

NO FURTHER INFORMATION IN CAUSE FOR ACCIDENT THAT DOWNED SEAPLANE

Fate of Five Passengers is Not Known Today

PILOT IS PICKED UP BY STEAMSHIP BOUND SOUTH FIFTY MILES AT SEA YESTERDAY

(By The Associated Press)
MIAMI, March 25.—Pilot Robert Moore was brought to the hospital here this morning and it is feared the exposure will be fatal. He is still delirious. According to his disconnected store which Moore told during lucid intervals, the propeller broke shortly after leaving Miami. The boat settled in the gulf stream, floated easily until Thursday morning when the hull began to leak as the result of hitting something. The passengers took turns bailing until all became exhausted and one woman who Moore Thursday night. The man he thought was her husband, leaped after her, both disappeared. Their fate depressed the other passengers. The remaining two women fainted and Moore held them in his arms seven and one-half hours when they died of exhaustion. He then let them fall in the water. This left only Moore and one man who took turns bailing. A wave capsized the plane Friday morning and the pilot and passenger climbed on top of the wreckage and Moore tied himself to it for fear he would become unconscious and fall off. The passenger, realizing that death was not far away took his valuables from his pocket and gave them to Moore and dropped off into the water.

MIAMI, March 25.—No further information was available early today as to the cause of the accident that forced Miss Miami down on the sea of five passengers probably will not with six persons aboard and the fate be known until Pilot Robert Moore, picked up late yesterday by a steamer is able to give a coherent account. Moore was picked up from the wreckage of the plane by the steamer William Green fifty miles at sea and one hundred miles north of Miami, the captain of the vessel advising by radio that he was the sole survivor. The steamship was bound south and submarine chaser left here early today to meet the vessel and bring Moore here. The captain of the steamer reported last night that Moore was more dead than alive from exposure and unable to give any account of the accident or fate of passengers, Mr. and Mrs. August Bulte, Mr. and Mrs. Lawrence E. Smith, of Kansas City, Mo., and Mrs. J. S. Dickson, of Memphis. Miss Miami left here Wednesday noon for Bimini.

RIVER STILL RISING

MEMPHIS, March 25.—With the Mississippi river rapidly rising at all points south of St. Louis, with indications pointing to the highest water since the flood of 1910, government and state engineers here express confidence that the levee system will withstand the heavy pressure without difficulty. Several steamboats left here Thursday night loaded with shovels, sacks and other supplies for the forces which are now patrolling the levees in Arkansas.

Patrolling of the entire Mississippi state levee system also began yesterday, a mounted guard being placed every 15 miles.

ORDER INVESTIGATION

TOPEKA, Kansas, March 25.—The Kansas Industrial court yesterday ordered an investigation of conditions in the Kansas mining district relative to the impending strike, and summoned officials of the Southwest Interstate Coal Operator's association and district and provisional officials of the United Mine Workers of America to appear before the court for a hearing here March 29.

Going again to the Seminole Cafe tomorrow and get one of those famous chicken Sunday dinners. They are the real thing in every way.

Water League Plans to Save Many Millions

Bellevue Railroad to Coast or Canal System Would Effect This

Business men from all over Central Florida discussed transportation problems confronting the grower and shipper of this state at a meeting held in the county courthouse last night under the auspices of the Central Florida Water Traffic League.

The proposed canal system from Kissimmee to the St. Johns river was discussed at length but the principal interest of the meeting centered about the construction of a railroad from Inland Florida to Eau Gallie or some other point where products could be shipped to the northern markets by water thus effecting a saving in transportation charges. Eau Gallie sent a large delegation to the meeting, and produced government surveys to show that the harbor in that city is deep enough to permit the landing of ocean going steamers.

Former Congressman Haines, of New York, now a resident of Florida, was one of the principal speakers, devoting most of his address to the subject of railroads. Mr. Haines declared that a system of railroads connecting Inland Florida with the coast would be a successful enterprise and said he hoped to see the day when millions of dollars would be saved to Florida people through reasonable transportation charges. He said that Florida was on the eve of a great era of development. He pointed out that it had many advantages over California as a citrus state and declared that the climate was not excelled anywhere.

