

### Live Hog Prices Set New Alltime High On Markets

CHICAGO, Aug. 4.—Live hog prices set another new all-time record today, reaching \$31.50 a hundred pounds in late trading. This was 40 cents above the new mark set Monday.

Last September's previous all-time peak of \$30.50 was broken Friday at \$31.00. Continued scarce supplies from the country feeders accounted largely for the strong upturn.

Meanwhile Texas butchers heard a ringing in their ears—the jangle of telephone bells as new recruits in 10 cities called to the housewives' war against high meat prices.

The movement to buy-out butchers shops between Aug. 9 and Aug. 16 spread yesterday to Beaumont, Galveston, Abilene and Hamlin.

In Miami, chain telephone calls were used in a campaign against meat prices.

E. A. Daly of Biscayne Park, called 25 friends by phone asking them not to buy meat for one week beginning Friday. He gave each friend to call at the line of chain letters, and so on, along the line of chain letters.

And in Atlanta the Atlanta Women's Chamber of Commerce has called upon Congress to halt spiraling costs.

In a resolution adopted last night the organization asked Georgia representatives to:

1. Support and assist the bill now pending to restrict the extension of credit.
2. Support any legislation which would tend to retard and control any further increase in consumer prices.

Mrs. Amber Wallin Anderson, chairman of the chamber's legislative committee, said the resolution was unanimously adopted and that copies would immediately be sent to Senator George (D-Ga.), Senator Russell (D-Ga.) and Rep. Davis (D-Ga.).

NEW YORK—The piano-playing activities of Mr. Carmen Cavallaro are regarded with somewhat different attitudes by assorted groups of citizens.

Those discerning souls who look for heart in their music, for example, are more apt to peer bleakly down their noses and go off in search of Teddy Wilson or an old Jellyroll Morton phonograph record, while the reverent technicians who adore crashing thirds and bow low to Bach just snuff politely and turn on their radios to Iturbi.

Nones will have the temerity to suggest Mr. Cavallaro is a great musician and even his most valiant defenders content themselves with saying he plays nice dance music—damning praise if there was. In a word, charming Carmen's piano might be described as innocuous.

One thing must be said for the toothy gentleman, however—he is self-made. From the flowery way he flips his full dress coat tails away from his posterior when he seats himself slyly at the keyboard, there is no doubt that he now knows which fork to use and that he lives the plush, genteel life, but it was not always so.

As a matter of fact, the other night at the weekly broadcast of his radio show, there was a lady done to the nines in new gown and orchids, who knew him when.

The lady was Mrs. Ida K. Speigel and 20 years ago she came across dark-haired little Carmen in a corner of the Harlem YMHA, baddling around with the piano.

THE HARLEM YMHA WAS SITUATED in a corner of town where the sand-filled stockings and the brass knuckers were considered more fashionable to carry than, say, a clarinet, and Mrs. Speigel was somewhat startled to hear some pretty good musical doodling. She taught piano at the Y... so she promptly arranged for the doodler to get a scholarship for her classes.

With city kids, you never can tell, unless you are deep inside their hearts, whether they concentrate on something out of love for it or because it may help them to dig their way out from the tough, hard life some day.

Mrs. Speigel recalled that "he begged to be allowed to come to class an hour before he was due, just so he could sit and absorb more knowledge and better technique," but whether this was because music was his ruling passion or because he knew good piano players made a habit of coming to open to connoisseurs.

City kids are tough on poverty, and when they turn their backs on it and try to climb into the money class, they can be relentlessly grim.

Carmen spent four years with Mrs. Speigel and then, for all practical purposes, dropped out of sight. He must have spent a great deal of time in the next few years listening to the amiable and hammy piano of Mr. Eddy Duchin, for when he suddenly burst full-blown on the Broadway scene as an orchestra leader, Mr. Cavallaro had more than a little of the Duchin flair about his playing; indeed, in some quarters today he is known as the road company Duchin.

CAVALLARO ALSO HAD ON HIS SHOULDERS the awesome burden of the tag, "poet of the piano," but despite this obvious showed unusual talent, but was even then improving on the old masters. Nobody who could do that, had to hit the top.

Mrs. Speigel did not explain why anyone who could do that had to hit the top, and I imagine she would have been a trifle pressed to come up with a logical explanation.

The poet of the piano has come a long way from Harlem. Indeed, the word is that he is the only popular band leader given permission to play Richard Adolphe's Warsaw Concerto. Indeed.

One of these days he will be invited to an Elia Maxwell party, and then life will have no more to offer.

WASHINGTON, Aug. 4.—Secretary of Agriculture Brannan said today that meat prices, already at record levels, will go on increasing through the summer "unless some positive action is taken."

Brannan told the Senate Banking Committee that meat supplies will continue tight and added:

"We can expect little relief from the price pressures now current until the closing months of 1949."

The committee is studying the anti-inflation program recommended by President Truman. Republican leaders have said Congress will not provide the President with the rationing and price control authority he asked last November and again at the extra session.

### States' Elections

Over former Rep. Thomas D. Winter will return almost two-thirds complete, as the Virginia Congressional seat left unoccupied by the resignation of Rep. J. Lindsay Almond last winter went to Mayor Clarence G. Burton of Lynchburg.

All the Virginia primaries were Democratic except in the eighth district, where Republicans held a contest which brought out only one-fourth the number of voters polled in the same district's Democratic race.

ATLANTA, Aug. 4.—The list of Democratic candidates for the governorship of Georgia dwindled to five today as Randall Evans, Jr., withdrew.

Evans quit the race last night while Gov. M. E. Thompson and Herman Tamm, who made stump speeches, coming into open disagreement as to what constitutes the main issue of the campaign.

Meanwhile, a member of the Dougherty County board of registrars denied the existence of any conspiracy to prevent large numbers of negroes from voting in the Sept. 8 primary.

The member, T. A. Kemp, said there was nothing to a petition filed in federal court, alleging a mass purge of 5,000 negroes. He said both whites and negroes had been subpoenaed to answer routine questions.

RALEIGH, N. C., Aug. 4.—The state board of elections met today to decide whether the Progressive Party and the States' Rights Democrats will get their candidates on general election ballots this November.

The progressives, supporters of Henry Wallace for the Presidency, apparently assured themselves a spot on the general election ticket by presenting petitions bearing the signatures of 11,123 qualified voters. Secretary Raymond Maxwell said the Progressive petitions "appear" to meet the board's requirements.

But the states' rights men, who are supporting Gov. Strom Thurmond of South Carolina for the Presidency, presented petitions containing about 18,000 names shortly before a deadline late in the night. The States' Rights petitions had not been checked by county boards of elections to determine qualifications of the signers, however.

White flour to be used in baking should always be sifted first. After it is sifted it should be piled lightly into a measuring cup with a spoon and leveled off with one stroke, using the edge of a straight ruler. If desired the flour may be sifted right into the measuring cup, thus eliminating an extra step.

COMMUNIST PROBE (Continued from Page One)

government and operated a photographic laboratory in his basement. He has been identified as a Communist in response to questions at a news conference today, and nothing in state department records, so far as he knows, shows that he has ever suspected of being a Communist.

Silvermaster himself told of the Navy's effort to pry him from the government's payroll. He said he beat them by getting Lauchlin Currie, who had been aide and chief of staff to the Secretary of War Patterson in his behalf.

From Louis Russell, a committee investigator and former FBI agent, came testimony that the Civil Service Commission regarded Silvermaster as a Communist and recommended that he be barred from Civil Service, but that he stayed with the government for four years thereafter.

Robert E. Stripling, the committee's chief investigator said the reason Silvermaster wasn't removed from the federal payroll was "because he went to the White House and got Mr. Currie to go to Mr. Patterson on his behalf."

Miss Bentley testified last week that Currie gave information to Silvermaster, but that she did not believe he was a Communist. Currie, now living in New York State, immediately issued a denial.

Silvermaster produced a letter which he said Patterson had written clearing him at the time the Navy sought Silvermaster's ouster. Chairman Mundt (R-SD) refused to release the text of Patterson's letter because it had not been placed in the hearing record. He told reporters it was written by Patterson on July 3, 1942, and was addressed to Mrs. Perkins, then head of the Board of Economic Warfare.

Mundt said the Patterson's letter had the effect of overriding Navy and Civil Service Commission decisions to Silvermaster's continued government employment.

Robert E. Stripling, committee investigator, told reporters there was no indication that Patterson knew about the Civil Service Commission report.

The hearing was adjourned until tomorrow morning, when Mundt said the committee will hear Alexander Elia, former State Department official, who has asked for an opportunity to deny statements made to the committee yesterday by Alexander Elia, now a senior advisor of the Communist Party.

COMMUNIST UNDERGROUND in Washington, Ill. has denied that (Secretary of State Marshall, in response to questions at a news conference today, said nothing in state department records, so far as he knows, shows that he has ever suspected of being a Communist.)

Danube Control (Continued from Page One)

completely without foundation.

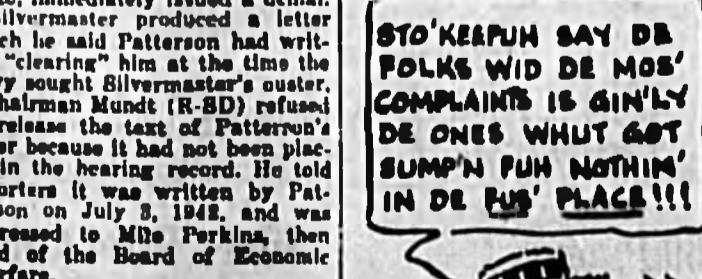

The council, he added, had been fully informed on the administration of the Western Power zone, while Yugoslavia has kept its operations in the Yugoslav zone shrouded in secrecy. He suggested that the council may desire to inquire into what is happening in the Yugoslav zone.

The British delegate, Alexander Cadogan, supported Jessup's declaration.

During the last 200 years, more than 100 kinds of birds have become extinct.

legged position" given non-Danubian states by the 1921 Paris convention for control of the river's shipping.

He asserted the Russian plan would "fully satisfy the requirements of justice, safeguard sovereign rights and without unjustified privileges for non-Danubian states."

Alexander Vishinsky, deputy foreign minister of Yugoslavia, asked for approval in principle of the Russian draft. He stressed the idea of sovereign rights and said non-Danubian states must not be permitted to infringe on such rights. He asserted it is up to riparian states to insure full navigation in the waterway flowing through their territory.

