THE WEATHER
Partly cloudy with little change in temperature through Wednesday. Widely scattered thunderstorms, mostly in the afternoon. Light to moderate variable winds through Wednesday.

Pentagon And Senate Group Insist On UMT

Johnson And Bradley Say Not Time To Train Men In Case Of Sudden Attack

WASHINGTON, Aug. 22.—(AP)—With economy advocates in the saddle, the Senate today rejected a \$100,000,000 off proposed rural roads funds, a two-year highway authorization bill. Senator Byrd (D-Va.) sponsored an amendment to trim the amount back to \$105,000,000, the level of previous yearly outlays.

WASHINGTON, Aug. 22.—(AP)—Universal military training got a strong push today from the Pentagon and nine key senators, even though President Truman says he won't ask for it again this year. The Senate Armed Services Committee started hearing on a UMT bill.

All nine senators present, a majority of the committee, joined one by one in urging that Congress return in session until it acts on a training program. The senators included five Democrats, four Republicans.

Secretary of Defense Johnson and General Omar N. Bradley, chairman of the Joint Chiefs of Staff, asked for UMT on grounds there will be no time for training enough manpower in event of an all-scale war.

Johnson said UMT should be on a steady basis, with the President having authority to start it when it seems necessary. It would cost an estimated \$2,000,000,000 a year at first.

Mr. Truman favors UMT. He has asked Congress for it over and over and been turned down. But now he doesn't want it to interfere with other military legislation required for the Korean war and the home front.

Now, with most of the Senate Armed Services committee behind him, Chairman Byrd (D-Md.) said he is going to try for quick passage of legislation to require a year's military service of all 18 to 20-year-olds.

Meanwhile with little opposition (Continued on Page Five)

Navy Wants Funds To Build Carrier Base At Mayport

WASHINGTON, Aug. 22.—(AP)—A Navy request for an appropriation of \$10,486,978,000 to supplement appropriations for the Armed Services in the year ending June 30, 1951.

Rep. Mahon (D-Ten) justified Admiral Jellicoe's plan. Admiral Jellicoe said: "At present we have no place east of Norfolk, Va., for berthing aircraft carriers. On the east coast we can berth at Quonset Point Air Station and at Norfolk Air Station. This will permit us to do it at the Jacksonville Air Station (Mayport is near Jacksonville).

Mahon then asked if the Navy wanted to berth aircraft there at a particular time, and Admiral Jellicoe replied: "Yes sir. In connection with their training and operations they cannot stay in the north all year round. They move south in the winter to get the proper proportion of flying days. As it is now they have to operate out of Norfolk, which is very crowded and congested. This will spread us out and disperse us a bit."

The committee also disclosed a Navy request for \$1,110,000 for improving the power plant at the Pensacola Naval Air Station. Admiral Jellicoe said the Pensacola plant "has been in poorer condition than any other of the Navy power plants. We are really anxious to get this in good shape."

FURUKAWA TELEGRAM
BEATTLE, Aug. 22.—(AP)—Mr. and Mrs. Koshio Furukawa received two notices yesterday.

One said their son, Sgt. Fred Furukawa, serving with the 24th Infantry Division in Korea, has been awarded the Bronze Star medal for heroic achievement on July 8 near Pyongyang. Fred led a machine-gun section to safety from an enemy trap.

The second said that another son, Sgt. Isaac Furukawa, had been killed in action in Korea. There were no details. Both were World War Two veterans.

Red Tanks And Crew Silenced By South Koreans

DESTROYED BY SOUTH KOREAN FORCES, two North Korean Communist tanks glumly attest to the fierceness of the fire power that caught them as they sought to move in to attack. The body of a dead tank man is shown lying in the debris-strewn road, a few feet from the Russian-made tank he had been riding. (International)

Game Commission Urged To Permit Seining In River

Biologist Advocates Commercial Fishing Of Non-Game Fish

TALLAHASSEE, Aug. 22.—(AP)—The State Game and Fresh Water Fish Commission's chief biologist today recommended that commercial fishing of bream and crappie be permitted in Lake Okechobee and the St. Johns River.

The recommendation was made by John F. Dequine following a two-year study of fish in the two areas. He recommended that bream and crappie be taken commercially and sold under strict State regulations.

Commission Director Coleman Newman declared, however, he was unable to accept these recommendations (Continued on Page Five)

Antigua Lashed By Hurricane Winds Of 100 M. P. H.

MIAMI, Aug. 22.—(AP)—Antigua of the Leeward Islands, was lashed by winds of 100 mph in the early morning and something seemed to be happening to the hurricane as it drifted into the Caribbean Sea. Reports from a Navy hurricane hunter indicated the storm may be losing force, forecasters at Miami reported.

Northeast storm warnings were hoisted along the south and east coasts of Puerto Rico and at nearby Vieques Island. Other storm warnings flew in the Virgin Islands, and hurricane warnings were up on St. Croix to the south.

An aid thing about reports on the Antigua storm, forecasters said, was that all the winds blew from the north-northeast. In rotating storm, the winds should have changed direction.

While small and performing erratically, the storm still packed a kick and was being watched closely. It apparently is at a stage where it may continue to develop or may revert to an easterly wave and possibly flatten out.

Its position at 10:30 A. M. was approximately latitude 16.6 north longitude 63.0 west, or 50 miles off the island of St. Kitts. The area of hurricane winds was only 50 miles in diameter.

Future movement was uncertain.

American Legion Plans Debate On Expansion Of UN

Florida Citizens To Vote On World Government Issue Nov. 7

Members of the Sanford Post 53 of the American Legion, following spirited and lively debates last night, voted to invite two speakers to the Sept. 18 meeting in order to present both sides of the issue of whether or not to expand the United Nations into a World Government to enforce peace.

This action followed the reading of a letter by Kaylie Housholder, in which American Legion headquarters requested that members oppose, and educate the public to oppose the proposed petition to Congress which voters of Florida will act upon on November 7.

The vote will be on the following question: "Do you as a sovereign citizen of Florida and the United States of America direct our representatives in the National Congress to urge the President and the Congress to take the lead in calling for a amendments to the United Nations Charter strengthening the United States into a limited World Federal Government capable of limited to enforcing, interpreting and enforcing laws to prevent war?"

The Post last night unanimously approved a program of universal military training.

Commodore H. H. Housholder, who came here via high Himalayan mountain trails, also reported anti-mountain guerrillas in Sinkiang.

Meanwhile Buddhists from Tibet who visited Ladakh, Kashmir, to inspect religious relics said there was "some Communist pressure" on the eastern and northwestern borders of their remote "land of the Lamas." Trade between Ladakh and Tibet has continued normal, however.

The Chinese Communist regime has announced several times it planned to extend its authority to Tibet. Preparations for an invasion have been rumored for several months.

First Big Post-War Atomic Oven Starts Operation At Brookhaven

By HOWARD W. BEAKESLEE Associated Press Science Editor

BROOKHAVEN, N. Y., Aug. 22.—(AP)—The first big post-war atomic oven, or reactor—barricade what Russia may have—went into action here at the Brookhaven National Laboratory at 2:30 A. M. (EST) today.

This reactor is designed wholly for research. It can produce heat enough to make electric power for a village of 3,000 to 3,600 inhabitants.

Opening this reactor is one of the big events in atomic work, because of the oven's many important uses, especially at this time, the research fits into not only peacetime science, but it has other bombs and naval and aviation atomic engines. This reactor is equipped better than anything else of its kind to do research on the discoveries still being made in military and peacetime atomic progress.

U.S. Troops Hold Firm Or Advance All Along 120 Mile Perimeter Protecting Pusan

White House Try Impact Of Korean War To Give At Settling Rail Strike Is Failure

124,000 Quit Work On Two Principal Canadian Lines

WASHINGTON, Aug. 22.—(AP)—Another White House attempt to settle the rail strike failed today as more workers left their jobs.

John R. Steinhilber, assistant to President Truman spent two hours today with representatives of the striking unions and a committee of railroad officials in a joint conference.

At 12:30 P. M. both groups had left the White House without getting together and with no definite plans for further meetings.

Road had said earlier that Mr. Truman had given this instruction to Steinhilber: "Keep on trying."

The Canadian rail strike by 124,000 employees of 17 unions had the most serious immediate economic impact. The Canadian National and the Canadian Pacific systems, whose operations were blocked fast by the walkout over wage and hour issues, do most of the nation's freight and passenger hauling from coast to coast.

In addition, the Canadian strike disrupted telephone and telegraph service for many communities and blocked mail.