S. J. Sligh, president of the league, announced that the Florida organization was contemplating joining the Mississippi Valley Waterways Association and introduced former Congressman W. T. Hland, president of the First National Bank in Orlando, who is vice-president of the Mississippi association. Judge Hland told of the work which his association has accomplished in securing government aid for inland waterways and expressed the belief that Florida has a great opportunity to take advantage of her position and ship her products by water routes.

G. W. Knight, of Sanford, vice-president of the league, told of the great increase in water shipping during the present season and predicted that another year would bring even better results. Other speakers were C. E. Canova, S. F. Brooks and H. M. Jernigan of Eau Gallie and representatives from Kissimmee, Mount Dora, Sanford, Cocoa and Orlando.

A traffic committee was appointed to investigate the various means of connecting Inland Florida with the coast and report to the next meeting of the league which will be held within the next two weeks. The committee's headquarters will be in this city.—Orlando Sentinel.

CELEBRATED BOAT BUILDER IS HERE

Mr. and Mrs. Nat Heresoff of Bristol, Rhode Island on board their yacht Hellantus were at the Sanford docks today for some time having spent the night here. Mr. Heresoff is one of the most famous boat builders in this country having designed the American cup winners in the international yacht races for many years. They liked Sanford very well and said that when this city had built the boat basin they would spend more time here but Sanford needed a boat basin and more conveniences for the visiting yachts and crews.

SOLDIER BONUS BILL FORMALLY BEFORE SENATE

FORMALITY OF PRESENTATION CAUSES BROAD SMILES FROM MANY SENATORS

(By The Associated Press)
WASHINGTON, March 25.—Scarcely had the Senate finished its fight over the four power treaty yesterday when the House laid the long converted soldiers' bonus bill in its lap.

Senate business was halted for the presentation of the measure, which was accompanied with the usual formality. Appearing in the midst of a controversy as to the time for taking up the next series of treaties, the House clerk was escorted part way down the aisle by the clerk of the senate, who announced:

"Mr. President, a message from the House of Representatives."

Immediately recognized by Senator Wadsworth, Republican, New York, who was presiding, the House clerk made a deep bow.

"Mr. President," he said, "I am directed by the House of Representatives to inform the Senate that the House has passed H. R. 10,874, to provide adjusted compensation for veterans of the world war, in which the concurrence of the senate is respectfully requested."

A titter ran around the crowded galleries and there were broad smiles by many of the senators.

There was a suggestion that the bill be referred to the appropriations committee. Senator Harrison, Democrat, Mississippi, declared he did not want it sent to the finance committee, explaining it might disturb the bonus bill that is sleeping there.

"There is no telling," he said "when that bill will wake up and I believe we ought to send this measure to some committee that will act on it."

There followed a squabble as to what committee should consider it, but Senator Wadsworth decreed that it should go to the finance committee.

Chairman McCumber, of that committee, said the bonus measure could not be up until after the tariff bill had been reported to the senate, but he thought there would be quick action on it both in the committee and on the senate floor. He said the tariff bill probably would be sidetracked temporarily in the senate to let it through.

Senator Smoot, of Utah, the ranking Republican on the committee, said the measure probably would be materially changed.

"The bonus bill that passes the senate will carry a means of financing it," he declared, adding that the financing would not be done by means of bonds.

Asked if a sales tax would be the financing medium as recommended by President Harding to the House ways and means committee, the Utah senator said:

"I think so, if we have to come to that."

Senator McCumber was of the opinion that members of the committee would want to confer with President Harding on the subject before acting finally.

Hanford MacNider, national commander of the American Legion, in a formal statement last night discussing the bonus measure, expressed confidence that it would meet with the approval of former service men, and declared that legislation that had twice passed the house was "inevitable."