Bebler praised Russian foreign policy which he asserted was based on the sovereign rights of all states. He said Vishinsky's draft reflected this policy.

Vishinsky and his eastern followers already have indicated that they will not allow Austria to participate in the actual forming of a new convention. Austria is present as an observer.

The Russian proposal will not permit Austria to become part of any control commission until she has a peace treaty. Vishinsky has said he would like to see a convention in working effect before an Austrian treaty is signed.

BEIGRADE, YUGOSLAVIA, Aug. 4.—(AP)—Trieste changes were made today in the government of Montenegro. Vice President Botho Ljunovic and three ministers were replaced by men who are affirmed leaders in Premier Marshal Tito's Communist Party.

No reason was given in this morning's newspaper announcement of the revisions, but it seemed apparent that Tito's followers are living up to a promise they made at a recent Communist Party congress to strengthen the party's ranks in important government posts.

At the same time, it was announced that the 1948 Communist Party Conference of Montenegro and to elect the central committee of the new organization.

HOPF DUNDLES (Continued from Page One)

PARIS, Aug. 3.—(AP)—Hopf dundles today for the 40 passengers and 12 crewmen aboard a huge Air France flying boat, blasting over the South Atlantic since Sunday.

Air France said it would publish a passenger list later today. This indicated that next of kin were being notified.

HOMB AT VATICAN (Continued from Page One)

VATICAN CITY, AUG. 3.—(AP)—A street sweeper found a tiny hand grenade this morning near the entrance to St. Peter's square. It was nestled in the bottom of the first column in the right arc of the Bernini Colonnade.

The sweeper called Achille Tripicera of the St. Peter's security detachment, who noted that the pin was cut. The

streets were dark and the streets of the L. G. Farben works in Ludwigshafen, Germany. Among them are U. S. troops from Mannheim, who arrived after the tremendous explosion to help in the rescue work. The number of dead is now placed at from 300 to 600 persons. German investigators have brushed aside Communist charges that war materials were being made at the Farben plant.

NOTICE OF ELECTION (Continued from Page One)

WHEN THE CONSTITUTION OF THE STATE OF FLORIDA, AS AMENDED, shall be amended, the following amendments shall be proposed to the people of the State of Florida at a general election to be held on the first Tuesday after the first Monday in November, 1948:

## President Rips Congress For Ignoring Bills

### Truman Calls Spy Investigations "Red Herring" To Divert Action On Inflation

WASHINGTON, Aug. 5. (AP)—President Truman took Congress to task today for ignoring most of his recommendations for anti-inflation legislation.

He called the Communist spy investigations a "red herring" to divert attention from lack of action on inflation.

In a statement, Mr. Truman asked the Republican leadership to reconsider plans for a quick adjournment of the present session, which met July 26 at his call.

"There is still time for Congress to fulfill its responsibilities to the American people," Mr. Truman said. "Our people will not be satisfied with feeble compromises that apparently are being concocted."

Mr. Truman also told a news conference that he was (1) hopeful for peace and (2) hopeful that the atomic bomb will be outlawed as a weapon.

The chief executive declined to comment on diplomatic negotiations in Moscow. But when reporters questioned him about the talks, he said that the world outlook, he replied that he was always hopeful for peace.

He reiterated his belief that the atomic bomb should be outlawed as a weapon. "The United Nations have made proper safeguards."

Mr. Truman said the congressional spy investigations have not already known to the FBI, and added that the testimony has not proved sufficient to indict those accused.

Moreover, he asserted, the hearings have slandered a lot of people and done irreparable harm.

## Pfc. Wilbur Tillis Services Set For Sunday At 3 P. M.

The body of Pfc. Wilbur Tillis, 27-year-old son of Police Chief Roy Tillis and Mrs. Tillis, will arrive in Sanford at 1:30 P. M. Friday for funeral services and burial in Geneva Cemetery Sunday at 3:00 P. M.

Pfc. Tillis was killed in action in the invasion of Iwo Jima in 1944. He was born in Sanford Oct. 22, 1917 and attended schools in Sanford and Daytona Beach. For several years he was engaged in the cattle raising business with his grandfather, E. H. Kilbee and uncle, W. G. Kilbee of Geneva.

A member of the Seventh Regiment, National Guard of Florida, Pfc. Tillis entered active service with the National Guard on Nov. 10, 1940 at Camp Harding, later transferring to Fort Benning, Ga. He was a member of the First Methodist Church in Sanford.

The Rev. J. E. McKinley will officiate at the funeral service after which a Military service will be conducted at the graveside by the American Legion and Veterans of Foreign Wars Posts of Sanford.

## Motorcycle Collides With Automobile

Collision of a motorcycle and automobile last evening at the intersection of Geneva Avenue and Sipes Avenue resulted in leg injuries to Mathias Moore, negro, who was thrown from the back of the Indian motorcycle driven by Ernest Banks, negro, who was proceeding south on Sipes Avenue and who is charged by County deputies with failing to heed a stop sign.

James Harper, negro, driving a 1941 Plymouth Sedan with three negro women and three children as passengers east on Geneva Avenue, drove over the embankment in attempting to avoid the motorcycle, and the sedan turned over, demolishing the front end, but not injuring the occupants other than with a few scratches. It was reported by Deputy Sheriff Herman Brumley.

Moore was taken to Fernald-Laughton Memorial Hospital where he was treated for deep cuts on the legs, ankles and heels and then sent home. The accident occurred at 8:45 P. M.

## AUXILIARY MEET

Mrs. Olga Hunter, president of the American Legion Auxiliary of Post 2292, Mrs. W. E. Smith, post auxiliary chairman and Mrs. Bernice Young, a member, will attend the Auxiliary conference at Winter Haven, Sunday.

## Calls Out Troops In Dayton

PRIOR TO CALLING OUT National Guard troops to maintain order at the stills-bound Univa Lens Co. in Dayton, Ohio's Gov. Thomas J. Herbert (left) looks on. In the letter, the Governor informed Dayton city officials of his intended action unless the strike was settled. A short time later, the troops were ordered out. (International Soundphoto)

## U.S. Demands Full Rights For West Group On Danube

### Russia Is Accused Of Trying To Impose Red Monopoly

By ALEX. H. SINGLETON  
BELGRADE, Aug. 5. (AP)—The United States demanded today a full share for the Western Powers in control of Danube River shipping. She accused Russia of trying to impose a monopoly by the Communist states of Eastern Europe.

U. S. Ambassador Cavendish Cannon placed before the 11-nation Danube conference the American plan for the river, but first he denounced a Russian proposal, introduced previously, as giving Russia and all her neighbors "special privileges" in Europe's most important waterway.

The American plan would provide for a Danube commission of 11 nations: Austria, Bulgaria, Czechoslovakia, Hungary, Romania, the Ukraine, Russia, Yugoslavia, France, the United States and Britain. Under the Soviet plan the membership would be limited to the Danube countries, excluding Austria until a peace treaty is signed.

The American proposal would give Germany a seat when that country gets a peace treaty "before that time" if agreement can be reached by other members of the commission.

Adren Thierry, chief French delegate, said he was glad the U. S. offered a plan. He defended in a speech the 1921 Danube convention of Paris, which the Russians are trying to void. He insisted the undertaking still holds and that French rights must be protected.

## DuPont Head Files Suit For Divorce

TALLAHASSEE, Aug. 5. (AP)—Edward Ball, head of the Florida DuPont interests who last month lost his 1933 marriage, today filed suit for divorce in Leon county circuit court here.

He charged his wife, Ruth Latham Ball, with peralutant and continuous desertion since May 24, 1945.

Although Ball has lived in Jacksonville for many years, the divorce bill of complaint said he now is a resident of Leon county.

His attorney, B. K. Roberts and Weldon O. Starr, said Ball became a Leon county resident several months ago when the St. Joe Paper Company bought a plantation near here and rented it to him as a home. The paper company, is one of the major DuPont holdings.

The Supreme Court ruled that at the time of the marriage in Washington, D. C. in 1933 Mrs. Ball "did not know nor did she have good reason to believe that she was sterile."

## 8 MEN KILLED

HYDEN, Ky., Aug. 5. (AP)—Two men were shot and killed from ambush early today in front of the Leola county courthouse.

Sheriff Wiley Joseph identified the men as Burley Sizemore, 25, and John Henry Sizemore, 25, distant relatives. He said they were killed outright.

No motive was established for the shooting and Sheriff Joseph said they were few ones on which to work.

## America's Diving Stars Forge Link In Olympic Crown

### Dr. Lee Wins High Board Medal To Give U. S. 5th Title

By TED SMITH  
LONDON, Aug. 5. (AP)—America's diving stars forged another link in their imposing chain of Olympic successes today and Ohio State's Hardy Mal Whitfield entered the final of his bid for the games' unprecedented middle distance "double."

Giffard said a similar arrangement was reached for western sector firms, which have been in a position of not being able to meet salaries and other debts because of the Russian squeeze on money.

The Russians placed new road (Continued on Page Two)

## Clearwater Woman Beaten And Raped In Attack By Negro

CLEARWATER, Aug. 5. (AP)—A prominent young bride-to-be was brutally beaten and raped by a negro today.

Police Chief Jefferson J. Elliott said the victim was attacked in a bungalow, located near the residence of her parents. She was alone in the bungalow when she planned to occupy after her marriage, two weeks hence.

Elliott said the young woman struggled with her attacker in an attempt to gain possession of a revolver she kept in a dresser drawer.

Two physicians were called to treat the woman. Her mother was asleep in the main residence and was unaware of the crime until her daughter ran screaming from the bungalow. The young woman and her throat was swollen from repeated choking.

Woodhounds were used in an effort to pick up the rapist's trail. City, county and state police combed forces in a major search for the negro.

The attack was made about 3 A. M. today.

## Attorney Testifies Rollins Wanted Gun Brought Into Jail

BARTOW, Aug. 5. (AP)—A circuit court jury heard testimony today that Dewitt F. Rollins tried to have a package containing a loaded pistol brought in to him while he was in jail charged with murdering his wife.

William H. Corum, a Winter Haven attorney, testified Rollins asked him to get this package from the Watkinson Hardware store at Bartow.

Rollins, 48, former school superintendent and municipal judge, was working at this store at the time of the slaying. Mrs. Rollins, 47, was shot in the head three times in their automobile May 16.

Corum said Rollins did not tell him what was in the package. Corum testified the package was where Rollins said he left it but Corum did not take it.

## Bids To Be Received For State Buildings

TALLAHASSEE, Aug. 5. (AP)—Contractors' bids will be received here Sept. 7 for construction of the first two units of the new state female correctional institution near Ocala.