There was immediate concern over food shortages in some areas, and widespread layoffs were expected in industry if the strike is prolonged. And oil companies said the rail stop may cut off gasoline to motorists and trucking concerns.

The U. S. rail strikes, called for five days by the Truman's and conductor's unions, were termed "wildcat" because they were not authorized by the union leaders.

The U. S. rail strikes, called for five days by the Truman's and conductor's unions, were termed "wildcat" because they were not authorized by the union leaders.

Polk County Man Pleads Guilty To Lottery Charges

BARTOW, Aug. 22.—(AP)—T. C. McKown, arrested Saturday in connection with the Polk county lottery, pleaded guilty to three lottery charges.

In another move here today, Circuit Judge Don Register issued a call for the Polk county grand jury to meet on Aug. 28.

Stephenson reported they found lottery tickets and income tax returns which showed McKown handled \$90,176 worth of lottery tickets last year and made a net profit of \$24,000 from them.

McKown pleaded guilty before criminal court Judge Roy H. Amick (Continued on Page Two)

Rocket Project Expert Arrested In Denver, Colo.

Senate Investigators Find Sugar Business Linked To Costello

WASHINGTON, Aug. 22.—(AP)—The FBI today announced the arrest of a rocket project expert at Denver, Colo., on charges of violating the Atomic Energy Act.

FBI Director J. Edgar Hoover said the man is Sanford Lawrence Simon, 28, employed at Denver University and now assigned to an Army rocket project in that area.

Simon was arrested on charges of having taken "an extremely valuable piece of plutonium" away from the project.

Hoover said the plutonium, a highly radioactive material, had been taken from the project.

Simon was arrested on charges of having taken "an extremely valuable piece of plutonium" away from the project.

Simon was arrested on charges of having taken "an extremely valuable piece of plutonium" away from the project.

Simon was arrested on charges of having taken "an extremely valuable piece of plutonium" away from the project.

Work Completed On Repairs To City Incinerator

All work was completed last week on the City Incinerator, City Manager Clifford McKibbin said today.

Repairs to the furnaces were first completed so that it could be placed in operation, following which repairs to the side walls and roof of the enclosing structure were begun.

City workers recently completed repairs to the City warehouse on Lake Monroe. Workers storing lumber cut from old wharf pilings had found evidence of wood-boring insects.

The warehouse was constructed with docking facilities on the lake side, and it might be used as an auxiliary dock when the proposed terminal facility has been built and is operating, said Mr. McKibbin. At present it affords an adequate capacity for dry storage, and is being maintained for that reason.

A small shed, he declares is being constructed in the City Pound yard for the storage of bulk fertilizer which is now in storage at the Municipal Airport.

Green Found Guilty Of Reckless Driving

John Green, Negro, was found guilty this morning by a jury in County Court of reckless driving and willful and wanton disregard of other traffic. Judge Douglas Stenstrom fined him \$25 plus costs amounting to more than \$20.

State Patrolman R. D. Harrison pointed out to the jury that at the time of an automobile accident on Highway 46 near Kersaw's Store on Apr. 10 Green had passed at more than 55 miles an hour.

A jury yesterday found Cecil L. Schooner, 35, not guilty of a charge of driving while intoxicated.

Commission Plans Study Of City's Sewerage Needs

Purchase Of 17 Fifty-Foot Lots For Castle Brewer Okayed

The City Commission last night instructed Fred Williams, civil engineer, to make a study of sewerage needs south of Twenty-fourth Street and between Meloyville Avenue and the A.C. branch line.

For a number of years requests have been received from citizens for sewerage facilities in this area and City Manager Clifford McKibbin.

Following consultation with Mr. Williams regarding installation of sewerage facilities in the area bounded by Twentieth Street, Republic Drive, East and Meloyville Avenues, it was decided in view of the facts that the need for sewerage facilities was not critical, and that plans prepared by Mr. Williams could be used later.

The firm of Handy and Stimpson, Orlando, has made a low bid of \$22,733 for these improvements. Mr. McKibbin declared he added that the facilities could be installed for less expense in the Twenty-fourth Street area, so it was decided to go ahead with the plans.

The City approved the purchase of 17 fifty-foot lots for the Castle Brewer Housing project in Toddville. The property, which is to be turned over to the Sanford Housing Authority, is held in the County.

The Commission reviewed brief reports of A. P. and R. K. (Continued on Page Five)

Kinard Services To Be Held Tomorrow

Funeral services for Lee Kinard, who died Sunday in Miami, will be held at 3:30 P. M. tomorrow at Erickson Funeral Home with the Rev. J. C. Crews and Rev. W. I. Campbell officiating. Burial will follow in Evergreen Cemetery.

Funerals will include Richard Bands, Ted Jones, Jack Holloway, Jack Benton, A. D. Holloway and J. D. Deiggers.

Mr. Kinard, born in Sanford, had lived here until six years ago when he and his family moved to Miami. He is survived by the widow and six children; his mother, five sisters and two brothers.

AUTO ACCIDENT
MAXWELL, Fla., Aug. 22.—(AP)—Edwin W. Higginbotham, 70, Maxwell resident, was killed late last night when his car overturned near here.

Two passengers—injured slightly—said the wheels apparently locked.

Taegu Rescued From Strangulation By Smashing Of Red Highway Blockade

RAMBOUILLET, France, Aug. 22.—(AP)—France's cabinet decided today to send a French land force to fight with United Nations troops in Korea.

France's contribution will be composed of an infantry battalion, probably numbering 800 soldiers, many of whom will be volunteers, informed sources said. The decision was reached after an all-day cabinet meeting held here at the summer chateau of the President of the Republic, Vincent Auriol.

100,000 Wednesday, Aug. 23.—(AP)—American troops and tanks wiped out a threatening Red Korean roadblock 10 miles north of Taegu Tuesday. Their mates took three commanding hills to block the coastal gateway to Pusan port in the south.

The Red's behind-the-lines roadblock near Taegu had choked off all Allied supplies from Taegu for two hours and threatened to trap troops of the U. S. 27th "Wolfhound" Infantry Division.

The central front and extreme southern fighting was the most bitter of the 24-hour period ended Tuesday midnight.

All along the 120-mile perimeter of the Allied beachhead United Nations troops held firm or advanced.

Tuesday's air action was topped by a fleet of 70 B-29 bombing bombers with 700 tons of explosives. Chongjin is out far from (Continued on Page Six)

American Airliner Lands After Mishap At Denver Airport

DENVER, Aug. 22.—(AP)—The pilot of an American Air Lines plane was tipped when an engine broke away high over the Colorado Rockies early today and the big ship landed here with one dead and seven injured.

The four-engine DC-6 was bound from Los Angeles to Glasgow carrying 52 passengers and a crew of five at 21,000 feet near Engle, Colo., when the right inboard engine suddenly broke from its wing moorings.

Part of the propeller as a piece of the shattered engine slashed through the top of the passenger compartment, tearing a hole about four feet square in the ceiling. Forward three rows of seats and releasing the air from the pressurized cabin.

Pilot R. K. Baker reported the mishap to the Denver CAA office, obtained clearance for an emergency landing and brought the ship about 100 miles into the Denver Airport in 19 minutes landing without further trouble.

Here it was found that one passenger was dead and seven others injured. All of the injured were treated at Denver General Hospital and released.

Preliminary examination of the dead man, Jack Kretz, 54, of Los Angeles, disclosed no signs of injury and it was believed he died of a heart attack.

Denver general reported those injured and their injuries were: Kretz's wife, Mary, 48, nervous shock and exposure; Joan Robinson, 23, stewardess, of Chicago, lacerated scalp; James Markie, 27, of Detroit, lacerated scalp; Hayman Kay, 35, bruised left elbow; Kay's wife, Gladys, 43, nervous shock; Sara Zimmerman, 32, of Brooklyn, N. Y., bruised right knee and Sugar Messinger, 20, of Toronto, Canada, slight facial cuts and burns.

Boedies Capt. Baker and Miss Robinson, crew members were first officer Robert Decker, flight engineer Dan Niemick and stewardess M. Peterson.

American Air Lines reported in Los Angeles that another plane was being flown here to take the passengers to their destinations.

Social Security Change

The compromise Social Security bill commits us, for better or worse, to a pay-as-you-go system of old age pensions instead of an insurance or annuity system.

This change and the extension of coverage to other groups of workers also have the effect of committing us more permanently to the Social Security system.

It would appear that Social Security will now be very nearly a finished product as far as coverage is concerned.

