Ten Per Cent In Freight Rates on Farm Products

Carriers Make New Proposal to Interstate Commerce Commission

WASHINGTON, Nov. 24.—A ten per cent reduction in carload freight rates on farm products, coupled with reduction in railroad wages, was proposed by the carriers to the Interstate Commerce Commission yesterday as a substitute for the order of the commission dated October 20, reducing rates on hay and grain shipments.

The suggested reduction on car load shipments would cover grains, hay, cotton and cotton seed and its products, except meal and oil, citrus and fresh fruits, live stock and dairy products. The scope of the proposed cut in wages was not indicated, the statement merely saying that "the benefits of the reduction thus obtained," from the Railroad Labor Board shall be passed to the public in reduced rates.

DON'T NEGLECT LIVE STOCK

GAINESVILLE, Nov. 25.—It is poor economy to neglect livestock during the winter in the opinion of Prof. J. M. Scott, of the Florida Experiment Station. Livestock left to rustle for their own sustenance during the period of the year when pasturage is insufficient, become stunted and can never again regain their health and vigor they lose, he said.

MAKE SHIPS FROM WARRIORS IS LATE DOPE

NEW BATTLESHIPS COULD BE CONVERTED INTO LINERS

WASHINGTON, Nov. 25.—American officials are giving some thought to the possibility of salvaging as non-combatant naval or as commercial craft the three new battleships now afloat, but which would not be completed under Secretary Hughes' naval limitation and reduction plan.

It is possible, shipbuilding experts asserted yesterday, that the Colorado, Washington and the West Virginia could be converted into serviceable liners for commercial purposes only. The manner in which battleships are put together, it was said, would make this a mechanical possibility without undue expense.

As to the possible commercial value of the battleships after reconstruction, it was stated they might be turned into passenger or cargo carrying ships by the removal of armor belts, guns and turrets and would have an economic speed of perhaps sixteen to eighteen knots. There is a lack of ships of this class, it was added, in the existing American merchant marine.

JURY DRAWN WITNESS ARE NOW HEARD

Lena Clarke-Millmore Murder Case on at Orlando

THE FIRST WITNESS

CALLED IN TRIAL THAT HOLDS SOUTH FLORIDA'S INTEREST

(By The Associated Press) ORLANDO, Nov. 25.—The defense got in testimony in trial of Lena Clarke, and Baxter Patterson today that the woman refunded and otherwise recovered all but a few hundred of the \$32,000 alleged to be missing from the malls.

The jury which will try the two for their lives on charges of murdering Fred P. Millmore is composed of E. C. Canada, A. P. Whitman, L. J. Jacobs, Bryant Hodges, A. C. Rollins, J. O. Welch, J. B. Redditt, J. R. Rauss, H. B. Osteen, D. O. Cole, T. J. Kenney and A. M. Hancock.

Rev. and Mrs. A. T. Clarke, aged parents of Lena, listened attentively to the reading of the charges against their daughter yesterday. It required ten minutes to read the lengthy indictment.

Judge Andrews then instructed the jurors as to their conduct, especially enjoining them not to read the newspapers. Court was adjourned at noon yesterday until 2:45 when the taking of testimony was begun.

Testimony in the case of Lena Clarke and Baxter H. Patterson began yesterday afternoon at 2:45 when Carey Hand, the first witness for the state, was called to the stand. Court adjourned shortly before 6 o'clock after three state witnesses had testified and W. P. Brannon, United States Postal Inspector, called to the stand by the state, had testified before Judge Andrews with the jury excused from the room in order that the admissibility of his testimony regarding a confession made to postal inspectors by Lena Clarke in the Orange county jail, might be passed upon by Judge Andrews before it was given to the jury.

