in the World Series set for Saturday.

JOE GRUBB brakes his racer at the Barberville Raceway Sunday afternoon. Joe came off the fourth turn too high and hit the front straightaway wall, dumping his car. (Fred Coxon Photo)

and proved it by almost virtu-ly tearing up the place tonight as the Mets clinched the National League East title.

The exhilarated fans tore up patches of grass for trophies, took home pieces of the score-boards as keepsakes and ripped up every base except first in a wild celebration. They probably will make sure they get that, too, if the Mets finish it off today when Gary Gentry (13-12) goes against Pat Jarvis (12-11).

Today is Gentry's 23rd birthday and the 12th day after his season-clinching victory for the Mets in the National League East. But whether he would be around at the finish was a big question, considering the pattern of the first two games.

In the first game Saturday, the 25-year-old Seaver, who was tagged for eight hits, including two homers and four doubles, in seven innings. But the Mets came through with a five-run eighth inning built on four errors and a home run by Gentry.

Wives been down before and we've come back. Martin said Sunday at Baltimore after the Orioles nipped his club 14 in 11 innings on Curt Mullen's run-scoring pinch single and the gutsy, three-hit pitching of Dave McNally. "It's been a matter of inches. Who knows? We can still tie up and win."

The victory 20 hours after Paul Blair beat Minnesota 4-3 with a 12th-inning squeeze bunt, left the Orioles one step from the World Series as the East-

Los Angeles Merrily Rolls Along As An Undefeated Team

By ED SCHUYLER JR., Associated Press Sports Writer
The Philadelphia Eagles crashed into a hill, the New Orleans Saints crumpled, and the Dallas Cowboys and Los Angeles Rams rolled merrily along as the only undefeated teams in the National Football League.

Rookie running back Calvin Hill of Dallas led the second half in Philadelphia Sunday because of an ankle injury. But by that time he had helped put the game out of the Eagles' reach.

Hill rushed for 91 yards and a touchdown, caught three passes for 71 yards and sparked a touchdown drive by completing a pass for 41 yards as the Cowboys built up a 28-7 halftime lead in a 30-7 victory that boosted their Gambo Divi-

sion-leading record to 3-0. Jack Snow, snared three of Roman Gabriel's four touchdowns passes as the Coastal division leading Rams drubbed New Orleans 20-0 and San Diego beat Cincinnati 21-14 Saturday night and New York took Boston 23-14. Houston topped Buffalo 23-14 and Kansas City downed Denver 25-12 Sunday in the American Football League.

Philadelphia, 12, scored first on a 14-yard pass from Norm Snead to Harold Jackson, then Hill took over. He could go strong, even when fumbling.

Records Are Made To Be Broken

By CURSCHILL NISSANSON, Associated Press Sports Writer
Records are made to be broken and apparently there is not much that college football defenses can do about it.

Bear Bryant pretty well summed it up after his Alabama team outlasted Mississippi 33-22 Saturday night.

"It was Mississippi doing so well offensively rather than us doing poorly on defense," he said.

With Archie Manning of the 23rd-ranked Ole Miss completing 33 of 42 for 436 yards and 14th-ranked Alabama's Scott Hunter connecting on 22 of 29 for 306, the two Southeastern Conference antagonists set 28 offensive records—one national, seven SEC, nine Mississippi and three Alabama marks.

The national record was 55 completions, erasing the stand-

ard of 52 set by Tennessee at East Tennessee State in 1967 and Utah and Brigham Young in 1966.

Eight-ranked Purdue and 17th-ranked Stanford put on another record-smashing show with Purdue taking a 36-20 squeaker on five scoring passes and a game-winning two-point conversion loss by Mike Phipps.

Besides Mississippi and Stanford, the only losers among all Mitchell ran for 123 yards, including a 56-yard TD, as No. 2

Michigan and No. 14 Michigan State. The Wolverines yielded 24 points in the second period and fell before ninth-ranked Missouri 46-17 while Notre Dame's Joe Theismann passed for three touchdowns and scored one to beat the Spartans 42-9.

Top-ranked Ohio State rolled over Washington 41-14 with Jim Bricker scoring three times and Rex Kerr twice. Sophomore Larry Mitchell ran for 123 yards, including a 56-yard TD, as No. 2

Livingston Proves Fit For Job, As He Paces Chiefs To Win

By SHEILA MORAN, Associated Press Sports Writer
It's a long way from three string quarterback to starter Mike Livingston, suddenly thrust into the spotlight by the Kansas City Chiefs, proved fit for the job.