On the basis of the new schedule the worker's and employer's taxes will be almost triple their present amounts by 1970.

Fixing The Blame

Who is to blame for government red tape? A recent episode gives part of the answer.

Note that the bureau never had this authority before, and that this mass of storage was not its own peculiar notion.

If Congress would consent to let the government executives use more of their own judgment in administering their offices, much money, time and annoyance could be saved.

Seeking Stalin's Head

Set a price of a million dollars on Stalin's head, and the world's troubles would be solved, according to a suggestion from Ashland, Wis.

This simplifies things rather too much. If Stalin died, Molotov, Beria or some other would carry on.

The end of the Stalinites might come if Russia should suffer a great military defeat, or if the army should decide to take over.

THE NATION TODAY

BY JAMES MARLOW

Editors Note: This is the first of a series reporting the big changes being made in the Social Security program.

WASHINGTON, Aug. 22.—(AP) Congress now has made more changes and improvements in the social security program than at any time since it became law 16 years ago this month, Aug. 14, 1935.

The program is in four main parts: old-age and survivors' insurance; public assistance; service for children; and unemployment insurance.

Here are the four programs—the main changes noted in parentheses—with fuller details in later stories:

1. Old-age and survivors insurance. A man who works long enough in a job covered by the law gets a pension when he retires after 65.

Now another 10,000,000 have been added to those who are eligible for the Social Security benefits.

Under this the needy old people over 65 get money help. So do blind people in need. So do children who have been deprived of parental care or support.

Under this the needy old people remain unchanged. But the law will let more needy blind people get assistance.

Under this the needy old people remain unchanged. But the law will let more needy blind people get assistance.

Under this the needy old people remain unchanged. But the law will let more needy blind people get assistance.

Under this the needy old people remain unchanged. But the law will let more needy blind people get assistance.

Sanford Forum

Editor, The Herald:

There comes to my mind that old story of the deluge, when Noah defied the apparent rules of nature by building a boat on dry land, but he obeyed the words of the Creator and not the creature.

People were having such a good time eating and drinking and leaping about upon the messengers who tried to warn them of disaster.

With the world reeling under the leadership of unbalanced minds it should not be surprising if those out of the Ark were to find themselves without the protection of God's righteous people through prayer.

We can see as never before, that anti-Christ movements are everywhere all about governments in the world, and let us not be misled in belief it will not come to pass.

Our first and main duty now is, get right, live right and help others find God. Evening shadows are lengthening. Respectfully, The Master Preacher, B. W. F. D. and R. E. Miller.

Atom Oven

(Continued From Page One) This control room is enclosed in glass. Even the few persons permitted to see it must stay outside the glass—for the sake of safety.

This atomic oven is set at the side of a great squat, square box of concrete. Its walls several feet thick to shield against the rays of the reactor which lies inside.

The inner area of the box is 33 feet square. Here, fitted closely inside, lies the heart of atomic secrets, known as a pile oven or reactor. It is square. It is made of 60,000 huge, graphite bricks, impregnated to form a honeycomb.

The honeycomb holes contain long, narrow aluminum cans, each filled with metallic uranium. This is ordinary uranium, variety and the 235 whose splitting in-

fusion all the atomic possibilities, from bombs to medicine.

The great bricks are machined as true as a rifle's mechanism. There are 2,500 different shapes of brick used to attain this perfection.

Dr. Borat threw a switch on the console. The silence was barely broken by the sound of electric motors starting inside the concrete box.

The rods were of boron-steel. The metallic boron absorbs neutrons, the particles which split uranium atoms.

Both these forces rose until Dr. Borat turned a control dial. That stopped the movement of the rods that held the heat and radioactivity steady.

TUESDAY
The Pilot Club will hold its regular business meeting in the Yacht Club at 8:00 P.M. in the private dining room of the Anchor Inn honoring Mrs. Simon L. Dingfelder.

WEDNESDAY
Prayer meeting at the First Baptist Church at 8:00 P.M.

FRIDAY
Under the sponsorship of the Sigma Phi sorority, the 100th anniversary of the founding of the Memorial Hospital is Mrs. Jack Russell.

Mrs. Volie Williams, Jr. Honors Miss Lee

Mrs. Volie Williams, Jr. entertained Miss Caroline Lee, bride elect of this month, with a Coca Cola party Saturday afternoon at her home on Laurel Avenue.

Zinnias and hibiscus gave added beauty to the living room while the dining room was lovely with an arrangement of roses as a centerpiece for the table. The table was overlaid with a Japanese blue cloth which held lighted tapers.

Miss Lee was presented with a luncheon set and Mrs. Simon L. Dingfelder, recent bride, was also presented with a candy dish by the hostess.

Those invited to be with the guest of honor were Mrs. A. L. mother of the bride, Mrs. William Brumley, Mrs. Donald Jones, Mrs. Lester Guthrie, Mrs. Simon L. Dingfelder, Mrs. Al Doubney, and Mrs. Dingfelder.

Also Miss Margaret Dingfelder, Miss Louise Clark, Miss John Baker, Miss Nancy Williams, Miss Evelyn Hatfield, Miss Lillian Boyd and Miss Betty Jo Brock.

Sally Rand Weds Harry Finkelstein

TOLEDO, O., Aug. 22.—Sally Rand, the shapely, veteran fan dancer, is honeymooning today with her manager, Harry Finkelstein.

They were married yesterday by a justice of the peace, veteran fan dancer, in honeymooning today with her manager, Harry Finkelstein.

Finkelstein said he is 40 and has owned three New York night clubs, the 21 Club, the Mardi Gras and the Ringo Club. He has been married twice before.

The dance singer, Harry Gould back to her hotel and said she had been born in Hickory County, Mo. She listed one previous marriage, to Thurkel Crenough, des-

Mrs. Simon Dingfelder Is Guest Of Honor

Mrs. Donald Jones and Mrs. Lester Guthrie entertained on Saturday at 1:00 P.M. in the private dining room of the Anchor Inn honoring Mrs. Simon L. Dingfelder.

Forming attractive decorations on the individual tables were small floral cards marking the guests' places. Pink roses and greenery were used throughout the dining room.

Mrs. Jones and Mrs. Guthrie presented to the guest of honor several pieces of silver in her chosen pattern.

Those enjoying the luncheon with Mrs. Dingfelder were Mrs. Julius Dingfelder, Mrs. B. L. Perkins, Jr., Mrs. George Speer, Mrs. Volie Williams, Jr., Mrs. Vincent Roberts, Mrs. Frank L. Woodruff III, and Mrs. T. W. Jones.

Also Miss Margaret Dingfelder, Miss Caroline Lee, Miss Lillian Boyd, Miss Nancy Williams, Miss Dillon Baker, Miss Betty Jo Brock, Mrs. Jones and Mrs. Guthrie.

Hints To Housewives

BREEZE BUSINESS
An electric fan can help with many household jobs in summer as well as provide a refreshing breeze on hot days, home economist specialists of the U. S. Department of Agriculture say.

A fan can hasten many drying jobs around the house, especially in humid or rainy weather. Placed at one end of an indoor clothes line or rack, it can help blow the family laundry dry. Curtains stretched on racks to dry will be ready to hang sooner if a fan is played on them. Polishing floors with wax can be done faster if a fan blows on the wax as it is applied. A fan might even be used to dry the kitchen floor after mopping.

Fanning also can hurry the drying of varnish, shellac or paint. Fans may be used in any room to clear out smoke, steam, or odors. Modern kitchens often have exhaust fans installed in wall or ceiling for this purpose. Also on sale are window exhaust fans, made to fit different window sizes, which can be moved from room to room as needed. Lacking such fans, a portable fan may be set before an open window of kitchen, laundry, or bath to freshen the air or clear out moisture. For

Persons

Arthur Kirchoff is spending several weeks vacationing at Hot Springs, Ark.

Mr. and Mrs. Frank Evans of Lake Mary have returned home after several months spent in Boston, Mass.

Mr. and Mrs. H. H. Coleman have returned to their home after visiting in Maine and New York.

Mr. and Mrs. Karl Yost have had as their guests Mr. and Mrs. Charles Wood and son of San Anselmo, Calif.

Mrs. Mary Jean Schuh of Cleveland Ohio is visiting her aunt and uncle Mr. and Mrs. Howard Long.

Mrs. M. L. Tills and son Clark have returned from Miami where they visited with Mr. and Mrs. C. E. Clark and Mrs. Anna C. Denton for a week.