NINE MEN KILLED IN MINE EXPLOSION TRINIDAD, COLORADO

REV. CHAFORD DIES

(By The Associated Press)
NEW YORK, March 25.—The Rev. Sidney Chaford, who had served as Congregational minister in Green Bay, Wis., Lyons, Iowa, Tampa, Fla., and other cities died yesterday at his home in Brooklyn aged 82. During the yellow fever epidemic in Tampa in 1887 he and a Catholic priest were the only clergymen who remained in the city. He was a trustee of Rollins college, Winter Park, Fla.

DEBATE RESUMED 4-POWER TREATY IN SENATE TODAY

TREATY OPPONENTS STARTED ARGUMENT BY QUESTION- ING VALIDITY

(By The Associated Press)
WASHINGTON, March 25.—Debate on the four power Pacific Treaty was resumed today in the Senate with momentum entirely unaffected by yesterday's ratification vote giving final consent to pact. Treaty opponents started the argument by again raising the question as to validity of accompanying the declaration signed by Arms delegates at the same time they affixed their signatures to the treaty itself. Declaration stipulates domestic issues shall not come within scope of the treaty.

Again we want to call attention to the fact that the Seminole Cafe makes a specialty of Sunday dinners. They are all to the good in every respect.

COAL STRIKE LEADERS ARE TURNING THEIR ATTENTION TOWARD NON-UNION MEN

Miami Banker is Freed of the Liquor Charge

Clayton Merely a Stake Holder and Not a Principal

MIAMI, Fla., March 25.—C. M. Clayton, vice-president of the Miami National Bank, was discharged yesterday afternoon at the end of a three-day hearing in which he was accused of conspiring to violate the Volstead law. Mrs. G. O. Harrison, Foster Sloan, T. N. Lewis and W. C. Phelps, co-defendants, were ordered held for trial, and were later released under \$500 bond each.

Clayton was accused by William Spillard member of the Governments flying squadron, which began a clean-up campaign here last Monday, of holding in escrow \$4,050 for the purchase by Spillard of 100 cases of liquor from Phelps and Lewis. Spillard said he posed as "A. B. Phillips," New York bootlegger and that Clayton wrote the agreement for the transaction, carrying on negotiations with Phelps and Lewis. Sloan and Mrs. Harrison were accused with having an interest in the liquor.

Clayton was discharged, according to Commissioner Graham, because he did not see, from the testimony, that the banker was a principal in the plot, but was merely a stakeholder and not a participant in the conspiracy.

Mr. Clayton's arrest occurred during what had been described by special prohibition enforcement agents working under the direction of Colonel L. G. Nutt, as a campaign to "dry up" the city. The agents swooped down on alleged illicit resorts late one night and continued their wholesale raids through the following day. Approximately 30 minor arrests were made and in the meantime Colonel Nutt declared his forces had evidence that prominent bankers in the city had conspired with the bootleggers. He intimated arrests would be made among what he described as the "higher-ups" Mr. Clayton's arrest followed.

He claimed he had been made an unwitting party to what appeared to be a frame up, and declared that his handling of the money involved in the alleged liquor trade was done in ignorance of its nature and as an ordinary part of the day's business.

ROTARY CONFERENCE AT SAVANNAH ENDS

SAVANNAH, Ga., March 25.—(Special).—The conference of the eighth district of Rotary clubs adjourned last night after a two day session. It was the best conference ever held in this district, unusual interest being manifested at all meetings, and lavish hospitality tendered from the city and local club.

Nearly one thousand delegates from Georgia, Alabama and Florida were in attendance. The banner was won by the Fort Lauderdale club, which attended one hundred per cent.

A new district was formed and a new governor was elected yesterday. Dr. James Thomas, of Tallahassee, Ala., president of the University of Alabama, and also a prominent worker of the Southern Y. M. C. A. work member of the E Phi Phi Bate Kappa and Shriners.

PROHIBITION PULL IN FLORIDA GRATIFYING TO COMMISSIONER HAYNES

WASHINGTON, March 25.—Summarizing the reports of activities of Nutt and special staff in Florida, Commissioner Haynes declared today results were "gratifying and in keeping with developments under similar circumstances throughout the country." Haynes declared co-operation of state and local authorities was satisfying as confidently expected.

