## FRENCH OPERATING TRAINS IN THE DUSSELDORF REGION; GERMAN CREWS HAVE QUIT

### GRIM GAME BEING PLAYED BY FRENCH AND GERMANS ALONG THE RUHR ARRESTS FOLLOW

Any Disposition of German Officials to Refuse to Obey the French Mandates in Ruhr

(By The Associated Press) DUSSELDORF, Jan. 22.—Railroad trains in this section are running desultorily this morning, operated by French crews. The service is about ten per cent normal.

ESSEN, Jan. 22.—A grim game is being played by the French and Germans along the valleys of the Ruhr and the Rhine. For every turn whereby the French and Belgian occupation forces register a tactical or military advantage the German residents carry out a new form of passive resistance.

The day was hectic with a succession of arrests of high German industrial and post officials, quickly followed with clock-like precision by protest strikes of experts, manual laborers and other employees, who stuck doggedly by Germany's instructions to aid in nowise the invaders. The workers' council discussed with Lord Mayor Luther, the advisability of calling out some of the five thousand postal, telegraph and telephone workers in a general sympathetic strike, but the decision will not be announced until today. A large part of the forces at the various mines whose directors were arrested responded almost immediately with protest strikes and the French authorities sent additional troops to guard the mines.

The people of Essen awoke this morning to find all the private banks in the city closed because a patrol had been placed over the Reichsbank and the personnel of this institution refused to continue at their duties. Besides a number of small concerns, there are twenty large private banks in Essen.

Business men anticipate a serious stoppage of trade in case the suspension of banking continue over the coming week. Essen's larger financial institutions have unusually secure backing, it is reliably stated, and conduct many specialized dealings in stocks and bonds, in addition to the central Reichsbank in Berlin, has the Reichsbank, which is a branch of the central Reichsbank in Berlin, has an extraordinary large daily turnover on account of the concentration of heavy industry in the Ruhr. It is said that it handles at least 2,200,000 marks daily for wages of the Ruhr miners alone. Furthermore, it has the issuance of the government's legal tender and performs other functions the same as the mather bank at Berlin.

A leading official of the Essen Chamber of Commerce, conversing with the Associated Press correspondent, pointed out that the Ruhr occupation meant a considerable loss in trade already for the United States and South America exporters. He said that virtually all the land consumed in the Ruhr comes from the United States and also most of the other fats. Frozen beef is imported largely from South America and frozen pork mainly from the United States. Since the beginning of the year, when the threats of occupation became particularly marked, the prices of these commodities, as well as others, had risen by leaps and bounds. Frozen meat has increased in price more than 100 per cent and lards and fats even more than that.

The large importer, though well backed financially, have been exceedingly cautious in undertaking big contracts in these supplies during the past three weeks, especially since the mark's latest meteoric fall.

ESSEN, Jan. 22.—A general strike of the miners of the Ruhr district has been decreed effective today.

The strike decision was taken after a twelve hour session of the labor delegates here. It points to the complete defection of labor.

An ultimatum from Berlin announced that the workmen would be prosecuted and sent to jail if they transported coal to France and if miners brought it to the surface.

## FIRST SESSION ENLARGED COUNCIL LEAGUE NATIONS

WILL BE HELD IN PARIS AND MAY EXTEND AGREEMENT TO ALL POWERS

(By The Associated Press) PARIS, Jan. 22.—The first session of the enlarged council of the League of Nations will be held in Paris beginning next Thursday. One of the first questions will be whether the council shall call an international conference to deal with the extension of the Washington naval agreement to powers not represented at the Washington conference.

## Dr. Mason Is Elected Dentist Head

IN CONVENTION OF TEETH CARPENTERS AT TAMPA

(By The Associated Press) TAMPA, Jan. 20.—Dr. W. G. Mason, of Tampa, was elected president of the West Coast Dental Society and Bradentown was chosen as the next meeting place of the society at its mid-year convention to be held here June 8th. Other officers elected were Dr. H. H. Sheatz, of Bradentown, first vice-president; Dr. J. W. Kutrow, of Lakeland, second vice-president; Dr. F. L. Adams, Tampa, secretary treasurer; Dr. R. C. Wilson, Tampa, historian.

## Postal Conference at Jacksonville Largely Attended

First Assistant Postmaster General Will Make An Address

(By The Associated Press) JACKSONVILLE, Jan. 22.—The parcel post business must be divorced from the ordinary business mail service of the postoffice department and plans looking to accomplishment of this end is being worked out, according to John H. Bartlett, first assistant postmaster general who is here to attend a conference of the Florida postal employees. Bartlett declared the parcel post business constitutes 70 per cent of the aggregate United States mails and is handled rapidly as first class matter.

