Thomas Emmet Wilson, For 53 Years Distinguished Citizen of Sanford and Seminole, Died Tuesday Night

Thomas Emmet Wilson, one of the oldest and most prominent citizens of Sanford and Seminole county, died Tuesday night at 10:30 o'clock at the Fernald-Laughton Memorial Hospital following an illness of less than a week.

Death was due to peritonitis. With him when he passed away was his wife, who had been his constant companion since he was taken ill, a sister-in-law, Mrs. Katherine Fox and three nephews, John, Byron and Emmet Fox.

Mr. Wilson was taken ill at his home on Park Avenue last Thursday night when he was stricken with an attack of acute kidney trouble. Dr. J. N. Toler was summoned and medical aid administered. For two or three days he appeared to be improving somewhat but on Monday his condition became critical and he was removed to the hospital. Dr. Uleston of this city and McEwen of Orlando were called in consultation.

An operation could not be performed due to the patient's weakened condition. The doctors began to fight for his life which on Tuesday was hanging by a slender thread. Conscious up to within four hours of his death, the patient made a gallant fight to stave off death. With that indomitable will and strength that was characteristic of the man, he fought, but with no avail. Complications had set in and death was inevitable.

Death came very peacefully. Everything that possibly could be done to save Mr. Wilson's life, was attempted but the grim reaper took his toll. In the passing of Mr. Wilson, death has removed one of the outstanding figures in the development and growth of Sanford and Seminole county. Always in favor of progressive measures, he is said to have accomplished as much if not more than any other individual citizen toward putting his adopted county on the map.

Mr. Wilson lived until Oct. 1, 1924, he would have reached the five old age of 77. He was born in Putnam Valley, N. Y., in 1847. He was educated in the public schools and later at Peekskill Military Academy. In 1868 he was admitted to the practice of law in Brooklyn, N. Y. Three years later he moved to what was then Orange county, coming here in search of health. With Mr. Wilson at that time was an uncle, who purchased land and built a home at Sylvan Lake. Later on this place was given to Mr. Wilson. He had made this place his residence since coming to this state.

For 53 years Mr. Wilson had made Orange county (later Seminole) his home. During this whole period he engaged in the practice of his profession and was actively engaged in it up to the time he was stricken last Thursday. Mr. Wilson was remarkably active for his age and pursued his work with a diligence that was true of him in his earlier years.

MANY MILLION DOLLARS LOST BY BIG FLOODS

Already Nineteen Feet Above Normal Stage, James River Continues to Rise, Inundating City Streets, Crops, Electric Plants, Factories and Homes — Two Are Known to Have Lost Lives.

RICHMOND, Va., May 14.—Although the James river at Richmond, already nineteen feet above its normal stage, continued to rise Tuesday night, other rivers and streams that left their banks and caused the worst flood the Piedmont sections of Virginia have experienced in a decade, were receding and surveys of the damage were started.

No Accurate Estimate. No accurate estimate of the monetary loss will be available for probably a day or two, but it is known the damage will pass the two million dollar mark. Two persons are known to have lost their lives and many were rescued after being caught in the swirling waters.

Scores of small bridges were washed away, many miles of railroad tracks were badly damaged, the affected district were inundated and in several places large portions were swept before the on-rushing water. Hydro electric plants were seriously damaged, many of them being put out of commission, forcing manufacturing plants to close down and leaving residents of more than a dozen cities and towns without light and power. Other manufacturing plants were flooded and their stock ruined and still more business buildings, residences and other structures in the lowlands were filled with water. Farm crops were seriously damaged, railroad traffic was suspended or crippled and live stock and fowl farmed badly.

Main Street Flooded. At Richmond the turbulent waters of the James river had backed into Shockoe creek and flooded Main street in front of the downtown railroad passenger station with about two feet of water at 6 o'clock, and government forecasters declared that the river had not yet reached its crest. Other streets nearer the river and in lower sections of the city were under even more water, but everyone had sufficient warning of the approach of the flood to remove their belongings to higher ground and it is thought the principal damage will be confined to buildings in the affected sections.

Street car traffic here was interrupted by the water on Main street, while Mayo Island Park, home of the Richmond Baseball Club of Virginia League, was covered with almost ten feet of water. The top of the city dock was ripped and carried away by the waters, while most every water front property is flooded and cellars and lower floors of buildings four and five blocks from the water are filled. Tugs are kept busy during the day saving small craft that broke loose from their moorings and vessels of the Buxton line and others are harbored in the canal. Steamship lines were ordered to tie up their piers with sea anchors down and hatches tightly closed as precautions. All sailings from here have been cancelled until the waters have subsided.

Damage to Farmers. Reports from Harrisonburg tonight declared the receding waters had done an unexpectedly large amount of damage to farmers, highways and other property. Thousands of acres of rich river bottom land has been swept off their top soil, and the land is strewn with rocks and driftwood and cut with large gulches. All corn lands along the river in Augusta, Rockingham, Shenandoah and Clarke counties will have to be replanted. It was stated, and land not protected by alfalfa or similar growth is said to be practically ruined for this season's crops.

Thieves Looking For Silk Hold-Up Train. FREEPORT, Ill., May 14.—Thieves early today broke into six cars of a west-bound merchandise train on the Chicago and Great Western supposedly in search of valuable silk cargo. The burglary gave rise to the report that a Chicago and Northwestern passenger train had been held up.

2 Indictments Are Returned Vs. Boy

CLEARWATER, May 14.—The grand jury today returned two indictments against Frank McDowell, confessed boy stayer of his two sisters and parents. One charges him with the murder of his mother and one of his father. Judge McMullen said McDowell will be arraigned this afternoon and the date set for his trial. The boy confessed having burned his two sisters in their home in Decatur, Ga., and a year later to have killed his father and mother by shooting them as they slept in their home in St. Petersburg.