Mrs. Julius Dingfelder left Sunday by plane for Provincetown, Mass. where she will visit with friends. She will be gone for several weeks.

Mr. and Mrs. Roy Britt have had as their guests at their home in Catalina Drive, Mr. and Mrs. John Ward and Joe Potland of Troy, Ala.

Friends of Mrs. J. E. Donoff will regret to learn that she has been confined to the Florida Sanitarium for medical treatment.

Mrs. T. L. O'Connor of Lake Mary has returned after visiting her son Jack Peters in Tampa. She also visited Dr. and Mrs. Lynn Wheeler and family in Miami.

Mr. and Mrs. J. R. Lyles have returned from a vacation spent with their daughter, Mrs. H. H. Hansell and family in Sharon, Conn. They plan to leave next Friday for Chester, S. C. to attend a family reunion.

Miss Ollie Reese Whittle, Seminole High School music instructor, is spending the week at the Fred Waring Music Workshop, Shawnee-on-Beaware, Pa., studying the choral, radio and television techniques of Fred Waring and the Pennsylvanians.

Mrs. Lillian Vickery returned today from Hartwell, Ga. where she has been visiting with her father, W. B. Bager. She also visited with her daughter, Mrs. J. S. Lee, in Lattimore, N. C. and a sister in Greenville, S. C. for several weeks.

Miss Frances L. Moore returned Monday from a three day vacation at Pineview Isanna Hotel at Daytona Beach, where she won a second prize in the recent beauty contest. She is the daughter of Mr. and Mrs. J. P. Moore. Miss Betty Lou Partin accompanied Miss Moore to Daytona.

Miss Jean O'Neal of Waycross, Ga., becomes bride of Joe Benson Baker.

Miss Jean O'Neal of Waycross, Ga., became bride of Joe Benson Baker, son of Dr. and Mrs. C. W. Baker of this city on Aug. 11 at 8:00 P.M. with the Rev. Woodward Adams officiating.

The marriage vows were taken before an altar covered in white and backed with white chrysanthemums against a background of Oregon ferns. A massive center arrangement of chrysanthemums and ferns was flanked by a candle-laden holding lighted bridal tapers.

Prior to the ceremony, the organist, Mrs. William Packard rendered a program of nuptial music, and Bob Holland of Statesboro, Ga., cousin of the groom, sang "The Wedding Song" and "Perfect Love." The traditional wedding marches were used and "Claire de Lune" was played softly throughout the ceremony.

The lovely bride, given in marriage by her father, was wearing a "Belle Bride Original" wedding gown of Chantilly lace and satin. The lace bodice, featuring a yoke of illusion, was paired to a full skirt, skirt trimmed with ruffles of lace which terminated in a formal train. Her veil of French illusion was worn with a Chantilly lace, lace-trimmed, and she carried a wedding bouquet of bride's roses, stephanotis and cymbidium orchids.

The maid of honor, Miss Mary Jane Norwood of Valdosta, Fla., chose a white velvet gown over a matching Dutch bonnet. She carried a green satin fan decorated with white stock and tuberoses, showered with green satin ribbons.

The bridesmaids, Miss Mary Ann Sault of Albany, Miss Charlotte Bennett, Miss Claire Council and Miss Allen Lott all of Waycross wore identical gowns to that of the maid of honor and carried identical bouquets. Little Misses Carol Ekins and Patricia O'Neal, flower girls, were also wearing gowns like the maid of honor.

The wedding included Dr. and Mrs. C. W. Baker, Mrs. Ralph Austin Smith, Miss Ruby Benson, Day-Gone Beach, La., and daughters, J. S. Ekins, Jr., and daughters, Carol and Judy, Pensacola, Fla., Dr. and Mrs. J. B. O'Neal III, and daughters, Patricia and Pauline, Elberton, Ga.; Mrs. Walton Johnson, Elberton, Ga.; Mrs. Louise Holland and Mr. Bob Holland, Statesboro, Ga.; Mr. and Mrs. W. H. Benson and Miss Sally Benson of Athens.

Mrs. Baker, Rigdon, Tifton, Ga.; Mr. and Mrs. Warren T. Baker, Norman Park, Ga.; Mr. William A. Zorn, Jessup, Mr. William R. Mosely, Albany, Mr. and Mrs. C. O'Neal, Blackshear, Mr. and Mrs. Wm. T. DeWitt, Blackshear, Mrs. M. G. O'Neal, Jr., Blackshear; Dr. William Davis, Blackshear; Mr. and Mrs. Jack B. Rigdon, Tifton; Mr. Carl E. Adams, Atlanta; Mr. and Mrs. T. H. Hosning, Palmdale; Miss Lela Sheppard, Dalton; and Mrs. Maude Smith, Blackshear.

Mrs. J. E. Stewart and Mrs. Joseph J. Quarterman stood at the front door and the bride and groom with their parents and wedding attendants formally received the guests in the spacious reception room.

During the evening Mr. Baker and his bride left for a wedding trip, Mrs. Baker traveling in a champagne suit with green velvet hat and matching accessories. She wore the archaic from her wedding bouquet.

The couple will reside in Sanford where Mr. Baker is in business with his father.

Out of town guests attending the wedding included Dr. and Mrs. C. W. Baker, Mrs. Ralph Austin Smith, Miss Ruby Benson, Day-Gone Beach, La., and daughters, J. S. Ekins, Jr., and daughters, Carol and Judy, Pensacola, Fla., Dr. and Mrs. J. B. O'Neal III, and daughters, Patricia and Pauline, Elberton, Ga.; Mrs. Walton Johnson, Elberton, Ga.; Mrs. Louise Holland and Mr. Bob Holland, Statesboro, Ga.; Mr. and Mrs. W. H. Benson and Miss Sally Benson of Athens.

Mrs. Baker, Rigdon, Tifton, Ga.; Mr. and Mrs. Warren T. Baker, Norman Park, Ga.; Mr. William A. Zorn, Jessup, Mr. William R. Mosely, Albany, Mr. and Mrs. C. O'Neal, Blackshear, Mr. and Mrs. Wm. T. Hosning, Palmdale; Miss Lela Sheppard, Dalton; and Mrs. Maude Smith, Blackshear.

Hollywood

By BOB THOMAS

HOLLYWOOD, Aug. 21.—(AP)—What a difference a place makes! Patricia Morrison has discovered. Just back from her Broadway hit in "Kiss Me, Kate," the black-haired New Yorker finds things different from when she last was a couple of years ago when she was broke and battling with B pictures.

"I noticed the change a week or so ago when I sang at Hollywood Bowl," she observed. There were a lot of important people there, people who used to nod and say 'Hello, Pat' when they saw me. These same people came flashing back-stage and then they arms around me shouting 'Hello, Pat, you were wonderful!'

The difference is professional as well as social. She has had a number of good parts to choose from and appears set for the singing lead in "Song of Norway." Miss Morrison can be pardoned if she seems to revel in her new popularity because her life in Hollywood hasn't always been so sweet.

"I'm happy that most people show business," she remarked, "got a second chance. I began with a big buildup at Paramount in 1936. She was given the plum treatment and a number of good pictures. But then she started to slip."

"I guess it was my fault as much as theirs," she admitted. "It all came too easy for me and I didn't study or do much except enjoy my life."

As she was about to begin "The Glass Key" with Alan Ladd and Brian Donlevy, the industry tip-ster told her she was being courted by Veronica Lake. "I thought I'd do it," she said, "but don't work as the other man."

Pat, who previously had been the wedding included Dr. and Mrs. C. W. Baker, Mrs. Ralph Austin Smith, Miss Ruby Benson, Day-Gone Beach, La., and daughters, J. S. Ekins, Jr., and daughters, Carol and Judy, Pensacola, Fla., Dr. and Mrs. J. B. O'Neal III, and daughters, Patricia and Pauline, Elberton, Ga.; Mrs. Walton Johnson, Elberton, Ga.; Mrs. Louise Holland and Mr. Bob Holland, Statesboro, Ga.; Mr. and Mrs. W. H. Benson and Miss Sally Benson of Athens.

Mrs. Baker, Rigdon, Tifton, Ga.; Mr. and Mrs. Warren T. Baker, Norman Park, Ga.; Mr. William A. Zorn, Jessup, Mr. William R. Mosely, Albany, Mr. and Mrs. C. O'Neal, Blackshear, Mr. and Mrs. Wm. T. DeWitt, Blackshear, Mrs. M. G. O'Neal, Jr., Blackshear; Dr. William Davis, Blackshear; Mr. and Mrs. Jack B. Rigdon, Tifton; Mr. Carl E. Adams, Atlanta; Mr. and Mrs. T. H. Hosning, Palmdale; Miss Lela Sheppard, Dalton; and Mrs. Maude Smith, Blackshear.

