Industry Comes To Florida
"Today we are having to raise our sights," Smith said. "American industry is joining the march to Florida."

Pointing out that for the 1947-56 period Florida was among the 10 leading states in numerical growth of manufacturing employment—outstripping such industrial giants as Illinois, Indiana, Michigan and Pennsylvania—he said that today industrial expansion is accelerating sharply in the sunshine state.

"Manufacturing and industrial research in the aviation, electronics and nuclear fields are meeting with outstanding success," he said.

"The big factor is climate, which industry is finding warm and inviting too. Ideal living conditions, no extremes of weather, a fine record of good labor-management relations make for high morale, high worker productivity. Industry is finding it easier to recruit scientists and engineers because nearly everyone would like to move Florida."

"Those who have already opened plants in Florida or announced plans to do so include such names as Pratt and Whitney, General Electric, Minneapolis Honeywell, Babcock and Wilcox, Fairchild Aviation and others."

These things set the stage for FPL's expansion plans beyond 1959.

Nuclear Plant Proposed
By 1962 included in the company's 1,275,000 kilowatt additions, is a nuclear plant being researched and designed by the Florida nuclear energy group made up of FPL and its neighboring utilities, Tampa Electric and Florida Power Corporation.

\$15 Million Issue Planned
Construction expenditures will total \$66 million for 1957 which will make it necessary for the company to secure \$35 million of additional financing. It expects to offer \$15 million of first mortgage bonds at competitive bidding in May.

Coffee, doughnuts, and soft drinks will be served at a central table.

More than two tons of fish have been cleaned and prepared and stored in the local freezer locker plant until time to begin preparations, probably early Saturday.

More than 8,000 ears of corn will be shucked and boiled and served to the crowds attending Saturday's event.

Hundreds of pounds of cabbage will be prepared for cole slaw. In addition to the fish, cole slaw, and corn, the Jaycees are preparing thousands of hush puppies to be served along with the complete menu.

Those in charge of various committees preparing food and arranging the program are: Harry Canell and Garfield Willetts, co-chairmen for the overall Seminole County Navy Appreciation Day; Jack Sewell, serving committee; Puh Anthony, food committee; Art Harris, grounds committee; Mayor David Gatchel, invitations committee; Ed Hunt, automobile award; Bob Crumley, amusements committee; Joe Baker, corn shucking committee; Gus Schmah, in charge of preparing the food; Cotton Brown, preparing hush puppies; W. Brown Miller, in charge of coffee and doughnuts; and M. L. Raborn Sr., in charge of preparing slaw.

Other committees have been formed to take care of the various functions in the overall presentation of the Jaycees sponsored Seminole County Navy Appreciation Day.

Top Naval officials from Washington, D. C. and the Navy Department are expected to be in Sanford for the event along with Senator Sprossard Holland, Congressman A. S. "Syd" Horling Jr., Naval officials from NAS, Jacksonville, local Naval officials, the Mayor of Orlando, the Mayor of Casselberry, DelBary's Chamber of Commerce president; G. Harold Alexander of Fort Pierce, State Republican Party leader, and many other outstanding visitors will be entertained.

A luncheon will be held at the Mayfair Inn Saturday at noon to honor the dignitaries coming to Sanford for the occasion.

Jaycees President G. Andrew Spear said last night "this is going to be the biggest event ever staged in Seminole County."

Mental Health Assn. Providing New Service

The Florida Association for Mental Health announced yesterday that it is providing a new service to the families of patients in State mental hospitals through the cooperation of Dr. W. D. Rogers, superintendent of the institution at Chattahoochee, by offering free-of-charge to the next-of-kin of patients a copy of a new booklet. This booklet, according to Robert J. McCloskey, president of FAMH, "will offer help to an often overlooked group of people at a time of their greatest need, beginning on the day a relative is admitted to a mental hospital." Written by Edith Stern in collaboration with top medical authorities, the booklet offers practical, step-by-step advice to relatives. In simple language it goes behind the scenes in the wards of the hospital to bring about greater understanding of what the hospital is trying to do and how the family can cooperate for the good of all.

Distribution of the 95-page booklet will be through local mental health associations. This new service, worked out in cooperation with the state hospital authorities, provides that:

1. Next of kin of patients admitted to the mental hospital will receive an application for enrolling them to receive a free copy of this comprehensive up-to-date booklet written specifically for families of the mentally ill.
2. After mailing the application, each family will receive a copy and will be informed of the various kinds of help available through the local mental health association, such as group meetings with relatives of other patients, film showings, books and pamphlets and referral services for individual counseling.

Besides distributing the new booklet to next-of-kin of patients, many local mental health associations will place the guide in the hands of those who counsel the mentally ill and their families, such as clergymen, physicians, social agencies and lawyers. Interested persons or organizations may obtain the guide for 50 cents from the Seminole County Association for Mental Health by writing its president, George Touhy, First Federal Savings and Loan Assn., Sanford, or from the Florida Association for Mental Health, 237 W. Forsyth St., Jacksonville.

Demos, GOP Plunge Into Economic Study Showdown

WASHINGTON — House Democrats and Republicans plunged into a showdown fight today over conducting an investigation of the nation's economic system. The Democrats want Congress to do it. The Republicans want the job done by an independent citizens commission as requested by President Eisenhower.

The Democrats this afternoon brought up for a vote a proposal to have a banking subcommittee conduct the inquiry. The subcommittee is headed by Rep. Wright Patman (D-Tex.) — a leading foe of high interest.

Republicans said the proposed Democratic-sponsored inquiry could shake business confidence and possibly start a recession. They offered a compromise plan calling for a 16-man bipartisan commission appointed by the President and Congress.

Mariners To Split Up On April 1

KALAMAZOO, Mich. — The Mariners, a quartet which performed for more than eight years on the Arthur Gaffney Show, plans to split up April 1. Marty Karl, a member of the group which also includes Jim Lewis, Nat Dickerson and Tom Lockhard, said the quartet decided to dissolve because of "the leaner days which have fallen upon us."

The group was formed in 1943 while its four members were in the Coast Guard. It appeared regularly on the Gaffney show until two years ago when it was fired.

Krider Stresses Canal's Importance To County

Governor, FEA Officials Unable To Reach Accord

TALLAHASSEE — Gov. LeRoy Collins and officials of the Florida Education Assn. apparently are as far apart as ever on demands of teachers for a pay raise.

The governor and FEA officials met for three hours behind the closed doors of the governor's residence late Wednesday. No agreement was reached.

The FEA maintained its demand for an \$1,100 per year raise for each teacher and Collins stuck to his stand that such a raise, which would cost about 80 million dollars in the next two years, is impossible at this time.

The governor's executive aide, Joe Grotzger, described the meeting for newsmen:

"It was a free discussion, but it was not designed to agree on any specific program and no agreement was reached," he said.

Collins agreed that some salary increase is needed for teachers but he did not mention any specific amount. The FEA representatives conceded that a large part of the responsibility for increasing teacher salaries should rest upon the individual counties.

They said they saw no immediate hope for any substantial help from the counties.

Ingrid Bergman, Y. Brynner Named '56 Oscar Winners

HOLLYWOOD — Ingrid Bergman, a self-made exile from the United States because of flaming headlines seven years ago, won the world's highest acting honor, the Oscar, Wednesday night as the best actress of 1956.

Yul Brynner, the bedroom-eyed matinee idol as held as the Oscar best actor for playing the arrogant, child-like ruler of Siam in "The King and I."

Veteran Anthony Quinn, who portrayed artist Paul Gauguin in "Lust for Life" was cited as best supporting actor in a surprise award. Dorothy Malone, the manly, hungry fish girl of "Written on the Wind," received a gold statuette as supporting actress, and touchingly dedicated it to her 16-year-old brother, struck dead by lightning two years ago.

Fans Cheer Selections

Fast-talking Broadway showman Mike Todd, the new husband of beautiful Elizabeth Taylor, won the best picture Oscar for his first try at movies, "Around the World in 80 Days."

Members Of Local Choirs To Sing In Hymn Festival

Members of three Sanford choirs will participate in the Central Florida Hymn Festival under the auspices of the American Guild of Organists chapter Sunday at 4 p.m. in the Orlando Municipal auditorium.

Vocalists from the First Presbyterian, the Holy Cross Episcopal and the Missionary Alliance churches here will join singers from a total of 19 Central Florida churches to form a choir of 500 under the direction of Robert Hufstader, head of the conservatory at Rollins college.

This third annual presentation of the Hymn Festival is under the chairmanship of Mrs. Edna Johnston, choir director of the Winter Park Congregational church, with Mrs. Jesse Pedrick Baker as organ accompanist.

The increasing congregation that overflowed the Orlando First Methodist church last year, with nearly as many turned away as were able to attend the popular service compelled the sponsoring Guild to move this year's offering to the Auditorium where the hundreds wishing to hear the service might be accommodated.

Thirteen hymns will be sung during the hour of worship which is non-sectarian and to which everyone is invited.

Correction
The announcement in The Herald last night that the Pinecrest and Southside P-TAs were meeting tonight is incorrect. There will be a meeting of the Seminole County Education Association at Pinecrest School at 4 p. m. with two very distinguished speakers scheduled for the program.

John Krider, Manager of the Seminole County Chamber of Commerce, told a Coffee Club audience this morning that "We've had 100 per cent cooperation with the resolutions in an effort to retain the Naval Air Station in Seminole County."

"Congressman A. S. 'Syd' Herlong Jr. has gone to bat for us," Krider told the large group attending this morning's Chamber of Commerce Club, and he has devoted at least 4 per cent of his time toward this effort.

"We're progressing and our situation looks good," Krider said. However, in reporting to the Coffee Club today, John Krider emphasized the importance of the Sanford-Titusville Canal project. "It's the one thing we should all battle for," he said.

Krider revealed that Judge Ernest Householder will represent the Seminole County Chamber of Commerce at the Hearing called by the Corps of Engineers in Sanford at the Mayfair Inn on April 10.

"We expect that Seminole County and the City of Sanford will also have representatives there to speak for them," he said. "The Canal will save a hundred miles between Canaveral Harbor and Jacksonville," the Chamber of Commerce Manager said, and he added "the more we develop now the more we will expand and grow."

In answer to a question as to what has been done about the Ducks and Terminals project, Krider said "It would be possible to have the canal without the Ducks and Terminals but it would not be practical."

Supporting the Seminole County Junior Chamber of Commerce in their Seminole County Navy Appreciation Day plans, Krider said "I don't know whether everyone realizes what a tremendous job the Junior Chamber has undertaken or not."

Krider said "They're doing a great job and they should be commended for their efforts."

Mayor David Gatchel, and Jaycee President G. Andrew Speer spoke briefly on the plans for staging the gigantic Navy Appreciation Day event Saturday and explained the part Chamber of Commerce members could play in making the event a complete success.

WASHINGTON — The House Labor Committee voted today to investigate union welfare funds to prevent their "pillaging" by racketeers. The House committee's decision came as the Senate Ratifiers Committee recessed temporarily its investigation of the giant Teamsters Union.

MOSCOW — Yugoslavia practically has been thrown out of the Communist fold, informed sources said today. This became known by a series of high-level Soviet charges that Marshal Tito's nation has given help to Hungarian rebels and by frequent new denunciations of national communism.

WASHINGTON — The administration is expected to ask Congress soon for a constitutional amendment permitting a president to hand over his powers "temporarily" to the vice president upon being disabled.

Bill To Guarantee Jury In Contempt Cases Introduced

WASHINGTON — Three southern senators have introduced a bill to guarantee the right of a jury trial in federal criminal contempt cases.

Sen. James O. Eastland D-Miss. said he also will offer the measure as an amendment to the administration's civil rights bill, now pending before the Senate Judiciary Committee.

The bill, introduced Wednesday, would permit the government to obtain injunctions to prevent civil rights violations.

Joining Eastland as sponsors of the bill were Sens. Strom Thurmond D-SC and Harry F. Byrd D-Va.

Eastland told the Senate that federal judges should be denied the power to hand out "arbitrary jail sentences . . . in contempt cases arising from alleged violations of the court's own injunctions."

South's First Dry Heart Patient Dies

MIAMI — The South's first "dry heart" patient, whose heart was operated on while a mechanical pump took over the duties of his heart and lungs, died here Wednesday less than 24 hours after the operation.

Doctors said the patient, 23-year-old Charles W. Meadows, succumbed from a blood clot of the brain. But doctors emphasized that the operation itself was a success.

A team of doctors, nurses and anesthesiologists planned the delicate operation at Jackson Memorial Hospital for more than a year, perfecting their technique on animals.

Dignitaries To Attend Navy Appreciation Day

Residents Urged To Come

"We're all ready to feed the big crowd attending the Seminole County Navy Appreciation Day festivities Saturday," said Co-Chairmen Harry Cannel and Garfield Willets today as the last of the final plans for the celebration that will draw more than 5,000 people were made.

Rear Admiral Carl J. Pfingstag, the Assistant Chief of the Bureau of Aeronautics, Washington, D. C. will arrive in Sanford Saturday morning to personally represent the Secretary of the Navy. It was learned yesterday afternoon.

Mayor David Gatchel, an active member of the Seminole County Junior Chamber of Commerce, and chairman of the Invitations Committee, said that the list of dignitaries is growing and a representative group of high Navy officials as well as out-of-town guests will be in Sanford Saturday to attend the nearly all day event.

Jaycee President G. Andrew Speer said this morning that "It looks as if the Seminole County Navy Appreciation Day will be a wonderful success." He explained that "We've had the cooperation of everybody."

First of the scheduled events will get underway Saturday at noon when the local officials and Jaycee groups honor the visiting dignitaries at a luncheon at the Mayfair Inn.

Shah Calls All-Out Search For Wife Of U. S. Official

TEHRAN, Iran — The Shah of Iran personally ordered full mobilization of police facilities today to rescue the kidnapped wife of an American official whose husband and another American were killed.

Bandits from the wastelands of Beluchistan Wednesday attacked the Americans near Iranshahr. They killed Kevin Carroll of Issaquah, Wash., and A. Wilson Brewer of Portland, Ore., and kidnaped Carroll's wife Anita.

The Shah, who has visited the United States several times, took personal interest in the case and issued orders for police to "do everything possible" to find the ambush slayers of the American Point Four officials.

Suez To Be Re-Opened 'Around April 10'

By United Press Staff Correspondent
U. N. Secretary General Dag Hammarskjold returned to New York early today with Egypt's answer to the future of the Suez Canal and the U. N. Emergency Force in the Middle East.

Egypt announced officially today the canal would be reopened by traffic around April 10, but there was growing speculation the reopening would be on a provisional basis till its future is settled.

The status of the UNEF was in doubt. Egypt has made no move to oust it from the Gaza Strip or areas along the Gulf of Aqaba. But President Gamal Abdel Nasser has signed no formal agreement, apparently because of Israeli refusal to permit the troops of the Israeli side of the border, Nasser and other Egyptian officials and on his arrival at New York refused to make any significant statement.

His aides said he probably would confer during the day with U. S. Ambassador Henry Cabot Lodge Jr., and perhaps Israeli Ambassador Abba Eban.

Israel was making no formal statements pending a formal report on the Hammarskjold mission, but was holding to its demands for free passage through the Suez Canal as well as the Gulf of Aqaba and asking that the border along the Gaza Strip be quiet.

House budget-cutters predicted they would make more multi-million dollar cuts this afternoon on a \$2.8 billion appropriations bill for the Labor Department and the Health, Education and Welfare Department.

They chopped \$118 million out of the Labor Department budget Wednesday.

Henson, Coleman Will Go To Scout Jamboree

Scouts and scouters of Troop No. 244, Boy Scouts of America, were honored last night at a Troop Court of Honor held at the National Guard Armory. Over 100 friends and parents of the Troop attended to see the presentations.

Explorer Jerry Henson and Scout Don Coleman were announced as the winners of the Troop contest to attend the Fourth National Jamboree to be staged at Valley Forge, Pa. July 12-19. Roy Green, Explorer Ruler of the Sanford Elks Club, sponsoring body of the Troop made the awards. Scout Tommy Fay was announced as alternate to attend the National Jamboree and should he not go he will receive a week at Camp Lanochee in Central Florida.

Many other Scouts were honored with advancement in Scout rank. Those advancing in the rank of second class were Mike Caolo, Tommy McLain, and Harry Nelson. Receiving merit badges were Don Coleman, Donald McDaniel in pioneering; Jerry Henson in scholarship; Donald McDaniel in home repairs and scholarship; and Ronald McDaniel in citizenship in

the nation, home repairs and scholarship.

Accepted into the Troop as Tenderfeet last night were Wayne Keeling, Jack Elam, Aaron Miller, Robert E. Smith, LeRoy Grover, Roy Green, Alex Carman, Dayne Clemmer, Wayne Clemmer, James Reed, and Jack Caolo.

Accepted into the Explorer Unit of the troop last night were Scouts John Krochick, Clifford Ahler, and Giff Wasson. A boy becomes an Explorer upon reaching his 14th birthday.

Ronnie Getman was commended for his outstanding accomplishments in the recent Boy Scout Fund Drive by Louis Girard, chairman of the residential part of the drive. Bruce Brinn was also honored for collecting over \$30 in the recent cerebral palsy drive.

Troop committee honored last night for its service in the Troop were Frank Noell, Robert Clark and Donald Flamm.

John Keeling is Scoutmaster of the troop, Don Coleman, explorer advisor and J. H. McDaniel and R. L. McKnight are assistant scoutmasters. Albert Lange serves as institutional representative.

Base To Reduce Civil Service Personnel Number

Civil Service personnel at the Sanford Naval Air Station, yesterday received letters from the stations Commanding Officer, Capt. Robert W. Jackson explaining the impending cut back in the near future.

"We are not the only station which has this economy problem this year, and I feel that our reduction is equal and not greater, relatively, than similar reductions throughout the naval aeronautical establishment," said Captain Jackson in his letter delivered following the close of yesterday's work day.

"Funds are not sufficient to allow for all of the salaries of civil service personnel through the remainder of the year," he explained.

Captain Jackson outlined in his letter the relatively small reduction in civil service personnel when he explained that the civil service population at the Sanford Naval Air Station would be reduced by 44 employees. However, he said, five employees have resigned and have been dropped from the rolls and four have already submitted their voluntary notices of resignation.

"As to the future," said Captain Jackson, "as far as we know, our personnel calling remains the same."

He also said that "we have also been assured in Washington, within the last two days that station operating funds for next year may be slightly greater than those received this year."

In assuring the civil service personnel of future plans, Captain Jackson added "If this is so, it means that as of the 1st of July, we will probably be able to rehire personnel in some numbers to fill vacancies."

Legislators Favor Building More Junior Colleges

TALLAHASSEE — The proposed new state university near Tampa may not be built within the coming two years. A United Press survey indicated today that legislators are more in favor of constructing additional junior colleges than the four-year university if a revenue shortage forces a choice.

And financial demands from teachers and various state agencies indicated the money which the Legislature will have to work with may be quite "tight."