\$112,000 IN REAL ESTATE CHANGES HANDS RECENTLY

Runs Total of Property Deals, During Past Three Weeks Up To Approximately \$234,000 It Is Announced.

Several real estate deals involving the transfer of some valuable properties not only in Sanford but in Seminole county and amounting to approximately \$112,500, were announced Wednesday. Seven deals including one for \$40,000, one for \$20,000 and another for \$10,000 were announced all together.

The largest deal was that of the sale of a tract of land consisting of over 600 acres by F. L. Woodruff to the Sanford-Coronado Beach Company for \$40,000. The new owners of the land is a company recently formed here.

The Sanford-Coronado Beach Company, it is said, is planning extensive improvements and developments on the big tract of land. Those forming the company are unknown but it was stated that Edward Higgins is president and R. B. Wright is secretary.

Another deal of importance which was the first named, was closed several weeks ago but not announced until today, was purchased by Mayor Forrest Lake and A. R. Key of Miller Apartments at Second Street and Palmetto Avenue.

The consideration for this property was approximately \$20,000, it was said. Both of these deals were negotiated through W. H. Wight of this city.

DR. SUN YAT SEN CHINA'S CHIEF DIED TUESDAY

As First Provisional President Of China He Was Known As Father Of Republic

A World Figure For Forty Years

Had Many Enemies, Knew much Treason In Checkered Career

HONG KONG, May 14.—Dr. Sun Yat Sen, president of the South China government, who has been ill for some time, and was reported yesterday to have been unconscious with brain fever for two days, died today, according to a dispatch received from Hongkong.

Few, if any statement past or present, have known more up and down, more victories and defeats, more loyalty or more treachery than Dr. Sun Yat Sen, the first provisional president of China, frequently called "the Father of the Republic" and often referred to as "George Washington of the Far East."

The name of Dr. Sun first began to appear in newspapers of the Western world back in the late 80's, when his vigorous pronouncements against his arch-enemies, the dynastic Manchu Emperors of China, attracted some slight attention. He was then living in the Hawaiian Islands with his widowed mother, who had migrated to Honolulu with her husband, an agent of a Christian mission, when Dr. Sun was an infant. Since 1895 however, when he assumed the first of his many revolutions, his name has become almost as well known to the Occident as it is to the 400,000,000 Chinese nationals on a behalf of whom he spent a lifetime of unremitting hardship and constant danger.

Dr. Sun was twice named to the highest national office in the Republic—the presidency in the fall of 1911, when he was proclaimed the first provisional president of the Chinese Republic, and again in June, 1920, when he was elected President of all China.

Preceding his first election the Chinese people, rising in their wrath against centuries of bad government under the monarchical Manchu and previous dynasties, overthrew the existing government and set up a republic, naming as president Dr. Sun, who was understood to have engineered the uprising. All of South China and most of the Yangtze provinces were thus brought under a single banner, emboldened with the principles of republicanism.

NUMBER OF STATE ACCREDITED HIGH SCHOOLS GROWS

Many Schools Attain A-Senior Class During Past Year; Few Pupils Remain in Unaccredited Schools.

TALLAHASSEE, Fla., May 13.—Florida's accredited high schools have increased from thirty-nine in 1913-14 to 110 for the season of 1923-24, according to records just compiled and made public today by Prof. R. M. Sealey, state high school inspector.

Figures compiled by Professor Sealey show the following: Number of public schools reporting to state department, 164; number of accredited A-Senior high schools, 69; accredited A-Senior high schools, 40; accredited A-Junior, four; accredited B-Junior, seven; total accredited high schools 110.

In 1913-14 (ten years ago) there were 39 accredited high schools in the state, with 4,871 pupils, and in 1918-19 (five years ago) the number of schools was 53 with 5,014.

WHITE WOMAN IS ASSAULTED IN LUNCH ROOM

(Continued from page 1.) know what he had been doing. He is further said to have stated that if he had been guilty, he should be punished. Later when a small group of men gathered at the station, Chief of Police Roy G. Williams accompanied by other officers removed the man from the jail.

At the hospital this morning it was said that the victim is resting as comfortably as could be expected. She suffered several severe cuts from the glass panes but aside from that she is feeling nicely. It is understood she has made quite a lengthy statement to the police but they refuse to give the details, saying that the victim is still unable to give a complete and coherent account of the affair.

Although Cole denies any knowledge of the crime, police believe that sufficient evidence has been gathered to hold him for preliminary hearing which will probably be held within a few days. His blood-stained clothes together with the fact that he has several cuts upon his hands and also that he was in a drunken condition, all go to substantiate their belief.

MIAMI, May 13.—The county school board of Dade county has decided upon retrenchments for next school year because of inadequate income to carry on present program and at the same time take care of the rapidly increasing enrollment. At its last meeting the board determined to abandon its kindergarten work, abolish special instructors in music, art and penmanship, and double-session as many grades as necessary to keep within the budget, in order to keep within the board's income.

WOMAN, SEEKS HUBBY MISSING SINCE FRIDAY

Continued from Page 1. That Thomas anticipated taking a trip when he left home and that he wished his destination to be more or less of a secret to his wife, is evidenced by the fact that a few minutes after he left he went by the house of a friend, whose name Mrs. Thomas refused to divulge, and told this friend to tell his (Thom's) wife that he would not be home that night and for his wife not to become uneasy about him.

The friend, Mrs. Thomas stated, told her about 5 o'clock Friday afternoon what her husband had said. She declared further that she finally obtained the information from this friend that her husband had said that he was going to Sorrento on a business deal and that he expected to return Saturday. Not much faith is put in this story by Mrs. Thomas, however, for he would have told her all about it, she maintains.