JACKSONVILLE, Jan. 22.—Seven hundred fifty delegates, including the postmasters, rural and city mail carriers are here from all parts of Florida to attend a postal conference headed by John Bartlett, first assistant postmaster general. The morning session was devoted to suggestion of topics for discussion this afternoon. An address by Mr. Bartlett is expected to be the feature of the afternoon session.

## HUNGERFOR DSCHOOL DAMAGED BY FIRE

(By The Associated Press) ORLANDO, Jan. 22.—Fire which was visible for ten miles, at an early hour this morning was reported to have damaged the Hungerford school at Eatonville, a small village near here.

The entire Ruhr valley is seething with excitement. Manifestations and protests against the arrest of the German industrial officials are being organized, although these are forbidden by the French, who announce the intention to repress them ruthlessly should the necessity arise.

The labor leaders who favor co-operation with France apparently have been overwhelmed by popular sentiment and may declare a general strike today.

Sunday proved a quiet day; there were no clashes, although the people were in a much greater state of ferment than last Sunday. Nationalist manifestations in the Dortmund and Bochum districts were abandoned, owing to the firm attitude of the French, who hurried troops to strategic points in the cities.

## ATTEMPT TO ASSASSINATE DR. MCKOIN WAS OUTCOME MER ROUGE K. K. ACTIVITIES

Brought Out in Today's Session of Open Hearing at Bastrop, Louisiana

(By The Associated Press) BASTROP, La., Jan. 22.—An alleged attempt to assassinate Dr. B. M. McKoin, former mayor of Mer Rouge which is believed to have prompted the kidnaping and killing of Watt Daniel and T. F. Richard was brought up at the outset of today's session of the open hearing. C. Wagdale, the first witness, testified he was in a poker game with Daniel, his father, Richard and two others and was with them later in town on the night of the alleged shooting at McKoin but did not learn of an alleged attempt until the next day.

## BODY BURIED IN CREEK BED NEAR JACKSONVILLE

AUTOMOBILE OF NORTH CAROLINA DRUGGIST PLUNGED INTO CREEK

(By The Associated Press) JACKSONVILLE, Jan. 22.—Efforts to find the body of H. A. Grisson, druggist of Greensboro, N. C., were unavailing today. Searchers believe that unless the body is pinned to the bottom of the creek into which the automobile plunged Thursday night, it will rise to the surface today. Not the slightest trace of Grisson has been found.

JACKSONVILLE, Jan. 22.—Altho Thomas Creek, twenty miles north of here was dynamited four times yesterday following the finding of an automobile submerged in the water at the end of a blind road without any bodies being revealed county officers were of the opinion that several persons perished in the stream Thursday night. The creek will be dynamited further down stream today.

The automobile, which was removed from the water yesterday, bore a Greensboro, N. C. city license No. 397 and a North Carolina state license, 40735. There was a Shriner's emblem on the front of the car.

A short distance from where the automobile was submerged were found a baby's tin horn, a pair of women's stockings, a handkerchief, some oranges and crackers. These articles had lodged in some vegetation growing near the bank.

A farmer, hearing the automobile going down the "blind" road Thursday night, went to investigate the following day and found the machine in the stream.

A Pensacola pennant was stretched across the rear of the ill-fated car.

## SEEMS LIKE THAT TREATY WILL HAPPEN

BETWEEN THE UNITED STATES AND TURKEY AFTER PEACE CONFERENCE

(By The Associated Press) LAUSANNE, Jan. 22.—It now seems likely that negotiations having for objection conclusion of general treaty between the United States and Turkey will begin here after the close of the Near East peace conference. The American spokesman, Richard Washburn Child, his fellow delegates and American commercial experts through attendance upon conference sessions have become so familiar with the question which must inevitably be dealt with in Turko-American treaty is said that much can be gained by inaugurating negotiations with the Turks here.

## HEAVY SNOWS IN NEW YORK

The Herald reprinted a news item from one of the New York papers about the heavy fall of snow in that part of the country. The clipping was sent by Mr. Boyd who is in New York studying voice and we suppose he felt so badly about the snow that he could not help saying something about it. W. T. Donnelly also writes to Secretary Pearman about the big snows in Brooklyn and sends pictures of the snow on the trees and banked up around the house. It is beautiful and makes those who have seen snow feel like getting back for a sleigh ride or some of the coasting or the skating, but if we have our choice we would probably pick Florida for all the year round.

## ANNUAL NAVAL APPROPRIATION BILL IS SIGNED

INCLUDES REQUEST THAT OTHER NATIONS LIMIT NAVAL ARMAMENTS

(By The Associated Press) WASHINGTON, Jan. 22.—The annual naval appropriation bill which includes a request by congress that President Harding negotiate with other powers for further limitations of naval armaments was signed today by the president.