Want to Win Over the Men Who Are Not in the Union

WILL ISSUE A CALL

IN SEVERAL STATES NEXT WEEK FOR NON-UNION MEN TO ACT

(By The Associated Press)
CLEVELAND, March 25.—Leaders in the coal strike of union miners set for April first turned their attention today toward winning two hundred thousand non-union miners to walk-out. Calls for non-union men to act will be issued in several states next week.

CLEVELAND, March 25.—A complete tieup of the nation's entire coal industry by 200,000 non-union miners joining the solid ranks of a half million union workers was the program adopted last night by the general policy committee of the United Mine Workers of the America for the nation-wide strike set for April 1.

By a unanimous vote of its 116 members, the committee affirmed the policy of a general suspension of union workers, which prohibited the consummation of single state agreements, and followed this by directing district union officials to ask all non-union men to join the strike. The unanimity of action late in the day permitted a final adjournment last night although the committee had planned to continue sessions today.

The resolution for an immediate call to the non-union men also provided that the "international and district unions exert all their powers and influence to bring about a strike in the non-union coal fields of America." The resolution was offered by Van Bittner, of Pittsburgh, Pa., who represented the provisional Kansas union organization at the committee meeting and it was adopted without objection and practically without discussion.

ULMER IS STATE GOLF CHAMPION WINS OVER YEARBY

ORLANDO, March 25.—Al Ulmer of Jacksonville again is state amateur golf champion, defeating J. R. Yearby of Orlando, in the finals of the state tournament yesterday.

Al Ulmer of Jacksonville, three winner of the title, had Ralph Yearby of Orlando, six down at the end of the first 18 holes of the 36 hole play for the championship in the eighth annual tournament of the Florida State Golf Association here yesterday.

With Yearby 3 down at the turn, at the end of the first nine holes, Ulmer's play became surer and surer and playing par golf for the first six of the last nine holes, he came in 6 up, a handicap which the Orlando player will have to fight every inch of the way in the afternoon round. Ulmer's medal score for the 18 holes was 79; Yearby's medal play an 85.

Yearby has been playing the greatest golf of his career in the tournament which is about to close, eliminating without difficulty some of the strongest players in the peninsular state with whom he was matched in the fight to reach the finals, has undoubtedly met his Waterloo in the state champion. Ulmer, notwithstanding the fact so far as medal scores go his game failed to show up brilliantly, is playing superb golf. In the morning round he had a slight edge on the Orlando player in every department of the game. Scarcely ever troubled, when he did not face difficulties which might have caused a less seasoned player to falter he awoke the gallery to an instant applause with a master stroke.

SELLING FINE TRACT OF FARMING LAND IN SEMINOLE AND ORANGE

In the Daily Herald appears an advertisement of the East Orange Land Company, calling attention to the 12,000 acres of fine farming land being opened up to development in Seminole and Orange counties in the eastern part of the county. The new road to the beach from Orlando goes through this property and joins the hard roads in Seminole county. The lands have railroad facilities and good drainage and are bound to prove what the owners say they have. Five and ten acre tracts for men who are able to own winter homes and small groves and farms in Florida. The men who are behind this project are men well known in this part of the state, men of affairs and men who can be relied upon to sell lands upon their merit.

J. M. Russell is representing the East Orange Land Co., and will put on the sales service for the lands. Read the advertisement in the Daily Herald.

Wight Bros. Co. are selling so much gas and oil that they are obliged to start another filling station on Magnolia avenue south of the other station.

KIWANIS WANTS BAND TO STAY ALL SUMMER

Fine Meeting of Club Yesterday—Pickert's Furnish Entertainment

The regular weekly luncheon meeting of the Kiwanis Club held yesterday at the Valdez Hotel was made very entertaining by the Pickert Stock Company who were present as guests of the entertainment Committee of the Club.

During the meeting this Company rendered the following program: Piano solo—Joe Linoell.

Piano and Saxophone number—Lionell and C. J. Dodson.

Solo—Miss Lillian Pickert.