When Thomas failed to return Saturday night Mrs. Thomas, who had previously thought her husband's conduct rather strange and uncalled for, began to entertain fears for his safety. She inquired of close friends whether they had seen him, but she learned nothing save that he obtained the whiskey before he left. On Sunday morning she notified the local police and the sheriff's office about the affair.

This morning the wife telegraphed the police of several Florida cities hoping to hear some news of her husband, but until today none was forthcoming. That he has left her because he is tired of his home here, is not entertained for a minute by Mrs. Thomas, who said that her husband was a home loving man, one with the best of habits, a good disposition and who apparently loved her very much.

Mr. and Mrs. Thomas have lived in Sanford for about two years and for the past 12 months they have made their home on the Orlando road two and a half miles from this city. The missing man was the local agent for the Independent Insurance Company. He has been engaged in this and real estate business as a sideline since he has been living here.

Local Team To Play Ball With Titusville

It was announced Tuesday that a baseball team representing the Seminole Athletic Club will play the Titusville home team in Titusville next Thursday afternoon. The local team has been practicing for several days now, it is reported, and is rapidly rounding into shape. The team expects to play away from home until the Sanford diamond is put in shape. The manager states that after the home field is completed that he will arrange for five or six consecutive games which will be played in this city.

The team, he said, will leave here about twelve-thirty Thursday afternoon, and all who can are invited to go along. The personnel of the team will be announced in Wednesday's paper.

THE JUDGES

Dairy Schools Are Being Conducted By Gov't Expert

UNIVERSITY OF FLORIDA, Gainesville, May 19.—A series of dairy schools being held in several counties of Florida under the supervision of J. H. McClain of the United States Department of Agriculture, who was sent to this state from Washington, D. C. He is working with county agents and Prof. John M. Scott, of the Experiment Station, H. L. Brown of the Agricultural Extension Division, C. H. Willoughby, professor of dairying at the University of Florida, and the several district agents for the purpose of promoting the dairy industry in Florida. The schools opened April 26, at Lake City and closed May 6 at Ocala.

These schools are especially for the purpose of instructing farmers who do not deal exclusively in dairy products, but who own from two to ten cows. Such farmers are often careless in their methods of feeding and products, it is said, simply because it is a side line to their truck farming or citrus raising. Mr. McClain aims to interest such farmers and teach them the correct method of feeding and marketing their products.

It has been estimated that \$20,000,000 are sent from Florida annually to the dairymen in other states for milk and its products, and the question has been raised, "Why cannot the state supply its products of this kind and keep this large amount of money at home?" This can be done, the dairy experts say, with the co-operation of all the smaller dealers of dairy products and the larger dairymen. There is no reason whatsoever, it is claimed, why the Florida farmers can not come together and systematize their raising of dairy products and other farm articles.

It is further ordered that this order be published once a week for eight consecutive weeks in the Sanford Herald, a newspaper published in Sanford, Seminole County, Florida.

Done and ordered, this the 21st day of May, 1924.

(SEAL) E. A. DOUGLASS, Clerk of the Circuit Court of Seminole County, Florida. By A. M. Weeks, Deputy Clerk. Fred H. Wilson Solicitor for Complainant. 5-25-12-14-26-6-2-9-16-23-30.

MORE ADEQUATE WATERWORKS

FORT PIERCE, May 13.—A more adequate waterworks plant to cost \$125,000, grading and paving of streets and a new drainage system, to cost \$165,000, erection of public buildings including a city hall, fire station and city jail, also an incinerator plant, are among the items provided for in the half a million dollar bond issue that will be voted on by the freeholders of this city on July 1.

In the Circuit Court of the Seventh Judicial Circuit of Florida, in and for Seminole County, City of Sanford, Florida, a municipal corporation, by and through Forrest Lake, S. O. Chase and C. J. Marshall, as the City Commission of the City of Sanford, Florida, vs. George A. DeCottes, Jr., State Attorney for the Seventh Judicial Circuit of the State of Florida, et al.

To the Citizens and Tax Payers of the City of Sanford, Florida: Whereas, a petition was filed in the above entitled cause on this 13th day of May, A. D. 1924, by the City Commission of the City of Sanford, Florida, a municipal corporation, by and through Forrest Lake, S. O. Chase and C. J. Marshall, as the City Commission of the City of Sanford, Florida, against the State of Florida, ex rel. George A. DeCottes, praying for the validation of certain bonds of the City of Sanford, Florida, in the sum of Seventy-two Thousand (\$72,000.00) Dollars, fully described in said petition, authorized by a certain resolution duly adopted by the City Commission of the City of Sanford, Florida, on the 28th day of April, A. D. 1924, entitled: Resolution Providing for an Issue of Bonds by the City of Sanford, Florida, in the Sum of Seventy-two Thousand Dollars, the Proceeds Derived from the Sale Thereof to be Used to Partially Finance the Proportionate Part of the Cost of Certain Street Improvements Assessed Against

Property Abutting said Street Improvements; Prescribing the Form and Conditions of said Bonds to be so Issued and Providing for a Sinking Fund for the Payment of Principal and Interest of said Bonds; and to be issued pursuant to certain orders and resolutions of the City Commission of the City of Sanford, Florida, duly had and adopted, said bonds to be of the denomination of One Thousand (\$1000.00) Dollars each, bearing interest at the rate of six per centum per annum, interest payable semi-annually, on the first days of January and July of each year, said bonds to be dated January 1st, 1924, and to be numbered consecutively from 1 to 72, both numbers inclusive, and to mature serially in the following manner, to-wit: Bonds numbered from 1 to 5, to mature July 1st, 1925. Bonds numbered from 6 to 10, to mature July 1st, 1926. Bonds numbered from 11 to 15, to mature July 1st, 1927. Bonds numbered from 16 to 20, to mature July 1st, 1928. Bonds numbered from 21 to 25, to mature July 1st, 1929. Bonds numbered from 26 to 30, to mature July 1st, 1930. Bonds numbered from 31 to 35, to mature July 1st, 1931. Bonds numbered from 36 to 40, to mature July 1st, 1932. Bonds numbered from 41 to 45, to mature July 1st, 1933. Bonds numbered from 46 to 50, to mature July 1st, 1934. Bonds numbered from 51 to 55, to mature July 1st, 1935. Bonds numbered from 56 to 60, to mature July 1st, 1936. Bonds numbered from 61 to 65, to mature July 1st, 1937. Bonds numbered from 66 to 70, to mature July 1st, 1938. Bonds numbered from 71 to 72, to mature July 1st, 1939.