## Revival Services At Baptist Church Began Last Night

E. L. Woolslagel, the World's Greatest Gospel Singer, Assists in The Services

With the arrival of Mr. E. L. Woolslagel, from Greenwood, Mississippi, where he has been directing the music in a great revival meeting for the past two weeks, the evangelistic services at the First Baptist church of this city got well under way last evening. People came early and soon filled the large auditorium and spacious balcony to overflowing. Extra chairs had to be placed in the aisles to accommodate the congregation.

After being introduced to the Junior, Intermediate and Senior B. Y. P. U.'s the visiting singer met the young folks and organized what he calls his "Booster Choir," seventy-five voices being enlisted as charter members. A special chorus of song, motto and sign was given the boys and girls and each will wear a souvenir button badge.

An impressive baptismal service preceded the thirty minutes of song led by Mr. Woolslagel. The Rev. Mr. King seemed to be at his best in the discourse of the evening which followed an appropriate solo "Woeing the Saviour" effectively sung by the genial North Carolina musician who will be heard with great pleasure by the music lovers of Sanford during this special series of meetings.

"God is deeply concerned and always has been that you and I shall have the best in life, yet busy men and women seldom stop to think of the marvelous compassion of the Lord," said the preacher as he brought his hearers face to face with their duty of winning the lost world to Christianity. "The church that does not stand for the winning of souls, and those churches that are being killed by formalism ought to stop singing hymns and close their doors," he said. "The church has no other mission but to carry the gospel to the multitudes living and dying in sin. We see love manifested in many different ways, but the sacrificial love of Christ, the greatest of all loves is a combination of the paternal, maternal filial and conjugal love, and only then but poorly portrays the Father's great love-passion for lost men and women."

In response to the pastor's closing request, several scores of personal workers were gathered for an after-meeting of prayer and consultation, it being the plan and desire of those directing the work to make this one of the most powerful and far-reaching revivals ever held in this vicinity. "Christ or chaos" will probably be the theme of the sermon tonight at 7:30, and in discussing it Mr. King made the remark that "It must be Christ in America or throughout the world or it will be chaos."

## GERMANY TO HAVE CLAIMS AGAINST OTHER NATIONS FOR ARMED OCCUPATION

## EARTHQUAKE NOTED TODAY, WAS SEVERE

IN INTENSITY AS RECORDED AT GEORGETOWN UNIVERSITY OBSERVATORY

(By The Associated Press) WASHINGTON, Jan. 22.—An earthquake described as of "very severe intensity" recorded at Georgetown University observatory this morning. Director Tondorf estimated it was estimated at 2,600 miles distant.

## Twenty-One Churches Represented at Florida Says Secretary White

GAINESVILLE, Jan. 22.—Students from 21 different church denominations are enrolled at the University of Florida, according to figures compiled by George E. White, Y. M. C. A. secretary in charge of the social and religious activities of the student body, and made public today.

In numbers the Methodists lead with 337 students who are either members or show a preference for this faith. Closely following the Methodists are the Baptists, numbering 297, Presbyterians 135 and Episcopalians 97.

According to Mr. White there are more men of each faith at the university than in the total enrollment of the different sectarian colleges in the state.

Mr. White, commenting on the number of denominations at the university, declared it was ample evidence of the need for a nonsectarian student building. "With the great increase in enrollment at the university it is becoming apparent to all that our greatest need is a nonsectarian building which can be used for social and religious purposes. The proposed Student Activities Building will fill the need. In this building individual studies will be set aside for pastors of the different denominations so that they can meet right on the campus those students who desire their help. A building of this kind with trained, sympathetic men in charge, will do much to direct students along the proper religious lines."

Other denominations represented at the university include: Christian, 44; Catholic, 39; Jewish, 19; Christian Science, 12; Church of Christ, 6; Lutheran, 8; Church of God, 3; Seventh Day Adventists, 2; and one each for the following: Greek Orthodox, United Brethren and Unitarian. Eighty-two students have expressed no preference, while 132 have not been classified.

## LYNCH THEATRES IN SOUTH BECOME PART OF LASKY PROPERTY

NEW YORK, Jan. 22.—Management of the motion picture theatres and film exchanges throughout the South by the Southern Enterprises, Inc., of which S. A. Lynch of Atlanta, Ga., is the head, has been taken over by the Famous Players-Lasky corporation, it has been announced by Famous Players.