However, some legislators felt they might be able to approve both the four-year college and the junior colleges although it would likely mean a small increase in taxes. Gov. LeRoy Collins also said he would see no reason why the Legislature might have to make a choice.

Search For Boy Lost On Hike

AN AIR AND GROUND search is underway in Altadena, Calif., for Eldon Bowman (left), 8, who disappeared while on a hike with six other persons. Circus Train Leaves Winter Quarters For Tour

SARASOTA, Fla.—The circus train, devoid of the frills and fanfare which used to accompany its departure, left its winter quarters here today for the start of its annual tour.

Only a few special railroad for animals and three coaches for a handful of performers made up the train which in past years comprised two full sections of more than 50 cars each.

Left behind in the 200-acre Ringling Brothers, Barnum and Bailey winter quarters are some 100 silver and red cars, beginning to show the effects of heavy rains and the blistering Florida sun.

The old circus train, the big top and cookhouse became too cumbersome and too expensive. Replacing the familiar big top, now folded and packed away in the boarded tent shop at the winter quarters, will be an elaborate system of lightweight aluminum rigging.

For the first time the circus rigging, props and wardrobes were shipped to New York by truck. Most of the performers and circus officials left several days ago by plane, train, bus and automobile.

Last year, in the middle of the tour, John Ringling North abruptly pulled the circus off the road and said it would never play again under the big top. The streamlined circus is geared to operate within a much smaller budget.

Critics accused North of killing the circus and the big top. But North answered with predictions of an even greater "greatest show on earth" and went ahead with plans to perform only in large indoor arenas and a few baseball parks.

The circus opens with a 40-day stand in New York's Madison Square Garden, its traditional opening spot, and then moves for shorter stands in Boston, Providence, R. I., Rochester, N. Y., Hershey, Pa., Norfolk, Va., Charlotte, Raleigh, and Winston-Salem, N. C., Washington, Baltimore, Philadelphia and other cities.

Housewife Has Rare Form of Rickets; Shrinks 10 Inches

BOSTON, Mass.—A courageous Gulfport, Miss., housewife who shrank 10 inches in height before she beat a rare form of adult rickets says "I'm learning to live again."

The Boston Globe said in a copyright dispatch yesterday that Mrs. Thomas E. Clarisse had been able to discard her wheel chair before returning to Massachusetts General Hospital this week for additional medical attention.

Mrs. Clarisse, who had shrunk from 5 feet, 5 inches to 4 feet 7 inches before her rare malady was arrested a year ago, will undergo tests to determine if she is well enough for corrective surgery. The operations would straighten and strengthen bones which were broken in some 24 places during 10 years of suffering with the ailment.

"I have more energy than anyone who's never been sick at all," she said. "The only time I have to use crutches is for long walks or shopping in Gulfport." The petite brunette, chic in a new rose dress, said she was doing all her own cooking, gardening, housecleaning and attending church and social functions. "I'm ever learning to drive," she added. "And I'm going fishing out in the Gulf with my husband and 'Dutch,' my boy."

Florida was first settled by white men in 1565, making it the oldest established settled area in the United States.

U. S. Population Passes Expected 1990 'Peak' In '57

By LOUIS CASSELS
United Press Staff Correspondent
WASHINGTON — The population of the United States is growing much faster than experts expected. It already has passed the "peak" it was supposed to reach in 1990.

The present rate of population increase—1.7 per cent a year—is more than double that of the 1930s. If it keeps up, America will have more than 220 million persons to feed, clothe, house, educate, employ and transport by 1975.

These facts now are receiving earnest attention at the highest levels of government and business. They have, in the words of Dr. Joseph S. Davis of President Eisenhower's Council of Economic Advisers, "profound significance" for the future of the nation and for each individual who will be hunting a job, going to college, buying a home or building a factory in the next 20 years.

Some results of the baby boom which has been under way since World War II already are obvious — in overcrowded elementary schools and mushrooming suburban housing developments. But other important implications of the rapid population growth "are not yet widely appreciated," Davis said in an interview.

Predictions in Error
Until a few years ago, Davis said, virtually all authorities thought the United States had reached the end of its long period of population expansion, and that the latter half of this century would bring a stationary or declining population.

The wartime jump in birth rates was regarded as purely temporary. As late as 1946, the Census Bureau forecast that the population would be 153 million in 1960 and at the ultimate peak of 164.5 million about 1990.

But the baby boom continued—and still shows no sign of a let-down. The population shot past the 164.5 million mark in 1955, 35 years ahead of schedule. It now is just over 170 million. It will pass 200 million before 1970, and will continue to climb with no peak in sight.

Without making any attempt to guess future birth rates, Davis pointed out some of the ways in which U. S. life will be affected simply by the growing up of babies already born.

Demand for Goods
There will be a sharp increase in consumer demand starting in a few years, as postwar children reach their teens. Teen-agers eat more, they spend more for clothes and entertainment. They buy used cars, cigarettes, record players and sports equipment.

The number of boys and girls going to college or starting to work will climb rapidly in the 1960s. Competition for jobs, especially the kind of jobs that offer a good beginning for a career, is likely to be intense. Getting into college may be even harder than finding a job.

The median age for marriage now is slightly over 20. As successive waves of postwar children arrive at this threshold age, there will be a big jump in the annual rate of "household formations" and a rise in demand for housing and durable goods.

Some economists, such as Prof. Joseph J. Spengler of Duke University, believe that rapid population growth poses a serious long-range threat to U. S. prosperity. They foresee growing shortage of natural resources, rising costs of production as the pressure of demand forces industry to tap submarginal sources of raw materials, and a general downward slide in living standards.

Davis does not share this pessimistic outlook. He believes that America's long-range increase in productivity, which has been averaging 3.5 per cent a year, or about double the rate of population growth, can continue to raise living standards. He is also confident that scientific and technological advances will open up new sources of raw materials.

Suds Replace Shine
Due for extinction is the old-fashioned shoe-shine kit and the Saturday night polishing routine. Thanks to chemical and tanning research, two types of shoes are being made of leather that requires only a light suds wipe-off and brushing.

The secret of this cleaning ease and the luxuriously soft texture lies in a recently discovered finish applied to the leather during manufacture. A sport shoe and a cuddly snow boot lined with washable Orlon of pile are already on the market.

Over 5,000 Ready For Realtor Week

More than five thousand Florida realtors and their associated salesman members were preparing this week for the annual celebration of Realtor Week in cooperation with fellow realtors throughout the nation.

At Tallahassee, on March 14, Governor LeRoy Collins signed a proclamation designating the week of March 31 to April 6 as one set apart for recognition of strides made toward professionalization of Florida real estate people through membership in local real estate boards and the Florida Association of Realtors.

In his proclamation, delivered to L. M. Studstill who heads the state association Collins pointed to the devotion of realtors in development of their communities and of the state. He lauded the code of ethics to which each realtor subscribes, and cited them for their activities in "um clearance projects and the Build America Better Program.

President Studstill, of West Palm Beach, said that "Every Florida realtor is conscious of the great responsibilities which are his as a prime force in the further progress of our state, and he is equally aware of the opportunities for service . . . at a time when all America is looking to Florida with many Americans turning to the realtors of our communities in their desire to acquire a Florida home for use now or in the future."

Studstill drew attention to the fact that even of the 61 boards, serving as many Florida communities, was planning observance of Realtor week on a local basis.

It's no secret that Christian Dior loves hats and feels they are very important. Last week in Paris he commented: "I consider that without hats, an intrinsic part of fashion, we would have no civilization."

Mr. Dior angrily fished out at women who wear kerchiefs on their heads. Said Mr. Dior: "There's one thing, though, invented by women, the ugliest style in the world, and that is the habit of wearing a silk kerchief instead of a hat."

All jokes about women's hats have no effect on Mr. Dior. "Ever since women have worn hats, they have been a target for jokes and uncomplimentary remarks. But hats have remained charming and flattering," he says.

Mr. Dior is now celebrating his tenth anniversary as a couturier. A decade ago—February 12, 1947, to be exact—he unveiled his "New Look" with its full skirts grazing the ankle. This came as a real fashion revolution replacing the skimpy knee-length skirts which had been adopted in wartime.

It is particularly fitting that Mr. Dior commented on hats on his anniversary celebration in Paris. He started in the fashion field as a millinery designer and has continued to design hats as well as clothes throughout his career.

Despite its steadily expanding cattle industry, Florida must still import much of its beef and dairy products.

Garden Gate

By Sadie Cox Hibiscus Circle Sanford Garden

April chores are mainly those left over from the busy month of March. In other words the whole garden should be gone over and pruned, fertilized and sprayed where needed.

Pruning in many cases requires only that dead wood and unsightly branches be removed to mold the shrub into a pleasing shape. Azaleas and camellias come under this classification. Roses should be cut back to an outward facing bud at about the height of eighteen inches.

In other cases, drastic cutting back and even thinning out of some of the branches is required. Crapemyrtle thrive under this severe pruning and produce much larger heads of bloom on the new growth so induced. Buddleia, Ligustrum and viburnum need to be pruned back considerably to keep them shapely and to induce thickness and branching low to the ground. When wisteria is through blooming the side branches should be cut back to within two or three buds from the main stock as the flowers come from this older wood. Root pruning is often helpful in producing flowers on a slow bloomer. Sever roots in a three foot diameter by cutting straight down with spade or shovel.

Poinsettias also should be cut low, perhaps eighteen inches from the ground, then tip pinched all summer long as the branches attain about twelve inches in length. Cut pruning into ten inch lengths, let dry a day or two and plant in loose sandy soil or where wanted. Water sparingly to avoid rot. By September when they receive their last pruning they should be nice bushy plants.

Of course all these scrubs should be fertilized lightly but regularly all summer during the growing season, and the fast growing ones should be pruned again about June to keep them under control. An almost daily watch should be kept on the garden to catch promptly, infestations of ants, aphids, grasshoppers, caterpillars etc. Five per cent chlordane dust is very convenient for dusting on these pests, but sometimes a spray such as Isotox is advisable to reach undersides of leaves. This spray can be used weekly to control thrip on gladi, gerbera etc., for lacebug on azaleas and pyracantha, and for leaf miners, aphids and night feeding beetles. Citrus should be sprayed with Volck when fruit is size of marbles. Isotox may be added to Volck for control of aphids. Camellias also need Volck if infested with scale and care should be taken to reach undersides of leaves.

For you who are experimenting with bark instead of osmunda fiber as a medium in which to grow orchids; bear these rules in mind. 1. All osmunda should be removed from roots before planting in bark, as old deteriorating fiber could cause rotting of roots and loss of plants. 2. Use standard, not slit, pots with only one or two pieces of cork in bottom, as bark dries out quickly. 3. Use slightly larger pots than with osmunda, on the theory that plant will not need repotting as often. 4. Plants will need watering and fertilizing more frequently as bark dries more quickly and does not contain as much food value as osmunda. When dry on top it needs water.

Cypress Gardens, on Florida's Lake Eloise, admits more than 700,000 visitors to its water show and tropical gardens, yearly.

Mr. and Mrs. William O. Tanner, with their two daughters, Susan and Sylvia, spent a few days in Miami, returning Sunday to their home on Adams Ave. They left suddenly due to the unexpected illness of Bill's father, who we're happy to report is much better. While in Miami, they stayed with Bill's parents, Mr. and Mrs. William O. Tanner Sr. It turned out to be a "meeting of the clan" since Bill's brother, stationed with the Army at Fort Campbell, Kentucky, managed to get home too. Another brother, with the Coast Guard, stationed at Miami Beach, was there, as well as Bill's sister and her husband, who is in the Air Force at West Palm Beach! (They missed the Marines, but there just wasn't anyone left to join that branch of the service!) It certainly is a family for the senior Tanners to be proud of.

Mr. and Mrs. William Finnigan, of West 19 St., drove Bill's mother, Mrs. Edward Finnigan, to the Orlando Airport yesterday morning, where Mrs. Finnigan caught a plane for home, Home being Monson, Mass., we're sure Mrs. Finnigan hated to leave this wonderful, mild weather to go back to the cold!

Tuesday evening, March 23, there was a meeting of the Advisory Board of the Enlisted Men's Wives Club. The meeting was held at the home of Mrs. Sue King, on Key Ave. The who attended were the club president, Mrs. Betty Miller, the secretary, Mrs. Doris Shortland, Mrs. Irene Dulek, Mrs. Diane Lanier, Mrs. Alice Drake, Mrs. Lillian Oakes, Mrs. Alice Pulver, and, of course, Mrs. King! The topics under discussion during the meeting were the future programs for the bi-monthly meetings of the Wives Club. The next meeting, which will be this coming Monday evening, April 1, at the U. S. O., will get underway at 8:00 P. M., as usual. There won't be a formal program that night, but more of a "get acquainted" evening for all the wonderful new members who turned out for our special membership Drive Buffet Supper two weeks ago. We hope they all manage to get to this meeting. For future meetings there will be a talk by Mrs. Randall Chase about the Girl Scout Leadership Program; a speech by Mr. Palmer on Survivors Benefits, followed by a question and answer period; a possibility of a "White Elephant Sale"; and a program devoted to "beauty", with one of the leading hair-stylists in the area. Looks like a full, and enjoyable Spring season coming up, and we hope all enlisted wives will attend, whether they are members, or come as guests.

I know I said in a previous column that you could attend "Navy Appreciation Day" free of charge with only your "I. D." card necessary for identification purposes. That still holds true. However, the request has been made that all those who are willing to do so, please wear their uniforms. All the senior officers present will be in uniform, from Capt. Jackson on down. And you just can't help but realize what

a wonderful picture it will make if EVERYONE shows up in uniform! It will be a wonderful way to show the civilians in the community just how many Navy people are there! As I said, it is not compulsory that you do so, but it would be a very nice gesture, on the part of the Navy. The plan of the day" is now complete, and goes as follows: At 2:00 P. M. there will be a baseball game at the Municipal Stadium, between Dallas and Minneapolis; following the game, at approximately 4:30 p. m., the "Fish-Fry" will get under way in Fort Mellon Park. During the fish-fry, the Seminole High School Band will entertain those present with a concert; at 8:15 P. M., the BIG event, (as far as the "kids" are concerned,) will commence. What else could I mean but the terrific fire-works display that the Jaycees have planned! The final bit of entertainment will be a "Street Dance", with music provided by the "Crazy Mountain Boys"! This alone promises to be quite lively, and a section of the street will be roped off for this purpose. All in all, it promises to be just about the biggest event that has taken place in Sanford in many a "moozy" and you'll miss a lot if you don't attend!

Alcohol Education Studies Given By Baptist Church

The First Baptist Church, in cooperation with other churches of the Southern Baptist Convention has set aside the month of March as Alcohol Education Month.

Having ended a series of sermons on this subject, we are currently engaged in a week-long study of alcohol. Already discussed has been how alcohol is detrimental to physical health, how it befuddles the mind and it blights personality. We continue on Thursday and Friday nights (7:30-9:15) studying its effects on moral and spiritual life, on the home and its effect on society; concluding with alcohol and Christian influence.

Our source for material for this study comes from such organizations as Yale Center of Alcohol Studies, The Scientific Temperance Federation; leading magazines, such as, Ladies Home Journal, Reader's Digest, and Pageant; and from prominent

Rollins Presents Romeo, Juliet On Anniversary

Winter Park — The special anniversary performance of Romeo and Juliet at Annie Russell Theatre tomorrow evening at Rollins College, will have all the glamour of a Broadway first night.

The performance, marking the opening of a week-long celebration commemorating the 25th anniversary of the founding of Annie Russell Theatre, will be highlighted by the appearance of the brilliant Broadway actress and Rollins alumna, Nancy Cushman, Mrs. Cushman who recently appeared in the Broadway production of "Cat on a Hot Tin Roof", has returned to play the featured role of Lady Capulet.

Two talented Rollins players, William Smith and Della Davis have been cast as the "star-crossed lovers". The large supporting cast will include Rollins faculty members, townsmen, and Rollins players. Peter Dearing is the director; Robert Grosse set designer; Richard Hill, costumes.

Marc Connelly, Pulitzer prize winning playwright will give the dedication speech at 8 p.m. before the curtain goes up on the play at 8:30. Mr. Connelly will be an honored guest at several receptions planned by the college college during the celebration.

Professor Dearing, director of Annie Russell Theatre, said that the first night audience would include Norris Houghton, director of Phoenix Theatre, New York, Maurie Dreier, New York, internationally famous gourmet and others. Four former Rollins players, who have returned to Rollins especially for the opening are: Robert Warfield, teacher of speech and drama at Boston University; Dudley Darling, personnel manager of Time and Life magazines; Dorothea Thomas Lynch, Washington, D. C. former Rollins drama faculty member and Mr. Dreier.

The entire proceeds of tomorrow's and Saturday's two performances will go into the creation of an Annie Russell Scholarship Fund. High school students attending the 2:30 Saturday matinee in groups of 12 or more will receive tickets at reduced prices. Other tickets are priced at \$1.00, \$1.50 and \$2.00.

A "Theatre Memorabilia" exhibition at Mills Memorial Library open to the public through April 11 has also been arranged in connection with the anniversary celebration.

Dramatic Program Presented At Woman's Club Meet Yesterday

The Fine Arts Department of the Sanford Woman's Club presented a dramatic program from the Sanford High School yesterday afternoon at their Annual Tea.

Miss Faye Garner gave two readings, "The Ship" and "The Channel Charters", in dialect. Angelo Compain held the ladies undivided attention as he demonstrated his dramatic abilities while reciting "The Raven" by Edgar Allan Poe, Agnes Stansfield presented "Aunt Kate Lends A Helping Hand" another very humorous reading.

Mrs. S. G. Harriman then introduced Mrs. Gene Nunley soloist. She was accompanied by Mrs. N. V. Farmer at the piano.

Tea was served by the officers of the Fine Arts Department, who acted as hostesses.

Story League Meet Held Monday Eve. At Parish House

A dinner was given by the Sanford Story League Monday evening at the Episcopal Parish house honoring Mrs. S. O. Shiholser, a charter member of the local league. She was made honorary member and presented a membership pin by Mrs. E. C. Williams.

A short business session was presided over by Mrs. H. L. Moore president. Mrs. O. E. White was elected an alternate to the Eastern District Convention to be held in Richmond, Va. in June.

Mrs. C. C. Welsh reported stories told at the Southside School.

It was noted with interest and pleasure that the character sketch of "Elvira Garner", written by Mrs. E. C. Williams was published in the April issue of the Story Art Magazine. "Congratulations to Mrs. Williams."

Mrs. W. L. Buche, study chairman, gave a most informative talk using as her outline part of the "How To Tell Stories" by Thomas W. Weche, organizer and first president of the National Story League.

The theme for March "Candles for Humor" was delightfully carried out by each story teller as she was presented to the audience by Mrs. Fred Robb, program chairman. First came the meeting league members, Miss Judy Hobbs who told a story "Turtle and the Flying Rabbit"; "The Cow that Climbed a Tree" was told by Miss Sally Hobbs. "The girls are to be complimented on their ability as story tellers."

