Paul M. Campbell Lormann's Is One Builds Many Homes Of City's Newest In Sanford Area Restaurants
Paul M. Campbell, contractor and builder, was brought up in the building trade, his father having been one of the largest contractors and builders in West Palm Beach, where Mr. Campbell was born and reared.
A resident of Oviedo for the past 16 years, Mr. Campbell operated a wood working and cabinet shop underneath his modern three-car garage apartment, where he lives with his wife, who is an Oviedo girl.
Mr. Campbell expanded his mill works to such an extent in the past two years that he had to have larger quarters and recently moved to the new location at the Municipal Airport in Building No. 10.
Specializing in all types of cabinets for the home and some modern furniture, Mr. Campbell has built over 75 homes in Sanford and Oviedo as well as contracting for a number of business buildings, including the Greyhound Bus Station and remodeling Roumillat and Anderson's Walgreen Agency drug store. He also maintains an inspection survey service for those contemplating purchasing homes already built.

Hints To Housewives
By Isabella S. Thursty
Extension Food Economist
PLENTIFUL FOODS
Florida housewives are interested in featuring plentiful foods in their menus, to support the national food conservation program and for economy in meals. The Production and Marketing Administration says the following foods are in plentiful supply now.
Apples and pears are both plentiful, storage stocks of both being considerably larger than they were a year ago.
Production of winter cabbage in Florida and Texas is larger than in any year since 1944, when a considerable quantity was not harvested for lack of a market. This old stand-by vegetable can well be served often while it is in season.
The celery crop is estimated as 30 per cent larger than last year and it should be easy to keep the relish dish filled.
Canned citrus juices—orange, grapefruit and blended—are in large supply, and the current canning season is in full swing. Both fresh citrus and canned juices are plentiful.
Dried figs, apples, prunes, raisins and peaches are very plentiful and prices are lower than for several years.
Stocks of frozen fish are lower than a year ago, but still above average. Catches of fresh fish are

Rural Common Sense
By Spud Johnson
RURAL LIFE TRENDS REFLECT NUMBER OF IMPORTANT CHANGES
Rural life in Florida, as elsewhere throughout the country, has changed materially during recent years. Sometimes the shifts come slowly and are almost imperceptible until we stop and take stock. Again, they come with very noticeable speed which brings a metamorphosis in a short time.
The trend from local to non-local contacts is quite noticeable. No longer is the farm family isolated in the backwoods. Modern transportation and communication facilities have extended horizons for farm families just as they have for other families.
The nation's population continues to shift from rural to urban. Time was when 19 farm families fed only themselves and one urban family. Now the same number of farm families feeds and clothes 75 to 80 families. Many farm families have moved to town, but continue to operate their

Kiwanis Luncheon
(Continued from Page One)
Lake Apopka and with property valued at \$464,138.
H. T. Carpenter, the school's former president, said Mr. Lehmann was impressed with the need of practical education for boys and girls that would enable them to make a living. He first located his school at Enterprise, then when it failed to progress, moved to Monticello where the 100 people living there pledged to donate the 200 acre site, and furnish a building a year for the school for five years.
Mr. Lehmann illustrated his talk with charts and photographs and pointed out a picture of three story girls dormitory funded by the DAR and 60 percent of which, including concrete floors and concrete blocks, was built under expert direction by student labor. Completion of a third floor will accommodate 24 more girls, he said. He also mentioned the dining hall and other buildings which were erected with the same amount of student labor.
He also told of the 30 percent of food used in the school produced on the school farm, the milk from its dairy and the 2,000 poultry raised. He stressed the Christian training and wholesome recreation afforded the students.
Guests included former Congressman Wm. D. Uyslow, Judge Syd Herlong of Leesburg, Dan J. Berthlame of Detroit, Mich., John Doan of Windsor, Ont., Harry Saunders and Stewart (Iatchel) Leon Cornell, general foreman of the ACL shops here, was elected as a member of Kiwanis by the Rev. W. P. Valey.

PRICES SUSTAIN
BRADENTON, Mar. 3. (AP)—Prices of well-located and cared-for Florida properties are holding firm, said Walter S. Hardin, president of the Florida Association of Realtors and state representative from Manatee county.
Hardin said a statement last week by economist Roger Babson that realty prices are going down may be true in other states but not Florida. Construction costs will continue at or near present levels for at least two and possibly three years, Hardin forecast.

Chapman & Pezold Cement Block Plant Is Large Industry
The Chapman and Pezold Concrete Block Company was organized in February, 1946, by Bert Chapman and Paul Pezold on Commercial Street and Myrtle Avenue. Beginning with one machine the business has expanded to such an extent to necessitate installing another machine. Also a building in which to house builders' supplies.
Recently installed was a spader which paces while it vibrates, thereby producing a denser block that is entirely waterproof, in one operation. The first of its type to be built, it is conceded by the block industry to be the best available.
Special type blocks are produced which make it more economical to the builder, inasmuch as any cutting or sawing of the blocks on the job is eliminated. With proper planning in spacing doors and windows the blocks can be taken from the plant to the site and each block ready for its particular location without any waste of material, time, or labor.
The plant has devised a U-type lental block, 8" and 12", which give stronger support than the old type lentals. Their 4-8-16's are made on a special pallet, designed to eliminate leaky mortar joints, assuring the builder a leakproof wall.
Only the best of materials, including gravel, sand and cement go into the making of the blocks and two test blocks filled with water are on display at all times to prove that they are waterproof and leakproof. It is the theory of Mr. Chapman that block properly constructed with the right proportions of materials will produce a uniform, waterproof block. The plant has a capacity of 2,000 blocks daily, said Mr. Chapman.

Byrnes Calls For Quick Vote On Europe Aid

Truman Is Denounced By Florida Industrial Group For Playing Politics

JACKSONVILLE, Mar. 4 (AP)—Former Secretary of State James F. Byrnes today called for swift congressional passage of the bill for Europe reconstruction. "In view of world conditions, it is important that Congress should now act promptly," he said in an address before the Associated Industries of Florida.

Earlier today, the industries group condemned President Truman's civil rights program as "iniquitous, invidious and malicious."

At a meeting co-incident with election of officers, the organization of some 500 members adopted a resolution stating the President's program was "promulgated for selfish political expediency at the expense of creating racial and sectional prejudice and hatred."

The resolution further resolved that Governor Millard Caldwell of Florida be requested "to begin to use every means at his command of his high office to inform our people of the dangerous consequences of these laws to Florida and the Southland, and to lead our people with all the powers at his command in attacking this impractical scheme and invasion of southern democracy."

Byrnes said "we must aid the countries of Western Europe at this time because it is right, because it is humane and because we know that without such aid there cannot be a return in Europe of the stable conditions necessary to enable the people of Western Europe to defend their liberties."

"Our enemies abroad and some loose-thinking people at home charge that the Marshall Plan is responsible for the permanent cold war," he said.

Tuck Anti-Truman Bill Is Substituted By New Legislation

RICHMOND, Va., Mar. 4 (AP)—A complete substitute for Governor Tuck's "anti-Truman" election law bill was ready for Virginia's general assembly today. The substitute, which has the Governor's full approval, would open the door to the appearance of President Truman's name on the November ballot.

The original legislation would have banned the names of presidential and vice presidential candidates. The new measure is a variation in a minor key of the Virginia declaration for a revolt against Mr. Truman in the wake of his civil rights proposals. It will be offered to the privileges and elections committee of both House and Senate prior to a public hearing tonight.

In the central and southern sections, partly cloudy and continued warm weather will prevail. No frost danger is in sight through Sunday.

GETS A WEEK

WASHINGTON, Mar. 4 (AP)—Senators today gave Thomas B. McCarver a week to answer charges of mismanaging surplus war sales in China.

On his reply may hinge his appointment to the Federal Reserve Board of governors. President Truman has said if the nomination is approved McCarver will replace Marshall B. Ecker as chairman.

Boat Parade Sunday To Celebrate Completion Of Woodruff Cut-Off

The Hill Dredging Company has completed its work on the Woodruff Creek cut-off, which will be six feet deep at low water and 75 feet wide at the bottom. The big dredge has been brought back to Lake Monroe and will soon be in action opposite Sanford, according to Edward Higgins, manager of the Seminole County Chamber of Commerce.

The Coast Guard Auxiliary Unit, of which Joe Meisch is commander, will celebrate the event with a parade of boats through the new channel at 3:00 o'clock Sunday afternoon, and the Chamber of Commerce will cooperate in promoting the outing, said Mr. Higgins.

Efforts are being made, according to Al Lee of the Coast Guard, to contact Lieut. West, commander of Sub Chaser 679 to have the vessel join the boat parade.

John Hensley, operator of the Sanford Boat Works, today declared that the new channel will be a big help to yachtsmen, as it will save more than three miles in the trip from the boat works to Lake Monroe.

At the present time there are 50 yachts, 20 to 50 feet long, moored at the boat works, he said. Some of these are owned by Orlando residents. Three of the yachts are from Gloucester, Mass., Norwalk, Conn., and Red Bank, N. J. Additions may have to be made to the boat works if the number of craft kept increasing, said Mr. Hensley.

Mr. Hensley also reported that the Coast Guard is going to use some of the money derived from races to place new pilings for the cut-off.

Mihai Says He Is Not Bound By His Recent Abdication

LONDON, Mar. 4 (AP)—Former King Mihai of Romania said today his abdication was forced upon him and he does not consider himself bound by it. Mihai said tomorrow for the United States. He had lunch today with the British royal family at Buckingham Palace, and then issued a statement saying:

"At the present moment it is no longer necessary to insist on the circumstances and causes of certain political events. The motives of the profound political changes imposed on the small states of Eastern Europe are all too well known.

"As far as Romania is concerned, I want to avail myself to the first possibility personally to confirm the facts as they happened.

On the morning of Dec. 30, 1947, Mr. Petru Gроза and Gheorghiu-Dej, members of the Romanian cabinet, presented to me the text of the act of abdication, urging me to sign it at once.

Both of them came to the royal palace after it had been surrounded by armed detachments, informing me that they would hold me responsible for the bloodshed which will follow.

2 Education Leaders Endorse College Plan

GAINESVILLE, Mar. 4 (AP)—Leaders of two national education foundations today endorsed the Regional College Plan as the only answer to needs for better training in highly specialized fields throughout the nation.

