Sanford Cards Steal 107 Bases To Pass Halfway Mark In Record Bid

Those larruping Sanford Cardinals roared on again last week to pilfer 22 more bases passing the halfway point in their bid to break the all-time Florida State League record of 213 set by Gaineaville in 1837.

With 107 thefts in the first 52 games played this year, the Cardinal "Gas House Gang" has 88 games in which to steal 107 more for a new PSL mark.

A new theft record by Sanford this year would place the Sanford team in the all-time FSL team record book for the third time since the league was re-organized back in 1936. Two weeks from tonight the second annual North-Bouth Florida State League All-Star game will be played in Sanford's \$200,000 quorting amphilheater... This will be the second straight year the SI, dream classic will be held in Sanford... Ever since the completion of the Memorial Stadium last year, State League officials haven't even considered another park in the circuit for the game.

When John Krider and Cardinal President John Catlahan attended last winter's FSL meeting in Orlando with real doubts about Sanford's ability to operate in 1953, loop brass unanimously designated Sanford and its Memorial Stadium as the site of the 1953 Al-Star game for the second straight year... The reason was obvious to any fan having attended games in other circuit parks... Sanford has perhaps the finest class D plant in the nation and organized ball.

This year, with the subsequent shift of Palatka to Lakeland,

FRIGIDAIRE CAR CONDITIONING* BRINGS YOU COOL, REFRESHING DRIVING COMFORT IN NOTTEST WEATHER

Imagine driving along on the hottest day of the year-through city traffic or along country roads-and enjoying the same cool, fresh comfort as you get in the finest sir-conditioned room!

Imagine-parking your car all day long under the broiling summer sun-and then driving it away with the temperature inside cool and comfortable within minutes!

Imagina driving along on the hottest day with windows closed-with no wind blowing your hale with no discomfort from dust, drafts, bugs, hamidity or moise.

Imagine-riding in an air-cooled car with no hot blasts of air to bother you-no damp, sticky at amophere!

Oklamobile can do all this for you with the new Frigidaire Car Conditioner, one of the greatest automotive advancements in 20 years.

Hore's how it works-The Frigidaire Car Conditioner works on the same basic principle as a room conditioner. A compact refrigeration unit is "tucked away" in the frunk. A rotury compressor is located under the bood. The condenser is installed in front of the engine radiator. The air distribution system is located inside the leady of the car."

Two flat sleaves - one on each side of the interior - distrib-tite cool air evenly listo the car by means of four sets of loopers and individual sir jets. These loovers eliminate annoying drafts, and assure well-balanced air circulation Broughout your Oldsmobile.

Here's what it does for you. No matter how hot the meather outside, your Oldsmobile is refreshingly condinable. And the confuest achieved is a clear, dry confuest free from high humidity and wind noise. You just roll up your windows and relax in a quiet, serene atmosphere—free from weed, noise and dust. Conversation is easier, radio reception is clearer and warm-weather traveling is much more enjoyable.

Our Manager for the South is Bama Rowell on the basis of his experience and fine record at Cocoa..., Our Northern selection is last year's Southern Manager, Ed Levy.

Turning to the North, we find a difficult task in segregating many top flight players... Levy is the best first baseman and Red Foster of his Beach hitting 365 is a matural there...... Chico Fundora hitting with authority all year both the long ball and the consistant spray variety is our shortstop, though some might argue that Jack Cade (431) should be used at short to permit Bartow lifty of Daytona to play at third withe his lofty 385, However, we are inserting Cade at third and using Irby as our utility man.

20-Game Win Circle This Year OCALA — (Special) — According to official Florida State Louis Browns to Baltimore will be League records released at league headquarters here today, 1953 likely will be the year that the hitters dominated the pitchers, and by a gue magnates hold their next meetvale margin

Six F-S-L Pitchers May Crack

For, from all indications, not over half a dozen harlers likely will win as many as 20 games; one, perhaps even three huriers migght set new records or break old ones for number of men walked; not over three may win as many as three shut-outs each. Lengue

record is nine.

Top hurler thru midnight Haturday June 6 in wins and losses was Jue Angel of Jax Beach, Ills 14 wins in 10 decisions maken him a logical contender for the all-time league record of 29 wins inside a regular season. Elwyn Stabelfeld of Daytona once won 28

only to have Stan Karpinski of St. Augustine win 29 in 1949.

Angel had probably the best control of them all thru Saturday night, too, for in 184 innings he had walked but 31 men, while fanning 61. He had started and finished 11 of the 22 he had appeared in. Jim Vickery of Deland's defending champions was leading in striks-outs with 117, or a trifle over one an inning, for he had hurled 114 innings. His curving pitches had already seen him come up with two tilts in which he fanned ten each, three with 11 each, and one

Wildest of the lot so far is Daytona's husky Ernie Craumer who had walked 103 men in 101 innings. Oddly, he had fanned 101 men, too, making him third behind Angel and Vickery. The dependable Virgii Frazler of Cocoa had hit seven men so far but, since he is a "hot weather" type hurler, it is expected that he will settle down soon that the lengue record of 25 hit in one session likely will not be topped this year.

Hest looking of the loop's rookie right-handers so far seem to be Wise of Orlando and Palmieri of Sanford. The former had won in sixe of seven, while Palmier had six of eight, all of them well hurled affairs. Wise had fanned 11 and 13 men, too, Shut-outs are few and far between so far. Leesburg hurlers have three, but the two men who did it have since been sold or re-leased. Don Urquhart, sold for a near record price of \$3,000, had one leased. Don Urquhart, sold for a near record price of \$3,000, had one to his credit, while Bill Phillips, released last week to make room for the young veteran, Jack Gaines, ha dtwo. Other shut-out winners are: Rowell of Cocoa, Miller of Daytona, Vickery and Clarich of Deland, Angel and Britt of Jax Beach, and Hass of Leesburg.

Vickery's one hitter, and Rowell's two hitter are among the five lowest hit hurled tills of the season whose first half comes to an end Sunday night June 21, Rowell had a seven inning no-hit streak but was touched for two in the eighth.