Above than he did at Denver, Bruce saw it after Sunday's 26-15 American Football League loss.

Livingston, a product of Southern Methodist and the Chiefs' second-round draft choice last year, was hailed as the "best quarterback prospect to come out of Texas in years" by Texas Christian Coach Fred Taylor after he broke most of Don Meredith's passing records at SMU.

But Livingston, cast by the Chiefs into the shadow of Len Dawson and Jacky Lee, had lit the chance until Sunday to show that he could do it.

With Dawson and Lee sidelined by leg injuries, Livingston stepped in and completed 14 of 21 passes for 126 yards, more than age that the combined figures for two Broncos quarterbacks, Steve Tensi and Pete Liske.

Livingston clicked on screen passes to fullback Robert Holmes and on longer throws to Otis Taylor and Fred Arbanas.

Jan Stenerud, the sensational soccer-style kicker, accounted for 12 Kansas City points with four field goals, one a 46-yarder. The Chiefs won their Western Division record, as the Denver stadium, as the Chiefs wended their way from field goals, one a 46-yarder.

In other AFL games, the

Officer's Action Averts Tragedy

Quick action by an off-duty Sanford policeman may have prevented the wounding or death of a Wekiva Springs Marina employee. Seminole Deputy Charles Barker, in his morning report filed today, related that Patrolman Roy Williams' action in grabbing a .22 caliber rifle held by Jesse Ray Smith of Apopka caused a shot to strike the ceiling.

Barker reported Smith allegedly left after being ordered out by Calhoun, but returned minutes later with a rifle. Williams, near the man, grabbed the gun as the man pressed the trigger with the bullet striking the ceiling.

Calhoun later took a warrant charging Smith with aggravated assault with a deadly weapon and Deputy Barker placed the man in county jail in lieu of \$2,500 bond.

A Marine home on leave and shot after a Sunday night altercation in the Jamestown section near Oviedo, died last night in a Winter Park hospital of wounds received after an argument with James Hall, 28, a Jamestown resident.

Kenneth Holleman died after receiving chest wounds inflicted by a shotgun, and Hall is being held in county jail after giving himself up on assault with intent to murder charges.

Bond has been set at \$5,000 and a hearing is expected before Peace Justice Jack Mahaffey sometime this week.

By JOHN A. SPOSKI
More about that Top 10 rating for the Fighting Seminoles. In this poll of high school coaches, more than just the wins and losses are taken into consideration. . . passes attempted and the number completed; yardage gained and that of your opponent, etc.

Really, it didn't prove any gridders vulnerable to all future opponents who "want to knock off those No. 10 boys" . . .

I'm not a fan of football polls, much less this early in the season.

Well, I guess we can all throw away that "special application" offered to us by the Atlanta Braves, Inc. for 1969 World Series tickets, eh? But, just as in the olden days with Dem Bums from Brooklyn, "Wait! Next Year!"

Elnae Powers Figure Salom, and H.S. Men's and Young Men's Clothing, will open soon in Sanford Plaza.

Greater Oviedo JC President Charles Walls has something to say about tourism and attractions for Seminole County. "The Greater Oviedo Jaycees say that they have one attraction that hasn't been fully exploited. It is a barge canal running eight miles between Oviedo and Geneva. Actually, it's SR 126, but since the heavy rains lately, it has been doubling as a barge canal."

He has more to say . . . which'll come out in tomorrow's Letters to the Editor.

Baltimore and New York advance to the World Series set to get underway Saturday. (Page 1B)

Final plans are being laid for the World Golfers' Association tournament scheduled for this weekend. (Page 1B)

A legislative subcommittee recommends court action to force four aides to testify about the Governor's Club. (Page 6A)

WEATHER — Yesterday's high 86, low 69. Less than 30 per cent probability of rain; this afternoon or this evening with the highest temperature expected in the middle 80s and the low near 70.

IF DRAFT CUTS CONTINUE, HOW WILL GEN. HERSHEY COUNT HIMSELF TO SLEEP AT NIGHT?

Thompson Closet Murder Possible News Control Seen

By BILL SCOTT
The defense attorney for a woman accused of shooting her husband and hiding his body in a clothes closet, this morning filed a motion in Circuit Court to control news coming out of the woman's trial expected to start Oct. 20, provided a motion to suppress evidence is not granted during a 1:30 p.m. hearing today.

Mack N. Cleveland Jr., Sanford lawyer, asked the court to forbid area newspapers, radio and television stations from publishing information to the public concerning the murder charges placed against Mable Frances Thompson, during the woman's trial unless the information is presented in an open court during testimony.