Korean Impact

(Continued from page one)

divisions. Throughout the Army, including the Far East, the Army was 10,000 under its budget-fixed strength of 3,000,000. The ceiling since has been lifted. By next June, the Army expects to have a strength of 3,400,000 men.

The expansion program now underway is designed to bring units in the Far East up to full wartime manpower strength; to bring units in the United States, destined for the Far East to full strength; and to replace in the so-called general reserve units before shipped overseas. The program, of course, also includes provisions for replacements at the front.

Officials of the Army Medical Department, on a purely actuarial basis, estimated that battle losses in Korea will be about 3 per cent per month.

General J. Lawton Collins, Army chief of staff, is depicting the broad program for the expansion of the Army as follows: "We are going to follow the basic concept of 'leave no man behind' as the Army down to the minimum and 'leave no man behind' in the United States and Overseas Reserve for the buildup."

Collins said that "at this stage of the game the major need of the Army is to modernize its equipment." Secretary of Defense Johnson told the committee that emphasis would be put on tank production.

Navy officials said the expansion program for the fleet and aviation was less than that for the Army. The Navy is to modernize its fleet and aviation was less than that for the Army.

When I mentioned for a picture of Monogram, they had already recorded my song with another voice," she recalled. "The budget wouldn't allow another recording of my own voice."

Her only chance to sing came in a ditty called "Gotta Get a Little Bit of Love," which she made in Mexico City with Gene Raymond. "The only trouble," she recalled, "was that every time I started to sing the camera moved to something else."

To cut the story short she mentioned for "Kiss Me, Kate" at Edie Porter's home. He overcame the objections of the husband and sisters, who agreed to hear her in New York. But she didn't have the plane fare.

Miraculously, the Air Force wanted to fly her to New York for a long rally, since she was one of the first performers to entertain overseas during the war. Well, she got the trip, the job, the notice and a brand new record from Hollywood.

American Legion

(Continued from page one)

Action, including many veterans organizations, he pointed out.

Dr. H. W. Rucker, Legionaire, and local chairman of the United World Federalist movement, stated that the members should have the opportunity to judge the issue fairly, and suggested that one side of the issue be voted two weeks ago, should hear speakers on both sides of the World Government issue. This suggestion brought a lively debate of some duration, which was settled with a final vote for two speakers on the subject.

A lively new tune, "The Legionaires Are Marching," with music by Harry Wester and words by William Connolly, was sung by Stanley Brumley, who also led the members in the chorus. Mr. Wester accompanied. A supper preceded the regular meeting. John A. Lamlich was a guest.

Red Hats Edge Giants In Ninth 7-6; Saints Here Tonite

Stevens Walks Winning Run Across In Ninth Inning To Give Hats Game

The DeLand Red Hats edged out the Sanford Giants last night by a score of 7 to 6 in a contest that was delayed by a slight rain for 20 minutes.

The first three innings of the game was deadlocked in a pitcher's duel between Giant outpitcher Jim Singleton and Red Hat hurler M. Fernandez in the fourth inning the Giants broke the tie by pushing across all of their six runs on four hits, two errors, one balk and a base on balls.

Chadleston led off the fourth inning with a base on balls but was out at second when Pecker tried to sacrifice him.

With Pecker on first Hafenecker singled sending him to second. Lake followed and was safe on an error, leading the bats. Jackson was safe at first when Red Hat shortstop Barrow boughed a perfect double play ball, scoring Pecker and Hafenecker.

The DeLand hurler then balked sending Lake to third and Jackson to second. Giant catcher Ted Forsyth followed with a triple, scoring Lake and Jackson.

The next Giant batter, Earl Murphy singled with the runners

holding their bases. Tomek followed with a base on balls. The giant pitcher Jim Singleton then unleashed a blow which scored Forsyth and Murphy with Tomek going to third. Chadleston followed with fly to left which turned into a double play when Tomek was thrown out at the plate trying to score.

With rain beginning to fall, the Red Hats pushed across four runs on two hits, an error and a base on balls.

The DeLand nine came back in the sixth inning to make it a ball game when they pushed across two runs on three hits, an error and a base on balls.

Carl Thies came in to replace the Giant hurler in the sixth and was charged with the loss when the Red Hats started the ninth with a base hit, and two international bases on balls.

Clyde Stevens came in to replace Thies at this point and walked the winning run across to end the ball game.

Tommy the Giants will meet the St. Augustine Saints at Municipal Hall Park with Stevens slated to return to the hill for the Giants.

LEESBURG-SAINTS

ST. AUGUSTINE, Aug. 22 (AP)—Sucky Red threw a three

hitter for Leesburg here last night to white-wash St. Augustine

4 to 0. It was the last meeting of the season for the two Florida State League clubs.

Taking advantage of nine bases on balls, the Saints loaded the sacks on three occasions

but saw nothing but Red. Twice double plays killed St. Augustine

batters.

The Packers made good use of seven hits off Gene Nelson.

A walk, hit batsman and Cliff's single gave Leesburg two runs

in the third. Wally Wilder drove in the third Leesburg run with

single in the fourth and Buck Collins' double was turned into

the final score in the sixth.

World Record for Channel Swim Fall In Mass Race For Big Prize

By JOHN RODERICK

DOVER, Eng., Aug. 22 (AP)—An Egyptian and a French swimmer broke the record in quick succession today in a mass race across the English Channel from France.

Despite rain and choppy seas, Hassan Abd-El Hehim, 42-year-old Egyptian army officer, and Roger Le Morvan, 26, Paris electrician who holds several French championships.

Eighteen men and six women from 12 countries began the race at 2:34 A. M. (8:54 P. M. EST Monday) from the isolated beach on Cap Gris Nez, France, traditional starting point of Channel swimmers.

Frank was pulled from the water at 4:11 A. M. He said it was too cold. His assistants said he apparently had not trained enough in cold water.

Other athletes who abandoned the swim during the first seven hours were Eduard Muehle, 63, Belgian music teacher; Emile Soren, 31, French coal miner; Dr. George Brewster, 59, English physician making his 14th attempt to swim the channel; Mrs. Willy Van Risse, 53, of Holland; Edmund Valder Olsen, 37, Denmark; Edmund Blom, 40, women's hairdresser from Belgium, and Wanda Boultouy, 23, of East.

The Egyptian leader, and Jason Ziganos, 40, a Greek army major who was a strong contender in the early hours of the swim, are among the 29 persons who have completed the tide-swept strip in recorded history.

Hassan Abd-El Hehim last year because the third person in history to swim the channel in both directions.

The Daily Mail has offered \$500 each to the first man and first woman reaching England's white chalk cliffs.

The woman was Ellen Fenton, an English schoolteacher, who made the swim in 16 hours, 31 minutes. It was her first channel effort and it won her \$2,800 from the London Daily Mail, which sponsored the event.

AMERICAN CHANCE FOR DAVIS CUP IN DANGER

BROOKLINE, Mass., Aug. 22 (AP)—Students of tennis form agreed that the U.S. Davis Cup team's grip on that international trophy was dangerously loose today after analyzing the National Doubles final match.

The consensus was that Jack Bromwich and Frank Seligman the backbone of Australia's challenging force, had a comparative

easy time defeating Garbar Mulloy and Bill Talbot, 7-5, 8-6, 6-4, yesterday at Longwood.

At 36 and 32 respectively, Mulloy and Talbot, practically certain to play Davis Cup doubles in Forest Hills, N.Y., late this week have won the National Doubles four times since 1942.

But it was obvious they have slowed down considerably during the past year or so. Conversely, Bromwich, who shared the national team titles with Australian teammate Billy Bowland and Adrian Quist last year and in 1949 seldom appeared in better form.

Young Seligman, holder of the nation's singles championship, is verging on world-wide obscurity and is expected to lose the Davis Cup singles competition.

For the ninth straight year Louise Brough of Beverly Hills, Calif., and Mrs. Margaret Osborne Dupont of Wilmington, Del., rule as Women's Doubles champions.

They trounced the nation's second ranking team, Loris Hart of Miami and Shirley Fry of Akron, 6-2, 6-2.

ORLANDO-DAYTONA

ORLANDO, Aug. 22 (AP)—Orlando's hitting Senators scored a big step closer to the Florida State League pennant last night by trouncing second place Daytona Beach, 7-1 at Tinker Field before the league's largest paid attendance, 2,166 delighted happy fans.