Mrs. Victor Greene telling the story "Aunt Glory's Marriage Certificate" in dialect threw her audience into "gales of laughter".

Mrs. Fred Robb outstanding worker in Seminole County with the Girl Scouts closed the meeting by relating some of the humorous happenings in the life of Juliette Gordon Lowe, organizer of The Girl Scouts of America.

shortcake and coffee were served to: Mrs. Ernest Nelson, Mrs. A. D. Holloway, Mrs. Beitt, Mrs. Stone, Mrs. W. T. Cavanaugh, Mrs. I. A. Powell, Mrs. Minneva Williamson, Mrs. Jesse A. Cook, Jr., Mrs. Fryor, Mrs. A. Dugger, and Mrs. Mays.

SHS Places 2nd In Tri-School Track Meet

The Sanford Seminoles came in second yesterday afternoon in a tri-school track meet as they played host to DeLand and New Smyrna Beach.

The DeLand Bulldogs won the event, piling up important points on the basis of team members. Running four and five men in each event, the visiting Bulldogs gradually pulled away from the Seminoles, who led through the early part of the meet, and finally won the meet with 70 1/2 points. The Seminoles rolled up 66 men and fielded only 15 men for the 15 event meet—less than half the number dressed out for DeLand.

Early in the meet it became apparent that third and fourth places were vital to the winning of the meet. The Seminoles began doubling on more and more events, but near the close of the meet the Seminoles thinned out so exhausted that their gallant effort went almost unrewarded.

Of the 15 events the Seminoles placed first in six while the Bulldogs placed first seven and New Smyrna accounted for the other two.

Coach Fred Ganas voiced strong approval of the efforts put out by his charges. "They did a terrific job," he said enthusiastically. "DeLand has an all veteran squad starting in the events and more than enough reserve strength. The boys did a wonderful job."

Ganas said the enthusiastic response by spectators and students was more than encouraging and the athletic department of Seminole High was presently considering extending the present season.

Today's Sport Parade

By OSCAR FRALEY
United Press Sports Writer
NEW YORK (AP)—Pull up a chair, peel yourself a grape because we're fresh out of oranges, and take it from Fearless Fraley that it's gonna be the New York Yankees and the Cincinnati Reds in the World Series this year.

From here the pennant races shape up this way:

American League

1. The New York Yankees: If they lose this one, there should be a congressional investigation. The only question is how many homers Mickey Vernon will hit—35 and how many games Art Dittmar will win—21.
2. Detroit Tigers: In the race till the head of the stretch. Then watch Whitely Ford and Co. go by.
3. Cleveland Indians: Still loaded with pitchers to throw it up there. Still nobody to get it when it goes out there.
4. Chicago White Sox: Go, go, too slow, slow.
5. Boston Red Sox: Proving once again that money will buy anything but complete poverty and a pennant.
6. Baltimore Orioles: Any higher would be a real Oriole borsalis.
7. Kansas City Athletics: Still in Missouri.
8. Washington Senators: The old, old story: First in war, first in peace—and last in the American League.

National League

1. Cincinnati Reds: More muscles than a weight lifter's convention but that may be the stumbling block. The pitching figures to improve but the batters have to blast on schedule.
2. Brooklyn Dodgers: The beards grow longer and longer and sooner, if not later, the thumbs won't plug the dyke any more.
3. Milwaukee Braves: If they ever get mad, look out. But there is still no fire in the ashes.
4. St. Louis Cardinals: The gang is out of gas with nobody to fill the tank.
5. Philadelphia Phillies: Gee whiz, kids!
6. Pittsburgh Pirates: Gee, kids!
7. New York Giants: San Francisco wouldn't want 'em.
8. Chicago Cubs: Lucky to finish eighth.

And, Oh, yes, the Yankees will win the Series, four games to two. Anyone for football?

Coach To Expand B-Team Baseball

Sanford Seminoles baseball mentor Dave Laude announced this morning that he will expand his B team baseball for the season in order to give more of the more eager but inexperienced players an opportunity to season with actual game experience.

"We have some fine material on the way," Laude said, "and they are willing to play ball. If they are willing to stay out for the season, work hard like they have since the season began, and show the wonderful attitude and spirit, I am willing to spend extra time with them and give them the experience they deserve."

Laude's volunteering for more duty is almost unheard of in situations where an unassisted coach works with charges for both varsity and JV teams.

Laude said four of the five games he has scheduled will be played on the practice field across the street from Seminole High School. All games are with varsity competition.

The JV season will open April 8 when the Seminoles play host to Oviedo. On April 18 the two teams will meet again, this time in Oviedo. On April 22, the JV will host Lyman for the first of three games with the Greyhound varsity. They will meet April 29 and May 2 in return engagements on the local diamond.

Millers Count Third Straight Victory Over Rochester

The Minneapolis Millers ran to their third straight victory over Rochester yesterday afternoon in Memorial Stadium 5-0. Minneapolis, B.G. brother of the fabulous New York Giant Farm System and triple-A member of the American Association ran their season record to 6-3 thus far for the season.

Sam Miller pitched the first five innings for the stamned up Millers and allowed only four hits. But the Rochester fears of a shutout mounted even when Miller was relieved after the fifth by Mike Blyzka.

Blyzka made his job on the mound tough but very short as he bedame the first man in the circuit to fan all opponents so far this season. Only 18 Rochester players approached the plate after the fifth inning.

Ed White and Don Crute hit home runs for Minneapolis that tallied for two runs off Hal Byrum in the first three innings and three off Tony Stathos, a left-hander with a three-quarter side-armed change-up pitch, in the next three. Ed Donnelly, another lefty for Rochester, finished with further damage for Rochester.

Yankees Are Really Loaded This Year

EDITORS: This is the ninth in a series of the 1937 prospects of the major league clubs.

By LEO M. PETERSAN
United Press Sports Editor
ST. PETERSBURG, — an — Even Casey Stengel admits the Yankees "are really loaded" this year.

Stengel, shooting for his eighth pennant in nine years as skipper of the Yankees, points out that "I have guys who can play four positions. My problem is not whom to play, but to remember the names of all my guys so I can tell the right ones to go in there."

Stengel, however, doesn't believe it will be a "walkaway."

"Not so long as you have clubs like the Tigers, White Sox, Red Sox and Indians in the same league," he said. "But I must be honest and say I'm very optimistic."

He started running down his pitching staff, leading off with southpaw Whitey Ford 19-4. Then in order he mentioned Don Perfect Game Larsen 11-3, Bob Turley 6-4, Tom Sturdivant 16-8, Bob Grim 6-1, and Johnny Kucks 16-9.

Add Two More
Add to them the two hurlers the Yankees obtained from the Athletics, Art Dittmar 22-22 and Bobby Shantz 2-7, and Stengel asks: "Who figures to have better pitching?"

The answer is, no one.

Mickey Mantle, the triple crown champion—having won the American League hitting title with an average of .333, the runs batted in crown with 130 and the home run title with 22—will anchor the outfield in center with Hank Bauer in right. That leaves left field wide open and right now it looks like one of the Yankees prize rookies, Tony Kubek, will win the job.

Stengel was prevented from giving Bill Showron, the hard-hitting first baseman, a thorough workout at third when Showron fractured his thumb, so he probably will start the season at first base.

McDougal is sure of the shortstop job and Stengel considers him the best in the league.

"He won't hit with that gun in Detroit Harry Kuen or field with that fella in Chicago Luis Aparicio, but overall in both departments he does a better job," Stengel claims.

Pepper-pot Billy Martin will be either at second or third base. However, Andy Carey, who has been hitting hard this spring and could keep the job.

In the catching department, brilliant Yogi Berra will be supported by Elston Howard and Darrell Johnson.

Track Team Will Hold Five Meets Before OBC Event

Track Coach Fred Ganas said this morning that the athletic department of Seminole High School was expanding the present track season. Ganas said he would be sending his track team into more meets "because the boys like it and so do the students and spectators."

Ganas said the season would hold five more track meets for the Seminoles before they go into the Orange Belt Conference track meet at Boone High in Orlando, April 24.

"We want the students, parents, and interested fans to know that we appreciate their support," Ganas said. "The attendance at home meets are enormous compared to what was anticipated."

Ganas said all three of the newly scheduled meets would be on the home track behind Seminole High.

Next Wednesday night, April 3, the Seminoles go to Melbourne for a night tri-school meet with Melbourne and Cocoa. The event is scheduled to get underway at 7 p. m.

The following Monday, April 8, the Seminoles will entertain Eustis and Tavares in a tri-school meet here and the following Thursday, April 11, the Seminoles will entertain New Smyrna Beach in an afternoon meet behind SHS. April 15 the Seminoles will host Tavares on the home track and April 17 the Seminoles will wind up the season before the tournament by participating in a tri-school meet in Leesburg where DeLand will also participate.

Howe Acclaimed Hockey League Scoring Champ

MONTREAL (AP)—Gordie Howe of the Detroit Red Wings has been officially acclaimed as the National Hockey League scoring champion for the 1936-37 season.

In winning the title for an unprecedented fifth time, Howe wound up the regular season competition Sunday night with 89 points, based on 44 goals, also tops in the league, and 46 assists in 70 games.

Howe beat his left wing linemate, Ted Lindsay, by four points. He had a five point margin over Jean Beliveau of the Montreal Canadiens, last year's scoring champion. Lindsay's total consisted of 30 goals and 55 assists for 85 points and Beliveau had 33 goals and 51 assists for 84 points.

Jacques Plante of the Canadiens won the Vezina Trophy for the lowest goals against average. He had an average of 2.02, with nine shutouts credited to him. Gus Morton of Chicago was the most penalized player with 147 minutes spent.

In winning the title for an unprecedented fifth time, Howe wound up the regular season competition Sunday night with 89 points, based on 44 goals, also tops in the league, and 46 assists in 70 games.

Howe beat his left wing linemate, Ted Lindsay, by four points. He had a five point margin over Jean Beliveau of the Montreal Canadiens, last year's scoring champion. Lindsay's total consisted of 30 goals and 55 assists for 85 points and Beliveau had 33 goals and 51 assists for 84 points.

Jacques Plante of the Canadiens won the Vezina Trophy for the lowest goals against average. He had an average of 2.02, with nine shutouts credited to him. Gus Morton of Chicago was the most penalized player with 147 minutes spent.

Conring The News

BY VIRGINIA CONN

Robert came back last night and had roast beef sandwiches, so that the end of my pitiful story. But never fear, I'll have another one in a day or so. Meanwhile, there are plans in the air for many activities during this week. The center of attraction of course, Seminole County Navy Appreciation Day. Starting at one-thirty in the afternoon will be a baseball game between Minneapolis and Dallas, two of the hottest farm teams in the New York Giants. At five-thirty civic club members will man the serving lines for the fish fry, where they expect to feed five thousand people. The Seminole High School band will play during the meal. Then will come a tremendous display of fireworks over Lake Monroe, and this will especially thrill many of us who have stood in awe in isolated islands and watched the brief flare of a very pistol on the fourth of July. Fireworks such as those we will see in Sanford Saturday night are becoming an increasingly rare pleasure.

Small towns all over the country enjoy street dances, and one of these will climax Navy Appreciation Day, as the Rayburn Brothers Band will play tunes for square and round dancing. One of the nicest things about this day is that it will all be free but by far the most compelling thing about it is that the navy has nothing to do with any of the preparations; the permanent residents and business men of Sanford are doing this entirely on their own, and for those who think that Sanford is getting to depend too much on the Navy for workers can realize that this tremendous undertaking has been made possible in a very short time by themselves, and therefore proves that they do not need us as personalities. Which makes us feel better, because we know that this day has no ulterior motives, but underscores a feeling of sincere good will. Senator Spessard Holland and Representative Syd Herlong will be here, as well as Navy Officials. It is up to us in the navy now to turn out in toto and tell our neighbors, politicians and fellow servicemen that we, too, want to stay in Sanford. If just a few of us speak to these Washington

Temptations to evil surround us daily; we may succumb although knowing the results will make us suffer. Some of us are steel-willed enough to resist—but any one of us can, with God's help, fight valiantly, win gloriously, for then we will not be fighting alone.

TV Dinners Come To The Rescue Of...

the modern bride just getting acquainted with her kitchen and the chore of planning meals and the busy young homemaker, with children, who has little time to spend preparing elaborate meals.

With too few hours in the day the secret of quick, nourishing meals lies right in your freezer or refrigerator freezer... Frozen Dinners

If you like fork-tender beef with gravy, browned potatoes, corn and peas, try the frozen Pot Roast Dinner tonight. This is a favorite that always appeals to the men and boys in the house. Serve a salad, crusty French bread and that typical American dessert... apple pie. Of course you can save time here, too. If you use individual frozen Apple Pies with a wedge of good Cheddar cheese.

For those who like chicken, both light and dark meat are found in generous portions in the frozen fried Chicken Dinner. Each foil-wrapped tray contains a complete dramatic or thigh, a wing and a piece of breast. This is chicken at its best... tender, plump pieces carefully fried to a golden crisp brown, then frozen quickly to retain all its flavor and moisture. Children love this dinner because it also includes fluffy mashed potatoes and mixed vegetables. This is truly a meal-in-a-tray. For dessert, a bowl of fruit, cut in chunk-size pieces, and you'll please even the fussiest eater.

For turkey lovers... at any season of the year, serve a frozen Turkey Dinner complete with stuffing, gravy, mashed potatoes and peas... wise choices to suit all tastes. Canned cranberry sauce... either whole or jellied and a bowl of raw vegetable relishes can be passed at the table by the hostess. Any simple dessert can be prepared in the time it takes to heat these dinners. So plan on serving one of these "prepared meals" tonight.

Try and Stop Me

By BENNETT CERF

GEORGE DIXON swears he read this in a book published long ago in the deep South: "After chasing the Union Army all over the map, the Confederates pulled up at Appomattox, planning to wipe out the Yankees... General Lee was resting at the town's courthouse when in walked General Grant to surrender. Lee took the Union general to be an orderly, so he gave him his sword to polish. Astonished, Grant took the sword, thinking Lee had surrendered instead. He even thanked Lee for surrendering and, being a true Southern gentleman, Lee couldn't go back on his word."

The parents of a 150-pound, 10-year-old boy were surprised to learn that he had won the part of Cleopatra in a school play. "But why," asked his mother, "did they give such a part to the huskiest lad in the class?" "They had to," explained the boy cheerfully. "It was my snake!" © 1957, by Bennett Cerf. Dignitaries

Continued from Page 1
underway at 2 o'clock Saturday afternoon with the Jaycee Seminole County Navy Appreciation Day baseball game at the Sanford Memorial Baseball Stadium between the Minceps AAA team and the Dallas AA team.

At 4:30 Saturday afternoon 12 lines will form in Fort Mellon Park where the fish will be served. At least a dozen Sanford civic and fraternal organizations have volunteered to assist the Jaycees in serving lines.

Dignitaries will be introduced at approximately 5:30, according to the schedule released by the Jaycee Co-Chairman Harry Canell and Garfield Willes.

The brand new Ford automobile will be given away at approximately 7:30 Saturday night, Ed Hunt, chairman of the committee, said this morning. However, he said, in order to give the car away, all contributions will necessarily have to be received at least an hour before awarding the automobile.

A gigantic fireworks display will be seen at approximately 8:15 Saturday evening with the aerials over Lake Monroe in the vicinity of Fort Mellon Park where the fish will be served. Bob Crumley, committee chairman in charge of amusements said that the big fireworks aerial display will be fired as soon as darkness permits.

A street dance will begin at 9 o'clock with the Raybourn Brothers Band, regularly heard over Radio Station WTRR and on Television's Channel two each week, playing for the round and square dance event. Crumley said that a caller for the square dancing will be furnished by the band.

A social hour honoring the visiting dignitaries will be held at the Mayfair Inn following the fireworks display and before the street dancing gets underway.

Mayor David Gatchel said today that he is hoping that Sanford citizens will take advantage of the opportunity to turn out for the fish fry and entertainment in order to meet and know Sanford's Navy people better. "We certainly want them to know that they're really wanted here in Sanford," he said.

President Hopes To Take Vacation At Augusta In April

WASHINGTON 48—The White House says that President Eisenhower hopes to take a vacation at Augusta, Ga., some time in April. The trip probably will be later than his usual spring visit to his favorite golf club at Augusta.

The President himself told a news conference yesterday that on his recent ocean voyage and visit to Bermuda he got only 2 1/2 days of sun, and would like to get some more.

Press Secretary James C. Hagerty said later that there was nothing to report that the President might go to Florida next month. Hagerty said there were tentative plans for a trip to the Augusta National Golf Club which the President usually visits in the fall and in the spring.

Normally Mr. Eisenhower goes to Augusta immediately after the Masters golf tournament which ends this year on April 7. Hagerty said he thought the trip would not begin until about the time Congress starts its Easter recess, about April 15.

There was a variety of opinion among reporters at the presidential news conference as to how Mr. Eisenhower looked after his trip to Bermuda and his long effort to get rid of a nagging cold. Some reporters thought his eyes looked bloodshot, others said his eyes seemed watery. Hagerty said he did not notice either symptom.

Grammar What You Make It

By DOC QUIGG
United Press Staff Correspondent

NEW YORK 48—"Like," a nice little word which has been metamorphosing like crazy into the likes of many parts of speech for centuries amid the sick-like groans of disapproving school-marmas, shows no signs of holding still and trying to be good—like a good like should.

It has gone and got itself all mixed up with the word—happy jazz musician crowd, of whom, as some grammarian once said, there is no whoer.

Of course, grammar is what you make it, and it was Horace Greeley, whose like was looked upon by thousands of readers, who once retorted proper to a letter from a reader about an alleged grammatical slip. "A thousand grammarians are hanging on your answer."

Happy Horace
Greeley replied simply: "The spectacle of a thousand grammarians hanging anywhere would be to me a joy forever." However, he was an editor, a breed notorious for likely answers.

What the beboppers and their like, are doing to "like," though, is a considerable sea-change. Historically, "like" has implied a comparison, as in: "Duh cops come, and we run like holy jumping hades." Or, "Why don't you be nice, like I?"

But according to the jazz historian Marshall Stearns, who keeps on top of such things, modern jazz musicians are using the word before any had all phrases, indiscriminately, as a rather peculiar opening particle.

Stearns gives an illustration of the story of the jazzman who sees a fire engine crashing down on him, and he hollers: "Like help!"

Spring Showers, Warm Weather Wash Away Snow

By UNITED PRESS

Spring showers and warmer weather ranged across the southwestern plains today to help wash away mounds of snow dumped by the worst blizzard in memory.

Western areas hit hardest by the 13-state storm were gradually recovering from the ordeal and taking stock of their losses—both human and property.

Late reports to United Press showed at least 45 storm deaths since Friday night: 10 in Illinois, 9 in both Texas and Kansas, 5 in Oklahoma, 3 each in Nebraska and Indiana, 2 each in Missouri and Iowa and one each in New Mexico and Ohio.