The picture corporation, the announcement said, paid to the S. A. Lynch Finance Corporation \$1,900,000 which appeared on the company's consolidated balance sheet as a liability. Of this sum, \$1,500,000 was paid in accordance with an agreement by the Famous Players-Lasky to issue to S. A. Lynch and his associates 150,000 shares of the common stock of the Famous Players-Lasky Corporation, it was reported.

The Famous Players-Lasky Corporation, the announcement said, does not contemplate any refinancing as a result of the deal.

We are in receipt of the current number of "Sound Off" the official organ of the Florida National Guard in which honorable mention is given to the medical detachment for attendance and drill. Major Ralph Stevens of this city is the head of the medical corps of the state troops and naturally he takes great pride in the fact that the medical detachment with headquarters in Sanford, should be on the honor roll. There are only two other companies on the roll.

## GERMAN GOVERNMENT HAS CEASED PARTICIPATION IN ARBITRATION TRIBUNAL

For Fritz Thyssen and Other Industrial Leaders in Ruhr District

(By The Associated Press) PARIS, Jan. 22.—The mixed Franco-German arbitration tribunal court established under the Treaty of Versailles, to settle various business controversies arising out of the war and to determine the application of the treaty to settlement of claims.

PARIS, Jan. 22.—The German government has formally ceased participation in the Franco-German arbitration tribunal because of "present political circumstances." Notice to this effect was given today as the hearing was about to open in the banking case handled by the Franco-American legal firm.

MAYENCE, Jan. 22.—The trial by court martial of Fritz Thyssen and the other industrial leaders arrested in Ruhr who were brought here last week will be held here on Wednesday. The French authorities announce the trial will last only one day.

BERLIN, Jan. 22.—A picture of Germany countering future claims of France and Belgium with indemnity bills of her own for Ruhr occupation are already being sketched in political circles here. In these quarters it is confidently believed that Reich will not hesitate to model her own statement after the pattern afforded by her obligations to the Allies. A long list of claims against France and Belgium by the German Nationals is expected and these will be added to the nation's estimate of damage of sovereignty by the armed occupation.

## WEEKLY CITRUS REVIEW

ORLANDO, Fla., Jan. 22.—The weekly citrus review by F. L. Skelly, as issued from the office of the American Fruit Growers, Inc., says:

Oranges.—During the past week the market on oranges has been very active. Although shipments were very heavy, prices advanced materially toward the end of the week. At present oranges are in a strong position and promise to remain there, provided shipments are normal and spread out over the period they should be.

Grapefruit.—Prices on grapefruit have advanced considerably over the beginning of the week, closing strong at the end in spite of a good volume of shipments. The outlook for grapefruit is very encouraging if the volume of shipments is restricted to meet current demands.

Tangerines.—On tangerines, the market on good stock is very strong. However, a large amount of recent shipments are showing dryness and have sold at correspondingly low prices.

Though many packing houses in some districts are still closed, shipments from Florida during the past week have steadily increased. The probabilities are that shipments will continue heavy for the present. Shipments of California navel are quite moderate; those from Southern California are reported coloring slowly. Navels are gaining strength, especially in the f. o. b. markets of the west. Central California had less than fifty carloads of navels left January 13. Those from Southern California are just now reaching the eastern auctions. California probably will endeavor to regulate shipments in the next six weeks to give Florida a good chance to clean up its oranges to some extent, as Florida oranges generally are in much better demand, and selling at much better prices than California's which will have better eating quality after February 15 than at present. By the first of February Florida should have at least fifty per cent of its fruit moved; and with the best shipping months then remaining undoubtedly prospects are for very satisfactory prices provided shipments are spread out properly and fruit is laid down in good condition.

FOR BAND SHELL. The first contribution to the Music

LOCALS

Pullman Connelly and son, James Arthur, of Orlando, were in the city for a few hours today.

Mr. and Mrs. Lettice, of Winter Park, were in the city yesterday the guests of friends. Mrs. Lettice is well known here as Miss Louise Smith, daughter of Hon. M. M. Smith.

Messrs. Barr, McCulloch, Guernsey, Bland, Sligh and several others from Orlando were here last night attending the monthly meeting of the Sanford Chamber of Commerce.

Weather reports say warmer weather for a few days now and it will be good news to the visitors to the city who want to see some real warm Florida weather.

Mr. and Mrs. H. F. Lutins and family, of Hoboken, are in the city touring Florida and like Sanford so well that they are thinking seriously of spending the winter here and will make some investments.

Our old friend Maxwell A. Kilvee, of the great Oviedo section, was in the city today shaking hands with his many friends. He is interested in Black Hammock lands and recently made a big deal in real estate in that prosperous section.

C. H. Scholey, of Orlando, was here today, coming down to meet some friends on the Clyde line boat. Mr. Scholey was formerly in the newspaper business at Guilford, Connecticut, but is now a resident of Orlando where he is engaged in the job printing business.