Owen D. Young, New York industrialist and educator, told a conference of Southern college officials the South will be able to put its plan into effect "quicker and easier than we in the north, but we know it is inevitable there too."

Dr. Oliver C. Carmichael, president of the Carnegie foundation, said interstate cooperation of resources under a plan similar to the Southern compact provides the only present hope for adequate training in certain fields.

No Inquest Held On Drowned Negro

No inquest regarding the drowning in Lake Monroe Friday evening of Will Gardner, 80-year-old negro, whose body was recovered from the lake Monday morning, was found to have been necessary, it was announced this morning by Justice of the Peace W. E. Watson.

The death was said to have been due to accidental drowning, according to Mr. Watson, who pointed out that the elderly negro could have stumbled in the darkness and fallen from the sea wall at the foot of French Avenue due to being unable to see where he was going, as he was totally blind in one eye and had a cataract on the other. The decision by the coroner's jury followed an autopsy by Dr. George Stark.

DRIST UNFROCKED
VATICAN CITY, Mar. 4 (AP)—L'Observatore Romano announced today the unfrocking of a priest who escaped from Vatican City jail.

The priest, Edward Pretorius Clippio, had been dismissed from his employment in the archives of the Vatican secretary of state because of many falsehoods and swindles, L'Observatore said.

U. S. Stands Firm On Policy Of Partition

Austin Ready To Demand UN Group Approval Despite Objections Of Others

DAMASCUS, Syria, Mar. 4 (AP)—Fawzi Iley Al Kaubli, commander of the Arab volunteer army, moved into Palestine this afternoon with a hand-picked headquarters company in full combat equipment.

JERUSALEM, Mar. 4 (AP)—Arabs ambushed a Haganah patrol near Ramallah today and police said 17 Jewish militiamen were killed. Arab sources said the patrol was trying to penetrate through the hills to lay mines on the highway when it encountered Arab defenders. A two-hour gunfight resulted. There was no estimate of Arab casualties.

LAKE SUCCESS, Mar. 4 (AP)—The United States stood firm on its Palestine policy today despite a recognized probability of defeat in the United Nations Security Council.

Informed quarters said U. S. Chief Delegate Warren R. Austin would not change his original resolution to meet objections raised by Russia, Belgium, Canada, Syria and China in the past week.

Some quarters had hoped that the recess today in the Palestine debate might lead to some off-the-floor compromise, but a check of the delegates failed to disclose any consultations either in progress or planned.

Austin was reported ready to press for a vote tomorrow on his proposal approving partition as the solution of the Palestine problem and getting up a big five committee to find a way to "coordinate" the plan.

Over 70 Firms Are Members Of Local Merchants Group

More than 70 firms have become members of the Sanford Merchants Association, and it is expected that total membership will be more than 100, Dick Elsbury, secretary, told the Association's board of directors at a meeting held yesterday afternoon at the Tourist Center.

The recent barbecue held by the group at the Elks Club's grounds and attended by more than 200 guests was declared a big success, and another such barbecue is being planned for later in the month, when the New York Giants farm teams are here, it was announced by Al Lyon.

There was much favorable comment by directors concerning the cooperation of press and radio in the Association's program of raising neighboring communities, said Mr. Lyon. Special commendation, he said, was given to The Herald's Longwood-Casselberry edition.

Arrangements were started and committees appointed to promote "dollar days" in the near future, said Mr. Lyon.

Joseph Perry Gibbs, 59, Dies At Paola

Funeral services for Joseph Perry Gibbs, 59-year-old resident of Paola, who died at a local hospital at 2:35 o'clock yesterday afternoon after being ill for a year, will be held Thursday afternoon at 3:30 o'clock at the Erickson Funeral Home, with the Rev. A. J. Butler officiating.

Graveside services for Mr. Gibbs, who was a veteran of World War I, will be held at the veterans' plot in Evergreen Cemetery. He was born Jan. 18, 1889, at Live Oak and had lived here for the past 28 years. He was a member of the Church of Christ.

Surviving is the widow, Mrs. Bertha Mae Gibbs; one daughter, Miss Thelma Gibbs; and a son, Joseph P. Gibbs, Jr.

4 Injured In Search For Officer's Slayer

SWAINSBORO, Ga., Mar. 4 (AP)—Two men and two women were reported wounded today when a posse seeking the slayer of a Georgia police officer poured shots into a house where the four had hidden.

Deputy Sheriff Elmer Van Pelt at nearby Augusta said the posse numbering several score men had trailed the quartet to the house. Three airplanes and a pack of bloodhounds aided the officers.

The deputy said shots from the old house, at rural Dyer's Crossing, was that none was wounded seriously. One of the women had a deep shoulder wound.

Wedemeyer Says Military Aid Must Be Used With Economic Help To Stop Communism

MacArthur Boom For Presidency Promised By GOP

NEW YORK, Mar. 4 (AP)—A presidential boom for General Douglas MacArthur so strong that the Republican national convention will have to nominate him was promised yesterday by a backer from Chicago.

Warren Wright, Chicago banker and former Illinois state treasurer, said at a news conference that he was leaving today for Washington, D. C., to open national headquarters for the Douglas MacArthur Campaign Committee.

Wright, acting committee chairman, declared he came here to "coordinate MacArthur sentiment."

Wright said his committee plans a national poll on the presidential possibilities by an independent group about three weeks before the G. O. P. convention. Each convention delegate will be informed of the results, he said.

Rep. A. L. Miller (R-Neb.) said he is sure General MacArthur would accept the Republican presidential nomination.

"The general would certainly accept," he said.

ICC Official Asks High Freight Rate Revision By Board

WASHINGTON, Mar. 4 (AP)—An Interstate Commerce Commission examiner has recommended that certain classes of rail freight rates be raised. The Interstate Commerce Commission today said it would consider the recommendation.

William H. Love, 21, and his wife, Dora Louise, 23, were apprehended Saturday by Mobile police and were extradited by Oklahoma authorities. They are being held in the Crestview jail.

John Fallon and Bryant H. McCoy of the Mobile area were arrested Monday by Constable Oscar L. Henson of Fort Walton and Deputy Smith, who acted with Mobile police. Smith described Fallon as the "ringleader of the mob."

Graw Says Social Act On Citrus Put Aside

ORLANDO, Mar. 4 (AP)—Manager Lamonte Graw of the Florida Growers Association advised his office from Washington today that a recent ruling of the Internal Revenue Department putting agricultural workers under provisions of Social Security and withholding taxes has been set aside.

The ruling would have made agricultural employees, including grove and vegetable workers, subject to the provisions of the tax and, Graw said, would have cost Florida fruit and vegetable producers many thousands of dollars.

MEYERS' TRIAL
WASHINGTON, Mar. 4 (AP)—Attorneys for Maj. General Bennett E. Meyers failed today in an effort to get a two-week recess in his federal court trial.

Judge Alexander Holtzoff denied the motion. He ruled that once a trial jury begins hearing the case no temporary adjournment is allowed.

Lamarre has testified that he falsely denied to senators on Meyer's instructions that Meyer received \$150,000 wartime profits from a Dayton, O., plane parts firm, the Aviation Electric Company.

PROMOTION BARRED
TAMPA, Mar. 4 (AP)—Promotion of Sunshine Groves and the Citrus Growers Corp. was barred from interstate commerce today by a federal court injunction granted today by Federal Judge Louis W. Strum of Jacksonville.

MacArthur Boom For Presidency Promised By GOP

NEW YORK, Mar. 4 (AP)—A presidential boom for General Douglas MacArthur so strong that the Republican national convention will have to nominate him was promised yesterday by a backer from Chicago.

Warren Wright, Chicago banker and former Illinois state treasurer, said at a news conference that he was leaving today for Washington, D. C., to open national headquarters for the Douglas MacArthur Campaign Committee.

Wright, acting committee chairman, declared he came here to "coordinate MacArthur sentiment."

Wright said his committee plans a national poll on the presidential possibilities by an independent group about three weeks before the G. O. P. convention. Each convention delegate will be informed of the results, he said.

Rep. A. L. Miller (R-Neb.) said he is sure General MacArthur would accept the Republican presidential nomination.

"The general would certainly accept," he said.

Florida And Alabama Police Hold Suspects

PENSACOLA, Mar. 4 (AP)—Florida and Alabama officers today were holding four persons in connection with the \$15,000 burglary of the Magnolia Club in Fort Walton on Feb. 25.

They also are held as suspects in a recent wave of liquor store robberies in this area. Deputy George S. Smith of Oklawaha County is reported.

William H. Love, 21, and his wife, Dora Louise, 23, were apprehended Saturday by Mobile police and were extradited by Oklahoma authorities. They are being held in the Crestview jail.

John Fallon and Bryant H. McCoy of the Mobile area were arrested Monday by Constable Oscar L. Henson of Fort Walton and Deputy Smith, who acted with Mobile police. Smith described Fallon as the "ringleader of the mob."

Graw Says Social Act On Citrus Put Aside

ORLANDO, Mar. 4 (AP)—Manager Lamonte Graw of the Florida Growers Association advised his office from Washington today that a recent ruling of the Internal Revenue Department putting agricultural workers under provisions of Social Security and withholding taxes has been set aside.

The ruling would have made agricultural employees, including grove and vegetable workers, subject to the provisions of the tax and, Graw said, would have cost Florida fruit and vegetable producers many thousands of dollars.

MEYERS' TRIAL
WASHINGTON, Mar. 4 (AP)—Attorneys for Maj. General Bennett E. Meyers failed today in an effort to get a two-week recess in his federal court trial.

Judge Alexander Holtzoff denied the motion. He ruled that once a trial jury begins hearing the case no temporary adjournment is allowed.

Lamarre has testified that he falsely denied to senators on Meyer's instructions that Meyer received \$150,000 wartime profits from a Dayton, O., plane parts firm, the Aviation Electric Company.

New Orleans Strip-Tease Dancer Gets Act Dunked In Campus Lake

BATON ROUGE, La., Mar. 4 (AP)—Stacy "Stormy" Lawrence, New Orleans strip-tease dancer, brought her act to the Louisiana State University campus today, but got a cold plunge in the university lake for her trouble.

The dancer, center of a controversy that set the unoffical student magazine "Pel-Mell" banned from the campus, was dealt the cold water treatment by a group of muscular young men. They charged out of a crowd of students watching her routine in front of the university field house.