## Currency War In Berlin Is Eased By Reds

### Results Indicate Soviets Might Be Willing To Compromise On East-West Fight

LONDON, Aug. 5. (AP)—Foreign Secretary Ernest Bevin saw ambassadors Rene Massigli of France and Lewis W. Douglas of the United States in quick succession today about the next Western approach to Russia on the German tangle.

Paul-Henri Spaak, Belgian premier and a central figure in the Benelux Alliance, is expected to confer with Bevin here tomorrow.

BERLIN, Aug. 5. (AP)—The Russians relaxed today their financial blockade of Berlin for the present. The Soviet action came on the third day after western envoys had talked in the Kremlin with Prime Minister Stalin.

It indicated the Russians might be willing to compromise on the east-west currency war, which the Russians assigned as a reason for imposing a land blockade on the strife torn city.

Charles Giffard, British finance officer, told a news conference the anti-Communist city government of Berlin reached an arrangement for the release of enough funds from blocked Russian bank accounts to meet its week-end payments.

Giffard said a similar arrangement was reached for western sector firms, which have been in a position of not being able to meet salaries and other debts because of the Russian squeeze on money.

The Russians placed new road (Continued on Page Two)

## Clearwater Woman Beaten And Raped In Attack By Negro

CLEARWATER, Aug. 5. (AP)—A prominent young bride-to-be was brutally beaten and raped by a negro today.

Police Chief Jefferson J. Elliott said the victim was attacked in a bungalow, located near the residence of her parents. She was alone in the bungalow when she planned to occupy after her marriage, two weeks hence.

Elliott said the young woman struggled with her attacker in an attempt to gain possession of a revolver she kept in a dresser drawer.

Two physicians were called to treat the woman. Her mother was asleep in the main residence and was unaware of the crime until her daughter ran screaming from the bungalow. The young woman and her throat was swollen from repeated choking.

Woodhounds were used in an effort to pick up the rapist's trail. City, county and state police combed forces in a major search for the negro.

The attack was made about 3 A. M. today.

## Mixed Marriage Laws Condemned By U. N.

GENEVA, Aug. 5. (AP)—The United Nations Economic and Social Council today condemned all legal measures against mixed marriages.

The council's committee on human rights approved, 12 to 0, with six abstentions, a Canadian compromise between conflicting Chilean and Soviet proposals.

The resolution said the council "deplored all legislative measures to prevent mixed marriages between persons of different color, nationality, race or religion."

Chile originally urged condemnation of legal measures against mixed marriages between persons of different nationality. The resolution ostensibly was aimed at Russia. The Soviet Union submitted a counter-proposal ostensibly directed at some state laws within the United States. It condemned laws against mixed marriages between persons of different color.

## FISHING LICENSES

Some idea of the popularity of bait casting for bass in Seminole County may be gained from the fact that 1,468 fishing licenses were issued in July at the office of County Judge W. W. Ware. Of the receipts, \$285 was sent to the fish and game department.

## War Shipment Of Uranium To Russia Shown

### Klaus Testifies Commerce Department Knew Of Remington Probe When Hired

WASHINGTON, Aug. 5. (AP)—A story of uranium — raw material for atomic bombs — being shipped to Russia during the war was told today to congressmen investigating Communist activities in the government.

Rep. McDowell (R-Pa.) told it, but withheld details.

It came as the whole issue of congressional hearings on the Communists flared into a first class row between the White House and Capitol Hill.

These were developments:

1. President Truman called the hearings a "red herring" intended to divert attention from lack of congressional action on anti-inflation legislation. He said they are doing "irreparable damage," hurting the morale of government workers and shaking confidence of the people in their government. Mr. Truman also refused to let the congressional probes have any "government loyalty investigation" papers.

2. Rep. Rankin (D-Miss.) proposed that the House Un-American Activities Committee call in Henry Wallace for questioning. He said it appeared Communists had wormed themselves into "key positions" in the Commerce Department while Wallace headed it. Acting Chairman Mundt (R-S. D.) said the matter would be considered.

3. Alger Hiss, former State Department official, went before the House committee at his own request and swore: "I am not and (Continued on Page Two)

## House Passes GOP Anti-Inflation Bill

### Ex-Commrades Meet At Spy Quiz

WASHINGTON, Aug. 5. (AP)—The Senate by unanimous agreement began consideration today of housing legislation which includes some public housing and slum clearance provisions.

WASHINGTON, Aug. 5. (AP)—The House today passed a Republican anti-inflation bill after blocking any consideration of President Truman's limited price, rationing and wage control program.

The vote was 264 to 97, or 23 more than the two-thirds necessary for passage under a suspension of the rules that limited debate to 40 minutes and barred all amendments to the GOP measure.

Just before its passage, President Truman assailed the bill as "feeble compromise" in the fight against inflation, and some Democrats predicted a prompt veto.

The bill was sent to the Senate, under top speed GOP time table that aims at adjourning the special session of Congress Saturday night.

It provides:

1. A return to wartime curbs on time payment buying, as the President had asked.

2. Moderate tightening on bank credit, on a smaller scale than Mr. Truman proposed.

3. A boost in federal bank gold reserves, the focal point of Administration opposition.

Rep. Morrison (D-Okla.) shouted to the House that it is a "phony" bill that would endanger the government program to hold up the value of its own bonds.

But Banking Chairman Wolpe (Continued on Page Two)

## Athletic Park To Be Built By City On Paces Acres

Plans of the City to build a new baseball park in the area of the municipal ball park on Melville Avenue added impetus yesterday afternoon, when the County Commission adopted a resolution at the request of the City Commission making the City of Sanford custodian of the property known as Paces Acres.

"This property was purchased by the County several years ago," said County Clerk O. P. Hendon, this morning. On Oct. 3, 1944 it was dedicated as a public athletic and recreation park, and the City of Sanford occurred in (Continued on Page Three)

## Newspapers Show Increase In Ads

NEW YORK, Aug. 5. (AP)—Again in June newspapers showed the greatest gain in national newspaper advertising of any major media, Printers' Ink reported today.

The trade magazine said newspapers showed an increase of 2 percent over the previous month, while magazines increased 1 percent. Radio decreased 1 percent and outdoor dropped 15 percent.

Compared with a year ago, national advertising in newspapers was up 14 percent, magazines were 3 percent ahead, radio showed a 4 percent increase and outdoor was down 3 percent.

## THIRTEENTH STREET SAID BURNING UP

Firemen answered a strange call shortly after 1:00 o'clock this afternoon when it was reported that Thirteenth Street was on fire.

This was found to be literally true when firemen Claude Whitten, Jr., and W. D. Spivey arrived on Thirteenth Street near the South West road and found it ablaze for half a block.

Their explanation upon return to the fire-house was that paraffin fibre had been placed on the dirt road to fill the holes and that someone had carelessly thrown a cigarette, igniting the dry material. A strong west wind, preceding a shower, was blowing at the time, but with the use of the small booster truck, the firemen put out the blaze in a short time.

## REFUSES RETURN

TRENTON, N. J., Aug. 5. (AP)—Gov. Alfred E. Driscoll today refused to return John Collier to what his attorney said would be a "living death" on a South Carolina chain gang for a \$5 theft.

Collier, a negro, escaped from the chain gang 11 years ago after serving nine months of a 19-month sentence. He has been held in Newark 27 months on a fugitive warrant.

Refusing to honor South Carolina's demand for his return, Driscoll asserted Collier "has by this time amply paid his debt to society, to such an extent that no further sound purpose could be served by his extradition."

## LEVY'S BUY GROCERY

Mr. and Mrs. Sam Levy recently purchased Smith's Grocery located at 805 West Third Street from Edward M. Smith. The store will be called Levy's Community Store in the future, stated Mr. Levy.

Residents of Sanford and Seminole County for the past 25 years Mr. and Mrs. Levy reside at 1135 East Seventh Street. For many years Mr. Levy was market manager of the Sanford Fish and Grocery Company.

## Housing Bill Is Given Approval Of Senate Group

WASHINGTON, Aug. 5. (AP)—The Senate Banking Committee today approved housing legislation providing for some public housing and slum clearance.

The bill is an amended version of the controversial Taft-Elender-Wagner bill which failed to get through Congress at the session earlier this year. President Truman recommended the T-E-W bill in his message to the special session.

By a 7 to 5 vote the committee substituted the modified T-E-W measure for another housing bill sponsored by Senator McCarthy (R-Wis.) McCarthy's bill had been endorsed by a Republican-controlled Senate-House subcommittee. It was understood to have been approved tentatively by (Continued on Page Two)

## Former Speer Home Gets New Location

The Wadsworth Company of Haines City yesterday moved the former V. A. Speer home from its location next to the First Methodist Church to the south-west corner of Fifth Street and Park Avenue. It will be remodeled to form a duplex home. Frank Kessler is owner and Frank Ashdown is the contractor.

Many spectators were attracted yesterday afternoon to the scene of the moving. Workers had to cut limbs of trees on Fifth Street to allow for the moving. One limb crashed onto the hood of the truck that was drawing the home, causing minor damage.

## POWER MEET

Sanford electrical dealers and plumbers were among the 150 dealers and sales executives from 16 north Florida counties, who attended a conference and exposition sponsored by the Florida Power and Light Company, Tuesday at Daytona Beach. Methods of heating Florida homes during winter cold snaps were explained at the conference.

From Sanford were the following: W. M. Bishop, Miller-Bishop Appliances; Harry Lee, Lee Brothers, plumbing; I. E. Batten, Batten Electric Co.; E. L. Thompson, Frerson's Electric and Gas Co.; J. G. Blankship, St. Johns Electric Co.; and E. K. Carter of the Florida Power and Light Co.

## DUSTY BOOTH MEET

The Dusty Boots Riding Association will meet tonight at the Club House at Municipal Auditorium to plan for the parade and dance on the Sept. 6, Labor Day holiday.

## DAV POST MEETS

The Dav Post will have a covered dish supper tonight 7:30 o'clock at the Legion Hut. There will be a short business meeting with Commander James Young presiding. District Commander Robert Howell will report on activities in his district. The Post will elect a representative to the State Executive Committee. Games will be enjoyed following the business session. It was announced by Adjutant William Colvert.

## Vote Is 264 To 97 On What Is Called Feeble Compromise By Harry Truman

WASHINGTON, Aug. 5. (AP)—The Senate by unanimous agreement began consideration today of housing legislation which includes some public housing and slum clearance provisions.