Accompanied by Lionel and Dodson Several quartette numbers by the Pickert Quartette—Chambers, Lionell Sacray and Latella.

Piano solo—Lionell.

The question of Sanford maintaining the band throughout the summer was discussed and a committee named to confer with the City Commission and other organizations in the city and see if ways and means could not be provided to maintain the band during the summer months.

Tom Jones was scheduled to speak, but the doctor having ordered him to stay in doors for thirty days—he is suffering with stago cramps—he was not present, but was fined \$10.00 and Dr. Brownlee took his place on the programme and discussed the "Relation of the Kiwanis Club to the City in which we live." The Doctor had put some time on this subject and brought the club many good points along that line. His address was enjoyed throughout, by everyone except J. C. Dean—who explained later that he enjoyed the speech but got peeved with the Doctor for having drawn his name to speak four weeks from yesterday. Brownlee and Dean both being of the good natured sort soon made up and Dean promises a deep Thesis on why Bachelors should be taxed, when he makes his speech.

Several Liza Janers strolled in after the cocktails had been devoured by sooner members, but as the aforesaid song always makes Forrest Lake cry real tears they were let off with only one verse.

This being the last luncheon before Dr. Hyman is to leave for Tampa he was called on to say good-bye, but the Doctor said he did not want to say good-bye, for he expected to retain an interest in Sanford and especially in the Club, and would merely say 'So long till I see you again.'

Now for a little rain and a little rest.

Sanford celery has the world sitting up and taking nourishment.

Faud has been made king of Egypt. Name sounds rather fuzzy or fezzey and should be all right for the Arabs.

Hastings potato growers are thinking of growing celery. Better stick to your last—Maine Cobblers—with apologies to the shoemakers.

Banker in town in Florida the other day set the time lock and then left and has not been seen since.

Sam Small and the rest of the Anti-Saloon crusaders say that a combined effort is being made to bring the saloon back and that 1,000 speakers will be sent into all the states in the union.

Tampa is coming in for a cleaning and scouring by the hooch hounds and hundreds of them are hitting Miami, Tampa and other Florida cities in the effort to wipe out the booze.

A well known resident of Orange county upon being importuned to run for county commissioner said he could not subscribe to the oath of Democracy for while he voted in the primaries and supported all the state and county Democrats he also voted for a Republican president.

DIVERSIFIED CROPS ON POTATO LANDS

Recent experiments in this county in growing of crops other than potatoes has received considerable impetus, but not sufficient to centralize a market, such as Hastings now enjoys or as Sanford enjoys.

Right now several of the more progressive potato growers of the Hastings section are experimenting with other crops than potatoes, but on a very limited scale.

That splendid celery can be grown on the potato lands of Putnam and St. Johns counties has already been proven beyond question.

This section has every facility for sub-irrigation, considered so necessary to the successful growing of celery.

have been installed and there is no doubt that the warnings of agriculturists who have experience should be heeded—rest the lands from potatoes for as one experienced grower from Aristook, Me., recently said some morning the Hastings growers are going to wake up and find that the blight has swept their crop off the map over night.—Palatka News.

THE LURE OF WEALTH

Why does the sucker crop never fail? Why do people in the face of all warning and experience, continue to fall victims of plausible sharpers who make good livings by selling worthless stocks and bonds?

The pathetic part of valueless speculation is that if somebody offers the small investor 10 per cent to 12 per cent for a cash loan he would become suspicious and hold out on his money; but if a swindler come along and gives him a smooth talk about an undeveloped oil well or gold mine or a new auto which will travel 50 miles on a pint of gasoline, or a patent churn which will turn lard into butter, and assure him that within a year a few hundred dollars, if invested at once, will return enough to make him rich, he will hand him the cash.

For every one who gets rich quickly there are a thousand who get poor more quickly. Taking a chance is all right if you can afford it, but about the only chance the average blue sky salesman sells is a chance on being found out before he gets out.

CAPITAL REMOVAL

The proposition to remove the capital of Florida from Tallahassee to some more suitable place is attracting considerable attention throughout the state.