The water was only knee-deep. Miss Lawrence splashed out and wrapped up in an overcoat. She was taken to a campus police station. Students milled around the building, which was tightly closed.

Miss Lawrence had driven up to the university with her band from her French Quarter night club. She was demurely covered up with a long overcoat, wore horn-rimmed glasses and had her hair swept up.

Before the field house the band played and she went into her routine, taking the glasses off. Then she let down her hair, peeled off the overcoat and displayed a bra and black and white striped shorts.

Then she put the overcoat back on. But to the amazement of calls of "Take it off" started the act again. At this point the group from the crowd went into action. First they overpowered the trunk, scattered the band and smashed its instruments. A piano was shredded.

"Pel-Mell" debated its last issue to the dance, featuring her picture on the cover and an extensive picture story inside. She came up to the campus last month, fully clothed, to autograph copies. Two weeks later university authorities forbade sale or advertisement of Pel-Mell on the campus.

Farm Bureau Will Meet Friday Night

The Seminole County Farm Bureau will hold its next meeting at the Future Farmers Building, at 7:00 o'clock Friday evening at 700 North Central, and supper will be served at the Home Economic Club of the Grand Hotel. It was announced by J. W. Wilson, secretary of the Bureau.

Dr. E. E. Brown, who for 12 years has extended with one of the Everglades farms, will address the group on this subject. Names of members have been in view to be present.

Lane And Willis Attend Shrine Meet

Edward F. Lane, president of the Sanford Shrine Club and W. R. Willis attended the meeting of all Shrine Clubs in the state, Tuesday, at the George Washington Hotel in Jacksonville. Representatives of every Shrine Club were present including potatoes of Morocco Temple.

The Shrine announced that it planned to hold a big musical show in Sanford on Apr. 10. Further details of which will be announced later, said Mr. Lane.

BANKER DIES

HAVANA, Cuba, Mar. 4 (AP)—Gordon S. Rentschler, 62, chairman of the National City Bank of New York, died of a heart attack last night in the National Hotel.

Rentschler was born Nov. 25, 1885, at Hamilton, Ohio. His body will be taken this afternoon aboard the National City Bank, en route to New York and Hamilton.

SPORTSMEN TO MEET
A general meeting of the Seminole County Sportsmen's Association will be held tomorrow night at the Coast Guard Auxiliary building on the lakefront. It was announced today by Elton Moughton, Jr. The meeting will be held at 8:00 o'clock, and all those interested in the conservation of fish and game are requested to be present.

General Disagrees With Truman Over Type Of Help To Be Provided China

WASHINGTON, Mar. 4 (AP)—Lieut. Gen. Albert C. Wedemeyer told Congress today that the United States must back up economic and military aid with military support if Communism is to be stopped in China and elsewhere.

"We are going to pay in blood" if proper steps are not taken by America to stop the spread of Communism, Wedemeyer told the House Foreign Affairs Committee.

"I don't think dollars alone will stop the spread of Communism anywhere," the one-time chief of staff to Generalissimo Chiang Kai-Shek continued. The Administration has proposed \$570,000,000 aid to China without military help.

He said that economic aid should be backed up with military support. But Wedemeyer made plain he is talking about military aid and not military participation.

He said military aid means sending competent officers to advise in the use of weapons which a country has been given economic aid.

"I don't believe military participation is necessary at this time," he added at the committee hearing on the China aid measure.

Wedemeyer said Communism "is out to destroy everything we stand for."

Plot To Blow Up 2 Railroad Stations Fails To Come Off

NEW YORK, Mar. 4 (AP)—A fantastic "plot" to blow up two railroad terminals and other city key points sent police and federal agents out last night on one of their largest "bomb" hunts in years. But the threatened zero hour—the 5:15 P. M. rush period—passed without even one small explosion.

The bizarre "plan" which police dubbed the "ford" was a grab bag of ideas, including a 10-page letter, unaddressed and intercepted yesterday by police inspectors at a postal station.

Labeled "Plan 'Ford,'" it assigned 25 men, all carrying suitcases filled with "new light explosives" to be exploded at Pennsylvania station, 25 to Grand Central terminal and 25 to the Grand Post Office.

Reaching these points, they were directed to leave the suitcases, vanish into the homeward-bound crowd.

Safe Driving Urged At Jaycee Meeting

Regional officers of Orlando, chairman of the safety committee for the Florida State Junior Chamber of Commerce, stressed safety on the highways at the noon luncheon meeting of the Seminole County Jaycees at the Mayfair Inn today.

"Drunk driving is the greatest menace to those who use our public highways in the state of Florida," he said. "Drunk drivers kill more innocent people on our highways than any other way on our roads," he asserted.

MEETING STRESSED THE importance of keeping automobiles in a near perfect running condition as possible. "One never knows what may happen. Have your cars inspected regularly," he declared.

He stressed a point that fast driving is unsafe driving.

The meeting was presided over by President Brailey Odham.

TRUMAN TO LEAVE
KEY WEST, Mar. 4 (AP)—President Truman took his last dip today in calm vacation waters today before plunging into international and domestic political problems awaiting him at Washington.

He will meet with his cabinet at 4 P. M. tomorrow at the White House, a couple of hours after his scheduled arrival in Washington.

The presidential plane, "The Sacred Cow," is due to leave the Boca Chica airport eight miles away at 9 A. M. Friday.

HOME ACCIDENTS

Modernization of the American home has been an important factor in reducing the accident death rate among girls and women by about one-half in the past 35 years.

Fatal falls among females are only about one-half as frequent as they were 35 years ago. "Since falls in and about the home are the greatest element in the total mortality from falls among women and girls, better construction of homes, better lighting, and safer home appliances obviously have played a part in reducing the death toll from this cause."

Although marked progress has been achieved in reducing the accident death toll among American girls and women, the loss of life from this cause is still far larger than it need be. Even now accidents take about 30,000 female lives a year in the general population of the United States.

World-wide co-operation is a reality in at least one department of human endeavor - surgery - except for the U.S.S.R. In a Chicago mansion, headquarters were opened recently for the International College of Surgeons, an organization of 5,000 members in 51 countries.

A New York City surgeon is president, one in Lima, Peru, president-elect. The group's chief information exchange medium is a bi-monthly journal, edited by the permanent secretary, Dr. Max Horek, Hungary-born. Dr. Horek is chief surgeon at a Chicago hospital and professor of surgery at a Chicago school of medicine.

The biennial meeting, set for Rome in May of this year, will be attended by doctors from many European countries, from Asia, South America and the United States. Russian surgeons are to be invited for they are respected by their colleagues although Russia does not participate in this endeavor. The Rome gathering will be dedicated to peace through cure of the world's physical rather than its political ills.

The future security of the nation depends upon healthy, educated, trained, and emotionally stable children," said Dr. G. F. Mouch of Hillsdale, Michigan, speaking in Chicago before the National Conference on Rural Health.

Reminding his audience that city children take for granted the advantages of clinics, laboratories, school nurses, and school doctors, the speaker stated that 40,000,000 rural residents of the United States do not have even a local health department. The American Medical Association is familiar with these facts and is working on plans to improve the situation. County or community action is often most effective, but where such an approach is not feasible, the national organization may step in.

It would seem that children living in the country would automatically be blessed with strong bones, red cheeks and bright eyes. But every observer knows that such is not always the case. The rules of health must be obeyed, and a balanced diet furnished; sufficient sleep must be had and a happy home atmosphere enjoyed. With these requirements attained, children are healthy, whether they live on a crowded street or on a hundred acre ranch.

Can you imagine a community with a population of 1,678 without a church or chapel of any kind? -Florida has one. It isn't a pleasant or desirable community in which to live. -It is our State Prison at Raiford.

When this fact was called to my attention not long ago I could not believe it. While I had never given the matter any thought, I was confident that a Chapel existed at Raiford. In thirty years of the institution's existence there has never been a chapel as such.

The religious program of the prison and the work of personal counselling and activities have been maintained by the resident chaplain as well as possible without the facilities provided ministers outside the institution's walls.

U. S. gold holdings have reached an all time peak for any country in the entire history of the world. . . . despite the fact that this nation long since abandoned the gold standard. However, we now have about 23 billion dollars worth of gold buried at Fort Knox and other safe hiding places where we can be sure it will not be put to work. This compared with about five billion which was normal during the decade following the first World War.

Home Accidents

Modernization of the American home has been an important factor in reducing the accident death rate among girls and women by about one-half in the past 35 years.

Fatal falls among females are only about one-half as frequent as they were 35 years ago. "Since falls in and about the home are the greatest element in the total mortality from falls among women and girls, better construction of homes, better lighting, and safer home appliances obviously have played a part in reducing the death toll from this cause."

Although marked progress has been achieved in reducing the accident death toll among American girls and women, the loss of life from this cause is still far larger than it need be. Even now accidents take about 30,000 female lives a year in the general population of the United States.

World-wide co-operation is a reality in at least one department of human endeavor - surgery - except for the U.S.S.R. In a Chicago mansion, headquarters were opened recently for the International College of Surgeons, an organization of 5,000 members in 51 countries.

A New York City surgeon is president, one in Lima, Peru, president-elect. The group's chief information exchange medium is a bi-monthly journal, edited by the permanent secretary, Dr. Max Horek, Hungary-born. Dr. Horek is chief surgeon at a Chicago hospital and professor of surgery at a Chicago school of medicine.

The biennial meeting, set for Rome in May of this year, will be attended by doctors from many European countries, from Asia, South America and the United States. Russian surgeons are to be invited for they are respected by their colleagues although Russia does not participate in this endeavor. The Rome gathering will be dedicated to peace through cure of the world's physical rather than its political ills.

"HOUNDS OF SPRING"

WHAT OF THE NIGHT? OKLAHOMA CITY OKLAHOMAN

Disturbing enough in all conscience are these daily rumors of threatened war with all their hints of the approach of another world cataclysm. Also highly disturbing is the daily report of successive acts of maladministration in every conceivable unit of civil government.

Perhaps the besetting sin of our national government today is a complete indifference to all the accepted proprieties. Men on the inside borrow immense sums of money from prospective illizants with no thought of ever repaying the loan. Insiders learn that the government is going to launch a new policy that will advance or depress the grain market and straightway enter the grain market to profit from their inside knowledge.