WASHINGTON, Aug. 5. (AP)—The House today passed a Republican anti-inflation bill after blocking any consideration of President Truman's limited price, rationing and wage control program.

The vote was 264 to 97, or 23 more than the two-thirds necessary for passage under a suspension of the rules that limited debate to 40 minutes and barred all amendments to the GOP measure.

Just before its passage, President Truman assailed the bill as "feeble compromise" in the fight against inflation, and some Democrats predicted a prompt veto.

The bill was sent to the Senate, under top speed GOP time table that aims at adjourning the special session of Congress Saturday night.

It provides:

1. A return to wartime curbs on time payment buying, as the President had asked.

2. Moderate tightening on bank credit, on a smaller scale than Mr. Truman proposed.

3. A boost in federal bank gold reserves, the focal point of Administration opposition.

Rep. Morrison (D-Okla.) shouted to the House that it is a "phony" bill that would endanger the government program to hold up the value of its own bonds.

But Banking Chairman Wolpe (Continued on Page Two)

## Higgins Outlines Terminal, Giants Deals To Jaycees

Manager Edward Higgins of the Seminole Chamber of Commerce outlined the plans of the City for the construction of the water terminal on the lake front and reviewed the recent purchase of the Maxfair Inn by the New York Giants, at the noon meeting of the Seminole County Junior Chamber of Commerce at the Tourist Center today.

Mr. Higgins told of the plans for the advertising of the Maxfair Inn by the Giants. The building will receive nationwide publicity from newspaper, radio and record publications, Mr. Higgins said.

The City plans immediate construction of the baseball park for the Giants. Mr. Higgins declared. The idea behind the park is to have it constructed as a ball stadium, so that the maximum use can be obtained from the layout," he asserted.

He outlined the background for the purchase, saying that the National Exhibition Company had "put the squeeze" on the purchase of the building two weeks before the foreclosure procedure was complete. But John Krifer, a baseball man, talked the proposition over with the executives of the company, and they decided to try to make the hotel a business proposition," Mr. Higgins declared.

"We have immense possibilities for obtaining the water terminal here, and the plan is currently being worked out," he declared. "The main reason that we will be able to get the terminal is due to the increase in earnings of citrus products. We now have 350,000 tons of canned citrus moving from a 40 mile radius of Sanford each year. This tonnage assisted us in our plans," he declared.

J. Bradley Odham requested information on the publication of the tax list which was proposed at the meeting last week. President Gordon Bradley declared that an approval of the City Commission has not been received, and therefore no action can be taken before the board meets.

The Dav Post will have a covered dish supper tonight 7:30 o'clock at the Legion Hut. There will be a short business meeting with Commander James Young presiding. District Commander Robert Howell will report on activities in his district. The Post will elect a representative to the State Executive Committee. Games will be enjoyed following the business session. It was announced by Adjutant William Colvert.

THURSDAY, AUG. 5, 1948 BIBLE VERSE TODAY

Because God continues to shower his blessings and will increase them for all time to come, increasing his blessings with our growth and power, accept them.—Ps. 48:17: Therefore shall the people give you thanks for ever and ever.

Senator Hill of Alabama, doing his part in the current filibuster, has been reading to the Senate the history of the Constitution. Too bad more of them don't listen to it.

Cut lines on a Herald picture the other night had two Greek marathon athletes coming down the home stretch labeled as Truman and Dewey. Well, anyway they are both runners.

It comes as no particular surprise to anyone who has been reading anything besides the comic magazines and the Sunday supplements to learn that the federal government has been "honey combed" with Communists who were disloyal to this country, acting as spies for Russia and betraying the most confidential information. All this was published before the 1944 election for those who cared to read.

That fellow up in Brooklyn—the one who ran the restaurant—has set a splendid example for some of the rest of us harassed business men. Another customer squawked about not getting enough sugar for his coffee. That was the last straw. "All I hear in this business is complaints, complaints!" he shouted and forthwith proceeded to throw the sugar container at the customer. By the time he had gotten through, he had yanked the counter seats from their moorings, smashed all the china, ripped out the coffee urns, kicked in the glass mirrors, and hurled all the pies and pastries against the walls. He finally took all the sugar containers outside and started heaving them through the plate glass windows. We know just how he felt.

Dr. Therrell, who is doing an amazing job at Chattahoochee in the face of inexorable public indifference says that the increasing length of life resulting from advances in medical science is filling up the Florida State Hospital for the insane with hundreds of old people who are not really crazy but hopelessly senile and absolutely helpless. Time was when American families took care of their own old people; now they pack them off to a state institution where poorly trained attendants do the best they can when they have time. Some of the working members of these families voted for Roosevelt, posed as great liberals, shed crocodile tears over the rights of man, but before you talk to us about the poor down-trodden Hottentots, let us know how you take care of your own family.

Chairman Littlefield of the State Democratic Executive Committee appeals to Democratic voters for "party unity" and "absolute loyalty" and says "There is only one candidate for President of the United States. He was selected at the Philadelphia convention and every true Democrat will vote for him." Of course, that is Littlefield's job, as chairman of the State Democratic Executive Committee, to try to get people to vote for Truman, and you can't blame him for trying. However, Helen Hunt West, who has already been elected a Democratic presidential elector, says she is going to vote for Governor Thurmond. "Florida Democrats in the Democratic primary and the national convention voted against Truman," she recalls. Florida will vote for Thurmond this fall, or it will be in the Republican column, she says. Evidently, it is a little late to be seeking unity now.

Truman's Inflation

THE FRAILTY of President Truman's position on the high cost of living is that he is dodging the realities of the situation in order to gain a campaign issue, writes John S. Knight in the Miami Herald. No one likes high prices, not even the manufacturers who seem to profit most. Ultimately, a constantly spiraling economy leads but to one end—economic disaster for all.

The President would deal with inflation by reinstating the excess profits tax, restoring price controls and restricting credit. Possibly these measures could be effective, if they were coupled with an all-out attack against inflation on EVERY front.

As Walter Lippmann says so aptly: "There is a simple test by which the public can find out who is trying to deal sincerely and intelligently with inflation.

"Does the candidate begin or end his oration with a stern warning that if his program is effective, it must be PAINFUL to farmers, wage earners, businessmen and bankers?"

"Does he put the public on notice that they cannot continue to enjoy the benefits of inflation—that is to say full employment, high wages, booming markets, high profits—and at the same time be able to buy at lower prices everything they are trying to buy?"

"If the public man says none of this, if he believes or pretends to believe that he can reduce prevailing prices without reducing current incomes of farmers, workers and businessmen; if, in other words, he talks as if the people could have their cake and eat it, too, he is deceiving them or he is deceiving himself."

Mr. Lippmann's devastating sincerity test would flunk Mr. Truman on every count. Mr. Knight concludes.

Newport Tower Mystery

The mystery of the Newport Round Tower is to be attacked again. This is a round stone building in Newport, R. I. about 25 feet high and with an inside diameter of about 18 feet, not a large building but one that has attracted more discussion than almost any other in the United States.

The question is, who built it? Newporters incline to believe that it was erected by Benedict Arnold, not the traitor but a seventeenth century ancestor who was a British governor of the colony. A more exciting belief to which historians now incline is that it was Norse work, built by descendants of the Vikings who, under Lief Ericsson, discovered the American continent about 1000 A.D. Bjalmur R. Holland, a Minnesota historian, has interpreted an inscription on stone found near Kensington, Minn., as being in Norse. This fits in with Longfellow's poem "The Skeleton in Armor," whose Viking hero boasts of having built the tower.

Now the Newport Park Commission has engaged a group of archaeologists, headed by William S. Godfrey of New York and Dr. John O. Brew of Harvard University to dig around the foundation of the Newport tower to see if they can settle the question. If the Norse theory is right, it adds a new chapter to American history before the discovery of Columbus.

New Polio Aid

Though hard-working doctors and scientists have not yet discovered a means to prevent poliomyelitis, new aids keep appearing for the victims of this dread disease. One announced recently in New York City, at the first international polio conference, is an electrical nerve developed by the General Electric Co.

Electricity is used as a substitute for the impulses of lost nerves, and causes flabby, inert muscles to move. The effect is of mild exercise on the same principle as that used in the Warm Springs, Ga., water therapy. Without conscious effort by the patient, wasted limbs can be partially restored to usefulness. The mechanism is particularly helpful with children, who cannot comprehend how to use what is left of weakened muscles.

Here is another chapter in the long polio story, to give hope to the polio victim. These sufferers, so courageous in their affliction, have need of courage yet a little longer. Surely some day soon will bring the long-awaited answer to the mystery of the source of poliomyelitis.

Congress Ripped

(Continued from Page One) blocks near Luceberg on the border between the Soviet and British zones.

Giffard said as far as he knew "no strings were attached" to the Russian release of funds. The city government immediately drew 25,000,000 Russian-sponsored eastern marks from its 350,000,000-mark fund. A British financial expert said he understood that withdrawals could be made at "limited rates" under the agreement.

"The present arrangement appears satisfactory to the western allies," Giffard said. Asked why the Russians suddenly swore from their apparent aim of achieving a financial monopoly in Berlin, he replied: "They apparently did not want to bring things to a head in Berlin while negotiations were going on elsewhere (in Moscow). The Russians appear to have agreed to the arrangement in order to permit the life of Berlin to go on for the time being."

Olympic Games

(Continued from Page One) springboard event earlier. American men also have won the 100-meter and 400-meter free style and the 800-meter relay. Despite a drizzling rain, a crowd of 50,000 gathered in the big stadium where the 400-meter runs and the opening events in the decathlon were the sixth day's feature.

The first event decided, however, was the 3,000 meter steeplechase and the Swedes, not unexpectedly, swept this out of grit and lasting power. Thure Bjoerstrand, powerful blond running machine, was first, followed by teammates Erik Elmstetter and G. Hagstrom.

Whitfield, who already has won the 800 meter in the new Olympic record time of 1:49.2, qualified easily for the finals of the 400 as did his two teammates, Dave Bolen of Colorado and George Guida of Villanova.

Never in Olympic history has one man won the two taxing middle distance tests. Whitfield, apparently not pushing himself, finished third in one of the semifinal heats behind Arthur Wint of Panama who won in

War Shipments

(Continued from Page One) never has been a member of the Communist Party," Whittaker Chambers, who says he is a former Communist, testified two days ago that he knew Hiss as a member of the "Red Underground" in Washington.