Mr. and Mrs. John A. Futhy, of Shady Side, Ohio, arrived in the city yesterday and are stopping at the Montezuma. Mr. and Mrs. Pyrratt, of Wichita, Kansas, are spending some time here at the Comfort Cottage.

FRAT. WALLACE and Sam Ohle, of Chattanooga, arrived in the city yesterday and will spend a short time here. While here they are making their headquarters at the Montezuma.

Mr. and Mrs. Clark Corwin are receiving congratulations over the arrival of an 8 pound boy, born January 19th at their home at 727 Dellwood avenue, Jacksonville, Fla.

Misses Gussie Frank, Alberta Aycocke, Virginia Packard and Louise Jarrett formed a congenial motoring party to Orlando yesterday afternoon where they spent the afternoon pleasantly.

Department for the Band Shell fund, has been given unsolicited by J. M. Stumpon, who donated five dollars. It may be recalled that it was largely through the efforts of Mr. Stumpon, at that time leader of the Sanford band, that the present band stand in the Fourth Street Park, was built.

Mrs. George Biller, of New York, organizing secretary of the Church Service League, Mrs. S. O. Chase, Mrs. Walter Wight, Mrs. Deane Turner, were the guests at luncheon of Mrs. M. M. Martin yesterday.

Stone, choir director and Mrs. F. S. Munson, organist.

CONGREGATIONAL CHURCH Paul C. Burhans, Pastor. Our friends appreciate the activities of the Congregational Men's Club in making it possible for us to hear an excellent projector machine, that throws upon the screen, beautiful moving pictures, which illustrate Bible history so graphically and true to life. The serial "The Crown Prince," is giving not only great pleasure, but is throwing sidelights upon the Life of David which make it very real to the beholder. Pictures will be continued tomorrow night at 7:30. At the morning service the pastor will preach upon the subject of "The Two Minds," in which he will endeavor to show the fundamental evil in human history, and the possibility of its cure. If you like to exercise your thinking machine, he will surely help start it in motion. Our Bible school is growing, and we invite you men who are independent thinkers to join our class. Come and let us each express our thoughts to the other, and thus enlarge our views of life. You will be welcome to all.

FIRST BAPTIST CHURCH Sunday school 9:30 a. m. Morning worship and sermon 11 a. m., subject "On a Wooling Errand." Baptist Young People's Union 6:30. Evening worship and sermon 7:30. A baptismal service will introduce the evening hour of worship. Mr. Earl L. Wolslagel of Asheville, N. C., is expected to sing at the evening hour.

CHRISTIAN ENDEAVOR NOTES Last Sunday we had the pleasure of having Rev. McCallie from Korea with us, who told many interesting stories of the mission work being carried on by him, there in Korea. This Sunday, Jan. 21, we will have another missionary with us, Dr. A. C. Hutcheson, of Nanking, China. Dr. and Mrs. Hutcheson are supported by the Presbyterian church of Sanford. He is a medical missionary and she is a mission teacher, in Nanking. We know he will have some interesting things to tell us, so we invite you to hear him, Sunday night at the Christian Endeavor meeting at 6:30 p. m. at the Presbyterian church. Signed Press Committee.

THE WEATHER

For Florida: Generally fair tonight and Sunday.

SUFFERING IN THE NEAR EAST.

"More than a million lives saved, and the largest single factor in this tremendous salvage of humanity has been the leadership and devotion of the Christian pastors of America." Thus writes Chas. Vickrey, general secretary of the Near East Relief organization.

Sunday morning and night at the Methodist church, collections will be taken for this work which presents to the American churches the most urgent and heart rending appeal ever known.

There are homeless refugees, without food, shelter or sufficient clothing, amounting to 1,500,000, and winter with all its ravages is upon them. Refugees in Anatolia and Constantinople who are facing a greater disaster than was witnessed at Smyrna, number 1,400,000.

There are 75,000 children without father or mother who must be fed and clothed by American Christians or they will perish. Seventeen thousand of these orphans are in one orphanage at Alexandropol. There are now 110,000 orphans cared for by Near East Relief.

The Turk, a ravenous beast in human form, will not turn a hand to save those whom his unspeakable brutality, has bereft of parents or relatives. America is the only country in the whole world which can render adequate help for these innocent sufferers.

I appeal to every lover of little children to make a generous contribution to meet this imperative need.

If you cannot be present at the Methodist church on Sunday send your money to me or give it to some member of the church, and it will be sent without expense to the Near East Relief treasurer.

Respectfully, W. J. CARPENTER.