Then there is the field of positive criminality, and that field is by no means empty. Men in exalted positions have been charged with serious offenses. At least two retiring congressmen have been heard knocking at a prison gate. Everywhere a suspicion abounds that many of the hands within the official circle are not entirely clean.

There's a tender message in a rose bouquet. "To my lovely one..." they seem to say.

Lovely as a Rose

THE Trim Tread SHOE

...on your foot, captures that rare feeling of exquisite style, petal-soft comfort and slender foot lines... a tribute to your own good taste.

IVEY'S

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

The further we go with this "cold war" between the Bolsheviks and the Democrats the more apparent it becomes that we are engaged not merely in an ideological conflict but in downright military operations.

Your columnist did reporting and military analysis in both world wars and can't run away from the feeling that we are just "carrying on." Now I don't mean that I think we are on the verge of another global upheaval. I don't believe a shooting-war is imminent, although there are enough warlike elements being tossed about individually to produce the "end of the world" if they should combine.

What's happening, however, is that both sides are deliberately maneuvering for strategic military positions. The Reds seek advantage in order to further their cold-war for the spread of Communism, that is, the expansion of the Soviet empire.

The Democrats are trying to block the Red advance - an advance, by the way, in which the Communists are employing strong-arm methods which border dangerously on the military.

Take yesterday's developments, for example. Secretary of State Marshall - one of the world's outstanding military strategists - and Secretary of Defense Forrester appeared before the House Foreign Affairs Committee to urge further military aid to Turkey and Greece. They declared there is grave danger that neither country can remain free unless they get more assistance.

This column has discussed the military significance of Greece and Turkey before, but conditions are changing and it's well to take another look. There are two possible ways in which European Russia might expand its sphere of domination. One is westward towards the English Channel. The other is southward, perhaps through Iran but also down the Balkan peninsula through Turkey and into the Middle East, thereby securing the Bosphorus and the Dardanelles straits.

So far as the Turks are concerned, they will present a formidable front to any aggressor if they have the weapons. Still, tough as they are, Turkey would be in a nasty position if the Reds secured control of that Greek flank.

Thus we see the force of the argument that both countries must be provided with the wherewithal to defend themselves. If this can be done, and if that Stettin-Adriatic line across Europe can be held, then the Bolshevik advance will be blocked in Europe.

"Indian Night" To Be Observed At Front

"Indian Night" will be held at the "Fellowship Front" at the Municipal Airport tomorrow night, Rev. C. R. Pamp-to-pee will speak on the subject of "Paganism Yesterday and Today" or on the works of darkness still practiced among the Indian people in the United States of America.

An invitation is extended to everyone, but especially to the Christian people, to attend Pamp-to-pee will be dressed in full Indian regalia; eagle feather war bonnet and claw necklaces, beaded moccasins and gaiters "Tom-Tom" will be on display, and, too, the all-Indian G. I. of the Cross will be giving their personal testimonies.

All the special evangelistic services will be starting each evening at 7:30 promptly through Mar. 14.

If your iron cord is detachable, disconnect it at the convenience outlet - not at the iron.

Iran is in a more precarious position because it is more difficult for the democracies to defend. Turkey is the chief protector of that zone, but Greece also plays an essential role because of the position of the Balkan peninsula which projects down into the Aegean and thus flanks the Dardanelles strait.

So far as the Turks are concerned, they will present a formidable front to any aggressor if they have the weapons. Still, tough as they are, Turkey would be in a nasty position if the Reds secured control of that Greek flank.

Thus we see the force of the argument that both countries must be provided with the wherewithal to defend themselves. If this can be done, and if that Stettin-Adriatic line across Europe can be held, then the Bolshevik advance will be blocked in Europe.

What reminds us that America's front line defenses are in Europe.

Social And Personal Activities

Social Calender

THURSDAY
Seminole Chapter No. 2, Order of Eastern Star, will meet at the Masonic Hall at 8:00 P. M. Friendship Night will be observed with chapters of district No. 16 being guests of the local chapter.

FRIDAY
The regular meeting of the American Legion auxiliary will be held at 8:00 P. M. at the Legion Hut. The league meeting will be held at 7:00 P. M. preceding the business meeting.

Country Club Will Have Buffet Supper

Charles Potter, manager of the Seminole Country Club, announced this morning that a buffet supper will be served on Saturday evening from 7:30 until 9:00 P. M. at the club. He stated that no notices are being sent through the mail, but that all members are invited to attend and bring their guests.

Circle No. 7 To Have Cooked Food Sale

Plans for a cooked food sale to be held on Mar. 27 by Circle No. 7 of the Women's Society for Christian Service of the First Methodist Church were made at the regular meeting of the group on Monday afternoon. Mrs. Welch Tyre and Mrs. Park Tyre were co-hostesses for the meeting held at the Welch Tyre home on Oak Avenue.

Following the business session refreshments were served. Those attending the meeting were Mrs. Boderick Adams, Mrs. John H. Lee, Mrs. John S. White, Mrs. Ralph Dean, Mrs. Broughton Watkins, Mrs. George Williams, Mrs. Ralph Thompson, Mrs. Harold Keeling, Mrs. E. H. McAlexander, Mrs. F. L. Ley, Mrs. C. D. Jones, Mrs. A. G. Roberts, Mrs. G. H. Hudson, Mrs. James Pearson, Mrs. H. V. Aiken and the hostesses.

St. Ann's Chapter Has Monthly Meet

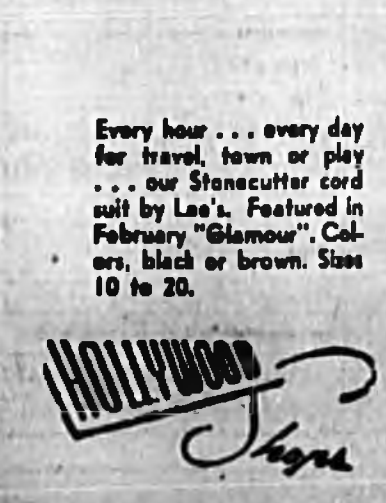

Plans for the annual Spring bridge party to be given Mar. 30 by the Women's Auxiliary of Holy Cross Episcopal Church were discussed at the regular meeting of St. Ann's Chapter held on Monday at the home of Mrs. B. L. Perkins. Mrs. Sadie Brouse served as co-hostess for the meeting and Mrs. H. B. Coleman presided over the meeting.

Mrs. Coleman told the board meeting and announced that a district meeting will be held in Orlando on Mar. 9. The next auxiliary meeting will be in the evening with Mrs. Randall Chase, educational chairman, in charge. The next chapter meeting will be held at the home of Mrs. R. A. Newman.

Those present for the meeting were Mrs. Fred Ball, Mrs. Coleman, Mrs. Perkins, Mrs. Brouse, Mrs. A. R. Key, Mrs. A. M. Phillips, Mrs. E. M. Hinkle, Mrs. Amelia Nubel, Mrs. Newman and Mrs. Alex Vaughn.

Mrs. Williams Wins Putting Contests

Mrs. W. R. Williams was the winner of the putting contests held yesterday at the weekly playing meeting of the Sanford Woman's Golf Association. The group met at the Seminole Country Club at 1:30 o'clock and participated in the nine-hole putting contests won by Mrs. Williams with 16 putts, and the weekly tournament.

Lindseys Honored At Geneva Dinner

Lieut. Col. and Mrs. Howard W. Lindsey were entertained with a buffet supper given at the Geneva Community House on Saturday evening. Col. and Mrs. Lindsey have recently arrived in Geneva for a visit with relatives after having been stationed for the past two years in Munich, Germany.

Decorating the room and long table where the supper was served were lovely arrangements of yellow jasmine, gladioli and fern. While the guests were assembling group singing was enjoyed led by Rev. Lionel Nelson and Mrs. Roy Nichols. During the evening Mrs. Nelson made a short speech welcoming to the Lindseys and Mrs. George H. Lindsey, Col. Lindsey's mother, who was presented with a birthday cake. Sharing honors with Col. Lindsey and his mother were other Geneva boys who were or still are in the service, including Kenneth Harrison, Huck Torres, Richard and Walter McGill.

Among the out-of-town guests attending were Rev. Nelson of Oviedo; Joe Goodson of New Smyrna; Mr. and Mrs. Harry Lee Lindsey and daughter, Martha of Gainesville; Mr. and Mrs. Kenneth Harrison, Daytona Beach; Mr. and Mrs. Ned Smith, Mr. and Mrs. Orie Mathieux and Sam Levy of Sanford; Mr. and Mrs. Buck Torres of Jacksonville. More than 100 Geneva friends were present. After Mar. 5 Col. Lindsey will be stationed in San Antonio, Tex.

Circle No. 1 Meets Monday Afternoon

Circle No. 1 of the W. S. C. B. of the First Baptist Church met on Monday afternoon at the home of Mrs. J. F. McClelland with Mrs. M. J. Morris and Mrs. J. G. Waits as hostesses with Mrs. McClelland. During the business meeting presided over by Mrs. Roy Tills, announcements were made of the Southern Conference of W. S. C. B. which was held in Orlando yesterday and today. Following adjournment of the business session refreshments were served to the following members and visitors: Mrs. W. B. Jarrell, Mrs. Clyde Brockman, Mrs. Chester Daniels, Mrs. C. E. Chorpene, Mrs. W. P. Fields, Mrs. W. S. Thornton, Mrs. Jeanie Putnam, Mrs. Frank Busch, Mrs. W. M. Black, Miss Alice G. McKim, Mrs. J. B. Crawford, Mrs. H. S. Crawford, Mrs. W. E. Raines, Mrs. Tills, Mrs. A. D. Shoemaker, Mrs. M. J. Morris, Mrs. R. W. Studvant, Mrs. Waits and Mrs. McClelland.

A snake cannot strike more than half the length of its body.

Personals

Mr. and Mrs. H. K. Harrison have as their guests, Mr. and Mrs. H. H. Thompson of Ashburn, Ga., and Mr. Harrison's father, W. G. Harrison of Gainesville, Fla.

Mrs. James Ridge of Sarasota is the guest of Mr. and Mrs. H. Roby Laing at their home in Mayfair, Mr. Ridge and Mr. and Mrs. George McGregor Davidson will join Mrs. Ridge in Sanford over the weekend.

Friends of Mrs. R. I. Hunt will be glad to learn that she has returned to her home at 801 East Second Street from the Fernald Loughton Memorial Hospital, where she was confined because of illness.