Whereas, it appears from said petition filed as aforesaid, that all steps taken in connection with the issuance of said bonds by the City of Sanford, Florida, have been regular in every respect, and in strict conformity with law, and that all acts, conditions and things required by law to exist, happen and be performed, precedent to and in the issuance of said bonds, have existed, have happened and have been performed in regular and due time, form and manner, as required by law.

Now, therefore, in pursuance of an order of the Court herein made, notice is hereby given that the citizens and tax payers of the City of Sanford, Florida, are by said order required to be and appear before the Circuit Court of the State of Florida, on the 1st day of June, A. D. 1924, at the hour of ten o'clock a. m., at Sanford, in the County of Seminole and State of Florida, then and there to show cause, if any they have, why said bonds should not be validated and confirmed.

Witness my hand and the seal of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for the County of Seminole, on this the 13th day of May, A. D. 1924.

E. A. DOUGLASS, Clerk of the Circuit Court of the Seventh Judicial Circuit of Fla. G. W. SPENCER, JR., Attorney for Petitioner.

to mature July 1st, 1928. Bonds numbered from 21 to 25, to mature July 1st, 1929. Bonds numbered from 26 to 30, to mature July 1st, 1930. Bonds numbered from 31 to 35, to mature July 1st, 1931. Bonds numbered from 36 to 40, to mature July 1st, 1932. Bonds numbered from 41 to 45, to mature July 1st, 1933. Bonds numbered from 46 to 50, to mature July 1st, 1934. Bonds numbered from 51 to 55, to mature July 1st, 1935. Bonds numbered from 56 to 60, to mature July 1st, 1936. Bonds numbered from 61 to 65, to mature July 1st, 1937. Bonds numbered from 66 to 70, to mature July 1st, 1938. Bonds numbered from 71 to 72, to mature July 1st, 1939.

The full faith and credit of the City of Sanford, Florida, is irrevocably pledged for the payment of the principal and interest of said issue of bonds.

The bonds hereby offered for sale are excluded from any limitation of bonded indebtedness proscribed by the Charter of the City of Sanford, Florida.

This issue of bonds to be sold subject to the approving opinion of John C. Thomson, to be furnished by the City of Sanford, Florida.

All bids must be accompanied by a certified check for two per cent. of the amount of the bonds to be sold.

Bids may be submitted in the alternative as to rate of interest bonds are to bear, the alternative bid to be based on a rate of interest less than six per cent. Amounts bid for said bonds must be stated in dollars and cents.

The right to reject any and all bids is reserved.

Proposals should be addressed to Forrest Lake, S. O. Chase and C. J. Marshall, as the City Commission of the City of Sanford, Florida, and as ex-officio Bond Trustees of the City of Sanford, Florida, at Sanford Florida.

Witness our hands as the City Commission of the City of Sanford, Florida, and as ex-officio Bond Trustees of the City of Sanford, Florida, and the seal of said city, this 12th day of May, A. D. 1924.

FORREST LAKE, (Seal) S. O. CHASE, C. J. MARSHALL, As the City Commission of the City of Sanford, Florida, and as ex-officio Bond Trustees of the City of Sanford, Florida.

Attest: L. R. PHILIPS, City Clerk of the City of Sanford Florida.

Durant Is Said To Dealer Discovers Gold Ore Deposit Under His Garage

Studebaker Dealer Finds Gold-Bearing Ore While Excavating For Underground Gasoline Tank; Pays Cost of Building Garage.

YORK, May 14.—Irate explanations, and prepared statements, and prepared comment by auto executives mainly purport to show that there would be no production in spring production of cars in dealers' hands in excess of the corresponding time last year. He explained this condition was in view of the fact that last year Durant was unable to prompt deliveries and lost thereby.

Nash, president of the Durant Motor Corp., is seen in control of this gigantic plant. Street has come to the attention that Durant has made and that his companies are better positioned today to supply cars designed to meet exacting demands in the automotive field than any other. It is pointed out that Durant pays to W. C. Durant an associate a profit on every car built.

It is well known that Durant holds large blocks of stock in the Durant Motor Corp., in Fisher Hayes Wheels, and other concerns supplying parts for the automotive industry. It has been discovered that Durant makes a profit; every time he makes a wheel, Durant makes a profit; every time Durant builds a car, Durant makes a profit. It has been pointed out that every time Durant makes a car, Durant makes a profit.

Speed and Then More Speed.

This is an age of speed and efficiency. The person who doesn't take advantage of every minute of time often wakes up finding himself left far in the rear. Everything now is speed. It wasn't so very many years ago that the automobile first came into use...

The latest in speed and efficiency was contained in a news story sent out from London April 26 which told of fast trains, entertaining their guests with moving picture shows. The success of an experimental show on the Flying Dutchman, traveling at eighty miles an hour, has led officials of the London and Northeastern Railroad to consider seriously the installation of theaters as a part of their regular service.