4. Samuel Klaus, a lawyer with the State Department, told a Senate investigating committee that Commerce officials knew William W. Remington was the subject of an active investigation for espionage when they hired him. Remington has been in a job where he helped pass on what goods should be shipped to Russia. He is now under suspension while being investigated.

McDowell popped out with the story of atomic materials going to Russia soon after the Un-American Activities Committee met. He is a member of the group.

FORD BOOSTS PRICES

DETROIT, Aug. 5.—(AP)—The Ford Motor Co. today announced price increases averaging five per cent on all new Ford cars except one model. They amount to \$75 on each car.

At the same time the company reduced the price of its six-cylinder business coupe by \$5. Ford said it was forced to raise prices for the second time in less than two months because of higher material and labor costs and the "necessity for reducing present production volume due to material shortage which cause production interruptions."

the sensational time of 44.3 seconds, and Morris Curotta of Australia.

Herb McKanley of Jamaica, holder of the world quarter-mile record, took the second heat in 47.3 with Bolen and Guida pushing in that order.

In the ten-spot decathlon, the Americans trailed after two of the competitions but remained in broad contention positions. After the 100-meter run and the big jump, E. Kistenmacher of Argentina was leading with 1,007 points, followed by L. Kozianka of France.

"-AND PASS THE AMMUNITION!"

THE THOMAS Committee on Un-American Activities announced that Elizabeth Bentley (alleged), 53, has been subpoenaed to appear soon at an undisclosed time and place for questioning in regard to her espionage in the United States. Miss Bentley, for the last ten months a resident of a Brooklyn, N. Y., hotel tipped off the FBI to Communist spying in this country. (Copyright by The Washington Post)

MOB QUIETED

BOSTON, Aug. 5.—(AP)—Governor Robert F. Bradford today quieted an angry crowd that marched on his state house office with a promise he would not allow wholesale evictions of families in Chelsea and Charlestown to make way for a new bridge over the Mystic River.

While a crowd of 150—mostly women, some with babes in arms—milled at the doorway of the governor's office, Bradford sent out word that he "would not let them be kicked out of their homes under any circumstances."

Inside WASHINGTON

Capital Highly Vulnerable | Site Chosen Because River In Atomic, Rocket Warfare | Transportation Was Factor

Special to Central Press

WASHINGTON—George Washington didn't suspect that the day would come when river navigation would give way to railroads, motor trucks and airplanes. So this great capital is today one of the world's most vulnerable national capitals in time of war, and its residents are hot under the collar from spring until fall.

The nation's first president could have established the nation's capital anywhere along an 80-mile stretch of the Potomac river in 1790. He decided that the Great Falls near the eastern end were too big an obstacle to river navigation for the city to be built at the western end.

So Williamsport, Md., in today a sleepy little town with 2,000 residents instead of the home of the United States government.

Williamsport put up a hard fight, but lost its effort to be the nation's capital. It is too late to do anything about the situation now, but the subsequent scrambling over the location of Washington has never died out.

Washington, as it stands today, lies in the middle of level country which offers no obstacles to invading armies. An amphibious landing on the shores of the Chesapeake bay could be made only 30 miles from the heart of the city.

Only 90 miles away is the Delaware bay, and the Atlantic ocean is only 100 miles away. Atomic-poisoned rain could fall over the city a few hours after A-bombs fell in that nearby water, if hostile powers learned atomic secrets.

Missiles aimed at the V-2, launched from large submarines or ships just off the coast, would find Washington in easy range. Then there is the weather. District of Columbians have a slogan: "If you don't like the weather, wait a minute." However, the summertime changes are usually in the direction of heat. Weather records show an annual average temperature of 53.3 degrees in Washington.

The nearest weather station to Williamsport, where the city might have been founded, is at Clearspring, a half-dozen miles away, with an average annual temperature of 52.2, lesser than three degrees lower.

The average July temperature in Washington is 77.0 degrees, only 74.3 degrees in Clearspring. It rains an average of 124 days each year in Washington, only 112 days in Clearspring.

At this late date, no one is seriously going to think of moving the District of Columbia. However, it was proposed a lot of times before Washington grew to its present size. For years after 1790, Washington was called "Wilderness City" and "Capital of Miserable Huts."

Resolutions for its removal appeared in Congress time after time. They grew louder when the British easily occupied the city in 1814, burning the Capitol, president's home, public office buildings and the navy yard.

Virginia took back its part of the District of Columbia in 1846, and the "Take it away!" cry grew louder. Gen. Jubal A. Early reached his outer fortifications in July, 1864, during the Civil war and was stopped from entering the city only by the timely arrival of a contingent of Grant's men.

George Washington thought enough of the prospects for Williamsport to pay that town a visit in 1790, before he decided on the site for the capital. The town had been founded only four years before by his old war buddy, Gen. Otho Holland Williams, who had become collector of the port of Baltimore after the Revolution.

The town was laid out with unusually wide streets, 80 feet in width, in hopes of becoming the capital. The residents had drawn up a petition to the Maryland general assembly, stating their willingness "to make every contribution toward the necessary accommodation of Congress that can reasonably be expected."

General Washington showed up in October, 1790, spent the night with the founder's brother, Elias Williams, in a house that still stands just outside Williamsport, then went his way. He didn't have many doubts about the matter. The roads were bad, and the capital of the nation would need river transportation of the finest kind.

The father of his country was right in one respect. The boats don't go up the river as far as Williamsport. However, the town lies snugly fitted in the valley between the Blue Ridge and Shenandoah mountain ranges. A lot of people strolling down Massachusetts avenue today wish they were as safe and as cool.

Housing Bill

(Continued from Page One) key Republican leaders in both chambers.

McCarthy promised a fight on the Senate floor to get his bill reinstated. It was designed principally to spur production of low-cost homes and large-scale rental properties through government credit. It lacked government-financed housing provisions.

Two Republicans—Chairman A. Today (R-NH) and Senator Flanders (R-VT)—joined with five Democrats in voting to substitute the modified T-E-W bill for the McCarthy measure. Five Republicans opposed. Flanders made the motion for the substitution.

A statement by Flanders outlined these major provisions of the committee-approved bill:

- 1. Public housing, authorizing up to 500,000 units of public, low-rent housing to be undertaken over a five-year period.
2. Slum clearance: a five-year program with loans to cities and some federal subsidies.
3. Farm housing: providing long-term loans at low interest and subsidies needed to bring increased building of homes on farms.
4. Provides a secondary market for GI home loans and Federal Housing Administration-insured mortgages.
5. Extends FHA-mortgage insurance operations in varying degrees for different types of housing.
6. Provides aid in connection with equity and mortgage financing and for cooperative ownership housing, particularly veterans cooperatives.
7. Provides for a special \$1,000,000,000 program of yield insurance, to be administered by FHA, and resented to encourage direct investment by institutions and other large-scale investors in rental housing for families of moderate income.

Hollywood

By BOB THOMAS and CECILY BROWNSTONE

HOLLYWOOD, Aug. 5.—A highly successful producer-director observed that movie bigwigs have never complained so much as they are now about poor theater business.

INRAELI TEL AVIV, Israel, Aug. 5.—Israel's government asked Count Folke Bernadotte today to transmit its invitation to the Arab nations for peace talks.

BEITLESS TREND... Waistline treatment for autumn and winter are about half and half widely-nashed and fitted-but-beltless. An example of the latter is this two-piece wool jersey New York dress.

Widowhood denies there was a Betty Davis-Robert Montgomery feud on "June Bride," so maybe that will quiet the reports. Humphrey Bogart told Columbia he would be able to save \$5,000 on his first independent film, "Kiss On My Door." How? No practical jokes, answered Bogie, who has participated in many a costly gag. "Nobody is going to waste my dough with practical jokes on this picture," he announced.

TO MAKE WITH THE FOOLISHNESS when you are young and then to hear a roar of laughter is a healthy thing. The next thing you knew school was over and Gregory was entered in the American Academy of Dramatic Arts.

FRANK DAILY'S MEADOWBROOK is a fancy-schmancy night club in Cedar Grove, N. J., which, with great sanity on the part of the owners, has been closed for the summer.

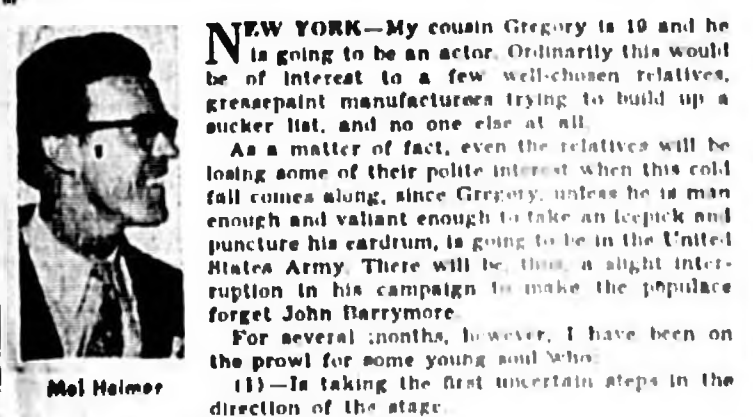

THESE STRAW-HAT MOBS have a certain set group of plays with which they operate and Theater Showcase is no exception; already it has presented The Man Who Came to Dinner, Kiss and Tell and Petticoat Fever.

Life these months seems to consist to them of discussing the undeniable art of French movies, the waste of good film on Hollywood productions, and, most important, how to get to see a producer.

Miss Marjorie Ann Sheppard, 14 year old daughter of Mr. and Mrs. Cecil Sheppard, who was presented in a season of recitals, recital by the Fannie H. Munson Piano School on July 27.

My New York By MEL HEIMER

NEW YORK—My cousin Gregory is 10 and he is going to be an actor. Ordinarily this would be of interest to a few well-chosen relatives, greasepaint manufacturers trying to build up a sucker list, and no one else at all.

Athletic Park (Continued from Page One) that dedication. The matter of building this park, City Manager Sawyer said, was approved by the City Commission at the special meeting conferred with Edward Higgins in regard to future Giant training activities. The park will be fenced and will be used by the Giants for their teams during the winter training season, probably for the Jersey City or Minneapolis club.

# Giants To Meet A's Here Tonight; Drop Pair To Islets

## Daytona Nips Locals In Twin Bill By 2-1, 4-3 Margins; Gaddis Wins 20th

Daytona Beach, Aug. 5 (Special)—The Sanford Giants dropped both ends of a twin bill to the Daytona Beach Islets here last night, but the Giants maintained their lead over the fifth place St. Augustine Saints, who were defeated in a dual attraction by the Orlando Senators. The Giants were edged in the first game, an eight inning affair, by a 2 to 1 score. The Islets took the nightcap by a 4 to 3 margin.