Mr. and Mrs. Robert Carmichael and their daughter, Mary Margaret, of DeLand have moved to their new home at 2013 Millonville Avenue. Mr. Carmichael is the new owner of the Sanford Upholstery Shop at 110 1/2 North Park Avenue.

Seminole III By BOBBY PARK

Of all the days in the school year Friday, Feb. 27, 1946, will probably stand out in the memories of those who were present. Three big events followed one another to make it one of the most complete successful activity days ever. First there was the election for all the campaigning that's been flowing over and around the school in the Youth Government Week political race, that was of course the elections. The polls were closed at last at 12:00 o'clock Friday. At the end of the shortened period Friday's "Sadie Hawkins Day" was officially on. After the shotgun wedding of Buddy Weathering and Lillian Moran, as Lil' Abner would call them, respectively, the race of teachers and eligible boys was started by a gun shot. Half the boys were running from the girls and half were running for fear if they stopped the girls would run right on top of them. All in all the Sadie Hawkins Day was a huge success.

To the morbid fascination of the Jrs. and Freshmen they won the tug of war by dragging the seniors and sophomores through the mud. It was quite a feat, that the intellectual and dignified seniors didn't deem it necessary to put forth the effort as they outline them in everything else. Besides it might prevent the Jrs. and Freshmen from developing inferiority complexes.

P. R. Bach caught the greased pig from the school farm but Mr. Taylor complained because he's afraid that in the movies he took people would be able to tell P. R. from the pig for the grease. The various booths that the clubs sponsored were a big success. Porter Lanning, black and blue star of the dozing sport, created a sensation at the Key Club booth. One hundred and five people paid ten cents apiece to throw three baseballs at the beaming countenance of Master Porter Lanning.

The jazz session at 3:00 was enjoyed by the outlandish citizens of Dugpatch. The pillow fights above the mud-hole were well attended by high socialites from Dugpatch and visiting dignitaries. Fred Rosetter, who was acting from the northern part of Seminole County is well informed concerning the latest styles, was dressed in a swallow-tail coat of the latest 19th Century styles well fitting the occasion. Joseph Dugger, local merchant who is looking for his ship to come in any time now, was conservatively dressed in a stylish cut of a tuxedo feed sack. The citizens of Dugpatch are evidently preparing in the present boom and inflation for nearly one-fifth were wearing shoe and stylish straw hats adorned numerous citizens' heads.

Final climax for the day was a repeat performance of the Glee Club's Vandeville Show presented earlier in the year. Not only did they repeat it, but they added numerous new novelties and musical numbers. John Pite, noted ballroom dancer, honored the audience with one of his exclusive performances reserved for Royalty and celebrities only. Some of the latest Dugpatch styles from the Empire City (Atlanta, of course) were displayed by Miss Cherry Sinielary and her troupe of models. William Shakespeare (Ingramm) adapted one (dozen) of his plays for the special groups assembled in the audience. These are only a few of the many musical numbers and novel acts that made up the Glee Club program of the year.

Tuesday at their meeting the Key Club planned to purchase card-tables to use in their meeting room instead of the saw-horses and planking now in use and to repaint the room with the paint the school agreed to furnish.

UPSHAW ADDRESS
William Uphaw, former Georgia congressman and nationally known temperance crusader and dry candidate for president in 1928, will address a county-wide good citizenship rally at the First Methodist Church Sunday afternoon at 3:00 o'clock. His subject will be "The Americanism That Will Save America" and "Building a Bigger and Better Sanford." He will be introduced by Mrs. Uphaw, who is also noted for her eloquence.

Woman's Club Elects Mrs. Harrison Head

Officers for the new year were elected at the monthly luncheon meeting of the Sanford Woman's Club yesterday at the clubhouse on Oak Avenue. Officers include Mrs. Oscar Harrison, president; Mrs. John Eick, vice president; Mrs. B. B. Crumley, second vice president; Mrs. Fred Williams, third vice president; Mrs. Francis Meriwether, treasurer; Mrs. L. E. Spencer, recording secretary; Mrs. E. B. Clements, corresponding secretary. Parliamentarian and press chairman will be appointed at a later date. Tellers for the election were Mrs. W. A. Leavitt, Mrs. Ralph Austin Smith and Mrs. Crumley. Mrs. O. P. Herndon presided over the closed meeting. The nominating committee consisted of Mrs. J. C. Bennett, chairman; Mrs. A. M. Phillips, Mrs. Leavitt, Mrs. John Merich and Mrs. James Moughton.

The officers' table was centered with an arrangement of gerbera daisies, iris and sweet peas. About the large room were vases of blue and white statos and sweet peas were used on the individual tables. Hostesses for the meeting were Mrs. Meriwether, chairman; Mrs. E. G. Kilpatrick, Mrs. L. A. Palmer, Mrs. J. N. Gillon, Mrs. Crumley, Mrs. Leavitt and Mrs. J. C. Hall.

Delegates were also elected for the Florida State Federation convention and were Mrs. Herndon, Mrs. Harrison, Mrs. Williams and Mrs. Eick. Alternates are Mrs. John Courter, Mrs. A. E. Shindler and Mrs. Leavitt.

During the meeting attended by about 52 members reports were heard from all departments and chairman and the group voted to send a delegate to the Youth Group to Tallahassee. At the conclusion of the business Mrs. Williams talked on her oriental rugs and paisley shawl, which were on display. She told of the uses of these articles and stated that they were from Persia, India and China. She described the stories woven into the patterns of the rugs. She stated that the Persians often wove animals into the design depicting a religious animal which they were forbidden to eat. The rugs from India were of floral design and the only life shown is birds flying through the floral design.

Bridge Club Meets With Mrs. Laing

Mrs. Roby Laing entertained members of her duplicate bridge club yesterday afternoon at 2:00 o'clock at her home in Mayfair. Lovely arrangements of nasturtiums, huddenia, jasmine and statos in shades of yellow and white were used in decorating the rooms of the Laing home.

At the conclusion of the duplicate games the high prizes were awarded to Mrs. James Ridge, a visitor in Sanford, Mrs. Sara Laing and Mrs. Lloyd F. Boyle. Second high was won by Mrs. Wallace Bell and Mrs. Hugh Wheelchel. Refreshments consisting of sandwiches, individual cakes and coca colas were served late in the evening at Mrs. Ridge's home. Mrs. Boyle, Mrs. Bell, Mrs. Wheelchel, Mrs. W. C. Hill, Mrs. J. D. Woodruff, Mrs. Hawkins Connelly, Mrs. W. A. Adams and Mrs. Laing.

Meisch Home Scene Of Friendship Meet

Mrs. Joe Meisch and Mrs. Henry Nickel served as co-hostesses for the monthly meeting of the Friendship League of the Congregational Church held on Tuesday afternoon at the Meisch home on West First Street. Mrs. Nickel, president, presided over the meeting and conducted routine business, during which time the usual Easter offering was gathered.

At the conclusion of the business meeting Mrs. Albert Zittrower, a recent bride, was honored with a miscellaneous shower. Mrs. Kittrower is the former Aileen Anderson. After the honor guest had opened her gifts individual cakes iced with white frosting and decorated with tiny pink flowers were served with a sweet course and fruit punch. Those present with Mrs. Zittrower were Mrs. A. M. Anderson, Miss Arvilla Robinson, Mrs. John Jones, Mrs. Peter Thurston, Mrs. Harry Kent, Mrs. Hokkanan, Mrs. Nickel, Mrs. Bheridan Jewett, Mrs. Ralph Lanning, Mrs. C. G. Gait, Mrs. Gladys Hulce, Mrs. Mary Davis, Mrs. Noyes, Mrs. Clyde Stinson, Mrs. Charles Tyler, Mrs. A. H. Knight and Mrs. Meisch.

Visitors Honored With Picnic Supper

A group of Winter visitors enjoyed a party given last evening at the Tourist Center as a farewell to Mr. and Mrs. Gordon Gale of Detroit, Mich., and Mr. and Mrs. Charles Spalding of Woodstock, Conn. Hostesses for the party were Mrs. A. A. Etzel and Mrs. W. E. Smith. W. A. Yeomans assisted in entertaining the 10 guests who were present.

A picnic supper was enjoyed after which games were played and group singing conducted by Mrs. Oscar Price, with Mrs. William Satcher accompanying. One of the novelty games was a contest consisting of modeling small figures out of bubble gum. Mrs. Tom Jones was awarded first prize with her miniature rabbit. A school quartette added to the enjoyment to the program with their singing.

Mrs. and Mrs. Gordon B. Revels whose marriage was the subject of Feb. 21 of the home of Dr. J. E. Hunt. Mrs. Revels is the former Joyce Cook, daughter of Mr. and Mrs. J. C. Cook of this city. Following a short wedding trip Mr. and Mrs. Revels are making their home at the Ocean Apartments.

Miss Janice Cook Weds Gelon Revels

In a simple afternoon ceremony Miss Janice Cook, daughter of Mr. and Mrs. J. C. Cook, became the bride of Gelon B. Revels of Sanford on Feb. 21. The marriage was performed at 4:30 o'clock by Rev. J. E. Hunt at his home on Palmerton Avenue. The bride, who is a graduate of the University of Cincinnati, received her diploma from the University of Cincinnati. She is now writing a series of articles on "Great Jews I Have Known" for the National Jewish Monthly Magazine. Dr. Reiss was recently honored by being called upon to deliver the opening prayer in the United States Senate.

Services will be conducted at the Jewish Community Center on Sixth Street and Magnolia Avenue at 8:15 o'clock. The public is welcome. Late in the afternoon the couple left for a short wedding trip to Daytona Beach and are at present making their home in the Ocean Apartments.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lind Weber announce the birth of a daughter on Mar. 3 at the Fernald Loughton Memorial Hospital.

RATE INCREASE

FT. PIERCE, Mar. 4, 1946. The city commission has ordered a 10 percent increase in electric light bills, effective Apr. 1. High cost of fuel oil was given as the reason.

THE GARDEN GATE

MRS. E. G. KILPATRICK, JR., Editor Weekly Column of the Sanford Garden Club

The rose has been called the queen of flowers in the temperate zone, but the hibiscus is just as truly queen of the tropics. Of all our shrubs, there is none that so fascinates the people who come here from colder climates.