Miss Edna Johnson, the registry clerk at the West Palm Beach postoffice, was called next. The two empty money bags found beneath the dead body of Millmore, stolen from the mail pouch at West Palm Beach and containing \$32,000, were identified by her as the ones she had placed in the pouch on the afternoon of July 26 under the registered number of 976, recorded by the U. S. rotary lock. She testified that Lena Clark had been in the office at the time and to the fact that the pouch had been unlocked by Miss Clarke and had a registered letter added to the contents, the rotary lock registering the number 977. She appeared reluctant in her testimony and the state's attorney asked her if she had talked with King, an employee of the postoffice and a friend of Lena Clarke's, since her arrival in Orlando. She replied that she had but denied that she had talked of the case about which she was to testify. She was then dismissed.

W. P. Brannon, United States postal inspector, after the two witnesses precede him, gave her court a concise and straightforward testimony. His Irish humor was with him every moment he was under the fire of the state and defense. His testimony tended to establish clearly the system

HELP YOUR POSTMASTER THRU THE CHRISTMAS RUSH BY FOLLOWING RULES BELOW

Not Made by Department But Suggested to Expediate Matters

Postmaster General Hays has sent out the following suggestions to postmasters and the public regarding Christmas mail:

Very soon it will be time to put our several houses in order and get thoroughly organized for the Christmas rush. I shall welcome information concerning any original or unique methods that have worked out practically in the expeditious and economical handling of Christmas mail in the different offices of the country.

A rather novel idea was put into practice in one of our offices last Christmas which I think might work out successfully in other cities of the country to the end that a more expeditious and economical clean-up of the vast volume of holiday mail might be effected.

This practice was put into operation four days before Christmas and continued until the day after Christmas. Reports indicated that it provided the cleanest, fastest and cheapest delivery on record at that particular office. It is particularly advantageous in the colder regions owing to the fact that vehicles are slowed up on account of the cold.

Please urge the public to desist from using mail size cards and envelopes which are common at the Christmas period. We hope that the stationers will not stock up on these small sizes. An untold amount of time is used in canceling such mail by hand, as it will not use through the canceling machines which are built to cancel the proper sizes of envelopes at the maximum rate of 50,000 an hour.

In this connection we appeal to the women especially to avoid stylish forms of handwriting, "Debutante stuff" as one postal worker calls it, and use instead a plain if, not so pretty handwriting.

Postmasters will be granted permission to offer to the public facilities for wrapping and tying packages previous to the Christmas rush. It is suggested that a concession be given to someone who will take space in the lobby and give courteous and proper attention to the needs of the public, charging a reasonable amount for his services and materials used.

TY COBB'S CLUB AT BOTTOM OF LADDER

San Francisco, Nov. 24.—Ty Cobb's San Francisco baseball club this week is at the bottom of the California winter league percentage column and it is rumored that the Detroit leader is planning to enlist the services of several major leaguers to strengthen the club.

15 DRIVERS ENTERED IN AUTOMOBILE RACE

Los Angeles, Nov. 24.—Fifteen drivers have entered the automobile race—termed an "international championship" contest—to be held today at the Los Angeles speedway at Beverly Hills. The distance will be 250 miles or 200 times around the mile and a quarter track. Prizes totalling \$25,000 will be given, in addition to point awards, which will count in the contest for the championship.

CALIFORNIA WINTER LEAGUE NOT POPULAR

When the winter league of baseball was proposed by California promoters, the major league magnates did not view the idea with favor. It was said that efforts might be made to prevent star players from going to the coast after the close of the major league season. However, when stars like Cobb, Sisler, Hornsby and Heilman said they had accepted contracts, the magnates held their words. The promoters, however, failed to get some near stars, and it is said the fans out there, now that they have seen the quartet of big leaguers, have had their fill. Football and other attractions have so cut into the attendance, that the league may not be able to weather the storm. It is a cinch it will not be in the field next year.