That the present location is most unsuitable is clear to four-fifths of the people of Florida. That Tallahassee is most inaccessible is beyond question.

The train service to and from Tallahassee is nothing short of disgraceful. The accommodations at the Tallahassee depot would be discreditable to a back-woods village.

Tallahassee is surrounded by classic red hills and sweet southern sentiment, neither of which are regarded as an asset as relates to the capital of a state.

The capital of any state should be located in a progressive city within easy reach of a majority of the people.

The capital removal issue many years ago excited a bitter fight, and the capital would then have been removed from Tallahassee but for the silly fight which resulted in four or five cities, wanting the capital and entering the contest.

And Tallahassee will again retain it if four or five cities go out after it instead of centering the fight on one city.

Now which city is the best located for the capital?

Unquestionably Jacksonville. Jacksonville is the most accessible city in Florida, and twice the size of the next largest city.

BUT JACKSONVILLE CANNOT GET IT.

Even when Jacksonville tried to secure it before, the Times-Union opposed its own city vigorously as did the politicians who are blindly led by this newspaper.

Jacksonville would not be united on any proposition. If Christ came to Jacksonville and stopped out in Springfield, Riverside would "cut up."

If the whole state of Florida should offer Jacksonville the capital there would be such a fight against location that some fellow would go to the courts with an injunction. It's just Jacksonville's way.

So Jacksonville is not in the capital removal fight. Then what is the next best thing? Why Ocala of course. Ocala is a beautiful city and the location is ideal. The people are

UNCLE HANK

most hospitable and nothing can be charged against Ocala except that many years ago, permitted Tom Watson and his gang to invade it and hold a Populist convention there, and give birth to the Populist or "Ocala Platform."

But Ocala wasn't to blame and if Orlando and other cities want the capital removed they will quietly lay aside selfishness and center on Ocala.

CATTLEMEN SEEING THE LIGHT

The Punta Gorda Herald, it appears by the evidence available, has been romping on the Arcadia Enterprise, the latter a newspaper published in the heart of Florida cattlemen's country, whether or not they hold ownership in all the sections of the country, in which they have claimed the inherent right to pasture their live stock.

The Punta Gorda newspaper, it appears, has been regretting "the fact," to quote from the Arcadia Journal, "that there was no market for our beef although the cattle on the prairies were increasing to such an extent that it was causing alarm to the cattlemen." All this as introductory to the aforesaid significant admission on the part of the Enterprise, which says:

We warn the Herald to be not deceived as we are not to be mocked with impunity by anybody. We have cussed the cattlemen some ourselves in the past, but we have all learned a good deal lately and we find that we did not know everything under the sun about the cattle business, and the cattlemen have decided that they can't buck the whole United States and get away with it.

Assuming that the newspaper above quoted is speaking for the cattlemen of at least its immediate section, and in which they are quite numerous, what it says is inspiring with hope. It indicates a "change of heart" on the part of the owners of great and small herds of cattle, indicates that darkness that too long has prevailed is being penetrated by the light of reason.

There will be genuine rejoicing throughout Florida if it proves true that the gentlemen of the state are seeing the light and are sincerely willing to walk therein.

If the Florida cattlemen actually and clearly are seeing the light; if, as the Arcadia Enterprise says, it is time for them to get their "heads together and try to work out a plan where they can get a market for their cattle and Florida can get in some much needed money to ease up the tightness of the money situation which is stopping the wheels of industry just now.

Florida taking its rightful place in the cattle industry and also in the established markets of the world.

The time for "cussing" has gone by; likewise the time for sharp practices in the state legislature. The time is opportune for practical, straightforward action along well defined lines.

LESS MEAT CONSUMED

Efforts made during the war to conserve meat products appear to have had a permanent effect in reducing the consumption of meat. At least the experience of those days has had a part in the situation revealed by the bureau of animal industry of the agricultural department.

Americans have not abandoned meat eating by any means but they are finding substitutes. There are some complaint at first about the "meatless days" in wartime but it was soon discovered that they proved no real hardship.