The common variety of hibiscus grows here is the Chinese hibiscus (Rosa-sinensis). It belongs to the mallow family, with flowers very similar to our native rose. This varies in size from 2 to 3 inches to 10 inches across, and in color from pure white through many shades of pink to deep crimson, and in yellow and orange shades. It is the official flower of Hawaii where thousands of varieties have been produced.

We in Florida are most familiar with the single scarlet, which is our garden club flower, the double scarlet, the Enterprise, or single salmon. However, we are gradually getting interested in the latter variety imported from Hawaii as well as the new ones which are being produced in South Florida.

While these gorgeous plants are damaged by severe frosts they are so cover so readily that they are soon blooming again, after being killed to the ground. This severe cutting back is generally practiced in tropical countries, as it makes them bloom better.

The flowers of most varieties last only for a day, though I have had white ones last for three days, closing at night and opening again next morning. They will last just as well if not placed in water. If they are wanted for existing decoration the opening buds can be picked in early morning and kept in the refrigerator in a plastic or glass jar. They will last for several days if kept in a cool place and kept fresh for a long time.

The hibiscus is one of the easiest shrubs to grow, adapting itself to almost any soil. However, if heavy and continuous flowering is desired, it likes a well-drained neutral soil, rich in plant food. It prefers full sunlight and should receive plenty of water in dry seasons. As the flowers are produced on new growth, this gives the plant a bushy appearance. The hibiscus is used largely in Florida as a hedge, or in mixed shrubbery, but it will also make an interesting standard tree. This may be produced by keeping the stem single and free from side shoots until it reaches the desired height, then pinch out the branches. There may be kept in shape by top pruning. The double varieties, with their heavy blooms are especially suitable for standard.

Those who may be found in white, yellow, orange, blue, crimson, pink and red. The double varieties come in almost every color, with combinations of colors. The white hibiscus may be pure white with crimson buds, or it may have a crimson bloom. Some are orange and coral, lemon yellow and pink, rose and deep red, etc. A few of the new types have a faint fragrance. There is a Mr. J. J. McGinn in South Florida who followed the sea for 40 years. He has made the hibiscus his hobby, producing new kinds by cross-pollination, and making up his name in just a small garden plot one of Mr. McGinn's creations is a remarkable double scarlet with a double fringe of orange. Another, the Scortia, has the color of the tallian rose. Francis M. Wilson, Emergency Aerial Flight Spray Co., has called attention to the reason petals light, which we are now troubled and hope to have next year's crop. A pound of spray is used by an ounce of prevention. For three times a week, and for three weeks, use the Hibiscus spray. Two level teaspoons of dithionite.

Four level teaspoons zinc sulphate. Four teaspoons lime and 40 drops of triton. This is a pound of water. Not only is this necessary now, but to avoid next February's drought. Spray the flowers and the ground under flowers. The spray is explained last week that are on the ground now will be there next year. These get a light topdressing which will explode up to the sun, leaving a slimy substance on petals. This formula can, of course, be cut down to one gallon or go together with your neighbors on the whole. This can ground be repeated everywhere, which is important, as most necessary. Mr. Westcott, the government pathologist, has shown pictures here at Garden Club showing trouble in Louisiana and Mississippi from petal blight and gave this formula above. Mrs. Clyde Dickerson.

Frank Shellenback, Millers' Skipper, Arrives In Town

Minneapolis Boss Is Amazed At Giants' Base At Airport; Likes Ball Park

By ARTHUR HECKWITH, JR., Herald Sports Editor

"I am amazed at the Giants farm club training base at the Municipal Airport," Manager Frank Shellenback stated this morning.

Shellenback arrived in Sanford about 10:30 a. m. yesterday afternoon, and immediately began to inspect the Municipal Base Ball Park, where his Millers will hold their Spring drills starting Monday, and the Giants farm club training base at the Airport site.

The Municipal Park, where we will work, is as good a field as there is in the state, I believe," he stated. "The accommodations are more than adequate. The size of the field, the clubhouse and the general lay-out has impressed me very favorably," he added.

Rosie Ryan, general manager for the Millers, motored Shellenback to Orlando to see the Washington Senators in a morning drill today.

The Millers' skipper reported that he will go out to the ball park to work out a few "kinks" before the players arrive. "You know, I need to limber up too," he said with a grin.

COMMENTS

from the SIDELINES

By ARTHUR HECKWITH, JR., Herald Sports Editor

Minneapolis Club

The Millers are beginning to trickle into town, it was reported yesterday by John (Hans) Lorent of the New York Giants.

The Minneapolis manager, Frank Shellenback, arrived yesterday, and their general manager, Rosie Ryan, is in town.

Ryan, a former Giants hurler in the big league days, has been in Sanford for two days and has been enjoying the facilities of the Seminole Country Club along with Carl Hubbell and several others.

"Doc" Bowman, who has been trainer for the Millers for the past 25 years, is also in town, and that several other players are due in tomorrow and by the last of the week most of them will be here and ready to start Spring training work on Monday.

Bowman busied himself yesterday with his clubhouse boy in preparing the clubhouse at the Municipal Ball Park. All of the trunks, containing the equipment and uniforms of the Millers, have arrived and Bowman will have them emptied and contents ready for use by tomorrow, he stated.

Red Hats

The directors of the Deland Red Hat baseball club have agreed that their park needs some mending, and that the fences are to remain where they are, it has been reported.

The Hats' directors voted to construct a canopy over the entrance to the park and to the concession stand to provide protection to the fans as they enter or leave the park during a rain-fall. They have also agreed to move the press box atop the stands, providing space for additional customers and getting the newspaper men and radio announcers away from the crowd.

The question of pulling in the fences along the left and right field foul lines to provide opportunity for more home runs has created heated debates in the Deland fold.

There are factions that believe that the fences should be as short as 300 feet from the home plate. It has been disclosed. Others dislike the idea and want the park just as it is.

Business Manager Bill Page reports that the Hat team is rounding into shape and has a number of promising rookie players signed on the dotted line.

Twenty Grand, Speedy Colt, Died Yesterday

LEXINGTON, Ky., Mar. 3 (AP)—Twenty Grand, speedy bay colt whose racing triumphs included the 1931 Kentucky Derby, is dead.

The son of imported St. Germain-Bonus died yesterday at nearby Greentree Farm. Death was caused by a twisted intestine.

Twenty Grand's winning time of 2:01 4/5 in the 1931 Derby stood for 10 years, and remained as the second best on record for the mile and one-quarter racing classic.

The great Whirlaway shaved 3-8 of a second from Twenty Grand's Derby record in 1941. Both packed 120 pounds.

Twenty Grand was in the money 20 times, earning \$201,790. His record included 14 victories, four seconds and two thirds.

He was owned by the late Mrs. Payne Whitney, and passed to her children, John (Jack) Whitney and Mrs. Charles Payson at her death.

ROBINSON FIGHTS TONIGHT

TOLEDO, O., Mar. 4 (AP)—Welterweight Champion Ray (Sugar) Robinson will trade punches with the veteran Ome (Bulldog) Harris of Pittsburgh in a non-title 15-rounder at the Sports Arena tonight.

Celery Feds Bow To Orlando In First Round Tiff

The Seminole High School Celery Feds dropped their first round encounter with the Orlando Tigers in Tampa last night by a 40 to 34 score. It was reported this morning by Principal H. E. Morris.

Morris stated that Coach Fred Ganas telephoned from Tampa last night after the game and asserted that the game was hard fought throughout, but the Tigers had a better first half than did the Sanford five.

"Sanford played a good last half," Ganas asserted.

The contest was played in the Class A Group Two tournament.

Training Camp Notes

NEW YORK, Mar. 4 (AP)—Harry Walker admits there aren't many lollars between him and another year with the Philadelphia Phils. But for the present the 1947 National League batting king is staying at his Leids, Ala., home, looking after his hardware business and building a couple houses.

"They understand what I want," said the outfielder, "and any move is up to them."

Phil President Bob Carpenter said recently he had given Walker his final offer on a take-or-leave-it basis. Walker said he hadn't heard a word from the Phils since a conference a month ago.

TAMPA, Mar. 4 (AP)—Manager John Nevin of the Cincinnati Reds today picked Ewell Blackwell, his biggest winner last season, and Rookie Howard Fox to pitch against Detroit Sunday. The game will be the first practice encounter for the Reds.

ST. PETERSBURG, Mar. 4 (AP)—The St. Louis Cardinals holdout situation appeared almost at an end today. Harry Brecheen is en route to talk terms and Stan Musial has a meeting scheduled today with Club President Bob Huggan. Rookie Pitcher Yochim is the only other Red bird not signed.

LOS ANGELES, Calif., Mar. 4 (AP)—Two Chicago Cub shortstops have been sidelined by ailments, but Dick Cullen, bats of the Boston Braves, is performing ably at the post. Bob Lowe, drafted from Columbus, Ga., has a sore arm, and Roy Smalley, up from Des Moines, has a severe cold.

CHICAGO TRIBUNE, Dominican Republic, Mar. 4 (AP)—The new men in the Brooklyn Dodger camp "are the best young rookies I've ever had," says Manager Leo Durocher.

Leo was particularly high on Preston Ward, a 20-year-old first baseman.

PHOENIX, Ariz., Mar. 4 (AP)—The New York Giants still are missing Buddy Korr and Ken Trinkle and haven't heard from the two recently. Manager Mel Ott considered a serious holdout, but it was obvious he could be used here. Trinkle is still unsigned in Indiana.

TUCSON, Ariz., Mar. 4 (AP)—Larry Doby, negro infielder signed by the Cleveland Indians in mid-season last year, has a good chance of making the club as an outfielder this year, Manager Lou Boudreau reports.

HOLLYWOOD, Fla., Mar. 4 (AP)—Eddie Fitzgerald, Coast League sensation as a catcher last year, is a "strong and lively" prospect, Manager Bill Meyer of the Pittsburgh Pirates observed today. He said the youngster has yet to display a weakness.

ORLANDO, Mar. 4 (AP)—Mosein Garcia, a young fast ball pitcher from Havana, was due in the Washington Senators' camp today. He's another discovery of Joe Cambria, who served as Latin American scout for the Nats.

Kentucky Is Favored To Cop Cage Tourney

ATLANTA, Mar. 4 (AP)—Kentucky, favored to retain the Southeastern Conference basketball championship in the annual tournament starting today at Louisville, set a new league record by averaging 68.9 points in 20 games.