WESTERN SOUTHPAW SIGNED BY ORLANDO

Springfield, Mo., Nov. 24.—"Big Hippo" Hodges, the hurling ace of the Springfield team of the Western Association, has been drafted from the local team by the Orlando, Fla., team of the Florida State League, according to an announcement made by the officials of the local organization. This is believed to be the first player drafted from the Western Association this season. Hodges will report to Orlando at the beginning of the 1922 training season. Springfield is to receive \$500 for the big hurler in accordance with rules governing drafts on the part of C teams, such as Orlando, on teams of D class, where Springfield is classified. The big southpaw was to have gone to Rochester, N. Y., of the International League next spring for a tryout but the deal was never closed. Hodges was one of the leading hurlers of the Western Association winning more than 20 games for Springfield and holding the season's knockout record by fanning 13 men in one game. His batting and base running were rather weak but he was improving wonderfully in both these respects when the 1921 season closed. His dependability was due to his "smoke" ball and his excellent control.

SPEAKING OF TRICK PLAYS; ABSORB THIS

Trick plays always add a thrill to football. Glenn Warner, when in charge of the Carlisle Indians, always had the "Braves" doing something out of the ordinary. Since taking charge of the University of Pittsburgh athletics, Warner has continued to pull something different every now and then.

Here is the story a former eastern college star tells and it makes good reading. Possibly it was pulled successfully. However, a lot of officials would have ruled against the play, on the theory that action was suspended during the making of the protest. Here is the story as told by the former star who coached a small team in the west last year:

"My quarterback, whenever he saw fit, would complain to the referee, that the opposing team was offside, or holding and therefore deserving of a penalty. Of course, the official would take no heed of his plea. Then the player, apparently quite perturbed, would decline, 'All right, I'll take the distance myself.' Accordingly, he would begin pausing off the yards, and once clear, would start and sprint for the goal. My team got away with it a half dozen times during the season."

What do you think of that?

Their side of the case has been getting a great deal of publicity in one of the Jacksonville papers seems to lose sight of two important facts.

The first is that the game last year between Duval and Gainesville was just as much of a championship game as the one this year and it was played on Duval's gridiron without question of any kind. As a matter of pure sportsmanship turn about is only fair play.

The second fact is that the U. of F. was designated by the F. H. S. A. A., at the last meeting of the board of directors as the place where all championship games should be played.

The Gainesville authorities have officially declared that they do not care to play any other place as it is up to Duval. If their team is only one-

CONVERSATION RULED OUT.

SAN FRANCISCO, Nov. 24.—Attempts by attorneys for Roscoe C. Arbuckle to have Dr. Olav Kuorikoski, first witness for the defense, to detail a conversation with Miss Virginia Rappe and Mrs. Bambina Maud Delmont, who he said was with her, were ruled out on objection of the prosecution in Arbuckle's trial on a manslaughter charge in connection with the girl's death. The physician, who attended Miss Rappe after the party in Arbuckle's rooms, testified he asked her if she was injured and she turned her head in a manner he took to be a negative manner. He observed no expression of pain on her face and an observation revealed no special injuries to her body, he said.

EIGHT PAGES FOR ONE FIRM

Some time ago the Tampa Tribune and Tampa Times were patting themselves on the back on account of the fact that two firms of that city had special editions—one of forty pages or more and one of twenty.

However, today the Daily and Weekly Herald contain eight complete pages for a live Sanford firm—Perkins & Britt—and the difference between our special and others is that the eight pages contain nothing but Perkins & Britt advertising and firms with whom they are dealing and the reading matter contains nothing but items of news relative to Perkins & Britt.

The Herald takes pride in the fact that Sanford has such an enterprising firm as Perkins & Britt. It takes nerve, it takes time, it takes intelligence, it takes money, it takes worry, to compile eight pages of a newspaper of this nature and to Perkins & Britt are extended our felicitations upon their enterprise.

To a newspaper such a campaign means more than one can estimate. It brings to the newspaper a certain prestige and the accompanying notice from the press and from the public.

SANFORD IS GROWING

People who have been away for a few years and come back to Sanford find much to the credit of the city in many ways.

And last our location at the head of navigation means something to the city. Our many advantages here in the heart of the trucking section of the South are calling attention to those who have money to invest.

The city is improving and the attention of capitalists is being directed to Sanford. We have the goods and it will not be difficult to sell them.

FORREST LAKE STATES HIS POSITION.