What will be the next great development in the line of speed? Fifty years ago the world travelled at a slow pace but we find in this fast age speed seems to have the right of way and the man who can contrive some new scheme to do things in a shorter amount of time, is the man of the age.

The Candidate, A Perennial Flower.

Some things don't change. The Ocala Banner something like twenty years ago wrote the then and today's description of the beloved candidate. The Herald doesn't possess a copy of the original "essay" but four years ago W. C. Leigh reported it from memory for the Tampa Tribune, and we have come across, in a box of old papers, a clipping containing it.

The candidate cometh up like a flower and re-tireth from the race busted. He cometh in late at night to his weary wife with cold feet and a beery breath. He getteth up early in the morning and hiketh away saying: "I go to see a man."

NEWSPAPER ENTHUSIASTICALLY praising the Bryan primary law and giving a simple and easy explanation of "how it works," in a column and a half of type, concludes as follows: "If you vote first choice for one of the two high men, then your second choice vote is not counted; but if you vote first choice for one of the low men, then your second choice vote is counted and helps to nominate one of the high men, the low men being eliminated from the race just as they were under the old two-primary system."

IT HAS COME to be practically a sort of rule in literature, that a man, having once shown himself capable of original writing, is entitled thenceforth to steal from the writings of others at discretion.—Emerson.

MY FAVORITE STORIES

By IRVIN S. COBB

Two members of a colored labor battalion in France were languidly filling a shell hole behind the lines of the A. E. F. Along came an officer who spoke to them in harsh words. When he had passed on, one of the pair, relapsing from temporary activity back again into his regular deranged state, remarked: "Suttinly is mouty free cursin' white man, dat young lieutenant. Suttinly does know how to use strong language when he craves for somebody to show him some speed. Puts me in mind of a parable."

As Brisbane Sees It... H. G. Wells for Birth Control... Intelligent Bootleggers... Stylah Dress for Working-Girls.

H. G. WELLS demands legalizing of birth control and widest publicity of birth control knowledge. It's true that every rich woman, from her doctor, can get knowledge withheld from poor women. And it is true that the individual woman, not a distant law maker, should, in strict justice, be allowed to decide on the size of her family.

NATURE manages problems of reproduction among men and lower animals in her own way, without worrying about "strict justice." The mouse lives two or three years, on an average, but has 100 children and many thousands of grandchildren.

Letitia Ramolino Bonaparte began having children before she was sixteen and had several before Napoleon was born. Perhaps it would have been as well for the world had he never appeared. But, generally speaking, the really able man usually appears early in the family of the great, and late in poor families.

COLLEGE YOUNG ladies of the Young Women's Christian Association tell working girls to dress plainly and demurely, for their soul's sake and to impress possible husbands with their good qualities. Sensible Helen Gwynne, retiring president of the Y. W. C. A., who is a factory worker and has presided over an assembly of 30,000 factory girls tells these girls to dress as conspicuously as they can, "even flashy."

RICH GIRLS, says Miss Gwynne, can afford to dress plainly, that is, in her luxurious surroundings, but the working girl in her plain home, must dress as well as she can, by way of contrast with her surroundings, if she wants to marry. Sensible Miss Gwynne.

DON'T steal. Be honest, upright, worthy of citizenship in this glorious republic. But, if you must steal, remember it's extremely dangerous to steal only a little. Any one who steals a little, they say, must steal in much safer in this fine democracy if he steals a great deal.

TAKE THE case of Jules C. Rabiner, who, when he felt that making money honestly was too slow, had sufficient intelligence to follow the well established American plan and keep away from petty larceny. He went to Wall Street, started a bookshop, stole \$800,000 from his victims. Justice, with all solemnity, sentenced him to jail "for six months to three years."

LET US all hope that Mr. Rabiner will hereafter be a model of all the virtues and appreciate the quality of judicial mercy that sends an ignorant half brutish man to jail for twenty years for stealing one hundred dollars and sets free an intelligent, shrewd thief at the end of three months for stealing eight hundred thousand dollars.

The really American part of the population, much of which is foreign born, will applaud President Coolidge's attitude on Senator Lodge's suggestion for immediately organizing a world court. The president, who knew nothing of the Lodge plans, said, "conditions in Europe had not improved sufficiently to justify the calling of a world conference." Sensible men will say amen to that. This nation wants no world court, with 90 per cent of its judges appointed by governments that hate the United States and actually believe that it is our duty to pay their debts and finance their wars.

They Might Have Been A Bit More Gentle

THE PEACEMAKER MIAMI HERALD

Uncle Sam has been setting himself up as quite a peacemaker lately. It remains to be seen whether he will be blessed, or whether he will suffer the fate that so often befalls the peacemaker, of being vigorously jumped upon by both sides. The largest job he has undertaken, of course, is the settlement of the trouble in Europe. No better man could have been chosen to represent this country than General Dawes. He is not the ordinary type of peacemaker. He speaks in vigorous language. He carries a sizeable punch in his vocabulary and does not hesitate to speak his mind.

COOLIDGE AND JOHNSON CHATTAHOOGA TIMES

It will be noticed that the "wisdom" of the inner circle of the Republican administration are not making any extravagant boasts as to what is going to happen at the coming election based on the results of the recent preferential primaries in which President Coolidge received a sufficient number of votes to guarantee his nomination without opposition. When it is remembered that the only opposition Mr. Coolidge had came from Senator Hiram Johnson, there is nothing wonderful about his victory. It would have been significant if he had failed to defeat Johnson in a single state, because of all the insurgent republicans calling themselves "progressives" and "reformers" who were the weakest and the least entitled to the votes of those who belong to that particular group. He represented nothing and had the propulsive support of nobody but himself.