The Wildcats scored an even 2,000 points, 81 less than they tallied in 30 scheduled games last year when they set a conference record. Their average last season was 68.3, also a new record. In nine league games, they averaged 70.6 this year. This topped their last year's record-breaking performance of 70.3.

Graziano Signs To Fight Sonny Horne

NEW YORK, Mar. 4 (AP)—Rocky Graziano, midgetweight champion, returns to the Seltic wars April 5 against George (Sonny) Horne at Washington, in a 10-round non-title bout.

Graziano, barred in New York for failure to report an alleged bribe to the State Athletic Commission, has been idle since he lifted the midgetweight crown from Tony Eala last July in Chicago.

Georgia-Florida League, With All New Managers, Set To Open Race

By The Associated Press

Georgia-Florida League clubs, with a complete new set of managers, are getting ready to launch Spring training for another 140-game schedule opening Apr. 13.

Last year, a new League record for attendance was established at 588,567 after the directors added 14 games to the 126-game card of 1946.

The loop this year will operate under a new salary limit for the second straight year with the figure set at \$2,500. In 1946 it was \$1,800 and last year was \$2,250. The player limit was increased this year from 15 to 17.

The franchise at Moultrie has been transferred to the Philadelphia Athletics, giving the circuit another Major League connection. Alex Hall is the new director representing the Athletics.

The All-Star game is set for July 11, and the annual North-South game for Aug. 10. The season closes Sept. 3.

Clubs will be permitted to carry only three veterans, compared with four last year, and must have a minimum of seven rookies, as against five last season.

The new managers are Leland Scott at Americus, Mickey Katkaveck at Waycross, Robert Engle at Thomasville, Joe Antolick at Moultrie, Lou Rochell at Valdosta, Bob Starnes at Albany, and Leo Goodman at Tallahassee. Cordele has yet to name its 1948 manager.

Opening pairings are Albany at Americus, Cordele at Moultrie, Thomasville at Tallahassee, Valdosta at Waycross.

"Buddy" Has Not Signed But Is Not Holding Out

"I have not yet signed a Sanford contract," "Buddy" Lake, 1947 skipper of the Sanford Celery Fed entry in the Florida State League asserted last night.

"Manager Hal Gruber and I have talked about the contract and there are a couple of points we will clear up," he declared.

"I do not think that we will have any difficulty in agreeing. All we will have to do is get together and thrash the thing out. I feel sure that I will be in a Sanford uniform on the opening day of spring practice," he said.

Manager Gruber stated that he and Lake have not actually put the contract, and that a meeting with Lake will probably be held this week. "I do not think that we will have any difficulties in reaching an agreement," Gruber stated.

Gruber added that he had talked with Tom Tyler, 347 utility man for the Feds, and that he and Tyler will also hold a meeting in the near future to get matters cleared up.

"I want to say that I am not a hold out, but have not gotten around to discussing the contract with the Sanford manager," Lake declared.

Good Pitching Is Aim Of Mel Ott, Giants Boss

PHOENIX, Ariz., Mar. 4 (AP)—The New York Giants, slugging terrors of the National League, think they are going to come up with some pitchers to match.

Their manager, Mel Ott, says his bickery-wielders are a cinch to finish one-two in the coming race. This stamps him baseball's greatest optimist as of March 2.

Carroll (Whitey) Lockman, the team's classy young outfielder who shattered an ankle last spring and was lost for the season, is running without a visible limp and the member is completely healed.

The three G-men are set down more or less in the order of their importance as the Giants swing into spring training.

Frankly, Ott doesn't quite know where the pitching help is coming from. But he has 22 assorted flingers in camp, and he seems to feel a sort of mystic faith that out of all of them will come a pair to be two or three who can throw strikes.

Ott didn't particularly feel the loss of veteran Mort Cooper, who announced his retirement yesterday. He hadn't counted too much on Mort. He realized all along he had to come up with some young stuff.

"It's our only problem," Mel says. "We've got everything else in great infield, great outfield and world of catching. Another thing, the club is all set when we start this time. Last year it wasn't until around halfway that I settled on a line-up. I'll make a difference."

Golden Gloves Does Not Reveal Any New Joe Louis Prospects

NEW YORK, Mar. 4 (AP)—The search for "The New Joe Louis" still continues after the Eastern Golden Gloves finals. The New York Tournament of Champions produced only one knockout in 24 semi-final and final amateur bouts.

Only Johnny Saxton of New York's Salem Crescent A.C. was able to dump his man for keeps. The victim was Luis Ortiz of Puerto Rico in a 145-pound semi-final that stole the show last night at Madison Square Garden. Saxton later clinched the title by outpointing Bob Rosengart of Buffalo.

Pittsburgh copped the team title with 15 points to 14 for New York.

It is estimated that the loss to industry because of the common cold in the United States is more than 60 million man-days each year.

How To Relieve Bronchitis

Chlorination relieves promptly because it goes right to the seat of the trouble to help loosen and expel the mucus. It also adds nature's soothing and healing power, to soothe and heal raw, tender, inflamed bronchial mucous membranes. This new drug will not irritate the throat, and will not cause a burning sensation like the way in which other drugs act.

Ray Ryan Has Signed To Manage Palatka Ball Club For 1948

PALATKA, Mar. 4 (Special)—Ray Ryan, veteran baseball manager and league president, has been signed to pilot the Palatka entry in the Florida State League for 1948 season, according to a statement issued by club directors here yesterday.

The new skipper signed to be general manager of the club last December, but inked a contract to guide the A's destiny on the field yesterday, it was announced.

Ryan has been in baseball since 1906, when he was manager and player with the Lima, Ohio, team in the Interstate League.

In 1937 Ryan organized the Mountain State League and the Appalachian League and was elected president of both circuits. In 1939 he organized the Virginia League and was named president of that loop.

He and his son, Joe Ryan, owner of the Miami Beach club in the Florida International League, have been connected with many teams in baseball.

He boasts of finishing in the first division with his last seven ball clubs and the Ayala directors expressed the hope that his record remains unbroken here.

Johnny Teneff, who piloted the A's last year, has yet to sign a contract as catcher, but officials say that his signature is expected before spring training gets under way.

Women's Golfing Tourney Is Expected To Produce Thrills

ORMOND BEACH, Mar. 4 (AP)—Second round matches in the South Atlantic Women's Golf Tournament are expected to produce several close battles today.

Mary Arnesa Wall of Menominee, Mich., medalist with Carol Dirlinger of Tiffin, Ohio, will face hard-hitting young Pat Devaney of Grosse Ile, Mich. Miss Devaney had to go 17 holes to advance over Mrs. William Lyons of Winter Park, 2 and 1, yesterday.

Miss Wall had little trouble with Mrs. R. Coffey of Orlando, taking a 6 and 5 victory.

Miss Dirlinger is paired against Mrs. Eddie Bush of Wilmington, Del., a 6 and 1 victor over Eleanor Allen of Deland.

Lesnevich To Try To Make Bill Fox Prove His Ability

NEW YORK, Mar. 4 (AP)—Is Blackjack Billy Fox as good a fighter as his record indicates? For a fee of around \$20,000, Prof. Gus Lesnevich is going to try and answer the question in Madison Square Garden Friday night.

Old Gus is putting his light heavyweight championship on the line against Fox in a bout scheduled for 15 rounds. It probably won't go more than 10.

Ten was all Lesnevich needed last year when he flattened the 22-year-old negro kayo artist in their first title bout.

It was the first defeat of Fox's budding pro career. Until he ran into Gus' punches, Fox had won all of his 43 pro fights by knock-outs.

Feature Field Of Stars Parade In 9th Event Tonight

An all-star feature field of greyhounds will parade to post tonight in the ninth event at the Sanford-Orlando Kennel in a contest that should go a long way toward determining the 1948 track championship.

Matching strides in the stellar "hot box" event will be Nellie Gray and Kolaka, litter-mates from the R. C. Skelton Kennel. This pair has taken turns the last two weeks in grabbing top honors in their respective races but tonight meet for the first time in more than a month.

Offering contention in the best running talent the Sanford-Orlando track has to offer this season will be such capable performers as Harryroy, Hush Puppie, Chuck Life, Half Label, and Rube Harbor.

For the third consecutive time this week, the daily double refund exceeded the \$100 mark when the payoff last night amounted to \$119.40. Post-time for the first event tonight will be 8 P. M.

Feature Field Of Stars Parade In 9th Event Tonight

Bulldog Sophomore Leads SEC Scoring

ATLANTA, Mar. 4 (AP)—With 374 points in 27 games, the Southeastern Conference basketball scoring race is led by Bob Healey, a University of Georgia sophomore forward.

Billy Joe Adcock of Vanderbilt is in second place with 356 points. Ralph Beard and Alex Groz, both of Kentucky, are next with 335 and 329, respectively.

Hans Taenler of Florida ranks fifth with 322. He is the first Florida player recorded with 300 or more points.

Iron Age, Trade Paper, Says No. 1 Steel Users Problem Is Supply

NEW YORK, Mar. 4 (AP)—Supply remains the No. 1 problem of steel users, the Iron Age, metalworking trade weekly, said today.

"There is no single steel product which is any easier to obtain than it was a month ago," the publication reported.

When the European Recovery Plan becomes effective, it said, "steel consumers will find their supplies will be less than they are this week."

Nothing that higher cost of semi-finished steel has led most integrated makers of hot and cold-rolled strip and electrical sheets to advance their prices, the Iron Age commented.

"Some steel consumers believe that the next important price adjustment will be in the size extra on carbon bars. Some tube rounds—a semi-finished material for the production of seamless tubing—are this week selling for more money than large carbon steel bars."

"Had it not been for the current nationwide indignation over steel prices," the paper continued, "it is certain that other large makers of cold-rolled strip selling in Chicago would have raised their quotation. Some steel consumers in that area understand that the major cold-rolled strip producer has to boost its prices to meet Acme's."

Furthermore, it has been established that extra charges on cold-rolled strip were slated for an advance.

"Until, or unless, major producers raise their cold-rolled strip prices in the Chicago area, they will find considerable pressure upon them to deliver material as rapidly as possible because of their low quotations."

Somewhat the same situation was reported in wire rods, a semi-finished product. The Iron Age said leading makers have not yet followed the \$5-a-ton advance made by at least one major producer with the result that "one large wire user this week is paying three different prices for the same product."