To the Voters of Sanford:
It has come to my attention that efforts are still being made to have the people believe that if elected City Commissioner I would disrupt our present form of government.
Now nothing could be further from the truth than such propaganda, for the following reasons:
First: I will be only one of three commissioners and could not do any act without being joined by one or more of the others.
Second: The City Commissioners cannot under the law abolish the present charter, even though they all combine.
The city charter can only be changed by an act of the legislature, or by a vote of the people themselves.
Furthermore, I have no desire to upset the present form of government, as it is the substance that counts in anything, and not the form. However, there can doubtless be some improvements made in the present charter as has already been demonstrated, for example, the present method of nominating candidates; but such improvements are matters for the legislature, or for the people themselves, and cannot be effected by the commissioners.
I believe that the administrative affairs of the city can be run on a more economical basis than is being done at present, and at the same time, with greater efficiency, and if elected I shall work to that end.
I believe that the law requiring a budget for each fiscal year's revenues and expenses should be rigidly followed, and that the administrative affairs of the city should be conducted on that basis.
I have made no statement or promise of what I shall do if elected, and shall not do so, except such public statements as may be published over my signature, as is this one.
Sincerely,
FORREST LAKE.

### DANCE AT VALDEZ.

The dance given Wednesday evening at the Valdez hotel by the Warren-Wright orchestra of Cleveland was a very delightful affair and was well attended both by the home people and numbers of others from Orlando, DeLand, Eustis and other places in the neighboring counties.

### THANKSGIVING BREAKFAST

Sanford Council K. of C. entertained all the men of the congregation at a communion breakfast after the 7:00 o'clock mass Thanksgiving morning, in the Knights of Columbia Hall.

All men attended communion in a body at the seven o'clock mass returning to the K. of C. hall for breakfast which had been prepared and was served by the Catholic ladies.

Grand Knight Charles L. Britt presided as toastmaster and many good talks were made by the different men. Special mention and thanks should be made to the Bel-Jar Coffee Co., who donated and served their delicious coffee.

### BUFFET SUPPER

One of the prettiest of a series of parties being given Miss Adelaide Higgins a popular and charming bride-elect of next month, was the buffet supper given Wednesday evening by Mrs. Henry Wight and Miss Sara Wight at their lovely home on Park avenue.

The two large living rooms were most artistically decorated with burnished brass bowls filled with red roses and ferns. White roses were also used in charming profusion in the living rooms and in the reception room brass bowls filled with marshall-neck roses were effectively placed.

The decorations in the dining room were elaborate and beautiful and featured the dainty color motif of white and green and lavender. The table, with its lace cover, was beautiful in its appointments, the centerpiece was a green basket filled with white roses the handle tied with lavender tulle. Around this was a wreath of Shamrocks, (the bride being of Irish parentage.)

On entering the ladies were given old fashioned corsage bouquets of roses in lace paper holders. The men were given boutonnières of roses and Shamrocks.

Mrs. Wight and Miss Wight were assisted in entertaining and serving by Mrs. LaVerne Hurt.

Miss Higgins the pretty honoree, wore on this occasion a very becoming gown of white satin with lavender tulle.

Among those enjoying the cordial hospitality of these charming hostesses were: Misses Adelaide Higgins, Miss Lettie Caldwell, Miss Zoe Manson, Miss Norma Herndon, Mrs. C. R. Kirtley, Messrs. Lucas McLeod, James Higgins, Robert Deane, Hodgson Ball, Percy Mero, Sam Yontz.

### THANKSGIVING PLAY AT THE HIGH SCHOOL

One of the cleverest programs put on by any of the schools this year was the Thanksgiving play acted out in the High School auditorium last Wednesday at chapel time. "The Meaning of Thanksgiving," an interesting drama in verse by Carolyn Wells, was well executed by the high school students who undertook it. One of the most charming features of the entertainment was the chorus work of the players, which was exhibited in a number of Thanksgiving songs. A solo part was beautifully taken by Lillie Ruth Spencer.