H. S. NOTES

The Seniors certainly had a "big time" Monday, even if it did start out badly by raining. The girls came to school all decked out like little kids and in the afternoon took many pictures, the funniest positions were: abreast a mule and wagon (Florence Henry climbed up on the mule's back, and when the mule started to move, she simply flew off.) Others showed them on top of the school bus, a "mock wedding," "mock bicycle race," etc.

Mr. Boyd visited us in chapel, also, Monday, probably intending to favor us with one of his fine selections, but seeing the great commotion that the Senior "kids" were raising, let the Senior girls mount the platform and sing "Mary had a Little Lamb," etc. Zillah's teddy bear was too cute for anything. Mr. Boyd didn't sing for us after all—maybe he got jealous of the way the Senior girls sang. (?)

The Sally contract has been drawn up, so that means that pretty soon our good old Salmagundi will go to press.

The Junior are preparing to give a play sometimes soon, further announcement to appear later.

"Home, Sweet Home," by Gall-Curci, and "On The Miami Shore," by Fritz Krelser, were two of the best records we've heard in a long time.

The Senior Class wishes to thank Marion Hand for the delightful time they had at her "kid" party last Friday. Although the Klan lecture claimed a few Seniors, most of them were there and greatly enjoyed the games played, "Pinning the Donkey's Tail," "Grab-Bag" etc. When the cake was cut Robert T. got the diamond, Margaret E. the button, and Harold C. the thimble, and Frederick Rines the dime.

The Seniors had a debate Tuesday on "Resolved that the country produces greater men than the city." The affirmative side was represented by Florence Henry, Frances Dutton, Marion Hand and Fay Lossing, while Victor McLaulin, Pattye Lyles, Margaret Z. and Bertham Shepherd sided with the negative. The debate was carried out splendidly, and it only goes to show us once more that we have some real talent in Sanford High. The affirmative won.

The High School Glee Club was organized Monday afternoon, with forty members. The chairman, Mr. Boyd, called the meeting to order, and outlined the work for the rest of the school year. Officers were elected as follows: President, Lillie Ruth Spencer; Secretary, Demarius Musson; Treasurer, Bertham Shepherd; Directress, Mrs. G. E. McKay; Asst. Director, Mr. Boyd. This is the first Glee Club that has ever been organized in Sanford High, and we hope that it will be of great benefit to the pupils.

The Freshmen have bought "The New Art Edition of Real America in Romance," by Edwin Markham. They have planned to give the school something that is really something each year. The rest of us are glad they are so "high-class."

Sanford High had the honor of having as its guest, George L. Hoasfeld, the world's champion typist, Friday afternoon. He gave such an instructive talk concerning typewriting. He says one must have the five following qualities to be a successful typist: Concentration, Position, Rhythm, Time and Finger Movement. He certainly can converse and work, too, at the same time.

The Freshmen Class had a debate today, (Friday), "That Tiberus Gracchus was greater than Cyrus Gnecchus." In the two sections, "A" proved that Tiberus was greater and in "B" that Cyrus was greater. Believe us, Alton Guntor is some debater.

"DREAM STREET" TO SHOW AT STAR TONIGHT

"Dream Street" is the latest screen effort to come from D. W. Griffith. It is a tale of romance and love and laughter, symbolized with Good and Evil influences landing an enchantment rarely seen in such cinema productions. The ideas are Griffith while the characters are taken from

two stories of Thomas Burke known as "Gina of Chinatown" and "The Sign of the Lamp." The local is set in Limehouse, London. Although it might be said to encompass the world when it comes to the final analysis of the humans who trip gayly through the several scenes of dramatic effects directed by Mr. Griffith. A trinity of characters in the persons of a young girl, Gypsy Fair; "Spilke" McFadden and his brother, "Billie" are the youthful creatures around which is woven a romance of dramatic love filled with poetic visions and governed by the Good and Evil influences of this world symbolized in two remarkable characters. They are Good, embodied by a street preacher and Evil portrayed by a Street fiddler. They seem to set the mental directions of our little people flitting through this street of dreams and gaining a goal akin to paradise even on this earth.