Railroad and highway traffic was near normal, although in hard hit Kansas, highway crews still were wrestling with mountainous drifts on main roads. All east-west highways west of U.S. 283 in Kansas were restricted to "urgent traffic only" and many still had only one lane open.

Cigarette Smoking On Upswing Again

WASHINGTON 48—The government reported today that American cigarette-smoking is on the upswing again.

The Agriculture Department said in a publication on the tobacco situation that domestic cigarette consumption amounted to 392 billion last year, a 2.5 per cent increase from 1955.

The department also predicted that cigarette-smoking would reach a record high this year. The previous high came in 1952, when domestic consumption totaled 391 billion.

The department said consumption of cigarettes per person 15 years and older in 1956 totaled 3,428 1/2 packages. This was one per cent more than 1955. The 1956 output of chewing tobacco and snuff was about 3 per cent below 1955. The department predicted the use of chewing tobacco is likely to continue its long-time decline, but that consumption of snuff is holding steady.

The publication also showed that government revenue collectors took in more on cigarette taxes than tobacco farmers were paid for their crop.

The old Indian habit of dropping orange seeds as they walked through the dense woods led many early settlers to believe the trees native to Florida.

TV Notes

NEW YORK 48—NBC has planned for the fall a weekly one-hour adult western series on film to be called "Wagon Train." Sept. 18 has been set for the debut: 7:30 Wednesday nights. Ward Bond will have the leading role of wagon master. The period is 1850.

The oil field industry will get its TV exposure in a filmed series called "The Wild Caters," now being made by DeLia Productions in Hollywood.

CBS has set May 16 as the date for "The Helen Morgan Story," in which Polly Bergen will portray the late singer star. It will be a "Playhouse 90" production.

Members of the cast of the Phil Silvers show on CBS have to tune in each week just like everyone else if they want to see the finished product they put on film several weeks earlier. There are no previews for the players.

The owner of Kokomo Jr., new chimp on NBC's "Today" program, is Nick Carrado, a magician. The chimp is figured to have been born in Africa about Nov. 1, 1933. Carrado paid \$1,800 for him in September, 1956, and trained him.

Joan Caulfield took home her herring soup as a souvenir from the set after she made "House of Glass" for "Ford Theater." The souvenir is an amusement park distortion mirror.

CAUGHT IN OWN TRAP
SIBLEY, Iowa 48—For Lester L. Scott, it was a case of double embarrassment, when he was tripped up by an electronic speed detector and fined \$6 at Grinnell, Iowa. Scott is Sibley Police chief and sells electronic speed detectors on the side.

GAME CALLED!
HOWELL, Mich. 48—Longtime friends Mrs. Donald Dirby and Mrs. William Murphy like to do things together. They were playing bridge with their husbands when both were taken to a hospital where they gave birth to daughters.

Florida's Highway Patrol was established in 1939.

LTJG R. Smith's Record Impressive

LTJG Richard Smith of Heavy Attack Squadron Eleven plans to leave active duty in April and become a Week-End Warrior at NAS, Glenview, Ill. One of Eleven's most capable and popular Plane Commanders, LTJG Smith will finish his studies at the University of Notre Dame and on week-ends fly Cougars as a member of the Naval Air Reserve, unofficially designated the Week-End warriors.

The record of LTJG Smith in VAH-11 has been most impressive. He reported to the squadron in October, 1954 after being commissioned and receiving his wings at NAS, Pensacola. After attending the Bombardier Navigator (B/N), course at HATU, LTJG Smith returned to Eleven and was deployed as a B/N March, 1955. Quiet and unassuming but determined to fly as a Plane Commander, LTJG Smith soloed the AJ during June, 1955. His ability and performance so impressed the squadron that it wasn't long before LTJG Smith was day and night qualified for carrier landings and on August 29, 1956 became the first pilot to be designated a Heavy Attack Aircraft Commander while still an Ensign and at the age of 22. His crew was composed of LTJG Dave Russell B/N and R. L. Lindsay, AT3, Third Crewman.

A remarkable thing about this crew is the fact that it was the first, and so far as known, the only Heavy Attack Crew where the Bombardier outranked the plane commander. LTJG Dave Russell outranks LTJG Dick Smith by eleven months.

The pace of VAH-11 is quick, and LTJG Smith assumed his new responsibilities with a calm efficiency that enabled him to currently have over 100 hours of pilot time and over 60 carrier landings in the AJ-1. Encouraged by VAH-11 LTJG Smith has also checked out in the SNJ, SNB, TV-2, PZV and AD, with his total pilot time now being over 1200 hours in all models.

Ens. A. Downs Writes Book On Democracy

One of Heavy Attack Squadron Eleven's brightest literary lights is Ens. Anthony Downs, author of the book "An Economic Theory of Democracy," that will be published in the fall by Harper and Brothers.

A native of Coatesville, Pa., Hornyak first started to appear before audiences, at the age of nine, when he sang on the "Children's Show" over a Coatesville Radio station. He continued his singing through high school in Coatesville, Pa., where he appeared in several stage shows. After high school Hornyak enlisted in the Navy in 1954 and reported to VAH-11 on the completion of his recruit training. While in the Sanford area Hornyak has been singing at wedding receptions, the Patio Club and has appeared twice in the "Art Davis" television show on Orlando T. V. During Eleven's deployment Hornyak made his first overseas appearances in the Officer's Club and the Chief's Club at NAS, Port Lyauette, French Morocco. His fame began to spread and the Sidi Sillmane AFB and the Rabat AFB also requested Hornyak to sing at their clubs. This talented Navy man has also had a request by Arade Records to add to their work in being published as an article, "An Economic Theory of Political Action in a Democracy," in the "Journal of Political Economy," to be published by the University of Chicago in April.

Ens. Downs is married to the former Kay Watson, who was a fellow graduate student at Stanford University, and is also from Park Ridge, Ill. Ens. and Mrs. Downs live on Oxford St. in Longwood.

CHIEF GENE WITZEL, six times Navy golf champ, has an outstanding record. (Official Photo, U. S. Navy)

While at Stanford University in California, Ens. Downs wrote his thesis on how democracy would work given the following conditions: (a) all citizens are perfectly rational about politics, (b) political parties have as their motive election to office rather than carrying out any specific policy or doctrine, (c) information about politics is costly. In Downs opinion these conditions all exist in reality to a great extent. His thesis develops them in theory, but the results he obtains are remarkably close to actual politics in the U. S. A condensed version of his work is being published as an article, "An Economic Theory of Political Action in a Democracy," in the "Journal of Political Economy," to be published by the University of Chicago in April.

Ens. Downs is married to the former Kay Watson, who was a fellow graduate student at Stanford University, and is also from Park Ridge, Ill. Ens. and Mrs. Downs live on Oxford St. in Longwood.

Ens. Downs was commissioned in Oct. 1954 after graduating from the Officer Candidate School at Newport, R. I. He reported to

Heavy Attack Squadron ELEVEN in February of 1957 and is the squadron's Air Intelligence Officer.

Squadron's Job Is Varied, Often Tedious

The job of a Heavy Attack Squadron is varied and often tedious. It can also be satisfying and enjoyable. Heavy Attack Squadron ELEVEN experienced all of these emotions during their recent deployment. While deployed, ELEVEN found that a great portion of their effort was spent in flight refueling missions on "Tanker Hop". This type of mission while vital to the Sixth Fleet Operations, was dull routine to the aircrews. It consisted of circling the ship in order to refuel jet fighters returning to the carrier in a low fuel state.

One day late in Oct., Cdr. J. H. Bear, Officer-in-Charge of the VAH-11 detachment aboard the USS Randolph, and his two crewmen, B/N, G. K. Smith and third crewman P. C. Bennett, found the monotony broken by a distress call. Two F9F-8 Cougars operating from the USS Coral Sea were low on fuel and could not return to their ship. Despite bad weather, CDR. Bear led both aircraft to the Randolph where the first Cougar, with just enough fuel for one pass, made a successful landing. The second Cougar, whose pilot was about to eject due to the low fuel state, was refueled in flight by the AJ and made a successful landing on the Randolph.

UNLUCKY ELEVEN

Heavy Attack Squadron ELEVEN in February of 1957 and is the squadron's Air Intelligence Officer.

This type of "save", performed several times by VAH-11's detachments during its deployment, was a saving to the Navy of millions of dollars, and probably several lives. To the AJ crew the monetary value was low second compared to the satisfaction of feeling "needed" by the ship and air group.

That the AJ's of VAH-11 were "Johnny-on-the-Spot" so often, was the effort of many personnel behind the scenes. The maintenance department working late into the night, the men repairing tanker "packages", people in Supply bringing the needed parts; all of these men were behind the effort to keep the AJ's in the air on that day. CDR. E. C. Mildahn, Commanding Officer of VAH-11, has often pointed with pride to the people behind many a successful day of flight operations.

Keeping its all-weather bombing capability at a high level with regular practice, VAH-11's participation in various Sixth Fleet Exercises was a decided success. The AJ type aircraft played a prominent role in these exercises by extending the reach of the Fleet air arm with inflight refueling and by its all-weather bombing capability. On strikes against land targets, the venerable Alpha Julietts were often the only aircraft to reach their targets under poor weather conditions. During an exercise while the U. S. Marines performed an amphibious landing on the island of Sarifolia, VAH-11's aircraft roared overhead as an "aggressor" force. The outstanding availability and successful strikes of the AJ's were a constant threat to the Marine landing.

The detachment at Port Lyauette had a dual role; that of supporting the two detachments on ship and also of becoming a part of the strike exercises when needed.

On the ships, whenever visiting dignitaries were aboard, it was customary to stage an airshow. Interest in the Sixth Fleet Activities brought forth many of these dignitaries and airshows. A popular sight during an airshow was the "Tanker-Fly-By", consisting of an AJ refueling a jet air-

craft at 200 ft. The various detachments developed a good competitive spirit as evidenced by their various slogans and shoulder patches. Yet underneath this competitive spirit, the Squadron functioned as a team and it was this team work that

led Capt. D. F. Smith, Commanding Officer of the USS Randolph and formerly on the staff of Com-NavDiv SIX to remark: "This is the best AJ deployment I have ever observed. Congratulations!" Now that ELEVEN is back home again and getting settled in its sumptuous spaces, all hands are eagerly awaiting the advent of the ASD. Plans to send maintenance personnel to school and pilots to jet transitional training are already formulated and the squadron is more than anxious to enter this new phase of the Heavy Attack program.

FASRON-31 Gets February Safe Driving Plaque

Capt. Robert W. Jackson, USN, Commanding Officer of Sanford Naval Air Station, in ceremonies last week, presented Fleet Aircraft Service Squadron Fifty One (FASRON-31) with the Commanding Officer's Safe Driving Plaque for the month of February. The award was accepted by Commander William W. Stetson, USN, Commanding Officer of FASRON-31.
The squadron won the award by maintaining a perfect record of having no accidents or violations charged against them during the month of February. The Safe Driving Plaque is presented monthly by the Safe Driving Council of NAS Sanford.

Seven's Large Families Take Hold In Sanford

Many of Heavy Attack Squadron Seven's families have decided that Sanford is a good place to bring up their children. Seven's families are well populated with one, two, and three children, but several including Cdr. A. K. Simmons, the squadron's Operations Officer have found Sanford so hospitable to their youngsters that they are rearing five.
These patriarchs from Seven, seafarers though they be, are choosing to fasten their moorings in Sanford. More than a third have bought and are buying homes close by and around the Naval Air Station. Weekends find these sailors and aviators indulging a rustic bent as they mow, plane wood, prune and nurture their gardens and surroundings. A few of Seven's family men give way to their bucolic instinct and find time to take their wives and youngsters to Sanford Zoo and capture a pastoral moment.

Sanford now boasts of a brand new million-and-a-quarter dollar hospital opened only this year; a sewer and water expansion and improvement program of a million-and-a-quarter dollars; a new Memorial baseball stadium, a new and modern golf course operated by the New York Giants' Mayfair Inn, newly paved streets, more than 23 parks, bordered by a lake that is five miles wide at places, and has within its county an abundance of lakes well stocked with the finest fish in the world.

Florida was admitted to the Union as a state on March 4, 1845.

THE FERRY CREW OF A NAVY A3D SKY WARRIOR which crossed the nation from Los Angeles to Miami in three hours and 39 minutes are (left to right) AD1 L. F. Trope, Lt. (jg) R. S. Barnett, Pilot, and AD2 W. J. Prout, all of Air Transport Squadron 32. The plane was on delivery flight to Heavy Attack Squadron Nine at NAS, Sanford. (Official U. S. Navy Photo)

A3D Skywarrior Being Delivered To NAS Breaks Los Angeles To Miami Record

To the pilots of Heavy Attack Squadron Nine, their new A3D Skywarrior is a "real fine airplane." "We're happy to see this fine machine get the recognition it deserves," said Cdr. John M. Miller, Commanding Officer of VAH-9, as he referred to last Friday's record-breaking flight of an A3D from Los Angeles, California to Miami. The plane, which was being delivered to VAH-9 by a ferry crew from Air Transport Squadron 32, covered the distance in 3 hours, 39 minutes.

The acquisition of a new model aircraft such as the A3D is no simple matter such as it is when you leave your old faithful car at the dealer's and drive a new one away. Considerable prior planning and training has to take place, not only on the part of the pilots and crew but nearly everyone else in the squadron. Before a new airplane is received, the key personnel in the Maintenance Department must be trained to handle it; this involves

sending the men away to school. Some of these schools are conducted by the Navy, while others are operated by the manufacturers of the equipment. While these men are learning the intricacies of the new aircraft, the Supply Department is also preparing for its arrival, since they must know the new equipment and parts which it will require. Manuals must be studied and arrangements must be made to stock the parts which will be needed. Some parts will need much more frequent replacement than others—this too must be taken into consideration so the proper quantities can be stocked.

The Operations Department of the squadron must also devote considerable time and effort preparing for the new airplane. Since the Skywarrior is radically different in some ways from the airplane the pilots have been flying in the past, they too must attend school. They must learn the principles and theory of turbo-jet engines, and must unlearn many things about propeller type engines; they must learn about the flying characteristics of aircraft with swept-back wings, and a host of many other intricate details which can spell the difference between safety and tragedy for them and their crews. Training in the squadron must also be geared to the new arrival, and the Training Department is given the task of preparing a complete syllabus; a series of lectures is prepared and given before arrival of the first airplane and a flight training syllabus is put into effect as soon as sufficient pilots are qualified in the plane. Personnel outside the squadron must be trained too—the men in the crash crews, for example, are trained in rescue techniques for the new plane, since each type airplane has its own structural differences which the crews must know if they are to accomplish rescue in a hurry. The men who run the NAS Operations Department and control tower need to learn about the A3D too, they must be familiar with its speeds, its take-off and landing limitations, its endurance, so they can control it properly and safely in the air and so they can anticipate and act upon abnormal situations which might develop into an emergency. It's all pretty much like having a new baby in the household, isn't it? Different meal hours, new clothes, formulas, diapers of course, and training for father in how to change them—they're all parallel problems to those a squadron undergoes when it receives its new "baby". Just as Junior and sister must learn to adapt themselves to the arrival of a baby brother or sister, so must nearly every man in a Heavy Attack Squadron adapt himself to the many changes that take place when an older airplane is relinquished and a new one takes its place. Heavy Attack Squadron Nine, which is the only Sanford-based squadron currently operating the Skywarrior, has already completed the pre-delivery portion of its training and is now gaining much valuable experience with the airplane. Pilots and crews are particularly fond of the "drag chute", the large parachute which is released from the tail of the plane when it touches down on the runway to aid in slowing down rapidly. Another safety feature in the same category is an entirely unconventional system of brakes known as the Hytrol system, which automatically senses when a wheel is about to skid and releases just enough braking force to prevent a skid. This enables the pilot to use the maximum braking forces available to him without the danger of swerving or blowing out a tire. It is safety features such as these which have already endeared the A3D to VAH-9 pilots. It's some of the many reasons why they'll all tell you their Skywarrior is a "real fine airplane."

Florida was named by the Spanish explorer and his first real discoverer, Ponce de Leon, on Easter Sunday, 1513.

A WELCOME SIGHT. Although the crews of Heavy Attack Squadron Nine have flown over Paris, London, and the beaches of the French Riviera during bikini season, this view of Park Ave. and First St. is still the most welcome sight of all. (Official Photo, U. S. Navy)

Eleven's Safety Record Best During Second Half Of '56

Heavy Attack Squadron ELEVEN, (VAH-11), compiled the best safety record of any squadron of its kind during the second half of 1956.

On the basis of a complex rating method which weighs the number and severity of aircraft accidents opposed to the number of hours flown, Commander Air Force U. S. Atlantic Fleet declared VAH-11 the safest squadron in the Atlantic Fleet flying the North American AJ "Savage" attack bomber during the second half of 1956. The rating assigned VAH-11 also places it among the best 12 per cent of all single-pilot aircraft in the Atlantic Fleet during this period.

In addition to being a commentary on the ability and alertness of the VAH-11 flightcrews, this is a compliment of the highest order to the maintenance department, whose people worked overtime and extra days on many occasions to compile this enviable record.

Chief Witzel Has Winning Record

When the golfers of Heavy Attack Squadron Eleven gather on the links a prominent spot is always made for Chief Gene Witzel, the Chief Yeoman in Eleven's Administration Department.

A career Navy man with over sixteen years naval service, Chief Witzel was formerly on duty at the Naval Station in Key West. Chief Witzel was six times the NAS Champion and twice the City Champion. Expanding his golf activities, Chief Witzel won the Amateur Trophy in the Florida West Coast Open at Sarasota and was Runner-Up in the Sixth Naval District Championship played at Memphis, Tenn.

Since reporting to NAS, Sanford in January, 1956, Chief Witzel has added to his golf record by winning the 1956 Spencer Memorial Tournament at Mayfair Inn Country Club where he and his wife, Anna Lee, are both members.

Mrs. Witzel keeps family harmony intact in that she is an excellent golfer and was City Champion Runner-Up in the Women's Division at Key West. Chief and Mrs. Witzel live at 1805 Paloma Drive in Sanford. They intend to make Sanford their permanent home.

Special Envelopes To Be Available Soon For Payments
Veterans mailing mortgage payments direct to the Veterans Administration under the direct loan program, and in some special cases under the guaranteed loan program, were advised today that packets of special envelopes soon will be provided for that purpose.
Vernon S. Parker, Manager of the Pass-a-Grille VA Regional Office, said a year's supply of the new, self-addressed, envelopes will be sent to veterans as soon as possible. The veteran's name, address, loan number and other accounting data will be stamped inside each envelope flap, facilitating VA's accounting.
Payments each month should be made by check or money order in the envelopes. Cash must not be enclosed. Receipts then no longer will be issued by the VA, the cancelled check or money order stub serving as the receipt.
Veterans were cautioned not to hold up any payments due if receipt of their new envelopes is delayed in the initial data-stamping process.
Veterans who bought under the guaranteed or insured program, make payments to the private institution which made the loan.
The VA also has authorization to make direct loans from a special fund to veterans for the purchase, construction or repair of a home or farm house in rural areas, or small cities and towns, where private mortgage financing is not available, Parker explained.
Most of Florida is covered with long leaf and slash pine forests which yield turpentine, resin, pine oil, boxes and pulp for the paper industry.