The cast for the play which had for its purpose the emphasis of the latter half of the word Thanksgiving, and which was produced under the direction of Miss Sara Muriel and Mrs. McKay was as follows:  
Cores—May Bella Allen.  
Pomona—Mildred Holly.  
Peace—Gayle Marshall.  
Plenty—Marie Stemper.  
Father Time—Edward Henderson.  
Mother Earth—Carrie Stanley.  
Grandfather—Frederic Rines.  
Grandmother—Margaret Cox.  
Father—Byron Stephens.  
Mother—Lillie Ruth Spencer.  
Son—William Fitts.  
Daughter—Margaret Zachary.  
Pianist—Charlotte Smith.

### SPECIAL POLICEMAN CANNOT SLEEP IN MIAMI

MIAMI, Nov. 25.—Special policemen who fall asleep on the grass of Miami's city parks lose their identity and their official accoutrements only give them the appearance of a desperado, according to Deputy Sheriff Jack Gay, who recently arrested one of his fellows whom he did not know.

The apeia policeman was basking under Miami's kindly moon, his pistol and billy lying beside him. Passersby hastened to Deputy Gay. It was apparently a case that would not permit of careless handling and Deputy Gay stealthily approached his quarry, eased away the weapons and then awakened him. The man insisted he was a special policeman and exhibited his badge but it was not until he was carried to the police station that his identity was proven and he was released.

### MARION COUNTY IN NATIONAL CHAMBER

OCALA, Nov. 25.—The Marion county board of trade has applied for membership in the Chamber of Commerce of the United States. At a recent meeting of the board it was decided that Marion county's commercial organization should make itself available for the data and information regarding the country's industry and the application for membership was authorized. Colvin Brown, chief of the organization service of the national chamber, is expected to arrive here early in January in connection with the board's application.

### FLORIDA FLORISTS FLOURISH

JACKSONVILLE, Nov. 25.—The Florida Florists Association which was organized here recently at a meeting attended by representatives of twenty-five florists throughout the state, plans to meet again next April in Lakeland for the purpose of increasing its membership. They have 200 or more members.

C. Leslie Whipp, Jacksonville, is president of the new organization; F. A. Knoll, Tampa, vice-president, and N. A. Reasoner, Ocala, secretary-treasurer. J. M. Caruthers, Orlando, and W. B. Currey, DeLand, were elected to the board of directors.

### "EXPERIENCE" ON STAGE

George V. Hobart's Celebrated Play is Picturized by Paramount

There are few better known plays than "Experience," by George V. Hobart, which was presented in New York in 1914. In George Fitzmaurice's Paramount picturization of this stage success, the story was enlarged and put into scenario form by Waldemar Young. It will be shown at the Star Theatre tonight and tomorrow.

As the screen affords greater possibilities for detail in stories than the stage, those who have seen the play will have the added interest of seeing just how the scenario has been handled. One feature which was added, much to its value, is the character of "Gloom," which does not appear in the original play. The part is the anti-thesis of "Intoxication." Mr. Fitzmaurice and Mr. Young decided that "Gloom" would add a modern touch to the allegorical play that was written before the anti-liquor law went into effect.

Added attraction will be "A Perfect Villain" a Sunshine comedy.

ABOLITION OF ALL RIGHTS IN OLD CHINA

WAS ARGUED UPON BY PRINCIPAL POWERS AT CONFERENCE

(By The Associated Press) WASHINGTON, Nov. 25.—Abolition of extra territorial rights in China by which various powers maintain their own courts for trial of their own nationals, was agreed upon in principle today by the powers represented in the Washington Arms Conference on the Pacific and Far Eastern affairs. The belief is generally expressed, however, not be surrendered immediately in view of conditions in China, but that abolition come promptly as compatible with progress of China. The committee appointed a sub-committee headed by Senator Lodge to present principle in form of a resolution.