MCADOO'S GROWING LEAD ATLANTA JOURNAL

If the next national Democratic convention is guided and governed by the will of the party rank and file, as all men now indicate, its presidential nominee will be William G. McAdoo. Such is the unmistakable forecast of the primary elections through which the popular choice has been expressed. In state after state decisive majorities have piled up for that most outspoken and most outstanding advocate of forward-minded Democracy. Evident from the outset, this trend has become especially pronounced during the last ten days. The McAdoo camp, following faithfully upon the Carolina, Ho is the only candidate who contested in all these states, and in them all he was an overwhelming winner. One hundred and fifty-eight delegates have recently been added to his support; so that his total, according to Judge David Ladd, national chairman of the McAdoo resident committee, is now one hundred and twenty-five. The significance of these figures is most upon discrimination. However, reluctant the liberal elements of the Democratic party and the reactionary powers of the Republican party may be to acknowledge the already dominant and ever growing strength of William G. McAdoo, they no longer can blink the facts. They see that the people are for him; they sense the mastering of forces too mighty for special interests and little cliques to control; they read the first letters of a handwriting that will wax continually larger in days of selfish reaction and in vindication of progressive truth.

St. Agnes Guild Enjoy Party At Silver Lake

One of the most enjoyable meetings that St. Agnes Guild has ever had was the lake affair of Monday afternoon at the home of Mrs. Clyde Derby, on Silver Lake, with Mrs. Derby and Mrs. Fred Daiger as joint hostesses. Never was there a more harmonious gathering than this one of the young women of St. Agnes Guild.

The meeting was called to order by the President, Mrs. J. N. Robson, and after the regular routine of business had been taken up the following officers were elected to serve the club for the ensuing year. Mrs. Robson was re-elected president; Mrs. George Hickory, vice-president; Mrs. B. F. Whitner, Jr., re-elected treasurer and Mrs. Clyde Derby, secretary. The entire guild agreed that a wonderful selection had been made in naming the officers.

High School Carnival Is Proving Successful

The Carnival given by the Sanford High School, at the school Tuesday night, Wednesday afternoon and Wednesday night under the direction of Miss Tressie McRae, assisted by the high school faculty and pupils for the benefit of the athletic association, is having a great run and is most successful.

Attractive booths are arranged on the different parts of the school campus, where things to eat can be bought. The side shows afford great amusement and as a customary with all carnivals the main show or big show is the drawing. It is called "The Dream of the Wooden Soldier," put on by Miss Carmeta Barber, the company of entertainers, singers, dancers and musicians are wonderful.

This is one of the cleanest and highest type of entertainment of its kind ever held in Sanford. The four policemen with the Judge are doing all they can to have order. The merry-go-round, the riding of the donkey, the fortune teller, the babies, the fish pond, the agricultural booth, the siamese twins, the chamber of horrors and the clown have all done much to popularize this carnival.

FRILOHA CLUB

One of the most delightful club meetings of the year was enjoyed by the Friloha Club Tuesday afternoon with only the regular club members present, when Mrs. Raymond Phillips acted as hostess.

The living room was decorated with bowls and vases of yellow daisies. After an hour or two of bridge a salad course and ice tea were served. Mrs. Paul Edgus won the highest score, the prize being a handsome framed motto, "Out Where the West Begins."

DUPLICATE CLUB

Mrs. Hal Wight entertained at cards Tuesday afternoon, the members of the Tuesday Duplicate Club and three additional friends, who enjoyed a most delightful time.

When the game had ended and the scores counted the following were found to have high scores: Mrs. Charles Younts and Mrs. Ay. Lett at table number one, and Mrs. H. B. Lewis and Mrs. McPherson at table number two.

Mrs. Wight's pretty home on Park Avenue was aglow with handsome yellow sunflowers.

The participants were Mrs. Lett, Mrs. Lewis, Mrs. McPherson, Mrs. Younts, Mrs. Ralph Wight, Mrs. George Knight, Mrs. Henry and Mrs. R. R. Deas.

K. OF C. DANCE

The Knights of Columbus dance held at the home of Mrs. Lett Tuesday night, where 15 new members of this organization were the special guests and were treated in a royal manner. The warm greetings these members received made them realize that they were thrice welcome.

The dance was attended by about 50 couples, among them a number of out-of-town guests.

The committee in charge of this dance were Charles Britt, George Balme and Paul Besold, who assisted by Mrs. Balme and Mrs. Besold made this occasion a most enjoyable one.

Ice cream and cake were served during the evening.

SURPRISE SHOWER

Quite a surprise was given Miss Mary Zachary, instructor of the Domestic Science Department of the Sanford High School, when the students of section two showered her with at least a dozen pair of silk hose of all colors.

The girls in this section are Miss Irene Hinton, Miss Bernice Austin, Miss Isabel Spurling, Miss Sarah Lou Priest, Miss Nan Paxton, Miss Mary Stanley, Miss Mary Carraway, Miss Lucile Rose, Miss Sarah Evelyn Malone, Miss Sarah Hutchings, Miss Lucilla Anderson, Miss LeClare Jones, Miss Kitty DuBose, Miss Evelyn Darrow, Miss Ethel Tills and Miss Genevieve Lehman.

Arriving Thursday from Atlanta are Mr. and Mrs. Eugene LaGette, who will be the guests of Mr. LaGette's sister, Mrs. W. C. Hill and mother, Mrs. Lola LaGette. Mr. LaGette is a very prominent railroad official at present located in Atlanta.

An Opportunity To Convince Yourself!

If you heard that 70,000 progressive farmers had produced and were selling, *direct from their farms*, a richer and creamier evaporated milk—wouldn't you want to enjoy its high quality *yourself*?