It was Players Appreciation Night and no one could have nixed a more appropriate time for this year's big one. The win put Orlando three full games ahead of the Islanders with 11 games left to play.

The speedy offensive nucleus contributed a total of \$162.75 which the Senators will split among themselves. An earlier announcement listed a higher total but the mistake was corrected.

sored by the Orlando Jaycees Greater Orlando Chamber of Commerce and Orlando Retail Merchants Association.

been recovered by FBI agents at Simons' home where it was found in a glass vial buried under his house.

Los Alamos while he was in the Army, from August, 1944, to March, 1946. Following his discharge from the Army, he was employed as a civilian by California University in the metal production division at Los Alamos between March and July, 1946.

covered, that he simply wanted to "get a souvenir."
The Justice Department said arrangements had been made for a prompt arrangement of Simons before a U. S. commissioner in Denver on the charge of illegal possession of fissionable material in violation of the 1946 Atomic Energy Act.

Nurse Tells How Hadacol Was So Helpful To Her

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape.

pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron, and Nicotin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form
There's a very good reason why HADACOL comes in special liquid form. These previous Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'
After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Nicotin?

What HADACOL did for Mrs. Adele, it can do for you if you're suffering from neuritis aches and pains, nervous disorders, insomnia, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for?
Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee
HADACOL even helps build up the hemoglobin of red blood cells (when iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—burdened to yourself and your family—when relief may be as close as hand as your nearest drugstore? This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50.

Korean War

(Continued From Page One)
The Reds had shoved 90,000 men—nine divisions—against the Allied defense line.

For the third straight night the North Koreans tried to push elements of three divisions down the same road to Taegu.

American tanks and men stopped them 12 miles north of the city.

AP correspondent Don Whitehead with the Americans north of Taegu said infiltrating Red snipers and machinegun fire pinned down troops and correspondents along the mountain road.

The two-hour tank battle, pitting big American Pershing against Russian made T-34s, blazed in Tuesday's early morning darkness.

Four 45-ton American tanks caught nine 32-ton Russian-built machines on the same road the Reds have tried to come down three straight nights toward Taegu.

The tanks blazed away at 300 yards.

Capt. Otis D. Saum of Waterbury, Conn., in command of the U. S. tanks from the 73rd Tank Company, said U. S. guns knocked out the second tank in the column with a shell through the right front track.

"Then we got a hit under the turret of the leading tank," Captain Saum said, "and it was set afire by the white phosphorus shell."

The tanks hammered at each other, Saum said, with American artillery joining in the battle.

U. S. tanks got two of the Red tanks and artillery got the other two. That boosted the number knocked out immediately north of Taegu in three days by the Americans to 10 Russian-made tanks.

All the American tanks escaped serious damage.

On the blazing southern front the U. S. 25th Infantry Division and the 5th Regimental Combat Team from Hawaii held firmly astride the bloodstained road to Pusan, 35 miles to the east.

The 25th Regimental Combat Team Tuesday drove a numerically superior Red force from a commanding ridge near Chungnam, four mounding ridge near Chungnam, four board village of Human.

Team stormed up the steep Sobok hills near Tundok, just south of Chungnam.

Negro troops of the 24th infantry regiment retook nearby "Battle Mountain" for the fifth time in four days.

That straightened out the American battle line.

AP Correspondent Stan Swinton in a dispatch timed after the U. S. 8th Army communique at 8:10 P. M. Tuesday said recapture of the mountain won back for the Americans all the ground they had lost Monday.

The 8th Army communique had said the Reds were attacking the Fifth Regimental Combat Team and the Negro fighters were trying to retake their former positions.

North of this fierce action, the battle-weary U. S. 24th Infantry Division dug in along the winding Nakdong River's east bank.

Further up the river the U. S. First Cavalry Division lobbed artillery shells at a Communist supply and troop buildup on the Red's west bank of the river.

East of Waegwan, on the curving central front, the South Korean First Infantry Division advanced in the mountainous country between Mangjong and In-dong.

One South Korean patrol knifed a mile and a half into enemy territory. It disabled one Red tank and three artillery pieces and saw five disabled Red tanks and 20 dead.

The 30-mile arc from this battle zone to the Allied drive forward north of Pohang, No. 2 Allied port on the Sea of Japan, was quiet. But Red forces were there and their feelers were noted by Allied troops all along the line.

Stiffening resistance was felt where the South Korean Third Infantry Division pushed to a point nine miles north of Pohang.

The South Korean Capital Division, in a parallel drive, knifed northward above Kigye, nine miles northwest of Pohang, against artillery and mortar fire echoing from mountain battlefields.

Most Allied battle plans called for advances along the line. Elsewhere, the Allies waited for the long expected Communist offensive.

AP Correspondent Bill Shin reported South Korean Marines aided by United States Air Force men

Rail Strike

(Continued From Page One)
gan Monday, when the rail terminals at Cleveland, Louisville and Minneapolis-St. Paul were shut down. Today, vital short-line railroads at Pittsburgh and Chicago, were struck by the trainmen and conductors.

The Cleveland and Chicago strikes hit heavily at basic steel production in those areas, cutting 35,000 tons a day from output of Republic and Carnegie-Illinois, firms which were unable to continue operations without rail service. With military demands for steel rising sharply because of

were cleaning out Red forces that tried to occupy Kofu Island south of Chinhae, six miles southeast of Masan. Chinhae is a naval base.

Lt. Comdr. D. C. Holly, American adviser to the South Korean Navy, said flights of United Nations planes were made Monday and Tuesday from the Tongyong area, below Kosong, occupied last week by South Korean Marines.

The South Korean amphibious force was trying to link up its position with the U. S. 25th Division west of Masan.

ANTI-RED LAW
CLEARWATER, Aug. 22—(AP)—Card-carrying Communists must register here by 8:25 P. M. tomorrow or go to jail.

A city ordinance calling for registration of Communists was passed last night by the City Commission at 8:25 P. M. The law gives Communists 48 hours to sign up.

Legionnaire Says Russian War Certain

UMT Demanded While Congress Votes Cash For Rivers, Harbors And Paper

WASHINGTON, Aug. 23—(AP)—A representative of the American Legion told Congress today that he regards war with Russia as inevitable.

Earl J. Cooke, Jr., chairman of the Legion's National Security Commission, made the statement in urging speedy enactment of Universal Military Training.

"How soon we begin mobilizing to meet this conflict that is sure to come will measure our chances of survival," Cooke said in a statement given to the Senate Armed Services Committee.

"The lords of the Kremlin have repeatedly stated that a Communist government such as that in the U. S. R. cannot exist so long as there is a capitalist United States of America.

"If we are going to survive in terms of the present international crisis, it will have to be by meeting our responsibility to have available for immediate call a large reserve force of well trained men in all branches of the service."

Cooke said that if UMT had been in effect five years ago, "we would not have had the present conflict" in Korea. Also, he said, "we would have had no Russian incidents" similar to the ones we have had in recent weeks.

Cooke said, too, that the present system of selective service—which he described as a necessary adjunct to UMT—will be with us as long as we have a democracy, "I am convinced."

The committee ended public hearings on the bill after hearing from Maj. Gen. Lewis H. Hershey, having been selective (Continued on Page Three)

Seagrave Held

HELD FOR QUESTIONING AT RANGOON, Burma, is Dr. Gordon Seagrave, U. S. medical missionary and ex-lieutenant under Gen. Joseph Stilwell. Seagrave and his Karen nurses were in the American march out of Burma in 1942. It is reported that his arrest grows out of his long and helpful contact with the Karen tribes, now in revolt. (International)

Large Army In Germany Considered

Strong West German Police Force With U.S. Reinforcements Seen As Possible

FRANKFURT, Germany, Aug. 23—(AP)—High American officials disclosed here today that the United States is considering a build-up of its armed forces in Germany to bolster the defense of West Europe against possible Communist attack.

Discussions are now going on in Washington, the officials said, on how many more troops should be sent.

Washington also is discussing the possibility of acceding to West German Chancellor Konrad Adenauer's demand for a well-trained police army to counter the Russian-sponsored "People's Army in East Germany. Details of the strength of such a police force are now being worked out, the informants said.

American officials were said to favor wholeheartedly the proposed reinforcement of the U. S. occupation forces here.