Wally Gaddis pitched in a one hit performance in the twilight affair. Johnny McManus, the first Sanford batter in the first inning rapped a single off Gaddis' first pitch. McManus tallied on a boost, which nearly cost Gaddis the victory, his 20th of the 1942 campaign.

Bill Spinks went the route in the first affair, and Charlie Rose and Lonnie Worsham tossed the nightcap. Herman Meadows and Charlie Bodine toiled on the hill for the Islets in the final.

Tonight the Giants play hosts to the Palatka Azaleas in a single contest at the Municipal Park.

Leeburg topped Palatka, 2-1. In the first game of a double header and they played to a 3-5 tie in the second, which was stopped by rain in the 10th inning. Gainesville took a single game from DeLand, 2-1.

Ed Davis of Orlando turned in a one-hit performance. Davis blanked St. Augustine, pitching to only 22 batters in the seven-inning first game. John Pawlick singled in the fourth to spoil an otherwise perfect mound chore.

Orlando's second win was tossed by Manager Lou Bevil, although the umpires turned the tables and tossed Bevil out of the game in the last of the eighth inning. They ousted three St. Augustine players, Pawlick, Wally Dunkschick and Manager John Seabastian in the first half of the same inning.

Ty Brazier led the hitting with three of Orlando's seven hits off Bill Storr and Jim Benson. Coming dual in the second game, ending all even when rain stopped it in the 10th inning.

Don Coker's four-hit pitching gave Gainesville its triumph over DeLand. Dave Burkh humered for the first Gainesville win in the third inning and Red Dunlavy batted in Kit Kittell with the deciding tally in the seventh. Glen Bird was the loser, giving up seven hits.

**First Game**  
Sanford 100 000 00—1—1—0  
Daytona 000 010 01—2—5—3  
Spinks and Homnell; Gaddis and Toncoff.

**Second Game**  
Sanford 010 020 000—3—5—2  
Daytona 010 010 000—4—9—1  
Rose, Worsham and Karsom; Meadows, Bodine and Toncoff.

## Herman Barron Leads Tam O'Shanter Open

CHICAGO, Aug. 5 (AP)—Herman Barron of White Plains, N. Y., the 1946 champion, today led the Tam O'Shanter open golf tournament into the third round of the \$5,000 scramble for first prize after putting a pair of 68's for 136—eight under par.

Barron, competing in his fifth big tournament of the year, surged into the lead yesterday with a 33-35-68.

One stroke behind was the first round leader, Ralph Gukhal of Chicago, who required a 36-37-73 for a halfway total of 137.

Hobby Locke, the South African, blew in with a 33-34-67 for 134 and third place. The wind played havoc with most of the other contenders.

The women's side of the three ring circus was topped by Patty Berg of Minneapolis with a pair of 40's for 80 and 36—the total of 116. Babe Zaharias, the first round leader, skidded to an 85 for 187. Grace Loneyak of Newington, Conn., the defending champion, was third with 85 for 161.

Harold Brin, Grand Rapids, Mich., vet, cruised into the amateur lead by adding a 71 to 69 for a 140.

## Georgia-Florida Loop All-Stars

MOULTREE, Ga., Aug. 5 (AP)—Players have been named for the annual North All-Star game of the Georgia-Florida League. The game will be played here Aug. 10.

The Teams:

North	Pos.	South
Bob Stanton, Albany	Mgr.	Jack Rothrock, Tallahassee
Stephens, Albany	P	Crane, Thomasville
Fogg, Americus	P	Funk, Thomasville
Cooper, Cordele	P	Fricano, Valdosta
Carey, Moultrie	P	Seidel, Waycross
Attaway, Albany	C	Dravecky, Tallahassee
Menig, Americus	C	Stammun, Valdosta
Long, Albany	OF	Thomas, Tallahassee
Howard, Americus	OF	Kwinkowaki, Valdosta
Strickland, Cordele	OF	Walters, Waycross
Updike, Moultrie	OF	Pfeifer, Waycross
Trapp, Americus	1b	Lell, Valdosta
Willard, Americus	2b	Henke, Thomasville
Grege, Cordele	3b	Luberto, Valdosta
Louis, Albany	S	Wopink, Tallahassee
Laumann, Moultrie	CF	Gross, Waycross

## Harry Gilmer May Be Banned From Exhibition Games

CHICAGO, Aug. 5 (AP)—Failure to accept a bid to play in the All-Star football game may bar Harry Gilmer, former University of Alabama back now with the Washington Redskins, from playing in any of the Redskins' exhibition games this fall.

An official of Chicago Tribune Charities, Inc., sponsor of the annual grid classic, said last night that Gilmer had not accepted an invitation to play with the college All Stars against the Chicago Cardinals, champions of the National Football League.

A sellout crowd of more than 100,000 will witness the game in Soldier Field the night of Aug. 20.

The Tribune Charities official said his group has a contract with the national football league which touches on Gilmer's refusal to participate.

The contract provides that any National League player who refuses to play in an All-Star game may be banned from all exhibition games his pro team plays during the season.

Gilmer, whom the Associated Press picked for its second All American team in 1947, was reported to be training with the Redskins at Compton, Calif.

## Match Play Opens In Jaycee Tourney

LINCOLN, Neb., Aug. 5 (AP)—Two 18 hole "sudden death" rounds confronted 44 youngsters today as they opened match play in the National Junior Amateur Golf Tournament.

Only 16 youthful hopefuls will be left around sundown tonight at the Lincoln Country Club after the first and second round activity.

Top pressure probably was on medalist Tom Weir, 17 year old Warren, Colo. shooter who topped a qualifying field of 160 players with 75-70-145. He fired a two under par 70 in the second round.

The contestants are playing under the sponsorship of the National Junior Chamber of Commerce.

## Stetson's Fall Law Classes To Be Tops In School's 48 Years

DELAND, Aug. 5 (Special)—An expected 20 per cent increase in enrollment this fall will give Stetson University's College of Law the largest number of students in its 48 year history, Dean Lemuel A. Haslup predicts.

On the basis of applications received, the enrollment of Florida's oldest law school should jump to 215 or more in September. Dean Haslup indicates, however, that this number will probably represent the peak, and that subsequent terms will see a gradual decline in the number of students working

## Ed's Betty Will Be Focal Point In Tonight's Race

Ed's Betty, two race track's glamour greyhound, will be the focal point for thousands of admiring eyes when she parades on the oval tonight before the start of the feature ninth race at the Volusia County Kennel Club in Daytona Beach. This beautiful blonde, J. W. Fiedler's top runner, basked in the limelight recently when she appeared in two consecutive (and big) exhibition races on the local scene.

Stupid Hugh, six-times a winner, will be galloping against her. Temperamental Hugh is still a fan-favorite though he has not hit a first in his last four races. Many of Hugh's boosters believe that tonight is the time.

Other greyhound news selected by Racing Secretary Marshall Watts to play roles in this evening's main attraction are Rocket Lad, Old Ginger, Palm, Chorus Red, Little Super and Forever Amber.

### Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and wastes out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, headache, loss of pep and energy, getting up nights, vertigo, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sensations show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Deon's Pills, a stimulant diuretic, used successfully by millions for over 44 years. Deon's give happy relief and will help the 13 miles of kidney tubes flush out poisonous waste from your blood. Get Deon's Pills.

### Half Of Year's Tobacco Crop Is Sold At Average Of 52.05 Cents

By BEN PRICE  
ATLANTA, Aug. 5—(AP) The pipe dreams of many a tobacco farmer in South Georgia and North Florida are coming true. Already nearly half the crop—50,440,292 pounds—has been sold for an average of 52.05 cents a pound. That's the highest average since the State Department of Agriculture began keeping records 22 years ago.

So with each passing day the sun-grown, blue-cured golden leaf is stimulating farmers to visions of mortgage burnings, new clothes, new equipment and even, maybe, banks in the area as mortgages are being paid off rapidly and many a farmer in faded denim has led his wife and brood into stores for new outfits.

The market opened July 22 and the prospects of a short crop—around 100,221,000 pounds—plus a heavy demand for cigarette and cigar-type leaf drove prices to an opening day record.

Some bids went to 67 cents for the best leaf that day, but the offerings of some nondescript leaf brought the average down to 52.05 cents.

Even so, that was 12 cents a pound higher than the previous opening day and since then prices have held firm.

The price was so good, in fact, that one farmer from Virginia, Garnet Osborne of South Boston, loaded part of his crop in a plane and flew it to the market at Douglas, Ga.

So far little of the crop has gone under government loan at the support price of 43.9 cents a pound, which is 3.9 cents over the 1947 rate.

One of the reasons for the good prices is the fact that farmers in Georgia planted only 86,900 acres in tobacco this year, compared to the 107,000 last year. This acreage in 1947 produced some 50,000,000 more pounds than this year in Georgia.

Combined with Florida's total, however, the crop in 1947 was 169,730,021 pounds—the highest in history—but the price was only 37.65 cents a pound.

That was 5.15 cents under the 1946 price which established the previous record high.

Last year's collapse of the market was brought about by two factors, the size of the crop and the fact that Great Britain withdrew as a buyer to conserve

precious dollars.

Britain is the largest single foreign buyer on the Georgia Florida market.

This year Empire buyers were back on hand, but there is no estimate available yet of the size of their purchases. Even so, their very presence contributed to the bull atmosphere which dominated the warehouses from the outset.

PRICES GOING UP  
DAVENPORT, Ia., Aug. 5—(AP) Inflation notes: the cost of divorces and bankruptcies is going up here.

The Scott County Bar Association, at a special meeting, adopted new fee schedules raising the cost of default divorces and no asset bankruptcies from \$75 to \$100.

The lawyers said they also made slight increases in some other fee schedules due to the higher cost of living now.

Cooked rice is excellent added to chicken and celery salad; it not only gives a pleasing texture contrast but is a good extender. The rice used in this way should be cooked only until done and then spread in a wide pan and dried in the oven.

## West Envoys Talk 3 Hours With Molotov

### Representatives Of Britain, France And U.S. Air Questions With Red Minister

MOSCOW, Aug. 6, (AP)—The United States, Britain and France gave their reply to the Soviet Union on the Berlin and other questions in a three-hour interview with Soviet Foreign Minister Molotov tonight.