Mr. Griffith has assembled a cast of rare talent to enact the roles of "Dream Street." Carl Dempster is the Gypsy Fair. The "Spilke" McFadden of the story is taken by Ralph Graves while his brother "Billie" is portrayed by Charles Emmett Mack. Tyrone Power is the symbolized street preacher by Good and the Evil one in the street fiddler is done by Moran Wallace. W. J. Ferguson plays Gypsys father and the great Sway Wan, of Chinese noble birth is impersonated by Edward Peil. "Dream Street" will be at the Star Theater tonight—last night.

The following will be the services of the Presbyterian church Sunday: 9:45 a. m. Sunday School. 11 a. m.—Preaching. 2 p. m.—Junior C. E. 2:45 p. m.—Intermediate C. E. At 7:30 p. m. the Presbyterians will unite in the union services held at the Baptist church with the overflow meeting at the Methodist church. This union service is held in view of the fact that this will be the last Sunday service of Rev. Geo. Hyman as pastor in Sanford.

METHODIST CHURCH

Sunday School at 9:30 a. m. Dr. Walker's class at Princess Theatre at 9:50 a. m. At 11:00 a. m. Dr. Walker will preach on "How to Worship." Sunday afternoon at 3:00 o'clock there will be a baptizing at the Wekiwa river. Sunday night there will be big union services at Methodist and Baptist churches. This is the last time Dr. Hyman will be heard in Sanford and he will speak at both places. Will be at the Methodist church promptly at 7:30 so be on time.

CONGREGATIONAL CHURCH

Because of the Union Services to be held at the Baptist and Methodist churches on Sunday night, there will be no services at our church except the Christian Endeavor at 6:45 P. M. We will have our Sabbath School beginning at 9:45 A. M. At the morning hour Mr. Durhans will preach, his subject being "The Christians Commissariat." To all our members and friends, we wish to say you will miss something worth while if you fail to hear this sermon. Come.

DR. WALKER'S CLASS

The men's class of Dr. Walker's at the Princess Theatre is becoming not simply a class but an institution of the city. There were 115 present last Sunday and the men say they will have 150 tomorrow. There is no sectarian teaching but good music and a study of the Bible. Every man who is not in some other Sunday school is invited to meet this fine body of men at the Princess Theatre Sunday morning at 9:50.

THE BIG TENT MEETING

The meeting in the big tent located at the suggestion of the City Council on the lake front near the Court House, started off on schedule time last night.

A lively song service was conducted by the district elder, Rev. A. C. Tanner, who is in general charge of the meeting.

Evangelist Zahniser gave an interesting and inspiring discourse on the necessity and making of prayer in relation to a real service.

The evangelist will speak at 2:30 on the Privilege Conditions and Prospects of the Sonship and in the evening at 7:30 on the Mature Need and Results of a Genuine Revival of Religion.

Revs. Zahniser and Tanner have conducted successful revival efforts at Lakeland, Lake Worth, Miami and St. Petersburg and this city in necessarily short here as the evangelists must fill an appointment in Elmira, N. Y., one week from Monday.

The local pastor, M. C. Bellis, solicits the hearty co-operation of all orthodox christians and a candid hearing by all others.

12,000 Acres of Rich Land

ON ORLANDO-TO-OCEAN HIGHWAY AND ST. JOHNS RIVER

The financing of the East Orange Land Company is nearly completed and tracts of from 5 acres to 80 acres will soon be sold for many times the price you now pay for your shares of interest.

The plan is simply this:—The East Orange Land Company is incorporated and has taken over 12,000 acres of Rich Citrus Fruit and Vegetable Lands on the New Orlando-to-Ocean Highway and the St. Johns River about half way between Orlando and the East Coast. The Company is capitalized at \$180,000—which places this land at \$15.00 per acre to the shareholders. We expect to sell the very cheapest of this land at \$50.00 to \$100.00 per acre. If you think you can beat this for profit, then we do not ask you to come in with us.