Here is your chance. Ask your grocer for DAIRYLEA Brand Evaporated Milk. He will give you an evaporated milk that contains even more nutritious milk fats and solids than the high U. S. Government standards require. This is why DAIRYLEA has such a delicious, fresh, creamy flavor.

THE 70,000 farmers who produce and also sell DAIRYLEA to you insist on this increased merit and food value. They know this is the right way to ask you to consume more of their milk.

Such are the high business ideals that built up the Dairymen's League Co-operative Association—the world's largest organization of its kind. Each of its 70,000 farmer members shares equally in the control and responsibility of its \$8,000,000 a month business.

You will find DAIRYLEA Evaporated Milk the concentrated wholesomeness of the purest fresh bottle milk—exactly the same milk which U. S. Senator Copeland, when Health Commissioner of New York City, called "the best in the world".

Ask your grocer and see that he gives you this familiar can:

DAYTONA BEATS BULL DOGS BY A CLOSE SCORE

Islanders Come From Behind in Last Inning With One Run to Win From Bull Dog Outfit

DAYTONA, May 14.—The Orlando Bulldogs went down to defeat in a game there Tuesday, scoring seven to six, Daytona winning in the ninth inning with one run. The winning run came on a double by Thomas in the fourth of the game and his fifth hit a passed ball by Hopper and a single to right by Shomon. Twice the Orlando Bulldogs came from behind to tie the score and once momentarily they forced to a one run lead but their efforts went for naught for no sooner had they tied it than the Islanders, playing with a dash that would not be denied, immediately untied it or tied it up again. The see saw affair continued throughout the Islanders coming to the front in the last minute when with one down the winning single was delivered by Shannon.

Score by innings:
Orlando 0 0 1 1 0—6 11 2
Daytona 0 0 0 2 0—6 14 2
Pfeiffer and Francis; Cusack, Dittmar and Hayward.

Lakeland 7, St. Petersburg 3.

Lakeland 0 1 1 0 2—7 14 1
Craig, Wolf and Moore; Luther and Smith.

Bradentown 8, Tampa 11.
TAMPA, Fla., May 14.—Pouncing upon Jake Sullivan's offerings for a total of 13 hits the Tampa Smokers took the Bradentown Growers into camp again Tuesday by 11 to 8. Although Bradentown piled up five rallies in the first stanza, and Sullivan allowed but two hits for the first five innings, the Smokers came from behind in the sixth and seventh and pounded the pill at will.

Score by innings:
Bradentown 5 0 0 1 0 0—8 6 2
Tampa 0 0 0 1 0 0—11 13 2
Sullivan and Cashion; Rymer Sadler and Phipps.

Gators Have Veteran Material For Gridiron Team for Next Season

UNIVERSITY OF FLORIDA

May 14.—One veteran championship varsity eleven, one veteran reserve force, one veteran freshman eleven, and a flock of veteran freshman reserves in a brief survey of varsity football prospects for the 1924 season. Robbie Robinson, former captain of the "Gators," and Stewart Pomeroy, stalwart half-back, alone leave the ranks of the team that was undefeated in Southern circles last fall. The handful of 1923 reserves and the incoming freshmen will, besides making strong bids for regular positions, serve to bolster up the team's weak point—the reserve strength.

Leading the list of fifty or more experienced men expected out next year comes "Ark" Newton, captain-elect, and all-Southern half-back. Next year, his fourth in football, should climax his already famous career. Along with Newton comes another all-Southerner, "Gully" Goldstein, sophomore guard sensation. A keynote of strength is struck in the key hole of the line, the position of center. Sam Cornwell two years regular with Duval, regular freshman punter, and 13 varsity regulars will hold the line for the Gators.

First choice for tackle goes to two veterans of repute—Horse Smith and Cy Williams. They already have qualified for fame by a year of varsity work. Near Morris, another man of last year's team, may play havoc with some one's dream of being a regular, however, and Pops, a sizable freshman tackle may do likewise.

Tipping the front line of defense will be "two tried and true" warriors—"Plucky Joe" Merrin and "Spee" Lightsey. Todd and Rose will again be showing off in style, and may set regulars aflutter.

A possible first string backfield foursome will be Brumby, quarterback; Jones and Newton, half-backs; Middlekauf, fullback. "Mun" Brumby, Georgia freshman sensation year before last, seems cut out to fight it out with John A. Strimling for the honor of being the star. Newton is practically a certainty at one half position, and it may be necessary to toss a coin between Ed Jones and Dick Brown for the other. Willis Middlekauf, powerful line smasher, bids fair to again smash line after line, with "Ting" Chaplin, freshman fullback, playing the rescue role.

A flock of other possibilities, including many players that might easily destroy the dope and pull down regular positions, remain. On the line, among others are four freshmen—Davis, tackle; Price, guard, and Oosterhout and Parker, ends. "Spic" Stanley and Owen Pittman, members of the 1923 freshman team, are backs of the first degree, while five freshmen—Woodruff, veer quarterback, and Walker, Kincaid, Livingston, and Bishop, halfbacks will not go unnoticed.

Such a collection of candidates, though apparently able to produce an even better team than was playing last year, will be called to go the limit to go through next fall's schedule with untarnished records. They must travel to West Point, New York; to Austin Texas; to New York, Mississippi; to Atlanta, Georgia; to Macon, Georgia, and to Jacksonville and Tampa.

On the schedule is the Army, eastern football leaders; Texas A. M., champions of the southwest; Georgia Tech, Mississippi A. & M., and Washington and Lee, southern prizes, and Drake, Missouri Valley Nebraska in the Missouri Valley Conference, as well as three other worthy opponents.

The Gators will celebrate Thanksgiving Day in Gainesville, playing hosts to Drake University's team of Des Moines, Iowa. There have been 4,160 lynchings in the United States since 1885.