FORMER MEMBER OF CONSTITUTION DEAD

ORLANDO, Nov. 25.—In the recent passing of John Neels at his home in Westville, Florida lost one more of the members of the constitutional convention of 1885, which framed the present state constitution. Mr. Neels, who was seventy-two years old at the time of his death, had suffered a stroke of paralysis just before the end. He had been elected sheriff of Holmes county when barely twenty-one and for eight years represented the Third district in the Florida senate. He was a Mason of high degree.

Perkins & Britt THE STORE THAT IS DIFFERENT Sanford, Fla.

GEORGIAN OWNS ALL OF MANATEE COUNTY

BRADENTOWN, Nov. 25.—All the proud landowners of Manatee county would be reduced to the ranks of renters if Sheriff Wingate were to obey orders to collect rent on the whole county and forward the money to a Georgian, according to a letter made public by the sheriff. The missive, signed "Samuel White Hawkins," and coming from Porterdale, Ga., states that all of Manatee county was given to the man whose name is signed to it by his father, "J. W. Harkness," and asks the sheriff to "remit at once without fail for that is your business."

While Sheriff Wingate announced he would file the epistle until some legal procedure was taken, the announcement regarding the letter recalled to pioneer residents that many legal tangles over land ownership have arisen in Florida in the past as a result of the policy of the state in giving land grants freely in its younger days to draw settlers. There have been several lengthy lawsuits on this account, but the sheriff and President R. M. Beal, of the local board of trade announced they did not take the present communication seriously.

Rivers Brothers are offering astonishing values for ten days in their Fall Invitation sale beginning Saturday, November 26. HARD WORK

By Dr. William E. Burton
I have heard of men working themselves to death, but I do not think I have ever known any one to do it.

I have known a good many men who had died from what was called overwork, but I doubt the diagnosis.

Work is good for men. It does not kill them, and they can do more of it than most of them do.

I believe fully that most men could do much more work and be better for it.

Work is good for body and brain. But work combined with worry kills men, and worry without work kills them faster.

I do not talk on this matter wholly as a theorist. I know what hard work is. I have earned my living with my hands. It did me good. The long, hard days which for three years I put in upon a farm have been a lifelong blessing to me.

The hours were long. Five o'clock in the morning found us up at work, and we were still at it when it grew dark. It did not hurt us. And it was not so hard but that I found time for some good reading. Hard physical labor is good for men.

And so is hard mental labor, the harder the better. Most of our work is not hard enough; it does not compel us to do our best.

But worry will kill any man who lets it prey upon him.

The man who can work and sleep and not worry will never die in the insane asylum and is not likely to die in the poor-house.

And when he dies he will not die

from overwork no matter how hard he works.

Work is a great blessing, and most of us do not do enough of it to keep us healthy as we ought to be.

No one works himself to death. And no one ought to worry himself to death.

It does not pay.

BIG SCENE IN "EXPERIENCE"

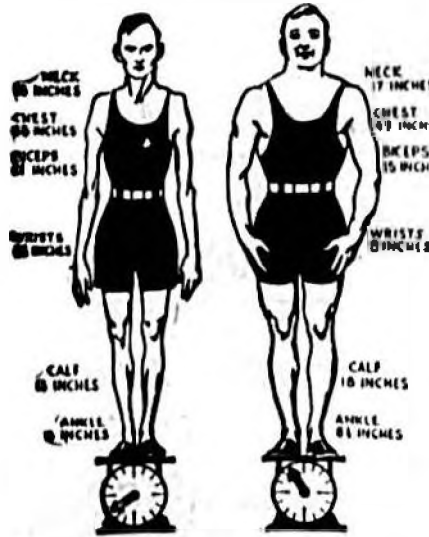

A striking effect in George Fitzmaurice's latest Paramount picture, "Experience," which comes to the Star Theatre today and tomorrow is obtained with four little girls who soar above the dancers in the "Primrose Path" cabaret and drop rose leaves on the crowd below. In this scene 500 pounds of confetti were let loose from "snow banks" above the setting. For richness of color and arresting novelty this scene surpasses anything ever done in motion pictures.

Let's see what was it they did with the beef scraps before the invention of pure pork sausage?