**DEATHS**

**DEATH OF N. DEV. HOWARD**

Dr. Norman DeVere Howard died at his residence on Palmetto avenue yesterday afternoon at 3:00 o'clock after a lingering illness of many months. Dr. Howard was usually noted on the streets when he was able to walk and his last appearance was when he rode with the Confederate Veterans in the Armistice Day parade, since which time he has been gradually sinking but was cheerful to the very last and always gave his friends and relatives hope that he would soon be himself again. Since the death of his wife on November 19th, Dr. Howard had never recovered from the blow and it was noted that he was failing fast from this time on. The funeral occurred from the late home on Palmetto avenue this morning at ten o'clock, Rev. Father Peck officiating and interment being made in Lakewood cemetery.

Deceased leaves a niece, Miss Brand Morrison, to mourn the loss of one who has been more than a father to her for many years. And he also leaves hundreds of old and new friends here and elsewhere to mourn the loss of one of the greatest men of his time, one of the finest characters, a brave old soldier, a scholarly gentleman of the old south and a friend of all who needed help during his long life of usefulness.

Dr. Howard was born in Washington, D. C., on the 20th of March, 1842. He was the grandson of Philip Howard and son of Douglas S. James Howard, of the Howards of Corby Castle, England, being the last of this long line of the Howard family. He attended school in Virginia and graduated from Washington University School of Medicine. For nine years he was superintendent and head physician of the St. Louis Insane Asylum. He was married on April 17th, 1875, to Miss Anna Skinner, of Virginia, the culture queen of the romance formed while Dr. Howard was residing in Virginia. Dr. Howard served four years in the Confederate army as surgeon and in recognition of his fine war record the United Daughters of the Confederacy here named their chapter the N. DeV. Howard Chapter.

Dr. Howard moved to Florida some thirty-five years ago, locating near Chocoma, on an orange grove, where he resided until the big freeze after which he moved to Sanford. He was surgeon for the old Plant System and afterwards the Atlantic Coast Line Ry., and for twelve years was president of the Medical Examining Board of this district. He was also former vice-president of the Medical Society of America. His active service with the railways here extended over a period of twenty-five years and before coming to Sanford was recognized throughout this country as an expert on nervous diseases and his advice was sought in many clinics.

**Dearth of Teachers Says State Superintendent in Florida**

Has Several Recommendations to Present to Incoming Legislature

(By The Associated Press)

TALLAHASSEE, Jan. 22.—Florida continues to experience a dearth of school teachers, according to figures contained in the biennial report of W. C. Cawthon, superintendent of public instruction. Mr. Cawthon has been represented as having in mind several recommendations for the forthcoming session of the legislature, designed not only to relieve the shortage but to improve the personnel insofar as ability is concerned.

"Regarding the scarcity of teachers, the figures submitted by the state superintendent show that, in the first place, there were only three-fourths as many applicants as there were school positions. Of these three-fourths to apply, only four-fifths secured certificates of any kind. Less than half of those applying for first grade certificates obtained them while the per centage of successful applicants for other grades were: Second grade certificates, 20 per cent, and third grade certificates, 22 per cent. More than one-third of those who sought second grade certificates fail-

ed totally. Mr. Cawthon's report shows, while more than half of the white applicants for third grade certificates were unqualified.

Mr. Cawthon's report deals with the school year ending June 30, 1922, when there were 6,938 teachers in the state, of whom 5,534 were white. They were paid an average salary of \$96.30 a month. The average monthly salary for white male teachers was considerably above this figure, however, at \$117, while the average for white women teachers was \$92.22. The negro men teachers averaged \$63.73 and the women \$50.15.

The scale of salaries ranged from \$75 to \$144.44.

**PROGRAM ANNOUNCED FOR THE STATE ROAD BUILDERS' CONFERENCE**

The State Road Builders' Conference which will be held at Gainesville at the University of Florida, February 28th, 29th and 30th will be well attended by highway engineers, county commissioners and citizens who are interested in Florida's road building problems, according to Dean R. J. Benton, of the College of Engineering, who says that the conference has been called in order to enable Florida road builders to get together and exchange ideas on the questions which will be of interest to every citizen and taxpayer in the state. Round table discussions in which all who are present will be urged to take part, will form a large part of the program.

Many prominent engineers will appear on the program, according to P. E. Reed, Professor of civil engineering in charge of local arrangements.

The general plan of the conference is as follows:

Thursday, February 28th.

Registration.

Inspection of models and other exhibits furnished by U. S. Bureau of Public Roads.

State Road Department of Florida, and manufacturers of road materials and equipment.

Addresses by members of Faculty University of Florida, and Judge H. B. Phillips, chairman of State Road Dept., Florida, for many years connected with road work in Florida.