Cleveland will ask Circuit Judge E. Thom Rumberger to day to prohibit the taking of photographs of Mrs. Thompson within the Seminole County Court House and from publishing photographs of the defendant in court during the trial, which because of a previous motion by Cleveland to suppress evidence taken in the investigation by authorities, may never be heard.

The suppress motion, if granted, would prohibit the use of certain evidence in the trial and could prevent Mrs. Thompson from ever being prosecuted.

Cleveland is maintaining that Sanford detectives Ralph Russell and Don Brunley illegally entered the Thompson home and took evidence at the time the missing firearm's body was covered under a pile of old clothes in a hall closet.

The motion to suppress evidence has so aroused the relatives of the slain man that they have requested help from President Richard M. Nixon and Governor Claude Kirk to insure that "justice will be done."

Dorothy Brooke and Evelyn McCleary, cousins of Thompson, Thursday mailed information requested by a spokesman for Nixon to Washington.

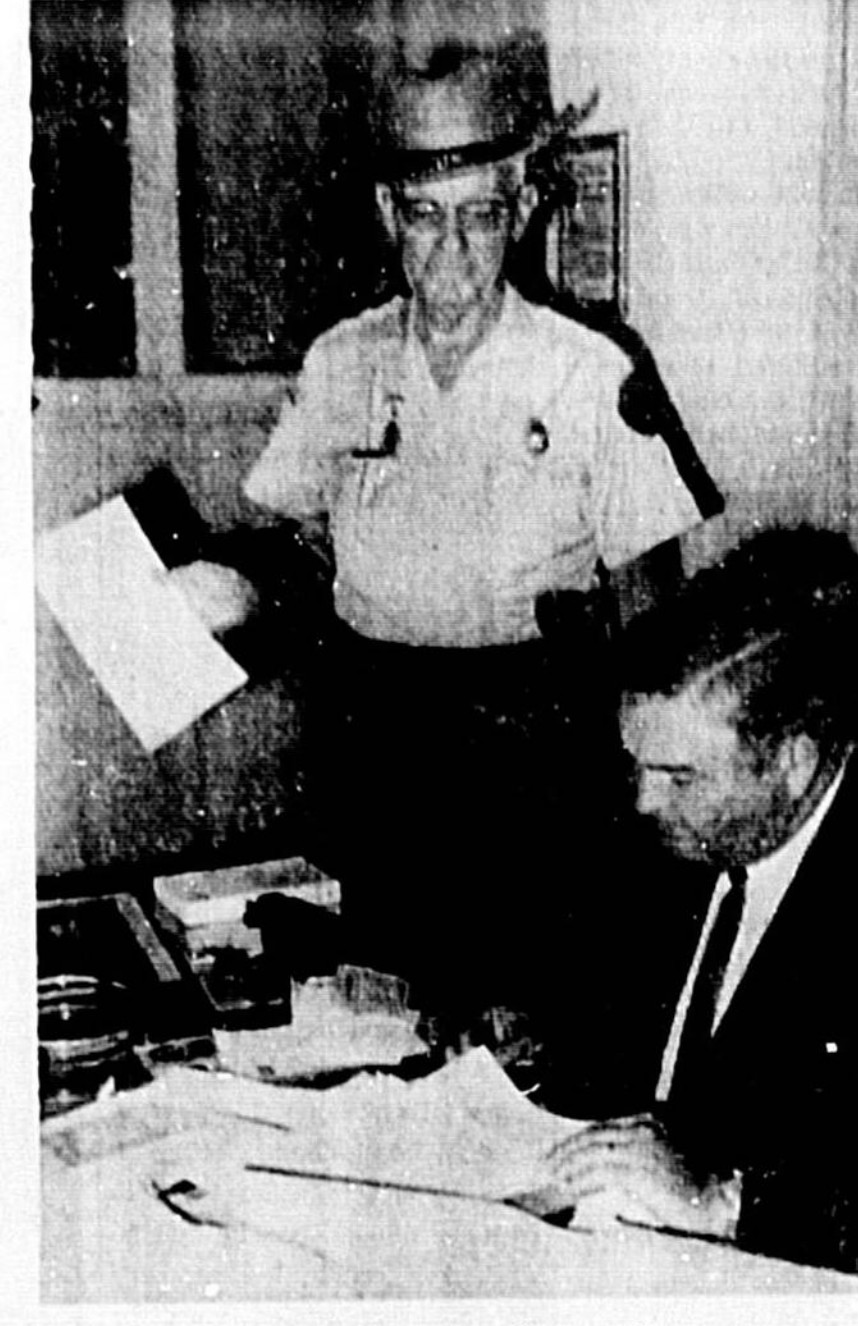

Cleveland, in his motion filed today, cited "extensive, pervasive and recurring publicity through the mass communication media and mentioned that members of the family of the deceased were being quoted in the press expressing their concern."