'Oscars' Will Be Presented Tonight

HOLLYWOOD — The Academy of Motion Pictures Arts and Sciences stages its 29th awards spectacle tonight to present "Oscars" for top achievements in films during 1956.

The event will originate in Hollywood and New York and will be carried by radio and television from 10:30 p.m. to 12:15 a.m. EST over NBC.

In Hollywood, filmdom's top personalities will convene at the RKO Pantages Theater to learn the results of the vote of the Academy's 1,170 members with comedian Jerry Lewis acting as master of ceremonies.

Actress Celeste Holm, winner of a 1937 award, will be mistress of ceremonies at New York's NBC Century Theater for presentation of the coveted "Oscars" to winners who are in the East.

Chief interest centered on the probable winners in the best actor, actress and picture categories.

Nominees for the best actor award were Yul Brynner for "The King and I," the late James Dean, "Giant," Kirk Douglas, "Lust For Life," Rick Hudson, "Giant," and Sir Laurence Olivier, "Richard III."

For the best actress, the nominees were Carroll Baker, "Baby Doll," Ingrid Bergman, "Anastasia," Katharine Hepburn, "The Rainmaker," Nancy Kelly, "The Bad Seed," and Deborah Kerr, "The King and I."

Nominees for the best picture were "Around the World in 80 Days," "Friendly Persuasion," "Giant," "The King and I" and "The Ten Commandments."

girdle? "Not strictly speaking," replied the man. Well, do you think that men who want to be girdled go in and buy women's girdles? "Wouldn't be at all surprised," said the man.

Men-Beware Of Dowdyhood!

By DOC QUIGG
United Press Staff Correspondent
NEW YORK — Modern man is trying hard to prety himself up, but from the results observable I'd say what's needed immediately is this, men, to keep you from utter dowdyhood:

Scrap everything, including your hairdo. Hire an exterior decorator. Start all over again. The room for improvement is as wide as outer space.

Shakespeare once had his man Hamlet call man "the beauty of the world — the paragon of animals." Yeah? A self-respecting

field mouse, or sloth, or armadillo wouldn't be caught dead in the get-up some of us are decking ourselves in today.

No less a saint of dress-up than Christian Dior got up at a dinner in Paris recently and proclaimed: "Without hats... we would have no civilization." Granted. Everybody knows that. But the man said hats. Now take a look around at the male human heads, if you can bear it.

Junior Grade Caps
What are they blossoming with? Caps that look like cases of arrested development. Beanies that never grew up. Peaked berets.

In 1936, American cap manufacturers sold 60 million of these so-called caps for the biggest year in cap history. This broke the 55-million record set in 1927, the year in which Babe Ruth — a big cap man — hit 60 home runs. Since then, until the last couple of years, the cap has been in a sales eclipse.

But in its revival the cap is a far and sickly cry from the mag-

nificent crowning glories of Ruthian days, when a visor was an eyeshade and a mauling button topped every crown. What the modern scene needs, if it must have caps, is caps of some heft and character, with an awning in front to fend off the sun and may-be pom-pom on top.

Those little things they're selling now are so shrinking that they shift attention to the face below, and you know how dangerous that is. And to complicate facial woes, the beard is making a comeback.

Beard Growth Grow?

The Wall Street Journal says the Barbers' Journal says that more than 200,000 sets of chin whiskers are being nursed along in the United States today.

The Wall Street Journal talked to a psychiatrist who said: "The growing of a beard represents modern man's attempt to regain his once dominant position in society over women." Could be. But there's a nasty rumor being bruited that men are turning more and more to girdles. I called the Corset and Brassiere Assn.

Is there such a thing as a man's

Stolen Dinosaur Egg Found Under Steps Of Church

HAMILTON, N. Y. — A 70 million-year-old dinosaur egg, stolen from Colgate University, was found Monday night under the steps of a local church.

Dr. Carl A. Kallgren, dean of the college, found the petrified egg after he received an anonymous telephone call which directed him to the church.

The light brown egg which is six inches long, two and a half inches in diameter and has two or three prominent cracks on its shell, was stolen from a glass case in Lathrop Hall Friday night. It had been the object of a 13-state alarm.

Prof. David Trainer, curator of the Colgate University Museum, said the egg which is "scientifically priceless" had been insured for \$10,000. The university purchased it in 1923 for \$5,000 from the Central Asiatic Expedition.

What is now the entire state of Florida became the territory of the United States on March 30, 1822. Most of it had been acquired from Spain in 1819.

Florida is the second largest state east of the Mississippi River.

Capt. John Smith Bids For Top Spot In Hall Of Heroes
 WASHINGTON — Capt. John Smith of Pocahontas and Jamestown fame is bidding for a top spot in the small fry hall of heroes.
 He may even turn out to be bigger than Davy Crockett.
 Tens of thousands of small fry became confirmed Capt. John Smith during the last four days while swarming over replicas of the three ships that bought him and the first permanent English

settlers to Virginia in 1607.
 The three little sailing ships—the Susan Constant, Godspeed and Discovery—were towed into Washington channel from Norfolk, Va., last week for their first big public showing. They have headed back for the opening April 1 of the 350th anniversary celebration of the founding of Jamestown.
 Harbor police estimated a half-million children and adults come to the waterfront to see the yellow and red striped ships riding quietly beneath the ancient flags of St. George and St. Andrew.
 Police said a total of about 50,000

—mostly age 2-15—boarded the Susan Constant which was tied to a temporary dock.
 Featherweight white or pastel felt hats look right only when kept as fresh as when they first emerged from the tissue paper. To remove soil, rub very lightly over the surface of the felt with very fine (000) sandpaper. French chalk or a stick "spot eraser," rubbed in and later brushed out will remove grease spots.

Legislation Okayed To Fight Fire Ant

WASHINGTON — The House Agriculture Committee Monday approved legislation to combat ants which are attacking crops and stinging people in Mississippi, Alabama and Louisiana.
 The bill, authorized by Reps. Thomas G. Abernethy, D-Miss.

and George M. Grant, D-Ala., would throw resources of the Agriculture Department behind state efforts to control and eradicate the pests.
 It also would extend the department's eradication and control programs to cover witchweed which is attacking corn in the Carolinas, the soybean cyst nematode which is infesting soybeans in Tennessee, North Carolina, Mis-

souri and Arkansas, and to spotted alfalfa aphid.
BEEF FOR A REAL BREAKFAST
 Add variety to the breakfast menu pattern. Serve "minute" beef steaks with scrambled eggs. Brown the steaks on both sides in lard or drippings. Season with salt and pepper and cook slowly until done, turning occasionally, about 4 to 6 minutes.
 Florida was the 27th state admitted to the Union.

WATCHING A PLANE COME IN UNDER THE DIRECTION OF VAH-5's Landing Signal Officer LCDR Robert Osterholm. Immediately behind LCDR Osterholm are Mayor David Gatchel, B. L. Perkins, J., and Clifford McKibbin. The Squadron's Commanding officer, J. M. Tully, Jr., is at the far left. (Staff Photo)

Jury Will Study How To Turn Play Into Play Acting
 TRENTON, N.J. — Asst. U.S. Atty. John Wooley has confirmed reports that a federal grand jury will meet here next month to look into alleged price fixing by manufacturers of Salk polio vaccine.
 Wooley told the United Press some 12 subpoenas had been sent out to manufacturers of the vaccine. He said the subpoenas were returnable "about the end of April," when the grand jury will meet.

A Proclamation!

Whereas, the entire personnel of the Sanford Naval Air Station has done an outstanding job in gaining and maining the good will of all the people in Seminole County:—

THEREFORE: It is with pleasure that we hereby proclaim our appreciation for all that the Navy has meant to our Community and Pledge to them Our Continued Good Will And Co-operation.

THE MORE ADVENTUROUSOME sailors of VAH-7 take to horseback riding for some leisure time. Enjoying this type of recreation are left to right: William Merrick, AN; Mather Muse, AN; and Lawrence Smith, AKS. (Official Photo, U. S. Navy)

7's Sons Seek Off-Duty Recreation

The more ingenious and adventuresome sailors of VAH-7 cover a wide territory in their search for liberty hour diversions. Seven's sons pictured above have found they can dull the keen edge of the pressures induced by the requirements of an operating squadron at Sanford's Ride-A-While stables.

A less relaxing but more lucrative pastime has been uncovered by Seven's more brawny sailors who contribute to Sanford's economy, and their own, crating or

anges for the local fruit packing companies.

Sanford's surrounding lakes claim a large number of Seven's stalwart old hands who can best renew well spent spirits and energies drowsing over a fishing pole.

And many of Seven's sailors who have sown the seeds and reaped the harvest of their wanderlust spend their leisure sharing in the activities of their various churches.

VAH-7's PARACHUTE RIGGERS from left to right are: Vernon Medlin, AN; Richard Kuhn, AN; Ray Bullard, AN; Carl Ludwig, PRSAN; Duane Peyton, PR2. (Official Photo, U. S. Navy).

LEADING CHIEF Walter E. Charland of Heavy Atta Squadron Seven has a problem. As you can plainly see Seven's need for a new trophy case is operation immediate. The insigna above is the famed fist in glove "Sunday Punch" originated by Cdr. L. B. Libbey, present Commanding Officer of Seven, when he was a Lcdr in 1950. Between the sports trophies are Seven's prized possessions, blue and gold plaques of the Navy Battle Efficiency "E" for two consecutive years, 1955 and 1956. The latest acquisitions to Seven's trophy case are: the NAS Sanford Basketball Championship trophy for 1956, NAS Sanford Softball Championship trophy for 1956, ComFairJax Softball Championship trophy for 1956 and NAS Sanford Bowling Championship trophy for 1956. (Official Photo, U. S. Navy).

DURING OFF-HOURS men of VAH-7 enjoy many hobbies. Some enjoy building model planes as do (left to right) John Robles, AN; Donald Croft, AN; Lawrence Riccio, AN; Roscoe Langfels, AT2; and Albert Wilson, AA. (Official Photo U. S. Navy)

Teamsters President Ordered To Stand Trial On Council Charges

Stenstrom Named To Bar Assn.'s Governors Board

Senator Douglas Stenstrom of Sanford was chosen as one of eight new members of the Florida Bar Association's Board of Governors.

O. Beverly McEwan of Orlando will be formally installed as president of the Florida Bar Assn. at the group's annual convention May 4 at Miami Beach.

It was announced Thursday that McEwan, a former Orlando City attorney and a member of the bar's board of governors since 1951, would succeed outgoing President J. Lance Lasonby of Gainesville.

McEwan's election was certified by Supreme Court Clerk Clyde McCord and Kenneth B. Sherwin Jr., executive director of the Florida bar. Five current members of the bar's board of governors were re-elected and eight new members were chosen.

Roy E. Kinsey of Daytona Beach, Charles B. Fulton of West Palm Beach and Sherwood Spencer of Hollywood were re-elected without opposition. Reginald L. Williams, president of the Dade County Bar Assn., was elected in a contested vote, while C. City Atkins and W. O. Mahrer, also of Miami, also were named to the board.

Other new members, in addition to Williams and Stenstrom are Joe J. Harold of Pensacola, Herbert P. Darby of Lake City, Richard T. Earle Jr. of St. Petersburg, Heskin A. Whitaker of Orlando, Ralph C. Dell of Tampa and Don Gregory of Tampa.

News Of Sanford Reaches Hawaii

News about Sanford travels far and wide. And especially does the news about Sanford travel to the far corners of the earth among Navy men.

The Seminole County Chamber of Commerce received a letter yesterday from a Navy man, attached on the island of Oahu, Hawaii who said "It has been my good fortune to receive orders to duty at Sanford as per my request."

"It would be appreciated very much," he said, "if you would find enough to send me some information about your city and perhaps the real estate section of your newspaper."

E. L. Weber, who is now stationed in the Pacific area wrote the Chamber of Commerce from all the good reports we have had from other service personnel. I believe it would be to our advantage to purchase a residence and take up life in your community."

AIC Weber also relates that his family is interested in the following organizations: "Presbyterian Church, Masonic Lodge, Eastern Star and DeMolay."

"We trust that we may be affiliated with all during our stay at Sanford," the Navy man writes. "Incidentally," he concludes, "we trust also that the fishing is good and swimming facilities are available for the children."

First Convoy Enters Suez

SUEZ, Egypt — Ten ships entered the Suez Canal today in the first convoy to attempt passage through the waterway since the Anglo-French invasion five months ago.

The convoy started from the south end of the 101-mile waterway when Egypt threw it open to large ships before the West could organize opposition to its "no money-no passage" terms.

A sandstorm delayed the trail-blazing convoy for a while but it finally got the flag signal to proceed toward Port Said.

The largest of the 10 ships was the Italian cargo vessel Rusevia, a 7,418-toner. Up to today only ships up to 2,500 tons had been permitted to navigate the canal.

Refugee Paddles Across River On Board To U. S.

DETROIT — A 27-year-old Yugoslav refugee who entered the United States by paddling across the Detroit River on a board will be returned to Canada today by immigration officials.

Joseph Siter, a male nurse and X-ray technician before he emigrated to Canada, told officials he entered this country to find a job, a wife and a happier existence. "If you send me back," he said, "I'll just come right back again. I will do anything to stay here. This is a wonderful country."

Siter found a four-by-five foot board on the river bank in Windsor and set out for the Detroit shore, paddling with a plank. The trip took him two hours.

When The Sanford Herald went to press this afternoon, it was evident that unless large receipts were reported at the meeting it was incumbent upon the County Committee to continue the fund-raising campaign after March 31 that local servicemen and their families, as well as servicemen elsewhere whose families reside in the county, may have the service of the Red Cross program.

Being under government charter, the county committee feels that it must carry out its trust, it was reported at the meeting.

The total receipts for March will be reported as soon as the tabulations are available.

Kiwanians To Hear FBI Agent At Meet

C. E. Weeks, Special Agent of the Federal Bureau of Investigation will speak to the members of the Sanford Kiwanis Club at its luncheon meeting Wednesday at the Yacht Club.

The program has been arranged by Arthur Greer, program chairman for the week.

Weeks, head of the Florida F. B. I. office, maintains his headquarters in Miami.

Doctors To Be Honored Tomorrow

Doctor's Day, Mar. 30, is a special day which has been set aside to honor doctors, past and present—those men and women of the medical profession who by daily devotion to their duty of service to humanity, minister to our health and welfare.

The date Mar. 30 was not chosen at random, but is in commemoration of the anniversary of the use of ether as an anesthetic agent on a human being during a surgical operation by Dr. Crawford W. Long of Jefferson, Ga., in March of 1842.

Recognition of the medical profession on a special "Doctor's Day" originated in Georgia some 20 years ago, when that State honored her famous son, Dr. Long, and the idea has gradually spread over the country, until today, Doctor's Day is observed by almost every State in the nation.

"On this day we should pause long enough to consider how completely and unselfishly the medical profession is dedicated to our health and welfare. It is time for us to be reminded to say "thank you" each in his own way, to the guardians of our health."

In observance of Doctor's Day, the wives of some of the doctors of Sanford will honor their husbands with a special dinner tomorrow night at the Mayfair Inn. Tomorrow, Mar. 30, they will place a real carnation, the official flower for Doctor's Day, in the coat lapel of each doctor in the city.

Mayor David Gatchel issued a proclamation today proclaiming tomorrow Doctor's Day in Sanford.

TEHRAN, Iran — A U. S. official reported from the wild country southeast of Tehran today that the missing wife of a slain American has been abandoned by the bandits who kidnaped her.

WASHINGTON — Presidential envoy James P. Richards has made limited commitments for the United States to supply aid under the Eisenhower Doctrine to four Middle East nations. It was learned today. The promises have been made to Turkey, Lebanon, Libya and Iran.

ANKARA, Turkey — Turkey warned Greece and Britain today it will consider the situation "very grave" if Archbishop Makarios' release sparks new violence on the eastern Mediterranean island of Cyprus.

Salvation Army Letter Campaign Reaches \$231.50

Early returns from the Salvation Army letter campaign for funds, said Lt. Marcelle Reynolds, of the local Salvation Army staff, has reached a total of \$231.50.

"We have received 31 letters from those we have mailed," the local Salvation Army of Miami said this morning.

"However," said the Lieutenant, "we have not mailed out all of the letters. More will be placed in each day's mail until we have reached a total of 3,000 letters mailed," she said.

The Salvation Army Fund Campaign is headed by Ralph A. Smith, chairman of the local Board of Advisors.

Letters appealing for funds with which to operate the Salvation Army headquarters here have been going out each day. The Fund Campaign Chairman said that he expected returns averaging at least \$1 per letter. In that way, he commented, we will raise our goal of \$3,000."

Red Cross May Have To Extend Fund Campaign

A progress meeting of the Seminole County Chapter, American Red Cross was held this afternoon in the Chapter room.

When The Sanford Herald went to press this afternoon, it was evident that unless large receipts were reported at the meeting it was incumbent upon the County Committee to continue the fund-raising campaign after March 31 that local servicemen and their families, as well as servicemen elsewhere whose families reside in the county, may have the service of the Red Cross program.

Board To Discuss Docks, Terminals At Special Session

Mayor David Gatchel has notified members of the Board of Sanford City Commissioners that there will be a special meeting Monday night to consider a three-item agenda.

Top item on the agenda is the discussion with both W. M. Roswick, engineer, of Daytona and Wilson Holt, representative of Goodbody and Co. of St. Petersburg, the city's fiscal agents, regarding the proposed Docks and Terminals project.

Holt will be in Sanford to advise the board of Sanford City Commissioners on the financing of the half million dollar project which would ultimately become, as the Roswick-prepared survey stated, "The Wholesale Distribution Center for Central Florida."

Roswick will attend the meeting to give the Board of Commissioners further details concerning the proposed Docks and Terminals and to determine if additional information is needed to expand the survey.

Another project is slated for discussion with the fiscal agents of the city. B. F. Borden, representing the engineering firm of Smith and Gillespie of Jacksonville will be on hand to discuss with Wilson Holt the proposed sewage treatment plant which he said would cost the city \$123,000.

Borden told the Board of Sanford City Commissioners Monday night that he could not go any further with a feasibility report on the proposed plant until the financing of the project could be determined.

Also up for review by the Board of Commissioners will be the proposed legislation of the Florida Municipal League and of the Orlando Utilities Commission in order to express an opinion to the Seminole County Legislative delegation.

The fourth item on the Monday night agenda leaves open an opportunity to discuss any other item that may come before the Board of Commissioners.

Rotary Program With International Nature Scheduled

A program of an international nature will feature the weekly meeting of the Sanford Rotary Club to be held next Monday noon at the Yacht Club when four students of the club and tell of the customs of their respective countries, according to Robert L. Lamont, program chairman for the day.