H. J. Morrison, engineer for U. S. Bureau of Public Roads, Mr. Morrison is stationed in Florida and is in charge of road work in Florida for the U. S. Bureau of Public Roads.

Major C. A. Browne, county engineer, Orange county, many years connected with road work in Florida.

WASHINGTON, Jan. 22.—A proposition for legislation authorizing immediate return to owners of all trusts held by the alien property custodian was rejected today by the house commerce committee.

**STETSON Y WILL  
PLAY SANFORD  
HERE TONIGHT**

**BIG GAME AT PARISH HOUSE  
STARTING AT 7:30  
SHARP**

Although Sanford lost their old time pep long enough for Duval to wallop them last week, they will stage a real come back on the Parish House court tonight when they play the fast Stetson Y team from DeLand.

**SPOETS**  
There will be but one game tonight, as the girls will not play, and this one game will start at 7:30 sharp. The admission being 25 and 35 cents.

Coach Wilkinson has not announced his line-up for the start, but having two line-ups he can use, both of which are good, the fans should have no trouble in securing a full value for their money tonight. The Stetson team is another one of Sanford's hardest games of the season and taking all in all tonight's battle is bound to be good.

Remember—the game is tonight, at the Parish House, Sanford vs. Stetson Y, game called at 7:30, admission 25c and 35c.

**PIRATES TO PLAY  
NUMBER GAMES  
WHILE TRAINING**

**PITTSBURGH, Jan. 22.** The spring training schedule of the Pittsburgh National League Baseball Club, made public last night, shows that a series of exhibition games will be played in the South and West.

The Pirate pitchers and catchers will report to the Hot Springs, Ark. training camp March 6. Other players are due March 13. The team will leave Hot Springs April 3. The exhibition schedule includes games at Hot Springs with the Boston Americans.

**COMMISSION  
FROWNS ON BOX-  
ING MATCH**

**NEW YORK, Jan. 22.** The New York match sought by Tom Gibbons, St. Paul boxer, with Jack Dempsey, has been thrown into the discard, at least for some time to come, by William Muldoon, chairman of the New York athletic commission, it was learned yesterday.

Gibbons' challenge, which was accompanied by a \$2,500 certified check, from his manager, Eddie Kane, has

been declined, Muldoon said, because Gibbons is too small for Dempsey and he thinks he can find enough to keep him busy in the light heavyweight class.

"A match between Dempsey and Gibbons would be merely a repetition of the affair between Dempsey and Carpenter," said Muldoon. Kane has been notified to call for the certified check.

**SOUTHERNER IS  
AGAIN ELECTED  
PRESIDENT G. A.**

**CHICAGO, Jan. 22.** For the third time since its organization in 1895 the Western Golf Association Saturday night at its annual meeting elected a Southerner for president, Chas. O. Pfeil, of the Memphis Country Club, succeeding Albert R. Gates, of Chicago, who had served his second double term.

In addition to election of officers, it was announced that J. K. Wadley, of Texarkana, had offered a cup valued at \$1,000 to be awarded to the winner of the Western open title in addition to the usual golf medal. This title was won last year by Mike Brady, of Detroit. A similar trophy has been presented for some time past to the winner of the amateur championship, now held by Charles Evans, Jr.

The amateur championship was awarded the Mayfield Country Club at Cleveland for July 29 to 28. The open championship will be held September 26-28 at the Colonial Country Club at Memphis.

Plans were announced for the financing of the Chuck Evans foundation under which caddies from all parts of the country would participate in a golf meet each year in Chicago, the winner to receive a college education as a prize.

The expenses of the players would be paid out of the funds of the foundation.

Every day finds new golfers in new knickers at the Country Club links. They find nothing better than a good game of golf on a fine course with a congenial party with our fine Florida weather and the interest is running high.

Sanford lost two games last week.

The girls lost to Lakeland and the boys lost to Duval.

But even at that, both winners knew that they had something to contend with.

Duval will give Sanford a return game and when the Celery Feds get Duval on their own court they expect to turn the tables on them.

Tonight starts the last week of the first half of the bowling league. The strength displayed by the teams this week will be good evidence of what one might expect at the beginning of the second half.

The Congressional Club won the first half honors but there are at least three other teams in the league that have decided that the Champs will not win the second half.

The only thing lacking in the making of a perfect day is about to be remedied, thanks to the House committee and the ladies. In the very near future one may retire to the Club House after their shower and get themselves something to eat, served in proper style and around the table discuss their day's play.

What few dishes and house furnishings still necessary to complete these new arrangements will be purchased by the ladies after the big subscription bridge party tomorrow night.