The three western representatives went at once to the American embassy after the meeting.

"We met with Molotov," said U.S. Ambassador Walter Bedell Smith. "No comment."

He juggled his briefcase from one hand to the other, obviously anxious to get to work with his colleagues.

All three envoys—Smith, Frank Roberts of Britain and Ambassador Yves Chataigneau of France—were non-committal as they left the Kremlin.

The Kremlin session was about an hour longer than the envoys' Monday night conference with Prime Minister Stalin.

Smith had arrived at the Kremlin first, followed by Roberts, who is secretary to British Foreign Secretary Bevin, and Chataigneau. These three all had conferred with Stalin Monday night, seeking a basis for ending the Soviet blockade of Berlin and resolving other east-west differences.

The Kremlin conference started at 6 P. M. (9 A. M. EST). Stalin was not believed present at this meeting, which the western diplomats had sought with

## Smoke Bomb Is Hurling Into Men At Unis Plant

DAYTON, O., Aug. 6 (AP)—A smoke bomb was hurled today by National Guard troops patrolling the strike-troubled Unis Lens Co. plant.

Ten guardsmen hit the ground as the missile went off some 100 feet from the company grounds and failed to see the occupants of a car from which the bomb was tossed.

Col. George Schiele of the Ohio Guard said the bomb was government-made and commonly used to throw up smoke and cause confusion. It was wrapped in paper bearing the words "Warning: Fire Hazard" and was contained in a corrugated box, the guard commander added.

City police joined guard leaders in hunting occupants of the car which sped away from the plant area after the explosion.

The National Guard totaling some 1,000 men was ordered to the Unis plant four days ago by Gov. Thomas J. Herbert after a series of picket line skirmishes. These involved CIO United Electrical Workers on strike and employees who sought to return to work at the plant, which was closed 91 days because of a wage dispute.

Unionists clashed with Dayton police during the picket line fighting and 11 union leaders were arrested on charge of violating orders against mass picketing.

## Studebaker Blasted As Irresponsible By Ewing

WASHINGTON, Aug. 6, (AP)—Oscar R. Ewing said today he had planned to fire Dr. John W. Studebaker as U.S. Commissioner of Education but Studebaker "beat me to the gun" by resigning.

Ewing, Federal Security Administrator, accused Studebaker of irresponsibility. He said he decided about the first of this year that the education officer should be replaced, but was waiting on another man to decide whether to take the job when Studebaker quit several weeks ago.

Studebaker since has accused Ewing of poor administration and of blocking education office efforts to carry on an anti-Communist campaign in the nation's schools.

## Break Farben Plant Frankfurt, Germany, Aug. 6

British and American authorities set out today to chop the giant I. G. Farben chemical cartel into small pieces. Their plans are intended not only to break up the billion-dollar trust, but to keep it that way.

One of the objectives of military government in the combined economic area is that I. G. Farben empire shall not be reconstituted, an announcement said.

## French Are Moving Families From Berlin

BERLIN, Aug. 6, (AP)—The French said today they are evacuating as many French families as possible from Berlin because of supply difficulties caused by the Russian land blockade.

An official statement denied reports, however, that French occupation troops or military government officials also are being withdrawn.

"No member of the French garrison has left his post," the statement said. "The strength of the garrison remains the same as it was a year ago."

## MacKenzie King Gives Final Talk To Party Leaders

### Canadian Head Declines Draft To Be New Minister

OTTAWA, Aug. 6, (AP)—Prime Minister W. L. Mackenzie King told Canada's National Liberal Party today in a farewell address that he cannot be drafted to continue as the party leader. He is resigning after 29 years in the job.

Addressing some 3,000 delegates to the National Liberal convention, King reiterated that he is quitting political life and intends to hand over the party leadership and his office of prime minister to the man chosen as his successor. He has been prime minister more than 21 years.

Turning to tomorrow's leadership balloting, the 73-year-old prime minister said:

"Let me make my position perfectly clear. Were my name to be placed in nomination tomorrow, I should have to request that it be withdrawn before the voting takes place."

The first caucus brought predictions last night that Louis St. Laurent, minister of external affairs, will be named leader of the party, perhaps on the first ballot.

If so, he will become prime minister. Under the Canadian system the leader of the party with the most seats in the House of Commons automatically gets the prime ministership.

St. Laurent's closest competitor for the job is James Garfield Gardiner, minister of agriculture. Before King's address today, some had suggested the convention might ask King to continue as leader if the St. Laurent-Gardiner fight became so bitter as to threaten party or national unity.

But King told the delegates: "Your duty tomorrow is to choose a successor to myself in the party's leadership. When your choice is made, I shall return to the party if the St. Laurent-Gardiner fight becomes so bitter as to threaten party or national unity."

King's resignation will carry with it the resignation of the entire ministry and will involve the formation of a new administration.

## Army Gives Engineers Construction Money

WASHINGTON, Aug. 6, (AP)—The Army gave its engineers \$3,525,100 today for special military construction at the secret guided missile center at White Sands.

It also allotted \$40,907,085 to bolster the nation's ramparts in Alaska, where a lack of housing has forced a delay in plans to increase ground force strength.

Funds for the New Mexico and Alaska projects were among top items in a \$412,700,000 expansion program announced by Secretary of the Army Royal. Of this total, \$151,000,000 was earmarked for Army and Air Force construction in 27 states and 10 overseas areas.

The Army Engineers also will spend \$229,000,000 during the fiscal year ending next June 30 on such things as equipment, maintenance and operations. In addition, Congress gave them \$2,700,000 extra to continue work underway in Guam, Okinawa and Alaska—mostly housing.

## Full Weather Chicago, Aug. 6

A large section of the country had a day of full sun and clear skies at the start of August, too.

U. S. Forecasters reported "cool, clear and full" weather prevailing down the Mississippi valley along to the Ohio coast to the New England states.

## Senators Drop Probe Of Red Spy Activities

### Chairman Ferguson Says Administration Refuses To Issue Needed Information

WASHINGTON, Aug. 6, (AP)—Rep. MacDowell (R-Penn.) said today a "significant" amount of uranium metal, a "vital component" of the atomic bomb, was sent to Russia in 1945. In a House speech, MacDowell said these shipments were in addition to those he told the House Un-American Activities committee yesterday were made during "war years."

WASHINGTON, Aug. 6, (AP)—Senators investigating Communist spy ring charges today suspended public hearings because they said the Truman administration refuses to give them necessary facts.

Chairman Ferguson (R-Mich.) of the Senate investigating subcommittee announced the decision. He made public also a refusal by Attorney General Tom Clark to supply official FBI records on William W. Remington.

Meantime, the House Un-American Activities Committee went underground for a secret meeting with a mystery witness in its own similar investigation.

A subcommittee was sent out of town to interview this witness at an undisclosed place. Rep. Joseph (R-Ind.), acting chairman of the full committee, said this man's testimony, together with other testimony already gathered, "will prove the existence of a Communist spy ring which reached high into the government during the war."

Clark's refusal to turn over the FBI records on Remington was done with an order from President Truman who denounced the Congressional hearings yesterday as a "red herring" intended to divert public attention from what he calls the refusal of the Republican-controlled congress to enact adequate anti-inflation legislation.

Remington, 30-year-old suspended Commerce Department official, was identified by Elizabeth T. Bentley as one of several government workers she says passed wartime information to her for a Communist espionage ring.

Miss Bentley testified she was a courier, traveling between New York and Washington.

## U.S. Continues To Pile Up Points In Olympic Meet

### Mrs. Draves Wins Diving Crown As Bob Mathias Cops Run

LONDON, Aug. 6, (AP)—A lithe, brunette beauty from Pasadena, Calif., Mrs. Victoria Manalo Draves made Olympic diving history today while another Californian, young Bob Mathias of Tulare, took a lead in the track and field's rugged decathlon.

The first track championships of the day, however, went to a pair of Europeans. Henri Eriksson of Sweden won the grueling 1,500 meter run, and Mrs. Fannie Blankers-Koen of Holland captured her third championship—the 200 meter dash—to become the first of her sex ever to accomplish that feat.

Mrs. Draves won the high platform championship to become the first woman ever to monopolize Olympic diving honors. She had captured the springboard event earlier.

The victory by the 23-year-old Vicki gave America its seventh gold medal in water events—five by the men, two by the women.

Eighteen-year-old Patricia Ann Elsener of San Francisco finished in the turner spot in the tower diving.

While a crowd of 60,000 gathered in the big stadium in a cold drizzle, the 17-year-old Mathias took a lead toward the honor of being the best all-around athlete of the 1948 games.

After seven events in the decathlon, with three to go, the hardy athlete led with 5,600 points.

He forged to the front on the strength of a mighty discus throw of 141 feet, 4 inches.

Floyd Simmons of Charlotte, N. C., who earlier in the day had wrestled the decathlon lead from Argentina's Enrique Kistenmacher, slipped back to fourth place after a discus toss of 107 feet, 4 1/2 inches.

Second place was held by Jeanne Heinrich of France, with Kistenmacher third.

The other American decathlete (Continued On Page Two)

## Clearwater Police Check Rape Suspects

CLEARWATER, Aug. 6, (AP)—Police Chief J. J. Elliott said today he was holding three negroes for questioning with the rape and beating of a prominent young woman here.

Elliott said the three were "hooked for investigation." More than 40 men have been brought to the jail for questioning. Most of them were quickly released.

The officer said no new clues had turned up in the investigation of the attack on the bride-to-be in the home she was to marry soon after her marriage. Auxiliary police assisted in manning road blocks and checking strangers.

## Troops Guard Non-Strikers At Dayton Plant

AS STRIKING WORKERS STAND OUTSIDE, Ohio National Guardsmen throw a protective cordon around the area of the struck Unis Lens Company plant, Dayton, Ohio. Armed with automatic rifles (foreground) and fixed bayonets, the Guardsmen stand ready for trouble as the plant prepares to resume operations after being closed for 90 days. More than 1,400 troops are being used to maintain order. (International Syndicalist)

## Sheriff Mero Is Elected President Of Riding Group

P. A. Mero, sheriff of Seminole County, was elected president of the Dusty Boots Riding Association last evening at a meeting at the Club House at the Municipal Airport. The Sheriff has been one of the most enthusiastic and active supporters of the Association since it was organized Aug. 6, 1947.

Carl Rubin was elected vice-president of the group and was installed as chairman of the program committee. Other officers installed were: Mrs. A. L. Banker, secretary; Mrs. D. L. Hendricks, treasurer; and Mrs. R. L. Johnson as chairman of the entertainment committee.