Miss Sally Peck will explain Pan American Day as a symbol of Inter-American co-operation and introduce the other students.

Vincent Antonetti of Puerto Rico, who appeared before the club last year, will tell of some of the recent developments in his native country. Vincent, a senior, is a member of the well known tennis team of Rollins.

Two other young men, known to Lamont only as Manu and Emilio, will follow Dr. A. J. Hanna's suggestions for Manu to discuss the role of the Basques in the settlement of Latin America while Emilio will explain why he came to Rollins and his observations of American College life.

In the past, according to club president Dr. Charles L. Persons, the programs based on International Service, have proven most interesting and give the local Rotarians an insight into conditions in Latin America.

Author, C. Morley Succumbs At 66

NEW YORK — Christopher Morley, author, essayist and poet who wrote more than 50 novels and books of poetry, died Thursday at the age of 66.

Morley, a leading figure on the American literary scene for nearly half a century, had suffered a series of minor strokes and had been confined to his home for most of the past five years.

Although he preferred to regard himself a poet, it was as a novelist and essayist that Morley won his greatest fame. While he achieved his largest measure of eminence in the 1920's and 1930's, several of Morley's works have been produced on television in recent years.

His best known works included the novel, "Kitty Foyle," which was made into a motion picture.

Event Starts 2 p. m.

Work will be started this afternoon by members of the Seminole County Junior Chamber of Commerce getting the grounds and facilities in readiness for the Seminole County Navy Appreciation Day.

Festivities will get underway tomorrow afternoon at 2 o'clock with a baseball game at the Sanford Memorial Baseball Stadium with the Minneapolis AAA and the Dallas AA teams vying for top honors before what is expected to be a capacity crowd.

Immediately prior to the baseball game, high ranking Navy officers and officials will be honored at a luncheon to be given at the Mayfair Inn. Following the luncheon, the Navy officials will be taken on a tour of the Sanford Naval Air Station.

The fish fry will get underway at 4:30. The Jaycees are expecting a top crowd of over 5,000 to attend the big event that will be held in Fort Mellon Park. More than two tons of fish will be fried, 7,500 ears of corn will be boiled, a quarter of a ton of cabbage will be shredded for salad, and at least 15,000 bush suppies will be cooked in order to feed the huge crowd expected to attend.

All Navy personnel and their families will be admitted free. However, local Sanford citizens are expected to pay a dollar each for the fish fry. Children under 12 will be admitted free, said Jaycee officials.

Sanford people are expected to attend the day long activities which will extend from 2 o'clock until after the street dance at night. Jaycees expect well over 3,000 local civilians to be on hand and file through the long serving lines that will be manned by local civic clubs and fraternal organizations.

Immediately after the fish fry gets under way, the visiting dignitaries will be introduced at approximately 5:30.

Ed Hunt, chairman of the Jaycee automobile give-away committee, says that awarding of the car will take place at approximately 7:30 p. m. However, he said that all contributions toward the car and the effort to keep the Naval Air Station in Sanford must cease at least one hour before the awarding ceremonies.

The Seminole High School band will play a concert all during the next time, officials said in outlining the program.

At 8:15 tomorrow night the sky over Lake Monroe will be lit up with a special aerial fireworks display. Bob Crumley, chairman of the entertainment committee, said that the Jaycees had gone "all out" to make this a spectacular display and one that will be remembered.

At 9 o'clock tomorrow night the gigantic street dance will get underway with the Rayburn Brothers Band furnishing music for round and square dancing.

Prior to the dance, the high ranking Navy officials visiting Sanford will be honored at the Mayfair Inn.

State's Proposed Nuclear Research Program Reviewed

GAINESVILLE — Representatives from newspapers, radio and television today reviewed with atomic specialists Florida's proposed nuclear research program.

The press representatives are attending a two-day nuclear seminar at the University of Florida. The 1957 Legislature will be asked to approve plans for one of the nation's largest atomic research programs at the University of Florida and Florida State University.

The governor's commission on nuclear development has recommended that a reactor be set up here and a nuclear research program at FSU.

William J. Larkin, chief of the reactor branch of the Atomic Energy Commission in Oak Ridge, Tenn., told the press Thursday that "nuclear energy will affect all people from the farmer and craftsman to the scientist and business executive."

"The greatest service we can perform now is to educate the American public to the growing importance of nuclear energy to them. It is particularly important to dispel the unfounded fears associated with a lack of true knowledge about the hazards involved," he said.

Aerialist Falls 25 Feet From Rope While Performing

PATERSON, N.J. — The aerialist daughter of famed circus clown Felix Adler was seriously injured Thursday night when she fell 25 feet from a rope during a performance of the Pan-American Circus at the Paterson Armory.

The 19-year-old aerialist, Mrs. Madeline Long O'Connor, plunged to the tankard below a stunned crowd of some 500 spectators. She was rushed to Paterson General Hospital.

A hospital spokesman reported Mrs. O'Connor was in "fair condition" early today. She had fractured both her wrists and her pelvis, the spokesman said.

Mr. Tyner had lived here all of his life. He was born Sept. 28, 1897.

He is survived by his father and mother, Mr. and Mrs. T. O. Tyner; five sisters, Mrs. Fred J. Martin, Sanford; Mrs. Jordan Krell, Auburndale; Mrs. R. G. Sheppard, Lake Placid; Mrs. Werner Ansoerg, Daytona Beach; Mrs. H. H. Schwabe, Miami; one brother, Elmer J. Tyner, Sanford; two aunts, Mrs. N. A. Fry and Mrs. C. D. Tyner, Sanford; and one uncle, James Tyner of Lakeland.

Funeral services will be held at 2:30 p. m. Saturday at Brinson Funeral Home with Rev. W. P. Brooks Jr., officiating. Burial will be in Upsala Cemetery.

Jordan Machinegun Fire Hits Israeli Freight Train

JERUSALEM, Israel — A machinegun fire from Jordan struck an Israeli freight train near the border Thursday night, an Israeli spokesman said today. No casualties were reported.

The scenes was only 10 miles from Qalqilya, the Jordanian fortress destroyed by an Israeli punitive force a year ago after a similar attack across the frontier. The Israeli spokesman said a twin Bedera and Rosh Haayin tomatic weapons fire was directed from the Jordan stronghold of Talkarem which lies 10 miles north of Qalqilya on the Israeli frontier. The train itself was between Bedera and Rosh Haayin.

THE MORE ADVENTUROUSOME sailors of VAH-7 take to horseback riding for some leisure time. Enjoying this type of recreation are left to right: William Merrick, AN; Mather Muse, AN; and Lawrence Smith, AKS. (Official Photo, U. S. Navy)

7's Sons Seek Off-Duty Recreation

The more ingenious and adventuresome sailors of VAH-7 cover a wide territory in their search for liberty hour diversions. Seven's sons pictured above have found they can dull the keen edge of the pressures induced by the requirements of an operating squadron at Sanford's Ride-A-While stables.

A less relaxing but more lucrative pastime has been uncovered by Seven's more brawny sailors who contribute to Sanford's economy, and their own, crating or

anges for the local fruit packing companies.

Sanford's surrounding lakes claim a large number of Seven's stalwart old hands who can best renew well spent spirits and energies drowsing over a fishing pole.

And many of Seven's sailors who have sown the seeds and reaped the harvest of their wanderlust spend their leisure sharing in the activities of their various churches.

VAH-7's PARACHUTE RIGGERS from left to right are: Vernon Medlin, AN; Richard Kuhn, AN; Ray Bullard, AN; Carl Ludwig, PRSAN; Duane Peyton, PR2. (Official Photo, U. S. Navy).

LEADING CHIEF Walter E. Charland of Heavy Atta. Squadron Seven has a problem. As you can plainly see Seven's need for a new trophy case is operation immediate. The insignia above is the famed fist in glove "Sunday Punch" originated by Cdr. L. B. Libbey, present Commanding Officer of Seven, when he was a Lcdr in 1950. Between the sports trophies are Seven's prized possessions, blue and gold plaques of the Navy Battle Efficiency "E" for two consecutive years, 1955 and 1956. The latest acquisitions to Seven's trophy case are: the NAS Sanford Basketball Championship trophy for 1956, NAS Sanford Softball Championship trophy for 1956, ComFairJax Softball Championship trophy for 1956 and NAS Sanford Bowling Championship trophy for 1956. Teamsters President Ordered To Stand Trial On Council Charges

Stenstrom Named To Bar Assn.'s Governors Board

Senator Douglas Stenstrom of Sanford was chosen as one of eight new members of the Florida Bar Association's Board of Governors.

O. Beverly McEwan of Orlando will be formally installed as president of the Florida Bar Assn. at the group's annual convention May 4 at Miami Beach.

It was announced Thursday that McEwan, a former Orlando City attorney and a member of the bar's board of governors since 1951, would succeed outgoing President J. Lance Lasonby of Gainesville.

McEwan's election was certified by Supreme Court Clerk Clyde McCord and Kenneth B. Sherwin Jr., executive director of the Florida bar. Five current members of the bar's board of governors were re-elected and eight new members were chosen.

Roy E. Kinsey of Daytona Beach, Charles B. Fulton of West Palm Beach and Sherwood Spencer of Hollywood were re-elected without opposition. Reginald L. Williams, president of the Dade County Bar Assn., was elected in a contested vote, while C. City Atkins and W. O. Mahrer, also of Miami, also were named to the board.

Other new members, in addition to Williams and Stenstrom are Joe J. Harold of Pensacola, Herbert P. Darby of Lake City, Richard T. Earle Jr. of St. Petersburg, Heskin A. Whitaker of Orlando, Ralph C. Dell of Tampa and Don Gregory of Tampa.

However, he said that all contributions toward the car and the effort to keep the Naval Air Station in Sanford must cease at least one hour before the awarding ceremonies.

The Seminole High School band will play a concert all during the next time, officials said in outlining the program.

At 8:15 tomorrow night the sky over Lake Monroe will be lit up with a special aerial fireworks display. Bob Crumley, chairman of the entertainment committee, said that the Jaycees had gone "all out" to make this a spectacular display and one that will be remembered.

At 9 o'clock tomorrow night the gigantic street dance will get underway with the Rayburn Brothers Band furnishing music for round and square dancing.

Prior to the dance, the high ranking Navy officials visiting Sanford will be honored at the Mayfair Inn.

Author, C. Morley Succumbs At 66

NEW YORK — Christopher Morley, author, essayist and poet who wrote more than 50 novels and books of poetry, died Thursday at the age of 66.

Morley, a leading figure on the American literary scene for nearly half a century, had suffered a series of minor strokes and had been confined to his home for most of the past five years.

Although he preferred to regard himself a poet, it was as a novelist and essayist that Morley won his greatest fame. While he achieved his largest measure of eminence in the 1920's and 1930's, several of Morley's works have been produced on television in recent years.

His best known works included the novel, "Kitty Foyle," which was made into a motion picture.

Considerable cloudiness today and partly cloudy Saturday. Contrasted mild; low tonight 55 to 60.

Event Starts 2 p. m.

Work will be started this afternoon by members of the Seminole County Junior Chamber of Commerce getting the grounds and facilities in readiness for the Seminole County Navy Appreciation Day.

Festivities will get underway tomorrow afternoon at 2 o'clock with a baseball game at the Sanford Memorial Baseball Stadium with the Minneapolis AAA and the Dallas AA teams vying for top honors before what is expected to be a capacity crowd.

Immediately prior to the baseball game, high ranking Navy officers and officials will be honored at a luncheon to be given at the Mayfair Inn. Following the luncheon, the Navy officials will be taken on a tour of the Sanford Naval Air Station.

The fish fry will get underway at 4:30.

The Jaycees are expecting a top crowd of over 5,000 to attend the big event that will be held in Fort Mellon Park. More than two tons of fish will be fried, 7,500 ears of corn will be boiled, a quarter of a ton of cabbage will be shredded for salad, and at least 15,000 bush supplies will be cooked in order to feed the huge crowd expected to attend.

All Navy personnel and their families will be admitted free. However, local Sanford citizens are expected to pay a dollar each for the fish fry. Children under 12 will be admitted free, said Jaycee officials.

Sanford people are expected to attend the day long activities which will extend from 2 o'clock until after the street dance at night. Jaycees expect well over 3,000 local civilians to be on hand and file through the long serving lines that will be manned by local civic clubs and fraternal organizations.

Immediately after the fish fry gets under way, the visiting dignitaries will be introduced at approximately 5:30.

Ed Hunt, chairman of the Jaycee automobile give-away committee, says that awarding of the car will take place at approximately 7:30 p. m. However, he said that all contributions toward the car and the effort to keep the Naval Air Station in Sanford must cease at least one hour before the awarding ceremonies.

The Seminole High School band will play a concert all during the next time, officials said in outlining the program.

State's Proposed Nuclear Research Program Reviewed

GAINESVILLE — Representatives from newspapers, radio and television today reviewed with atomic specialists Florida's proposed nuclear research program.

The press representatives are attending a two-day nuclear seminar at the University of Florida. The 1957 Legislature will be asked to approve plans for one of the nation's largest atomic research programs at the University of Florida and Florida State University.

The governor's commission on nuclear development has recommended that a reactor be set up here and a nuclear research program at FSU.

William J. Larkin, chief of the reactor branch of the Atomic Energy Commission in Oak Ridge, Tenn., told the press Thursday that "nuclear energy will affect all people from the farmer and craftsman to the scientist and business executive."

"The greatest service we can perform now is to educate the American public to the growing importance of nuclear energy to them. It is particularly important to dispel the unfounded fears associated with a lack of true knowledge about the hazards involved," he said.

Aerialist Falls 25 Feet From Rope While Performing

PATERSON, N.J. — The aerialist daughter of famed circus clown Felix Adler was seriously injured Thursday night when she fell 25 feet from a rope during a performance of the Pan-American Circus at the Paterson Armory.

The 19-year-old aerialist, Mrs. Madeline Long O'Connor, plunged to the tankard below a stunned crowd of some 500 spectators. She was rushed to Paterson General Hospital.

A hospital spokesman reported Mrs. O'Connor was in "fair condition" early today. She had fractured both her wrists and her pelvis, the spokesman said.

James David Tyner, 59, died at 10:25 a. m. yesterday morning at the home of his father and mother, Mr. and Mrs. T. O. Tyner, County Club Road, following a short illness.

Mr. Tyner had lived here all of his life. He was born Sept. 28, 1897.

He is survived by his father and mother, Mr. and Mrs. T. O. Tyner; five sisters, Mrs. Fred J. Martin, Sanford; Mrs. Jordan Krell, Auburndale; Mrs. R. G. Sheppard, Lake Placid; Mrs. Werner Ansoerg, Daytona Beach; Mrs. H. H. Schwabe, Miami; one brother, Elmer J. Tyner, Sanford; two aunts, Mrs. N. A. Fry and Mrs. C. D. Tyner, Sanford; and one uncle, James Tyner of Lakeland.

Funeral services will be held at 2:30 p. m. Saturday at Brinson Funeral Home with Rev. W. P. Brooks Jr., officiating. Burial will be in Upsala Cemetery.

De Bary Resident Dies Yesterday

William Richard Hoyer, 83, died at Seminole Memorial Hospital yesterday afternoon following a short illness.

Mr. Hoyer was born Jan. 4, 1874 in Litzelsck, Germany. A retired engineer of the school system, he came to De Bary Mar. 22, 1949, from New Hyde Park, Long Island, N. Y. He was a member of the De Bary Civic Association.

He is survived by the widow, Mrs. Anna M. Hoyer of De Bary. Funeral arrangements will be announced later by Brinson Funeral Home.

Volunteer Firemen To Stage Benefit Barbecue Apr. 6

The Lake Mary Volunteer Fire Department will stage a barbecue next Saturday, April 6, to raise funds for the purchase of new equipment.

Ed Zimmerman, president of the volunteer fire organization, said that the chicken barbecue, with all the trimmings, will be held next Friday at 6 p. m. at the Lake Mary Chamber of Commerce Building.

The Lake Mary Fire Department's equipment will be placed on display during the barbecue, Zimmerman said.

Profits from the chicken barbecue will go toward the purchase of the new equipment.

Jordan Machingun Fire Hits Israeli Freight Train

JERUSALEM, Israel — Machingun fire from Jordan struck an Israeli freight train near the border Thursday night, an Israeli spokesman said today. No casualties were reported.

The scenes was only 10 miles from Qalqilya, the Jordanian fortress destroyed by an Israeli punitive force a year ago after a similar attack across the frontier.

The Israeli spokesman said a twin Bedera and Rosh Haayin tomatic weapons fire was directed from the Jordan stronghold of Talkarem which lies 10 miles north of Qalqilya on the Israeli frontier. The train itself was between Bedera and Rosh Haayin.

THE DIVINE VIGIL

Scenes like this are as commonplace as the moonbeams that play on the nursery wall. Little Gail doesn't know it . . . but Daddy and Mummy "look in" on her every night.

But what of the hours when parents sleep? What of the busy playtime when Daddy's at work, and Mummy's in the kitchen, and Gail is out walking her doll? Who will "look in" then?

Centuries ago the Hebrew pilgrims went up to Jerusalem for the great feasts, lifting their eyes to the hills, singing the song of "The Divine Vigil."

He that keepeth thee will not slumber rang the voice of the leader. He that keepeth Israel shall neither slumber nor sleep answered the chorus.

Even the loving care of parents is no substitute for the faithfulness of God. When you worship in church next Sunday you'll be expressing the ageless conviction: *My help cometh from the Lord.*

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

67 Counties Take In \$127,357,953 Last Fiscal Year

TALLAHASSEE — Florida's 67 county governments took in a record \$127,357,953 from all sources last fiscal year. Comptroller Ray Green has reported.

All told, the counties had \$160,735,482 available after cash balances were figured in, and cash disbursements came to \$130,270,110.

Green's report showed that county receipts have soared in 10 years from only \$37,465,288 in 1947 to the present figure—a three-fold increase.

Receipts per capita were only \$16.65 in 1947 but reached \$45.96 in 1956.

Dade County took in the greatest amount of money, \$42,126,013, while Little Gilchrist had the least with \$156,279.

Washington County citizens apparently had the smallest tax load with average per capita county receipts of only \$17.46 and expenditures of \$15.51.

State Predicted To Send Another GOP To Congress

ST. PETERSBURG — Republican National Chairman H. Maude Alcorn Jr. predicted here that Florida will send another Republican to Congress in 1958.

Alcorn said 1st District Rep. William C. Cramer, Florida's first GOP congressman since Reconstruction days, will have "company" after the next presidential election will be to push for more southern support.

Alcorn decided comment when asked if he believed the administration's civil rights proposals would hinder Republican efforts to make gains in the South.

Novel 'War, Peace' Brought To Screen At Drive-In Sunday

Swedish beauty Anita Ekberg portrays a scheming, unscrupulous member of the Czarist nobility in "War and Peace," mammoth filmation of the great Tolstoy novel, due Sunday at the Movieland Drive-In Theatre. The three-hour and twenty-eight-minute film stars Audrey Hepburn, Henry Fonda and Mel Ferrer.