No indication of a break in a scrap quotation was reported, with the Iron Age scrap composite unchanged at \$40 a gross ton. The steel ingot operating rate was placed at 94 per cent of rated capacity, an advance of half a point.

Sarasota Civic Group Fights Gun Range

SARASOTA, Mar. 4, (AP)—Protests piled up today over a proposed air gunnery range in the Gulf between Anna Maria Key and Fort Myers.

Civic and nature groups here opposed the range which would be used by MacDill Field planes. The projected range would be about 100 miles long, from 50 to 80 miles wide. It would be approximately five to six miles offshore.

The range would replace the one now being used for gunnery practice off Anclote Key (Tarpon Springs) and Cedar Keys.

The Sarasota Chamber of Commerce, Yacht Club, Sailing Squadron, Guides Association and Merchants Association opposed the range. They argue it would hurt commercial and sports fishing in the area and would endanger lives.

Pennsylvania Is Scuttled By Navy Off Okinawa Isle

PEARL HARBOR, Mar. 4 (AP)—The battleship Pennsylvania, survivor of the Pearl Harbor debacle and two atomic blasts, was scuttled near Kwajalein Feb. 10, the Navy announced today.

"Damage received at Okinawa, was mainly responsible for the Pennsylvania's unseaworthiness and no damage inflicted during the atomic bomb tests" at Bikini in July, 1946, the Navy said.

Two other warships, termed victims of "progressive deterioration," also were scuttled last month. They were the destroyer Tippecanoe, sunk Feb. 3, and the attack transport Banner, sunk Feb. 10.

The Navy said the Pennsylvania could not have remained afloat much longer in Kwajalein lagoon. She was towed there after the Bikini atom tests. She was considered a possible menace to shipping if she sank in the lagoon, as did the Prinz Eugen. Both were guinea pigs of the Bikini tests.

The "Mighty P," as the Navy calls her, recovered from the Pearl Harbor attack to strike at the Japanese 13 times with 11,000,000 pounds of steel—more than was fired by any other battleship in history.

Off Okinawa, 59 hours before the war ended, an aerial torpedo ripped the Pennsylvania's stern and killed 20 men.

She was commissioned Mar. 16, 1915. She had a displacement of 33,000 tons and was 60 feet in length with a beam of 100 feet, three inches. She carried 12 fourteen-inch guns, 16 five-inchers and many smaller weapons.

This is how the Pennsylvania ended her days: Sixteen sailors manned her on the last run. In her forty days, the Pennsylvania carried 130 officers and 2,300 enlisted men.

She rode ignominiously at the end of a tow hawser, her once powerful engines silent. At the destination, the crew spotted the seacocks, removed the condenser plates, scrambled to the deck and boarded a tug.

Her stern dropped beneath the waves, but for two and a half hours the Pennsylvania resisted the fate while Navy planes circled overhead. Then she slipped to her grave.

The Navy said the three ships sunk were radioactive to a degree they could not be used for scrap without extensive decontamination. They were so unseaworthy that they could not be towed to the United States mainland without danger of sinking.

The cost of decontamination, which is now a headstone marking her grave, is estimated at \$100 million.

It said comprehensive scientific studies of the ships—radioactively and structurally—were completed.

Serving with the Allied grand fleet in World War I, the Pennsylvania later became the Flagship of the United States fleet. She was caught in drydock at Pearl Harbor, taking two bomb hits. Twenty-four members of her crew were killed.

It required 411,645 nine-hour man days to put her back in fighting trim.

She ranged the Pacific from the Bering Sea to southern Australia. Of her 13 combat actions, 12 were in covering amphibious landings. Her big guns boomed 75,000 times.

Ironically, she led the sea attack on Kwajalein—the island which is now a headstone marking her grave.

CAMPAIGN POSTER FOR 1948 FUND

Steven Dolans, the Westport, Connecticut, artist whose work appears frequently on the covers of the Saturday Evening Post and other magazines, designed the 1948 Red Cross fund poster. In it he has reflected the community spirit of small towns throughout America.

Rev. E. K. Beckett Professor Reveals Interesting Facts On Infants Health

CHICAGO, Mar. 4 (AP)—The newborn baby is tiny but tough. In many ways he makes a full-blown adult stack up like a No. 1 baby.

Dr. Clement Andrew Smith, assistant professor of pediatrics at Harvard Medical School, listed these among baby's strong points.

Babies have been known to go five, ten and even as long as 14 minutes without breathing immediately after birth.

The body temperatures of babies exposed to chilling or covered by too many blankets have ranged from less than 90 to 102 degrees.

These changes in internal temperature will not do the baby any particular good, but on the other hand neither do they signify as much harm as they might in an adult, he said in a paper prepared for a clinical conference of the Chicago Medical Society.

Babies apparently are born with more water in their bodies at birth than after. For this reason it is sometimes considered wise not to feed them for two up to five days after birth. This is especially true of premature infants.

Baby also has disadvantages, the first being his small size. A baby has proportionately a much larger surface area than an adult. That causes a heavy loss of body heat to make up for this an infant must breathe faster and his heart beats faster.

Dr. Smith suggested that doctors regard babies as "extraordinary physiological organisms—not merely miniature children."

Suspension Of Coach Upheld By Board Vote

RINGGOLD, Ga., Mar. 4, (AP)—The county board of education voted unanimously to uphold the suspension of Lakewood high school coach Walter Howland, board Chairman George McClure said today.

The coach has said he was fired from his job because "I am in opposition to the Ku Klux Klan."

"I guess that means he is fired," McClure said. "There are plenty of grounds for the board's action yesterday. He was given an opportunity to appear before the board but he was not there, nor did he send anyone to represent him. As far as we are concerned the matter is closed."

The coach is now at the home of his parents in Paducah, Ky.

Dewey Says Feud In Truman's Party Creates Inflation

ALBANY, N. Y. (AP)—Governor Thomas E. Dewey of New York said today the "quarrel" Truman Administration threatens the nation with "inflationary inflation" by "inordinate waste" of public funds.

He added that the government's "conduct of both our domestic and foreign affairs has been so weak and incompetent that it has failed in both fields."

Dewey fired the blast in a telegram to a national Wisconsin friends for supporting his candidacy for the Republican presidential nomination.

"We are together in a good cause," the Governor told the 22 Republicans who filed petitions yesterday for the Wisconsin presidential primary April 6 as a full slate of Dewey pledged delegates to the GOP national convention.

"Our national government is torn by bitterness and quarrel," he said. "Its profligate waste of the money it has wrung from our people by taxes threatens to bring us to ruinous inflation."

Dewey contended that "our task as Republicans is to restore integrity, competence and purposes to the national government."

"Only in this way," he said, "can we build a stable industry and agriculture, maintain high standards for labor, develop a consistent and strong foreign policy and win a lasting peace."

Dewey said he was "sure" that "any Republican" elected would be a "heartfelt unity and devotion to the great tasks to which our party will be called in November. These high purposes will require the best efforts of all Americans, working together for the good of all."

This was interpreted here as a prediction of a Republican victory next fall against President Truman the presumed Democratic nominee.

Dewey supporters will contest the Wisconsin primary against states pledged to Harold E. Stassen, former governor of Minnesota, and General Douglas MacArthur. The Stassen slate was filed yesterday.

Announcement

The McNEILL and YOST, Florist Partnership Has Been Dissolved

I will continue to operate the Florist Business in the same location as

McNeill's, Florist

I want to thank the people of Sanford and Seminole County for their patronage in the past and we assure you the same courteous service in the future.

Your Continued Patronage Will Be Appreciated

Yours For Better Flowers

FCC Receives Suggestions To Set Up Complaint Bureau For Public

WASHINGTON, Mar. 4 (AP)—The Federal Communications Commission got a suggestion today that it set up a "complaint bureau" to hear people who think they are injured by one-sided radio broadcasts.

Saul Carson, radio writer for the New Republic and other publications, suggested it. FCC Chairman Wayne Coy commented, "I am interested in that proposal."

Carson was testifying at the FCC's hearings on whether it should set up a "complaint bureau" to hear people who think they are injured by one-sided radio broadcasts.

Carson objected to opening the way for editorial broadcasts. He would lead in arguing the "destruction of every industry power vested in the FCC."

Instead, he said, FCC should strengthen its efforts to see that diverse opinions are broadcast. He suggested a "special FCC" unit whose concern is the forgotten man in radio, the listener.

Coy, when saying the idea of a complaint bureau interested him, told Carson:

"The complaints from listeners are numerous. I assure you there is delay in handling such complaints, perhaps there is some other agency with the necessary power and closer to the source of the trouble which might perform the job."

Commissioner Part remarked that FCC would have difficulty in trying such a plan, because it would be a licensing agency—we cannot regulate.

Carson told the commission that radio's campaign for the right to editorialize is right now limited to commentators—was inspired by Justin Miller, president of the National Association of Broadcasters. Miller is using the issue, Carson said, in an effort to cause "the complete breakdown of every power possessed now by the FCC."

A qualified right to editorialize was endorsed by Forrest Ernest, New York lawyer and author of "The First Amendment," a book critical of what he describes as a growing concentration of economic power in the newspaper and radio fields.

Ernest said editorials should be permitted by locally owned and independently owned stations, provided the broadcasters steered clear of politics and religion. Where the station is the only outlet in a town, he said, no editorializing should be permitted.

He said the FCC should not allow a newspaper owner who also owns a radio station to editorialize on the air, nor a network, nor an absentee owner of a station.

Many ancient structures of Europe have copper roofs hundreds of years old.

KEEP YOUR BABY Socially Acceptable IN PLAYTEX PANTS

PLAYTEX BABY PANTS

With Playtex pants the last barrier to your baby's "social success" is removed! With Playtex pants there can be "no embarrassing moments" no matter whose lap he chooses to sit on! For Playtex is the really effective answer to the problem of keeping the little darling presentably dry. This miracle material, creamy liquid latex, is tissue thin, soft, cool, odorless, stainless, non-chafing and has an extraordinary stretch for extra comfort. 69c

and in addition Playtex pants 1. Are seamless 2. Stretchy all over, therefore non-binding 3. Won't irritate baby's skin 4. Can be boiled and washed without damage 5. Are urea acid proof 6. Cool, soft and how they wear! 7. Four sizes, small, medium, large and extra large. Gift packaged. Mail and Phone Orders Filled COWAN'S