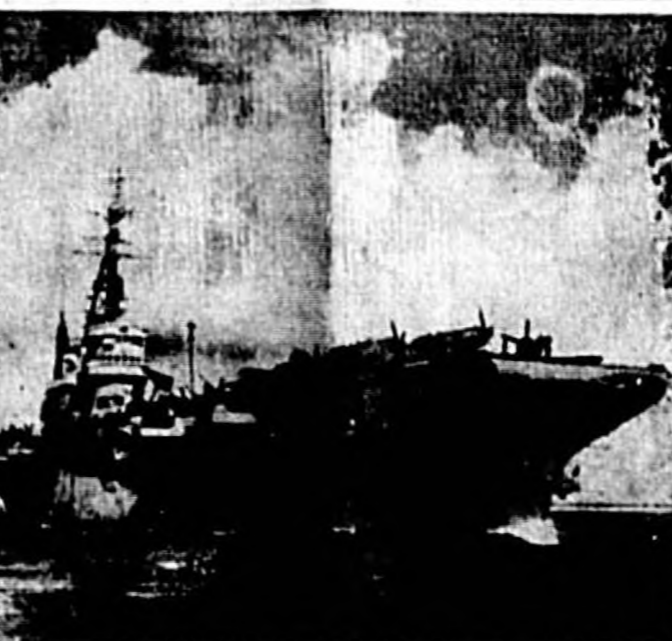

They point out that the Russians have an estimated 20 or more combat divisions, numbering about 300,000 men in their East German zone, making up part of the 60 divisions they are said to have in Europe.

The Americans, British and French together have a total of only five combat divisions, plus service troops in Germany. The American contingent now numbers around 100,000 men.

In Paris a foreign office spokesman said France is agreeable to reinforcing the West German police force in Germany, but still is opposed to creating a German Army or using German industry for arms production.

Socialist Leader Kurt Schumacher (Continued on Page Three)

British Carrier Bound For Korea

EN ROUTE TO THE FAR EAST to take part in naval operations in Korean waters, the British aircraft carrier Hermes leaves Portsmouth Harbor behind as she heads seaward, her deck bristling with planes. British troops were also on their way to Korea from Hong Kong. (International)

Rok Soldiers Integrated With U. S. Troops On Naktong Front

KOREA—(AP)—There are some hardy Rok soldiers with Irish monies rattling around with the U. S. infantry, thanks to South Korean patriotism and a few GI candy bars and cigarettes.

Allied Republic of Korea troops are called Rok in official United Nations releases.

But many Roks joining up with the American troops to fight the Reds are given Irish nicknames as well. Kiv Hwan, for example, is known as "The Irish of the East."

More and more Roks are being incorporated into American fighting units on a volunteer basis.

The South Korean rookies proudly wear their Irish nicknames of Gibraltaring on white cloth badges pinned to their uniforms for identification purposes.

And they answer to them at roll call in the first battalion of the U. S. 7th Cavalry Regiment.

Tom Kim Hwan, now may be known as Kim O'Toole or a Kelly and Hak Choo Kang answers by the name of Ryan O'Killy in the second unit of the 7th Cavalry.

But they are first class fighting men in "Clan O'Flinters," battalions commanded by Lt. Col. Peter H. Clancy of Manchester, N. H. His men are known as "The Elmer of the Western Front" because of their emergency rides to aid in the defense of the Allied Naktong River defense line.

The Eighth Army has underway a program to integrate South Korean soldiers with each unit. (Continued on Page Two)

Decisive Commie Push Expected In 48 Hours By Defenders Of Taegu

No Solution To Rail Dispute Is Expected Soon

Canadian Rail Strike Continues In Force; Parliament Called

WASHINGTON, Aug. 23—(AP)—The White House reported "no progress" today in new talks aimed at settling the long-drawn dispute on the nation's railroads.

After futile discussions this forenoon, President Assistant John R. Steelman called union and management officials back for another round of conferences later in the day.

Negotiators for both sides continued to remain aloof, balking at Steelman's efforts to get them together around the same table. They met in separate rooms, with Steelman shuttling from one group to the other for nearly two hours.

However, there was an ominous prospect of a nation-wide strike. In a surprise move last night the unions voluntarily promised a moratorium "for the time being" to keep their five-day strike without from proceeding to a nationwide proposition.

The general election in Canada continued today. With its rail and telegraph services paralyzed, Canada was spending the start of a special session of Parliament called to deal with Korean war problems, as the strike may receive early attention by legislators.

In the Dominion, direct negotiations between the strikers and a representative of 17 strikers' union were at a standstill. Employees on strike numbered 124,000 and another 300,000 workers, including members of the operating unions, were made idle.

Trainmen and conductors have caused five-day shutdowns of the Cleveland, Louisville and Miami railroads and terminals and tied up the steel-hauling Pittsburgh and Lake Erie route at Pittsburg and the Elgin, Joliet and Eastern line at Chicago.

The Canadian strikers are setting a work week reduction from 40 to 30 hours without pay loss and wage rates. The 10-hour week is an issue in the U. S. dispute, toward service training, and all members of both unions are setting increased pay offers.

(Continued on Page Three)

Taegu Toehold

Enemy Infiltrators Hurred Back North Of Vital Railroad And Supply Center

TOKYO, Thursday, Aug. 24—(AP)—Doughboys drove back vanguards of 50,000 Red Koreans pressing down from the north against Taegu on the Korean central-western Wednesday.

A combined American-South Korean attack was hurled at North Korean flanking infiltrators at dawn. Some Reds had penetrated within eight miles of Taegu.

The heaviest fighting on the whole 120-mile long Korean battle-line was on the American right flank before Taegu.

A breakthrough by Red forward elements would unleash five Communist divisions, for a drive on Taegu, 12 miles to the south of the bloodiest fighting.

A big push for Taegu was considered imminent but there was no official mention of it at headquarters. General MacArthur omitted his early morning war summary, a usual indication that the situation is generally unchanged.

On the Taegu front troops fought over a 100-yard-wide narrow front. The guns and planes poured deadly fire into the narrow zone and casualties were believed to be heavy.

The Reds brought out hoarded tanks but kept them out of range. They lost 11 of them in four days' fighting before Taegu.

Col. John Michaels, commander of the U. S. 28th "Wolfhound" Regiment, said he expected the opening phase of an all-out Red drive on the Taegu supply and rail hub was near at hand Wednesday.

AP Correspondent Don Whitehead at the front quoted Colonel Michaels as saying: "The next 48 hours could bring a decision. If we can stop them, we will break the back of this drive."

AP Correspondent Tom Lam (Continued on Page Three)

Pvt. Yankow Black-jacketed And Held As Prisoner 4 Months

BERLIN, Aug. 23—(AP)—A tall, steady-eyed American soldier told a story today of being black-jacketed in West Berlin and slung into four months of Russian camp captivity.

Pvt. Alfred W. Yankow, 27, of Tampa, Fla., told correspondents he was shuttled from one Russian or German interrogator to another singled out for such treatment.

Repeated U. S. Army requests to the Russians for information on the missing Yankow finally effected his release through the Soviet Kommandatura in Berlin Aug. 14. He was absent from his title company since April 7.

Yankow came back with only (Continued on Page One)

State Patrolman Urges Meter For Proving Drunks

Need of a drunk-meter in order to determine the degree of intoxication of persons charged with this offense, and especially drunk drivers, was today stressed by State Highway Patrolman R. H. Harrison. The meter could be kept at either the Police Station or Sheriff's office, he said.

The efficiency of the drunk-meter has been recognized by the State Supreme Court, he stated. "We had a drunk-meter here, the judge would be bound to instruct the jury as to what the drunk-meter showed."

He expressed the opinion that if a sign of drunken drivers—the jury shows too much sympathy for the defendant.

In one case recently, he said, two highway patrolmen testified that they had found a driver drunk, and the driver, in turn, maintained that there was no one patrolman at the scene of the accident. In addition, the driver had been unable to turn the lights of his truck on. The jury found the driver not guilty of being drunk.

Patrolman Harrison suggested that some civic organization set behind a movement to secure a drunk-meter here.

Leshner Employed As Assistant At Chamber Meeting

Lee R. Leshner was employed last night by directors of the Seminole County Chamber of Commerce to serve as an assistant to Edward Higgins, manager. Compensation was set at \$250 a month. W. A. Patrick presided.

Mr. Leshner has done considerable work for the Chamber of Commerce in the past and last winter was in charge of the Seminole County Exhibit at the Central Florida Exposition at Orlando. Among other services, he served as committee chairman in charge of the recent census check in Seminole county.

As assistant to Mr. Higgins, Mr. Leshner will be in charge of the tourist activities during the winter season, will be in charge of a housing survey, and will aid in other general activities.