The long-standing dream of the motion picture industry to bring Leo Tolstoy's "War and Peace," called the greatest novel ever written, to the screen is finally an accomplished fact. Thirty years after the first unsuccessful attempt to dramatize the immortal classic, Paramount's Fourth DeLaurentis filmation of the 1400-page book has had its triumphant world premiere and will begin its local run Sunday at the Movieland Drive-In Theatre.

A huge, three-hour-and-twenty-eight-minute motion picture, "War and Peace" required six years and the combined efforts of tens of thousands of people from all over the world to be brought to completion. Filmed in Italy under the hand of producer Dino DeLaurentis and director King Vidor, the vast panorama of the Napoleonic era is brought to life and battle in Imperial Russia during the Napoleonic invasions has a tremendous cast containing some of Europe and America's greatest acting names.

Starting in the three major roles are Audrey Hepburn, Henry Fonda and Mel Ferrer, co-starring are Vittorio Gassman, Herbert Lom, Oscar Homolka, Anita Ekberg and John Mills. The large and notable supporting cast includes Helmut Dantine, Barry Jones, Anna Maria Ferrero, Milly Vitale and Jeremy Brett, with the total number of speaking parts coming to a prodigious sixty, the largest in the history of European film making.

Primarily the story of people rather than historical events, with three moving love stories intricately interwoven with the stories of a dozen unforgettable characters, "War and Peace" is nevertheless backgrounded by the fury and drama of three of his torically accurate recreations of Austerlitz, Borodino and Berezina, the last foreshadowed by the burning of Moscow and Napoleon's disastrous retreat from the ruined city.

Eighteen thousand soldiers of the Italian Army and thousands of horses were used in the stupendous operations, promising scenes of a magnitude never before captured for the screen.

Three heavyweight championship boxing titles have been depicted in Africa: those of Corbett, Carnera and Sharkey.

Dean Martin and Dewey Martin learn about romance in Rome from Eva Bartok (left) and Anna Maria Alberghetti, starring in M-G-M's CinemaScope comedy with music, "Ten Thousand Bedrooms," which opens Sunday at the Ritz Theatre.

'10,000 Bedrooms' To Be Seen At Ritz

A happy combination of comedy, romance and song, taking place against backgrounds of Rome, is achieved in M-G-M's latest CinemaScope and color musical, "Ten Thousand Bedrooms," which opens Sunday at the Ritz Theatre.

Directed by Richard Thorpe and produced by Joe Pasternak, who has given the screen such box-office winners as "The Opposite Sex" and "Meet Me in Las Vegas," the new musical has a typically glittering Pasternak cast, headed by Dean Martin, Anna Maria Alberghetti, glamorous European star Eva Bartok in her first Hollywood production, Dewey Martin, Walter Slezak, Paul Henreid and Jules Munshin.

Dean Martin plays Ray Hunter, a jaunty American millionaire hotel tycoon with an eye for feminine pulchritude, who arrives in Rome to acquire another hotel for the family chain and immediately becomes involved in romantic complications. First he is smitten by Maria Martelli (Eva Bartok), whom he meets in the course of the hotel transaction; then he falls in love with her flirtatious younger sister, Nina (Anna Maria Alberghetti).

Under the influence of champagne, a night plane ride over Rome, and one of the several romantic ballads which spot the action, Ray succumbs to the aggressive "get your man" tactics of Nina and proposes. "But now

In the closing scene, there is a quadruple wedding (this beats the double-wedding mark of "Guys and Dolls") which leaves Papa Martelli completely bewildered. He can't figure out which of his daughters is married to which husband.

The songs include "You I Love," "Only Trust Your Heart," "Money is a Problem," "No One But You," "Rock Around the Clock" and the title song.

Adding to the attraction are the background scenes of Rome, the CinemaScope cameras offering front-row seats to such famed tourist spots as the Coliseum, the Spanish Steps, the Trevi Fountain and the Villa Medici.

All Citizens Should Turn Out, Make Navy Appreciation Day Success

A number of high ranking Navy officers will be in Sanford Saturday to observe the way Seminole County extends its appreciation to the Navy.

Sanford and Seminole County citizens are expected to turn out en masse to meet, speak to, greet, and make friends with hundreds of the Navy people who will be attending Seminole County's Navy Appreciation Day.

Navy families will attend and enjoy the baseball game, fish fry, fire works and street dance all given in honor of the folks Sanford and Seminole County think are "the finest in the world."

And the civilian population—as many as can be packed into Fort Mellon Park—will be on hand to see that our Navy friends and citizens really enjoy themselves.

None of us want to miss the gigantic celebration. The Seminole County Junior Chamber of Commerce—the young businessmen of Sanford and Seminole County—have undertaken the tremendous task of staging tomorrow's celebration, and they're doing a "bang up job" of taking care of every detail.

To be sure, they've called on the civic clubs and fraternal organizations to pitch in and help because it takes manpower to put over the enormous job of serving 5,000 or more people.

We're sure that the high ranking Navy officials will be watching the way Sanford treats its new citizens—and they'll take the story back to their immediate superiors. And, without a doubt, there's not a single Sanford citizen but who would want these officers to carry with them the best report that can be nestled in their memory.

In order to make the Seminole County Navy Appreciation Day the success it should be, every Sanford citizen and every Seminole County citizen should turn out to enjoy the schedule of events and the fish fry.

Everyone will be wearing his or her "best bib and tucker" for the event—and by that we mean a great big smile, a pleasant handshake, a cheery greeting, and an enormous welcome for our Navy friends.

As so many Sanford and Seminole folks fall to realize, this is the first time, perhaps, in our country, that such a gesture is being made by a community. It is the first time, too, so far as is known, that a community is asking, because of the friendliness toward Navy people who are with us, that a Naval Air Station be kept right with.

It is something new—but it is an event that should be repeated annually. However, as one of the columnists for The Sanford Herald remarked "it is a feeling that exists every day of the year."

When Navy people enjoy themselves here in our community—that one fact alone makes Sanford people and citizens happy too.

The Seminole County Appreciation Day is just a gigantic way to say "We really like you and publicly want you to know it."

Bermuda Communique

The agreement reached in Bermuda by President Eisenhower and Prime Minister Macmillan gave notice to the world that the United States and Great Britain are once again pulling in double harness. There are also assurances that such a rift as occurred at the time of the Anglo-French attack on Egypt will be much less likely in the future.

Whatever else was accomplished in Bermuda, these were the main achievements. The Bermuda communique, following the Eisenhower-Mollet communique of February, has gone a long way toward reestablishing the bonds of a dependable Western alliance.

The Bermuda talks went beyond mere re-affirmation of common British-American interest. The United States agreed to strengthen the military hand of its ally by making available certain guided missiles, and it is understood that Britain will have ready access to atomic warheads for these missiles. There was agreement on the potential benefits of a common market and free trade area in Europe, so long as these do not lead to a high tariff bloc. The United States also expressed its willingness to participate in the work of the Baghdad Pact.

With regard to the Middle East, the Bermuda talks by no means went as far as they might have. Although U. S. participation in the Baghdad Pact would strengthen Middle East defenses of the free world, and although the President and Mr. Macmillan agreed that United Nations resolutions should be implemented, no really forthright stand was taken as to the continuing tension between Israel and the Arab Bloc.

On balance, however, the Bermuda talks were successful. This is not to say that all differences between Great Britain and the United States have been magically wiped away. But a good start has been made toward strengthening the Western alliance as a bulwark against the spread of Russian power and influence.

Many important discussions, and decisions will reach their climax in Tallahassee during the 1957 State Legislature which begins on April 2.

These decisions, most of them, will effect each citizen directly, in some way. It may be higher taxes of some type. The decision might be on local legislation, or for statewide importance.

There is just one week during which you can make your stand clear to your Representative or Senator while they are here at home. The best way to get your opinions heard is by speaking directly to the delegation while they are still in Sanford and before they are enveloped in legislative affairs of state in the Capitol city.

You will find that each one of the Representatives and the Senator will respect your opinion and give you the opportunity to voice your views.

Too Many Cooks

KNOXVILLE, Tenn. — Three state engineers decided Thursday that if they want to complete a study of Knoxville's downtown expressway project, they will have to do it in secret. When Sam Vesser, John Quaid and Elmer Reed started over the proposed route they were joined by a party of city engineers, three members of the Knoxville Housing Authority and two reporters. They decided things were getting too crowded and returned to their office. They said they would make the study at an unannounced time.

"Our main purpose," said Speer "is to let those of the Navy know that we really want them here and we do appreciate them."

When last did you express appreciation
For a sympathetic ear to your woes;
For a visit "beyond the call of duty";
For a bandage on little barefoot toes?
What of the time he planned a much needed vacation—
Bags all packed, and his reservations made
When he was summoned for your emergency operation:
One vacation—only six more months delayed!
And the night his own love was in labor,
Could he stay and be comfort to his mate?
And to share in a first welcome of his baby?
No, your heart attack was one that could not wait!
Did you think to thank him when his favorite daughter
Made her debut as Cinderella on the stage?
He could hardly wait to see her first performance—
That's the time YOUR daughter's fever had to rage.

Why not show some little act of kindness to him
On this, his own DOCTOR'S DAY?

Congressman A. S. (Syd) Harlow Jr. will be in Sanford for the event as will Rear Admiral Carl P. Ringling who is a personal representative of the Secretary of the Navy. RADM. Ringling will be accompanied by one of his staff assistants.

Other Navy officials expected to be on hand will include Captain I. N. Curtis, Public Works Officer at NAS Jacksonville, Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Air Station; Captain J. T. Blackburn, of Heavy Attack Wing One stationed at the Sanford Naval Air Station; Lt. P. Cuning, Public Works Officer at the Sanford Naval Air Station; Captain Harry P. Carlson, U. S. Navy retired, of Pensacola and other officers.

G. Harold Alexander, chairman of the Republican Party of Florida will also be at the Seminole County Navy Appreciation Day as will Mayor Robert S. Carr of Orlando, Mayor Donald Wilson of Casselberry and representatives of Southern Bell Telephone and Telegraph Co., Florida Power and Light Co., Florida Power Corp., Douglas Aircraft Co., and Northwestern Aircraft Co.

Mayor David Gatchal and President G. Andrew Speer, both of the local Jaycee organization said "This is going to be the biggest event ever staged in Sanford."

"Our main purpose," said Speer "is to let those of the Navy know that we really want them here and we do appreciate them."

Boating Safety Course Starts Tonight In Orlando

A Boating Safety Course will be started in Orlando tonight. It was announced today that the course is free and is offered to both men and women with tonight being the first in a series of 12 lessons on boating safety navigation and seamanship.

The course will begin at 8 p.m. at the U.S. Naval Armory on the fairgrounds. The Orlando power squadron is giving this course free of charge.

In the interest of safer boating in Central Florida, Squadron Educational Officer Harold G. Wilson extends an invitation to all interested adults to attend the course.

A similar course is given at the same time for ladies and is designed especially for lady mariners and all wives whose husbands go boating.

The local Red Cross Chapter makes available the information for the boating safety course because of the need for extra precaution.

Zsa Zsa Refuses \$100,000 Offer To Shave Head

HOLLYWOOD — Zsa Zsa Gabor Thursday turned down a \$100,000 offer to shave her head for a movie under terms that she might lose a four-week resort hotel engagement at Las Vegas, Nev.

The blonde actress was scheduled to become a female Yul Brynner this week for her role as Stalin's mistress in "Girls of the Kremlin."

However, Beldon Kattelman, owner of the El Rancho Vegas, threatened Thursday to cancel the actress' contract if she showed up at the hotel held for her engagement opening April 17. "You could do it?" Miss Gabor said in her Hungarian accent. "Las Vegas said if I don't cut my hair they would hold me over for another five weeks."

"So for that I'm keeping my hair. Besides, my mother Mame Jolie Gabor was on the telephone saying that she would disown me if I got the shave."

Learning To Eat Helps Cerebral-Palsied Talk

By NERMAN H. BUNNEN, M.D.

FEEDING a cerebral-palsied child correctly is probably one of the best ways to help him talk. To realize just what a palsied child is up against, try talking without moving your tongue, lips or throat. It's a tough job.

The movements a person must make in eating a good dinner are the best exercises possible for aiding the use of these parts so vital to speech.

First Steps
Before any child learns to speak, he must first learn to suck, chew, swallow and blow.

A good speech therapist makes use of these actions when training a palsied youngster. And a good feeder can be a good speech therapist right at home.

When feeding a young cerebral palsied child, place only a small amount of food on a spoon. Make the child use his lips to remove it. Don't make him use his teeth to take food from the spoon and don't permit the utensil to scrape against his upper teeth.

Motion of Jaws
Advise the youngster to chew. In some cases, it may be necessary to move the child's jaws in an up and down motion to show him what you mean.

Also, tell the child to move the food around with his tongue. A doctor.

Don't place the food in the center of his mouth. Instead, place one spoonful on one side and the next on the other side.

How don't be too anxious to help the child in all his eating. For example, don't break off pieces of toast for him unless he can't manage it by himself. It's better to let him bite off pieces if he is able.

Preuse Him
Like any youngster, a palsied child likes to be praised for doing things correctly. Don't scold or punish him when his eating becomes sloppy.

A victim of cerebral palsy can't help a spastic tongue or a weak at-throat tongue. It's up to you to remind him to keep his lips closed and to use his tongue to push the food around.

If there is a palsied child in your home, you can do a lot to help him right at the dinner table.

QUESTION AND ANSWER
Mrs. T. A. F. I am 66 years old, and my blood pressure is 180. Is this too high? I was told that Epson salts might bring it down. Answer: Blood pressure of 180 is considered to be above normal. I know of no evidence that Epson salts are useful in the treatment of high blood pressure. Better see a doctor.

Conring The News

BY VIRGINIA CONN

Today has felt like Friday all day, so you may imagine my surprise when I discovered I would have to write the column, and had suspected to gather any material for it. So the old name dropper can only rely on her very small thinker tonight and that has not been putting out the way it should. Hope everyone took notice of the schedule of events for Navy Appreciation Day in last night's paper. It now appears that a great many State, Navy, and out of town dignitaries will be present for the occasion. It is definite (I hope) that all navy stationed in Sanford will be on hand. I asked Katie Jackson her opinion of N. A. D., and she replied, "Webster's Dictionary defines appreciation as an expression of gratitude and approval." The unique quality of duty in Sanford is not only that the appreciation is mutual, but also that it is in no way confined to just ONE day in the year.

Rosemary Duncan is calling her friends and making sure that they know all the particulars. Rosemary says "I am almost ashamed to go to be appreciated", because Sanford has done so much for us." We are all proud of Cliff Duncan these days, as he is getting orders to M. I. T. to earn his doctorate. This is a great honor and achievement, as they send so few every year. Our one regret is that Cliff and Rosemary will leave, and there will be a hole in our hearts that will be hard to fill. That is not well put, but expresses the way I feel, anyway. Miss Fleming Feted With Linen Shower

By Marian Jones
OVIEDO—Another shower was given Thursday night, for the charming bride elect, Miss JoAnn Fleming, whose marriage to Bob Ward will be an event of April 6 at the First Baptist Church in Oviedo.

This shower was a linen shower given at the home of Mrs. J. B. Jones Jr. Co-hostesses were Mrs. Hazel Malcolm, Mrs. Nita Alford and Mrs. Leona Jones.

The living room, hall and dining room were decorated in a profusion of spring flowers and bridal ornaments. The dining table was centered with an arch under which a miniature bride and groom stood flanked on either side with pink carnations.

The bridal and Easter motif prevailed in the decorations and favors.

The bride elect was presented with a white chenille bedspread by the hostess.

Miniature aster baskets of blue and yellow, filled with Easter eggs and an Easter rabbit, were presented to the honoree and guests as favors.

Games were enjoyed and prizes awarded to the winners.

Delicious ice cream cake, whip cream, nuts and copes were ended by those present.

Invited guests included, in addition to the guest of honor and hostess: Mrs. Ben F. Ward, mother of the bridegroom elect of New Smyrna Beach; Mrs. Elsie Fleming, mother of the bride elect; Mrs. C. M. Arle, Mrs. Mae E. King, Mrs. Max Leinhardt, Mrs. Marietta Chance; Mrs. B. G. Smith; Mrs. W. R. Meek, Mrs. Alex Leinhardt; Mrs. G. M. Arle; Mrs. Theodore Aulin; Mrs. Ed Jordan; Mrs. Al Thomas; Mrs. J. N. Thompson; Mrs. Ruby Jones; Mrs. Hettie Ragsdale; Mrs. H. R. Spencer; Mrs. W. R. Clontz;

Popular Bride-Elect Completes Wedding Plans For April 6

By Marian Jones
Oviedo-Miss JoAnn Fleming, whose forthcoming marriage to Bob Ward will soon be solemnized in announcing the final plans for her wedding.

The wedding will take place on Saturday, April 6, at 8 p. m. in the Oviedo Baptist Church. The marriage ceremony will be performed by the Reverend Louis L. Day, pastor of the church.

The bride will be given in marriage by J. C. Faircloth.

Ben F. Ward, Jr. will serve as his brother's best man, while usher-groomsman will be W. A. Ward, Ed Duda, Donald Hardy and Frank Gore.

Mrs. Edward Duda will serve as her sister's matron of honor, while another sister, Miss Peggy Fleming, will be her maid of honor. Bridesmaids will include still another sister, Miss June Fleming; also, Mrs. Edith Dishman, all of Oviedo; and Miss Mary Burger, of Winter Haven. Little Deborah Ward will serve as flower girl and David Dishman as ring bearer.

David Lowe Celebrates 7th Birthday At Surprise Party

By Jacky Fenwick
The most surprised little boy in Sanford yesterday afternoon, was young David Lowe. The reason for his surprise was the wonderful birthday party planned and carried out by his grandmother, Mrs. Lloyd Lowe, and his aunt, Mrs. Charles Hayes.

The party was held at Mrs. Hayes home on Pine Ave. where, fortunately, she had a yard large enough to accommodate the fifty-seven youngsters who attended. They played several games, after which an ice-cream truck arrived, (prearranged of course), and each child was served ice-cream with a piece of the huge birthday cake. The cake itself deserves special mention. It was an enormous, chocolate-frosted one, topped with a coral scene; fences, animals, and cowboys. Before the children left, each was presented with a little bag of candy, bubble-gum, and a balloon.

Among those attending were Mrs. Lloyd Lowe, David's paternal grandmother, Mrs. Della Hardy, Y. maternal grandmother, and his aunt, Mrs. Charles Hayes and Mrs. Edwin Keith. Several of his little cousins attended also.