Therefore, all you golfers that want the real ending to a perfect day, see that all your friends attend this party tomorrow night. Have them make their arrangements today with Mrs. Deane Turner.

The bridge party starts at eight o'clock and is open to the public. Everyone that plays bridge is invited and the committee in charge promises one of the largest and nicest bridge parties of the season.

**CHICAGO, Jan. 22.**—With the signing of Howard "Dud" Holmes, of Dayton, O., President Dan Johnson, of the American League, Saturday night completed his staff of umpires for the 1923 season. Holmes officiated with success in the Western League for the last two seasons.

The signing of Holmes makes the third new umpire President Johnson has acquired for the coming season. The others are Emmett "Red" Ormsby, a former Chicago semi-professional pitcher, also of the Western League, and Clarence Rowland, former manager of the Chicago White Sox.

"Big Ed" Walsh, the former "iron man" of the White Sox pitching staff, Ollie Chill and William Guthrie will not be retained.

**Local Council Enter-  
tain Large Crowd  
of Visiting K. of C.'s**

Yesterday marked another red letter day in Columbianism in Sanford when one of the best conferring degrees ever pulled off in this part of the state was handed out to a large class of candidates made up of Sanford and Orlando men, all anxious to join the ranks of the Knights of Columbus.

The large crowd of visitors and the class of candidates were so large that it was necessary for the local Knights to engage the Masonic hall for their work, this hall being the largest in the city and the best equipped for the occasion.

Practically the entire day was taken up with the exemplification of the three degrees and afterwards an experience meeting, smoker and eats held forth at the K. of C. hall until a late hour.

The Orlando council joined hands with the Sanford lodge and had lots to do with the successful outcome of the days' activities, and they ably assisted Sanford in entertaining the large crowd of visiting Knights from all parts of the state, bringing to Sanford the exemplification of the Fourth Degree, which will mean hundreds of visitors and at least two hundred candidates from all parts of the state. The exact date is not known now, but the local Knights will try and have Easter Sunday set as the day.

Amongst the visitors, most prominent in the K. of C. Affairs of the state were Col. H. P. Baya, prominent attorney of Tampa; J. P. Towney and Wm. Krusa, two of Tampa's leading merchants, Leonard Bumby, leading hardware dealer of Orlando; Geo. F. McGraw of the Florida Growers, and Mayor Barnum of Winter Park.

There were many others just as prominent in the affairs of the state, and they all left with the feeling that Sanford with Orlando's help, had done themselves proud, and had shown them a time as only that real Sanford hospitality can do.

**FOR THE  
MOVIE FAN**

Tonight is the start of a big week for the movie fan.

If you must miss one or two of the pictures, this week you are going to find it hard to decide which ones, as the whole works are good.

This week's program starts out with "Trouble." Little Jackie Coogan takes the star roll and is ably assisted by his clever little dog Queenie.

Then we are carried "On the High Seas" with Dorothy Dalton, Jack Holt and Mitchell Lewis, Tuesday night. This is an exciting love melodrama on the high seas.

Anita Stewart's best picture, "The Woman He Married" will be shown Wednesday night and is one of those society dramas with plenty of models, artists, love, thrills and tears. One of the big pictures of the season.

Thursday night Hope Hampton in "Star Dust." This is the story of a girl unhappily married, who finally reaches her goal as a successful prima donna.

"Smilin' thru" on Friday and Saturday night brings to a close a most successful week's program. This picture is the regular week end feature and Norma Talmadge stars in this play.

"My winter wardrobe was getting to look so worn. I just had to do something to spruce it up. And that means, of course, that I took it to the Sanford Steam Pressery, who can always be relied upon to put new freshness and charm into clothes that look 'tired.' Needless to say, I was delighted with their excellent work and reasonable prices."

"I never have to think about the quality of the material I get from Stokes' Market. I KNOW it's the best. And I am equally sure that his prices are the most reasonable always!"

STOKES' CASH MARKET

"YES, INDEED. YOUR PRICES ARE ALWAYS LOWEST!"

*Saving Sue*

"That's what I told Stokes, the grocer, today when he was filling my order. And the best part of it is that Stokes doesn't stress his low prices as much as he does the HIGH QUALITY of his groceries."

"No wonder I get so much satisfaction when I buy there!"

"AND NOW I'LL DEPOSIT ALL MY SAVINGS IN THE SEMINOLE COUNTY BANK!"

*Saving Sue*

Well, well—I've saved so much on the things I've bought to-day that now I have a tidy little sum to deposit at the Seminole County Bank. I love to go there, too, because the Seminole County Bank has such an atmosphere of SECURITY. And their service is so prompt and courteous, one would think I was depositing a million dollars!

Day by day in every way by Sanford shopping I can save and save."