The attorney maintained this could prevent his client from receiving a fair trial "undiminished by inherently prejudicial publicity."

Cleveland asked the court to take any further actions as deemed necessary and proper to preserve to the defendant a right to a fair trial.

The attorney told The Herald, the action was taken by him after stories appeared in the press alluding that certain people were trying to keep information from being brought out in court and this was hurting chances of his client receiving a fair trial.

Observers at press time today speculate the case will never be brought to trial, due to Cleveland's motion to suppress evidence, which he says was obtained by officers as the result of unreasonable search and seizure and in violation of Mrs. Thompson's constitutional rights.

HERE YOU ARE, SIR
CONSTABLE FRED GALLOWAY serves the injunction on water rates to Sanford Mayor Lee P. Moore.

Suit Halts Water Hike

A suit to enjoin the City of Sanford from increasing water and sewer rates has been filed in Circuit Court today by Fred Leone, attorney for a number of Sanford Estates residents opposed to the reported 200 per cent hike of utility rates to customers of city water and sewers living outside the city limits.

A copy of the injunction was served on Mayor Lee P. Moore minutes later by Constable Fred Galloway at Moore's office at Chase and Company.

The action will stop the city's intention to increase the utility rates with the October billing until a hearing to decide the legality of the increases.

Until then old rates will remain effective.

North Orlando 'Bombs' GAC

By MARION BETHEA
In the words of vice mayor, David Tilson, Gulf American Corporation was "rained out" at a meeting of North Orlando village council last night. The council, at the beginning of the meeting had a public hearing on rezoning of three plots of land at Northlando Woods from rural to residential, with no opposition. However, at the council meeting, Granville Brown objected to the classification because of the exception granted to GAC allowing open drainage ditches.

The "bomb" was dropped by chairman of the zoning board, Charles Kelley, who presented a letter to council stating that the plats submitted by GAC were sub-standard, and not in the best interest of North Orlando and its citizens. Corrections were submitted to subdivision ordinance 49 that all streets leading to or within a subdivision be paved and that no open drainage ditches be allowed.

GAC had stated at the September council meeting that piping was not feasible, and had also planned clay streets in the subdivision (Continued on Page 2A, Col. 4)

Commission Tabs Publicity Board

By FRED VAN PELT
Expedition of the installation of railroad traffic signals on SR 436 east of SR 431 and on SR 431 east of 14 was requested today by the Seminole County Commission.

The request was addressed to the State Department of Transportation and the Seaboard Coastline Railroad. The work would be done by county secondary road funds by the county planning and zoning commission.

Members of this committee will advise the county commission on publicity and advertising for the project.

Robert Marshall, vice chairman of the county planning and zoning commission, said that he would offer a new resolution for signals on the 431 crossing later this month.

Council Produces Action

North Orlando village council, and more specifically commissioner Robert Marshall, were the target for vituperation at last night's meeting.

A deluge of complaints was registered regarding the condition of roads in the village following recent rains. A letter signed by 23 residents stated that supplies would have to be dropped by "air lift" during the winter unless roads were improved. C. H. Hyatt, a resident of Bahama Drive, complained that only about \$1,000 had been spent on his street in the past ten years, and further stated that the main arterial road in the ranch section was washed out. Hyatt grimly stated that the residents were "sick and tired of back passing" and were looking to the mayor for a solution.

Mayor Clifford Jordan agreed with the complaints, saying that he was present when the barricade was erected on Hays Road and Shore Road was closed. He further stated that Edgemont was under one foot of water. Jordan promised that he would insist upon the resignation of Marshall's complaints were unheeded further. Marshall was not present at the meeting.

Residents are still plagued with garbage woes. Lynn Key was distressed over the fact of a weekly garbage collection, while paying for a twice a week collection. Councilman Julian Keller sided with the collector saying the conditions of roads would ruin the trucks.

You ought to see us now!

Our new Fall selection is tremendous. . . just tremendous. We're really excited about them! Especially Palm Beach . . . they're handsomer than ever. We've hand picked the most exciting new fabrics and colors to make YOU LOOK GREAT! See them at Capp's today!