Clyde Hayes, three years old, Henry Hardy Jr., one year old, respectively. Many of the mothers of the children were there too. Mrs. Eva Benton, Mrs. Gilbert Benton, Mrs. Earl Evans, Mrs. John D. McClellan, Mrs. "Buck" Ferguson, Mrs. Allen Rumbough, Mrs. C. W. Brantly, and Mrs. Charles O. McFall. The young friends of David's who attended were as follows: Ricky Galloway, Brad Hollingsworth, Don Hall, Randy Fenwick, Richard Frenchies, Aaron Kieth, Paul Kieth, Emily Rumbough, "Bub" Lodge, Jesse Lodge, Harold McMillan, Susan Crim, Marlene White, Sidney Park, Gill Benton, Debbie Roland, Carol Sue McClellan, Cindy Newsome, Brenda Benton, Angela Hardy, "Sislev" and Mrs. H. S. Wilson of Sebring and Henry Grogan of Washington, D. C.

Mrs. Roy Weaver of West Jefferson, N. C. and Mr. and Mrs. Carlisle Bledsoe of North Wilkesboro, N. C. were weekend guests of Mr. and Mrs. H. E. Braddock.

Mr. and Mrs. Happy Henderson and family of Orlando and their house guests of Buffalo, N. Y. were dinner guests Friday and Miss Virginia Harzin, home on vacation from Lynchburg college, Lynchburg, Va. was luncheon guest of the C. A. Henderson's Tuesday. Mrs. Chester Henderson made a trip to Jacksonville Thursday for a visit to the Florida Christian Home for the aged there.

Enterprise

By Helen Snodgrass
Mr. and Mrs. Cecil Sellars entertained with a family dinner party at their home on Clark St. Wednesday evening in honor of their son Johnny's 4th birthday.

Guests included, Mr. and Mrs. Robert Allen, grandparents; Mr. and Mrs. Truman Jennings, aunt and uncle, all of DeLand and Mr. and Mrs. Kirby Sellers, aunt and uncle and children, Terry, Robert and Priscilla and Darryl Rae, and Connie Sellars.

Mr. and Mrs. J. V. Richards attended a reunion of the wedding party of Mr. and Mrs. E. J. Johnson of Moline, Ill., at Indian Rock on the gulf. Mr. Richards was best man at the wedding of Mr. and Mrs. Johnson in Champaign, Ill., and they enjoyed a wonderful experience in the reunion of the entire party at their beach home for three days.

Miss Roxann Henderson, daughter of Mr. and Mrs. C. A. Henderson will not be home for spring vacation this year and she is on a two weeks concert tour with the Milligan college choir. They will be giving concerts in Kentucky, Illinois, Indiana, Ohio and West Virginia.

Guests at the home of Mr. and Mrs. M. H. Ryan this week were: Mr. and Mrs. Paul Manly of Glade Springs Virginia, Mr. and Mrs. Fred Harris of Elkton, Maryland, Mr. and Mrs. C. M. Hayer, Mr. and Mrs. Clarence C. Smith and Ronald D. Smith of Parkville Virginia, Mr. and Mrs. Sterling Grogan, Cambria Virginia, Mrs. Carrie Grogan.

Mrs. Claire S. Durak Retires After 26 Years Of Service

Mrs. Claire S. Durak retired officially yesterday after completing twenty-six years of active service with the Southern Bell Telephone and Telegraph Company at a luncheon given in her honor at Jim Spencer's restaurant.

Mrs. Durak was presented with a diamond studded retirement pin by C. H. Lovorn, District Traffic Manager and a beautiful corsage of red roses by Miss Betty Wolfram, Chief Operator. Mrs. Olga Gamble, president of the Hugh L. Merrill Council of Telephone Pioneers of America, also presented Mrs. Durak with life membership in the Telephone Pioneers. She received many gifts from fellow employes.

Among those attending the luncheon were her son and Miss Bobbie Bohlinger.

Following the delicious repast, the business meeting was conducted by Mrs. J. N. Thompson, president of the class. Mrs. T. R. Pipkin, vice-president, gave the devotional and led in prayer. Mrs. G. A. Bacon gave the treasurer's report, while Mrs. J. C. Beasley gave the secretary's report and the report of the group captains, which revealed that the greens led by a small margin over the whites so far.

The business meeting was ended with a prayer, led by Mrs. C. M. Arle.

The Mrs. Mae E. King and Mrs. George C. Means brought in loads of gifts and presented to Mrs. A. T. Cartledge, a surprise housewarming shower.

Mrs. Cartledge opened the gifts, which were passed around for the guests to see. Following her speech of appreciation, the party was at an end.

Members of the Oviedo Baptist Church Choir had been invited to join the Sunday School Class, as Mrs. Cartledge is a member of the choir, too.

Those present for this memorable occasion included: Mrs. Hettie P. Ragsdale, Mrs. J. B. Jones, Jr., Mrs. Ralph King, Mrs. A. T. Cartledge, Mrs. J. N. Thompson, Mrs. T. R. Pipkin, Mrs. Mae E. King, Mrs. George C. Means, Mrs. Ralph King, Mrs. G. A. Bacon, Mrs. J. G. Beasley, Mrs. Alex Leinhardt, Mrs. Nettie Farnell, Mrs. R. L. Wheeler, Mrs. G. M. Arle, Mrs. Drady E. Mathers, Mrs. L. A. Zollie Maynard Conducts Health Clinic Meeting

The Seminole County School Health Clinic met Wednesday morning in the Educational Building on Commercial Ave. Each county in the State is holding a similar clinic in order to evaluate the present health program and plan steps of improvement in it.

Zollie Maynard, State Department of Education consultant in health and physical education conducted the first session of a two-part meeting. A second meeting is scheduled to take place in Goldsboro.

The clinics are being attended by the County Health Unit personnel, School Health Coordinators, P-TA representatives and other representatives from county organizations interested in improving the health program.

Captains of student working groups are as follows: Mrs. Ruby Fates, Mrs. T. L. Lingo, Jr., Mrs. Milton Gore, Mrs. Sparks Lee Cloutts, Mrs. Aubrey Myers and Mrs. Roy Alford. Seventy volunteer workers from the student body will be assigned to these captains.

This being the first major project of this student council, we wish them luck and know there will be many more.

Ben Franklin Learned Thrift As Soapmaker
Did you know that one of Benjamin Franklin's earliest activities was making soap? He began his soap career at the age of ten, working for his father. While Franklin left soap-making to learn printing, he certainly had an opportunity to appreciate the thrifty advantages of being able to wash what you own. Maybe the philosophy that "a penny saved is a penny earned" occurred to Ben much earlier in life than anybody realized.

Seminoles Blast Apopka 9-2; Move To 3rd Place In OBC

The Sanford Seminoles baseball warriors showed yesterday afternoon just why they were interested in moving back into Orange Belt Conference competition as they blasted Apopka 9-2, making their second consecutive OBC win and moving them into third place in the seven-team conference.

The Seminoles are behind a tie for first place between Cocoa and Winter Park in the OBC standing, and both teams are undefeated.

The fired up Seminoles made it early apparent that they were not about to drop another OBC game as they played spirited but careful ball and supported the superlative pitching performance turned in by Ken McMurray.

McMurray threw a calculated game and got stronger as the

game progressed. He made his "dinky" curve catch the corners of the plate and fanned 10 Apopka batters. Proof of his throwing strength was displayed when he struck out seven men in the last three innings. He fanned the sides in both the fifth and sixth innings and then fanned the last out of the game.

The confident field play was a strong contribution to the fired up team as they played their smoothest game of the season and committed only two errors.

Backing himself at the plate, McMurray was the leading batter of the game as he belted two hits out of three times at bat. Team captain Brantley Schirard was the offensive sparkplug for the hot-shot Seminoles. Schirard belted two hits in four times at bat: a double and a single; and batted in four of the Seminoles runs.

Eddie Barbour supplied another scoring punch for the Seminoles as he belted out a strong double for his hit in three times at bat and crossed the plate for a tally on two occasions. Ronnie Russi also had a 1-3 record and batted in a run.

Doyle Corley and Cecil Dandridge each mustered a hit in four trips to the plate and Corley survived to cross the plate.

Both Bill Tyro and David Bramlett went hitless for the game but both scored after being walked.

The Seminoles, who made a disappointing showing in their season opener in Memorial Stadium, will return home against Melbourne next Tuesday night in Memorial Stadium with their chips a little higher after blazing a hot trail for third place in the race for top honors in the OBC. "If we get by Melbourne next week, we'll be looking forward to meeting Cocoa and a return engagement with Winter Park," coach Laude said in the dressing room after the Seminoles turned in their dazzling performance.

Yesterday's Game Deadlocks At 4-4 After 12 Innings

After 12 hot innings of nip-and-tuck play yesterday afternoon in Memorial Stadium, the Minneapolis Millers and Chattanooga called one of the most thrilling games of the exhibition season by mutual agreement with the score deadlocked at 4-4.

After trailing for six innings the battling Millers moved into hot contest for the game as Orlando Cepeda hit his fourth home run of the spring for Minneapolis with two men on base in the seventh inning.

When the dust cleared the Millers were trailing by a close score of 4-3 with two outs. Jim Davenport made a dramatic stand at the plate and after stretching the count blasted a homer over the left field fence and tied the game.

Vibert Clarke and Roger Bowman, both lefthanders, turned in magnificent performances from

Indians Need More Hitting, Team Speed

By BILL McFARLAND
United Press Sports Writer
TUSCON, Ariz. (AP)—Manager Kirby Farrell of the Cleveland Indians still is looking in vain for the secret formula for whipping the New York Yankees.

"We need more hitting and more team speed to win," said Farrell, but so far he hasn't produced either commodity, though he has experimented all spring as patiently as a research chemist.

Thus, the Indians will head into another American League campaign with the most impressive lot of pitchers in base ball—Bob Lemon, Herb Score, Early Wynn, Mike Garcia and a solid second line—but with virtually the same supporting cast that finished nine games behind the Yankees in second place last year.

The loss of third baseman Al Rosen, one-time home run king and the league's most valuable player in 1955, complicated Farrell's first season as boss of the Indians and led to the endless experiments he has been forced to conduct.

Experiment in Infield

Until he clears his third base situation, neither his infield nor his outfield is likely to be settled. He has been trying second baseman Bobby Avila, outfielders Al Smith and Dave Topps and rookie Billy Harrel at third.

Farrell starts with three 20-game winners—Lemon 20-14, Score and Wynn each 20-9. Then he has Garcia 11-12 plus excellent relievers in Ray Narleski, Don Mossi and Art Houtteman.

The catching is safe though not powerful in the hands of the veteran Jim Hegan, Hal Naragon and young Jimmie Gill.

The big hope to wield a big stick again is first baseman Vir Wertz, who came back after a bout with polio last season and belted 32 homers plus 108 runs batted in.

At shortstop there's Chico Carrasquel or George Strickland, both light hitters on their current performance.

The league's batting king with 341 in 1954, is the regular second under Farrell finds he can be more useful in the trouble spot at third. In that event, Strickland can play second or the job might go to rookie Larry Raines, a .309 hitter up from Indianapolis.

Regalado Back Again

At third, there's Rudy Regalado back for another try, hoping he can hit big league pitching, plus the others—Avila, Smith, Pope and Harrel, the latter a .379 hitter at Indianapolis last season.

In the outfield, Smith has been stationed in center and Farrell would like to keep him there.

Rocco Colavito, who hit 21 home runs in 101 games last year, is back in right field and Farrell is convinced the 25-year-old is a coming star.

Other outfielders include Jim Busby, who is back after nursing a shoulder ailment the veteran Gene Woodling, Pope, rookies Joe Caffe and Roger Maris. Maris has looked exceptionally good, though it's too early to tell until he has a few more looks at major league pitching.

There were 952,131 homes and other types of dwellings in Florida in 1950.

JACKY FENWICK

Some sad news to report, but it does have its bright side. Mrs. Joseph O'Conner, (Betty), Mrs. John Holmes, (Marion), and Mrs. Edward Baron, (Pat), are all in Seminoles Memorial Hospital. Betty and Marion underwent surgery on Wednesday, and we're happy to report that they are both doing well. Marion is in for "observation", a word that can mean a lot, or nothing. But in Marion's case, she too is doing well. Hope Miss Jim, Charles is a sergeant in the Air Force.

Charles Heitman left yesterday to return to his base in Iceland. He has been home on a few weeks leave, and we know Adele will miss him. Charles is a sergeant in the Air Force.

Friends and neighbors will be glad to hear that Charles Lewis, ADC, is returning for further duty in Sanford. Chief Lewis had been stationed here with Patrol 11, transferring to VFP-62, in Jacksonville. On his return he will be attached to V. A. H. 11. All this makes Marie very happy, as she would hate to leave their lovely home in Dreamwood, where she remained while Charles was in Jacksonville. They had a "welcome back" party for him last Saturday night, March 23, at the Lewis' home. Those present included Mr. and Mrs. Richard Richter; Mr. and Mrs. William Thomas; Mr. and Mrs. J. B. Foley; Mr. and Mrs. Gustave Bamberger; Mr. and Mrs. Frank Deeme; and Mr. and Mrs. Michael Cato.

I would like to say "welcome" to another new Navy family in Sanford. They are Harry E. Sutherland, ADI, his wife, Era, and their four children: Edith, age 8, Mike, age 6, Patty, age 5, and Kenny, age 4. Mr. Sutherland is now attached to Patrol 31, but the family came here from an interesting foreign duty station, namely, Midway Island. They are now residing at 1321 E. 24th St.

William Foster arrived home from East Hartford, Connecticut, in time to see his parents, Mr. and Mrs. C. L. Foster, who have been visiting with Pat during Bill's absence. Mr. and Mrs. Foster are from Miami, and plan to stay with Pat and Bill, in their home on Laurel Ave., in Pinecrest, until the 8 or 9 of April. Should have had Bill look up my family in West Hartford, while he was in Connecticut. But I never think of things like that until it's too late!

A "bunch" of us "girls" got together at Mrs. Edward Gold's house Wednesday night, for a game of Canasta. A couple of them couldn't make it, so the six of us who did, made up our own rules, and had a terrific game. The six there were Mrs. Rosemary Finnegan, Mrs. Joyce Williams, Mrs. Marge Lamming,

Remember, I can always use an kind of news, and you can reach me at FA 2-2371.

Officers Chosen At Anna Miller Circle Meeting

Mrs. Edward Cox was reelected to serve as president of the Anna Miller Circle for the coming year when the ladies met Tuesday evening at the Elks Club. Officers chosen to serve with Mrs. Cox were: Mrs. A. P. Bowersox, first vice president; Mrs. Irene Kent, second vice president; Mrs. William E. Pratt Jr., recording secretary; Mrs. Garfield Walker, corresponding secretary; Mrs. Roy Chorpensing, treasurer, and Mrs. Richard Mapes, chaplain.

The president announced that installation of officers will be conducted at the next meeting with Mrs. James Blankenship in charge of the service.

Another highlight of the evening was the initiation of a new member into the Circle, Mrs. Claude Michael.

At the close of the session, the ladies enjoyed delicious refreshments served from a lace-covered table. The attractive centerpiece consisted of a bowl containing lovely nasturtium, which was flanked by burning tapers casting a soft glow over the setting. Hostesses for the evening were Mr. R. S. Billheimer, Mrs. Lowell Oiler and Mrs. Harold Kastner.

Present were Mrs. Harry Adair, Mrs. Richard Mapes, Mrs. Roy Chorpensing, Mrs. Edward Cox, Mrs. Gene Walter, Mrs. Clayton Smith, Mrs. Peter J. Bukur, Mrs. Harold Kastner, Mrs. James Blankenship, Mrs. R. S. Billheimer, Mrs. Lowell Oiler, Mrs. Verner Nelson, Mrs. E. J. Moughton Jr., Mrs. Clarence Collins, Mrs. Esther Barber.

Mrs. Lynn N. Lyon, Mrs. M. C. Ginder, Mrs. B. G. Caruthers, Mrs. Eddie Stout, Mrs. Clyde Robertson, Mrs. W. E. Pratt Jr., Mrs. Garfield Walker, Mrs. Harry F. Kent, Mrs. M. L. Futch, Mrs. Morris Moses, Mrs. Claude Michael, Mrs. C. H. Stafford, and Mrs. A. P. Bowersox.

W.C.S. Elects New Officers At Meet Last Wednesday

'Sea Fantasies' Theme Of Junior-Senior Prom

Final arrangements are now complete for the Junior-Senior Prom to be held in the grand ballroom of the Mayfair Inn tonight from 9 p.m. to 1 p.m. The theme "Sea Fantasies" will be carried out with fish nets, multi-colored balloons and artificial fish hanging from the ceiling and lining the halls of the ballroom. An under water ship wreck scene with Neptune will highlight the unique decorations.

Richard Phagan, president of the Junior class will make the farewell address to the graduating seniors with Brantley Schirrad, senior class president, giving the response.

Entertainment will be provided by Joni Saunders giving her version of a sailor dance. Frank Mebane will present his well known "Champaign Hour" with various activities planned to correspond with the theme. The musical portion of the program will be provided by Faye Garner, soloist, who will be accompanied by Kay Ivey at the piano.

Music for dancing will be supplied by Larry Fuller and his orchestra. A buffet supper has also been planned for the evening with dainty sandwiches cut in aquatic shapes.

E. W. Christensen and Miss Barbara Robt acted as advisors for the event.

Approximately 300 are expected to attend.

Use a wooden spoon or fork to stir food cooked in enamelware. The wood leaves no dark marks on the surface so hot soap or detergent suds will wash such pots and pans clean without scouring. To get rid of dark half moons under fingernails, use a well-soaped brush and warm-to-hot water.

Because of its low altitude, Florida has no dams longer than 200 feet.

W. Shefferman that he bought personal items with union funds: "It seems to be an obvious attempt to smear people who are fighting racketeers in order to cover up or racketeer."

Use an empty soft-drink bottle as a caddy for household cleaning supplies. The compartments will hold soap, detergent, scouring powder, polishes, cloths, sponges, and so forth. This beverage carton carry-all should be kept in your cleaning closet, filled and ready for action at a moment's notice.

Any snow suits, rainwear, or windbreakers can be given a water-repellent treatment right at home. A new water-repellent finish, made of silicone wax, comes packaged in an aerosol pressure can. Just spray it on after the garments have been sudsed clean, rinsed, and allowed to dry.

Silver Tea Held Tuesday

By Helen Snodgrass

Enterprise—The Woman's auxiliary of the All Saints Episcopal church sponsored a silver tea and book review Tuesday afternoon at the parish house.

Approximately 55 persons enjoyed this delightful affair. The tea table was covered with a yellow cloth and center with a low arrangement of yellow flowers and silver tea and coffee services on either side. Mrs. Wallace Gabler and Mrs. William Canaday poured.

The room was decorated with a beautiful arrangement of lilies by Miss Katherine Litch. The chairman of this tea was Mrs. Robert Elmers assisted by Mrs. Marion Waite, Mrs. Raymond Sweet, Mrs. William McCauley, Miss Elma Johnson, former newspaper woman and feature writer for "News and Times" of Trenton New Jersey, now retired and making her home in DeBary reviewed, "Wings at my Window", by Ada Clapham Gowan.

Doctors advise washing the skin gently with soap and water immediately after removing a mustard plaster. Follow up by applying petroleum jelly and cover with a clean warm cloth.