Classification officers elected were Dr. R. L. Bass, Clayton Brown and James Reiter. Miss Jean Reiter was chosen as publicity chairman. A committee named to take care of miscellaneous details included J. H. Lee Galston, Robert D. L. Hendricks and Sligh Earnest.

Plans were made for a big Labor Day celebration on Sept. 6, including a parade, horse races and a dance at the Club House from 8:30 to midnight with music furnished by the Whoot Oats, it was announced by Miss Reiter.

Five trophies are to be given away: one to the best dressed cowboy in the parade and one to the best dressed girl, and trophies will be awarded to winners of the men's, girls' and children's races.

On Sunday, the Association will have an Anniversary picnic at Rock Springs, and friends of the group are invited to attend.

## Cataldo Is Confined To Local Hospital

Tommy Cataldo, centerfielder for the Sanford Giants, was taken to the local hospital this morning. It was announced today by Manager Hal Gruber of the Giants.

"Cataldo has suffered a bruise on his left leg, and the old injury has come back on him, but this time it is worse than before," Manager Gruber explained.

Today's game will be played tonight, and Tim Teller will play centerfield. Len Tette will continue to play rightfield. Fred Pettit will probably see action in leftfield in one of the two games tonight.

## SENATE REJECTS PLEA WASHINGTON, Aug. 6, (AP)—Sen. Revercomb (R-W.Va.) today reported rejection by a Senate subcommittee of a personal plea by Gov. Thomas E. Dewey that Congress liberalize the special election law at the discretion of the state.

Revercomb told a reporter that Dewey, GOP Presidential nominee, had telephoned him asking that the eligible date for European elections be revised at this session. President Truman also has recommended a change in the law.

## NOTE WRITTEN OFF SAN FRANCISCO, Aug. 6, (AP)—"suicide notes" and "suicide" hanging found on the Golden Gate bridge were written off by police today as a Communist device to discredit a witness at the Washington espionage hearing.

The conclusion was reported by Police Inspector Thomas Fitzpatrick, who specialized in Communist investigations for the local department.

## Plane Wreckage Studied By Navy Board Of Inquiry

MIAMI, Aug. 6, (AP)—A Navy board of inquiry today studied the charred wreckage of a Navy transport plane in which 10 men were killed. Reports that there was a WAVE aboard, making the toll 11, later were found to be false, the Navy said.

The plane crashed and burned after a collision with a Stearman training plane 23 miles north of here late yesterday. The two occupants of the trainer parachuted to safety.

Nine of the victims were Navy personnel and the other was from the Coast Guard.

There were four crew members and four passengers.

The Navy released the following names of those killed in the collision:

1st Lt. Comdr. Walter Hascom Shroot, USN, 825 Ridge Ave., Norfolk, Va.  
2nd Lt. Comdr. P. F. Peters, Jr., USN, 1450 Brown Street, Mobile, Ala.

Crew members:  
W. J. Bobb, enlisted man, 212 Baker Street, Norfolk, Va.  
A. C. Hodges, enlisted man, 159 Adelme Street, Norfolk, Va.  
W. Hernandez, enlisted man, 81 S. 8th Street, Brooklyn, N. Y.  
C. A. Allenzaga, enlisted man, 23 Margaret Street, Boston, Mass.

Passengers:  
J. L. Alden, enlisted man, 708 S. Liddsdale, Detroit, Mich.  
O. Rodriguez, 22 E. 117th Street, New York.

W. A. Gardiner, enlisted man, U.S. Coast Guard, 89 Myrtle Street, Waltham, Mass.

Student pilot John Hackett, 20 of Miami, who with his instructor parachuted to safety late yesterday after their small plane collided.

## Telephone Union To Ask Wage Increases

WASHINGTON, Aug. 6, (AP)—The Communications Workers of America announced today that it will ask new wage boosts for 87,000 Bell Telephone workers this month.

The independent union, now negotiating new contracts for 130,000 additional union members, said that on Aug. 16 it will reopen seven Bell System contracts signed this spring.

CWA President Joseph A. Belms told reporters the 217,000 union members will be in a position to strike unless they get a wage increase, but he added:

"I don't see any reason in the world why we can't reach a satisfactory agreement."

## National Guard Is Mobilized To Quell Tennessee Disorders

### Senate Passes Bill To Assist Home Building

### Measure Contains No Low Rent Or Slum Clearance Section

WASHINGTON, Aug. 6, (AP)—Congress moved watered-down housing and anti-inflation legislation close to final action today, and Republican leaders laid plans to adjourn the special session tomorrow.

The Senate agreed to vote at 1 P. M. tomorrow on the anti-inflation bill.

WASHINGTON, Aug. 6, (AP)—The Senate passed and sent to the House today a compromise housing bill aimed at speeding small home building.

The measure contains no low-rent or slum clearance subsidies.

Approval came on a voice vote after the chamber had voted 48 to 36 to substitute the measure for the Taft-Ellender-Wagner housing bill.

The Senate thus overrode its Banking committee which had approved the F.E.W. measure.

The F.E.W. bill would have provided for government aid in building public-owned low rent and slum clearance projects.

The housing action came after the Senate Banking Committee voted two major changes in the Republican anti-inflation bill as passed by the House yesterday.

The committee also approved the reimposition of restrictions on installment buying which the House had voted. It changed the effective date, however, from next Mar. 15 to June 30.

A proposal by Senator Capehart (R-Ind) to freeze all prices as of last midnight was lost on a five to five committee vote.

Chairman Tobey (R-N.H.) told reporters he does not know whether the committee bill has the approval of Senate Republican policy leaders.

Tobey offered a motion in the committee to give Mr. Truman the standby price and wage controls and allocation powers which he asked the proposal was voted down six to four.

Tobey said the entire House bill "falls far short of being an effective program to control inflation."

The installment buying curb is a general authority to the Federal Reserve Board to impose restrictions, which in wartime required a one-third down payment on such things as automobiles, home furnishings and appliances. The balance had to be (Continued On Page Two)

## Negro Gets 10 Years For Cutting Officer

Joe Garvin, negro, entered a plea of guilty of assault to commit murder in the second degree this morning in connection with slaying of a white yardman C. B. Sparks with a knife on April 10, and was sentenced by Circuit Judge M. B. Smith to 10 years in Raiford Penitentiary.

The negro had been charged with assault with intent to commit murder in the first degree. Patrolman Sparks had attempted to arrest the negro for drunkenness at Sanford and Fourth Street late in the evening, when suddenly the negro whipped out a knife and slashed Sparks across the chest, cutting through his San Brown Belt which prevented a deep wound.

The latter also received a deep gash in his left hand which is still a bit stiff from the effects of the wound. To defend himself, the patrolman shot the negro through the abdomen.

Garvin was in the hospital for several months and later was placed in the County Jail.

## 29'S ARRIVE TUCSON, ARIZ., Aug. 6, (AP)—Two globe girdling B-29's the first to fly around the world—landed at their home base, Davis-Monthan Field, at 7:31 A. M. today.

They made the trip in 15 days, in 10 hops. But on route, a third superfortress went down in a crash near Aden, Southern Arabia, in which 17 of the 18 men aboard were killed.

## THE WEATHER

Scattered thunderstorms this afternoon and early tonight otherwise partly cloudy through Saturday. Gentle to variable winds.

## 2 Slain, Others Hurt In Outbreaks Following Defeat Of Crump Candidates

NASHVILLE, Tenn., Aug. 6, (AP)—National Guardsmen were mobilized today and ordered to move immediately into Polk County in Southeast Tennessee, where disorder was reported by the Polk County sheriff, the day following the state's primaries.

Two men were reported slain and a third wounded last night. H. E. Brewer, Dacksonville undertaker, said this morning that four other persons were wounded in election night gunplay.

The disorder was accompanied by reports of a dispute over absentee ballots in Copperhill and Dacksonville.

Political leader E. H. Crump apparently was handed his first major ballot box defeat in 20 years in yesterday's voting. Candidates he backed for the U.S. Senate and for governor were behind in the voting on unofficial and nearly complete returns.

Senator Tom Stewart today conceded the victory of Rep. Estes Kefauver in the race for the Democratic nomination for U.S. Senator. Kefauver was in the lead over Crump-supported Judge John A. Mitchell for Stewart's seat.

Troops were ordered into Polk County by Adjutant General Hill (Continued On Page Two)

## Psychologist Says Rollins' Statement Was Incompetent

BARTON, Aug. 6, (AP)—A Tampa psychologist today gave some support to Dwight F. Rollins' contention that he was mentally incompetent to make a reliable statement for several days after his wife's slaying.

Dr. Samuel G. Hibbs said the experiences undergone by Rollins between May 16 and 20 might have made him mentally incapable of making a dependable statement May 20.

Mr. Rollins, Winter Haven school teacher, was shot to death in the family automobile May 16. Rollins is critical of any first degree murder charge.

Several state witnesses have testified on May 20 while he was in jail Rollins said he and his wife quarreled, he tussled with her for a pistol and heard shots.

Dr. C. C. Frazier, pastor of the First Methodist Church at Winter Haven, testified he considered Rollins a "psychopathic case." He said Rollins was trying to climb the cell bars when he first saw him.

## FCC Proposes Fight Against Radio Prizes

WASHINGTON, Aug. 6, (AP)—The Federal Communications Commission said today it proposes to crack down on radio cash prizes which appear to involve a lottery or to depend upon "lot or chance."

The action, the commission said in a statement, is prompted by "the growing number of 'money' programs on the radio."

The announcement called attention to that section of the Communications Act which says that no radio station "shall knowingly permit the broadcasting of any advertisement or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes drawn or awarded by means of such lottery, gift, enterprise or scheme."

## C. K. Ellis Wins Top Skeet Shoot Honors

The Sanford Skeet Club held their regular weekly-shoot on the Municipal Airport range yesterday, and the following scores were posted:

C. K. Ellis	60 x 78
Sam Gardner	59 x 78
Frank Woodruff, Jr.	50 x 78
Mrs. Frank Woodruff, Jr.	48 x 78
Jack Barrett	35 x 60
Andrew Carraway	34 x 60
John Ivey	31 x 60

## PRICE RESISTANCE WASHINGTON, Aug. 6, (AP)—Increasing resistance to rising food prices was reported today by the Agriculture Department.

Demand for milk and most dairy products was said to have weakened in many parts of the country during July. Likewise, there was a shift from red meats, now at record prices, to such substitutes as eggs and poultry.