Among those present at the directors' meeting were Sam Martin, George Touhy, Homer Gibson, W. G. Kilbee, Lew Arnold, James Ingley, H. B. Pope, A. J. Cliff, Clifford McKibbin, John G. Coleman, Andrew Cartaway, H. James Galt, Roland Dean, W. V. Bittling, L. E. Boyd, John Lee, E. G. Kilpatrick, Jr., Claude Melson, J. H. H. W. A. Morrison. (Continued on Page Three)

Game Commission Votes To Continue Every Day Hunting

TALLAHASSEE, Aug. 23—(AP)—The United States Game Commission stepped out of a new fight among sportsmen and back into another one today.

The five-man board voted to continue its decision to permit hunting every day during the fall and winter seasons, except perhaps in the Ocala National Forest and the Gulf Hammock Preserve.

Surveyors were ordered to determine whether there should be hunting days in the two reservations. About 20 Central Florida sportsmen clubs had demanded staggered day hunting in their whole area, if not the entire state.

There was no immediate indication whether the sportsmen support the Commission's final action.

There was little prospect, however, that sportsmen would accept a recommendation of the Game Commission's chief fisheries biologist that commercial fishermen be allowed seine for beam and crapple in Lake Okechobee and the St. Johns River.

He recommended retention of the prohibition against taking black bass in nets.

Director Coleman Newman of the Game and Fresh Water Fish Commission didn't even endorse the recommendation, filed by Biologist John F. Dequine after a two-year survey of the big fresh water bodies.

Contract Is Let For Addition To Longwood School

The \$28,826 contract to build out a two room addition to the Lyman School at Longwood was awarded yesterday to Paul Campbell, sole bidder, after the County Board considered the bid reasonable and in view of rising prices of materials, decided to go ahead with the work, said Supt. J. W. Lawton this morning.

The conditions require at least three bids and therefore it was necessary to secure the permission of the State Department of Education before awarding the contract, said Mr. Lawton.

The board bid for a central heating plant for the school. (Continued on Page One)

Washing His Face Comes Naturally To Jiggs The Ape

Small boys and girls who have to wash their hands and faces in the morning should take a lesson from Jiggs, the monkey ape at the Zoo. Jiggs said Zoo keeper, David, likes to wash his face and hands every morning, using the water from the hose. He cheerfully dries his face with his hairy arms in order to look presentable to visitors.

During the hot weather, Jiggs also likes to take showers. Since the boys had to be used to clean up, Jiggs' example has been all the more helpful.

Yesterday Mr. Davis and J. J. Walker had a fine getting the hose away from Jiggs, who grabbed it and started pulling on it. When they fought, he ran away from him, he went into his corner and walked as any other 12-year-old might.

Jiggs is trying hard to get used to the baby formula he gets in the next cage, by considering it gets entirely too much attention especially at feeding time. His favorite diet is Wheaties and raisin bran flakes.

Children are asked to give Mr. Davis a name for the baby monkey. On account of the generation due to the late Maegle, this name is no longer acceptable, but nice names submitted will be considered.

Two New Members Are Inducted Into Local Lions Club

Two new members of the Lions Club at in October the Lions Club will celebrate the anniversary of its founding. Lions, their wives and charter members of the original club, together with Lions from neighboring cities will be invited. Cecil Carlton is head of the committee in charge of arrangements. Other members are W. O. Livingston and Henry Witte.

Plans were announced for holding several meetings at night during the next several months. The first of these meetings, including a steak supper, will take place on the evening of Thursday, Sept. 7, at the home of John Ivey.

The publicity value of 500 cards with pictures of the Sanford Lion at the Zoo, was stressed by President Robson. C. C. Welsh is handling this program. The post cards will be used by the Club and members in correspondence.

John Kader will head the Lions Blood Bank committee, said Lion Robson, and will work out a program in securing donors.

Jack Morrison reported that membership of the Lion sponsored explorer troop of Boy Scouts was inactive during the summer months, but added that the troop will reconvene in 60 days. He asked members to attend BIR foot-ball games to determine the "best blocker" eligible for a trophy to be presented by the Lions.

Dr. Hamilton Holt Selected By Demos As Representative

WOODSTOCK, Conn., Aug. 23—(AP)—Dr. Hamilton Holt, retired president of Rollins College who recently celebrated his 70th birthday, has been nominated by Democrats for one of this town's two seats in the Connecticut house of representatives.

At last night's town convention the Democrats also nominated another scholar in their effort to break the hold Republicans have had on this town's affairs since Civil War days.

He is Dr. William Lonsdale Taylor who is in Burma on a temporary assignment with the United States Air Force there.

Had it not been for the war in Korea he would be lecturing now in Seoul, having been elected to leave of absence from the faculty of Dickinson College for that purpose, and received State Department permission to make the trip.

He is chairman of the Department of Political Science at Dickinson College.

Dr. Holt, who was Democratic candidate for the United States Senate from Connecticut in 1924, today was appointed to the executive committee of the Independent committee for the reelection of Governor Chester Bowles.

He was founder of the League to Enforce Peace.

Most Ins Stay In As Result Of 54 Primary Contests

By ASSOCIATED PRESS

In primary elections in three states yesterday, most of the "ins" stayed in, or with the vote still being counted, looked likely to win their races for re-nomination.

In all, candidates were picked for 54 House seats in New York, Mississippi, Wyoming and Delaware.

Party conventions Sept. 6 and 7 will name New York's candidates for governor and U. S. senators.

Only five out of New York's 45 congressmen faced opposition in yesterday's balloting.

Winning re-nomination were veteran upstate Republicans W. Sterling Cole of the 39th district and Charles E. Kilburn of the 34th, and Democrat Louis B. Heller of the 7th in Brooklyn.

Democrat Joseph L. Pfeiffer, who has represented Brooklyn's 8th for 16 years was defeated by a political reformer, attorney (Continued on Page One)

New York Celery In Good Condition, Reports Guthrie

Shipment of celery has started in New York State, average normal and the crop is in good condition, B. H. Guthrie, who is associated with W. T. Whitehead, produce dealer, at Newark, N. Y., wrote The Herald yesterday.

"To mid-August the weather has been mostly cool and fine," he stated; "we wear sweaters in the daytime and use light blankets at night. It was dry until yesterday when the region got a good, heavy rain. We got some hail, too, both here and throughout the farm belt northward between Newark and Lake Ontario. No reports of crop damage so far, but some are likely."

"Celery acreage is normal or above, and the crop has been in good shape up to now. Shipping opened slowly from the early ground, all celery going to the Eastern seaboard terminals or Southern markets. Most of the latter are already over-supplied with heavy Michigan movement at buoy some (naturally) preferred New York celery."

"Prices are weak almost everywhere, due to plentiful supplies. Also, to some extent, too many people are disturbed by the disordered political and international situation and have been buying up goods they fear they can't buy much longer. This takes a lot of money out of the local trading markets."

"We expect improvement in late August or early September."

Strikers Go Back To Work For Telegram

NEW YORK, Aug. 22—(AP)—The 10-week strike against the New York World-Telegram and Sun ended last night and the newspaper said it would start publishing again next Monday.

Striking CIO American Newspaper Guildmen voted 970 to 90 to accept a two-year contract worked out Saturday.

Picketing that closed the plant when the strike began June 18 stopped immediately after the vote. The management issued staggered back-to-work orders, starting tomorrow, to prepare the big afternoon daily for its reappearance.

Both sides claimed gains in the compromise settlement.

CIVIL AIR PATROL

The Civil Air Patrol will meet tonight at 7:00 o'clock at the Municipal Airport Hangar. A short practice in radio code will be directed by C. R. Dawson, following which a report will be given by cadets who attended the encampment at Warner Robbins Air Force Base during the past two weeks.

A meeting of senior C.A.P. members will be held at 8:00 o'clock to further discuss lessons plans and radio communications. Plans also will be discussed on procedure in the event the emergency is called upon for air and sea rescue missions.

Work Is Started On New Gulf Station

Work has started on erection of a \$15,000 Gulf Filling Station at Sanford Avenue and First Street opposite the Tourist Center.

The station will measure 28 by 45 feet and will be of concrete block construction and will have a built up gravel roof.

A steam shovel was today excavating ground for the four gasoline tanks which will each have a capacity of 2,000 gallons.

This is the second Gulf Station which J. Bralley Odham, Gulf distributor, has erected here during the past year. The other new station is at Park Avenue and Thirteenth Street.