WHITE SOX END LUCKY STREAK OF YANK CLAN

Tigers Lose Second to Senators, St. Louis Defeats Boston, Cleveland Takes Pitchers' Battle From Phillies

NEW YORK, May 14.—Chicago broke New York's winning streak today, winning from the Yanks 7 to 5. Falk twice hit home runs with Sheely on base and Ruth hit his eighth homer. Collins and Cooper made sensational catches.

Score by innings:
Chicago 0 2 0 0 2 1—7 7 1
New York 1 0 0 1 1 0—5 12 0
Lyons, Blankenship and Skalko; Showkey, Pennocks and Shiang.

Washington 6, Detroit 3.
WASHINGTON, May 14.—Detroit today suffered its second defeat of the two game series here when the Senators won, 6 to 3. Mordridge outpitching three Tiger hurlers.

Score by innings:
Detroit 0 0 0 2 1 0—3 8 2
Washington 0 0 0 2 3 0—6 6 2
Cole, Johnson, Holloway and Bessler, Woodall; Mordridge and Ruel.

St. Louis 5, Boston 3.
BOSTON, May 14.—St. Louis defeated Boston 5 to 3, here today. The victory was Danforth's fourth successive win of the year. The Browns tallied three times in the sixth. Ehme walked Williams and McManus and both scored on Jacobson's triple, the latter crossing the plate when Wambysgans threw the relay into the dugout.

Score by innings:
St. Louis 0 1 0 0 3 1—5 11 0
Boston 0 0 0 0 1 0—3 7 2
Danforth and Severeid; Ehme and O'Neill.

Cleveland 3, Philadelphia 2.
PHILADELPHIA, May 14.—Philadelphia made a clean sweep of the series with Philadelphia today winning the final game, 3 to 2. The contest was a hurrling duel between Shaute and Harris with hits scarce on both sides. Stolen bases were largely responsible for all of the Cleveland runs.

Score by innings:
Cleveland 0 0 1 2 0 0—3 5 0
Philadelphia 0 0 2 0 0 0—2 4 1
Shaute and Myatt; Harris and Perkins.

PROPOSE GAS PLANT.
DELAND, May 13.—The Deland Commercial Club has endorsed a municipal gas plant and a city street light system, and a committee of the club has been instructed to get a complete report on these projects for submission at a later meeting of the board of governors. It is estimated that the gas plant, ready for operation, would cost \$125,000. Funds for this purpose and the light system would be provided by a bond issue.

Two thousand people in England raised sugar beets on 16,900 acres last year.

ASSESSMENT INCREASED.
GAINESVILLE, May 13.—Students at the University of Florida will be assessed six dollars as the student activity fee beginning next September. Five dollars of this amount will go to major sports, 50 cents to the Alligator, and the remaining half dollar to the Seminoles, providing that every student will get his picture taken free. Approval of the increased fee has just been voted by the student body by a 5 to 1 vote. Amendment cutting the expenses of the literary societies from 50 cents to 25 cents; giving the debating council 75 cents per man also was voted 2 to 1 by the students.

Sick Headache
"I have used Black Draught many times for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation and feel just miserable—sluggish, tired, a bad taste in my mouth... and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking Theodor's BLACK-DRAUGHT but it did the work. It just seemed to cleanse the liver. Very soon I felt like new."
Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Theodor's Black-Draught. It will stimulate the liver and help to drive out the poisons.

Hand's Liv-o-lax
Every mother knows the nameless dread that comes whenever the little one turns up feverish, listless and without appetite. Always the same anxiety, the fearful question—is it going to be scarlet fever, diphtheria or some other dangerous, contagious disease? Every mother knows that a laxative is the first thing required, but too often the ordinary laxative fails to do a thorough job because it is not sufficient action on the liver. Liv-o-lax meets the need because, besides cleansing the stomach and bowels, it cleans out congested liver and so brings a quicker relief. Children love to take Liv-o-lax because it tastes good and does good. It is made only of pure vegetable ingredients, is not at all drastic and causes no distress. You can get Liv-o-lax, 30c, at your favorite drug store.

An Adequate Sales System and Selling Organization Offered to Growers by the Florida Citrus Exchange
Assured of control of a substantial majority of the State's citrus production, for the first time in its history, the Florida Citrus Exchange will next season operate under a sales system and with a selling organization changed, enlarged and expanded to meet new conditions.

Under the new selling plan, which will be directed by a sales committee of five experienced fruit men from the board of directors, acting in conjunction with the business manager, the sales manager, the advertising manager, the Sub-Exchange managers and the chief inspector, fruit will be sold as follows:
On a cash basis, f.o.b. Florida, whenever advantageous offers can be secured.
On definite orders from northern markets, f. o. b. packing house, to the largest possible extent.
In export markets, when advisable, these to be supported with fruit of the quality best adapted to their requirement, enabling them to maintain price levels which will stimulate higher prices in private sale markets.
The sales department of the Exchange will be composed of:
A general sales manager,
A sales manager acting as his chief aid,
Five or more assistant sales managers, each in charge of specified portions of the country.

The sales department will maintain an efficient inspection service. Selling policies are to be aggressive in the development of markets not now handling a preponderance of Florida fruit is to be maintained by continuous supply of like quality as far as possible. Customers for specified packing house brands will be protected by regular shipments of such brands.

The growers who form the Florida Citrus Exchange invite to their ranks other growers sales system of the organization has been expanded in recognition of the increased volume of fruit now signed up for next shipping season. The directors and officers of the Exchange will not hesitate to make further changes in operating plans or personnel, consistent with reasonable selling costs, as it is found these are required to return the high dollar for the fruit grown by members.

For further information consult the managers or officers of the local association nearest to you, see the manager of the Sub-Exchange in your territory or write to the Florida Citrus Exchange, Tampa, Florida
